Chapter 2211

Su Chen suddenly heard the message from the Hate Empress and shook his head.

He wanted to kill Emperor Zun and had already done it.

Su Chen could be said to be too lazy to do anything to Emperor Zun, or it could be said that this was a matter in the wild realm. He didn't want to get involved.

After all, the Wilderness Realm and the Great Desolate Immortal Realm have the same origin. Su Chen and the Great Desolate Immortal Realm are now life-and-death enemies. It is impossible for him to interfere excessively in the Wilderness Realm unless necessary.

"Sister, this is a matter in the wild realm. You also know my identity. It is up to you to resolve this Emperor."

"I understand brother!"

In the hidden space above the Purple Mountain, the Hatred Empress shook her head helplessly after hearing Su Chen's words.

The Hatred Empress knew what Su Chen meant.

The wild world and the prehistoric fairy world were too deeply involved.

Her brother If she interferes too much in the affairs of the Wild Realm, it will be counterproductive. The Wild Realm may not only not thank her brother, but may even hate her brother. The

Hatred Empress thought that if another realm war broke out in the Wild Realm, the Wild Immortal Realm would not be able to take care of itself now. , when the time comes, can the Wild Realm still rely on the Ancient Immortal Realm to resist the invasion of the Heaven Realm? If the

Wild Realm cannot resist the invasion of the Heaven Realm, the Xuantian Realm may not help the Wild Realm.

For the Xuantian Realm,

If the gods from the Xuantian Realm come to the Wild Realm, the creatures in the Wild Realm will also think that the Xuantian Realm is invading them.

Liu Shen saw the 807 look on the Hatred Empress and asked,

"Hater, your brother is not going to take action?"

The Hater Empress nodded and replied,

"Well, after our arrival, my brother did not plan to kill Emperor Zun again. He did not want to have anything to do with the wild realm, and he did not want the creatures in the wild realm to know that he was from another realm."

Liu Shen looked at the Hatred Empress and frowned.

She felt that the Hatred Empress seemed to have something that she had not said.

Liu Shen thought of the power of the Xuantian Realm, and even the more than ten saints in the Xuantian Realm.

She understood the Xuantian Realm. The Xuantian Realm would not invade the Wild Realm, but with the expression of the hated empress, Liu Shen felt that it was impossible for the Xuantian Realm to help the Wild Realm.

After thinking about it, Liu Shen hurriedly asked,

"Hater, you didn't tell me the truth. If a realm war breaks out, is your brother unwilling to help the wild realm?"

The Hater Empress explained helplessly,

"Well, the Wild Realm and the Ancient Immortal Realm are too deeply involved. My brother can be said to have been driven out of the Ancient Immortal Realm. There will be a battle between the Xuantian Realm and the Ancient Immortal Realm sooner or later."

After Liu Shen heard the words of the Hateful Empress, she was also very helpless.

Liu Shen understood what the Hateful Empress (chcg) meant. The

Savage Realm is like brothers in the Prehistoric Immortal Realm. If the Xuantian Realm and the Prehistoric Immortal Realm are If a realm war breaks out, the Savage Realm will definitely side with the Immortal Realm.

Liu Shen rubbed his forehead and said helplessly,

"Alas, you told me that the Great Desolate Immortal World is not as good as before, and even many powerful people in the Great Desolate Immortal World have followed your brother and left."

"If the Wild Realm is invaded by the Heaven Realm, will there be strong people in the Ancient Immortal Realm to help the Wild Realm? Is there an army of gods in the prehistoric fairyland to help the barbaric realm?"

"this....."

When the Hatred Empress heard Liu Shen's words, she had no choice.

The Wild Realm was the realm where she was born. The Hatred Empress didn't want the Wild Realm to be destroyed by the Heaven Realm, but she couldn't unreasonably let her brother help the Wild Realm. realm.

On Zishan Mountain,

Su Chen, the Immortal Queen, Jiang Taixu, and the anxious Emperor Zun were all stunned. It had been almost a quarter of an hour.

The small tower in the sky was still suppressing Emperor Zun's World Cauldron, but Hate The Human Empress never appeared, nor did she take action against the Emperor, which made the people on Zishan very confused.

I go!

What is the Queen of Haters doing?

Why didn't you show up for a quarter of an hour?

Didn't he tell the hater that the Queen's soldiers wouldn't take action? Could it be that the Hater Empress and Liu Shen are discussing who should take action?

Su Chen shook his head speechlessly.

He couldn't understand why the Hater Empress and Liu Shen didn't take action yet, but he didn't care so much.

The Hateful Empress and Liu Shen have arrived, and it is impossible for them to let go of Emperor Zun, the scourge of the common people. (To read Baoshuang novels, go to Feilu Novel Network!)

At this time,

Emperor Zun shouted angrily at Su Chen with a livid face, "Boy, are you lying to me?"

Su Chen looked at Emperor Zun and said coldly. ,

"How about deceiving you?"

"Damn it, you're really cheating.....Well!"

When Emperor Zun was so angry that he was about to attack Su Chen again, a woman in white wearing a ghost face mask suddenly appeared on Zishan Mountain, which made Emperor Zun's face change color immediately.

Powerful, this woman in white is very powerful, which is different from him. Seeing that the Immortal Emperors in the sky who were polluted by dirty blood were as powerful as this, the woman wearing the ghost mask turned out to be an Immortal Emperor. The

Emperor turned around and disappeared quickly.

He wanted to escape quickly.

He was not this powerful woman in white at all. Opponent.

When the Immortal Queen and Jiang Taixu saw the appearance of the Hatred Empress, their eyes widened.

Empress Nanling!

They all knew it, but why was the Hatred Empress so powerful?

The Hatred Empress looked at Su Chen and asked shouted,

"elder brother!"

Su Chen came to the Hatred Empress and asked doubtfully, "Nanny, aren't you going to kill the Emperor?"

"He can't escape, someone will kill him"

"Is it Liu Shen?"

"Brother, do you know Liu Shen?"

Su Chen smiled and nodded and replied,

"I've heard about her, Liu Shen is a woman worthy of respect, I didn't expect you to be friends with Liu Shen."

The Hatred Empress smoothed her hair and said to Su Chenshu, "Liu Shen and I have known each other for tens of thousands of years. This time, thanks to Yan'er's Three Light Divine Water, Liu Shen would not have been able to completely recover."

Su Chen was very speechless when he heard that he hated the Empress.

Three Light Divine Water?

He was lucky to have a spring that produced Three Light Divine Water. Otherwise, the Three Light Divine Water would have been completely destroyed by Su Yan's three sisters.

"That little girl regards my treasure house as hers. In Merlot Heaven, Su Yan and her sisters go to the treasure house to search every day. I am too lazy to deal with those three naughty little girls."

"hehe....."

The Immortal Queen and Jiang Taixu were completely confused.

The Nanling Empress was actually this man's sister? This news is really scary. The Supreme Being in the most powerful life restricted area actually has a powerful brother?

Boom boom boom.....

At this time, a roaring sound of fighting came from thousands of miles away.

Su Chen looked at the fight in the distance and didn't care.

Liu Shen was also a powerful Immortal Emperor. It would be easy for her to kill Emperor

Zun. Su Chen thought of Emperor Wu Shi's Wu Shi Bell, so he took it out and handed it to Hen. The Human Empress said,

"Girl, this is Wu Shi Zhong. You can let Wu Shi Zhong absorb the origin of this world cauldron. In this way, Wu Shi Zhong might be promoted to the innate spiritual treasure."

Chapter 2212

The Hatred Empress looked at the Wushi Bell that Su Chen handed her, and she was very surprised,

Wushi Bell?

This was the imperial weapon of Emperor Wushi from tens of thousands of years ago. The Hateful Empress did not expect that Su Chen would get Emperor Wushi's Wushi Bell.

The Empress of Haters shook her head and refused,

"Brother, this is the imperial weapon of Emperor Wushi. I cannot take it as my own. Emperor Wushi has made great contributions to the wilderness. He deserves the respect of the humans in the wilderness."

Su Chen shook his head when he heard the words of the Hatred Empress. He has a treasure trove of acquired spiritual treasures.

He has a lot of such garbage in his treasury.

Su Chen just thinks that Wu Shi Zhong has good abilities, so he wants to give it to his sister to use.

Since the Hateful Empress didn't want it,

Su Chen thought about it and put it away.

The Hateful Empress was a human race in the wild realm. In the wild realm, the Great Emperor Wushi was worthy of the respect of the entire human race. Su Chen I also understand that the Empress of Haters does not want Wu Shizhong.

Su Chen touched the hair of Empress of Haters and smiled and said,

"Girl, since you don't want the Shiwu Bell, my brother will give you some of the origins of heaven, your ghost face mask, the sky-swallowing magic jar, and the Bronze Immortal Palace. You can upgrade these spiritual treasures to the top innate spiritual treasures."

"Thank you brother!"

The Empress of Haters smiled and nodded.

She was not polite to Su Chen.

The Empress of Haters knew that Su Chen had been plundering the origin of Heaven's Dao in various realms. The origin of Heaven's Dao was easily accessible to Su Chen.

