

Zongwu 2621

Chapter 2621

In the villa,

Su Chen was playing a game.

He suddenly heard a prompt from the Angel Gene System. Su Chen did not expect that Xu Xin would commit suicide.

Su Chen waved his hand to open the video.

He wanted to know what happened before. Why did Xu Xin commit suicide? Could it be that someone forced Xu Xin?

After a while,

Su Chen rubbed his forehead and leaned on the sofa.

He did not expect Xu Xin to be so emotional. Although the death of the flying monster was caused by Xu Xin's idiotic behavior, the flying monster was just a monster, and Xu Xin's heart was still So kind.

It's going to be over now.

Xu Xin's angel gene was activated too early.

Su Chen just gave Xu Xin a way to save his life. He was worried that Xu Xin would be killed after the flying monster was killed in the future.

Su Chen put The angel gene was integrated into Xu Xin's genes.

Xu Xin was in critical condition at this moment. The protective measures of the angel gene were activated, and the angel gene also began to merge with Xu Xin.

After a while,

Xu Xin will become an angel and swallow the first angel in the world. well!

If Venina knew about it, the plump and beautiful beauty would definitely be unhappy, but there was no way.

Even if he wanted to improve the strength of Venina and Alice, it would be impossible for them.

It's okay for Su Chen to improve their strength a little bit, but if the improvement is too strong, luck and heaven will stop it.

Su Chen could only give Wenina the resources and skills to practice.

If luck and heaven had not stopped them,

Wenina and Alice would not have become immortals, and their strength would also be improved by Su Chen. Very powerful.

Su Chen rubbed his forehead and said speechlessly,

"Who cares? Xu Xin will be very powerful after becoming an angel. If Wenina wants to kill Luo Feng, will Xu Xin stop her?"

At this time, in a silent and dark space with countless light spots, Xu Xin looked around with a surprised look.

What is going on?

How come she is floating in the universe after her death?

"Hello Angel Xu Xin, I am your genetic system!"

Xu Xin heard a woman's voice and asked in surprise,

"Angel? Gene system? Who are you? where is this place? I'm not an angel"

"Angel Xu Xin, this is your angel gene space. You are facing life and death, and your angel genes have begun to merge. You will become an angel in Merlo Heaven in the future."

Xu Xin was confused at the moment.

Angel gene space?

Become an angel?

Aren't angels gods?

Xu Xin is just an ordinary earthly woman. How could she become an angel?

Xu Xin patted her forehead and sobered up. asked,

"How could I become an angel?"

"Angel Xu Xin, you are the angel chosen by the King of Angels. From now on you will be a combat angel in the Melo Heaven of the Xuantian Realm. Your order is assigned to the Third Angel Legion. You belong to the Third Angel Legion. The Legion Commander is Angel Leng. jurisdiction."

King of Angels?

Xuantian Realm?

Merlot Heavenly Court?

Angel Legion?

Legion Commander Angel Leng?

What are these?

Xu Xin was confused thinking about Angel Gene's answer.

Is she the person chosen by the King of Angels? The King of Angels has another Who is she? Why did the King of Angels choose her to be an angel?

There is also the Xuantian Realm, the Mero Heavenly Court, the Angel Legion, and Angel Leng, the commander of the Third Angel Legion.

Do these all exist?

Is there really a god in this world ? ?

"Gene system, who is the King of Angels?"

"King of Angels: The Emperor of Xuantian Realm, the King of Angels of Merlot Heaven. The King of Angels controls the four major realms, thousands of middle and small thousand worlds, Angel Xu Xin, the world you are in is just an insignificant one. The middle thousand world."

Xu Xin was about to be stunned when she heard the words of the genetic system.

She didn't know what realm was. (To read Baoshuang novels, go to Feilu Novel Network!)

But the world she was in was just a middle-thousand world, the King of Angels He actually controls thousands of Middle Thousand Worlds and Small Thousand Worlds. How powerful is the King of Angels?

"What is the name of the King of Angels?"

Xu Xin suddenly thought of Su Chen.

No one she knew could be the King of Angels, only Su Chen.

She and Su Chen only had a relationship, but Su Chen gave her a very mysterious feeling, and Su Chen Being able to easily control a king-level monster, Xu Xin guessed that Su Chen might be the King of Angels.

"Angel Suchen!"

Xu Xin was surprised when she heard the genetic system's answer,

"It was really Su Chen. I didn't expect that Su Chen was an angel and the king of angels."

Orequest flowers

"Angel Xu Xin, the angel genes have been integrated, will they start to upgrade?"

Xu Xin asked confusedly,

"upgrade? What to upgrade?"

Gene System explained to Xu Xin,

"Angel Xu Xin"

"You are just a preparatory angel recruit now. If you want to become a qualified and powerful angel, this requires constant upgrading."

"You have received permission from the King of Angels, and you can upgrade to the guardian angel of the third-generation divine body."

"Angel Xu Xin, will you start to upgrade?"

Xu Xin thought for a while and agreed.

"Start upgrading!"

After Xu Xin knew that the King of Angels was Su Chen, she felt that Su Chen would not harm her.

Besides, she was just an ordinary woman. How could a powerful and terrifying god have any plans for her?

"Angel Xu Xin, you have been authorized by the Angel King of Merlot Heaven: Angel individual weapon library transmission, Angel individual celestial computer transmission, sub-biological engine fusion, invincible body fusion, start upgrading now, the first generation angel upgrade begins....."

At this time, outside,

Xu Xin in the sky suddenly burst out with a huge light, and the surrounding strong men were shocked and retreated. All the strong men looked at Xu Xin in the sky in panic.

