Chapter 221

Mrs. Mingzhu is very angry now. Although what this bastard said just now really scared her, she didn't reveal at all how many women this bastard has. This makes Mrs. Mingzhu guess that there must be many women who belong to this bastard.

Mrs. Mingzhu did not expect that this shameless bastard would be the future ruler of the Southern Continent, which was a much larger empire than the Han Kingdom.

She had also heard that the Southern Continent was divided into two, but even half of the Southern Continent was similar to the Eastern Continent. Moreover, Su Chen was an ally with Da Qin, which surprised Madam Mingzhu even more.

Madam Mingzhu didn't understand why Su Chen started planning for the Eastern Continent before he had captured the Southern Continent. Mingzhu shook her head and didn't think so much. Now Madam Mingzhu is very satisfied with Su Chen's identity, so that she and her children can No need to worry or be afraid anymore

"I only have three wives. I think I have one here in the cold country. Now I only have one daughter."

Su Chen was a little embarrassed and told Mrs. Mingzhu. He didn't expect that Mrs. Mingzhu would care so much about how many women he had. It seems that women all have a common problem. Fortunately, this happened in ancient times, otherwise he would be stepping on one, two, three. Four boats, not counting my confidante,

"Your dignified Lord Wu Xiang only has three wives? You won't lie to me, will you?"

Ms. Mingzhu didn't believe what Su Chen said. By the way, every nobleman in Han Kingdom had many wives and concubines. Su Chen was a king who was about to unify a continent. How could he only have three or four wives? Who would believe it?

Su Chen looked at Mrs. Mingzhu speechlessly. Isn't it embarrassing for him to have so few wives? Su Chen also knew that those noble officials had wives and concubines, but every one of his wives was a peerless beauty. Su Chen Each of his wives can rival a group of women from those nobles.

"Let me guess, what is there to lie about? You may know it in the future anyway, so there is no benefit to me lying to you now, right?"

"So you are still a serious man?"

"Ahem, cough, of course I am a serious man"

"Bah, I believe you will go to hell, you are so serious."

Su Chen hugged Mrs. Mingzhu and smiled awkwardly and said,

"Okay madam, I still have something to do now. You have to prepare Tianze's poison antidote in the next two days. You should also prepare. I will pick you up and leave here together in two days."

Mrs. Mingzhu was a little happy when she heard that Su Chen and the two queens were going to pick her up and leave. She didn't expect that this bastard would pick her up so soon and leave this place of right and wrong.

But Mrs. Mingzhu thought that this is Xinzheng of the Han Kingdom after all. If Su Chen Will taking her away secretly make King Han angry?

Mrs. Mingzhu was a little worried and leaned into Su Chen's arms and said,

"Can you take me out of here? This is the Cold Country now, and your army is not here. Are you going to take me away secretly?"

"No, I have a way to get Han to hand you over to me. Wasn't the Qin envoy killed this time? I can use this matter to threaten King Han. If King Han doesn't agree, I will ask Qin to send troops to scare him."

"Su Chen, Lu Buwei is now in charge of the Qin State. After all, the King of Qin is not in charge. Will the Qin Army cooperate with you?"

"Haha, I have the Black Dragon Order. Do you think King Han will be afraid if he sees the Black Dragon Order? Will King Han face the Qin army's attack for a woman, or will he abandon a woman to settle the matter? I believe King Han will Think clearly."

Ms. Mingzhu saw that Su Chen still had the Black Dragon Token from the Qin State, which made her completely relieved. Madam Mingzhu thought that if King Han saw the Black Dragon Token, he would definitely abandon her without hesitation. The timid King Han would He wanted to live and die intoxicated for a few more years, but he would not offend Qin because of a woman.

Mrs. Mingzhu looked at Su Chen's bad look and said with a smile

"Haha, you are so bad, then I will wait for you two to pick me up in the next two days. I will prepare Tianze's poison antidote in these two days. By the way, Su Chen, I will also take all my maids away. They all It's a tulip killer trained by me. I don't want to give up my tulips."

Su Chen hugged the beautiful Madam Mingzhu and kissed her and asked,"Okay, by the way, who is the coir raincoat guest? do you know?"

Mrs. Mingzhu blushed and glanced at Su Chen after being kissed by Su Chen, and said,

"I don't know, this man is very mysterious, but he knows the noble officials of Han State very well. I guess he may be an official of Han State or a member of the royal family."

"Is it possible that it is the Fourth Young Master Han Yu?"

Su Chen stood up, touched his chin, and told Mrs. Mingzhu his guess. He wanted Mrs. Mingzhu to confirm whether his guess was correct. After all, Mrs. Mingzhu had been in the night for many years, so she must have some understanding of the coir raincoat guest.

"Hiss, I wouldn't be able to remember if you didn't tell me. The possibility of it being Han Yu is very high. He knows everything inside and outside the palace. He must be the Fourth Young Master Han Yu. The other young masters and officials don't have such great abilities."

Su Chen nodded after hearing what Mrs. Mingzhu said. His guess was still very accurate. This time he could use this information to make Han Fei owe him a favor in the future.

If Han Fei was caught by King Qin in the future, he could make Han Fei owe him a favor. After all, Han Fei was very talented if Fei came to serve in his empire. Su Chen didn't want Han Fei, a talented person, to die.

"Well, these don't concern us. I just want to sell a favor to Han Fei. When I leave, you can trick King Han into letting Han Fei go and let Han Fei continue to investigate the assassination case of the prince and the Qin envoy."

"I understand, you have to be careful with Ji Wuye and Bai Yifei outside, especially Bai Yifei. His martial arts has reached the peak of Grandmaster, and it won't even take long for him to be promoted to Grandmaster."

"Haha, don't worry about this, there are two Grandmasters among your sisters, and I'm not afraid of a Grandmaster who is about to be promoted."

At the gate of Xinzheng City, an ordinary carriage came in from outside the city. As soon as the carriage entered Xinzheng City, the people inside were very curious about why Xinzheng was so chaotic. It seemed like something big had happened.

"Ge Nie, did something happen in Xinzheng City? Are there city guards searching everywhere?"

"Something big must have happened, and we didn't come at the right time this time."

This carriage is the King of Qin Ying Zheng and Gai Nie who came all the way from the State of Qin, as well as Su Chen's guard commander Wang Hu.

They were going to Xinzheng a long time ago, but the King of Qin was going to a small country that defended the country halfway. They So I changed my route and went to Weiguo first. It was not until this time that I came to Xinzheng, Hanguo.

"Commander, Your Majesty is currently in Han Country. We have just contacted the secret guards. Now Madam Zinu is fighting with the Nong family and the Mo family."

"What? You have come to the Eastern Continent's Han Country, Madam Zinu? Is this your new wife? Quick, tell our people to protect Madam Zinu. Nothing can happen to your Majesty's Madam."

"Yes, Commander"

Chapter 222

Wang Hu did not expect that the king would come to the Han Kingdom in the Eastern Continent. This made Wang Hu very worried about the king's stability. After all, the Han Kingdom was not at peace now, and there seemed to be something going on in Xinzheng City.

When Wang Hu learned that the king's wife was fighting with the Mo family, he couldn't sit still. After he ordered the guards to support Mrs. Zi Nu, he came to the carriage and said to King Qin Ying Zheng inside the carriage. ,

"Mr. Shang, something happened to my young master's wife here. I have to protect her. Please let Ge Nie protect your safety first. I will rush back after I have dealt with my wife's affairs."

Ying Zheng also heard what the guard said to Wang Hu just now. He didn't expect that Lord Wu Xiang would come to the Han Country in the Eastern Continent without saying a word. This made Ying Zheng a little confused, and even Ying Zheng couldn't think of it. Is it that Lord Wu Xiang wants to form an alliance with the Han Kingdom?

But after thinking about it, he rejected his guess. The Han Kingdom is the weakest country in the Eastern Continent, and not long ago he received news from Meng Tian that the Netherworld Iron Cavalry had arrived with another 10,000 men. , which made Ying Zheng feel that Lord Wu Xiang must have other things to do when he came to Han State this time. Lord Wu Xiang would definitely not form an alliance with Han State.

King Qin Ying Zheng also wanted to meet this Lord Wu Xiang whom he had never met before. Ying Zheng Zhengjiu said to Su Chen's guard commander Wang Hu,

"Wang Hu, let's go together. I really want to get to know your young master."

Wang Hu looked at Ying Zheng with some embarrassment and said,

"this.....Mr. Shang, after all, there is some danger there. Why don't you meet with our young master again when it is safe?"

Ying Zheng waved his hand and said to Wang Hu and Gai Nie,

"No need, with you and Gai Nie being two masters, I believe no one can hurt me."

"Okay then, Genie, let's go to Madam's place"

""Okay."

Just when King Qin Yingzheng came outside Madam Hu's house, there were bodies everywhere. The ordinary disciples of the Mo family and the peasant family were now dead and wounded, and less than a hundred people were left by the Netherworld Iron Cavalry and Xinzheng City. The guards were surrounded.

Ying Zheng was a little surprised when he saw that the Nether Cavalry was massacring the Mo family and the farmers, and said,

"Netherworld Cavalry, Han State actually allowed Lord Wu Xiang's Netherworld Cavalry to enter Xinzheng City? Is the Han Kingdom already so mediocre?"