Besides, Su Chen was her brother, and she was also her brother. Her only relative, the Hater Empress, can refuse help from others, but Su Chen's help to her will be readily accepted by the Hater Empress.

"Jiang Taixu has met the Empress of Nanling!"

At this time,

Jiang Taixu came to Su Chen and the Hater Empress. He saluted the Hater Empress.

Jiang Taixu respected the Hater Empress very much.

The Hater Empress had calmed down many dark turmoils.

In the Dark At the most critical moment of the turmoil, the Hateful Empress killed the extremely sublimated Abandoned Heaven Supreme, forcing the Stone Emperor to retreat to the Mountain of the Immortal, and suppressed other supreme beings in the restricted area of life who did not dare to be born.

The Hateful Empress was the most talented woman in ancient times. , the most gorgeous woman of all time, the number one hater in ancient and modern times, and even one of the most respected emperors of the human race in the wild realm. The

Queen of Haters looked at Jiang Taixu and said,

"Jiang Taixu, your life is not long. You will die in a few years."

Jiang Taixu nodded and said,

"I know that I have been trapped in Zishan for too long and my life force is about to be exhausted."

The Hateful Empress looked at the weak Jiang Taixu and shook her head.

Jiang Taixu is the quasi-emperor of the human race.

He is proud to survive this time.

Jiang Taixu may not have time to recover. It is impossible for all races in ancient times to allow more races. A quasi-emperor, the various holy places of the human race and the ancient families will not let the quasi-emperor of the Jiang family recover.

"Alas, Jiang Taixu, even if you return to your family, the ancient tribes in the wild world will not let you go. You are a quasi-emperor of the human race, the supreme of other ancient races, and even other holy lands and ancient families. will restore you"

"Let's see then."

Jiang Taixu knew his situation.

As long as the news that he was not dead spread out, Jiang Taixu would have no time for his family to find elixir to extend his life.

Those ancient tribes, various holy places and ancient families, they They would not allow him time to recover. Jiang Taixu might not be able to wait a few years before he would be killed by some strong men.

Su Chen listened to the conversation between the Hater Empress and Jiang Taixu.

He did not want to meddle in others' business.

Su Chen sent Jiang Taixu to Jiang Taixu. Taixu was benevolent and righteous when he was rescued from Zishan. As for what Jiang Taixu will do in the future.

It's none of his business. (To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen plans to teleport Jiang Taixu to Xiaoxiao The village will leave.

With the protagonist Ye Fan in the small village, Jiang Taixu's life or death depends on his fate. When the Immortal

Queen came to Su Chen, she thanked him,"Senior, thank you for your life-saving grace."

Su Chen looked at the extremely charming Immortal Queen.

He thought about it and said to the Immortal Queen,

"Immortal Queen, I did not save you for nothing. During the time I am in the wild realm, you will be my maid."

"I.....I agreed."

The Immortal Queen's expression changed when she heard Su Chen's words.

She didn't expect that Su Chen would ask her to be a maid.

The Immortal Queen was the Queen of Heaven in the mythical period, and she was also a powerful quasi-emperor.

What a maid?

This powerful man actually wanted her to be a maid? Become a maid?

The Immortal Queen looked troubled and didn't want to agree, but she thought of Su Chen's strength.

Su Chen first rescued her from the seal of Emperor Wushi, and then saved her life from Emperor Zun, and even Even the Nanling Empress is Su Chen's sister, and the Immortal Queen dare not oppose Su Chen's decision.....

Whoosh!

At this time, a woman in white suddenly arrived, holding a small cauldron in her hand and appearing next to the Hater Empress.

This woman's face is so hazy that no one can see her true face, but this woman in white has a curvy figure and graceful grace. She looks unrivaled in every move and stillness, and she appears to be arrogant and elegant, a noble temperament that is unparalleled in the world.

When the Hatred Empress saw Liu Shen arriving, she asked Liu Shen,

"Liu Shen, has Emperor Zun been killed? Liu

Shen handed the small cauldron in his hand to the Hatred Empress and said,"Well, this is the Emperor's Imperial Weapon Source Cauldron.""

The Empress of Hatred shook her head and said,"I don't need it, Liu Shen, you also put away the Immortal World Cauldron. I have imperial weapons and immortal weapons, these are useless to me."

"All right!"

Liu Shen looked at Su Chen next to her, and she put away the Imperial Weapon Source Cauldron and the Immortal Weapon World Cauldron.

Liu Shen knew that Su Chen existed, and the Hater Empress did not lack spiritual treasures at all. The small tower in the sky It is a top-notch spiritual treasure in the ancient immortal world, which is much more powerful than imperial weapons and immortal weapons. The

Hater Empress took out a three-thousand-year-old flat peach, she brought it to Jiang Taixu and said,

"Jiang Taixu 1.0, I have a top-quality elixir here, which can restore your vitality for thousands of years, but the trauma in your body needs a spiritual spring to restore it."

"Thank you, Empress!"

Jiang Taixu didn't expect that the Hatred Empress would give him the elixir, and it was also a top-quality elixir that could restore his vitality for thousands of years. This was great news for him.

Liu Shen patted The Empress of Hatred said over her shoulder, "Hate, heal the wounds in Jiang Taixu's body. The human race needs strong men like Jiang Taixu.""

"All right!"

The Hatred Empress nodded when she heard Liu Shen's words.

There are still too few strong men in the human race in the wild realm. If faced with the invasion of the ancient tribes or even the heaven realm, the human race may suffer heavy casualties, and may even be annihilated. risk

"Brother, give me three drops of Sanguang Divine Water!".

Chapter 2213

Su Chen was very speechless when he heard the words of the Hatred Empress.

He expected that the Hatred Empress would save Jiang Taixu, but he had already used up the Three Light Divine Water. This time when he came to the wild world, Su Chen also forgot about it. I added some Sanguang Shenshui.

Su Chen coughed and said,

"Cough, sister, I forgot to bring the Three Lights Divine Water this time. How about you go back to Merlot Heaven to get it?"

"Life spirit liquid can also be used!"

The Empress of Hatred rolled her eyes at Su Chen and stretched out her hand to continue.

She believed that Su Chen no longer had the Sanguang Divine Water, but the Life Spirit Liquid could also heal the damage in Jiang Taixu's body.

"All right!"

Su Chen took out a jade bottle and handed it to the Hatred Empress. He still has a lot of life spirit liquid. Gaia's life spirit spring is in his treasure house. He uses the life spirit liquid and the three-light divine water. Inexhaustible.

At this time,

Liu Shen walked up to Su Chen and introduced, "His Majesty the Emperor of Heaven, I am Liu Shen, the friend of Hate."

Su Chen looked at Liu Shen's hazy face and nodded.

"Liu Shen, I know you. Since you are my sister's friend, you can call me Su Chen."

"Okay, Su Chen, do you have anything to do with the wilderness realm you brought this time?"

"Well, there are some things, mainly to capture my three daughters and bring them back, and to kill someone in the wilderness."

"Brother, who do you want to kill?"

After the Hatred Empress gave Jiang Taixu the life spirit liquid, she was a little surprised when she heard Su Chen's words.

How could there be anyone worthy of Su Chen's killing in the wild world?

The Hatred Empress thought that her brother was also here for the first time. In the wild realm, no one in the wild realm should provoke her brother.

Whoosh!

Su Chen moved Jiang Taixu to the small village with a wave of his hand.

He didn't want Jiang Taixu to know some of his things. Just now Jiang Taixu He was very surprised when he heard Liu Shen calling him Emperor of Heaven. Su Chen would not let irrelevant people continue to hear information that they should not hear.

In the small village, the Kunlun realm in front of Su Yan and others suddenly disappeared. The Kunlun realm suddenly disappeared. It also returned to Su Yan's hands.

Su Yan put away the Kunlun Realm and said speechlessly,

"Come on, my dad has cut off his Kunlun realm ability. We can't see or hear any information anymore.."

Ji Ziyue and others were very speechless.

They all wanted to know who Su Chen wanted to kill, but at the critical moment, Su Chen actually blocked the ability of Kunlun Realm. Although they were depressed, they had no way to do it.

"Jiang Taixu?"

Suddenly,

Ye Fan saw Jiang Taixu suddenly appearing in the small village, and he hurriedly reminded others,

"Is this really Jiang Taixu? How could he suddenly appear in a small village like this?"

"It's Su Yan's father. Just now, Su Yan's father waved and sent Jiang Taixu to the small village."

"Well, I also saw Su Yan's father waving his hands"

"It seems that Jiang Taixu is not welcome there, and Su Yan's father doesn't want Jiang Taixu to hear what Su Yan's father said."

"Well, the Immortal Queen is still there, why didn't Su Yan's father send the Immortal Queen away?"

"Ji Ziyue, the Immortal Queen has been accepted as a maid by Su Yan's father. Do you think the Immortal Queen will still be free in the future?"

"Uh, that's right!"

When Ji Ziyue and Yaochi Saintess saw Jiang Taixu's appearance, they all started talking.

They all felt that what Su Yan's father said next might be very secretive. Su Yan's father didn't want to let them know, and don't want Jiang Taixu to know.

Jiang Taixu looked at this small village in confusion, especially after he heard the conversation between Ji Ziyue and others, he also understood that the brother of the hated empress sent him here.

