

## Zongwu 2441

### Chapter 2441

Outside the Ice Cave,

Demon Saint Bai Ze, Demon Saint Ji Meng, and Demon Saint Qin Yuan were standing in embarrassment outside the entrance of the Ice Cave. They had just escaped from the Ice Cave.

After the sealing barrier of the Ice Cave was broken,

Demon Saint Baize and Demon Saint Qinyuan got the news, and they both rushed over quickly.

The ice cave must be sealed as soon as possible, otherwise after the ice monsters in the ice cave come out, their demon clan will face the attack of the ice monsters, and even the demon clan will suffer huge losses.

However, when they learned that Su Chen and Demon Saint Shang Yang had entered the ice cave, Demon Saint Baize was worried that something would happen to Demon Saint Shang Yang, so the three demon saints entered the ice cave to save Demon Saint Shang Yang and Su Chen.

But at a depth of 10,000 miles, they were attacked by more than a dozen quasi-holy ice monsters.

If they had not used the spirit treasures to escape, the three demon saints might have perished in the ice cave.

Qinyuan Demon Saint said to Bai Ze with a worried look,

"Shang Yang and Su Chen were not at the depth of 10,000 miles. Did they avoid those quasi-holy ice monsters and enter the depths?"

Bai Ze nodded and replied,

"It is possible that Emperor Su Chen is very weird. I suspect that he came to the Northern Plains this time just for the Ice Cave. What secrets must be in the Ice Cave that attracted Emperor Su Chen to come?"

"Bai Ze, are we still sealing the ice cave? Ji

Meng looked at the ice cave and asked Bai Ze.

The ice monsters in the ice cave are about to pour out of the cave.

In half an hour at most, some low-level ice monsters will come out. If many ice monsters emerge from the cold ice cave, Coming out of the ice cave, the demon army stationed in this area may be attacked.

After hearing Ji Meng's words, Qinyuan Demon Saint hurriedly reprimanded,"Idiot, Shang Yang and Su Chen are both in the ice cave. Do you want to Trap them all in an ice cave? Ji

Meng hurriedly explained with a dark face,

"Qinyuan Demon Saint, that's not what I meant. What I said was to seal the ice cave first to prevent the ice monster from coming out. We are waiting for Shang Yang and Su Chen outside the ice cave. After they arrive, we can lift the seal."

Bai Ze. After the Demon Saint heard what Demon Saint Ji Meng said, he felt very helpless.

The ice monster coming out of the ice cave would bring huge losses to the demon clan, but Demon Saint Shang Yang and Emperor Su Chen were both there. In the Ice Cave, it is impossible for the Demon Clan to lose another Demon Saint, and Heavenly Emperor Su Chen cannot die in the Demon Clan's territory. If

Heavenly Emperor Su Chen dies in the Demon Clan's territory, the powerful Queen Mother of the West and the Queen Mother in Heaven will Women, they will not let go of the demon clan, even the sage Nuwa of the demon clan, she may also punish them.

Emperor Su Chen , this is really a troublemaker, how could that bastard come to their demon clan territory? ?

Bai Ze rubbed his forehead and said helplessly,

"Ji Meng, we can't seal it. To seal it once, we need to use up all our mana. If we have just sealed the ice cave and Shang Yang and Su Chen come over, how can we lift the seal?

Ji Meng asked worriedly, "What if we don't seal the ice cave and the ice monster appears?"

"Ji Meng, immediately assemble one million demon soldiers. Let's guard the entrance to the ice cave first. We hope Shang Yang and Su Chen can come out as soon as possible."

"good"

"Qinyuan, please inform Empress Nuwa and tell Empress Nuwa about the news about Emperor Su Chen."

"Well, I will contact Empress Nuwa right away."

Qinyuan nodded hurriedly.

She understood why Bai Ze did this.

Emperor Su Chen, this is a barrel of explosives. If something happens to Emperor Su Chen in the territory of the demon clan, all the powerful powers in heaven will not let the demon go. Even the Nuwa Empress would punish their demon clan.

In the Ice Cave, after Su Chen and Shang Yang recovered their mana, they continued to go deeper into the Ice Cave.

Along the way,

Su Chen held Shang Yang in his arms. The soft waist quickly penetrated deep.

After Shang Yang's objections were ineffective, she could only let Su Chen protect her and go deep into the ice cave. (To read Baoshuang novels, go to Feilu Novel Network!)

"Su Chen, if you move your hands around me, I will kick you away."

On the way,

Demon Saint Shang Yang was harassed by Su Chen intolerable.

The bastard touched her waist at first, but after she didn't resist, the bastard went too far. Shang Yang stared at Su Chen and wanted to choke her. Damn this shameless pervert.

Su Chen hurriedly said in embarrassment, "Shang Yang, you are so beautiful, I can't help it."

"Little bastard, this is my last warning to you, if you dare to mess up again.....Woohoo!"

Before Shang Yang finished warning Su Chen, she was suddenly kissed by Su Chen.

Shang Yang was stunned for a moment.

She was forcibly kissed by this little bastard?

Does this little bastard want to die?

Shang Yang was confused. She was about to blow this bastard away in a moment, but her soul actually got entangled with Su Chen's soul.

Shang Yang's body was weak for a moment, and she lay in Su Chen's arms with her whole body weak and her face flushed. The relationship between the souls The entanglement made Shang Yang a little uncomfortable.

Although this feeling was very beautiful, she didn't want to be bullied by Su Chen.

In the ice cave and the space prison, the souls of Su Chen and Shang Yang merged, which made Su Chen didn't expect it, but the feeling of blending between the souls and the physical blending was even stronger.

Damn, so the souls are still used in this way?

Although Su Chen liked this feeling, he was a human race, so he still felt that it was direct Physical contact is the real blend.

Boom boom boom....

Outside the space prison, countless ice monsters suddenly attacked each other. The ice monsters here have already penetrated 200,000 miles into the ice cave, but the ice monsters here are not as powerful as the ice monsters 10,000 miles deep. These are all golden immortals. There are only a dozen or so of the ice monsters of Taiyi Jinxian and Daluo Jinxian.

Shang (Hao Zhao Zhao) Yang heard the huge vibration outside the space prison. She hurriedly left Su Chen's arms with a face full of love.

She looked at the ice monster outside the space prison and asked doubtfully,

"Su Chen, what's going on? Why are the ice monsters here killing each other?"

After Su Chen frowned and checked, he suddenly discovered that the eyes of the ice monsters here were different. The white-eyed and golden-eyed ice monsters were fighting each other. It was like a war between two races fighting for territory.

"Shang Yang, look, these seem to be two different groups. The ice monsters have different eyes. The white-eyed ice monsters and the golden-eyed ice monsters seem to be attacking."

After Shang Yang discovered that the eyes of the ice monster were different colors, she asked Su Chen in surprise,

"Huh? The colors are really different, what's going on? Did the Ice Demon God also create two kinds of puppet ice monsters? But why do the two ice monsters kill each other?".

## Chapter 2442

Shang Yang was very confused at this moment, two different ice monsters?

And also killing each other?

How did the Ice Demon God create two kinds of ice monsters? Why do two kinds of ice monsters kill each other?

Su Chen shook his head and replied, "I don't know, but I have some guesses."

"What guess?"

"Shang Yang, let's go deeper. You'll understand in a moment."

"you...."

Shang Yang was very angry when he saw Su Chen's inscrutable look.

This bastard didn't say anything about his guesses.

Isn't this making people anxious?

In the Ice Cave,

Su Chen took Shang Yang deeper into the space prison.

He had already guessed some reasons, but he was not sure yet.

If Su Chen's guess was correct, then why did the Ice and Snow Demon appear? At twenty thousand miles? Why are the two ice monsters here fighting? This is all made clear.

Along the way,

Su Chen and Shang Yang saw tens of thousands of ice monsters killing each other.

The ice monsters were stronger than ordinary immortals, but the ice monsters here only had magical powers of ice and snow, and these ice monsters The beast actually has no mana or other magical powers.

The ice monster died after being crushed.

If the puppet ice monster wasn't physically strong, it would not be as powerful as an ordinary immortal.

In the ancient northern plains, at the entrance of the Ice Cave,

Bai Ze and Qin Yuan were waiting anxiously at the entrance of the Ice Cave. It had been a month and

Demon Saint Shang Yang and Su Chen had not come out yet. They were all worried that Demon Saint Shang Yang and Su Chen would perish in the cold. In the Ice Cave Mansion.

Around the Ice Cave, millions of demon soldiers were deployed around the Ice Cave. On the ground and in the air, demon soldiers surrounded the Ice Cave.

