Chapter 2511

Suchen hugged Wenina's soft waist and explained,

Thor!

He is just an alien who is more powerful than Earthlings.

Thor's hammer has been analyzed by his angel eyes. It is impossible for Thor to mention Thor's hammer.

And Wenina, this sexy beauty was about to be tamed by him. Su Chen hugged and even kissed Wenina. Although Wenina was very angry, she slowly seemed to get used to it.

Wenina understood what Suchen said,

"god? alien? I see, no wonder Thor, the god of thunder, is not as powerful as the gods in mythology."

Su Chen hugged Wenina and reminded with a smile, "Wenina, in this world, there are some aliens who are very powerful. They can even kill you in an instant."

"And you? How strong are you?"

"I can also kill you instantly"

"Asshole, your hands should be more honest."

Wenina was very angry when she grabbed Su Chen's hand touching her thigh.

This bastard was going too far. Su Chen hugged her and even kissed her just now. Wenina didn't make a move to Su Chen just now, but This bastard is getting more and more presumptuous

"Ahem, look, Idiot Thunder is about to lift Mjolnir."

Su Chen stroked Wenina's smooth thighs without letting go. This beautiful woman's figure is still very smooth and delicate, especially her long bare legs. Su Chen felt very comfortable to touch. Wenina glared at Su Chen Looking at Thor, she felt helpless towards Su Chen.

Could this shameless bastard be her nemesis?

In less than a day,

Wenina was eaten to death by Su Chen.

Not only did she do it for Su Chen, That disgusting thing happened, and this bastard kept touching her.

Wenina felt very sorry for her husband.

At this moment,

Thor walked to Thor's hammer and looked at Su Chen disdainfully. He didn't expect Su Chen Wenina and Wenina were still flirting with each other at this time.

Thor was a little envious of Su Chen's woman, but he didn't hug Jane Foster or even touch Jane's thigh.

Moreover, Wenina was still a beautiful woman, proudly A tall mountain, a convex figure, long white legs, and a mature atmosphere full of charm, this is something Jane Foster cannot compare with

"How can it be? Ah, pick it up for me!"

Thunder God Thor wanted to lift Mjolnir with one hand, but Mjolnir didn't react at all.

Thor grabbed Mjolnir with both hands and tried to lift it, but Mjolnir still didn't react at all.

Thor used all his strength to have nothing to do with it. When he mentioned Mjolnir, he looked at Su Chen and guessed that Mjolnir had been tampered with.

But could Mjolnir be tampered with?

Thor shouted angrily at Su Chen, "You did something to my hammer." What? Why can't I lift my hammer?"

Jane Foster patted his forehead and felt very helpless.

Sure enough,

Thor really raised his Mjolnir. Su Chen could even control Mjolnir. Jane Foster's previous guess was very correct. Suchen is much more powerful than Thor

"Thor, what are you doing? Aliens are wreaking havoc in New York, why don't you go kill them?"

"Su Chen, we are fighting, and you and Winina are here making love to each other?"

At this time,

Captain America, Maximus, Qilin, and Wolverine came to the building. Captain America and Maximus shouted to Thor and Suchen respectively.

Thor shouted angrily,

"Damn it, Steve, this guy has my Mjolnir, I can't lift it now"

"What? Is your Mjolnir controlled by that person? How can this be?"

Captain America was very surprised when he heard Thor's words.

Is Thor's hammer controlled by someone else?

Is this possible?

Thor's hammer is Asgard's artifact. Can anyone else control Thor's artifact?

Maximus He Qilin looked at Su Chen in surprise. Su Chen actually controlled Thor's hammer?

What's going on?

Did Su Chen want to steal Thor's hammer?

Wolverine was very afraid of Su Chen when he arrived. (To read Baoshuang novels, go to Feilu Novel Network!)

He felt that Su Chen was very threatening, and Wolverine did not dare to approach Su Chen at the moment.

Captain America came to Su Chen's side and asked with a serious face,

"Sir, who are you?"

"none of your business!"

Su Chen hugged Venina and looked at Captain America disdainfully. He had no bad feelings towards Captain America, nor did he have a good impression of him.

A self-righteous virgin bitch, please give me flowers. Su Chen hated dealing with such people.

Captain America frowned. Explained to Su Chen,

"Sir, please return Thor's hammer to Thor. Aliens are invading the earth. Our earth needs Thor to help us fight against the alien invasion."

Captain America didn't want to conflict with Su Chen. Since Su Chen could control Thor's hammer, he felt that this person might not be simple. He might be a strong man.

Captain America didn't want to conflict with a strong man at this time.

Su Chen looked at Captain America and said,

"The hammer is on the ground. Thor can pick it up and take it away. However, Thor has to promise me one thing. I can lift the restriction on Thor's hammer."

"you say!"

"Jane Foster is to stay with me for one day."

Thunder God Thor shouted angrily after hearing Su Chen's words,

"Impossible, you look like a lecher at first sight, there is no way I can watch you humiliate my girlfriend."

What the hell am I doing!

A womanizer?

Damn it,

Jane Foster has the Reality Stone in her body, so

Su Chen kept her. What the hell am I doing? How did this become the situation where I wanted to humiliate Jane Foster? Su Chen wanted to pinch her at this moment. This idiot Lei has the heart to die. This idiot Lei is really a fool. There may be a war today. He just wants to humiliate Jane Foster. Does he have time? Damn it, Su Chen is not interested in this woman Jane Foster at all. None. A

smile appeared at the corner of Wenina's mouth. She wanted to laugh when she saw Su Chen's aggrieved look. A womanizer? This bastard is indeed a womanizer. However, Su Chen left Jane Foster. This is not to insult this woman. There is a Reality Stone in Jane Foster's body, which is related to their mission. This woman cannot leave. After Captain America heard what Su Chen and Thor said, he felt a little difficult to deal with this matter. , Captain America suddenly thought that Maximus seemed to know Suchen, and he asked Maximus, "Mark, do you know this person?" Maximus nodded and replied, "I know him. His name is Su Chen and he is our captain."

"

"What? Is this Su Chen your captain? Mark, are you talking about the real door?"

Chapter 2512

Captain America was very surprised to hear what Maximus said,

Captain?

Suchen is actually the captain of Maximus's people?

Captain America is even more afraid to offend Su Chen at this moment. Maximus and others are very powerful.

Especially the white-haired woman. The white-haired woman can summon thunder and lightning with a sword, which is even more powerful than the thunder and lightning summoned by the God of Thunder.

The abilities of other people are also very powerful.

Maximus and Qilin have always been with him. They killed more Chitauri on the ground together. Maximus and Qilin killed more Chitauri than he did.

Captain America thought for a while and asked Su Chen, "Your Excellency Su Chen, what are you going to do if you want to keep Jane Foster?"

Su Chen hugged Venina and shook his head and replied,

"I can't tell you this, but you can rest assured that I am not interested in Jane Foster. Have you seen the woman in my arms? And Bai Yuokui, do you think I would be interested in Jane Foster?"

Jane Foster looked very ugly when she heard Su Chen's words. What does this bastard mean? Is she ugly?

She is not as good as Su Chen's women at 30?

Damn you bastard,

Jane Foster is also very good-looking. She is beautiful, with a tall and proud figure, and a curvy figure. Is she not as good as those women?

Is it because those women are dressed in revealing and sexy clothes?

Captain America nodded when he heard Su Chen's words.

He had seen Bai Yuekui and Sai The girls Linna and Bai Yuekui were all very beautiful and sexy. He believed that Su Chen would not be able to do anything humiliating to Jane Foster.

But why did Su Chen have to keep Jane Foster?

Is Thor's girlfriend What's the secret?

"Thor, how about keeping Jane Foster? Mr. Suchen will not do anything to Jane Foster, you can rest assured of this."

Thunder God Thor shook his head resolutely and said,

"No, I won't let my girlfriend stay. Besides, New York is too dangerous now, and I don't trust Jane to stay in New York City."

Wolverine suddenly found that thousands of Chitauri troops were surrounding him, and he hurriedly reminded the others,

"Everyone be careful, thousands of Chitauri troops are surrounding them."

