Chapter 2521

After Captain America and others heard what Su Chen said, they looked at the Black Knights and saw that the four generals did not make any move. They all quickly left the building to kill the Chitauri army.

New York City was about to be destroyed, but they still had to try their best to save the city. of survivors.

Selina and the girls saw Captain America and the others leaving one after another, and Maximus and Qilin also left to kill the Chitauri.

Selina said to Suchen,

"Husband, we went too"

"Well, y'all, be careful."

Su Chen nodded to Selena and the girls.

Mission five is to keep them participating in the war. Selena and the girls can't stay here forever. He and Wenina are here for the reality gems in mission three. They are It's okay to participate.

Alice rolled her eyes at Su Chen and said,

"Don't worry, as long as no powerful aliens appear, nothing will happen to us."

Alice said to Su Chen, she and Laura and the girls also left the building one after another.

Su Chen saw Alice and the girls leaving with moon steps.

He shook his head and was speechless.

If Su Chen hadn't been a powerful person, He couldn't handle any of these powerful and beautiful women, and Alice and the others couldn't help but fall in love with him.

General Deathblade saw the superpowers of the earth being dispatched one after another, but they didn't care.

Next to the Black Glory Four Generals were With Su Chen, a powerful man, they didn't dare to act rashly.

General Dead Blade asked Su Chen carefully, "Your Excellency, can we leave?"

Boom!

Su Chen burst out with a powerful angelic realm. He forced the four Black Glory generals to kneel down one after another.

Su Chen said expressionlessly,

"Just stay still, I will let you go in a while"

"yes....yes.....It's your Excellency!"

The four generals of Death Blade hurriedly agreed with pale faces.

It's too scary.

The four generals of Black Glory think that Su Chen is stronger than Thanos. There is no way he is a powerful man at the level of Heavenly Father.

On the building,

Jane Foss Te, Jean Gray, Venina, and the confused Storm. They saw that Su Chen had suppressed the Black Knights without taking any action. The four of them were very surprised when they looked at Su Chen. The

Black Knights The four girls all knew how powerful the general was, but the four generals Black Yao were as obedient as puppies in front of Su Chen. The four girls Wenina underestimated Su Chen's strength.

Qin Grei saw Su Chen Chen sat down, looked at the war around her and shouted angrily,

"Su Chen, when will my mutant ability be unlocked for me? I'm going to save the civilians of New York City."

Su Chen took out a bottle of wine and took a sip and said,

"Jean Grey, if you want to die, I can break the seal for you."

Qing Grei asked suspiciously after hearing Su Chen's words.

"What do you mean?"

Su Chen thought for a while and explained to Qin Grei,

"There is a powerful energy in your body, one of the most powerful energies in the universe. Jean Gray, you have been imprisoning her in a space for these years. She is very resentful towards you. If she breaks through the seal, you will immediately Devoured by her."

Su Chen was very speechless to the bald professor.

The powerful energy in Qin Gray's body was not allowed to be used by her, and it was also sealed.

The energy in Qin Gray's body is the power of the Phoenix.

How long can the bald professor seal it? The power of the Phoenix When the power explodes, she has been imprisoned by Jean Gray. The Phoenix Force will definitely take revenge on the host. It would be strange if Jean Gray is not devoured.

Jean Gray said in shock, "Powerful energy? Or one of the most powerful energies in the universe? Am I still imprisoning her? How can this be? I never imprisoned her?"

Qing Gray thought of the little girl's voice in her mind. She didn't think Su Chen was cheating.

However, the energy in her body is one of the most powerful energies in the universe.

Is this true? (See For exciting novels, go to Feilu Novel Network!)

Why didn't the professor let her use the energy in her body? Why did he keep suppressing the energy in her body?

Su Chen saw the other women listening, he shook his head and continued said,

"Jean Grey, you have the Phoenix Force in your body. You have let the professor suppress her all these years and suppress her in a small space. Do you think the Phoenix Force will be happy?"

"Also, have you never talked to the Phoenix Force? With your strong mental power, you can talk to the Phoenix Force, but you have never thought of it this way, right?"

Qin Gray was at a loss when she heard Su Chen's words.

Imprisoned in a small space?

Has that little girl been imprisoned in a small space in her body for so many years?

0 Asking for flowers 0

Conversation?

Qin Gray didn't expect it when she came out. However, the professor only said that the energy in her body was very dangerous, and she had never checked the energy in her body.

Jean Gray felt that she had done something wrong, and the professor had also done something wrong.

Venina and Jane Foster heard that Su After Chen's words, they looked at Jean Gray with some sympathy.

If Jean Gray used the Phoenix Power, she might become the most powerful existence on earth, but all of this was ruined by Jean Gray.

If the Phoenix Power were If it breaks out,

Jean Gray will be the first one to be swallowed.

Storm shook her head helplessly.

Jean Gray could be said to have been harmed by the professor.

The professor's intentions were good, but the professor didn't understand the power of the Phoenix. , he also didn't know that the Phoenix Force is one of the most powerful energies in the universe.

Can the professor always suppress it?

Will the Phoenix Force always be suppressed?

Qin Gray asked Su Chen,"Su Chen, can you help Do I talk to the Phoenix Force?"

"This is acceptable!"

Su Chen walked up to Qin Gray, she tapped her forehead with her hand, and

Su Chen used the angel gene to send Qin Gray's mental power into the space where the Phoenix Power was.

He sealed Qin Gray's mutant ability, if Su Chen didn't help Qin Gray, she wouldn't be able to talk to the Phoenix Force.

Qin Gray was standing in front of Su Chen with her eyes closed at the moment, she was mentally talking to the Phoenix Power in her body.

Damn it,

Qin Gray's mountain is really not small, why don't you try it secretly?

Ugh!

When Su Chen saw Winina and Jane Foster looking at him, he also gave up this idea..

Su Chen looked at Storm, who was wary of him, and asked,

"Storm, why don't you fight?"

Storm hurriedly replied to Su Chen,

"Mr. Su Chen, the Iceman said that Qin Gray is now sealed and has no strength. I stay to protect Qin Gray."

"what ever!"

After Venina checked out the war in New York, she asked Su Chen,

"Su Chen, New York City is coming to an end. Will we continue to stay here? Or retreat to the suburbs?".

Chapter 2522

Su Chen shook his head when he heard Wenina's words.

It was impossible for them to withdraw from New York City. The Luck War took place in New York City, and this was the main battlefield.

The appearance of the hostile team, the Space Stone and the Mind Stone were all in New York City.

If the hostile team hadn't arrived yet, Su Chen would have gotten the Space Stone and the Mind Stone in an instant.

When will the enemy team arrive? one day?

Or two days?

Well, it may not be easy for the enemy team to obtain the soul gem. This fate war may take several days.

Su Chen suddenly thought that the Star-Spangled Kingdom might launch a nuclear bomb. Although he was not worried about the nuclear bomb, Alice and the girls would be in danger. Su Chen frowned and had to be careful of the arrival of the nuclear bomb.

"Su Chen, what are you thinking about? Did you hear what I said?"

Wenina saw Su Chen frowning and not answering her, which made her a little angry.

This bastard always answered other women's questions quickly. Why did Su Chen not concentrate when he got here? She looked lazy and didn't want to answer.

Suchen 30 saw Venina's angry look and replied, "I heard it, we don't have to leave. Even if New York City is occupied by the Chitauri army, no Chitauri army will dare to come here."

Su Chen shook his head as he watched the fight between Alice and the girls. Alice and the others were getting further and further away from him.

There were also Thor, Ant-Man, and the Wasp.

What were they going to do?

Are they going to plug the black hole in space?

Damn it, three idiots!

After a while,

Qin Gray opened her eyes.

She was very sad at the moment.

Qin Gray did not expect that she would hurt the Phoenix Force so deeply.

After more than ten years, the Phoenix Force was actually imprisoned. After more than ten years in a small space, Jean Gray blamed herself for not discovering earlier that she could communicate with the Phoenix Force.

Jean Gray begged Su Chen, "Su Chen, can you help the Phoenix Force?"

Su Chen asked with a frown.

