

Zongwu 2181

Chapter 2181

In the forest of ferocious beasts,

Ye Fan and the Black Emperor were forced to take the three sisters Su Yan to find the Tomb of the Demon Emperor.

However,

Ye Fan was very confused when he looked at the three sisters Su Yan. He also knew that the three sisters Su Yan were biological sisters. The eldest sister Su Yan, the second sister Su Yue, and the younger sister Elena Su, but Elena Su is obviously the oldest woman, how can she be the youngest sister?

Ye Fan didn't understand it all the way, but he was frightened by Su Yan's power.

A ferocious beast in the realm of power,

Su Yan destroyed with a single palm, and even a gluttonous ferocious beast from the Sage King, Su Yan actually killed it with a sword. Ye Fan was very afraid of Su Yan, He would not dare to disobey any of Su Yan's orders.

At this time, the Black Emperor in front suddenly shouted, "Wow, why is there a village in front? This is the beast forest, and a village is in the beast forest. This is so weird."

Ye Fan heard the Black Emperor After saying this, he looked not far away and said in surprise,

"Village? Let me go, there is really a village here. How can there be a village in the beast forest? Su

Yue looked at the village in front and reminded, "Sister, I feel that there is a powerful presence in the village."

Su Yan nodded seriously and said,

"Well, there should be a Daluo Jinxian in the village, but she seems to be seriously injured."

When Elena heard what Su Yan and Su Yue said, her face turned pale and she hurriedly said,

"Eldest sister, second sister, are we still going into this village? Daluo Jinxian, this is not something we can deal with."

Su Yan hesitated after looking at the village.

There was a seriously injured Da Luo Jinxian in the village, who might even be more powerful than Da Luo Jinxian. She didn't want her two sisters to risk entering the village.

But she looked around, and

Su Yan kept feeling that someone was following the three sisters. Although she didn't find out who it was, Su Yan felt that it must be their mother. Their aunts even sent people to protect the three sisters.

Su Yan guessed that the three sisters were secretly following them. When they entered the teleportation array, the three sisters were discovered by their aunts.

Su Yan thought about it and decided to enter the village in front. The three sisters had powerful spiritual treasures and there were guards around them to protect them secretly. Su Yan did not
Worried about being in danger,

"Go in and take a look. We have the spiritual treasure given by our father. Even Daluo Jinxian can't do anything to us."

"All right." Su Yue and Elena nodded when they heard Su Yan's words. Among the three sisters, Su Yan's words were very authoritative. They did not dare to oppose Su Yan's decision. Otherwise, they would still be unlucky in the future. They. After Ye Fan heard the conversation between Su Yan's three sisters, he was very shocked. Daluo Jinxian? These three sisters actually sensed the existence of a powerful Daluo Jinxian in the village? What are the origins of these three sisters? Daluo Jinxian is the division of realms in the prehistoric immortal world. Ye Fan is an earthling. He still

knows the prehistoric immortal world very well. He also knows that outside this huge wild world, there are also the prehistoric immortal world and other realms. Are these three sisters from? The ancient fairyland? At this moment, people in the village in front also spotted Su Yan and the others. The people in the village saw three girls and a young man, eh! There was also a black dog wearing big pants, and the villagers in the village also They all dropped their guard. An old man with a white beard shouted to Su Yan and the others,

"Who are you?"

Su Yan checked the old man in front of him.

He was in the realm of dragon transformation.

She looked at the old man and said with a smile,

"Grandpa, we are cultivators who come to the ferocious beast forest to experience. We are just passing by here."

After the old man heard Su Yan's words, he shook his head and asked,

"You, a little girl, came to the Beast Forest at such a young age. Don't you know the dangers of the Beast Forest? Aren't your parents worried about your safety?"

Su Yue smiled and explained to the old man,

"Haha, grandpa, my sister took us and escaped from home secretly. Our father and mother didn't know we were in the Beast Forest."

"Come here, our village is safe. I am the village chief here. Just call me Grandpa Shi!"

"Thank you, Grandpa Shi!" Su Yan waved to Su Yue and the others, and they walked into the small village. All the villagers in the village looked at the arrival of Su Yan and the others. These isolated villagers were also the first This was the first time they saw outsiders coming to their village.

After the village chief arranged a place for Su Yan and others to live, he was going to entertain Su Yan and others for dinner.

After Ye Fan checked out the village, he asked Su Yan and others He whispered,

"Miss Su, this village is not simple. The villagers here all have cultivation levels. The highest level of cultivation is the Dragon Transformation realm. The other villagers are basically at the Taoist Palace realm."

Su Yan looked around and said,

"Well, this is an isolated village. These villagers should be from the same family. Their ancestors should have come to settle in the beast forest to avoid their enemies."

At this time, a seven or eight-year-old boy quickly came to Su Yan's side.

He looked at Su Yue and asked curiously,

"Are you outsiders? My name is Xiao Shitou. Is the outside world fun? Is there any animal milk to drink?"

Su Yue looked at Xiao Shitou and asked doubtfully, "We are outsiders, beast milk? Are you still drinking animal milk at this age?"

"Let me go, half-step to the realm of great power, this little boy turned out to be a half-step to the realm of great power.

Ye Fan looked at the small stone that suddenly arrived, half-step to the realm of great power?

Oh my God, this world is so crazy.

Su Yan and Su Yue, two little girls, are very powerful. He didn't expect that there was still a little boy in this village who was half a step into the powerful realm. Ye Fan felt that he Lived in vain for more than twenty years

"I....."

After Xiao Shitou heard Su Yue's words, his face turned red and he didn't know how to answer, but the animal milk was really delicious, and he kept drinking the animal milk.

"Little Stone, I didn't mean to laugh at you."

Su Yue looked at Xiao Shitou's flushed face.

She knew that Xiao Shitou was shy.

However,

Xiao Shitou was one or two years older than her. Why was Xiao Shitou still drinking animal milk?

Xiao Shitou felt embarrassed when he touched the back of his head. said,

"I know, I grew up drinking animal milk. What's your name?"

Su Yue introduced Xiao Shitou with a smile,

"My name is Su Yue, the one in the green dress is my eldest sister Su Yan, the one in the white dress is my sister Elena Su, next to me is the big brother named Ye Fan, and the big black dog is called Heihuang."

Chapter 2182

After Xiao Shitou heard what Su Yue said, he looked at Su Yan and Elena and felt very strange. Elena was obviously older than them, how could she be the younger sister?

However,

Xiao Shitou guessed that this might be a joke between Su Yue and him, and he did not continue to ask Su Yue.

At this time, the Black Emperor ran over and shouted to Su Yan, "Wow, Su girl, come with me quickly. I found a burnt willow tree, and this willow tree gave me a very familiar feeling."

"Burnt willow? What's so cool about this?"

Elena was very speechless when she heard the Black Emperor's words.

There are willow trees everywhere in the ferocious beast forest. It's not surprising that there is a willow tree in the village.

Su Yan also looked at the Black Emperor in confusion.

Although she was very interested in the Black Emperor. The said willow tree was not interested, but something was obviously wrong with the Black Emperor, and he still looked frightened, which made Su Yan think that there might be something wrong with the burnt willow tree.

Moreover, the powerful presence she sensed outside the village, but she After arriving in the village, the powerful aura disappeared. Su Yan, not even an immortal, could sense any aura. The

Black Emperor hurriedly said to Elena,

"The difference was that the burnt willow tree was not simple. I felt frightened just looking at it. Elena looked at Su Yan and asked, "Sister, should we go and take a look?""

Su Yan nodded and decided to take a look at the burnt willow tree.

"Go check it out!"

After Elena heard what Su Yan said, she shouted to Su Yue who was talking to Xiao Shitou next to her,

"Second sister, come here quickly, we want to see the willow trees in the village."

Little Shitou asked after hearing Elena's words, "Willow tree? Are you going to see the spirit worship in our village?"

Su Yue asked Xiao Shitou curiously,

"Sacrifice? Is the willow tree a sacrificial spirit?"

"Yes, the willow tree is the sacrificial spirit in our village and the protector of our village."

"Let's go over and see the sacrifices in your village."

When Su Yan heard Xiao Shitou's words, she felt that the willow tree might not be simple, or even the powerful existence she had sensed before.

"Okay, I'll take you there!"

Little Shitou volunteered and took Su Yan and others to find Liushu.

He was very interested in Su Yan and others, as well as the outside world. Xiao Shitou wanted Su Yan and others to take him out of the village. He also went to see the outside world. In

Merlot Heavenly Palace, the palace of Our Lady of Golden Spirit,

Su Chen looked at Our Lady of Turtle Spirit, Wangshu and Xuanming, these three beautiful fairies. These three beautiful fairies were all very beautiful. She is cold and beautiful.

