Chapter 261

Jing Ke looked at Gongsun Liji helplessly. He shouldn't have brought her to Xinzheng this time. If Gongsun Liji hadn't been pestering him, Jing Ke would never have agreed to her.

Good thing now, Gongsun Liji is being targeted by that Wu Xiangjun, oh, not only Wu Xiangjun, but now Gongsun Liji is a beautiful beauty who has been spread by Wu Xiangjun.

In the future, more and more people will be interested in Gongsun Liji. Jing Ke has a headache when he thinks about the people who will continue to harass Gongsun Liji in the future.

Jing Ke thought for a moment that it was not safe for Gongsun Liji to stay alone in Xinzheng. He looked at Gongsun Liji with expectant eyes and said,

"Junior sister, you will follow me in a moment and don't leave me even half a step"

"knew."

Gongsun Liji was a little happy when she heard that Jing Ke agreed. If she found out about Mr. Wu Xiang later, she would definitely make him look good. Gongsun Liji looked at the exquisite small crossbow in her hand and smiled.

And now At that time, Black and White Xuanjian and other members of Ba Linglong also got the news. Black and White Xuanjian knew that something had happened if Black Widow and Li Wu came back without passing on the news.

However, King Qin dared to return to Qin in such a arrogant manner this time, which was a bit contemptuous of them. These net assassins.

Black and White Xuanjian ordered hundreds of yellow-level assassins from the net to go to Xinzheng Zilanxuan under the leadership of ten prefecture-level assassins. Their mission was not only to rescue Black Widow and Li Wu, but also to give Zilanxuan to Xinzheng. Slaughtered, this is the fate of daring to go against Luo Wen.

And Black and White Xuanjian and the rest of the Eight Linglongs took hundreds of Luo Wen assassins on the only way to Qin to assassinate King Qin Yingzheng.

On an official road,

King Qin Yingzheng Zheng Zheng was sitting in the carriage looking at Gai Nie and Wei Zhuang opposite him and felt bored. Each of these two people was more arrogant than the other, both with cold faces.

Gai Nie was sitting opposite Wei Zhuang and was very shocked. He did not expect that Wei Zhuang actually broke through to the level of Grand Master, and he was still at the middle stage of Grand Grand Master. This made Gai Nie feel a little unreal.

After just one night, how could Wei Zhuang break through from the late stage of Grand Master to the middle stage of Grand Grand Master?

Gai Nie looked at it. The corners of Wei Zhuang's mouth twitched when he smiled inadvertently. Now Wei Zhuang is stronger than his own cultivation level. His junior brother wouldn't challenge him to compete with him, right?

Wei Zhuang just looked at Gai Nie and then withdrew his gaze. He is now He felt a little uneasy.

Last night Zi Nu told him something about protecting King Qin Ying Zheng, and left a red fruit for him to eat as soon as possible.

Wei Zhuang heard that this innate red fruit can increase his power for thirty years. Finally, he didn't want to accept the red fruit at first, but he couldn't bear it and finally accepted it and ate it.

Now Wei Zhuang can be said to have reached the sky in one step. Not only has his strength broken through to the Grand Master, but his subordinates have also increased. Many powerful masters.

Zi Nu asked Tianze from Baiyue to join his men in the quicksand. Wei Zhuang also pulled Hu Tiehua into the quicksand. Zi Nu even brought a hundred Nether Guards brought by Su Chen. Also handed over to Wei Zhuang.

In this way, Wei Zhuang's quicksand can be said to have become a top force overnight, with one great master, two grand masters, and hundreds of innate masters. If necessary, Wei Zhuang can also get it from Zi Nu With the help of the army,

Wei Zhuang no longer needs to compete with Gai Nie. There is no point in fighting anymore. He and Gai Nie have different concepts now.

Wei Zhuang is not only stronger than Gai Nie, but he Now he wants people, money, and even the help of the army if necessary.

Wei Zhuang now wants to develop Liusha into the top force on the mainland. Guigu is no longer interested in doing anything, so he will let Gai Nie go back. Inherit the Ghost Valley.

After Gai Nie gave Wei Zhuang a signal, they came out of the carriage.

Although Gai Nie had many questions in his heart that he wanted to ask Wei Zhuang, he did not ask Wei Zhuang. After all, this belonged to Wei Zhuang. opportunity,

"Wei Zhuang, I didn't expect that you are Wu Xiangjun's brother-in-law. After this incident, are you going back to the Southern Continent with Wu Xiangjun? Wei

Zhuang looked around and said coolly to Gai Nie,

"If I don't go, I will continue to stay in Xinzheng City. I still have some things to deal with here, and Zilanxuan also needs my protection."

Gai Nie knows Wei Zhuang's ambition. Although Wei Zhuang will not go to the Southern Continent now, he will definitely go in the future. Only with Lord Wu Xiang can Wei Zhuang bring his talents into full play.

"That's okay. If you go to the Southern Continent, the chance of us meeting in the future may be very slim. Now that you are stronger than me, there is no need for us to compete. The future successor of Guigu will be you.. Wei

Zhuang looked at Gai Nie and said,

"Senior brother, I don't need the successor of Guigu anymore. You will be the only successor of Guigu from now on, but you have to be careful, master."

Wei Zhuang also once discovered that his master actually trained someone outside, and he trained him together with another person.

Wei Zhuang has also been secretly searching for that person's whereabouts over the years, but no matter how hard he looked, he couldn't find any clues. , even the people his master taught with hidden identities disappeared for no reason.

Wei Zhuang guessed that he and Gai Nie must be the successors of Guigu on the surface, and the person his master trained with another person might be the one to do What a big thing.

Otherwise, with his master's level of cultivation, he would not be able to handle these things secretly. But who is the other person? Wei Zhuang has not guessed it until now.

"Did you find it too?"Gai Nie asked in surprise.

He didn't expect that Wei Zhuang also discovered his master's secret. It's good that he and Wei Zhuang can cooperate in finding that person in the future. Gai Nie also felt that something was wrong with his master Gui Gu, but Now he still hasn't found any clues

"Well, I just don't know who that person is?"

"I also searched secretly and found that the people the master had secretly trained over the years had disappeared for no reason, but I couldn't understand why the master would do that?"

"The common people are confused, the world is confused, there are hundreds of schools of thought, but I am the only one who dominates. If the Eastern Continent is unified, do you think Gui Valley still has value?"

"Um? I see."

Gai Nie is very uneasy now. Now that he heard Wei Zhuang's words, his guess has been confirmed.

No wonder he and Wei Zhuang were only taught martial arts by his master, and only the basics of military art were taught to them.

If it weren't for him and Wei Zhuang Wei Zhuang used Gui Guzi to leave Gui Gu. He and Wei Zhuang looked through the art of war books in the library. I am afraid that he and Wei Zhuang will only be swordsmen in the future.

Now he and Wei Zhuang also understand that they may have been used by their master, which makes Gai Nie was a little disappointed with his master.

Baijiabao

Su Chen felt very refreshed when he came out of the room. This time he taught the Marquis Bai Ruobing a lesson. If this woman disobeys again in the future, Su Chen doesn't mind continuing. Teach her this way

"You shameless bastard."

Bai Ruobing came out of the room with a face full of shame and anger and grabbed Su Chen. She never thought that she would have such a day. Wasn't this damn bastard afraid that she would kill him?

Su Chen hugged Bai Ruobing with his backhand and sat aside and said with a smile,

"Haha, Madam, after you take a break, go to Xinzheng City and kill that Bai Yifei. I will have to do some things later and have the 20,000 Baijia Army ready."

Su Chen has now completely trained the Marquise. This time, Su Chen also took a certain risk to defeat the Marquise. It is better for women in ancient times to obey their husbands when they marry! This law has been followed from ancient times to the present. Su Chen is very I like it.

When Marquise Bai Ruobing saw this bastard hugging her again, she had no choice. This bastard was now determined that she could not do anything to him.

Marquise Bai Ruobing also accepted her fate now. As long as this bastard did not dislike her for being much older than him, Bai Ruobing also decided to be his wife from now on.

Bai Ruobing leaned into Su Chen's arms and asked lazily,

"I get it, just what are you going to do? Need 20,000 troops?"

Chapter 262

Zilanxuan, Xinzheng

, Zinu and Madam Mingzhu arranged everything and waited for the arrival of the trap assassins. This time they were fully prepared.

The women in Zilanxuan, Zinu, also gathered them together today, and Madam Pearl's Tulip Killer also came to Zilanxuan at this time.

Although these killers are not very powerful, they are very good at disguise. Looking at the beautiful maids, they will often kill their targets unexpectedly.

The women in Zilanxuan and the Tulip Killer have now become one. Although they look like maids or something, if some people don't have ideas, I'm afraid they will die without knowing how.

At this time, Cai Die came to Zi Nu's room and reported,

"Sister, the night ink crow is coming"

"Mo Crow? What is he doing here at this time? Aren't they confronting the bloody Hou Bai Yifei?"

Zi Nu was a little puzzled after hearing Cai Die's words. It was the letter Zi Nu sent to Ji Wuye last night. She didn't expect that Ji Wuye believed in Su Chen so much.

Ji Wuye didn't check what she wrote at all. If it wasn't true, he fought with the blood-clad Hou Bai Yifei that night. In the end, the army was dispatched to start the battle. If King Han hadn't come out of the palace to stop the battle between Ji Wuye and Bai Yifei, I'm afraid both sides would have suffered heavy casualties last night.

"Sister, Mo Crow drove a carriage over. He said it was a gift from General Ji Wuye to your Majesty."

Cai Die looked at Zi Nu and the others and smiled.

