

Zongwu 2191

Chapter 2191

Ji Ziyue thought it would be better to hide in a small village for a few days. The powerful aura just now was too dangerous.

Emperor?

Ji Ziyue felt that the powerful aura just now was more powerful than the realm of the Great Emperor. This was her intuition. She was worried that it might be very unsafe to continue in the beast forest.

When Ji Haoyue heard what his sister said, he thought about it and thought it was good.

Strong men from various holy places were looking for the Demon Emperor's Tomb in the Ferocious Beast Forest. Although they had maps, other holy places also had maps. Ji Haoyue also felt that it was unusual. ,

"Okay, I'll go to the small village to have a look, but we have to be careful. If there is danger in the small village, we have to leave immediately."

"Ok brother!"

At this moment, people from some holy places and some dynasties also stopped.

They were all frightened by the powerful momentum before. There was a great emperor in the ferocious beast forest. This made the strong men from these holy places and dynasties panic. Dare to continue wandering in the beast forest.

Some people from the Holy Land stopped in place, they wanted to see if the strong man had left.

Some Holy Land people went to the small village they encountered earlier, and they wanted to explore that mysterious little village..In a small village, in the Bronze Immortal Palace, the Hateful

Empress and a beautiful woman in white were sitting opposite each other. They were drinking Enlightenment tea brewed with Sanguang Shen water and talking.

Liu Shen drank the Enlightenment tea and listened to the Hateful Empress' words, and she felt He was very surprised.

Liu Shen did not expect that the brother of the Hateful Empress was actually the Emperor of Heaven in the Great Desolate Immortal World before he became an immortal. Even all races in the Great Desolate Immortal World surrendered to the brother of the Hateful Empress. The

Great Desolate Immortal World has never been completely destroyed. After reunification, Liu Shen is somewhat interested in the brother who hates the empress.

"Hater, I didn't expect that you would actually go to the Great Immortal Realm. Your brother is really amazing. He was granted the status of Heavenly Emperor by Heaven before becoming an immortal, and he was even able to unify the Great Immortal Realm."

The Empress of Haters smiled and shook her head and said,

"Liu Shen, this was only a few years ago. My brother was forced to leave the ancient world. The ancient world is already a thing of the past for my brother. Liu

Shen smiled and continued to ask,

"Haha, hater, what kind of realm is Xuantian Realm? How could your brother occupy a realm with those followers? Didn't the saints and heaven in that realm stop your brother?"

The Hater Empress shook her head and replied,

"I'm not very clear about this, but the saints in the Yin and Yang Realm died and were captured, and the Heavenly Way in the Yin and Yang Realm was also destroyed. My brother even stole the source of the Heavenly Way in the Yin and Yang Realm."

"This is a bit scary, saint? This is the most powerful existence in all realms. Your brother can actually destroy saints, and even destroy the way of heaven and snatch the origin of heaven. I am somewhat interested in your brother Su Chen. I hope to meet your brother one day."

"Ahem, no more."

The Empress of Haters refused awkwardly after hearing Liu Shen's words.

The Empress of Haters knew Su Chen's philandering character very well. She just didn't want to see Su Chen's women come back to the wild realm. She was also worried that Su Chen would see them. Liu Shenhui became lustful. The Hateful Empress felt very helpless when she thought of Su Chen's women and confidantes, ordinary humans, powerful fairies, demons, witches, dragons, Rakshasa, and even Some goddesses of the Western Protoss. Although those women are very good, the Hater Empress doesn't know what to call those women when she sees them. They can only hide in the wild realm, out of sight and out of mind. Liu Shen has some asked in surprise,

"Why?"

The Hater Empress reminded Liu Shen helplessly, "That.....My brother is a little naughty and he is a bit carefree. I am worried that you will be attracted by my brother."

Liu Shen was stunned when he heard the words of the Hateful Empress.

Unserious?

Playful?

This seems to be nothing to some strong men.

Among some strong men Liu Shen also knows, women are just the condiments for those strong men. Some strong men There are countless beauties. The brother of the Queen of Haters is the emperor of the same realm. He has many women, which is nothing at all.

However,

Liu Shen heard the Queen of Haters talking about her, and even she herself might Being favored by Su Chen made her a little worried.

Although Liu Shen had completely recovered her strength and her cultivation level had returned to the realm of the Immortal Emperor (quasi-sage), her strength was not at all strong against the brother of the Hater Empress. It's not enough.

Liu Shen thought that Su Chen could destroy the saints and even destroy the Heavenly Dao in a realm. Her Immortal Emperor strength was scum in front of Su Chen.

Oh no, she was scum in front of Su Chen's powerful men. Zhazha, the elder brother of the Hateful Empress has the cultivation level of the Great Emperor (Golden Immortal). Liu Shen can kill the elder brother of the Hateful Empress with one palm.

"Hater, we have been friends for tens of thousands of years. You won't watch me being molested by your brother, right?"

The Empress of Haters shook her head and said,

"No, I'm worried that you will fall in love with my brother. My brother will never snatch women. His women and confidants are all together because they like my brother."

"Haha, I don't like men"

"I hope so, and I don't hope that your friend will become my sister-in-law in the future."

The Empress of Haters thought about the powerful fairies of the Queen Mother.

Those women were all the proud daughters of heaven, and they could all fall in love with her brother. The Empress of Haters felt that if Liu Shen met Su Chen, it might not be long before Liu Shen would She fell in love with her brother.

Liu Shen shook her head speechlessly when she heard the words of the Hateful Empress. How could she fall in love with the Hateful Empress' brother? The Hateful Empress was unfounded.

Liu Shen was confused when she thought of the three sisters Su Yan. asked,

"By the way, your brother's daughter comes to the Wilderness Realm. Is your brother really not going to take action against the Wilderness Realm?"

The Empress of Haters shook her head with a smile and said,

"No, Liu Shen, as long as I am in the Wild Realm, my brother will not take action against the Wild Realm. Moreover, my brother will not look down on a Wild Realm that is about to die."

"Liu Shen, my brother now controls three realms and more than a thousand small worlds. There are more than ten saints under my brother, dozens of quasi-sages (immortal emperors), and Daluo Jinxian (immortal king). There are countless, powerful armies of gods numbering in the hundreds of millions"

"The Wilderness Realm is a dead realm. Do you think my brother, with such a powerful force, would set his sights on a dead realm?"

Liu Shen stood up in shock when she heard the words of the Hatred Empress.

She was frightened by the words of the Hatred Empress.

The brother of the Hatred Empress has more than ten saints?

How is this possible?

There is not a single saint in the wild world.

More than ten saints?

God Liu thought that if any saint came to the wild world, the strong men in the wild world would be unable to resist.

More than ten saints?

God Liu felt terrified just thinking about it.

This did not include the dozens of immortals. Emperor, countless immortal kings, Liu Shen thought about it and felt that the brother who hated the empress had such a powerful force, and the wild realm was really a tasteless thing for Su Chen. At this time, the seven fairies in red came to confront Su Chen. The hater empress saluted and said,

"Report to the eldest princess, some immortals (great sages) and xuanxian (quasi-emperors) came to the village with some people. Do we want to drive them away?"

Chapter 2192

In the ancient fairyland, the Turtle Spirit Holy Mother, Wangshu, and the three girls Xuanming have just arrived in the ancient fairyland from the western realm.

As soon as they entered the prehistoric fairy world, the three girls of Turtle Spirit Holy Mother felt the thin spiritual energy in the prehistoric fairy world, and it was also the thin acquired spiritual energy, which made the three girls very uncomfortable for a while.

The Holy Mother Turtle Spirit felt the aura of the prehistoric fairy world, and she said in surprise,

"I didn't expect that the spiritual energy in the prehistoric immortal world would become so thin.
Wang

Shu frowned and said,

"Acquired aura? It's millions, but the spiritual energy in the prehistoric immortal world is actually acquired spiritual energy? And it's so thin?

Xuan Ming's eyes were confused for a while and then he said, "The prehistoric immortal world is getting weaker and weaker. Jiufeng and those people didn't deceive us.""

"Hey guys, I'm going to find my teacher, don't leave now!"

"I'm also going to visit the Taiyin Star, so I won't leave here!"

"Well, I go to the Six Paths of Reincarnation. If you have anything to do, you can go to the Six Paths of Reincarnation to find me."

The three ladies of the Turtle Spirit Holy Mother said goodbye to each other and left one after another.

They all wanted to know the current situation of the Great Desolate Immortal Realm as soon as possible. They all know how powerful the Xuantian Realm is. If the Great Desolate Immortal Realm is not as powerful as the Xuantian Realm, if the Xuantian Realm invades in the future, The prehistoric fairy world, the prehistoric fairy world may be completely defeated.