Gai Nie looked at Wei Zhuang on the roof and was about to take Ying Zheng away from here. However, Gai Nie knew that Wei Zhuang and the Ninth Young Master of the Han Kingdom were together.

If Wei Zhuang suddenly takes action against them this time, I am afraid that Ying Zheng will be here. There will be danger, but Gai Nie still feels safer with Mrs. Wu Xiangjun who is protected by the Netherworld Cavalry.

"Mr. Shang, let's go around and meet Mr. Wu Xiang's wife first."

"Okay, let's go over."

Wei Zhuang is also a little unbelievable about this. His senior brother Gai Nie also appeared in Xinzheng of the Han Kingdom. Now Xinzheng is getting more and more chaotic. The noble prince next to Gai Nie should be the King of Qin.

Wei Zhuang Looking at Ying Zheng, he wanted to kill him now, but Wei Zhuang thought for a while and did not do it. Even if he really killed Qin King Ying Zheng this time, it would probably be of no avail. Even if he killed Ying Zheng, he might help Lu Buwei successfully steal the Qin Dynasty..

By then the Han Kingdom will still be in crisis, and Lu Buwei may even send troops to the Han Kingdom under the pretext of avenging King Qin.

Tianze found that Wei Zhuang had been staring at the three people who had just arrived, and there were actually two of them among the three. He was a master, which made Tianze a little curious as to why Wei Zhuang looked at those people with complicated expressions.

Tianze asked Wei Zhuang coldly,

"How many of those people do you know? Friend or enemy?"

"I can't say for sure now, let's see what happens."

As for Zi Nu, Li Hongxiu, Su Rongrong, Nong Yu, Mrs. Hu and Hu Meiren are all next to Zi Nu. Zi Nu didn't expect that there were so many beauties around her.

Zi Nu now looked at Nong's mother and aunt There was some confusion. Su Rongrong and Li Hongxiu had the same purpose. Zi Nu didn't care about them, but Mrs. Hu was Nong Yu's mother, and Nong Yu's aunt turned out to be King Han's Hu Meiren, which surprised Zi Nu.

Zi Nu She looked at Nongyu helplessly. She didn't expect that Nongyu would expose her mother and aunt. Now that Ye Mu has discovered their relationship with Zilanxuan Nongyu, they might also be assassinated by Ye Mu in the future.

"Nongyu, why are your mother and aunt also out? This might be detrimental to them if they were discovered by the night in the cold country."

Nongyu didn't expect that there would be so many people outside the house. Her mother and aunt had already followed her out. They must have been discovered by the night that they had been observing here. It would be useless to let them in again.

Nongyu is now Somewhat panicked, he said to Zi Nu,

"Sister Zi Nv, I just feel that many people have died outside the house, and no one can live here anymore. I want to take my mother to live in Zilanxuan, but I didn't expect that there are so many people outside."

"Now my mother and aunt are sure that the night here and the city guards have discovered it. My relationship with my mother and aunt may also be investigated by Ji Wuye's night. It will definitely not be safe for my mother to live outside in the future. Let my mother first talk to her. let's live together"

"And my aunt will definitely not be able to return to the palace, otherwise Ji Wuye will not let my aunt go. Sister Zinu, what will my aunt do in the future?"

Zi Nu rubbed her forehead and said speechlessly,

"Well, what else can we do? Let your aunt and your mother go to Zilanxuan first. Su Chen still doesn't know how to blame me this time. Why is today's matter getting bigger and bigger?"

"Madam Qi, Your Majesty's guards have appeared in Han Country and are now rushing towards us. Does Madam allow them to come to support us?"

Zi Nu didn't expect that there were Su Chen's guards in Xinzheng City in the Cold Country, but she looked at the Nether Guards around her and asked with some doubts,

"Su Chen's bodyguard? Zhao Kong, aren't your lord's guards these hundred ghost guards?"

"Madam, the Nether Guard was temporarily formed by Your Majesty in the Eastern Continent. The ones who are coming are the guards who have been following Your Majesty. However, they have been protecting the King of Qin in the Kingdom of Qin. This time the Guard Commander Wang Hu has also arrived in Xinzheng City. After a while They will come here to see Madam"

"Then let the guards come over"

"Yes, madam."

After a while, Wang Hu came to Zi Nu with three hundred guards, and Gai Nie came here to guard King Qin Ying Zheng.

"Guard commander Wang Hu has met Madam"

""I've seen the lady."

The secret guard Zhao Kong told Wang Hu about the king's new wife on the way. When Wang Hu saw Zi Nu, he immediately knelt down on one knee to salute Zi Nu. The guards behind him also hurriedly knelt down to Zi Nu. The girl saluted.

Zinu looked at these guards who were all innate masters and nodded and said,

"Get up, Wang Hu, aren't you responsible for contacting and protecting the King of Qin in the State of Qin? Why did he leave the Qin State privately and come to Xinzheng, the Cold State?"

Wang Hu immediately whispered to Zi Nu, "Madam, King Qin Ying Zheng is also here, but it's just not convenient for me to introduce him here."

Zi Nu was very shocked after hearing what Wang Hu said. King Qin Yingzheng actually came to Xinzheng in the Han Kingdom. This time Zi Nu felt a little dizzy.

Things here are getting more and more complicated, and a trap may even appear in a while. At night, even Ji Wuye and Bai Yifei will rush over.

Zinu feels that she can no longer control the situation in Dudu. She now hopes that bastard Su Chen will come here quickly, otherwise something big will happen to the city soon.

"Zhao Kong, go and order the Netherworld Cavalry to stop attacking, ask the Hanguo City Guards to stop attacking as well, and ask them to move back."

"Yes, madam."

At this time, Jing Ke and Tian Meng also reached a consensus. Now their two families' disciples have suffered countless casualties. If they don't unite, they may all be wiped out by the Netherworld Iron Cavalry.

Chapter 223

Xinzheng City, General's Mansion

Ji Wuye walked back and forth in the hall. Ever since he knew that Madam Jun actually brought thousands of Qin troops to Liu Yi's Mansion to arrest some people, he felt a little uneasy.

Ji Wuye did not expect that there was an army of the Qin State in Xinzheng City, and there were thousands of troops. This made Ji Wuye a little afraid of the Qin State. If the Qin State really attacked, the Han State would soon be destroyed.

Ji Wuye didn't want the Han Kingdom to perish now. He was the one who covered the sky in the Han Kingdom. If the Han Kingdom was to perish, I'm afraid all his power, glory and wealth would disappear.

A big fat man sat aside and watched Ji Wuye walking around and asked in confusion,

"General, who is Mrs. Jun? Didn't you say that Mrs. Jun was also present when the Qin envoy was killed? Then why did Mrs. Jun not save the Qin envoy?"

"Now she appears in Xinzheng City with the Qin army. Madam Jun must have something to do with the Qin State. I just can't figure out why Madam Jun didn't save their envoy from the Qin State?"

Ji Wuye took a wine glass, drank it all in one gulp, and said to the Emerald Tiger,

"Tiger, I haven't figured it out yet, but it must be that the Qin envoy and Mrs. Jun are not on the same side. Mrs. Jun is either on the same side as Lu Buwei or with the King of Qin. Now in Qin, King Qin and Lu Buwei are competing for power."

"But no matter whether Mrs. Jun is from Lu Buwei or King Qin, we cannot offend her. We are also a little worried now."

The Emerald Tiger thought for a while and then stood up and said,

"That's right. We can only wait and see what happens in this matter. As long as we don't participate, we won't offend Mrs. Jun. Mrs. Jun will definitely explain this matter to us in the future. After all, a thousand Qin troops appeared in Xinzheng City. It won't make sense if Madam doesn't explain."

"Well, that's what I thought too. Otherwise, I would have sent out the army to stop Mrs. Jun from fighting with the Mo family and the peasant family in Xinzheng City. Mo Crow, take Bai Niao to Liu Yi's house to see the situation. If Mrs. Jun is in danger Just help Mrs. Jun"

"Yes, General."

At this time, Jing Ke, Tian Meng and several other farmers' masters were preparing to attack and capture the leader of the Qin Army. As long as they captured the leader of the Qin Army, only the ordinary disciples of their Mohist family and the farmer's family could be spared. Yu Nan.

Just when they were about to sneak attack the leader of the Qin Army behind them, they suddenly found that the Qin Army and the Xinzheng City Guards had retreated.

Jing Ke held his sword and asked with some doubts,

"what happened? Why did the Qin army and the city guards retreat?"

Tian Meng also couldn't figure it out. These Qin troops and Chengweizhuang have surrounded them. As long as they launch another attack, their ordinary disciples may be slaughtered. But why did they retreat without further slaughter? ?

"I don't know. Should we leave now?"

Tian Hu, Situ Wanli, and Tian Zhong next to them were also very confused as they watched the Qin army retreat. They also couldn't understand why the Qin army, which had always had the upper hand, retreated like this.

Jing Ke watched as the Qin army and the city guards quickly retreated. Xu retreated and then thought for a while and said,

"Wait and see, we have killed and injured countless disciples now. The person in charge of Qin Jun has not shown up yet. I am afraid she will show up soon."

"Well, yes, I also want to know who is in charge of the Qin Army this time? In the future, if we want to take revenge, we also need to know who she is."

In Madam Hu's Mansion.

