

## Zongwu 2501

### Chapter 2501

Su Chen was confused when he heard Bai Yuekui's words.

Is the blonde beauty Venina Bolinas?

The white-haired beauty is Mu Ningxue?

Isn't Venina Bolenas the villain in Galactus? Isn't Mu Ningxue the heroine in Versatile Mage?

Damn it, why did the Chinese team add these two top beauties?

Su Chen looked at Venina Bolinas.

This top lady has a really hot and plump figure.

Venina Bolinas is a lot older.

She is also wearing an ultra-short skirt and her fair skin is big. With long legs, a curvy figure, and proudly erect mountains, this beautiful woman is really very attractive.

However,

Winina is also a woman with a poisonous heart and a ruthless heart, and Winina The final ending was very miserable, as her husband twisted off her head and devoured her, and such a beautiful woman was lost.

Mu Ningxue, this is a woman as beautiful and proud as a snow lotus.

She is dressed in a snow-white high-waisted tight-fitting dress, which shows her proud figure to the fullest. Her proud and upright figure, slender legs, long snow-white hair, proud Delicate and exquisite beauty.

Mu Ningxue is indeed a heroine in the plot.

Selina saw Su Chen staring at Wenina and Mu Ningxue, and she reminded with an ugly expression,

"Su Chen, please be honest with me."

Alice and Bai Yuekui were speechless looking at Su Chen. They guessed that Su Chen would not let go of Wenina and Mu Ningxue. This shameless pervert was about to catch all the women in the two teams.

Wenina and Mu Ningxue are both very beautiful women, and it is impossible for Su Chen to let go of the fat on her lips.

Wenina and Mu Ningxue frowned angrily, and they found that Su Chen was looking at their bodies..

A shameless pervert, they did not expect that this teammate who had never appeared before would be a pervert.

Powerful?

Could such a person be a powerful person? Wenina and Mu Ningxue did not believe what Bai Yuekui said at this moment.

Su. Chen said hurriedly in embarrassment,

"Ahem, I'm just checking the strength of Wenina and Zhao Muningxue."

Laura mocked Su Chen with a look of disdain,"Asshole, do you think we will believe it? Maximus looked at Su Chen and laughed,

"Ha ha....., I don't believe it either, Su Chen, the beauties from both our teams are going to be taken care of by you. Look at Brother Qilin, he is still single, you should leave some resources for Brother Qilin."

Qilin shook his head speechlessly after hearing Maximus' words, woman?

Does he need it?

Su Chen coughed and waved his hand and said,

"Ahem, okay, let's talk about this luck war. There are five missions this time. What do you think?"

Natasha lay on Su Chen's back and said,

"Su Chen, space gem, mind gem, reality gem, we don't know where these three gems are."

"The fourth mission is to kill or capture enemy team members, which is easier for us to do."

"The fifth task is to always participate in the war. There is no success or failure. This should be easy to do."

"Right now I have no clue about the first three tasks."

Alice and Selena nodded, while

Wenina and Mu Ningxue looked at Su Chen.

They felt that everyone else regarded Su Chen as their leader, which made Wenina and Mu Ningxue both I just can't figure it out. (To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen shook his head and reminded,

"Natasha, you are wrong. The first three tasks are the easiest, and the fourth and fifth tasks are more difficult than the last."

Bai Yuekui asked Su Chen puzzledly,

"Su Chen, are you telling the truth? Why am I thinking the same thing as Natasha? I have no clue about the first three tasks. The fourth and fifth tasks should be very easy to do. Alice nodded and said,

"I also found the first three missions difficult."

Wenina said to Su Chen with a cold and arrogant face,

"Yes, the first three tasks are all about finding gems. These three gems should be very precious. It may be very difficult for us to get them. I don't believe that the first three tasks are the easiest."

Selena leaned into Su Chen's arms and said,

"I believe in Su Chen!"

"I believe in Su Chen too!"

Alice tightly grasped Su Chen's erratic hand.

She glared at Su Chen fiercely. This shameless bastard dared to touch her in front of everyone. Alice wanted to bite this bastard to death.

Laura smiled at Everyone said,"I think we should believe this little bastard."

Laura knows how powerful Su Chen is. He is the emperor of the ancient immortal world. Su Chen was sealed to the realm of cultivation. She believes that based on Su Chen's experience, she can predict the danger of this mission.

0Flowers for 00

"Brother, I believe in Su Chen's opinion!"

"I believe in Su Chen!"

Maximus and Qilin also spoke one after another.

They all believed what Su Chen said. Although Su Chen did not often participate in missions with them, when they participated in destiny missions with Su Chen, they would complete the missions unscathed.

Mu Ning Xue looked at everyone and said nothing.

Among them, only Wenina did not believe what Su Chen said. The others seemed to trust Su Chen very much. Mu Ningxue looked at Su Chen and felt that this pervert seemed unusual. Chen patted Selena's butt lying in his arms.

He stood up and explained with a serious face,

"I can complete the first three missions by myself. The fourth mission is a life and death battle. We don't know the strength of the enemy team. You should be careful when facing the enemy team."

"The fifth mission is the most dangerous and difficult mission. Have you ever thought about it? Luck and destiny allow us to participate in the war until the end. What kind of war will this be?"

"This is a war between earth and aliens, battleships, energy weapons, and even star destroyers that may destroy the earth."

"And have you ever thought about it, each team can summon 100,000 troops, so each side can summon 200,000 troops. This war is very huge."

"Even if you are very powerful, how many people can you kill? Just to exhaust you to death, can you kill tens of thousands of people? Can you kill hundreds of thousands of people?"

Alice and others were stunned when they heard Su Chen's words.

They had not thought of what Su Chen said, especially the fifth task.

They had previously thought that there was no success or failure in the fifth task. As long as they participated in the whole process, they could complete the task..

But they thought that this was a war involving hundreds of thousands of troops. A few of them had to participate in such a war throughout the entire process, and they were not able to take advantage of others. Can they survive in such a huge war?

Laura patted Su Chen on the shoulder. asked,

"Su Chen, are the first three tasks really easy? Do you know the whereabouts of the three gems?"

Su Chen smiled and nodded and replied,

"I know, Natasha also knows, Natasha has also seen the Space Stone and the Mind Stone."

Chapter 2502

Alice and Bai Yuekui all looked at Natasha. Have Natasha seen the Space Stone and the Mind Stone? is it possible?

They all knew that Natasha was from this world, but if Natasha had seen the Space Stone and the Mind Stone, how could Natasha just say that there were no clues to the three gems?

Natasha frowned and asked after thinking,

"Su Chen, are the Cosmic Cube and Loki's scepter the Space Stone and the Mind Stone respectively?"

After Natasha heard Su Chen's words, she thought about the items she had seen recently in SHIELD. The Cosmic Cube can teleport people. This may be a space gem. Loki's scepter can control Hawkeye. Could it be that Loki Is there a mind gem on the scepter?

If this is true, two of them have clues in the first three tasks. Natasha thinks that Su Chen should also know where the remaining reality gem is.

Su Chen nodded. replied,

"Yes, the Cosmic Cube is the Space Stone, and Loki's scepter is inlaid with the Mind Stone."

Maximus took a sip of wine and shouted,

"Mr. Su, this way we can easily complete two tasks. You should also know where the Reality Stone is, right?"

Selena and Bai Yuekui also looked at Su Chen.

Two of the five destiny tasks have clues. This is good news. If the reality gem also has clues, the first three tasks should be completed easily.

"Reality gems should appear in wars, there's no rush."

Su Chen shook his head at a few people.

Where is the Reality Stone?

He knows nothing.

Su Chen thought that the Reality Stone only appeared in the plot of Thor 2, and now it is the plot of Avengers 1.

However, if this war , The Frost Giant appears, and the Reality Stone may also appear, as well as Thor's Earth girlfriend. Will the Reality Stone still be attached to her body? Su Chen also wants to check on Thor's girlfriend.