Wang Shu Qing Leng is because she has been living in the Taiyin Star before, Xuan Ming is cold because she is the Ancestral Witch of Rain, or even the Ancestral Witch of Ice, but the Turtle Spirit Holy Mother also looks cold. ?

The true form of the Holy Mother Turtle Spirit is a black tortoise.

Su Chen can't understand this.

However,

Su Chen is not thinking about these problems now. Wangshu, Xuanming, and even the Holy Mother Turtle Spirit want to return to the ancient world..Su

Chen looked at the three girls of Turtle Spirit Holy Mother and asked,

"Have you all thought about it?"

Mother Turtle Spirit said with a heroic look,"We have all thought about it. We want to return to the ancient fairyland. We are creatures of the ancient fairyland, and we will not join the Xuantian realm.

Wang Shu nodded and said,"Yes, we are going back to the ancient fairyland." Xuan

Ming stood up and said to Su Chen with a cold and arrogant face,

"Although Emperor Su Chen, Xing Tian and the Wu clan have chosen to be loyal to you, I will not be loyal to you."

"I am the ancestral witch of the Wu Clan. I want to return to the ancient world of immortality. The ancient world of immortality is the realm opened by Father God Pangu. I will not abandon the ancient world of immortality."

The three girls of Turtle Spirit Holy Mother were also very surprised by Su Chen. They did not expect that a Taiyi Golden Immortal would be the Emperor of Heaven in the same realm, and even have more than ten powerful saints under his command.

This made them shocked when they first got the news. Shocked,

Holy Mother Jin Ling and Xihe's daughters all persuaded them to stay, but they would not stay in the Xuantian realm. The prehistoric fairyland was their home, and although they had died for hundreds of thousands of years, or even millions Years have passed, but there are things they can't let go of in the prehistoric fairy world.

The Holy Mother Turtle Spirit wants to see her master, Tongtian Saint, Wangshu wants to go back to the Taiyin Star that he hasn't seen for millions of years, and Xuan Ming wants to find Hou Tu, and even wants to ask Hou Tu Why did Tu let the Wu clan seek refuge with Su Chen?

Our Lady of Jin Ling rubbed her forehead and said, "Gui Ling, are you really not going to stay?"

Gui Ling Sheng looked at Jin Ling Shen Ji and said seriously,

"Senior sister, I will not stay. I don't know what happened after becoming a god, but I am a disciple of the teacher, and I will be a disciple of Jiejiao all my life until my death."

Mother of Jin Ling and Mother of Wudang, Yunxiao, they shook their heads when they heard the words of Mother of Turtle Spirit.

They didn't expect that Mother of Turtle Spirit would be so stubborn.

They all told Mother of Turtle Spirit about the things in the prehistoric fairy world, but Mother of Turtle Spirit The Holy Mother still insisted on leaving, and the three Holy Mothers of the Golden Spirit had no choice.

Su Chen looked at the Three Holy Mothers of the Turtle Spirit and nodded and said,

"I agree. I will let you return to the ancient immortal world through the Western Realm, but you must ensure that things in the Xuantian Realm are not revealed. Xuan Ming, you can tell Hou Tu."

Su Chen didn't expect that none of the three resurrected women would be left behind.

What a hell.

Didn't the three women see that the Golden Spirit Virgin Mother and several other women were all here? Or are these three women just one-minded?

Su Chen thought After thinking about it, he decided to let them go.

The strong-willed melon is not sweet.

It is impossible for Su Chen to do the three girls of Turtle Spirit Holy Mother and let Jinling Holy Mother and Xihe have a prejudice against her, and even play tricks on him in the future. Temperament, Su Chen also plans to slowly get rid of the Jin Ling Holy Mother and the other girls in the future.

"Okay, I won't tell anyone"

"I won't tell anyone either"

"Don't worry, I won't tell anyone without your consent. I will tell Houtu about the Xuantian Realm.

The three Guiling Virgin Mothers assured Su Chen that they were all resurrected by Su Chen.

Although the three Guiling Virgin Mothers did not surrender to Su Chen now, they could not be ungrateful and betray Su Chen.

Su Chen looked at the Jin Ling Holy Mother and the girls and ordered,

"Jin Ling, you will send the three girls away in a moment. They are not allowed to come to Xuantian Realm again without orders, even to the small world and other realms controlled by Xuantian Realm."

After hearing Su Chen's words, the faces of Our Lady Jinling and Xihe's daughters changed.

They all understood what Su Chen said.

Our Lady Guiling, Wangshu, Xuanming, and the three other girls will not be together anymore. It may be accepted by Su Chen.

Su Chen used precious resurrection cards to resurrect the three girls of the Turtle Spirit Madonna. However, after the three girls of the Turtle Spirit Madonna were resurrected, none of them chose to join the Xuantian Realm. The girls of the Golden Spirit Madonna all felt that Su Chen might She was angry.

Our Lady of Jinling looked at Su Chen and nodded helplessly.

"We get it!"

Chapter 2183

Su Chen gave a few instructions to the Jin Ling Virgin Mother and left. The three resurrection cards rewarded by the ladder were in vain. If he had known, Su Chen might as well have resurrected some women in Xuantian Continent.

For example, Shi Qingxuan's mother Bi Xiuxin, Shang Xiuxun's mother Shang Xiuya, and Huang Rong's mother would at least make Shi Qingxuan and his daughters more enthusiastic about him in the future.

Damn it, the more powerful a woman is, the less reliable she is.

Our Lady of Jinling, Yunxiao, Our Lady of Wudang, Xihe, Chang Xi, Chang'e, and Jiufeng saw Su Chen leaving.

Their faces were also very ugly, and the Jin Ling Virgin and the girls did not expect that things would develop like this.

The Holy Mother of the Golden Spirit looked at the three Holy Mothers of the Turtle Spirit with an indifferent expression and said,

"Wangshu, Guiling, Xuanming, I will send you to the Western Realm in a moment. The Western Realm is now ruled by Su Chen. After you return to the prehistoric fairy world, you'd better not go to the Western Realm again."

"The Xuantian Realm will not welcome you in the future. You should also know that the Xuantian Realm is powerful. There are more than ten saints. If you do not allow the intrusion into the Western Realm, the consequences are not something you can bear."

The Holy Mother of the Golden Spirit was not polite to the three girls of the Holy Mother of the Turtle Spirit this time.

Su Chen had already made a decision. She would not object to Su Chen's decision, and it was impossible for her to object to his decision.

What Su Chen did this time was not wrong at all. ,

Holy Mother of the Turtle Spirit of Resurrection, Wang Shu, Xuan Ming, Su Chen handed over the resurrection card to them for the sake of these girls.

Many powerful people died in the ancient fairy world, including

Emperor Jun, Donghuang Taiyi, There are also other ancestral witches of the Wu Clan, even the Phoenix Clan's Fengzu, the Dragon Clan's Ancestral Dragon, etc. If Su Chen resurrects these people, he will definitely control their souls. Those who do not surrender will be resurrected by Su Chen. Kill.

Our Lady of Turtle Spirit, Wang Shu, and Xuan Ming were all shocked when they heard the words of Our Lady of Golden Spirit. They did not expect that the Western Realm was also controlled by Su Chen.

Xuantian Realm,

Western Realm,

Su Chen actually controls two realms, and Xuantian Realm is as vast as the Great Desolate Immortal Realm. Even the aura is innate spiritual energy, and the Xuantian Realm is more powerful than the Prehistoric Immortal Realm. The three girls of the Turtle Spirit Virgin Mother feel that They made the wrong decision just now, but they are creatures in the ancient fairy world, and the three ladies of the Turtle Spirit Mother did not feel that they had done anything wrong just now.

Yunxiao looked at the Turtle Spirit Mother and sighed,

"Senior sister, alas! You made a wrong decision this time. Xihe looked at Wangshu, shook his head and said,

"Sister Wangshu, this may be the last time we meet, and we don't know if we can meet again in the future."

Jiu Feng saluted Xuan Ming and said,

"Ancestral Witch Xuanming, when you see Ancestral Witch Houtu, you will understand what I told you before."

"The prehistoric fairy world has changed, and the prehistoric fairy world is getting weaker and weaker. The spiritual energy is acquired spiritual energy."

"Even the Prehistoric Immortal World has lost more than half of its three thousand small worlds. Although the Prehistoric Immortal World is still a super realm, it is only strong on the outside and weak on the inside."

