

## Zongwu 2601

### Chapter 2601

Su Chen smiled when he heard what Luo Hu said.

He was going to reveal Yang Mei's half body to Luo Hu.

As for whether Luo Hu could get it from the ancient world, it was none of his business.

Su Chen originally wanted to get Yang Mei's half body. , but he cannot enter the prehistoric immortal world. If he dares to enter the prehistoric immortal world, the prehistoric heaven will definitely kill him.

Su Chen hated the ancient heavenly way in the main world and would kill him at every turn.

This was completely different from the ancient heavenly way in the world of gods.

"Purpose? Rahu, I have no purpose for you"

"I came here just to tell you this. Half of Yang Mei's body is in Xiniu Hezhou in the prehistoric fairy world. If you want to get Yang Mei's half body, go to the Hengduan Mountains in Xiniu Hezhou to look for it."

Luo Huan frowned and asked Su Chen,

"Su Chen, why don't you get half of Yang Mei's body? The space law you practice, Yang Mei's half of the body should be useful to you, right? Why did you ask me to find Yang Mei's half of the body?"

Su Chen spread his hands and replied,

"I can't enter the prehistoric fairyland"

"Can't you enter the prehistoric fairyland? Do you think I can go in?"

Luo Hu shouted to Su Chen with a dark face.

This bastard is really plotting against him.

Su Chen can't enter the ancient immortal world, can he?

If Luo Hu could enter the ancient immortal world, he would have crushed all the saints in the ancient immortal world to death. Damn bastard, damn old cunt, did this bastard let him enter the ancient immortal world to seek death?

Su Chen curled his lips and reminded,

"Luo Hu, you are the Demon Ancestor Luo Hu, and you are the Demon Ancestor Luo Hu who almost ruled the Prehistoric Immortal Realm. You have been in the Prehistoric Immortal Realm for millions of years. I don't believe there is no way you can't enter the Prehistoric Immortal Realm.

Luo Hu glared at Su Chen and snorted coldly, "Humph!" Su Chen, I feel like you have some conspiracy against me."

Su Chen was speechless when he heard Luo Hu's words.

He just didn't want Yang Mei to complete his true body. If Yang Mei completed his true body, Yang Mei would be even more powerful, and it would be even more difficult for him to deal with Yang Mei..

Su Chen shook his head and said to Luo Hu,

"Plotting against you? Isn't Yang Mei your enemy?"

"You just took back half of Yang Mei's body, will you give it to me? How can I remember you?"

Luo Hu heard Su Chen's words and thought about it.

Entering the prehistoric fairyland?

Although he can't enter, a saint under him can sneak into the prehistoric fairyland, and the prehistoric heaven can't find it.

However,

Luo Hu is still worried about Su Chen's conspiracy. , he had to be careful with Su Chen.

An old bastard, this bastard was even more sinister than Hongjun.

"Su Chen, the time has come, you can start climbing the ladder."

Suddenly, the voice of the Tianti girl came into Su Chen's mind, which made him very speechless.

Didn't the Tianti girl see that he was busy?

The time had just arrived, and this girl came to urge him.

Could it be that the Tianti girl was afraid of him? Do you regret not climbing the ladder?

Su Chen said to the girl on the ladder in his mind,

"Girl, you first open the space passage to the Peach Garden in Merlot Heaven. My women and men will go there to climb the ladder first. I may have to climb the ladder a little later."

The ladder girl yelled angrily in Su Chen's mind,

"Little bastard, do I agree to let those people climb the ladder?"

Su Chen said hurriedly in embarrassment,

"Ahem, little girl, we are all so familiar with it. People like Nuwa and Gaia are either saints or quasi-sages. If one of them climbs to the 10,000th floor, wouldn't you be able to escape?"

The Tiandai girl heard Su Chen's words and mocked disdainfully,

"Climb to the 10,000th floor? Just those women?" (To read exciting novels, go to Feilu Novel Network!)

"Su Chen, it's not that I underestimate them. If women like Nuwa could climb eight thousand floors, they might be able to reach the sky."

"Ten thousand floors?"

"For countless years, even the powerful people in the eighth level of the Holy Realm have not climbed to the seven thousandth level. You think that people like Nuwa are too powerful."

I guess!

None of the strong men in the eighth level of the Holy Realm have climbed to the seven thousandth floor?

Oh my god!

He is a quasi-sage, or a quasi-sage who has just been promoted.

Su Chen thought that if he climbed the ladder to heaven, he would be able to climb the ladder to heaven. How many floors should he climb?

Two thousand floors?

Or three thousand floors?

Can he still climb the ladder to heaven?

If Su Chen didn't even climb the two thousand floors, wouldn't it be very embarrassing?

And why did the girl on the ladder to heaven insist on letting him climb it? Ladder to Heaven? Even the strong men in the eighth level of the Holy Realm cannot climb to the 10,000th floor. Please give me flowers.

Can he climb it?

Su Chen's face turned dark and he said to the girl on Ladder to Heaven,

"Girl, how about I advance to the Holy Realm and then climb the ladder? You said that even the strong men in the eighth level of the Holy Realm can't climb the seven thousand floors. Even if I climb the ladder, I can't climb many floors. I'd better not go and be embarrassed."

"No, Su Chen, you are different. I feel that you can climb ten thousand floors. You must climb the ladder to heaven, otherwise you will bear the consequences."

Su Chen rubbed his forehead and asked speechlessly,

"I guess, how am I different? If I were different, how could I not defeat the strong men from the eighth level of the Holy Realm? Just like Rahu next to me, can I destroy him?"

The Tiandai girl coldly snorted to Su Chen,

"Hum, Su Chen, although you can't destroy Luo Hui, it's impossible for Luo Hui to kill you. I know you have many hiding methods, otherwise you wouldn't dare to come to see Luo Hui alone."

Su Chen looked very helpless with a dark face.

The girl on the ladder should have been monitoring him.

Su Chen has some means.

Luo Hu wants to kill him.

Su Chen will make Luo Hu suffer for a while, but means are means.

If Su Chen starts Eighty percent of his methods may not work when climbing the ladder.

Alas!

It's really troublesome.

Su Chen rubbed his forehead and said,

"Little girl, you first open the space passage in Pantaoyuan. Luo Hu and I will go to climb the ladder after discussing the matter."

The Tiandai girl threatened Su Chen angrily,

"Su Chen, this is the last time I will accommodate you. If you dare not try your best to climb the ladder, I will banish all your women to other worlds."

Su Chen replied with a dark face,

"Got it, your boss, you are awesome"

"Shameless bastard, I will open the space passage to Pantaoyuan now. Little bastard, you better hurry up, otherwise I will directly capture you and climb the ladder to heaven."

Damn it, damn girl!

Su Chen really can't do anything about this ladder girl. He just won't be lazy and slippery when climbing the ladder this time. How many levels can he climb on the ladder? This is not a matter of trying his best or not.

Luo Hu found out that Su Chen His expression kept changing, and he yelled at Su Chen angrily,

"Su Chen, you really have a conspiracy!".

Chapter 2602

Luo Hu was very angry when he looked at Su Chen.

He saw that Su Chen's expression kept changing. Wasn't he thinking about the conspiracy?

Damn that old bastard,

Luo Hu decided not to look for the small half of Yang Mei's body

"Do I have a conspiracy? I have a fucking conspiracy."

Su Chen was also angry when he heard Luo Hu's words.

He was very unhappy about being threatened by the girl on the ladder. Luo Hu was still suspicious and a strong man in the eighth level of the holy realm. Luo Hu could just go find a piece of tofu and kill him.

Luo Hu said to Su Chen sarcastically said,

"Hum, Su Chen, no matter what you say, I will not look for the small half of Yang Mei's body."

Su Chen reminded Luo Hu nonchalantly,

"It's none of my business whether you find fault or not"

"Luo Hu and Yang Mei are also looking for his true form, and are also looking for people from other realms to help them enter the prehistoric fairyland."

"If Yang Mei got his smaller half, you should understand how powerful Yang Mei would be"

"At that time, who will be unlucky? Hongjun counts as one, what about you? Do you think Yang Mei will kill you and take it away?The origin?"

Luo Hu was confused after hearing Su Chen's words.

He understood that what Su Chen said would definitely happen.

If Yang Mei completes his body, his cultivation realm will be very powerful.

Luo Hu will not be Yang Mei's opponent. When the time comes, he will definitely be killed and robbed of his origin.