In the moment just now, the strong men around them all felt the threat of death, and it was a death threat that showed no resistance.

A strong man suddenly shouted,

"Look, Xu Xin has changed."

Xu Xin stood up in the air at this moment. The dagger on her chest had disappeared. Xu Xin closed her eyes and her hair was flying, and the light all over her body became more and more dazzling.

Touch!

After a crisp sound, behind Xu Xin Suddenly a pair of white wings appeared.

Mohandsen saw the change in Xu Xin and shouted in surprise,

"Angel? Xu Xin is actually the legendary angel?"

Everyone else around looked at Xu Xin in shock, with white wings and holy light all around.

Is Xu Xin really the legendary angel?

At this moment,

Luo Feng shouted with a pale face,

"Xu Xin is an angel? How can this be? Isn't Xu Xin a human being? How could she be the legendary angel beggar?"

Chapter 2622

Luo Feng looked at Xu Xin with a confused look on his face.

He and Xu Xin had known each other for many years and were classmates.

Xu Xin was a real human being, but how could Xu Xin have wings? And it looks like a legendary angel no matter how you look at it.

The powerful warriors around them all said they were confused, angel?

Xu Xin is actually the legendary angel?

Some strong people understood.

If Xu Xin was really an angel, it would not be surprising that Xu Xin could control a king-level monster. But why did Xu Xin commit suicide? This makes some strong people confused.

Hong and Lei stood together and looked at Xu Xin with serious expressions.

Is Xu Xin an angel?

Or aliens?

They must understand some of the secrets on the earth and the various races in the universe. There are many alien ruins on the earth. The two of them are worried that Xu Xin will be taken away by aliens.

Enchanting looked at Xu Xin in bewilderment, angel?

Will Xu Xin be an angel?

How could an ordinary earthly human be an angel?

Suchen?

Is it because of Su Chen?

01 Just?

Does Su Chen have the ability to turn Xu Xin into an angel?

At this moment, people all over the world watching Xu Xin on the big screen were stunned.

They actually saw an angel, an angel with white wings. Could Xu Xin be the legendary angel?

"Oh my god, this is a real angel. I never thought there really are angels on earth."

"Is it an angel? Isn't Xu Xin a member of the Xu family of Xia Kingdom? How could she be an angel?"

"Idiot, haven't you read the Bible? Angels can reincarnate, Xu Xin may be a reincarnated angel"

"its not right! Xu Xin is from our Xia country. Doesn't the angel say that he is the god of the West? Why haven't angels been reincarnated in the West?"

"I don't know, maybe there are angels in our Xia Kingdom too."

"Look, Xu Xin has changed again."

People all over the world looked at the big screen and discussed.

Everyone was very surprised that Xu Xin had a pair of white wings. A legendary angel appeared on the earth. This was even more sensational than Xu Xin owning a king-level monster..

The Xu family and everyone in the Xu family looked very remorseful at this moment. They did not expect that Xu Xin would become an angel.

This is a legendary angel!

But Xu Xin was expelled from the Xu family, and the Xu family also announced that Xu Xin would not. Then there is a member of the Xu family, an angel!

This is more powerful than a king-level monster. No matter how regretful the people of the Xu family are, they cannot persuade Xu Xin to return to the Xu family. After all, the Xu family is responsible for Xu Xin's suicide.

At this moment , over Jiangnan Base City,

Xu Xin still looked like he was sleeping with his eyes closed, but the momentum erupting from Xu Xin's body became more and more powerful.

"The upgrade of the second-generation divine body of the angel has been completed, and the upgrade of the third-generation angel has begun. The upgrade is in progress.....during upgrade.....The upgrade of the third-generation angel has been completed, and the upgrade of the third-generation divine body has begun. The upgrade is in progress.....during upgrade...."

"Angel Xu Xin, the transmission of the weapon arsenal (individual) is completed, the transmission of the celestial computer (individual) is completed, the fusion of the secondary biological engine is completed, the fusion of the invincible body is completed, and the upgrade of the third generation guard-level angel is completed."

Boom boom boom.....

After Xu Xin completed all the upgrades, she opened her eyes in reality. (To read Baoshuang novels, go to Feilu Novel Network!)

Xu Xin could not control her powerful aura for a moment, and the aura she exploded in the air was shocking. Loud noises continued to be heard in the air, the dark clouds on Jiangnan Base City were rolling, and loud noises resounded in the sky above Jiangnan Base City.

The powerful warriors around him fled from Xu Xin's side. He was so powerful that they felt the threat of death from Xu Xin, as if Xu Xin could crush them to death with one hand.

"Hong, is this the aura of a stellar powerhouse?"

"Yes, this is the aura of a star-level strongman. Xu Xin is much stronger than us at the moment."

"Hong, are angels so weak? Don't angels speak of God? Why is God so weak?"

"Lei, Xu Xin may have just awakened. She couldn't control her breath just now. Maybe Xu Xin will become stronger and stronger in the future."

"That's right. Let's see if Xu Xin's body was taken away. If Xu Xin was not taken away by aliens, she might really be an angel, an angel who belongs to our earth."

"Well, I hope Xu Xin has not been snatched away, otherwise, no one on earth will be Xu Xin's opponent."

After Hong and Lei looked at Xu Xin and talked for a while, they continued to observe Xu Xin. In fact, from Xu Xin's inability to control the powerful aura just now, they all guessed that Xu Xin could not be an alien who took over the body..

In the air,

Xu Xin was a little panicked at the moment.

She didn't expect to be so powerful after becoming an angel.

She just moved casually, and the powerful aura on her body leaked out uncontrollably, and the clothes on her body were about to burst..