She was now afraid that the gift Ji Wuye gave to the king would make the three ladies in the room angry. This time Mo Crow brought a white-haired beauty.

Cai Die After seeing it, Cai Die guessed that this must be for the king. Cai Die now looked at Zi Nu, Madam Mingzhu, Yan Lingji and others strangely. Cai Die thought about whether Zi Nu and the others would directly drive away the beauty. go out?

"Send a Gift? Is this General Ji Wuye trying to curry favor with her husband?"

Yan Lingji felt a little strange when she heard it, but she suddenly thought of that Yingge and her expression turned bad. Ji Wuye wouldn't give a woman to that bastard Su Chen this time, right? After thinking about it, Zinu said to Cai Die said, "It should be, Cai Die, let Mo Crow come in."

"Yes, sister"

"Zi Nu, isn't this Ji Wuye sending beautiful women over again?"

Mrs. Mingzhu couldn't sit still.

Now she was 100% sure that Ji Wuye must have come to see the beauty off. Yingge girl had finally managed to deal with it herself, so Ji Wuye sent another undercover agent here. That bastard Ji Wuye is here. Do you need a few women to control Su Chen?

Yan Lingji stood up angrily and said loudly,

"This is for sure. The news that that bastard Su Chen likes beautiful women has now spread. Now many people in Xinzheng are looking for Jing Ke's junior sister. They all want to see how beautiful Jing Ke's junior sister is and how beautiful she can make Wu That bastard Xiangjun is thinking about you."

Zi Nu pulled Yan Lingji down and said with a smile,

"Haha, forget it, you don't have to be angry. Are there not many beauties around your husband?"

"Su Rongrong, Li Hongxiu, Yingge, Song Tianer, even Nong Yu, Cai Die, etc. If my husband was willing, he would have bought all the beauties around him, and he also had many confidantes in the Song and Sui Dynasties."

"But he didn't do this. So far, his husband only has a few women. He has a sense of propriety in doing things. If he is a womanizer, can he let these women go?"

Zi Nu sometimes couldn't understand Su Chen. At first, she felt that Su Chen was a lustful person, so she didn't give him a good look, and even went against him everywhere.

But gradually, Zi Nu began to treat Su Chen. Things have changed. She didn't fall in love with this bastard because of Concubine Yan's threats. Zi Nu didn't know when she fell in love with this bastard. Zi Nu thought that maybe this was fate.

Yan Lingji touched her. After thinking about it, what Zi Nu said made sense. If Su Chen was really a lustful person, wouldn't she have been ruined by him a long time ago?

Yan Lingji now feels that Su Chen is a shameless person with a thief heart but no courage. , she has accepted that bastard Su Chen, but that bastard hasn't come to her for several days in a row. Does she need a woman to take the initiative in this matter?

Yan Lingji thought about it and felt that she still needs to stimulate that bastard in the future, otherwise he will. She would definitely only go to the room of Mrs. Mingzhu, a charming woman.

Yan Lingji now also somewhat agrees with what Zi Nu said, "That's true. Although Su Chen is a bit of a talker, he really only talks about it and doesn't put in the actual effort. action."

At this time, Mo Ya brought a white-haired woman in. When Mo Ya saw Zi Nu, he saluted and said,

"Mo Crow has met Mrs. Zi Nu."

Mo Crow also feels that things have changed too fast during this period. Zi Nu of Zi Lanxuan has been against them before, and Mo Ya never thought that one day they would be able to live together peacefully. , even they are now more reliable than their allies

"Mo Crow, get up."

Zi Nu and the others were a little surprised when they looked at the woman behind Mo Ya. They didn't expect that Ji Wuye would give such a beautiful woman to Su Chen this time. This Ji Wuye had spent a lot of money.

"Madam Xie Zinu, madam, this is a gift from the general to Wu Xiangjun. This is the Snow Lady of Yan State."

"Snow girl? Are you the snow girl? The snow girl from Feixue Pavilion?"

Zi Nu looked at this cold woman with white hair in surprise. If this Snow Girl is really the Snow Girl from Feixue Pavilion, then this bastard Su Chen has found a treasure.

Zi Nu knows that Snow Girl is a famous dancer. Her Ling Bo Fei Yan is unparalleled in the world, but Xue Nu seems to have stopped dancing that Ling Bo Fei Yan for some reason.

Seeing Zi asking Xue Nu, Mo Ya hurriedly said,

"Um, Mrs. Purple Girl, this Snow Girl is the Snow Girl from Feixue Pavilion. This time we secretly caught her at night and came to Han Country, and now she has her acupuncture points tapped."

After Mrs. Mingzhu whispered something to Cai Die, she came to Xuenu and untied Xuenu's acupuncture points. When Mrs. Mingzhu looked at Mo Ya, she thought of what her husband said to her.

Mrs. Mingzhu looked at Mo Ya strangely and smiled. He said with a smile,

"Mo Crow, there's nothing going on here without you. However, Mo Crow, I know your ambition. I'm a free bird. If you can't survive at Ji Wuye's place in the future, you can come to Zilanxuan."

"You can also bring your son Bai Feng. I will tell my husband about today's gift. Now you can go back to revive Ji Wuye after you meet an acquaintance outside."

"Madam Mingzhu, I will consider it, but Bai Feng is not my son."

A few black lines appeared on Mo Ya's forehead after listening to Mrs. Mingzhu's words. What the hell? Why did Bai Feng become his son?

And what does Mrs. Mingzhu mean?

Is this Mrs. Mingzhu recruiting him to surrender for Lord Wu Xiang?

Mrs. Mingzhu Wasn't it Ji Wuye who sent an undercover agent?

Mo Ya was a little confused now whether what Madam Mingzhu said was true or false.

Madam Mingzhu looked at the confused Mo Ya and laughed.

"Who knows? You can go down and see your old friend."

After Mo Ya left, Yan Lingji looked at Madam Mingzhu with some doubts. She didn't understand what Madam Mingzhu just said. Could it be that Madam Mingzhu wanted to poach Ji Wuye's subordinates

?

"This is Zilanxuan. Although you were captured by Ji Wuye's men and given to my husband, you can only be dealt with by our husband in the future. This is not a place where you can leave just because you want to."

Chapter 263

In the Purple Orchid Pavilion, Xue Nu saw a woman here undoing her acupuncture points and ignored her. Xue Nu looked around and jumped to escape from here.

On the way here, she discovered that Zilanxuan turned out to be a place of romance. Although her Feixue Pavilion was also a place of romance, the sisters were only prostitutes, not their bodies.

Xue Nu was worried that this Zilanxuan was not the same as her concubine Xuege. If she continued to stay here, his innocence might not be guaranteed.

Seeing that the snow girl was about to run away, Zi Nu immediately came to the snow girl and hit the snow girl back with a palm. Zi Nu did not hurt the snow girl.

Zi Nu is now at the late stage of Grandmaster cultivation, and she can't easily deal with a little scumbag who is at the fifth level of innateness.

Purple Girl looked at Yuki Girl's surprised look and said threateningly,

"This is Zilanxuan. Although you were captured by Ji Wuye's men and given to my husband, you can only be dealt with by our husband in the future. This is not a place where you can leave just because you want to."

Xue Nu said to Zi Nu angrily,

"I am not a commodity, I was just kidnapped by those people. What can you do to me?"

Yan Lingji quickly appeared next to Xue Nu, patted her shoulder and threatened,

"White-haired one, regardless of whether you were captured or not, you are now a member of Zilanxuan. If you disobey, I will make a promise to poison you."

The Snow Girl was frightened and hurriedly took a few steps back. She found that the women here were so powerful. She couldn't tell the level of cultivation of these three beautiful women at all. This made the Snow Girl a little surprised.

"you? You are also women, why do you force me to be a woman for that Wu Xiangjun?"

Yan Lingji felt very bad when she looked at this snow girl. Yan Lingji thought that bastard Su Chen might be interested in this cold woman.

Don't men all like things that are less available, the more attracted they are? This snow girl A cold expression that repulses people thousands of miles away may arouse that bastard Su Chen's desire to conquer.

Yan Lingji now hopes that bastard Su Chen is not interested in this snow girl.

"Force you? White-haired one, don't call yourself so tall. That bastard Su Chen may not be interested in you. You look so cold. I guess Su Chen won't be in a good mood when he sees you."

Ms. Mingzhu looked at Xue Nu and said to Yan Lingji with a smile,

"Haha, Yan Lingji, what if my husband likes such a woman?"

Yan Lingji was speechless after hearing what Mrs. Mingzhu said. She was afraid that that bastard Su Chen would like this cold woman, but Mrs. Mingzhu still said that. Doesn't this make her even more worried?

Yan Lingji thought of Su Chen looking at Hu Regarding the beauty's long legs, she hurriedly said to Mrs. Mingzhu,

"Um, that's impossible, right? How could Su Chen like a cold woman? If you ask me to talk about the other women in Zilanxuan, Su Chen would definitely like a woman like Hu Meiren. Hu Meiren looks like a vixen and she has long legs. That bastard Su Chen is... Peeping often"

"real?"

"Of course, I found Su Chen peeking at Hu Meiren's long legs several times."

"Damn it, I asked you why Hu Meiren didn't agree yesterday. It turned out that she had already been involved with that bastard Su Chen."

Zi Nu looked at Yan Lingji and Madam Mingzhu speechlessly. She was talking about Xue Nu now. Why did she suddenly talk about Hu Meiren? Zi Nu knew that Su Chen and Hu Meiren had nothing to do with each other. Everyone is making a fuss out of a molehill.