Natasha is confused about Su Chen asked,

"Su Chen, the Luck War mission has begun. Is the battlefield in New York?"

Su Chen nodded and reminded,

"Natasha, the battlefield is in New York City. The space channel above New York should be opened soon. You are all ready. You must always participate in this war, otherwise you will be wiped out by luck and heaven."

The others all nodded.

This time the fate war will involve full participation. It will be a war involving tens of thousands of people.

Alice and the others thought about the war scene involving hundreds of thousands of people, but they were unsure.

This is a technological war. , there are aliens, strong men from other worlds, battleships, powerful weapons, and unknown dangers. At this moment, they are anxiously waiting for the war to begin.

Maximus asked Su Chen ,

"Su Chen, how many troops can you summon? My Roman legions are just cannon fodder when they arrive, so I won't summon my troops."

Maximus is very helpless. Over the years, he has developed his army to more than 100,000.

However, his army is an army of the cold weapon era.

This is a fate war of science and technology, and his army has no use at all.

Maximus just summoned the army, and his army might be destroyed in an instant

"A legion."

Su Chen touched his chin and thought for a while before replying.

He planned to summon an angel legion to arrive, an angel legion composed entirely of third-generation divine bodies.

Su Chen felt that with the five thousand angel legions, all of which were third-generation divine bodies, in addition to the five major gods in the Marvel universe, , the angel army can sweep through all races in the universe.

Alice and Maximus nodded. Su Chen was able to summon an army, which was very beneficial to them. They all believed that Su Chen's army was very powerful.

Wenina and Mu Ningxue looked at Su Chen unexpectedly. They did not expect that Su Chen would have an army.

Wenina and Mu Ningxue didn't know much about Su Chen. Bai Yuekui and

Alice only told They, Su Chen's strength is very powerful. They have no idea how powerful Su Chen is and what world he is from.

Whoosh!

Suddenly, a beautiful woman in a gray dress suddenly appeared in the living room, Alice. Bai Yuekui and others were on guard with weapons.

When Su Chen saw Gu Yi appear, he waved his hands and shouted, (To read Baoshuang novels, go to Feilu Novel Network!)

"Don't be nervous, this is the guardian of the earth, not the enemy."

After Gu Yi looked at Alice and the others, she was very surprised.

Except for Natasha, all of these people were from other latitudes, and these people were all very strong.

Gu Yi did not expect that since After Su Chen arrived, some outsiders came to the earth. She became wary of Su Chen and Alice.

Gu Yi looked at Su Chen and asked with a serious face,"Su Chen, why don't you explain it to me?" ?"

Explanation?

Explain what?

Gu Yi's question was too profound.

It was like Gu Yi came to catch an adulterer.

Was he caught in an affair?

Damn it,

Su Chen patted his forehead to clear away the random thoughts in his mind.

He guessed Gu Yi was uneasy about the arrival of Alice and others. People from other worlds appeared one after another. Gu Yi was probably worried that people from other worlds might invade her world.

After Su Chen looked at Gu Yi, he looked towards shouted from a corner of the living room,

"Hill, come out and stop hiding."

Outside the living room,

Hill heard Su Chen's words and walked into the living room with a cold face. Su Chen noticed her just after she arrived. It was impossible for Hill to eavesdrop on the conversation between these people.

However,

Su Chen actually let When she comes out,

553 Hill will eavesdrop openly.

And what this bastard did to her. Although Su Chen was saving her before, she was insulted by Su Chen after all.

Damn you bastard,

Hill said to Su Chen His hatred was even deeper.

Suchen saw Hill coming to the living room and sitting next to Natasha. He didn't care that Hill heard some words that he shouldn't have heard.

With Natasha here, he believed that Natasha could handle it. Hill.

Su Chen looked at Gu Yi and said with a smile,

"Ancient One, Alice and the others are here just to visit the world. They will leave in a few days. You don't have to worry about them doing anything bad to the world.

Gu Yi heard Su Chen's words and asked angrily,"Su Chen, do you think I will believe it?"

"Ahem, I think you will believe that I am an honest man, how could I deceive you."

When Alice and others heard Su Chen's words, they all lowered their heads in shame.

Honest young man?

Su Chen is a shameless bastard.

They think Su Chen is too shameless.

Emperor?

Emperor of Heaven?

This is the best they have ever seen. The most shameless and bastard emperor and emperor of heaven!

"Su Chen, you must tell me clearly this time, what exactly are you people going to do when you come to Earth? Otherwise, I can only ask you to leave the earth immediately"

Chapter 2503

Gu Yi looked at Su Chen seriously.

She wanted to understand why these people from different latitudes came to this world. What Su Chen just said was fart. go sightseeing?

I'm afraid even children won't believe this.

Gu Yi thinks that Su Chen has something to hide from her.

She wants to protect the earth of this world, and Gu Yi will not allow anyone to destroy the earth of this world.

Su Chen looked at Gu Yi's serious look.

He knew that if he didn't tell Gu Yi clearly, this old beauty would really drive them away from the earth.

Although Su Chen can defeat Gu Yi, it is meaningless.

In the fate war,

Su Chen still hopes that Gu Yi, a powerful man like the heavenly father, will help, and he does not want to have a stalemate with Gu Yi.

"Ancient One, we came to this world for a purpose, but we are not enemies. We are all so familiar with each other. Even if I look at your face, I cannot do anything detrimental to the earth."

Gu Yimei stared at Su Chen and shouted,

"I know you very well, Su Chen, don't forget that we just met yesterday."

Su Chen grabbed Gu Yi and disappeared into the villa in an instant.

Su Chen wanted to get rid of Gu Yi completely. He could tell Gu Yi some unimportant secrets.

After Alice and the other girls saw Su Chen and Gu Yi disappear, they one by one, they shook their heads speechlessly. Su Chen's shamelessness made them unable to stand it.

However,

Alice and the girls did not expect that the beautiful woman was the guardian of the earth. No wonder it gave them a very dangerous feeling.

Alice and the girls each They started talking in whispers.

Ancient Yi is the guardian of the earth, so it seems that Ancient One will be their ally. Alice and the girls are no longer hostile to Ancient Yi. Su Chen convinced Ancient Yi that they believed that Su Chen could bring Ancient Yi to their side. As soon as it was done.

Hill looked surprised at this moment.

Su Chen and these people were not from this world?

Guardians of the earth?

Hill felt that she might not have woken up yet.

She had been knocked unconscious by Su Chen several times before. Hill felt that she Everything she heard was an illusion.

Natasha patted Hill on the shoulder and said,

"Hill, I hope that everything you hear today will be kept confidential.

Hill rubbed his forehead and asked doubtfully, "Natasha, did you know this before?" Is Su Chen really not from our world? Are these people not from our world?"

Natasha nodded and replied,

"Yes, Hill, for some reasons I can't tell you everything. I can tell you some unimportant things."

"Okay, Natasha, tell me the unimportant things"

"Hill, Suchen and Alice are not from our world. They are all from different worlds. I am also a member of their team, Suchen and Alice....."

Wenina and Mu Ningxue were very surprised when they saw Su Chen disappearing with Gu Yi.

Space magic?

Or a space magic power?

Wenina and Mu Ningxue no longer underestimated Su Chen.

Although Su Chen was a pervert, he was also a strong man.

Would a strong man lack women?

Wenina and Mu Ningxue speculated that Su Chen deliberately pretended to be a womanizer. Su Chen might have made others look down on him, or even made the enemy ignore his existence.

Bang bang bang, after a while,

Maximus clapped his hands and asked,

"Alice, Bai Yuekui, will we act together soon? Or do their respective teams act separately? Alice smoothed her hair and replied,

"Let's go together. This war is very dangerous. We can take care of each other together. Besides, that bastard may act alone. We only need to complete tasks four and five, and leave the first three tasks to Su Chen."

Bai Yuekui also nodded and replied, (To read Baoshuang novels, go to Feilu Novel Network!)

