Chapter 2421

Su Chen looked at Guanyin Bodhisattva and smiled.

The ninth-grade Pure World White Lotus is useful.

Guanyin Sitting Lotus?

Su Chen felt a little excited just thinking about it, but what the hell is the Turtle Spirit Holy Mother?

This time, the other women did not agree to the bet, but the one-sided Madonna agreed to the bet.

Well,

Madonna was very beautiful, but this one-sided woman was not easy to deal with.

Boom boom boom.....

At this time, the body of Empress Nuwa, who was absorbing the luck of the Xuantian realm, suddenly experienced a burst of energy. The cultivation level of Empress Nuwa was raised to the holy realm again? The prehistoric fairyland was shaken, but this time there was no flower of merit blooming in the prehistoric fairyland. The prehistoric heavenly way Nor did he welcome the addition of another holy realm.

"This is impossible, senior brother, how could Nuwa return to the Holy Realm? It's impossible for heaven's luck and human luck to have such a big effect. What's going on?"

"I don't know, but heaven's luck and human luck cannot have such a big effect. It's indeed strange for Nuwa to return to the holy realm. I suspect that this may be Su Chen's doing."

"Suchen? is it possible?"

"Junior brother, don't forget what Su Chen did before. This time it was Su Chen who mobilized the destiny of heaven and the destiny of the human race. Any problems here should have something to do with Su Chen."

"Senior brother, Su Chen is indeed suspicious." Zhunti and Jieyin were very surprised when they saw Nuwa return to the Holy Realm. Heaven's luck and human luck are not that strong at all, and it is impossible for Nuwa to return to the Holy Realm. After their brothers talked for a while, they felt that this should be Su Chen's doing. There were no powerful people around Jinji Ridge who had left. They were even more unbelievable at this moment. Empress Nuwa, who had fallen into the Holy Realm, was promoted to the Holy Realm again? Heavenly Court Luck? Luck of the human race? Can this elevate the quasi-sage to the holy realm? This is simply impossible. Without the Hongmeng Purple Qi, the quasi-sage cannot advance to the holy realm of heaven. How on earth can Nuwa be promoted to the holy realm again? Moreover, Nuwa The Empress was promoted to the Holy Realm without using the Hongmeng Purple Qi. How did the Empress Nuwa do it? At this moment, the Queen Mother and the girls in Yunxiao looked at the Nuwa Empress in surprise. The Empress Nuwa was really promoted to the Holy Realm again, but how could this be possible ? ? The luck of heaven and the luck of the human race, these are simply impossible for Empress Nuwa to advance to the holy realm again, Su Chen? This must be something that bastard Su Chen did secretly, otherwise Empress Nuwa would not advance to the holy realm again. The Queen Mother and The girls in Yunxiao did not ask Su Chen now. This was not the time to ask such secret things. They decided to wait until they went back to ask this bastard. Guanyin Bodhisattva and Turtle Spirit Virgin Mother were confused at this moment. They did not expect that Nuwa Empress was really After being promoted to the Holy Realm again, the two of them felt that they were going to be doomed. If Su Chen asked them to do something embarrassing, it would be impossible for them not to agree. At this time, Empress Nuwa, who was still absorbing the luck of Xuantian Realm, she Suddenly sensing the rapid arrival of the Hongmeng Purple Qi, Nuwa Empress immediately took action to grab the Hongmeng Purple Qi that was about to enter her soul.

"Hongmeng purple energy? Haha, go back and forth from there."

After Empress Nuwa grabbed Hongmeng Ziqi and looked at it, she threw it away with a mocking expression.

When Hongmeng Ziqi arrived,

Empress Nuwa guessed that Hongjun wanted to control her. , she has now been promoted to the Holy Realm again, the Hunyuan Daluo Golden Immortal, and the Nuwa Empress does not need Hongmeng's poisonous purple energy at all.

Boom boom boom...

After Empress Nuwa threw out the Hongmeng Purple Qi, the vast wilderness was shaken, and purple thunderclouds gathered in the nine heavens.

"Hongjun, get back here and don't force me to take action against you."

Su Chen saw the purple thunder clouds above the nine heavens. (To read Baoshuang novels, go to Feilu Novel Network!)

His face instantly turned ugly.

Not long after the Eye of Heaven retreated, Hongjun's sinister look came back again. Come out to cause trouble.

Purple Thunder Cloud?

This guy is going to rain down the Purple Sky Divine Thunder.

Damn,

Empress Nuwa didn't accept Hongmeng's purple energy. Is that old yin of Hongjun going to destroy Empress Nuwa?

Nine Heavens Up,

Hongjun's cold and cold voice spread throughout the entire prehistoric fairy world,

"Su Chen, Hunyuan Da Luo Jinxian cannot appear in the ancient immortal world. There can only be saints in the ancient immortal world. If they do not accept the Hongmeng Purple Qi, the Nuwa Empress will either be annihilated or leave the ancient immortal world."

Su Chen shouted expressionlessly,

"Hongjun, do you think I don't understand this?"

"Who the hell said that Hunyuan Da Luo Jinxian could not appear in the prehistoric immortal world? As long as they are not the Chaos Demon God, the creatures in the prehistoric immortal world are promoted to the Hunyuan Daluo Golden Immortal, and it is impossible for the prehistoric heaven to expel them."

Hongjun threatened coldly and angrily,

"I am the spokesperson of Heavenly Dao. Since I am Heavenly Dao, if Nuwa does not accept the Hongmeng Purple Qi given by Heavenly Dao, Nuwa will either leave the prehistoric fairy world or be destroyed by the thunder and punishment of Heavenly Dao."

Su Chen had a look of disdain on his face when he heard Hongjun's words.

He was an old bastard, and what he said was quite noble and reasonable.

Well,

Hongjun was worried about the emergence of an uncontrollable holy realm in the ancient immortal world.

Su Chen was also indifferent. He threatened Hongjun,

"Very good, Hongjun, if you dare to use the power of heaven to kill Nuwa, I will summon the ancient heaven again. If you dare to kill Nuwa, I will let the ancient heaven abolish your identity as the spokesperson of heaven."

"Su Chen, you promised me, do you want to keep your word?"

"Damn it, you are going to hack my wife, how can I stand by and watch indifferently?"

"asshole!"

In Zixiao Palace,

Hongjun couldn't help but cursed when he heard Su Chen's words. He didn't expect that Su Chen and Nuwa were really Taoist lovers.

Hongjun was helpless.

((Wang Hao) Does he dare to continue to attack Nuwa?

Hongjun didn't dare.

He acted recklessly this time.

If Hongjun had asked Su Chen first, or even had a soul transmission conversation with that bastard, Hongjun would not have been scolded by Su Chen in front of the creatures in the ancient world. he.

Women like the Queen Mother and Yun Xiao were stunned at this moment. They all looked at Su Chen in bewilderment. Su Chen actually yelled and cursed Hongjun in front of all the creatures in the world.

Is this little bastard really tired of living?

Su Chen saw the purple thunderclouds above the sky begin to dissipate, he touched his chin and whispered,

"Damn it, Hongjun really deserves a scolding."

On the tent in the Nine Heavens,

Empress Nuwa was full of shame and anger.

She did not expect that Su Chen would say in front of all the creatures in the world that she was that little bastard's woman.

If she hadn't wanted to absorb luck,

Nuwa would The empress can't wait to go over and beat that shameless pervert to death immediately..

Chapter 2422

In the prehistoric fairy world, all the creatures are confused, especially those who are successful in cultivation,

Hongjun?

All those who have successfully cultivated know who Hongjun is. He is the first saint in the prehistoric immortal world and the strongest person in the prehistoric immortal world.

But what did they just hear?

The Emperor of Heaven and the Human Emperor of the human race,

Su Chen actually insulted Taoist Hongjun?

Moreover, Taoist Hongjun didn't kill Su Chen angrily, and all the accomplished creatures were confused and couldn't understand.

There is also Empress Nuwa.

Empress Nuwa was able to advance to the Holy Realm again, and she did not use Hongmeng Purple Qi to advance to the Holy Realm.

Are the luck of the Emperor of Heaven and the luck of the human race so powerful?

If heaven's luck and human luck are so powerful, why has no one in the prehistoric immortal world ever used these luck to become a saint?

Hunyuan Daluo Jinxian?

What state is this?

Why did Taoist Hongjun not allow Hunyuan Daluo Jinxian to appear in the prehistoric fairy world?

"Zhen Yuanzi, there is something wrong here. Daozu Hongjun seems to be afraid of Su Chen?"

"Yes, judging from the previous situation, Taoist Hongjun obviously has something in Su Chen's hands. Otherwise, Taoist Hongjun would not have made the oath of heaven, nor would he have been indifferent to Su Chen's insult just now."

"That's right, but there may be something wrong with the Hongmeng Purple Qi, otherwise Empress Nuwa would not have given up her holy position and given up the Hongmeng Purple Qi."