Luo Hu said to Su Chen with a cold face,

"Su Chen, if you want to form an alliance with me, you must tell me the coordinates of your realm."

Su Chen shook his head and said,

"Realm? I have no boundaries!"

Boundary?

What is Luo Hu doing?

After Luo Hu knows the coordinates of his realm, does Luo Hu want to check the strength of his realm? Or is he going to launch a war on his realm?

Luo Hu was angry when he heard Su Chen's words He yelled and cursed,

"Damn it, how could you not have a boundary? Damn it, if you don't tell me the coordinates of your realm, I won't believe you, and I won't form an alliance with you."

Luo Hu is going crazy with Su Chen.

How can this old bastard not have a realm?

A Chaos Demon God from the fifth level of the Holy Realm will have a realm. Su Chen is at least a strong man from the eighth level of the Holy Realm, a powerful one. Chaos Demon God, how could this bastard have no realm?

When Su Chen heard Luo Hu scolding him, he couldn't help but scold Luo Hu,

"Luohu, are you a fool? It has only been more than ten years since I was expelled from the ancient world. Do you think I will have my own realm in more than ten years?"

Luo Hu glared at Su Chen, clenched his fist tightly and yelled,

"Idiot? You are the fool, Su Chen. With your cultivation level in the eighth level of the Holy Realm, I don't believe you can't get a realm. You must have a realm."

Su Chen replied without hesitation,

"No!"

The Eighth Heavenly Realm of the Holy Realm?

Damn it, if Su Chen had reached the eighth heavenly realm of the Holy Realm, would he still be blabbering like Luo Hu?

"Su Chen, it doesn't matter if you don't say it. I think the saints in the ancient immortal world should know that as long as I catch a saint in the ancient immortal world, I will know everything about you."

"Whatever, Rahu, I have said everything I need to say. As for whether you do it or not, that is your business."

Su Chen said to Luo Hu, and he asked her Ladder Girl to take him to the Ladder. He was too lazy to talk to Luo Hu, a lunatic.

Whoosh!

Luo Hu saw Su Chen disappear in an instant, and he had not noticed a little space fluctuation, and even Su Chen's breath was not detected at all.

His eyes were full of disbelief, the eighth level of the holy realm?

Luo Hu felt that he had underestimated Su Chen. That old bastard was probably at a higher level of cultivation than him.

Damn,

A Chaos Demon God who is above the eighth level of the Holy Realm.

That bastard is either disguised as a scumbag Taiyi Golden Immortal, or a slightly more powerful scumbag quasi-sage. It is impossible for Luo Hu not to be wary of Su Chen. Ladder to

Heaven,

Su Chen appeared behind the ladder.

He looked at the women climbing the ladder. (To read Baoshuang novels, go to Feilu Novel Network!)

Let me go.

In just a while, women like Nuwa and Yan Fei all climbed up. There are more than a thousand floors, what should I do?

Su Chen thought that if he couldn't climb even two thousand floors, the Ladder Girl might not let him go, and even Nuwa and the girls of Gaia would laugh at him.

Whoosh!

The Ladder Girl appeared instantly shouted beside Su Chen,

"Little bastard, you are still looking at shit, hurry up and climb the ladder for me."

Su Chen looked at the ladder and reminded,

"Girl, I feel very scared when I look at the 10,000-story ladder. If I really can't climb the 10,000-story ladder, don't blame me."

The Tiandai girl threatened with a cold face,

"You will definitely be able to climb to the 10,000th floor, Su Chen. If you cannot climb to the 10,000th floor, I will let you taste what it feels like to have a thunder catastrophe that is more powerful than the world-destroying thunder tribulation."

"`.Damn, you are so poisonous!"

"Go away, hurry up and climb the ladder to heaven for me"

"Girl, I'm going"

"Give it to me quickly.....Woohoo!"

Su Chen didn't wait for the girl on the ladder to finish. He quickly hugged the girl on the ladder and kissed her waist.

Damn, the girl on the ladder was threatening him more and more.

Although Su Chen couldn't beat the girl on the ladder, he still wanted to Ladder chick pays some price.

Whoosh!

"I'm going to climb the ladder!"

Su Chen let go of the girl on the ladder and instantly climbed to the first level of the ladder.

He was scared and regretted it.

If the girl on the ladder got angry after being kissed by him,

Su Chen might be finished, and he might even bring trouble to Nuwa and Concubine Yan. woman

"Damn you little bastard, you're dead, you're dead."

After the girl on the ladder came to her senses, she looked at Su Chen on the ladder full of resentment. (Made Zhao) has been a powerful person for countless years.

The girl on the ladder never thought that she would be beaten by a scumbag. The scumbag bastard kissed me.

On the ladder,

Su Chen heard the angry shouts of the girl on the ladder. He hurriedly climbed the ladder in fear.

The girl on the ladder was really angry.

How to appease the girl on the ladder?

Damn it,

Su Chen was obsessed with sex just now. How could he kiss the girl on the ladder?

However, the girl on the ladder's mouth was really soft, and there was a fragrance.

Boom!

Go ahead,

Su Chen almost fell down after stepping onto the tenth floor of the ladder. , he climbed the ladder without mana as if he was carrying a big mountain on his back.

The gravity is too strong.

The upper ten thousand floors of the ladder that the immortal climbs are ten thousand times stronger than the next ten thousand floors of the ladder that the cultivator climbs. It has just begun now, and the following steps The price of the ladder may be even more terrifying...

Chapter 2603

On the ladder to heaven,

Su Chen did not use his magic power to climb the ladder. Although the ladder with 10,000 floors was scarier than the ladder with 10,000 floors below, Su Chen wanted to see how much potential he had.

Eleventh floor.....Twenty-fifth floor....., forty floors.....One hundred and tenth floor.....three hundred floors.....Four hundred and ninety-nine floors! boom!

After Su Chen stepped onto the 500th floor, his body was soaked with sweat, and Su Chen's legs began to tremble.

Damn it!

It's really scary!

Su Chen wiped his sweat and continued climbing.

The ladder girl said that the ladder a thousand floors ago was easy to climb. He wanted to climb to the thousand floors without using magic power.

"little bastard!"

The Ladder Girl saw that Su Chen didn't use magic to climb the Ladder.

Her expression improved a lot.

Although Su Chen was a shameless bastard, this bastard was still very reliable. Su Chen also knew how to use the Ladder to stimulate his potential.

Ladder Girl Looking at Su Chen expectantly, he whispered,

"It's been countless years, and it won't take long for me to escape from the ladder to heaven. Su Chen, my fate depends on you."

At this moment, the girls on the ladder saw Su Chen climbing the ladder, and they all smiled. Su Chen was able to climb the 733 ladder. They were all motivated, and they didn't want to be surpassed by Su Chen. One hour Finally,

Su Chen climbed up to the thousandth floor with great difficulty. He sat on the thousandth floor and panted and looked at the girls. It was the thousandth floor, and the climb of the ladder was about to start officially.

After the thousandth floor, the ladder will be even more terrifying.

Most of the women on the ladder were on more than a thousand floors. These women were either Daluo Jinxian or quasi-sage. When Su Chen saw them climbing hard, he knew that the climb would be very terrifying in the future.

【Trialist, you have climbed a thousand levels, and you will be rewarded with 100,000 years of mana. A trial world opens. Will the trialist receive mana? Do you want to open a trial world? 】

One hundred thousand years of mana?

This is not bad, but I don't know if it can be improved to a small level.

Su Chen thought that he is now in the quasi-sage level, and one hundred thousand years of mana should not be able to improve to a small level.

Trial world?

Is there a trial world on the thousandth floor?

Is it a relaxing world?

The three Su Yan sisters seemed to have climbed a thousand levels and then went to a trial world. The girl on the ladder didn't say there was a trial mission.

Su Chen listened to the reminder from a mechanical voice. He curled his lips and looked at the girl at the foot of the ladder.

Going up to the 10,000th floor of the ladder is really not managed by the girl on the ladder, but a mechanical voice?

This may be the setting of the ladder.

Su Chen asked the mechanical voice,

"Ladder, are there any quests in the Trial World?"

【No, the trial world is a random world. This is a benefit for the trialists. The trialists can stay in the trial world for three months, and they can also return with the treasures obtained from the trial world.】

"Is it okay not to turn it on?"

【Yes, trial worlds can be accumulated. If none of the three trial worlds are opened, the three trial worlds can be merged into one trial world, and trialists can designate a trial world to enter. 】

Su Chen thought for a while and said,

"Ladder to heaven, I accept the mana, and the trial world is not opened."