"Well, we are safer together. Su Chen doesn't need to worry about him. That bastard is very powerful. We just need to be careful to complete tasks four and five."

Wenina stood up and said,

"Bai Yuekui, Su Chen and I will act together."

Wenina is interested in Su Chen.

She wants to know more about Su Chen.

Su Chen is too mysterious to her.

Alice and Bai Yuekui obey Su Chen's words. This shows that Su Chen has an unusual background and strength. Powerful and mysterious in origin, Wenina wants to know everything about Suchen.

Laura smiled and reminded Wenina, "Wenina, are you sure? Su Chen is a pervert, aren't you worried about what Su Chen will do to you?"

Wenina said with a cold expression on her lips,

"Laura, I have a husband, and my strength is not bad. If Su Chen dares to have thoughts about me, I will destroy that pervert."

0Flowers requested0

After Alice and Selena heard what Wenina said, they shook their heads speechlessly,

"Destroy Su Chen?"

Is this possible?

Suchen just stood still and didn't fight back, Wenina He couldn't hurt Su Chen at all. At this moment, after Hill heard Natasha's story, she understood why Suchen and Alice came to this world.

This world will be invaded by other worlds, Suchen and Alice These people are here to deal with those outsiders.

People from other worlds may have alliances with aliens. Aliens use the Cosmic Cube to invade the earth. People from other worlds will also come to the earth with aliens.

Hill thinks people like Alice You can join forces with S.H.I.E.L.D.

"Guys, you might as well act together with our SHIELD. I will say that you are the strong men I invited. SHIELD will also deal with aliens. There are strong mutants and superpowers in SHIELD. We can Work together to deal with the alien invasion."

After Alice and Bai Yuekui looked at each other, they felt that they could form an alliance with SHIELD.

This fate war will be a war involving hundreds of thousands of troops.

SHIELD is a local force, and

Natasha is also a SHIELD force. People from the Bureau,

Alice and Bai Yuekui felt that with the help of SHIELD, they would be much more relaxed in the war.

Alice nodded to Hill and agreed,

"Can! Hill stood up and said hurriedly,

"Let's go to S.H.I.E.L.D.'s space carrier now, and when the war begins, we can act together."

After Natasha nodded to Alice and others, they and others left the villa together with Hill.

As for Su Chen, they were too lazy to care about him.

Alice and others also believed that Su Chen would not forget the Luck War. , in the villa, after Alice and others left with Hill,

Winina stayed alone in the villa. She wanted to stay and act with Suchen.

Alice and others did not persuade Winina anymore, anyway, the two teams No woman can escape Suchen's vicious hands, so what if Wenina has a husband? Does that shameless bastard Suchen care that Wenina has a husband?

"Su Chen, you shameless pervert, is there such a lustful and shameless angel as you? Let me go quickly, damn bastard, you are not worthy of being a righteous and kind Angel Six"

Chapter 2504

Over the seaside villa,

Gu Yi angrily yelled and cursed at Su Chen.

She didn't expect that after Su Chen told her some secrets, this shameless bastard would hug her and touch her.

A lustful angel,

Gu Yi was very helpless against Su Chen's shameless lust.

Su Chen hugged Gu Yi's soft and plump waist and asked,

"Ancient One, the war will begin soon. Will Kama Taj's mages be dispatched?"

After Gu Yi struggled for a while, she gave up and struggled out of Su Chen's arms.

Gu Yi's magic was of no use to Su Chen. She even used the time stone to escape from Su Chen's arms. Su Chen was stronger than her. It was even more powerful than imagined.

Gu Yi glared at Su Chen with a face of shame and anger and replied, "No, until the earth is in a life-and-death crisis, the magicians of Kama Taj will not be exposed to the sight of the people on earth."

Su Chen nodded when he heard Gu Yi's words "867".

During Avengers 1, Kama Taj's mages were not dispatched. The earth was not in danger of destruction. Ancient Yi might not let the mages be exposed. In the eyes of people on earth

"Well, Gu Yi, please protect my friend for a while."

Gu Yi said angrily,

"Suchen, you won't protect your friends?"

Su Chen rubbed his forehead and replied.

"I have other things to do"

"Ancient One, the aliens in this war may just be a foil. People from other worlds should not be underestimated."

"People in other worlds should be pretty strong too. The most important thing is that they can summon armies. The earth will not be destroyed this time, but may also suffer huge disasters."

Gu Yi thought of what Su Chen had said to her before. People from other worlds would bring up to 20,000 troops. What kind of army?

It might be monsters or behemoths.

Gu Yi knew in his heart that the threat of aliens was not enough. Though, people from other worlds may be very dangerous.

After thinking for a while, Gu Yi said with a serious face,

"I will protect your friends, Su Chen, I don't care what you do, I hope you can protect the earth, at least not to cause heavy damage to the earth."

Su Chen stroked Gu Yi's soft waist and said, "Don't worry, our relationship is so good, I will help you protect the earth."

"Go away, you are a shameless pervert!"

Gu Yi hurriedly grabbed Su Chen's erratic hand. Why does this shameless pervert have such a good relationship?

She has a shitty relationship with Su Chen.

Gu Yi felt that she couldn't calm down in front of Su Chen.

This bastard was too irritating. After years of practice, she could face everything without changing her expression, and even be indifferent to everything.

But after meeting Su Chen, she didn't know where she had lost all her years of self-cultivation.

If Gu Yi hadn't taken Su Chen has no choice, she will definitely banish Su Chen to the mirror space

"Gu Yi, after you became younger and more beautiful, I found that you became more and more feminine."

"Shameless man, let me go, your friends have all left."

"Huh? Why did Alice and the others leave on the Quinjet? Um? Why is Venina still staying in the villa?"

Su Chen saw a Quinjet leaving the villa. Alice and the others were all sitting on the Quinjet leaving.

This made Su Chen confused.

However,

Venina did not leave the villa. What was the reason? Are the girls Alice going to leave him a beautiful woman?

"Su Chen, let me go quickly. I feel that the space channel is about to open. I want to go to New York City to check it out."

After Su Chen let go of Gu Yi's soft waist, he took out more than ten spiritual fruits and handed them to Gu Yi,

"Ancient One, these spiritual fruits are given to you. Use all your strength and don't waste your life force. After you eat the spiritual fruits, the spiritual power in the spiritual fruits can make your magic energy inexhaustible."

"Thank you!"

Gu Yi looked at Su Chen unexpectedly. (To read Baoshuang novels, go to Feilu Novel Network!)

She felt that there was huge energy in the spirit fruit.

If she ate the spirit fruit, her magic energy would be used Inexhaustible, Gu Yi doesn't have to worry about using his full strength to consume his life force in battle.

"Haha, you're welcome, Gu Yi, if you really want to thank me, why don't we do something romantic?"

"roll!"

Gu Yi glared at Su Chen and disappeared in an instant. What about this shameless pervert and romantic affair?

Gu Yi wanted to kill this shameless bastard.

In the air,

Su Chen saw Gu Yi leaving.

He looked towards New York City and frowned. , on the Stark Building, some people were controlling the instruments, and the space gems were also placed in the instruments. Su Chen did not stop it. What should come will always come. He just stopped the space gems from being taken away....

Aliens and members of the hostile team will still come to the earth. He thinks it is better to let nature take its course. At least he understands the trend of the plot, and Su Chen will have a plan in mind to deal with it.

Whoosh,

Su Chen disappeared into the air in an instant, and there was a sexy beauty in the villa. Su Chen wanted to know why Winina didn't leave with Alice and the others.

In the villa,

Wenina saw Suchen suddenly appear in the living room.

She held a wine glass and said elegantly,

"Suchen, Alice and the others left with Hill. They wanted to form an alliance with SHIELD in this world. When the war started, Alice and the others would act together with SHIELD."

Su Chen nodded when he heard Wenina's words and said,

"Well, that's good. With those people from SHIELD as cannon fodder, you will have a much easier time in the war. What about you? Venina, why didn't you leave with Alice and the others? Venina took a sip of wine and replied, "You and I will team up and we will complete the first three tasks together.""