Zi Nu took Nong Yu and the other girls into Madam Hu's Mansion. Wang Hu also came in with King Qin Ying Zheng and Gai Nie. Even Wei Zhuang and Tian Ze followed behind and entered the Mansion. Hu There are now these people gathered in the hall of Madam's Mansion, but they are all looking at Zi Nu quietly.

Zi Nu wears a veil and looks at the King of Qin Ying Zheng who is sitting aside. She is not afraid of the King of Qin now. She is Su. Chen's wife, Su Chen, is more powerful than the King of Qin, and even the territory and army are much more powerful than the King of Qin Ying Zheng. Her current status is even more noble than the King of Qin. Zinu said to the King of Qin Ying Zheng without any courtesy. ,

"King Qin, it is not a wise move for you to come to Han Country this time."

Qin Wang Yingzheng was not dissatisfied after hearing what Wu Xiangjun's wife said. After all, he and Wu Xiangjun are allies, and Wu Xiangjun now has strong soldiers and horses to launch a war in the southern continent. It won't even take a year to destroy him. If Wu Xiangjun replaced the Song Dynasty and established an empire in the future, the status of Wu Xiangjun's wife would be much higher than that of the King of Qin.

Ying Zheng also said to Zi Nu with some embarrassment,

"Madam, I just came to the Han Country to meet Han Fei this time. I never thought why the Han Country is in such chaos now. This time it might bring trouble to Madam."

The Nongyu girls and Tianze who were standing aside looked at King Qin Yingzheng in surprise. They did not expect that King Qin would appear in Xinzheng City, and even have an equal conversation with Zi Nu. This made them look at King Qin and Zi Nu. It's a little unbelievable

"King Qin, my husband said that if you leave Qin, the killers of Luo Wen will definitely follow you. Now someone from Luo Wen must have discovered you in Xinzheng City. You may be assassinated by Luo Wen at any time in Xinzheng City."

"Luo Sheng has already discovered my whereabouts, but I am protected by Gai Nie and Wu Xiangjun's bodyguard commander Wang Hu, so nothing will happen. Why did Madam have a conflict with the Mo family and the Nong family this time?"

Ying Zheng encountered several assassinations on the road, but the weak assassin was killed by Wang Hu's men before he could get in. With two masters, Gai Nie and Wei Hu, Ying Zheng is not in trouble now. Worried about his safety,

"I just had some minor conflicts with the farmers and the Mohists. I arrested some people, and those people were also the people the Mohists and the farmers wanted to arrest, so we started fighting."

Gai Nie immediately said after hearing Zi Nu's words, "Suihou Zhu? Madam, are you the ones who caught the Suihou Pearl, a national treasure of Chu State? Zi looked at Li Hongxiu and Su Rongrong and said to Gai Nie,

"Yes, those people deceived my husband, I just want to catch them back and hand them over to my husband."

Li Hongxiu and Su Rongrong lowered their heads when Zi Nu looked at them. It turns out that this incident was really caused by them. If they hadn't begged Su Chen to save Chu Liuxiang and the others,

Zi Nu would not have offended the Mo family and the farmer family. Now this matter The commotion has gotten bigger and bigger, and they don't know what will happen in the future.

At this time, a secret guard came in and saluted Zi Nu and said, "Madam Qi, General Ji Wuyue sent some experts to help Madam."

When Zi Nu heard that Ji Wuye sent Ye Mu to help her, she knew that Ji Wuye had misunderstood that she was Shi Guanyin, but Zi Nu just wanted to make others misunderstand that she was Shi Guanyin.

Zi Nu didn't want to reveal that she was Shi Guanyin. The purple girl of Zilanxuan, otherwise I will definitely have a lot of troubles in Xinzheng in the future.

"Let them wait outside for later orders"

"Yes, madam."

When Qin State Ying Zheng and Gai Nie saw Zi Nu, they looked at the two women next to them and knew that the incident was caused by those women. This left Ying Zheng and Gai Nie speechless. They did not expect to cause an uproar in Xinzheng City. Just for a few women

"Madam, what's going on outside? Why were those Mohists and farmers killed?....Um, why are there so many people here?"

"The guard commander Wang Hu has seen your Majesty."

Chapter 224

Su Chen was a little confused now. He had told Zi Nu not to conflict with the Mo family and the peasant family before. He was still thinking of going to the theater, but he just came out of the Han Palace and heard what happened outside Liu Yi's house. This Su Chen was speechless.

Zi Nu has already killed almost all the people in the Mo family and the Nong family. He will still watch the show in the future.

Su Chen teleported directly to Liu Yi's house. He didn't think that Zi Nu would massacre the Mo family and the farmers on their own initiative. Something must have happened that he didn't know about. Su Chen also wanted to find out what happened here. What happened.

But as soon as Su Chen came in from outside, he found that there were so many people in the hall, which made Su Chen very surprised.

"Wang Hu? Why are you here?"

Su Chen was a little surprised when he saw his guard commander Wang Hu kneeling down to salute him. Doesn't it mean that Wang Hu's appearance here means that King Qin has arrived in the cold country?

Su Chen looked around and found a man wearing a white robe with a noble temperament. The young man sat on the chair and looked at himself. Su Chen knew that he must be King Qin Yingzheng.

"Come on, I came to the Han Kingdom with King Qin"

"Get up, King Qin, you didn't expect us to meet here."

Su Chen came to King Qin and sat down and looked at the future Qin Shihuang. King Qin Yingzheng is still very young.

Su Chen couldn't tell that this man was Qin Shihuang who would unify the seven kingdoms in the future. King Qin Yingzheng didn't have the aura of a king. , maybe it's because he hasn't been crowned as the pro-government yet, and he doesn't have the domineering spirit to unify the seven kingdoms.

Qin Wang Yingzheng looked at this Wu Xiangjun who was younger than himself, and it was hard to believe that they were also young, but Wu Xiangjun had already begun Zhu Lu Nan Continent, and he was still a puppet King of Qin without power. He was no match for Lord Wu Xiang.

King Qin Ying Zheng smiled and raised his hand to Su Chen and said,

"Mr. Wu Xiang, I didn't expect you to come to the Eastern Continent Han Country. It's an honor for me to see Mr. Wu Xiang here. What is Wu Xiang doing when he comes to the Eastern Continent Han Country this time?"

Su Chen took a sip of the tea that Nong Yu poured for herself and said casually,

"I just came to the Eastern Continent this time to have fun, and then I will go back to the Southern Continent after attending your coronation ceremony. After all, there are still many things waiting for me to deal with there.""

Su Chen smiled and said nonsense. He didn't want to say that he was abducted to the Eastern Continent. He told the Nether Guard to shut up and not tell anyone about the fact that he was abducted to the Eastern Continent by Shi Guanyin.

King Qin Yingzheng heard that Su Chen was going to attend his coronation ceremony. This made King Qin Yingzheng very happy. Although he was informed that Wu Xiangjun would attend his coronation ceremony, things could change at any time before Wu Xiangjun arrived..

Now that Lord Wu Xiang has arrived in the Han Kingdom, it is very certain that he will attend his coronation ceremony. With Lord Wu Xiang here and his own arrangements, he will definitely be able to regain the power of the Qin Kingdom this time.

King Qin Yingzheng was a little happy and laughed and said to Su Chen,

"Haha, I feel relieved to have Mr. Wu Xiang attend my crowning ceremony. I still need a lot of help from Mr. Wu Xiang this time."

Su Chen waved his hands indifferently and said,

"Don't worry, we are allies. I will do my best to help you in this matter. King Qin, you can tell Meng Tian from Jiuyuan that I still have tens of thousands of Netherworld Cavalry troops in the Xiongnu Hetao area. If Meng Tian needs help, he can go to the Xiongnu Hetao area. The area is looking for the Netherworld Cavalry Corps. I already told them when I came here."

"Are there still your troops in the Xiongnu grassland? Lord Wu Xiang, are you not afraid that the Huns will launch a war against your army?"

Qin King Ying Zheng looked at Su Chen in surprise. He did not expect that Su Chen still had troops on the Xiongnu grassland. This made King Qin very grateful to Su Chen for his help.

Ying Zheng suddenly thought that if the Huns found out The Huns will definitely launch a war against Su Chen's army. The Huns will definitely not allow armies from other countries to appear on their grasslands.

"The Huns are still launching a stupid war. I am afraid that my army has already slaughtered all the Huns in the Hetao area. When I came to the Han Kingdom, there were almost 100,000 surrendered Huns. There will be no more Huns in the Hetao area in the future. Huns appeared"

"Hiss, Lord Wu Xiang, why did you launch a war against the Xiongnu? How many troops did you bring this time?"

Su Chen said to King Qin in a somewhat pretentious manner,

"There are not more than 20,000 Netherworld Cavalry Legion. If you add those servants and Donghu's army, there should be 20,000 to 300,000 troops. I just killed the Huns in the Hetao area so that the Netherworld Cavalry Legion can have one. station."

Qin King Yingzheng was speechless looking at the pretentious Su Chen. He only has Meng Tian's tens of thousands of troops at his disposal now. The

Meng family and the Wang family do not participate in the battle of Qin, as long as Lu Buwei does not commit regicide to seize the throne. It is impossible for the Meng family and the Wang family to help them now.

But Su Chen, a bastard, came to the Eastern Continent and turned the Xiongnu grassland upside down. He even brought 20,000 Netherworld Cavalry troops to conquer the Hetao area, and even recovered dozens of Ten thousand servants joined the army, which surprised King Qin Yingzheng.