Jiang Taixu was still very confused,

Emperor of Heaven?

God Liu actually called the brother of the hated empress the Emperor of Heaven?

There is no Heaven in the wild realm, and there can be no Emperor of Heaven. The Emperor of Heaven in the prehistoric fairy world cannot be The brother who hates the Empress, so the brother who hates the Empress is the Emperor of Heaven in that realm?

At this moment, the Black Emperor was lying under a tree thinking about the image he saw.

The appearance of the Wu Shi Clock made the Black Emperor's eyes reveal longing. , his master Emperor Wushi has disappeared for tens of thousands of years, and there is no way to know whether Emperor Wushi is alive or dead. The Black

Emperor looked at Ye Fan and shook his head.

He originally wanted to take Ye Fan to find the Wushi Bell. , even the Wu Shi Sutra on the Wu Shi Clock, the Black Emperor also wanted Ye Fan to practice it, (for Baoshuang novels, go to Feilu Novel Network!)

But the Wu Shi Clock has fallen into the hands of Su Yan's father, The Black Emperor did not dare to ask Su Yan's father to get back the Wushi Bell, and he did not have the guts to ask for the Wushi Bell back.

On Zishan Mountain, after Su Chen sent Jiang Taixu away, he looked at the people present and said He opened his mouth and said,

"It's Tathagata Many Treasures. I found the aura of Tathagata Many Treasures in the wild realm. He should be hiding in the wild realm.

Liu Shen was surprised when he heard Su Chen's words and asked, "Tathagata with Many Treasures?" Is he the Buddha from the Buddhist sect in the prehistoric fairy world?"

"good!"

After the Empress of Hatred heard that it was the Tathagata Duobao, she understood.

The Tathagata Duobao had taken action against Su Chen in the ancient fairy world. There was no place for the Tathagata Duobao to hide in the immortal world. It was really possible for the Tathagata Duobao to hide. In the wild realm.

The Hater Empress explained to the surprised Liu Shen beside her.

"Liu Shen, it's like this. When my brother was in the prehistoric immortal world, the Tathagata Many Treasures said to my brother....."

The Immortal Queen looked at Su Chen in confusion.

She heard clearly what Liu Shen called Su Chen just now,

Emperor of Heaven?

This man named Su Chen is actually an emperor?

But is this possible?

There is no Heavenly Emperor in the wild realm. The Heavenly Emperor in the wild fairyland is called Haotian. The Immortal Queen cannot figure out where Su Chen is the Heavenly Emperor?

Could it be that Su Chen is the Emperor of Heaven from another strange realm?

The Immortal Queen felt even more uneasy when she thought about this. After hearing these secrets, would Su Chen let her go?

The Immortal Queen was worried that Su Chen would make her a maid all her life.

After Liu Shen heard what the Hateful Empress said, she was very surprised.

Liu Shen did not expect that the Buddha Duobao Tathagata of the ancient Buddhist sect would actually plot against the Hateful Empress's brother.

Tathagata Duobao is seeking death.

Liu Shen thought that Duobao Tathagata was not only being hunted by the Buddhists in Hong (Zhao Hao) Huangxian Realm, but also Su Chen was chasing Duobao Tathagata.

The Buddha, a top power in the prehistoric immortal world, was reduced to a homeless dog hiding everywhere.

This is really ironic

"Brother, let me help you find Duobao Tathagata."

Su Chen shook his head and refused,

"No need, I have already informed Gaia of his arrival. As long as Duobao Tathagata is still in the wild realm, he will be dead this time."

Boom boom.....!

At this time, the wild realm suddenly shook violently.

The Queen of Haters felt the vibration in the wild realm and shouted,

"No, the space channel between the wilderness realm and the heaven realm has been opened. There are still five hundred years before the space channel can be opened. How come the space channel is opened in advance this time? Liu

Shen said with a serious face,

"Haters, the war in the realm may start in advance. There must be a strong person who has opened the space channel in the wild realm."

Chapter 2214

The Hatred Empress and Liu Shen both looked solemn at this moment.

They did not expect that the space enchantment would be opened.

The last realm war only ended more than five hundred years ago, and the space enchantment would only be opened every thousand years. This time It is very unusual for the space enchantment to be opened, and this time the space enchantment is opened in the wild realm~, which is even more unusual.

The Queen of Haters said with a serious face

"Liu Shen, the space barrier has been opened in the wild realm. This must have been opened by a strong person from the wild realm.-"

Liu Shen nodded and said,

"Yes, both sides of the space enchantment can be opened only once every ten thousand years. The wild world has not been opened once in tens of thousands of years. Every time the boundary war occurs, the space enchantment is automatically opened once every thousand years. There must be a wild world. The traitor in the domain opened the space barrier"

"What are we going to do?"

"Prepare for war. All the ancient races, empires, and even the holy lands and ancient families in the wilderness understand the shock to the wilderness. Those forces will quickly prepare their cultivator armies. They will all cope with this sudden arrival. Realm war."

The Empress of Haters rubbed her forehead and said

"Alas, this realm war is too sudden. Who will open the space barrier? Liu

Shen shook his head helplessly and said,

"It's unclear. Maybe it was turned on by some dying supreme beings, or maybe it was turned on by conspirators with evil intentions. Some powerful people know the location of the space barrier, so it's simply impossible to prevent it."

Su Chen curled his lips when he heard the words of the Hatred Empress and Liu Shen.

Realm war?

The Heaven Realm is going to invade the Wild Realm?

This is interesting.

Su Chen touched his chin and decided to stay in the Wild Realm for the time being. He thought Knowing that if the Wild Realm loses to the Realm of Heaven, will the Heavenly Court and Buddhism of the Ancient Realm send immortals?

If the Ancient Realm will send immortals,

Su Chen can also understand what the strength of the Ancient Realm will be after he leaves. Change.

In the wild realm, all the powerful and powerful people were confused by the vibration of the realm.

The vibration of the wild realm meant that the realm war was about to begin.

It has only been more than five hundred years.

The realm war Is it going to start again?

This made the strong men in the wild realm very surprised, but they were surprised.

These powerful powerful men quickly issued orders. They must assemble the cultivator army as soon as possible.

The war in the wild realm is a war of life and death. If the Wild Realm fails in the war, the Wild Realm may be destroyed, and all the creatures in the Wild Realm will be annihilated, and no one will be able to survive. In the small village, the three sisters Su Yan and Ji Ziyue are all They were very confused. The vibration in the wild world made them all confused. Emperor Zun had been killed by Liu Shen. Why was the wild world still shaking?

Jiang Taixu suddenly shouted,

"No, it's a realm war. I didn't expect that I would encounter a realm war just after I was rescued."

Ji Haoyue said doubtfully when she heard Jiang Taixu's words,

"Realm war? King Jiang Shen, I heard from my father that the Realm War only ended over five hundred years ago. Isn't the Realm War once in a thousand years?"

Saint Maiden of Yaochi frowned and said, "Yes, our Holy Land also said that the Boundary War only ended over five hundred years ago, and it is impossible for the Boundary War to break out now. Yan

Ruyu nodded and said seriously,

"Well, our demon clan also has records that a boundary war occurs once every thousand years. It has only been more than five hundred years, and now is not the time to start a boundary war at all."

Ye Fan and Xiao Shitou were confused at this moment. They didn't know what a realm war was. What kind of realm war started only once every thousand years? They had never heard of it.

Su Yan, Su Yue, and Irene The three Na sisters are excited now.

Realm war?

None of the three sisters have ever encountered it, but their father has fought several realm wars. (To read Baoshuang novels, go to Feilu Novel Network!)

Xuan The predecessor of the Heavenly Realm was the Yin-Yang Realm, which was conquered by her father with many powerful and divine armies. It was later renamed the Xuantian Realm, as well as the Dark Realm and the Light Realm, which were destroyed by their father.

Su Yan If the three sisters want to experience a realm war, they can just watch the magnificent realm war on the side. This is a rare opportunity to witness a realm war, and the three sisters will not miss it.

Su Yue smiled and said to Su Yan asked

"Sister, are we still looking for the Demon Emperor's tomb?"

Su Yan shook his head and replied,

"Let's not look for it yet. Let's take a look at this boundary war. We have never encountered a boundary war before."

Elena thought of the one hundred thousand black-armored divine army that Su Yan sent her. She thought that this was a boundary war in the wild realm. If it was a war, it would definitely require an army to fight.

Elena reminded Su Yan, "Sister, are our black-armored divine army going to be summoned?"

"Black-armored divine army? let me see!"

After Su Yan heard Elena's words, she touched her chin and was a little undecided.

The war in the realm was not something she could participate in if she wanted to. Su Yan was also worried about participating in this war in the wild realm. She might ruin some of her father's plans.

When Jiang Taixu heard the words of Ji Haoyue and others, he was very shocked.

It had only been more than five hundred years since the last realm war? But this time the shock in the wild realm was caused by the space knot. The world has been opened. How come it has only been more than five hundred years since the space barrier was opened?

"It's only been over 500 years since the last realm war? How can this be? The shock in the wild realm this time is obviously the opening of the space barrier, and the war in the realm is imminent. I won't.

