### Chapter 2531

Su Chen looked at the three Invisible Susans.

As for the Invisible Susans,

Su Chen felt that it was useless for them to stay here. The three Invisible Susans were not very powerful and could not help him much. Being busy, the three of them stayed on the building. The conversations between Su Chen and Alice were more subtle.

Su Chen couldn't let them know some things they shouldn't know, some secrets they shouldn't hear.

Jean Gray said with a smile,

"Su Chen, if you want to kidnap us, just kidnap her."

Qin Gray didn't believe that Su Chen wanted to kidnap them.

She thought that Su Chen wanted the Wolverine trio to take them away before, and now he deliberately said this to let them leave. Qin Gray felt that Su Chen was eager to let them leave~Here.

Besides, can Jean Gray leave?

Without Su Chen's help, she will be swallowed to death by the Phoenix Force. If the Phoenix Force takes over her body, she will definitely take revenge on the mutant school. Jean Gray would rather be killed by Su Chen. Even if they were taken away, she wouldn't leave Su Chen.

Invisible Girl Susan stared at Su Chen without saying a word. She also suspected that Su Chen was deliberately scaring them away.

The Invisible Girl didn't know why Su Chen wanted to scare them away, but in order to prevent Su Chen has a conspiracy against the earth, and the invisible woman Susan will not leave

"asshole!"

Jane Foster rubbed her forehead helplessly.

She knew it was impossible to leave, but Su Chen said he was attracted to her.

Was this because he was interested in her?

This bastard had always spoken rudely to her, and even said nasty things to her. Was this because he was interested in her? Did you fall in love with a woman's attitude?

A shameless bastard.

Storm looked at the three girls, Jean Gray, with no existence. She didn't say anything. If the three girls, Jean Gray, left, she would leave too. If Qing Ge Lei and the three girls will not leave, she will also stay with them

"Idiot women!"

Su Chen looked at the three Qin Gray girls and shook his head.

He didn't think that the three Qin Gray girls didn't leave. Do they have to stay here to eat and drink for free?

Damn it, if he had known, he would have moved them away before. ,

Alice and the girls all showed smiles.

They understood what Su Chen meant.

It was useless for Qin Gray and the girls to stay, and it was possible to hear their secrets.

Just like this time,

Qin Gray and the girls We all know that they are not earthlings. Although they are not earthlings in this world.

But can you explain to Qin Gray and the girls?

Not only is it useless for Qin Gray and the girls to stay, but it also has a negative impact on the conversation between them. Too big an impact.

Boom boom boom.....

Suddenly, there was a burst of lightning and thunder over New York.

Huge lightning flashed across the dark night sky, and deafening thunder continued to roar in the air.

Alice and Jean Gray all looked at the sky in confusion.

They felt that lightning and thunder were happening all the time, which was very unusual.

Moreover, the lightning and thunder were still in the air above their heads, which made them all feel like lightning. The thunder seemed to be aimed at them.

Natasha hurriedly grabbed Su Chen and asked, "Su Chen, what happened?"

Su Chen shook his head and explained,

"It's nothing, a one-eyed dragon seems to be angry, well, that bastard Odin doesn't dare to come to the earth, he can only vent his anger with his artifact, the Eternal Gun."

Su Chen touched his chin and felt a little funny.

Odin might have woken up from his fake sleep after learning that Thor's hammer was stolen, but Ancient One might have warned the one-eyed dragon Odin..

Odin did not dare to anger Gu Yi, so he could only vent his anger in this way. (To read Baoshuang novels, go to Feilu Novel Network!)

Alice and the other girls shook their heads speechlessly after hearing Su Chen's words. Odin Dare not come to the earth? A god-king dare not come to the earth? This makes them all feel incredible.

Ancient One?

The guardian of the earth, is the Ancient One more powerful than the God King Odin?

Alice and the girls thought of seeing She was a beautiful woman. Su Chen said that Ancient One was the guardian of the earth. Is that beautiful woman more powerful than the God King Odin?

Qin Gray looked at Su Chen in confusion,

Odin did not dare to come. Earth?

Why is this?

There have been thunder and lightning in the sky.

This shows that God King Odin is very angry.

The God King of Asgard is so angry that he dare not come to Earth. Is Su Chen even more powerful than God King Odin? Powerful?

Huh?

"court death!"

Su Chen suddenly found a group of ravens appearing in the sky, and they were flying towards him quickly. They were obviously going to attack everyone on the building.

"Thousands of thunders are at my disposal!"

0 Asking for Flowers

Su Chen stepped into the air and stood high in the air.

He took out Kesha's King's Life and raised it high. The angel's thunder gene was stimulated by Su Chen. In the sky, the night was illuminated like day by huge thunder and lightning.

Boom boom boom.....

Guaguagua.....

After a thunderous attack like a giant net, tens of thousands of ravens in the sky fell from the sky screaming.

"Space movement, Odin, this time is just a small lesson. If you dare to do something you shouldn't do next time, there will be no need for the existence of Asgard."

After Su Chen opened a black hole in space, huge thunder attacks in the air attacked the black hole in space. The black hole in space was connected to Asgard.

Su Chen wanted the thunder to attack Asgard. Odin dared to let the raven Come to attack him, he also wants to repay Odin.

All the Chitauri troops in New York City are now looking at Su Chen standing in the sky in fear.

The terrifying thunder summoned by Su Chen frightened them all , originally the Chitauri leader would not let them provoke Su Chen, but the Chitauri army now understands why they cannot provoke Suchen.

Alice and the girls looked at Su Chen in the sky with smiles, and they all showed admiration. At this moment, Su Chen was not only majestic and powerful, but Su Chen's face looked even more handsome in the thunder. The four girls Qin Gray and Jane Foster all looked shocked. They did not expect that Su Chen would be so powerful.

Thunder?

This is much more powerful than Odin's thunder and lightning.

Su Chen did not use Thor's Mjolnir. He just used a sword to recall the powerful and terrifying thunder. No wonder Su Chen could control Thor's Mjolnir instantly.

Invisible Woman Susan looked at Su Chen in the air and whispered helplessly,

"That bastard is so powerful, how can I teach that bastard a lesson? Could it be that Su Chenbai had his body looked at?"

After Jane Foster heard the whisper of Invisible Woman Susan, she rubbed her forehead speechlessly.

She did not expect that Invisible Woman Susan still remembered being looked at by Su Chen.

However,

Su Chen was too powerful.

Invisible Woman Susan may never get revenge in her lifetime

"Human, I will not let you go, wait for my arrival! Wait for the arrival of the Asgardian army!".

Chapter 2532

In the air in New York,

Su Chen was a little surprised when he heard Odin's declaration of war. He did not expect that Odin would declare war on him, and even dispatch the Asgardian army of gods. Is Odin crazy?

Well, the earth is getting more and more chaotic.

The Chitauri army is invading. Wonder Woman will arrive soon. If the enemy team doesn't show up tomorrow, it will definitely show up the day after tomorrow. In addition, Odin and his army of gods are about to arrive. Advent.

The earth is really in trouble,

I hope the ancient beauty will not be mad.

Whoosh!

Su Chen returned to the building in an instant.

He didn't care about Odin's threat.

Odin had an army of gods, and he had an angel army. If Odin dared to bring the army of gods to the earth to start a war with him, Su Chen let the angel army be completely destroyed. Sgard's Protoss Army

"Su Chen, Odin wants to start a war with you?"

"Odin is coming to Earth with the army of gods. Suchen, can you defeat Asgard's army?"

"The Luck War is in complete chaos, Su Chen, Asgard's protoss army may arrive tomorrow, and the scale of this war will become larger and larger."

"Odin was completely angry. Su Sanchen, what did you just do to Odin?"

"Selena, this bastard must have bombed Asgard with thunder, otherwise Odin would not have started a war with Su Chen"

"Forget it, something may happen tomorrow. Let's be careful. Asgard's protoss army, let's prepare to fight the protoss army tomorrow."

