### Chapter 241

Shang Xiuxun was very surprised when he heard what Shang Zhen said. This Lord Wu Xiang not only conquered cities and territories in the Song Dynasty, but now he also wanted to plot against the Great Sui Dynasty. Could it be that the kingdoms of the Great Sui Dynasty would also be captured by this Lord Wu Xiang in the future? ?

Shang Zhen looked at Shang Xiuxun who was thinking about something and reminded him,

"Owner, if the Li Clan sends people to buy war horses in a month, should we still sell them to them?"

Shang Xiuxun refused Li Clan expressionlessly when she heard it,

"If we don't sell it, we won't do Li Clan's business in the future. Shang

Zhen was a little embarrassed and said to Shang Xiuxun,

"But if we don't sell the horses to the Li Clan, we will really offend them. The owner of the farm, Princess Su Yan, will leave one day. If Princess Su Yan leaves with the army, our Pegasus Ranch will have to face Li Clan. Valve's attack."

Shang Xiuxun is also very irritable now.

That girl Su Yan won't help him. If Su Yan can keep those 10,000 Netherworld heavy armored cavalry, he won't have to worry about Li clan and the four major bandits in the future.

Shang Xiuxun is now I just wanted to beat up that girl Su Yan, and I made delicious food for her every day here, but the girl never let go, and even said that these armies were not under her control.

Shang Zhen looked at Shang Xiuxun's upset look, and Thinking that the little princess Su Yan was at the Pegasus Ranch this time, no matter it was the Li clan or the four major bandits, they did not dare to attack their Pegasus Ranch.

Shang Zhen thought that as long as the little princess was not allowed to leave the Pegasus Ranch, Shang Zhen thought that in the future, the military might Mr. Xiang will definitely come to Pegasus Ranch.

If the owner of the farm can marry Mr. Wu Xiang with the help of Princess Su Yan, then Pegasus Ranch will definitely not be harassed by other forces in the future, but he doesn't know yet. What did the owner think?

Shang Zhen thought about it for a while and then carefully said to Shang Xiuxun,

"Owner, you are not young anymore. I think Princess Su Yan's father, Lord Wu Xiang, is pretty good. He will also be an emperor in the future. With the owner's figure and appearance, it would be good to marry Lord Wu Xiang."

"ha? You want me to marry Su Yan's father? Uncle Shang Zhen, Lord Wu Xiang has a wife, and even a daughter who is so old, you still want me to marry him?"

Shang Xiuxun was a little confused. What nonsense was Shang Zhen talking about? How could he marry a playboy? The whole continent knew about that Wu Xiangjun and the beauty on the martial arts beauty list. He married a lustful woman. Disciple, isn't that a sheep entering a tiger's mouth?

Moreover, that bastard Wu Xiangjun's daughter is already so old, and there are still many women that that bastard has. If she wants to find a man who is sincere to her in the future, Shang Xiuxun doesn't want to find one. A romantic husband everywhere

"Master, I am investigating Mr. Wu Xiang. Now Mr. Wu Xiang is also a young man in his early twenties, and he is also a monarch with a heavy army. With his power, the Sui Dynasty and the Song Dynasty in the southern continent will all fall to Wu Xiang. In the hands of Jun, and he only has two or three wives now, the owner will definitely not be wronged if he marries her."

"No way, I won't marry a married woman, and I don't like that bastard either."

Shang Zhen didn't say anything when he saw that Shang Xiuxun didn't agree. He couldn't force Shang Xiuxun to marry Wu Xiangjun. He couldn't do such a thing. At this time, Su Yan came jumping In the hall, he smiled and said to Shang Xiuxun,

"Sister Shang, why didn't I see you going out to play today?"

When Shang Zhen saw Su Yan arriving, he hurriedly saluted and said,

"Shang Zhen met the princess."

Shang Xiuxun just glanced at this quirky little girl and didn't want to talk to her.

This little girl is so difficult to deal with at such a young age. Sometimes Shang Xiuxun felt that Su Yan didn't want a six-year-old child at all. This girl But he is smarter than himself

"If you are not in the mood, if you agree to keep these ten thousand Netherworld heavy cavalry, I can play with you."

Su Yan was speechless when he saw that Shang Xiuxun didn't want to talk to her.

Shang Xiuxun wants to keep the Netherworld cavalry all day long. Although Su Yan can keep these ten thousand Netherworld heavy armored cavalry, she won't. Left behind.

These Netherworld Cavalry were sent by Aunt Murong Qiudi to protect her, and there were only 10,000 direct legionnaires like this in the Sui Dynasty.

If Aunt Murong Qiudi still has a use for these Netherworld Cavalry Legion, then she is not Do you want to disrupt Murong Qiudi's plan?

Su Yan didn't want to cause trouble for this aunt before she met her.

Su Yan took Shang Xiuxun's hand and said aggrievedly,

"Sister Shang, this army was sent by Aunt Murong. I have no right to keep them. Please don't embarrass me."

Shang Xiuxun tapped Su Yan's forehead and said in disbelief,

"I don't believe a word you say, girl, so just try your best to lie to me."

"Oh, how could I lie to Sister Shang? If you don't believe it, you can go to Luoyang with me to meet my aunt. To be honest, Sister Shang, I have never seen this Aunt Murong Qiudi. I don't know whether she has a good temper or not."

"No way? Is this Murong Qiudi the wife your father Gangna married?"

"Well, it's the new wife my father just found, but she hasn't been married yet."

Shang Xiuxun is a little surprised now. The woman Wu Xiangjun just found actually gave that woman such great power. Isn't it possible that Lord Wu Xiang is not afraid that this woman will betray him and even take his power as her own?

Shang Xiuxun He said to Su Yan doubtfully,

"The new wife your father just found gave her all his power in the Sui Dynasty? Isn't your father afraid that Murong Qiudi will betray him?"

Su Yan laughed after listening to Shang Xiuxun's words.

Although Su Yan was sometimes worried that her father would bring a narrow-minded woman home, after having Concubine Yan and Changsun Wuchuan,

Su Yan was completely relieved. Yeah, she knew her father wouldn't look for those shabby women

"Haha, don't worry about this. Although my father is sometimes inconsistent, he is very accurate in judging people. My aunts are all very good, and there is no way they would betray my father."

"Hey, your father, that lecherous man, will one day die at the hands of a woman."

Shang Xiuxun looked at Su Yan in disbelief. She just couldn't stand Wu Xiangjun.

Although Shang Xiuxun had never met Wu Xiangjun, she knew about him based on the rumors in the world. He's a merciless bastard,

"Um, okay Sister Shang, let's not talk about my troublesome father. Although I can't keep the Netherworld Heavy Armor Cavalry, I can stay a little longer this time so that your Pegasus Ranch Have some self-protection before leaving."

Su Yan felt a little helpless when she heard Shang Xiuxun say this about her father.

She also knew that his father was a sentimental person, but she couldn't control Su Yan. Her mother and aunt didn't care about her father either. She was a little kid. No matter what.

Su Yan now feels that it is a little difficult to be Su Chen's daughter. In the future, just the women from his father may make her collapse.

Especially the witch Hanwen, she is a woman that he must not mess with, even It's impossible to say whether that crazy woman Huang Rong will be with her father in the future.

Su Yan couldn't help but feel a little numb when he thought of Huan Huan and Huang Rong. If these two women were also her father's women in the future, I'm afraid I will be played to death by them in the future

"Okay, then you can stay at Pegasus Ranch for three or five years. After three or five years, my Pegasus Ranch will be able to protect itself."

"Oh my god, you better let me die."

Chapter 242

Eastern Continent, Zilanxuan

After receiving the notice from Yan Lingji, Zinu asked Nongyu and Caidie to say hello to the sisters in Zilanxuan.

Although Zilanxuan is now heavily guarded, if those assassins pretend to be women in Zilanxuan, it may not be easy for Su Chen's army and guards to detect them.

After all, they don't understand the many women in Zilanxuan.

At this time, a black widow disguised as a singer from Zilanxuan sneaked into Zilanxuan.

After she knocked out a singer in a room and disguised herself as her, she went to Purple Orchid Pavilion to get information.

Black Widow looked at a room with more than a dozen black-armored soldiers guarding the room and asked a woman next to her,

"Sister Xiaolian, why are there soldiers guarding this room?"

Xiao Lian looked at the room where Black Widow asked and said with a smile,

"Lixiang, don't you know that you have been sick these days, but these troops are Wu Xiangjun's army, and Wu Xiangjun is also the future husband of our Zinu sister. The people in this room are thieves caught by your Majesty, and we don't need to worry about this place. things."

After hearing this, Black Widow looked at the room, Mr. Wu Xiang? Is Mr. Wu Xiang the king of that country? The captured thieves? Are they the thieves who stole the national treasure of Chu?

"Oh, that's it, I didn't expect Sister Zi Nu to get married."

"No, Sister Zinu is very lucky this time. Lord Wu Xiang is a monarch, the top existence among the nobility. From now on, Sister Zinu will be Mrs. Jun."

""Yeah."

At this time, two beautiful women came across from them. When these two beautiful women passed by them, one of the women frowned when she looked at the black widow.

These two people were Su Rongrong and Li Honghongxiu , although Su Chen rejected them, they did not forget their promise to Su Chen.

This time they came with them and planned to be Su Chen's maids from now on. Su Rongrong and Li Hongxiu did not want to break their promise to Su Chen again.

Li Hongxiu suddenly discovered Su Rongrong frowned and asked in confusion,

"Sister Rongrong, what's wrong?"