After Wangshu crossed the sea of stars and arrived at the Taiyin Star, her face turned gloomy.

On the Taiyin Star, some monsters with low cultivation level occupied the Taiyin Star, and the entire Taiyin Star It was a mess.

Boom!

Wangshu burst out with the powerful momentum of a quasi-sage and said angrily, "In three breaths, if you don't leave the Taiyin Star, you will die!"

"Quasi-sage? Run away quickly, a quasi-sage has arrived on the Taiyin planet"

"Let's go back to heaven and report to the Jade Emperor that there is a strange quasi-sage who wants to rob the Taiyin Star."

"Run away, we are just the scum of the earthly and heavenly immortals. If this quasi-sage is angry, we will all die without a burial place."

"Could it be that Fairy Chang'e is back?"

"Don't worry so much, just run away if you don't want to die"

"Yes, we are just insignificant little gods, and it is still important to escape for our lives."

On the Taiyin Star, there are tens of thousands of little monsters from the demon clan who have gathered here and have fled from the Taiyin Star. These demon gods did not expect that a quasi-sage would come to the Taiyin Star and even chase them away from the gods of heaven.

"Heaven? The Jade Emperor? A heavenly Jade Emperor? This is really ridiculous."

When Wang Shu heard the words of these little demons, she looked at the ancient heaven and was very speechless. The

Jade Emperor in the heaven was just a mortal who had just become an immortal, but he was promoted to the immortal realm by the elixir, and there was no Da Luo Jinxian in the entire heaven.

Wang Shu Shu felt helpless about the weakness of the ancient heaven.

In the Mero Heaven of the Xuantian Realm, Daluo Golden Immortals can be seen everywhere, including dozens of quasi-sages. The ancient immortal world has become so weak after tens of thousands of years.

If this happens in the future In the realm war, can the prehistoric fairy world resist the attacks of other realms?

Wangshu restored the Taiyin Star to its original state with a wave of his hand.

She looked at Guanghan Palace speechless for a long time. Guanghan Palace had been ruined by those little monsters. Although she had Guanghan Palace recovered, but Guanghan Palace had been ruined by those little demons after all.

Wang Shu looked ugly and said to himself,

"Chang Xi, Xihe and the others left without leaving a protective barrier. Did they really not miss the Taiyin Star at all?"

Huh?

The Taiyin barrier was shattered?

Who was it?

Who shattered the Taiyin star's barrier?

Wangshu suddenly discovered the broken barrier of the Taiyin star.

She thought that Chang Xi and Xihe had arranged the Taiyin star barrier. , but the barrier of the Taiyin Star was shattered.

Who shattered the barrier of the Taiyin Star?

A quasi-saint?

Or a saint?

Jin'ao Island, the Holy Mother of Turtle Spirits was moved to her side by Tongtian as soon as she arrived at Jin'ao Island.

Tongtian looked at The resurrected Madonna of the Turtle Spirit was very surprised. The Madonna of the Turtle Spirit was killed during the period of apotheosis, and even her soul was sucked by mosquitoes. How could the Madonna of the Turtle Spirit come back to life? The Virgin of the Turtle Spirit was moved by Tongtian.

She saw When he reached Tongtian, he hurriedly saluted and said,

"teacher!

Tongtian hurriedly asked Our Lady Guiling,"Guiling, how did you come back to life?"

Our Lady of Turtle Spirit replied with a smile,

"Teacher, I was resurrected by Su Chen. Not only me, but Wangshu of the Taiyin Star, and Xuan Ming of the Wu Clan were all resurrected by Su Chen."

"Suchen? No wonder you were able to be resurrected, Emperor Su Chen is really powerful."

Mother Guiling heard that Tongtian called Su Chen the Emperor of Heaven, and she was very confused.

Su Chen was the Emperor of Heaven in Xuantian Realm. How did her teacher Tongtian know?

"Teacher, do you know that Su Chen is the Emperor of Heaven?"

Tongtian shook his head when he thought of Su Chen and said,

"How could I not know that Su Chen is the most powerful Emperor of Heaven in the history of the ancient immortal world? Well, the teacher is talking about Su Chen's strong men, not that Su Chen is powerful."

"The Great Emperor? Teacher, Su Chen is still the Emperor of Heaven in the prehistoric immortal world?"

Mother Turtle Spirit was very surprised when she heard Tongtian's words.

She didn't expect that Su Chen had been the Emperor of Heaven in the Great Immortal Realm and was the most powerful Emperor of Heaven in history.

But how is this possible?

If Su Chen were the Emperor of Heaven in the Prehistoric Immortal Realm, he How could he become the Emperor of Heaven in Xuantian Realm?

Tongtian stood up, nodded and explained,

"Yes, Emperor Su Chen is the Emperor of the Great Desolate Immortal World, and the Emperor who completely unified the entire Great Desolate Immortal World in history."

"When Su Chen was in power, no god in the entire prehistoric immortal world dared to disobey Su Chen's orders, including Western Buddhism."

"But something happened"

"Su Chen gave up the position of Heavenly Emperor in the Great Desolate Immortal Realm, and now the Great Desolate Immortal Realm is torn apart. Moreover, the gods who followed Su Chen left have reduced the strength of the entire Prehistoric Immortal Realm by more than half."

Madonna of the Turtle Spirit is completely confused at this moment.

She didn't get this news from the people of Madonna of the Golden Spirit. Emperor of Heaven?

Su Chen actually Completely unified the prehistoric fairy world, even the Buddhists did not dare to disobey Su Chen's orders. In this way, Su Chen was the supreme existence in the prehistoric fairy world.

But why did Su Chen leave the prehistoric fairy world? misfortune?

What happened that made Su Chen give up his position as the Prehistoric Emperor?

Holy Mother Turtle Spirit suddenly thought of the saints in the ancient world. Su Chen controlled the entire ancient world. This might make the saints dissatisfied. Could it be that the saints in the ancient world drove away Su Chen?

"Teacher, is it because of the saint?"

Tongtian nodded and answered vaguely,

"Almost, Guiling, you were resurrected by Su Chen, why did you come back to the ancient world? Aren't all your senior sisters following Su Chen? You shouldn't come back."

Chapter 2193

Tongtian did not tell the Holy Mother Guiling about what happened specifically.

Su Chen was forced to leave the prehistoric fairyland. He was also involved at the time, which was a stain on Tongtian.

The Holy Mother Turtle Spirit said with a serious face,

"Teacher, I am a creature from the ancient immortal world. I am a disciple of Jiejiao. I will not follow Su Chen."

"Oh, interception? Guiling, the Jiejiao sect has been destroyed. There will no longer be a Jiejiao sect in the prehistoric fairy world in the future."

"Teacher, you are here, and even we disciples of Jiejiao are here. You only need to gather us disciples again, and Jiejiao Church will be re-established."

Tongtian waved his hand and said quietly,

"No, Gui Ling, the entire Jie Jiao disciples are no longer Jie Jiao disciples. Jin Ling, Wudang, Yunxiao and other Jie Jiao disciples have all quit Jie Jiao. This is all my fault. In the end, the teacher's luck failed."

Our Lady of Guiling was very surprised when she heard that the people of Our Lady of Jinling had withdrawn from the Jiejiao Church. She did not expect that those fellow disciples and sisters had withdrawn from the Jiejiao Church. This was simply impossible to happen.

"this....Teacher, what is going on?"

"Gui Ling, you don't need to ask any more questions. Your fellow apprentices and sisters have done nothing wrong. How are Jin Ling and the others doing? Where did Su Chen go with the army of powerful men and gods who followed him?"

"Teacher, fellow apprentices and sisters are all doing very well, even better than in the prehistoric fairyland."

"Where are they?"

Mother Turtle Spirit shook her head and explained,

"I'm sorry, teacher, I promised Su Chen not to reveal any information."

After Tongtian heard the words of Our Lady of Turtle Spirit, he guessed that Su Chen did not let Our Lady of Turtle Spirit reveal his location. Is Su Chen worried that the saints in the prehistoric immortal world will hunt him down? Or is Su Chen planning to develop quietly and then fight back to the prehistoric world? Fairyland?

"Forget it, don't reveal it if you don't reveal it, Guiling, please leave and go find your fellow apprentices. You can also follow Emperor Su Chen. He is a person worthy of your following."

Our Lady of Turtle Spirit asked Tongtian in bewilderment, "Teacher, why do you want me to leave? Can't I keep the prehistoric fairyland?"

Tongtian looked at the starry sky outside the territory and said helplessly,

"Guiling, the prehistoric fairy world will face a realm war in more than three hundred years. The realm we face for the first time is very powerful."

