Chapter 231

The arrival of Han Fei and Mrs. Mingzhu surprised Ji Wuye and Bai Yifei here. They did not expect that Mrs. Mingzhu actually knew Wu Xiangjun.

Mrs. Mingzhu also helped Lord Wu Xiang free Han Fei from prison. Even King Han wanted to see Lord Wu Xiang, which made them all very curious about Lord Wu Xiang's identity.

Wei Zhuang looked at Han Fei and nodded. He did not expect Wu Xiangjun to rescue Han Fei so quickly.

Wei Zhuang looked at Mrs. Mingzhu and showed an expression of sudden realization. Wei Zhuang was now very sure that Mrs. Mingzhu must have a relationship with Mr. Wu Xiang, and the relationship must be unusual.

Wei Zhuang now feels some sympathy for Han Fei's father. His father, King Han, must have a green cuckold on his head now.

King Qin looked at Han Fei and was a little curious. Why did Han Fei, who could write the story of Five Worms, look so shameless? Is this the Han Fei he wanted to see? King Qin Yingzheng is now a little disappointed with Han Feiguo.

Mrs. Mingzhu walked to Hu Meiren and looked at this Hu Meiren who she had been suppressing.

Mrs. Mingzhu didn't understand why Hu Meiren was here, but with Hu Meiren being such a long-legged beauty, wouldn't that bastard Su Chen also take her down?

Hu Meiren became angry when she saw this Lady Mingzhu. In the palace, this Lady Mingzhu had always been at odds with her, and now she even wanted to frame herself.

Ji Wuye and Bai Yifei are here, and even Ninth Young Master Han Fei is here. If they spread the news to King Han, wouldn't they be in trouble?

Hu Meiren thought that this time she was exposed anyway, and her relationship with Mrs. Hu Nongyu would definitely be investigated by Ji Wuye. Hu Meiren now relied on Zi Nu to protect her.

Just now Zi Nu also promised Nong Yu to let her stay in Zi Lan Xuan. As long as she does not leave any clues to Madam Mingzhu this time, I believe that King Han will not care about this matter and he will find a way to leave the palace in the future.

Hu Meiren After saluting Mrs. Mingzhu, he said with a smile

"My sister joked, this is the residence of my sister, Mrs. Hu, and I met Wu Xiangjun when I came to visit my sister this time. Why does my sister seem to care about Wu Xiangjun so much? Do you have an unusual relationship?"

Mrs. Hu was a little worried when she saw her younger sister competing with this Madam Mingzhu. After all, Madam Mingzhu was of a higher rank than her sister Hu Meiren. Madam Hu didn't know why her sister wanted to provoke this Madam Mingzhu now.

Nongyu looked at Su Chen She looked at Mrs. Mingzhu again. She didn't know the relationship between Su Chen and Mrs. Mingzhu now, but Nongyu guessed that their relationship must be unusual.

She was not worried about her aunt's conflict with Mrs. Mingzhu, even if they did. , as long as Su Chen said a word, the grudges between them would definitely be resolved.

Mrs. Mingzhu said to Hu Meiren without caring at all,

"Haha, Wu Xiangjun and Su Chen have been good friends for many years. This time Wu Xiangjun came to Han Country to visit me. Hu Meiren, since you have nothing to do with Wu Xiangjun, you'd better leave as soon as possible. Not the place you should be"

"I will leave. As long as there is no danger for my sister here, I will leave. My safety does not need to be bothered by Mrs. Mingzhu."

Su Chen looked at Mrs. Mingzhu and Hu Meiren and was too lazy to take care of things between women. Su Chen looked at Han Fei who was talking to Wei Zhuang and knew that Han Fei was understanding the situation here.

And At this time, Chu Liuxiang was also brought in again, but he, a handsome man, could no longer show off. Chu Liuxiang, who was missing his right arm, might become a one-armed hero like Yang Guo in the future. Oh, no, It was a one-armed thief.

Su Chen looked at the broken-armed Chu Liuxiang and shook his head. He didn't know if this thief would become a thief again in the future, but it was none of his business.

Although Su Chen didn't kill this one this time Chu Liuxiang, but Su Chen didn't care. He didn't have many enemies anyway. If Chu Liuxiang still went against him in the future, Su Chen wouldn't let him go.

"Chu Liuxiang, you'd better not show off or threaten me in front of me. If you don't know how to behave, I will cut off your remaining arm."

"Cough, Mr. Wu Xiang, I admit defeat."

"Haha, your master Ye Di had better not appear, otherwise he may die. Don't think that land gods in the heavenly realm can be lawless."

"You must know that he is not the only land god in the Heavenly Realm. Now I will give you a quarter of an hour to discuss who will stay. If you haven't come up with it after a quarter of an hour, then you don't have to leave."

"we know."

After Su Chen told them, he didn't bother to talk to them. Now Su Chen wants to solve the things here quickly. Sui Houzhu also got it himself. When he got back, he asked Zi Nu to come over and check.

And he and Ying Zheng also had some personal matters to talk about. After all, there were too many people here, so it was inconvenient for them to say some things.

Su Chen looked back at the nervous Jing Ke and the others and asked

"Jing Ke, are they the people you are looking for?"

Jing Ke still doesn't understand what Mr. Wu Xiang means. They are also a little afraid of this moody Mr. Wu Xiang.

Jing Ke looked at Chu Liuxiang and the others, nodded and said to Su Chen, cupping his fists.

"Mr. Wu Xiang, our Mo family and the farmers are looking for them. I hope Mr. Wu Xiang can do it conveniently. After all, the three of them have stolen the national treasure of Chu State. We are here to catch them this time."

"Haha, Jing Ke, you have heard what I just said. One of the three of them will be detained by me. You can deal with the rest as you like after they go out. However, the Suihou Pearl belongs to me now. This is just because they offended me. cost"

"We know, we will explain this matter to Chu State"

"Well, that's good. By the way, isn't your junior sister really beautiful?"

What the hell, why is this Lord Wu Xiang still thinking about his junior sister? No, Gongsun Liji will be asked to leave Xinzheng of the Han Kingdom immediately. Otherwise, if this shameless Lord Wu Xiang secretly sends someone to check on their Mo family's visit this time The person who arrived, his junior sister Gongsun Liji would definitely be exposed.

Others looked at Su Chen and were speechless. This Wu Xiangjun looked like a lecher. Anyone with a beautiful woman in his family would probably be smitten by this bastard. Think about it.

Zi Nu is a little helpless now because of this bastard's nonsense, but she doesn't believe that Su Chen will fall in love with Jing Ke's junior sister. You must know that there are many women who like this bastard.

Xiang Huan and Shi Feixuan are both Peerless beauties, if Su Chen was a lustful person, he would have taken possession of them long ago. Even Nong Yu, a bastard, would take possession of them without hesitation. This time, Su Chen must have some bad intentions against the Mo family or Jing Ke.

Mrs. Mingzhu is also very He looked at Jing Ke with interest. Since Su Chen mentioned Jing Ke's junior sister, this bastard must have some bad ideas, and this Jing Ke might be the key person.

Jing Ke looked helplessly at Su Chen and said,

"She's not pretty, my junior sister is extremely ugly."

"Ha ha ha ha"

Chapter 232

Su Chen laughed at Jing Ke's helpless look. From now on, Jing Ke would have something to play with.

Su Chen asked Jing Ke's junior sister twice here whether she was beautiful. People here would also ask if Jing Ke's junior sister was really beautiful in the future.

If those people find out that Gongsun Liji is really beautiful, then Jing Ke will not be safe in the future. Just sending away those people who want to see Gongsun Liji's appearance will annoy Jing Ke to death.

"Jing Ke, you can leave. In two days you can deal with those who stole the treasure as you please."

"Okay, thank you very much Mr. Wu Xiang."

After Jing Ke said to Su Chen, he hurriedly left with Master Ban. He now wanted to hide his junior sister Gongsun Liji as soon as possible. Anyway, those who stole the treasure were seriously injured now, and they couldn't escape much even if they wanted to. Far away.

When the people from the Mo family saw Jing Ke and the others leaving, they carried Tian Meng's body and hurriedly followed. They were now afraid that Lord Wu Xiang would go against his promise and leave them.

This incident frightened Situ Wanli and the others a little. This Wu Xiang Jun and the others don't want to meet again. As for the Suihou Pearl, they don't even dare to mention it now.

Su Chen took the Black Dragon Token from Zi Nu and threw it to Ji Wuye and said,

"General Ji, I dealt with some troubles in Xinzheng this time. I know it may have brought some trouble to your Han State. If King Han asks about this matter, I believe this thing will give an explanation to the Han State. In addition, the Qin State envoy is here I can also settle the matter of Han Guo's assassination for you."

Ji Wuye was very shocked when he caught the token thrown by Su Chen. He did not expect that Lord Wu Xiang would have the Black Dragon Token of Qin. The identity of Lord Wu Xiang made Ji Wuye even more curious.

"Black Dragon Order? This is the black dragon token of Qin State, Mr. Wu Xiang, I will report this matter to King Han."

"Well, General Ji, I will visit you in two days. Now you can go and deliver business to King Han."

"Haha, then I will wait in the mansion for Mr. Wu Xiang's arrival."

Ji Wuye laughed after returning the Black Dragon Token to Su Chen. He thought that Lord Wu Xiang was not so unreasonable and even wanted to befriend him.