When Alice and the girls saw Su Chen coming back, they all asked and told Su Chen. They all heard clearly about Odin's threat to Su Chen just now. Tomorrow, God King Odin may bring The god army came to the earth, and they had one more enemy, and it was also a very powerful enemy. Su Chen sat down and said indifferently

"Don't worry, even if Odin comes to earth with his army of gods, I can destroy them."

Alice took Su Chen's hand and said worriedly,

"Su Chen, what if the enemy team comes tomorrow? The Chitauri army, the enemy team's army, the Asgardian Protoss army, we may have to face enemies from three sides tomorrow."

Venina reminded Alice,

"Alice, as well as the army on Earth, SHIELD is also full of malice towards us. If we are surrounded by three armies tomorrow, SHIELD may join in."

Alice asked in surprise when she heard Venina's words.

"Su Chen, SHIELD will take action against us tomorrow? Is what Venina said true?"

Su Chen hugged Alice's waist and replied,

"It's true, SHIELD has taken action against us. Nick from SHIELD has recalled a strong man to return. This is to deal with me. SHIELD will not let go of the opportunity tomorrow."

Selena girls Su Chen's words raised eyebrows.

They didn't want to be enemies with the Earthlings.

They were all Earthlings.

Although they were not Earthlings in this world, they were all called Earth after all, and their history and civilizations were very familiar to each other.

But if SHIELD dares to take action against Su Chen, they will not hesitate to kill the Earthlings who take action.

Qin Gray and the Invisible Woman Susan are having a huge headache at the moment.

God King Odin is going to bring the army of gods to the earth.

This is going to start a war with Su Chen.

The earth is already in great chaos. If the Asgardian gods come again, Earth.

Is this helping the planet?

Or will we destroy the earth?

There is also SHIELD.

SHIELD actually found a strong person to deal with Su Chen. Qin Gray and the other girls feel that Su Chen will be in danger tomorrow.

The Chitauri army, and that hostile team, Asgard The army, coupled with the Earth's army, Su Chen and Alice may be surrounded and killed by all sides tomorrow.

Whoosh!

Gu Yi appeared next to Su Chen in an instant, and she stared at Su Chen angrily. (To read exciting novels, go to Feilu Novel Network!)

This bastard, she just prevented Odin from arriving, but this bastard actually bombarded Asgard with thunder.

Ancient One guessed that Odin was extremely angry at this moment, and the Asgardian gods might also be very angry.

After Odin assembles the army of gods, he will definitely bring the army of gods to earth. What will happen to the earth by then ? Ancient One couldn't even see it using the Time Stone. Alice and the other girls saw Gu Yi arriving and stared at Su Chen with unkind expressions. They all stayed away from Su Chen. Gu Yi must have come here to cause trouble for Su Chen. None of them wanted to be accidentally hurt by Gu Yi. Besides, the relationship between Su Chen and Gu Yi was obviously abnormal, and they were too lazy to get involved in the trouble between Su Chen and Gu Yi. Su Chen said to Gu Yi awkwardly,

"Ancient One, you are here!"

Gu Yi asked angrily while glaring at Su Chen.

"Little bastard, Odin will come to earth with the army of gods, what are you going to do?"

Su Chen asked, waving his hand to Gu Yi and asking her to sit down.

"And you? Ancient One, what have you decided to do?"

Gu Yi sat next to Su Chen and said helplessly,

"Tomorrow, my mages will all arrive, and the Asgardian realm will use the rainbow bridge to come to the earth. I can't stop it, but I can let my mages stop Asgard's army."

Su Chen didn't expect that Gu Yi would let her mages participate in the war.

It's just that Gu Yi didn't have many mages at all. There were only a few powerful mages. Even if those mages participated in the war, they would be short-lived and would not have much effect.

Su Chen shook his head. He shook his head and said,

"Forget it, Ancient One, it's better not to expose your mages. Leave Odin and his protoss army to me. I will let my army destroy Asgard's protoss army."

"Damn it, are you going to use the earth as a battlefield?"

When Gu Yi heard that Su 243 Chen was also summoning an army to come to Earth, she became even more angry.

Odin's Asgardian army and

Su Chen's angel army, if they had a war on Earth, Is this what the ball will be like? What would humans on earth do?

Su Chen rubbed his forehead and explained,

"Ancient One, the earth is now a battlefield. I can tell you clearly that the Chitauri army is just a part of the aliens who invaded the earth."

"Tomorrow, or even the day after tomorrow, ten aliens will come to Earth with an army of at least 200,000 aliens, and their army will be more powerful than the Chitauri army."

Gu Yi frowned when she heard Su Chen's words.

She understood what Su Chen meant.

The earth is now a battlefield.

She heard Su Chen say that the Chitauri army is only a part of the aliens, and the arrival of other aliens is to Steal her time gem.

Tomorrow, an unprecedented war will take place. How will the earth be destroyed by then ? Ancient One doesn't know, but she is powerless to prevent it from happening. Dormammu in the dark latitude is also ready to move. , Ancient One must also beware of Mamu's plot against the earth.

"Su Chen, I don't care what the scale of tomorrow's war will be. New York City is already in ruins. I hope that tomorrow's war will take place in New York. You are not allowed to spread the war to other places."

Chapter 2533

Su Chen nodded helplessly after hearing Gu Yi's words.

He didn't want to agree to Gu Yi's request.

After the war started, could Su Chen control where the war would start?

The Chitauri army started the war in New York, where was the enemy team?

It is impossible for the hostile team to arrive from the black hole in space. What if the hostile team summons troops from other places?

Could Su Chen still be able to stop it?

It's just that Gu Yi's expression is serious. If Su Chen doesn't agree to her, Gu Yi doesn't know what he will do.

Damn it, if Gu Yi wasn't pretty,

Su Chen wouldn't be too lazy to agree to this old woman

"Su Chen, remember your words."

The ancient pair nodded and disappeared instantly.

She also wanted to monitor Dormammu in the dark latitudes. The war on earth can only be handled by Su Chen.

"Alas, what is this?"

Su Chen rubbed his forehead and looked helplessly in the air.

Forget it, at worst, there will be an accident tomorrow.

Su Chen will personally take action to eliminate those accidents.

Qin Gray came to Su Chen and asked, "Su Chen, the woman just now who is it?"

"Earth Guardian"

"340 Guardian of Earth?"

Su Chen took a sip of wine and explained,

"This is not what you should know. If Ancient One had not been guarding the earth, the earth would have been divided up by the powerful aliens. For thousands of years, Ancient One has been silently guarding the earth. Ancient One is a worthy person. Respected woman."

After Qin Gray, the invisible woman Susan and the other girls heard Su Chen's words, they did not expect that the earth had powerful guardians.

However, why did the guardians on the earth know Su Chen?

Isn't Su Chen an alien? ?

Why didn't the guardian of the earth take action against Su Chen?

Su Chen looked at Qin Gray and said,

"Jean Gray, I have unlocked your seal for you. I also talked to her about the Phoenix Force. Within a month, you can use your abilities with confidence. You take the invisible woman Susan and Storm away."

Jin Gray shook her head and refused,

"Suchen, I won't leave"

"Jean Grey, after this war I will help you merge with the Phoenix Force. Please leave."

"I said I won't leave. I don't believe you will be harmful to the earth. The guardians of the earth believe in you, and I believe in you too."

"Do you believe that there is no use? If the Earth's army attacks me tomorrow, Jean Grey, will you help me? Get out of here, I don't need you burdensome people staying here."

"asshole!"

Qin Gray glared at Su Chen and sat aside.

She will not leave.

No matter what happens tomorrow,

Qin Gray will help Su Chen.

The guardians of the earth believe in Su Chen. Why doesn't she believe in Su Chen? And Qin Gray Gray also felt that Su Chen would not be harmful to the earth.