Xu Xin nervously protected her chest and whispered,

"It's broken, the dress is going to burst."

"Angel Xu Xin, you have angel equipment in your arsenal, you can wear your angel equipment"

"Gene system, equip me with angel equipment immediately!"

Xu Xin hurriedly ordered after hearing the prompt from the genetic system.

She felt that if she didn't equip the angel equipment,

Xu Xin's dress would completely burst in a few seconds. She didn't want to appear naked in the air.

Whoosh!

A white light flashed. However,

Xu Xin looks more like a beautiful angel at this moment. She is wearing a silver armor with exquisite patterns, which reveals Xu Xin's perfect figure.

She is wearing a red jumpsuit and short skirt, which makes Xu Xin even sexier.

With her slim waist and long, smooth and white legs, Xu Xin looked very alluring. With her silver high boots and a pair of white wings, a beautiful, beautiful and sexy angel appeared in front of her. air

"Is this Xu Xin? This is too beautiful, too tempting"

"She's so beautiful. Look at Xu Xin's long white legs. We want to touch them just by looking at them."

"Angels are so beautiful, with exquisite armor, sexy dresses, long white legs, and white wings. Angels are indeed known as the most beautiful existences."

"Well, Xu Xin is not only beautiful, but also very powerful. Even a high-level warrior like me cannot get close to Xu Xin even a thousand meters away."

"just you? Didn't you see that those gods of war, beings beyond the gods of war, couldn't even get close? Even Hong, the most powerful first elder, and Lei, the second elder, appeared a hundred meters away."

Chapter 2624

Su Chen looked at the video in the living room and patted his forehead.

In the video was Xu Xin, and he also forgot that he was looking at Xu Xin's angel.

However,

Xu Xin turned out to be really beautiful after becoming an angel, especially her pair of long fair legs.

Su Chen couldn't help but want to touch them.

"A little stronger? Su Chen, if you were a little stronger, could you catch me instantly?"

Yaoluo's teeth were itching when she heard Su Chen's words. She felt that Su Chen was talking nonsense.

This bastard first said that he didn't know Xu Xin, and now he said that she was a little stronger.

She was a warrior who surpassed the God of

War. There is no resistance in him, is this bastard a little stronger?

Su Chen curled his lips and replied,

"That's because you're too good at it."

Enchanting glared at Su Chen and snorted coldly, "873"

"Humph, Su Chen, I know you are a powerful warrior. You said you would improve my strength, and I have served you for ten days. You must improve my strength."

I went.

It turned out that I wanted to improve my strength.

No wonder Enchantment is back, but is this possible?

Su Chen regretted Xu Xin's arrangement. Will he find another opponent for Wenina?

Su Chen touched his chin Looking at Yaorao thinking, how to send Yaorao away?

Just move this little beauty away?

Or just randomly improve Yaorao's strength and send her away?

Suddenly,

Su Chen heard the link request from Xu Xin's genetic system, and he looked towards The face on the screen is almost black.

What is Xu Xin going to do?

Resurrect the flying monster?

Who cares?

Xu Xin can save the flying monster, but if she does this, Xu Xin's dark energy will be consumed by more than half..Idiot woman, if one monster dies, it will be over if she catches another one.

Xu Xin spent more than half of her dark energy to save the flying monster.

Isn't this the behavior of an idiot? Su

Chen directly rejected the genetic system Link request.

As long as he does not authorize Xu Xin, the genetic system will lock Xu's secondary biological engine, and Xu Xin will be unable to resurrect the flying monster.

Su Chen touched his chin and reminded Yaorao,

"Enchanting, it is not impossible to improve your strength, but I promised you that as long as you take care of me for two months, I will improve your strength. Have you done it?"

"you....."

Yaorao was very helpless after hearing Su Chen's words.

Two months?

She didn't want to take care of Su Chen all day long.

Although Su Chen didn't do anything extraordinary to her, Su Chen kept looking at her with his naked eyes. Enchanting was also worried that Su Chen would eat her one day.

"Enchanting, go back, I know you don't want to take care of me, and I won't force you to take care of me."

Yaoluo shouted angrily,

"go back? I took care of you for ten days, did I take care of you in vain?"

"Enchanting, I will give you a crystal as compensation."

Su Chen thought about it and decided to give Yaorao a wood crystal.

Kirishima also planned to go there, especially the intelligent life Babata. Su Chen was very interested in Babata.

"Mu Yajing? What's this?"

"There is a treasure in the universe that can allow monsters to advance to the king level. Hong, the master of your extreme martial arts gym, knows"

"Do you have wood tooth crystal?"

Yaorao was very surprised when she heard Su Chen's words.

Mu Ya Jing can actually promote the monster to the king level?

Is this true?

Yao Rao suddenly thought of Xu Xin's flying monster. Could it be that the flying monster used Mu Ya Jing to advance to the king level monster? ? (To read exciting novels, go to Feilu Novel Network!)

"Not now!"

Yaoluo clenched her silver teeth and shouted,

"No? Su Chen, you don't have Muya Crystal, how are you going to give it to me?"

Su Chen shook his head and said,

"I don't have it now, but I will have it in twenty days. Enchanting, I will give you a wood crystal in twenty days."

Yaorao didn't believe what Su Chen said.

She guessed that Su Chen must have Muya Crystal in his body and wanted her to leave?

Yaorao decided not to leave, and she would not serve Su Chen anymore.

Yaorao decided to find out the secrets about Su Chen.

Su Chen is too weird.

There is no such strong person as Su Chen on the earth.

Why does Su Chen keep hiding his identity? Why doesn't he reveal his great strength? Is he from Earth?