Whoosh!

Suddenly, a beautiful woman in white palace clothes appeared at the entrance of the Ice Cave.

"Demon clan Bai Ze meets Nuwa Empress!"

"The demon clan Qinyuan meets Nuwa!"

"The monster clan Ji Meng meets Nuwa Empress!"

"See Nuwa!"

At the entrance of the Ice Cave,

Bai Ze and Qin Yuan saw Nuwa Empress suddenly appeared. They hurriedly saluted Nuwa Empress. The surrounding demon soldiers, led by Ji Meng, also saluted Nuwa Empress.

"All free of charge!"

"Thank you, empress!"

Mother Nuwa looked at the Ice Cave with a cold face. She did not think that there was a secret and terrifying cave in the ancient northern plains. The terrifying cold air gushing out of the Ice Cave could freeze the earthly and celestial beings in an instant..This cave is definitely not simple.

Whose cave is this?

How could that bastard Su Chen enter this cave?

"Bai Ze, how long has it been since Su Chen entered this cave?"

Empress Nuwa rubbed her forehead, feeling very helpless. She had just been practicing in seclusion for a few years, and something happened to Su Chen again. Can't that little bastard calm down for a while?

"Madam, it has been more than a month since Heavenly Emperor Su Chen and Shang Yang Demon Saint entered the Ice Cave."

"More than a month?"

"Yes, concubine!"

"Bai Ze, let me go in and take a look."

After the Empress Nuwa nodded to the demon saints in Bai Ze, she instantly disappeared at the entrance of the Ice Cave. For more than a month, the Nuwa Empress was worried that something would happen to Su Chen in the Ice Cave. She also felt sorry for this Ice Cave. curious

"Yes, empress!"

Bai Ze saw Empress Nuwa entering the Ice Cave. (To read Baoshuang novels, go to Feilu Novel Network!)

He also breathed a sigh of relief at this moment.

With Empress Nuwa here,

Demon Saint Shang Yang and Su Chen will be safe and sound..

Bai Ze looked at Qinyuan Demon Saint and asked doubtfully,

"Qinyuan, why did Empress Nuwa arrive only a month later? Didn't you say it was urgent? Qin

Yuan shook his head and replied,

"Bai Ze, I didn't contact Empress Nuwa. Empress Nuwa should be in retreat. I contacted the Queen Mother and asked her to inform Empress Nuwa."

"So that's it. It seems that Nuwa is in retreat. Nuwa is a saint in the fifth heaven of the holy realm. In the prehistoric fairy world, besides Hongjun, Nuwa is the most powerful saint."

"Bai Ze, you are wrong. Empress Nuwa is Hunyuan Daluo Jinxian, she is not a saint!"

"Ahem, is there a difference?"

Bai Ze shook his head speechlessly when he heard Qin Yuan's words.

In the prehistoric immortal world, for quasi-sages like them, the saints and Hunyuan Daluo Jinxian are the existences on the ceiling of the prehistoric immortal world.

Swish swish.....

At this time,

0 Asking for Flowers

, the Queen Mother, the Holy Mother of the Golden Spirit, the Yunxiao Queen, and the Guanyin Bodhisattva, the four girls also appeared outside the Ice Cave.

Our Lady of Golden Spirit looked around and asked hurriedly,

"Did Demon Saint Baize, Demon Saint Qinyuan, and Empress Nuwa enter the Ice Cave?"

"The Holy Mother of the Golden Spirit and the Nuwa Empress have just entered."

Baize Demon Saint was even more speechless at this moment.

He was very surprised by the arrival of Nuwa Empress, Queen Mother Empress and the four daughters of Yunxiao for Su Chen.

This shocked Bai Ze even more.

Nuwa Empress and Queen Mother Empress were powerful women. Dear friends, they are really close to Su Chen.

As soon as Su Chen's accident happened, these top fairies from the ancient world came one after another. Emperor Su Chen really deserved to be called the number one pretty girl in the ancient world.

"Let's go in too. Nothing will happen to Su Chen."

The Queen Mother said to the three daughters of Saint Jin Ling with a worried look on her face. She quickly disappeared outside the Ice Cave. Holy Mother Jin Ling, Empress Yunxiao, and Guanyin Bodhisattva also quickly disappeared in place.

Although Empress Nuwa entered the Ice Cave , , but they were still worried about that bastard Su Chen. If they didn't see Su Chen safe and sound with their own eyes, the Queen Mother and the Yunxiao Queen would always be uneasy.

Bai Ze saw the Queen Mother and the Queen Mother disappear one after another, and he said speechlessly,

"Emperor Su Chen is really worthy of being the most beautiful girl in the world, a scum of the Taiyi Golden Immortal. Emperor Su Chen actually makes saints and several quasi-sages worry about him, and these are all the top female fairies in the world of immortality."

Qinyuan was speechless when she heard Bai Ze's words.

But when she heard Bai Ze calling Su Chen a pretty face, Qinyuan's demon saint didn't know why she felt uncomfortable.

She couldn't help but defend Su Chen and said,

"Bai Ze, the Emperor of Heaven Su Chen should be outstanding, the number one pretty boy in the world, this title should not be used for Su Chen"

"Have you ever seen a Taiyi Golden Immortal who can fool those saints around? Have you ever seen a little scumbag who offended a saint still live in peace?"

Bai Ze looked at Qin Yuan in surprise. Qin Yuan had always been indifferent to everything, not even the things of the demon clan. How could Qin Yuan speak for the Emperor Su Chen this time?

"Qinyuan, do you know the Heavenly Emperor Su Chen?".

Chapter 2443

Demon Saint Qinyuan was even more speechless when she heard Demon Saint Bai Ze's words.

How could she know the Emperor Su Chen?

Qin Yuan has been practicing in seclusion in the Great Wilderness North Plains, and she has never left the Great Wasteland North Plains.

If it hadn't been for the previous shock in the prehistoric immortal world, she wouldn't have known that there was a human emperor in the human race in the prehistoric immortal world. How could Qin Yuan know the Emperor Su Chen?

"Bai Ze, do you think I will know the Emperor Su Chen?"

"Forehead!"

Bai Ze shook his head and felt that he was thinking too much.

How could Qinyuan know the

Heavenly Emperor Su Chen? Since their demon clan was exiled to the Northern Plains by the saints, none of their demon saints have appeared in the ancient fairy world again. The Qinyuan demons It is impossible for the Holy Emperor to know Su Chen, the Emperor of Heaven.

However, why did Demon Saint Qinyuan defend Su Chen, the Emperor of Heaven?

This puzzled Demon Saint Baize.

At this time, in the prehistoric fairyland,

Laozi from Shouyang Mountain and Yuanshi from Kunlun Mountain , Tongtian of Jin'ao Island, Zhunti and Jingyin of Lingshan, these saints all noticed that Nuwa and the Queen Mother had gone to the ancient northern plains.

Nuwa and the Queen Mother appeared one after another without hiding their auras. In Beiyuan, this made several saints think that something had happened in the Prehistoric Beiyuan, and 30 might

even be related to the Emperor Su Chen. The other five saints in the Prehistoric Immortal World all went to the Prehistoric Beiyuan at the same time.

They suspected that something had not happened in the Prehistoric Beiyuan. It was Su Chen who discovered some secrets in the Great Northern Plains.

The Heavenly Emperor Su Chen knew many of the secrets of the Great Desolate World, and they would not miss this opportunity.

The other great powers in the Great Desolate Immortal World were all surprised.

First, the Nuwa Empress and the Queen Mother went. After leaving the Great Wilderness North Plains, several great saints are now going to the Great Wasteland North Plains, and these saints and strong men have not yet hidden their auras.

Some powerful people are also going to the Great Wasteland North Plains at this moment. The six great saints have all gone to the Great Wasteland North Plains. The Queen Mother and the Golden Spirit Virgin Mary in the Heavenly Court also went to the Northern Plains.

They speculated that something had happened in the Northern Plains or that a spiritual treasure had been born. There might even be some secret hidden in the Northern Plains. They, the quasi-sages, would not miss this opportunity. The powerful immortals in the immortal world were stunned for a moment.

Saints and quasi-sage powerful men all went to the Great Desolate North Plain, which made other immortals confused. The Great

Desolate North Plain was a place of exile, where the spiritual energy was thin and there was no There are no spiritual roots or spiritual treasures in the fairy flowers and grasses.

But, why are the saints and quasi-sage powerful people going to the ancient northern plains? Is it because something happened to the demon clan? Or is the demon clan going to be reborn to dominate the ancient world? ?