Su Chen shook his head speechlessly.

Wenina is teaming up with him?

Isn't this sexy beauty afraid that he will eat her?

Su Chen looked at Wenina's long white legs, plump and mature figure, this big Although the beauty is a sexy beauty, she is also a vicious villain;

"Venina, is your son dead?"

"you.....Do you know what is happening in my world?"

Wenina was very surprised when she heard what Su Chen said.

None of Alice or anyone else knew that she had a son, and her son also died not long ago.

How did Su Chen know?

Who is this lecherous person?

Su Chen nodded and replied,

"Know! Wenina asked with a puzzled look on her face.

"Who are you? Alice, Bai Yuekui and the girls all say that you are very powerful. Every time you go on a mission, your strength will be sealed. How powerful are you?"

Su Chen poured a glass of wine and sat next to Wenina and said,

"I? I have been the emperor of an empire and ruled a vast continent. I have also been the emperor of the immortal world and the emperor of an extremely powerful realm. If my strength is not sealed, if I blow a breath, the earth will be destroyed."

Chapter 2505

Wenina didn't believe what Su Chen said at all, emperor?

Rule a continent?

The Emperor of the Immortal Realm?

This bastard is talking nonsense.

Wenina stared at Su Chen angrily.

She and Su Chen would live and die together in the team from now on, but this shameless bastard actually talked nonsense to her.

Wenina angrily said to Su Chen, "Su Chen, did you say you are very shameless?"

"Yes, there are many, but....."

Su Chen nodded and admitted, shameless?

All the women he knew called him this, but all the beauties who called him this eventually became his women.

Wenina frowned and asked,

"But what?"

Su Chen curled his lips and said with a smile,

"Wenina, it's better you don't know"

"Not to mention pulling him down!"

Wenina crossed her legs and glanced at Su Chen disdainfully. She is an arrogant and shameless person.

Although Su Chen is powerful, such a person is destined not to live long. Wenina is too lazy to say anything to Su Chen..

After Su Chen took a sip of wine and checked the situation in New York, he asked Wenina,

"Wenina, how long have you been pregnant?"

"More than a month"

"Wenina, do you want to know who killed your son?"

"who is it?"

"Luo Feng!"

"Luo Feng?"

"Venina, don't underestimate Luo Feng. He is a spiritual master, and he is also the son of destiny in your world. You, your husband, and even the entire Bolenas family cannot kill Luo Feng. You should understand that destiny What is the son of destiny."

Su Chen thought about it and reminded Wenina.

Although Wenina is a woman with a heart as poisonous as a scorpion, she is a member of their team after all.

Ahem!

The most important thing is that Wenina is a sexy woman. Beautiful beauty.

Wenina was very surprised when she heard Su Chen's words.

Mentalist?

Son of Luck?

Venina's face turned ugly.

Mentalist is a special ability user in her world, and the son of luck,

Winnie Ever since Na was selected by Qi Luck Tiandao to join the team, she has understood the importance of luck.

Son of Qi Luck!

This is cultivation and promotion like drinking water. You can encounter adventure treasures wherever you move, and there will be protection from strong people behind you.

Su When Chen saw Wenina's ugly and helpless expression, he reminded her,

"Venina, if you join the team now, you will go to many worlds in the future. As long as you are so strong that even Hong is no match for you, it will be easy for you to seek revenge from Luo Feng.."

Venina nodded and replied,

"I see!"

Wenina knows that the Son of Luck is difficult to deal with and does not have the strength to kill with one strike.

Wenina will not take action against Luo Feng.

She will go to many worlds in the future, and there will be rewards for completing the Luck mission. Wenina It will become stronger in the future.

When the time comes,

Venina will killIt's not too late for Feng to take revenge.

Su Chen patted Wenina on the shoulder and said

"Don't be discouraged, I can tell you some opportunities that Luo Feng will encounter in the future. As long as you snatch those opportunities from Luo Feng, I believe that if Luo Feng doesn't waste them in the future, his strength will develop slowly."

Wenina asked hurriedly,"Su Chen, tell me, what opportunities will Luo Feng encounter in the future?"

"Venina, what good will it do me to tell you?"

"Shameless!"(To read exciting novels, go to Feilu Novel Network!)

When Wenina saw Su Chen's lustful look, she was so angry that she wanted to kill this shameless pervert with a tail thorn.

However,

Wenina really wanted to know about Luo Feng. She didn't want Luo Feng to grow up, even if it delayed Luo Feng's growth time, it was best to seize Luo Feng's opportunities and let him waste them.

Su Chen curled his lips and mocked,

"Venina, you are overthinking. Selena and Alice are all my women. Do you think I will fall in love with you, a married woman?"

Damn it,

Su Chen really fell in love with this poisonous scorpion.

Probably no man who has watched the plot has not fantasized about the sexy Wenina.

"Su Chen, how can you tell Luo Feng about those opportunities?"

Wenina felt very helpless when she heard what Su Chen said.

She also saw the affection Alice and the girls had for Su Chen. Su Chen had Alice and several beauties. This bastard might really look down on her as a married woman. wife

"The Luck War will start in about half an hour. Venina, come with me."

After Su Chen checked the situation on Stark Tower, he stood up and said to Wenina and walked towards the bedroom. It would be nice to have some desserts before the battle.

"asshole!"

When Wenina saw Su Chen go to the bedroom, she clenched her fists tightly and was very angry.

This shameless pervert,

Su Chen just said that he was not interested in married women, is this not interested?

Wenina She looked at the bedroom where Su Chen went to with an indifferent expression.

She was very confused. Should she go?

Or not?

Wenina was very hesitant in her heart.

Damn you bastard.

Wenina must kill that shameless woman cruelly in the future. Embry.

She walked towards the bedroom where Su Chen went with a cold face.

In order to take revenge and take away all the opportunities from Luo Feng,

Wenina was bitten by a dog today.

In the SHIELD spacecraft carrier,

Ai Li Si and the others were enthusiastically invited by Nick to a conference room. There were several people from the mutants, several people from the Avengers, the Fantastic Four, Spider-Man and the newly arrived Ant-Man. Nick did not expect that Nick would Er and Natasha will bring several powerful people. Although these people have unknown origins, with the guarantee of Hill and Natasha, Nick still believes in Alice and the others. In the combat command room,

Nick took Alice and Selina had just come in, and everyone in the command room looked over.

Tony saw Alice, Selina and the girls arriving,

(Noma Zhao) His eyes lit up.

Tony found that Alice and the girls were all very beautiful and sexy, and each had their own characteristics.

The girls in Alice all wear tight clothes to fightWearing clothes, a pure and beautiful girl wore a short skirt that exposed her long legs.

Each of these women has sexy figures with bulges in front and back, proudly erect mountains, beautiful faces, and heroic temperament. These are the most beautiful women Tony has ever seen, and he met six top beauties at once.

Tony walked over hurriedly and said,

"well! Beauties, my name is Tony Stark and I am the richest man in the country."

Selena looked at Tony and asked,

"Tony Stark?"

Tony slapped his chest and said,"Yes, I am Tony Stark.""

Selena smiled and said goodbye to Tony,

"Tony Stark, we just arrived from your villa. We forgot to tell you that Suchen is our husband."

Chapter 2506

Alice and Laura looked at Tony Stark and smiled. This Tony Stark was as much a womanizer as Suchen.

As soon as the girls arrived,

Tony Stark couldn't wait to chat with them. He was even more lustful and shameless than that bastard Suchen.

"What? Are you both Su Chen's wives?"

Tony Stark was confused when he heard Selina's words. These beautiful beauties are all the women of that bastard Su Chen?

It's his fault.

Isn't that bastard afraid of being drained to death?

Damn,

He just wanted to get one of the six women, but that bastard Su Chen took them all at once. When Tony Stark thought that Su Chen was still in his villa, he looked very helpless with constipation. Hill heard that

Celine Na's face became even colder and colder when she spoke, damn bastards.