This may be due to his relationship with Madam Mingzhu, After all, Madam Mingzhu is one of the four vicious generals in the night. If Madam Mingzhu can take down this lustful Lord Wu Xiang, it will be much better than controlling King Han. At this time, Chu Liuxiang and the others also discussed that Ji Bingyan among them would stay, and the remaining Chu Liuxiang and Hu Tiehua also left.

Su Chen did not stop them, but Ji Bingyan stayed behind, which made Su Chen a little confused. Why did Ji Bingyan have to stay? And he didn't look like a prisoner at all.

Su Chen shook his head. He shook his head and didn't think about it for the time being.

Su Chen looked at Su Rong and Li Hongxiu and felt a little strange. They had already broken the three-year agreement between him and them. Su Chen knew that they must have been detained by Chu Liuxiang and the others, but Su Chen didn't intend to Leave them alone.

Judging from today's performance, Su Rongrong and the others seem to have nothing to do with Chu Liuxiang. But when he ordered to cut off Chu Liuxiang's arm, Su Chen found that their expressions wanted to intercede for Chu Liuxiang.

Although he didn't know that they Why didn't he plead for mercy in the end, but Su Chen didn't intend to use them.

Su Chen knew that the hatred between him and Chu Liuxiang had been forged. If he wanted to kill Chu Liuxiang in the future, Su Rongrong and the others might stab him in the back. Su Chen didn't want to leave hidden dangers around him.

Su Chen said to Su Rongrong and the others expressionlessly, "Su Rongrong, you can go, the three-year agreement between us is void."

Li Hongxiu walked forward and saluted Su Chen and said, "Wu Xiangjun, this time Sister Rongrong and I have decided to be your maids for life, and we will never regret it again."

"Haha, I can't afford you. You are free now. I don't need you to be my maid."

"We've sworn an oath and there's no way we can go back on it"

"I have canceled the oath. You can leave. Chu Liuxiang and the others have just left. You can still catch up now."

"We won't leave."

Su Chen looked at the stubborn Su Rongrong and Li Hongxiu and didn't bother to talk to them.

"It's up to you, but I won't ask you to be maids. Madam, let's go back to Zilanxuan first."

"Well, let's go back first."

Su Chen winked at King Qin Yingzheng and took Zi Nu out of the hall. This time the matter can be said to be temporarily resolved.

Sui Houzhu was also obtained, although he didn't know whether the Mo family and the peasant family would come to rob Sui Hou again. Hou Zhu, but Su Chen is not afraid of the arrival of people from the Mo family and the Nong family now.

There are four masters here, Wei Zhuang, Tian Ze, Gai Nie, and his own guard commander Wang Hu. They are masters among the masters.

The Mo family and The farmer's family will not send out four or five masters to deal with him. The Mo family and the farmer's family will definitely give up this task this time.

In Zilanxuan,

Su Chen looked at Mrs. Mingzhu, Mrs. Hu, Hu Meiren, Su Rongrong, and Li who were following him. Hongxiu and the others were a little confused.

These women had come with them. Madam Mingzhu was her own woman, so it was understandable that she would come with them.

Su Rongrong and the others had to be their maids, so it was okay for them to come, but Mrs. Hu and What's the point of following Mrs. Hu if they are not in Mrs. Hu's house?

Su Chen was a little speechless looking at Mrs. Hu who looked like a little rabbit and the long-legged Meiren Hu, but with Nongyu beside them, Su Chen didn't bother to ask. Why should they follow?

Su Chen saw Han Fei talking to King Qin and sat aside and looked at the Suihou Pearl given to him by Zi Nu.

This Suihou Pearl with golden light looked very beautiful. If this In his previous world, this Suihou Pearl must have been a priceless treasure. Even if it cost tens of billions, someone would probably buy it.

"System, what is the use of this Suihou Pearl? Can you test it for me?"

"Ding, the Suihou Pearl is a broken dragon bead of a dragon. This Suihou Pearl is only one-tenth of the broken dragon bead. However, the spiritual power in this Suihou Pearl can enable a great master

to break through to the realm of gods, and it can also enable five A master at the master level breaks through to a grand master."

Su Chen looked at the Suihou Pearl in surprise. He didn't expect that the spiritual power in the Suihou Pearl was so powerful.

"Hiss, spiritual power? What is spiritual power?"

"Ding, spiritual power is the magic power of immortals. Now this world is a Dharma-ending world. There is no spiritual energy in this world. Without spiritual energy, naturally no warrior can cultivate spiritual power, which is magic power."

"System, where have all the immortal cultivators in this world gone?"

"Ding, the host is not strong enough and the system does not allow the answer."

"System, can the mana in this Suihou Pearl be extracted?"

"Ding, yes, as long as the host designates a good person, the system can help the host extract the spiritual power from the Suihou Pearl."

"If the host wants to use these spiritual powers on its own, it can only be used once, and it is best to use it after the host has advanced to the middle stage of Grand Master, so that the host can directly advance to Grand Grand Master."

Su Chen asked with some doubts,

"Why can it only be used once? Isn't it good for me to directly use the Suihou Pearl to advance to the Heavenly Realm?"

"Ding, host, the spiritual power in this Suihou Pearl is now impure. If you use it too much, it will be very harmful to your future cultivation foundation. The system does not recommend that the host overuses the spiritual power in the Suihou Pearl."

Su Chen listened. I was relieved by Tong's explanation. Although this Suihou Pearl cannot be used by myself.

But as long as he reaches the middle stage of master training and uses the Suihou Pearl, Su Chen can directly advance to the grand master level.

This is already good. Su Chen needs to think about which of his women is suitable for using the Suihou Bead. Then he can use it with him.

"Hong Yu, where is that little girl Yan Lingji? Why didn't you see her?"

"Your Majesty, Yan Lingji caught a little girl named Honglian. The little Honglian girl came to Zilanxuan to cause trouble. She was not convinced after being restrained by Yan Lingji. I am afraid Yan Lingji is still teasing that Honglian."

Chapter 233

Su Chen had a toothache after listening to Hong Yu's words. Why did Han Guo's two wives, son, and daughter all come to Zilanxuan? Do they want to cause trouble for themselves? Su Chen was too lazy to care about the Red Lotus Princess, so he just let Yan Lingji play with her.

Su Chen didn't want to talk to the arrogant little princess Hong Lian. Su Chen looked at Qin Wang Ying Zheng and Han Fei who were chatting happily and asked Zi Nu to take these women away. The conversation here was not like that. Women can listen.

The next day, Su Chen yawned and walked out of the room. Last night, after Su Chen waited for the King of Qin Ying Zheng to talk to Han Fei, he discussed with the King of Qin his crowning as pro-government, and even some future developments in the Eastern Continent were discussed with the King of Qin. Ying Zheng discussed with each other.

Zi Nu is still really difficult to deal with. She even agreed to be her wife but she didn't even let him into the room. Fortunately, Mrs. Mingzhu didn't leave yesterday. If Mrs. Mingzhu didn't go back yesterday, she didn't know what King Han would think.

Gai Nie was talking to Wei Zhuang in the yard. He was speechless when he saw Su Chen coming out of Madam Mingzhu's room. As expected, Lord Wu Xiang had an ulterior secret with Madam Mingzhu. Han Fei would probably find it difficult to accept it if he really knew it. Yes,

Gai Nie looked at Wu Xiangjun who was not in good spirits and stepped forward and said,

"Mr. Wu Xiang, Han Fei came to see you early in the morning."

"Damn it, what's that unlucky guy doing here so early? Wei

Zhuang glanced at Su Chen who cuckolded King Han and said helplessly,

"It should be that I want to discuss cooperation with you."

Su Chen said disdainfully while sitting on the stone bench in the yard,

"Cooperation is nothing. It's a small cold country. It's not as big as one of my states. I don't have the time to stay here and cooperate with Han Fei."

"Wei Zhuang, how about you do it for me? You see, your senior brother Gai Nie is now the guard of King Qin, and he might be a general in the future."

"My current territory is being conquered everywhere. I can let you be a general, a general of a hundred thousand legions. How about it? Do you want to follow me?"

Wei Zhuang's face turned dark after hearing Su Chen's words. He didn't expect that this bastard Su Chen wanted to poach him.

If he really left with Wu Xiangjun, then the unlucky guy, well, wouldn't Han Fei become a loner? Well? Well

, there is also a pretty boy named Zhang Liang. I am afraid that if he leaves, Han Fei and Zhang Liang will be killed by Ji Wuyue.

Moreover, Wei Zhuang has never thought of leaving Han Country, although Su Chen's conditions are very tempting, but after all, there were things he couldn't give up here, and he would not allow Su Chen to leave with him. At this time, Han Fei came out and heard that Lord Wu Xiang was digging Wei Village, so he hurried over.

Although Han Fei He was not worried that Wei Zhuang would abandon him and leave, but things were unpredictable. If Wei Zhuang was persuaded by Wu Xiangjun, wouldn't he be left with the weak scholar Zhang Liang?

Han Fei hurriedly came to the yard and said to Su Chen said,

"Mr. Wu Xiang, are you poaching me?"

Su Chen was a little funny when he saw Han Fei's nervous look. This Han Fei is a little miserable now. It is impossible for Zi Nu and her Zi Lan Xuan to help him in the future.

Without the help of Zi Nu and Zi Lan Xuan, Han Fei will It's hard to move forward. If Wei Zhuang doesn't help him, I'm afraid the quicksand will be disbanded.

"Han Fei, do you have any corners that I can dig into? I just admire Wei Zhuang, and Wei Zhuang is not your subordinate."