Some Da Luo Jinxian in the Great Desolate Immortal Realm also went to the Great Desolate North Plain one after another. They wanted to know what happened in the Great Desolate North Plain and why saints and quasi-sage powerful men went to the Great Desolate North Plain.

In the Ice Cave Mansion,

Su Chen and Shang Yang didn't know what was happening in the prehistoric fairy world at this moment. They had already penetrated into the Ice Cave to a depth of nearly 400,000 miles.

Shang Yang took Su Chen's hand and asked,

"Su Chen, we should be almost at the deepest point, right?"

Su Chen looked around and felt very strange.

Ever since he and Shang Yang went deep into the Ice Cave for 300,000 miles, they had not encountered another ice monster along the way.

This is very strange.

Fighting the BOSS is not about overcoming the enemy. Do monsters get stronger as they go deeper?

They are about to reach the deepest part of the Ice Cave. Why haven't they encountered any monsters yet?

Su Chen touched his chin and replied,

"Well, there are still tens of thousands of miles at most, and we should reach the deepest part of the Ice Cave. But, Shang Yang, don't you think it's strange? After we penetrated 300,000 miles into the Ice Cave, why didn't we encounter another ice monster?"

After Shang Yang heard Su Chen's words, she also felt very strange.

After 300,000 miles, (for Baoshuang novels, go to Feilu Novel Network!) she and Su Chen had not encountered another ice demon. Beast, this is very unreasonable.

Didn't the Ice Demon God deploy the ice monsters in the deepest part? Or were all the ice monsters deployed 300,000 miles away from the Ice Cave?

Shang Yang thought for a while and said with a serious face,

"Yes, it's a little strange. We have only encountered quasi-sage ice monsters in about ten thousand years. The most powerful ice monster we will encounter in the future is only the realm of Daluo Jinxian. This is very unreasonable. Su Chen, deepest Will there be a terrifying ice monster?"

"Maybe, the most powerful ice monsters are only in the quasi-saint realm. However, if there are dozens or even hundreds of quasi-saint realm ice monsters in the deepest part, we can only leave the Ice Cave."

"Well, if there is danger, we should leave immediately."

A quarter of an hour later,

Su Chen and Shang Yang arrived at the depth of 400,000 miles. They were very surprised when they saw the scene in front of them.

A small space that was millions of miles wide, which was several times larger than the small space of the Ice and Snow Demon God. Times.

And there are actually laws of heaven and earth in this small space.

Su Chen doesn't know what laws of heaven and earth this is, but he and Shang Yang are leaving.

Damn, there are hundreds of quasi-holy ice monsters in the small space. This is fucking much more than the quasi-sages in the prehistoric fairyland.

Although the ice monsters cannot be compared with the quasi-sages in the prehistoric fairyland, Su Chen still understands the principle of ants eating elephants. The quasi-sages in the prehistoric fairyland may be able to do it easily. There are three or four ice monsters to deal with, but there are hundreds of ice monsters here.

If some quasi-sages from the prehistoric immortal world can come here, they will not be able to kill all these ice monsters even if they are exhausted, and they will even be killed by hundreds of them. The ice monsters swarmed up and devoured them

"Su Chen, go quickly, this is not the place we should be."

Shang Yang's face turned pale at this moment.

Not only did a terrifying aura erupt in this small space, but there were actually three to four hundred quasi-holy ice monsters in the small space.

This was so scary.

The puppet ice monsters Although they have no consciousness, hundreds of quasi-saint realm ice monsters can pile them up to death

"Okay, let's leave immediately.....Holy shit!"

Su Chen pulled Shang Yang and was about to leave, but he suddenly felt space fluctuations in the small space.

Su Chen hurriedly checked and was confused.

The small space was actually closed?

Could it be that this small space can only be entered but not exited?

Damn it,

Su Chen discovered that his Space Law couldn't break this small space. How could a small space be so stable?

The Law of Heaven and Earth?

Could it be that the Law of Heaven and Earth strengthened the space of this small space?

Demon Saint Shang Yang saw it Su Chen was stunned and asked hurriedly,

"Su Chen, what's wrong?"

"Shang Yang, we are trapped in this small space. The small space is closed. My space law can't break this small space. It's so weird here."

Chapter 2444

Su Chen was very helpless at the moment. He could n't break through this weird little space.

Neither he nor Shang Yang could leave.

Su Chen couldn't always use his magic power to support the space prison. If he ran out of magic power, the space prison would be destroyed. Shattered and dissipated, when the time comes, he and Shang Yang will be torn apart by hundreds of ice monsters.

"what should we do?"

Shang Yang was very surprised when he heard Su Chen's words.

The small space cannot be broken.

She and Su Chen will always be imprisoned in this space. One year? One hundred years? One thousand years? Or ten thousand years? Their magic power is not enough. It may be endless.

If Su Chen's mana consumption stops and the space prison is shattered and dissipated, she and Su Chen will definitely be killed by hundreds of ice monsters.

Su Chen rubbed his forehead and said to Shang Yang, "I thought about a way, there must be a way out of this small space."

Shang Yang held Su Chen's hand tightly and reminded,

"Su Chen, there is a powerful aura in the small space, which is very scary. Maybe that terrifying aura controls this small space."

"Maybe, there are actually laws of heaven and earth in this small space. No, it may be the laws of heaven and earth. I still can't find out what the laws of heaven and earth are."

"The laws of heaven and earth? The rules of heaven and earth? Why didn't I feel it?"960

Shang Yang was very confused when he heard Su Chen's words, the laws of heaven and earth?

The rules of heaven and earth?

This is just a space that is as small as possible. It is not even a small world.

How can there be laws of heaven and earth or rules of heaven and earth in a small space? ?

Shang Yang checked the small space before. She did not perceive the laws of heaven and earth or the laws of heaven and earth.

Su Chen held Shang Yang in his arms and explained,

"I know the laws of space and the laws of time. I am very sensitive to the laws of heaven and earth and the laws of heaven and earth. In this small space, there are either laws of heaven and earth or laws of heaven and earth."

"It turns out that this is the case, but these laws or rules seem to have no effect on us. Su Chen, could this be a mistake in your perception?"

Shang Yang nodded when he heard Su Chen's words.

However, if there are laws of heaven and earth or laws of heaven and earth in a small space, she and Su Chen have been here for a while, but they were not affected at all. Is there really laws of heaven and earth or laws of heaven and earth here? Are there rules in the world?

Su Chen frowned and checked again. He still sensed the existence of some laws or rules.

"Shang Yang, I didn't perceive it wrong. There must be laws or rules in this small space, but why it doesn't affect us is something I can't figure out."

"Also, Shang Yang, can you view the entire small space?"

Shang Yang shook his head and replied doubtfully,

"No, Su Chen, I can only see the distance of four to five hundred thousand miles in the small space. The depths of the small space are like fog, and I can't see anything."

Su Chen said with a speechless face,

"It's so weird. We can see the size of the entire small space, but we can only see half of the situation in the small space. This small space is really weird."

Su Chen couldn't see the whole situation in the small space.

This small space was really weird.

What's the secret in the small space? How was this small space formed?

Su Chen knew nothing about it.

Whoosh!

Ho ho ho ho.....

Suddenly,

Nuwa Empress appeared in the small space.

After the quasi-holy ice monsters in the small space discovered Nuwa Empress, hundreds of ice monsters quickly attacked Nuwa.

"Let me guess, why did Nuwa come to this small space? No, why is Nuwa a quasi-sage? Is this the body of Nuwa?" Su Chen was very surprised to find that Nuwa Empress suddenly appeared in the small space, but how could Nuwa, a saint in the fifth level of the holy realm, be a quasi-peak saint in a small space? At this moment, Nuwa After Empress Wa appeared in the small space, her expression changed. (To read Baoshuang novels, go to Feilu Novel Network!) This small space actually has rules of heaven and earth? Her holy realm was actually suppressed to the peak of quasi-saint. ?

(dacb) Moreover, there were hundreds of quasi-holy ice monsters in the small space.

Empress Nuwa was a little panicked at the moment.

If she existed in the holy realm, she could destroy these ice monsters in an instant, but now she is only a quasi-holy ice monster. With the existence of the pinnacle of saints, hundreds of piles of ice demon saints can pile her up to death.

"Nuwa, don't resist me!"

Su Chen hurriedly sent a message to Nuwa. He wanted to move Nuwa into the space prison.

Nuwa's body cannot be the opponent of hundreds of ice monsters. If it continues to stay in the small space, hundreds of ice monsters will be killed. The monsters will quickly submerge the body of Nuwa Empress.

