### Chapter 24

The next day, Meng Tian took Wang Hu to the Palace of the King of Qin. On the way, Wang Hu was a little surprised when he saw the heavily guarded Palace of the King of Qin. Although the soldiers here were not as good as them, they were still elite troops.

Wang Hu looked at Qin Palace and nodded and said to Meng Tian,

"General Mengtian, your King's Palace of Qin can be described as a dragon's pool and a tiger's den. I'm afraid it won't be easy to break into your King's Palace of Qin."

Meng Tian smiled proudly and said,

"Haha, after all, this is the palace of our Qin State. If anything happens, our Qin State will be doomed. Commander Wang, how many people do you have in Lord Wu Xiang's Netherworld Cavalry Corps?"

Meng Tian is very interested in Wu Xiangjun's Netherworld Cavalry. He wants to know if Wu Xiangjun's Netherworld Cavalry is an army of tens of thousands.

If Wu Xiangjun has tens of thousands of Netherworld Cavalry, it will be very powerful. I'm afraid In the future, there will be no cavalry army that can deal with the Netherworld Cavalry Army.

After hearing Meng Tian's words, Wang Hu shook his head and said,

"Haha, General Mengtian, this is our Majesty's secret. I won't tell it without your Majesty's order."

"Forget it, I would like to meet your Mr. Wu Xiang if I have a chance in the future."

"General Mengtian, we in Gusu City welcome your arrival. When you see our Lord, you can ask him directly"

"I hope you can go if you have the chance. Here, Commander Wang, I will go and inform you."

After a while, Meng Tian brought Wang Hu to a room. This time King Qin Yingzheng did not meet Wang Hu in the main hall, but met the guard commander of Lord Wu Xiang in his study.

Wang Hu looked at the very young King Qin saluted and said,

"Wang Hu, the commander of the bodyguard of Lord Wuxiang of the Song Dynasty, met King Qin."

Ying Zheng looked at this mighty man and said,

"Commander Wang, why does Lord Wu Xiang want you to come to Daqin to see me this time?"

Wang Hu took out a letter from his arms and said to King Qin,

"King Qin, this is a letter from our Lord to you. Your Majesty just asked me to give this letter to King Qin."

"Meng Tian, give me the letter"

"Yes, Your Majesty."

After receiving the letter, Ying Zheng opened it and read it. However, Ying Zheng's expression changed after a while. He did not expect that Lord Wu Xiang knew so many things. Some things were exactly the same as what he knew. It seemed that This Lord Wu Xiang knows all the countries in the Eastern Continent very well.

Ying Zheng did not expect that Lord Wu Xiang would tell him so many secrets for a woman in Luowen. It seems that Lord Wu Xiang likes the defector from Luowen very much. , but this matter is very easy for him.

Ying Zheng thought about it and said to Wang Hu,

"Commander Wang, who is that Frightened Salamander among you now, Mr. Wu Xiang?"

"Returning to the King of Qin, Mrs. Jing salamander is now the wife of our Lord Wu Xiang."

Wang Hu immediately answered King Qin. Now Jing Sala is the royal wife of Lord Wu Xiang, and Mrs. Jing Sala is a master of the Grand Master. Wang Hu is a little afraid of Mrs. Jing Sala, and some of his martial arts are also taught by Mrs. Jing Sala. his

"Mrs. Jun? So Jing Salamander is your wife Wu Xiangjun?"

Ying Zheng didn't expect that a defector from the trap would become the wife of Lord Wu Xiang of the Song Dynasty. This was a step to the sky.

"Yes, our Mr. Wu Xiang now has a wife, Mrs. Jun."

"How old is your Mr. Wu Xiang?"

"Less than twenty, he should be about the same as King Qin."

Ying Zheng is now a little curious about Wu Xiangjun Su Chen. He did not expect that a person of similar age to him would know so many things, and it seems that this Wu Xiangjun has some strength.

Ying Zheng looked at Wang Hu and said said to him,

"Commander Wang, please go back and tell Mr. Wu Xiang that I helped him handle this matter. Luo Wang will not hunt down the Frightened Salamander in the future, but I hope Mr. Wu Xiang can do me one more favor."

"King Qin, please tell me?"

Ying Zheng now said to Wang Hu with some expectation,

"I hope you, Mr. Wu Xiang, can send 20,000 Netherworld Cavalry to help me for one year. Don't worry, I won't let your army help me fight."

"You should also understand that I am not in charge of the government yet, and there is some unrest in Qin. Meng Tian's golden fire cavalry is currently guarding the wolf tribe on the border of Daqin. I don't have an army under my control, so I need some reliable troops."

Ying Zheng knows that there is not much time left before he takes charge. Ying Zheng is also afraid that something will happen on the day when he takes charge. After all, he is not sure whether Lu Buwei will give up power. Now he can only make preparations as soon as possible. Wang Hu was a little surprised when he heard what King Qin said. He didn't expect that a king of Qin would want to borrow an army. It seemed that King Qin was also a puppet.

Wang Hu immediately said to King Qin,

"King Qin, this matter is of great importance, and I must report it to our Lord."

Ying Zheng nodded and said,

"I know, I can wait for the news. Regardless of whether Mr. Wu Xiang agrees or not, I will solve the matter of Mrs. Jingbao for him. And this time, Mr. Wu Xiang helped me, and I will repay him in the future."

"I will use the flying pigeon to tell our Lord as soon as possible"

"Well, then I will wait for your news."

Wang Hu saluted King Qin Yingzheng and went out. Now he wants to tell Lord Wu Xiang what happened here.

After Meng Tian saw Wang Hu off, he returned to King Qin Yingzheng's study. , and now he doesn't know why King Qin didn't react at all after reading the letter. Isn't the immediate message useless?

When Ying Zheng saw Meng Tian coming back, he looked at the map expressionlessly and said,

"Meng Tian, it seems we have underestimated Mr. Wu Xiang."

Meng Tian saluted Ying Zheng and said,

"Your Majesty, Lord Wu Xiang's Netherworld Cavalry Army seems to be quite large. Otherwise, when Your Majesty asked Lord Wu Xiang for 20,000 Netherworld Cavalry, Wang Hu's expression did not change. I am afraid that Lord Wu Xiang's Netherworld Cavalry Corps would not be less than 50,000."

"Well, why didn't Lord Wu Xiang help the Song Dynasty with such a powerful army? Is this Lord Wu Xiang going to rebel?"

"Not sure, after all, we don't know much about the Southern Continent."

Ying Zheng gave Meng Tian some instructions and let him leave. Ying Zheng thought for a while and then said to the side,

"Gai Nie, if Mr. Wu Xiang agrees to my borrowing troops this time, how will I treat Mr. Wu Xiang in the future?"

A young man came out of a shadowy place and said,

"Your Majesty, this is something you should consider when you take office in the future. The top priority now is to be able to take office smoothly, and that Wang Hu just discovered my existence, he is also a master master."

Ying Zheng put down the letter in his hand and said,

"Well, I know this, Mr. Wu Xiang? It seems that I will meet this Lord Wu Xiang in the future. His army will definitely be no less. His Nether Iron Cavalry will not be less than 50,000 people, so his infantry will definitely be no less."

"Your Majesty, do you still want to borrow troops from Lord Wu Xiang?"