Zi Nu looked at Yuki Nu's confused look and said,

"Snow Girl, you stay in Zilanxuan now and wait for my husband to come back to see what he will do with you. You also heard what I said just now. You were sent away by someone sent by Ji Wuye, the general of the Han Kingdom. Do you think you can get away from it? Escape from Xinzheng City? Do you think you can escape from the cold country smoothly?"

"Ji Wuye, the great general of the Han Kingdom? Why did he give me to your husband?"

Xue Nu did not expect that the person who captured her this time was Ji Wuye, the general of the Han Kingdom. Now she also knows that if she dares to escape from Zilanxuan, what is waiting for her is the capture of her by the Han Kingdom army. Snow Nu has not He can escape from being captured by the army.

Yan Lingji knocked on the table and said mockingly,

"Hey, if you weren't pretty, do you think you could be sent here?"

Xue Nu became a little emotional and said loudly to Yan Lingji,

"Can you nobles just bully and deal with you at will if you are beautiful? Yan

Lingji said with some emotion,

"Being beautiful is the original sin, and unless you are strong, you cannot avoid it."

Yan Lingji thought about how she had been imprisoned for several years. If she hadn't understood Baiyue witchcraft, her innocence would have been ruined by those people.

Boom! Boom! Boom!

At this moment, Zilanxuan Suddenly there was a loud noise, and Zi Nu and the others stood up in a hurry. They knew that this was the Luo Wang assassin coming over. Do these Luo Wang assassins think that the masters are protecting King Qin Ying Zheng from leaving, and Zi Lan Xuanli will not have the strength to deal with them? Yet?

"Yan Lingji, you take the shadow assassins to kill the ordinary snare assassins, and Mingzhu and I will kill the masters."

"Okay."

When Zi Nu and the others came to the yard, hundreds of Luo Wang Assassins wearing bamboo hats, led by ten innate peak Luo Wang Assassins, were fighting the secret guards.

However, Zi Nu and Madam Mingzhu looked a little weird, as if they were not at all. It is impossible for these trap assassins to leave safely without their actions.

Zi Nu and Ming Zhu looked at Su Rongrong, Ying Ge, Li Hongxiu, Mo Ya, and even Hu Meiren joining the battle. This made Zi Nu and Madam Ming Zhu see He was a little speechless.

With Mo Ya, a master in the early stage of Grandmaster, the ten earth-level snare assassins were quickly killed by a few of them, and the remaining snare minions were all killed by the secret guards..The battle came and went quickly. Zi Nu looked at the secret guards who were handling the corpses and shook her head and entered the room. It seemed that Luo Wang didn't take Zi Lanxuan to heart this time. All their masters should go and kill them. King Qin won the victory.

Yan Lingji returned to the room a little depressed. She thought she was going to have a big battle. This was her first battle after being promoted to Grand Master, but she was slaughtered before she could do anything.

Snow Girl Now I was very surprised. Dozens of innate masters were slaughtered in such a short period of time.

More than a hundred killers were all eliminated in less than a quarter of an hour. The snow girl looked at the guards who were handling the corpses and thought, she can Did you escape from Zilanxuan from those guards?

When Zinu saw Hongyu and the others coming, she said to Hongyu,

"Hong Yu, the Black Widow and Li Wu in the secret room asked the sisters to keep an eye on them. Although the trap failed this time, we still have to be careful about the trap coming to save them."

After hearing Zi Nu's words, Hong Yu looked at Mrs. Mingzhu next to him and said,

"Don't worry, sister, Black Widow and Li Wu may not be able to wake up for a few days. Madam Mingzhu made some incense to enchant them all."

At this time, Mrs. Mingzhu said angrily when she saw Hu Meiren coming in,

"Hu Meiren, how dare you deceive me? Since when did you have a relationship with my husband?"

Mrs. Mingzhu now looks at Hu Meiren very displeased.

Since this Hu Meiren is getting along with that bastard Su Chen, when she asked her for help, this Hu Meiren actually pretended to have nothing to do with Su Chen. , Mrs. Mingzhu felt like she was being fooled by Hu Meiren like a clown.

Chapter 264

In a valley, Black and White Xuanjian and the Luowang assassins have already laid an ambush here. This is the only way to the Qin Kingdom and the best place to assassinate the King of Qin. Now Black and White Xuanjian is waiting for the arrival of King Qin Yingzheng.

"Lord Xuanjian, the motorcade is about to arrive."

"The notice goes on and everyone gets ready. Those people won't be able to let them leave alive in a while."

"Yes, Lord Xuanjian"

"Ba Linglong, you go and kill Qin King Ying Zheng later, I will deal with Gai Nie and the other masters."

"Jie Jie, don't worry, King Qin Ying Zheng will definitely die in my hands this time."

At this time, King Qin Yingzheng and others also arrived in this valley. The captain of Qian Nether Iron Cavalry sent a reconnaissance cavalry to check if there was any danger in the valley.

Wei Zhuang looked at the valley in front and suddenly felt an unusual aura. , Wei Zhuang knew that those auras were the murderous aura on the bodies of some killers.

It seems that the Luowang assassins have begun to take action. There must be many Luowang assassins ambushing in this valley.

"I felt murderous intent in the valley. It seemed that the Luowang assassin was already in the valley preparing to assassinate King Qin."

Gai Nie said to Wei Zhuang with a serious expression,

"I feel it too, Wei Zhuang, let's take a break outside the valley and see if those snare assassins can't help but come out of the valley."

"Okay, Commander Song Qianfu, order the army to rest where it is, so that the army can be ready to fight at any time. There is no peace in the valley."

"Yes, Lord Wei Zhuang."

Just when Wei Zhuang and Gai Nie were preparing to lure out the assassins in the valley, Lord Wu Xiang of the Song Dynasty's army was already preparing to start a war of annihilation. Outside

Shannan City on the border of Dali Kingdom, hundreds of thousands of black men Army A camped a few miles away from Shannan City. These troops had been threatening Shannan City here for more than half a month.

In a luxurious camp in the Black Army,

Huang Rong, after receiving Su Chen's 50,000 elite troops, She is now leading an army of almost half a million to start destroying Dali.

Huang Rong has been waiting for the opportunity to destroy Dali's army in Shannan City in one fell swoop. Now Shannan City has all the Dali army. If these armies are destroyed, then Dali will The country is already within reach.

Huang Rong looked at the ten army commanders and generals in front of her and said with a small face,

"Now the time has come. We will destroy Dali within a month. All legions are preparing. Today we will destroy Dali's more than 300,000 troops first. As long as these troops are destroyed, we can march straight into Dali in the future."

"Yes, Commander."

Xiao Feng next to him saw that the generals in the camp had left, so he walked to Huang Rong and said doubtfully,

"Huang Yatou, will Dali's army come out of the city to fight us? Dali's army has been defending Shannan City for half a month. It's impossible for them to go out of the city and fight us, right? Huang

Rong looked at Xiao Feng and said with a smile,

"Brother Xiao, the Dali army will definitely leave the city today. Duan Zhengchun was indifferent when he saw his wife being captured by us. This triggered a rebellion among the Yi people."

"Today, the secret guards have brought news that more than ten cities of the Yi tribe have begun to rebel. If Duan Zhengchun still confronts us at this time, the Yi tribe will definitely attack Dali City soon. Duan Zhengchun will want to retreat by then. It's too late."

Xiao Feng waved his hand after hearing Huang Rong's words. He didn't understand these things. Xiao Feng now believes in Huang Rong very much. In the past few months, Huang Rong conquered the southern part of the Song Dynasty in the south and the north. Huang Rong quickly occupied the southern part of the Song Dynasty. But since the beginning of the war, there has never been a failure. Now Huang Rong and Princess Zhao Min of Dayuan are called the two great women of Northern Zhao and Southern Huang.

Xiao Feng smiled and said to Huang Rong,

"As long as you have confidence, I'm just a bodyguard. I'm good at protecting you. You're great at leading troops in war."

Huang Rong smiled indifferently.

Huang Rong thought that if she destroyed Dali before that bastard Su Chen came back, she didn't know what kind of expression that bastard would have when he found out. She hadn't seen that bastard for several months.

Huang Rong Why do I feel like I miss Su Chen?

These days, Huang Rong dreams about Su Chen, a bastard who bullies her every time she sleeps. A few times, Huang Rong even had erotic dreams. Huang Rong blushed when she thought of this. She didn't understand why she was in the dream. , the bastard Su Chen in Meng did those things to herself.

Huang Rong quickly put aside these messy things. There was going to be a big war today. Now was not the time to think about these damn things.

Huang Rong patted her head. He smiled and said to Xiao Feng,

"Haha, as long as that bastard Su Chen's army is strong, whether it is the Netherworld Cavalry Legion or the Xuanwu Legion, they are all very powerful armies. The troops we have collected are not yet powerful in combat, but they are more than enough for logistical support."

"You girl! The army you have collected is already very good. They are stronger than all the armies of the Song Dynasty. Your requirements are too high."

"Maybe, if those armies have half the combat effectiveness of the Netherworld Cavalry Legion and the Xuanwu Legion, I will allow the establishment of another legion. This battle with Dali is to test the combat effectiveness of the troops we have collected."

At this time, a secret guard came in and saluted and said, "Report to the commander-in-chief, the female prisoner wants to see the commander-in-chief."

Huang Rong thought about why Dao Baifeng wanted to see her at this time. It has been more than ten days since she caught Dao Baifeng. She had to know that her father had rebelled against Dali for her. So this time Dao Bairuo Why did you come to see yourself?

"Bring her here. I also want to meet Dao Baifeng, the daughter of the leader of the Yi tribe."