"Suchen?"

Empress Nuwa was very happy when she heard Su Chen's message.

Su Chen did not fall into the ice cave.

This made her relieved.

Empress Nuwa did not resist Su Chen's move to her. She knew that Su Chen Knowing the laws of space, Su Chen must have moved her into a space barrier or a space prison.

In an instant,

Nuwa Empress appeared in the space prison.

In the small space, hundreds of ice monsters were about to attack Nuwa Empress. Attack, but after they lost the breath of Nuwa Empress, the ice monsters became quiet again.

After Su Chen moved Nuwa Empress into the space prison, he looked at Nuwa Empress and asked doubtfully,

"Nuwa, why did your corpse end up in the Ice Cave?"

"Little bastard, this is my body, not a corpse."

Nuwa Empress glared at Su Chen fiercely.

This little bastard couldn't even tell her body from her body. She really wanted to beat Su Chen hard.

"What? Is this your true body? How can your body be at the pinnacle of quasi-sage? Nuwa, have you hidden your cultivation level?"

Su Chen was very surprised when he heard what Nuwa said.

Is this the true body of Nuwa?

Damn it, how could the true body of Nuwa be a quasi-sage? What is Nuwa doing?

Empress Nuwa is also going to pretend to be a pig and eat the tiger?

Empress Nuwa shook her head and said seriously,

"No, Su Chen, there are rules of heaven and earth in this small space. As soon as I entered this small space, my cultivation realm was suppressed to the quasi-sage peak."

After Su Chen and Shang Yang heard Empress Nuwa's explanation, their expressions changed.

The rules of heaven and earth in a small space are only for saints? When a saint enters a small space, he will be suppressed to the peak of a quasi-sage?

Xiao Xiao How is space formed?

In a small space, the rules of heaven and earth can suppress the realm of saints. This is really incredible.

Empress Nuwa explained to Su Chen,

"Su Chen, this small space is only for suppression of realms above the holy realm. This small space is definitely not simple. It may even be formed by fragments of chaos."

Chapter 2445

After Empress Nuwa checked the small space, she could not calm down for a long time.

The rules of heaven and earth in the small space only suppressed the holy realm, and there were four to five hundred quasi-holy realm puppet ice monsters here.

Is this a hunting ground for saints?

Are there any creatures that want to hunt down saints in a small space?

After Su Chen heard what Nuwa said, he touched his chin and thought for a while and said,

"Chaos shards? This is very possible. In a small space, if it were not for chaotic fragments, there would be no rules of heaven and earth here. But what exactly is in this small space?"

Shang Yang reminded Su Chen,

"Su Chen, could this be the Chaos Fragment accidentally obtained by the Ice Demon God? After all, the Ice Demon God has always been in the Ice Cave."

"Ice Demon God? Su Chen, the Chaos Demon God you met?"

""One hundred and ninety-seven" Nuwa was surprised when she heard Shang Yang's words,

Ice and Snow Demon God?

Isn't this the Ice and Snow Demon God who ranks eleventh among the Chaos Demon Gods? There is actually a Chaos Demon God in the Ice Cave?

Su Chen thought of the sexy and alluring Ice and Snow Demon God, he said to Nuwa Empress with a smile,

"Well, Shang Yang and I met a Chaos Demon God. No, the Ice Demon God we met may be a clone, or it may not be a complete body. The Ice Demon God only has the realm of the late quasi-Saint."

Nuwa Empress frowned and thought for a moment and said, "The realm of the late quasi-sage? It is indeed impossible for this to be the true form of the Chaos Demon God, and it is impossible for the Chaos Demon God to only be in the late-stage state of the Quasi-Saint."

Su Chen hugged Nuwa's sexy waist and reminded,

"Nuwa, don't underestimate the Ice and Snow Demon God in the late stage of the Quasi Saint. I feel that it is very easy for the Ice and Snow Demon God to kill a saint who is in the second level of the Holy Realm. The feeling that the Ice and Snow Demon God gives me is better than the feeling that Zhunti gives me. Much more dangerous"

"What? Su Chen, is this true?"

"it is true!"

"How did you avoid the Ice Demon God? Why didn't I meet the Ice Demon God along the way?"

Empress Nuwa didn't expect the Ice and Snow Demon God to be so powerful, but what about the Ice and Snow Demon God?

She came all the way looking for Su Chen.

Except for the ice monsters she killed, Nuwa didn't encounter the Ice and Snow Demon God at all.

Could it be that the Ice and Snow Demon God is here? In this small space?

Shang Yang smiled and said to Empress Nuwa, "Empress, the Ice and Snow Demon God is imprisoned by Su Chen's spiritual treasure."

Empress Nuwa asked Su Chen in surprise, "Hey! Little bastard, you can actually imprison a Chaos Demon God? What spiritual treasure did you use to imprison the Ice and Snow Demon God?"

Su Chen curled his lips when he heard what Nuwa said.

How could he imprison the Ice and Snow Demon God?

Would he dare to tell Nuwa?

If Nuwa knew the function of the Demonic Tower of Desire, she would even know that the Snow Demon God was imprisoned in the Demonic Desire Tower. Su

Chen will definitely suffer disaster in the Tower of Desire, and the Demon God of Ice and Snow is not the only one imprisoned in the Demonic Tower of Desire. The Holy Mother of Fire Spirit and the five fairies Han Zhixian are also imprisoned in the Demonic Tower of Desire.

Well, the Demonic Tower of Desire must not be exposed, especially The function of the Demonic Tower of Desire cannot be exposed even more

"Well, this is a long story. Nuwa, I will tell you later. Let's first think about how to leave this small space."

Swish swish swish".....

Ho ho ho....

At this time, the Queen Mother and the four girls from Yunxiao also appeared in the small space.

They were stunned as soon as they appeared in the small space. Four to five hundred quasi-sacred ice monsters?

After the ice monsters in the small space discovered the presence of the Queen Mother and the girls, the ice monsters that were only in the holy realm roared and rushed over to attack the Queen Mother and the girls.

"I'll do it!"

In the space prison,

Su Chen, Nuwa Empress, and Shang Yang looked confused at this moment. They did not expect that the Queen Mother and the Empress had also arrived in the small space.

This made them all speechless.

It was difficult to get in and out of this small space. Go, (to read Baoshuang novels, go to Feilu Novel Network!)

Moreover, there are hundreds of quasi-holy ice monsters. No matter how many powerful beings come into the small space, there will be no return.

Su Chen saw The ice demon beast was about to charge at the Queen Mother and the girls, and even some terrifying ice spikes and snow flakes attacked.

He hurriedly sent a message to the Queen Mother and the girls,

"Queen Mother, Jin Ling, Yun Xiao, Guanyin, don't resist me, I will take you into the space prison."

The Queen Mother and the four Yunxiao girls all took out their spiritual treasures.

Their faces were turning pale at this moment.

There were hundreds of quasi-holy ice monsters.

The four girls were no match for them at all.

Moreover, the four girls also found that it was impossible to escape. This small space can only be entered but not exited. All the spaces in this small space are sealed. The four girls cannot escape even if they want to....0

After the Queen Mother and the four Yunxiao girls heard Su Chen's message, their faces showed expressions of surprise.

Nothing happened to Su Chen, and Su Chen was still around.

They were completely relieved at this moment.

Swish swish swish!

After the Queen Mother and the four Yunxiao girls did not resist Su Chen's move, they disappeared into the small space one after another.

After the ice monsters sensed the disappearing breath again, these ice monsters did not retreat as before. All the ice monsters ran around looking for the unfamiliar breath.

In the space prison, after Su Chen had a conversation with the Queen Mother and the Queen Mother, he was very touched that they came because they were worried about him.

But their arrival has no return. At this moment, Su Chen is worried that the remaining Wudang Virgins will also arrive. If the Wudang Virgins also come to this small space, Su Chen and his women will be trapped in this small space. The whole nest is ready.

The Queen Mother and the other girls were also very speechless at this moment.

This small space actually had rules of heaven and earth, and it also suppressed the realm of Nuwa Empress. Even the quasi-sage Nuwa Empress could not kill four to five hundred quasi-saints in a small space. The ice monster in the realm.

The Queen Mother said to Su Chen helplessly, "Su Chen, are we being singled out?"

Su Chen shook his head and said with a bitter smile,

"2.5 is not here yet. If Wudang, Qiongxiao and the girls also arrive, we will all be in trouble."