Boom!

A white light instantly enveloped Su Chen.

After a while, after the white light disappeared,

Su Chen shook his head speechlessly. One hundred thousand years of mana did not allow him to advance to a small realm.

Boom! (Read the Baoshuang novel, go to Feilu Novel Network!)

After Su Chen stepped onto the thousand and one steps of the ladder, he was scorched by a raging flame, which was almost as good as the samādhi real fire. When

I went, a phase appeared on more than a thousand floors. Compared with the flames of Samadhi True Fire, how will he climb the ladder to heaven in the future?

Su Chen continued to climb the ladder with a dark face. It was useless no matter how much he thought about it now. The ladder to climb should still be climbed. Even if he wanted to give up, it would be impossible. , if Su Chen dares to give up halfway and not climb the ladder, the girls on the ladder will tear him into pieces.

Su Chen looked at Yan Lingji who was on the 1000th (abbc) 400th floor and shouted,

"Baby Flame, I'm going to catch up with you soon. You are the slowest among the girls. Are you lazy and not practicing well?"

After Yan Lingji heard what Su Chen said, she yelled at Su Chen angrily,

"Su Chen, you bastard, why didn't I practice properly? If I didn't practice well, could I be promoted to Daluo Jinxian? Women such as Huang Rong and Shang Xiufang have even lower cultivation levels. They are not even qualified to climb the ladder to heaven."

Su Chen nodded when he heard Yan Lingji's words.

The women who came to climb the ladder this time are all in the realm of Daluo Jinxian or above.

Women like Huang Rong and Shang Xiufang, they came to climb the ladder with soy sauce. , Su Chen didn't have those women coming to climb the ladder.

Su Chen looked at the wet and sexy Yan Lingji and said with a smile,

"Baby Flame, I will spank you if I catch up with you, you must not let me catch up."

Yan Lingji shouted to Su Chen with a smile,

"Just spank me. I am your wife. It doesn't matter if you spank me."

"Baby Flame, your skin has become thicker"

"Suchen, you have become even more shameless."

When the girls on the ladder heard what Su Chen and Yan Lingji said, they all smiled.

With Su Chen here, they felt that climbing the ladder was not so tiring. Su Chen is a shameless bastard, and they women are also worried. Su Chen teased them for a while.

The girl on the ladder patted her forehead and was very speechless.

This bastard was just climbing a ladder.

She felt that Su Chen was here to tease the beauties. Can the little bastard climb the ladder in a serious manner?

One thousand four hundred and six on the ladder. On the twelfth floor, Wanwan turned around and reminded Yan Lingji with a smile,

"Yan Lingji, you have to be careful. If Su Chen catches up with you, that bastard may execute you on the spot. Yan

Lingji rolled her eyes at Wanwan and said,

"oh? Yeah? Wanwan, you seem to be more than ten levels higher than me. If I were to be executed by Su Chen on the spot, do you think you could escape?"

Wanwan pointed to the ladies on the steps above her and said,

"Yan Lingji, you are wrong. Didn't you see the nun and Xiao Longnu who were a few floors in front of me?"

"The rest of us are basically one or two steps behind, but Su Chen is catching up. There are six or seven women here, are we afraid of that bastard Su Chen?"

Yan Lingji looked at the steps above and was speechless.

She was a little worried that Su Chen would mess around.

Wanwan, Shi Feixuan and the other girls were basically together. She and Wanwan were more than ten steps apart.

She was alone. , if Su Chen catches up and does something to her later, Yan Lingji won't even have a helper.

"Baby Flame, if you dance to me again, I won't do anything to you."

Chapter 2604

Su Chen looked at the seductive Yan Lingji in front of him and laughed.

Since the girls from Tianxuan Continent came to the fairy world, they have been practicing in seclusion. Su Chen spent very little time with them.

However,

Su Chen also supported Tian Xuan. In the seclusion of the girls of Xuan Continent,

Yan Lingji and Wanwan are all the proud daughters of heaven. They have been practicing in the time barrier for tens of thousands of years. The women with the lowest cultivation level are already Xuan Immortals, and the women with the highest cultivation level are already Xuan Immortals. He is already Daluo Jinxian.

Although Su Chen devoted a lot of cultivation resources, this was inseparable from the hard training of the girls.

He also understands that all the women in Tianxuan Continent want to become stronger as soon as possible so that they can help him

"Husband, you are so shameless."

Yan Lingji was very angry when she heard Su Chen's words.

The Pure Land of Paradise?

She jumped many times for Su Chen, but there were Wanwan and Shifei Xuan on the ladder, so Su Chen asked her in front of everyone. Dancing in Pure Land, Yan Lingji is also a little shy

"Ha ha....."

Su Chen laughed when he saw Yan Lingji continue to climb the ladder to heaven. In the

Pure Land of Paradise, his women basically all jumped. In Tianxuan Continent, Yan Lingji, Wanwan, Shang Xiufang, Yao Yue and other women jumped. It was very sexy. Su Chen's eyes glowed hotly when he thought about it. This time, all the girls who climbed the ladder came out of seclusion. Su Chen plans to get together with the girls after climbing the ladder to heaven, and a romantic affair is also essential. On the ladder to heaven, the girls listened to Su Chen teasing Yan Lingji as they climbed the ladder to heaven. At this time, the women in the quasi-sage realm have climbed to the two thousandth floor, and the women in the holy realm have also climbed to more than three thousand floors. The further you go up the ladder, the harder it is to climb. But all the girls insisted on continuing to climb. The rewards for climbing the ladder were very tempting, and all the girls did not want to give up this rare opportunity. On the 3110th floor, the Ruthless Empress, the Queen Mother of the West, and Liu Shen were climbing together. They were all quasi-sage peak existences. Although climbing more than 3,000 floors was difficult, they could still persevere, but the three women were not sure whether they could climb the four thousand levels of the ladder to heaven. The Queen Mother of the West looked at the ruthless empress beside her and said,

"Ruthless man, your brother is really in the quasi-sacred realm, and Su Chen is really a monster."

The ruthless empress smiled and said, "Haha, you will believe it now. Liu

Shen asked curiously,

"Ruthless man, guess how many levels your brother can climb on the ladder?"

"Ten thousand layers."

The ruthless empress replied without thinking.

She believed that Su Chen would definitely climb to the 10,000th floor. The Holy Soul of the Ladder had high hopes for Su Chen. The fact that they could climb the ladder was all arranged by Su Chen.

The ruthless empress didn't know why the Holy Soul of the Ladder valued Su Chen, but she guessed that the Holy Soul of the Ladder might beg Su Chen.

Su Chen was the only one who could climb up to ten thousand floors, and the Holy Soul of the Ladder should believe in Su Chen when he climbed ten thousand floors.

Chen Hui climbed to the top, and the ruthless empress also believed that Su Chen would climb to the top.

Queen Mother Xi shook her head and said

"Ten thousand floors? This is impossible. Our quasi-sage peak level may not even be able to climb the four thousand or ten thousand floors? Ruthless man, you look down too high on your brother. Liu

Shen said without belief,

"I don't believe it either, ruthless man, your brother may be different, but he cannot climb ten thousand floors, and your brother may not be able to climb four thousand floors."

The Ruthless Empress looked at Su Chen at the bottom of the ladder with a cold face.

She believed that her brother Su Chen would definitely climb the 10,000th floor. This was not her guess, but her soul's trust in Su Chen. It was also the Ruthless Empress' trust in Su Chen. Su Chen's trust.

On the 1,458th floor,

Su Chen looked at Yan Lingji, who was one floor away from him. (To read Baoshuang novels, go to Feilu Novel Network!)

He showed a smile, but

Su Chen didn't. He quickly passed Yan Lingji and continued to climb the ladder. Yan Lingji was all wet at the moment, and her clothes were soaked. The alluring Yan Lingji was very eye-catching.

Su Chen wanted to put some pressure on Yan Lingji,

Yan Lingji There was currently a gap of six or seven steps between Wanwan and the girls. He wanted to see if Yan Lingji could catch up with Wanwan and Shi Fei Xuan and the girls.

"Baby Flame, speed up or I'm going to spank you."

"You're such a bastard."

Yan Lingji wiped the sweat from her forehead and felt helpless.

Su Chen's climbing speed was too fast.

How long had passed before

Su Chen actually caught up with her.