""Yes, Commander."

Xiao Feng, who was nearby, didn't understand why Dao Bairuo came to see Huang Rong at this time.

"Girl Rong, what is Duan Zhengchun's wife doing here this time? Duan Zhengchun has obviously abandoned her, does she still want to plead for Dali? Huang

Rong smiled strangely and thought about what Dao Baifeng would look like if she told those secret things after seeing Dao Baifeng.

"I don't know, but I have heard some secret things about the Princess of Zhennan. This girl Su Yan told me."

When Xiao Feng heard what Huang Rong said, he was very interested in knowing what Dao Bairuo's secrets were. Xiao Feng was now very sure that Dao Baifeng's secrets must have something to do with Duan Zhengchun, otherwise Huang Rong wouldn't be such a serious person. The expression of watching a play,

"Princess Su Yan told you? That must be something very secretive."

At this time, Dao Baifeng was escorted over by several secret guards. When Dao Baifeng looked at this Huang Rong from Beizhao Nanhuan, who was called a strange woman, she felt a little unreal. This beautiful woman at a young age turned out to be The commander of an army of hundreds of thousands,

"I didn't expect that Lord Wu Xiang's army would dare to be handed over to a woman, and you didn't let that Lord Wu Xiang down, Commander Huang Rong. Huang

Rong asked, looking at the still charming Dao Baifeng and having no favorable impression of her.

"Dao Baifeng, why did you come to see me this time?"

"I want to know if Li Qingluo is really Wu Xiangjun's aunt?"

Chapter 265

Dao Baifeng had been thinking about the relationship between Li Qingluo and Wu Xiangjun when she came to see Huang Rong. Before she was caught by Huang Rong's people, Dao Baifeng heard that Li Qingluo had been living in Wu Xiangjun's house.

There were even rumors in the martial arts world that the owner of Mandala Villa was Wu Xiangjun's aunt, which made Dao Baifeng a little unbelievable. She even once wondered whether Li Qingluo and Wu Xiangjun had an ulterior secret.

Dao Baifeng had investigated Li Qingluo, and she had investigated all the women before Duan Zhengchun, but none of Duan Zhengchun's women had any background.

If Li Qingluo was Wu Xiangjun's aunt, how could she marry a sick man? Li Qingluo's husband died of illness within a few years.

During that time, Dao Baifeng had been sending people to monitor Li Qingluo. After Li Qingluo's husband died, no high-ranking official came to Mandala Villa. This made Dao Baifeng even more disbelieving that Li Qingluo was Wu Xiangjun's aunt.

Huang Rong looked at Dao Baifeng speechlessly. She knew exactly what Dao Baifeng was thinking.

Huang Rong initially thought that the mature and beautiful Li Qingluo had that kind of relationship with Su Chen. Later, she realized that she had misunderstood after Su Yan told her.

Huang Rong knew that Dao Baifeng wanted to know whether Li Qingluo came to take revenge on Duan Zhengchun in this war, which disappointed Dao Baifeng.

Li Qingluo had long forgotten about Duan Zhengchun, and it was even possible that Li Qingluo would not hesitate to kill Duan Zhengchun.

Li Qingluo told her personally what happened between Li Qingluo and Duan Zhengchun. Li Qingluo just wanted Huang Rong to Enough to destroy Dali in one fell swoop and kill Duan Zhengchun.

Huang Rong looked at Dao Baifeng, who was expecting her to answer her, then rolled her eyes at Dao Baifeng and said,

"Dao Baifeng, you don't have to make wild guesses. Aunt Li is indeed Wu Xiangjun Su Chen's aunt. Everyone in Gusu City knows this."

Dao Baifeng didn't expect Huang Rong to say this. She didn't believe what Huang Rong said. If Li Qingluo was Wu Xiangjun's real aunt, how could she not know that her subordinates who were monitoring Li Qingluo could not ignore such an important matter? forget to tell yourself

"Impossible. If Li Qingluo is Wu Xiangjun's aunt, why haven't they seen each other in more than ten years? Is Li Qingluo Wu Xiangjun's woman?"

When Huang Rong heard Dao Baifeng's words, she slammed the table angrily and shouted angrily,

"Insolent, Dao Baifeng, if you dare to talk nonsense again, don't blame me for being rude to you. There is no need to question that Aunt Li is Wu Xiangjun's aunt, and Aunt Li's mother is also in Wu Xiangjun's house now. I think you might Don't you know who Aunt Li's mother is? All your investigations are useless."

"Aren't Li Qingluo's parents dead long ago?"

"Haha, Aunt Li's parents are both alive and well. Oh, no, her father is about to die. You may not have thought of it. Who are your aunts?"

"who is it?"

"This time, in order to prevent you from talking nonsense, I will tell you that Aunt Li's father is the head of the Xiaoyao Sect, Wu Yazhi, and Aunt Li's mother is now the Queen Mother of Xixia, Li Qiushui. What else do you have to say now?"

"impossible? Isn't this true? If Li Qingluo had such a great background, why would she live in the world and even end up marrying a sick man?"

"That's because Aunt Li's parents turned against each other at that time, and Aunt Li ran away from home since she was a child. Otherwise, do you think Aunt Li would have been deceived by your husband Duan Zhengchun's sweet words? After Aunt Li ran away from home, she lived in Wu Xiangjun's house for several years before leaving."

"It turns out that's the case. No wonder I didn't find out who Li Qingluo's parents were. I didn't even find out where Li Qingluo lived during the years when she was in the capital of the Song Dynasty. It turns out that Li Qingluo lived in Wuxiang Jun's Mansion at that time."

Dao Baifeng now understands everything. Now Dao Baifeng also knows that she thought wrong. This time the war between Wu Xiangjun and Dali may not be fueled by Li Qingluo at all.

If Li Qingluo wanted to take revenge, I'm afraid she could have done so long ago. With the help of Li Qingluo's parents, and even Wu Xiangjun, she could have taken revenge a long time ago, and she would not wait until this moment.

Xiao Feng stood aside and was speechless listening to the conversation between Huang Rong and Dao Baifeng. He didn't want to hear these secret things. Yes, but he wanted to protect Huang Rong. Even if Xiao Feng didn't want to listen, he couldn't leave.

Xiao Feng didn't expect that the person he was talking to this time would be Wu Xiang. He has also met Wu Xiangjun's aunt. That woman is also a master. She is now in charge of everything in Wu Xiangjun's house.

Xiao Feng didn't notice that Wu Xiangjun's aunt had an improper relationship with Wu Xiangjun. It seemed that women were really jealous.

Huang Rong saw that Dao Baifeng now understood the relationship between Wu Xiangjun and Li Qingluo. She smiled and said to Dao Baifeng,

"Dao Baifeng, this war is also to blame on your husband and son. Your husband attacked Lord Wu Xiang's daughter Princess Su Yan at the Beggar Clan Conference, and your son Toad wanted to eat swan meat and fell in love with it. Wu Xiangjun's cousin even offended Princess Su Yan. Do you think it is still necessary for your Dali to exist?"

Dao Baifeng said angrily,

"Then didn't we in Dali pay compensation?"

Huang Rong drank a cup of tea and looked at Dao Baifeng, who was still unaware. If she knew that his father and the Yi people had rebelled against Dali, she didn't know if Dao Baifeng would speak for Dali.

Huang Rong He smiled at Dao Baifeng and continued,

"compensation? That is the ransom, that is the ransom for us to let Duan Zhengchun return to Dali. We have not promised not to send troops to Dali, and it seems that you have been abandoned by Duan Zhengchun. Even if you help Duan Zhengchun now, I am afraid he will not accept your favor."

Dao Baifeng is also heartbroken now. She did not expect that when she was captured by Huang Rong's secret guards again, that bastard Duan Zhengchun actually watched from Shannan City and did not send any troops to rescue her.

Dao Baifeng also understood It was very easy for those secret guards to catch him, but why did they wait until he was about to escape to Shannan City before catching him?

This also made Dao Baifeng think that this might be a trap set by Huang Rong. Huang Rong just wanted to lure Duan Zhengchun to send troops. In this way, Huang Rong might annihilate the army led by Duan Zhengchun in one fell swoop.

"Yes, I was abandoned by Duan Zhengchun, but that was because Duan Zhengchun was thinking of Dali, otherwise he would not have abandoned me?"

Huang Rong was a little disdainful after hearing Dao Baifeng's words. How could she not know what kind of person Duan Zhengchun is?

When Duan Zhengchun was arrested, he knelt down and begged for mercy and begged Su Chen to let him go. When Dao Baifeng was arrested, Duan Zhengchun was Duan Zhengchun, who was afraid of setting up an ambush and fearful of death, would definitely not dare to send troops to rescue Dao Baifeng.

"Haha, Dao Baifeng, you overestimate Duan Zhengchun. Duan Zhengchun is obviously greedy for life and afraid of death and dare not save you, but you still speak for him. You don't know those women around Duan Zhengchun, right? Now those women are all accompanying Duan Zhengchun in Shannancheng, and even his daughters are also in Shannancheng. Don't tell me that you don't know this."

Dong dong dong dong.

Just when Dao Baifeng was about to refute, the sound of war drums came from Shannan City. When

Huang Rong heard the sound, she knew that Duan Zhengchun was going to send out troops to start the war. Huang Rong immediately became happy. This time she Waiting for half a month was not in vain.

If Huang Rong hadn't been worried that too many troops would be lost in the siege, she would have captured Shannan City long ago. This time Dali's army will fight with her own army on the plains, Huang Rong will let these Dali troops... Know what an overwhelming attack is

"Come and order each legion to prepare for war as planned."