"In the outer demon world, there are five powerful saints, and there is even a saint at the eighth level of the holy realm. The demon army in the demon world is much more powerful than that in the prehistoric fairy world."

"Great changes may occur in the prehistoric fairyland in three hundred years. It will be safer for you to follow Su Chen and your fellow apprentices."

Our Lady of Turtle Spirit was surprised and asked hurriedly,

"What? Will the realm faced by the Great Desolate Immortal Realm be so powerful? Teacher, isn't there a Taoist ancestor in the prehistoric immortal world? Isn't it possible that Daozu can't deal with the saints from the eighth level of the holy realm?"

Tongtian was speechless when he heard the words of the Holy Mother Turtle Spirit.

Taoist?

A Taoist from the fourth level of the Holy Realm?

After Hongjun, that old yin, was stripped away by the way of heaven, he is now hiding everywhere. If Tongtian and the other saints find Hongjun, they They'll kill that old bitch

"Daozu? Dao Ancestor has been abolished, and now he is not even as strong as his teacher. There is no so-called Dao Ancestor in the prehistoric fairy world."

Mother Turtle Spirit is completely confused at this moment.

Dao Ancestor is useless?

What happened in the hundreds of thousands of years since she died?

The strongest person in the prehistoric immortal world is actually useless?

Her current strength is not even as good as her teacher Tongtian. Our Lady of Turtle Spirits felt that her mind was in chaos.

Tongtian patted Our Lady of Turtle Spirits on the shoulder and reminded,

"Guiling, go follow Su Chen. Su Chen is a heavenly emperor worth following. His future achievements will not be lower than those in the prehistoric fairy world."

Mother Turtle Spirit said with a pale face,

"Teacher, it's too late. When we left Xuantian Realm, Su Chen clearly told us that we could not return to Xuantian Realm after we left. If we dare to step into Xuantian Realm, or even the Western Realm controlled by Xuantian Realm Domains will be killed."

Tongtian asked hurriedly after hearing the words of Holy Mother Turtle Spirit,

"What? Xuantian Realm? The Western Realm is actually controlled by the Xuantian Realm? What exactly is going on?"

"Teacher, after we were resurrected by Su Chen, the three of us did not agree to follow Su Chen. When we insisted on leaving the Xuantian Realm, Su Chen also agreed, but we could not return to the Xuantian Realm, nor could we reveal the Xuantian Realm. everything in"

"Alas, Guiling, your choice is wrong. Didn't you ask your fellow apprentices?"

"I asked at the time, but I was a creature from the ancient immortal world, so I couldn't join the Xuantian realm."

Tongtian was very helpless when she heard the words of Our Lady of Guiling.

She was still stubborn.

She didn't think about the fact that the sisters of Our Lady of Jinling had followed Su Chen. Is there any reason for this?

Tongtian thought of Our Lady of Guiling. The Xuantian Realm mentioned is a realm.

Did Su Chen control one realm so quickly? Or did Su Chen defect to another realm?

"Guiling, since you can't reveal Su Chen's information, I just ask you, is the Xuantian realm controlled by Su Chen? Or did Su Chen seek refuge in Xuantian Realm? How is the Xuantian Realm compared to the Ancient Immortal Realm?"

When Gui Lingsheng heard Tongtian's question, she thought about it and decided to reveal some irrelevant information. This is not considered a violation of her promise.

"Teacher, Xuantian Realm is a realm controlled by Su Chen. Su Chen is also the supreme Emperor of Heaven in Xuantian Realm."

"The Xuantian Realm is much more powerful than the Ancient Immortal Realm, and the Xuantian Realm also controls the other two large realms and thousands of small worlds. As for how many saints and teachers there are, I can only say so much."

Oh my God!

Is Su Chen going to defy heaven?

How long has it been?

Su Chen already controls a realm more powerful than the prehistoric fairy world? He even controls two other big realms? The Western realm counts as one , what is the other realm?

Tongtian held his hand tightly.

He was frightened by the news.

In a short period of time, Su Chen made a comeback, even more powerful than in the prehistoric fairy world..

Although the Holy Mother Turtle Spirit did not reveal how many saints Su Chen had under his command, Tongtian felt that the saints under Su Chen could only be more than the saints in the prehistoric immortal world, not less. At this moment, in the Six Paths of Reincarnation,

Hou Tu had a livid face Looking at Xuan Ming, she did not expect that after Su Chen resurrected Xuan Ming, Xuan Ming did not listen to the persuasion of Jiufeng and Xingtian. When

Xuan Ming returned to the ancient fairy world, she was blacklisted by Su Chen. Maybe go to the realm ruled by Su Chen.

Hou Tu was also shocked by Su Chen's development.

In a short period of time,

Su Chen actually controlled three realms, more than ten saints, thousands of small worlds, and countless With a powerful army of 100 million gods, even the Xuantian realm is stronger than the prehistoric fairy world.

Houtu is very happy that Su Chen can develop so well, but Xuan Ming's problem makes her a little confused about what to do.

"Sister, just stay in the Six Paths of Reincarnation for now, and I will talk to Su Chen later."

Chapter 2194

Xuan Ming nodded helplessly after hearing Hou Tu's words.

She didn't expect that Su Chen was so famous in the Great Desolate Immortal World. The former Heavenly Emperor of the Great Desolate Immortal World even unified the entire Prehistoric Immortal World.

No wonder the Witch Clan, Monster Clan, and even other All races and forces surrendered to Su Chen, and they even followed Su Chen far away from the immortal world.

Xuan Ming felt a little regretful after hearing everything Hou Tu told her. If she had listened to Jiufeng and Xingtian's advice and stayed in the Xuantian realm, Xuan Ming felt that she would be much stronger than staying in the increasingly weak realm of the ancient immortal world.

However, the prehistoric fairyland is a realm opened by the father god Pangu.

She is also an ancestral witch of the Wu clan.

Xuan Ming can't let go and joins Su Chen.

"Little sister, I will never go to the Xuantian Realm again, so you don't have to worry about me.
Hou

Tu shook his head and said helplessly,

"No, the prehistoric fairy world will be very dangerous in the future, and it may even be invaded by the demon world."

"Our witch clan has followed Su Chen, my six-path reincarnation. I will also find a way to move to the Xuantian realm in the future. I can't leave you alone in the prehistoric fairyland."

Xuan Ming asked suspiciously after hearing Hou Tu's words.

"Little sister, are the hostile realms in the prehistoric fairy world really powerful? Hou

Tu nodded and explained with a serious face,

"Well, Sister Xuanming, there are six saints in the demon world outside the territory, and among them there is a saint from the eighth level of the holy realm."

"Hongjun is already a crippled saint, and the prehistoric heaven may stop that saint from the eighth level of the holy realm."

"But the army of demons and immortals in the demon world is also very powerful. The army of immortals in the prehistoric immortal world is no match for the army of the demon world."

"If there were no accidents in the Great Desolate Immortal World, the Great Desolate Immortal World would lose this realm war, and even lose completely."

"this....."

Xuan Ming was so shocked when she heard Hou Tu's words that she didn't know what to say.

The power of the demon world made her not expect that

Hongjun was expelled by the ancient world of heaven. He is now the weakest saint in the ancient world of heaven and will not even be able to advance again in the future.

The other five saints in the prehistoric immortal world are no match for the saints in the eighth level of the holy realm. The prehistoric immortal world will be really very dangerous in the realm war three hundred years later.

Houtu rubbed his forehead and continued,

"Sister Xuanming, why don't I want to save the realm created by Father God, but look at the current prehistoric fairyland"

"The innate spiritual energy in the prehistoric fairyland became the acquired spiritual energy, and the Emperor of Heaven in the Heavenly Court turned out to be an ordinary human being"

"Can the Jade Emperor in heaven make all races obey his orders? Can all races work together to fight against the demonic world outside the realm?"

"There are also the saints in the Great Desolate Immortal Realm. Those saints are all selfish. If the war between the realms is not good for the Great Desolate Immortal Realm, or even the way of heaven is destroyed, those saints will definitely escape as soon as possible."

When Xuan Ming heard what Hou Tu said, she fell silent.

The acquired aura of the ancient immortal world and the innate aura of the Xuantian realm were simply not comparable.

The Great Immortal Realm will become weaker and weaker, and the Xuantian Realm will become stronger and stronger.

When Xuan Meditation saw the more than ten saints and dozens of quasi-sages in the Xuantian Realm, she felt very helpless.

Su Chen had made it clear that the Xuantian Realm The three of them are no longer welcome in the realm. If they dare to step into the Xuantian realm again, or even into the Western realm, the saints may kill the three of them.