"help? How do you want me to help? Take the Phoenix Force out of you? Or destroy the Phoenix Force?"

Qing Gray hurriedly shook her head and explained,

"No, the Phoenix Force agreed to merge with me. We will be a symbiosis in the future. I hope you can help me merge with the Phoenix Force. The Phoenix Force also said that you can help us merge."

"Sorry, I can't help you."

Su Chen refused without hesitation.

He could help Qin Gray merge with the Phoenix Force, but it would take an hour or two and waste a third of the dark energy.

Su Chen was at war at the moment, and he It was impossible for Alice and the girls to be harmed in order to help Qin Gray.

When Qin Gray heard Su Chen's refusal, she asked Su Chen anxiously,

"You can, why don't you help us?"

Jane Foster stared at Su Chen and shouted,

"Asshole, this is easy for you, why don't you help Jean Gray and the Phoenix Force? Do you want any benefits? Or do you want Jean Gray to commit herself to you?"

"Shut up, Jane Foster, you are just a scumbag, do you have the right to speak here?"

"You bastard!"

"Su Chen, as long as you help us, I can promise you anything, even if you want my body, I am willing."

Jin Gray said to Su Chen with a serious look on her face.

She didn't want the Phoenix Power to bear the pain. In order for the Phoenix Power to relieve the pain, Qin Gray was willing to pay any price.

Venina stared at Su Chen with a livid face. Does this bastard really want to taste the taste of a mutant?

Damn bastard,

Venina slapped her forehead and was very speechless. What did

Su Chen do to Qin Grei, did it have anything to do with her?

Why did she feel angry? Winina looked confused and lowered her head, unable to figure it out.

Storm looked at Jean Gray and then at Su Chen. She didn't know what to say at the moment.

Ever since Jean Gray talked with the Phoenix Force, Storm felt Qin Gray has changed a lot, and even seems to be parting ways with the mutants. Is this because of the Phoenix Power?

Su Chen rubbed his forehead speechlessly and explained, (To read Baoshuang novels, go to Feilu Novel Network!)

"Jean Grey, this is a war, how can I help you? If I help you and the Phoenix Force, I will be weak for a while. I have to take care of my women and team members, and I won't have time to help you."

Damn it!

After giving up a big cabbage,

Su Chen is also very interested in Qin Gray, but now is not the time to think about these things. Besides, with the sexy beauty Wenina here, does Su Chen dare to take action against Qin Gray? ?

Qin Grei nodded hurriedly when she heard Su Chen's words, "It doesn't matter, it won't be too late for you to help us after the war is over."

Su Chen curled his lips and replied,

"Then just wait"

"Everyone, leave New York City quickly. The government is going to launch nuclear bombs. New York City has been occupied by the Chitauri army. We must evacuate New York City as soon as possible."

At this time,

Captain America and Iron Man informed other people on the battlefield that the government was preparing to launch nuclear bombs to kill the Chitauri army. Although they did not want the government to launch nuclear bombs, this was not something they could decide.

"Leave now or we're dead."

Jane Foster saw some people retreating outside New York City. She came to Su Chen and shouted hurriedly.

Wenina looked at Su Chen and waited for Su Chen's decision. The nuclear bomb was also the most powerful in her world. Weapons, it is very dangerous for them to stay in New York.

When Qin Gray saw Su Chen still standing motionless, she hurriedly shouted

"Su Chen, let's leave quickly, otherwise it will be too late. Su

Chen looked into the air and thought for a while, shaking his head and saying, "I won't leave. If you want to leave, just leave.""

Jane Foster heard Su Chen's words and shouted,

"What? Do you want to die? Don't you see that everyone else is leaving New York?"

"Jane Foster, if I don't leave, don't even think about leaving. If I die, you will die with me."

"570 Bastard!"

Venina looked at it without saying anything.

She saw Alice and the girls coming back, and Captain America and some superpowers were evacuating New York.

Storm came to Jean Gray and said,

"Qin, I'll take you away."

Qin Grei looked at Su Chen and said, "No, Storm, leave quickly. Su Chen and I are together."

"Jean, you will die if you stay."

Qing Gray said helplessly,

"Storm, I don't know if I'm dead or not, but if Su Chen dies, do you think I can still live? Storm, leave now or it'll be too late"

"Oh, then I won't leave either. Let's die together."

"Storm....."

"Needless to say, Jean, maybe none of us will die, after all, that bastard is so powerful."

At this moment,

Jane Foster was stunned and stunned.

Su Chen wouldn't let her leave.

She saw Thor flying away with two people.

Jane Foster sat on the ground with a pale face. She was just a Ordinary women.

This is a nuclear bomb.

Jane Foster feels that she is dead this time.

Su Chen saw that several women did not leave, he shook his head and joked,

"If you want to leave, please leave as soon as possible. You don't have to die with me. However, if you really want to die with me, I would rather die with you, so that I can still hug you on the way to hell."

Chapter 2523

In Jiangnan Base City, all the warriors' eyes lit up when they looked at Xu Xin.

Xu Xin was so beautiful and sexy at this moment, with a perfect figure outlined by exquisite armor, a beautiful face, and long white legs. It makes some warriors' eyes pop out when they look at it.

"Is this Xu Xin?"

Luo Feng appeared on an overpass.

He stared at Xu Xin in the sky with his eyes wide open.

Xu Xin was already very beautiful, but Xu Xin at this moment is even more beautiful. She is also very sexy and attractive, especially It was Xu Xin's long, white legs. Luo Feng had never thought that Xu Xin's legs would be so perfect.

Luo Feng looked at Xu Xin and his face turned ugly.

He had previously killed Xu Xin's king-level monster, Xu Xin He was expelled from the Xu family and committed suicide.

Luo Feng guessed that Xu Xin would not forgive him.

Besides, he was expelled from the extreme martial arts gym.

Xu Xin became a powerful angel again. The relationship between them may have ended here.

The dilapidated building Go up,

Enchanting looks at Xu Xin in the air with some envy.

At this moment, Xu Xin is not only powerful but also And she was even more beautiful than before. Thinking of what Su Chen had said to him before, she guessed that Xu Xin was turned into an angel by Su Chen.

"Su Chen, is this what you call improving your strength?"

After Yaorao thought about it, she flew quickly towards Su Chen's villa.

Yaorao wanted to ask about 560 Xu Xin.

She had also served Su Chen for ten days.

If Su Chen could really improve his strength, Yaorao would be stalking her. Fighting, she also asked Su Chen to help her improve her strength.

In the air, after Xu Xin adapted to the strong strength, she looked at the warriors observing her around. Xu Xin ignored the warriors around her.

She looked at the dead people on the ground. Flying monster Xiaolan, Xu Xin showed a sad look on her face, whoosh!

Xu Xin disappeared in the air in an instant.

Micro wormhole teleportation,

Xu Xin mastered the abilities of angels after becoming an angel. Micro wormhole teleportation , Flame Bombing, Heavenly Blade Judgment, and Xu Xin also has the same thunder gene as Angel Yan

"Hong, is this teleportation?"

"It should be, I didn't even feel the spatial fluctuations"

"Xu Xin has just awakened and she can control teleportation. Angels are more powerful than we imagined."

"Yeah, huh? What is Xu Xin going to do? Lei, can Xu Xin still save the king-level flying monster?"

"Hong, let's go take a look."

Hong and Lei originally wanted to talk to Xu Xin, but when they were about to go over,

Xu Xin suddenly disappeared into the air.

They looked at each other in surprise.

Xu Xin appeared on the ground instantly, and they were not aware of the space at all. Fluctuations, and Xu Xin caressed the flying monster.

This surprised them all.

Whoosh!

Hong and Lei quickly moved towards Xu Xin.

They wanted to know what Xu Xin planned to do, and could the king-level flying monster be resurrected? ? This is also the answer they want to know.

Xu Xin touched the body of the flying monster Xiaolan.

She looked at the scarred flying monster. Xu Xin still felt very uncomfortable.

She was the one who killed the flying monster. She used her life to protect the flying monster. Her monster,

Xu Xin no longer regards the flying monster as a monster,

Xiaolan is her friend.