Yan Lingji knew that it would be easy for Su Chen to overtake her, so she also He understood that Su Chen deliberately didn't want to surpass her.

Su Chen looked at Yan Lingji's hard climb, he thought for a moment and said,

"Baby Flame, you don't have the magic power to resist the flames. You know the law of fire. The flames in the two thousand layers are a test for you. You can try to absorb the flames without using the magic power."

Yan Lingji replied speechlessly,

"Husband, I am Daluo Jinxian, and I have only cultivated the law of fire to 10%. If I can absorb these flames, do you think I will still be burned by the flames and sweat?"

"Little fool, do as I say, put away your magic power, use your law of fire with all your strength to absorb the flames"

"You are the idiot."

After Yan Lingji Mei glared at Su Chen, she put away her magic power as Su Chen said, and the law of fire also activated to absorb the flames around her.

Boom!

Flames suddenly appeared on Yan Lingji's body, Her dress was instantly reduced to ashes. If Yan Lingji hadn't been burned by the flames, her naked body would have been exposed to Su Chen's eyes.

"ah....."

Yan Lingji screamed in pain.

Su Chen looked at Yan Lingji who was screaming in pain and reminded,

"Baby Flame, hold on, as long as you can successfully absorb the flames, your Law of Fire will be able to advance, and there will be no hindrance to you in climbing the two-thousand-story ladder."

Su Chen doesn't know if this method will work.

Climbing the ladder to test?

This is a trial.

He feels that every test on the ladder is targeted.

The flames in the ladder are the purest fire energy.

Yan Lingji Knowing the Law of Fire, if she can absorb these pure flames,

Yanling 1.6 Ji will not only improve her Law of Fire, but also her cultivation level, and the flames in the two thousand layers will no longer hinder her.

Yanling Ji As long as she traps the gravity of the ladder, she will definitely climb to the 3,000th floor.

Yan Lingji is in great pain at the moment. If she didn't know the law of fire, Yan Lingji feels like she will be burned to ashes by the flames.

Damn you bastard, it's so painful. ,

Yan Lingji was in great pain every time she absorbed a bit of Lie Flame.

But she did not stop absorbing Lie Flame.

Yan Lingji believed in Su Chen, and she had no reason not to believe in Su Chen's words. Even if absorbing Lie Flame was doomed to fail, Yan Lingji would Absorb the flames according to what Su Chen said

"Baby Flame, hold on, if you can successfully absorb the flames, I will never bully you again."

"ah.....Shameless bastard, I will bite you to death from now on, ah..., it hurts too much"

Chapter 2605

Su Chen was a little worried when he heard Yan Lingji's screams, but Yan Lingji had to pass this level.

As long as Yan Lingji successfully absorbed the flames, not only would it be easier for her to climb the ladder in the future, but her cultivation level would also be the same as that of the fire. The rules will also be promoted

"ah.....Shameless bastard, I will bite you to death from now on, ah..., it hurts too much."

Yan Lingji heard Su Chen's words.

Although she understood, her whole body was burned by the flames, and the burning was still deep into her soul. She really couldn't bear the pain. Yan Lingji wanted to bite Su Chen to bear it. Such pain. At this moment, the women on the upper floors turned to look at Yan Lingji.

They had heard the conversation between Su Chen and Yan Lingji, but Yan Lingji's pitiful screams made them very worried.

"Do you think Yan Lingji can succeed?"

"It should be possible. It is impossible for Su Chen to joke with Yan Lingji at this time."

"Yan Lingji's scream was so miserable. Why did her scream sound like a mortal woman giving birth to a child?"

"Haha, it does look a bit like it"

"Ahem, you guys have changed the topic. We are now talking about whether Yan Lingji will successfully absorb the flames. Zi Nu, why are you talking about giving birth to a child?"

"Moon God, don't you think Yan Lingji's screams are like giving birth to a child?"

"It seems to be somewhat similar. Now is not the time to talk about this. Let's see if Yan Lingji can succeed."

"Okay, I burned the image of Yan Lingji's screams and let Yan Lingji listen to it later."

Wanwan, Shifeixuan, Xiaolongnu, Zinu, Yueshen, Murong Qiudi, they looked at the screaming Yan Lingji and talked to each other, especially Yan Lingji's screams, they were all a little worried..Boom!

Suddenly,

Yan Lingji suddenly burst out with an aura. She succeeded in absorbing the flames.

The flames on the ladder poured into her body. The flames were absorbed by Yan Lingji like a tonic.

The Law of Fire advanced!

Yan Lingji, who was in the early stage of Daluo Golden Immortal, was also promoted to the middle stage of Daluo Golden Immortal.

Yan Lingji turned around and shouted happily to Su Chen,

"Husband, I succeeded, I really succeeded. The Law of Fire has been promoted to 20%. I am now in the middle stage of Daluo Jinxian.."

Let me guess, is Yan Lingji stupid?

Yan Lingji yelled naked, didn't she feel that she was not wearing a dress?

Su Chen opened his eyes wide and admired Yan Lingji's bumpy figure. Although he had seen this scene countless times, he would never tire of Yan Lingji's perfect figure.

Su Chen looked at it for a while, coughed and reminded Yan Lingji,

"Ahem, baby Yan, don't you think there's something missing in you?"

At this time,

Wanwan shouted and reminded Yan Lingji,

"Yan Lingji, you idiot, your dress, you are naked and have no dress now."

Yan Lingji was still thinking about what Su Chen meant.

After she heard Wanwan's cry,

Yan Lingji hurriedly waved and put on her clothes. Her face was red and she glared at Su Chen fiercely.

This bastard,

Yan Lingji did not expect to make a fool of herself in public. Fortunately, the people climbing the ladder were all women, and the only man was her husband Su Chen, otherwise Yan Lingji would have killed someone in anger.

"Husband, you are a bastard"

"It's none of my business, Baby Flame, I just reminded you"

"Huh, you're an asshole."

Yan Lingji snorted at Su Chen, and she hurriedly continued to climb the ladder.

The ladder with more than a thousand floors was not difficult for her.

The flames were a great tonic for her.

Yan Lingji only needed to trap the huge ladder. With the help of gravity, she can quickly climb up to the 2,000th floor.

In a few breaths, (for reading Baoshuang novels, go to Feilu Novel Network!)

Yan Lingji climbed up to the 1,631 steps of the ladder. Looking at Wanwan who was on the same step, she laughed.

"Wanwan, I have caught up with you. I will no longer be at the bottom. I will give up my position to you."

Wanwan glared at Yan Lingji and shouted,

"You cheated. Yan

Lingji said to Wanwan with a smile,

"Am I cheating? How did I cheat? Wanwan, you can also ask your husband to help you. Goodbye, your husband is catching up with you. Be careful that your husband spans you."

"Yan Lingji, don't be complacent, maybe you are not as high as I am."

Wanwan felt very unhappy. Originally, Master Fei Xuan climbed a few steps higher than her, and Yan Lingji, who was at the bottom, also caught up with her. Wanwan felt even more depressed.

"Wanwan, here I come!"

At this moment,

Su Chen also climbed to the 1,631th floor. He looked at the depressed Wanwan and shouted.

Wanwan took Su Chen's hand and said aggrievedly,

"Husband, help me, I want to catch up with your flame baby."

I'll go!

Help Wanwan?

How can he help?

The more than a thousand floors of the ladder are controlled by gravity and flames, and Wanwan doesn't know the law of fire. She can't help climb the ladder. How can he help Wanwan climb the ladder?

Su Chen coughed and explained,

"Ahem, this is a bit difficult, Wanwan, you don't know the law of fire, and I can't take you up the ladder to heaven. How do you want me to help you?"

Wanwan hugged Su Chen and said playfully,

"` .I don't care, husband, you will definitely find a way to help me."

Su Chen has a headache at the moment.

He has a way to help Wanwan, but what happens after he helps Wanwan?

The little dragon girl two steps above Wanwan, the concubine Xuan on the top, and Xiao Xun on the top.

If he makes a start with women like Zhao'er and Bi Dong'er, won't the other women on the ladder help?

These are his women, and

Su Chen can't favor one over the other (Zhao is good).

Su Chen communicates The system asked for help,

"System girl, please help me. Is there any way to improve the strength of these women?"

"Ding, host, can't you help Wanwan?"

"System girl, I can only help two or three people, cough, cough, cough, I have too many women on the ladder, I can't take care of them."

"Ding, host, you are a shameless pervert."