Wei Zhuang, Tianze, and Gai Nie looked at Su Chen in disbelief. They did not expect that Lord Wu Xiang actually had an army on the grassland, even in the Hetao area of the Huns. After capturing it, his army has grown to hundreds of thousands on the grassland. This Lord Wu Xiang is simply a bit unbelievable.

Wei Zhuang and Tianze were a little surprised when King Qin Ying Zheng appeared here. When they heard that King Qin Yingzheng appeared here, The conversation with Lord Wu Xiang was even more shocking.

They did not expect that King Qin and Lord Wu Xiang were in an equal relationship, and that Lord Wu Xiang even came to the Eastern Continent this time to help King Qin regain his power.

Wei Zhuang now has no idea about the future of Han State. There is no hope anymore. No matter it is King Qin or Lord Wu Xiang, any one of them can destroy the Han Kingdom.

Now King Qin and Lord Wu Xiang are allies. Together, they can unite the other six countries of the Eastern Continent. I'm afraid they are not their opponents.

Tianze looked at Su Chen and knew that his decision last time was very correct. He did not expect that Lord Wu Xiang was so powerful. Even the most powerful King of Qin in the Eastern Continent wanted Lord Wu Xiang. Tianze is now full of confidence in the restoration of Baiyue in the future, and he has decided to hug the thigh of Lord Wu Xiang.

Mrs. Hu and Hu Meiren were a little surprised when they saw the young people coming in, but they thought they Hearing the conversation between King Qin and Lord Wu Xiang, they all felt weak in their legs now.

One was the most powerful King of Qin in the Eastern Continent, and the other was Lord Wu Xiang, the husband of Zilanxuan Zinu, although they did not know that Lord Wu Xiang He was the king of that country, but he could talk to the King of Qin on an equal footing and knew that Lord Wu Xiang was definitely not simple.

But they were frightened by what they heard later. This Lord Wu Xiang actually defeated the Xiongnu Hetao area and even destroyed it. Kill the Huns there. How many Huns did this Lord Wu Xiang kill? Otherwise he wouldn't have said there were no Huns there.

"By the way, ma'am, what's going on with those Mohists and farmers outside? Are they coming to rob someone? Since the battle happened, you also got Suihou Zhubi, right?"

Chapter 225

Su Chen looked at the people around him who were thinking about things and knew that he had gone too far in showing off just now. He also wanted to restrain King Qin Yingzheng. This King of Qin Yingzheng would not be peaceful in the future. He had to be careful about him now, otherwise It's fun to support a powerful enemy by yourself.

Su Chen now just wants Qin King Yingzheng to know that he also has his own army on the grasslands of the Eastern Continent. If Qin King Yingzheng is dishonest in the future, Su Chen will not mind taking action against him.

Although the King of Qin doesn't have so many thoughts now, it is uncertain that he will destroy the other six countries in the future. Su Chen will only leave an army on the grassland that can threaten him.

If Hu Ji stayed on her own terms in the future, Su Chen would not mind supporting Hu Ji to fight against Qin in the future. Of course, this would be after falling out with the King of Qin.

Su Chen believed that Hu Ji would be loyal to him in the future. Su Chen even wanted to get rid of Hu Ji before returning to the Southern Continent? This way she will definitely not betray herself in the future.

Su Chen looked at where Zi Nu was sitting uneasily and knew that she was afraid of blaming her. Su Chen would not blame Zi Nu. With Zi Nu's intelligence, if the Mo family and the peasant family hadn't refused to give up on Chu Liuxiang, Zi Nu would also have. There would be no conflict with them.

Su Chen smiled and came to Zi Nu and said with a smile,

"By the way, ma'am, what's going on with those Mohists and farmers outside? Are they coming to rob someone? Since the battle happened, you also got Suihou Zhubi, right?"

Zi Nu looked at Su Chen worriedly and said carefully,

"Well, the Mo family and the peasant family refused to leave, and even wanted to come over to see who we had captured, so I ordered the Netherworld Cavalry Legion to expel them, but I didn't expect that a fight broke out like this, and Suihou Zhu and Li Hongxiu also. After leaving me, husband, what are the Mo family and the farmer family going to do with them now?"

Su Chen hugged Zi Nu and smiled and said, "How else can we deal with them? Since there has been a conflict, they are enemies. If they still refuse to retreat, I don't mind annihilating them all."

At this moment, Su Chen suddenly felt the danger. He hugged Zi Nu and moved to the side instantly. The position where

Zi

Nu and Su Chen were just now was shattered by a palm of a middle-aged man in green, and the other people next to him They were all staggered by the suppression.

"who? Please protect your Majesty and Madam."

At this time, when Wang Hu and others saw the assassinated Wu Xiangjun and his wife, they hurriedly looked at the middle-aged man in front of them. Wang Hu and Wei Zhuang both felt that this middle-aged man was a big man. Grandmaster.

Dong dong dong.

The Nether Guards and Su Chen's former guards all entered the hall and pointed their Qi-breaking crossbows at the middle-aged man. Su Rongrong and the others, as well as Nong Yu and the girls, also quickly left their original places and looked behind Su Chen nervously. Looking at the middle-aged man who assassinated Su Chen, Ying Zheng also stepped aside under the protection of Ge Nie.

The middle-aged man in green looked at Su Chen with cold eyes and said,

"Mr. Wu Xiang, I didn't expect that your perception was so powerful that you were not killed by me with one strike."

Su Chen was a little confused when he looked at this middle-aged man. He had never seen this great master before, so he must have offended him. However, Su Chen thought about the forces he had offended and did not remember who this person was?

"Haha, there are many people who want to kill me, but the ending of those who want to kill me will not be good. Can you tell me why you, a great master, want to assassinate me? and who are you?"

This middle-aged man is the evil king Shi Zhixuan. He has been looking for opportunities to kill Wu Xiangjun Su Chen since the Sui Dynasty. However, there are many great masters around Wu Xiangjun, and even land gods from the heavenly realm have appeared.

This The evil king Shi Zhixuan has been looking for opportunities to assassinate Lord Wu Xiang. Shi Zhixuan also had Lord Wu Xiang ruin his plan. His apprentice Yang Xuyan was ordered to be executed by Lord Wu Xiang.

Yang Xuyan was a man in his own hands. An important chess piece, now that he was executed by Lord Wu Xiang, some of Shi Zhixuan's plans could not go forward, so he wanted to kill Lord Wu Xiang Su Chen to vent his anger. When the evil king Shi Zhixuan saw that Su Chen did not remember who he was, he knew This Lord Wu Xiang may have many enemies.

"Mr. Wu Xiang, it seems that you have offended a lot of people. It is really difficult for me to kill you. You are not protected by a great master and are still in the army. Even the land gods in the heaven and human realm are protecting you."

"This time you are not protected by a great master or a terrestrial immortal from the heavenly realm. As for who I am, I will tell you after you die."

Su Chen let go of Zi Nu and walked forward to look at the middle-aged man. He did not expect that he would also encounter an assassination in the Eastern Continent Han Kingdom. Su Chen felt that his luck was really not that good.

Starting from Gusu City There was no shortage of people who wanted to assassinate him. Although he dealt with some enemies, other enemies would appear, which made Su Chen a little annoyed.

"A person who hides his head and tail, if you don't tell me, can't I guess who you are?"

Shi Zhixuan looked at Su Chen curiously and said,

"Oh, Mr. Wu Xiang, let me ask you to guess who I am. I don't believe you can guess who I am."

Su Chen looked at Shi Zhixuan and smiled. The person who came to assassinate him was so proud. Isn't he afraid that a great master would come to save him soon?

"Haha, let me guess who you are. In the Song Dynasty, I offended the Murong family, but they have been destroyed by me. I also offended the Beggar Gang and Dali, but the Beggar Gang did not have the ability to invite a great master to the East. The mainland is against me"

"Dali is about to be destroyed by my army now, and they don't have the energy to go to the Eastern Continent to assassinate me."

"And it is impossible for the Song Dynasty court to take action against me at this time. The Song Dynasty court now hopes that my army will not launch a war against them. If they dare to assassinate me, they will suffer the crisis of annihilation of the country. You cannot be the Great Song Dynasty. People from the Song Dynasty court"

"In the Sui Dynasty, I first offended the family of Song Que, the Heavenly Saber. However, as a person like Song Que, the Heavenly Saber, he would not invite a great master to assassinate me, so you cannot be Song Que's family either."

"In the future, I offended Li Shimin, the second son of the Li clan, and even blackmailed him for millions of dollars. However, the Li clan is busy rebelling now, and they will not dare to assassinate me at this time."

"Although Du Fuwei of the Jianghuai Army was killed by me, I destroyed tens of thousands of his troops, captured more than 100,000 of his troops, and even extorted some money from him, but it was even more impossible for him to ask the Grand Master to assassinate me, because Du Fuwei knew The Grand Master can't kill me"

"Then there is Xie Xiaofeng from the Xie family. The woman he likes is my wife, and he was also taught a lesson by my friend. He must be cruel and want to kill me, but he will not invite a great master to assassinate me. He wants to kill me. I did it myself, and you can't be the one hired by Xie Xiaofeng"

"Cihang Jingzhai and the Yinkui sect will not invite a great master to assassinate me. Although Zhu Yuyan and I always have conflicts, she will definitely not kill me, and sometimes she will even protect me."

