### Chapter 2491

Empress Nuwa looked angry at this moment. She did not expect that Su Chen would insult the five daughters of Han Zhixian.

Does this shameless man want to die?

There are so many fairies like Guanyin Bodhisattva and Yunxiao in the heaven, but Su Chen actually did something to humiliate the fairies. Empress Nuwa wanted to slap this bastard to death with an angry look on her face.

Su Chen looked at Nuwa Empress with a confused look, the aura of Han Zhixian's five daughters? fool around?

Damn it, how could Empress Nuwa be so sensitive? She still remembers the scent of the five fairies Hanzhi.

He couldn't hide it this time, but the fifth daughter Han Zhixian was already his woman, and Su Chen didn't want to hide it anymore.

Leniency should be given to those who confess, but strictness should not be tolerated. Su Chen still knows this truth.

"Ahem, Nuwa, the five Han Zhixian girls are my women.-"

"Um? Your woman?"

Su Chen nodded and replied hurriedly,

"Yes, Nuwa, you should have checked out the Five Han Zhixian in the Demonic Tower of Desire. They are all my women. If you don't believe it, I can let you enter the Demonic Tower of Desire to ask them."

"No need."

Empress Nuwa's face was not as cold as before.

She thought of asking about the situation of the five fairies Han Zhixian before. At that time, Empress Nuwa wanted to release the five fairies Han Zhixian, but the five fairies Han Zhixian didn't want to come out at all. She had been wronged just now. Shameless bastard.

Su Chen saw that Nuwa's face improved. He reached out and hugged Nuwa's sexy waist.

"Nuwa, I will be in seclusion for a few days in three days. Don't worry, I will be in seclusion in the Demonic Tower of Desire and will not leave heaven."

"How many days?"

Empress Nuwa didn't resist when Su Chen hugged her.

Sooner or later, she and Su Chen would be Taoist lovers.

Even if Empress Nuwa doesn't let Su Chen hug her now, this shameless bastard won't listen to her.

Su Chen nodded and answered. road,

"Well, four or five days at most."

Empress Nuwa held down Su Chen's erratic hand and agreed, "Yes, as long as you don't leave the heaven."

Su Chen kissed Nuwa and said,

"Don't worry, I won't leave heaven without your permission, Nuwa, you ladies, pay attention to the war between Dashang and Sishui. If Sishui Pass cannot be defended, you will let Lu Ya and Kong Xuan retreat to Jiepaiguan."

Empress Nuwa glared at Su Chen in shame and anger.

Damn you little bastard.

Empress Nuwa didn't expect that Su Chen would dare to kiss her. Her heart was beating very fast at this moment. Empress Nuwa has never been kissed in millions of years.

However, this time she was kissed by Su Chen, which made Nuwa Empress feel a different feeling.

Nuwa Empress said with a blushing face, "Su Chen, the Queen Mother and I will pay attention to the war between Dashang, you Just a few days of seclusion, and nothing will happen to the war between Dashang and the Western Zhou Dynasty"

"Hope so!"

Su Chen hugged Nuwa and leaned against the peach tree.

The war between Dashang and the Western Zhou Dynasty was a trouble.

Only one-fifth of the time has passed in the Heaven Ladder Trial. Su Chen didn't know what would happen in the future.

Hongjun, the five great saints , they must overthrow Dashang in order to become gods, and Su Chen can only delay the destruction of Dashang.

Empress Nuwa leaned in Su Chen's arms and closed her eyes. She felt that Su Chen was troubled.

However, ,

Empress Nuwa did not ask Su Chen, and

Su Chen did not tell her that there might be a reason. Empress Nuwa believed that Su Chen would tell her in the future.

In Dashang Palace,

Su Daji was dealing with state affairs with a depressed look. She was now like Dashang's Like a queen, she needed to handle all the state affairs of Dashang. These trivial matters in the world were tormenting her crazy.

Su Daji gritted her silver teeth and cursed angrily, (To read Baoshuang novels, go to Feilu Novel Network!)

"Damn little bastard, it's been six years, that shameless pervert must have been enjoying his life in heaven."

The nine-headed pheasant spirit said with shining eyes,

"Sister, how about I go to heaven again?"

Su Daji glanced at the Nine-Headed Pheasant and refused,

"You are dreaming!"

In the past six years, the Nine-Headed Pheasant Essence and the Jade Piper Essence have gone to Heaven several times. In the first three years, they met Su Chen and brought back a lot of top-quality cultivation resources. However, they did not see Su Chen in the last three years.

Su Daji guessed the plan of the Nine-headed Pheasant Essence, and her sister also wanted to get the best innate spiritual fruit from Su Chen.

"Sister, I have nothing to do in Dashang anyway. I'd better go to Heaven to find my brother-in-law."

"Hey, pheasant, if you have nothing to do, these documents will help me deal with it."

"Uh, it's better not to do it. Sister, you also know that I have a headache when I see this. Sister, you should let Queen Jiang handle it."

"Queen Ginger? Queen Jiang is busier than me right now. Do you think Queen Jiang has time to deal with this?"

0request flowers

"Then there is nothing I can do."

The Nine-Headed Pheasant Chicken Essence waved her hand to Su Daji, and she hurriedly disappeared into the study. The Nine-Headed Pheasant Chicken Essence was afraid that Su Daji would let her deal with these troublesome documents.

Su Daji saw the Nine-Headed Pheasant Chicken Essence leaving, and she shook her head silently. She shook her head.

Su Daji missed Su Chen very much now. Without Su Chen in Dashang Palace, she couldn't do anything energetically.

But Su Chen's ability to cause trouble was too strong.

Su Daji's decision about Nuwa and his daughters was Very supportive, that little bastard should be put under house arrest.

Heavenly Court, three days later, in Pantaoyuan,

Su Chen was preparing to participate in the Luck Mission War.

He didn't know how many cultivation levels would be sealed this time, but Su Chen didn't either. Too worried, he believes the system will not put him in danger and has no ability to protect himself

"Ding, host, are you ready?"

Su Chen curled his lips and replied, "System girl, this Emperor is ready."

"Ding, start teleporting, host, I hope you can win the Luck Mission War."

Whoosh!

A ray of light suddenly enveloped Su Chen, and Su Chen disappeared in the peach garden in an instant.

Whoosh! Whoosh!

Four girls, Nuwa, Queen Mother, Fairy Yunxiao, and Guanyin Bodhisattva, appeared in the peach garden instantly. Su Chen They all saw the disappearance clearly.

Guanyin Bodhisattva said with a worried look, "Ms. Nuwa, Su Chen was shrouded in white light and disappeared just now. That little bastard did not go to retreat in the Demonic Tower of Desire at all."

Empress Nuwa nodded and said seriously, "I know that Su Chen has some secrets. The white light just now was extraordinary. I didn't realize where the white light appeared from. Yun

Xiaozou asked with a frown.

"Madam Nuwa, will something happen to Su Chen?"

The Queen Mother said with a sad face,

"I'm a little worried about Su Chen. That little bastard is too capable of causing trouble. I'm afraid that Su Chen will do something outrageous again."

Empress Nuwa shook her head and explained,

"No, Su Chen told us three days ago that he would be in seclusion for a few days. He should do some secret things. We don't have to worry too much. That little bastard will come back in four or five days."

Chapter 2492

Earth,

New York!

In a luxurious villa, a ray of light flashed, and Su Chen appeared in the villa instantly

"Huh? The modern world? What plot is this?"

Su Chen looked at the villa and was a little surprised. He was going to carry out a planetary destiny mission war. How could it appear in the modern world?

"System girl, what kind of world is this?"

"Ding, the Marvel world."

Let's go,

Marvel world?

Isn't this the world of Natasha the Black Widow?

Iron Man, Captain America, Hulk, Thor, these superheroes definitely exist.

What about mutants?

What about the Fantastic Four?

These superheroes also Will it appear?

Su Chen rubbed his forehead and was a little surprised. He didn't expect to appear in the Marvel world.

What will this fate mission war be?

The Avengers plot?

Huh?