However,

Xuan Ming was also very curious about the relationship between Hou Tu and Su Chen.

Su Chen did not allow the three of them to tell others what happened in Xuantian Realm, but why was Hou Tu an exception?

Xuan Ming didn't think it was the reason why the Wu clan took refuge in Su Chen.

If it was the reason why the Wu clan took refuge in Su Chen, Su Chen would have to be so rude to her.

In the wild realm, in the small village, the Ji family, the Yaoguang Holy Land, the Yaochi Holy Land, and the Jiang family, these holy places and families all came to this small village at the same time.

The Hater Empress and Liu Shen didn't care about these people at all. These people were just scum to them. If these people dared to cause trouble, they would wave away these uninvited guests.

The three Su Yan sisters looked at the arriving people with confusion. Ye Fan, Hei Huang, and even Xiao Shitou were also looking at the arriving people.

Ji Ziyue saw Su Yan and the others next to her. She felt that these people were a little different, not even like the people in this village.

Ji Ziyue came over and said hello with a smile, "Hello, I'm Ji Ziyue from the Ji family!"

Su Yan looked at Ji Ziyue and curled his lips and said, "Ji family? Never heard of it, you What are you doing here?"

Ji Ziyue looked at Su Yan and was a little surprised.

She thought it would be Ye Fan and Elena next to her to answer her. Ji Ziyue didn't expect that it would be a little girl answering her, and everyone else seemed to be... Mainly this little girl.

This made Ji Ziyue curious about Su Yan.

"My brother and I came to experience the beast forest. When Su

Yan heard Ji Ziyue's words, he mocked, "Tsk, little girl, you are here to find the Demon Emperor's tomb, right?" Experience? Are you planning to deceive us because of our young age?"

Little girl?

A little girl actually called her little girl?

Am I too young?

The Demon Emperor's Tomb?

This little girl actually knows about the Demon Emperor's Tomb?

This surprised Ji Ziyue even more.

Ji Ziyue looked confused. Looking at Su Yan, she didn't know how to answer Su Yan for a moment.

Su Yue and Elena looked at Ji Ziyue and shook their heads.

This woman still wanted to trick them into getting information, and Ji Ziyue didn't even look at her face. Who is right? This is the eldest princess of Merlot Heaven, and she is also the big devil who causes trouble.

Ji Ziyue cannot ask for any information in front of their sister Su Yan, and she will even be teased by their sister to the point of being completely confused.

Ye Fan and Hei Huang looked at Ji Ziyue and laughed. The Ji family came to look for the Demon Emperor's tomb. This little girl wanted to deceive them. They also came to look for the Demon Emperor's tomb. At this time,

Ji Hao, the Yaochi Saint, the Yaoguang Saint and the Saint, and several people from the Jiang family, all of these people also came to the side of Su Yan and the girls.

The Holy Son of Yaoguang Holy Land asked Su Yan with a gentle expression,

"Little girl, how do you know about the Demon Emperor's Tomb?"

Su Yan looked at Holy Son Yaoguang and said in disgust, "It's none of your business? Dirty man, stay away from me."

Saint Son Yaoguang shouted with a cold face when he heard Su Yan's words,

"Little girl, you are seeking death!"

"Want to take action?"

Su Yan looked at Yaoguang Holy Son with great disdain.

She could kill this little scumbag with one hand even though he was not yet an immortal.

"Fluctlight, stop!"

At this time, a woman in white quickly stopped Yaoguang Holy Son.

When Yaoguang Holy Son saw Yaoguang Holy Lady stopping him, he said with an ugly face,

"Yao Xi, get out of my way. I want to teach this little girl a lesson."

Chapter 2195

The Holy Lady of Yaoguang felt very helpless when she saw the angry Holy Son of Yaoguang.

Before arriving in the small village, they clearly agreed not to cause trouble. Why did the conflict break out not long after they arrived? Has the Holy Son of Light forgotten that there is a powerful being in this small village?

At this moment,

Ji family, Yaochi Holy Land, Jiang family and other powerful forces are looking at these people from Yaoguang Holy Land.

They won't meddle in other people's business, and they won't stop the people from Shaking Light Holy Land who want to die. This small village is no ordinary village. Not to mention the powerful aura they sensed when they passed by the village before, this small village can be built in In the beast forest, this is very unusual. Ji Ziyue whispered to Ji Haoyue who arrived,

"Brother, these people don't seem to be from this small village. They actually know about the Tomb of the Demon Emperor, and a little girl of twelve or thirteen years old is the core of these people."

Ji Haoyue said with a serious face,

"Ziyue, these people are not simple. I can't tell the level of cultivation of two little girls among them. One is twelve or thirteen years old, and the other is six or seven years old. These two little girls are very abnormal, but the others are not. Nothing threatening."

Ji Haoyue felt a sense of danger when facing Su Yan, and there was another little girl of six or seven years old. He also felt the danger.

Ji Ziyue felt that these two little girls might not be ordinary people. Although he couldn't see Although they were beyond their level of cultivation, his years of crisis sensing could not be wrong.

After Ji Ziyue heard Ji Haoyue's words, although she felt that Su Yan was extraordinary, she checked that Su Yan had not practiced at all.

Su Yan She was just an ordinary little girl.

Ji Ziyue didn't understand why Ji Haoyue asked her to be careful about Su Yan and a six or seven-year-old girl.

She looked at Su Yan and Su Yue and asked doubtfully,

"Brother, I didn't sense the cultivation aura of those two little girls. Could it be that they haven't practiced before?"

Ji Ziyue shook her head and replied, "It's impossible. These people can come to the beast forest. How could they not have practiced before? You have to be careful with these two little girls."

"I understand, brother!"

Next to her, a beautiful woman from the Yaochi Holy Land whispered to the Yaochi Saint,

"Holy girl, these people are not simple, especially those two little girls, they give me a very dangerous feeling."

The Saint of Yaochi nodded and said, wearing a veil.

"I know that these people are able to come to the Fierce Beast Forest because they are still so young. They either hide their cultivation level or have powerful powers protecting these little girls."

"The saint is right!"

"Mr. Lan, please inform the people of Yaochi Holy Land to stop causing trouble in this small village."

"Yes, saint!"

Some other holy places and families were also talking one after another.

Some people saw that Su Yan was different, and some people were just preparing to watch the fun.

The Yaoguang Saint reminded the angry Yaoguang Saint,

"Fluctlight, have you forgotten our previous decision? Our mission is important, don't cause trouble in this mysterious little village, and that little girl may not be simple."

Yaoguang looked at Saint Yaoguang and shook his head.

He didn't want to provoke Su Yan.

This small village was very weird.

There might even be a strong man hiding in it. But Su Yan had just spoken rudely to him. He didn't want to provoke her. He may be indifferent, or even swallow his anger towards a little girl.

There are many saints, saints and some geniuses of the family watching. If the Yaoguang Holy Son swallows his anger now, how can he have the face to face these geniuses?

"Huh, a little girl, she is a practitioner, will I be afraid of her?"

"you....."

"Yao Xi, you don't have to worry about this. I'm just teaching this little girl a lesson and I won't kill her."

Saint Son Yaoguang waved his hand to Saint Yaoguang, and he interrupted Saint Yaoguang coldly and arrogantly.

This time he had to take action.

Besides, he and Saint Yaoguang's protectors are both saints. In the realm of the King and the Great Sage, there are four powerful beings in the Holy Land of Yaoguang. The Holy Son of Yaoguang does not believe that the strong men in this small village dare to take action. The Holy

Girl of Yaoguang shook her head with a look of helplessness. After hearing what Holy Son Yaoguang said, he stopped caring.

As long as Holy Son Yaoguang doesn't kill anyone, it's okay for him to teach that little girl a lesson. After all, Yaoguang is the Holy Son of Yaoguang Holy Land. He was killed by a little girl. The girl was ridiculed in public, which was also a provocation to them in the Holy Land of Yaoguang.

Su Yan saw the Holy Son of Yaoguang coming over, and she asked a little funny,

"Dirty man, want to take action? Holy

Son Yaoguang clenched his fist and said harshly, "Little girl, I will teach you a lesson for your parents later.""

Su Yan curled her lips when she heard the words of Holy Son Yaoguang.

Neither her father nor mother had beaten her. The most they would do was put her in a small dark room. This dirty man wanted to teach her a lesson for her parents. Su Yan decided to wait for a while. We need to deal with this dirty man properly.

"Teach me a lesson for my parents? Dirty man, my father and mother have never hit me when I grow up, and you still want to teach me a lesson for my parents? I'll make you regret saying these things in a moment."