"I don't see a glimmer of hope in his cooperation with you. The Han Kingdom is too weak, and there is not much time. As for your father, the king who lives in dreams and lives in death, he can see it more clearly than you."

Gai Nie asked with some confusion after hearing Su Chen's words.

"Mr. Wu Xiang, are you saying that King Han already knew that Han Kingdom would be destroyed soon, so he was so drunk that he refused to be a king who worked hard to govern?"

Su Chen touched his chin and felt that what Han Guo did was really unusual. At that time, King Han advocated attacking Baiyue before he was made the crown prince.

How could King Han become King Han if he didn't have any means? He was just a few He lost every battle with the Qin State, and even joined forces with other countries and still lost.

Only then did King Han know that the Han State was hopeless, so he began to live a life of drunkenness and dreaming, and even deliberately let Ji Wuyue do what he wanted. big,

"Well, this is my guess. The Qin State is much stronger than the Han State. Once the King of Qin and Lu Buwei decide the winner, no matter who gets the power of the Qin State, the Qin Army will march eastward."

"The Han Kingdom was the first country that the Qin Army destroyed when it came east. Do you think that if you were King Han, you could build an army to compete with the Qin Army within a few years?"

"The nobles of Han State and even the seventh and eighth levels may have liaisons with Qin State. Do you still think that Han State can be saved?"

Han Fei looked very ugly after hearing Su Chen's words.

He also knew that no matter how hard the Han State worked hard, it would not be the opponent of the Qin State, but he still wanted to give it a try.

After all, this is his country, and he is still the ninth son of the Han State.

"Haha, even if this is the case, I can't give up on Han Country. After all, it is the country that gave birth to me."

Su Chen was very speechless when he looked at Han Fei. He said so much just to let Han Fei give up the Han Country and let him know that the Han Country cannot be saved now.

But this Han Fei has a stubborn temper, but This is what Han Fei is, and Su Chen also admires Han Fei's persistence.

But Su Chen still feels that Han Fei is a bit stupid, insisting on doing things that are clearly inviolable. Not only will this not help, but he will even lose his own life. Isn't this stupid?

"What a fool, Han Fei, why don't you say that your ancestors usurped the Jin State to create the Han State. Don't say that you don't know when the three families were divided into Jin. Isn't it good to unify the Eastern Continent? In this way, there will be no more chaotic wars among the Seven Kingdoms, and people can live and work in peace and contentment, right?"

Han Fei was silent for a while and then said with firm eyes,

"I just don't want Han Country to perish. Even if Han Country is going to perish, I will try to see if I can save Han Country."

"whatever."

Su Chen looked at Han Fei and left. Now he still has things to do. Madam Mingzhu's matter must be settled as soon as possible.

The assassins from Luowang should also come to assassinate King Qin. He will have to fight with King Qin in a few days. Let's go back to the Kingdom of Qin together, and we will leave the Eastern Continent after King Qin Yingzheng takes over the throne.

Su Chen doesn't know what is going on in Gusu City now. He wants to make arrangements for the Sui Dynasty first and then return to Gusu City immediately. The Yang Gong's treasure house in the Sui Dynasty was still waiting for him to explore.

At noon, Su Chen came out of the Han Palace with Madam Mingzhu. This time, he agreed to some conditions of Han Kingdom and successfully brought Madam Mingzhu with him. Come out. After leaving the palace, Mrs. Mingzhu hugged Su Chen's arm and said happily,

"Haha, I am free this time. Husband, I did not expect that Han Guo would make these requests. It seems that he really has no hope for Han Guo."

After Su Chen and Mrs. Mingzhu got on the carriage, Su Chen held Mrs. Mingzhu in his arms and said with a smile,

"Well, this King Han sees things relatively accurately, but he was born at the wrong time. After all, the Han Kingdom is too weak, and it is also blocking the only way for Qin to go east."

"King Han's conditions are not too much, but the last condition is Princess Honglian. It seems that King Han still loves his daughter very much."

"Husband, do you think King Qin will agree to King Han's conditions?"

"The King of Qin will agree, and this will benefit him without any harm."

Chapter 234

When Su Chen and Mrs. Mingzhu returned to Zilanxuan, they found that Han Fei and Qin King Ying Zheng were chatting again in the room. Wei Zhuang Gai Nie and the others were guarding them, but the cold man from Tianze didn't know where to go..

They were very shocked when they saw Su Chen coming in with Mrs. Mingzhu in his arms.

Although Wei Zhuang guessed that Su Chen and Mrs. Mingzhu had an ulterior relationship, Su Chen actually hugged Mrs. Mingzhu so blatantly. This made Wei Zhuang Zhuang didn't know what to say about Su Chen.

Han Fei and King Qin Yingzheng looked at Su Chen in shock. Mrs. Mingzhu was the wife of King Han.

Su Chen could hold Mrs. Mingzhu openly and openly, and even be so close to her. Wasn't he afraid of being discovered?

Han Fei frowned and looked at Su Chen with an ugly face. He didn't expect that Su Chen, a shameless bastard, had a relationship with his father's woman. Wasn't this a cuckold for his father, King Han?

Han Fei asked Su Chen angrily,

"Wu Xiangjun, you.....How can you do this? What you do is bringing shame to our Han country."

Su Chen didn't care and sat aside with the smiling Madam Mingzhu in her arms.

"Hey, does Han Guo still have any dignity?"

"Mr. Wu Xiang, if King Han knows about this, I'm afraid you won't be able to leave Xinzheng City. No matter how weak Han is, he still has hundreds of thousands of troops. You will definitely anger King Han."

King Qin Yingzheng, with a dark face, reminded Su Chen that this Lord Wu Xiang must be too courageous. It didn't take long for him to hook up with Mrs. Han Wang.

Although this Mrs. Han Wang is very beautiful, but beautiful There are so many women, so why do you have to seduce Mrs. Han?

Aren't you afraid of completely irritating King Han?

Han Fei was very angry and said to Su Chen, "Wu Xiang, you must give me an explanation this time." , otherwise there would be no need to be friends"

"Haha, Han Fei, are we friends?"

"Um, aren't we friends?"

"That's bullshit. I'm not familiar with you. Please don't have random relationships."

"Mr. Wu Xiang, this makes me feel a little chilled. After all, we have known each other for such a long time.....Damn it, we are talking about you and Mrs. Mingzhu now. When did you and Mrs. Mingzhu get close? If my father, Prince Fang, knew about this, it would be really difficult for you to leave Han Country."

Han Fei was also confused by Su Chen now. This bastard almost took him into the ditch. If Su Chen didn't have a reason this time, I'm afraid Han Fei wouldn't be able to hide the matter between Su Chen and Mrs. Mingzhu. Seeing that Han Fei was dizzy with anger, Chen Chen laughed and said,

"Haha, don't worry, I have been carrying Mrs. Mingzhu out of the palace from Prince Han. Prince Han wouldn't say anything even if he knew about it. Han Fei, you can rest assured this time, and you don't have to report Mrs. Mingzhu and me."

Han Fei stood up immediately in surprise and asked hurriedly, "What? You won't lie to me, will you?"

Weizhuang and King Qin Yingzheng were also a little curious about the possibility that Su Chen would be intimate with Madam Mingzhu in the Han Palace. Isn't it true that Su Chen was not afraid that the Han Kingdom would send troops to hunt him down? Even Gai Nie, who was not interested

in this matter, was also a little confused. Looking at Su Chen, he thought that the relationship between Su Chen and Mrs. Mingzhu was secretive, but it seemed that they were not secretive at all. They even cuddled and cuddled openly in the Han Palace, which Gai Nie also thought I don't understand how Su Chen and Mrs. Mingzhu came back alive.

Su Chen touched Mrs. Mingzhu's hair and said with a smile,

"What's the point of lying to you? Although not many people have seen us, King Han must know about it. Otherwise, why don't you go back and ask your father, King Han?"

Ms. Mingzhu looked at King Qin and Han Fei, then got up from Su Chen's arms and said with a smile,

"Husband, you guys chat, I'll go see Princess Honglian and give her Prince Han's letter."

"Well, then you go ahead."

After Mrs. Mingzhu left, Han Fei came to Su Chen and asked expressionlessly,

"Mr. Wu Xiang, I don't care whether Madam Mingzhu is related to you right now. You can answer me now, is Hu Mei also related to you?"

Su Chen looked at Han Fei in a funny way. He and Hu Meiren hadn't even said a word. This Han Fei was a little too nervous now.

Su Chen just wanted to play a trick on Han Fei, the unlucky guy.

"Han Fei, do you want to know my relationship with Hu Meiren? Still doesn't matter?"

"Damn it, do you want to do it all at once? Why did you identify my father's woman? King Qin is also here. Why didn't you snatch his woman?"

When Gai Nie saw Han Fei saying this to King Qin, he immediately shouted loudly,

"Han Fei, you are so presumptuous."

When Han Fei saw Gai Nie's serious face and the confused look on King Qin's face, he knew that he had just made a mistake. Han Fei said hurriedly in embarrassment.

"Well, no wonder, no wonder, I was just making a metaphor."

The King of Qin Yingzheng now wants to strangle this bastard Han Fei to death.

If that shameless Su Chen really has evil thoughts about his wife, the King of Qin doesn't know if he will go to war with Su Chen.