After the invisible woman Susan glared at Su Chen angrily, she sat next to Qin Ge, damn bastard!

Burden?

Why are they a burden?

They and Qin Ge Lei, even if the three Storm girls are a burden, it's none of this bastard's business.

Storm shook her head and sat next to Jean Gray. She felt that it was right to stay.

Guardian of the Earth, that woman is very powerful. , the guardians of the Earth all believed in Su Chen, and had a good relationship with Su Chen. Storm believed that Su Chen would not occupy the Earth.

One night passed.

The next morning, the Chitauri army began to attack again. One hundred thousand Chitauri troops were densely packed and launched a war around New York City.

On the building, (to read Baoshuang novels, go to Feilu Novel Network!)

Su Chen came out of the tent and stretched himself.

Yesterday evening, Su Chen In the morning, the great beauty Laura was taken care of. If Laura didn't eat the spiritual fruit today, she wouldn't be able to get up today.

Huh?

Odin's speed is really fast.

In one night,

Odin actually gathered tens of thousands of people. Protoss army, it seems that Odin is really extremely angry. (dafg) Su Chen suddenly noticed something strange in the Rainbow Bridge. He checked and shook his head. The war will begin today,

Odin!

I will show you the angels today. The power of the legion.

After a while,

Laura came out of the tent with a happy face. She came to Su Chen and leaned in Su Chen's arms and asked,

"Su Chen, are we going to kill the Chitauri army?"

Su Chen touched Laura's hair and shook his head and said,

"Laura, don't go and kill the Chitauri army yet. There is something strange happening at Asgard's Rainbow Bridge. It seems that Odin is coming with his army."

"So fast?"

"The one-eyed dragon is angry, and he may not be able to wait to kill me for a moment."

Laura kissed Su Chen and said with a smile,

"Haha, you bombarded Asgard with thunder yesterday. Odin must have been extremely angry."

"What is to come will always come."

Su Chen stroked Laura's body and looked into the distance.

New York City may be wiped off the face of the earth after today, as well as SHIELD and those superpowers. If they dare to take action, Su Chen will also be wiped out. They.

After a while, the girls Alice and Maximus Qilin arrived one after another, and the four girls Qin Gray also arrived next to Su Chen. They all looked at Su Chen holding Laura and looking into the air. No one there Disturb Su Chen.

Boom boom boom.....

Suddenly, a beam of light came down from the sky, and protoss warriors wearing golden armor quickly appeared from the beam. boom!

A golden-armored general from the Protoss shouted to the Chitauri in the black hole of space,

"Chitauri, we are not here to deal with you. We have our Asgardian enemies on Earth. You wage your war and we deal with our enemies."

"Asgardians, I hope you keep your word."

"Asgardians don't lie"

"The Chitauri will not interfere with you"

"Thank you!"

On the building,

Alice and Venina looked at the incoming protoss armies, and they were very surprised. The warriors of the Asgard domain are very physically strong, and a protoss warrior can easily kill them. Dozens of Chitauri mechanical soldiers, Asgardians are worthy of being called gods.

Boom!

With a loud noise, a one-eyed old man wearing eagle armor, gold armor, and holding the Eternal Spear appeared in the air.

He Su Chen looked at the building and shouted coldly and arrogantly,

"Su Chen, today is the day you die."

Whoosh!

Su Chen instantly appeared in the air and mocked disdainfully,

"Odin, you are talking nonsense. Do you think you can kill me?"

"Su Chen, you may be powerful, but Ancient One, the guardian of the earth, will not come to save you. Ancient One has been entangled by Dormammu in the dark latitude. You will die today no matter what."

Chapter 2534

Odin looked at Su Chen with great disdain.

Although he could not see Su Chen's strength, on earth who was in his twenties, Odin did not believe that Su Chen was a powerful man at the level of a heavenly father.

His son Thor's Thor's hammer was stolen, and

Odin thought it was Ancient One who helped Su Chen.

Su Chen frowned and asked Odin,

"Dormammu? Odin, you contacted Dormammu to haunt the Ancient One?"

Odin replied with a cold face,

"Yes, in order to kill you, I paid a price to let Dormammu entangle the Ancient One, the guardian of the earth."

"Understood!"

Su Chen understood at this moment that Ancient One left in a hurry yesterday evening. It turned out that Dormammu in the dark latitude had taken action against the earth. Odin actually paid a price to let Dormammu take action.

Odin must die this time.

New York City is fifty kilometers away. , in the space aircraft carrier,

Nick Fury and "763" Hill, as well as superpowers such as Tony Stark and Wolverine, after they heard the conversation between Odin and Suchen, these people one by one The expressions varied.

Nick and some superpowers wanted Odin to kill Suchen, while Tony Stark and Hill were worried about Suchen.

Tony Stark said with a serious face,

"Nick, Odin is going to deal with us people on earth. You just heard that in order to deal with Suchen, Odin actually asked that Dormammu to deal with the guardian of the earth. We can no longer deal with Suchen. Hill said to Nick with a cold face,

"Yes, Odin was worried that the Guardian of the Earth would protect Suchen, so he asked Dormammu to hold the Guardian of the Earth back. We should not deal with Su Chen again."

Nick said firmly,

"Impossible. Su Chen is not from Earth. Odin is the God-King of Asgard. The God-King is going to destroy Su Chen. Su Chen must be a person with evil intentions. If we don't destroy Su Chen this time, what will happen? It is a huge threat to the earth."

Nick will not let go of the opportunity to kill Su Chen.

For the safety of the earth,

Su Chen must die.

Besides,

Captain Marvel is coming to the earth soon. With God King Odin and Captain Marvel, Su Chen can't escape even if he wants to.

"you....."

Hill didn't expect Nick to kill Suchen. She looked at the superpowers around her.

Except for Tony, these people, even the righteous Captain America, did not speak to persuade them. Hill was extremely disappointed with these people.

Hill decided to leave.

Although Su Chen was a bastard and a person from another world, that bastard was her man after all.

Besides,

Su Chen did not come to the earth to invade the earth. Natasha and the guardians of the earth both believed in Su Chen..

Why doesn't she believe Su Chen?

In the sky of New York,

Odin and Suchen looked at each other in the air, and the Rainbow Bridge was still transmitting troops continuously.

Su Chen did not summon the angel army to arrive.

It was not the time yet.

After a while,

Su Chen and Odin looked at the outer space at the same time. A strong man was arriving quickly.

Su Chen curled his lips and looked at the space carrier in the distance,

Captain Marvel (previously written as Wonder Woman!)

Nick's one-eyed dragon really wants to eradicate him.

Damn, why don't you crush that one-eyed dragon to death now?

Japan and Europe,

Odin is a one-eyed dragon, and Nick is also a one-eyed dragon. Damn, can it be that even a one-eyed dragon can't stand him?

Odin frowned and looked at outer space.

A strong man.

Who could this be? boom!

After a while, a woman with flames all over her body appeared in the air. She was wearing a dark red combat uniform and had long blond hair. She looked at Odin and Suchen with a proud look.

She is Captain Marvel Carol.

Carol was summoned back by Nick Fury. She is going to solve the crisis on the earth.

In the air, one is the Asgard God King Odin, and the other should be the Su Chen that Nick mentioned.

"Are you Su Chen?"(To read cool novels, go to Feilu Novel Network!)

Su Chen curled his lips and mocked,

"Carol, since you know who I am, isn't it unnecessary for you to ask these questions?"

Carol didn't expect Suchen to know about her, but it doesn't matter.

Nick said that this alien is going to be harmful to the earth, so this person named Suchen must leave the earth.

Carol threatened Su Chen expressionlessly. , "Leave the earth immediately, otherwise don't blame me for taking action against you."

Su Chen mocked Carol disdainfully,

"Hey, Carol, you are really an ignorant idiot. Do you think you are invincible in the universe? Or were you dissected by the Kree and made a fool?"

