Chapter 251

After Su Rongrong took Song Tian'er and Hu Tiehua, who was tied up by the Nether Guard, back to Zilanxuan's yard, Su Rongrong asked the Nether Guard to leave directly.

This time Su Rongrong pretended to be Zi Nu's order and saved Hu Tiehua. Although Su Rongrong knew that she would be punished this time and even be kicked out, she could not watch Hu Tiehua being killed by Ji Wuye.

After Su Rongrong saw the Nether Guard leaving, she cut the rope on Hu Tiehua's body with a dagger. After

Su Rongrong took out the token given to her by Ji Wuye, handed it to Hu Tiehua and said,

"Brother Hu, take Tian'er and leave quickly with this token. This is Ji Wuye's token. The army of the Han Kingdom will not dare to stop you."

Hu Tiehua did not accept the token that Su Rongrong handed him. On the way, Hu Tiehua guessed that something was wrong with what Su Rongrong said in front of Ji Wuye.

This time, when she saw that Su Rongrong wanted to give him the token and even asked him to leave quickly, Hu Tiehua guessed This time Su Rongrong saved his life privately,

"Rongrong, tell me if you saved me privately"

Song Tian'er was a little surprised after hearing Hu Tiehua's words. She didn't expect that Su Rongrong would dare to pass the order privately. If Wu Xiangjun knew about this, I'm afraid Su Rongrong would be doomed.

Song Tian'er pulled Su Rongrong and said hurriedly,

"Sister Rongrong, weren't you ordered to save Brother Hu and me this time?"

Su Rongrong was a little anxious and handed the token to Song Tian'er.

She was not sure whether Madam Zinu knew what she had done this time.

Su Rongrong wanted Hu Tiehua and Song Tian'er to leave here immediately. It's best to leave. far away,

"Stop talking, take this token and leave quickly. Don't come to the Eastern Continent again."

Hu Tiehua looked at Su Rongrong, waved her hand and said,

"No, Rongrong, if you save me privately, the purple lady will definitely not let you go. I can't harm you."

Su Rongrong felt a little helpless when she saw Hu Tiehua's expression that she would never leave no matter what.

"Brother Hu, why are you so stubborn? Leave as soon as possible. Even if I beg you, I'm afraid it will be too late if you don't leave."

Hu Tiehua is very happy now. Although Chu Liuxiang's betrayal makes him feel very uncomfortable, with Su Rongrong and the other three girls as his life and death friends, Hu Tiehua will be very happy even if he dies.

"Haha, Rongrong, you should know that I have a stubborn temper. I will not leave this time. You have already been questioned by Mr. Wu Xiang for helping us. If you help us privately this time, I am afraid you will implicated because of us"

"Brother Hu....."

"Needless to say, if Mrs. Zi Nu wants to deal with you later, I will bear the responsibility."

At this time, in a room of Zilanxuan, Zilan and Weizhuang were sitting together and talking. Weizhuang told Zilan everything about Han Fei's house.

Zinu listened to Weizhuang. She was a bit speechless when she was told what happened in Han Fei's house.

She didn't expect that Han Fei would win over those treasure thieves and even expose her relationship with Wei Zhuang. Han Fei even revealed what happened to King Qin here. Get out.

Although Zinu didn't know why Ji Wuye didn't send troops to Zilanxuan to arrest people, she thought that Su Chen had been to Ji Wuye's house.

This should be some agreement reached between Su Chen and Ji Wuye, and This agreement must be crucial to Ji Wuye, otherwise he would not let go of the opportunity to capture King Qin.

Zi Nu looked at Wei Zhuang who still looked cold and asked with concern,

"well! I didn't expect things to turn out like this. Xiaozhuang, what are your plans in the future?"

Weizhuang drank a glass of wine and said,

"I haven't thought about it yet, our relationship has been exposed this time, and Han Fei discovered our relationship without knowing when."

Zi Nu also doesn't understand how Han Fei knows that she and Wei Zhuang are siblings. Only she and Wei Zhuang know about this matter. Everyone else who knows is dead, unless

Zi Lan suddenly thinks of Han Country. Leng Gong said to Wei Zhuang,

"Han Fei should have been to the Cold Palace in the Cold Kingdom. After all, you are from there. If Han Fei wants to cooperate with you, he will definitely go to the Cold Palace to investigate you. After all, there are traces of our lives there. It is normal for Han Fei to discover our relationship."

Weizhuang couldn't help but nodded after hearing Zi Nu's words. He stood up and walked to the window and said to himself,

"Now that Han Fei is dead, even if he is released by King Han in the future, I will not cooperate with him anymore, and I am ready to disband Liusha."

When Zilan heard Wei Zhuang's words, she hurriedly stopped her and said,

"Wait, Xiaozhuang, don't disband Liusha. After all, this is your hard work. You can continue to develop your Liusha in the future. I will ask your brother-in-law to prepare the money and people for you."

"Well, it would be great if you could agree to help your brother-in-law. With the skills you learned in Guigu, wouldn't it be great to help your brother-in-law lead the troops in the war? Why did you disagree then?"

Zi Nu knows the hard work that Wei Zhuang has put into Quick Sand. Although Liu Sha is indeed not very good now, this is Wei Zhuang's only power now. If Wei Zhuang abandons Quick Sand now, Zi Nu will worry that Wei Zhuang will never recover from the fall. Wei

Zhuang In fact, he also wanted to be a general, so that he could compare with his senior brother Gai Nie.

But Wei Zhuang thought that Su Chen was not just his sister after all, and if he gained military power in Su Chen's hands, I'm afraid Zilan would be in trouble in the future. Will be targeted by Su Chen's other women,

"I can't harm you. You have to know that there are many examples of relatives interfering in politics, and Lord Wu Xiang doesn't just have you as his wife."

Zi Nu heard what Wei Zhuang said and understood why he refused.

Zi Nu is very happy now. She knows that Wei Zhuang has been protecting her silently. Although she will not need his protection in the future, Zi Lan still has some Happy that her brother Wei Zhuang could think about herself,

Zi Nu smiled and said to Wei Zhuang,

"Haha, Xiaozhuang, you may not understand that bastard of your brother-in-law. Don't leave this time. Just wait until Zilanxuan and Su Chen get to know each other before you make a decision. I believe you will find it hard to believe what your brother-in-law has done. of."

Zi Lan knows that that bastard Su Chen doesn't care about things at all.

Zi Nu also learned some things about Su Chen's family through the secret guards, but what makes Zi Nu speechless is that that bastard Su Chen's power in the Song Dynasty has grown so fast. It actually has nothing to do with Su Chen.

That bastard Su Chen may not even know how many troops he has now, how many people there are in his territory, and he may not even know how much money he has.

Zi Nu also didn't expect Su Chen He actually delegated all the power to his women. Wasn't Su Chen worried that his women would betray him?

Zi Nu thought that if she had so much power, would she betray Su Chen? The answer is definitely no. , maybe Su Chen's other women thought the same as him.

At this time, in Zilanxuan's yard, hundreds of secret guards suddenly appeared in Zilanxuan's yard and surrounded Su Rongrong and the others with Qi-breaking crossbows.

"Haha, Su Rongrong, you made a mistake this time. How do you think I should punish you? Do you want to be poisoned by me like that black widow?".....

Chapter 252

In the Blood-clothed Castle,

Su Chen was speechless as he hugged the Marquise's body to keep warm. The Blood-clothed Marquis Bai also showed no sign of leaving, and all his mental energy had been sucked away by the Marquise. Su Chen was holding the Marquise's body without any energy at all. Lying in an ice coffin.

Su Chen closed his eyes and was recovering his mental power. Now the Marquise was no longer absorbing his mental power. He wanted to recover his mental power and leave this strange place immediately.

Su Chen suddenly felt something on his shoulder. There was movement, and even the body of the Marquise he was holding had some body temperature.

"Um? Am I feeling wrong? Why does it seem like the Marquise has moved? And the Marquise is so warm?"

Su Chen opened his eyes and looked at the Marquise beside him. But when he saw the Marquise, his eyes widened.

"I'm Fake, what's going on with this Marquise?"

Su Chen felt a little uneasy when he looked at the murderous eyes of the Marquise.

Is this Marquise really not dead?

Su Chen slowly took out the hand holding the Marquise. He was a little scared now. This This thing is getting more and more strange.

Su Chen doesn't dare to do anything out of the ordinary before he recovers his mental strength, otherwise he may really be trapped here.

Su Chen took out his hand and was about to push the Marquise out of his arms. He went out, but when Su Chen was about to push the Marquise, the Marquise actually hugged him. Su Chen was completely confused.

Oh my god, what is going on? He was actually hugged by a corpse..Uh! Maybe it's not a corpse, but Su Chen feels a little awkward being held by a sexy and immortal female corpse like this.

""Save me."

Su Chen looked at the Marquise in surprise. He did not expect that the Marquise actually spoke. Although her voice was pitifully low, Su Chen still heard it. He hurriedly looked into the Marquise's eyes and asked,

"save you? How to save you?"

"help me"

"Damn it, I'm not a doctor, and I've only just learned martial arts. How do I know how to save you?"

"Help me quickly."

Su Chen looked at the Marquise's face that remained unchanged and was a little confused. Why did this Marquise remain unchanged? Even her words did not come from her mouth.