The King of Qin Yingzheng is going to kill him now." Thinking of the junior sister of Jing Ke that Su Chen mentioned, when he comes to power in the future, he must capture that junior sister of Jing Ke and give it to Lord Wu Xiang. If nothing happens in the future, he will never let this bastard enter the palace of Qin. Ying Zheng is also afraid of this bastard. He was having trouble with his wife.

The next time,

Mrs. Mingzhu and Hu Meiren stared at each other with big eyes.

Just now, Hu Meiren saw Su Chen holding Mrs. Mingzhu and talking and laughing back to Zizilanxuan. This surprised Hu Meiren.

She did not expect that Mrs. Mingzhu would be so bold and hugged Su Chen, and even kissed each other in the Zilan Pavilion.

Hu Meiren smiled and said to Mrs. Mingzhu as if she was sure of victory. ,

"Sister, after you tell King Han what happened just now, do you think King Han will execute you immediately? Or will you be relegated to the cold palace?"

Ms. Mingzhu looked at the vixen with some humor and said, "Hu Meiren, then you can try it and see what King Han's attitude will be?"

Hu Meiren is a little happy now. As long as she catches Mrs. Mingzhu's hand, she believes that Mrs. Mingzhu will not dare to suppress her in the future.

"Sister, don't force me to make a date. If you push me, I will really report on you and Wu Xiangjun's affair."

Mrs. Mingzhu was speechless when she saw the happy Hu Meiren.

Mrs. Mingzhu was just teasing Hu Meiren. Now she felt that Hu Meiren was about to go to heaven.

What about her and Su Chen's quarrel? She and Su Chen were honest and aboveboard. How come we did something so casual together?

Mrs. Mingzhu looked at the now proud Hu Meiren and continued to play with a smile,

"Haha, Hu Meiren, you are not related to Wu Xiangjun, are you? Otherwise, why have you been waiting to leave?"

"Madam Tianzhu, please don't slander me. It's okay if I don't want to be too secretive about this matter today. Even if you don't embarrass me in the palace in the future, I won't compete with you for favors, King Han."

"Hu Meiren, what if I say no? You stayed at Zilanxuan for one night. I wonder if King Han would punish you as well if he knew about it."

Hu Meiren's chest trembled with anger after hearing what Mrs. Mingzhu said. She didn't expect that Mrs. Mingzhu would say this. This obviously meant that she and Wu Xiangjun also did something ambiguous last night.

Hu Meiren was angry. Mrs. Mingzhu said,

"Madam Mingzhu, I have nothing to do with Mr. Wu Xiang, and I have never even said a word to him. Do you want to drag me into this even before you die?"

"Who knows whether you have anything to do with Mr. Wu Xiang? You must know that Mr. Wu Xiang is a complete gangster. Maybe you slept together last night.".....

Chapter 235

Mrs. Mingzhu was very happy when she saw the angry Hu Meiren. This long-legged Hu Meiren could not let her stay in Zilanxuan.

Now that bastard Su Chen has several wives, and it seems that some of the women here may be interested in Su Chen.

If that bastard can't control herself, then she will definitely have more and more sisters in the future. Mingzhu wants to discuss it with Zi Nu now and send all the women next to Su Chen away.

Hu Meiren looked at Mrs. Mingzhu helplessly. She did not expect that Mrs. Mingzhu would actually join her army.

She knew that if King Han knew that she stayed up all night and stayed in Zilanxuan, he might not believe her even if she said she didn't do anything. Hu Meiren looked at the hateful Madam Mingzhu and knew what she could do this time. I can't stand her anymore.

"You are such a mouthful, Mrs. Mingzhu, I have underestimated you this time. I will not say anything about your quarrel with Mr. Wu Xiang."

Mrs. Mingzhu was a little happy when she saw that she had defeated Hu Meiren again this time.

Mrs. Mingzhu knew that this might be the last time she would win against Hu Meiren, so she smiled and said to her rival Hu Meiren,

"Haha, Hu Meiren, actually it doesn't matter whether you say it or not. I won't do anything right with you in the future. You can take care of yourself in the Han Palace from now on."

"What do you mean?"

Hu Meiren is a little confused now. Why does Mrs. Mingzhu seem to be explaining her funeral? Does she know that she will be executed if her affair with Wu Xiangjun is revealed?

"What I mean is that I have left King Han's Palace. I will not be King Han's wife in the future. I am now the wife of Lord Wu Xiang Su Chen. From now on, there will be no obstruction from me in King Han's Palace. You can let King Han as much as you like. I love you alone"

"How can this be? If Han Guo knew about it, he would kill you and Wu Xiangjun"

"This is not something you should worry about. Forget it, let me tell you. King Han knows about my departure and he also agreed."

"Impossible, how could King Han give his wife away?"

Ms. Mingzhu looked at Hu Meiren who was also in perfect shape and said with a smile,

"Haha, I have never been King Han's woman, and King Han has never had me. It's just some miscellaneous fragrance that controls King Han. He still doesn't know that he just sleeps with the quilt in his arms every time."

Hu Meiren still doesn't understand. Although she is the same as Mrs. Mingzhu, Mrs. Mingzhu uses incense to control King Han.

Hu Meiren uses Baiyue witchcraft to control King Han. She is still a complete woman, but Hu Meiren I can't figure out why King Han agreed to let Madam Mingzhu leave.

"So that's the case, but why would King Han agree to let you go? Mrs. Mingzhu said to Hu Meiren with a showy smile,

"My husband, Lord Wuxiang Su Chen, agreed to several conditions of King Han, and King Han quickly agreed. So you understand."

After hearing what Mrs. Mingzhu said, Hu Meiren felt that Mrs. Mingzhu was much luckier than herself. At least Mingzhu could live with the person he loved.

Although Mrs. Mingzhu is showing off her husband Wu Xiangjun now, Wu Xiangjun is really good. His age There is a force that is even more powerful than Qin and Han. It can even establish a

powerful empire in about a year. In the future, Mrs. Mingzhu will also rise, which makes Hu Meiren a little envious of Mrs. Mingzhu.

Hu Meiren said listlessly ,

"Haha, I understand, you have found an amazing husband this time."

Ms. Mingzhu looked at Hu Meiren and smiled proudly.

"Haha, I think so too."

Hu Meiren looked at Mrs. Mingzhu's proud look and planned to be angry with this disgusting woman who was showing off.

"Mr. Wu Xiang is good at everything, but he is a little shameless and a little lecherous. I hope you can control your husband in the future, otherwise you may have more sisters than the Han Palace, haha!"

"Well, I'll take care of that bastard, so you don't need to remind me of this."

Ms. Mingzhu didn't expect that this Hu beauty would be angry with her at this time, but she also knew what kind of person Su Chen was.

Although Su Chen was a bit shameless and lustful, Su Chen had never acted recklessly. Otherwise, with Su Chen's It's impossible to have only three or four women as identities.

"Hahaha!"

In the Zilanxuan room,

Su Chen told King Qin Yingzheng about the deal between him and King Han. These matters were nothing to him and King Qin Yingzheng.

King Han did not make excessive demands. This matter did not matter to King Qin Yingzheng. After hearing this, Zheng nodded and agreed. This would be very powerful for him to conquer the six countries in the future. King Qin Yingzheng had no reason to disagree. King Qin Yingzheng did not expect that

King Han knew now that his Han country was destined to be destroyed. No wonder Su Chen wanted Han Fei to leave first. This matter really couldn't be heard by the stubborn Han Fei.

"Mr. Wu Xiang, I didn't expect that you would get such an unexpected harvest by getting a Mrs. Han King. It is true that the living King Han is much more useful than the dead King Han. If the Han Kingdom fails and surrenders in the war, I will not execute him. His, so that other kings will follow King Han after losing the war."

Su Chen's mouth was dry as he spoke. He drank a cup of tea and continued,

"Well, King Qin, the king can make proper arrangements, but those nobles cannot be soft-hearted. Those nobles will not truly surrender. They will be killed if they don't obey, they will be killed if they don't cooperate, and they will be killed if they don't hand over the land."

"Those nobles who pretended to surrender were sent to the frontiers, but you have to treat ordinary people well."

"As for those troops who surrendered, you can slowly bribe them, or even place them at the border, and give them a period of atonement before they can return to their homeland."

"Well, I will consider what you said."

"I'm just making an opinion, whether you adopt it or not is up to you."

Gai Nie now has some admiration for Lord Wu Xiang. He did not expect that Lord Wu Xiang would not only get a beautiful woman, but also find out the thoughts of King Han.

This time it can be said that the Kingdom of Han is destined to be the first to be destroyed after King Qin crowns him and takes charge. country.

Moreover, the suggestions made by Lord Wu Xiang to King Qin are also very good. If King Qin adopts them in the future, after Qin unifies the six countries, there will be much fewer forces that resist Qin.

In a room in Zilanxuan,

Hong Princess Lian was tied to the bed, and even the clothes on her body were stripped off. Princess Honglian was a little scared when she looked at Yan Lingji.

She did not expect that this hateful Baiyue woman would dare to treat her as a princess like this. Now Princess Honglian regretted doing something right with this hateful woman.

After Yan Lingji came in from the outside, she smiled and showed some colorful snakes she caught to Princess Honglian.

"Haha, Princess Honglian, tell me if I put some little snakes on the bed now, will those little snakes play with you?"

Princess Honglian turned pale with fright when she saw the little snake in Yan Lingji's hand.

She didn't expect that this hateful Baiyue girl really went to catch the snake. Princess Honglian looked at the smiling Yan Lingji and hurriedly begged for mercy.