Su Rongrong looked at the two women leaving and said to Li Hongxiu,

"Red sleeves, there is something wrong with the woman in yellow clothes, she is disguised"

"What? Sister Rongrong, did you read that correctly?"

"How could I be wrong? My disguise skills are much better than hers. Don't you still believe me?"

"Of course I believe Sister Rongrong, then let's hurry up and inform Wu Xiangjun, this woman must be here to find out the news."

"Well, where is Brother Ji? We will visit him later. Now I will inform Mr. Wu Xiang that you should follow that woman."

"OK."

After Su Rongrong and Li Hongxiu separated, they hurried to Su Chen's room.

When Su Rongrong was about to enter Su Chen's room, she found that Mrs. Hu and Hu Meiren had also arrived outside Su Chen's room.

Su Rongrong nodded to them. He opened the door and went in. Hu Meiren and Mrs. Hu hesitated and did not go in immediately.

Mrs. Hu looked at Su Chen's room and did not dare to step in. She trembled and said to Hu Meiren,

"sister, i....I'm a little scared. How about you go in and tell Mr. Wu Xiang?"

Hu Meiren felt helpless as she pulled the frightened Mrs. Hu. She was also a little scared now. If Mrs. Hu hadn't accompanied her this time, Hu Meiren would not have come to see Wu Xiangjun.

"Sister, I am also a little worried, but now Nongyu is busy, and Zinu doesn't know if she will tell Wu Xiangjun that now I can only go in with you."

"Well, then go in, I hope Mr. Wu Xiang can help you for Nongyu's sake."

In the room, Su Chen didn't expect Su Rongrong to come over. He looked a little surprised when he looked at Su Rongrong who looked a little anxious.

Did Su Rongrong encounter anything else in Zilanxuan?

Ji Bingyan herself just kept him locked up and didn't treat him. Execution.

Nothing happened to Chu Liuxiang and the others in Han Fei's house. How could Su Rongrong look anxious?

When Su Rongrong came in, she saw Su Chen drinking tea alone. She hurriedly walked over and saluted Su Chen and said,

"Your Majesty, I found someone sneaking into the Purple Orchid Pavilion. I just found a woman in the Purple Orchid Pavilion who had disguised herself. She might be checking something in the Purple Orchid Pavilion."

"A woman in disguise? Could it be that someone from the net snuck in?"

Su Chen knew after listening to Su Rongrong's words that the woman must be the one who snuck into the net, but this time it was Li Wu who got in.

In this world of mixed martial arts, we don't know whether Black and White Xuanjian killed Ba Linglong and absorbed them. Soul,

Su Rongrong heard Su Chen talking to himself and hurriedly said to him,

"Your Majesty, Hongxiu is following that woman now. Do you want to catch her first?"

Su Chen thought for a moment, wouldn't he know if she was Li Wu as long as he caught that woman?

Su Chen looked at Su Rongrong and thought that her disguise technique was indeed useful. If Su Rongrong stayed, she might actually be of some use in the future.

Su Chen was very satisfied with Su Rongrong this time. He smiled and said to Su Rongrong,

"Haha, of course catch her first. You go find Zi Nu and Yan Ling Ji and ask them to capture that woman alive."

"Yes, Your Majesty."

Su Chen wanted to rest for a while when he saw Su Rongrong leaving. After a while, if he caught that woman, Su Chen wanted to see if she was the Li Wu.

But before he stood up, he found that the sisters Mrs. Hu and Hu Meiren were a little bit different. Su Chen walked in uneasily.

Looking at Mrs. Hu's plump figure, Su Chen felt that she was really big. This was the biggest she had ever seen.

And Hu Meiren's legs were also the longest and most beautiful that Su Chen had ever seen. Su Chen now He couldn't help but want to touch Hu Meiren's long legs.

Su Chen was speechless when he saw that Hu Meiren and Mrs. Hu were afraid of him.

"What's going on with you? Mrs. Hu bravely looked at Su Chen and said, "Mr. Wu Xiang, we are here to ask for your help.""

Su Chen was a little confused when he looked at the plump Mrs. Hu. Mrs. Hu probably didn't come here for Li Kai.

And Hu Meiren is King Han's beauty, so it's impossible for Hu Meiren to come to beg for herself. So Nong Yu is the only one left. Is it possible? Hu Mei and Mrs. Hu want to take Nong Yu away?

Su Chen looked at the nervous look of Hu Mei and Mrs. Hu and asked,

"help? What help?"

"this....."

Mrs. Hu doesn't know what to say to Su Chen now. Should she tell Wu Xiangjun that she should also take Hu Meiren out of the Han Palace?

If Wu Xiangjun misunderstands that Hu Meiren is willing to be his woman, this is terrible. That's not good, but if you don't tell me, what will Hu Meiren do next?

Mrs. Hu was speechless when she saw her sister who lowered her head as she came in. This was because her sister was forcing herself to ask Wu Xiangjun for help.

Seeing that they were embarrassed to speak, Su Chen knew that most likely they wanted to take Nongyu away from Zilanxuan.

After all, Zilanxuan was a romantic place. One of them did it for their daughter and the other for their niece. Mrs. Hu and Hu Meiren did this. It's understandable.

Seeing that they didn't speak, Su Chen smiled and said,

"I agree. You can rest assured. If you have any other requests, just put them forward."

"same.....agreed?"

Mrs. Hu was stunned. She didn't expect Wu Xiangjun to know the purpose of their visit this time, and he agreed very happily.

She looked at her sister Hu Meiren, who was now blushing, and felt something was wrong. Could it be that this Wu Xiangjun Xiangjun wanted his own sister? Is that why he helped his sister Hu Meiren?

Hu Meiren heard that Su Chen agreed before they said anything, which made her feel that Wu Xiangjun was also planning on her.

Hu Meiren just now But seeing Wu Xiangjun staring at her legs, could she be Wu Xiangjun's wife in the future?

"Well, this is not a big deal. Mrs. Hu, do you have any questions?"

"There is no doubt, this is good, this is good."

Chapter 243

Seeing Mrs. Hu's surprised look, Su Chen thought that Mrs. Hu didn't believe that he would let Nongyu leave.

Although Nongyu is beautiful, Su Chen has never had an idea of her. Su Chen doesn't dare to have an idea of Nongyu now. That old lady Zi Nu has been staring at her.

Seeing Mrs. Hu's shocked look, Su Chen thought that she might not have thought why she agreed so happily?

Su Chen smiled and said to Mrs. Hu,

"Well, this is not a big deal. Mrs. Hu, do you have any questions?"

"There is no doubt, this is good, this is good."

Mrs. Hu now has many things to say to Wu Xiangjun, but she is a submissive woman.

Wu Xiangjun obviously wants his sister Hu Meiren, and she also knows that if Wu Xiangjun does not agree, Wu Xiangjun will not help her sister Hu Meiren to come out of the Han Palace.

She looked at the blushing Hu Meiren and sighed. Mrs. Hu didn't know whether her sister Hu Meiren had just escaped from the wolf's mouth and fallen into the tiger's mouth this time. This made Mrs. Hu a little helpless.

Mrs. Hu pushed Mei Hu who had been silent next to her and said,

"Sister, do you have anything to say?"

Hu Meiren lowered her head now and did not dare to look at Su Chen. She did not expect that Wu Xiangjun not only wanted Mrs. Mingzhu, but now he also wanted himself.

This did not occur to Hu Meiren, and she even thought about having to marry her again in the future. Mrs. Mingzhu was a little speechless when they were against each other.

Hu Meiren thought about whether she and Mrs. Mingzhu were born to be rivals? Why did she still have to serve the same man at the same time after leaving the Han Palace? It's just that this Lord Wu Xiang is much better than King Han. Hu Meiren has no choice now. If she doesn't agree to Wu Xiangjun this time, she may anger Wu Xiangjun. Not only will this not help her, but her sisters and Nongyu may also be targeted by Wu Xiangjun in the future. What's the point? It's better for her to promise Wu Xiangjun that she can also protect her sisters, Mrs. Hu and Nongyu in the future.

Seeing Mrs. Hu ask her, Hu Meiren said helplessly,

"sister i....I have nothing to say"

"So you agreed?"

"Alas, sister, I agree."

Su Chen was a little confused when he listened to the conversation between Hu Meiren and Mrs. Hu. What kind of consent is this? How do you feel that he is forcing Hu Meiren?

Ding ding ding.

Just when Su Chen was about to ask Hu Meiren what she agreed to, something suddenly happened outside. There was the sound of fighting.

Su Chen didn't care about Hu Meiren's affairs anymore and hurriedly pushed the door open. He knew that he was arresting the trap assassin.

Su Chen wanted to see if the trap assassin was Li Wu's woman.

Hu Madam Hu and Meiren Hu originally wanted to ask them something when they saw Mr. Wu Xiang, but the sound of fighting outside stopped Mr. Wu Xiang.

This made them all breathe a sigh of relief. Madam Hu and Meiren Hu were afraid that Mr. Wu Xiang would make any further demands. He even asked Mrs. Hu or Nong Yu to be his woman.

When Hu Meiren heard the fighting outside and saw Wu Xiangjun and Su Chen hurried out, she was a little worried about Wu Xiangjun.

Although Hu Meiren was not good at martial arts, she was also An innate sixth-level cultivation realm, Wu Xiangjun can now be said to be her support in the future. Hu Meiren did not want Wu Xiangjun to be assassinated at this time, so Hu Meiren hurriedly pulled Mrs. Hu and said anxiously,

"Sister, let's go and find out what's going on, shall we?"