Yaoruo decides to find out.

Su Chen saw Yaoruo After sitting down, he said nothing more.

Su Chen looked at the video and wanted to know what Xu Xin was going to do, resurrect the flying monster?

Will that idiot woman give up?

At this time, after Xu Xin talked with Hong Helei, she agreed to go During a trip to Hongwu Base City,

Xu Xin also wanted to know how powerful she is now, and there are many advanced training equipment in Hongwu Base City, which can also allow her to quickly become proficient in the angel's fighting style. 0.

Hong and Lei agreed to go to Hongwu after Xu Xin agreed In Base City, they also understood that Xu Xin was not an alien who had taken his body and was reborn, but Xu Xin was just an angel who had just awakened.

Hong and Lei were completely relieved.

Hong asked Xu Xin,

"Miss Xu Xin, are you planning to resurrect the flying monster?"

Xu Xin looked at the flying monster and nodded and replied,

"Well, Xiaolan died because of my stupidity, and I wanted to resurrect Xiaolan."

Lei asked hurriedly,

"Miss Xu Xin, can you resurrect dead life forms?"

Xu Xin looked at Hong He Lei.

She felt that both Hong and Lei were the guardians of the earth, and they were also powerful warriors of the Xia Kingdom.

Xu Xin felt that there was no need to hide it from Hong He Lei.

Besides, if she was resurrected later After resurrecting the flying monster, Hong and Lei will also know that she has the ability to resurrect the flying monster.

Xu Xin thought for a while and said,

"I can, but I need authorization, otherwise I won't be able to resurrect Xiaolan."

Lei asked hurriedly,

"Authorization? Miss Xu Xin, who do you need 5.2 authorization from?"

Xu Xin replied with a serious face,

"My direct superior angel, the commander of the Third Angel Legion, the Holy Angel, the commander of the Angel Cold Legion."

Hong and Lei were very shocked when they heard Xu Xin's words.

The Third Angel Legion?

So there will be many angels?

Where do angels live? On the earth?

In the universe?

Or in the legendary world of gods?

Hong looked shocked at the question. Xu Xin asked,

"Miss Xu Xin, are all the angels in the earth?"

Xu Xin shook her head and explained,

"No, the earth is just an insignificant existence, and the universe we live in is also an insignificant existence. In our universe, I should be the only angel that exists."

Chapter 2625

Xu Xin did not disclose the existence of Su Chen and his three daughters, and she did not dare to disclose the existence of Su Chen without permission.

When Su Chen came to Earth,

Xu Xin didn't know what Su Chen was going to do, but Su Chen was the emperor of a realm and the king of angels. Xu Xin felt that Su Chen would not be detrimental to the earth, and Su Chen would not like the earth. , and it is impossible to take a fancy to this universe.

After Hong thought for a while, he reminded Xu Xin,

"Miss Xu Xin, if you resurrect the flying monster in an honest and fair manner, this will have some impact on you."

"Some people with evil intentions may conspire to harm you. How about we transport the corpse of the flying monster to Hongwu Base City, and then you can resurrect the flying monster, okay?"

After Xu Xin heard Hong's words, she looked at the warriors around her and felt that she had been rash just now.

Resurrecting a life form would definitely cause a sensation.

If Xu Xin restored a flying monster, she guessed that some people with evil intentions would definitely attack her. Conspiracy begins

"Thank you, Senior Hong. Please transport Xiaolan to Hongwu Base City. Hong said to Xu Xin with a smile,

"No trouble, I also want to see the scene of the flying monster being resurrected. I will order the people from the martial arts gym to transport the flying monster away now."

Lei hurriedly said to Xu Xin,

"Miss Xu Xin, can I watch from the side?"

"Senior Lei can also....."

Xu Xin hadn't finished talking to Lei yet. She was stunned when she heard the reminder from the genetic system.

Su Chen refused to connect with her.

What should she do?

Without Su Chen's authorization,

Xu Xin would have no way to resurrect the flying monster.

"Miss Xu Xin, what's wrong with you?"

Lei saw Xu Xin suddenly stunned.

He was a little confused.

How could Xu Xin be in a daze so well?

Xu Xin replied frustratedly,

"I was rejected. Without authorization, I cannot resurrect Xiaolan!"

Lei and Hong looked at each other after hearing Xu Xin's words.

Rejected?

Rejected by whom?

Could it be the commander of the Third Angel Legion, Holy Angel, Angel Leng?

"I will try to contact Senior Hong again. I will go to Hongwu Base City in three days, and Xiaolan will trouble Senior Hong."

Xu Xin decided to look for Su Chen.

It is very simple for her to find Su Chen now. As long as Su Chen is in Jiangnan Base City and is not hidden, Xu Xin will find Su Chen quickly with her angel eyes.

Flying Monster Xiaolan She must be resurrected, and Xu Xin must convince Su Chen to agree to her request.

Hong nodded and replied,

"Okay, Lei and I will wait for Miss Xu Xin in Hongwu Base City in three days."

"Thank you!"

After Xu Xin nodded to Hong and Lei, she disappeared instantly.

After Lei disappeared from Xu Xin, he asked Hong,

"Hong, how many angels do you think there will be? Hong shook his head and said helplessly,

"How do I know that Xu Xin's direct superior angel is the commander of an angel army? How many angels are there in an angel army? It's impossible for us to know"

"Lei, don't forget that Xu Xin has just awakened"

"Xu Xin has stellar strength just after awakening. How powerful will the other angels in the Angel Legion be? Commander of the Third Angel Legion, how powerful is Angel Leng of the Holy Angel?"

Lei nodded when he heard Hong's words.