Guanyin Bodhisattva glared at Su Chen and said angrily,

"If Wudang and Qiongxiao don't come back after seeing us, they will definitely come. Damn it, little bastard, this is all your fault, can't you live peacefully in the prehistoric fairy world for a few years?"

Su Chen hugged Guanyin Bodhisattva's soft waist, kissed Guanyin Bodhisattva's delicate little face and said,

"This time I blame you, I didn't expect that there would be such a weird little space in the Ice Cave."

Nuwa Empress rubbed her forehead and said to Su Chen,

"Okay, let's think about how to leave this small space. Su Chen, you will control the space prison to go deeper into the small space. Let's go to the depths of the small space to check first."

## Chapter 2446

When the Empress Nuwa saw that Su Chen was acting mischievously again, how long had it been since this little bastard had touched Guanyin Bodhisattva, she felt a little angry, even a little ashamed.

"Little bastard, let me go."

Guanyin Bodhisattva saw the girls looking at her, and she hurriedly broke away from Su Chen's arms with a look of shame and annoyance. Guanyin Bodhisattva didn't expect that Su Chen would kiss her in front of the girls. This little bastard is getting more and more excessive..

Su Chen looked at the unkind eyes of several women, and he shook his head speechlessly.

There were so many women that there was really no water to drink.

When there was no one else,

Su Chen kept touching Shang Yang, and no one said anything. , but now, there are six women in the space prison. No matter whether Su Chen is close to that woman, other women will have objections.

"Ahem, I will take you to the depths to check now."

Shang Yang hurriedly said to Su Chen,

"Su Chen, I just checked and found that all the quasi-holy ice monsters here have white eyes. I didn't find any ice monster with golden eyes."

Su Chen nodded and said,

"Well, I also discovered it, but we don't know the color of the ice monster eyes of the Ice Demon God."

Shang Yang worriedly reminded Su Chen, "We should be more careful in the small space. The terrifying aura in the depths makes me very scared every time I check."

Nuwa Empress 917 nodded and said with a serious face.

"Yes, the terrifying aura deep in the small space is very powerful, but that aura does not seem to be a living thing. I guess it is not a spiritual treasure, but the core of this small space.

Yun Xiao asked with a surprised look on his face, "Lingbao?" The centerpiece of a small space? Could it be the rules of heaven and earth in a small space?"

"Not sure, we can only know by looking at it."

Empress Nuwa shook her head.

She is just a quasi-peak saint now. She can't find out what is in the small space.

This small space is really weird.

There are rules of heaven and earth in a small space. It can even suppress the realm of saints,

Chaos Shards?

Is this really a Chaos Shard?

Whoosh whoosh whoosh.....

Ho ho ho.....

Just when Su Chen was about to take Nuwa and the girls deeper, some more people suddenly arrived in the small space. After the ice monsters discovered these auras, hundreds of ice monsters began to attack.

"I guess, Laozi, Yuanshi, Tongtian, Zhunti, Jingyin, how come these saints are all here?"(daaf)

Su Chen was confused at this moment.

He did not expect that the five saints of Lao Tzu would also come to the Ice Cave and appear in this small space.

However,

Su Chen showed an expression of watching a show. The five saints of Lao Tzu arrived. In this small space, they will be suppressed by the rules of heaven and earth to the peak of quasi-saints.

There are hundreds of quasi-holy ice monsters in the small space. I and the five saints from Yuanshi. If they cannot escape from the small space, all five of them will fall. In the small space,

Empress Nuwa looked at the five men who had arrived.

She smiled and said to everyone,

"Haha, saints like me must have seen us coming, and they followed us. These saints must have guessed what treasure we are looking for, and they want to share the pie. They are in trouble this time, and may even die."

The Queen Mother also smiled and said,

"Yes, these saints are unable to afford the opportunity to come early. They must have seen us coming here one after another. These saints thought that there were some treasures and spiritual treasures in the Ice Cave.

Yun Xiao asked with a smile on his face, "Do you think these saints can escape?"

"Not sure."

Guanyin Bodhisattva shook his head and replied, although the small space is very strange, (for reading Baoshuang novels, go to Feilu Novel Network!)

The saints have all been suppressed to the realm of cultivation, but the saints have endless methods, Guanyin Bodhisattva I can't guess whether the saints could escape the disaster.

"Let's watch the show for a while first. We are not in a hurry to check out the depths of the small space."

Su Chen hugged Nuwa Empress and Yunxiao respectively.

He planned to watch the show for a while, and Su Chen also wanted to know if anyone else would come.

Nuwa Empress and Yunxiao were hugged by Su Chen.

They were both very speechless, this shameless little bastard, just after being honest for a while, this little bastard started to move again.

They were hugged by Su Chen and did not bother to pay attention to him. Nuwa Empress and Yun Xiao just broke away from Su Chen's arms. This little bastard The bastard would hug them shamelessly.

The Queen Mother, the Golden Spirit Mother, Guanyin Bodhisattva, Shang Yang, and the other girls all rolled their eyes at Su Chen.

They were also very speechless towards Su Chen, a shameless pervert, this little bastard. Without looking at where this was or what was going on now, the Queen Mother and her daughters shook their heads and looked outside the space prison. They did not pay attention to Su Chen. They were also worried about what this little bastard would do if they talked to Su Chen. They moved on them.

In the small space,

I and the five Yuanshi people who had just arrived were confused and panicked at the moment.

I and the five people did not expect that in the small space they had just arrived, their holy realm would be suppressed to the quasi-sage peak. , and there were actually hundreds of quasi-holy realm ice monsters in the small space. At this moment, they all took out their spiritual treasures to resist the ice monsters' attacks.

"How come there are rules of heaven and earth here? Our holy realm has been suppressed to the quasi-holy peak, and the space in the small space has been sealed. We can't escape from this small space even if we want to. There are hundreds of ice monsters in the small space. What should we do? ?"

"The small space is closed and we cannot escape. How can there be rules of heaven and earth in this small space?"

"I don't know. We are in big trouble this time. There are hundreds of ice monsters in the quasi-saint realm. It is impossible for us at the pinnacle of quasi-sage to kill these ice monsters."

"Damn it, where is Suchen? What about Nuwa and those other women? Were they killed by these ice monsters?"

"It is impossible for Chen to fall. He is the Emperor of Heaven. If Su Chen falls, there will be strange phenomena in the world of heaven and earth. If Nuwa and those women are with Su Chen, they cannot fall."

I and the five great saints of Yuanshi controlled the spirit treasures to kill the ice monsters while talking to each other with ugly faces.

They did not expect to encounter such a situation.

This place is like a trap, even a trap specially designed to deal with the saints. , the saints were suppressed to the peak of quasi-saints. There were hundreds of quasi-saint ice monsters in the small space. The space in the small space was sealed again. The five of them could not escape from this strange small space even if they wanted to escape.

At this moment ,

Empress Nuwa said to Su Chen with a face of shame and anger,

"Little bastard, do you want to die? Take your dog's paws away from me"

Chapter 2447

Empress Nuwa wanted to kick this little bastard away at this moment, but she didn't expect that Su Chen would secretly touch her body.

This shameless pervert was surrounded by the Queen Mother and the Golden Immortal Virgin, and even Yunxiao was right next to them. The Nuwa Empress was very worried that the other girls would discover Su Chen's little moves.

Su Chen touched Nuwa and said with a smile, "Nuwa, your waist is so soft, and it is also very smooth and delicate."

"Shameless!"

Empress Nuwa's face turned rosy at this moment.

This shameless bastard was really going too far.

Not only did Empress Nuwa's words fail to stop Su Chen's misbehavior, but this bastard also violated her even more violently.

Su Chen smiled and said Looking outside the space prison, he saw Nuwa's face turned red, but Nuwa didn't see Yunxiao's face turning red at this moment. Su Chen was not only secretly violating Nuwa, his The other hand was also secretly violating Yunxiao.

Yunxiao couldn't stand the harassment of this little bastard at the moment, and her hand hurriedly grabbed Su Chen's hand.

If this bastard continued to mess around,

Yunxiao was worried that he would be discovered by the other women around him. I even saw a shy look on her face.

At this time, the five great saints of Laozi were surrounded by hundreds of ice monsters. Although they had powerful innate treasures and top-quality innate spiritual treasures to resist them, I and the five Yuanshi people also killed them. Dozens of ice monsters.

But there are too many ice monsters, and their mana is consumed very quickly. If they can't escape from here, it may not take ten days and a half, but they will be completely defeated by hundreds of ice monsters. He was devoured and fell once.