If possible,

Xu Xin will resurrect Xiaolan,

"Genetic system, can I resurrect Xiaolan?"

"Angel Xu Xin, theoretically it is possible, you can sub-biological engine, but resurrecting a living body requires a huge amount of dark energy." (To read exciting novels, go to Feilu Novel Network!)

"Another important point is that resurrecting a life form requires authorization from your superior, that is, the authorization of Angel Leng, the commander of the Third Angel Legion, otherwise you will not be able to resurrect the life form."

When Xu Xin heard what the genetic system said, she hurriedly asked, (abej)

"Gene system, how do I contact the commander of the Third Angel Legion?"

"Angel Xu Xin, the leader of the Third Angel Legion, Angel Leng, is too far away, and I can't contact Angel Leng's genetic system."

Xu Xin shouted in surprise,

"What? Too far away? could not be reached? Gene system, can you contact other angels for authorization?"

"The King of Angels can be contacted, and the eldest princess, second princess, and little princess of Merlot Heaven can all be contacted."

"What? Su Chen also has three daughters?"

Xu Xin was stunned at this moment.

She didn't expect that Su Chen had three daughters, and his three daughters should also be on the earth.

Xu Xin thought that Su Chen looked just a few years older and had three daughters?

She ? He patted his forehead and was speechless.

Su Chen was an angel.

He might have lived for who knows how many years.

Angels are young and never grow old.

Isn't this normal?

"Angel Xu Xin, please be careful in the future. You cannot call the King of Angels by his name. You can call him Emperor of Heaven or King, otherwise you will be punished by the archangels."

Xu Xin thought for a while and continued to ask,

"I understand, genetic system, can they all give me authorization?"

"Of course, the King of Angels and Princesses have all the rights of angels, and all angels in the Angel Legion must obey the orders of the King of Angels and Princesses."

"Gene system, link me to the King of Angels!"

"good!"

Whoosh!

Hong and Lei quickly appeared next to Xu Xin.

When Xu Xin saw the two warriors appearing, she asked doubtfully,

"You are?"

Hong introduced Xu Xin,

"I am Hong from the Extreme Martial Arts School, and this is Lei from the Thunder and Lightning Martial Arts School."

Xu Xin hurriedly saluted Hong and Lei,

"Two seniors, what do you have?....."

At this time, in the villa,

Su Chen looked at Yaorao who came back and felt a little strange. Why would Yaorao come back? Moreover, Enchanting did not reveal his existence. What does this little beauty want to do when she comes back?

Su Chen asked Yaorao,

"Little beauty, why are you back again? Do you still want to continue to serve me?"

Yaoluo stared at Su Chen and asked,

"Su Chen, were you responsible for Xu Xin's change?"

"Xu Xin? Who is Xu Xin?"

"You're still pretending, isn't the angel in the picture Xu Xin? After watching it for a long time, you won't know who Xu Xin is? You are the only one on earth who has the ability to help Xu Xin. Are you also an angel?"

Yaoluo looked at Su Chen and was a little angry.

Su Chen didn't know Xu Xin?

There was still a picture of Xu Xin in the living room.

He didn't know Xu Xin?

Is this possible?

Su Chen replied awkwardly,

"Ahem, little beauty, I am just a slightly stronger person, well, just a bit stronger than you, how could I be a powerful angel?"

Chapter 2524

Mu Ning Xuemei stared at Su Chen and was very angry.

She was a high-level magician. If she hadn't been born with ice, she wouldn't be able to freeze one-third of the interstellar battleships.

This bastard, does he dislike her for being weak?

Su Chen saw Mu Ningxue staring at him coldly.

He shook his head and explained to the girls,

"There is a star battleship arriving quickly. This is the frost giant's star battleship. The frost giant is here to rob Jane Foster, a girl. You don't know yet, but Jane Foster has a reality gem in her body."

Laura and the girls looked at Jane Foster after hearing Su Chen's words. They didn't expect that the Reality Stone was in Jane Foster's body.

However, since Suchen and Venina found the Reality Stone, why didn't this bastard take it out? Is there a Reality Stone in Jane Foster's body?

Laura looked at Su Chen and asked Su Chen, "Su Chen, there is a Reality Stone in '633' in Jane Foster's body, why don't you take it out?"

"It's not that I don't want to take it out. If I take out the Reality Stone from Jane Foster's body, this little girl will die. I am a person who cherishes flowers. I will not let this little girl die unless it is absolutely necessary."

Laura nodded when she heard what Su Chen said.

However,

Laura didn't completely believe what Su Chen said. If Su Chen couldn't control the situation, Su Chen would waste his money.

When the time comes,

Su Chen would ignore Jane Foster. The life and death of Su Chen will also take out the Reality Stone.

Jane Foster looked at Su Chen with complicated eyes.

She was very moved when she heard Su Chen's words. Jane Foster also understood why Su Chen never let her leave.

Her body There is a Reality Stone inside.

Aliens are coming to snatch the Reality Stone. If Jane Foster falls into the hands of aliens, she may die.

Su Chen told Mu Ningxue,

"Mu Ningxue, get ready. I will move you to the alien battleship. Once you enter the alien battleship, it will start to freeze. The frost giant has a space-destruction grenade in his hand. You have to be careful."

"Am I alone?"

Mu Ningxue was very worried when she heard what Su Chen said.

If Su Chen asked her to freeze the star battleship alone, could she do it?

Su Chen rubbed his forehead and said speechlessly,

"Are you an idiot? Can you do it alone? Can you deal with the Frost Giants alone? I asked you to enter the alien battleship first. This is part of the plan to freeze the battleship first. Alice and the others will then support you."

"You are such an asshole."

Mu Ningxue clenched her fists tightly.

She wanted to beat Su Chen very much at this moment. This bastard didn't explain the mission clearly. How did she know if she was the only one to destroy the alien warship?

How about Alice ? Su Chen was very speechless.

This bastard was so shameless.

Mu Ningxue just wanted to ask questions about this mission. This bastard called Mu Ningxue idiot. If Mu Ningxue beats Su Chen, they would also help. How could Alice? The women couldn't help but want to beat this bastard.

Su Chen waved to the women and said,

"Get ready. After I move Mu Ningxue into the alien battleship, I will move Alice and the others into the battleship in three minutes. You all must be careful about the space grenade in the hands of the Frost Giant."

Mun Ningxue and Alice nodded.

Space grenade?

They will all be careful of the Frost Giant's weapon.

Whoosh!

After a while, after the Frost Giant's warship arrived on the sea outside New York City,

Su Chen waved Muning Snow moved over, and three minutes later,

Suchen moved Alice, Selena, Maximus and Qilin into the Frost Giant battleship.

Invisible woman Susan saw Alice and the others Send the alien battleship, she looked at Su Chen and shouted hurriedly,

"Su Chen, why didn't you move us over? We can also help."

Su Chen curled his lips and mocked, "You want to go? Invisible woman, what are you going to do? Be invisible and play hide-and-seek?"

"you....."(To read exciting novels, go to Feilu Novel Network!)

The invisible woman Susan glared at Su Chen and was very angry.

How could she be invisible and hide and seek?

The Invisible Woman can protect Alice and several others with an energy shield. Damn you bastard, this is looking down on her ability.

Su Chen thought for a while and said,

"Invisible Girl, Storm Girl, we will send you there. When you get there, you must follow Alice's command."

"snort!"

"OK!"

Whoosh!

Su Chen waved his hand and moved the invisible woman Susan and Storm over.

He thought that if two more people helped Alice and others, they would also quickly destroy the Frost Giants in the battleship.

On the building, only Su Chen was now there. , Venina, Jane Foster, and Jean Gray were present, and the surrounding Chitauri troops did not dare to come to this area. The humans in this area were hiding in fear....0 boom!

Suddenly, a red energy beam shot from the black hole in the space far away, and Su Chen and Wenina looked over.

Qin Grei asked Su Chen in confusion, "Su Chen, what's going on? Aliens are going to attack there?"

Su Chen looked into the distance and replied,

"This is when aliens discovered a nuclear bomb, and the energy beam was supposed to annihilate the explosion of the nuclear bomb."

