

Zongwu 2261

Chapter 2261

Su Chen shook his head when he heard Angel Chase's words.

Angel Yan brought five thousand angel legions this time, and she would definitely let herself improve the strength of the angel legions. Su Chen guessed that Angel Yan did it on purpose. This may be because Angel Leng swore an oath of protection to him.

Su Chen shouted to Angel Leng and Angel Yan, "Yan, Leng, stop bickering now, we still have business to do."

Angel Yan glared at Su Chen and yelled angrily,

"You bastard, I will settle the score with you later. Do you know what happened to this star? Su

Chen nodded and replied, "Well, my maid caught a living void monster. I want to check what this void monster is.""

When Angel Yan and Angel Chase heard what Su Chen said, they were all very surprised. Su Chen's maid actually captured a powerful void monster alive.

Angel Yan hurriedly said to Su Chen,

"Su Chen, let's go there quickly. I also want to see what the void world looks like."

Su Chen waved his hand and said, "Wait a minute, Morgana hasn't arrived yet. I've also informed Morgana."

"Did you also notify the Demon Queen?"

"Yan, Morgana should also get to know the monsters of the void. You angels and demons will also work together to fight against the monsters of the void. You all understand the monsters of the void, which will be good for your world to prevent the invasion of the void world."

"alright, I got it."

When Angel Yan heard Su Chen's words, she thought about it and it was right.

The invasion of the void world cannot only be fought by angels. Demons, Lieyang Star, Death Song Academy, Super Seminary, and even various civilized planets will all have to fight against it. United to fight against the invasion of the void world.

In the Heavenly Blade battleship, everyone was sitting together talking and waiting for Morgana, Lianfeng, the girls and the angels to introduce each other.

Angel Zhixin saw that Su Chen had been looking at her,

She smiled and said to Su Chen, "Hello Su Chen, I am the holy right-wing guardian angel Zhixin of Queen Kesha."

Su Chen was a little embarrassed when he heard what Angel Zhixin said.

He was also looking at Angel Zhixin when Angel Yan and Angel Leng were whispering. He didn't expect to be discovered by Angel Zhixin.

However,

Angel Zhixin She is really beautiful with her long hair.

She looks very cute with short hair and angelic heart, round little face, convex figure, serious look, and long white legs.

Su Chen touched his nose and said, "I know you, a five-hundred-year-old guard of the Holy Right Wing, and also a disciple of Tianji King Hexi."

"Thank you for the elixir you sent me. I have now upgraded to the fourth generation divine body."

Su Chen waved his hand and said with a smile, "You're welcome, I did this for Angel Yan."

At this time, the angel Keira shouted to Su Chen, "Su Chen, I discovered Morgana's arrival!"

"Keira, tell Morgana to go to the stars"

"OK!"

Su Chen looked at Angel Yan and shouted,

"Yan, who of you angels wants to go there? Angel

Yan thought for a while and replied,

"Angel Chase, Angel Qingqing, Angel Lingxi, Angel Zhixin, Angel Keira, just the six of us went there"

"Okay, I'll take you there with me!"

Su Chen looked at the crowd.

There are a total of twelve people here who want to pass.

There are not many people.

Su Chen was worried that Angel Yan would let the entire angel army pass.

If there were too many people, he was also worried that there would be some mistakes.

What if? Some angels will be stunned or injured by monsters, and Angel Yan may not let her go.

At this moment, after Morgana heard the notice from Angel Keira, she quickly arrived in the star.

Morgana was watching When she saw a huge monster lying on the ground, she shouted in surprise, "I'll go!" What kind of monster is this? How could it be so powerful?"

"Who are you?" (To read Baoshuang novels, go to Feilu Novel Network!)

The Immortal Queen saw a creature appear, and it was an Earth Immortal who had just been promoted not long ago. The Immortal Queen was very confused about Morgana's arrival.

Morgana read She curled her lips at the hot-figured Immortal Queen.

This very seductive woman should be Su Chen's maid. Is this a maid?

Is this a concubine?

The maids that Su Chen's shameless bastard found are all so beautiful, even with perfect figures. Almost catching up with her

"My name is Morgana, and I am Su Chen's friend. Are you Su Chen's maid?"

"Yes, you can call me Phoenix!"

"Is this a void monster?"

The Immortal Queen nodded and replied,

"Yes, this is just a void monster from the earthly fairyland. You cannot defeat this monster with your strength."

"I can't defeat....."

Swish swish swish.....

At this time, figures appeared next to Morgana and the Immortal Queen.

After Su Chen appeared with the Angel Leng girls, he saw the monster suppressed by the Immortal Queen and shouted,

"Holy shit, is this a ferocious beast? What the hell, what a bullshit void world, that is a ferocious beast realm, a powerful ferocious beast realm."

When Su Chen was the emperor of the prehistoric world, he checked what happened in the first calamity of the prehistoric world.

This monster is exactly the same as the beast in the description, and even has a trace of the blood of Qiongqi, one of the four beast kings. This should be The Beast Emperor Shen Ni is an ordinary beast in the army of evil beasts.

The void world?

This should be a beast realm.

The Beast King Shen Ni should also be revived.

Damn, the Beast King Shen Ni must be a saint. The beast The four ferocious beast kings under the emperor may also be ferocious beasts from the 973 Holy Realm.

This time it will be difficult to deal with.

He doesn't know which level of the Holy Realm the Beast King Shen Ni is, but the strength of the Beast King Shen Ni is definitely not weak.

The surrounding ones The girls were all very surprised when they heard Su Chen's scream.

Isn't it a void world?

Is it the realm of ferocious beasts?

Or a powerful ferocious beast realm?

They were all frightened by Su Chen's words.

Angel Yan hurriedly said to Su Chen asked,

"Su Chen, isn't this monster from the void world? The beast realm? This monster comes from the realm of ferocious beasts? Is the beast realm very powerful?"

Su Chen replied seriously,

"Very powerful, maybe even more powerful than the Xuantian Realm. Yan, your world is going to be in trouble this time."

Lianfeng asked in surprise when he heard Su Chen's words,

"Su Chen, tell us about the situation in the beast realm."

Su Chen looked at all the girls who looked nervous.

He rubbed his forehead and said,

"I don't know about the realm of ferocious beasts, but the ferocious beast emperor Shen Ni, he may be a powerful saint, and even the four ferocious beast kings of the beast emperor Shen Ni may be saints."

"This ferocious beast is just a cannon fodder in the ferocious beast realm, and every cannon fodder is in the earthly immortal realm. Your world is really going to be in big trouble. The appearance of the ferocious beast will kill all living creatures, as long as they are living creatures. Can't escape the slaughter of ferocious beasts"

Su Chen also had a headache at the moment.

The appearance of the ferocious beasts made him unexpected.

A small super-god world, this world was actually connected to the ferocious beast realm. The super-god world might really be coming to an end.

When the Beast Emperor Shen Ni was in the Great Desolate Immortal World, he almost unified the Great Desolate Immortal World, and he was the emperor who almost unified the Prehistoric Immortal World by fighting everywhere. This is much more powerful and cruel than Su Chen's unification of the prehistoric fairyland. The first great beast catastrophe in the prehistoric world, the creatures in the prehistoric fairyland were almost wiped out by the beasts. The ruthless killing of the beasts was better than those in the realm of heaven. The dead bodies are even more brutal. When women like Lianfeng and Angel Yan heard Su Chen's words, they were all frightened. Is a ferocious beast king a saint? Maybe even the four ferocious beast kings are saints? The ferocious beast of the Earth Immortal is just a cannon fodder? Moreover, the Xuantian Realm where Su Chen is located is not as powerful as the Fierce Beast Realm, so what will happen to their world? The creatures in their world may all be food in the eyes of ferocious beasts, and they may not even be considered food, right? Angel Leng asked Su Chen,

"Su Chen, is the Xuantian Realm really not as powerful as the Fierce Beast Realm?"

Su Chen 650 nodded and replied,

"The super strong men in the Xuantian Realm should not be as powerful as those in the Holy Realm of the Fierce Beast Realm, but the combat power of the middle and lower levels can overwhelm the entire Fierce Beast Realm. However, wars are often dominated by the super strong men."

"Even if the combat legion in the Xuantian Realm defeated the army of ferocious beasts, as long as the holy realm of the ferocious beast realm was not killed, the outcome of the entire war would change."

Leina grabbed Su Chen and asked eagerly,

"Su Chen, what is the realm of the Emperor of Heaven in Xuantian Realm? Who will win in the battle between the Emperor of Heaven and the Emperor of Beasts?"