Su Chen looked around and found out if there was any Bai Yuekui and Qilin's team arrived, but neither did Alice and Selina's team.

Didn't the Luck Mission War begin?

Why didn't the members of the two teams arrive?

"System girl, why am I the only one here? What about the other 30 members of his squad?"

"Ding, the host arrived two days early, the other team members arrived two days later, and the Luck Mission War will also start two days later."

Su Chen asked in surprise,

"I arrived two days early? System girl, why is this?"

"Ding, host, this is the decision of the system. The system wants to seal your cultivation realm. You have to come to this world first. After checking the world, the system will choose how much of your cultivation realm to seal."

Su Chen was speechless when he heard what the system girl said. He came two days early.

The system girl must have done it on purpose. Su Chen guessed that the system was worried that he would regret not participating in this fate mission war.

"Damn it, I don't have any level of cultivation now. System girl, quickly check this world to unblock my cultivation level."

"Ding, host, you have two choices. First, the system will unlock the host's cultivation realm below the immortal level. Second, the host can have the strength of Kesha's fourth-generation holy angel."

Su Chen was very surprised when he heard what the girl from the system said. He had two choices, one was the ability to cultivate immortals in the Tribulation Realm, and the other was the strength of Kesha's fourth-generation angel.

If he chose,

Su Chen would choose the powerful ability to cultivate immortals and transcend the Tribulation Realm, but this world is a destiny mission war in the Western world. Su Chen was a little hard to make a decision for a while.

"System girl, if I want to summon an army, can I summon the angel army in Xuantian Realm?"

"Ding, yes, but the strength of angels cannot exceed the fourth generation."

"Well, system girl, I choose the strength of Kesha's fourth-generation holy angel."

Su Chen made a decision after hearing the system's explanation.

Westerners believe in angels.

If Su Chen has the strength of Kesha's fourth-generation angel, this fate mission war should go very smoothly.

"Ding, the strength of Kesha's fourth generation Holy Angel is starting to load....., Kaisha's arsenal is loading....., Kesha's treasure trove of knowledge is loading....."

Su Chen listened to the system prompts speechlessly.

Queen Kesha is his woman.

Su Chen doesn't mind having Kesha's abilities and items at all.

The three angel kings are all his women, and there are more than 100,000 angels in the entire Angel Nebula. They are all his subordinates, and it is not unreasonable for Su Chen to temporarily become an angel.

"Ding, the loading is complete, the host now has all the abilities and items of Kesha's fourth generation holy angel."

"not bad!"

Su Chen felt his current cultivation level and nodded, angel!

He is temporarily considered an angel, with wings, angel genes, Kesha's sacred body, Kesha's arsenal of weapons and treasure trove of knowledge, Su Chen now has them all.

Man. Wei Da World, as long as this world is not the plot in the comics, Su Chen's strength of the fourth generation of holy angels should be fine.

"Huh? Someone is coming. Could it be the owner of this villa?"

Su Chen frowned as he looked outside the villa, and a car drove into the yard of the villa. (To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen waved his hand, and the ancient clothes on his body turned into Wearing black casual clothes.

Su Chen had no intention of leaving.

He was a little surprised by the person who was about to arrive, a beautiful woman who was familiar but unfamiliar to him.

"who?"

After a while, the woman who had just entered the villa found Su Chen sitting on the sofa. She quickly pulled out the pistol from her waist and pointed it at Su Chen and shouted.

Su Chen looked at the woman in front of him and said,

"Maria Hill, level 9 agent of S.H.I.E.L.D., am I right?"

Well,

Hill's figure is really good.

She is wearing a tight-fitting combat uniform, which fully reveals her curvy figure. Hill is much more beautiful and sexy than the Hill in the plot. Hill did not expect that the Oriental in front of her knew her and knew that she was a level nine agent of S.H.I.E.L.D. Who was this Oriental? Why did he appear in her home?

Hill asked Su Chen vigilantly ,

"who are you?"

"I am Natasha's husband."

Bang!

Hill fired at Su Chen's feet.

She threatened Su Chen with a cold face,

"Nonsense, Natasha is not married at all, who the hell are you? Why do you know who I am? Why do you know I'm an agent of S.H.I.E.L.D.?"

I guess!

Why is Hill so irritable?

Hill's character in the plot is not so irritable, right? Did something happen that affected Hill?

The Cosmic Cube was robbed?

Oh no, the supposed space gem was robbed?

Su After Chen saw Hill firing a gun on the floor, he rubbed his forehead and was very speechless.

Hill is a very popular woman in the Avengers, and she is also a very beautiful woman, especially the couple. With long legs, Su Chen couldn't help but want to touch them when she looked at them

"Hill, you can contact Natasha. By the way, my name is Suchen."

Hill was very surprised when she heard Su Chen's name.

She had heard Natasha mention Su Chen, and some of Natasha's special abilities were also taught by Su Chen. Is this Oriental really Natasha's husband?

Hill Zou frowned and asked, "Su Chen, Natasha's physical skills were taught to you by you?"

"good!"

Hill pointed the gun at Su Chen and continued to ask, "What is the name of the physical technique you teach?" "What's the trick?"

Su Chen still didn't believe it when he saw Hill.

The agent was indeed an agent.

Hill shouldn't be completely sure. She wouldn't trust a stranger easily.

He smiled and said,

"The six moves of the Navy are Shave, Iron Block, Paper Drawing, Moon Step, Lan Kick, and Finger Spear."

"I will contact Natasha."

After Hill heard Su Chen's answer, she put away her pistol.

Not many people knew about Natasha's abilities, and the Easterner's name was Suchen. Hill believed that this Su Chen was the one Natasha was talking about. Su Chen

"Beauty Hill, I will stay in your villa for the next two days. I will leave in two days."

Chapter 2493

Hill frowned when he heard Su Chen's words.

Does Su Chen want to live with her?

How can this be?

Suchen is a man, and it is impossible for a man to stay in her villa.

Hill looked at Su Chen and said coldly,

"Suchen, this is my home. I don't welcome you to stay. I will notify Natasha to take you away."

Su Chen curled his lips and said,

"Tsk, Hill, you are so stingy."

Stingy?

This bastard,

Hill was a little angry when she heard Su Chen's sarcastic words.

This is her home, and she doesn't want Su Chen to see some of her privacy. Besides, what kind of person is Su Chen? She has no idea at all. Clearly, how could Hill agree to stay in her home.

Su Chen thought about it and prepared to leave Hill's house.

Since this cold beauty did not welcome him to stay, Su Chen would not stay shamelessly.

Although Hill was a She is a Western beauty, but she is not comparable to the goddesses of the Western God Realm. If Hill had not been a plot character and a beauty that Su Chen liked very much before, Su Chen would not have said a word to Hill.

"Hill, please inform Natasha that I don't want to stay at your house yet. It's too cold in your house.....I asked, is this a hood?"

Su Chen asked Hill to 717 ask Natasha to pick him up, but before he finished speaking,

Su Chen didn't expect his hand to press on a black hood on the sofa. He took the black hood and looked at it. A little embarrassed for a moment

"Shameless guy, put it down!"

Hill's face turned dark at this moment. She didn't expect that Su Chen would look at her bra.

Damn it, she forgot that the bra she changed today has not been put away.

Su Chen put the bra on the coffee table He coughed and said,

"Ahem, Hill, your bra is nice. I also like the black lace bra."

Hill was even more angry when he heard Su Chen's words,

"The bra is good?

Do you like the black lace bra?

This shameless bastard, does she like this bra?

" Hill pointed the gun at Su Chen angrily and yelled road,

"roll!"

"I'll do it! Calm down, Hill, I just didn't mean to take your hood. Put down the gun. Be careful of the gun going off."

Su Chen was very speechless at this moment.

Damn it, why does Hill get angry so easily? Is Hill's menstrual period coming?

Pistol?

Hill couldn't hurt him at all even with a machine gun.

Hill threatened Su Chen coldly,

"Inglorious bastard, leave my house now, immediately, or you don't have to leave."

"Well, bye!"

Su Chen curled his lips and didn't care about Hill. He disappeared in Hill's villa in an instant.