Venina and Jane Foster looked at it and didn't care anymore.

With aliens helping to destroy the nuclear bomb attack, they didn't have to worry about the nuclear explosion.

Besides, there was a powerful shameless bastard beside them. The Chitauri were there to stop it. Without a nuclear bomb, Su Chen could instantly move the nuclear bomb to outer space.

Su Chen checked it and sat down.

The energy weapons of the Chitauri were pretty good. There was no way that the nuclear bomb would come to New York City, and the nuclear bomb would not be destroyed by the energy weapon. It will cause nuclear pollution. The Chitauri leader should be afraid that he will massacre all the Chitauri.

"Um? Loki hasn't escaped yet? What else does the god of trickery have planned?"

After Su Chen checked the space gem, he didn't expect that Loki was still not far away from the space gem.

This surprised Su Chen.

The four black generals had left, and the Chitauri army did not dare to attack him. Ji should understand that there are powerful people here. Why didn't the God of conspiracy leave?

Wenina looked around and asked in confusion, "Su Chen, are there still enemy 1.4 hiding around?"

Su Chen nodded and said,

"He's a little scumbag, don't pay attention to him."

Wenina glanced at Su Chen and sat next to him.

She was the most relaxed in this mission war. She had never fought with aliens or been hunted by aliens. Wenina and Suchen were together. She felt very relieved, which she had never felt before. At this time, in the aerospace aircraft carrier outside New York,

Nick and the superpowers saw the nuclear bomb being intercepted. Some of them were livid, and some were livid. Then he breathed a sigh of relief.

Hill hurriedly came to Nick and said,

"Director, the government has received information from aliens."

Nick asked expressionlessly,

"What did the alien say?"

"The alien's message said that if we continue to use nuclear bombs, the aliens will use star-killing weapons to destroy the earth."

Chapter 2525

Hill breathed a sigh of relief while talking to Nick.

Previously, Su Chen did not come back from New York City, and the government launched another nuclear bomb. Hill was worried that Suchen would die in the nuclear explosion in New York City.

With the threat of aliens this time, Hill believed that the government would not dare to launch another nuclear bomb attack.

Damn bastard!

Hill didn't know why he was worried about that bastard, right!

Revenge, this is because she hasn't taken revenge on that bastard yet, Hill wants to kill the bastard who raped her with her own hands.

After Nick and other superpowers heard Hill's story, they knew that nuclear bombs could no longer deal with aliens. Aliens' star-destroying weapons were weapons that could destroy the earth. Government officials should have been frightened.

"I'm going back to New York, and Jane Foster is still in New York."

Thunder God Thor stood up and shouted hurriedly.

He did not expect that Su Chen and the others had not come back.

Su Chen had not come back, and Jane Foster could not come back. Thor had previously escaped from New York with Ant-Man and the Wasp. He thought Su Chen would bring Jane Foster back.

The rubber man also stood up hurriedly and said, "I want to go back to New York too, and the invisible woman Susan is still in New York."

"We went together, and Jean Gray and Storm didn't come back either."

Wolverine said with a serious face while holding a cigar in his mouth.

He had not seen Jean Gray come back before and was frightened.

If something happened to Jean Gray in New York City, Wolverine would never forgive himself for the rest of his life.

Nick heard that Thor Several people hurriedly reminded, "Don't go, New York City has been captured, and you will be in danger if you go."

Wolverine shook his head and said to Nick,

"Director Nick, Su Chen is in New York City and the area where he is has not been compromised. As long as we reach the area where Su Chen is, we will not be in danger."

Nick waved his hands to everyone and said seriously,

"What I'm worried about is Su Chen. Don't you think Su Chen is weird? Why didn't aliens attack the area he was in? I suspect that Su Chen has contact with aliens

"

Tony's face turned ugly when he heard Nick's words.

He didn't expect that at this time, the director of SHIELD would doubt Su Chen. If Su Chen hadn't rescued him earlier, all of them would have been killed by the Black Glory Four.

Tony shouted with a serious face,

"Nick, that's because Su Chen is very powerful and the Chitauri are afraid of Su Chen. That's why the area where Su Chen is located has not been attacked by aliens."

Captain America nodded in agreement,

"Yes, we have all seen Su Chen take action. The Chitauri army was afraid of Su Chen, so they did not dare to invade the area where Su Chen was.

Spider-Man stood up and said to Nick, "Director Nick, it is impossible for Suchen to have contact with aliens. It is obvious to all of us that your speculation is simply not true.""

The other people nodded one after another.

They were all saved by Su Chen during the war in New York, and Alice and the girls beside Su Chen have been fighting side by side with them. How could Su Chen fight with aliens? It does matter.

Nick frowned and asked, "You said that Su Chen is powerful, so why doesn't Su Chen continue to kill the invading aliens?"

Thunder God Thor looked at Nick and said disdainfully,

"One-eyed dragon, Su Chen is a strong man on earth, but there are also strong men in the universe."

"in the universe"

"It's usually a battle between the strong and the strong"

"If Su Chen takes action against the ordinary Chitauri army, do you think the strong men in the Chitauri army, or even the powerful beings behind the Chitauri army, will take action?"

"If some powerful people fight on Earth, how do you think the Earth will be destroyed?"

Wolverine and Tony Stark nodded. Su Chen had told them all this. (To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen had previously killed Chitauri within a few kilometers of radius. Army, if Su Chen continues to attack the Chitauri army, the alien strongmen will definitely come to stop Su Chen.

By then, the earth will definitely be devastated by the battle of the strong men.

Nick's face turned darker at this moment,

Strong aliens?

If there are strong aliens, why don't they show up? These people were all fooled by Su Chen.

Nick asked Thor with a cold face,

"I reserve my opinion on what you said, Thor, let me ask you, are there any strong men in the Chitauri army?"

Thunder God Thor touched his head in embarrassment and replied,

"Well! No, the Chitauri do not have Father-level warriors. The Chitauri are just wandering bandits in the universe."

Nick stood up with a serious face. He looked at everyone around him and said,

"Since there are no strong Chitauri, is Su Chen afraid? Or did he not want to take action at all?"

"This time the nuclear bomb destroyed by the Chitauri army, I just got the news that the nuclear bomb destroyed by the aliens was completely destroyed and there was no nuclear leak. What does this mean?"

"This shows that Su Chen has contact with aliens. The complete destruction of the nuclear bomb may have been caused by Su Chen asking the aliens to do it. Otherwise, why would the aliens completely destroy the nuclear bomb? Isn't it bad that they let the nuclear bomb leak?"

"As for the origins of Su Chen and his team members, their information cannot be found on the earth at all. There is no information at all, as if they don't exist at all. What does this mean? This shows that Su Chen and his team members may not be from Earth."

In the command room, all the superpowers looked in disbelief. If it is true as Director Nick said, Su Chen is indeed very suspicious. Is Su Chen really not from Earth?

Tony Stark looked ugly. Lowering his head, he didn't believe that Su Chen was an alien, but Nick's statement left him unable to defend Su Chen. Hill frowned at

Nick at this moment. She didn't expect that Nick would guess Su Chen like this.

Su Chen was She knew very well that he was not from Earth.

Hill looked at the superpowers around her. She felt that these people were suspicious of Su Chen, but she could not tell the news that Su Chen was from other worlds.

Captain America Zou Brows asked, "Director Nick, what do you want us to do?"

Ni (Good Money Zhao) Ke pointed to the topographic map on the big screen and said,

"The government has accelerated the dispatch of troops to New York. Fifty kilometers outside New York City, our army is building fortifications. You must cooperate with the army to prevent alien attacks. Captain America nodded and agreed, "Okay, we will work with the army to prevent the aliens from continuing to attack.""

The other superpowers also nodded in agreement.

"Thank you?"

At this time,

Su Chen, Wenina, Jane Foster, and Qin Gray were sitting together eating and drinking.

The food Su Chen brought out was very delicious. Wenina and the girls After taking a bite, she couldn't stop.

Jane Foster took another sip of spiritual wine and asked Su Chen,

"Su Chen, what kind of wine is this? Why did my body feel warm after drinking it, and my strength became much stronger?"

