

Zongwu 2611

Chapter 2611

When the Tianti girl saw that Su Chen didn't pay attention to her anymore, she understood that Su Chen was wary of her and even no longer trusted her.

She did all this for Su Chen, a shameless bastard.

The Tianti girl didn't know why she cared about this. asshole

"Alas, he is about to get out of trouble and return to the Hongmeng world. This bastard may not meet Su Chen again in the future. Even if he meets Su Chen again, this bastard may not recognize her."

At this moment,

Su Chen thought about it and decided to go to Devour the World.

He has the space channel to Devour the World that was rewarded by the system girl. Su Chen can also go to Devour the World at any time.

However,

Su Chen is worried about the three sisters

Su Yan. If the three sisters accidentally destroy the Devouring World, the sexy beauty Winina will be in tragedy. The three careless girls,

Su Chen decided to capture them.

"The ladder to heaven, the designated world is the Devouring World, sent me there to Devour the World."

After Su Chen looked at the girl on the ladder to heaven, he planned to capture the three sisters of Su Yan first.

As for the girl on the ladder to heaven,

Su Chen had no way to do anything to her. He couldn't beat or kill her.

He just didn't climb the ladder to rescue the girl on the ladder to heaven. It won't take many years for the girl to escape from the trap. Su Chen didn't want to completely anger the girl on the ladder, so he could only try his best to climb the ladder.

Whoosh!

A white light suddenly enveloped Su Chen, and Su Chen instantly disappeared on the three thousand floors of the ladder. superior

"little bastard!"

The ladder girl saw Su Chen going to Devour the World, and she disappeared on the three-thousand-story ladder with a cold face.

Devouring the World,

Jiangnan Base City,

Su Chen instantly appeared on a building, and he watched the cars coming. The city he went to shook his head. In a world where monsters occupy most of the earth, humans can only survive in steel fortresses.

"Brother, I don't see Mr. Li or Mr. Wang, please stay out of my business from now on. Goodbye, don't disturb me anymore.

Su Chen had just sealed his cultivation and changed into black casual clothes. He did not expect that a beautiful woman came to the rooftop of the building with a phone call.

This beauty was wearing a white T-shirt and a black skirt, with her long legs exposed. She was an extremely beautiful mortal beauty, but she had no strength at all.

Such a woman lives in an apocalyptic world where monsters are raging. If there is no powerful force in her family, this beauty may become the plaything of some strong men.

At this moment,

Xu Xin was thinking about the phone call just now with a lonely face.

For a month, she had been harassed by her brother to go on a blind date. Xu Xin was very helpless and had no way to do anything about it.

Xu Xin suddenly saw Su Chen next to her.

She looked around and said hurriedly,

"Sorry to bother you."

Su Chen shook his head and replied,

"Little beauty, go home quickly, it's getting dark"

"Home?"

Xu Xin's face changed when she heard Su Chen's words. The last thing she wanted to go back to was that so-called home, a cold home, a home without any human touch.

"Beauty, what's your name?"

Su Chen was a little confused when he saw Xu Xin's confused look.

He just asked Xu Xin to go home.

Why is this beauty so confused?

Does this beauty have no home? Or is this beauty a fool? Su Chen has sealed all the cultivation bases at this moment, it is impossible for him to read Xu Xin's memory

"My name is Xu Xin, what is your name?"

Holy shit,

Xu Xin?

Is this Luo Feng's wife who has no sense of existence?

Oh no, she is not Luo Feng's wife yet.

Xu Xin is just an ordinary woman.

She doesn't have Wenina's sexy and plump figure. Not enchanting and beautiful, Su Chen also remembered the plump Venina, and the extremely beautiful enchanting,

"My name is Su Chen!"

Xu Xin asked doubtfully, (To read Baoshuang novels, go to Feilu Novel Network!)

"Mr. Su Chen, are you a warrior?"

Su Chen smiled and replied,

"No, I'm just an ordinary person"

"no?"

Xu Xin was confused when she heard Su Chen's words.

She felt that Su Chen was not an ordinary person.

Xu Xin had seen many powerful warriors. She also found from Su Chen that he had the same temperament as those warriors. How could Su Chen not be a warrior? Could it be that Su

Chen was not a warrior?

Is Chen lying to her?

Wuwuwuwu.....

0 Asking for Flowers 0

Suddenly, the sirens of Jiangnan Base rang.

Su Chen turned around and saw thick smoke rising from the periphery of Jiangnan Base. Some flying monsters and military fighter jets were fighting in the air.

Xu Xin shouted with a pale face,

"No, it's a tide of beasts. Monsters are attacking Jiangnan Base City. Let's go to the underground shelter quickly."

"Go ahead!"

Su Chen waved to Xu Xin and went to the underground shelter?

Is he going to use it?

Although Su Chen's seal cultivation level is like that of an ordinary person, his body's strength cannot be broken even by universe-level monsters.

"What? Don't you want to take refuge? Don't you want your life?"

Xu Xin looked at Su Chen in surprise. She didn't expect that Su Chen would not go to the underground shelter.

Suddenly,

Xu Xin's eyes lit up when she looked at Su Chen.

She felt that her guess just now should be right. Su Chen must be a Warrior.

Otherwise, if Su Chen was an ordinary person, how could he not be afraid at all when facing the beast tide, and he would not go to the underground shelter?

"Why don't you leave?"

Su Chen saw Xu Xin standing in a daze without leaving. He couldn't understand what happened to this little beauty.

An ordinary woman,

Xu Xin, even though she came from a big family, faced a large number of beasts and powerful monsters. She is just a scum among scum, does she want to die if she stays here?

Xu Xin smiled and replied,

"Didn't you leave too?"

Su Chen asked doubtfully.

"If I don't leave, won't you leave?"

Xu Xin nodded and said,

"Su Chen, as long as you are here, I believe you will protect me."

Protection?

Is Xu Xin a fool?

Su Chen said that he is an ordinary person, did Xu Xin not hear it?

Or does Xu Xin think that beauty is invincible?

"Xu Xin, I am just an ordinary person, how can I protect you? Besides, what is your relationship with me? We haven't known each other for five minutes. Do you think I will protect you? Xu

Xin said with a smile,

"Su Chen, I feel that you are a warrior. I have seen many powerful warriors. You are very similar to those warriors. You may even be stronger than the warriors I have seen."

Chapter 2612

Su Chen was a little surprised when he heard Xu Xin's words.

He didn't expect Xu Xin to feel that he was a warrior and a powerful warrior.

This little beauty is not without merit.

At least she has good insight.

Xu Xin is indeed a young lady from a big family.

Su Chen did not answer Xu Xin's words.

He felt that a powerful monster was about to appear.

Although Su Chen's cultivation was sealed, his mental power was still there. A monster was underground in the base city.

He guessed it should be the Hydra Dragon in the plot, a king-level monster.

Su Chen touched his chin and said with a smile,

"Interesting!"

Xu Xin asked doubtfully,

"What's interesting?"

"Why should I tell you?"

"you....."

Xu Xin was speechless when she heard Su Chen's words.

She didn't expect that Su Chen would say this.

A man who has no grace at all, shouldn't a powerful warrior have grace?

Even if Su Chen is a powerful warrior, he is also a shameless powerful warrior.

Su Chen patted Xu Xin on the shoulder and said,

"Little beauty, something big is going to happen in Jiangnan Base City. You'd better ask the warriors in your family to pick you up and leave. It's best to leave Jiangnan Base City."

"What? Something big is going to happen? Are you asking me to leave Jiangnan Base City?"

Xu Xin was very surprised when she heard Su Chen's words.

She didn't know why Su Chen said that. She just felt that Su Chen didn't lie.

However, the army of Jiangnan Base City and many powerful warriors were dispatched.

Why did Su Chen still let him She left Jiangnan Base City? Are the army and powerful warriors no match for the monsters?

"Xu Xin, leave quickly!"

Su Chen said to Xu Xin and looked towards the city. Monsters were still attacking the base city. The army's weapons were still good. Energy guns and laser weapons were more than enough to kill the little monsters.

Hydra Dragon?

Luo Feng?

One A king-level monster, a warrior-level scumbag.

Su Chen wanted to know if Luo Feng would kill the Hydra Dragon again?