"Although that old nun Fan Qinghui might want to kill me, his thug Ning Daoqi would not dare to take action against me even if he borrowed the courage. You will not be Cihang Jingzhai Fan Qinghui."

"Then there are the shadow assassin Yang Xuyan and the Dugu family in Luoyang. Although the Dugu family is arresting me everywhere in Luoyang, if they know my identity, they will definitely keep quiet and not dare to provoke me."

"In the end, the shadow assassin Yang Xuyan is left. Yang Xuyan was executed on my order, and his master, the evil king Shi Zhixuan, is generally impossible to avenge him, but Yang Xuyan's identity is of great importance."

"The son of a former prince of the Sui Dynasty, Evil King Shi Zhixuan must have planned to use Yang Xuyan to do something. I killed Yang Xuyan to destroy Evil King Shi Zhixuan's plan. Evil King Shi Zhixuan, who is mentally ill, will definitely kill me."

"Evil King Shi Zhixuan, is my guess correct?"

Chapter 226

Su Chen was also very shocked now. After analysis, he did not expect that this person was the evil king Shi Zhixuan. This evil king Shi Zhixuan was ruthless enough. He followed him all the way from Sui Dynasty in the southern continent to Han Kingdom in the eastern continent.

If Shi Guanyin hadn't been with him along the way, I'm afraid he would have really fallen into the hands of the evil king Shi Zhixuan.

People in the hall who didn't know Su Chen looked at Su Chen strangely. They didn't expect that Lord Wu Xiang could cause such trouble. He had many enemies, and each one was stronger than the last. He even provoked some countries..

Wu Xiangjun has provoked everyone from Jianghu sects, aristocratic families, rebel groups, and even the country. It is a miracle that Wu Xiangjun can survive to this day.

Shi Zhixuan did not expect that Wu Xiangjun could guess that it was him among so many enemies. This made Shi Zhixuan somewhat unexpected. Shi Zhixuan even admired him, but they were destined to be enemies. Shi Zhixuan was determined to kill Wu Xiangjun this time. Impossible to waver,

"Haha, Mr. Wu Xiang, you are really good. I didn't expect that you have so many enemies and you can guess that it's me. It seems that I underestimated you. I originally thought that you were just a soft-bodied man who relied on women. I didn't expect that you would still... He really has some skills. After hearing Shi Zhixuan's words, Su

Chen said angrily with a dark face, "Shi Zhixuan, you don't want to attack me personally. Why am I just a freeloader?"

"Is not it? Which woman around you is not stronger than you? There are a lot of women from masters, and there are also many women from great masters. You can even hook up with land gods in the heavenly realm. Why are you not a soft-boiled man?"

Shi Zhixuan also looked at Su Chen strangely. Shi Zhixuan knew this bastard very well when he was following Su Chen. Wu Xiangjun, this bastard's luck has never been broken.

There are even some things that he didn't know about, just like Wu Xiangjun before. Since Zilanxuan disappeared, he didn't find out where Wu Xiangjun went. If it weren't for Zi Nu, the woman who followed Wu Xiangjun, he wouldn't be here waiting for Wu Xiangjun to show up.

And the women here are more or less related to each other. Wu Xiangjun is related, and Shi Zhixuan is even a little jealous of Wu Xiangjun's popularity with women. You must know that none of Wu Xiangjun's women are simple people, who am

I? This bastard Shi Zhixuan said that he was speechless. Now, if his woman is stronger than him, is he a soft-boiled man?

Su Chen doesn't think that he is a soft-boiled man. Although sometimes he relies on women to help him, that doesn't mean he is a soft-boiled man.

Zi The girl next to Su Chen pinched Su Chen's waist hard. Although Zi Nu knew that Su Chen had several women, according to what the evil king Shi Zhixuan said this time, this bastard Su Chen must have other women. This made Zi Nu a little angry.

And the Nong Yu girls behind wanted to laugh. They all saw what Zi Nu was doing, but when they heard what they just said, they looked at Su Chen who had a dark face and guessed that this Wu Xiangjun would not He is really a man who eats soft food, right?

But if Lord Wu Xiang is really a man who eats soft food, he is also a king who eats soft food. I am afraid that there will be no one who can compare with Lord Wu Xiang in the future.

Wei Zhuang, Tianze , and Gai Nie, they just twitched the corners of their mouths. They are all womanizers. After listening to the conversation between Wu Xiangjun and Shi Zhixuan, they couldn't help but look at Wu Xiangjun.

They didn't know what Shi Zhixuan said. Is it true, but Wu Xiangjun was able to seduce some great masters and even a land fairy woman in the heavenly realm, which made them admire Wu Xiangjun. King Qin

Yingzheng looked at Wu Xiang curiously. Jun Suchen, he would not believe that Mr. Wu Xiang was a weak man. If Mr. Wu Xiang had no ability or means, would those powerful women follow Mr. Wu Xiang?

Su Chen directly grabbed Zi Nu and pinched his hand helplessly. Said to Shi Zhixuan,

"Shi Zhixuan, you are tired enough. You chased me all the way from the southern continent to the eastern continent just to kill me with one strike. Now that I have discovered you, why don't you give up? Shi

Zhixuan looked at the people around Wei Zhuang and Tian Ze and said,

"give up? Why should I give up? Now who here can stop me from killing you? Just rely on the few grandmasters next to you?"

At this time, a Nether Guard came in and said next to Su Chen,

"Let me report to your Majesty that several leaders of the Mo family and the farm family are outside asking for an audience."

Su Chen touched his chin speechlessly and ordered,

"Let them come in. It's lively enough here anyway. It doesn't matter if a few more people come."

"Yes, Your Majesty"

"Haha, Mr. Wu Xiang, your enemies are coming in this time. Aren't you afraid that we will join forces to deal with you?"

Shi Zhixuan was a little confused. The Mo family and the farmers outside were Wu Xiangjun's enemies. Why did he let them in without hesitation? Is Wu Xiangjun really not afraid that he would join forces with them to deal with him?

"How about joining forces? It would be easy for me to kill you, but I don't want to kill you yet"

"Mr. Wu Xiang, will you die if you don't show off?"

"Shi Zhixuan, do you believe that I don't have to do it myself if I want to kill you?"

"Haha, can your men here kill me? The land fairy woman in the heavenly realm beside you has left. I don't believe you can kill me now."

"Laugh, laugh, I'll make you cry later."

Su Chen is also a little anxious now. There is really no one here who can be the opponent of Evil King Shi Zhixuan. Concubine Yan has returned to Yin Yang's house now, and she doesn't know when she will come. And Shi Guanyin doesn't know where she went. Jing Salamander and Li Qiushui are not in the Eastern Continent.

Damn, no matter how much I think about it, there are some powerful women around me. What the hell, I seem to be a man who eats soft food.

Male friends like Lu Xiaofeng and the others are all The cultivation realm of some masters, they are also some scum here, and they are no match for Shi Zhixuan.

At this time, Jing Ke and Tian Meng also came in with a few masters, but when they came in, they saw the situation inside. Surprised, they did not expect that there was going to be a conflict here, and that a great master was going to deal with the person in charge of the Qin State.

Jing Ke and the others felt that they should not come in now. They only had to wait outside for a while and they would know the result. The Grand Master will definitely kill the person in charge of the Qin State.

They are coming here now to get involved in this matter. If the person in charge dies in front of them, the Qin State will not let them go in the future. The Mo family and the peasant family, Jing Ke and the others They all looked at each other and were speechless.

When Su Chen saw several people from the Mo family and the Nong family arriving, he asked, "Mo family, Nong family, tell me your names?"

"Mohist leader Jing Ke (Master Ban)"

"Farmer Tian Meng (Situ Wanli, Tian Hu, Tian Zhong)"

Su Chen was a little surprised when he looked at these people. Among these people, only Jing Ke and Tian Meng had some strength. The rest were just some scum. They dared to come in without fear of being killed. Have you killed them?

Especially Tian Meng, this scumbag must die. Su Chen will not let him or leave alive. An insidious and cunning scumbag cannot let him continue to live.

Although Jingyu follows him in this world, But Su Chen still didn't want him to live. Even if he offended the farmer, he would kill Tian Meng.

"Your Majesty, Ji Wuye and Bai Yifei, the generals of the Han Kingdom, are outside asking for a meeting."

"Let them come in too. It's getting more and more noisy here. Evil King, people from the Mo family and the farmer's family are here now. Why don't you talk and contact me and kill me together later?".....

Chapter 227

Su Chen now also wants to see what other forces are coming to this Xinzheng city. There are already the Mo family, the farm family, and Ji Wuye and Bai Yifei who are coming soon.

Here are Liusha Weizhuang and Baiyue Tianze, King Qin and Gai Nie of Qin State, and the trio of treasure thieves who are being guarded on one side, uh, and that old sinister evil king Shi Zhixuan.

Shi Zhixuan looked at the Mo family and the farmer's family and was a little speechless. Only two early masters and some people with innate cultivation levels dared to come in. Aren't they afraid that this insidious Lord Wu Xiang would kill them?

Shi Zhixuan looked at them and found that they had no intention of joining forces with the Mo family and the Nong family. They were all scum. Even Lord Wu Xiang's guards could destroy them. These people were not worthy of joining forces with him.

"Mr. Wu Xiang, I can kill you even if I don't unite with them."