"How to save? Do you want to do dual cultivation?"

Su Chen is in a bit of trouble now. He actually doesn't want to save the Marquise. You must know that she is the adoptive mother of the Bloody Marquis Bai Yifei.

Bai Yifei is destined to become his enemy. If the Marquise really survives, she will not find it for herself. Did she find a powerful enemy?

Su Chen ignored the Marquise again, and Bai Yifei also left at this time.

Su Chen was just waiting for his mental strength to recover before preparing to leave.

The Marquise should wait until she became stronger before coming to see him. What on earth is going on?

Boom!

Just when Su Chen was recovering his mental strength, Su Chen suddenly found that the Marquise's eyes suddenly turned red. Su Chen was a little scared and wanted to push away the ice coffin and leave.

Suddenly the Marquise A powerful momentum suddenly burst out, and the clothes of the Marquise and Su Chen were shattered to pieces.

Su Chen was completely confused now. What was this Marquise going to do? Su Chen looked at the tatters on her body. The clothes were a little speechless.

Su Chen also knew that now was not the time to think about these things. He hurriedly took out the clothes from the system space and was about to put them on.

But before Su Chen could change his clothes, the Marquise suddenly sat up and held Su down. In the morning, Su Chen looked at the Marquise with very red eyes. He thought that this Marquise would not become a vampire, right?

"Damn you.....what are you up to? Damn it, am I being pushed back by a corpse?"

In Zilanxuan,

Yan Lingji led the secret guards to surround Su Chen Rongrong and the others.

Yan Lingji only found out that Su Rongrong dared to pass the order privately after receiving a report from the secret guards, so she directly ordered the secret guards to stop Su Rongrong and the others..

This matter can be big or small. Now that that bastard Su Chen is not here, Yan Lingji can only let Zi Nu deal with them. When

Su Rongrong saw that Yan Lingji appeared with the secret guards, she knew that Hu Tiehua might be the one this time. Since she and Song Tianer could not leave Zilanxuan,

Su Rongrong looked at Yan Lingji who was threatening her and said pleadingly,

"Yan Lingji, please let Hu Tiehua and Song Tianer go. I am willing to bear all the consequences."

Yan Lingji has no sympathy for this idiot woman. Passing false orders privately is a capital crime.

Moreover, this Su Rongrong is still her future husband's maid. If she continues to pass false orders in the future, I am afraid it will cause even greater chaos.

Yan Lingji doesn't want to do that. Leave this troubled Su Rongrong behind. If she hadn't had a showdown with Su Chen, this Su Rongrong would have been killed by Yan Lingji now.

"Tsk tsk, Su Rongrong, don't think that you can do whatever you want just after you have made a meritorious service. I can't do this. You either have to wait for that bastard Su Chen to come back and deal with you, or I hand you over to Madam Zi Nu. You choose now."

"I choose Madam Zi Nu, Yan Ling Ji, please leave me to Madam Zi Nu, I have no shame to see Lord Wu Xiang again."

"Okay, someone, go and tell Madam Zi Nu to come over."

"Yes, commander."

Yan Lingji was a little unhappy when she heard these secret guards calling her commander.

Although Su Chen handed over all the secret guards and guards here to herself, she will be Su Chen's future wife in the future, well! Although she Now that they didn't agree to that bastard, these secret guards told their commanders to accept it.

After a while, Zi Nu came over with Wei Zhuang.

Zi Nu didn't expect that Su Rongrong was so bold and dared to pass the order privately.

This time Fortunately, nothing happened. If Su Rongrong accidentally disrupted Su Chen's plan, it would be easy to kill Su Rongrong.

Zinu looked at Su Rongrong kneeling on the ground and said with a cold face,

"Su Rongrong, you are so brave. Do you know the consequences of sending orders privately? I already agreed to let you rescue Song Tian'er because you found two assassins in the Net today, but you dare to privately send orders to rescue this thief. What do you want me to do with you?"

"Madam Zinu, I'm sorry, I can't watch my friend die in Han Fei's house. This is all my fault, and I will die to apologize."

Su Rongrong said to Zi Nu, she took out a dagger and stabbed her chest.

She knew that she would not be forgiven by Wu Xiangjun and Zi Nu this time, and she had no shame to see Wu Xiangjun again now.

Su Rongrong However, he promised not to have anything to do with Chu Liuxiang and the others again, but this time he secretly sent an order to save Hu Tiehua, which was a taboo. She would be exiled even if she was not executed.

When

Hu Tiehua saw that Su Rongrong was about to commit suicide, he hurriedly beat her After dropping the dagger from Su Rongrong's hand, Hu Tiehua had been paying attention to Su Rongrong. He was just afraid that Su Rongrong would do stupid things for them.

"Rongrong, why are you so stupid? Didn't I say that I would take full responsibility? Madam Zinu, this time Rongrong also sent the order privately because she saved me. I will bear all the consequences, whether life or death, for Rongrong. I also hope that Madam Zinu will let Su Rongrong go."

Song Tian'er hugged Su Rongrong and cried,

"Sister Rongrong, how could you commit suicide? If I die, I will die."

Zi Nu looked at Hu Tiehua and Su Rongrong angrily and said,

"Do you bear it? What can you afford as a thief? Su Rongrong, it's best that you don't get my husband into trouble this time, otherwise you won't die. It's easy, Yan Lingji, I'll leave them to you first, and then deal with them when Su Chen comes back."

"No problem. Now I have more and more prisoners. Fortunately, your Zilanxuan secret room is big enough."

"Yan Lingji, those two trapped women don't want to die."

"Don't worry, they won't die."

Chapter 253

After Yan Lingji led the secret guards to take Su Rongrong, Hu Tiehua, and Song Tian'er away, Wei Zhuang looked at Hu Tiehua who was taken away.

He admired Hu Tiehua in Han Fei's house. He was a friend worth making.

Wei Zhuang now wants to drag him into his loss. Now the quicksand is just some shrimps, and there is no master who can take action. If Hu Tiehua can join the quicksand, he may be able to let Su Chen let Su Rongrong go.

Zi Nu felt a little strange when she saw Wei Zhuang lowering his head and thinking about something. What else could Wei Zhuang think about at this time? He had broken up with Han Fei and he no longer had to think about dealing with Ji Wuye.

Zi Nu was a little curious. asked,

"Xiaozhuang, what are you thinking about?"

Weizhuang said directly to Zi Nu, "Sister, I want that Hu Tiehua. This person values love and justice and is a good person."

Wei Zhuang no longer calls Zi Nu. Now that his and Zi Nu's identity has been exposed, Wei Zhuang also knows that he can no longer hide it, so he calls Zi Nu his sister again.

"Are you going to drag him into quicksand?"

Zi Nu knew Wei Zhuang's plan after hearing what he said, but as long as Wei Zhuang doesn't get depressed, Zi Nu is still very happy. As for Hu Tiehua, as long as he is willing to join the quicksand, Zi Nu can let Su Rongrong go this time.

"Yes, there are no masters in Liusha now, and this Hu Tiehua is a good choice"

"Okay, you can go to Yan Lingji to ask for someone now. As long as that Hu Tiehua is willing to follow you, you can take him away and I will handle the rest."

"Okay."

Wei Zhuang was not polite to Zi Nu. After all, he knew Zi Nu. If Zi Nu was not sure about something, she would not let him take people directly.

Wei Zhuang thought that Wu Xiangjun Su Chen should like Zi Nu very much. Yes, otherwise the army here, the secret guards, guards, and even the shadow assassins would not all be managed by Zi Nu.

Thinking of this, Wei Zhuang showed a smile. As long as Zi Nu will be happy in the future, Wei Zhuang will be happy for his sister..

Blood Clothes Castle, in the secret passage.

Su Chen almost fell down when he came out of the ice coffin. His legs are a little weak now. The Marquise is too powerful. If she hadn't had some strength, she would have become a man now. At this time, A beautiful woman wearing men's clothes also came out of the ice coffin. She looked at Su Chen with cold eyes and asked,

"What did you feed me? Why did it only take a while for all my physical injuries to recover, and even the blood butterfly poison in me was cured?"

Su Chen looked at this beautiful Marquise and felt that she was a little aggrieved this time.

Su Chen did not expect that one day she would be pushed back, and this powerful Marquise almost squeezed herself dry. Su Chen Now that I think about the scene at that time, I am a little frightened.

Su Chen did not expect that his mental power could save the Marquise.

After the Marquise obtained her mental power, she still did not fully recover. Originally, Su Chen could have used internal energy to save the Marquis. Let the Marquise come back to life completely.

But Su Chen didn't take action for a long time, and the mental power the Marquise obtained wouldn't take long, so in the end, in order to resurrect, the Marquise pushed Su Chen backwards to get Su Chen's true energy and Yang Yuan.

Su Chen rolled his eyes at the cold Marquise and said, "The panacea, that is my last red fruit."

The Marquise glanced at Su Chen with an expressionless face and said emotionlessly,

"I have no intention of asking for more for you. What is your name?"

"Su Chen"

"My name is Bai Ruobing"

"Then should I call you Marquis or Bai Ruobing? Well, I think it's better to call you Madam."

"Delusion, you can only call me Lord Marquis from now on."

"Damn it, we had sex, and I was the one who fought to save you."