Captain America and Thor were both preparing to fight with serious faces at this moment.

Maximus and Qilin came to Su Chen.

They were not worried about the thousands of Chitauri troops at all. With Su Chen here, they would be all the Zetas. The Swiss army arrived, and they were the safest with Su Chen.

Su Chen held Venina in his arms and looked around. There were five to six thousand Chitauri troops and hundreds of gunboats. These Chitauri troops wanted to destroy this place. A person with super powers?

Su Chen thought for a moment and stretched out a hand and said,

"Destroy!"

Boom boom boom.....

Thousands of meters away, countless Chitauri troops exploded to death, hundreds of Chitauri gunships exploded, and several huge mechanical behemoths also exploded and fell from the sky.

In an instant, the Chitauri troops within a radius of several thousand meters around the building were wiped out.

Everyone on the building looked at Su Chen with their mouths agape.

They stretched out a hand and said the word "destroy".

The Chitauri army and Chitauri gunboats within several thousand meters were destroyed, and even the huge mechanical behemoth was destroyed. The four that were killed were all frightened by Su Chen's strength.

Wenina looked at Su Chen in disbelief. Although she knew that this shameless pervert was powerful, was he powerful?

Is this to scare her to death?

Wenina looked at Su Chen with her beautiful eyes and was tempted. No woman would dislike such a powerful man. Moreover, Su Chen was very handsome and his temperament was even more outstanding and noble. No wonder Bai Yuekui and Alice all liked this bastard.

Maximus and Qilin looked at each other. They were not surprised by this. If Su Chen had not had his strength sealed, he would have been able to wipe out the Chitauri army that invaded the earth this time. After all, Su Chen was an immortal and a human being. The Emperor of Heaven in the Immortal Realm.

Captain America is lucky not to offend Su Chen at this moment.

He is too powerful,

Thor?

He thinks Su Chen is a god. (To read Baoshuang novels, go to Feilu Novel Network!)

Can Thor, the God of Thunder, be compared with Su Chen?

Did Thor use Mjolnir to kill all the Chitauri within a few thousand meters at once?

Jane Foster looked at Su Chen in surprise.

It was so scary.

This bastard was simply inhuman.

Jane Foster was brought to New York from London in an instant by Su Chen. She felt that Su Chen was very powerful.

But is it powerful?

This is too powerful

"How can this be? How could there be such a powerful person on earth?"

Thunder God Thor looked at Su Chen in confusion.

He was very confused at the moment.

Is Su Chen an earthling?

How could an earthling be so powerful?

Su Chen smiled and said to Thor,

"Thor, do you think Jane Foster is in danger here?"

Thunder God Thor asked seriously, "Who are you? It's impossible for people on earth to be so powerful?"

Su Chen mocked the God of Thunder with disdain,

"Hey, Thor, you think the earth is too weak. In the future, you can go back to Asgard and ask Odin. There is someone on earth who would not even dare to offend your father Odin."

"What?"

Thor, the God of Thunder, was even more confused when he heard Su Chen.

There are people on earth who his father Odin can't afford to offend?

How is this possible?

Why has Odin never told him?

Captain America looked at him in surprise. Su Chen, there are still 703 powerful people on the earth? And they don't even dare to offend Asgard's God King Odin? Is this okay?

However,

Captain America saw that Su Chen didn't want to lie, and Su Chen mentioned Odin Ding didn't care at all. Such a strong man wouldn't deceive people like them.

In New York City,

Alice and Natasha were speechless when they saw Su Chen take action.

They were here. What's the use of killing the Chitauri? Su Chen just said one word and all the Chitauri troops within a few kilometers were wiped out, which was much more efficient than all of them combined.

Mu Ningxue felt very uneasy at the moment. ,

Su Chen is too powerful. With just one word of destruction,

Su Chen will kill all the Chitauri troops for several kilometers.

This is why the forbidden magic in her world is not so powerful. Mu Ningxue understands what Alice said. If you say that, you can't compare with Su Chen, that bastard is simply not a human being.

Phoenix girl Qin Gray asked with a surprised look on her face,

"Who is that man? Too strong."

Invisible Woman Susan shook her head and replied,

"I don't know, but Captain America and Thor are next to that man. They should know who that man is?"

Jin Gray said to the invisible woman Susan,

"Let's go there too. With that man taking action, we don't have to fight desperately against the Chitauri army."

Chapter 2513

At this moment,

Alice and the other girls were heading towards Su Chen, Qin Gray and the Invisible Woman were also heading towards the building where Su Chen was, and everyone else was rushing towards Su Chen in unison.

Outside New York City, in the space carrier in the sky,

Nick and Hill had not yet reacted, and even the SHIELD agents around them had not reacted. They were all frightened by Su Chen's power.

On the big screen,

New York City In the area where Su Chen was, there were no Chitauri troops within a few kilometers, and the surrounding Chitauri troops did not dare to enter that area again.

Nick came to his senses and hurriedly ordered to Hill, "Hill, ask the captain who that person is?"

"The director's name is Su Chen, and he is the captain of Alice's group."

Hill was still not calm at this moment. She was very surprised by Su Chen's power. How would she take revenge on such a powerful person in the future? Damn you bastard, a strong man raped her. Hill was very angry and angry. have no choice

"Suchen? Or the captain of Alice's group? Hill, who are these people like Suchen?"

Hill hurriedly explained after hearing Nick's words,

"Director, people like Su Chen pose no threat to the earth. Natasha also knows this, and Natasha is also a teammate of Su Chen's team. You can rest assured about people like Su Chen."

Hill is worried that Nick wants to control Suchen 987 and Alice. Suchen and Alice are not from this world.

If Nick wants to use strong methods, this may make Suchen and Alice fight against God. SHIELD took action and even destroyed SHIELD.

Nick nodded with a golden light in his eyes.

"Well, we'll talk about this later. I hope Su Chen can help us resist the alien invasion."

Nick has decided to recall Wonder Woman at this moment.

Su Chen is too powerful and is a threat to the earth. If Su Chen is not under control, then he must be removed. All uncontrollable factors cannot be left.

Hope After Er looked at Nick, she became worried.

Hill felt that Nick would not give up easily. He was a man with a strong desire for control. Nick would not let a person who was a huge threat go uncontrolled. She was worried that Nick would take Su Chen. Chen was completely angered.

At this time, on a building in New York,

Su Chen looked at the surprised looks of Thor and Captain America, and he smiled.

Ancient One now has a life span of thousands of years, and Odin is about to die. Man, if Odin and Ancient Yi fight, Ancient Yi will definitely push Odin to the ground and beat him.

Su Chen suddenly found Alice and other superpowers coming over, and he shouted in surprise,

"If I go, why are everyone else coming? Is the Chitauri army immortal?"

Wenina leaned into Su Chen's arms and laughed,"Su Chen, why are the others fighting the Chitauri army while you are here? Can't you kill the Chitauri by yourself?"

"You stupid bitch, can I take action again?"

"Bastard, do you want to die? Why can't you take action?"

Wenina was so angry that her chest was going to burst when she heard Su Chen's words, silly bitch?

She is a sexy and beautiful woman, is this bastard blind?

Wenina broke away from Su Chen's arms and glared at this bastard,

"Suchen!"

At this moment,

Alice and Selina, as well as some of the mutants, the Fantastic Four, Spider-Man, Ant-Man and the Wasp, Iron Man and the Hulk, all arrived in the building one after another. Enter.

When they arrived, they all looked at Su Chen.

Su Chen looked at Alice and the other girls and asked speechlessly,"Alice, why are you all here?"

Alice smiled at Su Chen and said, (To read exciting novels, go to Feilu Novel Network!)

"Su Chen, with you here, can we still take action?"

"You, and you all are some stupid bitches."

Su Chen was also speechless about Alice and the girls.

Alice and the girls are the protagonists of every world. They are also very smart women. How come they all became stupid after meeting him?

Su Chen regretted every time he took action. , these women still want him to take action.

Damn, can he take action again?

These big-breasted and brainless women, have they not thought about the consequences of his (daad) action?