As a mortal,

Su Chen didn't care about the threat of an ant.

Well, it was a beautiful ant.

"How can this be? Why did that bastard disappear so quickly?"

When Hill saw Su Chen disappear in an instant, she was very shocked.

Hill hurriedly checked around the villa. After a while, she couldn't find any trace of Su Chen.

Damn it, who is that bastard?

Mutant People?

Or people with special abilities? (To read exciting novels, go to Feilu Novel Network!)

Hill hurriedly took out the communicator to contact Natasha. She felt that Su Chen's origin was unusual, and the Cosmic Rubik's Cube was robbed today. Come on, the mysterious Su Chen appeared in her house today. Is there any connection?

The beach villa, this is Tony Stark's home.

Su Chen appeared in Tony Stark's villa. As for the artificial intelligence in the villa Jarvis, Su Chen changed Jarvis's program in an instant, and he is now Jarvis's true master.

"It's not bad here."

Su Chen looked at the sea outside the floor-to-ceiling window and nodded. Tony Stark is indeed a rich man. This luxurious villa was built very sci-fi, and the surrounding scenery is also very pleasant.

"Boy, who are you? Why did you show up in my villa?"

At this time, when Tony Stark came out of the studio, (daed) he found an Oriental in the living room.

This surprised him very much.

The security system in his villa was very advanced, and there was also artificial intelligence Jarvis Monitoring the entire villa, how did this young man from the East show up in his villa?

Suchen turned around and said with a smile, "Tony Stark, I am your uncle."

Tony Stark's face turned dark when he heard Su Chen's words, uncle?

This bastard is not older than him.

Besides, this bastard is an Oriental. Even if he has an uncle, he cannot be an Oriental.

Tony Stark With a dark face, he threatened Su Chen,

"uncle? Boy, it seems that you are tired of living and want to be my Tony Stark's uncle. You are going to spend the rest of your life in prison."

Su Chen asked Tony with a smile, "Tony, it seems you don't believe what I say."

Su Chen is very optimistic about Tony Stark. Compared with Tony Stark and Captain America, he admires Tony Stark very much. Captain America is just an idiot bitch.

"I believe you ghost"

"Jarvis, tell Tony if I'm his uncle."

In the living room, a man's voice suddenly said to Tony Stark,

"Sir, Mr. Suchen is your uncle."

Tony Stark was very surprised when he heard Jarvis's words, "What? How can this be? Jarvis, are you sure?"

"Sir, Mr. Su Chen and your father are sworn brothers. You should call Mr. Su Chen uncle."

"I am Fake! Jarvis, how old is this bastard?"

"Twenty-eight years old!"

Tony Stark shouted in surprise,

"Holy shit, this bastard is only twenty-eight years old? Damn it, Jarvis, have you been reprogrammed? How could a young man of twenty-eight know my father?"

Tony Stark looked at Su Chen very warily.

He suspected that Su Chen was a mutant or a person with special abilities. Jarvis's program might have been changed by Su Chen, and Tony Stark secretly activated it. He took off his steel suit.

Su Chen instantly appeared in front of Tony Stark and smiled,

"Tony, your Iron Suit is useless to me. You'd better not activate your Iron Suit."

Tony saw Su Chen appear next to him instantly, and he took a few steps back in fright.

"Let me go, are you a mutant? Or someone with special abilities?"

Su Chen shook his head and replied,

"I'm not a mutant, nor am I a person with special abilities. Tony, you don't have to be wary of me. If I want to kill you, you will be instantly wiped out by me into ashes.

Tony Stark asked with a serious face, "What are you going to do when you come to my house?"

"Tony, I'm your uncle. I have some friends coming in two days. Your villa is nice and the scenery nearby is nice. I want to borrow your villa for four or five days."

Chapter 2494

One day later, Su Chen was bored playing games in the beach villa. As for Tony Stark, Su Chen gave Tony Stark some low-level angel technology, and Tony Stark directly admitted that Su Chen was him. uncle. Su Chen leaned on the sofa and muttered to himself,

"One day the Luck Mission War will start. In this world, Natasha, Alice and the others will arrive tomorrow. Where is the Chinese team? Who will be the two new members?"

At this time,

Jarvis's voice suddenly came,

"Sir, Coulson and Natasha from S.H.I.E.L.D. are visiting."

Su Chen didn't expect Colson and Natasha to arrive together. In the plot, it seemed that Colson was the only one arriving. Natasha seemed to be looking for the Hulk, but something had changed in the plot.

Su Chen touched his chin and thought for a moment before giving the order. road,

"Jarvis, tell them to come in"877" and notify Tony to come out of the studio."

"Yes, Your Excellency!"

After a while, a man and a woman walked into the villa.

When they saw Suchen in the living room, Colson looked wary, and Natasha quickly walked towards Suchen with a happy look.

Natasha arrived and Su Chen Su Chen hugged him and said with a smile,

"Suchen, you have really arrived."

Su Chen hugged Natasha's sexy waist and said, "Natasha, I've only been here for a day, has Hill informed you?"

Natasha sat on Suchen's lap and replied with a smile,

"Well, Hill informed me yesterday and I knew you were coming to see me."

Colson looked at Natasha and Suchen in confusion.

Natasha had not been interested in any man in the past few years. He did not expect Natasha to cuddle with an Oriental.

Suchen?

This Oriental ? Who is this person?

Why didn't he hear that Natasha was related to this Suchen?

When Tony Stark arrived and saw Suchen holding Natasha, he shouted in surprise,

"I'll go, Sue....Ahem, uncle, do you know Natasha?"

Su Chen kissed Natasha and said with a smile,

"Of course, Tony, Natasha is my woman and your aunt."

"Holy shit."

Tony Stark has a constipated look on his face at the moment. He is a bullshit uncle and a bullshit aunt.

Tony Stark regrets admitting that Suchen is his uncle.

Damn bastard.

If Tony Stark hadn't been for those technologies, he would have wanted to beat him up right now. This bastard was beaten.

However,

Tony Stark did not dare to take action against Su Chen. He guessed that Su Chen was very powerful.

And Natasha, this sexy beauty was also very powerful. He had been teased by Natasha before. Beaten.

After Natasha glanced at the playboy Tony, she said to Coulson,

"Colson, tell Tony why we're here."

"good!"

Colson was not only confused at this moment, but also dizzy.

Tony Stark actually called Su Chen uncle?

What kind of joke is this?

Tony Stark is in his thirties, but Su Chen looks like he is in his twenties. How old is he? Besides, Su Chen is an Oriental. How could he be Tony Stark's uncle?

Su Chen hugged Natasha and disappeared into the living room.

The sexy and seductive Natasha came this time.

Su Chen wanted to enjoy it. Natasha's hot tenderness, otherwise tomorrow Alice and the girls will arrive, and the fate mission war will begin, and he will not have time to enjoy the sexy and seductive Natasha.

Tony Stark saw Suchen disappear holding Natasha in his arms. He shook his head, a beautiful flower was about to be chewed, no!

Damn it,

Suchen might have chewed Natasha a long time ago.

Colson looked at the disappearing Suchen and Natasha with a shocked look on his face. He did not expect that Su Chen was not an ordinary person. (To read exciting novels, go to Feilu Novel Network!)

Mutant?

Or a person with special abilities?

Coulson thought that he should inform the director.

In the evening,

Su Chen and Nata Sha fooled around for a whole day, and they spent the whole day in bed.

Natasha leaned softly in Su Chen's arms with a look of love on her face.

She felt like she was going to die.

Su Chen was too powerful. Natasha felt that if Su Chen continued, She will be ruined by this bastard.

Suchen touched Natasha's wet hair and asked,

"Natasha, your team will arrive tomorrow. Did Bai Yuekui's team replace two members?"

Natasha lay on Su Chen and replied feebly,

"Well, tomorrow is the time when the Luck Mission War begins. Alice and the others have all come to my world."

"Your team has replaced two members. Su Chen, the two new members of your team are good, very powerful, and they are also two beauties....0"

Su Chen asked with interest,

"oh? What are their names?"