"A little scumbag with peak talent still wants to be my husband, you are too whimsical."

Su Chen was speechless after hearing what the Marquise said.

This Marquise even lifted up her pants and refused to recognize anyone. Forget it, she is a scumbag now.

This Marquise is a terrestrial immortal in the heavenly realm like Shi Guanyin. She can't He was not her opponent.

Su Chen looked at the disdainful Marquise and was curious. With the strength of the Marquise in the Celestial Realm, how could she be poisoned and injured? The

Celestial Realm is very difficult to kill. It would be difficult to kill a Celestial Realm. It takes two to three Celestial Beings to kill her. Otherwise, if Celestial Beings have to escape, even masters from the Celestial Beings will find it difficult to keep her.

"Since you are in the cultivation realm of heaven and human, shouldn't you have a lifespan of several hundred years? Why are you about to die at the age of 100?"

"What is a hundred years old? If you keep talking nonsense I will kill you."

The Marquise was very embarrassed and angry when she heard Su Chen talk about her age.

She didn't expect that her first man was only in his twenties, which made her a little unacceptable when she looked at Su Chen.

The Marquise thought that if it weren't for She came back to life because of this bastard, and this Su Chen healed her injuries and restored her cultivation level to its peak state. Marquis Bai Ruobing wanted to kill this bastard directly.

"Um, eighteen years old, you are eighteen years old, so why are you in suspended animation?"

Su Chen was a little embarrassed. As expected, women were not allowed to mention their age no matter how old they were.

Marquis Bai Ruobing said to Su Chen angrily,

"It was my adopted son Bai Yifei who plotted against me. I didn't expect that he would dare to poison me in order to get Baijiapu."

Su Chen looked at Bai Ruobing and thought that Bai Yifei must want to inherit the title of Marquise. The Marquise is a super master in the realm of heaven and human beings. Even if the Marquise has a lifespan of hundreds of years, she can survive Bai Yifei to death. The ambitious Bai Yifei couldn't see that he could inherit everything from the Marquise, so Bai Yifei poisoned the Marquise.

Su Chen said somewhat for the poor Bai Yifei,

"That's because you have lived too long. Bai Yifei may die before you die. Bai Yifei wants everything about your title. Bai Yifei, the blood-robed marquis, is not your biological son anyway. He wants to kill you. Is it normal?"

"Shut up"

"Well, you go on, you go on."

Marquis Bai Ruobing grabbed Su Chen and said angrily,

"I'll continue my nonsense. If it weren't for my practice, I might have died a long time ago. I will make Bai Yifei's life worse than death this time."

"Then you are free to do as you like, Marquise, then I won't disturb you in your revenge, goodbye."

Boom. Su Chen saw a Marquise smashing a boulder next to him with a casual palm. Su Chen glared at the Marquise and said angrily,

"Holy shit, what are you doing?"

"Did I let you go?"

"Why can't I leave? Marquise, you are not going to kill me to silence me in revenge, are you?"

"If you dare to talk nonsense again, I will really kill you, just follow me out."

Marquise Bai Ruobing is also very helpless now. Although this bastard is low in strength, he is her man after all. Although she does not admit it now, the facts are facts. Marquise Bai Ruobing is also thinking about how to quickly improve this bastard's strength in the future.

Marquise Bai Ruobing thought that she, a terrestrial immortal in the heavenly realm, would find a scumbag in the innate realm to be a man. I am afraid that this bastard will be called a pretty boy in the future.

"Who dares to break into Blood Clothes Castle?"

As soon as Su Chen and Marquis Bai Ruobing came out of the secret passage, they found that thousands of soldiers in white armor had surrounded the place.

These white-armored soldiers may have heard the vibration in the secret passage just now, so they guarded the entrance of the secret passage.

Marquis Bai Ruobing looked at the familiar Bai Jiajun and said coldly,

"Bloody Castle? How come my Baijia Fort turned into Blood Clothes Fort?"

"What? Who are you.....you are female.....The Marquise, Bai Tai, the commander of the White Armored Army, met the Marquise"

"Met the Marquise"

Chapter 254

These white-armored troops were very surprised when they saw the Marquise. The rumored Marquise was not dead, which made these white-armored troops unexpected.

Marquis Bai Ruobing looked coldly at the Baijiajun kneeling on the ground without saying anything. Most of these Baijiajun were unfamiliar to her, and yes, after more than ten years, there were some new members of the Baijiajun.

Bai Ruobing looked at the commander of the Baijia Army and asked,

"Bai Tai, where are Bai Yifei?"

"Return to the Marquis. The Bloody Marquis just returned to Xinzheng."

"Order all the White Armor troops to assemble. I have something to announce."

""Yes, Marquis."

After the Marquis Bai Ruobing gave the order, she walked towards her previous room. Su Chen thought about it after watching the Marquis leave and followed him. He also wanted to see how the Marquis would execute Bai Yifei.

"Get out, who let you in?"

"I guess she is such a cold and heartless woman."

Su Chen was kicked out by the Marquise and sat on the stone bench next to him, waiting for Bai Ruobing.

He now knew that the Marquise might be changing clothes in the room. Although the Marquise Bai Ruobing had been seen by him and even had sex with him, Su Chen also He didn't dare to go in by force.

And now Su Chen hadn't figured out Bai Ruobing's attitude towards him. Su Chen, a land god in the heavenly realm, still wanted to win over. After all, they were married.

Su Chen thought that although the Marquise was very old, Older, but now she is a beautiful beauty in her twenties. Su Chen can get the beautiful Marquise without any disadvantage.

At this time, the Marquise walked out of the room wearing a pair of white armor. Su Chen looked at it in amazement Beautiful Marquise Bai Ruobing.

Marquise Bai Ruobing is now a cold beauty. The white women's armor highlights the figure of Marquise Bai Ruobing. Her cold and beautiful face makes people want to conquer at a glance. Marquise Bai Ruobing The dark blue mink velvet cloak behind her made the Marquise Bai Ruobing even more noble.

When the Marquise Bai Ruobing saw Su Chen staring at her, she felt a little uncomfortable. Bai Ruobing knew what this bastard was thinking when he looked at her.

Hehe, all men are. He looks like a shameless person who judges people by their appearance. This bastard must be thinking about dirty things when he looks at him like this.

"What are you looking at? Wait for me here, I will recover my White Armored Army. You'd better not escape, otherwise you should know the consequences."

"I'll go, I still have things to do, how about I come see you later?"

Su Chen was a little anxious when he heard that Marquis Bai Ruobing wouldn't let him leave. King Qin Yingzheng is still in Zilanxuan, and the Luowang assassins have also arrived in Xinzheng. If he is not in Zilanxuan, the Luowang assassins will attack, and Zi Nu and the others will What should I do if something goes wrong?

Well, it seems that I can't help much in Zilanxuan. My martial arts can't defeat Black and White Xuanjian. With Wei Zhuang and Gai Nie Tianze, nothing will happen to them.

Wang Hu doesn't know how to find Concubine Yan now No more? Alas, Su Chen misses Concubine Yan a little now.

"No."

The Marquise looked at Su Chen coldly and disappeared directly in front of him.

Damn it, what does this Marquise mean?

Is she planning to keep her as her son-in-law?

Su Chen looked away and turned away. Bai Ruobing, the Marquise who just left, was dumbfounded and thought.

Su Chen looked around and walked towards the Marquise's room. Su Chen really didn't dare to leave now.

If she left secretly, Bai Ruobing in the Heavenly Realm would definitely find him. After finding him, Bai Ruobing had even left a special mark on his body. No matter where he escaped, Bai Ruobing might find him. When

Su Chen entered this luxurious room, he found that the room was spotless. It seemed that this room had always been cleaned by someone.

But when Bai Yifei poisoned the Marquise Bai Ruobing, why didn't he bury her?

He even put the Marquise in an ice coffin. Could it be that Bai Yifei had some evil thoughts about the Marquise?

Hiss! This is indeed possible, Bai Yifei is not married or even found any woman. This Bai Yifei may really have a crush on the Marquise Bai Ruobing.

Su Chen was lying on Marquise Bai Ruobing's bed and was thinking about things in a boring way. Now he doesn't want to. Maybe he hasn't figured out the Marquise's thoughts after leaving the Bloody Castle.

If the Marquise knew that she had other women, would she go crazy and kill her other women? It would be great if Shi Guanyin was here. Someone from heaven. Even if the Marquis Bai Ruobing goes crazy with Shi Guanyin, she can stop it. Although

I don't know who is stronger and which one is weaker, the Marquis Bai Ruobing and Shi Guanyin are stronger, but they must be stronger than these scums.

Su Chen suddenly thought that he had already passed a month. It was already a month ago and he had forgotten the system gift package.

Su Chen hurriedly communicated with the system.

"System, to receive this monthly gift package, and the system, can you set a reminder, can you remind me when one month is up?"

"Ding, the gift package has been received successfully. The gift package has been stored in the system space. The system will proactively remind the host when one month is up."

"This is more or less, otherwise I would be so busy and have time to keep counting the time, system, open the gift bag"

"Ding, the gift package has been opened successfully. Congratulations to the host for a teleportation fragment, ten innate red fruits, king-level swordsmanship and holy swordsmanship, fifty thousand elite troops, and military supplies for a hundred thousand legions in five years."