Su Chen said awkwardly after hearing Reina's words,

"Ahem, I don't know!"

Well,

I'm just a Taiyi Golden Immortal.

The Beast Emperor Shenni can crush me to death with one hand.

Su Chen fights the Beast Emperor Shenni?

Is this possible?

This little girl Reina is really embarrassing me. Su Chen decided to teach Reina a lesson in the future.

Morgana touched her chin and said helplessly, "So our world will end in three years?"

The Immortal Queen shook her head when she heard Morgana's words,

"No, your world should be over in less than three years. This time there are thirteen ferocious beasts, three (chcg) ferocious beasts in the earthly immortal realm, and ten ferocious beasts with low strength. I just caught them. I killed one ferocious beast from the Earthly Immortal Realm, but I didn't kill the others."

"this....."

Women such as Morgana and Angel Yan were very speechless. They did not expect that thirteen powerful beasts would arrive this time.

One of the thirteen ferocious beasts was captured, and there are still twelve ferocious beasts in their world. Those ferocious beasts are very weak to the Immortal Queen, but they are very powerful existences to the people in their world.

Su Chen looked at the negative looks of these women and said,

"Okay, these are just my guesses, but they are almost the same. There is a ferocious beast in the earthly immortal realm here. Do you want to try the ferocious beast's strength? Angel

Zhixin asked with a puzzled look on his face.

"Can we defeat this beast?"

Su Chen shook his head when he heard Angel Zhixin's words.

Angel Zhixin, Angel Yan, Angel Leng, and Angel Ruoning, although the four of them have upgraded to the fourth generation divine body, their strength has not yet reached that of the Earth Immortal. Strength.

At most, they are only in the realm of pseudo-earth immortals.

Morgana, the demon queen, has advanced to the realm of earth immortals.

Su Chen thought about it and said to the girls,

"Morgana has just been promoted to the realm of Earth Immortal, Angel Leng, Angel Yan, Angel Zhixin, and Angel Ruoning. You are all pseudo-Earth Immortals. The five of you can try it out together."

Angel Yan took out the white feather sword and said seriously,

"Okay, let's give it a try. If the five of us can't defeat a ferocious beast from the Earthly Fairyland together, our world will really be hopeless."

"You all can take action with confidence, I will arrange a space shield for you to protect you, and the Phoenix will also protect you by the side."

Su Chen waved his hand, and five haloes appeared on the bodies of Angel Leng and Angel Yan. This was Su Chen's layer of protection for Angel Yan and the girls. The space shield.

Su Chen's space shield was Daluo Jinxiandu. If it cannot be broken, a ferocious beast will not cause any harm to the five girls at all. (To read Baoshuang novels, go to Feilu Novel Network!)

"Okay, let's get ready to take action!"

"Phoenix, let go of the beast, don't let it escape, and pay attention to the safety of Angel Yan and the others."

"Yes, master!"

After the Immortal Queen saluted Su Chen, she lifted the pressure on the ferocious beast with a wave of her hand.

Angel Yan and Morgana also quickly surrounded the ferocious beast. Each of them took out their weapons and prepared to surround and kill this beast. Fierce beast.

Aww.....

After the beast regained its freedom, it prepared to attack the women who besieged it.

"Take action!"

Boom boom boom.....

Angel Yan and the five men quickly attacked the ferocious beast. The powerful attack seemed to crack the surrounding ground, and some of the surrounding mountains were blasted away by streaks of light blades and fierce flames.

When Su Chen saw the battle starting, he waved his hand and arranged a space barrier.

Su Chen also placed the sofa and table in the system space next to it. There were also some fruits and drinks on the table.

Su Chen waved his hand and said to Angel Chase,

"Everyone, sit down and we will watch the battle between Angel Yan and the others. You can also observe the weaknesses of some ferocious beasts."

Lianfeng and Qilin all sat down.

Their strength was very low. They couldn't get close to the ferocious beasts, let alone fight them.

Angel Chai sat beside Su Chen and said speechlessly,

"Su Chen, you will be beaten by Sister Yan and Sister Leng."

Su Chen hugged Angel Chai and said with a smile,

"Ah Zhui, Yan and Leng are fighting. We can't stand around and eat dirt, right? By the way, Ah Zhui, send the scene of Yan and the others' battle to your queen, so that your queen can also experience the power of the ferocious beasts."

"good!"

Lianfeng looked at the fight between Angel Yan and the girls, and she asked Su Chen,

"Su Chen, after our strength has been improved by you, can we kill such a ferocious beast?"

Su Chen held Lianfeng in his arms and said,

"Okay, this ferocious beast is an Earth Immortal. I will raise your strength to a Heavenly Immortal. Heavenly Immortal is the limit of the technological gods in your world."

Qiangwei saw Su Chen holding Angel Chase in one hand and Ling Feng in the other, and she felt very angry.

This shameless bastard has gone too far, and now he dares to openly flirt with the women around him.

Qiangwei couldn't help but do it. Shoot Su Chen's dirty hands with a flying knife

"Su Chen, you are hugging me right now while Angel Yan and Angel Leng are fighting. If they see your shameless look, do you believe that Angel Yan and Angel Leng will chop you with their swords?"

"Qiangwei, are you jealous? I still have some space in my arms, why don't you come over too?".

Chapter 2263

Qiangwei became even more angry when she heard Su Chen's words.

This shameless bastard still wanted to throw himself into his arms?

Damn it, if there weren't a lot of people here,

Rose would have given this bastard a good beating.

"You are so shameless and hopeless."

Qilin and Angel Qingqing all shook their heads speechlessly.

They were too lazy to talk to Su Chen.

The threat from the beast realm made them very worried.

A cannon-fodder beast,

Angel Yan and the five of them Not even a powerful person could be killed in an instant. Even Angel Yan and the five of them were constantly knocked away by ferocious beasts. They felt powerless against the future ferocious beast realm invading their world.

Su Chen smiled and hugged the angel beside him to chase him. Lianfeng did not let go.

The appearance of the ferocious beast realm made him feel a little helpless.

Even if Su Chen did not want to face the "917" in the ferocious beast realm now and did not want to help the super god world fight against the ferocious beast realm, the ferocious beast The realm will also face the Xuantian realm in the future, and it won't even be long before this time.

The Beast Emperor Shen Ni!

This powerful enemy of unknown strength.

Ever since Su Chen met Hongjun and the Space Demon God raised his eyebrows, the Beast King Shen Ni has May be the third powerful enemy he encountered,

"Bichi, the devil's claw!"

"Thousands of thunders are at my disposal!"

"Wind Spirit Arrow!"

"Three-stage attack of fierce flames!"

"Flame storm!"

Boom boom.....

Morgana and Angel Yan were a little anxious now. The beast's power surprised them, and their ordinary attacks caused minimal damage to the beast.

After Angel Zhixin was knocked away by the ferocious beast again, she quickly flew over and shouted,

"Sister Yan, are we going to launch a trial by fire?"

Angel Yan replied while attacking the ferocious beast,

"Zhi Xin, don't activate it yet. We have to find out the weaknesses of the ferocious beasts, otherwise we will face the attacks of ferocious beasts in the future. It will be very difficult for us to deal with these ferocious beasts."

"OK!"

When Angel Zhixin heard what Angel Yan said, she thought it was good.

This was just a cannon fodder-level ferocious beast.

The five of them couldn't deal with a cannon-fodder-level ferocious beast for a long time, and they were even knocked away by the ferocious beast. , if they had not had the space protective shield given by Su Chen, several of them would definitely have been damaged.

At this time,

Taotie and the Super Seminary on Earth also detected the huge energy in the star, and

Taotie sent a reconnaissance ship to check..

Although the Super Theological Seminary on Earth detected huge energy fluctuations, they did not have the ability to check it.

The only battleship of the Super Theological Seminary did not dare to fly out of the earth. The outer space of the Earth was surrounded by a gluttonous fleet. The Super Theological Seminary did not have the ability to check it. If the academy dares to dispatch warships, the ones they face can only be defeated by Taotie battleships.

Outside the star, a group of ten Taotie warships appeared in the distance of the star, but after Taotie's fleet discovered the angels and angel battleships outside the star, Taotie's fleet Stopped hastily

"Commander, an angel battleship was found outside the star, and there are hundreds of angels around it. Our reconnaissance fleet dare not approach it."