In the plot,

Luo Feng fights against a king-level monster alone.

Is this reasonable?

The God of War who comes to Jiangnan Base City Super warriors are no match for each other. A scumbag warrior actually killed a king-level monster in the end?

It's his fault.

Those war-god-level warriors are all fooled.

Luo Feng is a spiritual master, but Hydra Long is also a spiritual master, but his strength is different by several levels. Even if Luo Feng cheats, it is impossible to kill the Hydra Dragon.

Moreover, at that time, Luo Feng still used an ordinary flying knife to pierce the body of the Hydra Dragon. , this is even more unreasonable.

The Hydra Dragon is a king-level monster.

Can ordinary flying knives pierce the defense?

At this time, Luo Feng has not yet obtained the Sky-Escape Shuttle. The defense of the king-level monster is that it can be pierced by any weapon. Is it broken?

No matter how much Su Chen thought about it, he felt that the plot was very unreasonable.

Boom boom boom.....

Suddenly, a shock wave attacked Jiangnan Base City. The communication and protective shields of Jiangnan Base City were destroyed by the powerful attack wave, and the entire base city was also rushed in by countless monsters.

"coming soon!"

Xu Xin grabbed Su Chen's arm and asked nervously,

"Su Chen, what's coming? Is the monster leader about to appear?"

"good!"

Xu Xin asked hurriedly, (To read Baoshuang novels, go to Feilu Novel Network!)

"What level is the monster leader? Is it a lord-level monster?"

Su Chen checked and said to Xu Xin in Jiangnan Base City,

"King level, king level hydra dragon"

"What? King level?"

Xu Xin was shocked when he heard Su Chen's words.

King-level monsters?

This time the beast wave is actually caused by king-level monsters.

What should we do?

The warriors in Jiangnan Base City are all warrior-level, and they came to support Jiangnan Base City. The most powerful warrior may also be the God of War.

King-level monster?

This is not something that a God-of-War warrior can deal with.

No wonder Su Chen wants her to leave Jiangnan Base City. A king-level monster cannot be stopped by Jiangnan Base City, and Jiangnan Base City will also be destroyed by a king-level monster.

Xu Xin hurriedly took out her phone to inform the military that a king-level monster was going to attack Jiangnan Base City. She wanted the military to be prepared and even asked the military to

call for help quickly. Xu Xin hoped that there would be more powerful ones. Warriors arrived to protect Jiangnan Base City.

Su Chen frowned and whispered,

"Jiangnan base city is in such chaos, where are the three sisters Su Yan? Why haven't they come over to watch the fun?"

"There is no atmosphere of those three little girls in Jiangnan Base City. Are the three sisters not in Jiangnan Base City? Where will they go? And Winina, why is she not in Jiangnan Base City?"

Ho ho ho.....

Suddenly, many flying monsters appeared in the sky. One by one, the flying monsters attacked the buildings in the base city. Buildings were destroyed one after another, and the streets were filled with ordinary people running for their lives.

Hoho.....

A flying monster discovered Su Chen and Xu Xin on the top of the building. The monster screamed and swooped down towards Su Chen and Xu Xin.

"Su Chen, the monster is coming, take action quickly!"

Xu Xin saw the monster in the air swooping down. She shouted to Su Chen with a pale face.

Su Chen 750 looked up at the monster that was swooping down.

It was a monster like a griffon in the game. This flying monster looked at Quite mighty.

Just too scumbag, a little scumbag at the level of a warrior.

"Xu Xin, do you want a flying mount?"

Xu Xin asked confusedly,

"What?"

"Xu Xin, you and I are destined. This world will become more and more dangerous in the future. Let me find you a bodyguard."

Su Chen looked at Xu Xin's confused look and smiled.

Xu Xin was the first person he met when he came to this world, and Xu Xin was also a scumbag heroine.

Su Chen planned to help her, a flying monster, it is very simple for Su Chen to improve the strength of a flying monster.

Xu Xin will have a powerful flying monster in the future. Su Chen believes that Xu Xin will not be forced by her family to go on a blind date again.

As for whether Xu Xin will still be with Luo Feng, Su Chen wouldn't care at all.

Luo Feng?

He won't live long.

Wenina can kill Luo Feng within a year.

Su Chen is worried that without Luo Feng in the world, Xu Xin may live a very miserable life in the future.

Xu Xin He asked Su Chen with a puzzled look on his face,

"Su Chen, what do you mean? bodyguard? What bodyguard?"

"You'll know in a moment"

Chapter 2613

After Su Chen smiled at Xu Xin who was confused, he used his powerful mental power to cover the flying monster that swooped down. Even though Su Chen was a scumbag, he could destroy the flying monster just by using his mental power.

Roar!

The flying monster roared and flew down with its whole body trembling. bump!

The flying monster flew down and lay trembling on the ground.

Xu Xin opened her sexy mouth and looked at the flying monster.

She did not expect that after the flying monster flew down, it would lie on the ground trembling and motionless.

Is this still a ferocious monster?

"What can be used to improve the strength of monsters?"

Su Chen looked at the flying monster and thought about it.

The most rubbish treasure in his hand would burst the flying monster. The flying monster's strength is too rubbish.

"Yes, the Blood Spirit Fruit should be fine."

Su Chen thought for a while and took out a red fruit from the system space.

This is a low-level fairy fruit.

Su Chen also felt that the Blood Spirit Fruit was the same as tomato. The Blood Spirit Fruit had a good sour and sweet taste, so he collected it. Some,

Su Chen waved his hand and divided the Blood Spirit Fruit into half.

Although the Blood Spirit Fruit is the lowest fairy fruit, it is not something that a scum monster can eat.

Half of the Blood Spirit Fruit, although this cannot improve the flying monster's strength much, But at least the flying monster will not be exploded and die.

Su Chen pointed at the flying monster, and a halo enveloped the flying monster, and then a ray of light instantly shot into Xu Xin's forehead. In the master-servant contract,

Su Chen gave the flying monster The monster has entered into a master-servant contract.

Xu Xin can completely control the flying monster in the future. If Xu Xin unfortunately dies, the flying monster will also die.

"Eat it!"

Su Chen put half of the blood spirit fruit to the flying monster's mouth and shouted,"

Ho!"

The flying monster trembled and hurriedly swallowed the blood spirit fruit.

At this moment,

Xu Xin looked at Su Chen in confusion.

Just now a light entered In her head,

Xu Xin discovered that she could control flying monsters. The life and death of flying monsters were also in her mind.

How could this be possible?

How did Su Chen do it?

Flying mounts?

This is the flying mount that Su Chen said ?

Su Chen actually gave her a flying monster as a mount? Xu Xin felt like she was in a dream at the moment.

Hohoho.....

Suddenly, the flying monster screamed and rolled, and blood leaked from the flying monster's body, touch!

"Go down and advance!"

Su Chen kicked away the bloody flying monster.

The flying monster at this moment was too disgusting.

He didn't want the flying monster's blood to splash on him.

Hohohoho.....

The flying monster was kicked off the building by Su Chen and flew up. It kept roaring in pain while flying.

Xu Xin watched the flying monster in the sky roaring continuously, and blood was bleeding from its body.

She hurriedly grabbed Su Chen and asked,

"Su Chen, how did you do it? Why do I control flying monsters? Moreover, the life and death of the flying monster was also in my mind. What happened to the flying monster?"

Su Chen looked at the sky and said to Xu Xin,

"This is my little trick, Xu Xin, this flying monster is advancing. If it fails to advance and is burst, I will find another flying monster for you to use as a mount. Xu

Nian asked in surprise,

"Advance? Su Chen, you just ate half of the fruit for the flying monster. Is this the reason for the flying monster to advance?"(To read exciting novels, go to Feilu Novel Network!)

Su Chen nodded and replied,

"good!"

Xu Xin was very shocked when she heard Su Chen's words.

She didn't expect that Su Chen first allowed her to control flying monsters, and now he promoted the flying monsters.

Is this something a human can do?

I'm afraid he is the most powerful warrior on earth. It's impossible.

But why would Su Chen do this?

Why would Su Chen catch a flying monster and give it to her? Does Su Chen have an intention for her? No

,

Su Chen should be a very (abdg) powerful warrior , he couldn't get any beautiful woman, Xu Xin was just a good-for-nothing woman, and she didn't believe that Su Chen would fall in love with her.