Hill didn't expect that Alice and the girls were all Su Chen's women.

What about her?

Hill had already lost her virginity to Su Chen. Could she become Su Chen like Alice and the girls? Chen's woman?

Hill suddenly thought that Su Chen was not from this world. That shameless pervert would have to leave this world long ago. She and Su Chen would be people from two different worlds in the future. Hill felt even more irritable at this moment.

Oh,

Natasha?

Natasha is Su Chen's woman and a member of Su Chen's team. Can Natasha often see Su Chen?

Hill's eyes lit up when she looked at Natasha.

She thought of Natasha. If she can see Suchen often, Hill will be able to see that shameless pervert again as long as Hill monitors Natasha in the future. At this moment,

Selina smiled and threatened Tony Stark,

"That's right, Tony Stark, you'd better not take advantage of any of us, otherwise if our husband gets angry, he will kill you."

Tony Stark hurriedly pointed into the room and said,

"Ahem, why would I have an idea for you? Did you see the women in the room? Susan the Invisible Woman, Jean Gray the Phoenix, Hope the Wasp, and Ororo the Storm, they are all beautiful beauties."

In the command room,

Wolverine, Cyclops, Ant-Man Scott, and Mr. Fantastic Reed all glared at Tony Stark.

Tony Stark was harassing their girlfriends just now, and now Tony Stark They wanted to prey on their girlfriends again. If it wasn't the time to teach Tony Stark a lesson, they would definitely beat up Tony, this shameless pervert.

Dang, Dang, Dang,

Nick knocked on the table and said,

"Okay, everyone, please be quiet. Tony, have you and Bruce found any clues about the Cosmic Cube?"

Bruce adjusted his glasses and said,

"Director Nick, I just noticed some energy fluctuations"

"Bruce, where are you?"

"New York!"

Tony Stark frowned and asked after hearing Bruce's words.

"New York? Energy fluctuations? Space channel? Damn, Bruce, if Loki opens the space channel, will he find a high-rise building to open the space channel?"

Bruce nodded and replied,

"Well, that's the theory."

Tony Stark shouted angrily,

"Damn it, Stark Tower, Loki will definitely open a space channel in my building."

After Nick heard Tony's words, he understood that if Loki opened a space channel in New York, New York City has a population of more than 20 million, and if New York City became a battlefield, Nick could not imagine how many civilians would die.

Nick looked serious hurriedly ordered,

"Everyone is dispatched. New York City will definitely be the opening location of the space channel. We must close the space channel as quickly as possible. I will contact the military's rapid response force."

"Okay, we will definitely close the space channel as soon as possible."

Captain America nodded hurriedly with a serious face. He waved his hand and ran outside.

Others also ran out in a hurry.

Whether New York City will be destroyed by aliens depends on whether they can Quickly block or quickly close the space channel. (To read exciting novels, go to Feilu Novel Network!)

Alice and others also followed Natasha and left quickly. They guessed that they could not prevent the opening of the space channel, but if they could close the space channel in time, This was also a solution for them.

Half an hour later, a huge light suddenly erupted from the Stark Tower in

New York City , shooting straight into the sky. In an instant, a huge black hole appeared in the sky above New York City, followed by machines one by one. Life appears from the black hole in an airship. Boom boom boom

.....

After the mechanical life emerged from the black hole, energy weapons and energy cannons attacked rapidly, and New York City became chaotic for a while.

0 Request for Flowers

Countless buildings collapsed, countless civilians were killed, and civilians in New York City would scream and hide everywhere.

After Captain America and others arrived in New York, they discovered that it was already late.

Thor looked at the mechanical life that kept appearing in the sky, and he explained to the people next to him,

"These are the Chitauri, they are notorious in the universe, and they are the subordinates of Thanos."

Captain America shouted while holding his shield,

"We all take action, we kill these Chitauri while heading towards Stark Tower."

Tony Stark flew into the air in his steel suit and attacked. Others also used their own abilities to attack the Chitauri.

Some of the people who attacked at close range were stunned.

The Chitauri were all flying in the air at this moment. , the Chitauri have not yet arrived on the ground, and some Wolverines can only watch and cannot attack. At the beach villa,

Suchen and Wenina walked out of the bedroom. They all heard a huge explosion, luck. The war has begun, and they are also going to the battlefield to participate in the fate war.

Wenina was gargling a bottle of water, and she looked at Su Chen with a look of resentment.

Although Wenina was not insulted by Su Chen, That shameless pervert actually asked her to use her mouth.

Damn you bastard,

Wenina almost wanted to bite off Suchen's disgusting thing earlier.

After Suchen checked the war over New York City, he looked at Wenina and revealed the corners of her mouth. Smile.

Su Chen just enjoyed Venina's delicate red lips and Venina's proudly erect mountain. He couldn't put it down for Venina's proud mountain.

Su Chen patted Venina on the shoulder and said,

"Wenina, those opportunities I just mentioned, you can go and grab Luo Feng's opportunities first when you go back."

"By the way, you have to be careful about the spirit of grass and trees in Kirishima. There is a powerful monster in Kirishima. You are not an opponent, and neither are the people in your family. Only Hong and Lei can deal with it in your world."

"Venina, you can use the information about the spirit of grass and trees in Kirishima to exchange for the treasure in Hong's hand. The Sky-Escape Shuttle in Hong's hand is not simple. The Sky-Escape Shuttle will be Luo Feng's weapon in the future. Do you have to get this?"

Chapter 2507

Winina slapped Su Chen's hand on her shoulder away in shame, and she listened to Su Chen's instructions to her.

However,

Wenina would not have a good look towards Su Chen.

She would not let this bastard go.

In order to take revenge and get those opportunities from Luo Feng,

Wenina did that disgusting thing to Su Chen, and even this bastard He also pinched and swollen her big mountain. Venina remembered these humiliations and would make this bastard pay if she had the chance. Winina stared at Su Chen indifferently and asked, "Asshole, aren't we going to participate in the war now?" Su Chen looked at the battlefield in New York and shook his head and said,

"No, the enemy team has not arrived yet, the Chitauri army has just begun to attack, the huge war has just begun, and we don't need to rush to join the war."

Wenina asked Su Chen coldly, "Are we just watching here?"

"Venina, I will first look for the whereabouts of a reality stone."

Su Chen stood up and his eyes flashed with golden light, angel eyes!

Angels turn white when they turn on angel eyes. When Su Chen turns on angel eyes, they turn gold.

Su Chen wants to use angel eyes to find the God of Thunder. The plot of his girlfriend Jane Foster is already very confusing. He wants to check if Jane Foster will encounter the reality stone.

Huh?

London?

Jane Foster actually appears in London as in the plot?

Now that the Luck Mission has been released Reality Stone mission, then it seems that the Reality Stone will appear in London.

If the time and space turbulence appears in London, the Frost Giants should snatch the Reality Stone in London. What about the two enemy teams? Will the enemy team take advantage of the time and space chaos

?

The stream appeared in London?

Su Chen frowned and was a little confused.

If the Frost Giants and the enemy team launched a war in London, there would be two battlefields on the earth. The Chitauri attacked New York, and the Frost Giants attacked London. There are two outsiders. The alien forces are going to attack the earth. Will there be aliens in the universe attacking the earth? Will the Kree also participate in this war? Damn, it's too confusing.

"Damn it, did you find the Reality Stone?"

Wenina saw the golden light shining in Su Chen's eyes. Su Chen was now frowning as if he was thinking about something.

Wenina looked at Su Chen doubtfully.

She felt that Su Chen seemed to have discovered something, and maybe it was something. Bad news.

Su Chen shook his head and replied,

"No, but with a little clue, Wenina, let's go to London on the other side of the Atlantic Ocean. The Reality Stone should appear in London.

Wenina shouted to Suchen with a dark face, "London across the Atlantic Ocean?" Suchen, New York is more than 6,000 kilometers away from London. We don't have time to go there."