"No, I don't want it, Yan Lingji, I was wrong, let me go, I apologize to you, and I will never scold you again."

Chapter 236

Yan Lingji smiled with satisfaction when she saw Princess Honglian who was scared like a little rabbit by herself. This Princess Honglian was very arrogant when she came to Zilanxuan before.

Su Chen and Zi Nu were not around at that time, and the women in Zilanxuan did not dare to offend the Red Lotus Princess. Yan Lingji couldn't stand it and captured the Red Lotus Princess directly.

It's just that Princess Honglian was so arrogant that she dared to scold herself, which made Yan Lingji very angry, so the previous scene happened.

Yan Lingji looked at the frightened Princess Honglian and sat on the chair boredly thinking about that bastard Su Chen.

He had been discussing something since he came back yesterday. When he went to find that bastard late at night, the bastard no longer knew how to go into the woman's room to rest.

This made Yan Lingji very angry. Yan Lingji felt that since Su Chen had seen through her, she would have no choice but to follow him in the future.

But that bastard didn't even say hello to her when he came back, which made Yan Lingji feel that Su Chen didn't care about her at all.

Yan Lingji said angrily to herself while playing with the little snake.

That bastard Su Chen didn't even look for me when he came back yesterday, and he brought so many women back yesterday. That shameless bastard must have spent the night in Zi Nu's room, what a disgusting bastard."

Princess Honglian was so frightened that she came to her senses and saw Yan Lingji sitting on a chair. She didn't know what she was thinking. Princess Honglian is now very afraid of this Baiyue woman.

This woman is simply a devil. Princess Honglian decided to do it again in the future. Do not want to see this demonic woman.

Princess Honglian suddenly heard Yan Lingji, a demonic woman, talking to herself.

Even Princess Honglian felt a little confused when she heard the bastard Su Chen mentioned by Yan Lingji. Curious, Yan Lingji, a woman like a demon, actually has a man she likes?

Wouldn't Su Chen have been tortured by Yan Lingji in this way?

Princess Honglian asked Yan Lingji nervously with some curiosity,

"flame....spirit....Ji, who is Su Chen?"

When Yan Lingji saw Princess Honglian recovered, she asked herself about that bastard Su Chen. Yan Lingji rolled her eyes and said to Princess Honglian in a frightening way,

"Little princess, Su Chen is a very bad person, and he is also a very perverted person. Don't let him discover you, otherwise you will be ravaged to death by him."

Hong Lian didn't believe what Yan Lingji said. If that Su Chen was a bad person, then Yan Lingji would like a bad person so much.

"You lied to me. The way you looked just now was that you liked that Su Chen. You must be lying to me, right?"

Yan Lingji hurriedly denied when she heard Princess Honglian's words,

"I like that asshole? How can it be? Even if I die, I will never like that bastard"

"Who is that Su Chen?"

"Why do you care so much? Su Chen will not have anything to do with you, and you will not be allowed to see Su Chen in the future, do you understand? Otherwise, these colorful little snakes will let you know what life is worse than death."

When Princess Honglian saw Yan Lingji threatening herself with these snakes again, she nodded hurriedly and said,

"I know, I know, I won't meet that big bastard Su Chen."

Yan Lingji knocked Princess Honglian on the head and said, "What a bastard?" You're not allowed to call him a big bastard either."

"Uh, okay."

Princess Honglian is a little speechless now. She also said that she doesn't like that Su Chen. You can call that Su Chen a bastard. You will be beaten if you say a bad thing. Princess Honglian is now a little curious about that Su Chen.

Han. On Guo Street,

Chu Liuxiang, Hu Tiehua, Song Tian'er and the others are about to leave Xinzheng City. After a night of healing, they have basically controlled their injuries, but it may take some time to recover.

Hu Tiehua watched on the street The people from the Mo family and the peasant family who had been following them said helplessly,

"Lao Chu, we should probably leave now. Those people from the Mo family and the farmer's family are watching us. When today is over, two days will be up. They will definitely arrest us tomorrow."

Chu Liuxiang felt a little regretful as he touched his empty right arm. If he hadn't talked too much at that time, I'm afraid he wouldn't have lost his right arm. Mr. Wu Xiang, he must avenge this revenge. After hearing this, Chu Liuxiang looked behind Hu Tiehua,

"I know, but if we stay in Xinzheng City now, we will definitely die. We might as well go out and fight. Maybe we can escape the arrests of the Mo family and the farmers."

"Hi, I'm afraid it's difficult."

Hu Tiehua shook his head. This time they saw the people from the Mo family and the peasant family who were chasing them.

Although there was a master master who was ordered to be killed by Wu Xiangjun, there were still master masters among them.

He and Chu Liuxiang are now I am afraid that even people with innate cultivation levels cannot defeat them, and it may be difficult for them to escape safely.

Song Tianer looked at the frowning Hu Tiehua and said, "Brother Hu, why don't you go and beg Sister Rongrong and Sister Hongxiu?"

Hu Tiehua hurriedly shook her head and said to Song Tian'er,

"Tian'er, don't cause any more trouble to Rongrong and Hongxiu. Rongrong and Hongxiu will need to take care of Ji Bingyan in the future."

"If Rongrong and the others continue to plead for us, I'm afraid their life will not be easy in the future."

"But who is that Mr. Wu Xiang? Lao Chu, didn't you meet him in Sui Dynasty? What is the origin of Wu Xiangjun?"

Chu Liuxiang also didn't expect that it would be Lord Wu Xiang who came to the Eastern Continent this time, and Su Rongrong and the others actually asked for Lord Wu Xiang, which made Chu Liuxiang feel a little regretful. If he had known that it was Lord Wu Xiang, he would definitely not have stopped Su Rongrong and the others. , after all, Wu Xiangjun's women were a bit scary.

Chu Liuxiang shook his head and said to Hu Tiehua,

"I don't know, I just know that his power is very powerful. During the Great Sui Dynasty, he could control the most elite Xiaoguo Army in the Great Sui Dynasty."

"I didn't ask for any specific information about him, but that bastard woman was a very powerful person. There were several grandmasters alone, and even more masters.

Hu Tiehua asked in surprise, "Hiss!" So this Lord Wu Xiang is a bit scary."

Chu Liuxiang is a little disdainful of Wu Xiangjun. If Wu Xiangjun doesn't have those women, he will definitely be nothing. A man who eats soft food. Chu Liuxiang looks down on Wu Xiangjun.

"The scary thing is those women. Wu Xiangjun didn't know martial arts in the past, but now he has reached the peak of innate cultivation in a short period of time. It must be Wu Xiangjun's women who helped him."

"Alas, let's just think about how to get through this crisis."

At this time, a Xiaosi came over and said to Chu Liuxiang and the others,"Mr. Chu, Mr. Hu, our master invites you to be guests."

"Who is your master?"

"You three will know when you arrive. Come in and follow me."

Chapter 237

Outside Xinzheng City, in a secret stronghold of Luowang, a man in blue clothes stood on a high ground and looked at Xinzheng. At this time, a beautiful woman wearing a tight suit appeared next to the man and saluted.

"Lord Xuanjian, it has been confirmed that that person is in Zilanxuan in Xinzheng City."

This person is the No. 1 Black and White Xuanjian of Luowang. This time he was ordered to assassinate the King of Qin Ying Zheng, and next to him was his subordinate Black Widow.

Black and White Xuanjian looked at his subordinates and asked expressionlessly road,

"Black Widow, have you contacted Ji Wuye and the others? Black

Widow looked at Black and White Xuanjian affectionately and said,"We have been contacted, but they are not willing to help us.""

"Oh why?"

"An important person came to Xinzheng City, and he also had Qin's Black Dragon Token in his hand. Ji Wuye and the others didn't want to cause trouble for Han State at this time."

"VIP? Black dragon token? interesting, very interesting"

"My lord, shall we ask for support from the snare?"

Black Widow is now a little worried that Black and White Xuanjian is no match for those in Zilanxuan. She knows that King Qin Yingzheng has a grandmaster Gai Nie beside him.

If there are one or two grandmasters in Zilanxuan, I am afraid that Black and White Xuanjian's This mission will fail, and Black Widow will fail Black and White Xuanjian's mission.

Black and White Xuanjian waved his hand and said,

"No, my Black and White Sword hasn't drank blood for a long time. Besides, the Eight Linglongs (the Eight Linglongs here were not killed by Black and White Xuanjian to absorb their souls) are coming. Black Widow, you sneak into the Purple Orchid Pavilion first. I want to know what's inside. Information about that important person"

""Yes, Lord Xuanjian."

Xinzheng City, General's Mansion.

Su Chen came here and started talking with the Han Kingdom general. Su Chen came here just to comfort Ji Wuye.

He didn't want to cause any more trouble now. And Luo Wang should be coming soon. If Ji Wuye doesn't participate in Luo Wang's operation, then the four master masters should be able to directly kill Luo Wang's black and white Xuanjian.

Ji Wuye now has some admiration for this Wu Xiangjun, Mingzhu Madam is the beloved concubine of King Han, and she is also the trendy succubus of their four evil generals in the night.

This Lord Wu Xiang actually captured Madam Mingzhu without saying a word, even though Ji Wuye and the others lost a person who was close to Han Guo. , but if they can cultivate one Chao Banshee, they can cultivate another Chao Banshee.

And the Chao Banshee is much more useful when staying with Lord Wu Xiang than by staying with King Han. After all, King Han has been ousted by them now, and Chao Banshee is more useful. The banshee won't have much effect on King Han.