Natasha kissed Su Chen and said with a smile,

"Haha, you will know tomorrow."

Natasha guessed that Su Chen would not let go of the two new girls.

Su Chen is a pervert.

The four girls in their team, as well as Bai Yuekui, this shameless pervert, have already taken care of half of it.

Xiao Longnu, Li Maozhen and Su Chen is from the same world. Natasha guessed that Xiao Longnu and Li Maozhen had been taken care of by Su Chen a long time ago.

Su Chen shook his head when he heard Natasha's words. He did not continue to ask who the two new members were. Anyway, he would know tomorrow.

However, what will be the Luck Mission War tomorrow?

Natasha said that the Cosmic Cube was snatched away by Loki.

This may be the plot of Avengers 1, but the Luck Mission War will be joined by teams from other planets, Su Chen It is speculated that there will be changes in the plot of the Avengers this time.

In addition, there are mutants in this world, the super powers of the Fantastic Four, Spider-Man, the Ancient One, the guardian of the earth, the gods of Asgard, and the Kree , Frost Giant.

Damn, if these people all participate, will the earth be blown up?

At this time, in the space carrier in the sky, the one-eyed Nick frowned and thought about something,

Suchen?

Na 4.7 Tasha's Husband?

A person with super powers?

Natasha's super powers were also taught by Su Chen. Who is that Su Chen?

Hill came to Nick and said with a cold face,

"Director, we searched for information all over the world and found no information about Su Chen. It seems that that bastard does not exist."

Nick waved his hands and said expressionlessly,

"No need to check. When Natasha comes back, I believe she will tell us who Suchen is."

"Yes, Director!"

Hill nodded after hearing this.

She also believed that Natasha would tell them everything about Su Chen, that shameless bastard.

Hill thought that Su Chen left yesterday and took away her cowl. She wanted to shoot her. That bastard's head

"Hill, any replies from Fantastic Four and Mutant School? Will they come?"

Chapter 2495

Nick was unsure about the upcoming war. After all, this was a war with aliens.

Once the space channel of the Cosmic Cube is opened, the alien army will invade the earth.

In SHIELD,

Nick has summoned Iron Man, Hulk, Asgard's Thor, plus Natasha and Hawkeye from SHIELD. These people may not be enough to fight against the aliens.

Nick wants the help of the Fantastic Four, Spider-Man, and mutants.

Spider-Man has been persuaded by Tony Stark, but the Fantastic Four and the Mutant School have not responded yet.

War will happen at any time, and Nick must get the Fantastic Four and mutants to assemble as soon as possible.

Hill replied with a serious face,

"Director, the Fantastic Four will arrive tonight. The professor at the mutant school has agreed that mutants will help us. However, the professor did not specify how many mutants will arrive."

Nick ordered after hearing Hill's answer,

"As long as they agree, Hill, you go to Tony's villa. Natasha's husband is also a powerful superpower. I hope you can convince that Suchen to join our SHIELD. Hill frowned and asked,"Director, can't we let Natasha convince Suchen?""

Nick shook his head and replied,

"No, this shows that we are not sincere. Hill, your ninth-level agent of SHIELD is the only one who exists except for me. You invited Su Chen to join us in the past, which shows that our SHIELD is full of sincerity. Hill clenched his fists tightly and agreed,

"Okay, I'll invite that bastard."

Hill's bra was still in Su Chen's hand. She thought that if Su Chen did those disgusting things with her bra, Hill wanted to shoot that bastard's head off.

At night, at the beach villa,

Natasha left the villa after eating some spiritual fruits to recover.

She did not dare to stay alone with Su Chen.

Su Chen was too powerful, and

Natasha was afraid that Su Chen would destroy her.

Besides, what happened in S.H.I.E.L.D. She also needs to deal with other matters, and she also needs to find out what aliens will come to the earth. This is related to their fate mission war. Natasha does not dare to take this fate mission war lightly.

"Come out,"

Su Chen said after Natasha left the villa, standing in front of the floor-to-ceiling window.

There was a strange smell in the villa, which had been hidden in the villa since the afternoon. If Su Chen hadn't sensed that it was a woman, he would have He took action to kill the hidden person.

After a space fluctuation, a bald old woman wearing a yellow and gray dress appeared in the villa.

"You are indeed no ordinary person."

I guess!

Bald head?

Damn it, it turns out that the woman who has been peeping all afternoon is Master Gu Yi. What the hell, how could Gu Yi be a peeping tom? Su Chen couldn't help but twitch the corner of his mouth. He had previously guessed that it might be Gu Yi. , but he had been having sex with Natasha all day long. Su Chen felt that if it was Gu Yi, he would definitely leave, but the hidden woman did not leave all afternoon. He really did not expect that Gu Yi would spy on him and Natasha Sha Yi afternoon. Su Chen rubbed his forehead and said speechlessly,"Master Gu Yi, you actually spied on me all afternoon." Gu Yi's face turned a little red when she heard Su Chen's words. She was worried that Su Chen would suddenly disappear, so she kept hiding in the villa and staring at Su Chen. Gu Yi did not expect that Su Chen and Natasha would be having sex all the time. Gu Yi asked Su Chen with a serious face,

"Outsider, you don't belong to this latitude and space. Who are you?"

Su Chen saw that Master Gu Yi did not answer the question about peeping, and he did not continue to ask.

Su Chen looked at Gu Yi, shook his head and said,

"Ancient Master, the Time Stone is not omnipotent. You don't have much life left, and the earth is about to face a catastrophe, which you are powerless to prevent."

Su Chen looked at the time gem on Gu Yi's chest. He shook his head and was speechless.

This is just a treasure similar to a spiritual weapon, a time gem that is not even as good as the acquired spiritual treasure. (To read Baoshuang novels, go to Flying Lu Novel Network!)

This is a treasure for the small world, but for the ancient immortal world, even the immortal cultivators with low cultivation level will not care about the time gem.

When Gu Yi saw Su Chen staring at her chest, she felt He asked with some annoyance,

"Your Excellency, you have gone too far."

Su Chen touched his nose and apologized.

"Sorry, I just checked out the Time Stone, and I don't have any dirty intentions."

Damn it,

Su Chen didn't notice just now that this old woman's mountain was so huge. Gu Yi was wearing loose clothes. If Gu Yi was wearing tights like Natasha, Su Chen would find it incredible just thinking about it.

However,

It

's a pity that no one can appreciate the mountain that Gu Yi stands proudly.

After Gu Yi stared at Su Chen for a while, she asked Su Chen,

"I understand the disaster you are talking about. The earth is going to face a catastrophe, but I can't see the future clearly. Even if I use the time stone, I can't see what will happen in the future. Sir, are you here to help the earth? Or do you have other intentions for the earth?"

"Ancient Master, I came to stand on the side of the earth. Natasha is my woman. I will not do anything detrimental to the earth."

"That's fine. Sir, who are you? Can you tell me?"

Brush!

After Su Chen's body erupted with a ray of light, he revealed his angel form for the first time.

At this moment,

Su Chen was wearing gorgeous silver patterned armor, silver boots, and red mink velvet on his back. A cloak and a pair of snow-white wings appeared behind Su Chen.

Gu Yi looked at Su Chen in surprise and shouted, "Angel?" Are you an angel?"

"Ahem, I am an angel!"

What the hell, angel?

He is a shitty angel.

After this destiny mission war, Su Chen will no longer have the abilities of his wife Kesha.

"Do angels really exist?"

"The Ancient One, Asgard (Qian Zhaozhao) protoss all existed, do you think angels would exist?"

Gu Yi shook his head and said,

"Asgardian Protoss? Those are just powerful aliens, but you are different. I feel that you are very powerful and even have the ability to destroy the earth."

Su Chen nodded when he heard Gu Yi's words.

It was very simple for him to destroy the earth. An angel's heavenly blade would judge the earth and it would be destroyed.

Su Chen thought for a while and took out a jade bottle and handed it to Gu Yi.

"Ancient One, if you drink the water of life from the jade bottle, it will give you a life span of five thousand years. You are a respectable guardian. I can only help you with this."