The Saint of Yaochi asked nervously after hearing Jiang Taixu's words,

"King Jiang Shen, are you sure the space barrier linking the realm of heaven has been opened?"

Jiang Taixu replied with a serious face, "Yes, after the space barrier is opened, the wild realm will shake. This is to remind us that the living realm war in the wild realm is about to begin."

At this time, strands of spiritual light flew quickly.

Ji Ziyue and Yaochi Saintess put away the spiritual light that flew over. After they read their respective spiritual light information,

Ji Ziyue and Ji Haoyue brother and sister, as well as Yaochi The faces of the saint and the demon princess Yan Ruyu changed. The realm war was really about to begin.

The saint of Yaochi said to Su Yan next to her,

"Princess Su Yan, we are going back. The realm war has begun. Within a month, the realm of heaven will invade our wild realm. We have to return to the Holy Land to prepare for the realm war."

Chapter 2215

Ji Ziyue and Yan Ruyu also said goodbye to the three sisters Su Yan.

The boundary war will happen within a month, and they must return to their respective forces as soon as possible.

This is a life and death war.

None of them have experienced a boundary war, but they have all heard of the cruelty of a boundary war.

Even their respective guardians have participated in a boundary war. Those who have participated in a boundary war have The strong men and the army have a mortality rate of nine out of ten in war, and they feel frightened just thinking about it.

"Wait, we also want to see the Realm War. Ji Ziyue, Yan Ruyu, Yaochi Saint, please take me out of this small village!"

"Sister Yan, we also want to experience a realm war. Please take us away together."

"Yes, Holy Maiden of Yaochi, please take us away together."

When the three sisters of Su Yan saw Ji Ziyue and the girls were leaving, they shouted to Ji Ziyue and the girls, they didn't know where the boundary war would happen. If the three sisters of Su Yan followed the Saints of Yaochi, they would Women, they don't need to go eitherLet's see where the realm war will start first.

When Ji Ziyue and Yaochi Saint heard what the three sisters said, they all shook their heads hastily.

None of them dared to take the three sisters Su Yan 23 to a boundary war. This was a very threatening boundary war.

At that time, both the Immortal King and the Immortal Emperor will appear.

If something happens to the three Su Yan sisters in the realm war, Su Chen, the Heavenly Emperor of the Xuantian Realm, will definitely be furious and may even launch a realm war against the Savage Realm. They do not dare to bear this responsibility.

Su Yan saw Ji Ziyue and the other girls shaking their heads.

She understood that none of them wanted to take the three sisters away, or even dared to take them away.

Su Yan looked at the girls and pointed to the Yaochi Saint and said,

"It doesn't matter if some of you disagree."

"It's just you, Saint of Yaochi. Are you the Saint of Yaochi Holy Land? Yaochi Holy Land? This name is the same as the name of Yaochi Immortal Palace in our Merlot Heavenly Palace. We three sisters will go to Yaochi Holy Land with you"

"I? Princess Su Yan, don't look for me, I don't dare to take you away."

The Saint of Yaochi turned pale when she heard Su Yan's words.

It is impossible for her to leave with the three sisters Su Yan. This would bring huge trouble to the Holy Land of Yaochi. The Saint of Yaochi did not dare to take the three sisters Su Yan. Leave.

Su Yan smiled at Yaochi Saint and said, "Haha, Yaochi Saint, do you think you can object?"

"I....."

The Saint of Yaochi was confused for a moment.

Can she stop the three sisters Su Yan?

This is simply impossible.

Not to mention the strength and powerful immortal weapons of the three sisters of Su Yan, the seven fairies who protect the three sisters of Su Yan are very powerful. None of her protectors are the opponents of the seven fairies.

The Saint of Yaochi was having a very headache now.

She could not stop the three sisters Su Yan from following her away. She hurriedly looked at Yan Ruyu and Ji Ziyue beside her. The Saint of Yaochi thought that they could persuade the three sisters of Su Yan.

Ji Ziyue and Yan Ruyu both lowered their heads in a hurry. They didn't want to get into trouble. The three sisters Su Yan were more dangerous than the intrusion of the realm of heaven into the wild realm. They didn't want to take the powder keg of the three sisters Su Yan with them.

Su Yue shouted to Ye Fan and Xiao Shitou next to her,

"Ye Fan, Xiao Shitou, and Black Emperor, get ready quickly, we are going to the Yaochi Holy Land."

"good!"

When Ye Fan heard Su Yue's words, he hurriedly agreed.

The Yaochi Holy Land is a place full of beauties. Ye Fan was very excited when he thought about going to the Yaochi Holy Land.

The Yaochi Saint looked at the three sisters Su Yan helplessly.

She is going to die this time.

If the Queen Mother of the West knows the identities of Su Yan's three sisters, she will be in trouble.

On Purple Mountain, after the Hatred Empress and Liu Shen discussed it, they prepared to contact some supreme powerhouses. The two of them couldn't handle it in the Realm War.

In the last Realm War, the Heaven Realm dispatched seven crazy demon emperors.

If it hadn't been for the help of the great powers from the Great Desolate Immortal Realm, the Savage Realm would have been defeated in the last Realm War. It may be destroyed. (To read Baoshuang novels, go to Feilu Novel Network!)

The Hater Empress came to Su Chen and said,"Brother, we have something to do. Liu Shen and I left first."

"Okay, you guys have to be careful."

Su Chen nodded to the Hatred Empress.

He would not stop what the Hatred Empress wanted to do. However, he wanted to protect the Hatred Empress' safety. Gaia was about to come to the wild realm. Su Chen could let Gaia first. Protecting the Hatred Empress.

The Hatred Empress and Liu Shen nodded to Su Chen and left instantly.

When Su Chen saw the Hatred Empress and Liu Shen disappear, he waved and took the Immortal Queen away from Ziyue Mountain.

Then Su Chen Within a month, the entire Wilderness Realm was in panic.

After the news about the Realm War was spread, some creatures in the Wilderness Realm were so scared that they wanted to flee.

But the entire Wilderness Realm was not safe. If the Realm War failed, The wild realm will be destroyed, and some timid creatures will die no matter where they hide.

In the wild realm, all the ancient races, empires, holy places and ancient families, these forces are constantly gathering armies of practitioners , thousands of cultivators gathered towards the Northern Territory.

In less than a month, tens of millions of cultivating troops gathered in the Northern Territory, and there were even a steady stream of troops rushing towards the Northern Territory.

Northern Territory ,

Beishen Palace, all the strong men from the wild realm gathered here.

Dozens of strong men from the great saints and quasi-emperors were talking in the hall. Regarding their respective attack routes to stop the heaven realm, these strong men all have different opinions. At this moment, on a large mountain near Beishen Palace,

Su Chen appeared here with the Immortal Queen. In this month,

597 Su Chen has not found the Tathagata Duobao, and even Gaia did not find it when he arrived. A trace of Duobao Tathagata made Su Chen suspect that Duobao Tathagata might not be in the wilderness. The

Immortal Queen looked at Su Chen with great respect.

She had learned some of Su Chen's secrets over the past half month, and she often had some of the powerful Yaochi female guards appear next to Su Chen, and each of those Yaochi female guards were stronger than her.

Even more than half a month ago, a saint, who surpassed the Immortal Emperor, appeared next to Su Chen, and she is also Su Chen's woman, which shocked the Immortal Queen.

The more the Immortal Queen knew about Su Chen's secrets, the more she became very frightened.

The Immortal Queen was afraid that one day Su Chen would no longer need her.

Su Chen Maybe she will be killed.

The Immortal Queen has been serving Su Chen very carefully during this period. She hopes that Su Chen will let her live when he doesn't need her in the future.

"Master, the realm war may start in the next two days, and we may be affected here."

"Nothing to do, I plan to watch the realm war in the wild realm."

Su Chen waved his hand to the Immortal Queen.

He looked at a big tree next to him and said with a smile, "Come out, do you want to stand alone on the big tree and blow the cold wind?"

A woman's voice suddenly came from the big tree, "The Emperor of Xuantian Realm, you are really different."

Chapter 2216

Su Chen heard that there was a woman hiding next to him, and he became a little curious.

Is there any other woman in the wild world who is a quasi-sage?

When Su Chen appeared here with the Immortal Queen, he noticed the fluctuations in the surrounding space.

Su Chen didn't expect that someone would notice the arrival of him and the Immortal Queen, and even appear nearby to monitor them in an instant.

The Immortal Queen has been alert when she heard a woman's voice. She knew who the woman's voice was.

The founder of the Yaochi Holy Land, the mother of Emperor Wushi, the Queen Mother of the West of Yaochi, she is also a powerful Immortal King.

No, over the past tens of thousands of years, the Queen Mother of the West should have advanced to the level of the Immortal Emperor.

"The owner is the Queen Mother of the West of Yaochi Holy Land!"

"Queen Mother of the West?"

Su Chen was very surprised when he heard the Immortal Queen's words.

Isn't the Queen Mother of the West the mother of Emperor Wu Shi?

Emperor Wu Shi is already in the realm of the Immortal King, or even the Immortal Emperor.

The Queen Mother of the West in the Yaochi Holy Land should have died long ago. Yes, how could the Queen Mother of the West be still alive?