"Angel? The angel has actually come to the earth again. Don't get close yet. I will report the situation here to my god Karl."

"Yes, Commander!"

On Earth,

Dukao was walking back and forth in the combat command room. Huge energy fluctuations occurred in the stars in outer space. Although he wanted to know what was happening, the Earth simply had no ability to check.

Xiao Lun of the Galaxy Power saw walking Dukao was walking around.

He looked at the energy detection screen and shook his head. He didn't know anything about these things and couldn't see anything.

Xiao Lun came to see Dukao this time.

He just wanted to know Qilin. I went there, and there was Lianfeng.

Lianfeng has also disappeared these days.

"General Du, Qilin and Chief Lianfeng have been away for more than three days. Why don't we send someone to look for them?"

Dukao's face darkened when he heard Xiao Lun's words. (To read Baoshuang novels, go to Feilu Novel Network!)

His face darkened.

Qilin and Lianfeng, these two people left the Black Great Wall base four days ago. , and even left a message to quit the academy, which made Dukao very angry.

Qilin was just an insignificant Kamigawa gene warrior, and Dukao didn't care about Qilin's departure at all.

But Lianfeng was different,

Lianfeng controlled the German Star's technology, even the black armor and black Great Wall matters are all presided over by Lianfeng. Lianfeng's departure has stopped the research on black armor and the establishment of the black great wall.

This is fatal to Dukao and the academy blow

"Xiao Lun, Qi Lin and Lian Feng have already withdrawn from the Black Armored Team. What's the use of finding them?"

Xiao Lun exclaimed in surprise when he heard Dukao's words,

"Impossible. How could Qilin and Commander Lianfeng leave us? General Du, what on earth happened?"

Dukao looked at Xiao Lun and shook his head and said, "It's because Su Chen, Qilin and Lianfeng should all be looking for Su Chen....."

"It's that guy again, General Du, is Su Chen still on earth?"

"It's unclear. The angels took Su Chen away. We don't have the ability to detect the entire earth. We don't know whether Su Chen has returned to the earth."

"Damn it, how could that guy deceive Qilin and Commander Lianfeng away?"

Xiao Lun clenched his fists tightly and was very angry.

Su Chen, it's that Su Chen again.

Angels and demons destroyed the academy's base because of Su Chen. Reina and Qiangwei also stopped contacting them because of Su Chen.

Su Chen. Now Chen has kidnapped Qilin and Lianfeng from the college.

Xiao Lun hates Su Chen very much.

"well!"

Dukao was also very disappointed with Xiao Lun of Galaxy Power.

He escaped during the war and only got beaten during the battle with Taotie.

Xiao Lun's Galaxy Power ability was not fully utilized, and the angels also refused to activate Xiao Lun. The angel genes in the body and the power of the galaxy do not have the ability of angels. Xiao Lun is not as powerful as Liu Chuang, the God of War of Nuoxing.

Apart from resisting beatings,

Xiao Lun is now useless.

Dukao rubbed his forehead and thought,

"What exactly happens in stars? The other branches of the Academy in the Universe hope to send strong people and technical resources as soon as possible, otherwise the academy on Earth will really be doomed."

In Stellar 3.0, the battle between Angel Yan and the five men is still going on, but the situation has been reversed.

The attacks of Angel Yan and the five men made the beasts avoid everywhere.

It was only an instant that the bloody beasts were killed, but Mo Gan Na and Angel Yan wanted to find out the weakness of the beast, but the five of them did not kill the beast immediately.

Su Chen took a sip of wine and said,

"There was nothing left to watch. Angel Yan and Morgana had already understood the ferocious beasts. As long as they found the weaknesses of the ferocious beasts, next time they encountered ferocious beasts in the Earth Fairy Realm, any one of them could kill them."

Lianfeng nodded when he heard Su Chen's words.

However, a ferocious beast cannon fodder is so powerful. What if there are thousands of ferocious beast cannon fodder? There are simply not so many strong men in their world to deal with them. Thousands of ferocious beasts

"Su Chen, how many ferocious beasts are there in the ferocious beast realm?"

Chapter 2264

Angel Chase and Qiangwei also looked at Su Chen. They also wanted to know how many ferocious beasts there were in the ferocious beast realm.

If the number was small, their world could still be saved.

However, they all guessed that there would be many ferocious beasts in the ferocious beast realm. The ferocious beast realm was a vast and boundless realm, even bigger than their world. How many times.

However, they all want to get good news from Su Chen, which is also their self-comfort idea.

Su Chen shook his head when he heard Lianfeng's words. How many ferocious beasts are there in the ferocious beast realm? This may be more than the number of creatures in the super-god world, billions, or even tens of billions, this is possible.

When Su Chen saw Qiangwei and Angel Qingqing, they also looked like they wanted to know.

Su Chen asked Lianfeng,

"Lianfeng, do you want to hear the truth or lies?"

Lianfeng hammered Su Chen and shouted angrily,

"Of course it's the truth!"

The girls who were chasing after the angel looked angry. They were all waiting for Su Chen's answer to this shameless bastard. This bastard actually gave them a big gasp. The girls all wanted to beat this bastard together. Su Chen He smiled and said,

"You may not want to hear the truth!"

Qiangwei stared at Su Chen and shouted,

"Say it quickly, I think!"

Su Chen took a sip of wine and said to the girls,

"There are more ferocious beasts in the ferocious beast realm than there are creatures in your world. Your world is just a middle-thousand world. Any area in the ferocious beast realm is larger than your world. You can imagine the vast and vast ferocious beast realm. How many ferocious beasts will there be in the domain?"

Lianfeng and the other girls took a breath of air-conditioning when they heard Su Chen's words.

They all completely gave up their fantasy.

There were more ferocious beasts in the ferocious beast realm than they imagined. They thought that if countless ferocious beasts When they come to their world, I am afraid that the number of ferocious beasts will fill their world.

Angel Keira looked at Su Chen and asked expectantly, "Su Chen, can Xuantian Realm save our world?"

Su Chen shook his head and replied,

"It's impossible and there's no point. The ferocious beasts in the ferocious beast realm only know how to kill and don't have much intelligence. It is impossible for the Xuantian realm to have a war with the ferocious beast realm."

Angel Kayla and the girls were very disappointed when they heard Su Chen's words, but this was not something Su Chen could decide. The Emperor of Xuantian Realm would not do such meaningless things.

Qilin looked pale and said to Su Chen asked,

"Su Chen, didn't you say that Xuantian Realm is going to occupy our world? Is Xuantian Realm going to give up?"

Su Chen rolled his eyes at Qilin.

He guessed what Qilin meant.

Qilin wanted the Xuantian Realm to occupy their world.

The Xuantian Realm just wanted to control their world and would not kill the creatures in their world.

But the ferocious beast realm is different.

The ferocious beast realm wants to kill all the creatures in their world.

In contrast,

Qilin would rather the Xuantian realm controls their world than she wants to see the slaughter in the ferocious beast realm. The creatures of their world.

Su Chen shook his head and said,

"So what if you don't give up?"

"If the Xuantian Realm takes over your world, your world will be connected to the Fierce Beast Realm in three years."

"The Xuantian Realm will also face the invasion of the Ferocious Beast Realm in the future. This is asking for trouble, what if it were you? Are you willing to go to war with a realm for the sake of a small world? Qilin shook her head helplessly and replied,

"No, just...But will Xuantian Realm really give up on our world?" (To read exciting novels, go to Feilu Novel Network!)

"Qilin, I am not giving up. Your world is your world. Your world does not belong to Xuantian Realm, and Xuantian Realm has no obligation to launch a realm war for your world."

Su Chen was also speechless.

He found that all the women wanted the Xuantian Realm to occupy their world.

If this happened before,

Su Chen would be very happy, but what the hell, their world will be the same as the Fierce Beast Realm in the future. China Unicom, Su Chen couldn't do these stupid things even if he had a full meal.

At this time, in the Merlot Heavenly Court,

Kesha and He Xi also heard Su Chen's words.

They were originally watching the battle scenes transmitted by Angel Chase. They were all very frightened by its power.

This was still a cannon-fodder-level ferocious beast.

Five powerful fourth-generation gods fought for a long time without killing the ferocious beast. If countless ferocious beasts arrived, it would be impossible to stop them in their world. The invasion of ferocious beasts.

Su Chen just said that Xuantian Realm has given up on their world.

The Emperor of Xuantian Realm probably does not want to break out a realm war with the ferocious beast realm for the sake of a small world.