"Thank you!"

Gu Yi took the jade bottle and opened it and drank it.

She felt Su Chen's sincerity. A disaster was about to happen to the earth. If Gu Yi had another five thousand years of life, she could also let go and fight in this disaster.

"Let me tell you, Master Gu Yi, aren't you worried that I will harm you?"

Chapter 2496

Su Chen was very surprised when he saw Gu Yi drink the water of life without thinking. Is Gu Yi lacking a muscle? Or do you trust strangers you just met?

Gu Yi smiled and shook his head and said,

"Sir, I feel your sincerity. Even if you want to attack me, I am no match for you."

Su Chen curled his lips and said,

"Your heart is really big"

"I'm not big-hearted, I just trust my intuition very much.....I.....I feel strong vitality."

Gu Yi was explaining to Su Chen.

Suddenly, she felt the changes in her body.

Gu Yi only had a few years left to live.

Now she felt the strong vitality in her body, and her body was also undergoing incredible changes. -.

I guess!

Gu Yi actually grew hair?

Well, isn't it the bald Gu Yi?

Japan and Europe!

How can Gu Yi be so beautiful after becoming young? Is this a fake Gu Yi?

Su Chen He rubbed his eyes with a look of disbelief.

Now Gu Yi has long black hair, and he is very beautiful when he is young.

Damn it, if

Su Chen hadn't seen Gu Yi's changes with his own eyes, he would have She didn't believe that this beautiful girl was Gu Yi at all.

After a while,

Gu Yi opened her eyes with a smile on her face.

She felt very good and had strong vitality.

Gu Yi's strength could be used to its fullest, and she no longer had to worry about using it. Using your full strength will consume your vitality.

Gu Yi bent down and thanked Su Chen,

"Thank you for your treasure"

"Ahem, no....You are welcome."

Su Chen stared at Gu Yi's chest.

Gu Yi bent down to thank him, but Gu Yi was wearing a loose dress. As soon as she bent down, a beautiful sight of white flowers was exposed in front of her chest.

Damn,

Gu Yi One didn't even wear a mask?

"Your Excellency, you are shameless!"

Gu Yi suddenly noticed the desire in Su Chen's eyes. She hurriedly stood up straight and looked very embarrassed.

An angel turned out to be a lustful person, which subverted her beautiful imagination of angels.

Su Chen coughed awkwardly, "Ahem, sorry, I just saw it accidentally"

"Farewell!"

After Gu Yi glared at Su Chen, she waved her hand and disappeared into the villa with a blushing face.

When Su Chen saw Gu Yi leave, he rubbed his forehead and said silently,

"Damn it, why are powerful women so beautiful? Damn it, how can I rest tonight?"

Whoosh!

Su Chen disappeared in the seaside villa in an instant.

He was not sleepy at all now.

There are many mutants and superpowers on the earth. Su Chen planned to take a look at those mutants and superpowers. He wanted to know the plots of these characters. The characters are all different.

Huh?

This is?

Asgard's Rainbow Bridge?

Who came to Earth?

Thor?

Or Odin?

Su Chen instantly appeared in the sky above New York City.

He looked towards Zou Qi outside New York City. His brows furrowed, the space fluctuated, and a breath appeared on the earth.

Whoosh!

A mirror image suddenly appeared next to Su Chen, and Gu Yi walked out of the mirror space.

Su Chen looked at the arriving Gu Yi and asked,

"Ancient One, have you discovered it too?"

Gu Yi nodded seriously,

"Um!" (To read exciting novels, go to Feilu Novel Network!)

"Who came to earth?"

"Odin!"

Su Chen asked, somewhat puzzled.

"Um? Ancient One, isn't Odin about to die too? What is he doing on Earth at this time?"

Gu Yi explained to Su Chen,

"Sir, Odin does not want to die. Odin has been appearing on the earth continuously for hundreds of years. He seems to be looking for something on the earth, but he has found nothing."

Su Chen nodded when he heard Gu Yi's words.

A god-king who has lived for thousands of years, he guessed that Odin didn't want to die either, but was there anything on earth worthy of Odin's coming to find again and again?

Su Chen's strength can now be checked. Not the entire earth, and even if there are some treasures on the earth, would he care?

The best innate spiritual treasures, innate treasures, and the best innate spiritual fruits are all the top treasures in the ancient fairy world. Su Chen has them. Even if there are some treasures on the earth, at most they are some low-level spiritual weapons and low-level spiritual fruits, Su Chen looked down upon such garbage at all.

Su Chen asked Gu Yi doubtfully, "Gu Yi, are you going to let Odin come to the earth?"

Gu Yi smiled and shook his head and explained,

"Haha, it doesn't matter. Odin has protected the earth for thousands of years. Asgard is on the periphery of the earth. If space transmission is not used, any aliens who want to invade the earth must defeat Asgard first. of gods."

0request flowers 0

"So that's it!"

Su Chen understood.

No wonder other civilizations in the universe didn't invade the earth. Odin really did a good thing for the earth. However, even if Odin is unwilling to protect the earth, I'm afraid it won't work.

Su Chen touched his chin and said to Gu Yi, "Ancient One, do you want to visit Asgard?"

"Um? Can you go to Asgard?"

Gu Yi was a little surprised when he looked at Su Chen.

There is no Asgard's Rainbow Bridge and no space coordinates. Unless they fly out of the earth to find Asgard's location, it is impossible for them to find Asgard on the earth. The spatial coordinates.

Su Chen smiled and said,

"I have space-time ability. I marked the rainbow bridge that just appeared. I think it is very easy to go to Asgard."

Gu Yi thought for a while and nodded.

"Okay, let's go to Asgard to see what happened to the earth. I'm also worried about what Odin might have planned."

Su Chen hugged Gu Yi and disappeared into the air. He did not remind Gu Yi that this was the best time to take advantage of Gu Yi. If you have an advantage, don't take advantage. This is not Su Chen's style.

Asgard Immortal Palace , the residence of the Asa Protoss, with castles forming a huge fairy palace. This is a divine realm full of dreams, and it is also a divine realm full of science fiction.

Whoosh!

Su Chen appeared in Cai Cai holding Gu Yi. Over the bridge, a huge man in tight armor is guarding the Rainbow Bridge with a giant sword.

"let me go!"

Gu Yi patted Su Chen and shouted in shame, this shameless person,

Gu Yi didn't expect that Su Chen would carry her to Asgard without saying a word, and Su Chen's hands would actually press her body. She felt that Su Chen was deliberately taking advantage of her.

Su Chen awkwardly said to Gu Yi,

"Ahem, Ancient One, we will check out Asgard separately, and we will meet here an hour later."

Gu Yi rolled his eyes at Su Chen and refused,

"No need, I have the space coordinates of the earth, and I can return to the earth instantly."

Gu Yi will not let Su Chen hold her again, and she will not let Su Chen take advantage of her again.

A shameless angel,

Gu Yi is very helpless to Su Chen.

"Ancient One, can you really return to Earth instantly? Why don't you let me take you back to Earth? I won't mind the trouble."

Chapter 2497

Su Chen was a little reluctant to let go of Gu Yi's plump and mature figure.

He was also planning to carry Gu Yi back when he went back.

If Gu Yi could teleport back to Earth, Su Chen's attempt to continue to take advantage of Gu Yi would be in vain.

"Your Excellency, your shamelessness has really disgraced the reputation of angels. I will return to Earth on my own in an hour."

Gu Yi waved his hand to Su Chen and disappeared into the air. She was too lazy to deal with this shameless pervert. This was the first time in hundreds of years that Gu Yi was taken advantage of. If it weren't for the impending catastrophe of the earth, she wouldn't have. It will make this shameless angel feel better.

Seeing Gu Yi disappear and leave, Su Chen shook his head and said speechlessly, "A watery cabbage ran away. Forget it, let's check the situation in Asgard first."

Whoosh!

Su Chen also disappeared into the air in an instant.

He wanted to check out the goddess of death Hela in Asgard, the queen Frigga, and the female war goddess Sif.