Whoosh!

A veiled woman in white suddenly appeared next to her. After she looked at Su Chen and the Immortal Queen, the veiled woman said coldly to the Immortal Queen,

"Immortal Queen, I never thought that you would actually become the maid of Emperor Su Chen."

The Immortal Queen looked at the veiled woman and asked in surprise.

The Queen Mother of the West glanced at the Immortal Queen and asked,

"Immortal Queen, you have been suppressed by my son for thousands of years, why should I live another life?"

"Impossible. You clearly had no chance of life at that time, and you didn't even kill yourself to live another life. How on earth did you live another life?"

Su Chen looked at the Queen Mother of the West as she appeared. She was wearing a white dress. She had a cool and elegant temperament, like a worldly green lotus. Her waist was as slender as a willow leaf, and she could hold it in her hands, standing proudly. The mountains are very conspicuous.

Su Chen suddenly found that the West Queen Mother had the aura of the ancient immortal world, and the aura was almost the same as the aura of the creatures in the ancient immortal world.

This made Su Chen very confused when he looked at the Western Queen Mother. She has been to the Ancient Immortal Realm, but it is impossible for her to have such a strong aura of the Ancient Immortal Realm.

(cdce) Su Chen thought for a while and asked Queen Mother Xi,

"Queen Mother of the West, are you reincarnated in the prehistoric fairy world and live a new life?"

The Queen Mother of the West nodded and replied, "Yes, Emperor Su Chen, you are indeed the Emperor of Heaven in the prehistoric immortal world."

Su Chen heard the Queen Mother Xi admit that he was interested in how the Queen Mother was reincarnated in the ancient world.

No creature from any realm could be reincarnated in the ancient world. Sheng just wanted to be reincarnated in the prehistoric immortal world, which was completely impossible. How did the Queen Mother of the West successfully reincarnate in the immortal world of the great wilderness?

However, when Su Chen called him Emperor of the Primeval Heaven, he shook his head and laughed at himself road,

"The Emperor of Heaven in the prehistoric immortal world? That's just a joke."

The Queen Mother of the West looked at Su Chen and said with admiration,

"Emperor of Heaven"

"I was in the Primordial Immortal Realm when you were the Primordial Immortal Emperor. Although you are not very powerful, you are the first Heavenly Emperor in the history of the Primordial Immortal Realm to truly unify the Primordial Immortal Realm."

"Even if you leave the prehistoric fairy world, all races in the prehistoric world still respect you very much."

"Emperor of Heaven, if you return to the prehistoric fairy world, I believe that all the races in the prehistoric world will continue to obey your orders, and all races in the prehistoric world will continue to recognize you as the emperor of the prehistoric heaven."

Su Chen burst out laughing when he heard the words of the Queen Mother of the West. (To read Baoshuang novels, go to Feilu Novel Network!)

"Ha ha....., "

"Return to the ancient fairyland? Queen Mother of the West, since you know about the Great Desolate Immortal World, do you think I will go back to the Great Desolate Immortal World? Those saints, even the ancient heaven, will they allow me to return to the ancient immortal world?"

The Queen Mother of the West didn't know how to answer for a moment.

Su Chen was right.

There is already a new Emperor in the Immortal World, and he is the

Emperor jointly elected by the saints. The saints in the Immortal World will not welcome them. Su Chen returned to the ancient world of immortality.

However, it was impossible for Su Chen to return to the ancient world of immortality.

Su Chen's Xuantian realm was even more powerful than the ancient world of immortality, with more than a dozen saints, dozens of quasi-sages (immortal emperors), and even several The Immortal King of Hundreds (Daluo Jinxian) is very scary.

Not long ago, when the Queen Mother of the West heard about the Xuantian Realm described by the Hatred Empress, Liu Shen, and the three sisters Su Yan, she was stunned at the time.

There is not a single saint in the wild realm, but there are more than ten saints in the Xuantian realm, which is more than twice as many as the saints in the wild fairyland.

At this moment, the Immortal Queen listened to the conversation between Su Chen and the Queen Mother of the West, and she felt even more She was so surprised that the Immortal Queen already knew that Su Chen was the Emperor of the Xuantian Realm, but she did not expect that Su Chen had also been the Emperor of the Ancient Immortal Realm. The

Ancient Immortal Realm was a super realm that was much more powerful than the Wild Realm.

Su Chen was actually once the Emperor of Heaven in the ancient world of immortality, and was even the first emperor in history to truly unify the ancient world of immortality. The Immortal Queen was even more shocked and respectful to Su Chen. Su Chen looked at the speechless Queen Mother of the West, and he He shook his head and asked the Queen Mother of the West in confusion,

"Queen Mother of the West, how did you know my identity?"

The Queen Mother of the West replied helplessly,

"It was your sisters, the Ruthless Empress and Liu Shen, who told me, and your three daughters also told me about the Emperor of Heaven."

The Queen Mother of the West really has nothing to do with Su Chen's three daughters.

Those three little girls are really naughty to her.

Ever since Su Yan's three sisters arrived at the Yaochi Holy Land, her Yaochi Holy Land has been turned upside down. The Queen Mother of the West is really against her. The three sisters Su Yan are fond of each other but helpless

"My sister? My daughter?"

Su Chen didn't expect that her sister, Empress Hater, and the three sisters Su Yan knew the Queen Mother of the West. It was okay for

Empress Hater to know the Queen Mother of the West. After all, they were all powerful humans in the wild world, but How did the three Su Yan sisters know the Queen Mother?

The Queen Mother nodded and replied,

"Yes, your sister and I met half a month ago. Your three daughters are all in the Yaochi Holy Land."

Su Chen was confused when he heard the words of Queen Mother Xi. Are the three Su Yan sisters in the Yaochi Holy Land?

Aren't the three sisters looking for some demon emperor's tomb in the Fierce Beast Forest? Why did those three little girls go to the Yaochi Holy Land again?

Su Chen asked worriedly, "Mother of the Western Queen, are my three daughters also coming to the Northern Territory?"

"Emperor Su Chen, please rest assured that your three daughters will not participate in this realm war. The three sisters may have come to the Northern Territory to watch the realm war."

Chapter 2217

The Queen Mother of the West smiled when she saw Su Chen's worried look.

The three Su Yan sisters told her a lot of things, but they didn't reveal the key things at all. If it weren't for the information revealed by the ruthless empress, she would really have been Those three little girls were deceived.

The Queen Mother of the West liked the three sisters Su Yan very much when she thought of them. They were very smart at a young age, and their cultivation levels were also frighteningly high. The three sisters even had several powerful spiritual treasures.

If the three sisters Su Yan were not the princesses of Xuantian Realm, the Queen Mother would have wanted to accept the three sisters Su Yan as her disciples.

In the Northern Territory, after the Queen Mother of the West noticed Su Chen's aura, she guessed that this was the Su Chen mentioned by the Hatred Empress and the three sisters Su Yan.

The Heavenly Emperor of the Xuantian Realm, the Heavenly Emperor of the Ancient Immortal Realm, the Queen Mother of the West hopes that Su Chen can help the realm war in the Wild Realm. The

Ancient Immortal Realm has too much to take care of itself, and the new Heavenly Emperor is just a person who has just become an immortal. The "890" type, Heavenly Court The heavenly soldiers and generals here are even more unimaginably weak.

Moreover, all the races in the prehistoric times looked down upon the new Emperor of Heaven. The new Heavenly Emperor cannot rule the prehistoric immortal world at all, nor can he order all the races and forces in the prehistoric immortal world to obey the orders of the heavenly court.

If the prehistoric fairy world does not come to help the wild realm in this realm war, the wild realm will not be able to resist the invasion of the heaven realm.

There are only three Immortal Emperors and five or six Immortal Kings in the Wild Realm. In the last realm war, the Heaven Realm dispatched seven or eight Immortal Emperors and more than twenty Immortal Kings. How can the Wild Realm stop the invasion of the Heaven Realm?.

If Xuantian Realm can help the Wild Realm, this Realm War will be very easy. Even the Wild Realm can end this Realm War without killing or injuring a large number of cultivators.

However,

Su Chen's words just now made her give up asking for help.

The Queen Mother of the West knew that Su Chen could not help the wild realm, and she was very helpless about this.

Su Chen shook his head when he heard what the Queen Mother said.

He didn't believe that the three Su Yan sisters just came to see the Realm War. How could those three little girls only come to see it?

Su Chen guessed that the three Su Yan sisters would definitely participate in this realm, and even the Queen Mother of the West would definitely ask for the help of the three sisters when they saw the failure in the realm war.

Boom boom.....

At this time, the air in the northern part of the Northern Territory was about to split, and waves of huge roaring sounds continued to sound in the air, and the air in the entire Northern Territory seemed to be torn apart.

The sky above the entire Northern Territory was covered with dark clouds, strong winds, lightning and thunder. The sky suddenly became dark, and heavy rain poured down from the sky. It was like a scene like the end of the world.

Queen Mother Xi looked into the air and said seriously,

"The war is about to begin!"

Su Chen nodded and said,

"It's about to begin. Within half a day at most, the creatures from the Heaven Realm will arrive in the Wild Realm."