After Zhunti killed an ice monster with the Seven Treasures Wonderful Tree, he hurriedly shouted to Tongtian,

"Tongtian, use the Zhuxian Sword Formation quickly, otherwise we will all perish here."

"Damn it, I'm just a quasi-sage now, I can't even activate the Immortal Killing Sword Formation on my own."

Tongtian looked helpless when he heard Zhunti's words.

He is now only at the peak of Quasi-Saint.

Tongtian is setting up the Immortal Killing Sword Formation, but how long can he support it? If there are only a dozen quasi-Saint ice monsters, Tongtian can still do it. Arrange the Zhuxian Sword Formation to kill.

But there are hundreds of ice demon beasts in the damn small space. Tongtian has set up the Zhuxian Sword Formation by himself. It may not take a quarter of an hour before the Ice Demon Beasts swarm up and break the Zhuxian Sword Formation.

I hurriedly cried to the sky,

"Tongtian, the five of us work together to launch the Immortal Killing Sword Formation."

Tongtian wanted to refuse when he heard what I said.

He didn't want to cooperate with this insidious and cunning me.

But when he thought about his current situation,

Tongtian felt very helpless. If he didn't cooperate with me, he might fall into this small space..

Tongtian thought for a while and said firmly,

"Okay, I, you control the Immortal Killing Formation, Yuanshi holds the Immortal Trap Sword, Zhunti holds the Immortal Killing Sword, and leads you to hold the Immortal Killing Sword. The five of us will launch the Immortal Killing Sword Formation together."

"good!"

The four of me took over the formation diagram and the other three swords given to them by Tongtian.

The situation is now serious.

The five great saints do not want to perish in a small space. They can only work together to tide over this crisis.

"Zhu, Jue, Trap, Kill, Zhuxian Sword Formation, rise!"

Tongtian saw that the other four were ready.

After I activated the Zhuxian Formation, Tongtian hurriedly launched the Zhuxian Sword Formation.

Boom boom boom.....

In the small space, evil energy surged into the sky for a moment, and the four people Tongtian and Laozi were surrounded by red light. (To read Baoshuang novels, go to Feilu Novel Network!)

Invisible chaotic sword energy and chaotic evil winds were everywhere, and the surrounding ice was surrounding them. More than ten monsters were killed in an instant, but more ice monsters kept attacking and charging towards them.

"Um? Killing Immortal Sword Formation? I didn't expect that saints would come to the ice and snow region. Xue Ji wouldn't be killed by those saints, right?"

Deep in the small space, a beautiful woman in white clothes lying on the ice bed opened her eyes.

She never thought that a saint would come to the Ice and Snow Region.

It has been hundreds of thousands of years.

Since she won the battle with Xue Ji, hundreds of thousands of people in the Ice and Snow Region have Ten thousand years belong to her, but it has only been 300,000 years. She did not expect that there would be a saint from the ancient fairyland in the ice and snow area.

The woman in white sat up from the ice bed, her perfect and sexy figure was completely exposed, she was beautiful and cold She has a beautiful face, a perfect figure that curves forward and backward, delicate red lips, and proudly erect mountains.

This is a peerless beauty who has captivated the country.

Moreover, with the peerless face of this beautiful woman, she is actually the same as the Ice and Snow Saint. Ji looks exactly the same, the same peerless beauty, the same cold beauty, the same indifference and coldness.

0Please give me flowers0After the woman in white checked the five saints in Tongtian, she shook her head and whispered,

"Alas, the saints in the prehistoric immortal world are not the real Hunyuan Daluo Jinxian. After their death, they will be resurrected by the prehistoric heaven. Their origin cannot be plundered, which is a pity."

The woman in white suddenly waved her hand, and the entire small space suddenly shook.

Hundreds of quasi-holy ice monsters in the small space suddenly flashed their white eyes, and the bodies of each ice monster suddenly increased in size. Hundreds of times, hundreds of ice monsters were as big as mountains in an instant.

The ice arrows and snow flake magical powers of the ice monsters were even more terrifying.

The ice arrows were like the self-destruction of acquired spiritual treasures, sending out terrifying auras to attack the Zhuxian Sword Formation. Pieces of flowers are like the thunder of chaos, falling from the sky and bursting out with terrifying attacks.

"Huh? Are there any creatures hidden in the ice and snow? Interesting, space laws? In addition to the Chaos Demon God raising his eyebrows, the creatures in the prehistoric fairy world have actually mastered the laws of space to great perfection, ha! Want to watch a show next to you? This is not what you want."

The woman in white suddenly raised her eyebrows. She discovered that there were still creatures in the ice and snow realm. After checking, the woman in white found that there was a spatial prison in the ice and snow realm, and there were even several creatures from the ancient fairy world hidden in it.

The woman looked at several creatures in the space prison. They were all watching the battle between the saint and the ice monster.

A smile appeared on her face.

The woman in white suddenly pointed at an ice and snow lotus next to her, and a blue light came from the ice and snow. The flash in the lotus suddenly disappeared.

At this moment,

Su Chen suddenly frowned.

After he hurriedly checked around him uneasily,

Su Chen didn't see anything.

However, he felt in his heart that someone was peeping, and someone seemed to want to It's not good for him and Nuwa Empress.

Damn, who is spying on him?

Who else in this small space can spy on the spatial prison?

Su Chen hurriedly set up defensive barriers.

"Space barrier, space barrier, time barrier, time freeze nine!".

Chapter 2448

Nuwa and the Queen Mother were very surprised when they saw the Zhuxian Sword Formation activated.

The five saints worked together to launch the Zhuxian Sword Formation, which could indeed resist the attack of the ice monster.

But it can only be resisted for a while.

The five saints were all suppressed to the pinnacle of quasi-saints in the small space. They were not heavenly saints.

Their magic power was not enough to last for too long.

If the five saints had not found a way to escape, they would fall into this small space sooner or later.

Suddenly,

Su Chen quickly set up a defensive barrier, which made Nuwa and the other ladies look at Su Chen with puzzled faces. They did not expect that Su Chen would set up a defensive barrier, and also set up several defensive barriers in a row.

What the hell is going on? What's going on?

Is someone going to attack them?

Empress Nuwa asked Su Chen in confusion, "Su Chen, what happened?"

Su Chen frowned and explained,

"I feel like my soul is beating and my mind is restless, as if someone is trying to deal with us. I am doing this just in case."

The Queen Mother guessed in surprise, "The soul is beating? Could there be powerful beings in the small space? That creature also discovered your 30-year-old space prison?"

"It should be, I guess so too.....not good!"

Su Chen hadn't finished speaking to the Queen Mother when he suddenly found that the defensive barrier he had arranged was under attack.

Su Chen hurriedly activated his magic power to support the defensive barrier. He didn't know who was attacking the defensive barrier, but the defensive barrier was breached and the space was imprisoned. The prison will also be broken into pieces.

When the time comes,

Su Chen and Nuwa Empress will be attacked by hundreds of ice monsters, and may even be surrounded and killed by hundreds of ice monsters.

At this time, the space barrier and the time barrier together The barrier was broken, leaving only a time defense barrier still supporting it. Time was frozen. This defense barrier was still blocking invisible attacks.

Su Chen's forehead was sweating at this moment.

A Taiyi Golden Immortal was sweating?

This made Nuwa and her daughters very surprised.

They all knew that Su Chen was resisting the attack, but what kind of attack was it?

They didn't notice it at all.

Except for the sound of the broken defensive barrier, Nuwa and her daughters didn't. Any fluctuations in attack energy are found

"What the hell!"

Su Chen was very anxious at the moment. There was a silent terrorist attack.

He didn't find out what was attacking the defensive barrier.

What the hell!

What on earth was attacking the defensive barrier?

How could it be so terrifying?

And at least a little bit. Neither the breath nor the mana energy has leaked out.

Damn it!

The time freezing barrier will no longer be able to hold on.

"Time goes back, time goes back, time goes back!....."

Su Chen hurriedly activated the Law of Time.

He couldn't care less about the excessive consumption of mana now.

The time freezing barrier must not be broken.

Even if Su Chen didn't care about his own life and death, he would not let Nuwa and the others fall here. Today's situation It was all caused by him. If he hadn't come to the Ice Cave, Nuwa and his daughters would not be trapped here. (To read exciting novels, go to Feilu Novel Network!)

Zhi Zhi Zhi....

In the space prison,

Nuwa and his wife saw Su Chen constantly activating the law of time, and the time-freezing barrier outside the space prison made a creaking sound of breaking. They guessed that the time-freezing barrier might not be able to hold on.

Nuwa and the other ladies can't help Su Chen now. They don't know the laws of space and time. Even if they want to help Su Chen, they don't know what to do.