"More than six thousand kilometers? This is very easy for me!"

Su Chen smiled and quickly hugged Wenina's plump breasts. He took Wenina and disappeared into the villa.

More than six thousand kilometers?

This is just a moment for

Su Chen. Gard can pass by in an instant. Is London farther than Asgard?

In New York, more and more Chitauri troops are arriving from the black hole. In a short period of time, there are tens of thousands of Chitauri. Arriving on Earth.

The national military has not yet arrived.

The New York City police and National Guard are no match for the high-tech Chitauri. The defense lines just established by the police and National Guard are like paper. It was destroyed in an instant.

On a high building,

Bai Yuekui quickly killed the Chitauri with a long sword. The Chitauri with mechanical life forms were blocked and killed one by one.

There were too many Chitauri troops around.

Bai Yuekui thought at this moment I looked at Su Chen and thought about the fifth task that Su Chen said. Task five involves participating in the whole war. The war started less than half an hour ago. (To read Baoshuang novels, go to Feilu Novel Network!)

The Chitauri army was about to Tens of thousands arrived, and Chitauri troops continued to appear in the black hole. Mission 5 was indeed the most dangerous and difficult mission.

Whoosh, the God of Thunder flew to the top of the building and looked at Bai Yuekui and said, "Woman, you are very powerful. But not as strong as me!"

"boring!"

Bai Yuekui looked at the stupid and big Thor and continued to attack the Chitauri.

The Thunder God gave her a very dangerous feeling. Bai Yuekui felt that the Hulk was even more dangerous, as well as those mutants and superpowers, people in this world. More powerful than she imagined.

Boom boom boom.....

"Woman, look at my lightning attacks, I am the God of Thunder!"

Thunder God Thor flew into the air and raised the hammer of Thor to summon thunder and lightning. He wanted to show this white-haired beauty how powerful he was. Lightning flashed and thundered in the air for a moment, and thunder and lightning struck the Chitauri in the air. One by one, the Chitauri were struck by lightning and fell from the sky. Many gunboats were even hit and exploded in the air. Boom boom boom

.....

Not far away,

Storm was also flying in the air, summoning lightning to attack the Chitauri.

Not far apart, a large-scale thunder and lightning attack, and a large-scale lightning attack, all the Chitauri in this area were wiped out in an instant.

Bai Yuekui and others around him were very surprised.

Thor and Storm's large-scale attack was much more efficient than killing the Chitauri one by one. People around them looked at Thor and Storm in the air. , these two people are stronger than the other

"How can people on Earth summon thunder and lightning?"

Lei saw Storm summoning a lightning attack.

He was confused and couldn't understand.

Thor's God of Thunder, how could the earthlings summon lightning attacks?

On the opposite building,

Selina said to Alice beside her,

"Alice, the superpowers and mutants in this world are really powerful."

"Well, we are not weak either. With the help of that bastard Su Chen and the rewards for completing our mission, sooner or later we will be stronger than these people."(Nuo De Zhao)"Yes, in one or two years at most, we will all become a truly strong person.""

"Selena, a few of us are going to extort some treasures from Su Chen this time, as well as practice skills."

"hehe...., that's for sure, because of luck and heaven, we can't go to Su Chen's world. We want that bastard to leave some treasures and practice skills behind this time."

Alice and Selina were talking to each other while killing the Chitauri.

Some of the mutants and superpowers in this world are very powerful.

But they didn't care about the strength of Alice and Selina. They are not weak either.

With Su Chen's help in the future, they will become stronger and stronger.

At this moment, in the air,

Bai Yuekui stood like a fairy with a cold face.

She raised her long sword and shouted,

"Jiutian Xuansha turned into the god Lei Kai!"

"The brilliant power of heaven, lead it with the sword!".

Chapter 2508

On the high building,

Bai Yuekui couldn't stand the verbosity of the God of Thunder.

After the God of Thunder saw Storm summoning thunder and lightning to attack, he acted like a fool and didn't believe in the random shouting.

Bai Yuekui saw the Chitauri army coming quickly again, and she appeared in one step. up in the air.

Bai Yuekui wants to use the Divine Sword to Control Thunder. Doesn't Thor, God of Thunder, think that he is the God of Thunder? Is he the only one who can summon thunder and lightning?

Bai Yuekui wanted to use the divine sword Su Chen passed down to her to control thunder.

She showed this stupid thunder god that not only Storm can summon thunder and lightning attacks on earth, but Bai Yuekui can also summon thunder and lightning attacks.

In the air,

Bai Yuekui stood like a fairy with a cold face.

She raised her sword high and shouted,

"The Nine Heavens Mysterious Temple turned into divine thunder!"

"The brilliant power of heaven, lead it with the sword!"

Boom boom boom.....

There were dark clouds in the sky

, and the area suddenly became dark.

Black thunder and lightning flashed in the sky. The black thunder and lightning were like a scene of doomsday, which made people look frightened.

Bai Yuekui's Divine Sword Controlling Thunder has a wider attack range than Thor and Storm.

Bai Yuekui did not have a fixed target this time. As long as all the aliens in the air were within the attack range, the Chitauri would be attacked by the Divine Sword Yu Lei Zhenjue.

Boom boom boom.....793.

Black thunder and lightning attacked the Chitauri in the air. Each Chitauri was reduced to ashes by the black lightning attack. The Chitauri's gunboats also exploded in the air and fell down.

"Let me go, Bai Yuekui actually succeeded in practicing the Divine Sword and Thunder Controlling Art? Alice, why haven't we succeeded in cultivation?"

"I don't know, Selina. This may be because we are Westerners, and the sword art of cultivating immortals is not suitable for us to practice."

"Damn it, that bastard Suchen must have done it on purpose."

"Selena, Su Chen taught us many powerful abilities. We can't practice the immortal cultivation technique, and that bastard may not know it either."

"Alice, we will blackmail Su Chen for some treasures later, and we will also ask that bastard to pass on some powerful abilities to us."

"This can be done." Selena and Alice were very shocked when they saw Bai Yuekui's Divine Sword and Thunder Control. The Divine Sword and Thunder Control used by Bai Yuekui was more powerful than the thunder and lightning of Thunder God and Baofeng. Xiu During the Immortal Sword Judgment, both Alice and Selina saw how powerful the immortal cultivators were, and they decided to blackmail Su Chen with depressed faces. Thor, the God of Thunder, looked at Bai Yuekui in the air in confusion and shouted,

"How can this be? That woman actually summoned thunder and lightning, and it was more powerful than her own. Black thunder and lightning? What kind of thunder and lightning is this? Why is it so powerful?"

Thunder God Thor is now doubting whether he is still the God of Thunder.

Human beings summoning thunder and lightning appear one after another on the earth. Even the black thunder and lightning summoned by Bai Yuokui is much more powerful and terrifying than the thunder and lightning he summoned.

Everyone around him is like this Shi was also stunned.

They looked at Bai Yuekui in the sky with a shocked face.

Thor and Storm summoned thunder and lightning one after another.

This was not surprising.

After all, Thor was the god of thunder in Asgard and Storm had the thunder gene. Mutants.

But they did not expect that Bai Yuekui could also summon thunder and lightning, and Bai Yuekui could summon thunder and lightning with just a sword.

Laura and Natasha were also very surprised when they looked at Bai Yuekui in the sky.

Especially Mu Ning Xue, she didn't expect Bai Yuekui to be so powerful.

When they participated in the planet destiny mission, Mu Ningxue guessed that Bai Yuekui didn't use his full strength at all.

Ho ho ho.....

At this time, huge roars were heard from the black hole , and then, huge mechanical behemoths appeared in the black hole. The huge mechanical behemoths quickly came out of the black hole and

attacked the surroundings. When Tony Stark saw the giant beast appearing, he shouted in confusion, (To read Baoshuang novels, go to Feilu Novel Network!)