In the future, if the Chao Banshee can confuse this Wu Xiangjun, then Wu Xiangjun's power can also be used by them at night.

Ji Wuye deliberately did nothing. Those who knew asked Su Chen, "Jun Wu Xiang, I wonder what the relationship between Mrs. Mingzhu and your Majesty is?"

Su Chen looked at Ji Wuye's pretense and smiled and said,

"Mrs. Mingzhu is now my wife. General Ji must have got the news that King Han has sent Mrs. Mingzhu to me."

"Haha, then congratulations to you."

Su Chen waved his hand to Ji Wuye and said,

"General Ji, how much do you know about Bai Yifei?"

Ji Wuye didn't understand why Wu Xiangjun suddenly mentioned Bai Yifei's ice cube.

Ji Wuye had always been on guard against Bai Yifei. After all, Bai Yifei was not only powerful, but also had a hundred thousand white-armed troops.

Although he and Bai Yifei are now in a cooperative relationship, But Bai Yifei has done a lot of things that he has hidden from him recently.

"Bai Yifei? The blood-clad Hou Bai Yifei is the commander of a hundred thousand white-armored troops, and his martial arts skills are unfathomable. I wonder why your Majesty would mention Bai Yifei?"

Su Chen is now trying to instigate the relationship between Ji Wuye and Bai Yifei. Anyway, Bai Yifei is going to replace Ji Wuye.

Su Chen wants Ji Wuye and Bai Yifei to completely separate, so that he can destroy Jade before he leaves. Hu, Su Chen coveted his money very much.

"I just want to remind the general that Bai Yifei is now at the level of Grand Master, and he seems to be doing something else in the Han Kingdom. This needs to be checked by the birds under General Ji."

"Are you serious about what your Majesty said?"

"Well, this is the information found by my secret guards, as well as some words Tianze said to me. But I am not from the Han country after all, and I did not ask my subordinates to check it in detail. The general can check it quietly first. Check it out, you might find something unexpected"

"Thank you very much for your message."

When Su Chen saw this, Ji Wuye, who was going to be killed by Han Fei and Wei Zhuang in the future, wanted to draw a big cake for him, so that Ji Wuye would not be able to take action against Zilanxuan in the future.

"Haha, you're welcome. I will come to Han Country again in the future and hope to form an alliance with General Ji."

Ji Wuye was very happy after hearing Su Chen's words. If he could form an alliance with Lord Wu Xiang, one of them would be in Qin and the other in Han. Not only would they be able to rely on each other, even if Qin sent troops to destroy Han, With Mr. Wu Xiang by his side, he would not be in danger of his life.

Ji Wuye smiled and had a drink with Su Chen and said,

"Haha, okay, I hope that the next time you come to Han Country, it will be the time when we form an alliance."

"By the way, Mr. Wu Xiang, the people who brought the net are here, and they want me to cooperate with them in killing someone, and that person is in Mrs. Jun's Purple Orchid Pavilion."

"I knew that Zilanxuan was the territory of Madam Junshang, so I rejected them on the spot."

Su Chen didn't expect that the snare had already arrived, and Hao Ji Wuye also rejected the snare, which made Su Chen a little happy.

"Haha, Ji Wuye, you refused well this time, which also left you a way out."

"Does your Majesty know who Luo Sheng wants to assassinate?"

"certainly"

"Could you please let me know?"

"King of Qin"

"Hiss, is what your Majesty said true?"

Ji Wuye was shocked. He didn't expect that King Qin would come to Han Country. This King of Qin was so courageous. Fortunately, he didn't agree to trap the assassins this time, otherwise he would definitely be unlucky in the future.

Su Chen looked at Ji Wuye looked shocked and smiled and said,

"It's true, so I say you refused well. Even if the Han Kingdom dies in the future, you, General Ji Wuye, will still be able to gain glory and wealth. If you can help King Qin this time, I believe that with your strength, you will also be a great leader in the future. A general with a heavy army"

"Thank you for telling me this time. Ji Wuye will definitely repay you."

"You and I don't have to be polite."

Su Chen was a little amused when he saw Ji Wuye being deceived by him as if he was one of his own.

Ji Wuye will definitely be killed by the quicksand before the day when the Han Kingdom is destroyed. I'm afraid Ji Wuye will be killed this time. Ye Hui did a good thing in vain.

Ji Wuye now trusts Su Chen very much. After all, he has told him everything about King Qin.

Moreover, he has not had any conflict with Su Chen. He also did the same when Lord Wu Xiang asked his wife to withdraw from the quicksand. I know.

Ji Wuye wanted to repay this Lord Wu Xiang with something. After all, he would still need the help of this Lord Wu Xiang in the future.

Ji Wuye suddenly remembered that this Lord Wu Xiang was as lustful as himself, and he thought of the Yan Kingdom That beautiful woman named Snow Girl.

Ji Wuye originally wanted to capture her for his own enjoyment, but now it would be perfect to capture her and give her to Lord Wu Xiang.

There is also Yingge in Bainiao, this woman is also given to Wu Xiang Jun, this way Wu Xiangjun will have two of his people around him. I believe Mrs. Mingzhu and Yingge will take care of this. Wu Xiangjun is in control.

Chapter 238

In Xinzheng City, Wei Zhuang looked at Han Fei expressionlessly in the Ninth Young Master's Mansion. He didn't understand why Han Fei wanted to find those who stole the treasure. Those who stole the treasure had a grudge against Lord Wu Xiang. Han Fei must have done this. Will get into trouble.

But after persuading him once, he said nothing more. He looked at Zhang Liang who was talking to Han Fei and walked directly to the window.

If Lord Wu Xiang knew about this matter, Han Fei would definitely be in great danger. With Lord Wu Xiang's character, even if Han Fei didn't die, he would probably not be in trouble.

Now things are getting more and more troublesome, and Wei Zhuang is also a little unable to do what he wants.

At this time, Chu Liuxiang and the others were also brought to Han Fei's house. Chu Liuxiang and the others did not expect that the ninth master of the Han Kingdom would be the one who invited them over this time, which surprised them.

When Han Fei saw Chu Liuxiang and the others coming in, he came to them and took a look at these martial arts masters. Now he really needed the help of some martial arts masters.

Although Chu Liuxiang and the others were thieves, they were masters of the Grand Master. Han Fei wanted to bring down Ji Wuye, but he would definitely not be able to achieve it without the help of some powerful masters.

Lord Wu Xiang is obviously cooperating with the King of Qin. If he doesn't seize the time to change the Han Kingdom, I'm afraid the only thing waiting for the Han Kingdom is destruction. This is not what Han Fei wants to see.

The information Zhang Liang brought this time made Han Fei a little happy. He did not expect that Zhang Xiangguo would join forces with him to deal with Ji Wuye this time.

Han Fei knew that Zhang Xiangguo was also forced by Ji Wuye and had no choice but to suspect Zhang Xiangguo in his favor.

But Han Fei has no choice. Now that he has no official position, he is timid in doing anything. If Zhang Xiangguo helps, his situation will be greatly improved.

Han Fei cupped his hands to Chu Liuxiang and the others and said, "Master Chu, Master Hu, and Miss Song, my Excellencies, Han Fei, thank you all for coming to my house this time."

Chu Liuxiang looked at this polite Han Fei with some emotion. He had a good impression, but he asked Han Fei a little cautiously,

"Ninth Young Master, I wonder what you want from us?"

Han Fei smiled and invited Chu Liuxiang and the others to sit down and said,

"Master Chu, I know your current situation. I can help you get through this difficulty this time, but I hope you can help me once."

Hu Tiehua was a little confused when she looked at this Ninth Young Master. Now they can be said to have enemies everywhere. This Ninth Young Master actually took the risk of offending so many forces to save them. This made Hu Tiehua a little wary of this Ninth Young Master of Han Country.

"Ninth Young Master, you have to know that we have offended Mr. Wu Xiang now, and the Mo family and the farmers will arrest us tomorrow. Are you sure you can deal with Mr. Wu Xiang and the people from the Mo family?"

After hearing Hu Tiehua's words, Han Fei stood up and said forcefully,

"This is the Han Country, and it is not a place where Wu Xiangjun and the farmer Mo family can act recklessly. I want to protect you. I believe it will not be difficult."

Weizhuang felt a toothache when he heard Han Fei's words. Did Han Fei take the wrong medicine today? How dare this unlucky guy say this? Doesn't he know what kind of situation he is in now?

Chu Liuxiang asked I was a little excited. After all, their situation was very dangerous now. It would be best if Han Fei could help them. Even if he couldn't help them, it would not do any harm to them.

Hu Tiehua looked at Han Fei and shook her head and said with a smile,

"Haha, Ninth Young Master, are you going too far with your boasting? You are just a young master from the Han Kingdom with no real power. Why can you help us?"

Han Fei smiled and pointed at Zhang Liang next to him and said,

"Yes, I am a young master with no real power, but everyone, I am with Zhang Liang, the grandson of the Prime Minister of the Han Kingdom. With the help of the Prime Minister of the Han Kingdom, do you still have any questions?"

Hu Tiehua looked at the white-faced little scholar next to him. He didn't expect that Han Fei was actually connected with the Prime Minister of a country. If so, they might really be able to get through this difficulty.

Just when Chu Liuxiang and the others arrived at Han Fei's house, Su Chen, who was in Ji Wuye's house, also got the news.