Alice and Selina, Laura, Bai Yuekui , Mu Ningxue, Natasha, they all stared at Su Chen.

This bastard, stupid bitch?

Why are they stupid bitches?

Alice and Selena just felt that if Su Chen took action, they would not be able to do anything. There was no need to take action.

The other mutants and superpowers all looked at Su Chen in confusion. They felt that Su Chen didn't want them to come.

Especially when they heard Su Chen calling Alice and the other girls stupid bitches. The superpowers were all dumbfounded.

Silly bitches?

Alice and the girls are all charming and beautiful beauties. Su Chen called Alice and the girls stupid bitches.

Does he want to be beaten?

Venina crossed her arms. Seeing Alice and the girls smiling, she felt calm at the moment.

This time, with Alice and the girls accompanying her to be scolded, Wenina didn't feel that Su Chen was deliberately targeting her.

Selena raised her eyebrows He threatened Su Chen with his fist,

"Husband, what do you mean? If you don't tell us clearly, we won't let you go."

Laura and Bai Yuokui also stared at Su Chen with unkind eyes. If Su Chen didn't give them an explanation, they wouldn't let this bastard go.

Su Chen rubbed his forehead and said to Alice and the girls. , "You are all women with big breasts and no brains. If I continue to take action, will the enemy team still dare to show up?"

"this...."

Alice and the other girls were embarrassed when they heard Su Chen's words. None of them had thought of this.

Su Chen's strength is too strong.

If the enemy team discovers Su Chen, the enemy team will not dare to show up again.

Even if the enemy team abandons this destiny mission, even if a few teammates are killed by the destiny of destiny, the enemy team cannot possibly want to annihilate the entire army in this world.

If the enemy team has an immunity token to abandon the mission, they will no longer be able to complete mission four.

Su Chen hugged Laura, who had a huge mountain, and asked with a smile,

"Got it, are you stupid bitches?"

"Go away, we are stupid bitches and your stupid bitches."

Laura fiercely yelled at Su Chen, this bastard, is he holding on to these girls and not letting go?

They think that with this shameless bastard around, they don't have to think so much.

Alice and the girls are also angry. Looking at Su Chen, they all wanted to beat up this bastard at this moment.

It was so shameless.

Even if they didn't think of this, this bastard looked like a stupid bitch and said they had big breasts and no brains. They were all beautiful women. , is it appropriate for this bastard to call them this?

"Ha ha.....Laura, I will get rid of you first tonight. This is your admission that you are my stupid bitch."

Chapter 2514

Su Chen hugged Laura and kissed her hard.

This big-breasted girl would not let her go tonight.

Su Chen had long coveted Laura, a big-breasted girl. If he hadn't had the chance, he wouldn't have had too much time. In a lot of time, he would have captured this busty woman

"Shameless!"

Laura glared at Su Chen with a red face.

This shameless pervert has not only Alice and the girls here, but also more than a dozen people from this world.

Su Chen said shameless words.

Laura is a carefree person. She also couldn't stand the way other people looked at her.

Su Chen looked at Captain America and the others next to him and shouted,

"Don't look at it anymore. Go and kill the Chitauri army. I won't take action again, and you don't have to ask me to take action again."

"Su....Ahem, uncle, why don't you take action?"

Tony Stark originally wanted to call Su Chen's name, "Nine Five Seven." He suddenly thought that Su Chen asked him to call this bastard uncle. Especially with the strength Su Chen revealed, he was even more afraid to anger Su Chen now.

Su Chen looked at Tony Stark speechlessly. This bastard still knew how to call him uncle.

Damn it,

Tony Stark couldn't be afraid of him, right?

Su Chen let go of Laura, touched his chin and smiled,

"There are also powerful people in aliens. If I continue to take action, the strong ones among aliens will also take action. You don't want the earth to be blown up and destroyed, right?"

Captain America hurriedly said to Su Chen,

"Ahem, Su Chen, you should rest here while we go to kill the Chitauri army."

Others also nodded hastily.

Damn, what

Su Chen said is a bit scary.

If there are strong aliens coming to the earth, and two strong men fight, this will be much more destructive than the battle between them. The earth might really be blown up and destroyed.

After a while, other people left the building one after another. Su Chen would not take action again, and they had to continue fighting hard.

Alice and the other girls also left the building one after another. They will not stay and continue to be ridiculed by Su Chen

"that.....that....."

Thor, God of Thunder, looked at Su Chen and was embarrassed and didn't know what to say.

"Damn it, you can pick up Mjolnir."

Su Chen looked at Lei Fool speechlessly. A Thor was so embarrassed that he couldn't speak.

This idiot, no wonder Asgard will be destroyed in the future.

Thor is a pure warrior, and let a simple-minded man with well-developed limbs manage the divine domain? Odin is also an idiot. It would be strange if Asgard is not destroyed.

"Thank you!"

The God of Thunder lifted up Thor's hammer and nodded to Su Chen. He hurriedly swung the hammer and flew away.

As for Jane Foster,

Thor felt that Jane Foster would be the safest if she stayed with Su Chen. There is no one else on earth. Anywhere is safe with Su Chen.

Su Chen watched everyone else leave again. Only he, Winina, and Jane Foster were left on the building.

Su Chen looked at Jane Foster and mocked, "Jian Fu Ste, your boyfriend seems to have forgotten you."

Jane Foster looked angry when she heard Su Chen's words.

Is this bastard trying to sow discord?

Thor left because he felt that she would be very safe if she stayed with Su Chen. This bastard said that Thor didn't care about her. Jane Foster I feel that Su Chen is deliberately trying to drive a wedge between her and Thor.

"Humph, Su Chen, do you think I will be instigated by you?"

Su Chen took out a bottle of wine and took a sip and said, "Hey, I didn't expect that you idiot woman would still be smart one day."

"asshole!"

"Idiot woman!"

Jane Foster pointed at Su Chen angrily and shouted,

"you.....You don't deserve to be a strong man, you don't deserve to be a man, a man with no grace at all, and you don't know why those women like you."

"Ha ha....."

Suchen laughed when he heard Jane Foster's words, no grace?

Does Lei Fool have grace?

Lei Fool seems to have nothing to do with demeanor, right?

"demeanor? Jane Foster, your boyfriend Thor has style? Isn't it true that Thor's gentleness and demeanor don't hold a candle to a stupid and rough boss?"

"oh! Forget, you like tall and powerful men, which is great. Your small body needs a tall and powerful man to protect you. Jane Foster, I hope one day you will not be crushed to death by Lei Fool." (To read exciting novels, go to Feilu Novel Network!)

"puff! Cough cough cough....."

Winina couldn't help but want to laugh when she heard Su Chen's words.

However, with Jane Foster here, she also had to take care of Jane Foster, who was also a woman. Winina couldn't help coughing.

However,

Venina thought of Thor's tall and mighty figure and Jane Foster's petite and exquisite figure.

One has a tall and mighty figure

, and the other has a petite and exquisite figure.

This is simply a comparison between an adult and a child. Wenina cannot imagine the scene of Thor pressing down on Jane Foster....0

"you.....you.....You are shameless!"

Jane Foster's face turned red with anger when Su Chen said this.

This shameless bastard, is it wrong for her to like tall and mighty men?

However,

Jane Foster thought of the tall and mighty figure of Thor, the God of Thunder, and her heart I'm a little confused.

There is a huge difference between her and Thor's figure.

If....if....She and Thor are really together. Will Jane Foster be crushed to death by Thor?

"cut!"

Su Chen is too lazy to talk to Jane Foster. What will happen to Jane Foster and Thor in the future is none of his business.

However, if Jane Foster breaks up with Thor in the future, will this be the reason why Jane Foster is suppressed by Thor? We broke up because we couldn't bear it?

Su Chen whispered to Wenina, "Wenina, give your advice to the people from SHIELD and be careful of those people who cross the river and burn bridges.""

"clear!"

Wenina nodded to Su Chen with a serious face.

She understood Su Chen's concerns.

They didn't know much about the local forces. Natasha was just an ordinary agent, not a powerful person. Wenina thought it was We should be on guard against the local SHIELD forces.