Sage Yaoguang pointed at Su Yan and challenged,

"Little girl, stop talking nonsense. I know you are also a practitioner. Come out and fight with me."

"Want to fight me? Dirty man, you think too much!"

Su Yan glanced at the little scumbag's Holy Son of Light and was very speechless. If she took action, she could instantly destroy the Holy Son of Light into ashes.

A little scumbag who wasn't even an immortal yet,

Su Yan didn't bother to bully him. , she thought of Xiao Shitou and decided to let this super little thug take action.

Su Yan looked at Xiao Shitou behind him and shouted,

"Little Shitou, go get this dirty man. As long as you defeat this dirty man, I will take you to the outside world to play."

Little Shitou's eyes lit up when he heard Su Yan's words.

He knew that Su Yan's identity was very noble, and even the powerful fairies hidden around him were Su Yan's subordinates.

A few days ago, he wanted to leave Xiao Shitou with Su Yan and others. village, but Su Yan never agreed. This time Su Yan just asked him to defeat a dirty man, so Su Yan agreed to take him to the outside world, which made Xiao Shitou very happy.

"real? Sister Su Yan, can't you lie to me? Su

Yan nodded and replied, "Really, go and deal with this dirty man quickly.""

"OK!"

Boom!

The little stone burst out his cultivation realm, and he quickly rushed towards Yaoguang Holy Son.

Seeing the little stone's cultivation realm bursting out, Yaoguang Holy Son shouted in confusion,

"I'll do it! Dragon Transformation Realm? A seven or eight-year-old boy in the Dragon Transformation Realm?"

Chapter 2196

In the small village, the geniuses from other holy places and families were stunned when they saw Xiao Shitou's cultivation level. They didn't even notice that Xiao Shitou was next to him, a seven or eight-year-old master of the Dragon Transformation Realm. ?

This makes these geniuses feel that their lives have been in vain, and they even feel that they are not worthy of the title of genius. boom!

Xiao Shitou and Yaoguang Holy Son started fighting. The fight between the two masters of the Dragon Transformation Realm made everyone around them retreat.

Su Yan looked at the two people fighting and frowned.

The fighting aura of these two people was a bit strong. If they continued fighting in the village, the village might be destroyed.

Su Yan ordered to Elena beside him. ,

"Elena, use your spirit treasure to create a barrier and don't let their fight destroy the village."

"Yes, eldest sister!"

When Elena heard Su Yan's words, she took out a Dinghai Shenzhu and threw it at the fighting little stone and Yaoguang Holy Son.

After the Dinghai Shenzhu flew over the little stone and Yaoguang Holy Son, a line of The basket light enveloped them, and the fighting auras of Little Stone and the Holy Son of Fluttering Light were completely shielded in the blue barrier.

"Brother, what is that? Imperial weapon or immortal weapon?"

Ji Ziyue cut off the fighting atmosphere when she saw a bead. She asked her brother with a surprised look on her face.

Ji Haoyue shook her head and replied, "I don't know, but that bead must be extraordinary."

Ji Haoyue looked at Su Yan and the others and felt that it was not simple.

A single bead would make him feel frightened. This bead was either an imperial weapon or an immortal weapon. If these people can possess an imperial weapon or an immortal weapon, their origin must be It's not ordinary either.

Is it a hidden holy land?

Or a hidden ancient family?

"bead?"

The Holy Lady of Yaoguang frowned when she looked at the bead in the air.

She felt that this bead was different. The

Holy Lady of Yaoguang had seen the Black Gold Cauldron with Dragon Patterns of the Emperor's Weapon in the Holy Land of Yaoguang.

Although she could not feel the aura emitted by this bead. What power does it have? But why does this bead give her the feeling that it is more powerful than the black gold cauldron with the dragon pattern of the imperial weapon?

The beautiful woman from the Yaochi Holy Land said to the Yaochi Saint with a serious face,

"Holy girl, this bead is not simple."

After the beautiful lady of Yaochi looked at the beads in the air, she looked at Su Yan and the others and asked,

"Mr. Lan, how does this bead compare to the Imperial Soldier Xihuang Pagoda in our Yaochi Holy Land?"

The beautiful woman Lan shook her head and replied,

"Holy girl, I can't see it"

"This bead now only isolates the fighting breath, and I don't feel the power of the Imperial Soldier from the bead. This may be because this bead is just a bead that can isolate the breath, or it may be that the bead transcends the existence of the Imperial Soldier.."

The Saint of Yaochi began to think deeply after hearing the words of the beautiful woman Lan Lao.

A mysterious bead?

She felt that this bead was not simple.

The origins of Su Yan and others made the Saint of Yaochi interested. These people took action at will. An unusual treasure, Yaochi Saint felt that the origins of these people must not be simple.

Next to them, while the Jiang family and some people from Tianxuan Holy Land were talking, six more people arrived in the small village. When these people arrived in the village, they discovered the Dinghai Divine Pearl, one of the old women showed greedy eyes when she saw the Dinghai Divine Pearl.

The old woman looked at the beautiful woman beside her and said,

"Princess, we need to get this bead. It must be a treasure. If we demon clan get this treasure, it will be crucial for us to find the tomb of the demon emperor in the future."

A beautiful beauty with an extremely coquettish appearance and a seductive aura all over her body. She looked back at the old woman with a look of disdain in her eyes. She was a short-sighted and greedy fool. The coquettish beauty said to the old woman with a cold face,

"Third Elder, don't show greedy eyes. There is a powerful being in this small village. It's not like you don't know it. If the strong man in the village finds out, do you want to cause trouble for the princess?"

The demon princess nodded and said coldly,

"Third Elder, what Qin Yao said is right. Haven't you seen that the surrounding holy lands and ancient families have not taken action?"

After the third elder heard what Qin Yao and the princess said, she hurriedly saluted the demon princess and said, "Princess, atone for your sins. The old woman was obsessed just now."

The princess of the demon clan looked at the other elders and reminded, "You all listen, the demon emperor's tomb is very important to our demon clan, don't cause any trouble for me until the demon emperor's tomb is found."

"Yes, princess!"

At this moment, the fight between Xiao Shitou and Yaoguang Holy Son became more and more fierce.

Xiao Shitou was at the fourth level of the Dragon Transformation Realm, and

Yaoguang Holy Son was at the sixth level of the Dragon Transformation Realm.

However, Xiao Shitou's powerful physique made Yaoguang Holy Son They were all frightened. If the Holy Son of Yaoguang had not had a spiritual weapon in his hand, he might have been defeated by the evil little stone.

Ye Fan looked at the battle between the little stone and the Holy Son of Yaoguang, and he felt very helpless.

Ye Fan He felt that the people he met during this period were all trying to attack him. The three Su Yan sisters were so powerful that he could not resist at all. Xiao Shitou was also a little pervert. The

Holy Land and the geniuses from the ancient family who arrived today, these Tianjiao's lowest level of cultivation is the Dragon Transformation Realm. He is just a small Taoist Palace Realm. Anyone here can defeat Ye Fan.

Ye Fan said to the Black Emperor with some frustration,

"Black Emperor, I think I need to practice hard in the future. It doesn't matter that Xiao Shitou is a pervert. The geniuses of these holy lands and ancient families are all very powerful. I am far behind them."

Hei Huang glanced at Ye Fan and said, "Ye Hei, you have only been practicing for a short time. If you want to compare with these geniuses who have been practicing for many years, aren't you asking for trouble?"

When Ye Fan heard what the Black Emperor said, it was right to think about it.

He has only been practicing for less than a year.

These geniuses have been practicing for many years. Now, compared with these geniuses, Ye Fan is really asking for trouble.

"That's right. As long as I practice diligently, I can defeat these geniuses in the future."

The Black Emperor rolled his eyes at Ye Fan and ignored him. He looked at the beads in the air and was very coveted.

This is a treasure, even more powerful than the emperor's weapons, but he can only look at it.

Xuantian Realm The princess's treasure was not something he could snatch. The Black Emperor thought that if he dared to snatch Elena's treasure, that girl Su Yan would stew him and eat him.

Whoosh!

At this time,

Su Chen appeared in this little In the village, he discovered the aura of Su Yan's three sisters when he arrived in the wild realm, and even the aura of the Hateful Empress. Su Chen arrived in this small village in an instant. In this small village,

Su

Chen also Aware of the existence of a quasi-sage (immortal emperor)

"Quasi-sage? Who could this be?"

Chapter 2197

In the small village, in the Bronze Immortal Palace hidden in the void, the Hatred Empress and Liu Shen both discovered Su Chen's arrival. They did not expect that a great emperor (Taiyi Golden Immortal) would arrive.