He felt horrified when he thought about it.

Xu Xin, who had just awakened, was stronger than them. How many angels would there be in an angel legion?

Five thousand?

Ten thousand?

Or one hundred thousand?

Xu Xin was in the first What do the three angel legions belong to? A miscellaneous angel? Or a powerful angel? (To read Baoshuang novels, go to Feilu Novel Network!)

They don't know this. The three sisters

Kirishima,

Venina and Su Yan accepted The Heart of All Grass and Trees, Mo Yunteng was also brought over by the paper bird.

After Elena played on Kirishima for a while, she ran to Venina and asked,

"Auntie, there is still a civilization relic in Kirishima? Venina nodded and replied,

"Yes, your father said that there are ruins of a civilization in the sea next to Kirishima, but he doesn't know the specific location."

Wenina is very happy at the moment.

This trip to Kirishima was a big harvest.

She got dozens of Hearts of Plants and Trees, and she also got a powerful Moyundeng. Moyundeng is very powerful for her. A helper.

Warriors who surpassed the God of War are no match for Mo Yunteng. Winina decided to train Mo Yunteng well.

"Auntie, leave it to me, I will find the ruins of that civilization."

After Elena heard what Wenina said, she patted her chest and volunteered to look for civilization ruins. Elena didn't care about a civilization ruin, but this trip was very good. Elena saw Su Yan and Su Yue was studying something, she decided to find the ruins of that civilization first

"Elena, be careful!"

"Don't worry, aunt, no one in this world can hurt me."

Wenina saw Elena running away.

She shook her head and was not worried.

Although the three Su Yan sisters had sealed their cultivation realms, there was no way anyone or monsters in this world could hurt their sisters.

At this moment,

Su Yan and Su Yue squatted next to a small orchid. The sisters wanted to cultivate a powerful monster.

There was no Mo Yunteng on Kiri Island, but the scenery on Kiri Island was very good.

Su Yan and the three sisters decided to bring Kiri Island to As their base, the base also needs a powerful monster to protect it, so Orchid was chosen by Su Yue and Su Yan.

Su Yue saw Su Yan sprinkling spiritual water on Orchid and said,

"`.Sister, will it be useless if you do this? An orchid cannot grow quickly if we don't use water of life."

Su Yan shook his head and explained,

"Yue'er, if we use the water of life, the orchid may burst instantly. Although the effect of the spiritual water is not great, I am also going to sprinkle a few drops of ginseng fruit juice on the orchid. In this way, the orchid should become a powerful plant. monster"

"That's it, sister, let's try. If it doesn't work (Qiannuo's), we'll catch a powerful monster to protect Kirishima."

"good!"

Wenina shook her head when she heard what Su Yan and Su Yue said.

She did not disturb Su Yan and Su Yue's experiment.

The three Su Yan sisters were very lively and cheerful here, and each of them was very happy.

Wenina guessed In the Merlot Heaven, they must be monitored very strictly.

The three Su Yan sisters are the princesses of the Merlot Heaven, the three future heirs of a huge realm. The three sisters have to learn a lot of etiquette and knowledge.

In the villa ,

Su Chen saw Xu Xin's arrival without any surprises.

Xu Xin was very powerful after becoming an angel.

Su Chen did not hide it.

Xu Xin could see his presence with her angel eyes.

Enchanting saw Xu Xin suddenly appeared. , she hurriedly asked Xu Xin,

"Xu Xin, why are you here? You and Su Chen know each other, right?".

Chapter 2626

Enchanting discovered that Xu Xin suddenly appeared, and she looked at Su Chen with a look that she had understood a long time ago.

You said you don't know Xu Xin?

He also said that Xu Xin's change was not what he said?

These are all lies, damn bastards.

Xu Xin looked at Enchantment and was a little confused.

Who is this beautiful woman?

How come there is such a beautiful woman beside Su Chen?

"king.....Su Chen, I want you to promise me something~"

Xu Xin was about to call Su Chen King, but she suddenly thought that Yaorao might not know Su Chen's identity. Xu Xin hurriedly changed her words and asked Su Chen.

Su Chen shook his head and refused,

"no!"

Xu Xin begged with a pale face after hearing Su Chen's words,

"Su Chen, I only have this request. I have no relatives in this world. My family has expelled me. I don't want to go back to that cold and emotionless home."

"The person I like made me lose an important friend, and he has become a thing of the past to me. Su Chen, I only have this one friend who can accompany me regardless of life and death. Please help me once more."

Su Chen felt helpless when he heard Xu Xin's words.

Xu Xin was expelled from the family, and the death of the flying monster was also because of Luo Feng. He did not expect that Xu Xin decided to part ways with Luo Feng.

However, this is okay. At least Xu Xin will not stop

Wenina when she kills Luo Feng. Su Chen previously gave orders to Xu Xin's genetic system. If Xu Xin dares to attack Wenina, the angel genetic system will lock Xu Xin. Due to Xin's angelic abilities, he felt that the previous arrangement was unnecessary. Su Chen rubbed his forehead and reminded,

"Xu Xin, do you know what will happen to you if you do that?"

"More than half of your dark energy will be consumed, and you can't replenish it at all on this earth. I'm afraid you won't be able to use half of your strength in the future. Do you want to continue doing it?"

Xu Xin replied firmly,

"I am willing, even if I become an ordinary person again, I am willing"

"Okay, Xu Xin, I agree, I hope you won't regret it!"

Su Chen looked at Xu Xin and nodded in agreement.

Xu Xin is a qualified angel, at least more qualified than him.