Mrs. Hu looked at her anxious sister and guessed that Hu Meiren was worried about Wu Xiangjun. She didn't expect that just for a moment, her sister would actually care about Wu Xiangjun's safety.

Mrs. Hu teased Hu Meiren for the first time. said,

"Haha, sister, are you worried about your husband?"

Hu Meiren's face turned red when Mrs. Hu said it and she hurriedly explained,

"Sister, how can you say this? I'm just worried that something will happen to Nongyu outside."

Hu Meiren looked at her sister speechlessly now. Is this still her obedient sister? Why is she teasing herself now? This sister won't be stimulated, right?

Mrs. Hu looked at Hu Meiren's blushing face and didn't. No matter what she said, she knew that this matter had been solved perfectly.

Her sister Hu Meiren also didn't have much resistance to this Wu Xiangjun. In the future, as long as her sister lived well, it would be fine.

Mrs. Hu also felt that Wu Xiangjun was not a callous person. In addition, Nong Yu's sister Zi Nu was also the wife of Wu Xiang Jun. In the future, Zi Nu would help Hu Meiren, and Mrs. Hu would feel relieved about her sister. In the courtyard of Zilanxuan, the black widow was killed by more than ten people. Surrounded by female assassins wearing black masks and many troops pointing crossbows at her, Black Widow did not expect that she would be discovered as soon as she entered Zilanxuan.

She was a little surprised when she saw the female assassins forcing her out. , these female assassins are all at the fifth level of innate cultivation. When she was forced out, her arms were even scratched by their attacks. These female assassins are simply more powerful than the Luowang assassins. At this time, Zi Nu, Yan Lingji, Madam Mingzhu, Yingge, and Su Rongrong all came to the yard and looked at the assassin.

On the roof, Gai Nie also stared at the snare female assassin with a sword. He did not expect that in this heavily guarded place, Zilanxuan was actually sneaked in by the Luowang assassin, which made Gai Nie dare not leave King Qin now.

Zinu was speechless looking at the Luowang assassin who had sneaked in. Yan Lingji told her that there was a Luowang assassin who was going to sneak in. When she arrived at Zilanxuan, she hurriedly notified all the sisters in Zilanxuan, but it was still a bit late now. If Su Rongrong hadn't been proficient in the art of disguise, I'm afraid they really wouldn't have been able to discover this snare assassin. The purple girl was faceless. He stared at the surrounded female assassin and said,

"Luowang Assassin, I didn't expect you to actually sneak into my Zilanxuan. It seems that you still have some abilities."

Black Widow covered her injured arm and looked at Zi Nu. She knew that Zi Nu was the owner of Zi Lanxuan, but why is there still a Qin army here?

Does this Zi Nu have anything to do with King Qin? But King Qin... This was the first time she secretly came to Han Country without bringing any troops.

Moreover, this was Han Country, and the Qin army was not expelled from Xinzheng in Han Country. This made her feel a little unusual when looking at Zi Nu.

"Zilanxuan is not a dragon's den or a tiger's den. It is very easy for us to get in with our trap."

Zi Nu saw how stubborn the Snare Assassin was despite being surrounded, so she smiled and threatened,

"Haha, aren't you afraid that I will kill you if I give the order?"

"You dare? I am a member of Luowang. If you kill me, Luowang will pursue and kill all of you in Zilanxuan from now on."

"oh? Are you so sure I won't kill you?"

"You won't, because the other women in Zilan Xuan don't have the ability to protect themselves. Since you are the owner of Zilan Xuan, you definitely won't watch the other women in Zilan Xuan being assassinated one by one, right?"

At this time, Su Chen suddenly appeared next to Black Widow and said with a smile,

"Is the snare so powerful? I do not know how?"

Black Widow didn't expect that a man would suddenly appear next to her. She hurriedly used spider silk to kill the man who suddenly appeared next to her.

""Sunflower Acupuncture Hand"

When Su Chen saw that Black Widow was about to attack him, he hurriedly used the acupoints Mrs. Mingzhu taught him yesterday to tap on Black Widow's chest.

"Ah, you shameless person, I'm going to kill you"

"Why aren't the acupuncture points clicked? Sunflower acupoints on hands."

Chapter 244

Su Chen was a little confused now. He didn't expect that the acupuncture points he learned from Madam Mingzhu were useless.

He clicked on Black Widow twice but failed to fix her, which made Su Chen a little confused.

Su Chen tried it on Madam Mingzhu last night, and there was no problem with his acupuncture technique. Why couldn't he fix the black widow?

Black Widow now looked angrily at the man who humiliated her in public.

She didn't expect this bastard to be so shameless that he would hit her chest twice.

Now Black Widow still feels a little pain in her chest, and she doesn't know if this shameless person has damaged her chest.

Zi Nu and the others saw that such a shameless person as Su Chen was teasing this female assassin in front of them. They all wanted to leave here immediately with black lines on their faces.

Zi Nu stared at the bastard Su Chen and wanted to strangle him to death. She just heard Su Chen talking about the sunflower acupuncture hand. Is this the sunflower acupoint hand? This is simply a shameless way of teasing women.

Mrs. Mingzhu has covered her face now. She didn't expect that last night she just fooled Su Chen and wanted him to go to bed early. Mrs. Mingzhu didn't expect that Su Chen would take it seriously.

She looked at Su Chen's confused look and knew that she would be guilty in the future. Mrs. Mingzhu was a little scared when she thought of Su Chen's strong physique.

Mrs. Mingzhu looked around and wanted to drag someone to help her, but here only Zi Nu was Su Chen's wife, and Su Chen and Zi Nu had not yet slept together, so Zi Lan would definitely not help her.

At this time, Mrs. Mingzhu discovered that Hu Meiren and Mrs. Hu were also here. She looked at Hu Meiren and thought of a way.

"Go to hell you shameless bastard."

The spider silk in Black Widow's hand is constantly weaving into a spider web to surround her and Su Chen. Black Widow is now going to die with this shameless bastard.

"Holy shit, are you Black Widow? You're not dead?"

Su Chen looked at the cobwebs surrounding him and the assassin, and he thought of who this woman was. He didn't expect that the black widow who liked black and white Xuanjian was not dead, so Wei Zhuang and Gai Nie's experience had not met. Black Widow did not die to save Black and White Xuanjian.

Su Chen is now more and more curious about this world of mixed martial arts. There have been so many changes. Is the Marquis, the mother of the blood-clad Marquis Bai Yifei, still alive? Alive? Do you want to go to Blood Clothes Castle to check?

"die with me"

"Let me guess, just because I didn't touch your acupuncture points, you don't have to die with me, right?"

Su Chen didn't expect Black Widow to be so grumpy. Didn't he just tap her chest twice?

Why would Black Widow die with him? Does she feel sorry for Black Widow Xuanjian?

Su Chen is not thinking about this now. At the time of the incident, he grabbed the black widow and held her in his arms, teleporting away from the cobwebs. This black widow can't die yet. Su Chen still has many questions to ask her.

"Yan Lingji, tap her acupuncture points."

Su Chen appeared next to Yan Lingji with Black Widow in his arms and hurriedly said to her,

"Hahaha, Su Chen, your sunflower acupuncture hand seems useless? Who did you learn the acupuncture technique from?"

Yan Lingji touched the black widow's acupuncture points and laughed mercilessly at Su Chen. Su Chen's acupuncture technique just now was not professional at all.

And are there any acupuncture points on the chest? This bastard doesn't know if he deliberately wants to take advantage of this trap girl. Assassin's advantage.

Su Chen looked at Madam Mingzhu who was somewhat evasive and said with an angry smile,

"Mingzhu, won't you explain it to me? Why doesn't the acupuncture technique you taught me work?"

"Well, I have something else to do, so I'll leave first."

Let me guess, Mingzhu didn't lie to me yesterday, right?

When Su Chen saw Mrs. Mingzhu leaving in a hurry, he knew that Mrs. Mingzhu must have made him happy yesterday.

She must have deliberately pretended to be clicked by him last night. This woman actually If you dare to fool yourself, it seems that you will have to teach her a lesson in the future.

"It turns out that you studied with Mingzhu, or last night. Su Chen, if you don't know how to study, just study like Mingzhu."

"Go away, you are such a dirty woman. Mrs. Mingzhu is my wife. What's wrong with us being together?"

"Bah, I just think your acupuncture skills are pretty good. If there are any female assassins or killers in the future, I can let you take action."

Su Chen ignored Yan Lingji and looked at the black widow whose acupoints were tapped.

This black widow is also very powerful, especially her spider silk. This spider silk is an invisible weapon that kills people. If it weren't for herself, With strong mental power, Su Chen did not dare to get so close to the black widow.

After Su Chen waved his hand to let everyone else leave, Su Chen asked Yingge to bring the black widow to the room.

Su Chen stared at him The Black Widow asked awkwardly,

"Black Widow, who came into the trap this time? Those people are the Tianzi Killer coming?"

Black Widow is still a little shocked. Who is this person who bullied her? Not only did this bastard bully her, he even knew her name.

This shocked Black Widow because her name only lasted a few days. The word killer knew, how did this bastard know his name?

Black Widow stared at this bastard and asked angrily,

"who are you? How do you know my name?"

"Hey, you don't need to know who I am. Anyway, I know a lot of things. Is Black and White Xuanjian from Tianzi Killer coming this time?"

"Haha, don't you know a lot of things? You can guess it yourself."