Su Chen felt that Shi Zhixuan's nerves were about to break out after hearing Shi Zhixuan's words. Although Shi Zhixuan could kill them all, wouldn't it be good to have one more ally?

With Shi Zhixuan's intelligence, it's impossible for him not to see the benefits of this. See Now that I want to add fuel to Shi Zhixuan's mental disorder, it would be best for Shi Zhixuan to start a fight with the farmers and the Mo family.

Su Chen looked at Shi Zhixuan strangely and said with a smile,

"Oh, do you look down on these people from the Mo family and the peasant family? Indeed, they are all scum. If I were you, I would look down on them."

Shi Zhixuan heard what Su Chen meant by these words, and he said without caring at all,

"Haha, Mr. Wu Xiang, you don't need to sow discord. I don't need them to kill you. Even if I look down on them, do the Mo family and the peasant family dare to take action against me?"

"You are so presumptuous."

When Tian Hu heard Shi Zhixuan's disapproval of them, he pulled out his weapon and prepared to fight Shi Zhixuan.

"Tian Hu, shut up."

Tian Meng looked ugly and hurriedly grabbed Tian Hu. Didn't this bastard see that there was a great master on the other side? Damn it, how could I have such an idiot brother? When

Tian Hu saw his brother Tian Meng, he got angry again. He hurriedly lowered his head and said,

"Yes, brother."

Shi Zhixuan looked at the farmers and said gloomily, "Farmers, you'd better keep your mouth shut, otherwise I won't mind killing you first to warm up. Tian

Meng hurriedly said after hearing what the Grand Master said, "Grand Master, it was my second brother who was reckless just now. I apologize to you here.""

"You loser, get out of here."

When Tian Meng heard Shi Zhixuan's disdain for him, he clenched his fists and lowered his head. He couldn't afford to offend this great master. I'm afraid even their heroes are no match for him. Now he can only endure it. The rest of the farmer's family also Seeing the insulted Tian Meng, they did not dare to show any angry expressions towards the Grand Master. They had all felt the murderous intent of the Grand Master just now. If they dared to do anything provocative, I am afraid they would all be punished by this. The great master was killed.

At this time, Ji Wuye and Bai Yifei also came in. After they came in, they were like the Mo family farmers before. They also regretted coming in.

But Ji Wuye and Bai Yifei didn't want this great master to be in the cold country. Xinzheng killed the nobles of the Qin State, and he may have been a powerful nobleman, otherwise the Qin State would definitely not let the Han State go.

Su Chen looked at Ji Wuye and Bai Yifei when they arrived and ignored them.

Su Chen also did not expect Shi Zhixuan scolded Tian Meng for being a coward, but Tian Meng didn't refute, and didn't even show an angry expression. It seemed that Tian Meng was also a scheming person.

"Tsk tsk tsk, don't call the farmer's house a farmer's house from now on. You can change it to a coward's house in the future. How about the name Shi Zhixuan? Shi

Zhixuan looked at the farmer and said disdainfully to Su Chen,

"No, Mr. Wu Xiang, your method of sowing dissension is too despicable. Do you think I will be fooled?"

"Indeed, I am not Pei Ju like you. I can split the Turks into two without losing any of their soldiers, right? Evil King Shi Zhixuan"

"Mr. Wu Xiang, you know quite a lot. You even know my pseudonym."

"I know a lot more, such as the people in Youlin Xiaozhu."

When Shi Zhixuan heard that Lord Wu Xiang actually knew where his daughter lived, he couldn't help but want to kill Lord Wu Xiang now.

"You are looking for death."

Wei Zhuang, Tianze, and Wang Hu immediately stood up in front of Su Chen. They were very helpless now. This Lord Wu Xiang had nothing to do and he had to be angry with this great master. Did he want to die early and be reincarnated?

The Netherworld Iron Guard and the guards They also raised their Qi-breaking crossbows and prepared to shoot the great master.

Zinu hurriedly pulled Su Chen back. Zinu was speechless to Su Chen now. This bastard was already so angry at this time. Grand Master.

When Su Chen saw Shi Zhixuan burst out with astonishing murderous intent, he knew that he was very angry now. Su Chen just waited for Shi Zhixuan to completely lose his mind. An irrational person should be much easier to deal with.

"Wait, you're not schizophrenic again, are you?"

Shi Zhixuan was a little confused. Only a few people knew that he was mentally ill. It is impossible for Mr. Wu Xiang to know about his addiction.

"You know that? Su

Chen smiled and said to Shi Zhixuan, "Of course it was Shi Qingxuan who told me. You still don't know about my relationship with Shi Qingxuan, right?"

Shi Zhixuan was a little panicked when he looked at Su Chen. His daughter was now his only weakness. Although Shi Qingxuan had never forgiven him, Shi Zhixuan didn't want Shi Qingxuan to be hurt at all.

Shi Zhixuan asked Su Chen tremblingly, "You.....you.... You are.....What is the relationship?"

Su Chen looked at Shi Zhixuan and knew that he no longer had the ability to think. I'm afraid he would believe whatever he said now. Of course, if he said something wrong, Shi Zhixuan wouldn't believe it either.

Su Chen looked at Shi Zhixuan and thought in his heart Said: Shi Qingxuan, I didn't mean to ruin your innocence this time. Your father forced me to do this. If you find out in the future, don't be angry with me.

Su Chen coughed and said to Shi Zhixuan, "Cough, Shi Zhixuan, Congratulations on becoming a grandpa"

"What? How can this be? You lied to me, right? How could my daughter like you bastard? Are you lying to me?"

"Haha, based on my ability, isn't it normal for your daughter to like me?"

Boom, boom

, boom, boom, Shi Zhixuan angrily hit the wall. He knew how Wu Xiangjun dealt with women. This bastard is the nemesis of women. If he really meets his daughter, Qingxuan will definitely be beaten by this The bastard deceived him,

"Damn it, you damn bastard, how could you do that? Why didn't you tell me earlier? When Su

Chen saw Shi Zhixuan angry, he continued to deceive and said, "Ahem, Shi Zhixuan, it's not my fault. It's Qingxuan who didn't let me tell you.""

Shi Zhixuan was sitting on the broken table and chair beside him and said in a daze, "She still doesn't forgive me? Does she still refuse to forgive me?"

"How do I know? Qingxuan didn't tell me what happened between you."

"I want to go back, I want to see my daughter, she is pregnant now, I want to take care of her, Wu Xiangjun, you bastard, if you dare to let down my daughter, I will definitely kill you."

Chapter 228

Zi Nu now looked at Su Chen in shock. He did not expect that Su Chen was so shameless. Others did not know that she knew that Su Chen, a shameless person, had never met Shi Zhixuan's daughter.

This bastard didn't know where he learned about Shi Zhixuan's daughter, and now he actually deceived Shi Zhixuan and believed it to be true. After Zi Nu thought about it, others might also believe it. After all, this bastard was very good at dealing with women.

Zhu Yuyan from the Yinkui Sect, Fan Qinghui from Cihang Jingzhai, and Yao Yue from Yihua Palace were also deceived by Su Chen into having an unclear relationship with him, weren't they? Zi Nu now admires this bastard very much for resolving a crisis so easily.

Nongyu, her aunt, and Su Rongrong also looked at Su Chen in disbelief. They were very smart women, and they were speechless when they saw Su Chen talking nonsense.

A woman's reputation was ruined by Su Chen. If Shi Zhixuan went back and found that it was not the case, then Shi Zhixuan would definitely kill Su Chen, a shameless person.

Wei Zhuang and Tianze looked at Wu Xiangjun Su Chen with great interest. This time it was obvious that Su Chen was deceiving the evil king Shi Zhixuan. If Su Chen knew Shi Zhixuan's daughter, Su Chen would have told her.

It was impossible for Wu Xiangjun to say it until now, but Shi Zhixuan actually believed it. However, after looking at the other women in the hall, they somewhat understood why Shi Zhixuan believed Wu Xiangjun.

This bastard is obviously a shameless person. He has a good way with women. Maybe what Wu Xiangjun said may be true.

King Qin Yingzheng was speechless when he looked at Su Chen. This Lord Wu Xiang was not like a nobleman at all. Not even a king could be as shameless as Lord Wu Xiang. In order to deal with this Shi Zhixuan, Lord Wu Xiang actually destroyed a woman's life. Famous festival.

God even said that Shi Zhixuan's daughter was pregnant. If the great master Shi Zhixuan went back and found that her daughter had nothing to do with Wu Xiangjun.

King Qin Yingzheng thought about whether Shi Zhixuan would give his daughter directly to Lord Wu Xiang. After all, his daughter's reputation had been ruined by the shameless Lord Wu Xiang. There were many people here, and this matter was Can't hide it.

The people of the Mo family and the peasant family looked at the great master and Lord Wu Xiang with their mouths agape. They did not expect that the great master and Lord Wu Xiang had such a complicated relationship.

Now this Grand Master and Lord Wu Xiang will definitely not be able to fight, so it will be a bit dangerous for them to come here. There are four master masters here, and they don't know if Lord Wu Xiang will kill them in a while.

Ji Wuye and Bai Yifei arrived a little late, and they didn't know the situation here. Ji Wuye and the others also received a report from Mo Ya that there was a great master fighting with the people of Qin inside. They seem to be here now. Fight?