"Emperor of Heaven, I have to say goodbye. I still need to arrange an attack route to block the realm of heaven with a few great emperors."

The Queen Mother of the West nodded to Su Chen and disappeared in an instant.

The war between the realms was about to begin.

She wanted to join forces with Liu Shen and those strong men.

Facing the invasion of the powerful Heaven Realm, the Queen Mother of the West also You have to be very careful.

Who am I?

Su Chen was very depressed when he saw the Queen Mother of the West leaving instantly. He still had some things to ask the Queen Mother of the West.

How did the Queen Mother of the West reincarnate in the prehistoric fairyland? Wu Shi Is the Emperor still alive?

But the Queen Mother disappeared in an instant.

Su Chen shook his head and could only ask the Queen Mother next time.

When the Immortal Queen saw the Queen Mother leaving, she said to Su Chen in confusion,

"Master, what else does Queen Mother Xi want to say when she arrives this time?"

Su Chen nodded and replied,

"Well, I knew what she was trying to say, but what I said earlier made her give up."(To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen guessed that the Queen Mother of the West might want him to help the Wilderness Realm.

However, after Su Chen told him about the Wilderness Fairyland, the Queen Mother of the West should feel that he was not willing to help. She would help the Wild Realm, but she didn't mention it.

Su Chen rubbed his forehead and felt helpless.

The Empress of Haters and the three sisters Su Yan were all variables.

Su Chen didn't want to help the Wild Realm, but the Haters This is not necessarily the case for the Empress and the three sisters Su Yan.

The downpour is still falling.

In the Northern Territory, tens of millions of cultivator armies have appeared in the northern sky of the Northern Territory. These cultivator armies are divided into several regions. They are all preparing to prevent the emergence of creatures in the realm of heaven.

Boom boom boom.....

Half a day later, the cracks in the sky were torn apart, and black smoke suddenly emerged from the cracks. Then countless creatures quickly appeared from the cracks. As the space cracks became larger and larger, more and more creatures appeared.

In just half an hour, millions of creatures came from the cracks. If another hour passes, as the space cracks get bigger and bigger, tens of millions of creatures may come to the wild realm...

"attack!"

Boom boom boom.....

In the air, in front of the army of cultivators in the wild realm, a strong man who was a quasi-emperor saw millions of creatures from the heaven realm appearing. He immediately waved his hand and gave orders loudly.

For a moment, the spiritual soldiers, flames, thunder, and various secret techniques and attacks in the air all attacked the creatures that appeared in the cracks.

"Ho ho ho....."

After the creatures arriving from the Heaven Realm were attacked, more than half of the millions of creatures were killed in an instant, and the remaining creatures roared and rushed towards the army in the Wild Realm.

Su Chen looked at the creatures in the Heaven Realm like zombies, which made Su Chen feel a little curious. Are all the creatures in the Heaven Realm without intelligence?

"Immortal Queen, these creatures in the realm of heaven have no intelligence?"

When the Immortal Queen heard Su Chen's question, she thought about the situation in the Heaven Realm and replied to Su Chen,

"Master, these creatures are all low-level cultivators in the Heaven Realm. The Heaven Realm seems to be polluted by some kind of blood, and the low-level creatures have no spiritual intelligence."

"In the realm of heaven, there are only creatures above the Immortal Stage realm and some spiritual wisdom. However, the higher the realm of cultivation, the higher the spiritual wisdom of those creatures."

"Low-level creatures can continue to grow by relying on the flesh and blood of warriors and ferocious beasts. Powerful creatures will not only plunder holy bodies and divine bodies to improve their cultivation, but they can also devour the source of the refining of strong men in the wild realm."3.8 Su Chen was very confused when he heard the words of the Immortal Queen.

Why is this different from the black blood in the plot?

The creatures in the realm of heaven are like zombies, and they can even evolve into intelligent zombies and polluted black blood. Blood, this seems to have nothing to do with the black blood in the plot.

The Immortal Queen saw the creatures that kept appearing in the cracks, and even the creatures that appeared had higher and higher cultivation levels.

She looked at Su Chen and said hurriedly,

"Master, the army of cultivators in the wild realm cannot stop it. The creatures that appear later are all from the Dao Palace realm, and there are even some creatures from the four-pole realm. These creatures cannot be stopped by the army of cultivators in the wild realm."

"Don't worry, the strong men in the Wild Realm will take action. The war has just begun. If the Wild Realm cannot resist the attack of the Heaven Realm for a day, then there is no need for the Wild Realm to exist at all."

Chapter 2218

Ten days later, the army of tens of millions of cultivators in the wild realm suffered heavy casualties. Although some saint kings, great saints, and quasi-emperors took action one after another, the northern region of the wild realm was still lost.

The cultivator army in the wild realm has been retreating steadily, and has now retreated to the junction of the northern and southern regions.

More than 60 million creatures have arrived in the Heaven Realm.

The entire Northern Territory is in ruins.

Wherever the creatures in the Heaven Realm go, whether they are humans, monsters, ancient tribes, or even ferocious beasts, they have been slaughtered to an end. , the entire Northern Territory was filled with a sea of blood, and bones were scattered all over the mountains and plains.

At the junction of the Southern Territory and the Northern Territory, three powerful women stood in the sky.

These three people were the ruthless Empress, Liu Shen, and the Queen Mother of the West. They looked at the retreating army of the Savage Realm and were very helpless. The Heavenly Realm The Immortal Emperor of the domain has not yet appeared, and it is impossible for them to take action at this time.

Liu Shen clenched his fists and said,

"If we don't take action, the Southern Territory may not be protected either."

The Queen Mother of the West shook her head and refused,

"No, we don't know how many Immortal Emperors have arrived in the Heaven Realm yet. If we take the lead, all the Immortal Emperors in the Heaven Realm will take action. When the time comes, we will be passive."

The Hater Empress also nodded and said,

"Yes, we can't take action yet, but we must defend the Southern Territory. Let's let the great emperors take action this time. The great emperors of the Heaven Realm should also take action."

Liu Shen said helplessly, "I don't know when the reinforcements from the Wilderness Immortal Realm will arrive. If it drags on any longer, all the creatures in the Wilderness Realm will be slaughtered to an end."

The Queen Mother of the West rubbed her forehead and replied,

"The ancestor of the Ji family sent back news that the army of gods from the prehistoric fairyland was coming quickly."

"The Heavenly Court and Buddhism in the Ancient Immortal Realm have dispatched four Immortal Emperors and an army of 30 million gods. As long as we persist for three or four days, the reinforcements from the Ancient Immortal Realm will definitely arrive."

The Queen Mother of the West doesn't have much hope for the reinforcements arriving from the Great Desolate Immortal Realm.

Four Immortal Emperors?

There are a few Immortal Emperors coming this time.

In the Heaven Realm, there were seven or eight Immortal Emperors in the last realm war. In the Great Desolate Immortal Realm, Six Immortal Emperors arrived last time. If four Immortal Emperors arrive this time, they may not be able to stop the Immortal Emperors of the Heaven Realm at all. The

Hatred Empress shook her head and said, "Three or four days? In three or four days, the entire Southern Territory may fall~. Liu

Shen looked at the Hater Empress and begged,

"Hater, why don't you go and beg your brother? If the Xuantian Realm can send out strong men and the army of gods to come, the Savage Realm will be saved."

The hating woman shook her head and said helplessly,

"Impossible, Liu Shen, you should understand that my brother and the Primordial Immortal Realm are undying enemies. Reinforcements from the Primordial Immortal Realm will arrive in three or four days. At this time, my brother will not help the Savage Realm." Liu Shen and Queen Mother Xi

were very helpless when they heard the words of the Hateful Empress. The Great Desolate Immortal Realm! Xuantian Realm! These two realms can save the Savage Realm, but the Great Desolate Immortal Realm has declined too seriously. The arrival of the strong men and the army of gods from the realm may not save the Savage Realm. The Xuantian Realm and the Great Desolate Immortal Realm have enmity again, and the Great Desolate Immortal Realm arrives to rescue the Savage Realm, then the Xuantian Realm will definitely not help the Savage Realm anymore. Bei At the junction of the Northern Territory and the Southern Territory, more than 100 million creatures were fighting together. There were corpses falling in the air at every moment. At the junction of the entire Northern Territory and the Southern Territory, the earth and rivers were dyed red.

"Hurry, attack me. The powerful ones and Dao-Zhan strongmen will kill the strong ones in the Heaven Realm. The other cultivators will use all their strength to kill that monster."

"The right wing is in danger, Emperor of Heaven, the army of cultivators on the right wing has been dispersed."

"Quickly notify the elders of Shaking Light Holy Land to dispatch. There is absolutely no way the right wing can be dispersed."

In the sky, eight powerful emperors are commanding the army of cultivators.

After the more than 10 million troops withdrew from the Northern Territory met with the 80 million cultivators here in the Southern Territory, these more than 90 million cultivators The army of cultivators worked together to prevent the attack of the realm of heaven, but the army of cultivators was still being repelled.

An old man with an unshaven beard asked the old man next to him, (To read Baoshuang novels, go to Feilu Novel Network!)

"Heaven, why don't we take action?"