"Silly girl, why do you care so much? You eat and drink and still can't stop your mouth?".

Chapter 2526

Su Chen was in a bad mood at the moment.

He had just checked the situation on the space aircraft carrier, and he had heard the conversation between the one-eyed dragon and the superpower.

Damn it, the one-eyed dragon's desire for control is not that powerful.

As for himself,

Su Chen guessed that the one-eyed dragon could not control him. The words that the one-eyed dragon said to the superpowers seemed to be sowing discord, and it also seemed like he was trying to recruit those superpowers to deal with him.

"You're such a bastard."

After Jane Foster heard what Su Chen said, she glared at Su Chen fiercely.

Jane Foster did not intend to talk to this bastard anymore, and she did not want to say another word to this bastard in the future.

Venina and Qin Gray looked at Jane Foster speechlessly.

Su Chen had obviously been targeting Jane Foster, but Jane Foster always looked for Su Chen when there was something wrong.

Isn't this asking for trouble?

Su Chen drank. He took a sip of wine and said,

"Venina, beware of superpowers. We may have to part ways with those superpowers."

"Um? What's wrong? Are people with super powers going to attack us?"

Venina asked with a serious face after hearing Su Chen's words.

Su Chen would not say this for no reason. Su Chen previously said that he would be on guard against SHIELD, but now he is on guard against superpowers. She felt that something might happen..

Jean Gray and Jane Foster looked at Su Chen in surprise, guarding against superpowers?

Isn't this to guard against mutants and Thor?

Why did he say this?

To part ways?

Su Chen wanted to take him with him Will your team withdraw from the war?

Su Chen sighed and said,

"Some people are sowing discord. I am very powerful. Some people feel that they cannot control me. They may take action against us. You and Alice, please be careful. There is nothing wrong."

"I see."

Wenina heard Su Chen's words and understood.

People on this earth want to control Su Chen and them, but she feels that Su Chen is too powerful to control them. Those people should isolate them first and may take action against them in the future. Qin. Gray and Jane Foster both frowned.

They did not expect that someone would want to control Su Chen. Those officials really had nothing to do but had enough to eat. Su Chen was very powerful. Is this what those officials could control?

After a while,

Thor, Rubber Man, and Wolverine arrived at the building. They came to take away Jane Foster, Jean Grey, and the invisible woman Susan.

"Jane, I will take you away. You can go to the space aircraft carrier first. It is safe there after all."

"Qin, you also leave with me. New York City is not safe now. You don't feel safe staying here. By the way, where is Storm? Why didn't I see Storm there?"

"Suchen, where is Susan? What did you do to Invisible Woman Susan?"

Thor, Wolverine, and the Rubber Man all said after they arrived.

The Rubber Man did not see the invisible woman Susan. When he looked at Su Chen, his face was very ugly.

Boom!

Venina kicked the Rubber Man away, and she She didn't expect the rubber man to dare to question Su Chen, a guy who was looking for death.

Winina looked at the fallen rubber man with a cold face and threatened,

"Get lost, if you dare to question Su Chen in a questioning tone again, I will kill you."

Thor and Wolverine, as well as Jane Foster and Jean Grey, none of them expected that Winina would suddenly take action and even kicked the rubber man away with one kick.

Jean Gray hurriedly explained to the rubber man,

"Mr. Fantastic, invisible girl Susan is fine, she just went to fight aliens with Alice and the other girls."

Rubber Man Reed wiped the blood from the corner of his mouth and asked, "Jean Grey, are you telling the truth?"

Jin Gray nodded and replied,"Of course, Invisible Girl and Storm Girl will go with Alice and the girls to deal with the alien battleship. They may come back soon."

After the rubber man heard Qin Gray's words, he hurriedly apologized to Su Chen,

"Sorry, I just lost my temper."

Su Chen yelled with a cold face,"Get out of here, you are not welcome here."

"Susan comes back and I'll leave immediately."

Whoosh!

Su Chen waved his hand, and

Invisible Woman Susan and Storm appeared next to them instantly.

Invisible Woman Susan and Storm suddenly appeared on the building. (To read Baoshuang novels, go to Feilu Novel Network!)

This They were confused.

They were going to kill all the Frost Giants in the battleship. Why did Su Chen bring them back at this time? The invisible woman Susan hurriedly shouted to Su Chen,

"Su Chen, why did you bring us back? We are about to destroy the frost giants in the battleship."

Su Chen rolled his eyes at the invisible girl Susan and said,

"You can leave now."

Invisible woman Susan asked doubtfully,"Leave? Where do we leave?"

The rubber man came to the invisible woman Susan and said

"Susan, we're leaving. The army has established a defense line outside New York. We're going to help the army."

"If I don't leave, Reed, it will be the same if I stay here in Suchen to fight the aliens."

Orequest flowers 0

"Susan, you have to....."

Su Chen frowned and looked at these people. He shook his head and pulled Venina aside.

He was too lazy to talk to these people anymore.

Invisible Woman Susan, Storm, and Jean Grey, they can all leave, but Jane Foster cannot leave, and Jane Foster cannot leave his and Venina's sight until the Reality Stone is obtained.

Venina saw the Thunder Gods and others persuading the girls, and she said to Su Chen with a cold face,

"Su Chen, it seems you are right, these superpowers are on guard against us."

Su Chen hugged Wenina's plump waist and said,

"Don't worry about them. Their future life and death is none of our business. We will only do our tasks from now on."

"Bastard, please be gentle with your hands"

"Venina, you are so sexy!"

"Shameless, you.....Woohoo!"

Wenina was hugged by Su Chen and kissed her.

She did not resist Su Chen this time. Wenina also hugged Su Chen tightly and responded.

A green barrier instantly hid Suchen and Wenina. Get up, as for what Suchen and Weinina will do in the barrier, this may only be known by Suchen and Weinina.

Both Jean Gray and Jane Foster saw the green barrier, and they also saw Suchen and Weinina Na's kiss.

Jean Gray and Jane Foster's faces were a little blushing. They didn't expect that a couple of doggy men and women were getting intimate at this moment. Although she couldn't see what happened inside, they could guess it without thinking, which made them They all felt very uncomfortable.

After a while, after hearing what the three Wolverines said, Jean Gray said with an ugly face,

"Please leave. What you said is not true at all. How could Su Chen be an alien?"

"Thor, I won't leave, you go."

Jane Foster shook her head and refused to Thor.

She didn't care whether what Thor said was true, but could she leave?

The Reality Stone was a bomb in her body, and she would be killed by aliens if she left. People are watching.

Is Thor as powerful as Su Chen?

Can he defeat the strong alien?

Besides, Jane Foster also decided to break up with Thor. After all, the size difference between them is too big

"Qin, you have to leave with me. Su Chen may have bad intentions for the earth. I can't leave you here."

Chapter 2527

Wolverine didn't expect Qin Gray and was unwilling to leave.

He couldn't understand this.

Su Chen was not with them at the moment, nor did he stop them from taking Qin Gray away?

Why are Jean Gray and Jane Foster unwilling to leave?

Jean Gray shook her head and refused,

"I won't leave, Logan, and I won't go back to the mutant school. Go back and say sorry to the professor for me."

"piano.....! "

"Logan, stop trying to persuade me, I won't leave."

At this moment, the Rubber Man and the Invisible Woman also had a dispute.

The Invisible Woman Susan did not leave with the Rubber Man. The Rubber Man forcibly pulled the Invisible Woman Susan to take her away, but the Invisible Woman Susan's defense barrier bounced off. Rubber man.

Invisible woman Susan said with a complicated expression,

"Reed, I don't believe that Suchen is an alien, and I won't leave. Please leave."

Su Chen is an alien?

Is this possible?

If Su Chen is an alien, why did he help them kill the Chitauri army just now, and also asked them to destroy the Frost Giants' warship?

Although the invisible woman Susan has no interest in Su Chen, Chen was very disgusted, but she didn't believe that Su Chen was an alien, and that bastard Su Chen didn't think he might have any plans for the earth.

"Why? Susan, why don't you leave with me?"