"Damn it, you're looking for death!"

Carol was angry when she heard Su Chen's words.

This bastard, idiot?

Turned into a fool?

Carol did not expect that Su Chen would say this to her.

Although she was studied by the Crees, she was not studied by the Crees. After the autopsy, this bastard has angered her now. Carol will not let Suchen leave the earth easily....0

Odin spoke to Carol at this moment, "Carol, this Su Chen has destroyed my Asgardian Palace. The Asgardians will destroy Su Chen. Please don't interfere."

Carol I was a little surprised when I heard what God King Odin said.

Su Chen actually destroyed Asgard's fairy palace?

This bastard is really looking for death.

Carol can't even defeat God King Odin. She doesn't have to kill Su Chen this time. This bastard is also dead.

"Well, God King Odin, I hope you leave the earth immediately after killing Su Chen"

"Can!"

Odin nodded to Carol.

All Asgardian protoss troops have arrived, and the 50,000-strong Asgardian army can launch a war at any time.

Odin looked at Su Chen and shouted proudly, "Su Chen, you and your friends are going to die, and if you have an army, I can give you time to summon your army."

After Su Chen looked at Aunt Carol in the air, he looked back and then at Alice and the girls.

"Odin, as you wish, I will summon my armies to come!"

After Su Chen nodded to Odin, he instantly appeared above the building where Alice and the girls were.

Su Chen smiled at Alice and asked,

"Alice, do you want to see my other form?"

Alice and Winina were very confused. Does

Su Chen have other forms?

What could it be?

Alice asked Su Chen 5.9,

"What form?"

"What form? You will see it in a moment."

After Su Chen waved his hands to Alice and the girls, his body suddenly erupted with a burst of white light.

After a while, in the air,

Su Chen underwent earth-shaking changes.

His black hair turned into long golden hair, and he was dressed in silver. Gorgeous patterned armor, wearing an exquisite red cloak, wearing high silver boots on his feet, and a pair of white wings appeared on his back.

On a huge white throne, Su Chen sat on it with his legs crossed. He looked It is extremely noble, an innate nobility. With gorgeous armor, exquisite cloak, and white wings, Su Chen is now an angel, a king of angels!

"sky.....Angel, Alice, Suchen turned out to be the legendary angel?".

Chapter 2535

On the building,

Venina and Laura saw Su Chen's current form. They were all dumbfounded and incredulous, angel?

Isn't Su Chen an immortal?

How could he be an angel again?

Second form?

Is Su Chen's second form an angel?

Invisible woman Susan asked Alice in shock,

"sky.....Angel, Alice, Suchen turned out to be the legendary angel?"

Jane Foster, Jean Grey, and the three Storm girls also looked at Alice and the other girls. They also wanted to know if Su Chen was an angel.

Su Chen looked so handsome and noble now.

An extremely noble and handsome angel, their eyes sparkled when they looked at Su Chen in the sky. Alice shook her head and replied,

"I don't know either. Su Chen said this was his second form. I guessed that Su Chen's second form was an angel."

Selena looked at Su Chen in the air and reacted.

Is Su Chen an angel?

What about her?

Selena is a vampire.

Angels and vampires are naturally hostile. The vampire turned out to be an angel's woman.

Selena is now I feel very depressed

"How many secrets does that bastard still have that he hasn't told us? Damn it, after this war, I will definitely find out.

Natasha patted Selena on the shoulder and said, "Selena, are you feeling uncomfortable?"

Selena slapped Natasha's hand away and snorted,

"Huh, why am I uncomfortable? Natasha, I slept with a noble angel, and a vampire slept with an angel. Do you think I will feel uncomfortable?"

Laura and the girls all smiled when they looked at Selina.

A vampire slept with an angel?

This is really interesting.

In the air,

Odin and Carol were very surprised when they saw Suchen's angel form. ,

Angel?

Su Chen is actually a noble angel?

How is this possible?

There are no angels in the Nine Realms, and there is no angel race in the universe. How can Su Chen be an angel?

But Su Chen is indeed an angel , and he is also an extremely powerful angel.

Since Su Chen turned into an angel, both Odin and Carol have felt strong danger.

Carol regretted the threat to Su Chen just now.

Angels are kind gods.

Su Chen Coming to Earth will not be detrimental to the Earth.

However,

Carol thought of Su Chen's ridicule to her, idiot?

Aunt?

She felt in her heart that even if Su Chen was an angel, this bastard was also a shameless angel.

On the space aircraft carrier,

Nick and many The superpowers all opened their mouths in shock.

After they saw Su Chen transform into a noble angel, these people were stunned.

"Nick, we did it wrong"

"Yes, Su Chen may be an alien, but he is an angel. How could an angel be detrimental to the earth?"  
(To read exciting novels, go to Feilu Novel Network!)

"Yes, no wonder the Earth Guardian and Su Chen knew each other. The Earth Guardian might have known that Su Chen was an angel."

"Alas, the earth is going to be in big trouble, we shouldn't take action against Su Chen!"

"It's too late for us to say this. Su Chen must know our intentions. Let's wait and see."

"We have to wait and see. After Su Chen fights Odin and Carol, if Su Chen does not die, we will all be killed by the angry Su Chen, and even the earth will be sanctioned by angels."

Superpowers like Captain America and Ant-Man all regretted it.

Suchen is an angel, and he seems to be a powerful angel.

Nick recalled Carol to kill Suchen, and they also wanted to deal with Suchen..

But Su Chen is an angel, and

Su Chen may be an archangel among the angel tribe. Superpowers like them all regret agreeing to Nick to deal with Su Chen.

Nick's face turned darker at this moment, and he did not expect that Su Chen would be An angel, but he has offended the angel. Nick hopes that Odin can kill Suchen. Only in this way, the earth will not be punished by angels. In the sky in New York,

Su Chen sat on the angel throne pretending to look at Odin. , he is going to prepare to summon the Angel Legion.

As for Carol, he doesn't want to deal with that aunt now. She is a single-minded idiot. Suchen is not interested in Carol at all.

Boom boom boom.....

After Su Chen sat on the Angel Throne and waved, a roar suddenly erupted in the sky. White clouds rolled in the sky. A powerful momentum oppressed everyone in New York City. The gunboats of the Chitauri army and the mechanical behemoths were all attacked one after another. Forced to the ground.

After a while, five thousand angels from the Angel Legion appeared in the sky.

The angels in the sky were arranged neatly.

Each beautiful angel was wearing a red short skirt, exquisite armor with silver patterns, long golden hair, and long white legs. , wearing tall silver boots on her feet, a pair of white wings flapping slightly

"Merlot Heaven, the sixth legion of the Angel Legion, the legion leader, Angel Moi, meets the King!"

"See the king!"

A beautiful angel led the angel legion and saluted Su Chen one after another.

All the angels in the angel legion looked at Su Chen with respect.

King of Angels Kesha, King of Tianji Hexi, King of Apocalypse Liang Bing, and the three angel kings all belong to the Emperor of Heaven Su Chen. Woman.

Su Chen is the King of Angels, and Su Chen appears in the form of an angel at this moment. The angels of the Sixth Legion recognize Su Chen's angel form even more.

Su Chen waved his hands to the angels and said,"Angel Moi , you all get up"

"Thank you, Your Majesty!"

At this time,

Odin and Carol looked in disbelief.

There were five thousand angels in the legion, and (Qian Zhaozhao) these angels were all very powerful. The five thousand angels were just one step away from being powerful at the level of Heavenly Father. Or, Odin and Carol were trembling in their hearts at this moment.

The angels are too powerful.

This is the arrival of an angel legion. How many angel legions are there? Odin and Carol don't know.

In New York City,

Thor led his four men and the 50,000 Asgardian proto-army behind him. They looked at the beautiful and powerful angel army in the sky. All the proto-warriors in Asgard were dumbfounded by the beautiful angels. , powerful angels, will their Asgardian army be the angels' opponents?