But in this way, their world will be destroyed. It's really over.

He Xi said to Kesha seriously,

"Queen, we have to win over Su Chen. The Xuantian Realm has given up invading our world. The Ferocious Beast Realm is something our world cannot deal with. If our world is invaded by the Ferocious Beast Realm, our world will be completely destroyed by then. of destruction."

Queen Kesha rubbed her forehead and sighed,

"I know, alas, a cannon fodder-level ferocious beast is so difficult to deal with. If countless ferocious beasts come to the ferocious beast realm, or even some powerful ferocious beasts, our world will simply not be able to fight against it."

"Where is Su Chen? Queen, what do you think?"

"Without any idea, we won over Su Chen, but Su Chen might still be an insignificant person in Xuantian Realm, and Su Chen's help to our angels might not be much."

He Xi nodded when he heard Kesha's words.

Su Chen is just a Taiyi Golden Immortal.

He is in the powerful Xuantian realm. Su Chen's status will definitely not be too high, but this is the only chance for their angels. , is also the only chance for their angels to retain the fire.

If the beast realm begins to invade their world, there will be no life in this world.

He Xi thought for a while and stood up to salute Kesha. After that, she pleaded with a serious face,

"Queen, I want you to hand over Angel Yan and the others, and even the Seventh Angel Legion to Su Chen. We will leave some fire for the Merlo Heavenly Court, so that at least we angels will not be exterminated."

"let me see!"

Kesha nodded when she heard He Xi's words, but she did not make up her mind immediately to hand over an angel legion to an unfamiliar person.

Queen Kesha was a little worried.

Although Su Chen had a close relationship with Angel Yan , Angel Leng even swore a protective oath to Su Chen, but these were not just one or two angels, this was an angel fighting legion.

In the star Liren, the angel chased Su Chen and asked,

"Su Chen, what is your status in Xuantian Realm? How many troops can you mobilize?".

Chapter 2265

Su Chen shook his head when he heard what Angel Zhui said.

His identity was told to Reina and Angel Leng, and he didn't want to be exposed yet.

If the Emperor of Heaven in the Xuantian realm knew his identity, they might not believe him, or they might believe him and let him help the super-god world.

When Reina heard Angel Chase's words, she hurriedly shouted,

"Angel Chase, Su Chen is below three people and above hundreds of millions of people in Xuantian Realm. This bastard is just talking nonsense. Don't believe what he says."

When Angel Chase and Qiangwei heard what Reina said, they all looked at Su Chen in surprise. They didn't know whether what Reina said was true, but if what Su Chen said was true, then Su Chen's status in Xuantian Realm should be very high, but Su Chen is just a Taiyi Golden Immortal. Will he have such a high status in Xuantian Realm?

Su Chen rolled his eyes at Reina, he thought Reina He was deliberately belittling himself. Reina did not believe that he was below three people and above hundreds of millions of people in Xuantian Realm, but Reina was deliberately making trouble for him. Qilin looked at

Su Chen and asked with a serious face Said,"Su Chen, is what Reina said true or false?"

Su Chen said with a smile,

"Qilin, if you think it's true, it's true. If you think it's false, it's false."

"You are such an asshole."

Qilin glared at Su Chen fiercely.

What this bastard said is the same as what he didn't say. Damn bastard, Qilin really wants to beat Su Chen.

Angel Zhui grabbed Su Chen's arm and asked,

"Su Chen, do you have an army? I'm talking about your private army."

"have!"

"how many? Strong or not?"

Su Chen thought for a while and said vaguely, "Hundreds of millions, it's much more powerful than your world."

Qilin said hurriedly when she heard Su Chen's words,

"Su Chen, can you deploy your army to help our world? I don't want my world to be destroyed by the beast realm"

"Qilin, do you know how many people will be killed or injured after the boundary war breaks out?"

"I don't.....have no idea!"

Su Chen stood up and patted Qilin on the shoulder and said,

"Before I came to your world, a heavenly realm invaded the wild realm. The creatures in the heavenly realm were similar to the ferocious beasts in the ferocious beast realm. They both wanted to kill all creatures."

"In just one month, tens of billions of creatures in the entire Northern Territory were massacred. Humans, ancient tribes, monsters and ferocious beasts, not a single creature in the entire Northern Territory survived."

"Even the most powerful cultivator army in the Wild Realm was killed by tens of millions in three days. At that time, the entire northern land of the Wild Realm was stained red with blood. Compared with the wars in your world, There is simply no comparison."

Qilin and Angel Zhui fell silent after hearing Su Chen's words.

Tens of billions of creatures were killed and injured in less than a month.

This has also happened in their world.

The interstellar war in Deno killed and injured tens of billions. Demons and angels The wars in the world also killed and injured billions of creatures.

However, one of the realms killed and injured tens of billions, and they were not ordinary creatures. In fact, many creatures were much more powerful than the various races in their world..

They were still frightened.

Su Chen continued to say to the girls,

"I have a large army and many powerful subordinates, but this is a meaningless war."

"There are many powerful ferocious beasts in the ferocious beast realm. If my army and even my men come to start a war with the ferocious beast realm, how many casualties will my army and men have? Ten million? One hundred million? Or a billion? Qilin said anxiously to Su Chen,

"Su Chen, how could this be meaningless? You are saving our world. There are tens of billions or even hundreds of billions of living beings of various races in our world. You are saving countless living beings."

Qilin heard Su Chen say ten million?

One hundred million?

One billion troops?

Qilin didn't expect that Su Chen would have so many troops.

If Su Chen's army came to their world, maybe their world would There is help.

The other girls also looked at Su Chen. (To read Baoshuang novels, go to Feilu Novel Network!)

They all heard what Su Chen just said clearly. They also did not expect that Su Chen would have so many troops. One hundred million?

This number scared them.

When Su Chen heard Qilin's words and saw what the other women were like, he wanted to slap himself in the face. He just let it slip when he said it, one hundred million?

An army of one billion?

How could he say so many troops?

If he had just mentioned millions of troops, how could he convince these women this time?

Angel Qingqing looked at Su Chen and asked,

"Su Chen, are you a noble in Xuantian Realm? Maybe a lord? Otherwise you wouldn't have so many troops."

Su Chen coughed a few times and then changed the subject and said,

"Ahem, cough, let's not talk about this anymore. I'm powerless to help your world."

"Angel Yan and Angel Leng have already killed the ferocious beast. You all should go take a close look at the ferocious beast. After all, you will encounter such ferocious beasts in the future."

After Angel Chase and Qiangwei looked at each other, they all knew that Su Chen was deliberately changing the topic.

However, since they knew that Su Chen had a huge army, they could also find ways to get Su Chen to help them in the future. world.

After Su Chen removed the space barrier, Angel Ruo, Qiangwei and the girls went to check on the killed beasts.

After the girls left, Su Chen rubbed his forehead and whispered helplessly,

"Damn it, now you're in trouble, how could you accidentally let it slip? The trouble may be serious now. Are we going to launch a realm war with the ferocious beast realm at this time?"

At this time, the Immortal Queen appeared next to Su Chen and said,

"Master, you can actually let the army of cultivators in the wild realm fight against the ferocious beast. I just checked this ferocious beast. The flesh and blood of the ferocious beast is a great supplement to the cultivators in the wild realm. It can even enhance the strength of the cultivator.."

Su Chen asked in surprise when he heard the Immortal Queen's words.

"Um? What are the benefits?"

The Immortal Queen nodded hurriedly and replied,

"Yes, Master, I did not expect that the flesh and blood of ferocious beasts would have such a great effect. If the cultivators in the wild realm discovered the benefits of the flesh and blood of ferocious beasts, the cultivators in the wild realm would go crazy knowing about it."

When the Immortal Queen discovered the benefits of the flesh and blood of ferocious beasts, she was also shocked.

The ferocious beasts that the Immortal Queen had killed before were directly destroyed into ashes. This time Angel Yan and the others beat the ferocious beasts until their flesh and blood flew everywhere, and the Immortal Heaven discovered it later. Benefits of the flesh and blood of ferocious beasts

"Phoenix, the strength of the cultivators in the wild realm is too low. Even if those cultivators come, they are no match for the ferocious beasts."

Su Chen shook his head when he heard the Immortal Queen's words.

The strength of the cultivators in the wild realm was too low, and those cultivators just came to bring food to the ferocious beasts.

The Immortal Queen said with a cruel face,

"Master, we can allow cultivators above the Earth Immortal realm to come. There will also be many cultivators above the Earth Immortal realm in the wild realm. It would be good to let them come and serve as cannon fodder."