"Yes, Commander"

Chapter 266

In Shannan City, Duan Zhengchun ordered the troops to leave the city and start gathering for a life-and-death showdown with Huang Rong. Then he came to the palace of the lord of Shannan City to meet his mistresses and daughters.

Duan Zhengchun was not sure of defeating Huang Rong this time. The opponent had an army of 500,000, and he only had more than 300,000 including the city guards.

Duan Zhengchun also knew that Huang Rong had two powerful legions, and it was impossible for his army to defeat those two legions.

The next moment, in the hall of the Lord's Mansion in Shannan City, Qin Hongmian, Ruan Xingzhu, Gan Baobao, they and their daughters were all under house arrest here.

This time, Duan Zhengchun's four generals personally led their guards to capture them all.

It's just that they all have different thoughts. Qin Hongmian doesn't want to have anything to do with Duan Zhengchun anymore, while Ruan Xingzhu and Gan Baobao have no complaints about Duan Zhengchun arresting them this time.

At this time, Duan Zhengchun walked in wearing a suit of armor. He looked helpless at the various women in the hall.

Although he has not seen these women for more than ten years, they are still so beautiful. Although Duan Zhengchun wants to renew his relationship with them these days, but the war is approaching, he has no time to communicate with these women these days..

Qin Hongmian said angrily when Duan Zhengchun came in,

"Duan Zhengchun, when will you let us go back?"

Duan Zhengchun was speechless looking at the hot-tempered Qin Hongmian. This Qin Hongmian disliked him the most. He came to see them several times, but Qin Hongmian never gave him a good look.

Duan Zhengchun couldn't bear it. Out of anger, he calmly said to Qin Hongmian,

"Hongmian, during this war, I was afraid that Huang Rong would find out that you are related to me, so I wanted to protect you. If Huang Rong knew about your relationship with me, she would definitely catch you and blackmail me."

"Hey, we have nothing to do with you for a long time. Let us go now."

Qin Hongmian looked at Duan Zhengchun with disdain.

Qin Hongmian knew that Duan Zhengchun was captured by Li Qingluo's nephew Wu Xiangjun and knelt down to beg for mercy. Now Qin Hongmian looks down on Duan Zhengchun more and more.

This time he said They were arrested to protect them, but they had nothing to do with Duan Zhengchun. Qin Hongmian didn't believe that Huang Rong would arrest these women.

Ruan Xingzhu next to him pulled Qin Hongmian. Said softly,

"Red cotton, maybe Duan Zhengchun is right, how about we wait until the war is over before leaving?"

Qin Hongmian looked at Ruan Xingzhu who was not up to expectations and said with a bad face,

"We stay here to wait for death. You have no idea how powerful Wu Xiangjun's army is. Dali is destined to be destroyed this time. If we don't want to be implicated by this bastard, we must leave now. If you don't leave, then I Just leave by yourself."

Qin Hongmian looked at Ruan Xingzhu and Gan Baobao and knew that they wanted to renew their relationship with Duan Zhengchun. Qin Hongmian ignored them and pulled her daughter Mu Wanqing to say,

"Wanqing, let's go."

Mu Wanqing nodded and walked out of the hall with Qin Hongmian. Mu Wanqing also didn't want to recognize Duan Zhengchun, who abandoned her mother. If her mother hadn't stopped her earlier, Mu Wanqing would have assassinated this ruthless man. The meaningless Duan Zhengchun.

When Zhong Ling'er saw Mu Wanqing and Qin Hongmian leaving, she said to her mother,"Mom, let's leave too, I don't want to stay here either."

Gan Baobao was a little confused and said to Zhong Ling'er,

"Ling'er, this is your father. Do you really not want to stay?"

Zhong Ling'er didn't even look at Duan Zhengchun before pulling Baobao Gan to leave with Qin Hongmian and the others.

Zhong Ling'er didn't want to recognize the murderer of his father. Although he was his biological father, Duan Zhengchun didn't take care of him. She had already settled that Zhong Ling'er had not taken revenge on him.

"He is not my father. My father is Zhong Wanchou. Mom, let's get out of here, right?"

"Oh, okay, let's leave too,"

Gan Baobao looked at the stubborn Zhong Ling'er and reluctantly agreed. She actually didn't want to leave Duan Zhengchun, but she still chose to leave for her daughter Gan Baobao.

Ruan Xingzhu looked at Qin who was about to leave. Hong Mian and Gan Baobao were a little confused, and now she didn't know whether to leave.

Ruan Xingzhu looked at Ah Zi who was watching the fun and was speechless. This daughter of hers is a bit wild, and she has done all kinds of outrageous things. , but why did you just watch the fun and not cause trouble today?

When Qin Hongmian pulled Mu Wanqing out and was about to go out, Duan Zhengchun's guards stopped Qin Hongmian and the others. When

Qin Hongmian saw that Duan Zhengchun was still unwilling to let them go, Qin Hongmian immediately , and shouted angrily,

"Get out of the way, Duan Zhengchun, let all your people get out of the way?"

"You can't leave. If you want to leave after this war, I won't stop you. Now just stay here and wait for the war to end."

"Duan Zhengchun, we have nothing to do with you anymore. You don't need to worry about our safety. Ask your guards to get out of our way."

"No matter what you say, you can't leave now this time. I will send you away after the war is over."

Duan Zhengchun looked at Qin Hongmian and Gan Baobao who were about to leave and said with an ugly expression.

Duan Zhengchun did not want his women to be captured by Wu Xiangjun's army. With the beauty of Qin Hongmian and the other girls, Duan Zhengchun He was afraid that after Qin Hongmian and the others were caught, they would be occupied by the lustful Lord Wu Xiang.

Duan Zhengchun knew that Lord Wu Xiang was a completely lustful person. As long as he saw the women around Lord Wu Xiang, he would believe that any one of them would Everyone knows what kind of person Wu Xiangjun is, and Duan Zhengchun doesn't want his women to be ruined by Wu Xiangjun.

Woo! Woo! Woo! Woo!

When Duan Zhengchun was about to say something else, Suddenly he heard the horn sound of Wu Xiangjun's army. He knew that Huang Rong on the opposite side had also begun to gather troops to start a war with him.

Duan Zhengchun looked at Qin Hongmian and the others and ordered his guards,

"No one is allowed to leave here"

""Yes, my lord."

Duan Zhengchun ordered and looked at the women before leaving in a hurry. This war was related to his life and death, and he had to direct the war diligently.

Seeing that they could not leave, Mu Wanqing hurriedly told Qin Hongmian asked,

"Mom, what should we do?"

Qin Hongmian has no choice now. This place is guarded by hundreds of guards. She can't get out even with Mu Wanqing.

Qin Hongmian sighed and said,

"Let's wait and see, and we'll see what happens later."

Gan Baobao and Zhong Ling'er had no choice but to sit down again. They also knew that they could not leave here now. At this moment, on the battlefield.

Huang Rong, dressed in military uniform, rode to the front of the army. She looked at hundreds of thousands of troops in order. She was a little proud of the military formations lined up. Except for the Netherworld Cavalry Legion and the Xuanwu Legion, the rest of the troops were trained by her. At this time, when Huang Rong led Xiao Feng and five hundred secret guards to attack Lord Wu Xiang's Xuanwu Legion, After the bird flag was unfurled, the entire army under Wu Xiangjun's command on the battlefield was boiling.

This black bird flag represents Lord Wu Xiang. All the soldiers of the legion here did not expect that this time the commander Huang Rong would actually come to Lord Wu Xiang's black bird flag. Bird flag.

The deputy commander of the Netherworld Cavalry Legion got off his horse and saluted Huang Rong,

"The Netherworld Cavalry Legion meets the Commander-in-Chief."

The fifty thousand soldiers of the Netherworld Cavalry Legion also dismounted and neatly saluted Huang Rong.

"See commander in chief"

"Wang Meng, commander of Xuanwu Legion, see Commander-in-Chief"

"See commander in chief"

"The commanders of the First, Second, Third and Provisional Legions of Suzhou met with the Commander-in-Chief"

"See commander in chief."

Subsequently, the 80,000 Xuanwu legions and the more than 300,000 temporary legions saluted Huang Rong. The presence of Wu Xiangjun's black bird flag means that Huang Rong will be the legitimate commander-in-chief of all legions here, and any legion must strictly obey. Commander Huang Rong's order.

Chapter 267

Huang Rong was in a daze when she saw the black bird flag swinging in the wind. She didn't expect that the black bird flag could have such a great effect.

Huang Rong looked at the dark army kneeling in front of her. This was an army of half a million people.

Huang Rong knew that the Netherworld Cavalry Legion and the Xuanwu Legion were loyal to Su Chen, but how could the temporary legion that she personally trained be loyal to that bastard Su Chen?

The mere presence of that bastard's family flag on the battlefield now makes all the troops here obey him from the bottom of their hearts.

In the past, these troops also carried out their orders very well, but Huang Rong felt that after she took out Su Chen's family flag today, the troops here truly obeyed her, and they still obeyed her to the letter. This made Huang Rong It feels a little weird.

This black bird flag was brought over by Madam Jing salamander last night.

Mrs. Jing salamander came here to help Huang Rong deal with the masters of Tianlong Temple. There was a great master in Tianlong Temple. If that great master came to assassinate Huang Rong, I am afraid Xiao Feng would not be able to stop the assassination of this great master.

However, if the grand master dared to assassinate him, he would not be able to escape from the army alive. After all, if he was assassinated and died, the troops under her would encircle and kill the grand master in rage.