"Ancestor Styx, Hongmeng Purple Qi should be poisonous"

"Yes, there is something good to watch now. Saint Zhunti and Saint Jieyin look ugly. They should also know that the Hongmeng Purple Qi is poisonous."

Outside the Golden Rooster Ridge,

Ancestor Minghe and Zhen Yuanzi were talking to each other through sound transmission. They were also confused by what was happening.

Empress Nuwa gave up the holy position and was promoted to the holy realm again. Empress Nuwa did not accept Hongmeng. Zi Qi, Taoist Hongjun wanted to kill Nuwa, Su Chen insulted and threatened Taoist Hongjun.

When all this happened,

Ancestor Minghe and Zhen Yuanzi guessed some secrets.

Boom boom boom.....

At this moment,

Nuwa, the empress above the nine heavens, is constantly advancing, from the early stage of the first level of the holy realm to the middle stage of the first level of the holy realm.....

The Queen Mother and the Yunxiao girls all stared blankly at Nuwa who was being promoted. They couldn't believe that Nuwa was promoted to the Holy Realm again, but Nuwa was still advancing, which made them even more unbelievable.

Qiong Xiao asked Su Chen

"Su Chen, to what level can Nuwa be promoted to the holy realm?"

"Not sure!"

After Su Chen heard Qiong Xiao's words, he looked at Empress Nuwa above the nine heavens and shook his head.

Su Chen didn't know what realm Nuwa Empress could advance to. Empress Nuwa was previously in the realm of the Holy Third Heaven.

Xuan Su Chen couldn't guess how much Nuwa could withstand the huge fortune in the heavenly realm. If Nuwa had a very deep cultivation background, Nuwa might be able to advance to a higher level.

Mother Turtle Spirit looked at Su Chen He asked in disbelief, "Not sure? There is still something you don't know?"

Su Chen touched his chin speechlessly and said, "I guess, I'm just a Taiyi Golden Immortal. You are either quasi-sages or saints. You don't know, how can I know?"

Hou Tu frowned and glared at Su Chen.

Although she was in the holy realm in the six realms of reincarnation, she couldn't understand everything Su Chen did. Hou Tu felt that even that old bastard Hongjun couldn't understand a woman. How did Empress Wa advance to the holy realm again?

Hou Tumei stared at Su Chen and asked,

"Little bastard, we have never encountered anything like this before. This is you helping Empress Nuwa advance. How could you not know?"

Su Chen took a sip of wine and shook his head and said,

"I really don't know that Queen Nuwa, the beauty from Houtu, has been promoted to the Holy Realm again, and is even continuing to advance. This depends on the background of Nuwa's previous cultivation."

"I guess that the Empress Nuwa will return to the third level of the Holy Realm at the very least. Whether the Empress Nuwa can advance to a higher realm depends on the opportunity of the Empress Nuwa."

When the girls heard Su Chen's words, they all rolled their eyes at Su Chen. (To read Baoshuang novels, go to Feilu Novel Network!) What

Su Chen just said was in vain. They speculated that Empress Nuwa would advance to her previous realm again..Boom boom boom....

Nuwa Empress is still advancing.

Above the Nine Heavens,

Nuwa Empress' terrifying aura shook the Nine Heavens with continuous roars. The prehistoric fairy world also turned black. The huge roar made the ordinary creatures in the prehistoric land fall down in panic. Trembling on the ground.

The early stage of the third heaven of the Holy Realm....The late stage of the Third Heaven of the Holy Realm.....The early stage of the fourth heaven of the Holy Realm.....The middle stage of the fourth heaven of the Holy Realm.....Boom, the early stage of the fifth level of the Holy Realm.

0 Request for flowers

At this time,

Empress Nuwa's holy realm was promoted to the early stage of the fifth heaven of the holy realm, and then she stopped continuing to advance.

Empress Nuwa opened her eyes with a smile on her face. She was in the realm of the fifth heaven of the holy realm.

This made Nuwa the Empress very happy.

In the past, Empress Nuwa wanted to cultivate to the fifth level of the holy realm. This required dozens of Huiyuan, and even dozens of Huiyuan would not be able to reach the fifth level of the holy realm.

What kind of luck did that little bastard Su Chen use?

Why are these fortunes so exquisite?

Empress Nuwa feels that the luck she has absorbed is similar to the merits of heaven, and may even be more precious than the merits of heaven.

After Empress Nuwa put away the aura that had burst out during her promotion, the violent roars in the prehistoric fairyland also disappeared, the black clouds in the prehistoric fairyland also dissipated and disappeared, and the sky became bright again.

"Chaos Clock, come here!"

Empress Nuwa waved to the Chaos Clock above her head.

She felt that she was very familiar with the Chaos Clock and could even control it.

However,

Empress Nuwa was also very curious.

Chaos Bell?

Isn't this the Demon Clan Demon Emperor Dong ? Huang Taiyi's East Emperor Bell? Why did Su Chen call it the Chaos Bell?

Whoosh!

The Chaos Bell suddenly appeared in the hands of Empress Nuwa. Empress Nuwa watched the Chaos Bell become smaller and shook it, clanging. The crisp sound instantly spread throughout the prehistoric fairyland.

Empress Nuwa checked it and whispered, "The innate treasure is even a hair short of the Chaos Spiritual Treasure. This Chaos Clock is much more powerful than the Tai Chi Diagram and Pangu Banner.""

Whoosh,

Empress Nuwa appeared next to Su Chen in an instant.

When Su Chen saw Nuwa Empress coming back, he stretched out his hand and said to Empress Nuwa,

"Nuwa, give me back my Chaos Clock!"

Nuwa Empress threw it casually, and the Chaos Clock kept spinning around her. The Chaos Clock seemed to like to be by Nuwa Empress' side.

Nuwa Empress smiled and said to Su Chen,

"Your chaos clock? Su Chen, why do I feel that the Chaos Clock is destined to me? You see, the Chaos Clock doesn't reject me at all. It's clearly my spiritual treasure."

"Let me know, Chaos Bell, you traitor, I am your master, come back quickly."

Chapter 2423

Su Chen was very speechless when he saw the Chaos Clock wandering around the Nuwa Empress.

The reason why the Chaos Bell was wandering around the Nuwa Empress was Su Chen guessed that the Chaos Clock remembered Nuwa's aura. To be precise, it remembered Nuwa during the Journey to the West. The breath of the empress.

During the Journey to the West,

Empress Nuwa used the Chaos Clock many times.

The Chaos Clock remembered that although the aura was that of Nuwa, it was not the Empress Nuwa of the same period.

"Haha, little bastard, did you see that the Chaos Clock is really my spiritual treasure?"

Empress Nuwa heard Su Chen calling the Chaos Bell, but the Chaos Bell still kept spinning around Nuwa Empress.

Empress Nuwa stretched out her white little hand, and the Chaos Bell quickly flew into Nuwa Empress's hand. The empress looked at Su Chen and laughed proudly.

"Really? Does Nuwa want to make a bet?"

Su Chen looked at the proud Nuwa Empress. He touched his chin and said to Nuwa Empress with evil intentions.

When the Queen Mother and the Yunxiao girls heard Su Chen's words, they all rolled their eyes at Su Chen.

Another bet?

Is this bastard addicted to betting?

Su Chen just had an affair with Turtle 30 Spirit Mother and Cihang.....Oh no, it was Guanyin Bodhisattva who made the bet. This bastard has already won against Mother Turtle Spirit and Guanyin Bodhisattva. Will Su Chen win against Nuwa Empress again?

The faces of Holy Mother Guiling and Guanyin Bodhisattva were now darkened.

They had just lost a bet to Su Chen, and Su Chen wanted to bet with Nuwa Empress again. Holy Mother Guiling and Guanyin Bodhisattva did not want to hear the word bet again.

Empress Nuwa said with a smile on her beautiful face,

"What to bet on?"

Su Chen looked at the alluring Nuwa Empress.

Nuwa Empress's convex figure, proudly erect mountains, cold and beautiful face, and delicate red lips. Su Chen looked at Nuwa Empress and thought about it.

"Nuwa, if the Chaos Bell comes back to me, and I win, you have to promise me a promise. If the Chaos Bell doesn't listen to my call, even if you win, I can promise you a promise, how about that?"

Empress Nuwa nodded and agreed,

"Bet!"

"It's a deal!"

"It's a deal!"

"Chaos Clock, come back!"

Whoosh!

The Chaos Clock disappeared from the hands of Empress Nuwa in an instant, and appeared in Su Chen's hands in an instant.

Empress Nuwa and the other girls looked at Su Chen in confusion.

The Chaos Clock just ignored Su Chen. , why did the Chaos Clock appear in Su Chen's hand instantly this time?

This is not normal, very abnormal.

"Su Chen, you are so ridiculous!"

Empress Nuwa stared at Su Chen angrily.

She had just sensed space fluctuations.

This bastard knew the laws of space.