Damn it, it exploded again this time. The teleportation shard is a good thing. I have used three of it. It can move at will within a kilometer range.

After using the teleportation shard this time, Su Chen can Moving at will within a range of 10,000 meters is his life-saving skill.

And this time he got ten more red fruits. He got ten more red fruits just after using them. This time he can use them for a while. The

Holy Spirit Swordsmanship is Fengyun The top swordsmanship in the world, I don't know if there are characters from the Fengyun World in this comprehensive martial arts world.

Su Chen thought about it and felt that the possibility is a bit small. After all, the Fengyun World is no longer a high martial arts world. The old monsters in that world But after living for thousands of years, and even having dragons, phoenixes, and unicorns, Fengyun World should be considered a fairy world. The final army and military supplies are not bad. I now have almost 300,000 system legions. These are all A powerful army.

Su Chen looked at the less than 110,000 troops that had not yet been deployed in the system space, and wanted to deploy them now. Huang Rong would definitely need these powerful troops now, and Murong Qiudi should also need these in the Sui Dynasty. Army.

Su Chen was a little happy when he saw the military supplies of the remaining 100,000 legion. In the future, he would not have to worry about the weapons, equipment and food of the legion. These military supplies came in a very timely manner.

Su Chen thought about the Song Dynasty and Tell the system about the Great Sui Dynasty

"System, deploy 20,000 Nether Cavalry Legion and 30,000 Xuanwu Legion to bring two years of military supplies to Huang Rong ten miles away, let these troops meet with Huang Rong, and follow Huang Rong's orders in the future."

"Deploy another 20,000 Nether Cavalry Legion and 30,000 Xuanwu Legion with one year's worth of military supplies to ten miles away from Murong Qiudi, and ask the army to also meet with Murong Qiudi. From now on, they will obey Murong Qiudi's orders."

"Ding, the army has been deployed."

Chapter 255

After Su Chen finished these things, he found that the Marquise Bai Ruobing had not returned yet, so he came to the table, took out a pen and paper, leaned on the table and wrote a message.

Su Chen now wants to go to Zilanxuan to arrange things before coming back. Otherwise, if he doesn't go back, Zinu and the others may worry that something will happen to him.

Su Chen looked at his message and smiled with satisfaction. Su Chen thought about whether Marquis Bai Ruobing would go crazy if she saw her message. This was no longer a message, but a love letter.

Su Chen left a piece of blue bird jade pendant and disappeared in this room instantly,

Xinzheng, Zilanxuan. Mrs. Mingzhu has not seen her reply to her since she talked with Hu Meiren, which makes Mrs. Mingzhu confused.

Hu Meiren should also want to leave the palace, otherwise she would not be able to maintain her innocence after so many years.

It's just that this time I have explained the matter to her. This Hu beauty has been thinking about it for a day, why doesn't she agree to it?

Mrs. Mingzhu couldn't sit still. If she couldn't handle Hu Meiren tonight, she would definitely suffer disaster tonight.

She would definitely not be able to bear that bastard Su Chen alone, and Hu Meiren would be her helper in the future.

Mrs. Mingzhu looked at the sky and hurried out to find Hu Meiren. She could not delay any longer.

When Mrs. Mingzhu came to Hu Meiren's room, she saw Hu Meiren sitting on a chair in a daze. Mrs. Mingzhu thought that Hu Meiren was still thinking about it, so she walked over and said hurriedly,

"Sister, you have considered it this way. In fact, it is nothing for you to be my husband's concubine. My husband is much more powerful than King Han. My husband is not comparable to King Han in terms of power and appearance."

Hu Meiren looked at Mrs. Mingzhu strangely.

At first, she didn't think why Mrs. Mingzhu asked her to be Su Chen's concubine. Later, she understood after listening to Nongyu's words.

It turned out that Mrs. Mingzhu couldn't stand Wu Xiangjun. , which makes Hu Meiren worried that she will not be able to bear it in the future.

Hu Meiren also knows now that Mrs. Mingzhu may not know that she has agreed to be Su Chen's wife, otherwise Mrs. Mingzhu would not be able to say these things to herself.

Hu Meiren Although she wanted to tell Mrs. Mingzhu now, she still hoped to let Mrs. Mingzhu know after she slept with Su Chen. Hu Meiren did not want her to be with Mrs. Mingzhu for the first time. Hu

Meiren suppressed her smile and said to Mrs. Mingzhu,

"I know, sister, I'll think about it for another day or two. This is too sudden and I can't accept it."

Mrs. Mingzhu was a little anxious. She didn't expect Hu Meiren to think about it again. If Hu Meiren thought about it again, she would definitely be played to death by Su Chen. When

Mrs. Mingzhu thought about her teasing Su Chen, she was a little worried about Su Chen tonight. revenge,

"What are you waiting for? This is a once-in-a-lifetime opportunity. If you miss it, I won't help you in the future."

"Sister, after all, this is a lifelong event, I have to think about it carefully."

Hu Meiren is very happy now. She now wants to know how Su Chen will treat Mrs. Mingzhu's deception.

She and her sister also saw what happened today. Hu Meiren is a little confused when she thinks of Su Chen's acupoints on the trap assassin. She wanted to laugh.

Hu Meiren did not expect that Mrs. Mingzhu would dare to tease Su Chen, but she also wanted to know how Su Chen would teach Mrs. Mingzhu that night.

However, since Mrs. Mingzhu was anxious to make herself agree to this matter this time, she also guessed that in the evening Su Chen would teach Mrs. Mingzhu this way.

Mrs. Mingzhu was about to persuade Hu Meiren again, but at this time Mrs. Hu came. Mrs. Mingzhu looked at Mrs. Hu and said to Hu Meiren,

"Okay, you and your sister should discuss it, I have something to do and leave first."

Mrs. Hu saw Mrs. Mingzhu nodded to her and left. She saw Hu Meiren's happy look and asked,

"Sister, is Mrs. Mingzhu still talking about what happened before?"

Hu Meiren pulled Mrs. Hu and said very happily,

"Haha, sister, we have a show to watch tonight. Many people will definitely go to see it this time, and we will go watch it together tonight."

Mrs. Hu blushed a little when Hu Meiren said that. She knew what those curious women were going to see at night, but she was an outsider and a woman who could peek at such things.

Mrs. Hu's face was slightly red and she pointed at Hu Meiren. The head said,

"Bah, what did you say? Mr. Wu Xiang and you are husband and wife. You can go and see her, but what does it mean if I go?"

"Haha, I forgot."

Hu Meiren smiled awkwardly.

She had forgotten Mrs. Hu's identity just now, but she looked at Mrs. Hu's gentle and virtuous look and wondered if her sister could be like that?

Hu Meiren thought If her sister agrees, she will not go around soliciting people like Mrs. Mingzhu in the future. The more Hu Meiren thought about it, the more she felt that this matter was possible.

Hu Meiren looked at Mrs. Hu and whispered,

"Sister, how do you plan to live in the future? Is that Li Kai really still alive?"

Mrs. Hu said sadly after hearing what her sister Hu Meiren said,

"I have Nongyu now, and I will take good care of Nongyu in the future, Li Kai?"The man I met looked very much like Li Kai"

"Although I haven't seen his appearance, his demeanor and movements are very similar to Li Kai. I'm not sure whether he is Li Kai now. Even if it's Li Kai, I don't have the face to see him again."

"Alas, why can't you see him? If Li Kai is still alive, why doesn't he come to see you? Liu Yi at the beginning....."

"Sister, stop talking, this can only be blamed on my misfortune."

While Hu Mei and Mrs. Hu were talking,

Su Chen also came back, but as soon as he came back, he heard Zi Nu telling him what happened during his absence. Su Chen didn't expect that so many things would happen after he just left for a while.

Luo Wangli Wu was arrested, what happened in Han Fei's house, Su Rongrong's arbitrary claims and false orders to save Hu Tiehua, Wei Zhuang turned out to be Zi Nu's younger brother, Tianze, also came to Zi Lan Xuan with his men.

Su Chen felt that if he didn't come back today, more things would happen.

Zi Nu poured a cup of tea for Su Chen and handed it over. Give it to him. Zi Nu was also a little curious about what this bastard Su Chen was doing in the afternoon. She thought that Su Chen was running around at an innate level of cultivation. She was very worried about this bastard in Zilanxuan.

"Husband, where did you go this afternoon?"

Su Chen took a sip of tea and hugged Zi Nu and said with lingering fear,

"Madam, I'm afraid you won't believe me if I tell you. This matter is a bit unbelievable."

"whats the matter?"

Zi Lan asked worriedly when she saw Su Chen seemed to be frightened by something.

Su Chen touched Zi Lan's purple hair and said,

"The Marquise of the Cold Kingdom is not dead, and the Marquise is still a terrestrial fairy in the realm of heaven and human beings."

Zi Nu was also frightened by Su Chen's words now. The Marquise is not dead? Is the Marquise still a terrestrial fairy in the heavenly realm?

This is a bit scary. No wonder Su Chen seems to be frightened by something.

"hiss! How can this be? Wasn't the Marquise dead almost twenty years ago? Is she still alive? So where has the Marquise been all these years?"

Chapter 256

Zi Nu is still a little frightened. She didn't expect that the Marquise was not dead, and that the Marquise was still a terrestrial fairy in the realm of heaven and human beings.