Angels are all beautiful and kind. Xu Xin is a very kind woman, and she is also willing to work for her partners. And sacrifice, Xu Xin has the nature of an angel, and also has the kind heart of an angel

"Thank you!"

After Xu Xin saluted Su Chen, she looked at Enchanting and disappeared in the villa instantly.

Xu Xin wanted to resurrect the flying monster Xiaolan as soon as possible. She was worried that Su Chen would regret it again.

"Damn it, is Xu Xin worried that she will regret it?"

Su Chen saw Xu Xin leaving quickly.

He touched his chin and was very speechless.

Su Chen hadn't appreciated Xu Xin's long legs yet and missed an opportunity this time.

Enchanting asked coldly with her arms folded,

"Won't you explain it to me?"

Su Chen curled his lips and asked,

"explain? Enchanting, are you my wife? Why should I explain it to you?"

"Shameless!"

"cut!"

After Enchanting glared at Su Chen, she asked Su Chen seriously,

"Su Chen, who are you? Angel? Or aliens?"

Su Chen took a sip of tea and replied,

"Just think of me as a god, an omnipotent god"

"god? Just like Xu Xin?"

"Xu Xin? She is not a god. Xu Xin is still far from becoming a god."

"What? Isn't Xu Xin a god? How can this be?"

Yaoluo looked at Su Chen in surprise.

Aren't angels gods?

Why did this bastard say that Xu Xin was not a god?

Su Chen rolled his eyes at the surprised Yaorao and explained,

"Nothing is impossible. If Xu Xin wants to become a god, she will have to advance several times. For an angel like Xu Xin, any one of my men can kill her with just one little finger."

Yaoluo opened her sexy mouth after hearing Su Chen's words.

Xu Xin's strength is even stronger than Hong and Lei. She can't even compare to one of Su Chen's subordinates, and Su Chen's subordinates can do it with just one little finger. After destroying Xu Xin, how strong is this bastard?

Su Chen touched his enchanting smooth little face and said, (To read Baoshuang novels, go to Feilu Novel Network!)

"Enchanting, your world is at best a middle-thousand world. There are many worlds more powerful than yours."

"The strong men in other worlds can destroy the earth and the entire universe in one breath. In the eyes of those people, you are just ants, insignificant and dispensable ants."

I leaned in. Her enchanting little face is really smooth and delicate. I don't know what the enchanting face is.....Ahem!

0 Please give me flowers.

Damn, do you want to accept the enchanting flowers?

Do you want to find a companion for Venina?

Huh?

No,

Venina must have booked a woman for him in this world.

Venina can't deal with him alone. It's impossible for her not to find a helper.

Who could it be?

At this moment,

Enchantment stared at Su Chen in stunned silence. Su Chen even forgot to swat away the hand touching her face.

She was frightened by Su Chen's words,

"Other world?"

Su Chen was talking about other worlds, not other planets in the universe. Do other worlds really exist?

Enchanting asked Su Chen in shock,

"Su Chen, is there really another world? Are you someone from another world?"

"good!"

"Are you really a god?"

"That's right?"

Yaoluo gritted her silver teeth and said angrily,

"What counts? Can you answer in the affirmative?"

What the hell?

Is he a god?

Su Chen is an immortal, and there are many immortals who are more powerful than gods.

Moreover, regardless of the ancient immortal world or the western realm, all the gods are his subordinates, and they are also the subordinates of some scum.

Su Chen hugged her voluptuous and plump body and said,

"Enchanting, if you kiss me, I will answer your question, and the answer will be 100%."

"Shameless, let me go!"

Yaoluo's face turned red with anger when she heard Su Chen's words.

She didn't expect that Su Chen hugged her accidentally. This bastard even asked her to kiss her before she answered, "kiss Su Chen?"

"Will she kiss this bastard?"

Um!

Kiss?

Yaorao thought that as long as she kissed Su Chen, this bastard would answer her a question. She had many questions to ask.

Do you really want to kiss this bastard?

Su Chen curled his lips and let go of Yaorao. In his eyes, it is just a condiment. He will not force Yaorao, nor will he force Yaorao. It doesn't matter if Su Chen wants to be enchanting or not.

Beauty?

If he wants, there will be countless beauties.

Boo! Boo! Boo!

Yaorao kisses her quickly. After kissing Su Chen three times, she blushed and said to Su Chen,

"Su Chen, I kissed you three times. You must answer my three questions without reservation."

Chapter 2627

Su Chen looked at Enchantment in confusion, is this considered a kiss?

Enchanting just pecked him gently on the face.

Was this a kiss?

Also, when did he just kiss a few times and answer a few questions?

Su Chen rubbed his forehead and looked at the blushing Enchantment speechlessly.

This mixed-race beauty was too cunning.

Forget it,

I agreed to this little beauty this time.

Su Chen reminded Yaorao,

"Enchanting, forget it this time. After three questions, if you still want to ask questions, I will kiss you before answering."

Yaoluo snorted and asked Su Chen,

"Huh, first question, Su Chen, is that what you call Xu Xin turning into an angel?"

"good!"

Yaoluo heard Su Chen's answer.

Although she had already guessed it, Su Chen's answer still shocked her.

Su Chen actually has the ability to turn a human into an angel?

How on earth did this bastard do it ? ?

Yaorao asked Su Chen hurriedly,

"How did you turn Xu Xin into an angel?"

Su Chen smiled and replied,

"I am the King of Angels. Isn't it very easy to turn a mortal into an angel?"

Su Chen is the King of Angels.

Kesha and He Xi gave him the King of Angels. They are now Queens of Angels. There is also the Demon Queen Liang Bing. Su Chen is still the King of Demons. Liang Bing also turned the Demon Queen The king gave it to him.