Su Chen shouted with a dark face,

"Stop being so wordy, little girl, is there anything you can do?"

"Ding, yes, but the gift packs accumulated by the host over the years are cancelled. The gift packs will be accumulated again from today, and I want 80% of the source of heaven that the host will get next time."

What the hell, the gift package accumulated for hundreds of years is gone?

The next time I get the source of heaven, I have to give 80% to the system girl?

Black!

Is the system girl really such a black person?

This is simply robbery..

Chapter 2606

Wanwan looked at Su Chen thinking, and a smile appeared on her face.

Wanwan was just pretending to make Su Chen troubled.

There were many women on the ladder. These women were either Su Chen's women or Su Chen's subordinates.

If Su Chen helps her, what about those women Shi Feixuan is dating?

Su Chen would definitely not favor one over the other.

Can this bastard improve the cultivation level of so many women?

Wanwan thinks it's impossible

"Husband, I'm just joking, don't take it to heart, hurry up and climb the ladder, I will catch up with Yan Lingji in a moment~"

Su Chen smiled when he heard Wanwan's words.

He made a decision in his heart.

Wasn't it just a waste of the gift packages accumulated over hundreds of years? Isn't it just to give 80% of the source of Heavenly Dao to the girls in the system?

As long as he can make these women of his happy and let his women know that he cares about them.

These are all worth it

"Girl, I agree."

"Ding, host, this is a bottle of Purple Spirit Crystal Pill. If you take it before you are a saint, you can advance to a small realm. If you are a saint or above, it will be invalid. If you take it at the peak of a quasi-sage, you will not be promoted to the holy realm, but you can be promoted to the pseudo-holy realm."

"Little girl, just improved to a small level? This is too many times!"

"Ding, host, haven't you ever thought about how many women there are here? If you improve five women, I can give you five purple spirit crystal pills that can improve you to a greater realm."

"Ahem, cough, cough, this is good, this is good, no need to change."

Su Chen hurriedly agreed in embarrassment.

Damn, is the system girl mocking him?

To improve him to a small level?

This is nothing to him, but it is very timely for the girls who are climbing the ladder.

Everyone If women advance to a small level when climbing the ladder, they can not only climb a few more levels of the ladder, but also get some rewards from the ladder. This is a double win.

Su Chen took out a pill and handed it to Wanwan and said,

"Wanwan, this is the Purple Spirit Crystal Pill. If you eat it, you can ascend to a small level. I can only help you so much."

Wanwan didn't expect that Su Chen would give her the elixir, but could she ask for it?

If Su Chen didn't have a few such elixirs in his hand, what would other women do?

Should other women be allowed to cause trouble for Su Chen?

Wanwan Wan shook her head and refused,

"Husband, you....Do you have many elixirs like this? If there isn't much, I don't want it."

Su Chen hugged Wanwan and kissed her and said,

"Don't worry, Shi Fei Xuan and the others will all have it. This is an elixir refined from the origin of Heavenly Dao. It only takes three breaths to advance successfully. You should quickly take it and climb the ladder to heaven."

"good!"

Wanwan was relieved after hearing Su Chen's words.

As long as Su Chen has enough elixirs, other women will get them. She is not worried that other women will cause trouble for Su Chen.

"Wanwan, you take the elixir here to advance, I will continue climbing."

"Go ahead!"

After Su Chen nodded to Wanwan, he continued to climb the ladder.

Su Chen just found the girl on the ladder staring at him under the ladder. He guessed that the girl on the ladder was not satisfied with the speed at which he climbed the ladder.

Damn girl!

Su Chen He glanced at the girl on the ladder and curled his lips.

After a while,

Su Chen caught up with Yan Lingji, Xiao Longnu and Shi Feixuan. He gave each of them a purple spirit elixir.

Su Chen in the jade bottle Chen didn't know how many pills there were, but Su Chen felt that there would be neither too many nor too few. The girl in the system must have calculated the pills given by the woman here.

Boom!

After Su Chen climbed up the 2,000-story ladder, , three light balls appeared in front of her

【Trialist, when you climb to the 2,000th floor, you can choose any of the three light balls in front of you. There are different treasures inside, and you will be rewarded with a trial world. 】

Su Chen looked at the light balls in front of him and was very speechless.

How could he still play for luck in the ladder with three light balls?

What treasures will there be here?

Su Chen refused to open the trial world. He stretched out his hand and clicked on the light ball in the middle.

I leaned in.

Su Chen saw the white object appearing in his hand and hurriedly put it away.

Damn, (read the Baoshuang novel, go to Feilu Novel Network!)

What the hell is going on with the ladder?

A bellyband?

Damn it, why does a grown man need a bellyband?

And this is the bellyband?

An innate treasure bellyband?

This is too luxurious for him.

Whoosh!

The hazy figure of the girl on the ladder suddenly appeared on the 2,000th floor.

She looked at Su Chen and laughed,

"Little bastard, you are very lucky. This is an innate treasure. Can you wear it?"

0 Asking for flowers.

Su Chen saw the little girl from the ladder appearing and shouted,

"Let me go, Ladder Girl, how did you get to the 2,000th floor?"

The Tiandai girl rolled her eyes at Su Chen and said,

"Is this strange? Can't I appear on the 2,000th floor?"

She didn't tell the truth to Su Chen.

Su Chen was a trialist who climbed to the top of the next 10,000 floors. He was a very important trialer.

Every time Su Chen climbed to a thousand floors, the girl on the ladder would get 100% of the ladder. If

Su Chen climbs to the 10,000th floor, she will get 100% of the authority, and the girl on the ladder can escape from the ladder. This is why she insists on Su Chen climbing the ladder.

If Su Chen If Chen fails and fails to climb to the top, the permissions obtained by the girl on the ladder will also be reset to zero. She can only wait for the arrival of the next trialist who climbs the next 10,000 floors to the top.

"Well!"

I patted my forehead and was very speechless.

Although the girl on the ladder does not have any authority on the 10,000th floor, she can definitely appear on the ladder.

Su Chen was also dizzy because of the bellyband.

"Girl, this belly....Ahem, who owns this innate treasure?"

"Su Chen, I came here to tell you that the treasure you got is a hot potato. It is a supreme item, a supreme item that can kill the twelfth level of the Holy Realm with one hand."

Holy shit!

Supreme?

Is this a realm above the holy realm?

Damn it, the supreme can crush a saint in the twelfth level of the holy realm to death with one hand?

Oh my God!

It's so scary.

Does he dare to ask for this bellyband?"

"Girl, let me give you this treasure. It's white with white. It will fit you very well."

"Shameless!"

After the girl on the ladder heard what Su Chen said, she wanted to kick this shameless bastard away in shame and anger. Give it to her?

Does she need a bellyband that others have worn?

Doesn't she have one?

A bellyband that is an innate treasure.

She can see it. Are you going to go up?

Su Chen said to the girl on the ladder with a headache,

"Girl, you said this white bellyband is a hot potato, do I dare to ask for it? A Supreme who is more powerful than the Holy Realm. You don't want me to be crushed to death by that Supreme, right?".

Chapter 2607

Su Chen was very worried at the moment. If he took a supreme bellyband and left from the ladder, he was worried that the owner of the bellyband would definitely notice it. A supreme being who could crush a saint in the twelfth level of the holy realm with one hand.

Can he be offended?

There are still several powerful enemies in the chaotic world, including the Demon Ancestor Rahu, the Space Demon God Raising His Eyes, and the Beast Emperor Shen Ni. These powerful enemies are enough to give him a headache.

If Su Chen offended a terrifying Supreme Being, would he still be able to survive?

Damn it, what a headache!

The ladder girl shook her head and said,

"Little bastard, I can't help it, but don't worry, as long as you don't expose your belly....The aura of this item will not be noticed by the Supreme Being"

"I...., little girl, what state are you in? Are you as strong as this bellyband owner?"

"It's only half a dozen, we haven't fought before."

Su Chen asked in surprise,

"Let me go, you are also a Supreme? You, a supreme being, have been imprisoned by the ladder for countless years?"<sup>01</sup>

The girl on the ladder showed disdainroad,

"laugh! Su Chen, the ladder to heaven is very mysterious, and there are some things that you are not able to know yet."

"Hurry up and become stronger. The Chaos World is just a low-level world, which is equivalent to a small world of immortal cultivation. Any strong person who comes to the Hongmeng World can destroy the Chaos World."

Su Chen's face turned pale.