However, the Hatred Empress noticed Su Chen's aura, and she did not expect that her brother would come to the wild realm.

When the Hatred Empress thought of the three Su Yan sisters, she shook her head and smiled.

The Hatred Empress guessed that her brother's arrival this time must be for the Su Yan sisters.

These three naughty little girls secretly came to the wilderness. Her brother must be worried about the safety of these three naughty girls.

Liu Shen stood up and said seriously to the Hater Empress,

"Haters, I will drive away the great emperor who has just arrived!"

Liu Shen will not let a great emperor appear in the village.

If a great emperor fights in the village, not a single one of the people here will survive. The battle of the great emperor can destroy an area with a radius of thousands of miles.

The Hatred Empress vs. Liu Shen He shook his head and said, "No, Liu Shen, that person is my brother. Liu

Shen asked in surprise when he heard the words of the Hater Empress.

"What? That emperor is your brother? The Emperor of Xuantian Realm?"

The Hater Empress nodded and replied.

"Yes, that great emperor is my brother, and my brother should be here for the three sisters Su Yan."

Liu Shen looked at Su Chen in the village and was very speechless.

A great emperor turned out to be the ruler of the same realm, and his subordinates were all stronger than this ruler.

Liu Shen was also very fond of the brother of the hated empress. I'm curious, how does the hateful brother control those powerful subordinates? Aren't you afraid of betrayal by those powerful subordinates?

"Why don't you go and bring your brother here?"

The Empress of Haters shook her head and said with a smile,

"Haha, Liu Shen, my brother has discovered me a long time ago. Although the Bronze Immortal Palace is hidden in the void, my brother knows the laws of space, and he is aware of all space fluctuations. Liu

Shen said in surprise when he heard the words of the Hater Empress,

"Space laws? Since your brother, a great emperor, controls the law? This is somewhat unbelievable."

The Hater Empress took a sip of tea and continued,

"My brother not only controls the laws of space, he also controls the laws of time."

"Moreover, both Su Yan and Su Yue inherited my brother's law. Su Yan knew the law of space, and Su Yue knew the law of time. Elena has just practiced, and she will inherit a law in the future."

Liu Shen was completely speechless.

She didn't expect that Su Chen would have two powerful laws.

Moreover, Su Yan and Su Yue both inherited Su Chen's blood genes. One knew the laws of space and the other knew the laws of time. Su Yan and Su Yue These two little girls Su Yue are really incredible.

At this moment, after Su Chen checked the location of Su Yan's three sisters, he walked over.

"Boy, stay away from us."

As soon as Su Chen arrived at the outskirts of the fight, an old woman shouted to Su Chen who arrived.

"Is this your home?"

Su Chen looked at the six women next to him.

They were four old women and two very beautiful beauties. All six women were not very strong. They were all scum among scum. Su Chen blew a He could kill them with just one tone.

However, the old woman's disgusted look made Su Chen frown.

Su Chen was just passing by and he didn't want to stop at all. The old woman's tone made Su Chen very unhappy..

When the third elder of the demon clan heard Su Chen's words, her face turned ugly.

An ordinary human being didn't even have any level of cultivation. If there weren't many holy places and ancient families here, she would have eaten this unknown thing in one bite. Good or bad human beings

"Boy, get away or I'll kill you"

"Three long....."

Click!

The demon princess was about to reprimand the third elder for causing trouble, but before she could finish speaking,

Su Chen appeared in front of the third elder for some reason, and even crushed the third elder's neck with one hand. The third elder couldn't even react and screamed. If not, he falls down and dies.

"You actually killed the third elder?"

The demon princess was very surprised when she looked at Su Chen.

The third elder was a semi-saint.

This young man actually crushed the third elder to death with one hand, and even killed the third elder silently.

The demon princess looked pale. He hurriedly took a few steps back.

Su Chen, the other four members of the demon clan, all looked wary.

This young man was so terrifying. He crushed a half-saint to death with one hand. Even the third half-saint elder didn't even have the ability to resist. , they all knew that the third elder had just offended a strong man.

Su Chen looked at the demon princess and said with a smile,

"Little beauty, I just helped you clean up a piece of garbage. If such an arrogant person is not killed now, she will cause you a lot of trouble in the future, and even kill her."

The demon princess looked at Su Chen and asked warily,

"Who are you?"

"I? I'm just a passerby, huh? You turned out to be a green lotus. Are you a demon?"

Su Chen suddenly appeared and the demon princess's true form was a pearl of green lotus.

This surprised Su Chen.

In the wild world, the only ones who could take the form of green lotus were the Qing Emperor and the demon princess Yan Ruyu. This little beauty couldn't be a demon. The clan princess Yan Ruyu, right?

"you....."

The demon princess didn't expect that Su Chen would see through her body, which made her a little angry.

This shameless pervert must have also checked her body. The demon princess would be very angry towards Su Chen.

Su Chen saw the demon princess blushing and said,

"Your name should be Yan Ruyu, don't worry, I just checked your origins at random. I'm not interested in your little bean sprout figure. You're not as attractive as the extremely voluptuous beauty next to you."

"You are shameless!"

The demon princess Yan Ruyu stared at Su Chen and was very embarrassed.

However, how could this young man know her name? She has only appeared in the human world a few times. Humans should not know her name. This young man got What is the origin?

Qin Yao of the demon clan was holding weapons and other elders to protect Yan Ruyu.

After she heard Su Chen calling out the name of the demon princess,

Qin Yao was also very surprised.

What is this mysterious and powerful young man? Who is he? How does he know the name of the demon princess?

She asked Su Chen in confusion,

"Young Master, who are you? Why do you know our princess's name?"

Su Chen looked at the extremely voluptuous beauty.

This beauty was wearing a revealing green dress, with a large area of fair skin exposed. She had a proud figure with bulging front and back, and delicate and flaming red lips. She exuded seductiveness all over. The charm of a person.

Su Chen touched his chin and said with a smile, "Little beauty, if you are willing to be my maid, I will tell you my origin."

Chapter 2198

Qin Yao's expression changed when she heard Su Chen's words.

She did not expect that Su Chen would be a pervert, and a very powerful pervert.

Although Qin Yao looks like a very coquettish woman on the outside, she is a very conservative woman. She is very worried when she looks at Su Chen. Qin Yao is worried that Su Chen will abduct her and humiliate her.

Yan Ruyu is about to use Qingdi's imperial troops.

This bastard is a shameless pervert.

The third elder just sought his own death. She will not avenge the greedy and arrogant third elder. But Qin Yao is attracted by this bastard. Qin Yao must not let Su Chen kidnap Qin Yao.

She clearly knows some of the bad qualities of human beings. If Qin Yao falls into the hands of humans, she will definitely die.

"You bastard, you have already killed one of us. If you dare to do something evil to us, we will drag you to death even if you die."

Su Chen checked the fighting in front.

He also saw many people from the Holy Land and the Ancient Family. There was nothing close to the fighting range. No one watching the fighting noticed what was going on here.

After hearing Yan Ruyu's words, Su Chen He was not going to talk nonsense with people like Yan Ruyu. The three sisters Su Yan and Su Yue were right in front. He wanted to catch the three sisters Su Yan as soon as possible.

"Planning something evil? Yan Ruyu, you are overthinking. We are dealing fairly. If your men are unwilling, I will not force her, let alone kidnap your men. Yan

Ruyu glared at Su Chen and snorted coldly,

"Huh, do you think I would believe it?"

"Arrogant women, I have no time to deal with you, bye bye!"

Su Chen looked at Yan Ruyu and the others.

He waved his hands and walked away.

Although Yan Ruyu and Qin Yao were both very beautiful, he was also somewhat interested in these two beauties.

But there was his sister who hated people in this village. The existence of the empress, and the existence of his three naughty daughters, Su Chen would not pick up beautiful women in front of his sister and daughter.

Qin Yao breathed a sigh of relief when she saw Su Chen leave, but she felt a little strange,

Su Chen I was very interested in her just now, but why did she leave after just saying a few words?

"Princess, that person left just like that?"

Yan Ruyu frowned as she watched Su Chen leave.

She couldn't understand.

Yan Ruyu originally wanted to use imperial soldiers to scare Su Chen away, but Su Chen just left like this. This left her with no place to use all her energy. Yan Ruyu was also very depressed.

Yan Ruyu thought for a while and said,

"It's a bit strange. I feel like this human being is here to find someone. Let's go up and take a look."