This guy is going to be a son-in-law and he still fights, but who is this Lord Wu Xiang? Ji Wuye and Bai Yifei have never heard of a military assistant in Qin State, which makes Ji Wuye and Bai Yifei a little confused.

"Wait, I said, father-in-law, you won't just leave like this, right?"

Su Chen saw Shi Zhixuan about to leave and hurriedly called him to stop him. Su Chen didn't want this free thug to leave just like that. This time he had to make use of the powerful Shi Zhixuan no matter what, otherwise he would be sorry for himself.

"Bastard, who is your father-in-law? If you dare to scream, I will kill you."

Shi Zhixuan was a little angry when he saw Su Chen. He didn't expect that his cabbage would be eaten by this shameless Lord Wu Xiang, and even her daughter was pregnant. This made Shi Zhixuan want to chop this bastard with one palm.

"Well, forget it, you can leave. I won't let Qingxuan recognize you when she gives birth to your daughter. I'm afraid you won't recognize your granddaughter anyway."

"granddaughter? Qingxuan is actually pregnant with a girl. The baby is great, haha. I didn't expect that I, Shi Zhixuan, would be a grandfather. If not, I have to think carefully about giving my granddaughter a good name."

Su Chen looked at the nervous Shi Zhixuan speechlessly. Damn it, I was just making an analogy, but this Shi Zhixuan actually took it seriously.

Damn it, you are pregnant with a daughter. Your daughter is still a perfect body. , this Shi Zhixuan's schizophrenia can't be so serious.

The people here are looking at Su Chen getting more and more weird. They didn't expect that this shameless Lord Wu Xiang could ruin a woman's reputation so completely, and now it's even more... Even the missing daughter was pulled out.

Shi Zhixuan's daughter will definitely not be able to marry in the future. They even doubted whether Wu Xiangjun had been plotting against Shi Zhixuan's daughter.

Shi Zhixuan smiled happily for a while and then said to Su Chen He smiled and said,"Haha, Su Chen, why did you stop me? Let me tell you now, I have to rush back to take care of my daughter and granddaughter."

Su Chen couldn't help but want to laugh after hearing Shi Zhixuan's words, but he couldn't laugh now. He hurriedly coughed to cover up his expression of wanting to laugh.

"Cough cough cough"

"You coughed farts, say it quickly"

"You also know that these people from the Mo family and the farm family are going to cause trouble for me. Now I don't have a powerful master to protect me. Do you think you can help me get rid of them?"

Jing Ke and the others immediately became nervous when they heard Wu Xiangjun's words. They did not expect that Wu Xiangjun would ask this great master to kill them. This Wu Xiangjun was so shameless. Now everyone in the Mo family and the farmer's family became nervous.

"Um? Do you want me to help you destroy people like the Mo family and the Nong family? You bastard, don't even think about it. I didn't kill you this time because it was for the sake of Qingxuan and my granddaughter. Now you still want me to be your thug. Are you dreaming?"

Shi Zhixuan, who Su Chen didn't kill, is already schizophrenic. How can he be so smart? It seems that he needs to find a way to let Shi Zhixuan kill one person first, and the other people can be dealt with by himself. Anyway, the Mo family and the farmer family are here this time. Zhazha

"Hey, Shi Zhixuan, I didn't ask you to kill these people, but one of them scolded your daughter Shi Qingxuan. Do you want to kill him?"

When Shi Zhixuan heard that someone from the Mo family and the Nong family dared to scold her daughter, his aura suddenly enveloped everyone in the Mo family and the Nong family,

"who? Who has scolded my daughter?"

Jing Ke and Tian Meng were a little frightened by Shi Zhixuan's killing momentum. This is a master in the middle stage of the Grand Master. If this Grand Master kills them, Jing Ke and the others may not even have a chance to resist. Now Jing Ke and the others hate Lord Wu Xiang to death. What a bastard.

Jing Ke and the others are now worried about who the person Wu Xiangjun is talking about? This is the first time they have met Wu Xiangjun. They don't know who his woman is, and it is even less likely that they have ever insulted him. Wu Xiangjun's woman.

This bastard is obviously talking nonsense. Jing Ke and the others are now afraid that Wu Xiangjun will randomly point out someone and let this great master accidentally kill him.

"It's him. He scolded Qingxuan very fiercely. Don't let this bastard go."

Chapter 229

Tian Meng was confused now. He didn't expect that bastard Wu Xiangjun would point at him. He had never seen the daughter of this great master. How could he have insulted his daughter? This Wu Xiangjun is obviously talking nonsense.

Tian Meng looked at Shi Zhixuan and said hurriedly,

"I didn't, I never insulted your daughter at all. This Lord Wu Xiang is obviously trying to sow discord. This Grand Master, don't believe his words."

Su Chen felt very happy when he saw the nervous Tian Meng. This bastard is also what he is today. When he was watching the anime, he really wanted to kill this bastard.

Jingyu saved him before revealing his identity, but this bastard was not only ungrateful. He even used a sneak attack to cripple Jing Salamander's martial arts, which made Su Chen couldn't help but want to kill this bastard.

Although Tian Meng, a bastard in this world, had not encountered Jing Salamander, Su Chen didn't want to let this insidious person live. After all, Jing Salamander is his wife now, and he doesn't want to see this Tian Meng again.

"Explanation is just a cover-up. Tian Meng, don't say anything more. You shameless person is dead today."

"Mr. Wu Xiang, I have never offended you, why do you want to frame me?"

"Hey, do I need to frame you? What are you? Any one of my men can kill you, you scumbag"

"why me? why me?"

"A sinister person does not deserve to live in this world."

Tian Meng still doesn't understand that this Lord Wu Xiang is so cruel to him. If he can't convince the Grand Master this time, I'm afraid he will really die here.

Tian Meng was a little panicked and said to Shi Zhixuan, "Grand Master, I don't know how to do it at all. I have never seen your daughter. This Wu Xiangjun is talking nonsense. Don't believe it."

Su Chen was speechless when he saw Shi Zhixuan looking at him. Why was this mentally ill person still suspicious? Su Chen directly gave Shi Zhixuan an ultimatum.

"Shi Zhixuan, it's up to you to kill or not. I'm sure Qingxuan doesn't know if you come to assassinate me this time. No matter whether this person insults Qingxuan or not, you have to kill him. If you don't kill this person, I will tell Qingxuan when I go back. Come and assassinate me."

Boom. Shi Zhixuan took action directly after hearing Su Chen's words. His daughter hated him very much. If she knew that he came to assassinate his husband, I am afraid that the relationship between them will definitely break down completely in the future.

Shi Zhixuan doesn't care about Su. Is what Chen said true? Anyway, killing a little scumbag in the early stage of a grandmaster won't waste anything. As long as Su Chen, the bastard, doesn't sow discord between him and his daughter after he returns, Shi Zhixuan is helping Su Chen. I was willing even once.

Shi Zhixuan's Immortal Seal attacked Tian Meng's body, and Tian Meng was knocked away with a palm from Shi Zhixuan.

Tian Hu next to him wanted to save Tian Meng, but before he could do anything, he Being pulled back by Tian Zhong and Situ Wanli, Situ Wanli and Tian Zhong shook their heads at Tian Hu. They all knew that Tian Hu, who was in the Xiantian realm, also came up to deliver food.

They didn't want Tian Hu to provoke that great master. If Tian Hu After the tiger angered the great master, the great master wanted to destroy all the farmers, and Situ Wanli and

Tian Zhong would also suffer the same fate. Jing Ke and Master Ban took a breath, but this time Wu Xiangjun scared them hard. If Su Chen had pointed at one of them, I'm afraid they would have been killed directly by the great master like Tian Meng.

After Tian Meng was seriously injured by Shi Zhixuan's palm, he stood up vomiting blood and staggered and said to Shi Zhixuan ,

"Ahem, I didn't insult your daughter, I didn't. Shi

Zhixuan walked up to Tian Meng expressionlessly and said,"No matter whether you have insulted my daughter or not, you are dead this time for the sake of my future granddaughter."

"Why? You clearly know that Mr. Wu Xiang is avenging his personal revenge, why do you want to help him?"

"I don't want my daughter to hate me anymore, and I don't want my soon-to-be-born granddaughter to hate me either, so you have no choice but to die. If I want to blame you, blame that bastard Suchen."

Boom."

Shi Zhixuan said and smashed Tian Meng's head with one palm. Shi Zhixuan looked at the dead Tian Meng and said to Su Chen,

"Su Chen, I don't want Qingxuan to know that I've met you"

"Understand that I have never met you either."

After Shi Zhixuan heard this, he turned around and disappeared into the fighting hall. His phantom magic skills left only a figure in the place. This figure also slowly dissipated after Shi Zhixuan disappeared.

After Zi Nu and Nong Yu saw Shi Zhixuan disappear, I breathed a sigh of relief. As long as the great master left, Su Chen's threat would be lifted, but this time Su Chen was a little despicable.

Wei Zhuang and Tianze also stepped aside after Shi Zhixuan left. Now they are watching Su Chen's face twitched. If anyone were to be Su Chen's enemy in the future, it would be best if there were no beautiful women at home, otherwise they would be played to death by Su Chen. When

Su Chen saw Shi Zhixuan leaving, he looked around. People looked at him very strangely, and Su Chen also knew why they had such strange expressions.

Su Chen didn't care about what these people thought of him, as long as he could survive this crisis.