"Well, that's good, let me think about it first."

Su Chen nodded when he heard the Immortal Queen's words.

It's good for cultivators from the wild realm to be cannon fodder, but cultivators from the wild realm may not be restrained when they arrive.

And if cultivators from the wild realm turn super gods into The world, even the ferocious beast realm is exposed, and the prehistoric fairy world may come back to intervene. Su Chen has to think about how to deal with this matter. The wild realm?

The prehistoric fairy world? The ferocious beast realm?

Eh?

The beasts of the ferocious beast realm Emperor Shenni has a grudge against the Great Desolate Immortal Realm. After all, the Beast Emperor Shen Ni was jointly killed by the powerful men from the Great Desolate Immortal World.

If a war breaks out between the Ferocious Beast Realm and the Prehistoric Immortal Realm, wouldn't he be able to reap the benefits?

At this time,

In the Death Song Academy, after Karl had just killed a low-level ferocious beast, he received a report from Commander Taotie. There were strong energy fluctuations in the star. This must be where the void monster appeared.

Karl sat on the chair He whispered,

"Void? What kind of world is this? Are these arriving void monsters the most powerful monsters? Or just some low-level monsters? He has made his body insubstantial, but if he faces a powerful monster, he may also be killed."

Karl felt that he could not wait any longer. He did not know how many void monsters had arrived from the void this time.

He felt that time was running out.

If void monsters invaded the world in large numbers, Karl might also be killed by the powerful void monsters.

"Snow!"

"My god!"

A man in black robes and a mask suddenly appeared. He hurriedly saluted Karl and said,

"Snow, order Commander Taotie to launch a large-scale attack on the Earth. Also, let Sirius also move out. I will occupy the Earth within one year."

"Yes, my God!"

"Wait, I will also inform Hua Ye, the king of Tiangong, that I will help him upgrade his divine body, let Hua Ye assemble his Tiangong army, and let Hua Ye deal with the Lieyang Star on the earth's battlefield."

"Yes, my God!"

When Carl saw Snow leaving, he stood up and clasped his hands behind his back and said to himself,

"Pangu civilization? Earth? He must find the Pangu Civilization. This may be the only way to deal with the void monster, and it is also his only hope for survival."

Outside the star,

Tianren No. 7.

Su Chen and Angel Yan have returned to Tianren No. 7.

The beast has been killed, but Angel Yan and the girls are a little depressed.

It is so difficult to deal with a cannon fodder beast. , they were very optimistic about the future invasion of the ferocious beast realm into their world. People like Angel Yan and Morgana were very unfavorable.

Bang bang bang!

Su Chen saw these women were silent, he clapped his hands and said,

"Don't be silent any longer. Get ready, and I will improve your strength in Tianren No. 7."

Angel Yan asked after hearing Su Chen's words.

"Su Chen, what should we do?"

"Yan, does Tianren No. 7 have a bathing pool?"

"have!"

"Yan, prepare the bath. I will pour some precious life spirit liquid into the bath. You will all absorb it in the bath for a while. These spiritual baths can upgrade you to the fifth generation divine body."

"Okay, I'll give the order right away!"(To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen saw Angel Yan going to prepare.

He looked at the remaining girls.

Su Chen was going to use life spirit liquid to help Angel Yan and the others upgrade. The life spirit liquid is enough to upgrade the eleven of them. Five drops of life spirit liquid is more than enough for the fifth-generation divine body.

Su Chen told Angel Leng,

"Leng, you eleven are the first batch of people. You can start upgrading after soaking in the bath for half a day, so that your body can absorb more life essence."

"We understand!"

Angel Leng nodded to Su Chen.

She understood what Su Chen meant.

After the eleven of them took a spiritual bath, the other angels of the Angel Legion could also continue to take a spiritual bath. Su Chen was promoting the Angel Legion in disguise. Strength.

People like Qiangwei and Angel Chase nodded beside them. They all understood what Su Chen said. They took a long spiritual bath and then upgraded. They all remembered Su Chen's words. Morgana heard this After Su Chen's words, she couldn't sit still.

It took Morgana several days to upgrade her divine body, and she also had to calculate the specific data for upgrading her divine body, but these women could upgrade their divine body just by taking a spiritual bath.

Such a good thing She won't miss it

"Su Chen, what about me? Don't you want to improve my strength?"

Su Chen was speechless when he heard Morgana's words, "Morgana, you can continue to upgrade your divine body with the resources I have given you. Do you still want me to help you improve?"

Morgana put her hands on her hips and shouted,

"Let me go. Angel Yan and the others can upgrade their divine body by taking a spiritual bath. I have to upgrade my divine body while calculating. Is this the same?"

"Forget it, you can take a spiritual bath together then."

Su Chen shook his head and agreed.

Morgana, a shameless woman, if 833

Su Chen didn't agree to her, this shameless woman wouldn't know what ridiculous things she would do.

"Su Chen, the bath is ready."

At this time,

Angel Yan came back and said to Su Chen that she had asked the angels to change the water in the bathtub.

"We all go over there."

The women, Qiangwei and Angel Leng, all stood up one after another, and they all headed towards the bath to prepare for the spiritual bath.

After half a day, their strength will be upgraded to the fifth generation divine body, which makes these women very excited..Beside the bath, there were six angels, Angel Yan and Angel Leng, Tian Qiangwei and Lianfeng, plus Morgana and Angel Ruoning.

These twelve beautiful beauties all looked at Su Chen, they were all waiting Let Su Chen pour the life essence liquid into the bathtub

"See what I do? Everyone took off their clothes and entered the bath!"

Su Chen looked at these women looking at him, and he folded his arms and laughed.

This time he was peeking openly.

Twelve beautiful beauties were taking a spiritual bath. He was a little impatient now. Look at the beautiful scenery.

When Qiangwei heard Su Chen's words, she yelled,"Take off your clothes.".....Undress? How can we take off our clothes when you're here, you bastard?"

"This bastard just has no good intentions, let's beat him up together"

Chapter 2267

Morgana stared at Su Chen with bright eyes.

When she stared at Su Chen just now, Su Chen deceived her about her strength. Morgana had long wanted to beat this bastard, but she knew that he was no match for Su Chen. Morgana If someone attacks Su Chen alone, she will definitely be defeated by Su Chen, or even taken advantage of by this shameless bastard.

There are more than ten women here, and they all have a good relationship with Su Chen. If they attack together, no matter how powerful Su Chen is, he will not be able to let go and deal with these women.

"Su Chen, do you want to die?"

Angel Yan stared at Su Chen coldly.

This shameless bastard, having an Angel Leng made her very angry.

This shameless bastard actually thought about other girls. Angel Yan clenched his fists tightly. She couldn't bear it anymore. I must take action and teach this shameless bastard a lesson.

Angel Leng grabbed the clothes on Su Chen's chest and threatened fiercely,

"Su Chen, it seems that you really want to die.

Reina fanned the flames and said,"Beat him, this bastard is a shameless pervert!""

The other girls stared at Su Chen.

They didn't expect that Su Chen would let them take off their clothes and take a spiritual bath. It's okay to take off their clothes and take a spiritual bath.

But what does this bastard mean here?

He was just peeping on them. ?

Su Chen looked at the girls in confusion.

He didn't expect the girls to react so much. He was in trouble now. If he had known, he would have let them all go into the bath and then take off their clothes.

Su Chen hugged him and grabbed him. Angel Leng, who was wearing clothes, said quickly,"Well, if you don't take off your clothes, it will not be good for absorbing the life spirit liquid. Besides, when you are all ready, I will put the life spirit liquid on you next to you. Angel

Yan stretched out his hand with a cold face and said,"Give me the life spirit liquid, you shameless bastard, get out of here. If you dare to peek, Su Chen, I will definitely teach you a lesson.""

I guess!

The life spirit liquid was given to Angel Yan, and he was still able to see shit.

Such a good opportunity,

Su Chen didn't want to miss the opportunity to enjoy the beautiful scenery, and it was also an opportunity for twelve beautiful beauties to take a bath at once.

Su Chen thought about it and said with a smile,

"Yan, you don't know how much to put in the Life Spirit Bath, so I'll help you put it in. If you're worried about me peeking, I can turn my back to you now."

"Shameless!"

Angel Yan stared at Su Chen helplessly.

She really didn't know how to use the Life Spirit Liquid, but wouldn't this bastard tell her how to use it?