Qin Yao hurriedly dissuaded her after hearing Yan Ruyu's words,

"Princess, isn't this good? We are the demon clan after all. If those humans take action against us, we cannot be the opponents of many holy places and ancient families. Yan

Ruyu shook her head and said,

"Qin Yao, the geniuses of the Holy Land and the Ancient Families will not take action at this time. The Qing Emperor's Demon Emperor's Tomb is the target of these humans. Before they find the Demon Emperor's tomb, the geniuses of the various Holy Lands and the Ancient Families will not do anything to us. conflict"

"this....."

"Let's go and have a look."

Yan Ruyu interrupted Qin Yao and walked forward. She wanted to know who Su Chen was, and even wanted to know if Su Chen came to this small village to find someone. The area around the battle between Xiao Shitou and Yaoguang Holy Son, Elena was no longer interested after looking at the battle. She was used to seeing battles and competitions between immortals. These pediatric battles did not attract her at all.

Suddenly,

Elena saw a man who looked very much like her father. Slowly walking towards them, she rubbed her eyes and hurriedly shouted to Su Yan, "Sister, look, why does that man look like dad?"

When Su Yan heard what Elena said, she looked in the direction Elena was pointing and was very surprised.

That man looked like their father. The man who came over was their father Su Chen.

Su Yan looked at Eileen Na shouted, "Idiot, that's Dad, don't you feel Dad's aura?" Su Yue was very happy when she saw Su Chen's arrival, but she thought that the three sisters had secretly come to the wild realm, and their father had also come to the wild realm. He must have come to capture the three sisters, and he might even bring them with him. They left the wild realm. Su Yue asked nervously, "Sister, daddy is here, what should we do?"

"

"What else to do, run!"

"ah!"

Su Yan hurriedly activated the law of space to escape with Su Yan and Elena.

Su Yan didn't want to be caught by their father. If the three sisters were caught, it would be impossible for them to stay in the wild realm, not even the Demon Emperor. It is impossible to explore the tomb

"Ah for what! Elena, collect the spiritual treasure quickly, we will take you to escape"

"okay!"

Whoosh! Boom!

Puff!".....

Elena hurriedly wanted to take back the Dinghai Divine Pearl, but in Elena's panic, she accidentally caused the Dinghai Divine Pearl to explode with powerful power. The small stones in the Dinghai Divine Pearl's enchantment and the Holy Son of Shaking Light were all destroyed. He was so shocked that he vomited blood and fell to the ground.

Xiao Shitou and Yaoguang Holy Son looked confused and vomited blood and fell to the ground.

They did not expect that a fierce fight was going on.

The powerful force made them all dizzy and even their internal organs were shaken to the point of displacement..

The people around saw the beads in the air suddenly disappear, and both Little Stone and the Holy Son of Shaking Light vomited blood and fell to the ground.

They all looked at the three sisters Su Yan. They didn't understand how Elena could take back the treasure before the battle was decided, and even injure Xiao Shitou and the Holy Son of Shake Light.

"Space moves!"

Su Yan saw Elena taking back the Dinghai Divine Pearl. She didn't care about the injuries of Little Shitou and Yaoguang Holy Son. She hurriedly activated the space law to escape with Su Yue and Elena.

Whoosh!

Su Yan and Su Yue and Elena suddenly disappeared from the same place, but before a breath passed, the three sisters Su Yan appeared again. Su Yan saw that they were back at the same place.

"Space teleportation!"

Su Yan hurriedly activated the Space Law again. She knew that this must be their father's fault, but there was no way Su Yan would give up and escape. Swish, swish, swish.....

More than ten times in a row,

Su Yan disappeared with Su Yue and Elena every time, but every time they would appear again in less than a breath.

Some sweat flowed from Su Yan's face.

She did not expect the space movement and Even moving in space doesn't work. If she can't escape with Su Yue and Elena, the three sisters will really be doomed.

The people around were stunned.

They watched the three sisters Su Yan disappear instantly, but then reappear instantly. None of them knew what the three sisters Su Yan were doing.

At this moment,

Su Chen crossed his arms and watched the performance of the three Su Yan sisters.

He did not expect that his arrival would cause the three Su Yan sisters to escape. His three daughters were becoming more and more lawless.

But in the face of the laws of space, is it possible for Su Yan to escape with Su Yue and Elena ? Su Chen wanted to see what other abilities Su Yan's three sisters had to escape.

"Princess, that person's target is three human girls."

Chapter 2199

In the square of the small village, after Yan Ruyu and Qin Yao arrived, they saw three little girls who kept disappearing and appearing. This made them all think that Su Chen came for three little human girls, and the three of them panicked. The little human girls wanted to escape. They saw Su Chen appear and wanted to escape, but the three girls' escape didn't seem to work.

Yan Ruyu nodded when she heard Qin Yao's words, "Yes, the three human girls may have noticed the arrival of that person, but they may not be able to escape."

Qin Yao looked at Su Chen and asked doubtfully, "Princess , why did that powerful man capture three human girls?"

"Not sure, let's take a look first and then talk."

Yan Ruyu also couldn't understand.

Su Chen's strength can be said to be very powerful, but why did he want to capture three little human girls? Is there anything special about the three little human girls? At this moment,

Ye Fan and Black Emperor Du They were very confused.

They had just heard the conversation between the three sisters Su Yan.

The father of the three sisters Su Yan had arrived. Didn't that mean that the Emperor of Heaven in Xuantian Realm had arrived?

Ye Fan and Hei Huang looked to the side and crossed their arms. That man looked very extraordinary and even had a noble temperament that would make other men feel ashamed. The Emperor of Heaven in the Xuantian Realm was indeed an extraordinary god. The

Black Emperor kicked Ye Every kick reminds me,

"Ye Hei, Su Yan and their father have arrived, and they need to show off. If Su Yan and their father are happy, any reward he gives can be more powerful than the imperial army. You must seize this opportunity."

Ye Fan was kicked by the Black Emperor for no reason.

He stared at the Black Emperor and shouted,

"Damn it, you need to remind me, Emperor of Heaven, this is the ruler of a realm. If I can have a good relationship with Su Yan's father, I will save ten thousand years of struggle."

"Yes, you are somewhat clever."

The Black Emperor nodded when he heard Ye Fan's words.

If he hadn't been a dog, the Black Emperor would have gone to curry favor with the father of the three sisters Su Yan. This was an opportunity to reach the sky in one step. If they could get the favor of the father of the three sisters Su Yan, they would Even becoming an immortal is not a problem.

Everyone in the surrounding Holy Land and the Huanggu Family can see clearly that the three sisters of Su Yan are trying to escape, but every time they escape, they will return to the same place, especially Su Yan's little face Everyone was sweating. They all guessed that the three sisters Su Yan might have encountered an enemy.

Everyone here looked around and locked on Su Chen. They found that the three sisters Su Yan would look at Su Chen from time to time.

Ji Ziyue looked at Looking at Su Chen next to her, she asked Ji Haoyue,

"Brother, who is this person? Why did the three little girls run away when they saw this man?"

Ji Ziyue shook her head and replied, "I don't know, maybe those three people are the enemies of those three little girls."

After Ji Haoyue checked Su Chen, he was even more shocked.

Ji Haoyue had previously checked the three sisters of Su Yan and found no realm of cultivation, and no realm of cultivation was found on Su Chen, but the three sisters of Su Yan were There is no realm of cultivation?

Su Yan's instant disappearance was something he couldn't do.

Does this mean he has no realm of cultivation?

Ji Haoyue felt that Su Chen's strength must be very strong. The reason why he couldn't check out Su Chen's cultivation Realm, this must be the realm of cultivation that Su Chen has hidden.

The beautiful woman from Yaochi Holy Land said with a serious face,

"Holy girl, those three little girls are not simple, and this young man who has just arrived is even more not simple."

The Saint of Yaochi looked at the three sisters Su Yan and Su Chen, then nodded and said,

"I know that the three little girls should be very strong. They can disappear in an instant without any sound, and they did not use the imperial weapons. The strength of the three girls is not simple."

"As for the young man who just arrived, he looks like he is no ordinary person with a noble temperament. He may even be an old monster from the Holy Land. His strength should be even more extraordinary."

The beautiful woman worriedly reminded the Saint of Yaochi, "Saint, let's not meddle in other people's business for a while."

"Let's see what happens!"

The Saint of Yaochi looked at Su Chen with a frown. Although she didn't want to take action, if Su Chen was an evil cultivator and even wanted to do something to three little girls, she couldn't stand idly by. Jiang

Yifei, the divine son of the Jiang family, watched this scene. He smiled and said,

"Interesting!"

Sir Tianxuan said with a sinister smile, "Interesting? Son of God of the Jiang family, can you defeat that person?"

"Hum, Holy Son Tianxuan, you don't need to provoke me, do you think I am a brainless idiot?"

"I'm just saying it!"

"Insidious villain."