"Oh my God, they are so beautiful. The angels in the Angel Legion are all so beautiful. But why are Su Chen's Angel Legion all beautiful female angels? Venina, do you think these beautiful angels are Suchen's angel army? And Su Chen's harem group?".

Chapter 2536

Selena was very surprised when she looked at the angel army in the sky.

The angel army was actually all beautiful female angels.

The angels had perfect figures with bulging front and back, proudly erect mountains, long white legs, and exquisite and beautiful faces.

Is this a combat corps?

Or that bastard harem group?

After Alice and Venina heard Selena's words, their faces turned dark.

Suchen was a lustful person. All the angels were very beautiful. They guessed that the angel army was The angels are probably Su Chen's harem group.

Jane Foster and the other girls looked at all this in confusion. She now understood why Su Chen had always looked down on them.

Su Chen has a beautiful angel from the Angel Legion.

These girls are simply not comparable to the angels. No matter in terms of figure, appearance, or even the extremely noble temperament of the angels, these girls are incomparable to the angels.

Storm:"Su Chen's angel is so beautiful."

Jean Gray:"Didn't you hear? The angels in the Angel Legion are all called Lord Su Chen, and Su Chen is actually the King of Angels."

Invisible Woman Susan:

"Yes, Su Chen is too mysterious. King of Angels, that bastard has been hiding it. And judging from the looks of Alice and the girls, they don't seem to know Su Chen's identity.

Jane Foster:"Su Chen is a shameless bastard. He must have deceived Alice and several other women.""

At this moment,

Maximus and Qilin looked at each other, angel?

They were jealous looking at the beautiful angels, but they knew that the angels all belonged to Su Chen, and they could only look at them and not move.

"Qilin boy, are you excited?"

"Brother, are you excited too?"

"Hey, if you say you're not moved, you'd be lying. This is an angel, a very beautiful angel."

"Don't think about it. Angels belong to Su Chen. That bastard won't let anyone take advantage of his angels."

"That's right, Qilin, I'm sure you don't like men now"

"you're so boring!"

In the aerospace aircraft carrier,

Nick and the superpowers were all frightened.

The arrival of the Angel Legion, and the angels of the Angel Legion were all powerful. They felt the terrifying oppression even fifty kilometers away.

If the Angel Legion was against The earth takes action.

How can the earth block the attack of the angel army?

"Alas, the earth is going to be in trouble"

"Yes, Su Chen is very powerful, and the angels in the Angel Legion are also very powerful. If we offend Su Chen, the earth will also be retaliated by Su Chen."

"By the way, the Guardian of the Earth, the Ancient One, the Guardian of the Earth mentioned by Odin, maybe Ancient One will convince Su Chen to give up revenge on the Earth."

"This is possible, but we people may be finished. Suchen is the King of Angels. We have to deal with the King of Angels. Will the Angel Legion let us go?"

"Just die, as long as Su Chen doesn't take revenge on the Earth, we deserve to be killed."

After the superpowers talked for a while, they all looked at Nick Fury with disdain.

The reason why these superpowers ended up like this is all because of Nick Fury, if it hadn't been for Nick Fury's constant instigation. , how could they want to take action against Su Chen.

Nick Fury looked at the big screen in confusion, everything was over,

Odin could not be the opponent of the Angel Legion, and Carol was even more impossible to be the opponent of the Angel Legion.

He wanted to To control Su Chen, a strong man, he would not hesitate to kill Su Chen, but in the end it was just a joke.

King of Angels?

Su Chen turned out to be the King of Angels.

Nick Fury lowered his head and thought about how to deal with the aftermath.

It was impossible for Su Chen Let him be the culprit, and he also knows that he can't escape on earth.

At this time,

Su Chen looked at Odin in the sky and said,

"Odin, my angel army has arrived, aren't you going to kill me? Now it's time to get started."

After Angel Moi and the Sixth Angel Legion heard what Su Chen said, all the angels stared at Odin indifferently.

Kill Suchen?

Kill the King of Angels?

The angels did not expect that people in this small world want to kill Su. In the morning, all the angels burst out with strong fighting spirit. (To read Baoshuang novels, go to Feilu Novel Network!) The angel army has not fought for Su Chen yet.

In the small world, all the angels are willing to destroy Su Chen. Kill the enemy in front of you. Anyone who dares to offend the Emperor of Heaven and the King of Angels is unforgivable.

Odin asked Su Chen with an ugly face, "King of Angels, can we stop fighting?"

Does Odin dare to go to war with Su Chen?

Su Chen's strength is unknown, but the angels in the Angel Legion are very powerful.

I'm afraid a small team of angels can surround and kill him. There are five thousand angels here.

Su Chen's face was cold. cried, "Odin, all who offend me shall die."

0 Asking for flowers. Damn, stop fighting?

Does Odin think this is a game of house?

If Su Chen's strength is not strong, if the angel army is not as powerful as the Asgardian Protoss army.

Su Chen said stop fighting, Odin, the one-eyed dragon Will you agree?

Besides,

Odin is not a beautiful woman. Su Chen will not be merciful at all in killing Odin.

Boom!

"Then fight?"

Odin's body erupted with powerful momentum, and the Eternal Spear in his hand also erupted with powerful thunder and lightning.

Su Chen waved his hand and ordered to Angel Moi, "Angel Moi, you lead the Sixth Angel Legion to destroy Asgar. The German army leaves no one behind"

"Yes, Your Majesty!"

Boom!

After Angel Moi saluted Su Chen, she turned back to face the angel army and shouted with powerful momentum,

"Sisters of the Sixth Legion, the King has been insulted in this world. Someone in this world wants to kill the King."

"We angels are the king's guardian legion and the sword in the king's hand. We are not as powerful as other combat legions in the Merlot Heaven, but we are the emperor of heaven and the guards of the king of angels."

"Today, for the first time, our angel legion fights for the Emperor of Heaven, for the King of Angels, for the Emperor of Heaven, for the King of Angels, and for justice, and it is not a pity to die!"

Boom boom boom.....

All the angels of the Sixth Angel Legion raised their flames high and shouted in unison,

"For the Emperor of Heaven, for the King of Angels, for justice, it is not a pity to die!"

"For the Emperor of Heaven, for the King of Angels, for justice, it is not a pity to die!"

"For the Emperor of Heaven, for the King of Angels, for justice, it is not a pity to die!"

Angel Moi ordered with a cold face,

"High-level angels activate flame bombing, and guardian-level angels activate Sky Blade Approval."

"Yes, Legion Commander!"

Swish swish swish" .....

Hundreds of angels vibrated their wings and flew higher into the sky.

After a while, high-level angels and guard-level angels raised their flaming swords. Huge energy began to gather in the air, and powerful energy gathered in the air. the roar of

"Let me guess, is Angel Moi going to destroy the earth? Damn it, if hundreds of high-level angels start the flame bombing and start the Heavenly Blade Judgment, even if the earth is not destroyed, it may be torn into pieces."

Chapter 2537

Su Chen's face darkened when he saw the angels preparing to launch the flame bombing and the Sky Blade Judgment.

If more than a hundred high-level and guardian angels launch their ultimate move, not only will New York City be completely destroyed, but even the earth may be broken.

Damn it, haven't the angels been fighting for a long time? They just want to vent their anger. ?

Su Chen hurriedly used the Angel Domain to cover New York City.

If the earth was shattered by the angels' ultimate attack, Ancient One would definitely chase him and fight.

"kill!"

Odin saw the huge energy gathering in the air, and he hurriedly ordered the protoss army.

Odin guessed that the angels were going to use their ultimate move to attack the protoss army. If the huge energy in the air attacked the protoss army, Asgard's army might be destroyed in an instant. be annihilated

"Energy arrow attack, shoot the angel in the sky"

"Kill with energy spear!"

Asgard's protoss commander immediately ordered, swish swish.....