Damn bastard,

Angel Yan felt that Su Chen just didn't have good intentions.

Morgana smiled slyly and said, "Su Chen, turn around, we are going into the bath!"

"good!"

Morgana and the other women saw Su Chen turn around, and

Morgana's devil's claw suddenly appeared behind Su Chen. The other women saw this and smiled. There was Morgana's devil's claw. As long as the claws are there, they don't have to be looked at by

[illegible]

A woman took off her clothes and quickly jumped into the bath.

This bath was very big, and hundreds of angels could bathe and rest here at a time. Angel Yan and Angel Leng jumped into the bath and swam to the depths.

Holy shit!

Su Chen looked back secretly and saw the huge devil's claw blocking his back, and he was very speechless.

Damn it,

Morgana is really hateful.

Forget it, these women won't be able to escape in the future anyway.

Su Chen shook his head and was about to give up.

If he wanted to peek at these women, it would be easy.

However, (to read Baoshuang novels, go to Feilu Novel Network!)

Su Chen didn't want to do that, just peek and sneak around openly. Peeping is a different concept. Although Su Chen wanted to watch a few women taking a spiritual bath, he would not do so in a dirty way.

"Morgana, I remember you, you are all ready to absorb, I am going to pour the life liquid."

In the bath,

Morgana laughed and said, "Haha....., Su Chen, we are all ready."

Angel Chase said to the other girls,

"In fact, Su Chen is very powerful. If she wants to peek at us, Morgana's devil's claws can't stop Su Chen at all."

Angel Zhixin nodded and said,

"Yes, Su Chen is a Taiyi Golden Immortal. If he peeks at us, it might be a very simple matter."

Angel Yan waved his hands to the girls and said,

"Don't worry, although Su Chen is lustful, he is not a dirty villain. That bastard will not spy on us."

Lianfeng also nodded in agreement,

"That's right. Su Chen can tease us openly and even take advantage of us, but Su Chen is not a dirty person."

The other girls nodded.

They all knew that Su Chen was very powerful.

It was very easy for Su Chen to peek at them. But Su Chen didn't use his powerful ability to peek at them. I still felt very good about Su Chen.

Suddenly, a burst of white mist floated out of the bath.

Morgana noticed the rich pure energy in the bath. She hurriedly shouted to the other women,

"hiss! Such pure energy, please absorb it quickly."

The women, Angel Yan and Qiangwei, quickly closed their eyes and absorbed the pure energy in the bath. The rich energy in the bath surprised them all.

Life Spirit Bath?

They didn't expect the Life Spirit Liquid to be so powerful. pure energy

"Kamigawa genes are being optimized.....The second-generation super soldier has enough energy. Reifu Kamigawa, will he be upgraded to the second-generation super soldier?"

"No upgrade!"

"Kamigawa genes are being optimized....., the third generation super soldier has enough energy, Kamigawa Reifeng, will he upgrade to the third generation super soldier?"

"No upgrade!"

"Kamigawa genes are being optimized....., the third generation divine body has sufficient energy, Kamigawa Reifeng, will you upgrade to the third generation divine body?"

"No upgrade!"

At this moment,

Lianfeng was excited and helpless.

In just half an hour, her genetic system had been reminding her to upgrade. She felt like she was riding a rocket to upgrade. But when she thought of Su Chen's reminder, Lianfeng didn't immediately To upgrade, she needs to absorb more life liquid.

"Kamigawa genes are being optimized.....The third generation super soldier has enough energy. Rose Kamigawa, will she be upgraded to the third generation super soldier?"

"Kamigawa genes are being optimized.....The third-generation divine body has sufficient energy. Reina Kamigawa, will she upgrade to the third-generation divine body?"

"Kamigawa genes are being optimized.....The third generation super warrior has enough energy. Kirin Kamikawa, will you upgrade to the third generation super warrior?"

"No upgrade!"

Qiangwei, Reina, Qilin's genetic system was constantly reminding them, and they were very happy.

However, none of them immediately upgraded their divine bodies. They all remembered what Su Chen said. After half a day, they It takes half a day to absorb the spiritual liquid of life before you can start upgrading your divine body.

Su Chen stood beside the bathtub in boredom for a while and thought,

"The combat body of Heavenly Blade No. 7 is pretty good. If you are bored anyway, just refine it. There seems to be a lot of chaos stones and fairy crystal materials in your own space."

Chapter 2268

On Earth, the Taotie fleet began to invade the Earth on a large scale. After ten flagships and hundreds of warships invaded the Earth at the same time, the armies of all countries on the Earth were completely defeated.

The Earth was temporarily occupied by 60% of the Taotie army, and the remaining The earth's resisters were all hiding, and the powerful firepower of the Taotie fleet was simply not something earth's weapons could resist.

In the Black Great Wall base, other members of the Black Armored Team were hiding here.

The Northern Star had just been recaptured for a few days, but in just a short while, the Northern Star was occupied by Taotie again.

The only warship in the academy was also destroyed by the Taotie fleet.

The army suffered heavy casualties.

Several people in the black armor team were also injured. The powerful attack of the Taotie fleet made them unable to resist.

Liu Chuang and others had never fought against Taotie at all. They were bombarded by the Taotie fleet and hid everywhere. It was not until the army was completely defeated by the attack that the black-armored team escaped from the Northern Star.

In the conference room,

Liu Chuang sat down and shouted loudly,

"Is the Taotie Fleet crazy? The entire Northern Star has been completely destroyed. What is Taotie going to do?"

Xiao Lun said with a serious face,

"Something is wrong, Taotie wants to occupy the earth regardless of the consequences, and Taotie doesn't mind at all when the city is destroyed."

Xin Zhao asked doubtfully,

"Doesn't the Taotie Fleet have powerful star-destroying weapons? If Taotie wanted to destroy the Earth regardless of the consequences, why didn't they use powerful planet-destroying weapons?"

Dukao said with a serious face,

"Needless to say, this large-scale invasion by the Taotie Fleet is happening all over the world. There is nothing we can do now. Weapons on the earth cannot threaten the Taotie Fleet at all. If we go out, we will be treated as living targets."

Dukao frowned and couldn't understand why the Taotie fleet suddenly invaded the earth this time, with hundreds of warships, and attacked the earth regardless of the consequences. This is fundamentally different from the Taotie invasion of the earth at the beginning.

Whoosh!

"Dukao, you messed up this time."

At this time, a blue-skinned old man suddenly appeared in the meeting. He looked at Dukao and said coldly,

"who?"

"Ready to fight!"

"Let me go, how could someone show up in the secret base?"

When people like Liu Chuang and Xiao Lun saw the people who suddenly appeared, they all held weapons and prepared to attack the people who suddenly appeared.

When Dukao saw the people who appeared, he hurriedly said to Liu Chuang and the others, "Don't take action, this is an elder in our college."

"Elder?"

"Are there any elders in the academy?"

"This elder looks so powerful"

"Not bad, at least stronger than us."

The four Liu Chuang people put down their weapons and talked to each other in low voices. They didn't expect that there was an elder in the academy, and he was also a strong man with a third-generation divine body.

Dukao waved his hands to the four Liu Chuang people and said,

"You all get out." The blue-skinned old man said to Dukao coldly after Liu Chuang and the four left.

"Dukao, your incompetence has completely ruined our plan."

Dukao explained with a look of helplessness,

"Elder Otto, this is all an accident. A man named Su Chen suddenly appeared and disrupted our plan. The angels did not participate in the war on the earth. Without the help of the angels on the earth, we have no way to deal with the Taotie invasion."

"Moreover, Xiao Lun's angel genes were not turned on by angels. Xiao Lun did not have angel wings, nor the help of angel technology, so the power of the galaxy was completely useless."

After Elder Otto heard Dukao's words, he thought of the power of the Milky Way he had seen before.

A waste, he is still a generation of super warriors.

In addition to being undefeated, (to read Baoshuang novels, go to Feilu Novel Network!)

The other abilities of the Galaxy Power were not used at all, and he still looked stupid.

He wanted to kill that kid just looking at him.

"Humph, the power of the Galaxy is no longer useful. Several void monsters have appeared. We don't have time to cultivate another waste."

"Dukao, during this massive invasion by Taotie, the God of Death Carl must have also encountered a void monster, and he has no time left."

"You must hurry up and find the Pangu civilization on earth. This is your only chance. Within one year, if you can't find any news about Pangu civilization, you will have no value in living."

When Dukao heard Elder Otto's words, his expression changed dramatically and he nodded and replied,

"I see!"