Xiao Feng looked at the Black Bird Flag with some surprise. He did not expect that just one flag would make all the legions here become more energetic, and even burst out with murderous intent, which frightened Xiao Feng.

Xiao Feng was speechless when he saw the troops here completely obeying Huang Rong.

In the past, these armies also obeyed Huang Rong's orders, but Xiao Feng felt that all the armies here today would obey orders sincerely, instead of treating Huang Rong as an outsider and taking orders.

Xiao Feng looked at these troops and not only thought, whoever wants to rebel under Wu Xiangjun in the future, I am afraid that if he has the idea of rebellion, he will be killed by his troops.

Why are Lord Wu Xiang's troops so loyal to Lord Wu Xiang?

There are many troops here who have recently surrendered and recruited. They should be loyal to Huang Rong, right?

Xiao Feng was a little surprised when he saw the army in front of him. Now Xiao Feng felt that Wu Xiangjun Su Chen was poisonous. Whether it was the beautiful woman or the troops under him, they were all loyal to Su Chen.

Just like Huang Rong, she will definitely marry Wu Xiangjun in the future.

Xiao Feng would not be wrong. Although Huang Rong had always called Su Chen a bastard, Xiao Feng felt that Huang Rong had fallen in love with Wu Xiangjun. Some of Huang Rong's usual behaviors could explain everything.

At this time, the Dali army on the opposite side was a little frightened when they saw the menacing Wu Xiangjun's army three miles away. They were now very afraid of the black-armored army on the opposite side.

When Duan Zhengchun arrived on horseback, he happened to see the opposite army kneeling to Huang Rong, which made Duan Zhengchun a little envious of Huang Rong.

When Duan Zhengchun arrived here, only his own 50,000 troops bowed their heads and saluted him, and the armies from other cities did not respect him at all.

Duan Zhengchun also knew that the generals who held real power had not completely surrendered to their faction of the Duan family. After all, their faction of the Duan family had rebelled to seize the throne.

The generals here even have loyal supporters of Duan Yanqing, the boss of the Four Evil Villains, but his eldest brother has been the emperor of Dali for more than ten years, and it is impossible for these generals to rebel at this time.

Huang Rong waved her hand and asked all the troops to stand up.

"The star officer ordered the first legion of the temporary army to be in the center, the second legion to be on the left wing of the first legion, and the third legion to be on the right wing of the first legion, to spread out the military formation and start to advance forward."

"Yes, Commander."

Woooooooooooo, dong.

""All troops attack."

Duan Zhengchun saw that the army on the opposite side began to attack. He waved his hand and shouted an order.

The Dali army also began to attack Huang Rong's army. A war involving almost a million troops was about to happen.

And At this time, on a hill next to Shannan City, some martial arts people gathered here. They also wanted to see if Wu Xiangjun's war of annihilation would destroy the Dali Kingdom. On one side of the mountain, a man wearing a suit The elderly man in blue clothes said to an upright middle-aged man next to him,

"General Yue Fei, what do you think of this war?"

"Dali will lose."

Yue Fei looked at Wu Xiangjun's army and was very envious. These armies were not only powerful, but also well-prepared with weapons. If the Song Dynasty had such an army, I'm afraid they wouldn't lose the battle every year.

The old man laughed He smiled and said,

"Haha, just as I thought, Lord Wu Xiang's army is too powerful. The army of Dali will not pose any threat to Lord Wu Xiang's army at all, and Duan Zhengchun actually sent an army to fight against Lord Wu Xiang's army. Field war, isn't this just looking for death?"

Yue Fei looked at the troops about to fight and said with some worry,

"Mr. Yang, if Lord Wu Xiang destroys Dali, I am afraid he will send his army northward, and then our Song Dynasty will be in crisis."

These two people are Yue Fei and Yang Ye, the famous generals of the Song Dynasty. They came here specifically to see the battle between Wu Xiangjun and the Dali Kingdom. They also wanted to know the combat effectiveness of Wu Xiangjun's army.

Yang Ye smiled. He smiled and said helplessly,

"Yue Fei, isn't the Song Dynasty in crisis now? Now the Jin Kingdom, Xixia Kingdom, Liao Kingdom, and even the Great Yuan Dynasty are all eyeing our Song Dynasty, and the Great Yuan Dynasty has occupied many lands and counties in our Song Dynasty."

Yang Ye is also a little worried about the Song Dynasty now. Now that he and Yue Fei have been deprived of military power due to the failure of the last war, they are now powerless even if they are willing.

Yang Ye once thought that the Song Dynasty would be destroyed by Wu Xiangjun sooner or later, and Yang Ye would meet these armies on the battlefield in the future.

Yue Fei was a little confused and said to Yang Ye,

"I know, I now suspect that Xixia and Dayuan were cooperating with Lord Wu Xiang from the beginning of the rebellion in the south, while Jin and Liao were just taking advantage of the situation. What I don't understand is why Xixia and Dayuan cooperated with Wu Xiang. Xiangjun? Yang

Ye said to Yue Fei with a serious face,

"The commander-in-chief of Dayuan this time is Princess Zhao Min. She has a close relationship with Lord Wu Xiang. It is even said that Princess Zhao Min has made a private life-long arrangement with Lord Wu Xiang."

"As for Xixia, I guess the Queen Mother of Xixia may be helping Lord Wu Xiang. At the last Xingzilin Beggar Clan meeting, the generals of Xixia were very respectful to Lord Wu Xiang, and it is said that the Queen Mother of Xixia is the elder of Lord Wu Xiang's family."

Yang Ye was also very shocked when he heard Hong Qigong's words. He did not expect that Wu Xiangjun had a woman who was the Princess of Dayuan, and there was also an elder of the Queen Mother of Xixia. This made Yang Ye very interested in the Song Dynasty. Not having any hope anymore, not far from Yue Fei and Yang Ye, two veiled women, protected by dozens of black-clad guards, looked at the two armies that were about to collide.

"Sister Shiyin, are those black-armored troops the army of Lord Wu Xiang? The black armored army looks very powerful!"

"Lin Xian'er, those were Wu Xiangjun's troops. She didn't expect that what that bastard Su Chen said at that time would actually come true. This time, Dali might be destroyed by that bastard."

Lin Xian'er's eyes flashed with brilliance when she looked at those black-armored troops. These Wu Xiangjun's troops were really powerful.

Lin Xianer and Lin Shiyin came to see Wu Xiangjun this time. She just wanted to see if Wu Xiangjun was not worthy of his name.

If Lord Wu Xiang is really as Lin Shiyin said, Lin Xianer feels that she can also win Lord Wu Xiang's love.

Lin Xianer feels that she is much more beautiful than Lin Shiyin, and Wu Xiangjun will definitely be fascinated by her.

Lin Shiyin was a little worried when she saw the armies about to fight. This was a war to destroy the country, and she didn't know if that bastard Su Chen was here.

That bastard doesn't know martial arts. If the old monk in Tianlong Temple goes to assassinate Su Chen, Lin Shiyin doesn't know if the guards Su Chen brings this time can protect him.

Lin Shiyin thought that her cousin Li Xunhuan had not arrived yet this time. If he had arrived, he would be able to protect that bastard Su Chen.

Lin Xianer sat on the stone and looked at the black-armored troops and asked Lin Shiyin,

"Sister Shiyin, what kind of person is Mr. Wu Xiang?"

Lin Shiyin missed the bad Su Chen a little when she thought about him.

Lin Shiyin hadn't seen that bastard for a few months. She also finished all the things this time before coming to the southern part of the Song Dynasty from the Ming Dynasty. Oh, no, now the southern part of the Song Dynasty should be called Wu Xiangjun's territory.

Lin Shiyin thought about it and said to Lin Xianer with a smile,

"Su Chen? He is just a despicable and shameless person, Xian'er, you have to be careful about that bastard, you are so beautiful, that bastard will definitely attack you when he sees you."

Lin Xianer felt a little sorry when she saw that Lin Shiyin didn't guard against her at all. After all, they were sworn sisters, but for her future happy life, Lin Xianer could only feel sorry for Lin Shiyin. Lin Xianer also learned that Lin Shiyin actually found a powerful man, and this man was a prince named Wu Xiangjun. He had rebelled and conquered the southern part of the Song Dynasty, and now he had started a war to destroy the country. This made Lin Xianer a little jealous of Lin Shiyin's good luck.

Lin Xian'er was very interested in Lin Shiyin's cousin Li Xun Huan at the beginning. After all, Li Xun Huan was a great master, and Li Xun Huan's flying knife was unparalleled in the world.

But within a few days of getting along with Li Xun Huan, Lin Xian'er completely fell in love with Li Xun Huan. No more colds.

Li Xunhuan is a gentleman, but he is too pedantic. If she really marries Li Xunhuan, I am afraid she will not be happy for the rest of her life.

Lin Xianer smiled and wanted Lin Shiyin to reveal more about Wu Xiangjun. matter,

"Haha, Sister Shiyin, since Mr. Wu Xiang has been said so badly by you, why do you still like him?"

Lin Shiyin smiled happily when she thought of Su Chen. She and Su Chen were privately engaged for life, and she also got the blue bird jade pendant that Su Chen gave him.

The secret guards around Lin Shiyin were also sent by Su Chen's wife Jingyu. This is also Su Chen's wife's recognition that she will be a member of the family in the future.

"I and I might be fate with that bastard. Since I have passed him in Xingzilin, I don't know how to like that shameless bastard. I have missed that bastard every day. There is no need for a reason, you will know it when you meet someone you like."