"what to do? Su Chen's mana may be exhausted"

"There is no way, we don't know the laws of space and time, we have no ability to help Su Chen"

"Alas, this is not a battle. If it were a battle with the enemy, we would all stand in front of Su Chen."

"Get ready. If the space prison is broken, we must protect Su Chen's safety."

"Su Chen must not die, and I will not let Su Chen fall. Unless I die first, Su Chen will not fall in front of me."

"Well, after the space prison is broken, we must protect this little bastard."

At this moment,

Nuwa Empress and the Queen Mother's six daughters all looked determined.

They all took out their spiritual treasures and prepared to fight. Once the space prison is broken, they will fight to the death to protect Su Chen. Even if they fall, they will fall first. In front of Su Chen

"Damn it!"

Su Chen's mana was consumed very quickly. In just this moment, nearly 70% of his mana was consumed. The terrifying attack made Su Chen unable to withstand it. Su Chen waved his hand

, and hundreds of peaches appeared in his arms. In front of him,

Su Chen hurriedly shouted to Nuwa Empress and Yunxiao beside him,

"Yunxiao, Nuwa, you quickly feed me six thousand years of flat peaches, no, you stuff six thousand years of flat peaches into my mouth, I want to replenish my mana, I want to quickly replenish my mana."

Nuwa Empress and Yun Xiao hurriedly stuffed the peaches into Su Chen's mouth.

They knew that time was urgent.

If Su Chen used up his magic power, the time barrier and space prison would be broken. If Su Chen could resist the silent attack, they Will the girls and Su Chen escape this life-and-death crisis?

The Queen Mother looked at the flat peaches in front of Su Chen in surprise.

These were her flat peaches, and they were all six thousand years old. The Queen Mother had not yet had time to give them to her. Su Chen flat peaches, how could this little bastard have so many flat peaches? Our

Lady of the Golden Spirit and Guanyin Bodhisattva, Shang Yang looked at Su Chen speechlessly. Su Chen was like a bottomless pit at the moment.

In just a few breaths,

Empress Nuwa He Yunxiao had already stuffed dozens of flat peaches into Su Chen's mouth. Su Chen swallowed the dates directly into his stomach one by one without even spitting out the peach core.

Su Chen looked at the Queen Mother and the Queen with a pale face. The woman shouted, "Ahem, Queen Mother, Jin Ling, Guanyin, Shang Yang, please don't look at me, please hold my belly and help me digest the peaches."

Damn, he's going to die.

Su Chen felt that the energy of the peaches in his stomach was about to burst. He had no ability to consume the many peaches in his stomach.

After the Queen Mother and the other ladies heard what Su Chen said, they hurriedly held Su Chen down one by one. His stomach helped him digest the flat peach.

At this moment, Su Chen's face was frighteningly pale.

The Queen Mother and her daughters looked at Su Chen's condition with worried faces. If they found anything wrong with Su Chen, the Queen Mother and her daughters would ask Su Chen to stop swallowing. flat peach

"Huh? He actually withstood the attack of Ice and Snow Lotus? It's interesting, the law of space, and the law of time. A Taiyi Golden Immortal has mastered both laws at the same time. What an interesting little scumbag."

Chapter 2449

Deep in the small space, the cold and beautiful face of the woman in white showed an expression of surprise. She did not expect that an attack by the Ice and Snow Lotus was blocked. The

Ice and Snow Lotus is a half-step chaos spirit treasure.

An attack by the Ice and Snow Lotus, the third level of the Holy Realm. It was impossible for the following saints to resist, but a little scumbag from Taiyi Golden Immortal actually resisted.

Space laws?

The law of time?

The woman in white was very surprised at the moment. It was really unbelievable that a little scumbag from Taiyi Golden Immortal had mastered the two laws to great perfection.

This attack of Ice and Snow Lotus will dissipate, and the space prison will not be destroyed at all. The woman in white did not continue to attack. She wanted to find out who that little scumbag was.

At this time, the five great saints of Laozi also discovered the sound of the breaking of the defensive barrier, but they did not know where the defensive barrier was broken. The chaotic battle in the small space prevented them from being distracted and checking.

"Su Chen and Nuwa should be nearby. Su Chen knows the laws of space. That bastard must be hiding around and watching us."

"Yes, if Su Chen activates the law of space to hide, it is impossible for the ice monsters here to detect their aura. Are we being used as a weapon by Su Chen?"

"No, Su Chen didn't know we were coming at all. He and Nuwa and the others were probably trapped here too."

"Damn it, we 997 will run out of mana if we persist for about ten days at most. The Zhuxian Sword Formation is such a waste of mana."

"Zhunti, without the existence of the Zhuxian Sword Formation, you would have been injured by the ice monster attack."

In the Zhuxian Sword Formation,

I controlled the Zhuxian Sword while the five great saints were talking with ugly expressions.

The sound of the breaking of the defensive barrier in the small space made them all guess that Su Chen and Nuwa Empress were also in the small space. But they can't compare with Su Chen and the others.

None of the five saints of Laozi know the law of space.

In a small space, their realm is suppressed to the level of quasi-sage. They cannot hide their aura. The ice monsters will keep attacking the five saints.

Space Prisoner In the prison, Su Chen breathed a sigh of relief after sensing the attack dissipated. The silent attack just now was too weird. Su Chen didn't even find out who was attacking them or even what it looked like. He had no way of knowing about the attack.

"I gather, Nuwa, Yunxiao, no need to feed me, the attack has dissipated."

Su Chen saw that Nuwa Empress and Yun Xiao were still stuffing flat peaches into his mouth.

He hurriedly shook his head to stop him. Su Chen wanted to vomit when he saw the flat peaches.

He had almost swallowed half of hundreds of flat peaches, even the peaches from the flat peaches. The core has not been spit out, well, this is the second time Su Chen has experienced this feeling.

After Nuwa and Yunxiao heard what Su Chen said, they stopped and continued to feed Su Chen the flat peaches.

Nuwa and the other girls looked at Su Chen Chen relaxed, and the space prison and time barrier were not broken. They had temporarily overcome this crisis.

However, if the creatures in the small space attacked again, they might still be in crisis.

Female Empress Wa wiped the corner of Su Chen's mouth and asked, "Su Chen, the attack has stopped?"

Su Chen leaned on Nuwa Empress' body and nodded and replied.

"It stopped, and the opponent just launched an attack."

Mother of the Golden Spirit rubbed Su Chen's belly and said seriously, "There must be a living being in the small space, and these ice monsters may also be created by that living being."

The Queen Mother nodded in agreement and said,

"Yes, but there cannot be a holy realm in a small space. We will look for that creature later."

Guanyin Bodhisattva said with an angry expression on his face,

"We must find that creature. It was too dangerous just now. If the space prison was attacked and shattered, all of us would fall under the attack of hundreds of ice monsters."

After Su Chen heard what the Queen Mother and his daughters said, he shook his head and reminded them,

"Don't take it for granted. I suspect that the creatures in the small space have powerful spiritual treasures."

"I have mastered the laws of space and time to a great extent. The opponent can instantly break through several defensive barriers with one attack. (dabf) Ordinary quasi-sages do not have this ability, unless they have powerful spiritual treasure attacks." (To read Baoshuang novels, go to Feilu Novel Network!)

Yun Xiao asked Su Chen worriedly,

"Su Chen, will that creature still attack us?"

"have no idea!"

Su Chen didn't know if he would be attacked again.

This attack came so suddenly that he and the women didn't even know what kind of creature was attacking them.

The Snow Queen should be the most powerful in the ice cave, but this little There was actually a living being in the space. Su Chen suspected that it was the Ice and Snow Queen's true form, but after thinking about it, he felt that it was impossible.

There are rules of heaven and earth in a small space, and the holy realm will be suppressed to the quasi-holy realm in a small space. If There is the Ice and Snow Queen's true body in the small space. Why doesn't the Ice and Snow Queen's true body come out of this small space? The

Chaos Demon God cannot always stay in this small space. If the Chaos Demon God wants to restore his cultivation level, they must plunder the cultivation resources. and the origin of heaven

"I'll take a break!"

"Well, you can rest!"

Empress Nuwa hugged Su Chen to her chest and said softly.

Su Chen was exhausted just now.

This little bastard just kept devouring the peaches. Empress Nuwa guessed that Su Chen also felt very uncomfortable in her stomach now.

The Queen Mother and the other girls They all nodded to Su Chen, but when they saw Su Chen lying in the arms of Empress Nuwa, the Queen Mother and the Queen Mother showed a look of envy.