"There's no reason, Reed, I don't believe Sue....."

At this moment,

Storm was very speechless as she rubbed her forehead.

She seemed to have been forgotten by all this.

Wolverine Logan, Rubber Man Reed, and Thor were all trying to persuade Jane Foster.

What about her?

Storm seemed to not exist. No one came to persuade her to leave. She was a little envious of these pairs of dogs and men.

Time passed little by little.

An hour later, the green barrier disappeared.

Su Chen appeared in front of everyone holding Wenina, who was in a puddle of mud.

On the building, the three Wolverines and the four Jane Foster women sitting on the building respectively, they saw Suchen and Wenina coming out of the green barrier. The expressions of these people were all very speechless.

During the war, this couple still wanted to be close to each other. Is it appropriate to do those dirty things at this time?

Su Chen looked at Wolverine and the others but ignored them.

He checked the Frost Giant's battleship and exclaimed,

"Damn it, Alice and the others destroyed the Frost Giants, I'm going to be finished this time"

"Bastard, you deserve to die."

Wenina glared at Su Chen with a full face.

She was weakly held in Su Chen's arms. Wenina didn't have any strength at this moment.

Su Chen was too powerful.

If it weren't for the things he did here, where it happened, Wenina thought that Su Chen would ruin it, but she felt very good about what she just felt.

No!

She felt very, very comfortable physically and mentally, and after she was nourished by Su Chen, Wenina actually she was promoted to the realm of God of War.

This made her very surprised and shocked.

Winina did not expect that just by being with Su Chen, her cultivation realm would be improved.

Is Su Chen a Tang Monk?

Bang!

Su Chen slapped Winina. Na's butt reminded,

"Venina, please speak politely to me, I am your man now!"

"Shameless!"

Wenina glared at Su Chen angrily.

This bastard. (To read Baoshuang novels, go to Feilu Novel Network!)

There were some people nearby.

Wenina didn't expect that Su Chen would slap her. I, Wenina, Na wanted to bite this bastard to death.

Man?

Damn it,

Wenina felt very helpless when she thought of Li Yao.

It seemed that after this fate war, she was going to separate from Li Yao.

Wenina had previously considered marrying Li Yao. Should Yao continue,

Su Chen has completely got her, and Wenina has also decided to completely separate from Li Yao.

Her son is dead, and without the connection with Li Yao,

Wenina's strength will be greater in the future. She is getting stronger and stronger. She is now stronger than Li Yao in the realm of God of War.

There is no future for Wenina and Li Yao.

And there is no way for Su Chen to let her and Li Yao continue to be together. After all, she is this Bastard woman.

Su Chen held Wenina and contacted the Alice girls.

After he asked the Alice girls to sink the Frost Giant warship to the bottom of the sea, Su Chen would move them back.

"Wenina, eat a spiritual fruit to restore your strength first."

Su Chen said as he placed Wenina on a stone pier, and then walked towards Wolverine and the others.

Jean Gray, Invisible Girl, and Storm didn't leave, which made him confused.

Jian Fu The reason why Ster didn't leave was because Su Chen had done something to Jane Foster, and it was impossible for Jane Foster to leave.

Su Chen looked at the three Wolverines and shouted indifferently, "Why haven't you left yet? Get out of here"

"Su Chen, what did you do to Jane? Why can't I take Jane with me?"

Thunder God Thor glared at Su Chen angrily.

He wanted to take Jane Foster out of here by force, but he couldn't catch Jane Foster's body at all. Thor felt that Su Chen was attacking Jane Foster. What did Te do?

Wolverine and Rubber Man looked at Su Chen one after another. They did not expect that Su Chen would do anything to Jane Foster.

However,

347 they did not feel anything was wrong with Qin Gray and the Invisible Woman. This made Wolverine and Rubber Man Reed feel relieved.

Suchen curled his lips and said to Thor,

"Jane Foster can't leave, everyone else can leave, get out of here, or I won't mind sending you away."

Jin Gray shook her head and said,

"Suchen, I will not leave."

The invisible woman Susan glared at Su Chen and shouted,

"I won't leave either. I haven't taught you a lesson, you bastard. There is no way I can leave here."

Jane Foster rolled her eyes and Su Chen didn't say anything. She didn't want to leave in the first place. Besides, this bastard wanted to get the Reality Stone, and Su Chen couldn't let her leave.

Thor, Wolverine, and Rubber Man, they listened. Su Chen's face turned ugly when he saw it.

Su Chen's attitude towards them was getting worse and worse.

The three of them all felt that Nick's guess was correct. Su Chen might really be an alien.

Thor, the god of thunder, looked serious. He threatened Su Chen, "Su Chen, I must take Jane Foster away, you can't stop me, otherwise, Aslada Divine Realm will be your enemy."

Su Chen mocked with disdain,

"An enemy? Lei Fool, you can try. If you want Asgard to be completely destroyed, you can ask your one-eyed dragon father to come and trouble me."

Chapter 2528

Su Chen didn't care at all about the threat from Thor.

If Odin dared to come to Earth and take action against him, Su Chen wouldn't mind sending Odin to see the Goddess of Death. He could annihilate a dying Heavenly Father with one hand. Odin

"Su Chen, you are seeking death!"

Boom!

Thor, the god of thunder, heard that Su Chen was disdainful of the Asgard domain and even wanted to destroy the Asgard domain. He angrily raised his Thor hammer and hit Su Chen quickly.

"snort!"

"ah....."

Su Chen saw that Thor was about to attack him, and a golden light flashed in his eyes. Thor's hammer suddenly hit the ground, and Thor was also thrown to the ground by the sudden change.

"Thunder fool, have you forgotten who owns Mjolnir?"

As soon as Su Chen waved,

Thor's hammer flew into his hand.

He looked at Thor, the God of Thunder, who was lying on the ground in confusion. Su Chen had a look of disdain on his face.

Thor, the God of Thunder, stared at Su with an angry face. Chen shouted,

"Give me back the hammer!"

Su Chen mocked, playing with Thor's hammer in his hand,

"Tsk, Thor, without Mjolnir you are a loser, Thor? What kind of thunder god are you? From now on you will be called Lei Fool"

"Damn it, Suchen, Asgard will not let you go, and neither will God King Odin."

067"Then let him come!""

"Heimdall, take me back."

Thor God Thor glared at Su Chen angrily.

He didn't have Thor's Hammer and was no match for Su Chen. Thor God of Thunder wanted to return to Asgard. He wanted his father Odin to take back Thor's Hammer. Jane Foster He also had to rescue him.

Boom!

A beam of light fell from the sky, and Thor, the God of Thunder, was enveloped and disappeared from the building.

Su Chen curled his lips and did not care about Thor's departure.

He was not afraid of Odin's arrival, and the Earth There is also the beautiful woman from Ancient One. When Odin arrives, he must first face the obstruction of Ancient One. Maybe before Odin sees him, Ancient One will drive Odin away.

Jane Foster did not say much from beginning to end. In a word, she had already decided to break up with Thor before, and Thor would have nothing to do with her in the future.

Jane Foster was not worried that Su Chen would kill Thor, after all, Thor belonged to Asgard prince

"Will you leave on your own, or shall I send you away?"

Wolverine said to Su Chen warily,

"Su Chen, I will not leave, Qin Gelei will not leave....."

Whizzing!

"What a dry tongue!"

Su Chen didn't wait for Wolverine to finish.

He waved his hand and moved Wolverine and the rubber man away.

Some scum.

If Su Chen didn't think they were all righteous people, he would have killed them long ago.

Invisibility Female Susan and Qin Gray were relieved when they saw Wolverine and Rubber Man being sent away.

Su Chen did not kill Wolverine and Rubber Man, which made them feel that Su Chen was not a cruel person, and they also felt that Su Chen was not a cruel person. He didn't believe that Su Chen could be an alien, or even join forces with aliens to plot against the earth.

At this time,

Su Chen walked up to the invisible woman and asked,

"Invisible Woman, why don't you want to leave? Did you really decide to commit yourself to me just because you were so impressed by me?"

The invisible woman Susan shouted angrily when she heard Su Chen's words,

"Shameless, I just think you are not an alien and will not do anything harmful to the earth."