Wang Shu looked at the women here and said seriously,

"Since the three of us have made the decision, we will not regret it. Xihe, since the Xuantian Realm does not welcome us, you can send us away from the Xuantian Realm."

Xi He's Qing Leng face showed a trace of anger, but she didn't explode. Just leave if Wang Shu and the others left. She just assumed that Wang Shu and the others were not resurrected at all.

"Okay, you go to the teleportation array with us, and we will send you to the Western Realm first."

Our Lady of Jinling and Jiufeng also stood up.

They had said everything they needed to say. Our Lady of Guiling, Wangshu, and Xuanming couldn't leave now.

Su Chen had just returned to his palace, and

Concubine Yan He came to Su Chen and said,

"Husband, if you have nothing to do, go to the Wilderness Realm. Su Yan, Su Yue, and Elena all went to the Wilderness Realm secretly. You go and catch them back."

Su Chen hugged Concubine Yan, who had regained her noble and cold temperament. Concubine Yan was now at the level of a Da Luo Jinxian. Although she had a noble and cold temperament before, she was not an immortal after all. Concubine Yan had faced Jin Ling before.

She will definitely be very scrupulous about those women of the Holy Mother , and even show weakness to the powerful women of the Golden Spirit Mother.

Concubine Yan has now become a Da Luo Jinxian. Although this is not as powerful as the women of the Golden Spirit Mother, Concubine Yan is also With the confidence, she now also has the confidence to restore her noble temperament as the Queen of the Xuantian Empire and even the Queen of the Xuantian Realm.

Su Chen touched Concubine Yan's hair and smiled and said,

"Madam, Yan'er, Yue'er, Elena and the others don't need to worry about anything. Nothing will happen to them in the wild realm, so just let them have fun in the wild realm.

Concubine Yan rolled her eyes at Su Chen and said helplessly,"Husband, these three little girls have been away for almost four months, and they have had enough fun. It's better to bring them back to continue practicing.""

"Madam, my sister, the Hateful Empress, is here, and it's the same for them practicing in the wild realm."

Concubine Yan rubbed her forehead and explained to Su Chen,

"You don't know yet, right? Su Yan and the others have never seen your sister, the Hater Empress."

"As soon as the three little girls arrived in the ancient forbidden land, Su Yan took Su Yue and Elena to escape from your sister's territory. Ziyi and the others reported last time that Su Yan and the others went to the Ferocious Beast Forest."

Su Chen was very speechless when he heard Concubine Yan's words.

Although he knew that Su Yan had always been restless and even very naughty, Su Yue and Elena were also restless with Su Yan. These three sisters also The love between sisters is really deep.

Su Chen thought about it and said, "Let's do this. In two months, we will let Yan'er and the others play for half a year, and then we will catch them back.""

"All right!"

Concubine Yan nodded when she heard Su Chen's words.

She didn't want to force the three sisters Su Yan to continue practicing, but the three sisters Su Yan were too restless and would get into trouble lawlessly in the Merlot Ladder. Concubine Yan was also worried about Su Yan. Yan San sisters will encounter danger in the wild realm.

After Su Chen sat down with Concubine Yan in his arms, he thought about the realm improvement cards.

Concubine Yan and Jing Salamander each used one of the ten realm improvement cards, and there were eight more. Su Chen also wanted to know how the other eight realm improvement cards were allocated by Concubine Yan and the women.

Su Chen asked Concubine Yan, "Madam, what about the remaining eight realm improvement cards? Have you agreed on who will use it? Concubine Yan replied with a smile,

"After discussion, we decided to divide the eight realm improvement cards into two parts, with four cards each for Xuantian Continent and Shenyu Continent."

Su Chen nodded when he heard Concubine Yan's words.

"This is a good allocation. Have you decided on the candidates?"

Chapter 2184

Su Chen nodded after hearing Concubine Yan's words.

Women in the prehistoric fairyland did not need realm improvement cards.

Su Chen thought that the Three Holy Mothers Yang Chan and Princess Iron Fan were about to advance to the Great Luo Jinxian. They might have to rely on their own cultivation. Come and advance to Daluo Jinxian.

The goddesses in the Western Realm are either Daluo Golden Immortal or Taiyi Golden Immortal, and they do not need realm improvement cards. This leaves only the immortal cultivators from Shenyu Continent and the warriors from Xuantian Continent.

Su Chen wanted to know how Concubine Yan and the others would distribute the remaining eight realm improvement cards to the women.

Concubine Yan leaned in Su Chen's arms and said,

"The four realm improvement cards in the Godfall Continent were distributed to Xiaobai, Queen Medusa, Xiao Xun'er, and Bi Dong'er respectively."

"Xuantian Continent's four realm improvement cards were allocated to Ji Ruxihe, Zi Nu, Shi Guanyin, and Yao Yue respectively. This is the result of all our discussions, and you don't have to worry about other women's opinions."

Su Chen nodded after hearing this.

He didn't care about giving the realm improvement cards to these women, as long as the other women weren't jealous. Since

Concubine Yan and the others made the final decision after discussing it with all the women, I think... The other women also agreed.

"This distribution is good, as long as the other women have no objections."

Concubine Yan smiled and said after hearing Su Chen's words,

"They had no objection at all. The girls who were assigned realm improvement cards were only promoted to Daluo Jinxian first. The remaining women would be able to advance to Daluo Jinxian in the future, but it would be later."

Concubine Yan guessed that Su Chen was worried that other women would have objections, or even play tricks on Su Chen in the future.

But Su Chen underestimated those women.

A few days ago,

Concubine Yan and Jing Shao returned to Shenyu Continent respectively. and Xuantian Continent, after the women learned about the Realm Upgrade Card.

They all gave in to each other, and finally the women decided to let some women who could help Su Chen use the Realm Upgrade Card first.

Concubine Yan's response to Su Chen Hua Xin was very dissatisfied, but the women this bastard found were more capable and smarter than the last. Although some women were ruthless and murderous, they all trusted Su Chen with all their hearts. Concubine Yan was very concerned about Su Chen's view of people. Still very impressed.

Su Chen smiled and kissed Concubine Yan.

His women were all the proud daughters of heaven.

Although Su Chen was a little worried that some women would be unhappy, they also knew that the realm improvement card was just that A few pictures.

Other women may not care about using realm promotion cards. After all, they will have unlimited lifespan in the future, and they will advance to the realm of Da Luo Jinxian sooner or later.

Su Chen suddenly thought of the shadow assassins, and he decided to hand over all the shadow assassins to The Holy Soul of the Ladder comes to train.

The Holy Soul of the Ladder is an existence that transcends saints. The Holy Soul of the Ladder should have some assassin skills. Even if she does not have the skills of an assassin, with the ability of the Holy Soul of the Ladder, it is easy for her to create some assassin skills.

"Madam, you have recalled all the shadows to the Merlot Heavenly Court these days. The strength of Youruo and Youxue cannot keep up with ours. I want to bring all the shadow assassins to the Heavenly Ladder."

"The Heavenly Ladder Holy Soul is an existence beyond a saint, and she is quite lonely in the Heavenly Ladder. I want the Heavenly Ladder Holy Soul to train the shadow assassins led by Youruo and Youxue."

Concubine Yan looked at Su Chen doubtfully and asked,

"Will the Holy Soul of the Ladder agree?"

Su Chen patted his chest and said, "Don't worry, if I take action, the Holy Spirit of the Ladder will definitely agree."

"Okay, I will recall all the shadow assassins within this month."

After Su Chen thought for a moment that there was nothing wrong, he said with a bad smile,

"Madam, now that we've finished talking about the business, let's go do some personal things!"

"What private matter?"

Concubine Yan looked at Su Chen in confusion,

"Business?"

Nothing important has happened these days.

What is the business that Su Chen is talking about? Does this bastard want to go to other small worlds?"

Su Chen stood up while holding Concubine Yan. Said, "Of course we are going to do some romantic things."

Concubine Yan didn't expect that what Su Chen was talking about would be between men and women.

Although she and Su Chen were an old couple, every time she was with Su Chen, this bastard would play many tricks.

Concubine Yan thought After these ten days of nonsense, her face turned red.

"Inglorious bastard, I still have things to do, put me down quickly"

"Haha, we'll do your business later, let's do the business first"

"You are such a shameless pervert!"

In the wild realm, in the village of the ferocious beast forest,

Su Yan and others were led by Xiao Shitou to the willow tree.

This was a willow tree that was not too big and was burnt. There was not a single leaf on the willow tree. If it weren't for the branches of the willow tree, There are still some buds on the stem. Everyone who sees this willow tree will think that the willow tree is dead.