Empress Nuwa guessed that Su Chen used the laws of space, and even used the laws of space to snatch the Chaos Clock.

Su Chen Chen played with the little chaos clock in his hand and said with a smile,

"Nuwa, do you want to regret it?"

Nuwa Empress glared and yelled,

"Shameless bastard, you just used the law of space to steal the Chaos Clock, this time the bet does not count."

I guess!

How did Empress Nuwa know that he used the Law of Space?

It's over now.

Su Chen didn't expect Nuwa to sense that he used the Law of Space.

There was nothing he could do about it.

The Chaos Bell was familiar with Empress Nuwa's aura, and in the end, it The main thing is that the Chaos Bell contains the imprint of Nuwa's soul, which was imprinted by Su Chen with the help of Nuwa.

Su Chen's strength is low, and he wants Nuwa to completely control the Chaos Bell's enemies and the innate treasure. Chaos Bell,

Su Chen and Nuwa Empress can both control the Chaos Clock, but Su Chen is not as powerful as Nuwa, and the Chaos Bell will definitely favor Nuwa Empress.

After the Queen Mother and the Queen Mother heard what Nuwa Empress said, they were speechless. Looking at Su Chen, this bastard is so shameless. (To read Baoshuang novels, go to Feilu Novel Network!)

He is so shameless.

Su Chen said to Nuwa in a shameless manner,

"Cough, Nuwa, I am willing to admit defeat, you have lost."

Mother Nuwa didn't expect that Su Chen was so shameless.

This little bastard cheated on a bet with her.

Doesn't Su Chen have any face?

"Mother Nuwa clenched her fists and glared at Su Chen and shouted,

"Shameless bastard, it doesn't count this time. You don't use the laws of space. Let's bet again."

"Ahem, cough, nothing happens here anymore. The fight between the Three Love Saints may take several months to come to an end. Let's all leave."

Su Chen coughed and waved his hands and quickly changed the subject.

Are you kidding? Bet again

?

He will definitely lose if he bets again.

It is impossible for Su Chen to bet with Nuwa Empress again. He will give up when he sees good. Anyway, he has cheated and won. Empress Nuwa.

The Queen Mother asked Su Chen,

"Su Chen, shall we go to heaven?"

Su Chen shook his head and replied,

"No, you all go to Heaven, I'll go to Dashang, you go to Heaven to tidy up Heaven first"

"All right!"

The Queen Mother and the girls all nodded.

They knew that Su Chen still had things to do in the mortal world, and the Heavenly Court also needed to be reorganized.

The Heavenly Court controlled by Haotian was a mess, and the heavenly soldiers and generals in the Heavenly Court were basically a mixed bag. The little scum, those little scum that should be cleaned up must be cleaned up.

"Queen Mother, Nuwa, I will give you an army, all of them are the army of immortals."

Su Chen suddenly thought that his angel army has not been deployed yet. The three hundred thousand black armor army has already been deployed. The angel army has been practicing in the system space.

During the Conferred God period, the Holy Soul of the Ladder is not allowed to bring gods above the immortal. Su Chen could only bring some legions of cultivators and an angel legion.

Although the angel legion did not have the strength of immortals, Su Chen never deployed the angel legion.

Su Chen invested huge cultivation resources in the Tian 227 legion, and even He also used the law of time to accelerate the flow of time a hundred times.

He hoped that the angel army would be upgraded to the sacred bodies of fifth or even sixth generation angels in the system space.

Su Chen was worried that there would be an army of immortals participating in the battle of Dashang.

He also wanted to Take precautions before things happen.

The Queen Mother asked with a puzzled look on her face, "Su Chen, do you still have an army of immortals?"

"have!"

Su Chen waved his hand in front of him, and a legion appeared in front of Su Chen, Nuwa and the other women. An legion composed entirely of beautiful beauties.

At this moment

, an angel legion appeared in the air, five thousand beautiful angels. The legions lined up neatly in the air.

The angels of the Angel Legion had a pair of snow-white wings, long golden hair, red short skirts, gorgeous silver patterned armor, and tall silver boots. The angels not only wore Gorgeous and dazzling, and all of them are very beautiful. Even the angels in the Angel Legion have the lowest cultivation level of the Xuanxian realm, and the highest cultivation realm of the archangels are the Taiyi Golden Immortal realm.

"The Seventh Legion of the Angel Legion, Commander of the Legion, Angel Ailan meets His Majesty the Emperor of Heaven"

"See the Emperor of Heaven!"

In the air, all the angels of the Angel Legion, led by the Legion Commander Angel Ailan, saluted Su Chen one after another.

"No gift!"

"Thank God!".

Chapter 2424

Su Chen looked at the big white legs of the angels and nodded happily.

Angels have been in the system space for more than a hundred years.

Su Chen never thought that ordinary angels would be upgraded to the sixth generation, and the guardian angels would be upgraded to the seventh generation. The super angel Ailan has been upgraded to the eighth generation holy angel.

Angels of the sixth generation are at the level of Xuanxian, angels of the seventh generation are at the level of Golden Immortal, and angels of the eighth generation are at the level of Taiyi Golden Immortal.

These angels who died in battle in the super-god world, after Angel Kesha resurrected them, these angels may now be stronger than Angel Kesha in terms of cultivation level.

Su Chen wasted the source of heaven to upgrade the Seventh Angel Legion. He did not expect that the Angel Legion would be upgraded so much in more than a hundred years. This was beyond Su Chen's expectation.

"Su Chen, you bastard actually cultivated an army of women? And they are all monsters." Nuwa's face turned dark when she looked at the angel legion that appeared. Not only were the angels in the angel legion dressed in revealing clothes, but they also showed off their curvy figures, and even their long white legs were very... The faces of the Queen Mother and Yunxiao were not good-looking either. The angels of the Angel Legion 120 wore short skirts, exposing their long white legs, and the silver smart armor revealed the figures of these angels. They were wearing revealing clothes. , angels with proud and erect figures, these women are blushing when they look at it. There has never been a female fairy dressed like this in the ancient fairy world, with long white legs exposed and uneven and proud figure. Is this a fighting legion? Or are they just showing off? The coquettish legion?

"Nuwa, this is not a monster, but an angel, my angel army!"

After Su Chen heard what Nuwa said, demon clan?

How could the angels be demon clan?

However, the angels do have some demon clan blood.

When Su Chen upgraded the angels of the Angel Legion, he used some black birds. Essence and blood develops the potential of angels.

Angels can be promoted to the sixth generation of golden immortals at most. If Su Chen does not use the essence and blood to develop the potential of angels, the angels cannot be upgraded beyond the sixth generation of angels.

The Holy Mother Turtle Spirit glared at Su Chen Asked,"Little bastard, are these angels a fighting legion? Or your harem group?"

I'll join in!

Harem group?

Holy Mother Turtle Spirit is too tough, five thousand harem group?

This one-sided Holy Mother Turtle Spirit really dares to say that.

Damn it,

Su Chen can't even think about it, five thousand beautiful angels harem Group?

Is this person more powerful than the Human Emperor Xuanyuan? It took three thousand people of the Human Emperor Xuanyuan to cultivate successfully.

Su Chen will not be a stallion like the Human Emperor Xuanyuan, or even a ruthless and ruthless person like the Human Emperor Xuanyuan. Stallion

"Holy Mother Turtle Spirit, you are just a one-minded woman. I am too lazy to pay attention to you, an idiot."

Su Chen rolled his eyes at the Holy Mother Turtle Spirit, and then said to the Queen Mother,

"Queen Mother, I leave my angel army to you."

The Queen Mother smiled and nodded and replied,

"Well, the angel legion is very powerful. The heavenly soldiers and generals in the heaven are basically earthly immortals. The heavenly soldiers and generals of the heavenly immortals can all be divine generals. The angel legion is much more powerful than the heavenly soldiers and generals."

Although the Queen Mother has bad feelings about angels wearing scantily clad clothes, the angel legion is very powerful. The lowest level of cultivation of the angels are all Xuanxian, and there are also many angels who are golden immortals. The legion leader is still Taiyijin. Immortal, the Angel Legion is even more powerful than some disciples of the Saint Sect. The

Holy Mother Turtle Spirit glared angrily at Su Chen, a stubborn woman?

Twice, (to read Baoshuang novels, go to Feilu Novel Network!)

This The bastard said this to her twice.

The Holy Mother of Turtle Spirit was so angry that she wanted to kick this shameless bastard away.

Yunxiao and the other girls of Holy Mother of Golden Spirit looked at Su Chen speechlessly.

They all saw the angry look of Holy Mother of Turtle Spirit. Although Our Lady of Turtle Spirit is a straightforward woman, Su Chen only said (dace) Did Madonna of Turtle Spirit want to be beaten? At this moment, the powerful people around looked at the angel army in the sky in surprise. They did not expect that Su There is also a demon army in the morning, and it is a pretty strong army. But why are they all banshees?