Xu Xin thought about it and asked doubtfully,

"Su Chen, who are you? You clearly didn't do anything just now, why would the flying monster tremble in fear of you? What level of warrior are you?"

"I'm just an ordinary person, and the flying monster is probably an idiot."

"idiot? Do you think I believe it? Su Chen, what happened to the half fruit?"

"Xu Xin, didn't you see clearly? The half of the fruit just now is a tomato, an ordinary tomato."

"Humph, lying!"

"Ha ha....."

Su Chen laughed when she saw Xu Xin's angry look. This little beauty was really cute when she was angry.

He looked at the flying monster in the air and frowned.

Half of the Blood Spirit Fruit was half of the blood spirit fruit.

It didn't have much magical power anymore. The flying monster couldn't bear it and was burst, right?

At this moment, hundreds of flying monsters appeared in the sky.

These flying monsters were exactly the same as the previous flying monsters. They all belonged to the same group.

These flying monsters are surrounding the promoted flying monsters.

Are they going to welcome the birth of the king of their tribe?

Ho ho ho.....

After a while, the body of the flying monster began to grow larger, with sharp claws, hard feathers, and sharp eyes. The flying monster was now three times larger than before, and it was still a king-level peak monster. If the flying monster will be in the future, Having completely absorbed the magical power of the Blood Spirit Fruit, it may be promoted to an emperor-level monster.

Su Chen looked at the flying mount and nodded and said,

"Not bad, Xu Xin, your flying mount is a king-level flying monster"

"As long as you don't go to too dangerous areas in the future, you can go anywhere else. If the flying monster becomes a royal monster in the future, you can go anywhere on earth."

Xu Xin looked up at the flying monster.

She felt the terror of the flying monster without Su Chen's explanation, and she also knew exactly what level the flying monster was. The master-servant contract allowed her to know everything about the flying monster.

Whoosh!

In an instant, the flying monster flew to the building. It flew down and lay on the ground looking at Su Chen and Xu Xin.

Su Chen shouted to Xu Xin who was in a daze,

"Xu Xin, go try your flying mount, and all the flying monsters around you will be your bodyguards."

"With your flying monster mount here, other flying monsters will not dare to attack you, and they will protect your safety with their lives. You are now a queen."

Chapter 2614

Xu Xin became anxious when she heard Su Chen's words.

Going to ride a flying monster?

Or a king-level flying monster?

She didn't dare.

Although Xu Xin could control the flying monster, she was just an ordinary woman, a woman without any strength.

Facing a powerful flying monster, how could Xu Xin dare to ride this powerful flying monster.

Su Chen patted Xu Xin's shoulder and said,

"Xu Xin, you can rest assured to ride the flying monster. Its life and death are in your hands. If you die, the flying monster will die too, and the flying monster will protect your safety even if it dies.
Xu

Xin asked Su Chen in surprise, "Su Chen, if I die, will the flying monster die too?"

Su Chen nodded and explained,

"Yes, this is the binding force of the master-servant contract"

"Moreover, this flying monster is now the king of its group "Zero Sansan", and other flying monsters will obey its orders."

"Xu Xin, have you seen those flying monsters in the sky? You can ride those flying monsters at will, and you can be said to be the queen of this group of flying monsters."

After Xu Xin heard what Su Chen said, she looked at the flying monster lying on the ground. Xu Xin walked toward the flying monster with a struggling expression.

She was going to ride the flying monster.

This was a king-level flying monster.

Xu Xin wanted the flying monster to disperse the beast tide. She didn't want Jiangnan Base City to be destroyed by the beast tide.

Roar!

Whoosh!

The flying monster flew up quickly after Xu Xin got on its head.

Xu Xin hurriedly grabbed the flying monster's head. She looked at the flying monsters flying higher and higher, and there were hundreds of flying monsters around her, and her face turned pale.

On the building,

Su Chen saw Xu Xin riding a small flying monster around in the air, he shook his head and looked towards the north of the Jiangnan base.

The Hydra Dragon should have sensed the king-level flying monster. As for whether the Hydra Dragon will appear again.

This is not what Su Chen is worried about.

Xu Xin!

This is Su Chen Compensate for her.

Xu Xin is the first person he met in this world. She is still a heroine without any strength. If Luo Feng is killed by Wenina, Xu Xin will not become a victim of the family.

"It's time to go find the three sisters Wenina and Su Yan. Xu Xin, let me give you another life-saving gift. See you again when we are destined."

After Su Chen unlocked the angelic ability, he glanced at Xu Xin and disappeared from the building.

At this moment, in the Nanao Continent,

Su Yan's three sisters and Wenina were collecting the hearts of plants. These hearts of plants were very important to Su Yan. The three sisters are all garbage, but Venina has to collect it, so the three sisters can only help.

Su Yue looked around and asked Venina,

"Auntie, didn't you say there is a powerful Mo Yunteng on Kirishima? How come we haven't met?"

Wenina heard Su Yue's words, and she had a speechless expression on her face.

Does Mo Yunteng dare to appear? The ten thousand-year-old willow tree was blown away by Su Yue's wave. No matter how terrifying Mo Yunteng is, it is as terrifying as the three sisters Su Yan. ?

Wenina touched Su Yue's hair and said,

"Yue'er, this may be because of your powerful aura, Mo Yunteng is afraid to show up."

Su Yue said with her eyes wide open,

"Auntie, we have all sealed our cultivation realm, can Mo Yunteng still perceive our power? Venina shook her head and replied,

"Yue'er, you three sisters are all immortals. Although you have sealed your cultivation realm, you are different from ordinary people after all. Mo Yunteng is a monster after all, and monsters have a very strong sense of danger."

After Su Yan heard what Wenina said, she took out a small paper bird and blew it gently. The small paper bird flashed a light and flew up. (To read Baoshuang novels, go to Feilu Novel Network!)

"Blue Bird, go find Mo Yunteng on the island and bring Mo Yunteng back."

Whoosh!

The little paper bird disappeared into the air instantly after hearing Su Yan's order.

Venina asked in surprise,

"Yan'er, can the paper bird bring back Mo Yunteng?"

Su Yan took out an ice cream and ate it and replied,

"Auntie, don't underestimate the paper bird. Although the paper bird is a toy for me when I am bored, it was folded by my Queen Mother of the West for me, and it was folded like a messenger blue bird."

"The paper bird can destroy even the immortal cultivators who encounter the Tribulation Realm. A scumbag Mo Yunteng will have no problem for the paper bird."

Wenina rubbed her forehead after hearing Su Yan's words.

Is a toy so powerful?

The fairy world is really a terrifying world.

She wants to visit the fairy world, but it's not the time yet.

Wenina knows that Su Chen wants to take her. He went to the fairy world with Alice and the girls, but their world was controlled by luck and heaven. Su Chen was not able to take them to the Xuantian realm for the time being.

0DiDiDi....

"Hello!"

"What? Is Jiangnan Base City encountering a beast tide? I understand, let the warriors and medical support of the HR Alliance support Jiangnan Base City."

Wenina hung up the phone and shook her head.

Jiangnan Base City encountered a beast tide.

She didn't care at all.

Beast tides appeared frequently.

Winina was in the South Austrian Continent at the moment. Even if she went back as soon as possible, it would be too late. Besides, The three Su Yan sisters had a lot of fun here, and it was impossible for Winina to care about the beast tide. In

Jiangnan Base City, after Xu Xin adapted to the flying monsters in the air, she let the flying monsters start to disperse the beast tide.

Jiangnan Base City's The military and warriors from various forces were all very confused at the moment.

On the surveillance screen, a beautiful woman stood on the head of a king-level monster, surrounded by hundreds of flying monsters. The beast tide in Jiangnan Base City was flying. The monsters have been dispersed, and the beast tide outside Jiangnan Base City has receded.

"Who is that woman? How could she control a king-level flying monster?"

"It's unbelievable. It's impossible for the owner of the museum to control a king-level monster. This is still a king-level flying monster. Is that woman even more powerful than the owner of the museum?"