The small stone pointed at the burnt willow tree and said,

"This is the spirit of our village. Elena looked at the willow tree and said in surprise, "The willow tree has been burned like this. I didn't expect the willow tree to be still alive.""

Ye Fan looked at the willow tree with vigilance.

He found that this willow tree actually had Dao Yun.

Although he was not strong enough to tell what Dao Yun it was, a willow tree would have Dao Yun. Ye Fan felt that this Dao Yun existed. The willow tree may be a powerful demon.

Ye Fan reminded Su Yan and others, "This willow tree looks really not simple, everyone should be careful."

When Elena saw Su Yan's serious expression, she asked doubtfully,

"Sister, have you discovered anything?"

Su Yue didn't wait for Su Yan to answer, she said to Elena,

"Little sister, this willow tree is not simple. I feel that this willow tree is very powerful, just like Aunt Guanyin makes me feel.

Elena was shocked when she heard Su Yue's words and asked, "Quasi Saint?" Is this willow tree a quasi-sage?"

Su Yan explained with a serious face at this moment,

"No, Elena, Liu Shu is just a Daluo Jinxian now. She is still seriously injured. If she had not been injured, she would have reached the cultivation level of a quasi-sage." Elena was frightened when she heard Su Yan's words. In the wild realm, the most powerful cultivation realm is the quasi-saint realm, which is the Immortal Emperor of the wild realm. Elena did not expect that this village Willow turned out to be a seriously injured Immortal Emperor

"hiss! This willow tree is actually at the same level of cultivation as my aunt. In the wild world, this should be the existence of the Immortal Emperor. Even if she is seriously injured, she is still the existence of an Immortal King. What is the origin of this willow tree?"

Su Yan took Elena's hand and said,

"Elena, don't worry, Willow is not hostile to us, she probably won't take action against us."

At this time, a soft female voice came out,

"Outsiders, you should be the immortals who came from the ancient immortal world!"

Chapter 2185

Next to the willow tree, everyone looked at the willow tree in surprise.

They all heard the sound just now. People here did not expect that the willow tree would actually speak.

"Did the sacrifice spirit speak?"

Little Shitou looked at the willow tree in confusion.

He didn't expect the willow tree to be able to speak, but why didn't the willow tree speak for so many years? The Great Desolate Fairyland? Su Yue and the others actually came from the legendary Great Desolate Fairyland. The

Black Emperor was proud of himself. He said to Su Yan and others,

"Woof! I just said that this willow tree is not simple, but how come I am so familiar with the smell of willow trees!"

"This willow tree is indeed not simple!"

Ye Fan looked at the willow tree with a serious face.

The result he just checked was correct. The willow tree is full of Taoist charm.

This willow tree should be a super power.

But why does the willow tree look burnt? This is another Who did it?

"Sister!"

Elena hurriedly stood beside Su Yan. She even wanted to summon the twelfth-grade Pure World White Lotus.

"Elena, don't worry!"

Su Yan pulled Elena and comforted her.

She didn't feel Liu Shu's hostility. Liu Shu probably wouldn't take action against them.

Su Yue opened her big eyes and said,

"Willow, we are not from the immortal world."

"no? How can this be? You all have the charm of the ancient immortal world in your body. How could you not be from the ancient immortal world?"

Su Yan replied with a serious face,

"We are indeed not from the Ancient Immortal Realm. The three of us sisters are from the Xuantian Realm, and we have also been to the Ancient Immortal Realm."

Boom!

Willow suddenly burst out with a powerful aura and said coldly,"Xuantian Realm? You are actually people from another realm. What are you doing in the wild realm?" Su Yan asked warily when she saw the powerful aura erupting from the willow tree.

"Are you going to take action against us?"

"The Wild Realm does not welcome creatures from other realms. You should not come to the Wild Realm."

"But we are already here."

Liu Shu said to Su Yan in a cold voice,

"Then you can only die in the wild realm, or even be imprisoned in the wild realm."

"The Wild Realm has been invaded by the Black Disaster. If the gods from other realms discover the Wild Realm, the creatures in the Wild Realm will be devastated, and even the Wild Realm may be destroyed."

After Su Yan winked at Su Yue,

Su Yue hurriedly pulled Elena back some distance. Su Yue knew that her sister wanted her to protect her little sister Elena.

Su Yan saw Su Yue protecting Elena. After stepping back, her top-quality innate spiritual treasure, the Five Elements Spiritual Bead, suddenly appeared, quickly spinning around Su Yan. The

Five Elements Spiritual Bead was blessed by Nuwa and Gaia, and even the Five Elements Spiritual Bead contained Nuwa and Gaia. Gaia's full blow.

Su Yan didn't care about Liu Shu's threat at all.

If he pissed her off,

Su Yan would destroy Liu Shu.

"Are you going to take action against us? You have been seriously injured. Do you think you can kill us?"

Boom boom boom....

A branch of the willow tree burst out with light, and a huge terrifying aura erupted from the branch.

"No, you are just three little girls. I have no intention of killing you three little girls, but you must stay in this small village for the rest of your life. The spatial coordinates of the wild realm cannot be exposed."

Su Yan waved her hand, and a mirror appeared in front of her. The huge aura of the willow tree was instantly blocked.

"Willow, we three sisters don't want to be trapped in this small village, and you don't have the ability to trap us three sisters."

At this moment,

Elena's twelfth-grade pure white lotus and Su Yan's twelfth-grade karma red lotus appeared one after another to block the huge aura.

"Oh my God!" Ye Fan was directly blown away by the powerful aura. This is because Liu Shu didn't want to kill anyone, otherwise Ye Fan would be torn apart by the powerful aura in an instant.

"Wang, idiot Ye Fan, come here quickly to Su Yue."

The Black Emperor ran behind Su Yue and Elena early in the morning.

He also saw something was wrong early in the morning, so the Black Emperor quickly came to Su Yue and Elena to seek shelter.

Ye Fan came behind Su Yue and Elena, and he He kicked the Black Emperor and cursed,

"Stupid dog, why the hell don't you remind me again?"

The Black Emperor rolled his eyes at Ye Fan and mocked,

"That means you are a fool. Didn't you see that you were going to start a fight? Given your level of cultivation, the aura erupted by Su Yatou and Liu Shu can destroy you."

Ye Fan patted his forehead and said helplessly,

"Damn it, the weak really have no human rights."

The Black Emperor turned around and asked Ye Fan alone,

"Black-hearted ghosts, the three Su Yan sisters are not from the ancient immortal world. They all come from other realms. Do you think their Xuantian realm will invade our wild realm?"

Ye Fan shook his head speechlessly and said, "I know nothing about this. I am just a scumbag who has just cultivated. Do you think I am qualified to participate after a boundary war occurs?"

Ye Fan is also worried that Su Yan's realm will invade the wild realm.

In the wild realm,

Ye Fan has regarded the wild realm as his home.

He does not want the wild realm to be invaded by other realms in the future, or even be invaded by other realms. The realm was destroyed.

Little Shitou stood beside the willow tree and shouted hurriedly,

"Sacrifice to the spirit, why do you want to fight Su Yue's sister? The sisters are all good people, and they have not taken action against people in the village. Sacrifice to the spirits, could you not take action against Su Yue's sister?"

"Xiao Shitou, I just want the three sisters to stay in the village. I will not kill them."

"real?"

"Little stone, the sacrificial spirit will not deceive you."

"Oh, that's how it is!"

When Little Shitou heard Liu Shu's words, he scratched the back of his head and didn't know what to do.

Little Shitou also wanted to leave the village with the three sisters Su Yue, but the sacrificial spirit wanted to trap the three sisters Su Yue.

Although Little Shitou didn't know why, but He decided to find a way to help the three sisters Su Yue leave the village in the future. Of course, he would also leave the village with the three sisters Su Yue. Whoosh!

Willow directly teleported the little stone to the side.

She wanted to catch the three sisters Su Yan and seal them as immortals. force and trapped the three sisters in the village.

Boom boom boom.....

At this time, the aura erupting from the willow tree became more and more powerful, and the branches glowed like spiritual treasures, emitting powerful power.

Swish swish swish.....

Suddenly, seven women in various clothes suddenly appeared next to Su Yan, and then hundreds of women in white appeared around Su Yue and Elena.

"Merlot Heavenly Court, the seven fairies of Yaochi, see Princess Changle, Princess Gaoyue, and Princess Xueyue!"

"Merlot Heavenly Court, Yaochi Female Guard, see Princess Changle, Princess Gao Yue, Princess Xue Yue!"

Su Yan curled his lips when he saw the Seven Fairies appearing.