For a time, countless energy arrows and energy spears shot down the angels in the sky.

"Turn on the angel defense barrier!"

Boom!

A green light appeared in front of the angel army, and 30 attacks from the Asgardian army were blocked.

At this time, the Asgardian army continued to attack the angels in the air, and the angel barrier blocked all attacks. The attack.

The angel army did not fight back, and the angels did not need to fight back.

As long as the flame bombing and the Sky Blade Judgment attack, the angels could kill the protoss army that was not killed.

Huh?

A hostile team appeared?

Let me join in! Hundreds of ships An interstellar battleship appeared in the sky, and the enemy team was really powerful.

Su Chen hurriedly waved his hand to open a space channel, and he ordered the angels in the sky,

"All high-level angels and guardian-level angels obeyed the order and attacked the space channel I opened. Flame bombing and sky blade judgment all attacked the space channel."

"Yes, Your Majesty!"

Su Chen rubbed his chin, thinking about how many star warships of the enemy team would be left after the angels' attack.

Boom boom boom....

At this moment, powerful flames and huge beams of light attacked the space channels in the air.

Odin hurriedly contacted Heimdall of Asgard. He was worried that the angel army would attack Asgard through the space channel.

Carol frowned and looked toward the outer space of the earth. She discovered that aliens were coming to the earth again, and the angel army's attack seemed to be against aliens in outer space.

Carol looked at Su Chen and wondered how Su Chen could order the Angel Legion to attack the interstellar fleet in outer space when the Angel Legion was clearly at war with the Asgard Protoss.

After Su Chen checked the situation of the enemy team, he ordered to Angel Moi,

"Angel Moi, don't use your ultimate move, order the angel army to destroy the Asgardian army."

"Yes, Your Majesty!"

Angel Moi raised the flaming sword and ordered,

"The Angel Legion started to attack in small groups, and no one from the Asgardian Protoss army was left behind."

"Yes, Legion Commander!"

In the air, the Angel Legion was divided into countless squads, attacking the Asgardian Protoss army from the air.

Thunder! Flame! Ice! Storm! Time and space! Five different energies attacked the Asgardian Protoss army.

Boom! boom.....

"Shield, energy shield is on!"

As soon as the Angel Legion's attack began, Asgard's army was killed by thousands of protoss warriors. Asgard's energy shields were resisting various energy attacks at this moment.

Odin watched the protoss army being slaughtered, and he His face was very ugly, and the gap was too big.

It was like a fight between an adult and a child. I'm afraid it won't take long for Asgard's 50,000 protoss army to be wiped out.

Odin looked at Carol next to him. He reminded,"Carol, let's work together to kill the King of Angels, otherwise my Asgard clan will be destroyed and your earth will not be able to escape."(To read exciting novels, go to Feilu Novel Network!)

Carol asked expressionlessly,

"God King Odin, do you think the angels will destroy the earth?"

"Carol, do you think angels come to earth just for sightseeing? If angels have no purpose, why do they come to earth?"

"I don't believe angels have designs on earth"

"Carol, you have to think clearly. After the defeat of the Asgardian Protoss army, if the Angel Legion launches an attack on the earth, you will not have time to regret it."

Carol hesitated when she heard Odin's words.

The angel came to the earth for no reason. She didn't believe that he came to the earth for sightseeing. But the angel had plans for the earth, and she didn't believe it either. Now that Carol knew whether she should take action or not. You shouldn't take action.

After Su Chen sat on the throne and watched the battle of the Angel Legion for a while, he looked at the outer space.

Ninety-nine percent of the enemy team's interstellar fleet was destroyed. Su Chen didn't know if the enemy team's army was completely destroyed. , but at least the earth does not have to worry about the threat of interstellar battleships.

After Su Chen heard what Odin and Carol said, he said to Odin disdainfully,

"Odin, it's our turn!"

Odin shouted with the spear of eternity,

"It's our turn, King of Angels. As long as I catch you, your angel army will be useless no matter how powerful it is."

"laugh! Catch me? wake up?"

Su Chen curled his lips and taunted Odin, then he looked at Carol and said,"Carol, if you want to take action, you can take action with Odin on me."

Carol shook her head and apologized to Su Chen,

"I will not take action, King of Angels. I have offended you so much just now. I didn't know you were an angel. Angels are symbols of justice. I believe angels will not have any intentions against the earth."

Su Chen touched his chin and looked at Carol and said, "Aunt, you are not a hopeless idiot."

"you....."

Carol heard Suchen calling her aunt again and mocking her as an idiot.

Carol's chest was about to burst with anger. Shameless angel, shameless king of angels. This bastard is not worthy of being an angel.

Su Chen waved his hand and said

"I don't want you, you, you, aunt, you just saved your life, go ask the one-eyed dragon Nick why he called you back, don't be deceived by a man who is extremely controlling."

Carol snorted to Su Chen angrily, "Humph, I will ask Nick Fury."

Boom!

A thunder and lightning suddenly attacked Su Chen.

The powerful thunder and lightning was about to attack Su Chen, but a white barrier blocked the thunder and lightning attack.

"Odin, are you worthy of being a god-king? Sneak attack? Did you also kill your father in a sneak attack before you ascended to the throne of the God King of Asgard?"

Chapter 2538

Suchen did not expect that when he was talking to Carol, Odin would suddenly attack him. A god-king who killed his father and came to power, it was not surprising that Odin would sneak attack on Su Chen.

Carol looked at Odin unexpectedly.

Will the Asgardian God King sneak attack?

This made Carol a little unexpected. A strong man of the Heavenly Father level actually made a sneak attack. Odin really disgraced the Asgardian protoss.

"Sneak attack? King of Angels, we have just started fighting. Have you forgotten what you just said?"

Odin felt a little regretful.

He didn't expect that the sudden attack would be blocked. If his attack just hit Su Chen, it would be easy for Odin to capture Su Chen again.

"Then let's fight!"

Su Chen waved his hand with an indifferent expression, and four silver wings suddenly appeared around him, boom boom boom.....

Odin raised the Eternal Spear to summon thunder and lightning. Terrifying thunder and lightning quickly gathered in the air, and then the terrifying thunder and lightning in the air attacked Su Chen one after another.

A white barrier around Su Chen blocked thunder and lightning attacks.

In the angel realm,

Kesha's sacred realm,

Su Chen also possessed Kesha's ability.

In the sacred realm, Su Chen was the master, and no attack could harm him.

Whoosh!

"ah!"

353 Su Chen moved his fingers lightly, and a silver wing instantly penetrated Odin's body. Odin's powerful body was like paper under the attack of An Suyin's silver wings.

Odin looked at Su Chen in surprise. Four silver wings, the silver wings penetrated his body instantly. What kind of artifact is this? Odin looked at a wound on his body, and he was wary of Su Chen's silver wing attack. Swish, swish, swish.....

Su Chen sat on the throne and moved his fingers constantly, and the four silver wings attacked Odin one after another.

Although Odin blocked several attacks from the silver wings, the four silver wings continued to attack. Odin was continuously penetrated by the silver wings, and golden blood continued to flow from Odin's body.

Carol looked at Suchen in surprise. She did not expect that Su Chen would sit still and Odin would be continuously beaten by Su Chen. Now it was like Su Chen was teasing Odin.

Carol clenched her fists and cursed angrily,

"Damn it, how could this shameless angel be so powerful."

On the building,

Alice and Jane Foster were looking at the battle in the air in confusion.

Su Chen was sitting leisurely on the throne, with four silver wings constantly penetrating Odin's body. Why do they feel like Su Chen is beating a child?

"The difference in strength is too big. Odin is destined to be destroyed."

"The Angel Legion is powerful enough, but Su Chen is so powerful that he is simply a pervert"

"Haha, Natasha, be careful. Su Chen will come back to teach you a lesson."

"Laura, you can't tell the truth, can you?"

"What do you think?"