If Bai Yifei invites her mother out, who in the Han Kingdom can deal with the Marquis? Do we need hundreds of thousands of troops to kill the Marquis?

But the Marquis also has a hundred thousand white-armored troops, and those white-armored troops are still the most elite army in the cold country.

Su Chen touched Zi Nu's beautiful face and said with a smile,

"Madam, don't worry, the Marquis has been like death for almost twenty years, and now I'm afraid the Bloody Marquis Bai Fei is in trouble, haha!"

Zi Nu felt a little strange after hearing Su Chen's words. Why is Bai Yifei in trouble if the Marquise is not dead?

Could it be Bai Yifei's fault that the Marquise has disappeared for more than twenty years? But the Marquise is Bai Yifei's mother, and it is impossible for Bai Yifei to do that. ?

Zinu knocked off Su Chen's hand that touched her face and asked hurriedly, "What's going on? Tell me quickly?"

Su Chen held Zi Nu in his arms and said to her,

"The Marquise was poisoned by the blood-clothed Marquis Bai Yifei. However, the Marquise was very powerful and practiced some special techniques. The Marquise did not really die."

"Now that the Marquise has recovered, what do you think Bai Yifei would do if he knew that the Marquise was not dead and had recovered from the period of complete victory?"

Zi Nu now understands that it turned out that Bai Yifei poisoned the Marquise, but Zi Nu couldn't understand why Bai Yifei poisoned his mother? Could it be that a conflict broke out between their mother and son?

Zi Nu thought about this for a while. She still couldn't understand the matter, so she leaned into Su Chen's arms and said,

"He will definitely run away, isn't it obvious? Will Bai Yifei stay and wait for death? But why did Bai Yifei poison his mother?"

"The Bloody Marquis Bai Yifei is not the biological son of the Marquis, but the adopted child of the Marquis. It may be that Bai Yifei discovered his life experience."

"In order to inherit everything from the Marquise, Bai Yifei must wait until the Marquise dies. The Marquise is a terrestrial fairy in the realm of heaven and human beings. Her lifespan is several hundred years. Bai Yifei will not die even if the Marquise dies."

"So Bai Yifei used the most poisonous blood butterfly poison to kill the Marquise. However, unexpectedly, the Marquise did not die. Everything Bai Yifei had done in the past ten years was turned into sewage."

Su Chen took a sip of tea and then told Zi Nu what he knew.

Now that the blood-clad Marquis Bai Yifei is also in Xinzhen, Su Chen thought about whether to capture Bai Yifei and hand him over to the Marquis Bai Ruobing, but Su Chen thought about Bai Yifei's strength, he shook his head and gave up the idea.

After listening to Su Chen's words, Zi Nu felt that Bai Yifei was a super fool. Her mother was a super master. Even if she was not the biological mother and child, her daughter had been raised by her for many years. The Marquis will definitely help Bai Yifei at all costs.

Zi Jurchen can't understand why Bai Yifei would do that?

"Ha, this is Bai Yifei's own fault. Wouldn't it be nice to have a mother who is in the realm of heaven and human beings? I really don't understand why Bai Yifei did that?"

Su Chen hugged Zi Nu and guessed that Bai Yifei might not have wanted to poison the Marquise at first. Bai Yifei might have wanted to control the Marquise. There were various signs that Bai Yifei might like the Marquise. He definitely wouldn't have done so at that time. He really wanted to poison the Marquise, otherwise Bai Yifei would not have used the precious ice coffin to store the Marquise's body after she was poisoned.

Bai Yifei may not have known enough about the blood butterfly poison at that time, so he The Marquis was directly poisoned to death.

Su Chen guessed this and said to Zi Nu,

"Maybe it's for love."

Zi Nu said to Su Chen in surprise,

"Affection? Bai Yifei does not have a wife. There is even a legend in Xinzheng that Bai Yifei is not a womanizer because he practices martial arts."

""Marquisess"

Su Chen looked at Zi Nu and spit out three words. Although this was his own guess, Su Chen felt that his guess was definitely close to ten.

"What? Husband, are you saying that Bai Yifei likes the Marquis? How can this be? The Marquise is her adoptive mother, how could Bai Yifei possibly....."

When Zi Nu heard Su Chen's words, she stood up from his arms in surprise. The news was really shocking. Zi Nu was so shocked that she couldn't believe it.

Su Chen looked at Zi Nu's surprised look and said slowly,

"Madam, the Marquise is a terrestrial fairy in the realm of heaven and earth. Her appearance has always been at her most beautiful. Do you think Bai Yifei will have such evil thoughts if he is always by the Marquise's side?"

Zi Nu took a breath and said angrily,

"I understand, the Marquise will definitely not let Bai Yifei go this time, and the Han Kingdom will lose another ambitious guy."

Su Chen now also told Bai Yifei what happened, and what he did when he left in the afternoon also told Zi Nu. Su Chen will tell Zi Nu what he wants to do later. I believe Zi Nu doesn't have to worry about his safety.

Su Chen took out a red fruit from the system space and handed it to Zi Nu and said,

"Well, madam, you can eat this in a moment."

"What's this? It smells pretty good"

"If you eat this innate red fruit, you can gain thirty years of internal strength. You are now in the late stage of innate cultivation. After eating it, you can at least advance to the middle stage of master. If your internal strength is strong, you may be promoted to the late stage of master."

Zi Nu was a little surprised when she looked at the red fruit in her hand. Today, Su Chen kept surprising herself. What did this bastard do in the afternoon? How could he not only get all the news about the Marquise, but even the Heaven and Earth Spirit Fruit in one afternoon? Got it,

Zi Nu didn't want to accept the spiritual fruit. She handed the red fruit to Su Chen again and said,

"It's unbelievable that there is such a strange fruit in the world. You should eat this yourself. You are running around at the peak of your innate state now. It will be safer for you to go out after eating it."

Su Chen shook his head and said with a smile,

"I have already eaten it. Otherwise, how could I have gone from a person who doesn't know martial arts to a master of the innate peak? A person can only eat one of this Zhu Guo in his life. Eating it again will only heal the injury without increasing the internal strength."

"Haha, then I will accept it, but you won't get such a red fruit this time, right?"

"I have a few more, what's wrong?"

Zi Nu was a little embarrassed and stretched out her hand and said to Su Chen with a blush,

"Give me another red fruit. My brother Wei Zhuang also needs a red fruit. If I marry you in the future, will you not give me a betrothal gift?"

After hearing what Zi Nu said, Su Chen hurriedly took out a red fruit and handed it to Zi Nu and said happily,

"Give it, how could you not give it, Wei Zhuang is my brother-in-law no matter what, so giving this Zhu Guo will be regarded as a betrothal gift."

Su Chen smiled when he saw Zi Nu's unprecedented blush. This old Jianghu finally blushed today. It's a pity that he can't stay tonight, otherwise today would be the best time to capture Zi Nu.

"By the way, I have to go out in a while. You will inform King Qin that Ying Zheng will leave Xinzheng tomorrow and leave the Han Kingdom. Let King Qin go back to prepare for his crowning and pro-government."

"What about the Snare Assassin? Who else needs to be arranged to go back with King Qin?"

Chapter 257

Su Chen and Zi Nu discussed the matter of escorting King Qin Ying Zheng and left in a hurry. He was afraid that if he returned late, the Marquise would come to Zi Lanxuan, which would cause trouble.

In the evening in Xinzheng City, a beggar with a broken arm slowly walked out of Xinzheng City. After making sure that no one was following him, the beggar quickly ran towards the woods. He said to himself as he ran,

"Mr. Wu Xiang, I survived the catastrophe this time. I will seek revenge from you in the future. I will contact your enemies one by one and I will definitely give you a fatal blow when the time comes."

This beggar with a broken arm is Chu Liuxiang. He was hiding from the Mo family and the farmers who were chasing him everywhere in Xinzheng City. It wasn't until it was almost dark that he killed a beggar, put on the beggar's dirty clothes, and left Xinzheng City. He escaped from Xinzheng City.

Those Mo family and farmers would never have thought that he would disguise himself as a beggar and escape from Xinzheng City.

At night, in Xinzheng City,

Ji Wuye took a breath while looking at the information sent by Zilanxuan. He did not expect that the Marquise He is not dead, and the Marquise is still a terrestrial immortal in the heavenly realm.

Now that the Marquise has taken control of the Bloody Castle, the Bloody Marquis Bai Yifei in Xinzheng City still doesn't know that Zilanxuan has informed him to immediately sever ties with the Bloody Marquis Baiyifei. Otherwise, the people inside Zilanxuan wouldn't be able to save him.

"When someone comes, inform Jade Tiger and Coiled Clothes Guest that there is something urgent."

"Yes, General"

"Well, this time it's a bit scary. The Marquise didn't die, and Bai Yifei actually poisoned his mother. It seems that Bai Yifei is finished this time. No one can save Bai Yifei."

"They and others must fall out with Bai Yifei as soon as possible, otherwise they will definitely be implicated by Bai Yifei. Fortunately, they have established a good relationship with Wu Xiangjun this time, otherwise he would not be able to get the news about such a secret matter."