Lin Xian'er was a little surprised when she heard that Lin Shiyin beat Wu Xiangjun. She looked at the gentle and virtuous Lin Shiyin and felt that she was deceiving herself. Would Lin Shiyin with a character like this hit someone? This is a bit of a fantasy.

"Sister Shiyin, have you ever beaten Mr. Wu Xiang? You never told me this"

"Haha, that bastard Su Chen doesn't know martial arts, or even basic fighting. I gave that bastard a back throw, and I knocked him blind."

"Sister Shiyin, you are a very gentle and virtuous woman, why would you beat Mr. Wu Xiang?"

"Forget about that bastard, Xian'er, you don't know, that bastard made me angry and I wanted to strangle him to death. He was very shameless."

While Lin Shiyin and Lin Xianer were talking, the army commanded by Huang Rong began to attack the Dali army.

After the three commanders of the temporary army reached the range of the archers, they ordered the archers in the army to

"The archers are ready, let go"

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!"

"Giant shield defense, spearmen, throw"

Buzz! Buzz! Buzz! Buzz! Buzz!"

"ah! ah! ah"

"I've been hit by an arrow, come and pull me out"

"Get out of the way, raise your shields"

"Ah, my leg, my leg was hit by an arrow"

"Spread out, why don't our archers fight back? Damn it, why did these arrows hit us so far?"

Dali's army did not expect that the opponent's archers could shoot such a long distance. The army here was unprepared and was killed by these arrows.

Duan Zhengchun looked gloomy and saw that there was no close combat. Dali The army suffered heavy losses, and he did not expect Wu Xiangjun's archers to be able to shoot so far.

Duan Zhengchun now only hopes that the Dali army can kill all Wu Xiangjun's recruits in a close encounter.

As for those who were not dispatched , Duan Zhengchun knew that his army could not fight against the Netherworld Cavalry Legion and the Xuanwu Legion no matter what.

In this war, Duan Zhengchun knew that he would definitely lose, but he also had to resist Wu Xiangjun's army. If Wu Xiangjun If his army breaks Shannan City, I am afraid that Dali will be destroyed in less than a month.

Duan Zhengchun is now worried that his army really cannot defeat Wu Xiangjun's army. If this war is really going to be lost,

Duan Zhengchun will immediately He took his women and daughters and left Shannan City immediately. Duan Zhengchun did not want to die for his country.

Bump! Bump! Bump!

At this time, the two armies finally collided with each other. The sound of the shields clashing and the soldiers' shouts The shouts of killing made the war more cruel.

Duan Zhengchun couldn't believe his eyes. He didn't expect that these recruits who had only been trained for a few months could fight the Dali army. They kept retreating.

Duan Zhengchun said to himself in horror. road,

"How could this be? These were the new soldiers brought out by Huang Rong. How could they gain the upper hand after a collision? What if the two more powerful legions were sent out? I'm afraid Dali's army will collapse instantly."

The war is still going on, and soldiers are falling to the ground and dying every moment. The fighting of almost a million troops soon dyed the land outside Shannan City red.

At this time, it started to rain lightly in the sky, It seemed as if the whole world was weeping for this cruel war.

Eastern Continent, Baijiapu.

Su Chen successfully obtained the 20,000 white-armed troops of Marquis Bai Ruobing. This time Marquis Bai Ruobing did not embarrass Su Chen again.

Marquis Bai Ruobing She was also afraid that Su Chen, a bastard, would do that to her again. The current Marquise was like a weak woman, obedient to Su Chen.

Bai Ruobing lay in Su Chen's arms, touched his face and said with a smile,

"Husband, I will go to Xinzheng to kill Bai Yifei and then I will go to the Qinhan border to find you. You should be more careful."

Chapter 269

Su Chen now feels that he is very awesome. He has just defeated a super master in the Heavenly Realm. Su Chen is a little happy to see Bai Ruobing who is very gentle to him now. If Shi Guanyin is also very kind to him in the future. If you follow Baishun, Su Chen will feel even more awesome.

Su Chen didn't know if King Qin Yingzheng was assassinated by the Luowang assassin, but he had already made arrangements, so even if he went there now, it might not be of any use.

Su Chen wanted to take 20,000 Baijia troops to the border of Qin and Han to help King Qin Yingzheng deal with Wang He. This general was the general under Bai Qi, Lord Wu'an. This time Wang He would definitely avenge Bai Qi.

This time, Su Chen wanted to see if he could regain this old general. A general who had served Qin through life and death for many years. In his later years, he not only rebelled and was killed, but his family was also killed by the nine tribes.

Su Chen felt that this matter could be avoided. This was not because Su Chen was soft-hearted, but because he felt it was unnecessary. There were more than 100,000 Qin troops stationed on the Qin-Han border.

Su Chen felt that if Wang He really rebelled, would Qin King Ying Zheng be able to leave alive?

This is the real world. Wang He, a subordinate of Wu'an Lord Bai Qi, is just seeking justice for Bai Qi, but his method is too extreme. However, Su Chen can also understand Wang He. At this time, he is indeed the most powerful person to kill Qin King Ying Zheng. good time.

Su Chen thought about what he was about to do, then hugged Bai Ruobing and said,

"Madam, when you go to kill the bloody Hou Bai Yifei, give Ji Wuye a warning. This Ji Wuye is now considered a cooperative relationship with me. I am afraid that he will be dishonest after I leave Han Country."

The Marquise said without caring after hearing Su Chen's words,

"General Ji Wuye? He's just a clown. I will warn him. I will also go to meet Zi Nu and Mrs. Mingzhu in Zi Lan Xuan this time. Don't worry, I won't treat them like this."

Bai Ruobing now knows all about Su Chen's affairs in the Eastern Continent. She did not expect that her husband was still a big shot, a noble Wu Xiangjun, and even had an army of hundreds of thousands, and this was still in the Eastern Continent.

Marquise Bai Ruobing Now some people are looking at Su Chen with admiration. As for Su Chen, this bastard and other women, the Marquise doesn't care anymore. Is she, a terrestrial god in the heavenly realm, afraid of Su Chen's other women?

Su Chen looked at the Marquise speechlessly. Bai Ruobing, although this woman said she doesn't mind having other women, does that mean she doesn't mind?

I hope their meeting this time won't be unpleasant. If they dare to get jealous, Su Chen doesn't mind keeping them out of bed for a few days.

"No matter how you meet them, they will be your sisters in the future after all. When you get to Zilanxuan, you can enter Zilanxuan smoothly just by showing the blue bird jade pendant I gave you."

Bai Ruobing got up from Su Chen's arms and straightened her dress and said,

"Got it, it's getting late, I'm going to kill that white-eyed wolf Bai Yifei first. If I wait too long, I'm afraid he'll get the news and hide."

"Well, then I have to set off, madam, if Zilanxuan is in danger, you can stay there and help me. I am very safe in the King of Qin. Concubine Yan is waiting for me in the Kingdom of Qin, so you don't have to worry about me."

"Hey, you bastard has wives all over the world"

"Haha."

At this moment, Black and White Xuanjian also appeared in front of Wei Zhuang and Gai Nie with the Luowang assassin.

Seeing that King Qin Yingzheng's army had not entered the valley, Black and White Xuanjian knew that they had been exposed, and Black and White Xuanjian did not hesitate. , he immediately came out of the valley with the snare killers.

Black and white Xuanjian was absolutely certain to win this assassination mission, and Gai Nie was only at the level of a master, even if Zilanxuan sent some masters to protect King Qin Ying Zheng can only be some ordinary master.

He is a great master, and Black and White Xuanjian doesn't think anyone here can deal with him.

Wei Zhuang said with a serious expression when he saw hundreds of net assassins appearing across from them,

"Luowang Tianzi killer Black White Xuanjian, and the other seven of the Eight Linglongs also appeared."

Gai Nie was a little surprised when he looked at the Grand Master's black and white Xuanjian. He had heard of this black and white Xuanjian. The black and white Xuanjian of Luowang, the man who demanded lives with his sword, and the black and white Xuanjian of the counter-blade soul suppressor could go on missions and never failed. However,

Gai Nie said to Wei Zhuang cautiously,

"There is some trouble this time. I wonder if Mr. Wu Xiang has any other arrangements?"

Wei Zhuang was speechless when he heard Gai Nie's words.

Wu Xiangjun had a plan. This black and white Xuanjian was the one Wu Xiangjun asked him to join forces with Gai Nie to kill him.

Wei Zhuang thought about what Zi Nu said to him. Somewhat helpless, that bastard initially asked him and Gai Nie to kill a great grandmaster. Wei Zhuang almost got angry and went to that bastard Su Chen to question him. Can two of them kill a great grandmaster? This is not what he was asked to do. Are you going to die with your senior brother Gai Nie?

If Zi Nu hadn't given Wei Zhuang a red fruit, Wei Zhuang might have gone to Su Chen that night

"No, this time we deal with Black and White Xuanjian, and Hu Tiehua and Tianze will take care of the rest."

"Um?"

At this time, Black and White Xuanjian walked to the front with his black and white swords and looked at Wei Zhuang and Gai Nie and said,

"Disciples of Guigu, you are not allowed to participate in this matter. I won't embarrass you if I leave now."

Gai Nie held the sword and said to Black and White Xuanjian expressionlessly,

"Black and white Xuanjian, are you Luo Wang going to betray Da Qin? Do you know who you want to assassinate?"

"Haha, the Snare Killer never asks why he kills. We just need to complete the task. We know very well who we want to kill this time. Are you leaving or not?"

When

Wei Zhuang hit Black and White Xuanjian with his sword, he would not be as gibbering as Gai Nie. The Luowang assassins must have known that the person they wanted to kill this time was King Qin Ying Zheng. What Gai Nie said was obviously nonsense.

