Chapter 23

When Su Chen returned to Wu Xiangjun's Mansion, he went directly to the backyard to find Jing Salamander. Now he has obtained several martial arts secret books. Now he can't practice these martial arts secret books, so he should give them to Jing Salamander to practice first. After all, he will have to rely on them in the future. The Salamander protected him.

When Su Chen came to Jing Salaman's room, he took out the martial arts secret books and handed them to Jing Salamander.

"Madam, I got some martial arts secrets this time. Please take a look at these martial arts secrets first."

Jing Salamander took over the martial arts secret book and said in surprise,

"Huh? How did you get Dali's Yi Yang Finger and Six Meridians Divine Sword? Lingbo Weibu, the unique light skill, is also good. Beiming Shengong cannot be practiced. This kind of skill that relies on absorbing internal energy will make people go crazy in practice."

Su Chen stepped forward and hugged Jing Salamander's waist and said with a smile,

"Madam, this is for you to practice. If you can't practice the Beiming Divine Art, don't practice it. You can practice the rest."

Jing Salamander blushed and rolled his eyes at Su Chen. Jing Salamander will not reject Su Chen now. Anyway, she will be his wife in the future. Now I also have a very fond impression of Su Chen.

"Well, I will watch and practice these."

When Su Chen saw that Jingyu didn't drive him out, he sat on a chair with Jingyu in his arms and asked,

"Where is Yan'er? Isn't she at home?"

The Jing Salamander was sitting on Su Chen's lap, blushing a little and not daring to look at Su Chen.

"No, she went out again. Now she is running wild and doesn't want to stay at home every day."

Su Chen knows that Su Yan is a little lively now, and he has no plans to let Su Yan learn anything now. Su Yan is very smart, and with her ability to observe words and emotions, she may be even more powerful than the Frightened Salamander.

Su Chen laughed He smiled and said,

"Forget it, Yan'er is still young, let her play more and wait until she grows up."

Jing salamander felt that Su Chen's hands were beginning to be dishonest, so he glared at him and said,

"Aren't you going to find your cousin? I heard Yan'er say that she has started to practice martial arts now. I also have the small formless magic skill that Aunt Li gave me. I am practicing this skill now."

Su Chen didn't expect Wang Yuyan to start practicing martial arts. This somewhat surprised Su Chen. Wang Yuyan didn't practice martial arts in Tianlong Babu.

Wang Yuyan had a library of martial arts secrets, and she knew all the secrets that she had seen. , I don't know what level she will reach after practicing martial arts.

Su Chen looked at Jingshao's blushing face and kissed her and said,

"Small formless magical power? I have heard about this. This technique is good. You can practice it first, and I will find some king-level techniques for you later."

Jing salamander leaned in Su Chen's arms and closed her eyes. Now Jing salamander feels very warm. She doesn't want anything to happen to Su Chen in the future.

"By the way, you'd better not go out during this period. Now there are many people from all walks of life in Gusu City. If you don't know martial arts, don't go out again."

Su Chen hugged Jing Salamander and told her about the assassination on the way back.

"I understand. I was assassinated again when I came back today. These cannon fodder may have been brought by the Murong family. It seems that I still need to cause some trouble for the Murong family. These flies are annoying enough."

Frightened Salamander said to Su Chen with cold eyes,

"How about I go find those remnants of the Murong family and clean them up?"

Su Chen was very happy to see Jingshao defending himself like this.

"No, I have a way to deal with them, it just takes a while."

Jing Salamander pushed Su Chen's hand away with a shy face and said,

"You go out first. I have to practice. It's still broad daylight. Don't go overboard."

"Haha, by the way, madam, Wang Hu should have arrived in Xianyang of Qin State by now. Those trap assassins will definitely not hunt you and Yan'er anymore in the future."

"I believe in you."

Eastern Continent, Great Qin, Xianyang.

At this time, in Xianyang, Great Qin, Wang Hu has arrived here with a thousand cavalry. Now he only needs to see King Qin to complete the task assigned to him by Lord Wu Xiang.

"Commander Wang, you can rest here. I will inform you when the king summons you."

"Thank you, General Mengtian."

""You're welcome."

Meng Tian settled the envoy of Lord Wu Xiang of the Song Dynasty and immediately came to the palace to see King Qin Yingzheng. Now he still doesn't understand why Lord Wu Xiang of the Song Dynasty sent an envoy to see the King of Qin.

But when Meng Tian saw the cavalry of Lord Wu Xiang of the Song Dynasty, He was very shocked. These cavalry were even more powerful than the golden fire cavalry he trained. This made Meng Tian feel very curious.

""Have you met the king?"

King Qin Yingzheng looked at Meng Tian and asked, "Meng Tian, has the envoy from the Song Dynasty arrived?"

Ying Zheng also got Meng Tian's letter and learned that the Song Dynasty in the Southern Continent sent an envoy to Qin. Ying Zheng has not yet been crowned as pro-government, and he is still a Qin king with little power in Da Qin.

This time the Song Dynasty sent him The envoy can be said to be an opportunity for Ying Zheng. If Ying Zheng can form an alliance with the Song Dynasty, it will be helpful for him to be crowned as pro-government as soon as possible.

Meng Tian immediately replied, "Your Majesty, the envoy from the Song Dynasty has arrived, but this time The envoy who came was the guard commander of Lord Wu Xiang of the Song Dynasty."

Ying Zheng was a little disappointed after hearing Meng Tian's words. He did not expect that the envoy from the Song Dynasty this time was only sent by Lord Wu Xiang, which would not be of any help to him.

Ying Zheng waved his hand and said,

"What did Lord Wu Xiang of the Song Dynasty do when he sent an envoy? I won't see him anymore, you can just ask him."

When Meng Tian saw that King Qin did not see the envoy, he hurriedly said,

"Your Majesty, I think it would be good for you to meet him. Lord Wu Xiang of the Song Dynasty is not simple. This time alone, the thousand cavalry led by his guard commander are more powerful than my golden fire cavalry. Moreover, Lord Wu Xiang's bodyguards are more powerful than my golden fire cavalry. The leader is also a master master."

Ying Zheng said a little surprised,

"What? Their cavalry is more powerful than the Golden Fire Cavalry you trained? You can't read that wrong, right?"

Ying Zheng knows that Meng Tian's 10,000 Golden Fire Cavalry are very powerful, but it is very difficult to train these Golden Fire Cavalry. There are only 10,000 Golden Fire Cavalry now.

Meng Tian hurriedly looked at Ying Zheng's surprised look. said,

"It is absolutely true, Your Majesty, these Netherworld Cavalry Legions of Lord Wu Xiang of the Great Song Dynasty are more powerful than my Golden Fire Cavalry, but I don't know how many such cavalry Lord Wu Xiang has?"

"Meng Tian, what do you think will happen this time when Lord Wu Xiang of the Song Dynasty sends an envoy to see me? After all, I am now the king of Qin in name only."

"I don't know either"

"Forget it, I'll bring Mr. Wu Xiang's guard commander over tomorrow and I'll see him."

"Yes, Your Majesty."