Sure enough, the whereabouts of the three sisters have been monitored. In the past few months, their father, mother, and even their aunts may have known everything they did..

Su Yue and Elena both looked surprised.

They did not expect that the Seven Immortals Emperor and the Yaochi Female Guards would appear. The appearance of the Seven Fairies and the Yaochi Female Guards meant that the escape of their three sisters was simply unnecessary. Every move is monitored.

Ye Fan stared blankly at the appearance of hundreds of powerful fairies,

Merlot Heavenly Court?

The seven fairies and female guards of Yaochi?

Princess?

Damn it, what is Merlot Heaven?

Is Yaochi the Queen Mother's Yaochi? Are the Seven Fairies the seven fairies in mythology?

And the three sisters Su Yan are all princesses?

Is this him?

Is this a figure from the ancient heaven? The prehistoric heaven is not called the Merlot heaven, and the Jade Emperor in the heaven does not have the daughters of Princess Changle, Princess Gao Yue, and Princess Xueyue.

Ye Fan felt that his mind was very confused.

He had never heard about the princesses of Merlot Heavenly Court and Su Yan's three sisters on earth.

The Black King opened his eyes wide and shouted excitedly,

"Woah, Black Emperor, I'm going to be prosperous."

"The three sisters, Ye Fan and Su Yan, are actually princesses from the same realm. Each of these fairies is very powerful, especially the seven leading fairies. They are all at the level of fairy kings."

"Immortal King (Daluo Jinxian)! Seven powerful Immortal Kings appeared at once, and these Immortal Kings were only guards. The Merlot Heavenly Court in the Xuantian Realm seemed to be ridiculously powerful."

Ye Fan looked at the Black Emperor and said speechlessly,

"It's none of your business!"

The Black Emperor shouted to Ye Fan,

"Why is it none of my business? I am with the three sisters Su Yue now. We are partners. The three sisters Su Yue will definitely give me some good treasures in the future."

"You can continue daydreaming!"

Ye Fan stopped talking to the Black Emperor.

He wanted to see what Su Yan was going to do with Willow. Ye Fan had a good impression of Willow.

Although Willow just wanted to take action against Su Yan's three sisters, it was also for the sake of the wild realm. Besides, Willow He just wanted to imprison the three sisters of Su Yan, and did not want to kill the three sisters of Su Yan.

Ye Fan decided that if Su Yan wanted to kill Liu Shu, he would plead for Liu Shu.

Su Yan looked at the seven fairies and the female guards of Yaochi around him. She waved her hand and asked the fairies to stand up.

Su Yan looked at the Seven Fairies and asked, "Seven Fairies, have you been following us secretly from the beginning?"

The seven fairies in orange bowed to Su Yan and said,

"Reporting back to Her Majesty the Princess, we have been secretly protecting the three princesses since the beginning of Merlot Heaven."

Su Yan said helplessly after hearing Cheng Yi's words,

"Damn it, why did it go so smoothly from the teleportation array to the wild realm? The teleportation array was heavily guarded, and we escaped easily. It turned out that the aunts let us go on purpose."

Su Yue looked at Su Yan and asked anxiously, "Sister, what should we do?"

Su Yue is very uneasy now.

The three sisters secretly escaped from the Merlot Heavenly Palace. After being captured this time, her mother Yan Fei will definitely punish her. Su Yue thinks of her mother Yan Fei's angry look and she becomes very angry. Scared.

Su Yan said with an indifferent expression,

"What else can we do? I won't go back even if I am beaten to death. If we go back, we will be dead, locked up in a small dark room, or even forced to practice in seclusion. I will not go back to Merlot Heaven at this time."

Elena reminded after hearing Su Yan's words,

"Sister, if my father is released from prison, we will not be punished, but we don't know if he is released from prison now. Su

Yan shook his head and said, "It's impossible. Although dad won't punish us, he can't stop our mother from punishing us. Dad is a henpecked man."

When Su Yue and Elena heard Su Yan's words, they both lowered their heads helplessly. Su Yan was right. Even if their father was released from prison, they would still be punished if they should be punished.

Zi Yi heard Su Yan's three sisters say After the conversation, she smiled and said, "Princess, we are not taking the princess back to Merlot Heaven."

Su Yan asked doubtfully,

"Um? You all showed up, aren't you going to take us back?"

"His Majesty the Emperor of Heaven asked the three princesses to play for another two months. After two months, the order will be conveyed to us."

"Ha ha....! Dad still understands us."

Su Yan laughed when she heard Zi Yi's words.

She didn't expect that things would turn around. The Seven Fairies didn't want to take them back at all. This was great news. Two months later, she could find another way to delay it.

Su Yan Yan smiled for a while and then looked at Liu Shu and asked, "Liu Shu, do you still want to imprison our three sisters?"

Liu Shu also withdrew her powerful aura at this time.

This time seven fairy kings appeared. She didn't care at all in her heyday, but now she is seriously injured and her strength has declined very seriously. She is no match for the seven fairies.

"Are you three sisters the princesses of Xuantian Realm?"

Su Yan nodded and replied,

"Yes, our three sisters are the princesses of Xuantian Realm and Merlot Heavenly Court. Willow, you won't see the strong ones coming to us, are you ready to admit defeat?"

"Xuantian Realm? Merlot Heaven? Did you come to the Wilderness Realm this time just for fun?"

Su Yan curled his lips and said with a look of disgust,

"if not? Do you think our Xuantian Realm will take a fancy to this ungrateful realm?"

"A realm that does not even have the way of heaven, and the spiritual energy is basically exhausted. This realm will slowly die in the future. It is a realm that is useless, and we in the Xuantian Realm simply do not like it."

Liu Shu sighed after hearing Su Yan's words and said,

"well! The wild realm is a dead realm. The way of heaven dissipates and the fairy world collapses. The wild realm will become a mortal world after hundreds of thousands of people. Leave!

When Su Yan heard Liu Shu's words, he mocked, "Leave?" Willow, do you think that's it?"

"Little girl, I am doing it for your own good. I have notified a friend to arrive, a powerful friend. Even if you have seven fairy kings around you, they are no match for my friend."

"Tsk, I don't believe it!"

Su Yan didn't believe Liu Shu's words at all.

Besides, even if Liu Shu had a powerful helper arrive, would she be afraid? Su Yan had the full strength of two great saints in his hands, and even ordinary saints would have to kneel when they arrived.

"Su Yan, what don't you believe?"

Whoosh!

A woman in white wearing a ghost face mask suddenly appeared in front of Su Yan

"aunt?"

"See the eldest princess!"

Chapter 2187

Su Yan, the three sisters Su Yue and Elena, as well as the Seven Fairies and hundreds of Yaochi female guards, were all very surprised when they saw the sudden appearance of the woman in white.

When the three sisters of Su Yan saw the appearance of the woman in white, they wanted to run away.

This was their aunt who hated the empress.

Su Yan and the others came to the wilderness this time to find their aunt, but the three sisters forgot about it while playing. Now they hate the empress. The three sisters became nervous when the Human Empress appeared.

The three sisters Su Yan and Su Yue looked at the Hateful Empress anxiously. The Seven Fairies and the Yaochi female guards all hurriedly saluted the Hateful Empress.

Ye Fan also looked at the Hater Empress in confusion. This woman was too powerful and too beautiful.

Although Ye Fan could not see the face of the Hateful Empress, the Hateful Empress had a curvy figure, a noble temperament in her movements, and a cold and crisp voice, which made Ye Fan feel that the Hateful Empress was a peerless beauty.

But, the three Su Yan sisters actually called this beautiful woman in white aunt? The seven fairies call this beauty in white the eldest princess? Ye Fan looked at the beauty in white wearing a ghost mask in confusion for a moment.

When the Black Emperor saw the Hater Empress arriving, he trembled with fear.

This was a great god in the ancient forbidden land and the most powerful existence in the seven restricted areas of life.

He hurriedly reminded Mark with his tail between his legs,

"Wang, this is the Nanling Empress, Ye Fan, please don't offend this woman in white. She is the most powerful Nanling Empress among the seven forbidden areas of life. She is also the hateful empress you have heard of before."

Holy crap!

Empress of Nanling?

Empress of Haters?

This is going to kill him.

Ye Fan's face turned pale when he heard the Black Emperor's words.

He didn't expect that this woman wearing a ghost mask turned out to be the Empress of Haters. Ye

Fan Fan's legs were a little weak.

He and Duan De had dug the graves of the Hatred Empress' previous lives, and he was still a holy body. The Hatred Empress could devour all holy bodies and divine bodies. Ye Fan was worried about the Hatred Empress. Will destroy him and even devour his holy body.

