Chapter 25

King Qin Yingzheng really wanted to borrow more troops from Wu Xiangjun, but he just thought that if there were more troops, it would be difficult to hide them, so Yingzheng gave up the idea, as long as Wu Xiangjun agreed to borrow 20,000 Nether Iron Cavalry.

"It's not necessary. There are too many troops and it's hard to hide."

"It's really hard to hide."

In the Song Dynasty,

Su Chen in Gusu City finally made soap in the past few days. Su Chen was sitting by the small lake fishing with a fishing rod. Su Chen went to startle the salamander every day these days. There, he wanted to take down Jing Salamander.

But what made Su Chen depressed was that every time he came to Jing Salamander, Su Yan would appear at the critical moment, which made Su Chen wonder if Su Yan was here specifically to cause trouble..Su

Chen was sitting by the lake and suddenly thought that another month had passed.

"System, is it possible to receive gift packages now?"

"Ding, the host can now receive a gift package"

"System, get the gift package immediately"

"Ding, the host has received a gift package and it has been placed in the system space."

"Open this gift bag"

"Ding, the gift bag is opened. Congratulations to the host for getting three teleportation fragments.

Su Chen looked at the space law fragments in the system space curiously and thought, "Teleport the fragments?" System, what is the use of moving fragments instantly?"

"Ding, teleportation fragments can enable the host to use the teleportation skill. One teleportation fragment can allow the host to move freely within a range of ten meters. Two teleportation fragments can allow the host to move freely within a hundred meters. Three teleportation fragments can allow the host to move freely within a range of one hundred meters. It allows the host to move freely within a kilometer, and then it will be pushed sequentially."

Holy shit, I've developed it this time. I now have three teleportation fragments. Then I can move freely within a thousand meters in the future. Haha, this is a god-level escape skill. It will not be possible for those martial arts masters in the future. It is a threat to him.

Su Chen hurriedly took out a teleportation fragment. Looking at the teleportation fragment glowing with white light, Su Chen asked the system,

"System, how to use this teleportation fragment?"

"The host can absorb it directly by placing it on the forehead."

Su Chen immediately put the teleportation fragment on his forehead, but the teleportation fragment disappeared in an instant, and Su Chen instantly felt that his energy was very good, and he could come and go freely within a dozen or so areas around him.

Su Chen also felt that his body had changed a bit compared to before, as if his body had been strengthened and was no longer so weak. After observing his changes, Su Chen prepared to move the remaining two teleportation fragments. Also used.

Huang Rong has been in Gusu City for a few days.

In three days there will be the Beggar Clan Conference of the Northern Beggar Clan. Gusu City is now full of people from all walks of life, and even some masters have appeared in Gusu..

However, the army in Gusu City is not polite to these Jianghu people. As long as they cause trouble in Gusu City and are not captured without restraint, they will be directly shot by military crossbows.

After several executions of some Jianghu people, now in Gusu City The people in the world did not dare to act recklessly, which made the people of Gusu City very grateful to Wu Xiangjun.

After observing in Gusu City for the past few days, Huang Rong gradually fell in love with this Gusu City. This girl Su City is not only very prosperous, but the people here live much better than people anywhere else.

Huang Rong never thought that bastard Su Chen would manage Su Chen so well, which made Huang Rong also have feelings for Su Chen. After some changes, Huang Rong was still a little angry at the thought of Su Chen's bastard for what she said.

On the streets of Gusu City, a little girl was walking around with two beautiful maids. These three people were Su Yan and Ah Zhu, Abi and the others.

A'Zhu next to Su Yan said to the little girl in a funny way,

"Miss, are you not afraid that your Majesty will punish you every time you disturb the affairs between your Majesty and your wife?"

Su Yan said nonchalantly,

"What's so scary about me? Who asked him to let Duan Yu go? I caught him myself. My father let them go without asking me. If I don't cause trouble for him, I'm afraid he will do this again in the future.."

A'Zhu smiled and said to Su Yan,

"But that Duan Yu was not imprisoned for a month, and your Majesty got a lot of martial arts secrets from Duan Yu, so there would be nothing wrong with letting that Duan Yu go."

Su Yan was still a little angry and said,

"That's not okay. That Duan Yu wanted to teach me a lesson. Otherwise, I would have been protected by the army. I'm afraid I would have been taught a lesson by that Duan Yu."

"A'Zhu, A Bi, you should hurry up and practice your martial arts. We will also go outside to play in the future. If your martial arts are not good, I will not take you out."

"we know."

A'Zhu and A Bi are now practicing the martial arts secrets brought back by Su Chen. This is also what Su Yan requested. Su Yan feels that his maid should also be a master of martial arts, so that A'Zhu and A Bi can help them if anything happens in the future. Take action directly.

Su Yan was talking to A'Zhu and the others. She didn't expect to be hit by someone. Su Yan was almost knocked down.

She looked at the woman in front of her and asked angrily,

"Oops, why didn't you look at the road when you were walking?"

""Miss, are you okay?"

A'Zhu and A Bi hurriedly supported Su Yan. They didn't notice that someone suddenly appeared in front of them.

Huang Rong was looking at the lively scene in Gusu City, and she didn't expect to bump into him. A little girl, but when she was about to apologize, Huang Rong didn't expect that this little girl would dare to question herself, so she said unhappily,

"Didn't you look at the road too?"

Su Yan was a little surprised when she looked at this beautiful woman. She didn't expect that this woman was as beautiful as her mother and Aunt Yuyan.

"You hit me first. Didn't you see that we kept walking forward? Huang

Rong looked at this beautiful little girl in gorgeous clothes and said,

"Didn't you see me in front of you while you were walking?"

Su Yan threatened this beautiful woman angrily,

"You are still messing around, believe it or not, I will arrest you now. Huang

Rong patted Su Yan's head and said with a smile,

"Little girl, can you and your two maids catch me? Anyway, you have nothing to do now, so you should go home."

Su Yan opened this beautiful woman and said,

"Damn it, A'Zhu, A Bi, let's go and ignore this naughty woman."

Su Yan also saw that this woman is a charlatan. A'Zhu and A'Zhu have just started practicing martial arts. They will definitely not be this woman's opponent. Su Yan has not been hurt yet, so he does not intend to argue with this beautiful woman. Now.