"Dukao, in one year, the elders from all the colleges in the universe will come to Earth. I hope you will not disappoint us."

"I won't let the elders down....."

"It'd better be so."

Otu Chang'an took a deep look at Dukao and disappeared.

After Dukao saw Elder Otto leaving, his face became very ugly.

All of this was because of Su Chen.

If it hadn't been for Su Chen's appearance It disrupted the plan. He had already faked his death and escaped from the vortex of the earth.

Bump!

Dukao slapped the table hard and said,

"Damn, a year? I haven't found any information about Pangu civilization on the earth for thousands of years. How could I find information about Pangu civilization in one year?"

In the sky outside the earth,

Tianren No. 7,

Su Chen also refining Tianren No. 7,

Chaos Stone, Immortal Crystal, Geng Crystal, Xuanming Stone, etc., Tianren No. 7 added these immortal materials.

Sky Blade Seven is countless times more powerful than before.

Even a quasi-sage cannot destroy Sky Blade Seven in a short time, and the star-destroying weapon equipped on Sky Blade Seven can even kill monsters in the Golden Immortal realm with one blow.

Su Chen spent a lot of money on Tianren No. 7. If Su Chen's weapon refining skills were not even as good as the eyes, and he wasted these top-grade fairy materials, Tianren No. 7 would be even more powerful.

Su Chen sat on the chair He exhaled and said,

"Huh, I'm exhausted, but the effect is pretty good. This is my first time refining a weapon, and it's such a large low-level immortal weapon. The attack of the Golden Immortal, the defense of the quasi-sage, well, it's my own weapon refining. The talent is really good."

The angels around were very surprised when they looked at Su 5.4 Chen.

They all saw the changes in Tianren No. 7. They did not expect that Su Chen would make Tianren No. 7 so powerful.

Su Chen said to the people next to him An angel ordered,"Angel Linglong, try the power of Heavenly Blade No. 7."

After Angel Linglong heard Su Chen's words, she rolled her eyes at Su Chen.

Did Su Chen regard their angels as subordinates?

However,

Angel Linglong thought of Su Chen's special identity and also transformed Tianren No. 7. Even if Su Chen still had a relationship with Angel Leng and Angel Yan, Angel Linglong had no choice but to wave her hands around,

"Mr. Su Chen, how do you want to try?"

"Angel Linglong uses star-destroying weapons to attack the stars outside."

"Yes, Your Excellency Su Chen!"

"Star Destroyer Cannon No. 1 is ready, target star, start attacking!".

Chapter 2269

Su Chen sat on a chair and looked at the angels in the control room. With the angels' control, the No. 1 Star Destroyer Cannon was in place, and the entire picture of the star appeared on the screen at this moment.

When Angel Linglong heard that the No. 1 Star Destroyer Cannon was ready, she ordered,

"emission!"

Whoosh!

A red beam of light instantly attacked the star.

Boom!

After a loud noise, the star was completely shattered by the Star Destroyer Cannon.

In Tianren No. 7, all the angels in the control room looked at it in confusion. Looking at the broken star, the Star Destroyer Cannon can destroy a planet, but this is only the first-level energy attack of the Star Destroyer Cannon. Such an attack can destroy a city at most.

But now, the first-level attack of the Star Destroyer Cannon can destroy a star. So can the Star Destroyer Cannon's most powerful third-level attack, the most powerful third-level energy attack, destroy a galaxy?

An angel looked at the control screen and hurriedly shouted,

"According to the report, the energy consumption of Tianren No. 7 is 60%."

Angel Linglong was very surprised when she heard the angel's report.

"Why does a single Star Destroyer Cannon attack consume 60% of the energy? How can this be?"

The Tianren 7's first-level Star Destroyer Cannon attack consumes at most 5% of the energy, or even less energy.

Although the power of the Star Destroyer Cannon this time is very powerful, it consumes too much energy. ?

The Sky Blade 7 can't even complete two Star Destroyer attacks now. Can the Sky Blade 7 only be used as a defensive combatant in the future?

"What to do? Isn't Angel Number 7 abolished in the future?"

"How could Tianren No. 7 be useless? The current defense of Tianren No. 7 is very powerful. Even if Tianren No. 7 is attacked, the enemy cannot break through the protective shield of Tianren No. 7."

"Without energy, how can the protective shield of Tianren No. 7 be opened?"

"That's right, Tianren No. 7 has no energy and cannot defend itself. I'm afraid Tianren No. 7 is really useless."

"What to do?"

In the control room, more than a dozen angels started talking one after another. Although the attack power of Tianren Seven is very powerful, it consumes too much energy. Moreover, if Tianren Seven launches two star-killing attacks, Tianren Seven will The number didn't even have the energy to open the protective shield.

Su Chen was very speechless when he heard what the angels said.

What kind of bullshit protective shield does Tianren No. 7 have? Tianren No. 7 has no protective shield. In the world of super gods, there is no technology. God can break the defense of Tianren No. 7.

Su Chen looked at Angel Linglong and ordered,

"Angel Linglong ordered a team of angels to activate the Judgment of Flames to attack Sky Blade No. 7."

Angel Linglong exclaimed in surprise when she heard Su Chen's words,

"What? Attack Sky Blade Seven with Judgment of Fire?"

Su Chen nodded and continued, "Yes, and Tianren No. 7 can't open the protective shield yet.

Angel Linglong looked confused and asked Su Chen, "Your Excellency Su Chen, are you crazy?"
An angel team attacks Sky Blade Seven with Judgment of Fire, which will destroy Sky Blade Seven."

"Angel Linglong executes orders"

"I....."

"Um? do you have any opinion?"

Su Chen was unhappy when he saw that Angel Linglong still objected.

This time he not only wanted to improve the strength of these angels, but also spent a lot of fairy materials to refine Heavenly Blade No. 7. Is

Angel Linglong going to do it? Didn't he see his own contribution? Could he be so foolish as to destroy Sky Blade No. 7?

"The angel Linglong carries out Su Chen's orders!"

"Yes, Queen!" When Angel Linglong heard Queen Keisha's order, she left and replied respectfully, (To read Baoshuang novels, go to Feilu Novel Network!)

Angel Linglong has always turned on the shared screen, everything that happened to Kesha in Tianren No. 7 Even the queen can see it. This is also the order of the holy right-wing guardian angel Zhi Xin.

Come on,

Kesha has been peeking here?

Damn it,

Tianren No. 7 was prepared by me for Angel Yan, Kesha, that flat-chested girl Never see how powerful Tianren No. 7 is. She will take Tianren No. 7 as her own in the future.

Su Chen touched his chin and felt that the angels were all spies. Angels' technology still had merits. In the end, Can you peep silently without leaking any breath?

At this moment, a group of angels appeared outside Tianren No. 7. Ten angels raised their flaming swords and prepared to work together to start the flaming judgment.

Ten generations of angels, the flaming flames launched together Judgment is as powerful as a third-generation divine angel. Heavenly Blade No. 7 without the protective shield can be severely damaged by the Flame Judgment.

In Heavenly Blade No. 7, all the angels of the Angel Legion are looking outside.

They They don't understand why Queen Keisha gave such an order to attack the Heavenly Blade Seven without even allowing the protective shield to be opened. Isn't this meant to destroy the Heavenly Blade Seven battleship?

Boom!

A huge flame attack was directed towards the Heavenly Blade Seven. No. 7, after the Judgment of Flames attacked the Heavenly Blade Seven, the Heavenly Blade Seven did not even shake, let alone destroy the Heavenly Blade Seven.

"How can this be? Tianren No. 7 didn't even vibrate?"

"Look, there are no traces of attack on the surface of Tianren No. 7."

"How can this be? This is the Judgment of Flames, and the protective shield of Tianren No. 7 has not been opened. Is the defense of Tianren No. 7 so powerful?"

"This must have something to do with Mr. Su Chen. Mr. Su Chen said that he had re-refined Tianren No. 7. The defense of Tianren No. 7 should be the masterpiece of Mr. Su Chen."

"Yes, the powerful attack of Heavenly Blade Seven and the powerful defense of Heavenly Blade Seven are all the attacks and defenses of Heavenly Blade Seven strengthened by Mr. Su Chen."

The angels in Tianren No. 7 all started talking excitedly. They did not expect that Tianren No. 7 would become so powerful after it was re-refined by Su Chen.