"Let me guess, such a big mechanical war beast? And it looks like there is still life?"

Ho ho ho.....

The Hulk looked at the war beast in the sky roaring and slapping the ground.

The other people looked at the mechanical behemoth that was hundreds of meters up. They were also very confused at the moment. How were they going to kill such a big mechanical behemoth ? Captain America shouted hurriedly,

"Tony, Hulk, Thor, kill those mechanical behemoths quickly, or New York will be over."

Tony, Thor, and the Hulk rushed towards the mechanical behemoths.

They all knew the destructive power of the mechanical behemoths on New York City. If these mechanical behemoths were not killed, New York City would be destroyed by these mechanical behemoths and turned into rubble.

Others The mutants and superpowers, as well as Bai Yuekui and the others, also rushed over. Although the mechanical behemoths were huge, they still had to find a way to kill these mechanical behemoths.

Whoosh!

At this time,

Su Chen held Wei in his arms. Nina and another woman instantly appeared on a high-rise building in New York City.

The other woman was Jane Foster.

When Suchen appeared in London with Venina, the Reality Stone had already invaded Jane Foster's body. There.

Suchen did not stay in London.

He took Venina and Jane Foster back to New York in an instant. The Frost Giant did not have many people and only one battleship. Su Chen wanted to lure the Frost Giant to New York and kill them together.

"Bastard, let me go!"

Jane Foster glared at Su Chen angrily.

She didn't think about Su Chen's sudden appearance and then disappeared with her in his arms.

This shameless bastard,

Jane Foster guessed that Su Chen was a superpower, but she was Thor, the God of Thunder. His girlfriend, isn't this bastard worried that Thor will kill him?

Venina stared at Jane Foster coldly and threatened.

"Shut up, if you dare to speak again I will kill you."

Venina is aware of the situation in Jane Foster's body.

The Reality Stone?

Venina guesses that the Reality Stone may be here."Otherwise, Su Chen would not be able to bring this woman back to New York.

Jane Foster heard Venina's cold threat, and her body trembled with fear.

Jane Foster felt Venina's murderous intention. If she dared to make a fuss again, this woman would definitely kill her.

"This is New York?"

Jane Foster suddenly heard the sound of an explosion.

She looked around with a surprised look on her face.

In just a moment, she was taken from London to New York, and New York was invaded by aliens. Jane Foster looked at it in confusion. the war around

"Su Chen, does this woman have a reality gem inside her body?"

Wenina rolled her eyes at Su Chen and asked, this shameless pervert, Su Chen even touched her at this time. Wenina was speechless to such a pervert like Su Chen. Su Chen caressed Wei Nina's plump waist replied,

"Well, the black thread in her body is the reality gem. Venina, you should take good care of this woman and never let her escape."

"Su Chen, don't we just take out the Reality Stone? Can't you kill this woman to take out the Reality Stone?".

Chapter 2509

Wenina tightly grabbed Su Chen's hand that touched her.

She could hardly stand this shameless pervert.

Wenina's tail stinger was exposed from behind her butt, and a stinger like a scorpion's tail was directed toward Su Chen's heart. Go slowly.

Whoosh!

Su Chen instantly appeared not far from Wenina.

He looked at Wenina and shook his head with a smile.

Suchen did not expect that Wenina wanted to kill him. Wenina pretended to ask him about the Reality Stone. She secretly wanted to kill him with one blow. Wenina is really a poisonous woman.

"snort!"

Wenina put away her stinger when she saw Su Chen running away.

This bastard was really vigilant.

However,

Wenina didn't really want to kill Su Chen. She wanted to catch this bastard and beat him up. Dun.

After all, this bastard is her teammate of life and death. If Wenina wants to become stronger in the future and complete the destiny mission in "Seven Nine Three" in other worlds, she must work together with the members of the team.

Jane Foster watched Looking at Suchen and Wenina, she felt that they had just had a conflict.

Jane Foster slowly moved away from Wenina.

Wenina just wanted to kill her to get some reality gem. She was interested in this beautiful woman. Very scared.

Su Chen sat on a stone pier and said,

"Wenina, this woman cannot be killed yet. We will not take out the Reality Stone from her body. I will let Ancient One take out the Reality Stone from this woman."

Wenina nodded when she heard Su Chen's words. Neither she nor Su Chen knew how to take out the Reality Stone.

However, what is this bastard doing sitting down?

There are aliens raging around the building. This bastard is not going to destroy the surroundings. of aliens?

"Bastard, why don't we help Bai Yuekui?"

Su Chen leaned against the stone wall and waved his hands, "You go ahead, I want to take a rest."

Wenina glared at Su Chen angrily and shouted,

"You were dreaming. Didn't you ask me to keep an eye on this woman? I'll keep an eye on this woman right here."

This shameless bastard!

Wenina saw Suchen leaning against the stone wall to rest. This bastard asked her to fight the aliens. Is there such a man who doesn't know how to show mercy? Is there such a hateful man?

Wenina thought of being in the villa She treated this bastard as a dog and bit him for the disgusting things he did to her.

Su Chen curled her lips and said,

"up to you!"

"asshole!"

Around the building, the Chitauri are attacking civilians everywhere, and the superheroes are fighting the Chitauri in the distance.

Half of New York City is smoking, and the black holes in the sky are still appearing. Chitauri troops are constantly appearing. , there are more than 100,000 Chitauri troops arriving on Earth, mechanical armies, flying gunships, mechanical behemoths, energy guns, energy cannons, explosions and screams are everywhere around the building.

Su Chen closed his eyes and thought about the whispers of war road,

"The enemy team has not yet appeared, which means that many Chitauri troops have not yet arrived on Earth."

"More than 100,000 Chitauri troops have arrived in New York City. How many Chitauri troops are there in the universe? How many strong men will appear? Under what circumstances will the enemy team appear?"

"Will Thanos appear? Will the Kree arrive? Will Cyclops bring back Marvel Woman?"

"Damn it, I have a headache, forget it, don't think about it anymore, the boat will be straight when it reaches the bridge. Su

Chen frowned as he thought about it.

He wanted to summon the Angel Legion now, but the enemy team has not yet appeared. If the people in the enemy team saw the power of the angels and hid, mission four might be ruined.

Wei Wei Nina heard Su Chen's whisper, and she looked at Su Chen in confusion.

At this moment, Wenina felt that Su Chen was not a brainless person. Although this bastard did not help Bai Yuekui and others fight, this bastard was thinking about what was about to happen. Something about it.

Venina has had some changes towards Su Chen, no, a slight change. (To read Baoshuang novels, go to Feilu Novel Network!)

Jane Foster looked at Venina and asked carefully , "that.....that...I want to ask, what is being invaded in my body? What are reality gems?"

"Shut up!"

Venina looked at Jane Foster indifferently, an ordinary beautiful woman. If

Jane Foster were in her world, such a woman would be a vase, a concubine imprisoned and humiliated by other strong men.

"you....."

Jane Foster did not expect Venina to be so unkind, touch and touch.....

Venina's spider silk instantly killed more than a dozen arriving Chitauri. She looked at Jane Foster and wanted to seal the woman's mouth. boom!

Thor flew from the air to the building, he landed heavily on the building and looked at Jane Foster...0

Thor discovered Jane Foster while fighting in the air. He did not expect that Jane Foster would appear in New York. New York was being invaded by the Chitauri at this moment. Thor was worried that something would happen to Jane Foster here.

Thor asked Jane Foster in confusion, "Jane, why are you in New York?"

When Jane Foster saw Thor arriving, she hurried to Thor and shouted, "Thor, I was captured by these two people." Came to New York"

"What?"

After Thor heard what Jane Foster said, he looked at Venina and Suchen.

How dare these two humans capture his girlfriend? Why did they capture Jane Foster and come to New York?

"Why did you arrest Jane and come to New York?"

Su Chen didn't expect that Thor would arrive. This fool would definitely take away Jane Foster when he arrived. Jane Foster still has the Reality Stone in her body. He would not let Thor take away Jane Foster.