Moreover, each of them is very revealingly dressed.

In the air, the angels have long white legs, which makes the surroundings... The powerful officials were embarrassed and continued to watch.

Kong Xuan looked at the angel army in surprise and shouted,

"Are these all Su Chen's tribesmen? The aura of the black bird, the woman with white wings in the sky all has the aura of the black bird. Su Chen actually used his essence and blood to cultivate an army of black birds."

Lu Ya replied with a serious face,

"It should be, this is him, Su Chen is so courageous, no wonder Su Chen's cultivation level is the Taiyi Golden Immortal. It turns out that he wasted too much blood and essence to cultivate an army of black birds."

Kong Xuan looked at the angels in the sky.

He was a little dizzy.

Su Chen wasted a lot of blood to cultivate beautiful women, and each one of them was very beautiful and tempting. Is this a fighting legion? Or is it a harem cultivated by Su Chen

?

Legion?

"Damn it, Su Chen is just a pervert, Lu Ya, look at those women in the Black Bird Legion. Not only are they absolutely beautiful, but they are also very revealing in their clothing. That shameless guy even made the angels look at him. Long legs exposed"

"That bastard is so horny."

Lu Ya's face turned dark at this moment.

Kong Xuan was right.

Lu Ya had seen Su Chen having an affair with Nuwa Empress, and even the Queen Mother, but he didn't expect that Su Chen would cultivate so many people who would harm the country and the people. beautiful woman

"Yes, Su Chen doesn't look like a cultivator at all. That bastard is more lustful than a mortal."

"Which cultivator is a lustful person? Su Chen is not only closely related to the women like Nuwa, but even the entire Angels of the Black Bird Legion. I suspect they are that bastard's harem."

Kong Xuan and Lu Ya talked for a while.

They looked at each other and were speechless.

Su Chen's courage surprised them all, but why did he train women who brought disaster to the country and the people? They all guessed that Su Chen Chen Chen was cultivating the harem legion. At this moment,

Su Chen rubbed his forehead and felt very helpless.

The way women like Nuwa and Yunxiao looked at him made Su Chen unable to explain even if he wanted to.

The dress of the angel legion was in the prehistoric fairy world. It was very unusual, but this was originally the attire of the Angel Legion.

Su Chen also liked the attractive attire of the angels.

The angels' long white legs and uneven and proud figures were very eye-catching to Su Chen.

Su Chen looked at the beautiful angel Ailan and ordered,

"Angel Alan, you will follow the orders of the Queen Mother after you lead the angel army."

"Yes, Emperor of Heaven!".

Chapter 2425

Angel Ailan hurriedly saluted Su Chen and replied,

"Yes, Emperor of Heaven!"

She looked at the girls around Su Chen and was very speechless.

When the angel Ailan and many other angels were resurrected by Kesha Nuwa, tens of thousands of angels appeared in the Melo Heavenly Court in Xuantian Realm. They were there in a short time. In just three days, I learned something about the situation.

The powerful women around Su Chen also learned about it. Even Queen Kesha and Tianji King Hexi became Su Chen's women, and all the resurrected angels also knew about it.

Angel Ailan was brought to the ancient fairyland by Su Chen this time, and it was the ancient fairyland millions of years ago. She and the angels in the angel legion all understood what Su Chen was going to do, and the angel legion would completely obey Su Chen's orders.

Archangel Breeze asked in the angel system,

"Sister Ailan, should we leave a team of angels to protect the"417" Emperor of Heaven? Angel

Ailan smiled and shook his head and replied,"No, the Emperor of Heaven is powerful and does not need our protection.""

Angel Aylan looked at her Seventh Angel Legion, sheLi is very happy.

In just over a hundred years, she has been upgraded from a third-generation angel to an eighth-generation holy angel, and the angels of the Seventh Angel Legion have all been upgraded to the sixth-generation angel at the lowest. Angel Ailan feels like It's like a dream.

Angel Ailan understood that Su Chen must have spent a lot of resources, even some extremely precious resources, in order to upgrade the Seventh Angel Legion.

Angel Ailan was very grateful to Su Chen, but when she thought about the explanation between Queen Kesha and Tianji King Hexi, Angel Ailan's face turned red.

She didn't expect Queen Kesha and Tianji King Hexi to say that. Su Chen was 100% compatible with all the angels.

Would Su Chen be her male god?

Although Angel Ailan didn't know why, when she thought about what Su Chen was going to do to her, she didn't know whether to refuse or agree to Su Chen.

At this moment, after Su Chen and the Nuwa Empress and the other girls explained things, the Nuwa Empress and the Queen Mother and the other girls left with the angel army.

However,

Guanyin Bodhisattva was full of shame and anger when she left.

She did not expect that Su Chen would send messages to her soul, and even said some unpleasant words.

Damn little bastard?

Bai Lian?

Guanyin sitting on lotus?

Shameless pervert!

Guanyin Bodhisattva glared at Su Chen fiercely and disappeared. She would teach that shameless little bastard a lesson in the future.

After Su Chen left with the angel army, he saw that the powerful people around him had not left yet.

This made him very speechless.

After watching the play, what are these powerful people left to do?

"Please leave, there is no show for you to continue watching."

Su Chen waved around and disappeared.

He had no time to pay attention to these powerful people. This time the matter was a bit big. He didn't know what the situation of Dashang was now. Su Chen also hurried back to Dashang Palace to check. The situation.

The powerful people around saw Su Chen leaving, and there was nothing to watch here.

How much control does Su Chen have about Hongjun? They can only guess one or two.

However, these powerful people are not in vain. Come here, they all know some important information.

Especially the Hongmeng Purple Qi.

Hongmeng Purple Qi is highly poisonous.

Whoever gets attached to it will be unlucky.

Otherwise, Empress Nuwa will not give up her holy position, and she will also give up the Hongmeng Purple Qi. Angry, (for Baoshuang novels, go to Feilu Novel Network!)

All the powerful men have guessed that the other saints are going to be unlucky. Are the other saints as courageous as Empress Nuwa to give up the holy position? Abandon the Hongmeng Purple Qi?

"Let's go. Su Chen has left and nothing will happen here again."

"OK, leave!"

"I can't even figure it out now, how did Nuwa Empress advance to the Holy Realm again? And he was directly promoted to the fifth level of the Holy Realm."

"It's very strange. It's impossible for heaven's luck and human luck to do this. I guess Su Chen must have done something. The emperor Su Chen is really weird."

"Well, the Heavenly Emperor Su Chen is too weird. From now on, Heaven will be controlled by Su Chen. The saint sects and even all races in the prehistoric fairyland will not dare to provoke the Heavenly Court, let alone the Heavenly Emperor Su Chen."

"That's right, but the Heavenly Emperor Su Chen is so horny, even hornier than the mortal humans."

"Let's go, we have to think over what happened today when we get back."

After chatting with the powerful people around Jinji Ridge, all the powerful people disappeared in Jinji Ridge....0

The good show they saw today made them shocked and confused.

A scumbag, Taiyi Golden Immortal, made all the saints helpless.

Even Hongjun Daozu, the first saint in the prehistoric era, was against the Emperor Su Chen. Had to retreat.

Emperor Su Chen and all the powerful men in the prehistoric immortal world would remember this name and would not even dare to offend Emperor Su Chen.

After Zhunti and Jieyin looked at the battle between Sanqing in the chaos, they also disappeared into Jinji Ridge.

Hongmeng purple energy?

This highly poisonous Hongmeng Purple Qi, their senior brothers were hesitant at this time.

Empress Nuwa had the courage to give up her holy position and abandon the Hongmeng Purple Qi, but could they?

Empress Nuwa gave up her holy status, but Su Chen could bring Empress Nuwa back to the holy realm, and the holy realm could even surpass the previous realm.

Where are their senior brothers?

If Zhunti and Jieyin gave up their holy status and Hongmeng Ziqi, no one would be able to help them return to the holy realm.

Chaoge,

Dashang Palace.

After Su Chen came back and listened to the story of the little fox Su Daji, he was relieved. All the disciples of Jiejiao left Dashang, and even Grand Master Wen Zhong also left Dashang.

In Su Daji's bedroom,

Su Chen enjoyed Su Daji's massage while listening to Su Daji talking to him about the situation of Dashang.

Su Daji smiled and massaged Su Chen's head and said,

"Su Chen, the situation of Da Shang in 2.7 is very stable, especially after the identities of your Human Emperor and Heavenly Emperor are known to the human race, Da Shang is even more stable. I guess the Western Zhou Dynasty will not have the courage to rebel again."

Su Chen leaned on Su Daji's soft body. He touched Su Daji's smooth and delicate thighs and said,

"Beauty, the Western Zhou Dynasty will still continue to rebel. Now that the Great Tribulation of the Gods has begun, the war between the Western Zhou Dynasty and Dashang will continue until the calamity dissipates. By the way, King Zhou is not dead, right?"