Su Chen lay in the arms of Empress Nuwa and closed his eyes. Eyes, he wanted to ask about the imprisoned Ice and Snow Queen.

The small space was really weird. If

Su Chen wanted to know everything in the small space, he had to get the sexy and alluring beauty of the Ice and Snow Queen.

The Demon of Desire Tower, the Ice and Snow Queen squatted in the space with her chest held in shame and anger.

It has been more than a month.

The little scumbag who imprisoned her actually ignored her.

Although the Ice and Snow Queen did not want Su Chen to appear, she She can't break through this spiritual treasure space and escape.

"Damn you little scumbag, how long does that bastard want to imprison him?"

"Ice and Snow Queen, do you want to go out?"

At this time,

Su Chen's voice came into the Demon Tower of Desire,

"shameless bastard! Let me out quickly."

The Ice and Snow Queen yelled angrily when she heard Su Chen's words.

She was also panicking to protect her body at the moment, but she only had two hands.

In the Demonic Tower of Desire, the Ice and Snow Queen was just an ordinary woman without magic power and could not wear clothes. , you can't hide your body, and you can't change it at will. Her perfect figure will be seen by that little scumbag.

"Ice and Snow Queen, I didn't expect you to have such a perfect and attractive figure, with your bulging figure, proud mountains, fair skin, and those rosy breasts.....Cough cough cough!".

## Chapter 2450

Su Chen did not dare to look at the body of the Ice and Snow Queen.

This woman was too tempting.

He was afraid that he would have nosebleeds again.

Su Chen was surrounded by the Nuwa Empress and several other women.

If he had nosebleeds again, he would be a loser. It was impossible for Su Chen to fool Empress Nuwa and her daughters like he fooled Shang Yang. Empress Nuwa and her daughters were all very smart.

When the Snow Queen heard Su Chen humiliating her and commenting shamelessly on her figure, her face turned red and she wanted to crush that little scumbag to death.

"Shameless bastard, little scumbag, I will definitely kill you, I will definitely make your life worse than death."

Su Chen reminded the Ice and Snow Princess with a smile, "Ice and Snow Princess, what if I never let you out for the rest of my life? How are you going to kill me?"

Bingxue Shengji was shocked when she heard Su Chen's words.

If Su Chen never let her go,

Su Chen would keep spying on her body, and one day she would even be forcibly humiliated by this bastard.

The Ice and Snow Saint became uneasy.

She still had things to do. There was no way that Bing Ji in the Ice and Snow Realm would know that something had happened to her, and the Ice and Snow Saint could not expect that Bing Ji would come out of the Ice and Snow Realm to save her.

She became resentful thinking about this. Yelled and cursed,

"Bastard, you can't imprison me forever. I will escape one day. Little scumbag, you will regret it in the future. You will definitely regret your sneak attack and imprisoning me."

Damn it, the Ice and Snow Queen seems to be difficult to deal with.

How to deal with the Ice and Snow Queen?

Activate the demonic energy of desire?

This may make the Ice and Snow Queen hate herself even more, and good words may not convince the Ice and Snow Queen.

Su Chen rubbed his forehead helplessly

"Holy Princess of Ice and Snow, what is in the small space at the deepest part of the Ice Cave! If you tell me, I will consider letting you out"

"Have you entered the ice and snow realm?"

Ice and Snow Saint Ji was very surprised when she heard Su Chen's words.

How could this little scumbag be still alive after entering the ice and snow domain?

It is impossible for Bing Ji to let any living being appear in the ice and snow domain, and it is impossible for hundreds of quasi-holy ice and snow beasts to be spared. Su Chen, why is this little scumbag still alive?

Su Chen lied and said to Ice and Snow Queen, "No, I found a small space, but I felt it was very dangerous inside and I didn't dare to enter."

The Ice and Snow Sage didn't believe Su Chen's words at all. She couldn't have discovered it without entering the Ice and Snow Realm.

This little scumbag must have entered the Ice and Snow Saint.

However, this little scumbag is really a little strange. Why wasn't he immediately discovered when he entered the Ice and Snow Realm? Kill?

"Little Zhazha, you are lying. If you don't enter the Ice and Snow Realm, you don't feel the danger, you are dead. You can't come out of the Ice and Snow Realm. Bing Ji will definitely kill you."

Su Chen thought for a while and then admitted directly and asked,

"Ice and Snow Saint Princess, I have entered the ice and snow realm you mentioned. Who is Ice Princess? What is the ice and snow domain?"

The Snow Queen mocked Su Chen disdainfully, "Want to know? Little Zhazha, do you think I will tell you?"

Su Chen rubbed his forehead and planned to threaten Ice and Snow Saint. This sexy woman is difficult to deal with. If Su Chen doesn't use some means, he can't possibly deal with this sexy beauty.

"Snow Queen, you should know the effect of the demonic energy of desire. Do you want to taste the demonic energy of desire?"

"Shameless, you dare!"

The Ice and Snow Saint's chest is about to explode with anger.

This shameless person has the demonic energy of desire?

How could she not know the role of the demonic energy of desire?

The demonic energy of desire of the Demon God of Desire. (To read Baoshuang novels, go to Feilu Novels. Net!)

This is something that even the Chaos Demon God in the Holy Realm cannot resist.

If this little scumbag uses the demonic energy of desire on her, the Snow Queen will not only do some embarrassing things, but also some embarrassing and indecent actions. , this scumbag will also see it clearly.

Bingxue Shengji would rather be killed than tortured by the demonic energy of desire.

Su Chen continued to ask,"Tell me, who is Bingjiji? What is the ice and snow domain?"

"Don't even think about it!"

Bingxue Shengji will not tell Su Chen any news about Bingxueyu and Bingji. This is related to the fate of her and Bingji.

"It seems that you are about to have a taste of the demonic energy of desire. Princess Ice and Snow, a one-year package of demonic desire. I hope you will not be ruined by the demonic energy of desire."

Su Chen has no patience to continue arguing with the Ice and Snow Saint. He wants to activate the demonic energy of desire against the Ice and Snow Saint.

The time of the Demonic Tower of Desire has also been adjusted. One year in the Demonic Tower of Desire and one day in the outside world. Su Chen plans to use a Years of torture to the Ice and Snow Queen...0

In the Demonic Tower of Desire, the Ice and Snow Queen turned dark when she heard Su Chen's words.

One year?

This bastard is going to torture him with the demonic energy of desire for a year?

She is the Chaos Demon God.

The Chaos Demon God has no desire for low-level creatures. She has never had the desire for low-level creatures.

Damn you bastard, the thought of Ice and Snow Saint Princess being eroded by the demonic energy of desire makes her miserable even more than killing her.

"Inglourious bastard, shameless bastard, I want to kill you, I will definitely kill you.....Yeah!"

Suddenly, the Ice and Snow Saint noticed a black smoke appearing in the Demonic Tower of Desire. She turned pale and cursed. The

Demonic Qi of Desire, that bastard actually activated the Demonic Qi of Desire.

In just an instant, this person in the Demonic Tower of Desire... The whole space was shrouded in the demonic energy of desire. The Ice and Snow Saint's face was getting redder and redder at the moment, and her hands couldn't help but caress her own body.

In the ice and snow field,

Su Chen lay in the arms of Nuwa and opened her eyes. , he didn't dare to continue to check on the Ice and Snow Queen.

He couldn't stand the Ice and Snow Queen's sexy and attractive figure. If the Ice and Snow Queen was inspired by the demonic energy of desire, the more sexy and alluring Ice and Snow Queen would be even more unbearable for him.

"Damn it, why are there more people in the small space?"

Su Chen found that Nuwa and the others were looking out of the space prison. He turned around and was very surprised. 2.1

Zhen Yuanzi, Ancestor Minghe, Kunpeng, Tianfeng and more than a dozen quasi-sages were also there. There are more than twenty Daluo Jinxian appearing in the small space.

Damn it, how come all the powerful people from the prehistoric immortal world come to the Ice Cave Mansion?

Are they preparing to seek death collectively?

"Su Chen, you wake up!"

Nuwa Empress saw that Su Chen had woken up, and she still looked surprised. A smile appeared on her beautiful face.

The Queen Mother and the Empress looked at Su Chen and all smiled. They did not expect that Su Chen did not notice that the little girl had woken up. What happened outside the space? This little bastard must have been exhausted before.

Su Chen held Nuwa's soft waist and asked,

"Nuwa, what's going on? How come there are so many Quasi-Sages and Daluo Golden Immortals from the ancient immortal world?".