The Chaos World is equivalent to a world of cultivating immortals? So the Hongmeng World is equivalent to an immortal world?

Japan and Europe, no wonder a supreme being can crush a saint to death. Isn't this equivalent to an immortal crushing an immortal to death? A cultivator in the Tribulation Realm?

Su Chen patted his face and wanted to wake up.

He originally thought that the quasi-sage was a powerful scum, but this was him.

Now he was not even as good as a scum.

Su Chen thought that if he appeared In the Hongmeng world, he may be like a mortal in the fairy world.

Damn, a quasi-holy statue and a mortal?

I'm afraid no one will believe it.

Su Chen asked the girl on the ladder,

"Girl, will you cover me when you get out of trouble?"

The ladder girl mocked disdainfully,

"Covering you? You think too much. You are just an ant in my eyes. Do you think I would look down at an ant?"

"You are so heartless!"

Su Chen curled his lips when he heard the words of the girl on the ladder, and he started to continue climbing the ladder.

Su Chen had no intention of letting the girl on the ladder cover him. As long as the girl on the ladder has no conspiracy after getting out of trouble, and does not want to destroy the world of chaos, this is already a big deal. Good news.

Boom!

As soon as Su Chen stepped onto the 2001st floor, he felt his body sink.

The gravity increased tens of thousands of times. The gravity on the 2001st floor might be one million times higher. If it were gold When the Immortal arrives at the 2001st floor, the Golden Immortal may be directly crushed to the ground.

Huh?

Why are there no other difficulties?

There are flames on the more than 1,000 floors, so why are there no other difficulties on the 2,000th floor?

Whoosh!

"Holy shit? What's this? Space blade? Or the wind blade of the Law of Wind?"

A sharp blade suddenly appeared and attacked Su Chen.

Su Chen teleported away from the sudden attack. He looked at the space on the steps and became alert.

What kind of attack is this?

Is this the space blade of the law of space? Or the wind blade of the law of wind? ? (To read Baoshuang novels, go to Feilu Novel Network!)

After Su Chen waited for a while and encountered no more attacks, he continued to climb.

However, he was wary of sudden attacks.

On the two thousand steps, the girl on the ladder to heaven Looking at Su Chen, her face became complicated.

Her answer to Su Chen just now was that the girl on the ladder said that on purpose.

She didn't want Su Chen to become dependent on her.

The Hongmeng world is much crueler than the Chaos world. Su Chen is in Chaos. The powerful women who have always relied on her for protection in the big world.

If Su Chen goes to the Hongmeng world, who can he rely on?

The Tiandai girl also has enemies in the Hongmeng world. Even if she wants to protect Su Chen, she cannot protect her blatantly, otherwise she Those enemies will take action against Su Chen

"Su Chen, hurry up and become stronger. Hongmeng World is the world where truly strong people gather."

At this moment,

Su Chen has also figured out the weirdness above the 2000th floor.

There will be a weird attack on the 2001st floor, and two weird attacks will appear on the 2002nd floor.

He has now climbed up to the 2008th floor. On the first floor, eight strange attacks appeared here. Every time he climbed a step, Su Chen guessed that a strange attack would be added.

Space blade, wind blade, thunder strike, ice spike, etc., all law attacks would appear.

Su Chen looked at the women in front and shouted,

"Xiao Xun'er, Lu Xueqi, Yun Yun, Cailin, speed up, I'm about to catch up with you."

"Little bastard, if you want to chase me, go for it. We may not be able to climb the three thousand floors."

"Yes, we are in the late stage of Daluo Jinxian, but we didn't expect that it would be difficult for us to climb to more than 2,000 floors."

"The ladder is too perverted"

"Su Chen, don't worry about us, just climb the ladder to heaven."

Xiao Xun'er, Lu Xueqi, Cai Lin, Yun Yun, they all turned around and shouted to Su Chen.

Xiao Xun'er and the other four daughters all knew Su Chen's ability and strength.

It was very difficult for them to climb the ladder. But it shouldn't be possible for Su Chen. They don't know if Su Chen can climb to the ten thousand floor, but it shouldn't be difficult for Su Chen to climb to the seven or eight thousand floor.

Su Chen heard Xiao Xun'er's daughter smile. , he had the Purple Spirit Crystal Pill in his hand.

Su Chen chased them to give them the pill and take advantage of the girls.

Su Chen looked at Lu Xueqi who was six steps away and shouted,

"Lu Xueqi, I'm going to catch up with you. If I catch up with you, I'll spank you. Xiao Xueqi, you are the first person on the 2,000th floor, and Cai Lin and the other three can't escape."

Lu Xueqi blushed when she heard Su Chen's words.

She turned back and rolled her eyes at Su Chen.

Lu Xueqi was very speechless at Su Chen's shamelessness.

Although she and Su Chen were husband and wife, Su Chen did not care about some private words regardless of the occasion. Said, Lu Xueqi's face became even more rosy when she thought of the time she spent with Su Chen.

Cai Lin shouted to Su Chen in embarrassment,

"Little bastard, can you be more serious?"

Su Chen looked at Cai Lin and shouted,

"Cai Lin, I want to touch your water snake waist. You have been in retreat for several years. I miss your water snake waist very much."

"you are so shameless"

Chapter 2608

After Cailin heard Su Chen's shameless words, she blushed and touched her small waist.

Cailin knew that Su Chen had a special liking for her waist. Every time she was with Su Chen, that bastard always made her twist her waist, a shameless pervert.

Yun Yun blushed and hurriedly said to the girls, "Let's climb quickly. We can't let Su Chen catch up with us so easily."

Xiao Xun'er and the girls looked at each other and climbed up quickly.

They didn't say much to Su Chen. What, they didn't scold Su Chen for being shameless.

If they wanted to avoid being teased by Su Chen in public, Xiao Xun'er and the other girls had no choice but to prevent Su Chen from catching up with them early.

Although this is impossible, being able to delay time, allowing Su Chen to chase them a little longer, and being able to spend a little more time with Su Chen is what the girls want to see.

After a while,

Su Chen caught up with Lu Xueqi.

After he and Lu Xueqi chatted with each other for a while, Su Chen left a Purple Rhyme Crystal Pill and continued climbing.

The two-thousand-story climb had just begun. The climb would become more and more difficult in the future.

On the 2035th floor, there were thirty-five types of various law attacks. Su Chen used the law of time to go backwards. Such attacks did not pose a threat to him, and he could climb quickly and easily.

Half a day later,

Su Chen caught up with Xiao Xun'er one after another, and gave each of them one Yunyun, Cai Lin, and Zi Yun Crystal Pill.

On the 2118th floor,

Su Chen held Cai Lin and stroked her waist. Cai Lin stared at Su Chen with a face full of shame and anger.

Cailin grabbed Su Chen's hand touching her waist and reminded,

"Su Chen, please keep climbing, Yun Yun is about to catch up with me."

Su Chen hugged Cai Lin, kissed her and asked with a smile,

"Don't worry, Cai Lin, where is Bi Dong'er? Her cultivation level should be similar to that of you girls. Why isn't Bi Dong'er with you? Why is there no sign of her on the ladder? Cai

Lin rolled her eyes at Su Chen and said,

"Bi Dong'er is making a breakthrough, and she should arrive in a few days to climb the ladder."

Su Chen nodded when he heard Cailin's words.

It turns out that Bi Dong'er is making a breakthrough.

No wonder he is not with Cai Lin and the girls.

It's a pity.

Su Chen also plans to have sex with the mature Bi Dong'er and climb the ladder this time. There is no chance. He can only climb the ladder and then find the mature and sexy Bi Dong'er for a tryst.

Cai Lin leaned into Su Chen's arms and asked

"Su Chen, how many floors can you climb?"

Su Chen shook his head and replied,

"have no idea!"

"have no idea? Don't you have any confidence in your heart?"

"No, Cai Lin, the girl on the ladder to heaven said that even the saints in the twelfth heaven of the holy realm can't climb the eight thousand floors. Do you think I know it in my heart?"

Cailin shouted with surprise,

"What? Even the saints in the Twelve Heavens of the Holy Realm cannot climb the eight thousand floors? How can this be? Su Chen, is this true?"

Cai Lin couldn't calm down in her heart for a long time.

The news Su Chen said was too shocking.

Even the strongest people in the chaotic world can't climb the eight thousand floors. I'm afraid no one in the chaotic world can climb to the top. The ladder to heaven is too big. It's scary,

"it is true!"