Su Chen took out ten yuan The best spiritual stone, he patted the confused Angel Linglong and said,

"Angel Linglong, don't be in a daze, use this as the energy source for Tianren No. 7 in the future. (Zhao Dehao) Your angel's energy source is too low-level. Angel

Linglong took the spirit stone and looked at it and asked doubtfully,"Your Excellency Su Chen, what are these?"

Su Chen curled his lips and explained,

"These are all top-quality spiritual stones. One top-quality spiritual stone can keep Tianren No. 7 from lacking energy for ten years. Even if Tianren No. 7 launches star-killing attacks every day, one top-quality spiritual stone can support Tianren No. 7 for one year."

At this moment, in the Merlot Heavenly Court,

Queen Kesha and He Xi both stood up with shocked faces.

They did not expect that after the Heavenly Blade No. 7 was strengthened by Su Chen, its attack and defense would be so powerful. The Flame Trial did not destroy the Heavenly Blade. There was no trace of Blade 7.

He Xi said in confusion, "Queen, we still underestimate Su Chen."

"Well, there are also top-grade spiritual stones. A single top-grade spiritual stone can keep Sky Blade 7 running for ten years. Even after launching Star Destroyer attacks every day, Sky Blade 7 can still run for one year."

Chapter 2270

Queen Keisha still underestimated Suchen, a noble?

Or even a powerful lord?

An army in the billions?

Su Chen's status in Xuantian Realm was so high that she was unexpected. Kesha even felt that Su Chen's status was really what he said.

Three people are less than hundreds of millions of people.

However,

Su Chen was too horny.

Just now Su Chen wanted to watch the girls take a spiritual bath, and Queen Keisha became very angry when she thought of what happened before.

Angel Leng had already sworn an oath of angel guardianship to Su Chen, and Angel Yan was also deeply in love with Su Chen. That bastard got two angels from Merlot Heaven at once.

Hexi lowered his head and thought for a while before saying to Queen Keisha,

"Queen, let Su Chen refining our remaining Sky Blade battleships. The power of Tianren No. 7 will be very beneficial to our angels' future battles."

Queen Kesha rolled her eyes at He Xi and asked, "Will Su Chen agree to refine our other Sky Blade battleships?"

He Xi smoothed his hair and said with a smile,

"Haha, as long as you give Su Chen the reward he wants, I think Su Chen will agree. And don't forget Angel Leng and Angel Yan. If they know the Queen's plan, Angel Leng and Angel Yan will also ask Su Chen to improve other things. Sky Blade Battleship."

Queen Kesha waved her hand and said speechlessly,

"The reward that Su Chen wants? That bastard is a pervert. I can't let other angels follow that pervert."

"That's right. It seems that Angel Leng and Angel Yan can only think of a solution."

He Xi nodded and had no choice.

During this period, she also discovered that Su Chen was very lustful. Although Su Chen did not force any woman with his strong strength, she could not stand Su Chen's shamelessness.

That bastard She hugged Angel and chased her, Angel Qingqing and Angel Keira at every turn, and even wanted to attack her apprentice Angel Zhixin. He Xi almost couldn't help but teach Su Chen a lesson just now.

But when she thought of Su Chen's power,

He Xi thought of Even though she used to deliver food, she might even be taken advantage of by Su Chen.

In Tianren No. 7,

Su Chen is now being served by many angels like an uncle. Ever since the angels tried the power of Tianren No. 7, , the attitude of the angels here towards Su Chen has changed.

Su Chen looked at the time while drinking wine and said,"Angel Linglong, Angel Yan and the others still have half an hour to come out. You arrange for a hundred angels to continue to soak the spirits." Bath, let them soak for an hour and then come out"

"Yes, Your Excellency Su Chen!"

Su Chen leaned back on the chair and closed his eyes.

The longer he soaked in the spiritual bath, the less energy the life essence liquid would have.

There are five thousand angels in the angel army.

A few drops of life essence liquid will definitely not be able to support the promotion of five thousand angels. Look. I still have to waste a few drops of life spirit liquid.

Boom boom.....

Half an hour later, some powerful aura erupted from the direction of the bath.

Su Chen touched his nose and whispered,

"Huh? Have you started upgrading? Twelve fifth-generation divine bodies are a ceiling in the world of super gods. It seems that these women must form a team to fight the ferocious beasts."

After a while, women such as Angel Yan and Qiangwei came back in full spirits.

Each of them had advanced to the fifth generation of divine bodies, and after absorbing too much life spirit liquid, these women looked even more beautiful. Even they The life levels of the twelve people have changed.

Su Chen looked at the girls and nodded,

"Yes, you have all upgraded to the fifth generation of divine bodies, and your life levels have been improved. It will not be very difficult for you to practice immortal cultivation techniques in the future."

Lianfeng hugged Su Chen's arm and said with a smile.

"Su Chen, I didn't expect that half a day ago I was a first-generation Kamigawa super warrior, and half a day later I was upgraded to the fifth-generation divine body. In the bath just now, my genetic system kept reminding me to upgrade. You don't know how happy I was at that time."

"So does my genetic system!"

"Well, mine too!"

"I still feel like I am in a dream, I am now a real goddess, the sun goddess."

Qiangwei, Qilin, and Reina all said excitedly.

They are all very powerful now.

Taotie poses no threat to them at all. It is very easy for them to destroy the Taotie fleet. (Watch the storm. For cool novels, go to Feilu Novel Network!)

Su Chen hugged Lianfeng's soft body and said, "Lianfeng, and you guys, I have helped you so much, do you want to pledge yourself to me?" ?"

"Dream on!"

"Don't even think about it!"

"Shameless pervert!"

"You are so shameless!"

After the four girls Qiangwei and Qilin heard Su Chen's words, they yelled and cursed at Su Chen one by one. Angel Yan and Angel Leng also glared at Su Chen at this moment. They couldn't do anything about Su Chen's shamelessness. However,

Angel Yan and Angel Leng also glared at Su Chen.

, they are also very happy at this moment.

Six of their angels have been upgraded to the fifth generation of divine bodies, and there is also an angel legion lining up to upgrade. Su Chen even upgraded the Heavenly Blade Seven to be very powerful.

Angel Yan looked at Su Chen asked happily, "Su Chen, I didn't expect you to upgrade Tianren No. 7. By the way, what is the current ability of Tianren No. 7?"

Su Chen came to Angel Yan and said with a smile,

"Yan, the defense of Tianren No. 7 cannot be destroyed by a strong quasi-sage for even a moment. Can it attack? As long as it is a ferocious beast below the level of Jinxian, the Star Destroyer Cannon can kill it with one strike. Even the ferocious beasts of Jinxian will be killed by Tianren No. 7's third-level Star Destroyer attack."

When angels like Angel Yan and Angel Leng heard Su Chen's words, they were all very surprised.

Can the third-level Star Destroyer attack destroy the ferocious beast of Jinxian?

Tianren No. 7 can also defend against quasi-sage powerhouses. attack? Although it can only withstand for a moment and a half, it is already very powerful.

The power of Heavenly Blade No. 7 is great news for Merlot Heavenly Court.

Merlot Heavenly Court will have Heavenly Blade in the future No. 7, which also has the ability to fight against the invasion of ferocious beasts.

Although Tianren No. 7 cannot be effective against powerful ferocious beasts, it is enough to deal with Golden Immortal and ferocious beasts below Golden Immortal.

If there are powerful ferocious beasts , When the beast arrives, the powerful defense of Tianren No. 7 will also protect the angels from being killed.

Angel Lengmei looked at Su Chen expectantly and said,

"Su Chen, there are still a few Heavenly Blade battleships in Melo Heaven. How about you upgrade them too?"

Damn it!

Angel Leng is already his own woman, why is this prodigal bitch still looking for that flat-chested girl Kesha?

Su Chen wasted some of his immortal materials by upgrading Tianren No. 7, which are the materials for making innate spiritual treasures. To upgrade a Sky Blade Battleship,

Su Chen was just trying out the weapon refining techniques he had learned.

Angel Leng actually wanted him to upgrade the Sky Blade Battleship. Su Chen didn't want to waste immortal materials to upgrade those scraps of copper and iron.

"Cough, cold, upgrading the Sky Blade Battleship requires a lot of fairy materials, but I don't have that many fairy materials."

He Xi suddenly said in Angel Leng's genetic system,

"Angel Leng, don't believe what Su Chen said. Everything he said is false. Su Chen must still have immortal materials. You and Angel Yan must find a way to let Su Chen upgrade a few more Sky Blade Battleships II."