"Powerful fart, you didn't see the surveillance data showing that woman is an ordinary person"

"Am I a different person, an ordinary woman? Can an ordinary woman control a 4.0 king-level monster? If you let an ordinary woman control a king-level monster again, if there is another ordinary woman who can control a king-level monster, I will call you uncle from now on."

"Well! when i didn't say"

"Find out who that woman is, we must win her over to join our forces"

"Check that woman quickly, we can't let other forces win over her in advance."

At this moment, after the various forces in Jiangnan Base City talked, they took action to win over Xu Xin.

A woman who controls a king-level monster is a powerful combat force.

As long as this woman is in a base city, the base It is impossible for the city to encounter a beast tide again, a king-level flying monster, which is more powerful than the elders of the God of War Palace.

"Is it Xu Xin? How could Xu Xin control a king-level flying monster? How can this be?"

Chapter 2615

Jiangnan Base City,

Luo Feng had just arrived in Jiangnan Base City. He was confused when he looked at the images sent by the martial arts gym.

In the images,

Xu Xin was actually standing on the head of a king-level monster? The beast tide in Jiangnan Base City was also dispersed by the king-level monsters under Xu Xin's feet? Xu Xin actually controlled a king-level monster?

Luo Feng rubbed his forehead in disbelief.

Xu Xin was just an ordinary woman.

She had no strength at all.

How could Xu Xin control a king-level monster? And it's also a flying king-level monster.

At this time, over Jiangnan Base City,

Xu Xin saw that the beast tide had subsided, and she was relieved.

Xu Xin was a little happy to see the flying monsters under her.

This was her first time protecting the base city, and it was also her first time. Although she did not take credit for saving many people at once, it was still her ability to let the flying monsters disperse the beast tide.

Xu Xin grabbed the flying monster's horn and said in her heart,

"Xiaolan, let all your people leave Jiangnan Base City."

Ho ho ho!

The flying monster heard Xu Xin's order.

After it roared a few times at the surrounding flying monsters, hundreds of flying monsters quickly left the sky above Jiangnan Base City.

After Xu Xin saw all the flying monsters leaving, she Smiling, he continued to talk to the flying monster,

"Xiaolan, send me back to the ground, and then you can go back to your tribe. I will call you if I need anything."

Hoar!

The flying monster flew quickly towards the previous building.

At this moment, there were more than ten fighter planes over Jiangnan Base City. These fighter planes were flying not far from the flying monster. The warriors in these fighters were all trying to win over Xu Xin. Various forces, as well as warriors from various countries.

On the building,

Xu Xin had just got off the king-level flying monster. After she let the king-level flying monster fly away,

Luo Feng quickly came to the building and shouted to Xu Xin,

"Xu Xin!"

Xu Xin originally saw that Su Chen was missing. When she was about to look for Su Chen,

Xu Xin did not expect Luo Feng to arrive.

Isn't Luo Feng in the elite training camp? How could he appear in Jiangnan Base City?

"Luo Feng, why are you here~? Luo

Feng came to Xu Xin and asked hurriedly,

"Xu Xin, what happened to the king-level monster? How could you stand on top of a king-level monster?"

"this....."

Xu Xin didn't know how to answer when she heard Luo Feng's words.

She didn't want to reveal the news about Su Chen.

Su Chen always said that he was an ordinary person. Xu Xin guessed that Su Chen didn't want to reveal his identity. She didn't have Su Chen's permission. , Xu Xin will not tell everything about Su Chen

"Xu Xin, why didn't you say anything? Is there something unspeakable?"

Xu Xin said to Luo Feng in embarrassment,

"Luo Feng, I can't tell you, I'm sorry"

"It doesn't matter."

Luo Feng felt a little unhappy when he heard what Xu Xin said.

He didn't expect that Xu Xin wouldn't even tell him.

Luo Feng guessed that Xu Xin might have something to hide, but he still felt that Xu Xin didn't believe him.

Didi, at this time,

Luo Feng Feng's communicator rang,

"Luo Feng, do you know the woman in front of you?"

Luo Feng just connected the communicator and heard Instructor Jiang's urgent question. Luo Feng looked at Xu Xin and nodded and replied,

"Instructor Jiang, I know you!"

"Luo Feng, take her and leave immediately to the martial arts headquarters in Jiangnan Base City. This woman is very important to us. Other forces are looking for this woman. You must take her away quickly."

"Yes, Instructor Jiang."(To read Baoshuang novels, go to Feilu Novel Network!)

Luo Feng understood that

Xu Xin just let the king-level monsters disperse the beast tide. All countries and forces have taken a fancy to Xu Xin, and all forces and countries may want to To win over Xu Nian, Extreme Martial Arts may also want to win over Xu Xin.

Luo Feng hurriedly said to Xu Xin,

"Xu Xin, please leave quickly. Warriors from various forces and countries will arrive soon. I will take you to the martial arts hall first."

"All right."

Xu Xin thought about it and agreed. She didn't know how to deal with the coming countries and forces. Xu Xin thought it was better to leave with Luo Feng. After all, Luo Feng was the person she liked, and she didn't know how to deal with it. She believed that Luo Feng had harmed her. In the HR Alliance building in Jiangnan Base City , Su Chen found no trace of Wenina after checking here. After Su Chen used his angel eyes to check the memories of some people, he left speechlessly.

He entered the building of the HR League. Su Chen did not expect that the three sisters Wenina and Su Yan went to the South Austrian Continent. He also understood what they were going to the South Austrian Continent. Kirishima, Venina wanted to take the treasures in Kirishima. Wenina got them all. With the help of the three sisters Su Yan, Wenina will get those treasures very easily. But, how can the three sisters Su Yan be with Wenina? The relationship between Wenina and the three sisters Su Yan should be I don't know, what the hell, the three sisters Su Yan have become spirits? Oh no, damn, the three sisters are all immortals, but how could the three sisters Su Yan know about his relationship with Wenina? The three sisters Are they so boring? Will they check to see if there is his woman in this world? Su Chen is too lazy to go to Kirishima to find them. He has only three months in this world. Su Chen plans to let the three sisters Su Yan play for a while Time, maybe the three sisters of Su Yan will not have much time left in the three months. Half a month later, Su Chen has been staying in the Jiangnan base city. He plans to relax. The low-level ordinary modern world is not easy to encounter. , Su Chen has been playing games for the past half month. In the villa, a beautiful woman asked Su Chen indifferently,

"`.who are you?"

Su Chen looked at the beautiful and beautiful Enchanting and smiled.

He was bored alone in the villa, so

Su Chen went to Hongwu Base City (good, good, good), and he secretly caught the beautiful and beautiful Enchanting. , a beautiful beauty accompanied him.

Su Chen had a pretty good life these ten days.

"Enchanting, didn't I tell you, my name is Su Chen."

Yaoluo asked Su Chen with an angry look,

"Why did you arrest me? It's been ten days, when will you let me go?"

Yaorao is also very helpless.

She is a dignified existence that transcends the Temple of War, but she was captured by a stranger in Jiangnan Base City, and she has no ability to resist in Su Chen's hands.

Yaorao is very surprised by Su Chen.

She didn't feel the warrior's ability from Su Chen, but she felt that Su Chen might be stronger than Hong.

"Because you are beautiful and enchanting, I will let you go in two months. If you play games with me in these two months, I will not let you play games with me in vain. After two months, your I will improve your strength"

Chapter 2616

Su Chen leaned on the sofa and looked at Yaorao and smiled.

Yaorao was indeed the most beautiful woman in the world of Devouring, and her hot and sexy figure could not be compared to that of Venina.

Especially the enchanting one wearing a tight-fitting black god suit, with a really curved figure, long straight legs, a beautiful mixed-race face, and seductive eyes.

If Wenina is a beautiful and sexy woman, then Enchanting is a seductive and beautiful woman.

"Release me after two months?"

Yaoluo was very helpless when she heard Su Chen's words.

She couldn't understand how a super strong person could become obsessed with playing games.

And who is Su Chen?

There has never been a strong person like Su Chen on earth. Su Chen is stronger than the elders and even the elders of the God of War Palace. Why does he keep hiding and becoming an ordinary person? To improve her strength?

Can Su Chen improve her strength?

Is this to fool her?

Or is Su Chen really capable ? To improve her strength?

Yaorao shook her head and didn't think about it anymore.