"Laura, Natasha, are we just watching?"

"what can we do? Help the Angel Legion? Or help that pervert Su Chen?"

After Alice and the other girls chatted for a while, they discovered that they had all become spectators in this war. The

Angel Legion could be powerful without their help, and Su Chen was even more powerful, so it was impossible for them to help Su Chen..

Venina's eyes lit up and she said to Alice and the girls,

"Let's go catch Loki. Su Chen said that Loki is hiding near the Space Stone. There is the Mind Stone on the scepter in his hand. Let's grab the Heart Stone first."

Bai Yuekui nodded and agreed,

"Okay, we also have to participate in the fate war and the soul gem. Let's go and grab the soul gem first."

Alice waved her hand and ordered, (To read exciting novels, go to Feilu Novel Network!)

"Venina, you stay and watch over Jane Foster, while everyone else goes to look for Loki near the space gem."

Swish swish swish" .....

Selena and Natasha quickly left using Moon Steps, while Maximus and Qilin also left quickly.

Venina looked at the people leaving in confusion,

(dagg) she proposed an action, but no one allowed her to participate?

Since the Luck War started yesterday, Venina has taken action once, and this was when the Chitauri army broke into the building.

She wanted to have a good fight, but it seemed impossible now. Alice and the other girls were not given a chance to bargain.

"Let's go too!"

"good!"

Jean Gray, the Invisible Woman, and the three Storm girls also left the building. They didn't know what the Mind Stone was, but Loki and the others knew that this alien invasion was Loki's ghost.

Jane Foster's response to Victoria Nina said, "Venina, you can actually go, I won't run away. Venina rolled her eyes at Jane Foster and mocked, "Tch, you won't run away, but you are just a scumbag. If a Chitauri army attacks, do you have the ability to protect yourself?"

Jane Foster's face turned dark when she heard Wenina's words.

She just saw that Wenina wanted to fight. Jane Foster wanted to let Wenina feel free to fight. It was impossible for her to leave, but Wenina wanted to fight. What Nina said was so irritating.

However,

Jane Foster thought of all the people here. Everyone here was a person with super powers. Only she was an ordinary woman. She was really a scumbag here. Exist. At this moment,

Odin is bleeding all over his body, golden blood.

Odin does not have much lifespan to begin with.

This time he was injured by Su Chen's cut off attack. Odin's vitality is also constantly being consumed.

Odin avoids the silver wings while avoiding attack, he whispered in disbelief,

"How could the King of Angels be so powerful? With just four weapons, he was unable to fight back."

Boom!

The light beam from the Rainbow Bridge reached the earth again, and a woman wearing blond hair appeared on the battlefield.

This was a woman wearing a golden armor.

The golden tight-fitting armor revealed her plump figure. She had a bumpy figure and a huge figure. Dashan, full of mature charm, this is an extremely plump and attractive mature beauty.

The blonde woman looked at the slaughtered Asgardian army, her face was ugly and she hurriedly shouted to Su Chen,

"Su Chen, order your angel army to stop attacking"

"Frigga, do you think it's possible?"

Su Chen did not expect that Queen Frigga would arrive, but the war has already begun, and it won't be long before the Asgardian protoss army will be slaughtered. How could Su Chen listen to Frigga and stop the war at this moment

? Lijia used magic to fly to Su Chen and cursed in a low voice,

"Damn you bastard, quickly order your angels to stop attacking. I will no longer pursue you for kissing me."

Chapter 2539

Su Chen's face turned dark when he heard Frigga's words.

Is Frigga stupid?

This is a battlefield,

Odin and Carol are both there, both of them are still strong,

Frigga didn't say this to him, her whispers can be heard by Odin and Carol, Frigga Is this an error in chaos? Or did Frigga want Odin to hear?

Su Chen looked at Frigga next to him and rubbed his forehead and said, "Frigga, Odin heard it."

"What? this....."

Frigga was stunned for a moment.

The situation was urgent just now.

Frigga wanted to stop the angel army from massacring the divine army. In her panic, Frigga forgot that Odin was still in the air. Odin would also hear Frigga's whisper.

At this moment,

Odin had just been penetrated by a silver wing.

He was stunned and did not avoid it.

""980" Frigga's arrival, and what Frigga whispered to Su Chen, he heard clearly.

Odin didn't expect that Frigga and Su Chen had kissed, and that his goddess would betray him?

Although Odin and Frigga are not actually married, Frigga is her wife after all, and she is the God Queen of Asgard.

Odin blew his beard and glared angrily and cursed,

"Frigga, you actually had a private meeting with the King of Angels. Damn whore, I should have killed you long ago."

Carol looked surprised.

The God Queen of Asgard has an affair with the King of Angels?

Aren't angels pure and righteous?

Where is Su Chen?

This bastard is simply disgusting.

The dignified King of Angels is actually having an affair with Ah The God Queen of Sigard had an affair?

Is this still a pure and righteous angel?

Suchen is simply the scum of angels. Swish, swish, swish!

"ah....."

Su Chen heard Odin's scolding, and with a slight movement of his hand, four silver wings instantly penetrated Odin's body.

An old and immortal bastard.

Although Frigga in this world has nothing to do with him, Frigga in the Western God Realm is his woman. If Odin dares to yell and scold Frigga, Su Chen will not allow Odin to do so. Frigga.

On the battlefield, the angel Moi is beating the God of Thunder Thor, and the angel army is still slaughtering the Asgardian army of gods.

There are now less than 10,000 of the 50,000 protoss army left. This is because the angels did not launch their ultimate move, otherwise Asgard's protoss army would have been slaughtered long ago.

"Su Chen, let Thor go, let go of the rest of the Protoss army."

After Frigga glanced at Odin in the distance, she came to Su Chen and dissuaded her with a sad face.

She didn't care whether Odin died or lived, but after all, she brought up Thor, the god of thunder. Asgar Germany's protoss army was also innocent, and Frigga didn't want Thor and the protoss army to be massacred to death.

Su Chen thought for a moment and said to Frigga,

"Frigga, as long as you do one thing for me, I can let go of Thunder and the rest of the Asgardian army."

"Bastard, you are a shameless pervert."

Frigga was very ashamed and angry when she heard Su Chen's words.

She didn't think that this bastard would threaten her.

Frigga thought of the way Su Chen looked at her earlier, and how this bastard wanted to eat her.

She felt very Helpless.

Frigga has always wanted to get close to Su Chen. She guessed that it was the thread of fate that connected them. She has been thinking about this bastard these past few days.

Su Chen heard Frigga He was confused by yelling and cursing.

What's going on?

Suchen just wanted Frigga to take out the Reality Stone from Jane Foster's body.

How could Frigga be so embarrassed and yell at him? (Read the cool novels and go up to fly Lu Novel Network!)

Let me go,

Frigga won't guess what kind of dirty thing he is going to mention, right?

"Frigga, you misunderstood, I....."

"I agree, bastard, hurry up and stop your army of angels from killing you. Frigga agreed without waiting for Su Chen to finish.

She saw that Thor was about to be killed by an angel, and there were not many protoss troops left in Asgard. Frigga was worried that if the delay continued, Thor and Ah The Sgard Protoss army will be slaughtered.

As for what Su Chen wants her to help, it doesn't matter.

She and Su Chen have been connected by the thread of fate.

Frigga and Su Chen will also be entangled in the future. Besides, Su Chen will give With her water of life, Frigga not only restored her youthful appearance, but also had vitality for thousands of years.

Frigga guessed that she would not be able to escape Su Chen's hands in the future.

"Angel Moi, order the Angel Legion to stop the massacre!"

Su Chen looked at Frigga and ordered to the angel Moi.

He was speechless to Frigga.

Frigga interrupted Su Chen before he finished explaining. He was too lazy to explain to Frigga....0Su

Chen thought that Odin would be killed by him soon.