At this moment, in the Bronze Immortal Palace, the Hatred Empress and Liu Shen were very speechless.

How could they be father and daughter?

Would any daughter run away in a hurry when she saw her father?

And Su Chen, would any father play with his daughter like this? Liu

Shen smiled and said to the Hater Empress

"Hater, your brother is really different, he even plays tricks on his own daughter!"

The Hater Empress shook her head and said awkwardly,

"Well, Liu Shen, this is mainly because the three sisters Su Yan are too naughty. You have also seen that the three sisters Su Yan ran away when their father arrived. These three little girls are too naughty. Liu

Shen held his chin and said interestingly, "Your family is really interesting. The father is not like the father, the daughter is not like the daughter, and even your aunt is incompetent at her job.""

The Hater Empress rubbed her forehead and said speechlessly,

"How can this involve me? The three Su Yan sisters were all spoiled by my brother. However, Su Yan's space law is good. He was able to escape with Su Yue and Elena without using Lingbao, and he was even able to persist. It took him a while to get caught. Liu

Shen nodded and praised,

"Well, that little girl is pretty good. She is very proficient in using the laws of space. At such a young age, she is in the realm of the Saint King (celestial being). This little girl's future is boundless."

The Empress of Hatred thought about the future fate of Su Yan's three sisters.

The Xuantian Realm will be inherited by the three sisters in the future. The huge Xuantian Realm will become even more powerful in the future. His brother will even be able to rule more realms and small worlds. Su Yan The third sister Yan will also have a very heavy burden in the future.

"The three sisters are all princesses of Xuantian Realm, and they are destined to be extraordinary in their lives."

At this time,

Su Yan, Su Yue, and Elena were all very anxious. They had just appeared in another place more than ten times, but they returned to the same place without taking a breath. The three sisters all knew it. This is their father's fault. If they can't escape again, they will be captured and taken back to Merlot Heaven.

"Sister, let's take action together. You use the law of space to take us away, and I will use the law of time to interfere with my father's arrest of us."

Chapter 2200

Su Yue saw her sister Su Yan sweating.

She was very anxious.

Su Yue also wanted to help her sister Su Yan.

Although her strength was not as good as Su Yan, she didn't want to watch Su Yan do anything for them. Three sisters contributed.

And after a while, her sister ran out of magic power, and the three sisters still couldn't escape from this small village. The three sisters could only be captured by their father obediently.

When Elena saw Su Yan sweating, she asked with concern,

"Sister, can you still persist? Su

Yan waved his hands with a serious face and said, "Elena, I can still hold on. Yue'er, you prepare, we will take action together!"

"good!"

"Space teleportation!"

"Time pauses!"

Whoosh!

After Su Yan and Su Yue used the laws of space and time at the same time, the three sisters disappeared in an instant.

Su Chen looked at the three sisters who disappeared again with some surprise.

He did not expect the always well-behaved Su Yue. He actually took action, which made him very speechless.

Why did Su Chen feel that he was a bad person, even the life and death enemy of the three sisters of Su Yan.

Otherwise, how could the three sisters of Su Yan run away desperately when they saw him?

"Want to escape from me? You three little girls think too much."

The people around saw the three Su Yan sisters escaping and not reappearing after disappearing instantly. Everyone here looked at Su Chen. They all wanted to know if Su Chen could catch the three Su Yan sisters again.

One breath!

Three breaths!

Five breaths!

As time passed slowly, the three sisters Su Yan never appeared. People around them speculated that the three sisters Su Yan might have really escaped.

However, they found that Su Chen was not in a hurry at all. Su Chen even sat on a stone bench and drank.

This made the people around him unable to understand. Since Su Chen had come to arrest the three sisters of Su Yan, who had already escaped, why would he not chase Su Yan? The three Yan sisters?

In the Bronze Immortal Palace,

Liu Shen watched Su Chen drinking wine leisurely. The three sisters of Su Yan were not captured again.

Liu Shen asked the Hater Empress in confusion,

"Hater, what's going on? Didn't your brother arrest those three little girls?"

The Hater Empress shook her head and replied,

"Liu Shen, do you think it's possible?"

"Although I don't know why my brother didn't move the three sisters Su Yan back, I guess that the three sisters Su Yan must be trapped in the space prison now. My brother wants to punish those three naughty little girls. Liu

Shen was surprised when he heard the words of the Hater Empress,

"I didn't notice any space fluctuations. Your brother trapped the three sisters Su Yan silently. The laws of space are really powerful."

"Well, the law of space is very powerful. Even a saint cannot detect the space prison and space concealment used by my brother."

Liu Shen looked at Su Chen and became more and more curious.

The law of space and the law of time.

It is already extraordinary that a great emperor can master two great laws.

However, she did not feel any space fluctuations in the space law used by Su Chen. , which made her, the Immortal Emperor, feel incredible.

At this time,

Ye Fan walked to Su Chen with the Black Emperor and Little Stone. He saluted Su Chen with some anxiety,

"Senior, my name is Ye Fan, this is Black Emperor, that is Little Stone, we are all friends of Su Yan, Su Yue, and Elena."

Su Chen was a little surprised when he heard Ye Fan's words.

Ye Fan, who has a dark heart and evil hands, the Black Emperor who goes everywhere to capture people's favors, and the little stone who lost his supreme bone, these lucky protagonists have actually gathered together, and they are also with Su The three sisters became friends.

This small village?

Another quasi-sage?

Is this small village a stone village?

The willow god of the willow tree?

Let me go.

Su Chen thought of the other quasi-sage he had noticed before. He felt that the other quasi-sage was Liu God.

That unparalleled woman, that unparalleled beauty who entered and shocked the world nine times.

Su Chen rubbed his forehead and looked at Ye Fan and Xiao Shitou. As for the Black Emperor, he ignored him.

Ye Fan They can know that they are the father of Su Yan's three sisters. The identities of Su Yan's three sisters should be known by Ye Fan and the others. Even Ye Fan and the others also know about the Xuantian Realm.

"You're welcome. Since you are my daughter's friends, just be casual. I don't have so many rules."

"Yes, senior! Su

Chen took out a Yunling Pill and handed it to Xiao Shitou and said, "Little Shitou, I have a pill here. This will help you. Your Supreme Bone can be restored again.""

Su Chen has great sympathy for the protagonist Xiao Shitou.

When he was young, Xiao Shitou was in many troubles. When he grew up, he faced many powerful enemies alone. Xiao Shitou was the most miserable protagonist he had ever encountered, and so was Su Chen. I want to help this ill-fated little stone

"Senior, what is the Supreme Bone?"

After Xiao Shitou took the elixir Su Chen gave him, he looked at Su Chen and was very confused.

Supreme Bone?

Restore the Supreme Bone?

Does he have a Supreme Bone?

Su Chen looked at the confused Xiao Shitou and said with a smile, "Ask the priest in your village, she will tell you everything"

"Good senior!"

"I'll send you there!"

Su Chen looked at the void in the village and waved his hand, and the small stone disappeared in place.

When Su Chen arrived, he discovered the Bronze Immortal Palace of the Hatred Empress. There were two quasi-sages in the Immortal Palace, one of whom was him. The younger sister hates the empress, and the other one should be Liu Shen.

Su Chen took out two more bottles of wine and sent them to Ye Fan and the Black Emperor.

"Ye Fan, Black Emperor, I have two bottles of wine here. Drinking it will be good for your cultivation."

"Ye Fan, after you drink this pot of wine, your curse on the Ancient Holy Body will be broken, and you no longer need to look for resources to improve the Ancient Holy Body."

This is the fairy wine brewed from three thousand years of flat peaches. It is also the fairy wine that Su Chen often drank before he became an immortal.

Ordinary people who drink these diluted flat peach fairy wine can prolong their lives. Practitioners who drink it can not only improve their strength, but even It can also stimulate the talent and potential of cultivation.

Although the fairy wine has been diluted, the fairy power in the fairy wine is a great supplement to Ye Fan's ancient holy body. After Ye Fan drinks the fairy wine, he can break through it faster The curse of the ancient holy body of the wilderness will also increase the strength very quickly.

"Thank you, senior!"

Ye Fan was very happy when he heard what Su Chen said.

He didn't expect that just by saying hello to the father of Su Yan's three sisters, they all got some benefits. His cursed holy body was going to be broken, and his future cultivation would be smooth. Go along.

The Black Emperor drooled when he looked at the immortal wine in front of him. Just smelling the immortal wine, he felt that it was a treasure more powerful than the elixir. He was really lucky this time. At this time,

Ziyue quickly Appeared in front of Su Chen and asked,

"You used void magic to capture those three little girls?"