Su Chen said to Nong Yuzhao waved her over

"Your Majesty?"

Kangshuyu came over and looked at Su Chen in confusion. She didn't understand why Su Chen asked her to come over at this time.

"Nongyu, please pour me a cup of tea. I'm dying of thirst. That evil king Shi Zhixuan is really not easy to deal with."

"Haha, I'll go right away."

Su Chen looked at the remaining people from the Mo family and the farmer's family and shouted, "Zhao Kong, bring Chu Liuxiang and the others over."

"Yes, Your Majesty."

Su Chen looked at Jing Ke who was going to assassinate King Qin and said with a smile,

"Jing Ke, I heard that you have a beautiful junior sister, is it true?"

Jing Ke nervously denied it after hearing Su Chen's words.

"No, my junior sister is not beautiful at all. Mr. Wu Xiang may have misunderstood the rumors."

Jing Ke is a little panicked now. His junior sister is outside. If Wu Xiangjun catches his junior sister, I am afraid that her junior sister will definitely be kidnapped by this shameless Jun Wu Xiang in the future because of her beauty.

"Yeah? Maybe I misheard the rumors."

Su Chen smiled and stopped teasing Jing Ke. Although Gongsun Liji is very beautiful, Su Chen doesn't care about a brainless woman.

King Qin Ying Zheng looked at Jing Ke and thought, since Wu Xiangjun said Jing Ke's junior sister is very beautiful, that must be true, otherwise Wu Xiangjun would not say this. King Qin Ying Zheng looked at Su Chen and smiled. At this time, Zhao Kong came over with Chu Liuxiang and others who had already woken up. Su Chen looked at Chu Liuxiang and the others and felt that they were very miserable. Wei Zhuang and Tianze were both very cruel people. Chu Liuxiang and the others were very lucky not to die in the hands of Wei Zhuang and Tianze.

"Your Majesty, Madam Zinu promised to spare their lives, please spare their lives."

Chapter 230

Li Hongxiu and Su Rongrong saw that Chu Liuxiang and the others were being escorted over. They looked at the miserable appearance of Chu Liuxiang and the others, and Li Hongxiu and Su Rongrong couldn't bear it.

They were also afraid that Lord Wu Xiang would execute Chu Liuxiang and the others, and they could not figure out the character of this somewhat shameless Lord Wu Xiang.

Seeing the way Li Hongxiu and the others looked at her, Zinu helplessly said to Su Chen,

"Husband, I promised to keep them and persuade you not to kill them. As for you, just do whatever you want."

Su Chen was speechless when he looked at Zi Nu. He originally wanted to kill Chu Liuxiang and the others to avoid future troubles. Chu Liuxiang's master is a land immortal in the Celestial Realm. Although killing Chu Liuxiang would offend a Celestial Realm.

But Su Chen didn't care, if I have always been timid, so it would be better to stay in Gusu City and not come out.

Su Chen smiled sinisterly and said,

"Since Madam agreed, they don't have to die, but we can't let them go like this. Chu Liuxiang, only two of the three of you can leave. I will keep the rest in prison until he dies. You can discuss who should be the one. stay."

Ji Bingyan stood up and said to Su Chen,

"I stay. Hu

Tiehua walked out with some difficulty, then grabbed Ji Bingyan and said, "No, I'll stay.""

"Lao Hu, I don't have any concerns, so just let me stay."

"No, if you want to stay, I will stay. You and Chu Liuxiang leave together. Anyway, I am just being held and my life will not be in danger."

"Stop arguing. Your injuries are serious. You can't stay. It's better for me to stay."

"Lao Ji, what are you talking about? I have to stay because my injury is serious. You take Chu Liuxiang and leave quickly."

Chu Liuxiang also stood up staggeringly at this time. He looked at Ji Bingyan and Hu Tiehua and said to Su Chen expressionlessly,

"You can't keep any of us. Mr. Wu Xiang, you have to think clearly. You have to know that we Jianghu are different from your court. If you don't want to be assassinated by us in the future, let us go. Su Rongrong and the others must also fight with us. Leave or you will regret it."

Ji Bingyan was a little anxious after hearing Chu Liuxiang's words. He was not unconscious. He could see clearly what happened here. Chu Liuxiang was still so stubborn at this time, which would definitely anger Mr. Wu Xiang. Ji Bingyan hurriedly said to

Chu Liuxiang scolded loudly,

"Chu Liuxiang, what are you talking about?"

Li Hongxiu also stared at Chu Liuxiang in disbelief. She did not expect that at this time, Chu Liuxiang still wanted to take them away. Li Hongxiu also trembled from Chu Liuxiang and said loudly,

"Chu Liuxiang, we have already promised Madam Zinu, why are you still so stubborn?"

Everyone else in the hall looked at the thief Chu Liuxiang like an idiot. They knew that the consequences of offending Mr. Wu Xiang would be very cruel. Even if Tian Meng didn't offend Mr. Wu Xiang, wasn't he also criticized by Su Chen's insidious words? Just let the great master kill him?

Su Chen knew that Chu Liuxiang's background was very tough, but so what, he didn't have land gods in the heavenly realm around him. At worst, he let Shi Guanyin kill Emperor Ye. Shi Guanyin should be better than Ye Emperor. The Emperor is so powerful that Shi Guanyin must not be able to kill the Night Emperor, and the Night Emperor may not dare to assassinate him.

Su Chen looked at the tough Chu Liuxiang and said with a smile, "Haha, come on, chop off one of Chu Liuxiang's arms."

"Yes, Your Majesty." When

Chu Liuxiang saw that Su Chen's men were about to cut off his arm, he hurriedly threatened Su Chen,

"Mr. Wu Xiang, you can't cut my arm. My master is the Emperor of the Night. You have to think about it, otherwise you won't be able to bear the consequences."

Su Chen looked at Chu Liuxiang expressionlessly and said to Wang Hu coldly,

"Wang Hu, do you want me to say it again?"

"The subordinate knew he was guilty, but he still refused to hold him back. Su

Chen looked at Chu Liuxiang who was being pulled out and thought disdainfully: Idiot, do you think you can do whatever you want with a master in the heavenly realm? Emperor of the Night? It seems that your master still doesn't want to give up the throne of the Ming Dynasty. It seems that it was time to contact the Ming Emperor.

Ji Bingyan and Hu Tiehua did not intercede for Chu Liuxiang this time. They could see that Wu Xiangjun was a little angry this time. Even the great master who assassinated him just now did not make Wu Xiangjun angry. This time Chu Liuxiang really pissed off Wu Xiangjun.

Li Hongxiu and Su Rongrong were a little anxious when they saw Chu Liuxiang being pulled out, but there was nothing they could do now.

Li Hongxiu and the others also knew that if they plead for Chu Liuxiang now, they might not be qualified in the future. They asked Wu Xiangjun and Mrs. Zi Nu for anything. Li Hongxiu and the others wanted to plead with Ji Bingyan later. It was inevitable that Chu Liuxiang would lose an arm this time. At this time, a Netherworld Iron Guard came in and saluted Su Chen and said

"Report to your Majesty that the ninth young master of the Han Kingdom is outside asking to see you, and Mrs. Han Wang is also outside asking to see you."

Su Chen was a little speechless after hearing the report from his men. Han Fei came here after being released by Madam Mingzhu. Su Chen could guess that, but why did Madam Mingzhu come to join in the fun?

"let them all in"

""It's your Majesty."

When Han Fei came in, he saw that there were so many people here, and that Mr. Wu Xiang actually walked here, which surprised Han Fei.

How did Mr. Wu Xiang know Mrs. Mingzhu? And Mrs. Mingzhu Why do you want to help Mr. Wu Xiang? What is the relationship between Mrs. Mingzhu and Mr. Wu Xiang? This made Han Fei a little confused.

Han Fei walked up to Su Chen with these questions and saluted Su Chen and said,

"Han Fei had met Wu Xiangjun, but he never expected to see Wu Xiangjun again after the Great Sui Dynasty. Han Fei was able to be released by King Han this time, thanks to Wu Xiangjun."

Su Chen was speechless looking at this unlucky guy. Su Chenke and Han Fei didn't say a word. This thick-skinned Han Fei is really a familiar person.

"Han Fei, I'm not familiar with you. The reason why I'm helping you this time is because I promised Wei Zhuang. If you want to thank me, just thank Wei Zhuang."

"Haha, Wei Zhuang naturally wants to thank you, and I also want to thank Mr. Wu Xiang."

""It's up to you."

Mrs. Mingzhu came in and saw that there were so many beauties around Su Chen. Her face changed slightly. This bastard also said that there were three or four ladies. Besides Zi Nu, the other women here must also be related to this bastard Su Chen..

And why is Hu Meiren here? Could it be that the bastard Su Chen also accepted this beauty from King Han?

Mrs. Mingzhu glanced at Su Chen with her beautiful eyes and said with a smile,

"Mr. Wu Xiang, we have met again. This time King Han asked me to invite you to visit King Han's palace when you are free."

Su Chen smiled when he saw this charming Pearl Lady, "Madam, don't worry, I've taken care of it. If you do this, you will go to see King Han."

"This is best."

Ms. Mingzhu walked to Su Chen and nodded, then looked at Hu Meiren behind Su Chen and said,

"Hu Meiren, I didn't expect you to be here. What is your relationship with Wu Xiangjun?"