After the Empress of Haters waved her hands to the Seven Fairies and the female guards of Yaochi, she looked at the three uneasy sisters Su Yan and shook her head. The

Empress of Haters asked Liu Shu He said, "Liu Shen, are they the people from outside the territory you are talking about?"

The willow tree suddenly burst out with a white light, and then an illusory woman in white walked out of the willow tree.

"Yes, the Queen of Haters, but it seems that you have an unusual relationship with people like them."

Liu Shen was very confused when she came to the Queen of Haters.

She didn't expect that people like Su Yan actually knew the Queen of Haters.

The three sisters of Su Yan even called the Queen of Haters their aunt, and the other fairies all saluted and called the Queen of Haters. Princess, Liu Shen felt incredible when she heard this.

The Hater Empress nodded and replied,

"Liu Shen, these three little girls are my brother's daughters. They may have come to the wild realm to find me."

"It's just that these three little girls were so naughty. They used their spirit treasures to escape from the ancient forbidden land when they arrived in the wild realm. Even I didn't notice the arrival of the three sisters.

Liu Shen asked the Hater Empress in surprise, "Your brother?" Have you found your brother?"

"good! Liu

Shen looked at the Hater Empress and asked doubtfully,

"Congratulations, but your brother seems to be the Emperor of Heaven in the Xuantian Realm. What is the relationship between the Xuantian Realm and the Ancient Immortal Realm? Why do these people have the aura of the prehistoric immortal world?"

After the Hatred Empress heard Liu Shen's words, she thought of what Su Chen had done some time ago. The Hatred Empress was also very surprised. She destroyed the saint, destroyed the realm, and even destroyed the Heavenly Dao to seize the origin of the Heavenly Dao.

Her brother Su Chen is now Controlling these three realms, Xuantian Realm, Western Realm, and the Light Realm occupied six days ago, there are more than a thousand attached small worlds, and there are more than ten saints. The

Hater Empress feels that her brother After leaving the Prehistoric Immortal World, her brother's power was even more powerful than in the Prehistoric Immortal World.

Three major realms, more than a thousand affiliated small worlds, more than a dozen powerful saints, dozens of quasi-sages, and hundreds of millions of powerful armies of gods ,

The Hateful Empress did not expect that her brother would develop into a more powerful force in a short period of time than he was in the ancient immortal world. Every time she thought about this, she found it unbelievable. Thinking of this, the Hateful Empress explained to Liu Shen ,

"Liu Shen, my brother used to be the Emperor of the Heavenly Court of the Ancient Immortal Realm, but something happened in the middle. My brother left the Ancient Immortal Realm with some followers. The Xuantian Realm was formerly called the Yin and Yang Realm. After my brother conquered the Yin and Yang Realm, it was renamed the Xuantian Realm. area."

Liu Shu was very confused when he heard the words of the Hatred Empress.

The brother of the Hatred Empress was once the Heavenly Emperor of the Great Desolate Immortal Realm?

How could a Heavenly Emperor escape from the Prehistoric Immortal Realm?

This is simply impossible to happen.

Could it be that the Hatred Empress's brother was... Some powerful gods were overthrown? The ancient heaven was robbed?

The Hateful Empress waved her hands to the three sisters Su Yan and said, "Yan'er, Yue'er, Nana, you all come here."

"Yes, aunt!"

The three Su Yan sisters looked at each other. They all walked to the Hate Empress with their little heads hanging down.

The three sisters did not dare to make any mistakes now.

This is their father's biological sister and their biological aunt. The three of them No matter how naughty the sisters are, they are just juniors in front of the Queen of Haters.

"You three sisters came to the wild realm and dared to escape. Even I didn't know you were coming. You are really naughty and mischievous. This is your aunt's friend Liu Shen. You all apologize to Liu Shen."

Su Yan said hurriedly,

"Auntie, we just want to have fun in the wild world. Liu Shen, I was sorry just now."

"sorry!"

Su Yue and Elena also hurriedly apologized to Liu Shu.

They didn't expect that Liu Shu actually knew their aunt and was even a good friend.

Liu Shen waved and said,

"No, it's me who should apologize. If I hadn't wanted to imprison you, we wouldn't have been able to confront each other tit for tat."

The Hater Empress shook her head and said,

"Liu Shen, these three little girls are used to being naughty and mischievous. They are lawless in Merlot Heaven. This time they come to the wild realm, they will definitely cause a lot of trouble.
Liu

Shen looked at Su Yan and the three sisters and they all looked honest, and she said with a smile,

"Haha, as long as you are here, and even the three sisters are protected by these fairies, nothing will happen to these three little girls."

The Empress of Haters patted Su Yan's little head and said,

"Yan'er, take out some Three Light Divine Water and give it to Liu Shen. Liu Shen is seriously injured. The Three Light Divine Water can heal Liu Shen's injuries."

"Auntie, how do you know I have the Three Lights Divine Water?"

Chapter 2188

Su Yan was very confused when he heard the words of the Hater Empress. She secretly stole the

Three Light Divine Water from her father's treasure house. Even Su Yue and Elena didn't know about it. Her aunt Hater

Did the Empress know this?

Su Yue looked at Su Yan and shouted in surprise,

"Sister, you actually have the Sanguang Divine Water. No wonder the tea you make is so delicious. It turns out that you stole my father's Sanguang Divine Water. Elena looked at Su Yan resentfully and said,

"Sister, why didn't you tell us that you have the Sanguang Divine Water? We are biological sisters."

Su Yan rolled his eyes at Su Yue and Elena and explained,

"I'm not worried that you will reveal that I stole my father's Sanguang Divine Water. Besides, along the way, didn't you drink less of the tea I made with the Sanguang Divine Water?"

Su Yue and Elena heard what Su Yan said, and they were right when they thought about it.

Although Su Yan did not tell them about the Three Lights Divine Water, their eldest sister Su Yan ate and drank with them along the way. As their eldest sister, they also You really didn't treat them badly.

The Hater Empress shook her head and explained,

"Yan'er, do you think your father doesn't know that you entered the treasure house to steal the Three Light Divine Water?"

"Besides, can you sneak into your father's treasure house? Even saints cannot enter your father's treasure house. Every time you enter the treasure house, your father secretly allows you to enter."

Su Yan nodded when she heard the words of the Hatred Empress.

Of course she knew that entering the treasure house was allowed by her father. Otherwise, with the scum of a fairy like her, she might have been killed before she even touched the edge of the treasure house. Su

Yan looked at the illusory Liu Shen next to her.

She took out a jade bottle and handed it to Liu Shen and said,

"Senior Liu Shen, this is ten drops of Three Lights Divine Water. You can recover your injuries if it is enough. If it is not enough, I will give you another ten drops of Three Lights Divine Water. Liu

Shen took the jade bottle and said with a smile,

"Ten drops of the three-light divine water from the ancient immortal world? Haha, this is more than enough to restore my injuries. Princess Su Yan, thank you for the Three Light Divine Water this time."

Su Yan waved his hand and said,

"You're welcome, you are my aunt's friend, this is what I should do"

"Haters, I have to recover from my injuries. You guys stay in this village first. I will be able to fully recover from my injuries in three days."

"good!"

The Empress of Hatred nodded to Liu Shen and agreed.

She was also worried about Su Yan's three sisters wandering around in the wild realm.

These three sisters, Elena, are more peaceful. Su Yan and Su Yue are both. Each one was more naughty than the other, and the Hatred Empress was also worried that the three sisters of Su Yan would provoke some powerful people.

Ye Fan and the Black Emperor were watching all this not far away.

They did not expect that Su Yan's aunt and Liu Shen knew each other. What happened just now The matter was just a misunderstanding.

But Ye Fan and the Black Emperor are both very confused now.

Su Yan's father used to be the Emperor of Heaven in the Immortal Realm, but he left the Immortal World due to changes.

How could the Emperor of the same realm leave?

Ye Fan It is suspected that Su Yan's father may have been forced to leave by the saint.

The six great saints in the prehistoric immortal world, plus Ancestor Hongjun, and the Emperor of Heaven are just a puppet in the prehistoric immortal world.

However,

Ye Fan has never heard that the emperor of the prehistoric heaven is named Su.

Shouldn't the Emperor of the Ancient Heaven be the Jade Emperor? Could it be that after Su Yan's father was forced to leave by the saint, the Jade Emperor became the Emperor of the Ancient Immortal Realm? At this moment, a bronze immortal temple appeared in the village, which was the immortal weapon of the Hateful Empress. , the Hatred Empress took the three sisters Su Yan to live in the Bronze Immortal World, and the Seven Fairies took the Yaochi female guards to guard the Bronze Immortal Palace.