Qing Qiong shook his head seriously and said,

"No, there are more than ten great emperors in the Heaven Realm, and there are only eight great emperors in our Savage Realm. We have to deal with those great emperors in the Heaven Realm, and now is not the time for us to take action."

A beautiful and strong woman shook her head and said,

"Ancestor Lingxu, we great emperors cannot stop the great emperor of the Heaven Realm at all. Thirteen great emperors and three mortal immortals have appeared in the Heaven Realm. How can we defeat the Great Emperor of the Heaven Realm?"

Lingxu Ancestor from Lingxu Cave sighed,

"Alas, there is no way. We, the Great Emperor, will deal with the Great Emperor, and the Red Dust Immortals will have their own people to deal with. The Holy Lord of the Yaochi Holy Land, the Holy Lord of the Yaoguang Holy Land, the ancestors of the Ji family, Miaoyu'an, and other Red Dust Immortals will take action."

The other great emperors were also very helpless.

This time the war in the realm broke out so suddenly that they had no extra time to prepare.

The cultivator army suffered more than 50 million casualties in the Northern Territory.

If they were at the junction of the Southern Territory and the Northern Territory, they would still be unable to stop the attack of the Heaven Realm, the Southern Territory is over.

On a large mountain, the three sisters Su Yan, Ye Fan, Xiao Shitou, and the Black Emperor are all looking at the magnificent war in the distance. Ten days have passed, and a few of them have. They also continued to retreat from the Northern Territory to the Southern Territory.

After a journey of hundreds of thousands of miles, they actually retreated to the Southern Territory in less than ten days.

During the war, the troops in the Savage Realm were constantly retreating, and they were getting worse day by day. Retreating quickly, the army of cultivators in the wild realm could not withstand the attack from the heaven realm.

Su Yan sat on a big rock.

She looked at the war in the distance and shook her head and said,

"Too bad, the army of cultivators in the wild world is not as good as my army in the Godfall Continent." Elena looked a little pale as she looked at the army of cultivators who were constantly being killed on the battlefield. Thousands (of Li Zhao) and tens of thousands of cultivators were killed every moment on the battlefield. In the past ten days, Come, she saw too many deaths. Elena felt that she should help the Savage Realm. All the creatures in the Northern Territory were killed and devoured by the creatures in the Heaven Realm. She did not want dozens of people in the Southern Territory to die. Hundreds of millions of creatures were also killed and devoured. Elena asked Su Yan beside her, "Sister, is the army you sent me stronger than the army in the wild realm?" Su Yan nodded proudly and replied,

"Of course, the armies I send you are all divine armies, and the lowest cultivation realms are all earthly immortals. The armies in the wild realm are simply incomparable to your army."

Su Yue suddenly saw the three saints of Yaochi coming over.

She hurriedly shouted to Su Yan, "Sister, look, the saints of Yaochi, Ji Ziyue, Yan Ruyu and the others are here again."

"Are they here again? It is impossible for me to help the Savage Realm deal with the Heavenly Realm, not to mention the reinforcements from the Great Desolate Immortal Realm are about to arrive. It is even more impossible for me to help the Savage Realm at this time."

Chapter 2219

Su Yan looked at the three saints of Yaochi who were arriving quickly and shook his head.

In the past six or seven days, the three saints of Yaochi have been persuading their sisters to help the wild realm, but this is not an ordinary war, and it is impossible for Su Yan. The spirit army was rashly dispatched to participate in this realm war.

Ye Fan, Xiao Shitou, and Black Emperor also saw the arrival of the Yaochi Saint, Ji Ziyue, and Yan Ruyu.

They also know what the Holy Maiden of Yaochi is doing today.

Since the outbreak of the Realm War, the army of cultivators in the Wild Realm has been pushed back by the Heaven Realm. In every war, the army of cultivators in the Wild Realm will be killed. Tens of millions died.

Especially in the Northern Territory, billions of creatures in the entire Northern Territory were slaughtered and devoured, which made them unbearable to see the tragedy.

Ye Fan looked at the voice sitting on the stone and said,

"Princess Su Yan, if possible, please help the Wilderness Realm. In the Northern Territory, billions of creatures were slaughtered. This is really cruel."

Su Yan rolled his eyes at Ye Fan and said speechlessly,

"Ye Fan, I am just a little girl, and war is not something I can participate in."

Ye Fan's face darkened when he heard Su Yan's words.

He didn't believe what Su Yan said at all.

This little girl was so bold and lawless.

Su Yan was mischievous in the Yaochi Holy Land. The Yaochi Holy Land was occupied by this little girl in front of him. The trouble was so great that even the fairy weapons in the Yaochi Holy Land were suppressed by this little girl.

War?

This may be just a game to Su Yan.

This little girl is only twelve or thirteen years old, but Su Yan said She had a combat legion under her command, and this little girl even led her army to destroy many empires.

Su Yan now said that she did not dare to participate in such a major event as war, and

Ye Fan did not believe a word Su Yan said.

Swish swish Whoosh!

At this time, the three girls of Yaochi Saint, Ji Ziyue, and Yan Ruyu quickly arrived next to Su Yan.

After Ji Ziyue arrived, she hurriedly shouted to Su Yan,

"Su Yan, the Wilderness Realm will no longer be able to defend the Southern Territory. You should contact your father quickly. We in the Wilderness Realm need your father's help."

The Saint of Yaochi said with a serious face,

"Su Yan, the army of more than 50 million creatures from the Heaven Realm has arrived. In half a day, the army of more than 50 million creatures from the Heaven Realm will arrive."

"The army of cultivators in the Wild Realm is unable to deal with the more than 60 million troops of the Heaven Realm. If the reinforcements from the Heaven Realm arrive, our cultivator army in the Wild Realm will definitely be defeated. By then, the entire creature in the Southern Territory will also be defeated. Devoured to death by slaughter. Yan

Ruyusan said to Su Yan eagerly,

"Yes, Su Yan, do you hope that the billions of creatures in the entire Southern Territory will not be slaughtered and devoured to an end? We need your father's help, and we also need the help of the divine army in Xuantian Realm." Su Yan, Su Yue, and Elena were all very helpless when they heard what the three Saints of Yaochi said. How could they help the Wilderness Realm? Reinforcements from the Wilderness Immortal Realm will arrive in about three days. There will be a flood in the Wilderness Realm. With the arrival of reinforcements from the Immortal Realm, it is impossible for them to help the Wild Realm at this time. If their sisters send out troops to help the Wild Realm now, and the divine army from the Great Desolate Immortal Realm arrives three days later, there will definitely be a conflict between the Xuantian Realm and the Great Desolate Immortal Realm. Su Yan did not want to help the Wild Realm at this time, and she did not dare to let her Black Bird Legion come to fight in the Wild Realm without Su Chen's consent. Su Yan rubbed her forehead and refused,

"Yaochi Saint, Ji Ziyue, Yan Ruyue, you should know that the reinforcements from the wild world will arrive in about three days. How can I help the wild world? Without my father's consent, do you think I dare to mobilize the divine army to the wild realm without permission?"

The Saint of Yaochi said with a sad look on her face.

"Three days? Reinforcements from the Great Desolate Immortal Realm will arrive in three days, and the Southern Territory may be breached." (To read exciting novels, go to Feilu Novel Network!)

"Su Yan, please contact your father quickly. You only need to ask your father to send out some strong men to delay the attack from the Heaven Realm. After the reinforcements from the Great Desolate Immortal Realm arrive, you can ask the strong men from the Xuantian Realm to retreat."

Su Yan looked at the Saint of Yaochi with wide eyes.

Su Yan did not expect that the Saint of Yaochi would say this. Does the Saint of Yaochi want the Xuantian Realm to be taken advantage of? Is the brain of the Saint of Yaochi muddled?

Su Yue He asked coldly with an angry look on his face,

"Holy Maiden of Yaochi, didn't you think about this carefully? What do you think our Xuantian Realm is? Fool? Taken advantage of? Or an idiot?"

"I....."

The Saint of Yaochi saw Su Yue's angry look and even questioned her unceremoniously. She also knew that what she just said was a bit excessive.

But the situation in the Wilderness Realm is very urgent.

If there is no help, the Southern Territory will completely fall and all the creatures in the Southern Territory will be massacred. The Saint of Yaochi only said these words out of desperation.

Elena also said coldly with a cold face,

"Needless to say, Saintess of Yaochi, we don't have the ability to help the Wild Realm. Even though our sisters have the ability to help the Wild Realm, it is impossible for us to help the Wild Realm at this time."

"You should understand the relationship between our Xuantian Realm and the Great Desolate Immortal Realm. It is a good thing that we did not send out the divine army to destroy the divine armies coming from the Prehistoric Immortal Realm."

Su Yan looked at the three Yaochi saints with cold eyes, and she said with a serious face,

"We have something to do and have to leave."

Su Yan said as she waved her hand to activate the Space Law, and she disappeared here with Su Yue and Elena.

Yaochi Saint, Ji Ziyue, Yan Ruyu, even Ye Fan, Xiao Shitou, and Black Emperor, they did not expect Su Yue and Elena would be angry, and even suddenly became indifferent to the three saints of Yaochi. The departure of the three sisters Su Yan made them all fall silent.