Zi Nu and Yan Lingji sat nearby and watched how Su Chen was going to get information from this female assassin.

Su Rongrong and Li Hongxiu served tea to Zi Nu and the others. Su Rongrong and the others had already started to act as maids.

They stayed because they wanted to know some information about this female assassin in the net, and they even wanted to know some things in the net.

This may be their habit of helping Chu Liuxiang stay in the past, and they also wanted to understand the people and things in the world. She knew that she could help Su Chen at any time in the future.

However, Hu Mei and Mrs. Hu were called away by a woman from Zilanxuan. When Nongyu saw her mother and aunt being called away, she thought that it might be Mrs. Mingzhu who did it. She was a little worried. He followed her out.

Su Chen saw the Black Widow's arrogance and struck her,

"Black Widow, Black and White Xuanjian is definitely here. I know you secretly like Black and White Xuanjian, but Black and White Xuanjian seems to only love his wife and children deeply."

"Although Black and White Xuanjian's wife and children are dead, you have no hope of being liked by Black and White Xuanjian. You should know this better. Let's talk about it. In addition to Black and White Xuanjian, there are also those assassins who are coming."

Black Widow was shocked and at a loss after hearing Su Chen's words.

She didn't understand that this man knew that she secretly liked Black and White Xuanjian. If she was caught and found out that she liked Black and White Xuanjian, I'm afraid she would be caught directly. After being dealt with,

Black Widow pretended to be calm and said to Su Chen,

"You really know a lot, you even know that I like black and white Xuanjian."

Su Chen knew that after the death of Black Widow in the anime, Black and White Xuanjian did not avenge her, and did not even leave a trace of her.

This Black Widow died to save Black and White Xuanjian. Now it seems that Black and White Xuanjian's heart is indeed After death, apart from revenge, Black and White Xuanjian may only care about his Black and White sword.

"Black and white Xuanjian is now a ruthless killer. He will not care about anything except the sword in his hand. Your infatuation will not be repaid in the end. You'd better give up on Black and white Xuanjian."

"Hey, let me give up on Black and White Xuanjian and then fall in love with you, shameless bastard?"

Chapter 245

Zi Lan and Yan Lingji stared at Su Chen after hearing Black Widow's words. Although they knew these were Black Widow's angry words, they were not at ease with Su Chen, a bastard.

After all, the bastard Su Chen knows this black widow so well. If he is really interested in this black widow, then Zilan and Yan Lingji will teach this shameless bastard a lesson.

Su Chen almost choked to death when he heard Black Widow's words. He didn't expect that Black Widow was so naughty. When Su Chen saw Zi Nu and Yan Bao Bao, that chick, both staring at him, he coughed in embarrassment and said to Black Widow,

"Ahem, Black Widow, be more serious. You are a prisoner now. If you don't want me to torture you, just tell the truth."

Black Widow said to Su Chen with some disdain,

"Don't think about it, since you know some things in the snare, you should know that betraying the snare will lead to a life worse than death. Do you think I will say that?"

"It's not like there aren't people who betray the trap. Some betray the trap but live a good life."

"Nonsense, I have never seen someone who betrayed the snare and still lived well."

"Does Tian Zi Killer Jing Salamander know? She is alive and well now, and Luo Wen still knows where she is, but Luo Wen doesn't dare to take action against Frightened Salamander"

"Amazing salamander? The Amazing Salamander is still alive? You won't lie to me, will you?"

Black Widow looked at Su Chen in surprise.

She knew about Jing Salamander's betrayal of Luo Wen, but she didn't expect that Jing Salamander was not dead yet after such a long time. This surprised Black Widow. Could it be that

Luo Wen gave up chasing Jing Wei? Is the Salamander alive? This is impossible. None of the killers who betrayed the net can survive. There is no way that the Frightened Salamander will not be hunted down.

Seeing the surprised look on the Black Widow's face, Su Chen smiled and said,

"Of course the Amazing Salamander is alive and well. She is my wife now. How could I let her die?"

"Amazing Salamander is married? And married to you, a shameless bastard."

When the Black Widow heard that Jing Salamander actually married this shameless man, she thought that it must be this shameless bastard who forced Jing Salamander to marry this shameless bastard. Otherwise, how could Jing Salamander marry this shameless bastard.

Su Chen saw this prisoner and scolded him so arrogantly. He pointed at Yan Lingji next to him and threatened Black Widow.

"Let me tell you, Black Widow, if you say that to me again, I will teach you to the Baiyue girl next to you. You must know that Baiyue's poison is very cruel. If you don't want Yan Lingji to plant it in your body, Just tell the truth about the poison."

"Tsk, whatever"

"Damn it, Yan Lingji, this Snare Assassin will teach you how to play, as long as you don't play to death."

Su Chen didn't bother to ask anymore when he saw that the black widow refused to accept her. Anyway, there were only a few people in the net, and it would be the same no matter who came.

Yan Lingji saw that Su Chen taught her the assassin in the net. Yan Lingji He said with some excitement,

"Haha, I got it. After Princess Honglian left, I lost a toy. This black widow taught me, and I will definitely let her talk."

Su Chen looked at the happy Yan Lingji and sympathized with the Black Widow's upcoming encounter.

He knew that Yan Lingji had teased Princess Honglian before. After all, Princess Honglian was not an enemy. Yan Lingji definitely did not treat Honglian at that time. The princess acted excessively.

Now this black widow is an enemy, and Yan Lingji will not be polite to her. Su Chen doesn't know if this black widow will be played crazy by Yan Lingji.

Su Chen thought that Li Wu did not show up , although he didn't know whether Li Wu would appear this time, but Su Chen didn't want to leave a danger around him, so

Su Chen smiled at the purple girl next to him and said,

"Madam, we still need an idea in Zilanxuan. Luo Sheng will definitely not send just one assassin in. Rongrong, Hongxiu, you and madam, go and check all the women in Zilanxuan."

"Yes, Your Majesty."

Zi Nu also knows that if there are Luowang assassins sneaking in, her sisters in Zi Lan Xuan may be in danger. Zi Nu does not want her sisters in Zi Lan Xuan to be harmed.

"I know, I will call Zilanxuan's sisters now. Rongrong is proficient in the art of disguise. With her help, as long as the Luowang assassin sneaks in, we will definitely find her."

After Su Chen saw Zi Nu and the others leaving, he wanted to know if the Marquis of the Bloody Cloth Castle was still alive, so he gave instructions to the secret guards and left Zi Lan Xuan instantly. In

Han Fei's house,

Han Fei had reached an agreement with Chu Liuxiang and the others. The consensus allowed them to live in his mansion. Now they just have to wait for Zhang Xiangguo to handle Chu Liuxiang's affairs, and Chu Liuxiang and the others can walk around Xinzheng in the Han Kingdom.

Han Fei picked up the wine glass and said to Chu Liuxiang and the others with a smile,

"Brother Chu, Brother Hu, let's have a drink for the success of our cooperation."

Hu Tiehua was a little confused after taking a sip of the wine. This Ninth Young Master has no real power or even any influence. Now Han Fei is relying on Zhang Xiangguo's help to save them.

Hu Tiehua even thought more than once why Zhang Xiangguo wanted to help this one. The Ninth Young Master with little power?

Hu Tiehua would not believe that Zhang Xiangguo helped Han Fei just because of his grandson's relationship with Han Fei. There must be something they don't know about here, or Zhang Xiangguo used Han Fei to attack the Han Fei general..

Hu Tiehua shook her head and didn't think about this. After all, it had nothing to do with them. Now Hu Tiehua was worried that if Lord Wu Xiang knew that Han Fei had helped them, would Lord Wu Xiang take action against the Ninth Young Master?

"Ninth Young Master, you should have a good relationship with Mr. Wu Xiang. If you help us like this, aren't you afraid that Mr. Wu Xiang will be dissatisfied with you?"

Han Fei put down his wine glass and said seriously,

"Different ways do not lead to mutual conspiracy. Although I have a good relationship with Mr. Wu Xiang, we each have our own ideas. In the future, Mr. Wu Xiang and I may become enemies. Zhang

Liang saw that Chu Liuxiang and Hu Tiehua still looked a little worried and said,

"Hero Chu, Hero Hu, now we have a cooperative relationship. We will help you get rid of the arrests of the Mo family and the peasant family, and you just need to help us deal with Ji Wuye after you recover from your injuries."

"This will do you no harm at all. Although Lord Wu Xiang is a bit powerful, my grandfather and the Ninth Young Master are here in the Han Kingdom. No matter how powerful Lord Wu Xiang is, he will never be able to dominate the sky with one hand in the Han Kingdom."

Chu Liuxiang winked at Hu Tiehua. This time, the Ninth Young Master Han Fei was able to save them when they were in the most danger. This made Chu Liuxiang very grateful to Han Fei. Han Fei told him that he needed help without any secret, so did Chu Liuxiang. He agreed very happily. This was Chu Liuxiang's way of repaying Han Fei's life-saving grace.

"Ninth Young Master, since we promised you cooperation, we will not change. Lao Hu is also a little worried, so don't worry about it."

At this moment, a group of Han Fei's imperial guards arrived outside Han Fei's house.

General Ji Wuye looked at Han Fei's house and smiled sinisterly. This time he came under the order of King Han. Han Fei and Zhang Liang were captured, and the thieves were expelled from Han Fei's mansion and left to fend for themselves. Zhang Xiangguo had been dismissed from all official positions by King Han and went home to think about his mistakes. This time he had a great victory. Thank you so much to Mr. Wu Xiang

"Rush in and capture the Ninth Young Master Han Fei and Zhang Liang alive. Anyone else who dares to resist will be shot to death."