Asgard will be controlled by Frigga. It doesn't matter whether the remaining Asgardian protoss troops are killed or not. These protoss armies will be left under Frigga's control in the future.

"Yes, Your Majesty!"

When Angel Moi penetrated Thor's body with a sword, she heard Su Chen's order and hurriedly replied.

Angel Moi did not kill Thor, she kicked Thor away.

"The Angel Legion stops the massacre!"

After Angel Moi gave orders to the angels on the battlefield, she led the angel legions and flew towards Su Chen.

Thor and the remaining divine army saw the angels retreating, and they all looked at each other with lingering fear.

Less than In half an hour, only four to five thousand of the 50,000-strong protoss army were left.

If the angel army did not retreat, all the protoss troops would be slaughtered.

At this time,

Odin disappeared over New York in an instant.

Boom!

There was a loud noise,

Odin Ding suddenly appeared in the air again.

He looked around and was very surprised.

The space was blocked?

The space here was actually blocked?

Odin had previously taken advantage of Su Chen and Frigga to talk. In 2.9, he wanted to take the opportunity to escape, but Odin Just when he left, he bumped into a barrier, and he was back to where he was in an instant.

Su Chen looked at Odin and mocked,

"Odin, did you escape? In my sacred realm, no one can leave without my consent."

Su Chen didn't expect God King Odin to escape.

Fortunately, he had expanded the sacred realm before, otherwise Odin might have escaped.

Odin glared at Su Chen angrily and yelled

"Damn it, King of Angels, if you kill me, Asgard will be destroyed, and Frigga will die too."

"Odin, are you talking about your daughter Hela? Do you think I'm afraid of Hela? Besides, you have imprisoned Hela for thousands of years. Hela's desire to kill you should be greater than mine."

Chapter 2540

Su Chen lost patience with Odin.

With Frigga's arrival,

Su Chen didn't want to continue playing with Odin.

Odin almost escaped before. If Odin escaped to other places on the earth, Su Chen would kill him. Odin will definitely destroy the earth, and Ancient One will probably be angry when he finds out.

Odin shouted in surprise when he heard Su Chen's words.

"how do you know? Frigga, Frigga must have told you that you are really a pair of damn adulterers and adulterers."

Hela, his eldest daughter,

Hela is getting stronger and stronger.

Odin is worried that Hela will kill him and ascend to the throne of God in the future, so Odin imprisons Hela.

This matter is very secret, Su Chen will know this secret, Odin guessed that Frigga must have told Su Chen

"Odin, it's time for you to die."

Su Chen waved his hand, and an angel statue more than ten meters high appeared in front of him. The archangel was

Kesha's ultimate weapon.

The archangel wore silver armor with exquisite patterns, a silver fitted armor, a figure that was bulging forward and backward, and was fair. Slender long legs and a stunningly beautiful face.

Four silver wings appeared on the archangel, forming a pair of huge wings on the archangel's back.

Boom!

The archangel opened her eyes and burst out with a powerful aura, and she raised her hands high. The flaming sword inside looked at Su Chen.

Su Chen looked at the archangel in a daze at this moment.

The archangel was not the archangel in the ancient fairy world, but the archangel was exactly the same as the archangel with life. Su Chen even felt that the archangel was looking at him. His eyes seemed to be alive.

When Odin saw the archangel appear, he shouted in fear,

"This is? This is a weapon in the form of an angel. How is this possible? The weapons in the form of angels are actually more powerful than those in the Heavenly Father Realm? What kind of artifact is this?"

Carol's face was no longer calm at this moment.

The appearance of the archangel made her panic. This was the most powerful person she had ever encountered in the universe. Carol could not survive facing the archangel. A thought of resistance arose.

Frigga looked at the archangel and was very speechless.

Although the archangel was powerful and terrifying, she didn't care.

But Su Chen used a beautiful angel as a weapon, and this bastard was so horny that he was hopeless.

On the ground,

The remaining Asgardian protoss army, as well as Thor and his four men, these protoss saw the appearance of the archangel, and these arrogant warriors of the protoss turned pale at this moment.

Faced with the massacre of the angel army,

Their protoss army can't resist, but facing the terrifying archangel, the protoss army may be wiped out by the archangel's sword.

"Archangel, destroy Odin!"

Su Chen did not direct the archangel with his hands. He wanted to see if the archangel would also become conscious.

A cold voice came from the archangel's mouth,

"Yes, master!"

Holy crap!

The archangel also has a mind?

Could it be that the archangel from the prehistoric fairy world influenced this archangel? Su Chen was very shocked when he heard the archangel answer. He felt that he had discovered something incredible. The prehistoric fairy world The archangel inside, and this archangel, is it because of his own reasons that this archangel also has consciousness? In the air, after the archangel received Su Chen's order, the archangel disappeared in front of Su Chen and touched! Boom! (To read Baoshuang novels, go to Feilu Novel Network!) The archangel instantly appeared next to Odin. The

huge flaming sword slapped Odin away, and the archangel disappeared in the air in an instant, bump bump.

.....

Boom boom boom.....

In the air, the archangel appeared and slapped Odin away in an instant, and then quickly disappeared into the air. Odin was like a ping-pong ball, being slapped back and forth by the archangel with his flaming sword.

Su Chen's face turned dark at this moment.

The archangel must have the memory of the archangel in the fairy world. He used to treat some enemies like this. Su Chen would kick the enemies away with his feet, and the archangel would slap the enemies away with his sword.

Su Chen looked at the archangel and shook his head. He didn't care how the archangel killed Odin.

Su Chen looked at Angel Moi and ordered,

"Angel Moi, you take the guardian angels to outer space to capture the leader of the aliens. Those who resist will be killed without mercy."

"Yes, Your Majesty!"

Su Chen has not seen the hostile team come to Earth, and he has no patience to wait any longer.

Angel Moi and the guardian angels go to catch the hostile team. The ten people in the hostile team cannot be the opponents of the angels.

【Congratulations to the Earth Team for completing mission two and the Mind Stone mission is completed. 】

Su Chen suddenly heard the reminder from Qi Yun Tian Dao. He did not think that Alice and the other girls had obtained the Soul Stone from Loki.

Isn't this taking away his job?

Although they are all a team, no matter who can complete the task,

Su Chen still wants to get the victory gift pack reward from the system.

If Su Chen contributed little to the mission, the rewards in the victory gift pack would definitely not be very good.

Suchen moved Frigga into his arms and said,

"Frigga, do me a favor, do you see that scumbag woman on the building? She has the Reality Stone inside her, please help me get it out. Frigga was hugged by Su Chen and yelled angrily,

"Shameless, let me go!"

Su Chen stroked Frigga's soft waist and said,

"Put a hammer down, everyone here knows about our relationship, and no one else will say anything if I hold you."

"I have nothing to do with you, damn bastard, let me go"

"If you promise me, I will let you go"

"Shameless, I agreed."

Frigga was helpless towards Su Chen.

This bastard was really her nemesis.

She was suddenly hugged by Su Chen just now. Frigga wanted to use magic to escape from Su Chen's arms, but she was very happy. Frigga Even if you want to use magic to escape, it's impossible.

Whoosh!

Su Chen waved his hand and moved the confused Venina and Jane Foster to the factory.

Su Chen pointed at Jane Foster and said,

"Frigga, this is this woman, you first take out the Reality Stone from her body"

"snort!"

After Frigga glared at Su Chen, she waved her hand and covered Jane Foster with magic.

Venina came to Su Chen and asked, "Su Chen, are you and the Queen Frigga? what relationship?"

Su Chen hugged Venina and kissed her. He looked at Frigga who was taking the Reality Stone and explained,

"Venina, the goddess Frigga in this world has nothing to do with me. In the fairy world, the goddess Frigga in Norse mythology is my woman, and the goddess Hera in Greek mythology is also my woman."

"Suchen, you are such a sentimental bastard. You won't let Frigga, the queen of this world, go, right?".