In the air,

Chitauri troops are still killing people all over New York City. No Chitauri troops have arrived in the area where Su Chen is.

It has been almost two hours since the Chitauri arrived on Earth. There are also more than a hundred thousand troops. 7

If the space passage is not narrow, the Chitauri army at this moment may be hundreds of thousands.

However, more than two hours have passed and the hostile team has not appeared.

Su Chen feels that something is abnormal. Could it be If Chitauri's mechanical army doesn't come in, won't the people from the hostile team appear? Or are the people from the hostile team already in the earth?

Seeing Su Chen's frown, Venina asked in confusion,

"What happened to Su Chen?"

Su Chen looked at the battlefield and asked Su Chen,

"Venina, it's been more than two hours since the war started and the enemy team hasn't appeared yet, do you think it's normal?"

"Su Chen, it's nothing. We used to participate in the Luck War, and the enemy team would sometimes appear only once or twice. It's only been more than two hours. Maybe the enemy team has other missions in the universe."

Chapter 2515

Wenina smiled when she heard Su Chen's words and explained that she and Bai Yuekui and others had experienced several fate wars, and the time when the enemy team would appear was uncertain.

Some appear right at the beginning, some appear after a few hours, and some appear after a day or two.

Su Chen has not experienced too many worlds. Wenina guesses that Su Chen does not know much about the destiny mission war.

"Other tasks?"

Su Chen heard Wenina's explanation, and he had some guesses in his mind.

The six Infinity Stones,

Su Chen and Alice's teams are going to seize the Space Stone, the Mind Stone, and the Reality Stone.

So what about the enemy team?

Are they going to What about seizing the Power Stone, the Soul Stone, and the Time Stone on the Ancient One?

If so, it would make sense that the enemy team has not appeared now. At this moment, Jane Foster was thinking about her and Thor, she I think I should consider whether to continue with Thor. The size difference between Jane Foster and Thor is too big, and Thor is still a powerful alien. Jane Foster is worried that she will not be able to stand Thor. Thor. However, Jane Foster looked up and saw Suchen and Winina talking in low voices. She felt that Suchen and Winina were still laughing at her. Jane Foster asked loudly with an angry face,

"What are you talking about, why don't you say it louder? 300

Su Chen angrily said unceremoniously, "It's none of your business, Jane Foster. You are just a prisoner. You have no human rights here."

"asshole!"

"Idiot woman!"

"Damn bastard, Suchen, I will fight you."

Jane Foster heard Su Chen keep calling her an idiot. She couldn't help but punched Su Chen.

This bastard, she is an idiot.

If Jane Foster is an idiot, how can she be so young? Would be an astronomer.

Touch!

"Ah, my hands!"

Jane Foster hit Suchen's body hard, but her hand felt like hitting a stone. Jane Foster looked at the red and swollen hand and screamed in pain.

"Idiot woman!"

Wenina looked at Jane Foster speechlessly, a woman without any cultivation.

Jane Foster still wants to beat this bastard Suchen. Suchen couldn't break his skin even with a gun. He would care about one. An ant's fist?

Jane Foster is really an idiot woman.

Su Chen looked at Jane Foster and then looked for Ancient One.

The enemy team might steal the time stone, and he wanted to inform Ancient One to be careful (dabc) to take precautions..Although

Gu Yi is powerful, the enemy team has experienced many worlds after all. If there is any treasure that can trap Gu Yi, then Gu Yi, a beautiful woman, may be in trouble.

"Gu Yi, I have something to ask you, so come over here."

After Su Chen discovered that Gu Yi was hiding in the mirror space above New York, he waved his hand and said to Gu Yi,

Whoosh!

Gu Yi suddenly appeared next to Su Chen.

She looked at Su Chen and asked warily,

"Su Chen, what do you want from me?"

Su Chen looked at Gu Yi who was far away from him and was very speechless. "Gu Yi, don't be wary of me. What do you think I will do to you?"

Gu Yi was speechless when he heard Su Chen's words.

He wouldn't do anything to her?

Can you believe this bastard's words? (To read Baoshuang novels, go to Feilu Novel Network!)

Gu Yi only met Su Chen a few times. In front of her, this bastard hugged her and even kissed her. Would she believe what a shameless bastard said?

"You are just a shameless pervert, we'd better keep our distance."

Jane Foster saw the beautiful woman who suddenly appeared, and she felt that this beautiful woman was also very powerful.

This beautiful woman suddenly appeared, which was very similar to Su Chen's ability.

Jane Foster was After hearing Gu Yi's words, she couldn't help but nodded beside her. Su Chen was a shameless pervert. She felt that this beautiful woman had also been molested by Su Chen. When

Venina saw Gu Yi appearing again, she She immediately became alert.

This woman gave her a very powerful feeling. Venina's mind had been sending out warning signs after this woman appeared.

Su Chen said awkwardly,

"Ancient One, you are so boring."

Gu Yi glared at Su Chen and yelled, "You little bastard, what's going on? I left without incident."

Su Chen saw Gu Yi was about to leave, and he hurriedly said to Gu Yi,

"Wait, two things. One, this woman has a reality gem in her body. Please help me take it out."

"Second, there are some strong people who want to take advantage of the Time Stone. You need to think about it. Those people may not be as strong as you, but they may want some treasures that trap people. Don't be arrogant."

When Gu Yi heard Su Chen's words, he looked at Jane Foster. She had no idea about Jane Foster just now. The reality stone was actually in this woman's body. This was beyond Gu Yi's expectation.

Whoosh!

Gu Yi waved. Waving his hand, a green light instantly enveloped Jane Foster. At this moment, some black mist floated from Jane Foster's body, and black lines gradually appeared on Jane Foster's body.

Jane Foster's face The pale one shouted,

"Ahhhh, Su Chen, I feel so uncomfortable, please tell this woman to stop."

Su Chen and Wenina both looked at Jane Foster with frowns. It seemed that those black threads were not easy to remove. Jane Foster was sweating profusely in pain, and the clothes on her body were torn, but those black threads seemed to be difficult to remove. The black thread was still entangled with Jane Foster.

After a moment,

Gu Yi stopped, and the green light disappeared.

Jane Foster sat naked on the ground, her whole body was wet with sweat, and her face looked pale. Also very pale

"You little bastard, what are you looking at? Why don't you give this woman a skirt?"

Gu Yi saw Su Chen looking at Jane Foster without blinking. She was really speechless towards this bastard. For an ordinary woman, this bastard would be interested.

Su Chen is really a hopeless bastard.

"oh oh!"

Su Chen casually took out a white dress and covered it on Jane Foster. He was also attracted by Jane Foster's figure just now.

Although Jane Foster is petite and exquisite, this woman should be big and curvy. Generally speaking, Jane Foster is still a top-notch woman in this world.

Winina patted her forehead and ignored Su Chen, and she didn't care that Su Chen looked at the naked Jane Foster.

Ordinary woman It is just a condiment for the strong, which is very common in her world. Beautiful women must rely on the protection of the strong in order to survive.

After Su Chen put a dress on Jane Foster, he He looked at Gu Yi and asked doubtfully,

"Ancient One, can't get out the Reality Stone?"

Gu Yi shook his head and replied,

"I can take it out, but if I take out the Reality Stone, this woman may die. Su Chen, I can't let this woman die just to take out the Reality Stone."

Chapter 2516

Su Chen was very helpless when he heard what Gu Yi said.

His angel gene can also take out the Reality Stone, but Jane Foster will also die. Gu Yi has nothing to do now. Does he have to let the leader of the Frost Giants take out the Reality Stone?

"Ancient One, is there no other way? Gu nodded and replied,"Yes, there is another person who can take out the Reality Stone, and this woman will not die.""

"who?"

"Frigga, the God Queen of Asgard!"

"Queen Frigga? Gu Yi, are you kidding me? Can Frigga really take out the Reality Stone?"

Su Chen didn't believe what Gu Yi said.

In the plot,

Frigga didn't take out the reality gem from Jane Foster's body. Why did Gu Yi say that Frigga could take it out? Could it be that Frigga didn't want to take out Jane Foster at that time? The reality gem inside the special body?