Although these three women are not the same as the three women in the Western God Realm. They are not the same person, and the difference in strength is also very big. But after all, they have the same name, and they are also characters in Greek mythology. Su Chen wants to check if they have some destiny connection with him. On the

Rainbow Bridge,

Heimdall did not notice Until the arrival of Su Chen and Ancient One, he was still loyal to his duty as the guardian of Rainbow. On

Earth, on the space carrier, the Avengers' Iron Man, Thor, Hulk, Captain America Natasha, and the Fantastic Four's Four people, mutant Wolverine, Phoenix, Cyclops, Storm, Iceman and others gathered together.

Captain America said to everyone with a serious face,

"Loki has been caught, but there is still no clue about the Cosmic Cube. Hawkeye is controlled by Loki and he doesn't know where he is hiding. How are we going to find the Cosmic Cube? Nick looked at Phoenix Girl and asked,"Jin, can you contact the professor to look up Hawkeye?"

Phoenix Female Qin shook her head and replied,

"Director Nick, the professor had searched for Loki and Hawkeye before we came, but they seemed to be obscured by something. If Loki hadn't appeared on his own initiative, it would have been impossible for us to find Loki."

Nick Tony Stark and Bruce asked,

"Tony, Bruce, it depends on the two of you. The Cosmic Cube must be found as soon as possible, otherwise the space passage of the Cosmic Cube will be opened and the earth will be invaded by alien armies."

"clear!"

Tony Stark knew the seriousness of this matter.

He also put away his cynicism at this moment. If the Cube is opened, war will come. Tony Stark does not want the earth to be destroyed by aliens.

Nick Station He stood up and said with a serious face,

"Everyone, the war will start at any time. The country has deployed 200,000 quick-response troops. We don't know the strength of the aliens, but you superpowers are the saviors of the earth. I hope you can work together to deal with this crisis. Cyclops nodded to Nick and said,

"Director Nick, we are all humans on Earth, and we mutants will not stand idly by during this crisis."

Reed stood up and said to Nick,

"The four of us will not stand idly by."

Spider-Man stood up hurriedly and said, "I am willing too, and I will fight with you to protect the earth."

Others also expressed their willingness to deal with this crisis together.

Thor was confused at the moment.

He came to Earth just to capture Loki, but he inexplicably joined the Avengers and even wanted to join the Earthlings. To deal with the invasion of aliens.

Although the crisis on the earth was caused by Loki, he is the prince of Asgard. Thor, the god of thunder, is confused whether he should continue to help the people on earth.

Greece, coastline, in In an ancient ruined building, a one-eyed old man appeared here.

This old man is Odin, the god-king of Asgard. He secretly came to the earth this time to find treasures that can extend life.

Thousands of years ago, due to the power of the gods, During the war, an Orb of Life was lost in the ancient Greek temple.

For hundreds of years, (to read Baoshuang novels, go to Feilu Novel Network!)

Odin has been looking for the Orb of Life, but he has not found any clues. There is not much life left. If he cannot find the Life Orb within a few years, he will completely die.

Odin looked at the ruins of the temple and said helplessly,

"The old site of the ancient Greek temple has been around for more than a hundred years. Where is the Orb of Life?"

Asgard Immortal Palace,

Su Chen was invisible and wandering around in the Immortal Palace. The surrounding guards and maids did not notice the existence of Su Chen at all.

More than half an hour later,

Su Chen checked several palaces.

Asgard There was nothing special in the Immortal Palace, and Su Chen did not notice the Asgardian army gathering.

Su Chen walked in the corridor, touched his chin and muttered to himself,

"Hela, the goddess of death, can't detect any breath. Is it because she is not in the same space? Sif is not in Asgard. There is only the God Queen Frigga in Asgard. Do you want to meet Frigga?"

Su Chen then thought and shook his head.

In less than a day, the Planet Luck Mission War will begin. Su Chen has no time to talk to Frigga, nor does he have time to deal with the Queen Frigga.

At this moment, the fairy In a gorgeous palace in the palace, a mature woman wearing a white dress is sitting on a gorgeous chair. She exudes a noble temperament, has an exquisite and plump figure, and a mature atmosphere full of charm. She is Asgard. God Queen Frigga.

667 At this time,

God Queen Frigga's mind suddenly became active, which made her very surprised and confused. A familiar and unfamiliar feeling appeared in her mind, and the image of a man appeared repeatedly. appeared in her memory.

Frigga waved her hand hurriedly, and a green light enveloped her, purifying magic. She was worried that someone would use psychic magic to invade.

After a while,

Frigga lifted the purifying magic, and she did not notice Seeing signs of being invaded by magic,

Frigga frowned and thought, "Su Chen? Who is this? Why does he appear in his mind? Why do you feel so familiar?"

Huh?

Someone actually sneaked into Asgard's fairy palace? Could it be the Su Chen in her mind?

Frigga suddenly stood up with a serious face.

The magic she arranged in the fairy palace was touched, and her Magic only responds to strange smells. If the magic is touched, it means that a stranger has sneaked into Asgard.

"I guess, is this induction magic? Damn it, have you been discovered?"

At this moment,

Su Chen found some green light suddenly floating in the corridor. He was speechless for a moment. This was induction magic. Su Chen just walked over and accidentally touched the surveillance magic.

"Stranger, no, I should call you Suchen. What do you want to do by breaking into Asgard's fairy palace without permission?"

Chapter 2498

Su Chen was very surprised when he heard a voice from a woman.

Does this woman know him?

Do you still know his name? who is it?

Su Chen has only been in this world for two days.

Apart from Natasha, there are only a few people on earth who know his name in this small world, and it is even less likely that the gods in Asgard's Asgard know his name.

Whoosh!

Su Chen disappeared instantly.

He sensed the existence of the woman.

Su Chen wanted to know who the woman in Asgard was and why she knew of his existence.

After Frigga checked Su Chen through magic, she felt that Su Chen was very familiar.

The reason why Frigga sent a message to Su Chen was that she did not reveal that Su Chen appeared in Asgard. Frigga wanted to find out who Su Chen was and why this person suddenly appeared in her mind.

Whoosh!

"Queen Frigga?"

After Su Chen appeared in a palace hall, he looked at the noble woman sitting on a gorgeous chair and said

"Yes, I am the Queen Frigga"

"Frigga, you are getting a little old."

Su Chen frowned and looked at Frigga.

Although Frigga was sexy and full of mature charm, this Frigga's appearance was a bit old, which was somewhat familiar to the previous Ancient One.

This small world Without immortality,

Ancient One!

Odin!

Their lifespans are several thousand years. 370

If there are no treasures that increase their lifespan, they will all die out completely in a few years.

Frigga's age should also be several thousand years old, hers Facial aging is an inevitable result

"presumptuous!"

Frigga was very angry when she heard Su Chen's words.

This bastard, is he aging?

Is this what he should say to a woman?

Frigga stared at Su Chen and wanted to kill this uninvited guest, but she kept thinking about it. Being close to Su Chen, she felt very restless at the moment.

What was going on?

Why did she want to get close to this bastard?

Su Chen looked at the plump Frigga and said with a smile, "Frigga, we are all very familiar with each other. You have to pay the price for scolding me like this."

Su Chen understood at this moment why Frigga knew his name.

Frigga from the Western God Realm was his woman. Frigga from the small world should be the same as Nuwa Empress in the ancient fairy world. Frigga should also be influenced by Under the influence of the thread of fate, she and herself may also be connected by the thread of fate.

Frigga frowned and asked after hearing Su Chen's words,

"Su Chen, who are you? Why am I so familiar and yet so strange to you?"

"Frigga, you and I are closely related. We are both connected by the thread of fate. You will understand who I am in the future."

"Are the threads of fate connected? How can this be? I am the wife of the God King Odin and the God Queen of Asgard. How come I and you are connected by the thread of fate?"

Frigga was very shocked when she heard Su Chen's words, the thread of fate?

She found that it was really what Su Chen said, but she was already married.

How could the thread of fate connect her to Su Chen? Frigga Jia was very confused about this.