Yan Ruyu rubbed her forehead and said helplessly,

"We were wrong. The Xuantian Realm and the Great Desolate Immortal Realm are enemies. The Great Desolate Immortal Realm comes to help the Wild Realm. It is impossible for the Xuantian Realm to help the Wild Realm. Even if a realm war breaks out between the Xuantian Realm and the Great Desolate Immortal Realm in the future, the Wild Realm may They will also be attacked by Xuantian Realm."

Ye Fan shook his head and said to the three saints of Yaochi,

"You are indeed wrong. You should not have said those words to the three sisters Su Yan just now. This time you have angered the three sisters Su Yan."

"If the reinforcements arriving from the Primordial Immortal Realm still cannot resist the Realm of Heaven, no matter how much the Realm of the Wild Realm wants to ask for help from the three Su Yan sisters, it is impossible for the three sisters to agree."

The Black Emperor looked at the three Yaochi Saints with disdain and mocked,

"You guys are really self-righteous. Who are the three sisters Su Yan? They are all princesses of Xuantian Realm"

"You actually want to take advantage of the three sisters Su Yan? Send out strong men to help the Savage Realm and wait for the reinforcements from the Ancient Immortal Realm to arrive before retreating? You guys are acting like idiots when you say things like this"

Chapter 2220

When the three Yaochi Saints heard what Ye Fan and the Black Emperor said, they were all at a loss.

The cold departure of the three Su Yan sisters showed that the friendship between them had been broken. The three sisters did not expect this to happen.

They were a little selfish just now.

In order to save the Wilderness Realm, the three of them did not consider the feelings of the three sisters Su Yan at all.

Ye Fan looked at the three saints of Yaochi who were at a loss.

He also knew that the three saints of Yaochi were trying to save the wild realm, but they lost their sense of proportion when they spoke just now.

After thinking about it, Ye Fan reminded the three saints of Yaochi. road,

"Holy Maiden of Yaochi, you should go find the Hater Empress. The Hater Empress should be able to get Su Yan's father to take action, but you'd better not say what you just said. If the Hater Empress hears what you said, the Hater Empress may Kill you all"

"Thank you for reminding!"

When the three Saints of Yaochi heard Ye Fan's reminder, they hurriedly nodded to Ye Fan and the others and quickly disappeared.

They decided to go to the West Queen Mother of Yaochi Holy Land first. The Hateful Empress was not something they could just meet. 23 The three girls decided to let the Queen Mother of the West take them to see the Hatred Empress. The

Black Emperor saw the three Saints of Yaochi also leaving. He looked at the war in the distance and reminded,

"Ye Fan, Xiao Shitou, let's go quickly. It's best to go to the Eastern Territory. The Southern Territory will definitely not be able to be defended. If we don't leave as soon as possible, the army of creatures from the Heaven Realm will come and kill us, and we will all be dead."

Ye Fan was confused for a moment when he heard the Black Emperor's words.

In the past ten days, Su Yan has been leading them to retreat.

Now Su Yan is leaving with her sisters. No one will take them to escape in the future. If When the army of creatures from the Heaven Realm comes to kill them, they have no hope of escape.

"Let me go, hurry up, leave quickly. With the three sisters Su Yan leaving, we will have to rely on ourselves to escape in the future."

Ye Fan quickly fled here with Xiao Shitou and Black Emperor.

They were all worried that the army of cultivators in the wild realm would be beaten back again. Their strength was very low. They were not able to participate in this realm war at all..

In the subsequent two-day war, the war between the Wild Realm and the Heaven Realm became more intense, and the eight emperors of the Wild Realm also joined the war.

But this was still useless.

The Heaven Realm dispatched thirteen emperors, and In a day's war, three emperors from the wild realm were killed and two were maimed. Only three of the eight emperors were still capable of fighting. The cultivator army also suffered more than 40 million casualties.

"Retreat. We have been holding on for two days. The reinforcements from the Great Desolate Immortal Realm should be arriving soon. The second line of defense we established at Wanku Ridge in the Southern Territory is waiting for the reinforcements from the Great Desolate Immortal Realm to arrive."

"Okay, more than 100 million cultivators have arrived at the second line of defense. More than half of our cultivator troops here have been killed or injured. It's time to retreat to the second line of defense."

"One day, one day after that, the army of gods from the prehistoric fairyland will arrive. Let's retreat to the second line of defense and prepare for a life-and-death showdown with the realm of heaven."

"Alas, I hope the reinforcements arriving from the Great Desolate Immortal Realm can defeat the Realm of Heaven"

"Don't worry, in every realm war, the strong men and the army of gods from the ancient immortal world can defeat the realm of heaven, and this time will be no exception."

In the air, after the eight great emperors participated in the war, the four powerful Hongchenxian took over the command of the war.

The four ancestors of each holy land looked at the brutality of the war. The eight great emperors were killed and five people were maimed. The cultivator army was destroyed. More than half of them were slaughtered, and they understood that the southern border could no longer be defended. Before the Hongchen Fairy from the Heavenly Realm took action, even the Great Emperor from the Heavenly Realm could defeat the remaining army of more than 30 million cultivators. If they did not retreat, , the remaining army of more than 30 million cultivators will be completely annihilated and die here.

At this moment,

Su Chen and the Immortal Queen were wandering around leisurely in the Southern Territory. They did not watch the Boundary War anymore. The Boundary War It was just a massacre. The wilderness realm was no match for the heaven realm.

"Huh?"

Suddenly,

Su Chen felt the breath of Duobao Tathagata again, but the breath that just appeared quickly disappeared.

Su Chen was very confused when he looked in the direction of the army of creatures in the Heaven Realm.

The breath that just appeared was in the Heaven Realm. direction, this made Su Chen a little strange, how could Tathagata Duobao appear in the realm of heaven? Is there any connection between Tathagata Tathagata Duobao and the realm of heaven?

Seeing that Su Chen seemed to have discovered something, the Immortal Queen asked suspiciously ,

"Master, what's wrong?"(To read exciting novels, go to Feilu Novel Network!)

Su Chen said with a serious face,

"I just sensed the aura of Tathagata Many Treasures, but the aura of Tathagata Many Treasures actually appeared in the Cang Realm last time, which puzzled me."

"Tathagata Many Treasures? Over there in the realm of heaven? Master, is it possible that Tathagata Duobao has taken refuge in the realm of heaven?"

"This is possible. I even suspect that it was Duobao Tathagata who opened the space barrier this time."

Su Chen nodded and agreed very much with what the Immortal Queen said.

It is possible that Tathagata Duobao went to the realm of heaven, and the space enchantment was opened.

This may be Duobao's vote, and only the space enchantment was opened. Only Tathagata Many Treasures can go to the realm of heaven. It seems that the culprit of this realm war should be Tathagata Many Treasures.

Dong dong dong.....

Suddenly, a roaring sound of war drums came from the Southern Territory, and the roaring sound of the fairy drum spread throughout the Southern Territory.

"Master, the reinforcements from the ancient immortal world have arrived."

"Well, Immortal Queen, let's go see how strong the reinforcements from the Great Desolate Immortal Realm are."

"Good host!"

Su Chen hugged the Immortal Queen's sexy waist and disappeared.

Since Duobao Tathagata appeared in the realm of heaven, Su Chen did not intend to give up killing Duobao Tathagata.

It is impossible for him to go to the heaven realm to attack Kill the Tathagata Many Treasures, but Gaia, as a saint, can do it. If a saint wants to kill the Tathagata Many Treasures, even all the immortal emperors in the Heaven Realm will not be able to stop it. The middle realm, the second line of defense in the wilderness realm is empty, and the three Tens of millions of reinforcements from the prehistoric fairy world have arrived.

The quasi-sages Taiyi Zhenren and Chi Jingjing from the Chan religion, and the quasi-sages Kong Xuan and Ke Liusun from Buddhism. These four quasi-sages came to the second line of defense with an army of 30 million gods. Above.

Whoosh,

Xihuangmu and Liu Shen appeared in the sky.

Xihuangmu said to the four people of Taiyi Zhenren,

"In the wild realm, the Queen Mother of the West of the Yaochi Holy Land has met four Taoist friends. She would like to thank the four fellow Taoists for coming to seek help in the wild realm."

Master Taiyi nodded to the Queen Mother and said with a smile,

"Fellow Taoist Mother of the West Queen is too polite. The Great Desolate Immortal Realm and the Savage Realm are from the same ancestry and have a deep connection. It is incumbent upon the Great Desolate Immortal Realm to come to the rescue of the Savage Realm."

Zhen Liusun frowned when he looked at the second line of defense.

He found that there was a quasi-sage in the second line of defense, and he still had an aura that he was very familiar with.

Zhen Liusun asked the Queen Mother of the West in confusion,

"Fellow Daoist Xihuangmu, there is a quasi-sage below, who is that person? Why does my breath feel so familiar?"

"it's me!"

Whoosh!

At this time, the Hatred Empress suddenly appeared next to Liu Shen. She knew that she could not hide in the second line of defense.

The four quasi-sages arriving from the prehistoric fairy world discovered her, and there was no need for the Hatred Empress to continue hiding.

"Princess of Heaven? No, it's the former Princess of Heaven, Su Nannan"