She escaped more than ten times in the past ten days, but Su Chen easily caught her every time.

Yaorao also passed the message to Bingshan and Beast, but in the past ten days, she No one came to save her. Yaorao guessed that the message she sent was intercepted by Su Chen.

"Huh? Interesting!"

While Su Chen was admiring the enchanting perfect sexy figure, he suddenly felt the movement of the Hydra dragon under the Jiangnan base city. It has been half a month, and the Hydra dragon has been hiding under the Jiangnan base city for half a month and has not left.

Is the Hydra Dragon preparing to destroy Jiangnan Base City?

Yaorao asked Su Chen doubtfully,

"What's interesting?"

Su Chen took a sip of tea and replied,

"A king-level monster has been hiding under the Jiangnan base city for half a month. The Hydra dragon has been hiding under the Jiangnan base city and has not left. This time the Hydra dragon is about to launch an attack."

Yaoluo exclaimed in surprise,

"What? King monster? Have you been hiding under Jiangnan Base City for half a month? Are you telling the truth?"

It's not that Yaorao doesn't believe what Su Chen said, but how could a king-level monster be hiding under the Jiangnan base? And why has it been hidden for half a month without any movement?

Why didn't the military and other forces notice it? Could it be that satellites and surveillance instruments were all hidden? No huge energy fluctuations were detected?

Su Chen nodded and explained,

"The beast tide half a month ago was caused by the Hydra Dragon. If a king-level monster that was more powerful than it suddenly appeared, the Hydra Dragon would have launched an attack half a month ago."

Yaoluo suddenly realized after hearing Su Chen's words.

She had heard about the beast tide in Jiangnan Base City half a month ago. It turned out that the king-level monster that caused the beast tide was the Hydra.

No wonder the military and various forces in Jiangnan Base City None of the warriors found the monster leader, and the Hydra Dragon had been hiding under the Jiangnan Base City for a long time.

Yaorao took out his mobile phone and said hurriedly,

"It turns out that the king-level monster Hydra Dragon and the flying king-level monster are even more powerful than the Hydra Dragon. No, I have to quickly notify the military and martial arts gym in Jiangnan Base City."

Su Chen curled his lips and ignored Yaorao.

What about Xu Xin?

He found out half a month ago that Xu Xin was taken to the extreme martial arts gym. Su Chen never paid attention to Xu Xin again. This time the Hydra appeared again, Xu Xin will Wouldn't she summon her king-level monster?

"Playing games is none of your business."

Su Chen shook his head and continued to play the game.

He is just a passer-by.

There is no need.

Su Chen will not kill the Hydra dragon, nor will he save the people of Jiangnan Base City.

Life and death are determined by fate. A base city with a population of 10,000 is nothing in the fairy world.

A single war in the fairy world can result in billions of casualties, even tens of billions. The Jiangnan base city with more than 100,000 people is just a drop in the ocean.

After a while, the alarm of Jiangnan base city suddenly sounded. Getting up, all the people fled towards the underground shelter in panic. (To read Baoshuang novels, go to Feilu Novel Network!)

Boom!

Hohohoho.....

A monster hundreds of meters long emerged from the ground.

The Hydra dragon, which had been hidden under the Jiangnan base city for half a month, emerged from the ground and kept making a huge roar.

Among the nine huge heads, one of the heads sprayed a beam of light into the air, and all the electricity and defensive weapons of Jiangnan Base City were disabled.

In the sky, dozens of fighter jets malfunctioned and fell down one after another. Armored vehicles and tanks were smoking and unable to move. The laser cannons in the base city also became inactive and unable to fire.

0Flowers requested0In the military headquarters, a general saw that all the instruments in the headquarters had been destroyed. He hurriedly ordered to the soldiers in the headquarters,

"It's a pulse shock wave. Our electricity and energy power have been destroyed. Quickly seek help from warriors from various forces."

The general looked anxious at the moment.

He had just been notified by the Extreme Martial Arts Hall that a king-level monster was hidden in the Jiangnan Base City.

Less than half an hour had passed before the king-level monster launched an attack.

The time was too short.!

The general punched the table hard and said,

"King-level monsters and war-level warriors may not be opponents, and king-level monsters have also appeared in Jiangnan Base City. If the king-level monsters are not killed as soon as possible, Jiangnan Base City will be doomed."

A soldier reported to the general,

"General, Xu Xin of the Xu family has a king-level flying monster. Shall we inform Xu Xin of the Xu family?"

The general's eyes lit up and he hurriedly ordered,

"Xu Xin is at the Extreme Martial Arts Gym. Immediately notify the Extreme Martial Arts Gym that our Jiangnan Base City needs Xu Xin's help."

"Yes, General!"

Jiangnan Base City, in just a few minutes, the northern part of the city was destroyed by the Hydra Dragon and almost turned into ruins. Some people who had not had time to escape were killed.

The warriors from various martial arts schools and forces in the base city have not yet When they got close to the Hydra dragon, they all fell to the ground in pain.

With mental power, one of the heads of the Hydra dragon launched a mental attack. As long as all the warriors and ordinary people within the range of its attack, they covered their heads in pain.

Some ordinary people who were close by could not withstand the mental attack and they all bled to death.

In the villa,

Yaorao shouted to Su Chen with an angry look on his face,

"Su Chen, if you don't go to help Jiangnan Base City, why don't you let me go?"

Su Chen shook his head and replied,

"Enchanting, you are no match for the Hydra Dragon. If you go, you will die."

"Su Chen, even if I am not the opponent of Hydra Dragon, I can contain Hydra Dragon for a period of time. The northern area of Jiangnan Base City is over. If Hydra Dragon attacks other areas, the entire Jiangnan Base City will be destroyed."

Chapter 2617

Enchanting was determined to leave to contain the Hydra Dragon.

The northern area of Jiangnan Base City had become ruins. No warrior in Jiangnan Base City could stop the Hydra Dragon.

If the Hydra continues to attack, the entire Jiangnan base city will be destroyed, and more than 100,000 people will be killed. This is not a result Yaorao wants to see.

Su Chen shook his head and said,

"Forget it, leave. Life or death is your destiny. Beauty, don't be turned into dregs by the Hydra Dragon."

"asshole!"

After Yaorao glared at Su Chen fiercely, she quickly left Su Chen's villa.

Yaorao couldn't understand that

Su Chen must be very powerful.

If that bastard took action, the Hydra Dragon might not even be able to resist. If there is no chance, Su Chen will kill him, but why doesn't Su Chen take action? Why does Su Chen seem to be indifferent to life and death?

"On a boring day, the beauty also ran away."

Su Chen threw down the game controller and leaned on the sofa.

He waved his hand, and an image appeared in the living room. On the screen was a Hydra dragon. Scenes of the raging Jiangnan Base City. 01 At this time, at the Jiangnan Base City Extreme Martial Arts Headquarters, Xu Xin sat in a large room with an ugly face.

For half a month, people in the martial arts gym asked about king-level monsters every day.

Although the people in the martial arts gym were very He was polite, but Xu Xin was getting impatient with the endless questions.

There was also Luo Feng.

Xu Xin did not expect that Luo Feng would also keep asking her how to control king-level monsters. She clearly told Luo Feng that it was a secret and could not be revealed, but Luo Feng still asked her often.

Xu Xin was also a little unhappy.

At this time,

Luo Feng and several powerful warriors appeared in the room. Luo Feng arrived and hurriedly shouted to Xu Xin,

"Xu Xin, no, a king-level monster has appeared in Jiangnan Base City. Please summon your king-level monster to stop it. Xu

Xin asked in surprise,

"Hydra dragon?"

A war-god-level warrior asked Xu Xin doubtfully,

"Miss Xu, how did you know?"

How do you know?

Can Xu Xin tell these people?

These are what Su Chen told her. Xu Xin can't possibly tell these people.

It's just been half a month.

The Hydra has been hiding underground in Jiangnan Base City. Could it be that Jiu The Snake Dragon has never given up destroying Jiangnan Base City?

Xu Xin rubbed his forehead and said,

"The Hydra Dragon was under the Jiangnan Base City half a month ago. I thought the Hydra Dragon had left the Jiangnan Base City long ago, but I didn't expect that the Hydra Dragon was still hiding underground in the Jiangnan Base City.