Ye Fan and the Black Emperor felt that the Bronze Immortal Palace was full of aura, and they also wanted to live in the Bronze Immortal Palace. The Bronze Immortal Palace, but the surrounding female guards of Yaochi did not let them get close to the Bronze Immortal Palace at all. The

Black Emperor coveted the Bronze Immortal Palace very much when he saw it.

Innate aura, this is the legendary innate aura!

In the wild world, even the day after tomorrow Spiritual energy is very rare. If he and Ye Fan can use innate spiritual energy to practice, it will be a thousand miles a day, no, a thousand miles a day. The

Black Emperor kept reminding Ye Fan beside him,

"Ye Fan, Ye Heizi, think of a way quickly. The spiritual energy in the Bronze Immortal Palace is innate spiritual energy. If we practice in the Bronze Immortal Palace, our practice for one day is equivalent to practicing outside for several years, or even more than ten years."

When Ye Fan heard the Black Emperor's words, he shouted with a dark face,

"Damn it, do you think I don't know? But the surrounding Yaochi female guards are guarding the Bronze Immortal Palace."

"It's impossible for us to practice even if we get close, but you still want to enter the Bronze Immortal Palace. Do you want to be killed by these female guards? Or do you want us to be crushed to death by the Hater Empress?"

The Black Emperor looked at the Bronze Immortal Palace and asked,

"So what do we do?"

Ye Fan touched his chin and said to the Black Emperor,

"How do I know? But, Black Emperor, do you think we can go to Xuantian Realm? Think about it, even the hated empress in our wild realm is the aunt of the three sisters Su Yan."

"The gods in the Xuantian Realm may be very powerful. The Xuantian Realm should be a relatively powerful realm. The aura in the realm is probably more intense than the aura in the Savage Realm."

"Ye Hei, do you want to practice in Xuantian Realm?"

"Have this idea!"

"Forget it, we are creatures in the wild realm, our cultivation techniques, and even the secret realm we are looking for in the wild realm, it is impossible for us to leave the wild realm"

"That's right. I am a holy body, and the wild realm is more suitable for me to practice. Besides, we haven't obtained some powerful techniques yet."

After Ye Fan heard what the Black Emperor said, he felt that what he had just thought was a bit whimsical.

If he wanted to leave the wild world, he would have gone to the ancient world.

After all, he was familiar with the ancient world. If he could cultivate immortality, it would be better than what he had done in the wild world. Cultivation in the realm is much more powerful.

But the ancient immortal world is not something he can just go to if he wants to.

Ye Fan has now started practicing with his holy body, and it is impossible for him to change the cultivation system now.

In the Bronze Immortal Palace, the Hateful Empress and The three Su Yan sisters were chatting.

She also asked about what happened in the Xuantian Realm. The Hater Empress had not been to the Xuantian Realm for almost half a year. She also wanted to know what happened in the Xuantian Realm recently.

Su Yan smiled at the Henren The empress said

"Auntie, we have been out for almost four months. We are not very clear about what has happened in Xuantian Realm recently."

"However, the Seventh Fairy said that my father has been released from seclusion, and he might cause something else. Maybe it won't be long before my father will notify my aunt to return to Merlot Heaven."

After the Hatred Empress heard Su Yan's words, she was very confused. Su Chen had been in seclusion for less than a year, how could he come out of seclusion so quickly?

"Is your father out of prison? Did my brother advance to Taiyi Golden Immortal?"

Chapter 2189

Su Yan's three sisters all shook their heads while eating the fairy fruit.

They didn't know whether their father had been promoted to Taiyi Golden Immortal, and they were not interested in their father being promoted to Taiyi Golden Immortal.

So what if their father is a golden immortal?

One Golden Immortal can defeat more than a dozen saints. Their father has been in the Golden Immortal realm his whole life. Is there anyone who can threaten their father?

Su Yan took out some more top-notch fairy fruits and said,

"Auntie, you don't have to worry about our father. Even if our father is in the Golden Immortal realm, nothing will happen to him. My father is very smart. Even a saint can't do anything to my father."

Su Yue handed some fairy fruits to the Hater Empress and said,

"Yes, aunt, my father conquered the saints like Yin Ji in the Golden Immortal realm. My father is very cunning. Elena smiled and nodded and said,

"Haha, that's right, aunt, my father has never suffered a loss. Nothing can trouble our father."

The Empress of Hatred nodded when she heard the words of the three sisters Su Yan.

Her brother Su Chen could become the Emperor of Heaven before he became an immortal, and could even control the entire prehistoric fairy world. Even after leaving the prehistoric fairy world, her brother could still defeat a Realm, and even conquered a dozen powerful saints one after another. After thinking about it, the Hater Empress felt that her concern for Su Chen was a bit unnecessary.

"You three little girls will play in the village for a few days, and then you and I will return to the ancient and forbidden land."

The three Su Yan sisters became anxious when they heard the words of the Hateful Empress.

They did not want to go to the ancient forbidden land. The ancient forbidden land was deserted and there was nothing interesting in it. The three sisters wanted to continue playing in the wild realm.

Su Yuela The Empress of Haters shook her arms and said,"Auntie, we still have to look for the Tomb of the Demon Emperor. Can we go to the Ancient Forbidden Land after a while?"

The Hateful Empress was very speechless when she heard Su Yue's words.

A demon emperor's tomb?

This is at most the tomb of a mysterious immortal.

Even if there are treasures in the demon emperor's tomb, they are only some acquired spiritual treasures. The acquired spiritual treasures are in There are only treasures in the Merlot Heaven, and they are not even qualified to enter Su Chen's treasure house.

"Tomb of the Demon Emperor? Why are you looking for the Demon Emperor's Tomb? There are treasures in the Demon Emperor's Tomb, but those are just ordinary treasures and are of no use to you at all."

Su Yue said hurriedly with wide eyes,

"Auntie, we are just bored and having fun, and we have agreed with Ye Fan and the Black Emperor to go look for the Demon Emperor's Tomb together. We three sisters cannot go back on our word.

Elena also said hurriedly,"Well, aunt, we can't go back on our word.""

Su Yan rolled her eyes but did not speak.

She guessed that their aunt would definitely agree with them to go to the Tomb of the Demon Emperor.

Moreover, she found that when the Hater Empress arrived, her aunt, the Hater Empress, checked on Ye Fan. Su Yan didn't know Why did her aunt check on Mark, but she felt that her aunt looked at Mark strangely.

The Queen of Haters looked at the three Su Yue sisters.

She felt that if the three sisters go back with her now, the three sisters Su Yan might still Escape secretly, the Hater Empress couldn't keep a close eye on the three sisters.

The Hater Empress nodded after thinking about it,

"Okay, you three sisters can go to the Demon Emperor's Tomb. I will wait for you here at Liu Shen, but after the Demon Emperor's Tomb, you must return to the ancient forbidden land with me."

Su Yue and Elena heard that the Hater Empress agreed, and they were happy and hurriedly thanked,

"Thank you, aunt!"

At this moment,

Su Yan looked at the Hater Empress and asked doubtfully,

"Auntie, is there something wrong with Mark Ye Fan?"

The Hater Empress heard Su Yan's words and asked with a smile,

"Haha, you little girl is very observant. I just glanced at Ye Fan and you discovered it."

Su Yan touched her chin and explained,

"Auntie, I have always been wary of my surroundings. I brought my sisters Yue'er and Nana out. I have to protect them at all times."

"Yan'er, you are very good. Your sister is very competent at what she does."

"Auntie, is there anything unusual about Mark?"

The Queen of Haters was very surprised when she thought of Ye Fan from before.

A familiar flower,

Ye Fan, actually had the aura of her brother Su Chen.

This made the Queen of Haters very surprised.

If she hadn't found it, Her brother Su Chen, the empress who hates people, will regard Ye Fan as the reincarnation of his brother.

"Ye Fan's physique is unique in the wild world. He is an ancient holy body. The ancient holy body used to be a powerful physique, but after the changes in the laws of heaven and earth,"

"The ancient holy body is a waste body. Ye Fan can only continue to practice after breaking through to the Dragon Transformation Realm. If he cannot break through to the Dragon Transformation Realm, his life will end here."

The Empress of Hatred did not tell Su Yan the three sisters about Ye Fan's specialness.

There is nothing to say.

Ye Fan is just a passer-by in her life. It is even impossible for them to meet again in the future. They are just a flower of acquaintance, this is no longer important to the Hateful Empress.