Su Chen held Cai Lin and looked up at the endless ladder.

The ladder is too scary.

There are more than two thousand floors on the ladder, and Da Luo Jinxian may not be able to climb up to the three thousand floor.

What about the three thousand floor?

The quasi-sage should be able to climb it. Staying on the three thousandth floor? What about the Holy Realm?

Could it be that the Holy Realm will stay on the four thousandth floor?

Damn it, what about the five thousandth floor?

Isn't it possible that Nuwa and the others can't climb up to the five thousandth floor? (It's so cool to watch For novels, go to Feilu Novel Network!)

Su Chen's scalp went numb as he thought about the horrors of the six thousand, seven, and eight thousand floors. He felt that it was impossible to climb to the ten thousand floor.

The three thousand and four thousand floors It's all very scary. Even if Su Chen climbed to the 4,000th floor of the Holy Realm.

What about the 5,000th floor?

Damn, he thought too much.

He felt that climbing the 4,000th floor was powerless. At this time, he thought there was someone on the 5,000th floor. It's useless.

Su Chen touched Cai Lin's smooth and delicate face and reminded,

"Cai Lin, I am going to continue climbing. You and Yun Yun must climb as many floors as possible. If you can climb three thousand floors, you will all have a chance to advance to the quasi-sage realm. Cai

Lin nodded and replied,

"We all know that, don't worry, we'll try to climb as many floors as possible."

Cailin also knows that this time climbing the ladder is an opportunity, the best opportunity to improve one's realm and obtain treasures.

She will not miss it, and neither will

Yun Yun and Xiao Xun'er. No other woman would miss it. After Su Chen nodded to Cai Lin, he stepped onto the next step of the ladder. Su Chen felt a little heavy at the moment. He felt very helpless when he thought of what he just thought. Even the Holy Land might stay at the 4,000th floor. What about him? A quasi-sage, Su Chen didn't say whether he could reach the 4,000th floor. He just climbed the 4,000th floor. But could he climb to the 5,000th floor? The 5,000th floor was just a climb. Halfway through the ladder, is he still on the 5,000th floor behind? Su Chen's face turned dark as he thought about it. The girl on the ladder still wants him to climb to the 10,000th floor? No matter how hard he thinks, he can't climb to the 10,000th floor, even if he has a miracle happened. It might be a miracle for Su Chen to climb five thousand floors.

"Cai Lin, what happened to Su Chen? Why do I look at Su Chen looking a little heavy?"

After Yun Yun took the Purple Yun Crystal Pill and advanced, she caught up with Cai Lin and asked in confusion.

Cai Lin looked at Su Chen with a worried expression and replied,

"Yun Yun, Su Chen may not have enough confidence in climbing the ladder, did you know? Even the saints in the Twelve Heavens of the Holy Realm could not climb the eight thousand floors. Su Chen must have been shocked. Yun

Yun asked in surprise,

"What? Saints in the Twelve Heavens of the Holy Realm can't even climb the eight thousand floors? Cai Lin, is this true?"

"Yun Yun, this is true. This is the news that the Holy Soul of the Tianglai told Su Chen."

"It's so scary. The ladder to heaven is much scarier than we imagined."

"Yes, the ladder is terrifying."

Two thousand two hundred and thirty-two floors.....Two thousand four hundred and six hundred and six floors....Two thousand five hundred and twenty-two floors.....Two thousand seven hundred and eighty floors.....Two thousand nine hundred and sixty-five floors.

Su Chen climbed up the ladder quickly, and his magical powers of the Law of Space and the Law of Time were also activated.

Time goes backwards, space is imprisoned,....., as long as the law attacks on the ladder appeared, Su Chen instantly wiped out all the law attacks attacking him.

Along the way,

Su Chen also met Yang Chan, the Third Holy Mother, and the Scorpion Jing girls. He also left Purple Rhyme Crystal Pills for the girls.

"Little fox, why are you still a little girl? Come on, come on, you are about to climb three thousand floors four"

Chapter 2609

Su Chen saw the little fox on the 2,682 steps of the ladder.

A smile appeared on his face.

Su Chen didn't think so much anymore.

He would try his best to climb the ladder.

If Su Chen really couldn't climb the 10,000th floor, , the girl on the ladder ate him angrily, but he had no choice.

He decided to climb as many floors as he could.

Little Fox?

Su Daji?

Su Daji in the main world,

Su Chen has not figured it out yet.

The little fox always looks like a little girl, and the little fox either avoids him or retreats into seclusion. Su Chen has nothing to do with the little fox.

"Little bastard, you are not slow!"

Su Daji looked back at Su Chen and smiled.

This shameless bastard, she has been in seclusion for tens of thousands of years. If she had not climbed the ladder to heaven this time, Su Daji would not have been able to get out of seclusion.

She is now at the peak of Da Luo Jinxian. , and was about to advance to the quasi-saint realm.

Su Daji originally wanted to be promoted to the quasi-saint realm as a surprise for Su Chen, but she did not expect that Su Chen would advance to the quasi-saint realm.

This bastard,

Su Daji decided not to restore her She wanted Su Chen to see that she couldn't eat her original body, and she would starve this disgusting bastard to death.

Su Chen shouted to Su Daji,

"Little fox, why don't you regain your grown-up body?"

Su Daji rolled her eyes at Su Chen and replied,

"I want you to take care of it!"

"I'm here, I'm your husband, I don't care about you, who cares about you?"

"Husband? Little bastard, you are only my husband in name. Have you got me?"

"Little fox, you are not honest anymore. If you didn't always act like a little girl, do you think I would let you go? Also, although I didn't get you, I haven't seen anything about you?"

"Shut up, you are so shameless."

Su Daji looked at the women on the ladder. She blushed and wanted to strangle Su Chen to death.

Can these words be said on the ladder?

Damn shameless bastard,

Su Daji shouldn't have taken a bath with Su Chen in the first place, and neither did she. She should agree to Su Chen checking her body, but Su Daji was so ashamed and angry that she no longer wanted to talk to Su Chen.

"Ha ha....."

Su Chen laughed when he saw the shy and angry look of the little fox.

There were women on the ladder.

The women climbing the ladder were either his women or his subordinates.

Su Chen had an explicit conversation with the little fox, and he was not worried about other women hearing it.

And even if the other women heard it, they wouldn't say anything. At most, they would scold him for being shameless.

Su Chen talked with the little fox and climbed up to the 2995th floor. He and the little fox were now on the same step.

On the two thousand nine hundred and ninety-five steps,

Su Chen appeared next to the little fox.

Su Daji's clothes were in tatters, and her fair skin was almost exposed.

However, although the little fox's figure is petite and exquisite, it is also very perfect.

It should be as big as it should be, as high as it should be, with a vixen-like face, especially the attractive appearance of the little fox's frayed dress. Su Chen wanted to hold the little fox in his arms and ravage her.

Su Daji saw Su Chen looking at her, her face turned red and she covered her body and said,

"Su Chen, there are still five steps that I can't climb. There are more than 900 attacks by laws. Although the attacks of these laws are not fatal, I have no ability to resist them."

Su Chen held Su Daji in his arms and kissed him. He took out the Purple Rhyme Crystal Pill and handed it to Su Daji and said,

"Little fox, there are only five steps left. You must climb them. This is the Ziyun Crystal Pill. If you take it, you can advance to the quasi-sage level. The quasi-sage realm can allow you to climb the three thousand floors of the ladder."

Su Daji took the elixir and said with a smile,

"Purple Rhyme Crystal Pill? Little bastard, if you give me the elixir, your other women will give you advice."

Su Chen touched Su Daji's small waist and said,

"Don't worry, I treat everyone equally. All the women I passed left behind pills."(To read Baoshuang novels, go to Feilu Novel Network!)

Su Daji rolled her eyes at Su Chen speechlessly. She guessed that Su Chen had already prepared the elixir, and it was very difficult to climb the ladder.

Su Chen was also worried about the woman who climbed the ladder. He lacks strength. Although this bastard is very shameless and lustful, he still treats the girls very well.

Su Daji glared at Su Chen and shouted,

"Little bastard, let me go, I want to take the Ziyun Crystal Pill, and you continue to climb the ladder to heaven."

Su Chen hugged Su Daji and sat on the steps.

He smelled Su Daji's hair and said,

"No, we haven't seen each other for more than ten years. Oh no, you shouldn't have seen me for tens of thousands of years. Little fox, don't you miss me?"