Gu Yi explained to Su Chen,

"Su Chen, Queen Frigga is a powerful mage of the Warner Protoss. When she was not married to God King Odin of the Asa Protoss, Frigga's magic was very powerful. Her magic could easily take out the Reality Stone.-"

Su Chen nodded when he heard what Gu Yi said.

In the plot,

Frigga seems to dislike Jane Foster. She doesn't want to take out the reality gem in Jane Foster's body. This may be an Asgardian. They don't want Thor to marry an Earth woman.

Su Chen looked at Jane Foster and said,"Ancient One, I will let Frigga take out the Reality Stone from this idiot woman's body."

Ancient Yi was very confused when he heard Su Chen's words.

Su Chen and Queen Frigga had no idea. I don't know, how could Queen Frigga help this bastard?

"Um? you sure?"

"Ahem, Frigga and I have a good relationship, I think Frigga will help with this."

Gu Yi asked hurriedly, seeing Su Chen's dark face.

"Do you know the Queen Frigga? Suchen, what did you do last time you went to Asgard? You wouldn't have teased the God Queen Frigga, would you?"

I guess!

Why is Ancient One so sensitive?

Last time Su Chen not only hugged and kissed God Queen Frigga, but he also kissed God Queen Frigga.

Damn it,

God Queen Frigga wouldn't want to see him again. Kill someone and silence them?

Su Chen thought for a while and hurriedly shook his head in denial and said,

"No, I just met the God Queen Frigga by chance, and then I hurried back to the earth. I am an honest young man, how could I molest the God Queen Frigga."

Gu Yimei stared at Su Chen and said with disbelief, "Do you think I will believe you? Honest young man? You are such an honest young man."

Riou!

Is this still the Ancient One?

Does the Ancient One swear?

The Ancient One who has always faced everything without changing his expression, the Ancient One who has always seen through life and death, the Ancient One who has never been angry or angry, Su Chen Isn't the Gu Yi in front of him a fake Gu Yi?

Su Chen looked at Gu Yi up and down and asked doubtfully

"Are you really the Ancient One?"

"Little bastard, if you teased Queen Frigga, you'd better think about how Queen Frigga will retaliate against you, so you can take care of yourself, bastard!"

Gu Yi saw Su Chen's weird expression, and there was an unnatural look on her face. Her personality changed a lot when Su Chen was angry.

Gu Yi glared at Su Chen fiercely and then disappeared.

There was no need. ,

Gu Yi will never face this shameless bastard again.

After Gu Yi left, Venina looked at Su Chen and asked strangely,

"Suchen, did you really molest Frigga, the Queen of Asgard? Isn't Queen Frigga the mother of Thunder Fool?"

Su Chen rolled his eyes at Wenina and asked, "Wenina, what do you want to ask?"

Wenina said to Su Chen with disdain,

"You don't even spare a mother with a child, you are really a shameless pervert."

Su Chen quickly hugged Wenina and kissed her and said,

"Damn it, Venina, I hugged you and kissed you, and you gave me poison with your mouth, what's wrong? Aren't you also a mother with children?"

Su Chen thinks Venina is a bit stupid. (To read Baoshuang novels, go to Feilu Novel Network!)

Let's not talk about whether the God Queen Frigga is the mother of Lei Fool, but let's talk about Venina, isn't she a mother? ?

Well, she is the mother of a dead son. Wasn't Winina still molested by him?

Winina grabbed Su Chen's clothes in shame and cursed,

"you.....You are shameless! That's because you forced me to do it, and you are a shameless pervert."

Su Chen said nonchalantly,

"Yes, we are in exchange of equal value, Venina, don't forget the secrets I told you."

0request flowers

"shameless bastard!"

At this moment, after Jane Foster put on the skirt, she heard the previous conversation between Su Chen and Gu Yi, and also heard the dirty things between Su Chen and Wenina.

Jane Foster looked at Su Chen full of resentment , this bastard let that Gu Yi torture her to death, and Jane Foster was even naked by this bastard. All of this was brought to her by this bastard.

"Um?"

Su Chen suddenly looked at the black hole and raised his eyebrows.

Four strong men were coming.

Although the strength of these four people was not very good, they still posed a threat to Alice, the girls and other superpowers.

Who could this be?

Hostile. A member of the team?

Or a subordinate of Thanos?

"What's wrong? Has the enemy team arrived?"

Wenina originally thought that Su Chen was going to do something to her again, but she found that Su Chen frowned when he looked at the black hole.

Wenina guessed that a strong person might appear in the black hole, or someone from the hostile team might have arrived. Earth.

Suchen checked it and said to Venina,

"Venina, four powerful aliens have arrived and are not members of the hostile team."

Venina continued to ask,

"Are they powerful?"

"It's a bit powerful, but you guys should be able to deal with it together."

"Bastard, you look down on me? How many people do you look down on Alice?"

Su Chen rubbed Wenina's golden hair and explained,

"This is not a matter of looking down on you. You can be said to be the most powerful person among Alice. In this world and on earth, you can defeat 80% of the superpowers. But for those strong people in the universe, your strength is still not enough."

Wenina nodded when she heard what Su Chen said.

She knew that what Su Chen said was true.

She could not defeat these three people like the Hulk, Thor, and Phoenix. She had some skills with other superpowers. It was easy to defeat, but there were some that she had to pay a price to defeat.

At this moment, the superpowers in New York City and Alice also discovered the four aliens in the sky, and they were all watching with vigilance. Four powerful aliens.

Boom!

"Ants, give me a damn!".

Chapter 2517

In the air, after the Four Black Generals checked the powerful people on the earth, they showed disdain for the superpowers on the earth.

Some scumbag earthlings, any one of them can defeat these superpowers. The leader of the Chitauri is an idiot. Are there any heavenly father-level superpowers on earth?

"They all took action to resolve the battle quickly."

Boom, after the Black Dwarf of the Black Dwarf came down from the sky, he quickly attacked Captain America and Wolverine. The huge and powerful Black Dwarf was like a tank, quickly knocking away Captain America and Wolverine. People.

Poof!

Poof!

Poof!

Captain America, Wolverine, Maximus, Kirin, and the Stone Man, these people were knocked away by the Black Dwarf and vomited blood.

They did not expect that the Black Dwarf was so powerful. The Stone Man of the Fantastic Four He was also knocked away by the Black Dwarf.

General Deathblade and Proxima Centauri also attacked the Rubber Man, Pyro Man, Cyclops, Phoenix, Spider-Man and others. They are powerful and have extremely strong recovery power. 30 General Deathblade, He was not afraid of being injured and rushed towards the Rubber Man.

Proxima Centauri had strong fighting ability, and she rushed over with the help of General Deathblade.

Cyclops and Pyro attacked quickly, but their attacks were not effective against General Deathblade. It didn't cause much damage.

The dead blade general's injured body recovered instantly, and he knocked Rubber Man and Spider-Man away with one punch.

Phoenix Girl flew into the air to avoid the attack, but was intercepted by Proxima Centauri. Standing still, Proxima Centauri's weapon fired out a ray attack, instantly piercing the Pyro in the air and knocking it away.

Ebony Maw held his hands on his chest and faced Storm, Hulk, Iron Man, Iceman, and Alice. A few girls.

Ebony Maw, who can mentally attack, instantly controlled Iron Man and Storm.

Iron Man and Storm controlled by Ebony Maw flew into the air and launched attacks on the Hulk and Alice, with thunder and lightning and missiles. Bombing the Hulk and Alice and the girls.

On the ground, spikes of the elements controlled by Ebony Maw emerged from the ground. These spikes shot at Alice and the girls like sharp arrows.

In just a moment,

Super The superpowers were all stunned.

Except for Thor, Ant-Man and the Wasp in the distance, the other superpowers were attacked and unable to fight back. The most powerful Hulk could not fly, and he was killed by Tonys. Tucker's small missiles kept bombing, and the Hulk kept roaring angrily on the ground.

On the building,

Suchen, Wenina, and Jane Foster saw whether the superpowers were attacked by aliens. Fighting back, Venina and Jane Foster both became worried

"It's really weak!"