Su Daji blushed and grabbed Su Chen's hand. She was now touched by Su Chen and her whole body was limp and weak.

This shameless bastard was dishonest just after he came back.

"Not dead, but just like dead. King Zhou did not have the protection of the luck of the human race, and the national destiny of the Great Shang did not protect King Zhou. King Zhou had lost consciousness and became a living dead."

Chapter 2426

Su Chen was a little surprised when he heard Su Daji's words.

He didn't expect that King Zhou was not dead yet.

He had lost the luck of the human race and

King Zhou would have died.

The luck of the Great Shang no longer protected the unlucky King Zhou. It's more likely that he won't be able to survive anymore.

Su Chen was a little confused about this.

Su Daji came close to Su Chen's arms and enjoyed Su Chen's touch.

However, when she saw Su Chen frowning and thinking about something,

Su Daji asked doubtfully,

"Su Chen, what are you thinking about?"

Su Chen hugged Su Daji's soft body and said, "I'm wondering why King Zhou is still alive. It stands to reason that if King Zhou loses the luck of the human race, it is impossible for him to survive."

Su Daji rolled her eyes at Su Chen and said,

"What's so good about this? If you want King Zhou to die, can't you just kill him?"

Su Chen shook his head when he heard Su Daji's words.

Kill King Zhou?

King Zhou cannot be killed.

King Zhou is an important figure in the Tribulation of the Gods.

King Zhou can die by himself, but he cannot die in Su Chen's hands. Su Su Chen could not order the execution of King Zhou.

The Great Tribulation of the Gods was ever-changing, and

Su Chen had alreadyDuring the Great Tribulation of the Gods, the three pure saints fought against each other. He did not want to kill Queen Zhou and cause another incident.

Su Chen touched Su Daji's smooth little face and said,

"We can't kill King Zhou, forget it, don't worry about that hapless guy, Daji, if you continue to control Dashang, you will have to control Dashang for at least fifty years."

Su Daji's delicate little face rubbed Su Chen's hand, and she shyly said to Su Chen,

"Don't worry, Dashang has you as the Heavenly Emperor of Heaven, and I also have the title of Heavenly Zhenwu Dangmo Great Emperor. The officials and people of Dashang will support us in ruling Dashang."

"Daji, let's rest!"

"Um!"

Su Chen picked up Su Daji's soft body and walked towards the inner room. Su

Daji was so beautiful and beautiful.

Su Chen couldn't put it down, and Su Daji's perfect figure made him never tire of looking at her and lingering over her. Boom boom.....

More than two months later, the prehistoric immortal world suddenly roared, and then blood rained from the sky. This was the death of a saint in the prehistoric immortal world, and the world was saddened by it.

The great masters in the prehistoric immortal world all guessed who the saint was who fell,

I am the saint!

Since more than two months ago,

Saint Tongtian and Saint Yuanshi joined forces to kill Saint Laozi, Saint Sanqing has been fighting in chaos for more than two months.

Today, the fight between the Three Purities Saints has also come to an end.

"The saint I have still fallen~"

"This is for sure. The Master of Tongtian has the Killing Immortal Sword Formation and the help of the Saint of Yuanshi. It is not surprising that Saint Laozi fell."

"The Sanqing Dynasty is completely in trouble. The lotus flowers are white, the lotus root is green, and the lotus leaves are green. The three religions used to be one family, but now they exist in name only."

"The Emperor of Heaven, Su Chen, is really a master at sowing dissension. In this way, Su Chen made Sanqing his mortal enemy."

"This is something that Saint Laozi brought upon himself. I plundered the origins of his brothers and constantly plotted against Tongtian and Yuanshi. Otherwise, no matter how much Emperor Su Chen sows discord, the Sanqing Saints would not be able to turn against each other."

"Yes, the prehistoric fairy world is getting more and more chaotic. The gods are being catastrophized, the saints are turning against each other, and the Emperor Su Chen is constantly causing trouble. We can't even calculate what major events will happen in the prehistoric fairy world in the future."

Across the Great Shang Immortal Realm, some powerful people were transmitting messages and talking about the death of Saint Lao Tzu. They all felt that the Great Untamed Immortal Realm would become even more chaotic in the future, and might even lead to an uncontrollable situation. In the

Great Shang Palace,

Su Chen held Queen Jiang and He was enjoying the massage of Mrs. Li's soft waist.

Over the past two months,

Su Chen had lived a very comfortable life. By his side, not only was the beautiful Su Daji who brought disaster to the country and the people, but also several others. A beautiful woman was waiting for him. Such a life of singing and singing every night made Su Chen very reluctant to leave.

The ancient world of immortality was shaking and roaring. (To read Baoshuang novels, go to Feilu Novel Network!)

Blood rain was falling in the air.

Su Chen watched A smile appeared on the corner of his mouth.

Tongtian and Yuanshi had killed the saint Laozi. The saints of Sanqing had been fighting for more than two months. The saint was really difficult to kill. It was Tongtian and Yuanshi who jointly killed me.

Otherwise, if you want to Killing a saint alone may take a year and a half, or even more.

Queen Jiang and Mrs. Li looked at the pavilion with surprised faces, the roar of the ancient fairyland, and the rain of blood falling in the air, which reminded them of After seeing the scene more than two months ago,

Queen Jiang asked Su Chen with a puzzled look,

"Husband, the ancient immortal world is constantly roaring, and there is blood raining in the sky. What happened?"

Su Chen looked at the rain of blood falling in the air and replied,

"The saint has fallen!"

"What? Has the saint fallen? Is this the same as Empress Nuwa more than two months ago?"

Queen Jiang was very surprised when she heard what Su Chen said.

However, she thought that the Nuwa Empress gave up her holy position more than two months ago, and such a scene also happened in the prehistoric fairyland.

But this time Su Chen said that a saint had fallen.

Is this possible?

The saint is immortal, how could the saint be killed?

Su Chen hugged Queen Jiang and kissed her and explained,

"It's different. Nuwa Empress deposed herself as a saint, and the world and the earth are sad. This time, a heavenly saint was killed."

Mrs. Li leaned in Su Chen's arms and asked,

"Killed? Can a saint still be killed? Husband, aren't the saints of heaven immortal?"

"The saint is immortal. This time the saint Lao Tzu is killed, he will be resurrected by the law of heaven."

"So that's it!"

When Queen Jiang and Mrs. Li heard Su Chen's explanation, they all understood that the saints of the way of heaven can be killed, but the way of heaven can resurrect the saints. This is the immortality of the saints in the teleportation theory.

Whoosh!

Suddenly,

Tongtian and Yuanshi appeared outside the pavilion one after another. They saw Su Chen holding two mortal women. The corners of their mouths twitched.

It was unbelievable that a Taiyi Golden Immortal could be so lustful. Are you an immortal who has no desires?

Su Chen saw Tong Tian and Yuan Shi arriving. He knew what Tong Tian and Yuan Shi were coming to do. Su Chen promised to tell Tong Tian and Yuan Shi their secrets. These two saints came to make him fulfill his promise.

Queen Jiang and Mrs. Li saw an old man and a middle-aged man arriving, and they arrived suddenly. They guessed that these two people should be immortals, or even a powerful group of immortals.

Queen Jiang and Mrs. Li hurriedly wanted to get up from Su Chen's arms, but Su Chen Hugging them tightly.

Queen Jiang and Mrs. Li were lying in Su Chen's arms with red faces.

They were really shameless to see others.

Su Chen looked at Tong Tian and Yuan Shi and smiled,

"Tongtian, Yuanshi, you are a bit useless. More than two months have passed, and you two have only killed Saint Laozi today."

Chapter 2427

After Tongtian and Yuanshi heard what Su Chen said, they wanted to shoot this shameless bastard to death.

It took them more than two months to kill me.

Is this a long time?

A heavenly saint, if Tongtian had not used the Immortal Killing Sword Formation, he and Yuanshi would not have been able to kill me even for a year and a half.

An ignorant scumbag,

Tongtian and Yuanshi didn't bother to pay attention to this little scumbag.

Tong Tian Leng proudly asked Su Chen,

"Who is the traitor to Jie Jiao?"

Su Chen patted Queen Jiang and Mrs. Li on the back. Queen Jiang and Mrs. Li both blushed and left the pavilion in a hurry.

They didn't expect that two heavenly saints came. Two aloof heavenly saints came to find their husband. , and they looked like they were begging for their husbands.

Queen Jiang and Mrs. Li were both very surprised. They felt more and more unfamiliar with Su Chen, but

Su Chen's shameless and lustful character had not changed at all. After Chen invited Tongtian and Yuanshi to sit down, he said to the leader of Tongtian,

"Taoist Duobao!"

Tongtian shouted in surprise when he heard Su Chen's words,

"What? Duobao? How can this be? Duobao is my eldest disciple and the elder brother of Jiejiao. How could Duobao be a traitor?"

Tongtian was stunned at this moment,

Duobao?