"Little beauty, why do I feel that you are lying?" Su Chen hugged Invisible Girl Susan's bumpy body and asked,

Well,

Invisible Girl Susan's figure is really perfect.

Venina's figure is plump, mature and attractive, and Invisible Girl Susan's figure is bumpy, youthful and beautiful. , Su Chen hugged the invisible girl and felt her curved figure.

Susan, the invisible girl, was hugged by Su Chen and struggled quickly. (To read Baoshuang novels, go to Feilu Novel Network!)

"Damn it, let me go!"

Su Chen hugged the invisible woman's bumpy body tightly and laughed,

"Invisible Girl, I could see your body clearly before. What does it have to do with us hugging now?"

"Su Chen, you shameless bastard, are you still shameless?"

"If you are thick-skinned, you will eat enough (dafa), if you are thin-skinned, you will eat as much as you want. Invisible woman, what do you think of this sentence?"

"So shameless, so shameless."

The Invisible Girl was speechless to Su Chen.

This shameless pervert, why is he so thick-skinned that he can eat all he can?

Why is he so shameless that he eats everything?

This bastard is shameless and shameless. Invisible Girl Susan feels that Su Chen does not look like a strong person.

Su Chen smiled and let go of Invisible Girl Susan.

Although this woman was good, with an attractive figure and delicate appearance, Su Chen didn't want her. However, if Invisible Girl Susan offered herself a pillow, Su Chen wouldn't mind being secretly sexual.

After Su Chen looked at Jane Foster and Qin Grey, he looked at the little black girl Storm and was speechless.

This insignificant Storm,

Su Chen also forgot to send her away just now, damn, now. Go?

Or keep this little black girl?

Su Chen rubbed his chin and thought for a while and decided to ignore Storm.

If Storm asked to leave, he would send Storm away. If Storm stayed like a person with no sense of existence, he would leave. Here, Su Chen didn't mind keeping Storm.

After all, Storm's figure was still very attractive, but for a little black girl,

Su Chen was very speechless.

At this time, the Chitauri troops were heading towards New York. Spread outside the city, New York City was occupied in one morning.

Oh no!

The area where Su Chen was was not occupied.

More than 200,000 Chitauri troops attacked the suburbs, and gunboats and mechanical behemoths in the air also Move out.

The Chitauri, the cosmic bandits, must first conquer the people on earth if they want to enslave the earth.

As for the strong men on earth,

Black Knight will report to Thanos. The Chitauri leader believes that as long as Thanos arrives , the strong men on earth will be killed.

Boom!

Suddenly, a loud noise broke out in the sea outside New York City, and a huge wave rolled up in the sea.

Whoosh whoosh whoosh.....

Alice and the girls, as well as Maximus and Qilin, appeared on the building one after another. After Su Chen saw the Frost Giant's battleship being sunk into the sea, he moved Alice and the others over instantly.

Suchen took out some food and said to Alice and others,

"You all take a rest. There is no need to participate in today's war. The enemy team will not arrive today. Tomorrow you will start killing some Chitauri troops."

Alice and others nodded.

They killed a large number of Chitauri troops, and also killed the Frost Giants and destroyed the Frost Giants' warships. They will not take action today. It's their luck. It was impossible to punish them.

When Laura saw Wenina's face full of joy, she walked to Su Chen and asked shyly,

"Suchen, did you take down Wenina?".

Chapter 2529

Su Chen smiled when he heard Laura's words. He held Laura in his arms and kissed her hard.

"Big beauty, I will capture you tonight"

"You're such a bastard!"

Laura wiped her mouth and gave Su Chen a beautiful look.

Among the two teams,

Su Chen only had sex with Selena and Natasha. The other women also fell in love with this bastard.

But Laura didn't expect that Suchen will take down Wenina. In her world, Wenina is a woman with a husband.

This bastard is so shameless.

What will Wenina do in the future?

Suchen will definitely not let Wenina marry her again. Her husband is together, and Wenina will definitely let go of her husband in the future.

Suchen touched Laura's hair and said, "Laura, you guys take a break and eat some food first."

"Suchen, you...Forget it, I'm too lazy to talk to you about "630"."

Laura wanted to remind Suchen not to have Mu Ningxue's ideas. After all, Mu Ningxue had a childhood sweetheart boyfriend, but she thought about it and felt that it was useless to remind this bastard. Neither of the women in their team could escape this. Bastards and poisonous hands,

Mu Ningxue is no exception.

One day is about to pass, and the sky is gradually getting dark.

The attack of the Chitauri army has not stopped at all.

There are almost 400,000 Chitauri troops coming to the earth from the black hole in space.

New York City is surrounded by Chitauri troops.

The roaring explosions never stop, and the Chitauri troops continue to attack around New York City. The

Stars and Stripes troops are constantly being repelled, and the suburbs around New York City are also being attacked. Occupy, this is still the attack of tens of thousands of Chitauri troops. If all the Chitauri troops are dispatched.

Within a day,

New York City will be occupied by Chitauri troops for hundreds of miles.

On the building, the lights are bright here,

Alice These beautiful beauties, the four girls and Jane Foster, all sat together and drank wine, as if the war outside New York City had nothing to do with them.

Suchen, Maximus, and Qilin were sitting aside. While drinking,

Maximus patted Suchen on the shoulder and asked,

"Su Chen, why do I feel that the spirit wine this time is not as good as before."

Su Chen rolled his eyes at the old guy and said,

"Mark, these are diluted spiritual wines, otherwise those women who have no strength will be bursting after drinking them."

"So that's the case, but you're really nimble, and you managed to get Venina done so quickly."

Su Chen smiled and said boldly, "Tsk, there is no woman in the world that I can't deal with."

Maximus pointed to Qilin who was drinking and said,

"You are just a playboy, look at Brother Qilin, Brother Qilin will be a dedicated man in the future, just like me."

Brother Qilin is dedicated?

Damn it, aren't Qilin and that Mr. Wu having sex?

Su Chen looked at Qilin and was very speechless.

Qilin is also very old, but Qilin has not had a woman for so many years, and Su Chen also Su Chen suspected that the relationship between Qilin and the mistress was abnormal.

Mr. Wu had never had a woman.

Wouldn't they be really senior?

Su Chen reminded Maximus, "Brother, Qilin likes men."

"Phew, what? You said Brother Qilin likes men? is this real?"

Maximus spurted out the wine he drank in his mouth. He looked at Su Chen with a look of disbelief.

How could Qilin like a man? He and Qilin had been together during several fate war missions. Maximus I didn't find that Qilin likes men. Qilin said coldly to Su Chen with veins on his forehead, (To read Baoshuang novels, go to Feilu Novel Network!)

"Suchen, I don't like men."

Su Chen asked with an embarrassed cough,

"Ahem, Qilin, what is your relationship with that Mr. Wu? Why do you keep helping that Mr. Wu?"

Qilin shook his head and replied, "We have nothing to do with each other. When you come to my world in the future, you will understand."

Su Chen curled his lips and started drinking.

Qilin's world is just a world of tomb robbers. How could he go to Qilin's world?

However, it's impossible to say.

Su Chen couldn't find Qilin's world in Xuantian Realm. Next, but Qi Luck Tiandao may issue tasks in Qilin's world, just like Natasha's world

"Suchen, Hill you."

At this time,

Natasha came over and handed Su Chen a communicator and said,

"Hill?"

"Well, you're such an asshole....0"

Natasha was speechless towards Su Chen. Suchen took down Hill.

What will happen next?

After the Luck War is over,

Suchen will leave this world.

Hill is different from her. Natasha Sha can see Su Chen in the future, but it will be impossible for Hill to see Su Chen in the future.

Su Chen said that in a world controlled by luck and heaven, this bastard cannot be merged into his realm. Should Hill be asked to find another one in the future? Man?

Su Chen hugged Natasha, kissed her and walked aside. He didn't know what Hill wanted from him, but Hill was also his woman, and Su Chen couldn't ignore Hill.

After a while,

Su Chen After Chen finished talking to Hill, he frowned and stood on the stone pier,

Wonder Woman?