Su Chen shook his head speechlessly.

It cannot be said that the superpowers of the earth are weak. The four black generals did not appear until more than ten years later.

Tony's steel armor is the third generation. How can he It may prevent the control of Ebony Maw.

Although the Hulk is powerful, his inability to fly is the weakness of the Hulk.

Other superpowers have not grown up, especially the Phoenix female Jean Gray. If she becomes a Dark Phoenix, Black General Yoshi will be killed by her in an instant.

Venina saw that some of Alice and the girls were injured, she hurriedly shouted to Su Chen,

"Suchen, I'm going to rescue Alice and the others."

Su Chen shook his head and refused,

"Venina, you are not a match for Ebony Maw yet. Ebony Maw is capable of mental attack and elemental manipulation. You would have been controlled by Ebony Maw even in the past."

Wenina glared at Su Chen and cursed,

"Bastard, what should I do? Are we just watching? Alice and Selina are all your women. Do you, a bastard, want to watch Alice and Selena being killed?"

Su Chen said with a dark face and a speechless expression.

"What nonsense are you talking about? Alice and the girls are fine if they are injured. This is their chance to grow up. I will pay attention to their safety. If their lives are in danger, I will save them."

This woman with big breasts and no brains, will he watch Alice and the other girls being killed? (To read exciting novels, go to Feilu Novel Network!)

Damn it,

Su Chen wants to crush Venina's mountain at this moment. , does this woman have her brains on her breasts?

Jane Foster hurriedly shouted to Su Chen, "Look, the Invisible Woman is in danger."

Jane Foster is also speechless to Suchen and Venina.

The other superpowers are fighting. They don't want to fight, and now they are quarreling.

After Proxima Centauri discovered the Invisible Woman, the Invisible Woman's invisibility It seems to have lost its effect.

After Invisible Woman became invisible, she was still being chased by Proxima Centauri. If it weren't for the help of Spider-Man, Pyro, and Phoenix Girl, Invisible Woman would have been killed by Proxima Centauri long ago.

Whoosh!

Su Chen waved his hand, and the invisible woman Susan appeared on the building instantly.

The invisible woman Susan still looked like she was trying to avoid the building when she arrived. However, after she discovered Suchen, Venina, and Jane Foster, she relaxed Sitting paralyzed on the ground.

Su Chen looked at the invisible woman's battle uniform in tatters, with a lot of fair skin exposed, and even the holes in the clothes on her chest, allowing Su Chen to see a beautiful scene of white flowers. Chen touched his nose and reminded,

"Invisible woman, you are gone"

"Shameless!"

The invisible woman instantly became invisible when she heard Su Chen's words.

She didn't expect that her clothes would be broken when she avoided the attack, especially the broken part of the clothes on her chest. She thought of being seen by Su Chen before, and Susan was very ashamed and angry.

Su Chen's eyes widened when he saw the Invisible Woman taking off her broken clothes.

Damn, this is a bonus.

The Invisible Woman Susan has a better figure than Jane Foster, especially the Invisible Woman is tall. Jane Foster's perfect figure could not be compared with her.

After Su Chen saw the Invisible Woman naked, he coughed and reminded the Invisible Woman,

"Ahem, Invisible Woman, you should know that I am very powerful, and your invisibility is useless in front of me. Aren't you afraid of catching cold when you are naked?"

"Ah, what are you looking at, you bastard? Turn around quickly."

The invisible woman was stunned when she heard Su Chen's words. After a while, she yelled at Su Chen angrily.

Su Chen could see her invisibility early in the morning, but this bastard waited for her to take off her broken clothes. Only then was she reminded.

A shameless pervert, the Invisible Girl was squatting on the ground and did not dare to stand up to look for her clothes. She looked at Su Chen with eyes full of resentment.

Su Chen was speechless after hearing the Invisible Girl's words,

"Let me tell you, you don't have a lot of body, would I care to look at you? Invisible Woman, look at Venina's curved figure. This is the figure of a real woman."

I took a look.

Although the Invisible Girl's mountain is not big, it is very perfect.

The Invisible Girl's mountain is comparable to that of some fairies.

Damn it, the Invisible Girl must have eaten a lot of papayas, otherwise her mountain would not be like that. Like papaya

"Bastard, if you don't look at me and turn your head, damn it, I will kill you shameless pervert."

Chapter 2518

Invisible Woman Susan hates Suchen so much.

This shameless pervert, why is she not as good as Venina?

Well!

Wenina's figure is very plump, sexy and attractive, but that is because Wenina is older and has been married before.

She is only in her twenties.

In a few years, the invisible woman Susan will be like Venina, and she will also have a perfect and proud figure.

Su Chen took out a dress from the system space and threw it to the invisible female.

"Invisible Girl, I've given you this dress. Put it on quickly, otherwise you'll catch a cold."

"Shameless!"

After the Invisible Girl saw Su Chen throwing the dress to her, the bastard kept staring at her. The Invisible Girl stared at Su Chen with shame and anger.

Damn bastard.

The Invisible Girl hurriedly put on the dress.

She didn't care. They were all looked at by Su Chen, and they looked at her for such a long time. The Invisible Woman didn't care if Su Chen looked at her for a while longer.

Venina and Jane Foster shook their heads at Su Chen. Shameless had a new understanding.

However, they did not expect that

Su Chen could see the invisible invisible woman. Moreover, the invisible woman took off her broken clothes in front of Su Chen. This was a public performance for Su Chen. Striptease? Whoosh! Laura was moved over instantly by Su Chen. Su Chen saw the bleeding injury on Laura's arm. He hurriedly pressed on Laura's wound. Su Chen used angel genes to quickly repair the injury. The wound was pulled. After a while, Laura saw that the wound had healed, and she smiled at Su Chen,

"Husband, I'm fine."

Su Chen took out a spiritual fruit and handed it to Laura and said, "Laura, eat this spiritual fruit and your wounds will not leave scars."

"Um!"

Laura is not polite to Su Chen.

She will be Su Chen's woman in the future, and Laura will happily accept whatever items this bastard gives her.

"Bastard, give me a fruit too."

After the invisible girl put on her dress, her eyes lit up when she heard Su Chen's words.

The invisible girl's back and thighs were injured. Su Chen's spiritual fruit can eliminate scars. She also needs such a strange fruit very much. , no woman wants to leave scars on her body.

Su Chen looked at the invisible woman and mocked,

"laugh! Why? Laura is my woman, and it is only natural that I give Laura spiritual fruit. Invisible woman, who are you to me?"

The invisible girl cursed angrily when she heard Su Chen's words,

"asshole!"

"Exhibitionist!"

"You are shameless!"

"Exhibitionist!"

"Damn it, if you dare to call me an exhibitionist again, I'll kill you right now"

"Have you ever beaten me?"

"shameless bastard!"

The Invisible Woman is helpless towards Su Chen.

This bastard is very powerful. She can't beat this shameless bastard at all.

Damn it, the Invisible Woman is so angry that she can't beat Su Chen.

"Husband, give me some spiritual fruits."

Laura looked at Su Chen speechlessly and was angry with the invisible woman. She didn't want Su Chen to conflict with the local superpowers. It was just some spiritual fruits.

This bastard had plenty of them.

Laura wanted to give the invisible woman a spiritual fruit. (To read exciting novels, go to Feilu Novel Network!)

There are other people.

This time, other superpowers are injured. For those female superpowers, Laura will give them a spirit fruit, leaving traces on the woman's body. It's not a bad thing to have a scar, but she can still be considered a good friend of the local female superpowers.

"Laura, put these spiritual fruits into the space ring!"

Su Chen took out twenty or thirty spiritual fruits, and he asked Laura to put them into the space ring. These are spiritual fruits that are more than a hundred years old. Even ordinary people will not have any problems if they eat them.

Su Chen took out some more spiritual fruits. , he put the spiritual fruit into a space ring and handed it to Wenina.

Wenina would not be able to run away in the future, so Su Chen regarded it as investing in Wenina in advance.