Ji Wuye picked up the wine glass on the table and drank it in one gulp. He thought that he didn't know whether Mo Ya and Bai Feng had caught the snow girl. Tomorrow, King Qin would attract those assassins to leave. I hope Mo Ya and the others are in Wuxiang. Before Jun left, he brought the snow girl back. Han Fei was imprisoned in the cold palace of the cold country. Now Han Fei has no image at all. He failed. There is no chance of making a comeback this time. This is all because of Wu Mr. Xiang.

Han Fei never thought that Mr. Wu Xiang would join forces with Ji Wuye. This made Han Fei feel a little bitter. Now he is not even as good as Ji Wuye.

Mr. Wu Xiang would rather join forces with Ji Wuye. If you cooperate with him, are you destined to do all these things in vain?

At this time, a sneaky woman suddenly appeared in front of Han Fei. She looked at Han Fei who was thinking about something and shouted,

""Brother"

Han Fei heard the cry and found his sister appearing here. He knew that this naughty sister must have come secretly.

"Honglian, why are you here?"

Princess Honglian asked with concern when she saw that Han Fei didn't look like a gentleman at all.

"Brother, why does the father want to lock you up? And he also asked me to leave Han Country with that Wu Xiangjun"

"Let you and Wu Xiangjun leave Han Country together?"

Han Fei stood up in surprise when he heard Princess Honglian's words.

He didn't expect that his father would let Honglian leave the Han Kingdom. Did his father know that the Han Kingdom would be destroyed in a few years?

But why didn't he let himself Carry out reforms? Then maybe the Han State has a chance to fight against the Qin State. Han Fei is a little confused about what King Han is thinking now.

Han Fei thinks of his current situation, maybe it is better for Honglian to leave now, at least she does not have to see the immortality of the Han State. On that day, there is no need to be caught and wasted by the Qin army.

"Yes, no matter how I begged my father, he didn't agree to let me stay."

"Honglian, it's okay to leave with Wu Xiangjun, don't you want to go out to play? Let's go and relax this time"

"What about you? Why did your father lock you up again?"

"I have nothing to do. My father will let me out in a few days. Aren't I often locked up by my father?"

"That's it, then I won't worry about you anymore, I'm leaving, otherwise the guards will know they've been deceived and come back soon"

"Well, from now on in Wuxiangjun, don't show your princess temper at will, you know?"

"Got it."

Han Fei sighed when he saw Princess Honglian leaving. He didn't expect that King Han would start preparing for the future now. His father was obviously not fatuous, but why did he pretend to be fatuous? This made Han Fei think a little. I don't understand.

In Zilanxuan,

Mrs. Mingzhu is a little nervous now. She knows that that bastard Su Chen is back. If that bastard comes over in a while, she will be dead.

Hu Meiren, that vixen, doesn't know what she thinks. Such a good thing She didn't even seize the opportunity. Did Hu Meiren, that vixen, not intend to leave the Han Palace?

But this was impossible. If Hu Meiren had no intention to leave the Han Palace, then why did she maintain her innocence? At this time, Cai Cai When Die came to Madam Mingzhu's room, she saluted and said,

"Madam Mingzhu, Madam Zinu asked Madam to come over."

Ms. Mingzhu doesn't know what Zi Nu is asking her for at this time? Could it be that the bastard wants to stay in Zi Nu's room and Zi Nu wants to help her?

But that's not right. Zi Nu won't do that this time. After all, For the first time, Madam Mingzhu didn't believe that Zi Nu would let her help her, so

Madam Mingzhu asked doubtfully,

"I understand, Cai Die, do you know what Mrs. Zi Nu asked me to do?"

"Madam, I don't know about this, but Yan Lingji also asked Hong Yu to invite her."

"Come on, let's go to Purple Girl's room now."

Mrs. Mingzhu must have had something happen this time, otherwise Zinu wouldn't have asked her and Yan Lingji to come over. Now Mrs. Mingzhu is afraid that something happened to that bastard Su Chen.

When Mingzhu came to Zinu's room, she saw When Yan Lingji arrived, Zi Nu asked Mrs. Mingzhu to sit down, then took out two small boxes and placed them on the table in front of them and said,

"Pearl, Yan Lingji, there is an innate red fruit in this box. If you eat it, you can gain thirty years of internal strength. But this is what my husband asked me to give to you. You will eat these red fruits tonight to improve your cultivation level. Go up, something is going to happen tomorrow, and you also need to be able to protect yourself."

Yan Lingji was a little surprised when she heard Zi Nu's words, but she didn't find Su Chen in Zi Nu's room and asked hurriedly,

"Sister Zinu, what happened? Where is Su Chen? Isn't he back?"

Mrs. Mingzhu doesn't care about the Zhu Guo on the table now. She is worried about Su Chen's comfort.

"Yes, where is your husband? He won't leave again, right?"

Zi Nu looked at Madam Mingzhu and Yan Lingji worried about Su Chen and nodded. Although that bastard Su Chen likes beauties, that bastard has really good taste. Every woman in Su Chen's heart cares about him. This also made Zi Nu feel a little relieved about these women.

Zi Nu poured a cup of tea for each of them and said with a smile,

"Haha, don't worry, my husband has gone out to do something. Nothing happened to him. It's just that King Qin will leave Xinzheng in the cold country tomorrow. The Luowen assassin will definitely assassinate King Qin on the way, and there will probably be Luowen assassins in Zilanxuan to save the two female Luowangs. Assassin, we're just in case".....

Chapter 258

While Zi Nu was talking to Yan Lingji and Madam Mingzhu, Su Chen also returned to the Bloody Castle. Oh, no, it has been renamed Baijiabao now. Su Chen looked at Baijiabao and teleported directly to the Marquis. Bai Ruobing's room.

When Su Chen teleported to Bai Ruobing's room, he found Marquis Bai Ruobing sitting on a chair looking at him.

Su Chen looked at the expressionless Bai Ruobing and blurted out,

"Let me know, why are you here?"

Bai Ruobing was speechless now. How could this bastard ask such an idiotic question? She glared at Su Chen and sneered,

"Haha, what you said is so funny. This is my room. How can I go there if I'm not here?"

Su Chen was a little confused. He was confused by this Marquise. This is Baijiabao, and this room is Bai Ruobing's room. Su Chen smiled awkwardly,

"Um, I forgot this is your room. Bai Ruobing, have you recovered all the Baijia Army?"

Bai Ruobing said with a proud face when Su Chen asked her about the Baijia Army.

"The White Armor Army was trained by me. Although more than half of the 100,000 White Armor Army were newly recruited, with my old subordinates here, they have all pledged their loyalty to me, and I have executed all those who dared to rebel."

Su Chen was a little speechless when he looked at the arrogant Marquise. How could an old woman who was almost a hundred years old still act like a little girl?

But Su Chen just thought about it. If he dared to say it in front of the Marquise, I'm afraid he wouldn't. Even if he was killed, he would be tortured by this Marquise.

Su Chen praised hurriedly with some duplicity, "It's amazing. It only took half a day to defeat those white-armored troops. You are worthy of being a Marquise."

Marquise Bai Ruobing frowned and said unkindly after hearing Su Chen's unfaithful words,

"Stop flattering me and say, are you writing me a message or a love letter?"

Marquise Bai Ruobing blushed a little when she thought of Su Chen's message to her.

This bastard wrote such a message in such an explicit way, "Dear Miss Bai, what little cutie, ah," which made Marquise Bai Ruobing almost look at it at that time. She immediately stormed off.

Bai Ruobing was very angry at that time. She thought at first that this bastard Su Chen was teasing her, but she read the message again and realized that the bastard had left for something and would be back in the evening.

The Marquise wanted to go at that time Catch that bastard Su Chen and just leave a message. It's written like a love letter.

Marquise Bai Ruobing didn't throw away the message written by Su Chen. She read it over and over again. In the end, she just left it without leaving a message. Collected the messages.

Su Chen was a little embarrassed now and didn't know how to answer Bai Ruobing. He couldn't say that he just wanted to tease her once, right?

"That Bai Ruobing, you see it's already very late, why don't we take a rest and I'll explain it to you in detail tomorrow."

Bai Ruobing was stunned when she heard Su Chen's words.

What did this bastard say? Let's rest together? With him? Bai Ruobing wants to strangle this bastard to death now. He had to do that before when he wanted to be resurrected. What does this bastard think of himself now? People?

"we rest? Who rests with you? Get out of here now you bastard."

What the hell, this Marquise is mentally disturbed, isn't she? If we don't rest together, what are we going to do by ourselves? Su Chen was speechless when he looked at Bai Ruobing.

He didn't care about Marquise Bai Ruobing's attitude. Su Chen came directly to the bed. Just lie down. Today, I was very frightened by Bai Ruobing. The Marquis Bai Ruobing came back to life from a corpse. This was a bit scary for Su Chen to see. When

Bai Ruobing saw this bastard lying directly on his bed, he was furious Teeth itching, she walked over and grabbed Su Chen to pull the bastard up.

"Get up, you bastard, don't lie on Wu's bed."

Su Chen was too lazy to get up after smelling the fragrance on Bai Ruobing's body. Tonight, Su Chen wanted to avenge the previous rebuttal and let Bai Ruobing know that she was not bullied randomly.

Su Chen hugged Bai Ruobing directly. He said lecturingly,

"Bai Ruobing, you have to know that you will be my woman from now on. Well, although you took the initiative today, you are my woman after all. When you get married, you will obey your husband, don't you know?"