"Yes, General"

Chapter 246

Ji Wuye led the imperial guards and rushed directly into Han Fei's house. All the guards in Han Fei's house who tried to stop him were massacred by the imperial guards.

"How did you break into the Ninth Young Master's Mansion?.....ah"

"Come on, no one here can let them escape. Anyone who dares to resist or stop them will be killed."

"Yes, General."

Han Fei was drinking with Chu Liuxiang and the others in the hall. Wei Zhuang suddenly stood up and looked outside coldly. Wei

Zhuang suddenly heard a scream just now. Someone may have broken into Han Fei's house. Wei Zhuang He directly held his tooth shark sword and waited for the other party's arrival.

Chu Liuxiang and Hu Tiehua also stood up nervously. They also found that many people had broken in. Now Chu Liuxiang and Hu Tiehua were worried that the Mo family and the farmers would risk everything to catch them.

"Brother Hu, what's wrong?"

Song Tianer looked at the cold man who stood up first. Then Chu Liuxiang and Hu Tiehua suddenly stood up nervously. Song Tianer knew that something might have happened. Hu Tiehua protected Song Tianer behind her and said seriously,

"Someone broke in, and there were quite a few of them. It seemed like the army was coming."

Song Tian'er was very nervous when she heard that the army was coming. She is now afraid of meeting Su Chen.

Su Rongrong and Li Hongxiu have all gone to fulfill their promises. Only she has not gone there. Now Song Tian'er is afraid of meeting Su Chen. , if she saw Su Chen here, she would probably be embarrassed.

Song Tianer hoped that it was not Wu Xiangjun who came this time. She asked Hu Tiehua nervously,

"army? Could it be that Lord Wu Xiang's army is coming? Mr. Wu Xiang won't come to trouble Han Fei, right?"

"I don't know, but I'll figure out who it is after a while."

Han Fei's face is a little ugly now. He didn't expect that someone would break into his house. He is the ninth son of the Han Kingdom. Are these people lawless? No matter who it is this time, Han Fei is not going to let him go. , even if it was Wu Xiangjun this time, Han Fei was not going to let him go. Anyway, they were destined to be enemies in the future.

When Han Fei saw that it was Ji Wuye who brought the army to his house, he even killed his house. The guards inside made Han Fei angry and pointed at Ji Wuye and shouted,

"Ji Wuye, you are so brave, you actually killed my guards in my mansion?"

Ji Wuye looked at the people here, took out King Han's imperial edict from his arms, and said to Han Fei,

"Haha, anyone who stops me will die. Ninth Young Master Han Fei accepted the order."

Han Fei immediately knelt down and said when he saw Ji Wuye taking out the Emperor Han's decree.

"Han Fei accepts the order."

Ji Wuye looked at Han Fei kneeling in front of him and smiled disdainfully and read,

"Ninth Young Master Han Fei, regardless of the royal family's dignity, sheltered a thief who stole Chu's national treasure. Today, Ninth Young Master Han Fei is deprived of his status as a young master and is imprisoned in the palace to await King Han's disposal."

"Order, Zhang Liang, the grandson of Zhang Xiangguo, seduced Han Fei, which is a capital crime. He ordered General Ji Wuye to arrest Zhang Liang and execute Zhang Liang at noon tomorrow. The ninth son.....Oh, no, Han Fei, do you understand the king's will?"

Han Fei was a little shocked and didn't believe that this was the royal decree of the Han Kingdom. He said angrily to Ji Wuye,

"Why? Ji Wuye, how on earth did you get my father to issue this royal edict? Did you persecute my father?"

After hearing Han Fei's words, Ji Wuye directly enveloped Han Fei with his momentum and said loudly,

"Presumptuous, Han Fei, can I threaten and force the king? Your wooing of these thieves this time will not only expose our Han country to the threat of war from the Chu country, but will even make us laugh at the other six countries. Have you ever thought about this?"

"I....."

Han Fei had indeed not thought about this. He just wanted to use Chu Liuxiang and the others to help him get rid of Ji Wuye. Now that Han Fei heard this, he knew that he had not considered this matter.

Ji Wuye was a little proud now and said to Han Fei

"You are just a useless young master who wants to be the first without any real power. Why do you think Zhang Xiangguo wants to help you? Do you really think that you will be able to sit back and relax if you kill me or be deposed by King Han?"

Han Fei looked at Ji Wuye and glared at him and said,

"Is not it? You are a cancer in Han Country. If you are removed, Han Country will definitely become stronger."

Ji Wuye burst out laughing after hearing Han Fei's words. He looked at Zhang Liang next to Han Fei and decided to let Han Fei know his death this time.

Ji Wuye pointed at Zhang Liang and laughed and said,

"Haha, it's really funny, Han Fei, do you know that Zhang Xiangguo and I have not had any major conflicts for decades, why did the conflict intensify this time?"

"Han Fei, you may not know how much land there is in Prime Minister Zhang's country, right? Zhang Liang, can you tell Han Fei how much land your Zhang family has in the Han Kingdom? Let's see what Han Fei, an ignorant fool, will look like when he hears this."

Zhang Liang is a little helpless now. He didn't expect that King Han would order his death now.

And if his grandfather didn't come at this time, something must have happened to his grandfather.

And now Ji Wuye actually asked him to tell the story of their Zhang family. How much land, can he say this?

The Zhang family has been the prime minister of the Han Kingdom for three consecutive generations. Their Zhang family even has more land than King Han. Can Zhang Liang say this?

Han Fei knew that Zhang Liang lowered his head and did not answer. The family must have a lot of land, and even Zhang Liang didn't dare to say it. At this time, Han Fei knew that he had been deceived by Zhang Xiangguo and Zhang Liang.

Wei Zhuang was a little disappointed now. Han Fei did not listen to his persuasion and was now deprived of his son. No matter how smart Han Fei is in the future, it will be of no use.

Wei Zhuang knew that he had made the wrong bet. Han Fei was not as smart as he thought. He had already failed before he even started. There was no need to exist in quicksand.

"Haha, Han Fei, Zhang Liang may not dare to say how much land their family has. You can go to the palace and ask King Han about this later. I believe King Han will give you a satisfactory answer. Come, arrest Zhang Liang and put him in prison. He will be executed at noon tomorrow."

""It's the general."

Han Fei is a little depressed now. He didn't expect that he would be deceived by his friends. Zhang Liang, haha, Zhang family, Kaifang was the prime minister in three dynasties.

Han Fei is a little mentally atrophied. Asked Ji Wuye,

"Ji Wuye, I don't think it was you who persuaded King Han to arrest me in this matter?"

Ji Wuye is very happy now. These words were all taught to him by Mr. Wu Xiang. Even Mr. Wu Xiang told King Han that he had a problem with those thieves.

Ji Wuye also did not expect that King Han would treat Wu Xiangjun attaches so much importance to it. Now it seems that he is very right to bet on Wu Xiangjun. I hope Mo Ya and Bai Feng can bring back the snow girl from the Yan Kingdom to Wu Xiangjun before Wu Xiangjun leaves. Ji

Wuye Looking at the dazed Han Fei with a victor's attitude, he said,

"Does it have anything to do with me? If you want to blame, it's your fault for offending Mr. Wu Xiang. Your father, King Han, originally just asked me to capture you and take you back to King Han's Palace."

"It was only after hearing that you had offended Lord Wu Xiang that King Han issued an order to deprive you of your identity as the Ninth Young Master. From now on, you will be imprisoned and die. You will never be able to come out of King Han's palace again in this life."

Chapter 247

At this time, Chu Liuxiang and Hu Tiehua looked at Han Fei, who had been so high-spirited just now and found that he was now depressed, and shook their heads.

This reversal happened so quickly that Chu Liuxiang and Hu Tiehua had no time to think about what would happen to them in the future.

Will they also be captured by these troops and sent to Chu State?

Song Tian'er was a little nervous and asked Hu Tiehua,"Brother Hu, Han Fei is finished, what should we do?"

"I have no idea"

"have no idea?"

Hu Tiehua touched Song Tian'er's hair and was a little worried about her. This Ji Wuye kept looking at Song Tian'er.

Of course Hu Tiehua knew why the general Ji Wuye wanted to look at Song Tian'er. He must have taken a fancy to her.

Hu Tiehua regretted letting Song Tianer follow them. If

Song Tianer also went to Wuye In the Zilanxuan where Xiangjun is located, Song Tianer is safe anyway. There are Su Rongrong and Li Hongxiu there who can take care of her, but it's too late to say anything now.

Hu Tiehua looked at Song Tianer with some pity. said,

"I don't know, this happened too fast. Now I know whether Han Guo will catch us and hand us over to Chu State."

"We couldn't trust this powerless Han Fei from the beginning, but old Chu Fei wanted to agree to cooperate. Now we can only wait to see what Han Fei will do with us."

After listening to Hu Tiehua's words, Song Tian'er looked at Chu Liuxiang who had a gloomy face next to her. She didn't dare to ask Chu Liuxiang now.

Now Song Tian'er found that she was a little afraid of Chu Liuxiang, and she didn't know why.

And Rongrong. Sister, let yourself follow your heart, follow your heart? Should you follow your own heart or follow Chu Liuxiang's?

Song Tian'er is a little confused now.

Chu Liuxiang did not expect that things would suddenly turn out like this. He and Han Fei just just After the cooperation was negotiated, Han Fei's enemies came. Even Han Fei was deprived of his status as a prince, and Han Fei's friends stabbed him in the back.