Su Chen curled his lips and mocked,

"Tsk, the Queen of Gods? Frigga, you are still perfect, you think I can't see it."

Su Chen was also very surprised after checking Frigga. Frigga turned out to be in perfect condition.

This made him guess that

Odin is from the Asa clan and

Frigga is from the Warner clan. (Read Baoshuang novel , just go to Feilu Novel Network!) The reason why Odin forcibly married Frigga was because he wanted the Asa Protoss to completely annex the Vanir Protoss.

"Shameless!"

Frigga stared at Su Chen with great shame and anger. She did not expect that Su Chen would see that she was still a perfect woman.

This shameless pervert,

Frigga felt that Su Chen was a hateful pervert.

They Just after they met, this shameless pervert stared at her and even checked her body condition (dach). Frigga had a very bad impression of Su Chen.

Su Chen was so ashamed and angry when he saw Frigga He smiled.

An hour had passed.

Ancient Yi might have returned to Earth.

Su Chen didn't want to stay in Asgard. Tomorrow's fate mission war was the top priority. He didn't want to let Alice go to pick up girls. There was an accident with Bai Yuekui and the other girls.

Su Chen waved to Frigga and said, "Frigga, I'm going back to Earth. I'll come see you when I have time."

"Do you think you can leave?"

When Frigga heard that Su Chen was about to leave, she stood up and stared at Su Chen with a serious face.

She hadn't figured out Su Chen's identity yet, and she hadn't figured out the relationship between Frigga and Su Chen either. How is it possible that Chen wants to leave Asgard?

"Um? Frigga, I didn't expect that you are also a powerful woman. Are you a heavenly father in this world?"

Su Chen was a little surprised when he felt the aura erupting from Frigga's body. He didn't expect that Frigga would be so powerful. Frigga's strength was equivalent to that of an angel with a peak divine body of the third generation.

"Suchen, you must stay in Asgard."

Whoosh!

Su Chen appeared next to Frigga instantly.

He hugged the plump Frigga and said with a smile,

"Frigga, I still have things to do on earth. I will come to see you when I have time in the future."  
boom!

"let me go!"

Frigga burst out with green light when she was held by Su Chen.

She didn't expect that Su Chen would dare to hold her. Frigga would use magic to teach this shameless person a lesson.

"Disperse!"

A golden light flashed in Su Chen's eyes. He waved his hand and used his angel eyes to dispel Frigga's magic.

"you...."

Frigga did not expect that Su Chen could easily dispel her magic.

She looked at Su Chen's face in shock. Although Frigga was not as powerful as Odin, she was the only one behind Odin in Asgard. existence, and after Odin's life was running out, Odin was helpless to her.

Su Chen touched Frigga's somewhat old face.

He took out a jade bottle and handed it to Frigga and said,

"Frigga, this is a bottle of water of life. After you drink it, your life will be increased by five thousand years, and you will be able to regain your youth. Your current appearance makes me very uncomfortable."

"asshole!"

Frigga heard that Su Chen disliked her appearance again. She glared at Su Chen angrily and wanted to strangle this shameless bastard to death.

However, when she looked at the water of life that Su Chen handed her, Frigga felt very sad. Shocked, adding five thousand years to her life?

And being able to restore her youth?

She was even more curious about Su Chen's origins.

"Frigga, drink the water of life in a moment. You must not let Odin notice your changes. You have magic. Remember to use magic to cover it up after you regain your youth."

Su Chen hugged Frigga and kissed her hard. He hurriedly explained that Frigga disappeared in the hall in an instant.

"Damn bastard, I won't let you go"

Chapter 2499

After Frigga was forcibly kissed by Su Chen, she was very angry when she found out that Su Chen had escaped.

As a majestic Asgardian goddess, Frigga never expected to be insulted by a shameless person.

Odin had never had any physical contact with her, yet she was actually kissed by Su Chen.

Damn bastard,

Frigga won't let that bastard go,

Earth?

She will go to Earth to settle the score with that shameless bastard.

Frigga looked at the jade bottle in her hand, water of life?

Add five thousand years to life?

Can you regain your youth?

Frigga did not doubt what Su Chen said, she believed in it very much.

Frigga patted her forehead and whispered helplessly,

"Damn it, how could I recall that bastard's kiss? It was as if that bastard had been kissing him like this."

Outside the palace, a woman's voice reported outside,

"Goddess, what happened?"

Frigga shook her head when she heard the woman's voice.

Her twelve maids were guarding outside the palace.

She had previously burst out with powerful magic. The twelve maids must have sensed the magic in the palace.

Frigga looked outside the palace. The maid ordered,

"Luofen, nothing is wrong. By the way, go and check the Rainbow Bridge to see if there is anything wrong with it."

"Yes, the Queen of Gods."

Earth,

New York City!

Su Chen instantly appeared in the beach villa.

He checked the villa and then lay on the sofa. This trip to Asgard was not bad. Not only did he take advantage of Gu Yi's big cabbage, And he even kissed the Queen Frigga.

Su Chen took a sip of wine and said to himself,

"It will be dawn in more than two hours, and Alice and Bai Yuekui don't know when they will arrive tomorrow."

Over the sea,

Gu Yi saw Su Chen returning to Earth, and she breathed a sigh of relief.

Gu Yi did not find Su Chen when he returned to Earth from Asgard. She was worried that something would happen to Su Chen in Asgard, and she also I'm worried that Su Chen will cause trouble in Asgard.

"I have a headache. This shameless angel doesn't seem to be a peaceful person. I hope this shameless bastard will stop causing trouble on earth."

Gu Yi shook his head and disappeared over the sea. She didn't know whether Su Chen's appearance on the earth was a good thing or a bad thing. He was a shameless angel and a restless angel.

Gu Yi was very worried that Su Chen would cause trouble on the earth.

The next morning,

Su Chen was still resting in the villa.

Hill took a helicopter to the beach villa.

She looked at Tony Stark's luxurious villa and shook her head. No wonder that bastard Su Chen came here, her villa. There is a huge gap between it and Tony Stark's villa.

In the villa,

Jarvis reminded Suchen, who was resting on the sofa,

"Your Excellency, Miss Hill from S.H.I.E.L.D. would like to see you."

"Hill? Jarvis, let Hill in!"

Su Chen didn't expect that Hill would come to look for him.

Damn, is it for the cover?

Su Chen thought of the black cover that he took with him when he left Hill's villa. He touched his chin and guessed that Hill had come with bad intentions this time.

"Yes, Your Excellency!"

After a while,

Hill walked into the villa expressionlessly. After she came in, she looked at Su Chen with an indifferent expression.

Shameless bastard, if Hill hadn't been for Nick's mission, she would have wanted to blow Su Chen's head right now..

Su Chen sat up and looked at the indifferent Hill and smiled, "Hill, long time no see, you are still so cool and beautiful." (To read exciting novels, go to Feilu Novel Network!)

Hill glared at Su Chen and yelled coldly,

"Inglorious bastard, give me back.....Return my belongings."

Item?

It's obviously a hood.

Is Hill too shy to say it?

This shouldn't be the case.

Hill is the head of an agent. Would an agent be thin-skinned?

Su Chen deliberately pretended not to know anything. He looked like asking,

"thing? What item? Hill quickly pulled out his pistol and pointed it at Su Chen, threatening, "Su Chen, do you want to die?""

Su Chen looked at Hill speechlessly.

Why does this little girl have such a hot temper? Hill in the plot is not like this. Is Hill's menstrual period really coming?

Su Chen coughed and waved his hand.

"Ahem, just kidding, Hill, we are so familiar with each other, just give that item of yours to me."

"Bastard, give it back to me now or I'll shoot you.....Where's the gun? Where is my gun?"

Hier was holding a gun and was about to threaten Su Chen again. The gun in her hand suddenly disappeared. She was surprised and hurriedly looked around. Hill did not expect that the gun in her hand would suddenly disappear.

Su Chen took Hill The gun waved and asked,"Hill, are you looking for this?"

"you....."

Hill looked at Su Chen in confusion. She didn't expect that Su Chen would steal her pistol silently.