Bai Ruobing pushed Su Chen away directly and threatened with a cold face,

"Get out, if you don't get down, you'll stay in bed forever and never have to get up."

"Damn it, you are so cruel."

Su Chen saw that Marquis Bai Ruobing was about to take action and teleported out. He didn't want to be beaten by Bai Ruobing now. When he becomes stronger in the future, he must teach this Marquise a lesson.

Bai Ruobing saw Su Chen leaving. She felt that he appeared in another room.

She was now a little interested in Su Chen's sudden appearance and disappearance. The bastard Su Chen didn't use his internal power just now, so how did he suddenly disappear? This made Bai Ruobing a little confused.

Bai Ruobing Seeing that the bed that Su Chen was lying on was a little wrinkled, he frowned with a cold face.

Oh, maybe this is fate. Bai Ruobing didn't expect that she would fall into the hands of this bastard. They would also fall into the hands of this bastard in the future. She didn't know what would happen.

Bai Ruobing thought that after all, she and Su Chen were far apart in age, and they didn't know if they would have a future in the future? Bai Ruobing looked at the bed and lay down, thinking about what happened today on her cold face Things.

In the Qin State, Concubine

Yan of the Yin-Yang Family gave the copper box obtained by the Han State to the Eastern Emperor Taiyi since she returned to the Yin-Yang Family. She even told the Eastern Emperor Taiyi the location of the Yin-Yang Family's most precious treasure, the Magic Sound Box..

And the Phantom Treasure Box was also retrieved from the Mo family's forbidden area a few days ago. Donghuang Taiyi is now very satisfied with Dongjun Yanfei.

Donghuang Taiyi also feels that Wu Xiangjun Su Chen may not be simple, just from his support King Qin's army seems to be very powerful.

The intelligence obtained by Donghuang Taiyi also knows that Lord Wu Xiang has many powerful women, and even those women combined are more powerful than their Yin and Yang family. Of course, this does not include him. This leader.

In an attic of Yin Yang's house, a plump woman with gauze looked at the beautiful woman sitting opposite and said with a smile,

"Dongjun, your husband gave two great gifts to our Yin Yang family this time. I will have to thank your husband after this time."

"Moon God, these Lord Donghuang have already agreed to my husband's request, so you don't need to worry about this matter. You should think about how you can quickly advance to Grand Master."

These two people are Concubine Dongjun Yan and Yue Shen of the Yin Yang family. They have been fighting openly and covertly for many years.

Yue Shen was very angry when she saw Concubine Yan. This time Concubine Dongjun Yan not only married a good husband, she even He also got the copper box from the Han Kingdom. The most precious treasure of the Yin and Yang family, the Phantom Sound Box, was also brought back to the Yin and Yang family by Concubine Dongjun Yan. What made the Moon God even more angry was that Concubine Yan had been promoted to Grand Master when she came back, and even had the strength to do so. She has been promoted to the middle stage of Grand Master.

This makes Yue Shen feel a little incredible. She is only at the late stage of Grand Master cultivation, but now Concubine Dongjun Yan has left her far behind. Luna Shen keeps thinking

when looking at Concubine Yan. , is this strange woman from the Yin Yang family really inferior to her?

Chapter 259

Concubine Yan looked at Luna and smiled. Luna had been fighting with her, but she lost every time. Concubine Yan had severely suppressed Luna's arrogance this time. Maybe Luna would give up voluntarily in the future. Fight with yourself.

At this time, a secret guard knocked on the door and came in, saluted Concubine Yan and said,

"Report to Madam Jun, the guard commander Wang Hu has come to Yin Yang's house."

"Guard commander Wang Hu? What is he here to do? Isn't Wang Hu protecting King Qin Yingzheng?"

Concubine Yan was a little surprised when she heard that the guard commander Wang Hu had read his message when she was in Gusu City. Concubine Yan knew that Wang Hu was the person sent by Su Chen to contact King Qin, and he was also the person who wanted to protect King Qin Yingzheng. But why did Wang Hu come to Yin Yang's house if he didn't protect Ying Zheng?

The secret guard immediately replied, "Madam, Wang Hu came to see Mrs. Jun on your order.""

"bring him here"

"Yes, Mrs. Jun." Moon

God was a little envious when he saw this secret guard leaving. Now there are hundreds of such secret guards in the Yin Yang family, and they are all guards of Concubine Yan.

These secret guards are all innate cultivation realms, and they are notified From her observation, these secret guards are all loyal people, and the moon god also hopes to have such subordinates.

"Mrs. Jun? It seems that my sister has become Wu Xiangjun's wife, and Dongjun is really good at it.

Concubine Yan smiled when she saw that the Moon God was about to act like a demon again and said, "What?" Is the Moon God envious? Why don't you let my husband take you in as a child?"

"Hum, I am devoted to the Tao, and I have no interest in worldly things."

"Haha, I hope so!"

At this time, Wang Hu walked in from outside. When he saw Concubine Yan, he immediately saluted and said,

"The guard commander Wang Hu met Mrs. Jun."

Although Wang Hu has never seen Concubine Yan, he can tell at a glance from the description of the secret guard that the noble woman wearing a golden crow dress must be the wife of Wu Xiangjun, Mrs. Concubine Yan. Concubine Yan looked at her with a smile. Wang Hu, who was in the middle stage of Grand Master, nodded. Now Wang Hu's cultivation level is a bit weak, but there are many masters around Su Chen. As long as Wang Hu works hard in the future, he might be able to advance to Grand Master.

"Wang Hu, why did my husband send you here this time?"

"Madam Jun, this is your letter to you."

Concubine Yan was a little surprised when she took Su Chen's letter and read it. He didn't expect that Su Chen had come to the Eastern Continent and was now in the Cold Country. Why did this bastard come with him as soon as he came? Could it be that he Aren't you afraid of something happening?

Concubine Yan wants to beat up that bastard now.

She took the secret guards to the Mo Family's Agency City earlier. She also didn't let the secret guards contact Zi Nu for a few days. She just didn't expect that in just a few days, that bastard would So he ran over.

Doesn't this bastard Su Chen know that he is a congenital scumbag?

Concubine Yan was a little angry now and asked Wang Hu, "Wang Hu, who did my husband bring to the Eastern Continent? Wang

Hu said hurriedly when he saw Mrs. Jun was angry,

"Return to Madam Jun. Your Majesty will bring some troops to the Eastern Continent."

"How many troops will you bring?"

Concubine Yan wants to beat the guard commander Wang Hu now. How can he be as virtuous as Su Chen? He can just answer every question."

"Forehead! Your Majesty leads a thousand Netherworld Cavalry Legion, hundreds of Netherworld Guards and Shadow Assassins, and there are hundreds of thousands of troops on the Xiongnu grassland."

Huh? Hundreds of thousands of troops are on the grassland? What is your husband going to do?

Is Su Chen going to invade the Eastern Continent? This is impossible. If Su Chen invaded the Eastern Continent, he would not choose this time. Does Su Chen still have Is there something to be done?

Moon God was a little surprised when she heard it nearby. She didn't expect that Concubine Yan's husband, Lord Wu Xiang, had also come to the Eastern Continent, and he brought hundreds of thousands of troops with him. What was Lord Wu Xiang going to do? Is he preparing to attack that country?

Moon God is now even more envious of Concubine Yan. Although she knew that Lord Wu Xiang was very powerful and had a large army, she did not expect that the troops coming to the Eastern Continent alone would total hundreds of thousands. And judging from Concubine Yan's appearance, these troops may be left to her in the future.

Concubine Yan doesn't know what Su Chen is going to do now. She read the letter and knew that Su Chen and King Qin Ying Zheng are going to Qin in the next few days. The King of Qin is about to be crowned. Su Chen also wants King Qin Ying Zheng to be crowned and take charge of the

government smoothly this time. Only if the King of Qin gets the power of the Qin State is it in Su Chen's interests.

Concubine Yan read the letter and thought about it for a while, then she told Wang Hu ,

"Wang Hu, go back immediately to protect my husband and tell him that I will wait for him in Qin."

"Yes, Mrs. Jun."

Wang Hu also knew that Lord Wu Xiang was in some danger in Xinzheng, Han Kingdom. He hurriedly saluted Concubine Yan and left quickly.

Seeing Wang Hu leave in a hurry, Concubine Yan looked at her secret guard commander and ordered,

"Su Zhao, take my token and go to Jiuyuan to order Wang Hai to immediately lead the Netherworld Army towards Xianyang of Qin State and ask Meng Tian from Jiuyuan to assist him."

"Yes, Mrs. Jun."

Concubine Yan thought about Su Chen's explanation, and then she felt that she had to leave for Xianyang. According to the information written in Su Chen's letter, she also had to get those things done. Concubine Yan also wanted to go and check on King Qin herself. The specific things about Ying Zheng's mother.

The Moon Goddess looked at Concubine Yan commanding her men with a calm expression, and her eyes hidden in the gauze glowed.

Now Concubine Yan is becoming more and more attractive, and Concubine Yan's temperament She is becoming more and more noble, which makes Moon God know that she may never be able to surpass Concubine Yan in the future.