Duobao is a traitor to the Jiejiao?

How is this possible?

Duobao is his eldest disciple, and in the Jiejiao, he is one person below ten thousand people. Any disciple in Jie Jiao might betray him, but Duobao would never betray him.

Su Chen curled his lips and said,

"Tongtian, do I need to lie? You can now see where some of the treasures are."

After Tongtian heard what Su Chen said, he felt something was wrong.

Could it be that Duobao had fled in fear of crime?

Tongtian thought about it and hurriedly searched for Duobao with an ugly face. If he couldn't find Duobao in the prehistoric fairyland, then maybe what Su Chen said It's true, Duobao really betrayed him

"Su Chen, who among my disciples is the traitor?"

Yuanshi did not expect that the traitor of Jie Jiao would be Duobao, Taoist Duobao, Tongtian's direct disciple.

This made him worried.

The traitor of Jie Jiao would be Taoist Duobao, the great disciple of Tongtian.

What about Chan Jiao?

His Chan Jiao's Who will be the traitor?

Guang Chengzi?

Or Zhenren Taiyi Jin?

"Ran Deng Taoist!"

"It's him?"

Yuanshi Tianzun breathed a sigh of relief when he heard Su Chen's words.

Fortunately, he was not his disciple,

Taoist Ran Deng.

He was a shameless and powerful man.

If Ran Deng hadn't broken through the formation to accept his disciples, Yuan Shi would have been
It is impossible for Tianzun to accept Taoist Ran Deng

"Taoist Ran Deng should also have escaped. You can check. Yuanshi

Tianzun shook his head and replied,

"No need, Taoist Ran Deng is dispensable to the teachings. I will find the traitor and destroy him in the future."

"what ever!"

"Su Chen, what is the secret behind the saint's complete fall?"

"Meteorite Pill!"

Boom!

After Yuanshi and Tongtian heard Su Chen's words, their spirits kept vibrating to warn them, as if they were in extreme danger.

Yuanshi and Tongtian looked at each other in shock.

They did not feel that Su Chen had deceived them. They, Yuan Shen's warning could not be false at all.

Su Chen looked at Tong Tian and Yuan Shi's shocked expressions, he touched his chin and continued,

"In addition, I will give you a secret. There are traitors in your respective sects, but they have not betrayed you yet. As for whether they will betray you in the future, it depends on whether they will be tempted by others."

When Tongtian and Yuanshi heard Su Chen's words, they all frowned. (To read Baoshuang novels, go to Feilu Novel Network!)

There are actually traitors in their sect?

Although those disciples have not betrayed them yet, But there is no guarantee that he will betray them in the future.

Is this him?

Why do all their disciples betray them?

Yuan Shi looked at Su Chen and continued to ask,

"Su Chen, I have another question....."

Su Chen waved his hand to interrupt Yuan Shi and said, "Yuan Shi, if you want to ask me anything, it depends on your sincerity."

"what would you like?"

"The central apricot-yellow flag, one of the innate five-element flags!"

"OK, I'll give it to you!"

Yuan Shi heard Su Chen's words and didn't think about it. He took out the central apricot-yellow flag, wiped off the mark of the soul, and handed it to Su Chen.

The secret he wanted to ask was very important.

Although the Meteor Holy Pill could threaten their lives,

0 flowers please

But as long as he and Tongtian are careful, the threat of the Meteorite Pill to them will be minimized. But if he wants to ask Su Chen's secret, this is the imminent crisis that threatens their lives at all times.

"Just ask!"

Su Chen took the central apricot yellow flag and smiled. He got a top-quality innate spiritual treasure again.

Su Chen felt that if he came a few more times, he would blackmail Tongtian and Yuanshi's top-quality innate spiritual treasures into their hands.

Yuanshi Tianzun looked serious. asked, "Why did the Nuwa Empress give up her holy position and abandon the Hongmeng Purple Qi?"

Su Chen said to Yuanshi Yuanshen,

"Hongmeng Purple Qi is poisonous. If you have Hongmeng Purple Qi in your soul, your life and death will be in the hands of others."

"Damn it, damn it!"

After Yuanshi Tianzun heard Su Chen's words, he kept yelling and scolding with an angry face.

He understood why Empress Nuwa gave up her holy position and abandoned Hongmeng Ziqi.

Hongjun! Hongjun!

Their teacher Hongjun, this He is really a good teacher.

That old bastard Hongjun actually tampered with Hongmeng Ziqi.

After Tongtian saw Yuanshi's extremely angry look, he did not bother to find the traitor Duobao Taoist.

Tongtian wanted to know what Su Chen told Yuanshi What? Why was Yuan Shi so angry after hearing this?

Tong Tian wanted to ask Yuan Shi, but he guessed that Yuan Shi could not tell him. He would easily tell him the news that Yuan Shi got by paying for a top-quality innate spiritual treasure. Tong Tian looked at Su Chenyi The deputy looked like he was being slaughtered and asked,"Su Chen, I also want to know this secret!" Su Chen shook his head speechlessly when he heard Tongtian's words. Tongtian probably didn't have any top-quality innate spiritual treasures in his hand. Tongtian couldn't give him the Four Swords of Zhu Xian, and the Qingping Sword was Tongtian's enlightenment spiritual treasure, and Tongtian couldn't give it to him either.. It seems that there are not many spirit treasures left in Tongtian. Purple electric hammer? Fish drum? Heart-piercing lock? These spirit treasures don't seem to be very good.

"Tongtian, do you have any other top-quality innate spiritual treasures?"

Tongtian saw Su Chen looking down on him, and he said to Su Chen with a dark face,

"Su Chen, what top-quality innate spiritual treasure do you want? If I don't have it, I can get it back for you."

Chapter 2428

Su Chen was happy when he heard what Master Tongtian said. He didn't expect that Tongtian would say that.

Why would he grab it if he didn't?

Tongtian will do whatever it takes to get the secret.

"Tongtian, Kunpeng has the Hetu Luoshu written by Demon Emperor Jun in his hand. I want the Hetu Luoshu. Tongtian nodded and replied,"Yes, I will give you the Hetu Luoshu within three days.""

"Hongmeng Purple Qi is poisonous, and your life....."

After Su Chen heard that Master Tongtian agreed, he also told Master Tongtian about the poisonous Hongmeng Purple Qi.

Su Chen did not doubt that Tongtian would not give him Hetu Luoshu after hearing this.

With Tongtian's proud character,

Tongtian would definitely do what he said.

After a while,

Yuan Shi and Tong Tian left the Dashang Palace.

Although they still had some secrets they wanted to know, asking Su Chen was too expensive.

The ultimate innate spiritual treasure?

Damn it, a secret is worth a top-notch Jiading Lingbao.

This bastard Su Chen is too shameless.

Tongtian and Yuanshi will not easily ask Su Chen any secrets. If it is not an important secret, it may even be a life-threatening secret. , they won't see this shameless bastard again

"He left just like that? Don't Yuanshi and Tongtian have any secrets to ask?"

Su Chen saw Yuan Shi and Tong Tian leaving without saying hello.

He touched his chin and shook his head speechlessly.

Su Chen also saw the dark faces of Yuan Shi and Tong Tian. They should have some secrets they wanted to ask.

However,

Su Chen felt that Tongtian and Yuanshi didn't want to waste any more Lingbao asking about secrets, at least not now.

Half a year passed in a blink of an eye, and the prehistoric fairy world was peaceful during this half-year period. The Western Zhou Dynasty did not launch a war against the Great Shang for almost a year. In the prehistoric fairy world, Nothing major happened, and the Great Tribulation of the Gods seemed to have stopped temporarily.

However, the calamity in the prehistoric fairy world was becoming more and more terrifying.

Some low-level cultivation creatures who had committed the crime of killing were all confused at the moment, although these were just some low-level ones. cultivators, but the prehistoric fairyland seems to be getting closer and closer to the great terror.

In heaven,

Nuwa and the Queen Mother are sitting together.

However, the Golden Spirit Virgin Mary and Guanyin Bodhisattva are unhappy.

They have officially After breaking away from Jiejiao and Chanjiao, Tongtian and Yuanshi checked the jade slips, and they both nodded and agreed that the Golden Spirit Virgin Mother and Sisters should leave their respective sects.

"We are really not as good as a secret. That bastard Su Chen said it right. Saints are aloof and regard all living beings as ants. We are no different from ordinary ants."

"The teacher used to love us very much, but for the sake of profit, the teacher will abandon us"

"We don't have to be sad. We will all be free in the future. We will no longer have the control of teachers or the constraints of sects. We can do whatever we want in the future."

"Bixiao, you are wrong. We will be bullied to death by that bastard Su Chen in the future."

"Yes, and that bastard Su Chen, how could I forget that little bastard?"

"It's been almost a year, and that bastard hasn't come to see Heaven. Su Chen is the most incompetent Emperor in Heaven since ancient times."