Su Chen's face turned ugly after hearing the secret guard's report. He didn't expect that Han Fei would actually help Chu Liuxiang and the others. Didn't

Han Fei, the unlucky guy, not know that Chu Liuxiang and the others were related to each other? Are you already an unrelenting enemy?

Su Chen also hopes that the Mo family and the Nong family can kill Chu Liuxiang and the others this time. It seems that Han Fei will have trouble with him.

Ji Wuye also looked ugly after hearing this. He knew that Han Fei What was the purpose of inviting those thieves this time? It was obviously to recruit those thieves to deal with him. It seemed that Han Fei wanted to get rid of him as soon as possible.

Su Chen thought for a while and said to Ji Wuye,

"General Ji, go to the palace immediately and report this matter to King Han. It is better for Han Fei, a bastard, to remain imprisoned by King Han."

Ji Wuye shook his head after listening to Su Chen's words. The Han Kingdom will definitely not punish Han Fei this time. Han Fei just met those thieves. This will not allow King Han to imprison Han Fei again.

"Mr. Wu Xiang, King Han has just released Han Fei. This time Han Fei just invited the thieves to his house. King Han may not imprison Han Fei again because of this matter."

"Haha, General Ji, you have to know that those thieves are the people that Chu State wants to arrest, and the Mo family and the farmers will arrest them tomorrow. At this time, Han Fei appears to disrupt the situation. He may be looking for allies. If Han Fei joins forces with those thieves, Get up, General Ji, you may be in trouble later."

"Mr. Wu Xiang, Han Fei is not that capable to protect those thieves. Han Fei does not have an official position, how can he protect those thieves?"

"Prime Minister Zhang of Han State will help him."

Ji Wuye stood up angrily when he heard Su Chen's reminder. This time he also understood why Han Fei would help those thieves.

With the help of Prime Minister Zhang, perhaps Han Fei It can really help those thieves, at least it can prevent the Mo family and the Nong family from catching those thieves in Xinzheng, the cold country.

Ji Wuye can't sit still now. He knows that the remaining two thieves are masters. If they are in the future If he really helps Han Fei, Ji Wuye will definitely be very passive in doing things in the future.

"Zhang Xiangguo? Damn it, that old immortal grandson got very close to Han Fei. Zhang Xiangguo must have joined forces with Han Fei this time."

"You go into the palace now and tell King Han, you can even say that those thieves have a grudge against me. If King Han knows that these thieves have not only offended the Chu State, the Mo family and the farmers, but also offended me, I believe King Han will know the seriousness of the matter. As for Zhang Xiangguo, General Ji can also teach him a lesson this time."

Ji Wuye couldn't sit still after hearing Su Chen's words. He wanted to see King Han as soon as possible. This time Han Fei and Zhang Xiangguo, the old immortal, would make life difficult for them even if they were immortal.

"Haha, okay, I will enter the palace now, Mr. Wu Xiang, I have prepared a gift for you this time, I believe you will like it."

Su Chen looked at the ugly smiling Ji Wuye and asked, holding back his nausea,

"Oh, what gift?"

"Come in"

"Yingge has met the general and Lord Wu Xiang."

Chapter 239

In Su Chen's carriage,

Su Chen came out of Ji Wuye's house with this petite woman in sea blue. This was Yingge, the female leader of the birds.

Although Su Chen didn't have a deep impression of her, he still knew that there was such a bird killer, but why did Ji Wuye give this Yingge to him? Do you want to leave a spy by your side?

Su Chen was speechless while sitting in the carriage looking at Yingge who looked calm. He came to see Ji Wuye just to stabilize the ugly old man.

It's just that things came out one by one. The snare came, Han Fei, the unlucky guy, caused trouble for him, and he even got a beautiful woman. I'm afraid I might not be able to explain it to Zi Nu and Mrs. Mingzhu when I go back this time.

Su Chen ignored this Yingge. Without understanding what Yingge was sent to her for, Su Chen would not believe her.

Yingge was a little at a loss now. She pretended to be calm and sat aside looking at Su Chen. She did not expect that she would be given away by Ji Wuye.

She knew Ji Wuye's plan, and she knew from Ji Wuye's eyes that Ji Wuye wanted her to find out information from Wu Xiangjun, and even control Wu Xiangjun if possible.

Although Yingge didn't want to be insulted by Wu Xiangjun, she had no choice this time. In the past, she was afraid that Ji Wuye would take action against her, so she often went to other countries to perform tasks. This time, it seemed that she could no longer escape.

Zilanxuan

When Madam Mingzhu found Princess Honglian who was captured by Yan Lingji, she was a little speechless. This Baiyue girl is really good at playing.

Madam Mingzhu looked at Princess Red Lotus who was stripped naked and lying on the bed, while Yan Lingji was playing with several colorful snakes in her hands. She knew that this time the arrogant Princess Red Lotus had to suffer in front of this Baiyue girl. Suffered a loss.

Mrs. Mingzhu looked at the beautiful Yan Lingji and cursed that bastard Su Chen in her heart.

Why did that bastard Su Chen meet so many beautiful women, and all of them were unique beauties?

"Yan Lingji, let Princess Honglian go."

Yan Lingji looked at this charming woman and said disdainfully,

"You are one of those women who was brought back by that bastard Su Chen yesterday. What are you doing in my room? Why should I listen to you and let Princess Honglian go?"

Mrs. Mingzhu didn't care about Yan Lingji's attitude towards her. This beautiful Yan Lingji may be her sister in the future. That bastard Su Chen will definitely not let this beautiful Baiyue girl go.

"Yan Lingji, I am Su Chen's wife now, and this Princess Honglian will be with us in the future. You let her go first, and I will explain to you later."

Princess Honglian originally thought that Mrs. Mingzhu was here to save her, but when she heard Mrs. Mingzhu's words, she became very angry. She did not expect that Mrs. Mingzhu would dare to betray King Han. Princess Honglian shouted angrily at Mrs. Mingzhu. shouted,

"Madam Mingzhu, you are my father's wife. When did you become that Su Chen's wife? Have you betrayed my father?"

Ms. Mingzhu walked to Princess Honglian and untied her acupuncture points. She watched Princess Honglian put on her clothes and then handed her a letter and said,

"Read this letter and you will understand"

"What? How can this be? Why does my father want me to follow that Su Chen? I don't need his protection at all. No, I have to ask my father."

Princess Honglian was stunned when she saw the letter from King Han. She didn't expect that King Han would want to leave the Kingdom of Han together with Lord Wu Xiang Su Chen.

And she would also listen to Lord Wu Xiang Su Chen's words in the future. There was no reason in the letter.

This made Princess Honglian unable to accept it. She hurriedly ran out of the house to ask her father.

Yan Lingji looked at Princess Honglian and said a few words, and her expression changed. After running out ugly, she asked Mrs. Mingzhu with some doubts,

"what happened? Why did the little princess leave in such a hurry? What does this have to do with Su Chen?"

Ms. Mingzhu twisted her perfect body to come to Yan Lingji and said with a smile,

"You can wait for Su Chen to come back and ask him, Yan Lingji, you don't have to be hostile to me. Although I am Su Chen's wife, Su Chen has three or four wives."

"I'm afraid you will also be the wife of that bastard Su Chen in the future. That bastard Su Chen will not let go of a beautiful beauty like you. We are both Han people like Zi Nu, and we may need help in the future."

Yan Lingji blushed a little when Madam Mingzhu said that. She pretended to be calm and said to Madam Mingzhu,

"I am not that bastard woman and I never will be. You can leave now."

"Haha, I'll leave then, Yan Lingji, you'd better think carefully about what I just said, and when you think about it, you can find me and Zi Nu."

In another room in Zilanxuan,

Hu Meiren and Mrs. Hu Nongyu sat together without saying a word. Mrs. Hu and Nongyu were shocked by what Hu Meiren said just now.

They didn't expect that King Han would actually give his wife to Wu Xiangjun, which made both Mrs. Hu and Nong Yu look at Hu Meiren with some sympathy. They were also afraid that one day Hu Meiren would be given away by King Han to others.

Nong Yu looked at Hu Meiren with worry. Holding her hand and saying,

"Auntie, you can't go back to Prince Han's Palace. Since Prince Han can give you one wife, he might give you another wife. It's too dangerous for you to go back. If Prince Han sends you to Ji Wuye in the future, you will definitely be worse than dead.."

Mrs. Hu walked around the room anxiously. Now the three of them are finally reunited. But if something happens to her sister again, Mrs. Hu doesn't know how to save her herself. After hearing Nong Yu's words, Mrs. Hu said to her sister Hu Meiren said,

"Sister, what should you do now? I think Nongyu is right, but if I do this, I'm afraid it will anger King Han. Will it bring trouble to Zilanxuan?"

Hu Meiren is also helpless now. She knows that this time is the time for her to make up her mind.

In the past, she used Baiyue witchcraft to confuse King Han in the Han Palace, but Baiyue witchcraft cannot always control King Han.

If King Han really wants to send himself out one day, I'm afraid he will really play it by then

"Ever since, I also know that I can't see Prince Han again. Although I heard from Nong Yu that Zilanxuan and Ninth Young Master Han Fei will never cooperate again in the future, Prince Han sent Lady Mingzhu to Lord Wu Xiang, even though it was Lady Mingzhu and Lord Wu. Wu Xiangjun agreed to King Han's conditions before King Han agreed."