All this is because of that Lord Wu Xiang, and now Moon God is also very curious about what kind of person Wu Xiang Lord is? During the coronation ceremony of King Qin Yingzheng in Xianyang, the Moon God also wanted to go and see Lord Wu Xiang in person.

The Moon God calmed down his somewhat confused aura and asked,

"Dongjun, is something going to happen to Qin this time?"

Concubine Yan rolled her eyes at Moon God. She could feel that Moon God's aura was a little confused just now. Concubine Yan thought that Moon God might be up to some tricks again.

This sister, Concubine Yan, who had been at odds with her since she was a child, was also very fond of her. Helpless.

Concubine Yan thought that she would also leave the Yin and Yang family in the future, and she did not want to argue with the Moon God anymore.

"Isn't this clear? The King of Qin will take back the power of the Qin State if he is crowned as pro-government, and Lu Buwei and Lao Ai are definitely unwilling to hand over their power. This time Xianyang may bleed."

"Lord Donghuang asked our Yin and Yang family to support King Qin. This time our Yin and Yang family will also help King Qin. I will go and report to Lord Donghuang now."

The Moon God said and immediately left the attic.

The Moon God also knew about this matter. She was just waiting for Concubine Yan to tell these things so that she could ask Donghuang Taiyi to send their Yin and Yang family to Xianyang.

The Moon God This time she was not going to protect that Qin King Ying Zheng, she just wanted to know what kind of person Concubine Yan's husband Wu Xiangjun was.

Now Concubine Yan's whole heart is focused on that Lord Wu Xiang, even since she returned to Yin Yang The family did not ask anything about the Yin Yang family.

The Moon God also guessed that Concubine Yan might not stay in the Yin Yang family often in the future, and even the Dongjun of the Yin Yang family might just be a nominal person in the future.

Originally, the Moon God was a little happy about this matter. , she knew that if Concubine Yan did not care about the Yin-Yang family in the future, then she would be inferior to one person in the Yin-Yang family and more than ten thousand people.

But when the Moon God thought that Concubine Yan might become the queen of a king or even the queen of an empire in the future, the Moon God's expression turned pale. It's very ugly, and I can't compare to Concubine Dongjun Yan.

Chapter 260

In the White Castle, Su Chen lay down in the room next to Bai Ruobing. King Qin Ying Zheng will return to Qin tomorrow. Although he has made arrangements, he is still a little worried.

The Luo Wang assassins may be Black and White Xuanjian and Ba Linglong who came here this time. Su Chen didn't know who Luo Wang was hiding the sun, and even Jing Salamander had never seen his face before.

But Su Chen didn't care about this. He would leave the Eastern Continent after King Qin crowned him as the new ruler. His roots were not in the Eastern Continent. He didn't want to know who Zhan Ri was. Su Chen would not care about one thing and lose the other. He wanted to go back to the Southern Continent now. Beat it down completely

"Alas, there was no girl to accompany me during the long night."

Su Chen looked at the empty bed, then lay down and went to sleep.

Bai Ruobing appeared in Su Chen's room without any sound. She was very angry when she heard Su Chen's words. She originally wanted to ask Su Chen about this The specific identity of the bastard, she is not in the mood now,

"Damn bastard, he wants to find a woman even after sleeping."

Bai Ruobing clenched her fists and wanted to beat this bastard, but she kept saying in her heart, be calm, be calm, don't be as knowledgeable as this bastard

"Huh."

Bai Ruobing looked at Su Chen, who was sleeping without any image, and then snorted and disappeared.

Su Chen didn't even notice that now he had entered into the romance between Meng Xiang and Zhou Gong's daughter.

The next morning

After Su Chen got up and came out of the room, he found that the Marquise Bai Ruobing had already gotten up. He looked at Bai Ruobing, who was now somewhat youthful and beautiful, and smiled and walked over.

Su Chen sat unceremoniously next to Bai Ruobing, watching the elegant movements and drinking Bai Ruobing of tea asked

"Bai Ruobing, are you going to Xinzheng today to kill Bai Yifei?"

"That's right."

Bai Ruobing didn't even look at Su Chen. She still lowered her head and drank tea. Now Bai Ruobing's breath was a little confused.

She didn't rest all night last night. She kept thinking about how to deal with this bastard in the future. Killing was impossible. If you kill him, you can be considered his woman.

But this bastard's cultivation level is too low. Men can't practice his own skills. Bai Ruobing is worried about Su Chen's future training. Does he have to go to some sect to snatch it away? Their skills?

"Then I wish you success."

Su Chen looked at Bai Ruobing who was still cold and shook his head. He also poured a cup of tea and drank it.

Su Chen thought that Bai Ruobing's personality was somewhat similar to that of Jing Salamander, but now Jing Salamander is better than before. Much better.

The Frightened Salamander no longer has an expression that refuses people thousands of miles away. Of course, sometimes the Frightened Salamander is still very enthusiastic, but this enthusiasm is only for Su Chen.

"you go with me"

"Not going"

"No way, unless you want to die"

"Even if you kill me, I won't go. I still have things to do today. Give me 20,000 of your white-armored troops."

Su Chen had an expression of "Kill him if you want." He knew that Bai Ruobing could not kill him at all. If Bai Ruobing wanted to keep her innocent, she would have killed him directly after she recovered yesterday. As long as Bai Ruobing would not kill herself, then What else does Su Chen have to be afraid of?

"Rest."

Bai Ruobing stood up angrily and stared at this bastard. Not only did this bastard not listen to her words, but he even asked for his own army. Why didn't this bastard go to heaven?

Su Chen also stood up and came to Bai Ruobing and hugged her. she said,

"Bai Ruobing, you have to know that you are my wife, and your Baijiajun is my Baijiajun."

"open"

"I fart"

"you bastard....."Uuuuuuuuuuuuuuuuuuuu"

Su Chen saw Bai Ruobing was about to get angry and kissed her directly. After all, this Marquise was also his wife. If she gave in again this time, I'm afraid Bai Ruobing would treat her even more harshly in the future.

Marquise Bai Ruobing was completely confused. He didn't expect that he would be kissed by this bastard. Although this was not the first time they kissed, it was just that there was a reason before and she had to do that. But this time, Su Chen, this bastard, kissed him forcefully.

Su Chen saw it now The confused Marquise hugged Marquise Bai Ruobing tightly. Su Chen now thought about whether he should take this opportunity to deal with Marquise Bai Ruobing? Su Chen just picked up Bai Ruobing and disappeared. Several carriages in Xinzheng City were driving thousands of people.

The Nether Iron Cavalry escorted them out of Xinzheng City, but Xinzheng City Guards did not check these carriages at all, and even respectfully sent these carriages out of the city. At this time, dozens of people gathered at the gate of Xinzheng City to watch the leaving carriages.

These are all people from the Mo family. They have been looking for Chu Liuxiang in Xinzheng City for a day and a night, but they have not found that Chu Liuxiang yet. The departure of these carriages today made them think that Chu Liuxiang should be in these carriages.

The leader Jing Ke looked at The carriage left thought for a while and wanted to follow it. He now wanted to know whether Chu Liuxiang was taken out of Xinzheng City by that Wu Xiangjun.

He also heard about what happened in Han Fei's house, that Hu Tiehua and Song Tian'er was taken away by Wu Xiangjun's people, and Jing Ke had nothing to do. He didn't dare to ask Wu Xiangjun for someone.

Fortunately, the main culprit Chu Liuxiang was not taken away. Jing Ke could do the job as long as he caught the main culprit Chu Liuxiang.

But They still haven't found Chu Liuxiang, which made Jing Ke suspect that Chu Liuxiang was hiding in these carriages.

A woman in white clothes and a veil said to Jing Ke in front of her,

"Senior brother, now that Mr. Wu Xiang is leaving Xinzheng City, will the person who stole the treasure be hiding in the carriage?"

Jing Ke looked at his junior sister Gongsun Liji and had no choice. That Wu Xiangjun was trying to trick his junior sister.

Jing Ke originally wanted to send his junior sister Gongsun Liji back to her grandfather in the Wei Kingdom, but he still wanted to arrest that Jing Ke was also afraid that something might happen to Chu Liuxiang, the bandit commander, who sent someone to escort Gongsun Liji on land. He could only wait to catch Chu Liuxiang before sending Gongsun Liji back.

Jingke looked at Gongsun Liji and said with a smile,

"Li Ji, I will take someone over to have a look in a moment. You can stay in the Mo family stronghold in Xinzheng City and wait for my return."

"Senior brother, let me go with you. There is some chaos in Xinzheng City now, and I am a little scared."

Gongsun Liji doesn't dare to stay alone now. Last night, the general of Han State was so crazy that he sent troops to attack the residence of Xueyi Hou Bai Yifei in Xinzheng.

Ji Wuye and Xueyi Hou Bai Yifei's battle last night, if not for In the end, King Han came forward to stop them from fighting each other. I am afraid that Xinzheng City today will be even more chaotic.

There is also the Lord Wu Xiang who wants to get her. Gongsun Liji has never seen that Lord at all. Why would Lord Wu Xiang know that she is tall? Beautiful?

She even thought that a toad wanted to eat swan meat and wanted to get her. This made Gongsun Liji a little angry. A person she didn't know actually wanted to get her. Even if he was a monarch, so what? Her grandfather was a general of the Wei Kingdom.