She knew that Su Chen was not an ordinary person.

Hill guessed that Su Chen, like Natasha, was a powerful master with special abilities. However, Su Chen stole her gun silently. Hill thought that Su Chen might have some super powers.

"Give it back to you!"

Su Chen smiled and threw the gun to Hill. The surprised look of this little girl was really beautiful, especially Hill's sexy red lips. This made Su Chen have wild thoughts. Su Chen took out some spiritual fruits and After eating, Alice and the girls will arrive soon. He needs to replenish the dark energy. Today's war may not be easy. It does n't matter to Su Chen alone, but the life and death of Alice and the girls still need his protection. Su Chen Chen did not dare to take this war lightly.

Hill took the gun and looked at Su Chen with a frown.

This shameless 590 embryo is too mysterious. SHIELD has not found any information about Su Chen in the world. With Su Chen's ability, Hill guessed that Su Chen just exposed a little bit.

"Su Chen, our director invites you to join the Avengers."

After Hill sat opposite Su Chen and took a bite of the spirit fruit, she told her the purpose of her visit.

As for her bra,

Hill felt that if she couldn't get it out of this bastard's hands, she would have no choice but to I'll think of a way to get it again later.

Huh?

What kind of fruit is this?

Why is it so delicious?

After Hill took a bite of the spirit fruit, she found that the fruit was very delicious, and her body felt warm and comfortable after eating it. Hill took the spirit fruit and ate it.

Holy shit!

Does Hill want to die?

An ordinary person dares to eat the spirit fruit?

Isn't Hill afraid that his body will be exploded by the spiritual power?

Su Chen looked at Hill. He was very speechless as he ate the spirit fruit with big mouthfuls.

As a novice, can spirit fruit be eaten casually?

After a while,

Hill shouted to Su Chen with a panicked look on his face,

"Su Chen, I feel very uncomfortable. My body feels like it's going to explode."

"Sit down and don't move, Hill. You dare to eat my spiritual fruit without asking. These spiritual fruits are all five hundred years old. Do you want to commit suicide by eating them?"

Chapter 2500

Su Chen hurriedly pressed Hill's belly to help her dissolve the spiritual power, but Su Chen forgot that he was an angel now, and his ability as an immortal cultivator was sealed by the system girl.

Su Chen was stunned when he pressed Hill's belly. He had no magic power and could not resolve the spiritual power in Hill's body.

I'll do it!

What to do?

Without magic power, spiritual power cannot be resolved at all. Do you want to watch Hill being exploded by spiritual power?

Hill was sweating profusely at this moment.

She was very confused when she heard Su Chen's words.

Spiritual fruit?

Five hundred years of spiritual fruit?

What's this?

What spiritual fruit takes five hundred years to grow!

Hill felt that the heat in her body became more and more active, and a powerful energy seemed to burst her.

She saw Su Chen holding her belly in a daze, and

Hill bit his silver teeth and yelled angrily,

"Su Chen, what are you doing standing still? Please help me, I'm so sick right now."

Su Chen rubbed his forehead and said helplessly, "What the hell, Hill, I don't know how to help you. Hill asked with a panicked look on his face.

"What did you say? You can't help me?"

"Hill, my cultivation is sealed and I have no mana. I have no way to help you now."

"damn it!"

Hill was desperate at this moment.

She didn't expect that Su Chen couldn't help her.

His cultivation was sealed?

No magic power?

She didn't understand these. She couldn't care about what Su Chen said now. Hill felt that her body  
It's about to explode

"Hill, I have a way to save you, just....."

When Hill heard that Su Chen had a way to save her, she hurriedly interrupted Su Chen and shouted,

"Save me quickly. Even if I die, I don't want my body to explode and die. Su Chen, please save me quickly."

Su Chen looked at Hill in confusion.

He thought of a way to save Hill, but this method was something between husband and wife.

Su Chen wanted to introduce Hill's spiritual power into his body. , Hill agreed without waiting for him to finish. He hesitated and didn't know whether he should do things between husband and wife with Hill.

Hill glared at Su Chen and angrily urged,"Asshole, why are you still confused? Are you Want to see me explode?"

Well, this is Hill's request.

I hope this sexy beauty will not kill me afterwards.

Su Chen picked up Hill and disappeared into the living room. For a while, the flowers were in front of the moon and under the moon.

It may not be long before it becomes Shura Field.

At noon,

Su Chen looked at Hill who was unconscious on the bed and shook his head.

Hill was too weak.

He had tried his best to take care of Hill, but Hill was still unconscious several times.

However, the spiritual power in Hill's body After being introduced into his body, Su Chen touched Hill's wet hair and got off the bed.

Su Chen had just arrived in the living room when a strange voice suddenly appeared in his mind,

"Ding, the planet destiny mission war begins now!"

"This war is a fate war between planets. The victorious party will receive rewards. There will be rewards for individuals, countries, and planets."

"Language simultaneous translation is enabled!"

"Please pay attention to the two Blue Star teams."

"There are five missions in this luck war!"

"One, seize the space gem!"

"Second, seize the soul gem!"

"Three, seize the reality gem!"

"4. Kill or capture enemy team members"

"Five, participate in the war from beginning to end. (Note: If you are opportunistic, you will be killed if you quit midway!)"

"The number of troops summoned by each squad must not exceed 100,000"

"Wish ya'll good luck!"

"Lucky ones!"(To read Baoshuang novels, go to Feilu Novel Network!)

I'm going!

Where are my teammates? Where is Alice and her team?

Damn, where are Alice and Bai Yuekui?

Su Chen was very confused at the moment.

The Planet Luck War has begun, but why are his team and Alice's team not here?

"System, where are Alice and Bai Yuekui? Why didn't she show up next to me?"

"Ding, host, are you an idiot?"

Su Chen asked the system girl with a dark face,

"Let me guess, system girl, why am I such an idiot?"

"Ding, host, what were you doing just now? Does the system dare to disturb you? You are just a shameless pervert. When you are not on the way to pick up girls, you are sleeping with some women. This system is afraid of getting needle holes when you see it."

I asked, is the system girl going against the will of heaven?

Is there such a thing about the master's system?

A needle eye?

Damn, will the system have a needle eye?

Su Chen rubbed his forehead and was very speechless.

He guessed that Alice When Bai Yuokui and others arrived, Qi Luck Tiandao wanted to teleport him, but it might have been intercepted by the system. The system girl was even more powerful than Qi Luck Tiandao, and the arrogant system girl also knew how to protect his privacy.

"Girl, where are Alice and Bai Yuekui?"

"Ding, host, Alice and Bai Yuekui will arrive at the villa within half an hour."

"System, did you notify Alice of those people?"

"Ding, the system contacted Selena in your name."

Su Chen nodded when he heard the system girl's words.

The system did this very well. Su Chen also saved the time to find Alice and Bai Yuekui.

"Jarvis, some people will arrive soon. Let those people come directly into the villa."

"Yes, Your Excellency!"

After a while, some auras perceived by Su Chen appeared not far away, and he guessed that Alice and others had arrived.

After Alice and Bai Yuekui and others arrived at the villa, they saw Su Chen sitting on the sofa drinking wine. They all called to Su Chen one after another,

Alice:"Su Chen, why are you in this villa?

Bai Yuekui:"Su Chen, I didn't expect you to participate in this fate war."

Selena:"You bastard, why didn't we see you when we showed up just now?"

Maximus:"Boy Su, with you here this time, we will complete the mission safely."

Laura:"You bastard really know how to enjoy it."

Natasha:"Su Chen, have you always been in Tony's villa?""

Qilin nodded to Su Chen and sat aside.

The remaining two beauties were observing Su Chen.

They knew that this man was their teammate, a teammate who had never participated in the fate war.

Su Chen hugged him. Selena and Alice, he said to the others with a smile,

"Everyone is sitting down. By the way, these two beauties are new teammates, right?"

Bai Yuekui introduced to Su Chen,

"Su Chen, this is our team's new teammate. The blonde beauty is named Venina Bolenas, and the white-haired beauty is named Mu Ningxue. They are both very powerful women."