Cyclops actually wants to recall Wonder Woman to deal with him?

Damn it, is Cyclops looking for death? What will Su Chen's arrival in this world do to the earth

?

He didn't do anything, and even helped SHIELD deal with the Chitauri army.

Does the One-Eyed Dragon dislike him so much?

"What happened?"

After Wenina came to Su Chen, she looked at Su Chen's frown. Wenina asked with some worry.

Su Chen held Wenina in his arms and said,

"Nothing happened, the one-eyed dragon in S.H.I.E.L.D. found a 5.5 powerful aunt to deal with me. Wenina asked doubtfully,

"A powerful aunt?"

Su Chen kissed Wenina and said with a smile, "Put it down, I can suppress that aunt with just one hand."

Wenina felt relieved after hearing Su Chen's words. As long as nothing happens to Su Chen, this bastard will be her man in the future. She also doesn't want Su Chen to be killed by a powerful enemy.

Wenina thought of Alice's What she said, she leaned into Su Chen's arms and asked,

"Su Chen, are you really the emperor of the immortal world?"

Su Chen touched Wenina's soft waist and asked, "Wenina, have you heard of the myth of the ancient times?"

"I have heard of Nuwa, the Three Pure Saints, the Jade Emperor, the Queen Mother, Sun Wukong, etc. I have heard of them all. They are all gods from the ancient world."

Chapter 2530

Wenina looked at Su Chen in confusion. Alice and the girls told her that Su Chen's fairyland was called the Xuantian Realm. Why would Su Chen ask her about the ancient myth? Does the prehistoric myth really exist?

Su Chen kissed Wenina's flaming red lips and said,

"Wenina, I am the Emperor of Heaven, the Empress Nuwa, and the Queen Mother of the ancient immortal world. They are all my women and your sisters in the future."

Wenina asked in surprise when she heard Su Chen's words.

"Su Chen, aren't you the Emperor of the Xuantian Immortal Realm? Why are you the Emperor of Heaven in the prehistoric immortal world again? Does the prehistoric fairyland really exist? Empress Nuwa? Queen Mother? Are they really your women?"

"Of course, I am the Heavenly Emperor of the Xuantian Realm and the Heavenly Emperor of the Ancient Immortal Realm. Nuwa and the Queen Mother are both my women. You will have the opportunity to meet them in the future."

Wenina heard that Su Chen couldn't calm down for a long time.

It was impossible for Su Chen to deceive her, and she would know this sooner or later.

Wenina didn't expect that Su Chen was the emperor of the legendary ancient immortal world, and that Nuwa and the Queen Mother were also deceived. Take down this bastard. They are some of the most powerful female fairies in the ancient world of immortality.

This bastard is really powerful, but in the ancient mythology, isn't the emperor of the ancient world of immortality the Jade Emperor? Su Chen is the emperor of heaven in the ancient world of immortality.

Where is the Jade Emperor? ?

Doesn't he exist?

"Su Chen, isn't the Emperor of Heaven in the prehistoric immortal world the Jade Emperor? You are the Emperor of Heaven in the ancient immortal world, where is the Jade Emperor?"

Su Chen said with disdain on his face,

"That trash was taken away by Hongjun. If Hongjun hadn't been there, I would have had that trash killed long ago."

"You are really powerful"

"Ahem, I am very powerful!"

Damn it, he is just a scum in the ancient immortal world.

Su Chen only has the strength of Taiyi Golden Immortal.

In the ancient immortal world, those powerful saints and quasi-sages can kill him with one palm.

Wenina didn't see it. Su Chen's expression was awkward.

She was thinking about her identity if she went to the ancient world. The concubine of the emperor?

In the ancient world, would those powerful fairies care about an ant like her?

At this moment,

Alice and the girls also arrived. Next to Su Chen, they saw Su Chen talking to Wenina. Alice and the other girls also came over to see what was going on. They all heard what Su Chen just said.

The Great Emperor?

They didn't Thinking of the fact that they hadn't seen each other for more than a year, this bastard had once again become the Emperor of Heaven in the ancient world.

Alice asked Su Chen doubtfully,

"Su Chen, do you have children?"

When Selena and Wenina heard Alice's question, they all looked at Su Chen intently. They also wanted to know if Su Chen had any children.

"have!"

Selena asked hurriedly,

"there's a few? Is it a boy or a girl?"

Su Chen looked at the girls and smiled and replied,

"I have three daughters. The eldest daughter is Su Yan, who is twelve years old, and is titled Princess Changle. The second daughter is Su Yue, who is seven years old, and is titled Princess Gaoyue. The younger daughter is Elena Su, who is seventeen years old, and is titled Princess Xueyue!"

When Alice and the other girls heard Su Chen's words, they were all confused.

Three daughters?

But why is the younger daughter older than the older daughter?

Su Chen couldn't have said her age wrong, right?

Bai Yuekui asked Su Chen in confusion. , "Su Chen, why is your youngest daughter older than your eldest daughter?"

Su Chen explained with a smile,

"Elena was born in a small world. The speed of time in the small world and Xuantian realm are different, so Elena is older than her eldest and second sisters."

Selena said to Su Chen speechlessly,

"Your younger daughter must be very depressed. The eldest sister is twelve years old and the second sister is only seven years old."

Su Chen pulled Selena for a kiss and reminded,

"Selena, don't underestimate my eldest daughter and my second daughter. My eldest daughter Su Yan led the army to destroy the country when she was six or seven years old. Sisters Su Yan and Su Yue can destroy you with one finger."

Alice and the other girls were very surprised when they heard Su Chen's words. (To read Baoshuang novels, go to Feilu Novel Network!)

Su Yan started to lead his army to destroy the country when he was six or seven years old?

Isn't that little girl too outrageous?

As for the strength of Su Yan and Su Yue, they didn't care.

Su Chen was the Emperor of Xuantian Realm. Su Yan and Su Yue might be immortals. How could they be the opponents of immortals.

At this moment,

Jane Foster and Qin Gray, as well as the invisible woman Susan and Storm, were shocked when they heard Su Chen's words. They just came to see what happened, but they heard Su Chen's message was a bit scary.

Su Chen is really not the earth. Human?

Immortal world?

Is this the same as Asgard?

Is Su Chen the emperor of the immortal world? Is this the same existence as God King Odin?

No wonder, no wonder Su Chen is so powerful.

The four girls all understand it at this moment Why is Su Chen so powerful?

A being who is the same as Asgard's God King Odin, how could Su Chen not be powerful?

At this moment,

Qin Gray asked Su Chen with a serious face, "Su Chen, you are here What is the Earth going to do?"

"sightseeing!"

After the four Qin Gray girls heard Su Chen's words, their faces all turned dark.

The four girls didn't believe that Su Chen was an alien at first, but this bastard was really an alien.

This bastard came to earth for sightseeing. ? Travel? Why didn't this bastard say that he came to earth to find beautiful beauties?

Alice and the other girls looked at Su Chen speechlessly.

This bastard was becoming more and more of a bastard.

Sightseeing?

Travel?

Didn't Su Chen blush after saying this ? ?

Invisible woman Susan asked angrily,

"Damn it, are you going to take over the earth?"

Su Chen curled his lips and shouted disdainfully (nuo Zhao),

"Occupy this shit, the earth is a barren land, I want the earth to be useful."

Qin Gray rubbed her forehead and asked, "Then why did you come to Earth? Su looked at Qin Gray and threatened, "Looking for beauties. You are all beautiful local beauties. I have decided to snatch you all away.""

The invisible woman Susan glared at Su Chen and cursed,

"Shameless thing!"

Jane Foster shook her head when she heard Su Chen's words.

She didn't believe what Su Chen said at all. This bastard had been ignoring her and even said bad things to her.

He wanted to rob the four girls?

Is this possible?

Su Chen had previously said Let the three Wolverines take the three Jean Gray girls away. If Su Chen is going to snatch them, why does this bastard want the three Jean Gray girls to leave?

"If you don't want to be snatched away by me, you'd better leave quickly, otherwise you'll regret it later. Jane Foster can't leave, you've already fallen in love with me."