Our Lady of Jinling had a conversation with Guanyin Bodhisattva, and they all shook their heads speechlessly.

Although the girls left their respective sects and no longer have the constraints of teachers and sects on them, they still have Su Chen. That bastard bullied them.

After the Queen Mother heard the conversation between the Golden Spirit Virgin Mother and the girls, she smiled and reminded them,

"Don't worry, Su Chen is just a scumbag, Taiyi Golden Immortal. If that little scumbag dares to bully you, you can beat up that shameless little bastard."

After the Holy Mother Wudang heard what the Queen Mother said, (to read Baoshuang novels, go to Feilu Novel Network!) she said with a speechless face,

"Queen Mother, although Su Chen is a scumbag, it will not be easy for us to take down that bastard. Yun

Xiao rubbed his forehead and said,

"Yes, Su Chen can control our spiritual treasure, and that little bastard also knows the laws of space and time. It's not easy for us to catch that little bastard."

Our Lady of Turtle Spirit blinked her eyes and reminded,

"We can round up that little bastard together. The two of us teach seven quasi-sages. I don't believe that little bastard can escape the capture of so many of us quasi-sages."

The Golden Immortal Mother shook her head and said, "Forget it, Guiling, we just captured Su Chen, what will we do next? Are you going to be retaliated and humiliated by that bastard in the future?"

Nuwa Empress waved her hands and reminded the girls,

"Okay, heaven has been reorganized by us, and we will start practicing in batches from now on"

"As long as we absorb the origin of Heaven's Dao that Su Chen gave us this time in seclusion, our cultivation realm will be able to advance quickly."

The Queen Mother of the West and the Yunxiao girls all nodded.

Su Chen asked Su Daji to send them a lot of cultivation resources, and Su Chen also sent them some sources of heaven. This made all the girls very surprised.

Although the source of heaven There wasn't much, but the source of Heaven's Law could only be obtained by plundering Heaven's Law. None of them could understand how Su Chen had the source of Heaven's Law. In a room in the Dashang Palace , Mrs. Huang saw Su Chen still lying on the bed. Go to bed, it's already dawn, and this bastard hasn't gotten up yet to leave. Does this bastard want Queen Jiang and the other girls to find out? Madam Huang pushed Su Chen and cursed softly, "Shameless man, get out of here!"⁴⁹³ Su Chen reached out and hugged Mrs. Huang's plump waist and said,

"Beauty Huang, it's been more than half a year, can't you use another word when you scold me?"

"shameless!"

Mrs. Huang stared at Su Chen with a face full of embarrassment.

This little bastard,

Mrs. Huang was tricked by Su Chen half a year ago. In the past six months, she has been fond of Su Chen but also helpless.

Su Chen is too powerful.

The immortal Su Chen is not She, a mortal woman, could bear it. If it weren't for Mrs. Li's continuous help, Mrs. Huang might have been tortured by Su Chen into coma.

When Su Chen was holding the shy Mrs. Huang and stroking her soft and sexy body,

Su Chen Daji arrived quickly and shouted to Su Chen,

"Su Chen, get up quickly. The Western Zhou Dynasty has started another war."

"Um? Did the Western Zhou Dynasty start a war? It's been almost a year. Ji Fa, King Wu of the Western Zhou Dynasty, should launch a war. The Catastrophe of Conferring Gods cannot be delayed any longer."

Su Chen was not surprised when he heard Su Daji's words.

The catastrophe of the Gods Tribulation was getting more and more serious, and the war between the Western Zhou Dynasty and Dashang could not continue to be delayed.

Su Daji looked at Su Chen still holding Mrs. Huang, and she helplessly shouted to Su Chen,

"Why don't you get up? Kong Xuan received news that the Western Zhou Dynasty not only gathered millions of troops, but also received help from Chanjiao and Jiejiao. Sishui Pass was under tremendous pressure."

Chapter 2429

Su Daji was speechless towards Su Chen.

This bastard had been doing nothing for more than half a year. She and Queen Mother Jiang and her daughters were tortured by Su Chen every day. If this bastard didn't do anything anymore, Su Daji felt that Su Chen was even more debauched than King Zhou. Infinite.

Mrs. Huang pushed Su Chen away in shame and anger.

She was originally worried that the other girls would find Su Chen in her room, but this bastard was too lazy to leave her room.

When Su Daji found out this time,

Mrs. Huang was so embarrassed that she wanted to bite this shameless bastard to death.

After Su Chen heard Su Daji's words, he didn't expect that the Chanjiao and Jiejiao would join forces to help the Western Zhou Dynasty. Was this the decision of Yuanshi and Tongtian? Or was that old bastard Hongjun asking Yuanshi and Tongtian to do this?

Su Chen got off the bed and said to Su Daji,

"There will be no problem at Sishui Pass. Chanjiao and Jiejiao are helping the Western Zhou Dynasty, and those immortals will not take action against ordinary human armies."

"There are two powerful men, Kong Xuan and Lu Ya, in Sishui Pass. None of the powerful men in Chan Jiao and Jie Jiao are their opponents, unless the saint takes action himself, but it is impossible for the saint to take action at this time."

Su Daji heard Su Chen nodded, and

Su Chen said that's right.

In the war between the Western Zhou Dynasty and Da Neng Shang, 650 the war between human race and human race, the war between immortals and immortals, it is impossible for immortals to take action against the human army.

However,

Su Daji was still a little worried.

There were only two great powers in Bishui Pass, Kong Xuan and Lu Ya.

No, to be precise, there were only two great powers, Kong Xuan and Lu Ya, in the entire Dachang. However, there were quasi-sage powers in the Sage Sect. But there are quite a few.

Su Daji took Su Chen's arm and said,

"Su Chen, I'm still worried"

"These are two saint sects involved in the war. The disciples in the saint sect are either powerful quasi-sages or Da Luo Jinxian. Our Dashang still has too few strong immortals."

Su Chen hugged Su Daji's small waist and said,

"Who said we have few powerful immortals? Your husband, I have not summoned our immortals and strong men yet. The Conferred God War has just begun. It is not the time for our immortals and strong men to participate in the war."

Su Daji leaned into Su Chen's arms and asked in surprise,

"Do we have strong immortals? Su Chen, the heavenly soldiers and generals in heaven are too weak. Your angel army in heaven is quite powerful, but the number is too small."

Su Chen touched Su Daji's smooth and silky hair and smiled. He had no intention of using the heavenly soldiers and generals in the heaven.

In the ancient immortal world,

Su Chen wanted to use many powerful immortals. The immortal army Su Chen could also do this. Tens of millions of people were recruited within ten days.

The three innate tribes in the prehistoric fairy world, as well as the witch tribe, demon tribe, Shura tribe, etc., Su Chen could summon these races to fight for him.

"No, I'm not talking about the immortal army in heaven."

"I'm talking about the Witch Clan and Monster Clan, as well as the Shura Clan of the Sea of Blood, the Nine Netherworld Clan of the Six Paths of Reincarnation, and even other forces and races from the prehistoric fairyland. I can recruit them all."

Su Daji rolled her eyes and Su Chen didn't believe it and said,

"Just brag, how could the various forces and races in the prehistoric immortal world listen to your call?"

"Ha ha....., Daji, you will understand later."

At this time, after Mrs. Huang heard Su Chen and Su Daji's conversation, she looked at Su Chen and asked worriedly,

"Husband, are you going to Sishui Pass?"

Su Chen shook his head and replied, "I won't go for now, I want to go to the Northern Plains."

"Prehistoric Northern Plains? Are you going to find the demon clan?"

Su Daji was very surprised when she heard Su Chen's words,

"Northern Plains"?

That bitter cold place is the place where demons are exiled in the Demon Clan's heaven. What did Su Chen do in "Northern Plains"?

A human emperor went to "Northern Plains".

Su Chen Aren't you worried that the demon clan will kill him?

Su Chen nodded and replied,

"Well, I have a good relationship with Demon Saint Baize and Demon Saint Qinyuan of the Demon Clan, as well as several other (dafj) Demon Saints. I want to go and say hello to them. If the Immortal War breaks out in the future, I need the Demon Saints. The clan army fights for me."(To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen was also just in case.

The Conferred God War was originally about Chanjiao, Renjiao, and Buddhism. These three saint sects would deal with Jiejiao together.

But what about now?

The saint sects in the ancient immortal world will all unite.

If the war between humans turns into a war among immortals, Su Chen will be caught off guard.

Su Daji was a little surprised when she heard Su Chen's words. She looked at this little bastard with a strange look in her eyes. The clan is also related to Su Chen?

Is there also this bastard woman in the demon clan?

Who is it?

Is it the Demon Saint of Qinyuan?

Or the Demon Saint of Shangyang?

Three days later, at the junction of the prehistoric Beiyuan and the prehistoric Dongfang,

Su Chen stood on a big mountain Looking around, he used the law of space to reach the edge of the ancient wilderness.

"Come out!"

Whoosh!

I instantly appeared next to Su Chen.