Damn it, those demons were extremely ugly, and Su Chen was too lazy to pay attention to them.

However,

Liang Bing never gave up on those ugly demons, and Liang Bing continued to use resources to cultivate those ugly demons. They.

Enchanting asked with a surprised look on his face,

"What? Are you the King of Angels?

Su Chen smiled and nodded and replied, "Yes, I am the Angel King of Merlot Heaven?"

"Merlot Heaven? What is Merlot Heaven?"

Su Chen shook his head and reminded,

"Xu Xin, you have finished asking your three questions. If you want me to answer your questions, you should understand what I have to pay."

"I....."

Xu Xin looked at Su Chen in confusion.

Have you finished asking the three questions?

Did Su Chen turn Xu Xin into an angel?

How could Su Chen turn Xu Xin into an angel?

Suchen is the king of angels?

Enchanting thought about the three questions she asked Su Chen before, she rubbed her forehead and was very speechless.

Still want to ask?

Damn it,

Enchantment still has many questions to ask, but if she wants to ask one question, she has to be kissed by Su Chen.

Enchanting hesitated.

Su Chen asked with a smile

"Little beauty, do you still have to ask?"

"Ask, kiss me, I will treat you as if I was kissed by a monster."

The enchanting face said to Su Chen with a red face.

She didn't want to give up asking the secrets she wanted to know.

Su Chen has not left the earth at this moment, nor has he left this world. If Su Chen leaves the earth in a few days, or even leaves this world. In the world, it's too late for Yaorao to regret it.

Su Chen hugged Yaorao and kissed her.

Don't take advantage of it.

"Little beauty, you can continue to ask!"

Yaoluo wiped her lips and asked angrily,

"What is Merlot Heaven?"

Su Chen strangely asked Yaorao,

"There are two Merlot Heavens, one is the Merlot Heaven in the Xuantian Realm, and the other is the Merlot Heaven in the Angel Nebula. Angels all live in the Merlot Heaven."

"Enchanting, I have answered your question, do you still want to continue asking?"(To read Baoshuang novels, go to Feilu Novel Network!)

Yaorao heard Su Chen's words and itched her teeth with hatred.

Damn you bastard, how could there be two in Merlo Heavenly Court?

She had just been kissed by Su Chen in vain.

Enchanting really wants to strangle this bastard to death,

"I want to know the specific situation of Merlot Heaven in Angel Nebula."

Su Chen hugged Yaorao and kissed her again.

He thought for a while and replied,

"The Merlot Heaven of the Angel Nebula is the origin of the angel race. All the angels in the Merlot Heaven are women. There are twelve angel legions, hundreds of thousands of angel warriors, and millions of reserve angels."

"There are three kings of angels in the Merlot Heaven, Kesha, the Heavenly Blade King, and the Angel King of the Merlot Heaven. They are the place of faith of the angels and are also the kings of the gods in the entire super-god world."

"Tianji King Hexi and Tianqi King Liangbing are also the angel kings of Merlot Heaven, but their real duty is to be the left and right sacred guards of Wang Kesha of the Sky Blade King."

Yaoluo was very confused when she heard Su Chen's words.

Are all angels women?

There are three angel kings among angels?

Tianji King Hexi and Apocalypse King Liang Bing. They are the kings of angels and the guardians of the sacred left and right wings. So what are the angels like? Blade King Kesha is the real king of angels.

What about Su Chen?

Aren't all angels women?

How can this bastard be the king of angels? Is Su Chen the king of angels in Merlot Heaven in Xuantian Realm?

Enchanting Red He continued to ask with a straight face,

"Su Chen, which Angel King of Merlot Heaven are you?"

Su Chen asked enchantingly,

"Enchanting, you still want me to kiss you?"

Enchanting stared at Su Chen in shame and anger and shouted,

"Bastard, kissing me once is a kiss, kissing me ten times is still a kiss, I will risk my life today."

Su Chen was not polite.

He stroked Yaorao's soft waist and kissed her.

After a while,

Su Chen let go of Yaorao.

Yaorao was so embarrassed and angry that she wanted to kill this bastard immediately. She didn't expect that Su Chen would touch her waist.

A shameless person. 407 Sex embryo, is this bastard still an angel?

Is Su Chenpei a kind and righteous angel?

Enchanting threatened Su Chen with a look of embarrassment,

"Damn it, if you touch me again, I will kill you."

Su Chen curled his lips and ignored Yaorao.

Why didn't he dare?

Yaorao has been led into a pit by him.

Su Chen just kissed Yaorao all day and night today.

Yaorao will still continue to ask questions tomorrow, and the little beauty will still be kissed by him. Go down.

Enchanting asked coldly, "Answer me, are you the Angel King of Merlot Heaven?"

"I am the angel king of the Merlot Heaven in the Xuantian Realm, and I am also the angel king of the Merlot Heaven in the Angel Nebula."

Enchanting asked in surprise,

"Su Chen, didn't you say that the king of angels in Angel Nebula is Sky Blade King Kesha? And He Xi and Liang Bing? How can you still be the angel king of Merlot Heaven in the Angel Nebula?"

Su Chen stretched out two fingers and asked,

"Two questions, Enchanting, are you sure you want me to answer them?"

Yaoluo angrily yelled at Su Chen, "Asshole, bastard, Su Chen, you are a shameless bastard!"

Su Chen curled his lips and reminded,

"Tsk, it's not like I'm forcing you, Yaorao, if you don't want me to kiss you, you don't have to ask!"

"Kiss, kiss, damn bastard!".