"But I am afraid that if this case is opened, King Han will give his wife away at every turn in the future. If King Han really sends me to Ji Wuye in the future, I am afraid that I will really be worse off than dead.

Nongyu thought of Su Chen and said hurriedly, "Auntie, I'll beg Wu Xiangjun soon."

Hu Meiren shook her head after listening to Nong Yu's words. Wu Xiangjun just got the Pearl Lady from King Han. If he asks King Han for her again at this time, I'm afraid King Han will really be angry.

And she and Wu Xiang also It has nothing to do with you. Mrs. Mingzhu is still Wu Xiangjun's woman after all, and she is not Wu Xiangjun's woman.

Hu Mei and Wu Xiangjun have not even spoken to each other. Wu Xiangjun is so likely to take risks to help him.

Could it be that he Also be Wu Xiangjun's wife? Hu Meiren shook her head and rejected the idea just now. She felt that this was completely impossible.

Hu Meiren touched Nunyu's hair with a sad expression and said,

"Nongyu, this is not an ordinary matter. Mr. Wu Xiang just asked for a wife from King Han. If you help me again, I am afraid that even if King Han is forbearing, he will be angry."

"I'm going to find Sister Zi Nv. I believe Sister Zi Nv will definitely have a solution."

Chapter 240

After Su Chen returned to Zilanxuan with Yingge, Mrs. Mingzhu told him that the little princess of Han Kingdom had left.

When Mrs. Mingzhu discovered that Bai Niao's Yingge came back with Su Chen, she knew that Ji Wuye had arranged a spy for Su Chen.

Mrs. Mingzhu looked at Yingge meaningfully and winked at Su Chen.

Su Chen was speechless when he saw Mrs. Mingzhu blinking at him. Didn't he know that this Yingge was a little spy?

Su Chen shook his head and said to Mrs. Mingzhu,

"Mingzhu, please arrange this Yingge, she is a woman given to me by Ji Wuye"

"Got it, husband." Madam

Mingzhu smiled and waved to Yingge and left with Yingge.

Madam Mingzhu knew that Su Chen gave Yingge to her so that she could win over this female leader of the birds..

If Yingge surrenders to Su Chen in the future, those female birds will also be led by Yingge to join Su Chen.

Su Chen just drank a cup of tea after Mrs. Mingzhu left with Yingge when he saw Yan Lingji. Baiyue Nu came to his room

Su Chen saw Yan Lingji looking a little angry and said with a smile,

"I said, Baby Flame, why did you come to my room so aggressively? I haven't provoked you in the past two days."

Yan Lingji sat directly next to Su Chen. It's really difficult for this damn bastard to see him now. She came several times today and couldn't find this bastard.

"You bastard, when will you let me go?"

"you can leave now"

"Um! Um? What? Are you going to drive me away now? You bastard, I will not leave until I have my revenge."

Yan Lingji was stunned when she heard Su Chen's words. What did this bastard say? He is going to let her go now, but why? Is this bastard planning to abandon her after having so many women?

I guess, this Did Baby Yan take the wrong medicine today?

Su Chen felt a little strange when he looked at Yan Lingji who was even more angry.

How could Yan Lingji let her go? She just said it casually, but she didn't expect Yan Lingji to react like this. Big, is this flame baby stimulated today?

"Hey, Baby Flame, were you bullied today? This shouldn't be the case. With your martial arts skills, there is no woman in Zilanxuan who can defeat you. Could it be that you are here?"

"You are shameless"

"Haha, you threw yourself into my arms, not me bullying you."

Su Chen hugged Yan Lingji when he saw her hitting him.

Su Chen felt a little impulsive as he hugged Yan Lingji's soft figure. Although this Yan Lingji was not as plump as Madam Mingzhu, she still had Yan Lingji's figure. It's more perfect than Madam Pearl's

"Let me go."

Yan Lingji was hugged by Su Chen and hurriedly struggled out. She didn't expect that she would be hugged by this bastard.

She originally wanted to teach this bastard a lesson, but Yan Lingji didn't expect that this bastard would react so quickly.

Su Chen held her Yan Lingji put her chin on Yan Lingji's shoulder and said with a smile,

"Haha, do you think it's possible?"

Yan Lingji blushed a little when she saw Su Chen being so shameless. Now they were in the same position as a couple. Yan Lingji smelled the manly scent on Su Chen's body and leaned into his arms and said angrily,

"You are such a shameless bastard."

Su Chen held Yan Lingji's slim waist with one hand and touched her hair with the other and said,

"By the way, Yan Lingji, tell Zi Nu in a moment that the trap people have arrived. If any strange women come to Zi Lan Xuan, ask her to capture those strange women. You can also go and help Zi Nu. elder sister"

"I understand, Zi Nu is not my sister."

Yan Lingji nodded after hearing Su Chen's words. Yan Lingji knew that if Luo Wang really came to Zilanxuan, then they would have to be careful of those all-pervasive Luo Wang killers.

But when she heard that this bastard Su Chen actually let her Called Sister Zinu, she glared at the bastard Su Chen with a red face.

But Yan Lingji knew what this bastard meant by calling her Sister Zinu.

"That's it from now on"

"You are shameless, I will not be your woman"

"Haha, that's not what you said."

Southern Continent, Great Sui Dynasty, Pegasus Ranch.

Ever since she defeated the four major bandits, Shang Xiuxun has been pestering Su Yan to keep her Netherworld heavy armored cavalry at Pegasus Ranch. Shang Xiuxun tried to say that Su Yan just didn't have it. Agreed, this made her very depressed.

In the hall of Pegasus Ranch, Shang Xiuxun was sitting listlessly on a chair, feeling a little bored. She had tried every method now, but that dead girl Su Yan just refused to let go. Xiu Xun didn't even want to make her favorite pastry now.

At this time, Shang Zhen hurried in from outside and said hurriedly,

"Owner, I found out everything. Shang

Xiuxun immediately sat up and asked hurriedly, "Tell me, who is Su Yan's father?"

Shang Zhen was a little confused when he saw that Shang Xiuxun was so interested in Su Yan's father.

He not only thought, is it possible that the owner of the venue wants to seduce Lord Wu Xiang in order to stay with the Netherworld heavy armored cavalry?

But that Lord Wu Xiang is really good. , if the farm owner can combine with Wu Xiangjun, it will be very beneficial to Pegasus Ranch.

"The owner of the field, the father of the little princess Su Yan is Wu Xiangjun of the Song Dynasty. Now the southern part of the Song Dynasty has been occupied by Wu Xiangjun, and now Wu Xiangjun's army is sending troops to Dali. More than 300,000 troops have arrived in Dali. I believe It won't be long before Dali will be destroyed."

Shang Xiuxun looked at Shang Zhen speechlessly. She knew all this. She just wanted to know something about Su Yan's father in the Sui Dynasty.

Shang Xiuxun hurriedly interrupted Shang Zhen and said,

"Uncle Shang Zhen, Su Yan has already told me these things. I want to know about Lord Wu Xiang and his power in the Sui Dynasty."

When Shang Zhen saw that Shang Xiuxun wanted to know Wu Xiangjun so much, he looked at Shang Xiuxun and smiled and said,

"Um, host, I'm afraid you know something about Wu Xiangjun. Wu Xiangjun Su Chen is the person with whom half of the beauties on the Wulin beauty list are related."

"I asked why the Lord Wu Xiangjun sounded familiar. It turned out to be the bastard with whom half of the beauties on the martial arts beauty list were related."

Shang Xiuxun didn't expect that Su Yan's father was the hateful man that people in the world were discussing earlier.

Shang Xiuxun is now very cold towards Wu Xiangjun. Wu Xiangjun's relationship with so many beauties is unclear. He must be a A womanizer.

This completely extinguished Shang Xiuxun's idea of going to see Su Yan's father in person. If Su Yan's father was really a womanizer, then he would definitely be falling into a trap if he went there. She was not a womanizer. Stupid woman.

Shang Xiuxun looked at the Netherworld heavy-armored cavalry outside and knew that this matter was hopeless.

But if Su Yan left with the Netherworld heavy-armored cavalry, the four major bandits and the Li clan would definitely fight again Shang Xiuxun was in a dilemma when she thought about her Pegasus Ranch idea. Do she really want to beg that lecherous man?

Shang Zhen saw that Shang Xiuxun's face was a little ugly, so he knew that he had said the wrong thing just now. He had just said The words he said must have made Shang Xiuxun misunderstand that Lord Wu Xiang was a lecher, which made Shang Zhen want to say something nice for Lord Wu Xiang.

Shang Zhen hurriedly continued to say to Shang Xiuxun,

"The leader of the field, Lord Wu Xiang was also very powerful in the Great Sui Dynasty. The Xiaoguo Army, the most elite army in the Great Sui Dynasty, was now also Lord Wu Xiang's army."

"There is also a close relationship between Wu Xiangjun and the Yinkui sect of the Demon Sect, as well as the upright leader Cihang Jingzhai. Wu Xiangjun disappeared some time ago, and both the Yinkui sect and Cihang Jingzhai sent a large number of people to look for him."

"Even the Dugu family of the four major clans are helping to find Lord Wu Xiang, and even Yang Lin, the patron king of Luoyang, has sent troops to Luoyang to find Lord Wu Xiang. The forces involved by Lord Wu Xiang are quite powerful."

"That bastard actually had such a powerful force in Sui Dynasty? Did Wu Xiangjun want to take advantage of the civil strife in the Sui Dynasty to seize the power of the Sui Dynasty?"