He looked at Su Chen and was very surprised.

He, a saint of heaven, and

Su Chen, a scumbag, could actually notice his arrival.

Is this still a scumbag human race?

"The Emperor of Heaven is indeed the Emperor of Heaven. As a saint of Heavenly Dao, Lao Dao did not expect that his whereabouts would be discovered by a Taiyi Golden Immortal."

Su Chen didn't expect that I would be here.

This old sinner didn't recover well after being resurrected by the way of heaven. How could he follow him to the wild northern plains?

Su Chen looked at me and curled his lips and said, "I know the laws of space. It's not that I don't know, as long as the space fluctuates, it cannot escape my perception."

"The Emperor of Heaven made peace with creation!"

Su Chen sat on the stone next to him and asked, "I, what's the reason for your arrival?"

I touched my beard and replied,

"I want to know some secrets. Do you have any conditions?"

Su Chen felt happy when he heard what I said. Another rich man has arrived. This time he will kill me hard. I have a lot of top-quality spiritual treasures in my hand.

Su Chen hopes that I can ask more secrets.

"You can ask three secrets about the Xuanhuang Exquisite Tower of Heaven and Earth"

"Okay, the old man agreed."

I thought for a while and agreed.

He knew that if he asked Su Chen a secret thing, the saints would have to pay for a top-quality innate spiritual treasure. I's Heaven and Earth Xuanhuang Exquisite Pagoda is a treasure of acquired merit.

This time I can ask Su Chen three secret things.

This is very fair to him.

After I took out the Xuanhuang Exquisite Tower of Heaven and Earth to erase the mark of the soul, he handed it to Su Chen and asked,

"The first thing, what can make the saint completely fall?"

"Meteorite Pill!".

Chapter 2430

After Su Chen took over the Xuanhuang Exquisite Tower of Heaven and Earth, he was very curious.

Su Chen had told other saints these secrets.

I had broken up with Yuanshi and Tongtian. It was impossible for Tongtian and Yuanshi to tell me, but I and Zhunti There was no breakup between Jie Yin, so why didn't I go to Zhunti and Jie Yin to ask?

Could it be that I don't believe in Zhunti and Jingyin?

Or are Zhunti and Jie Yingti's conditions even more excessive?

Su Chen was a little confused about this, but since I came to be slaughtered, Su Chen would not be polite to me.

"Meteorite Pill?"

After I heard Su Chen's answer, his soul was shocked and issued a warning.

I didn't think Su Chen was lying.

Although he was very angry at Su Chen for revealing his plan, Su Chen didn't say anything to him. "813" lie, I would rather believe in Su Chen than those saints. I continued to ask with a serious face, "The second thing, what's going on with the Hongmeng Purple Qi?"

"The Hongmeng Purple Qi is poisonous. Your saint's Hongmeng Purple Qi has been tampered with. Your saint's life and death have been manipulated by others....."

I nodded when I heard what Su Chen said.

What Su Chen said was similar to his guess. When Nuwa gave up her holy position and abandoned the Hongmeng Purple Qi, he had already guessed that there was something wrong with the Hongmeng Purple Qi.

However,

I didn't expect that Hongmeng Ziqi would be manipulated by Hongjun, and the life and death of their saint would be in Hongjun's hands.

Damn Hongjun,

Hongmeng Purple Qi is very important to their saints.

Without Hongmeng Purple Qi, none of them can become saints.

If I give up the holy position and give up Hongmeng Purple Qi, it is impossible for him to advance to the Holy Realm again. It was impossible for Su Chen to help him return to the Holy Realm like he helped Nu Wa.

I can only find a way to preserve the Hongmeng Purple Qi in the future and remove the hidden dangers of the Hongmeng Purple Qi.

I sent a message to Su Chen's soul, "The third thing is, why did Hongjun plan not to collapse Mount Zhou?"

"I can't tell you this matter. I promised Hongjun not to leak it. I, please ask in a secret way!"

Su Chen shook his head and refused.

Hongjun had not planned the collapse of Zhoushan Mountain. This matter is of great importance and Su Chen will not reveal it easily.

I frowned when I heard Su Chen's words.

He did not expect that Su Chen would not tell him. This secret of his made him guess that there must be something wrong with the collapse of Buzhou Mountain.

There was even a big problem.

It was impossible for Hongjun to do something that was unprofitable and could not be done early.

Buzhou Mountain was the pillar of heaven in the prehistoric fairyland.

After the collapse of Buzhou Mountain,

The innate spiritual energy in the prehistoric immortal world has become the acquired spiritual energy, making it more difficult for the immortals in the prehistoric immortal world to practice. It can also be said to cut off the cultivation prospects of the immortals in the prehistoric immortal world.

What is Hongjun's intention in planning the collapse of Mount Buzhou? That old yandere What benefits can be gained?

"Su Chen, what happened to the resurrection of the Chaos Demon God?"

Su Chen heard me asking about the Chaos Demon God.

He thought about it and decided to tell me the secrets of the Chaos Demon God.

In the ancient immortal world during the Conferred Gods Period, Su Chen didn't know if the Chaos Demon God had appeared.

However, the Space Demon God would definitely think about it when he raised his eyebrows. He tried his best to enter the ancient fairy world, but Yangmei's small broken body was left in the ancient fairy world. He will definitely try his best to get back his broken body.

"Lao Tzu, as long as the Chaos Demon Gods have a trace of their soul, they will be resurrected and even return to their heyday over a long period of time."

"This is different from the immortals in the prehistoric immortal world. It is impossible for the immortals to return to their heyday if their souls are not intact. Among the Chaos Demon Gods, some Demon Gods such as the Yin-Yang Demon God, the Universe Demon God, and the Desire Demon God have recovered and are almost back to their prime." (To read exciting novels, go to Feilu Novel Network!)

"Also, the Space Demon Yangmei did not die during the war between the three clans, and his holy realm was only a little lower than Hongjun's. The Space Demon God wanted revenge on Hongjun all the time."

After I heard what Su Chen said, he was very surprised.

During the war between the three clans, the Yin Yang Demon God and the Qian Kun Demon God did not completely fall, and they were about to recover to their heyday. I think there will be a future in the prehistoric immortal world.

Big Trouble, the Yin Yang Demon God, the Universe Demon God, and the Space Demon God. These are all fleeing to death calculated by Hongjun. If these Chaos Demon Gods return to their heyday, they will definitely come to the prehistoric fairy world to take revenge, and may even destroy the prehistoric world. Immortal world.

After thinking about this for a while, he looked at Su Chen and said,

"Su Chen, I'll trade one secret for you...0"

"Tell me!"

"Hongjun gave us an order, ordering us five great saints to fully support the Western Zhou Dynasty to destroy the Great Shang. Hongjun gave us twenty years to destroy the Great Shang. Also, Haotian may become a saint soon. , Hongjun gave the Hongmeng Purple Qi of Nuwa Empress to Haotian."

Damn it, it's really that old treacherous guy Hongjun who is behind this. Hongjun is still planning to destroy the ancient world of immortality?

Damn it,

Hongjun will do anything to become stronger."

Su Chen rubbed his chin and thought,

Hongjun was only a saint at the seventh level of the Holy Realm during the Conferred Gods Period. This is very different from the tenth level of the Holy Realm during the Journey to the West. During the Conferred Gods Period, Hongjun's Holy Realm will definitely improve very quickly.

Hao God?

Even if that idiot can become a saint, Nuwa

Empress can crush him to death with one hand.

That idiot in Haotian is nothing to worry about, but how to prevent the destruction of the ancient world? Do we need to inform the ancient heaven?

Su Chen rubbed his forehead and felt helpless ,

The ancient law of heaven is the last resort. Su Chen will not disturb the ancient law of heaven unless it is a last resort.

"I can ask you another secret."

When I heard Su Chen's agreement, he hurriedly asked Su Chen,

"Hunyuan Daluo Jinxian, if we saints give up the holy position, can we cultivate to Chaos Daluo Jinxian?"

Su Chen looked at me 0.2 and smiled.

Are I going to give up Hongmeng Purple Qi?

However,

I dare not give up Hongmeng Purple Qi, and Hongjun can't let me become a Hunyuan Da Luo Jinxian.

Hongjun takes it Empress Nuwa has nothing to do, but I dare to give up the Hongmeng Purple Energy. Yuanshi and Tongtian may kill me when I fall into the holy realm. Even Hongjun cannot let me give up the Hongmeng Purple Energy.

"Lao Tzu, you saints cannot become saints by practicing the three-corpse method. You are just taking a shortcut to ascend to the holy realm by using the Hongmeng Purple Qi. Have you not thought about how the Chaos Demon God became a holy realm?"

"The three corpses' enlightenment is Hongjun's Dao, not your Dao. Among all the saints, do you think that the three corpses can become one and become a saint? All the Chaos Demon Gods have become saints by practicing the laws. You have all been deceived by Hongjun."