Chu Liuxiang thought that Han Fei, who became a commoner, would be imprisoned in the Han Kingdom. Palace, then they are still cooperating.

Chu Liuxiang now regrets not listening to Hu Tiehua. A young master with no power is just talking on paper. No matter how good the cake painting is, it can't satisfy hunger at all.

Ji Wuye looked at Han If you don't just keep hitting,

"Han Fei, you are completely finished this time. I'm afraid your quicksand has ceased to exist in name only. Oh, it should be said that after Zi Nu withdrew from the quicksand, your quicksand ceased to exist in name only. The laws of heaven and earth must be implemented without hesitation. Yes, just an armchair idiot."

Han Fei suddenly stood up and walked to Ji Wuye's side, struggling a little and said,

"You win, Ji Wuye, if you don't change the Han Kingdom, the Han Kingdom will be destroyed. You must know that Lord Wu Xiang has a cooperative relationship with the King of Qin, and even Lord Wu Xiang supported some of the King of Qin's troops. I don't think you will either. Do you want Han State to be destroyed by Qin State? King Qin is at Zilanxuan, you....."

When Wei Zhuang heard Han Fei's words, he interrupted angrily and said,

"Han Fei, do you know what you are doing?"

Weizhuang didn't expect that Han Fei would tell Ji Wuye about King Qin's presence here, which made Wei Zhuang very angry. You must know that his senior brother is also in Zilanxuan, and the purple girl of Zilanxuan is his only A relative of his, does Han Fei want King Qin and Zi Lanxuan to be buried with him?

Han Fei said to Wei Zhuang with some shame,

"Brother Wei Zhuang, I'm sorry this time. I have to do this for Han Guo."

Weizhuang looked at Han Fei and wanted to kill him, but it was too late now. Han Fei, the bastard, had already told everything.

"Damn it, you damn it, you will bring trouble to Zi Nu, and even bring disaster to Zi Lan Xuan."

"Wei Zhuang, I know Zi Nu is your sister, but anything you do will involve sacrifice, so I'm sorry."

""You are looking for death."

Wei

Zhuang immediately smashed the table in front of Han Fei. He did not attack Han Fei. This time, he and Han Fei had nothing to do with each other. They would not even be friends in the future.

Zi Nu was his righteous Sister, his mother adopted her daughter, and Zi Nu has always taken care of him. Although they have not revealed their relationship outside, Wei Zhuang is the sister who will protect him whenever he has time.

Even last time Zi Nu was detained by Wu Xiangjun, If he hadn't had the message from Zi Nu, he would have broken into Wu Xiangjun's place to save Zi Nu.

Now that Zilan has become Wu Xiangjun's wife, Wei Zhuang can also see that this is not Wu Xiangjun's persecution. Wei Zhuang didn't say anything when he found out about her. In the future, with Lord Wu Xiang protecting Zi Lan, he could do what he wanted to do wholeheartedly.

But now Wei Zhuang didn't expect that Han Fei would do this in the end, which made Wei Zhuang Some were unexpected.

Ji Wuye didn't expect that Zi Nu turned out to be Wei Zhuang's sister, so Wei Zhuang couldn't move. Anyway, he had fallen out with Han Fei, and Wei Zhuang might help him in the future.

Chu Liuxiang They didn't expect that Han Fei would say such crazy things. Wu Xiangjun was actually in a cooperative relationship with the King of Qin, and the King of Qin was even in Xinzheng, Han State. Han Fei didn't want Ji Wuye to catch the King of Qin, right?

Chu Liuxiang and the others are now I also think that Han Fei is crazy. If the Han State dares to capture the King of Qin of Qin State now, then the Qin State's army will definitely go eastward and destroy the Han State. What's wrong with this Han Fei now? Could it be that he didn't think of this? Or is he? Is there a way to prevent the Qin State from sending troops to attack the Han State?

At this time,

Su Chen had secretly arrived at the Blood Clothes Castle. Su Chen teleported several times and secretly came to the secret room he knew. Su Chen opened the secret room and Go in quickly.

This time he must find out whether the Marquise is dead. If the Marquise is not dead, then her strength must be a land fairy in the heavenly realm. He must be more careful.

Su Chen looked around here The Secret Chamber of Skeletons had a strong dislike for the Bloody Marquis. The Bloody Marquis had killed countless beautiful women to keep him young.

Su Chen looked at a naked woman covered in those kind of blood-sucking butterflies. Su Chen looked at He saw that the woman was completely dead, and the bottle next to her should be the antidote that Nongyu had stolen.

Su Chen looked at the blood butterflies and didn't take the bottle. Su Chen knew that if he took the bottle , I'm afraid these blood butterflies will attack him. Anyway, Tianze's antidote, Mrs. Pearl, has been prepared. It doesn't matter whether she has the antidote or not.

Su Chen looked at the dead beauty and felt that the blood-clothed Hou Bai was not really a waste of natural resources. Such a beautiful woman is willing to die like this. Hou Bai Yifei in blood must not be a complete man

"this.....This should be the ice coffin of the Marquise."

When Su Chen reached the deepest point, he found a huge ice coffin and hurriedly stepped forward to check it out.

"hiss! Is this Marquise so beautiful? I don't know if she is dead?"

Su Chen looked at the lifelike and beautiful Marquise in the ice coffin and wanted to open the ice coffin to see if she was dead or alive.

Su

Chen pushed open the lid of the ice coffin and looked at the Marquise with her eyes closed as if she was sleeping. ,

Su Chen was a little fascinated when he looked at the Marquise. This petite Marquise was so beautiful.

Su Chen couldn't help but touch the Marquise's beautiful face. He felt a biting pain when he touched the Marquise's face. It's cold.

I don't know what makes this ice coffin so cold. I don't know which one is colder, this ice coffin or the Tomb Sect's Cold Jade Bed.

"Damn it, why did the Marquise open her eyes? A fake corpse? Or not dead at all?"

Chapter 248

Cold Country, Han Fei's Mansion.

After Han Fei finished speaking, he looked at Ji Wuye. He now hoped that Ji Wuye could kill Lord Wu Xiang and capture the King of Qin. As long as the King of Qin was in his hands, the King of Qin would definitely not dare to send troops to attack the Han Country.

Han Fei just wanted Ji Wuye to keep Qin King Ying Zheng detained, so that Qin would definitely be in civil strife without the king, and even Lu Buwei would take this opportunity to take power.

When the time comes, the Qin State will definitely have no time to take care of the Han State. Even after the Qin State finally determines the winner, the Han State can still put back the useless Qin King Ying Zheng, which will even allow the Qin State to continue to be in chaos.

Han Fei felt that as long as the Qin State was in chaos a few times, the Qin State's national power would definitely decline. If the Han State became stronger in the future, the Han State could even send troops to take back the land occupied by the Qin State.

However, Han Fei waited for a while but didn't see Ji Wuye say anything, and even looked at him with mocking eyes. This made Han Fei a little confused. Isn't it possible that Ji Wuye didn't intend to seize King Qin no matter how good the opportunity was? ?

Han Fei asked with some doubts,

"General Ji, don't you plan to capture King Qin?"

Ji Wuye looked at Han Fei amusedly.

If it hadn't been for the conversation he had with Lord Wu Xiang last time, Ji Wuye would have definitely sent an army to capture King Qin.

But after talking to Wu Xiangjun, Ji Wuye also knew that Lu Buwei's good days were coming to an end.

If he can catch up with King Qin this time, even if the Han Kingdom is destroyed, he can still be a general. Ji Wuye will not be moved by the words of an idiot.

"Why should I capture King Qin?"

"General Ji, as long as you capture the King of Qin, the Qin State will be in chaos. As long as the Qin State is in chaos, our Han State will have the opportunity to develop. Can't General Ji see these benefits?"

Ji Wuye doesn't want to deal with Han Fei's lunacy now.

Now Ji Wuye also feels that Han Fei is a little crazy. Although Han Fei's words are somewhat reasonable, Han Fei still forgot the geographical location of Han Country itself.

Han Fei But being surrounded by Qin, Chu, Wei, and Zhao, these countries do not want the Han State to become stronger. Even if there is no threat from the Qin State in the future, the Han State will still be threatened by the surrounding countries.

"Haha, Han Fei, I really overestimated you before. If you didn't have a master like Wei Zhuang, do you think I would like an armchair scholar like you?"

"To seize Queen Qin and change the Han Kingdom? What you think is very beautiful"

"Han Fei, have you ever thought that as long as you capture the King of Qin today, the Qin army will appear in Nanyang tomorrow, and Han will be destroyed by Qin in less than a month."

Han Fei said to Ji Wuye very confidently

"Impossible. After King Qin is captured by us, Lu Buwei will definitely have a conflict with the Qin royal family. As long as Qin is in chaos, they will have no time to take care of our cold country."

Ji Wuye looked at Han Fei who looked like an idiot and said mockingly,

"Han Fei, your ability to talk nonsense has taught me a lot. Qin is now under the control of Lu Buwei."

"If King Qin is caught by us, Lu Buwei will definitely send the Qin army to attack Han State. He will not care about the life or death of King Qin Ying Zheng. Lu Buwei even hopes that we kill King Qin Ying Zheng."

"As for the Qin royal family, they have no power at all like you. What do you think they can do against Lu Buwei?"

"And Lu Buwei attacked Han State in the name of saving King Qin. Do you think the Qin royal family dared to stop Lu Buwei? Do you think other countries will save Han Country?"