Wenina glanced at Su Chen and accepted it. , she felt that she would not be able to escape Su Chen's vicious hands in the future.

But when she thought of his husband Li Yao,

Wenina compared Li Yao and Su Chen in her mind. She thought about it and felt very speechless.

Li Yao seemed to be inferior in everything. Not as good as Su Chen, Li Yao is not as powerful as Su Chen, not as handsome as Su Chen, (dadi) is not as young and energetic as Su Chen, and is not even as powerful as Su Chen.

Wenina will experience many worlds in the future. She will also become more powerful, and she will have a long lifespan.

Li Yao's talent can be cultivated to the God of War realm at most. Wenina has to think about her relationship with Li Yao in the future.

At this moment,

Laura took out a spiritual fruit and handed it to Invisible The woman said,"Invisible woman, I'll give you a spiritual fruit."

"Thank you!"

The Invisible Woman thanked Laura and took the spirit fruit. This is the spirit fruit that can remove scars. She will not miss it.

Whoosh!

Su Chen took the iceman of the mutants and the stoneman of the Fantastic Four. , Maximus moved over.

None of them have the ability to fight anymore.

If they stay on the battlefield, all three of Maximus will be killed.

"Thank you!"

"Thanks for saving us."

The ice man and the stone man thanked Su Chen one after another and said that they were in very danger just now. If Su Chen hadn't rescued them, they might have been killed by the strong aliens.

Maximus hurriedly told Su Chen Chen shouted, "Su Chen, give me a spiritual fruit quickly, my chest is about to be shattered.""

"Mark, didn't I give you some spiritual fruits?"

"After eating, those spiritual fruits were so delicious that I couldn't help but finish them."

Su Chen wordlessly took out some spiritual fruits and handed them to Maximus and said,

"Here, brother, save some food, this is a spiritual fruit that can save your life."

Boom boom boom.....

Suddenly, there was the sound of explosions in the suburbs of New York City, and fighter jets bombarded the Chitauri army.

However, the Chitauri army's gunboats also quickly returned fire. The more maneuverable Chitauri gunboats were able to knock down dozens of fighter jets in just a few minutes.

In the suburbs, tens of thousands of troops launched an attack on the Chitauri army in New York City. Tanks, armored vehicles, howitzers, and various weapons were launched to attack the Chitauri army.

The Chitauri army was attacked at first and suffered heavy casualties, but the Chitauri army reacted.

The human army was retreating steadily after being attacked.

Gunboats and mechanical behemoths were not something that human weapons could defeat.

When Jane Foster saw that the troops were either retreating or being shot, she said with a pale face,

"Our human military is no match for aliens. Maximus shook his head and said,

"The weapons of the human army are too weak. If our human army had powerful energy weapons, the Chitauri would not be able to easily defeat the earth's army."

"Let me guess, is Phoenix Girl crazy? How did she blow Cyclops' head off? Isn't Phoenix Girl Cyclops' girlfriend? What does it mean? Is Cyclops cheating?"

Chapter 2519

Su Chen didn't care about the completely defeated human army. He was always paying attention to the changes on the battlefield. The superpowers had not organized resistance against the attack of the four black generals. Those people were still hiding in Tibet. Each superpower was different degree of injury.

Suddenly,

Su Chen saw Phoenix punch Cyclops, who had saved her, and exploded Cyclops' head with one punch.

Su Chen was confused and couldn't understand.

Phoenix Girl's mental power was very powerful. It was impossible for Ebony Maw to control Phoenix Girl. How could Phoenix Girl kill her teammates? It seems like Cyclops is still Phoenix Girl's boyfriend, right?

"Let me guess, is Phoenix Girl crazy? How did she blow Cyclops' head off? Isn't Phoenix Girl Cyclops' girlfriend? What does it mean? Is Cyclops cheating?"

Others on the building heard Su Chen's shouting and looked over. They saw Cyclops being shot in the head and fell to the ground. These

"790" people were also stunned.

The Phoenix girl was standing next to Cyclops. Next to the eye, and one of Phoenix Girl's hands is still dripping with blood. This is clearly Phoenix Girl who killed Cyclops.

"How is this going? How did Phoenix kill her teammates?"

"I don't know, is Phoenix Girl also controlled by aliens?"

"No, look, Phoenix Girl didn't attack anyone else. Something seems wrong with her."

"No, Qin Gray is out of control. Su Chen, stop Qin Gray quickly, otherwise Qin Gray will completely lose control."

"out of control? Iceman, are you mutants still out of control?"

Maximus and Jane Foster said in surprise. They didn't understand why Phoenix Girl wanted to kill Cyclops, and Phoenix Girl didn't look like she was controlled by aliens.

Whoosh!

Su Chen heard this Iceman guessed that Dark Phoenix was about to awaken. He waved his hand and moved Jean Gray over instantly.

Damn it!

Dark Phoenix is a villain.

If Dark Phoenix swallows Jean Gray and appears, other superpowers will be killed by Dark Phoenix. Kill, a black phoenix that does not distinguish between friend and foe. Her ability is very powerful.

The Phoenix girl covered her head when Su Chen moved her to the building. She squatted on the ground in great pain.

Iceman hurriedly said to Qin Gray. asked,

"Jean, how are you?"

"Leave now, I can't control myself anymore."

Qing Grei shouted with sweat on her forehead.

She felt that the energy in her body was about to swallow her up.

Although Qing Grei tried her best to suppress the energy in her body, she could no longer hold on.

Previously, she was instantly swallowed by the energy in her body. Control killed Cyclops, Jean Gray didn't want to be swallowed and killed others.

"seal up!"

After Su Chen checked Qin Grei's situation, he waved his hand and cast a golden light to cover Qin Grei.

There was an energy phoenix in Qin Grei's body, and the energy phoenix was like crazy at the moment, constantly attacking the seal to remove Qin Grei's body. came out of the body.

Venina and Jane Foster saw Su Chen taking action, and they all breathed a sigh of relief. Su Chen was powerful, and Phoenix Girl Qin Gere's problem would definitely be solved.

After a while,

Qin Ge Lei became quiet.

She raised her head and looked at the other people on the building, and finally her eyes were fixed on Su Chen.

The others looked at Qin Gray in confusion.

They felt that Qin Gray was getting better, but Why does Qin Grei keep staring at Su Chen?

Su Chen frowned and asked, "Qin Grei, what are you doing looking at me?"

"Why don't you kill me?"

"Why should I kill you?"

Qing Gray explained with a pale face,

"A voice appeared in my mind, she asked me to stay away from you, otherwise I will be killed by you."

Qin Gray didn't understand what was going on.

Just after she was moved by Su Chen, a little girl's voice appeared in her mind. The little girl was very panicked and kept urging Qin Gray to escape, otherwise she would be killed by the person in front of her. man kill

"Hey, Jean Grey, you think too much. You are just a scum to me. Well, you are a stronger scum than Jane Foster. Do you think I would care about an ant?"

Su Chen said with some golden light coming out of his eyes. He used the Eye of Heaven to check another Qin Gray's body.

Energy Phoenix?

Energy Phoenix was trembling and curled up at this moment.

Su Chen understood what Qin Gray said. Energy Phoenix She must have felt threatened, so she let Jean Gray escape.

Jane Foster shouted angrily, "Asshole, why did you take me with you when you spoke?" (To read Baoshuang novels, go to Feilu Novel Network!)

Jane Foster's anger towards Su Chen has reached its peak.

This bastard, she is just an ordinary woman, a scumbag?

She is just a scumbag. What's wrong with this bastard? Jane Foster really wanted to strangle this bastard to death with her own hands.

Su Chen looked at Jane Foster and laughed, "I'm happy, why?" Little scumbag, do you have any opinions?"

"I have an opinion!"

"It's useless for you to have opinions. You're a useless scumbag. Do you think I will listen to your opinions?"

"asshole!"

Jane Foster was about to be driven crazy by Su Chen. She felt that Su Chen was deliberately targeting her.

Qin Ge Lei stared at Su Chen with a cold face, scum?

Ant?

This bastard is really not the same thing,

Qin Ge Lei is a powerful mutant. Although this bastard is powerful, isn't a woman afraid of being scolded for saying this?