Another powerful warrior asked,"Miss Xu, can your flying monster deal with the Hydra Dragon?"

Xu Xin shook her head and replied,

"I don't know, but aren't you all Gods of War? Why didn't you kill the Hydra?"

Instructor Jiang explained with a serious face,

"Miss Xu Xin, the Hydra Dragon will attack with mental power, and none of us can get close to the Hydra Dragon."

"Moreover, the Hydra Dragon destroyed the laser cannon with a pulse shock wave. Jiangnan Base City now has no way to deal with the Hydra Dragon.

Xu Xin nodded and said,"Instructor Jiang, I will summon the flying monster to come.""

Xu Xin didn't think much after hearing what Instructor Jiang said.

Jiangnan Base City was in danger.

She wanted to summon the flying monster Xiaolan.

Xu Xin didn't know if Xiaolan would be the opponent of Hydra Dragon, but she could only Give it a try

"Thank you Miss Xu Xin!"

At this moment,

Yaorao came near the Hydra Dragon. (To read Baoshuang novels, go to Feilu Novel Network!)

But she couldn't get close to the Hydra Dragon.

The Hydra Dragon kept attacking with mental power, which made Yaorao momentarily angry. The Hydra Dragon had no choice.

Yaorao looked around and said helplessly,

"Damn it, a king-level monster can actually use telekinesis. It's hard to deal with now."

The surrounding soldiers and warriors are unable to get close at this moment.

The freezing guns in the hands of the soldiers can temporarily freeze the Hydra dragon, but they cannot get close to the Hydra dragon. The Jidong freezing guns in their hands are also useless..

The Hydra dragon continues to wreak havoc in the city, and high-rise buildings are constantly being destroyed. Many people who have no time to escape are either smashed to death or killed by the Hydra dragon's attack.

Every time the Hydra dragon passes through a block,

The entire neighborhood will be razed to rubble.

In the villa,

Su Chen was surprised when he saw all this.

The Hydra dragon in the plot didn't seem to be so smart.

The mental power of the Hydra dragon was being released all the time. Warriors and the army were
It's impossible to get close.

Why is the Hydra Dragon so cautious?

Is it because of the king-level flying monster?

"Interestingly, the Hydra seems to be worried about the king-level flying monster."

Su Chen looked at the picture and thought it was a good show.

Although Enchanting is an existence that surpasses the God of War, she is still a match against a king-level monster.

The Hydra Dragon is also a king-level monster with telekinesis. Enchanting It is impossible to be the opponent of the Hydra Dragon.

Su Chen thought of the plot in which Luo Feng killed the Hydra Dragon.

Is this possible?

At this moment, Luo Feng should be a warrior at the warrior level.

Luo Feng is capable of mental telekinesis. He may have crossed several levels in a row. Destroyed the Hydra Dragon at a high level?

Damn, this 823 is a huge loophole. If

Luo Feng could kill the King Level Hydra Dragon, wouldn't it be easy for him to kill Li Yao?

Hohohoho...

Over the Jiangnan base city, a huge flying monster flew over, and a stream of flames spurted from the mouth of the flying monster towards the Hydra dragon, boom boom boom.....

The Hydra Dragon also quickly attacked the flying monsters in the air. Huge energy fireballs, mental attacks, and light blades were sprayed out from each mouth of the Hydra Dragon.

The surrounding armies and warriors quickly retreated. The battle between two terrifying king-level monsters was not something they could watch at close range.

On a dilapidated building,

Yaorao watched the battle between two king-level monsters. She said with a helpless expression on her face,

"King-level flying monster, this is the monster controlled by Xu Xin. It's really funny. Human base city needs monsters to protect it. This is the first time in history."

On a fighter plane,

Xu Xin and several God of War warriors from the martial arts school were sitting in the plane. They were watching the battle between two king-level monsters. Luo Feng saw the fight between the two monsters destroying the surrounding buildings.

He hurriedly He reminded Xu Xin,

"Xu Xin, let the flying monster lure away the Hydra dragon, otherwise the entire Jiangnan base city will be destroyed."

Chapter 2618

After Xu Xin heard what Luo Feng said, she saw the destruction of the Jiangnan base city by the two king-level monsters, but could she let the flying monsters lure away the Hydra Dragon?

A reminder from the flying monster Xiaolan came to Xu Xin's mind.

The Hydra Dragon could not be lured out of Jiangnan Base City.

The laser cannons in the Jiangnan Base City were a huge threat to the Hydra Dragon. As long as the Hydra Dragon left Jiangnan In the base city, the laser cannon will restore energy and power to attack the Hydra dragon.

Xu Xin shook her head and replied,

"Luo Feng and Xiaolan couldn't lure out the Hydra Dragon. The Hydra Dragon was afraid of the laser cannon in Jiangnan Base City. As long as the Hydra Dragon left the Jiangnan Base City, the laser cannon would regain energy and attack the Hydra Dragon. Luo

Feng shouted to Xu Xin,

"Impossible, the Hydra Dragon is a king-level monster, and the laser cannon poses little threat to the King-level monster. Quickly let the flying monster lead out the Hydra Dragon."

Instructor Jiang and the others looked at the two king-level monsters fighting.

Although they didn't want the two king-level monsters to fight in the base city, they couldn't stop it at all. Although the laser cannons were not a big threat to the king-level monsters, the large number of laser cannons together Volley, the king-level Hydra will also be seriously injured.

The Hydra should be an intelligent monster, otherwise the Hydra would not have been able to hide in the Jiangnan base city for half a month, and it did not start attacking the Jiangnan base until today City.

Instructor Jiang shouted to Luo Feng,

"Luo Feng 010, the flying monster cannot lure away the Hydra Dragon. The Hydra Dragon can hide under the Jiangnan Base City for half a month. It should be a monster with some intelligence. Luo

Feng said anxiously,

"Instructor, if the Hydra Dragon is not lured out, the battle between the two king-level monsters will destroy the Jiangnan Base City."

Luo Feng was very worried.

His family was all in Jiangnan Base City.

If the Hydra Dragon was not lured out of Jiangnan Base City, his family would die in the battle between the two monsters.

Instructor Jiang shook his head and said,

"There is nothing we can do. If the flying monsters do not stop the Hydra, Jiangnan Base City will also be destroyed. Although the battle between the two king-level monsters may destroy Jiangnan Base City, Jiangnan Base City may still be preserved."

"Instructor Jiang, I'm going to lure away the Hydra dragon."

"Luo Feng.....damn it!"

Before Instructor Jiang could stop Luo Feng,

Luo Feng quickly jumped out of the plane. He looked at Luo Feng flying towards the Hydra with a very ugly face.

Xu Xin saw that Luo Feng was going to lure away the Hydra. Dragon, her expression started to struggle, leading out the Hydra Dragon?

The flying monster may be injured.

If the flying monster does not attack, the Hydra Dragon will be drawn out. The Hydra Dragon will definitely take the opportunity to attack the flying monster.

"Luo Feng, Luo Feng, alas, I hope Xiaolan will not be seriously injured."

Xu Xin looked at the battlefield and gave orders to the flying monsters. She asked Xiaolan to lead the Hydra out of the Jiangnan base city.

At this moment, the two monsters were fighting fiercely in the Jiangnan base city. Suddenly the flying monsters stopped attacking. Hydra Dragon, flying monsters provoked around Hydra Dragon

"Is this to lure the Hydra dragon out of the Jiangnan base city?"

Yaorao looked at the strange flying monster. She understood why the flying monster no longer attacked the Hydra dragon.

The flying monster was now flying around the Hydra dragon.

This was obviously a provocation.

Yaorao guessed that Xu Xin ordered the flying monster to lure the Hydra. The dragon is out of the city, but is this good?

The king-level flying monster is being continuously attacked by the Hydra dragon at this moment.

The flying monster may not lead out the Hydra dragon, and it will be seriously injured and fall from the sky.

In the villa,

Su Chen saw The situation on the screen raised his eyebrows.

Is this going to lead to the Hydra Dragon?

The Hydra Dragon can lead to nothing.

Su Chen rubbed his forehead and felt helpless.

Xu Xin should be a smart woman.