"Um? Mid-term Grand Master? Wei Zhuang, you make me a little impressed, but you have only just advanced to the middle stage of Grand Master. You are no match for me now."

When Black and White Xuanjian saw Wei Zhuang suddenly coming to kill him, he blocked it with his white sword. But besides Black and White Xuanjian, Wei Zhuang turned out to be a master in the middle stage of the Grand Master, which surprised

Black and White Xuanjian.

Nie Cai was in the late stage of Grand Master, but how could his junior brother be the Great Grand Master?

Black and white Xuanjian noticed that Wei Zhuang's aura was a little unstable and knew that he had just advanced to the middle stage of the Grand Grandmaster. This made Black and white Xuanjian feel relieved.

"There are liars everywhere. Today we will let you see if we can kill you."

"Crossing the four directions."

When Wei Zhuang used his special skill to cross the four directions, countless sword energy attacked Black and White Xuanjian,

""Sword for life."

Black and White Xuanjian immediately took the black sword and burst out with powerful murderous sword energy to attack Wei Zhuang.

When

Wei Zhuang's tooth shark sword collided with Black and White Xuanjian's black sword, here A powerful shock wave erupted, and the surrounding Luowang Assassins and Netherworld Cavalry also began to retreat continuously.

Ba Linglong Zhenhou saw that Black and White Xuanjian had begun to fight. He looked at the carriage and gave a vicious order,

"Get all the snare assassins and kill everyone here."

"The crossbow is ready and fired."

Chapter 270

At this time, hundreds of Snare Assassins began to rush toward the carriage guarded by the Netherworld Cavalry, and the Netherworld Cavalry Legion also took out their Qi-Breaking Crossbows and began to shoot the Snare Assassin.

Hu Tiehua stretched out as soon as he got out of the carriage at the back. He was now a man in the quicksand. When Wei Zhuang came to him, he said something cool, "I can help you and Su Rongrong, as long as you Agree to join Quicksand].

Hu Tiehua was speechless now when she thought about it. Wei Zhuang was so cool in recruiting people to surrender. If he hadn't been worried that Su Rongrong would be severely punished by Wu Xiangjun, Hu Tiehua would not have agreed to Wei Zhuang, but Hu Tiehua had no choice at the time.

Hu Tiehua looked at the Baiyue Tianze next to her who was as cool as Wei Zhuang and felt a little helpless. Wei Zhuang and Tianze were a perfect match.

They all have cool expressions. Are all people in Quicksand like this? Hu Tiehua felt a little bad.

He was afraid that he would slowly become like Wei Zhuang Tianze in the future. Hu Tiehua thought that if he had a cool expression all day long, he might go crazy.

"Brother Tianze, it seems it's time for us to take action. Tianze looked at the remaining eight Linglongs and said nonchalantly,

"Some clowns, only Zhenhou here is stronger, Hu Tiehua, you already know the information about Ba Linglong, don't be soft-hearted when you see old people and children, otherwise you will die."

"Am I a fool? I'll leave that earthquake to you. My injuries haven't fully healed yet, and I don't want to get hurt again. The rest is up to me and your men to kill them."

"Okay, King Qin Yingzheng is protected by secret guards here. We will deal with Ba Linglong and Baidu Ren. You and Hu Tiehua go to kill the others of Ba Linglong."

"Yes, master." After

Wei

Zhuang and Black and White Xuanjian separated, Gai Nie suddenly struck at Black and White Xuanjian with a sword. However, Gai Nie remembered that he wanted to kill the great master Black and White Xuanjian with Wei Zhuang. Just now he also It can be seen that Wei Zhuang is no match for this black and white Xuanjian, this time they are working together to deal with this powerful enemy.

"Across the four directions."

Black and white Xuanjian did not expect that Gai Nie would also sneak attack on him. He immediately blocked Gai Nie's sword with his white sword. Before Black and White Xuanjian could take action against Gai Nie, Wei Zhuang came over to kill him again.

For a moment, Black and White Xuanjian was beaten back by Wei Zhuang and Gai Nie. Black and white Xuanjian was furious now. This Guigu disciple fought with him desperately, and even fought him back for a while.

"Damn it, you deserve to die, the straight sword kills your life, the reverse blade calms the soul."

Boom! Boom!

Two sword auras, one black and one white, suddenly burst out from the black and white Xuanjian's swords. These sword auras then erupted into countless powerful... The sword blades attacked Wei Zhuang and Gai Nie.

Wei Zhuang and Gai Nie's expressions changed immediately when they saw these sword blades. They immediately retreated to avoid these sword blades.

Touch! Touch!

Wei Zhuang and Gai Nie were still a little late. They were in When they had no time to dodge these attacks, they immediately used their swords to smash the blades, but these powerful blades were not something they could stop.

Wei Zhuang and Gai Nie were instantly knocked away by the blades of Black and White Xuanjian, and now they Looking at the powerful Black and White Xuanjian with wounds all over his body, Wei Zhuang and Gai Nie did not expect that the Black and White Xuanjian who had unleashed all his strength would be so powerful.

Wei Zhuang wiped the blood from the corner of his mouth, and he looked worriedly at the blood-stained Black and White Xuanjian. Ganie asked,

"Senior brother, are you okay?"

Wei Zhuang also didn't expect that Black and White Xuanjian was so powerful. He and his cultivation level were the same, but there would be such a big gap.

Wei Zhuang might have just been promoted to Grand Master, and his true energy has not been completely transformed into true essence. Otherwise, there is no way that there is such a big gap between him and Black and White Xuanjian.

Gai Nie covered his chest and stood up and coughed a few times. This time, Gai Nie was seriously injured. After all, he was only at the level of a master. He did not die in Black and White Xuanjian. In Jian's hands, Wei Zhuang blocked most of the attacks for him.

"Ahem, I'm fine. This black and white Xuanjian is too powerful. Xiaozhuang, did Wu Xiangjun really say that he would send someone to support us?"

"should not"

"Then if we work together to kill Black and White Xuanjian, nothing will happen to King Qin Yingzheng."

Black and white Xuanjian slowly came towards Wei Zhuang and Gai Nie with his black and white swords. Now these two Guigu disciples have been defeated by him. It is easy for Black and white Xuanjian to kill them now.

"Haha, you still want to work together to kill me. You are too young. Maybe you can kill me in the future, but now you can only die by me."

At this time, King Qin Yingzheng came out of the carriage and saw that Black and White Xuanjian had defeated Guigu Zongheng in just an instant, which surprised King Qin Yingzheng.

Guigu Zongheng was a master in the later stage of the Grandmaster, and this middle-aged Black and White Xuanjian Is Jian at the level of a great master?

It is impossible for Lord Wu Xiang not to know the strength of Black and White Xuan Jian. Could it be that Lord Wu Xiang misjudged the strength of Gai Nie and Wei Zhuang?

King Qin Yingzheng doesn't even know about that bastard Lord Wu Xiang now Will he still send experts to deal with him?

King Qin Yingzheng is also a little helpless towards Wu Xiangjun Su Chen. He has many things to talk to Wu Xiangjun, but that bastard only talked to him once and never talked to him again.

That bastard Wu Xiangjun is either teasing women or on the way to teasing women. Ying Zheng still doesn't understand that Wu Xiangjun has been like this. How did his territory develop? His army has never heard of betraying him? Bump bump bump.

Gai Nie and Wei Zhuang kept attacking Black and White Xuanjian, but Black and White Xuanjian just stood still holding the black and white swords to stop Gai Nie and Wei Zhuang's attacks. It was like Black and White Xuanjian was playing tricks on Gai Nie and Wei Zhuang. Wei Zhuang was the same.

Wei Zhuang saw that he and Gai Nie were constantly being repelled by Black and White Xuanjian. Wei Zhuang knew that the gap between them and Black and White Xuanjian was a bit big. If there was no way to kill Black and White Xuanjian, I'm afraid they would just consume their true energy. No matter how hard I try, I can't kill Black and White Xuanjian.

"Damn it, senior brother, use a trick"

"good"

"Across all directions"

"Hundred Steps Flying Sword"

"Um? If you are about to use a special move, then I will shatter your self-confidence." Seeing Wei Zhuang and Gai Nie's momentum rising, Black and White Xuanjian knew that they were about to use their last special move.

"The upright sword kills one's life, the reverse blade calms one's soul."

Boom! Boom! Boom!

At this time, the explosive momentum of two powerful momentums and a slightly weaker momentum directly caused the Luowang Assassin and the Netherworld Cavalry Legion who were fighting next to them to retreat and look at them in surprise.

King Qin Ying Zheng and Hu Tiehua , Tianze and the others also want to know who will win in the battle between Wei Zhuang and Black and White Xuanjian. This is related to the life and death of these people. If Wei Zhuang and Gai Nie fail, then everyone here will probably be killed by Black and White Xuanjian. Grandmaster kills

"Ahem, senior brother, are you dead?"

"without.....No, cough, but I won't be able to tell for a while."

Wei Zhuang and Gai Nie were lying on the ground in tatters and even had several big wounds on their bodies. Wei Zhuang and the others did not expect that they would fail in the end. I am afraid they will die here this time.

Black and white Xuanjian looked at them coldly. Wei Zhuang and Gai Nie, who were defeated by him, said,

"If you fail, have you decided how to die?"

At this time, a beautiful and cold beauty suddenly appeared here. This cold beauty looked at the black-armored army and said with some doubts,

"Huh? Black armor army? Whose army are you? Do you recognize this token?"

"The captain of the Netherworld Cavalry Legion met his wife"

"Met Mrs."