Su Chen saw Qin Gray staring at him again.

He looked at the red-haired beauty and joked,

"Qin Grey, you just killed your boyfriend, aren't you sad at all?"

Qing Gray stared at Su Chen and shouted,

"It's none of your business...0"

She was speechless for Su Chen.

What is sad?

She wanted to commit suicide at the moment.

Qin Gray was sad. Will Cyclops survive?

Su Chen touched his chin and thought for a while and said

"Oh, I understand, you should have wanted to get rid of Cyclops a long time ago. Wolverine is passionate about you, and you should also like that vulgar Wolverine. Now that Cyclops is killed, you can be honest with Wolverine in the future."

Boom!

When Jean Gray heard Su Chen's words, she burst out with powerful mental power.

She wanted to kill this bastard.

Why did she want to get rid of Cyclops? Why did she like Wolverine? Why did she want to be honest with Wolverine? 4.2 Jean Gray Su Chen said she seemed to be a slut.

Although she couldn't beat this bastard, Qin Gray would also die with this bastard.

"Disperse!"

Su Chen saw Qin Gelei burst out with powerful mental power to attack him. He smiled and waved his hand and said, boom boom boom.....

Qinge saw that her mental attack was ineffective against Su Chen, but she did not give up.

A stream of mental power continued to attack Su Chen. Dust was flying around the building , and the items on the building were swept into the air by the powerful mental power. , Maximus and the others backed away, fearing that they would be involved by Jean Gray's powerful ability. Venina patted her forehead and said silently,

"This bastard, how long has it been since Su Chen provoked Qin Gray? Isn't the war in New York not chaotic enough?".

Chapter 2520

Winina watched as Qin Gray kept attacking Su Chen, while Su Chen waved his hands motionlessly.

She looked at it and ignored it.

Winina couldn't control Su Chen, a shameless pervert.

Winina felt that Su Chen was deliberately teasing Qin Grei. Qin Grei was a beautiful mutant. This is a woman more attractive than Jane Foster.

Jean Gray is a mutant after all, and Wenina guessed that Su Chen wanted to have a taste of a mutant woman

"Disperse! seal up!"

After Su Chen attacked Qin Grei for a while, he felt that it was almost done.

Qin Grei should have used all his strength. The energy phoenix in her body had not moved. Su Chen did not intend to test it anymore. He waved his hand and used the angel Jean Gray's mutant abilities are genetically sealed

"what did you do to me?"

Jean Gray suddenly found that she couldn't use her mental power. She was now an ordinary woman like Jane Foster.

Jean Gray looked at Su Chen with a surprised look on her face.

This shameless bastard just waved her hand. Is her mutant ability like this? Was it sealed?

"I just sealed your mutant ability and stayed aside. I have no time to deal with you now."

After Su Chen looked at Qin Grei, he felt that the other superpowers couldn't hold on any longer. Alice and the girls were also injured at this moment. Su Chen wanted to move them all over. The superpowers on the earth are like this. The second time was a complete failure

"Time and space shift!"

Su Chen looked at Alice and the others burst out with a ray of light.

In an instant,

Alice, Selena, Captain America and Qilin were all moved to the building, roaring.....

The Hulk was moved over and kept screaming like crazy, and even wanted to attack others.

"Be quiet!"

Su Chen looked at the Hulk and shouted indifferently. The Hulk is also a beast that can't distinguish between ourselves and the enemy. If the Hulk hadn't still had some intelligence, Su Chen wouldn't have been able to move the Hulk over.

The Hulk was stared at by Su Chen He instantly became quiet after a glance. He felt the strong threat from Su Chen.

After Captain America was moved over, he hurriedly shouted to Su Chen,

"Su Chen, as well as Iron Man Tony and Storm, they are controlled by aliens, please rescue them quickly~."

Su Chen waved his hand and moved Tony and Storm over. They were two poor people controlled by Ebony Maw. Tony Stark and Storm will be even more unlucky in a while.

Su Chen touched his chin and smiled and said to the others. ,

"Tony and Storm are under mind control. You can beat them hard to release Ebony Maw from controlling them."

"Thank you!"

Captain America and the mutants thanked Suchen one after another.

As for how to beat up Tony and Storm, they didn't know.

Captain America pulled Tony, who was unable to resist, to the side, while Venina took Storm. The girl went to the other side.

Storm is a woman after all, and Winina didn't want the men here to beat Storm.

Su Chen looked back at Alice and the girls and asked,

"Are you okay? Alice shook her head and replied,"Our problem is not big, just some superficial injuries. However, those four aliens are too powerful for us to deal with.""

Su Chen hugged Alice beside him and kissed her, reminding her,

"In fact, you can deal with those aliens, you just don't cooperate with each other. If you all cooperate with each other to attack, even if you are not your opponent, those aliens will not be able

to do anything to you. Selina glared at Su Chen and shouted angrily, "What's the use of talking about this now? Why didn't you remind us just now?"

Su Chen coughed awkwardly and explained,

"Ahem, Selena, how can you blame me? You will encounter many powerful enemies in the future, and I can't be by your side all the time. You must learn to think carefully when dealing with enemies."

Bai Yuekui shook his head at Selena and said

"Selina, what Su Chen said is right. This time we were stunned by a powerful enemy. However, after we have learned this lesson, we should not be like this in the future."

Laura and Mu Ningxue all nodded. (To read Baoshuang novels, go to Feilu Novel Network!)

They were stunned just now.

They had just avoided the alien attack before. If Previously, they cooperated with each other to attack, and they were indeed able to defeat the aliens, and even the worst would be a tie.

Qin Gray kept glaring at Su Chen from the side.

Her mutant ability was sealed, and she is now an ordinary human. , Qin Gray didn't understand why Su Chen wanted to seal her mutant ability. She couldn't understand why Su Chen did this.

Wolverine saw Qin Gray staring at Su Chen.

He didn't know what was going on.

Su Chen He has not spoken to Qin Gray, and there is no relationship between them. Wolverine cannot guess why Qin Gray is staring at Su Chen, and he does not dare to go forward and ask Qin Gray.

At this moment, the four black generals gathered in They looked at the building with vigilance.

In an instant, all the people on earth they were about to kill were rescued. They guessed that there was a powerful human on the building.

The Deathblade General waved his hand and ordered,

"In the past, if there were powerful people on earth, we would leave. If there were no powerful people on earth, we would kill all those with super powers."

The three Dark Stars all nodded.

They came this time just to help the Chitauri. If there are powerful humans on the earth, they can no longer stay on the earth. This news must also be told to Thanos.

New York City,

Without the superpowers to stop them, the Chitauri army attacked more brazenly. The Chitauri army of two to three hundred thousand almost occupied the entire New York City. The sky was filled with flying gunboats and mechanical behemoths.

New York City There were explosions everywhere, countless civilians were killed, and countless buildings were blown down. The human army was wiped out before they could invade New York City.

Without powerful technological weapons, it is impossible for the human army to defeat the technologically advanced aliens.

On the building,

Su Chen felt the four black generals coming over here.

Whoosh!

Su Chen waved his hand,

(The four generals Wang Hao Zhao and Black Yao were moved over.

The four generals Deathblade were stunned when they were moved over. They looked at the super powers of the earth around them and became wary.

Su Chen coldly threatened the four generals of Black Yao,

"Four generals of Black Glory, please be more honest, or I will send you to see the goddess of death."

The Dead Blade General looked at Su Chen and saluted.

"Earth power, we are the subordinates of Thanos, the overlord of the universe, please let us leave the earth."

The four generals of the Dead Blade all felt how powerful Su Chen was. Su Chen's cold eyes just now made them all shed cold sweats.

This is a powerful man at the level of a heavenly father. The Chitauri leader did not deceive them. The four of them have strong feelings for the powerful. They didn't dare to be disrespectful.

Su Chen didn't pay attention to the four generals of Black Glory, and the four generals of Death Blade let them stay here for now.

These four scumbags,

Su Chen didn't want to kill them yet.

"Captain America, you can kill the Chitauri army. These four people will not attack again."