The Hydra Dragon is hidden. There has been no attack for half a month, which shows that the Hydra Dragon has certain wisdom.

At this moment, Xu Xin let the flying monster lure the Hydra Dragon, and the originally good situation was ruined.

The flying monster is stronger than the Hydra Dragon.

If it were more time Time, (to read Baoshuang novels, go to Feilu Novel Network!)

The flying monster can defeat or kill the Hydra Dragon. At this moment, the flying monster no longer attacks (abfb), but continues to provoke the Hydra Dragon in the air. , isn't this going to be a target to be attacked by the Hydra Dragon?

Time passed little by little, in

Jiangnan Base City, the Nine-headed Hydra Dragon attacked the flying monster continuously. At this moment, the flying monster was covered in blood, but the flying monster The monster was still provoking the Hydra in the air.

On the building,

Yao Luo saw that the flying monster was covered in scars. The flying monster might not be able to hold on for long, and the Hydra had no intention of chasing the flying monster.

If this continues, the flying monster will He will definitely be killed by the Hydra Dragon, and the Hydra Dragon will still destroy Jiangnan Base City.

The enchanting face cursed angrily,

"Damn it, this can't lead to the Hydra. Is Xu Xin a fool? Those idiots at the Extreme Martial Arts School in Jiangnan Base City, why didn't they remind Xu Xin."

On the plane, instructor Jiang looked at the battlefield and hurriedly shouted to Xu Xin,

"Xu Xin ordered the flying monster not to lure the Hydra dragon out of the city. If this continues, the flying monster will be killed by the Hydra dragon."

The others all nodded with ugly expressions.

The flying monster is now covered in scars.

If it continues like this, the flying monster will not last long and will fall off.

This is all because of Luo Feng.

If it weren't for Luo Feng's private actions, the flying monster would have fallen. The monster will not be seriously injured at this moment.

If the flying monster is killed by the Hydra, how can Jiangnan Base City resist the Hydra?

"I....."

Xu Xin's face turned pale and she was about to give an order, but she suddenly saw the flying monster being shot down from the sky. Xu Xin covered her mouth with tears flowing from her eyes.

Is the flying monster Xiaolan going to die?

"Damn it, it's over."

Instructor Jiang and the others all looked ugly.

The king-level flying monster was shot down.

The Hydra Dragon will definitely take the opportunity to destroy the flying monster. Are there warriors in Jiangnan Base City who can stop the Hydra Dragon? There was a huge sound in the base city.

With a loud sound, the flying monster slammed down from the sky.

Hohohoho.....

The Hydra rushed over quickly, biting the flying monster with its nine huge mouths, and even three huge mouths bit the flying monster's neck.

After a while, the flying monster stopped struggling.

The flying monster was killed with scars all over its body. Its feathers fell off, its body was broken and bleeding, and its neck was bitten through three big holes. The flying monster was tragically killed by the Hydra dragon.

At this time,

Xu Xin felt the news from the master-servant contract.

She blamed herself and whispered with tears,

"He's dead, Xiaolan is really dead, everyone blames me, everyone blames me....."

Chapter 2619

Xu Xin felt very regretful at this moment. Xiaolan's screams before her death rang in her ears for a long time.

She thought of what Su Chen said, that the flying monster would protect her with its life. Even if the flying monster died in battle, the flying monster would not let her be harmed.

But what about her?

Xu Xin actually let the flying monster be attacked by the Hydra Dragon like a target. She was letting the flying monster die.

Luo Feng?

Why?

Why did Luo Feng act privately?

If Xu Xin hadn't been for Luo Feng,

Xiaolan would not have died at all.

All this was for the person she liked.

Is it worth it?

Others on the plane looked at Xu Xin and shook their heads.

Without the king-level monster,

Xu Xin was just an ordinary person.

They thought that if Xu Xin returned to the Xu family, the Xu family might be eager to kill Xu Xin.

The Xu family has a "Zero Nine Zero" king-level monster, which will make the Xu family a top family.

However, the king-level monster was killed by Xu Xin's idiotic behavior. Can everyone in the Xu family let Xu Xin go?

Ho ho ho.....

At this time, hundreds of flying monsters suddenly appeared in the sky above Jiangnan Base City. These flying monsters roared and charged towards the Hydra Dragon.

This is a suicidal act.

The flying monster is either a beast soldier or a beast general. This is no match for the king-level Hydra Dragon.

The king of flying monsters died in the battle.

Hundreds of flying monsters made the final charge and were ready to follow the king of the tribe.

On the building,

Enchanting looked at all this and shook her head. She understood that hundreds of flying monsters were committing suicide.

Enchanting looked at the flying monsters falling in the sky, she sighed and said,

"Alas, sometimes monsters are more loyal than humans"

"The king of a group died in battle. The other flying monsters knew clearly that they were no match for the king-level monsters, but they still charged towards the Hydra. This is something that most humans cannot do."

"Xu Xin, Xu Xin, will you regret it? A king-level flying monster was killed by your idiotic behavior. If you don't have a king-level monster, how will your family treat you?"

An hour later, hundreds of flying monsters were killed one after another. Not a single flying monster escaped. Around the king-level flying monster, flying monsters with white feathers died on the ground.

Hohohoho.....

After the Hydra Dragon killed all the flying monsters, it quickly attacked the Jiangnan Base City, destroying all the high-rise buildings and buildings in front of it.

Luo Feng was hiding on a dilapidated building with a pale face.

He did not expect the Hydra Dragon to be so powerful. Luo Feng could not even get close to the Hydra Dragon. Although he also has mental telekinesis, the Hydra Dragon is a king-level monster, and he is only a warrior-level monster. The gap is too big. When Luo Feng saw the flying monster being killed, his face was very ugly. Luo Feng knew that if he hadn't insisted on luring the Hydra dragon out of the city, and even came privately to lure the Hydra dragon, Xu Xin would not have ordered the flying monster to provoke him. Seducing the Hydra Dragon. In the Xu family, the corpse of a king-level flying monster was displayed on the big screen. The head of the Xu family and the rest of the Xu family looked ugly. Xu Xin controlled a king-level monster, which was great news for the Xu family. But in only half a month, Xu Xin foolishly commanded the flying monster to die in battle. This made everyone in the Xu family want to kill Xu Xin.

"An order was issued that Xu Xin was no longer a member of the Xu family and all Xu Xin's belongings were taken back."

"Yes, the head of the family!"

All the forces in Jiangnan Base City, and even all the forces in the world, have seen all this through the images transmitted by satellite.

A king-level monster was killed by blind command, which made the warriors of all forces look mocking..

The flying monster is obviously much more powerful than the Hydra Dragon. If the previous battle between the flying monster and the Hydra Dragon is followed, it won't take long for the Hydra Dragon to be killed.

An idiot woman gave blind orders and a powerful one The king-level monster was fucked to death. (To read exciting novels, go to Feilu Novel Network!)

In the villa,

Su Chen looked at all this and shook his head,

Xu Xin is really an idiot woman, forget it, all this is It's none of his business.

Su Chen has already compensated Xu Xin for what he should have done. It's none of his business what will happen to Xu Xin in the future.

Eh?

Is this Hong?

Su Chen suddenly saw the person appearing on the screen. He had something to say. He touched his chin thoughtfully and thought,

Hong came to Jiangnan Base City?

Did he arrive early in the morning?

Or just arrived?

Su Chen thought about it for a while and looked away.

Whether Hong arrived early or Hong just arrived, it doesn't matter. It has nothing to do with him.

Su Chen is just a passer-by in this world. As long as he doesn't touch the people he cares about, he is too lazy to care about anything.

Half an hour later

, the Hydra Dragon was killed by Hong Yiran, and the Jiangnan base city was restored. Jiangnan Base City, which had lost its tranquility and was only half destroyed. Tens of thousands of people had been killed and injured in Jiangnan Base City. At this moment, they were either cleaning up the ruins or looking for the bodies of their dead relatives.

Next to the body of the king-level flying monster,

Xu Xin arrived here.

She Looking at the battered flying monster, she squatted on the ground and gently stroked the flying monster.

"Xiaolan, I'm sorry, I'm really sorry, I didn't know this would happen, I really didn't know this would happen."

Xu Xin apologized to the flying monster with tears.