Su Daji tightly grasped Su Chen's erratic hand, and she cursed angrily,

"I miss you so much, let me go, damn, don't touch my waist again, don't you know it's so ticklish?"

"Haha, little fox, although your body is petite and exquisite, your waist is really soft."

"Shameless!"

"I have no shit!"

"Little bastard, hurry up and climb the ladder. I don't have time to chatter with you here."

"You are so heartless!"

"cut!"

Su Chen whispered in Su Daji's ear,

"Little fox, what we didn't do last time on the Shenyu Continent, you have to continue to do it for me after we climb the ladder this time."

"Don't even think about it!"

Su Daji's face turned red when she heard Su Chen's words. She didn't expect that Su Chen would still remember the incident in Shenyu Continent.

What a shameless pervert.

The little fox has been avoiding Su Chen for so many years. She was just worried. Su Chen would make her do that disgusting thing.

Su Chen touched Su Daji's red lips and smiled,

"It's okay not to do it, little fox. As long as you restore your grown-up body, I won't let you do that thing."

"Haha, Su Chen, do you think it's possible?"

"possible!"

"Maybe it's bullshit, get out of here!"

Su Daji glared at Su Chen, and she hurriedly swallowed the elixir.

Su Daji believed that after she took the purple rhyme crystal elixir, Su Chen would definitely not harass her again.

I'll go, you cunning vixen, the little fox won't Fortunately, the vixen was so smart.

However,

Su Chen decided that he could not let the little fox go after climbing the ladder. Either the little fox would serve him once with flaming red lips, or the little fox would have to restore his grown-up body.

Su Chen let go of the little fox and continued. Climbing the ladder, he couldn't disturb the little fox's advancement at the moment.

Can't he see it?

The little fox thought it was pretty, but it was of no use.

Boom!

On the three thousandth floor,

Su Chen saw three more people appear as soon as he climbed up. A ball of light, his face darkened

"Damn it, what will you get this time? It can't possibly be a bellyband, right?".

Chapter 2610

Su Chen looked at the three light balls in front of him and became entangled.

The rewards on the ladder were too deceiving.

He got a bellyband before, what would it be this time?

If he gets another Supreme's bellyband, Su Chen might as well hit the wall and die.

One Supreme can destroy the entire chaotic world, but what about two Supremes?

The great world of chaos may be destroyed and not even the dregs will be left.

【Trialist, congratulations on climbing the three thousand floors. Choose one of the three light balls in front of you and you will be rewarded with a trial world. 】

Congratulations?

Let me go, the mechanical sound of the ladder is actually congratulations?

What if I get another supreme bellyband?

Is this congratulations?

Is this because you wish he would die early and be born early?

Damn it, if the chaotic world is destroyed by the Supreme, it will be impossible for Su Chen to reincarnate even if he wants to.

Su Chen rubbed his forehead and then selected the light ball in the middle and clicked it, whoosh!

A bracelet appeared in Su Chen's hand, an innate treasure purple diamond bracelet.

Holy shit, another woman's belongings?

Damn it, isn't this another supreme item?

Su Chen looked at the purple bracelet in his hand with a dark face, an innate treasure?

913 He should be very happy, but can he be happy?

The bracelet may be an item belonging to a female supreme in the Hongmeng world. Does Su Chen dare to give it to his women?

Whoosh!

The girl on the ladder instantly appeared next to Su Chen.

She looked at the dark-faced Su Chen and said with a smile,

"Little bastard, you are out of luck! This time I got another innate treasure."

The girl on the ladder didn't expect that

Su Chen would get a supreme item again, and it was the same supreme item.

Is this good luck for Su Chen?

Or bad luck for Su Chen?

Su Chen curled his lips. Said to the girl on the ladder,

"Would you like to give it to you?"

The girl on the ladder rolled her eyes at Su Chen and mocked,

"Trash, I don't want it"

"Rubbish? An innate treasure, you actually call it rubbish?"

"Is the innate treasure very powerful?"

"Not powerful?"

The Tiandai girl snorted and explained to Su Chen,

"snort! In the world of chaos, the innate treasure is equivalent to the innate low-grade spiritual treasure. Do you think I would care about it? Just like you, do you value the spiritual treasures acquired the day after tomorrow? (abbc)"

Damn, what a shame, an innate treasure? It

's equivalent to a low-grade innate spiritual treasure in the Hongmeng world. What about the

Chaos Spiritual Treasure?

Is the Chaos Spiritual Treasure equivalent to the top-grade innate spiritual treasure in the Hongmeng world?

Su Chen suddenly thought of his women.

If Nuwa and the other girls also obtained the supreme items, the chaotic world would really be doomed.

Su Chen hurriedly asked the girl on the ladder,

"By the way, little girl, my women are on the 2000th and 3000th floors, have they also obtained the innate treasure?"

The ladder girl shook her head and replied,

"Little bastard, you are overthinking. Your women only get some ordinary innate spiritual treasures on the 2000th and 3000th floors, and they still have no right to choose. There are no three light balls for them to choose. The ladder is a direct reward. A spiritual treasure comes out."

Su Chen asked in surprise,

"Let me go, what's going on? Aren't we climbing the same ladder? Why are the rewards so different?"

The Tiandai girl pointed at Su Chen and said seriously, (To read Baoshuang novels, go to Feilu Novel Network!)

"Little bastard, you are different. You are a trialist who has climbed to the top of the next 10,000 floors. Your reward for climbing the 10,000 floors of the ladder will be very generous. This is another reward for you from the ladder."

What the hell!

Is this a reward?

These are all reminders, rewards?

A bellyband?

A bracelet?

Does he dare to take it out and use it?

Cough cough cough.....

Damn it, bellybands and bracelets are women's belongings, can he use them?

Su Chen's face was so dark that he didn't want to talk to the girl on the ladder.

This time he got another chance to go to the trial world.

There were three trial worlds. Three trial worlds could be exchanged for a designated world. What world should he choose to relax in?

Three months?

Su Chen can stay in the trial world for three months, so what world should he go to?

You can't go to an extremely dangerous world, and it's useless to go to the mortal world. It's not a good choice to go to a world that's not dangerous and where you can get some useful items.

Su Chen suddenly thought of the three sisters Su Yan, he raised his head and asked,

"Ladder, what world did my three daughters go to?"

The Tiandai girl rolled her eyes at Su Chen and said,

"Little bastard, the ladder will not answer irrelevant questions. The three sisters of Su Yan went to devour the world."

Su Chen turned black and cursed when he heard what the girl on the ladder said,

"Holy shit, ladder girl"

"Didn't you say you didn't know? Didn't you say that you don't have any authority to climb the 10,000-level ladder?"

"What to say now? You actually deceived me, a kind-hearted person, doesn't your conscience hurt?"

Su Chen was very angry at this moment.

The girl on the ladder actually deceived him?

Is this him?

The girl on the ladder really can't believe it.

The Hongmeng world is really a big world where people eat people. Su Chen is a scumbag who can't be scumbag anymore. What a scumbag of ants, the girl on the ladder actually deceived even an ant.

The girl on the ladder was speechless when she heard Su Chen's words. She had just obtained 30% of the authority on the ladder, and the girl on the ladder knew about the world where the three sisters Su Yan went.

She knew nothing about it before..

The girl on the ladder thought for a while and decided to stimulate this bastard.

If this bastard does not become stronger, if the world of chaos is discovered by some supreme beings, the world of chaos will be plundered or even destroyed.

The girl on the ladder thought for a while and said with a cold expression. ,

"A sore conscience? Little bastard, don't forget my identity. The Chaos Demon God in your chaotic world can destroy countless worlds. Do you think I have destroyed few worlds?"

"You are awesome!"

Su Chen's face changed when he heard the words of the girl on the ladder.

That's right! Even the Chaos Demon God can destroy the world unscrupulously. What about the terrifying supreme beings in the Hongmeng world?

Those Hongmeng Supremes who are countless times more powerful than the Chaos Demon God, they can destroy the world. Countless, even some big worlds like the Chaos World have been destroyed.

Su Chen touched his chin and thought about it.

The three Su Yan sisters went to devour the world?

This should be Wenina's world.

Devouring the world would be a huge blow to the three Su Yan sisters. It is very safe. Su Yan can crush any starry sky monster, star-level monster, or universe-level monster with just one hand.

"Damn it, do you want to devour the world? Should we go and capture the three sisters Su Yan?".