Han Fei was completely demented after hearing Ji Wuye's words.

He didn't expect that his perfect plan would be full of loopholes, and that Ji Wuye, who he had always considered to be a big boss, could see through so many things. No wonder he could become the leader. General, this Ji Wuye can really hide himself. Han Fei thought that Ji Wuye was a very cruel and rude man. It seemed that he was wrong.

Ji Wuye looked at Han Fei's completely stupid look, and he Looking at the little beauty next to the two thieves,

Ji Wuye came to Chu Liuxiang and Hu Tiehua and said to them,

"You thieves can leave this house. We in the Han Kingdom will not get involved in your affairs with the Chu Kingdom. Now you should leave quickly."

These are the people Wu Xiangjun wants to kill with a borrowed knife. There must be people from the Mo family and the farmer's family outside now. But if they go out, they will definitely be hunted down, and even the two of them will be killed directly.

"Thank you General Ji."

Hu Tiehua and Chu Liuxiang did not expect that Ji Wuye did not want to arrest them. Hu Tiehua and Chu Liuxiang were about to leave with Song Tian'er.

At this time, Ji Wuye suddenly pointed at Song Tian'er and said,

"You stay, I just let you thieves leave, you, a beautiful woman, cannot leave."

Hu Tiehua said hurriedly when she saw that the lustful Ji Wuye wanted to keep Song Tian'er,

"General Ji, this is our sister, please let her go."

Ji Wuye didn't pay attention to what Hu Tiehua said at all. Ji Wuye was a little happy when he saw this pure beauty.

He wanted to give Lord Wu Xiang a beauty among hundreds of birds, and even planned to give it to the beauty of the Yan Kingdom. Mr. Wu Xiang, it's just that this time he has to keep this beauty to vent his anger.

"Haha, I have taken a liking to this woman, please leave quickly or I will catch you and hand you over to those people from the Mo family and the farm family."

Hu Tiehua pulled Song Tian'er and asked her to hide behind her body. Hu Tiehua looked at Ji Wuye with a desperate attitude and said,

"General Ji, this is impossible, this is our sister, if you want to arrest us, just go ahead and arrest us."

Ji Wuye saw them blocking him and threatened Hu Tiehua.

"I'll give you ten breaths of time to think about it. If you still don't leave, I will ask the Mo family and farmers from outside to come here and catch you personally."

Chu Liuxiang and Hu Tiehua were completely helpless.

Chu Liuxiang looked at Song Tian'er and shook his head. Now he is just a useless person. Not only was he seriously injured, but he also had a broken arm. If people from the Mo family and the farmer's family come, he will He will definitely not be their opponent.

And Hu Tiehua has been standing in front of Song Tian'er as if he is determined to protect Song Tian'er. Hu Tiehua will not let Song Tian'er stay. They sweated a lot.

Ji Wuye didn't worry at all whether they would keep this beauty, as long as they dared to leave Han Fei's house.

The Mo family and farmers outside would come to catch them directly or kill both of them. Yes, if he wanted that little beauty, the Mo family and the farmer would definitely give the little beauty to him.

"There are still three breaths left, so you should think about it carefully, otherwise don't blame me for not reminding you."

At this time, Chu Liuxiang looked at Song Tian'er and there was no way to save her.

If he and Hu Tiehua continued to protect Song Tian'er, I'm afraid Ji Wuye would really let people from the Mo family and the farm family come in to arrest them.

Chu Liuxiang didn't want to die yet. , he looked at Song Tian'er and decided to abandon her first this time. After he recovered from his injuries, it would not be too late for him to come back to Song Tian'er.

Chu Liuxiang said helplessly to Hu Tiehua

"Lao Hu, let's leave."

Hu Tiehua was a little confused.

What does this old Hu mean? Is he going to leave Song Tian'er alone? Or is this Chu Liuxiang too greedy for life?

Hu Tiehua asked Chu Liuxiang again angrily,

"What? Chu Liuxiang, can you say those words again?"

Chapter 249

Song Tian'er was very scared at first when she hid behind Hu Tiehua. Now she also knows that the ugly General Han wants her, which makes Song Tian'er very worried.

She knew that if she fell into the hands of this cold country general, her life would be worse than death. Now she can only hope that Hu Tiehua and Chu Liuxiang can protect her.

What Song Tian'er didn't expect was that Chu Liuxiang would say such words. Was Chu Liuxiang going to abandon herself?

Song Tian'er looked at Chu Liuxiang in disbelief. Was Chu Liuxiang prepared to let this ugly general of the Han Kingdom take her away in order to survive?

Doesn't Chu Liuxiang know the consequences of being taken away?

Song Tian looked at Chu Liuxiang with a shocked face and asked tremblingly,

"Brother Chu, are you not going to save me? Don't you know what happened to me after I was taken away by this cold country general?"

Hu Tiehua was very angry when she saw Chu Liuxiang with his head lowered. He now understood that Chu Liuxiang had to abandon Song Tian'er in order to survive.

This made Hu Tiehua misunderstand Chu Liuxiang. Hu Tiehua once thought that the Chu Liuxiang she knew before was a real person. A true hypocrite,

Hu Tiehua comforted Song Tianer who was a little emotional and said,

"Tian'er, don't worry, Brother Hu will definitely protect you."

"The time has come, do you want to leave? If you want to leave, leave now, otherwise you will know the consequences."

Chu Liuxiang looked at Hu Tiehua looking at him with an angry face. Hu Tiehua was still determined to protect Song Tianer even if he died, and he walked out of the hall with a sullen face.

Chu Liuxiang knew that if he left this time, he would not be friends with Hu Tiehua and the others. He was completely ruined, but he still wanted to take revenge.

Chu Liuxiang couldn't die yet, Wu Xiangjun! It was all that damn Wu Xiangjun. When Chu Liuxiang thought of Wu Xiangjun, his face twisted in anger and she wanted to kill him directly.

Hu Tiehua saw it Chu Liuxiang left without saying anything. This time he finally saw Chu Liuxiang's face clearly.

Wu Xiangjun said it was right. Chu Liuxiang has been in the Ming Dynasty. Maybe everything he does is smooth sailing. No powerful enemy dares to deal with him. This is all because of him. Master Ye Di is taking care of him.

Now that he has left the Ming Dynasty, he is nothing. People here will not give up the pursuit of Chu Liuxiang because of his master Ye Di. When

Ji Wuye saw that there was only one person left, he looked Seeing that the person left behind did not know whether to live or die, he said sinisterly,

"Since you won't leave, don't blame me for being rude. If someone comes, come to me. It doesn't matter whether you live or die."

Hu Tiehua said casually when he saw that Ji Wuye's army was about to attack him,

"Wait, General Ji Wuye, you can't touch this woman, she belongs to Lord Wu Xiang."

Ji Wuye was a little surprised when he heard this man say that the woman was Wu Xiangjun's woman, but after thinking about it, he felt that this was impossible. This bastard must have deceived him casually.

"Wu Xiangjun's woman? Who are you lying to? If she were from Lord Wu Xiang, how could she be with you? You thieves have a grudge against Lord Wu Xiang, and I know all this."

Hu Tiehua has no choice now. He can only use Wu Xiangjun to threaten Ji Wuye, hoping that Ji Wuye will be afraid of offending Wu Xiangjun and will not dare to take action against Song Tian'er.

Hu Tiehua pointed at Song Tian'er and said to Ji Wuye ,

"General Ji Wuye, everything I say is true. If you don't believe it, you can send someone to Zilanxuan to ask. Su Rongrong and Li Hongxiu in Zilanxuan are the same as Song Tian'er."

"It's just that Song Tian'er was brought to Han Fei's house by us before she went to Zilanxuan. You also know that we are all injured. We just rely on her to leave the Eastern Continent."

"Um? Come, go to Zilanxuan to find Wu Xiangjun and ask if he knows a woman named Song Tian'er."

"Yes, General."

Ji Wuye is not sure whether what this person said is true or false, but he will get the news after a while. If this person deceives him, he will never be able to get out alive.

Hu Tiehua and Song Tian'er saw that Ji Wuye was now. She breathed a sigh of relief without taking action. She just thought that if Wu Xiangjun said that he didn't know them and even let Ji Wuye deal with them as he pleased,

Hu Tiehua looked at Song Tian'er and felt a little unbearable. Hu Tiehua now thought that if Wu Xiangjun had not planned to save them. Song Tian'er, he will kill Song Tian'er.

Although this is a bit cruel, it will at least allow Song Tian'er to die innocently. If she falls into Ji Wuye's hands, I'm afraid her end will be very miserable.

"Wei Zhuang, since you are the younger brother of Madam Zilanxuan Zinu, you can leave now. By the way, tell Madam Zinu that if Zilanxuan has anything to do in the future, you can ask me for help at any time."

"I'll say it."

Wei Zhuang looked at Han Fei next to him without any expression on his cold face and left. Han Fei let him down this time, and their relationship was over. Han Fei had nothing to do with him in life or death. Any relationship. When

Han Fei saw Wei Zhuang look at him and leave, he knew that he had made a big mistake this time.

With Wei Zhuang, a master, he could still do something with Wei Zhuang's help, but now it's too late, he had done too many stupid things today, and Han Fei knew that the last thing he should do was to drag Wei Zhuang's sister Zi Nu into danger.

At this time, Su Chen, who was in the secret passage of Blood Clothes Castle, was a little frightened. He saw the Marquise open her eyes and took a few steps back in fright.