It's difficult to handle!

I hope Idiot Lei won't act impulsively in a while.

"Silly guy, you have nothing to do here, Jane, we will let her go in a moment."

Thunder God Thor shouted angrily when he heard Su Chen's words,

"Boy, do you want to die? Stupid big guy? I'm the God of Thunder, not some stupid guy"

"Got it, idiot Lei!"

"Jane, let me take you to a safe place."

Thor God glared at Su Chen.

He had no time to argue with Su Chen now.

New York City was full of 0.5-tari troops. Thor, God of Thunder, was worried that Jane Foster would be in danger if she stayed here. As for Su Chen and Winnie Na, he will settle accounts with these two people in the future.

Bump!

Venina quickly kicked Thor away. Jane Foster had the Reality Stone in her body. She could not let Thor take Jane Foster away.

Thor hit a The stone pier stood up angrily and shouted,

"Woman, you are seeking death!"

Boom!

Thor took Thor's hammer and smashed it towards Venina. Venina quickly dodged the hammer that hit her. There was a loud noise and an area of the building collapsed due to the hammer..

Venina did not expect Thor's Hammer to be so powerful. If she had been hit by Thor's Hammer just now, Venina would have been seriously injured. She looked at Thor with murderous intent in her eyes.

Venina quickly attacked at close range. thunder god,

"Go to hell!".

Chapter 2510

Suchen watched Venina and Thor fighting, and he rubbed his forehead speechlessly.

It's his fault.

Su Chen was originally worried that Lei Fool would make the first move, but he didn't expect that Wenina would make the first move.

However,

Thor wants to take away Jane Foster, so it makes sense for Venina to take action against Thunder fool.

Su Chen looked at the two people fighting and shook his head.

Venina can't do anything to the God of Thunder now.

The body of Thunder Fool is very powerful. Venina's spider silk and tail spines can't do anything to the God of Thunder.

"Angel genes, analyzing Thor's hammer!"

"Thor's Hammer Analyzed.....1%.....8%.....15%.....27.....35%....."

Su Chen heard that Angel Gene was analyzing Mjolnir, and he looked at the war around the building.

At this moment, the superheroes were all approaching here. Maybe it was because there were so many aliens around here, maybe it was because of the battle between Thor and Venina, but Su Chen didn't pay attention to it.

Jane Foster hurriedly shouted to Su Chen,

"You tell your woman to stop, or your woman will be killed by the God of Thunder."

Venina was hit by Thor's hammer and vomited blood. Jane Foster knew that Su Chen was very powerful. She was worried that if Thor killed Venina, Su Chen would definitely kill Thor. If Thor died on earth,

Ah Sgard's protoss will definitely take revenge on the earth, and by then, the earth may be destroyed by the angry Odin.

Suchen curled his lips and asked, "Jane, shouldn't you dissuade your boyfriend?"

Jane Fox shook her head and replied,

"I can't persuade Thor. Thor is a stubborn person. I don't have the ability to persuade Thor to stop. Besides, Thor can't have trouble on earth, otherwise the Asgardian protoss will take revenge on the earth."

Su Chen looked at Jane Foster with disdain and said in disgust,

"Jane, you are really a woman with double standards. Leave me. Women like you make me sick."

Thor can't have trouble on Earth?

Then should Venina deserve to die?

Is Jane Foster afraid that she will kill Thor? Or is she worried that the Asrada Protoss will retaliate against the earth?

There is a beautiful woman from ancient times on the earth, and there is only Odin. A dying man, does he dare to take revenge on the earth?

"you.....`"

Jane Foster's expression changed when she heard Su Chen's words, double standard?

How come she has double standards?

She only thinks about the earth. Is this wrong? nausea?

This damn bastard, why did she disgust this bastard?

Jane Foster looked at Suchen and was filled with anger. She wanted to strangle this shameless bastard to death.

"Ding, Thor's Hammer analysis is completed."

After Su Chen heard the reminder from Angel Gene, he looked at Wenina and couldn't hold on.

All Wenina's methods were ineffective against Thor. She could only beat him away, but this also tickled Thor, who was powerful. Venina cannot destroy your body.

"come over!"

Su Chen reached out to the Thor's hammer in Thor's hand and shouted,

Whoosh!

In an instant,

Thor's hammer broke free from Thor's hand and flew into Su Chen's hand.

Venina saw Su Chen snatching Thor's hammer, and she She breathed a sigh of relief.

Thor's hammer was a huge threat to her. Thor didn't have Thor's hammer, so Venina didn't worry about being hurt.

Touch!

After Thor resisted Venina's kick, he looked at Su Chenda shouted,

"Boy, give me Mjolnir back."

Thunder God Thor did not expect that Mjolnir would fly into Su Chen's hands.

He was confused for a moment and couldn't understand.

He could only lift Mjolnir by himself. How could an earthling carry Mjolnir? Also? Why did Thor's hammer break free and fly into Su Chen's hand?

"Venina, come here!"(To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen ignored Lei Fool. He waved his hand to Wenina, who wanted to attack the God of Thunder.

Wenina quickly came to Su Chen's side, her beautiful eyes looked at her. Su Chen asked,

"Su Chen, were you caring about me just now?"

Su Chen hugged Wenina's soft waist and smiled, "Beauty, I like your delicate red lips and proud mountains very much. I don't want you to be killed by Lei Fool."

"shameless bastard!"

Wenina stared at Su Chen angrily.

This bastard is a shameless pervert. She was very helpless towards Su Chen. If Wenina hadn't been able to defeat this bastard, she would have taught him a lesson.

"Your name is Su Chen, and please return Mjolnir to Thor."

At this moment,

Jane Foster pulled the angry God of Thunder and shouted to Su Chen.

She was very shocked.

Jane Foster had previously thought that Su Chen was a powerful person, but she did not expect that Su Chen just shouted. , Thor's Hammer flew into his hand.

Thor's Hammer was made of a Death Star. No one can pick up Thor's Hammer except Thor, but Thor's Hammer is now in Su Chen's hand Just like a toy.

Su Chen sneered disdainfully, "Hi! Jane Foster, why should I give Ray Fool back?"

Thunder God glared at Su Chen and threatened,

"Boy, return my Mjolnir quickly, or don't blame me for killing you."

Bang!

Su Chen threw Mjolnir on the ground and mocked, "Mjolnir is on the ground. If you can pick it up, you can take it with you."

"snort!"

Thunder God heard Su Chen's words and walked towards Mjolnir.

Can't he lift his hammer?

Thor felt that Su Chen was afraid of his threat, so he used this method to return his Mjolnir.

Jane Foster Looking at Thor with a worried look on her face, she felt that it was impossible for Thor to lift Mjolnir.

This was her feeling.

Besides, Su Chen was a bastard. Jane Foster did not believe that Su Chen would give Thor Mjolnir back..

Wenina looked at Su Chen and asked doubtfully,

"Are you just going to give the hammer back to that stupid guy?"

Su Chen kissed Winina's delicate red lips fiercely and said,

"He can't lift it!"

Wenina wiped her lips and glared at Su Chen angrily.

(This bastard, she really wants to kill this shameless pervert,

"you sure? This hammer belongs to that stupid guy. How could he not be able to lift it?"

Su Chen looked at Mjolnir and explained,

"Venina, this is Thor's hammer, a hammer made from a Death Star. This fool is the God of Thunder in Asgard, which is also the god in Western legends."

"This is real? How could God be so weak?"

Wenina was very surprised when she heard Su Chen's words.

A hammer made from the Death Star?

Is this stupid guy a god? Is this possible? Especially if this stupid guy was the mythical God of Thunder, she might be killed by the God of Thunder in an instant. , Venina doesn't believe that the stupid guy is a god

"Venina, in this world, the so-called gods are some aliens. They are different from the gods in myths, and they are not as powerful and terrifying as the gods in myths. Just think of Lei Fool as a powerful alien. Can"