After the three Su Yan sisters heard the words of the Hateful Empress, they were not interested in these.

The wild realm is just a dead realm, what kind of holy body and what kind of things are there in the wild realm? Divine body, this is irrelevant to them.

The three sisters are all of the Black Bird bloodline, and the Blackbird bloodline is not comparable to these holy bodies and divine bodies.

Xuantian Realm,

Merlot Heavenly Court,

Su Chen is preparing to go to the Super God World Revenge, but with half a month to go,

Su Chen handed the group promotion card to Nuwa. This time he might have to stay in the super god world for about a month, and the group promotion card could only allow Nuwa. Wa used it later when it was time.

When Concubine Yan heard that Su Chen was going to a small world to find a place, she was very speechless.

In a small world, the most powerful one was just an earthly immortal.

Su Chen was actually captured in a small world. Forced to leave, although Su Chen's strength was sealed at that time, Su Chen is now a Taiyi Golden Immortal. Isn't he going to kill a little scum?

Concubine Yan shook her head and said,

"Husband, before you go to the small world, go and see Yan'er and the others. I'm worried that Yan'er and the others are wandering around in the wild realm."

Jing salamander heard what Concubine Yan said, and she felt very helpless.

The three sisters of Su Yan secretly went to the wild realm. This must be the leader of her daughter Su Yan.

Jing salamander felt that Su Yan was becoming more and more lawless, so this time With her two sisters running away secretly, if anything happens to Su Yue and Elena, she will feel very sorry.

"Well, husband, if that doesn't work, just bring Yan'er and the others back. The three sisters are getting more and more troublesome, and your sister Nannan may not be able to control your three naughty daughters."

Chapter 2190

After Su Chen heard what Concubine Yan and Jing Salad said, he felt very helpless.

The three Su Yan sisters were becoming more and more lawless and even more naughty. But what could he do? The three Su Yan sisters were all His baby girl.

Su Chen didn't want to interfere too much in the childhood of the three sisters Su Yan.

Some strong men in the wild world did not pose a threat to the three sisters. After all, the three sisters Su Yan all had powerful spiritual treasures, and even Nuwa and Gaia. A full blow to save their lives.

Su Chen thought about it and decided to go to the Wild Realm.

He had never been to the Wild Realm before.

Su Chen thought that since the Hater Empress was in the Wild Realm, where were the little stones? And what about the black-hearted Ye Hei? They should also appear in the wild realm.

Su Chen thought for a while and then said,

"Okay, I'm going to the wild realm."

Jing Salamander reminded Su Chen,

"Husband, the three sisters Su Yan must be brought back, and you don't have to wait two months."

Su Chen was very helpless when he heard Jing Salam's words.

Can he bring back the three sisters Su Yan? Su Chen thought that as long as the three sisters Su Yan begged in front of him, he would be soft-hearted and agree to all their conditions.

"Hey, let me give it a try!"

Concubine Yan rolled her eyes at Su Chen and then rubbed her forehead and said,

"you.....Forget it, as long as you can ensure the safety of the three sisters, I don't care."

Su Chen hurriedly moved his chest and assured,

"Madam, don't worry, I will personally take action, and Yan'er and the others will be very safe."

"All right!"

Concubine Yan and Jing Sala looked at each other and agreed.

They also knew that Su Chen was very doting on the three sisters Su Yan.

Concubine Yan and Jing Sala were happy but helpless about this. They were both worried that the three sisters Su Yan would grow up. He would become even more lawless in the future, and would even cause trouble everywhere like Su Chen.

Three days later, in the wild realm, in a small village, the three sisters Su Yan and the Hater Empress stayed in the small village for three days.

The three sisters Su Yan were supposed to fight with Ye Fan and the others continued to search for the Tomb of the Demon Emperor, but many people had arrived in the Fierce Beast Forest in the past few days, and they were all powerful people.

Su Yan and the others also wanted to know why these powerful people appeared in the Fierce Beast Forest. In the beast forest.

The Black Emperor lay under this tree and said,

"Darling, how come there are so many strong men from the Holy Land coming to the Fierce Beast Forest? Has the news about the Demon Emperor's Tomb been leaked?"

Ye Fan leaned against the big tree and thought about the powerful people he had seen in the past few days, such as the Yaoguang Holy Land, Ji Family, Jiang Family, Yaochi Holy Land, etc. These holy places all appeared in the Ferocious Beast Forest. This is very abnormal.

Ye Fan thought for a while and then said seriously,

"It is possible that the map we got is just a copy, and there may be some copies of the map of the Demon Emperor's Tomb. But why are there so many copies of the map of the Demon Emperor's Tomb?"

"Ye Hei, what do you suspect someone is doing intentionally?"

"Well, the Tomb of the Demon King must be very dangerous. I suspect that someone copied the map to use us as a scapegoat for exploring the path."

The Black Emperor said to Ye Fan with a sly smile,

"Hehe, Ye Hei, we have three little ancestors here, and there is also a hateful empress who is at least the Immortal King realm. Do you think we will become scapegoats?"

Ye Fan smiled when he heard the Black Emperor's words and said,

"Black Emperor, you are right"

"The most powerful of these holy lands may be quasi-emperors, and the others are all saint kings and great saints. Even with the addition of divine soldiers, they combined cannot be the opponent of the Hater Empress."

Ye Fan was still a little nervous when he thought about the Hateful Empress. Although he had not seen the Hateful Empress in the past three days, he was always worried that the Hateful Empress would devour him.

Boom!

Suddenly, the small village erupted. With the powerful pressure of the momentum,

Ye Fan and Hei Huang were directly pressed to the ground. They could not even lift their heads. The villagers in the village were the same as them. All of them were pressed to the ground.

However , , in just three short breaths, the powerful pressure in the village disappeared without a trace.

Ye Fan and the Black Emperor looked around nervously when they got up. The powerful pressure just now was too powerful, and they were It was very difficult to even breathe while lying on the ground.

Ye Fan wiped the cold sweat from his forehead and asked,

"Black Emperor, what state of power was he just now?"

The Black Emperor shook his head and replied,

"I don't know, but he must be a strong person at the level of the Immortal King. But an Immortal King actually came to the Ferocious Beast Forest. Isn't this a joke? How could the Immortal King be interested in the Tomb of the Demon Emperor?"

"Immortal King? Isn't this similar to the cultivation level of the Hater Empress?"

"Shit, Ye Hei, don't underestimate the Hateful Empress. Even if the Hateful Empress is an Immortal King, it would be very easy for her to kill the Immortal King. The Hateful Empress has killed all over the nine heavens and ten earths from her mortal body. The power of the empress is very scary"

"Damn it, Hei Huang, don't scare me. I, Ye Hei, am not scared."

"I scared the hell out of you. You will understand when you become stronger in the future."

While Ye Fan was talking to the Black Emperor, a woman in white quietly entered the Bronze Immortal Palace.

At this moment, in the ferocious beast forest, the strong men in various holy places were frightened by the powerful aura just now. These The strong men in the Holy Land did not expect that there would be a strong emperor in the Ferocious Beast Forest.

They didn't know whether the emperor just passed by here or came to the Ferocious Beast Forest specifically. These strong men in the human land are now very powerful. Worry.

In the forest of ferocious beasts, among a team of hundreds of people from the Ji family, an old man from the Saint King asked a young man in colorful clothes,

"Holy Son, shall we continue to search for the Tomb of the Demon Emperor?"

This young man is Ji Haoyue, the holy son of the Ji family.

He looked around and said,

"Keep searching. The strong man just now should have passed by here, so we don't need to worry."

Ji Haoyue's sister Ji Ziyue frowned after hearing her brother's order.

Ji Ziyue looked at the young man and reminded, "Brother, what if that strong man is also looking for the tomb of the Demon Emperor?"

Ji Haoyue shook her head and said,

"Ziyue, a strong man in the realm of the Great Emperor will not be interested in the Tomb of the Demon Emperor, so you don't have to worry."

Ji Ziyue thought for a while and said,

"Brother, we might as well go to that mysterious village first. If the strong man's breath disappears in a few days, it won't be too late for us to look for the Demon Emperor's tomb."

When Ji Haoyue heard the village his sister mentioned, he felt a little uneasy. There must be a powerful cultivator in that village, maybe even a quasi-emperor.

Ji Haoyue shook his head and said,

"That mysterious village? Ziyue, that village is not simple. Don't you dare to enter that village without seeing other holy places?"

"Brother, I have checked that village, and the villagers there are all low-level practitioners. Although there is a strong aura in the village, as long as we don't provoke the people in the village, the strong man in the village will not take action against us."