Her stupid behavior not only caused the flying monster Xiaolan to die in battle, but also caused hundreds of flying monsters to die in battle.

All of this was her fault,

"Xu Xin!"

Luo Feng came to Xu Xin's side and shouted softly,

"Luo Feng, I don't want to see you, please leave."

Xu Xin didn't look at Luo Feng.

She didn't want to see Luo Feng again.

Everything happened today because of Luo Feng.

Xiaolan died in the battle, and all Xiaolan's tribe also died in the battle.

Xu Xin hated Luo Feng at this moment.

"I....."

"Xu Xin, the head of the Xu family has ordered that from now on, Xu Xin will no longer be a member of the Xu family, and all the Xu family's belongings will be recovered."

1.9 Just when Luo Feng was still saying something to Xu Xin, more than ten people arrived and interrupted Luo Feng's words.

The Xu family expelled Xu Xin.

Xu Xin was no longer a member of Xu Jiang, and all his belongings were taken back.

Xu Xin replied calmly,

"I see!"

At this moment,

Instructor Jiang and others came to Xu Xin's side.

Instructor Jiang said to Xu Xin,

"Xu Xin, our extreme martial arts gym can protect you"

"No!"

"Su Chen, I'm sorry, Xiaolan, I'm sorry!"

Xu Xin looked at the people around her and yelled, then she took out the prepared dagger and inserted it into her chest.

"It was detected that Angel Xu Xin was in critical condition, and the Angel gene was turned on, 1%....13%.....25%....36....."

Chapter 2620

After Xu Xin committed suicide and fell to the ground, everyone around him was confused. They did not expect that Xu Xin would commit suicide.

"Xu Xin!"

Luo Feng looked at Xu Xin with a sad face.

All this was his fault.

If it weren't for him, the king-level monster would not have died in the battle, Xu Xin would not have been expelled from the family, and Xu Xin would not have committed suicide out of mind.

Boom!

Just when Luo Feng was about to pick up Xu Xin, suddenly,

Xu Xin burst out with a violent light and flew up. In the air, a white protective shield enveloped Xu Xin.

"How is this going?"

Luo Feng looked at Xu Xin in the air in surprise.

Xu Xin was already dead.

How could her body fly into the air? What about the white protective shield?

Instructor Jiang and a dozen people from the Xu family , some warriors in Jiangnan Base City, everyone looked at Xu Xin in shock, a woman with a dagger on her chest, a dead woman, how could her body erupt with light and fly into the air, white protection What's going on with the mask?

Whoosh!

Enchanting quickly appeared next to Xu Xin, and powerful warriors appeared in the sky one after another. The various forces in Jiangnan Base City and the powerful people on the earth were all watching Xu Xin through satellite images. Xin.

These strong men were very shocked by what happened to Xu Xin. An ordinary woman could control a king-level monster, which surprised these strong men. At this moment,

Xu Xin burst out with light after committing suicide,

Xu Xin The white protective shield flying into the air made these strong men feel incredible.

"Hurry, rush to Jiangnan Base City, Xu Xin must have a big secret"

"Notify the existence beyond the God of War and rush to Jiangnan Base City immediately"

"Go to Jiangnan Base City immediately. We need to find out Xu Xin's situation. Xu Xin is a little weird."

"Notify the Fifth Elder that something big happened in Jiangnan Base City"

"Hurry up, let's rush there too, and also inform our museum owner that something big happened in Jiangnan Base City, and ask the museum owner to go and check it out immediately."

"Xu Xin? Is it possible to resurrect from the dead? Inform the HR Alliance that all warriors who have surpassed the God of War should go to Jiangnan Base City immediately. We must get Xu Xin."

Powerful forces from all over the world are rushing towards the Jiangnan base city at this moment.

Xu Xin, an ordinary woman, an ordinary woman with a king-level monster, an ordinary woman who committed suicide and a strange priest appeared, is being attacked by the world at this moment. The powerful warrior paid attention.

In the air,

Yao Luo looked at Xu Xin who was protected by the white protective shield in surprise,

Su Chen?

Xu Xin just shouted sorry for Su Chen?

Could it be?

Is Xu Xin and Su Chen related?

The king-level flying monster is Su Chen For Xu Xin?

The enchanting frowned and felt something was wrong.

If Xu Xin had something to do with Su Chen, why didn't Su Chen help the king-level monster destroy the Hydra? When the flying monster was about to be killed, what happened to Su Chen? Didn't you take action to save the king-level flying monster?

"The owner! (First Elder)"

Hong suddenly appeared in the air, and the warriors around him saluted Hong.

A cold man asked behind Hong,

"Boss, what's going on? Hong shook his head and replied,

"I don't know, but this white protective shield is very powerful and I can't break it."

Hong was also very shocked at this moment.

White protective shield?

He felt extremely dangerous.

If Hong dared to attack the white protective shield, he might be seriously injured by the rebound of the white protective shield, which could even suppress him. Kill.

Xu Xin?

An ordinary woman. (To read Baoshuang novels, go to Feilu Novel Network!)

A woman with no strength at all. What secrets does Xu Xin have?

Having a king-level monster has already surprised everyone. What happened this time? Can Xu Xin, who committed suicide, be resurrected?

Yaorao held her hands tightly with a complex expression. Should she tell the supervisor about Su Chen's existence?

Yaorao hesitated, she was worried that Su Chen's existence would be exposed. If Chen was angry, not only her, but also the owner of the hall would probably be killed by Su Chen.

Yaorao guessed, no,

Yaorao was sure that Su Chen was a super strong man, and a stronger one than Hong.

Hong looked at the person on the ground. Luo Feng said expressionlessly,

"Jiangning, Jiangnan Base City's Extreme Martial Arts Gym expelled Luo Feng, the elite training camp expelled Luo Feng, and all the items given to Luo Feng by the martial arts gym were taken back. Our Extreme Martial Arts Gym does not need such an arrogant person, even if he is a genius, our Extreme Martial Arts Gym No need"

"Yes, the owner!"

Instructor Jiang immediately saluted and replied.

He had no objection to the club leader expelling Luo Feng.

Although Luo Feng was a genius, he was also a genius with no self-awareness and an arrogant genius.

What happened today can be said to be... Luo Feng caused it.

If Luo Feng hadn't acted without authorization, Xu Xin would not have allowed the king-level monster to lure and provoke the Hydra dragon out of the city.

The flying monster was originally suppressing the Hydra dragon, so maybe it won't take long for the flying monster to be killed. Hydra Dragon, but Luo Feng's unauthorized behavior made Xu Xin make an idiotic decision.

The flying monster was killed and

Xu Xin committed suicide.

This was all caused by Luo Feng.

Luo Feng turned pale when he heard Hong's words, and was The martial arts gym was fired?

Do you want to take back everything the martial arts gym gave you?

Luo Feng looked at Hong in the air and clenched his fists tightly.

Why?

Why is this?

What did he do wrong?

Is it wrong to lure out the Hydra Dragon? ?

The surrounding warriors in the air looked at Luo Feng.

Through understanding, they all understood why Hong wanted to fire Luo Feng.

It turned out that the death of the king-level flying monster was indirectly caused by Luo Feng. He was a scumbag warrior.

Luo Feng still wants to lure away the king-level Hydra Dragon? Didn't Luo Feng realize that many war-god-level warriors can't get close to the King-level Hydra Dragon? (Haha Zhao)

"`.Luo Feng, our Xu family will not let you go."

After more than ten people from the Xu family learned what happened, they all stared at Luo Feng with ugly expressions.

No wonder!

No wonder the flying monster suppressed the Hydra dragon at first and then became an idiot. Luo Feng seduced and provoked the Hydra Dragon out of the city, all because of Luo Feng's private actions.

Xu Xin and Luo Feng knew each other, and may even be boyfriend and girlfriend.

Xu Xin gave the idiotic order to help Luo Feng. This The Xu family lost a powerful king-level monster, and the Xu family missed the opportunity to become a top family.

Time passed little by little, and more and more strong people arrived in Jiangnan Base City. Standing in the air, looking at Xu Xin

"Interesting, Xu Xin actually committed suicide? Xu Xin is dying, and the angel gene will be activated. Xu Xin, the future angel Xu Xin, I hope you will not be an idiot again."