Su Chen still didn't know whether the Marquise was alive or dead? When Su Chen touched the Marquise's face just now, it was clear that there was no life at all, but what about the Marquise? Did he suddenly open his eyes?

Su Chen observed for a while but saw no movement from the Marquise in the ice coffin, so he walked forward and looked at the Marquise in the ice coffin.

The Marquise was still lying quietly like a sleeping beauty. In the ice coffin, if she didn't open her eyes, she would be a complete sleeping beauty, but now she looks a little scary

"Marquise? Marquise? Are you alive or dead?"

Su Chen called out to the Marquise in the ice coffin several times, but there was still no reaction inside, and the Marquise didn't even blink.

Su Chen reached out and touched the Marquise's face again. Su Chen felt The Marquise's face felt exactly the same as before except that it felt cold.

"Ever since the Marquise seemed to be dead, her behavior must have been some kind of instinctive reaction, right? Rest in peace, beautiful Marquise, you are still so beautiful at such an old age, your life has not been wasted."

Su Chen stretched out his hand to close the Marquise's eyes, but Su Chen tried several times and couldn't get her to close her eyes.

This made Su Chen a little strange. Could it be that the Marquise refused to rest in peace? What else did she have? Unfulfilled wishes?

"Forget it, if you want to open your eyes, just open your eyes, eh? This jade pendant of yours is quite good, Marquise. Since you are dead and you can no longer use this jade pendant, I will accept it for you."

Su Chen took the blood red jade pendant from the Marquise's chest, but when he took the jade pendant, he also touched the place where it shouldn't be.

Su Chen even felt that the Marquise's area was very soft, which was not the case at all. Like the corpse of a dead person.

Su Chen looked at the place where the Marquis was and put aside his distracting thoughts and said, This is just a corpse, just a corpse. How can I have thoughts about a corpse?

He patted his head and took it Looking at this blood-red jade pendant, he observed it carefully.

This blood-red jade pendant made Su Chen feel a little strange. What kind of material was this very cold jade pendant made of? How could it be so cold? There seemed to be some kind of energy in it. flow

"Put it down, this is not what you should take"

"Tsk, a dead man's object, why can't I.....Damn you.....you....Why are you sitting up, my God, you.. ..."

Chapter 250

Su Chen was a little confused now. The Marquise not only sat up this time, but even spoke.

This made Su Chen look at the expressionless Marquise and quickly retreat some distance. When Su Chen retreated, the Marquise just looked at him and did not take action to stop Su Chen.

Su Chen looked at the Marquise for a while and then said to her,

"Marquise, are you not dead?"

The Marquise said in a cold voice without any emotion,

"Give me back my Tianxin jade pendant"

"Um, I forgot, I'll give this back to you."Su Chen hurriedly handed the Tianxin Jade Pendant to the Marquise.

However, when Su Chen handed the Tianxin Jade Pendant to the Marquise, he found that the Marquise was lying down again, which made Su Chen confused again.

He looked at the hand in his hand. The Tianxin Jade Pendant then looked at the Marquise who was lying down with her eyes open. What was she going to do?

Was she asking herself to put the Tianxin Jade Pendant on her chest again?

Su Chen thought about it for a while, then took the Tianxin Jade Pendant and put it again. On the chest of the Marquise, this time he behaved and did not touch her anywhere.

Su Chen was speechless when he saw the Marquise looking at him with her eyes open. Is this Marquise alive or dead now? He really didn't understand.

This Marquise was so weird, Su Chen decided it was better to leave, otherwise if something happened again, I'm afraid his heart wouldn't be able to bear it.

"Marquise, I have returned this Tianxin Jade Pendant to you. I am about to leave. You should close your eyes and continue to sleep. I will put the lid on you."

Just when Su Chen was about to cover the ice coffin and leave, suddenly some noises came from the secret passage. Su Chen knew that someone was coming in.

He looked around and there was no place to hide, and the sound became more and more intrusive. Su Chen looked at the ice coffin and jumped in, then hurriedly closed the lid of the ice coffin.

When Su Chen was lying next to the Marquise, he saw that the Marquise turned to look at him. This made Su Chen feel a little unbelievable.

Su Chen slowly straightened the head of the Marquise. Although Su Chen was a little happy to be looked at by a beautiful woman, this was a corpse. Su Chen had no special hobbies. It was just that

Su Chen had just After adjusting the Marquise's head, he found that the Marquise turned to look at him again.

Su Chen said helplessly,

"Oh my god, what the hell is going on? Why does this Marquise keep looking at me? I didn't do anything to her?"

At this time, the sound of someone's footsteps came over, and Su Chen immediately didn't dare to make any move. Just look at the Marquise if you like. It's just a corpse anyway. Although these are a bit weird, Su Chen should do it as long as he doesn't offend the Marquise. It's okay.

Damn it, why didn't I leave directly without teleporting? Could it be that this beautiful Marquise attracted me? That I ended up in the same coffin with her without knowing it? Su Chen patted himself with some annoyance head thought

"This poison is still a bit weak, and it seems that some women need to be found, but now that the pearl is out of his control, it will be difficult to find some special women in the future."

At this time, the people outside suddenly started talking to themselves. Su Chen guessed that he might be Bai Yifei, the blood-clad Hou.

Without the help of Madam Mingzhu, Bai Yifei would definitely find it very difficult for the women he was looking for. Suddenly

Su Chen felt that his mental power was draining very quickly, which made him very confused.

When Su Chen was about to check his body, he saw the Marquise smiling at him, which almost made Su Chen sit up in fear.

"My God, this world is a martial arts world. Why is it now a bit like a supernatural world? There won't really be ghosts and gods in this world, right?"

Su Chen originally wanted to teleport out directly, but now he can't do it. His mental energy is like being sucked away by a water pump.

And now it seems that the situation is related to the Marquis, so Su Chen can only Being able to lie here and wait for his final outcome.

And Bai Yifei outside didn't know what he was doing. He never showed any sign of wanting to leave. Su Chen felt that he was getting colder and colder now. He didn't know what this ice coffin was. Su Chen looked at the Marquise who smiled at him and hugged her body.

Although this was not good, Su Chen couldn't stand the cold air in the ice coffin.

But Su Chen didn't notice when he hugged her body. The Marquise's eyes suddenly began to blink.

Although the blinking frequency was a bit slow, the Marquise's eyes gradually became alive, and even the black eyes flashed with cold murderous intent.

Su Chen now felt It was a bad day, and Bai Yifei didn't leave outside, but he actually hugged a beautiful corpse to keep warm.

And his mental power was still losing, and he couldn't leave even if he wanted to. Fortunately, the body of the Marquise could help him Resist the cold air in the ice coffin.

This Marquise must have been a land fairy in the realm of heaven and human beings during her lifetime. She must even be about a hundred years old. You must know that Bai Yifei should also be about sixty years old.

Bai Yifei is a person of the same era as King Han. , Han Guo is so old. If Bai Yifei had not practiced that evil Kung Fu, he must be very old now. Even Bai Yifei is much older than Ji Wuye.

Xinzheng,

Su Rongrong outside Han Fei Mansion led a team The Nether Guard went directly into Han Fei's house.

The reason why Su Rongrong was able to bring the Nether Guard over this time was because she found two net assassins for Zilanxuan this time.

Zinu led them to re-examine all the women in Zilanxuan. At that time, Li Wu was also discovered by Su Rongrong. This time, Zi Nu caught the female assassin with her own hands.

At this time, the people sent by Ji Wuye also arrived. When Zi Nu heard what Ji Wuye sent, When she was about to say that she was not from Zilanxuan,

Su Rongrong and Li Hongxiu hurriedly knelt down to Zi Nu and begged Zi Nu to save their sister Song Tian'er.

Zi Nu also hoped that Su Rongrong would find the trap this time. I only agreed for the sake of the assassin. This is why Su Rongrong brought the Nether Guard to pick up Song Tianer.

"Sister Rongrong"

""Rongrong"

Song Tian'er and Hu Tiehua were relieved when they saw Su Rongrong coming with black-armored soldiers this time. Hu Tiehua knew that Su Rongrong's arrival was definitely to save Song Tian'er. As long as Song Tian'er was fine, Hu Tiehua didn't care about himself. Life and death.

When Su Rongrong entered the hall with the Nether Guards, she saw Song Tianer and Hu Tiehua, but she did not find Chu Liuxiang, but Su Rongrong did not care about Chu Liuxiang, anyway, they will have nothing to do with each other in the future.

Su Rongrong looked at her face with a cruel expression Ji Wuye held back his nausea and saluted him,

"Wu Xiangjun's maid, Su Rongrong met General Ji."

Ji Wuye was very happy to see Lord Wu Xiang's maid being so polite to him. Even Lord Wu Xiang's personal maid was polite to him. This shows that Lord Wu Xiang values him very much.

Ji Wuye will not underestimate this. A maid with innate cultivation skills. This maid is not only good at martial arts, but also a very beautiful woman. Ji Wuye does not believe that this beautiful Su Rongrong has never slept with Lord Wu Xiang.

"Haha, please wake up, Su Rongrong, how will Mr. Wu Xiang deal with these people?"

"General Ji and Song Tian'er are also Wu Xiangjun's maids, and this Hu Tiehua was ordered by Madam Zinu to capture him and imprison him to death."

Su Rongrong directly explained her purpose to Ji Wuye. She didn't want to see this ugly Ji Wuye all the time.

"Okay, since it's Madam Zi Nu's order, then I'll leave them both to you."

"Thank you, General Ji. Come and catch that Hu Tiehua."

"yes"