Chapter 2628

The next morning,

Su Chen looked at the sleeping Enchantment next to him and smiled. He got dressed and walked out of the bedroom.

I still couldn't hold it back yesterday, so forget it, just think of finding a helper for Venina.

But she is really pretty, especially with her perfect figure and sexy flaming red lips. Su Chen had a good time relaxing last night.

On the sofa in the living room,

Su Chen was drinking tea and thinking about how to arrange Yaorao in the future and how much he should improve Yaorao's strength.

At this moment, in the bedroom,

Yaorao opened her eyes after Su Chen left. She clenched her fists tightly with a look of shame on her face.

"Damn bastard!"

Yaorao was ashamed, angry and shocked at the moment.

She didn't expect to lose her virginity to Su Chen, and it was that bastard who trapped her. Yaorao couldn't calm down for a long time when she thought of Su Chen's words yesterday.

Xuantian Realm, Ancient Immortal World, West Realm, Chaos Demon God, Nuwa Empress, Yuanshi Tianzun, etc.,

Yaorao felt dizzy when she thought of these. She did not expect that the myths and legends she heard before were actually true.

The prehistoric fairyland and the immortals in the prehistoric fairyland actually existed, but Not in the same world.

Empress Nuwa is actually Su Chen's wife.

This is really unbelievable.

Enchanting rubbed her forehead and whispered,

"The Emperor of Heaven in the Xuantian Realm, the former Emperor of Heaven in the Prehistoric Immortal Realm, the God King in the Western Realm, and even rules several other huge realms, thousands of middle-thousand worlds and small worlds, what does that shameless bastard have? How powerful?"

At this time, in the wilderness,

Luo Feng was running for his life in a panic.

Since yesterday evening,

Li Yao and several powerful gods of war have been chasing him.

Luo Feng was expelled from the Ultimate Martial Arts Hall in public. The Ultimate Martial Arts Hall also Take back all the things Luo Feng gave Luo Feng.

The luxurious villa was taken back, and the warriors who secretly protected his family were evacuated.

That night, all his family members were killed.

Li Yao chased him all day and night from the base city in Jiangnan.

"Damn it, Li Yao, unless I, Luo Feng, die, I will definitely cut you into pieces."

Luo Feng looked back at the people who were chasing him with a sinister look on his face. Among the five gods of war, he was no match for any of them. If it weren't for his mental power, Luo Feng wouldn't be able to escape even if he wanted to.

Luo Feng thought with a gloomy face After thinking about it, he whispered,

"We can only go to the deserted South Austrian Continent. Although there are many monsters in the South Austrian Continent, it is better than staying and being killed. Xu Xin, is all this because of you?"

Luo Feng thought that Xu Xin's face became even more ugly.

Xu Xin is now a powerful angel.

The wrong thing he did yesterday caused him to be expelled. This was because Xu Xin no longer had the protection of the Extreme Martial Arts School and his family was killed. He was hunted down, all because of Xu Xin.

Boom!

"Luo Feng, you can't escape. I, Li Yao, have nothing left. If I don't kill you, I, Li Yao, will never rest in peace even if I die."

Li Yao yelled angrily while chasing and attacking Luo Feng from behind.

Li Yao's face was distorted and ugly at the moment. His son was killed, and Wenina also parted ways with him.

A month ago,

Li Yao did not expect to be killed. Venina was defeated easily. When had Venina been stronger than him?

He is an intermediate God of War, and what about Venina?

An advanced God of War?

Or is she an existence beyond the God of War? (To read Baoshuang novels, go to Feilu Novel Network!)

When Li Yao thought of Wenina being embraced by other men, his heart felt like it was bleeding. She was beautiful, sexy, full of charm, plump and proud, mature and attractive. Wenina was being enjoyed by other men. Li Yao couldn't wait to kill that traitor. Husband, but he never found out who the adulterer was.

Li Yao looked at Luo Feng who was escaping in front of him, and he shouted to the four people next to him,

"Chai, you must kill Luo Feng. As long as you kill Luo Feng, everything I have can be divided equally between you."

"Haha, Li Yao, don't worry, he can't escape for a mere general."

"Yes, we have been chasing him for a day and a night. Even if he is a spiritual master, that kid can't hold on (abci) for long."

"A warrior level, if it weren't for his speed, we could kill him in an instant. Li Yao, don't worry, Luo Feng is dead for a huge amount of money."

"It's not difficult to kill Luo Feng. We have to find a way to stop him. It was a mistake not to bring a fighter plane this time."

The four gods of war next to Li Yao spoke one after another.

They were very satisfied with the reward of this employment mission.

By killing Luo Feng, the four of them would not only get tens of billions of money, but also some of Li Yao's equipment and treasures. Four people can also share it equally. This is a very attractive employment.

"damn it!"

Luo Feng heard the conversation of several people behind him, and he became anxious. The five war gods have been chasing after him. Can he escape to the South Austrian Continent?

In the villa,

Su Chen saw Yaolao coming out with a blushing face. He stepped forward and hugged Yaorao in his arms and sat down.

Yaorao cried out in embarrassment while being held by Su Chen,

"Let me go."

Pah!

Su Chen slapped the enchanting butt and said,

"Just fart, you will be my woman from now on, it is only natural that I hold you"

"asshole!"

Enchanting stared at Su Chen and wanted to strangle this bastard to death. She didn't expect that Su Chen would spank her, a shameless pervert.

After kissing the enchanting and seductive flaming red lips, Su Chen said,

"Enchanting, you want to be an angel? Or should I help you improve your strength? I can raise your strength to the ninth level of a star. Your strength is too weak. I can't raise your realm too much at once, otherwise you will explode and die."

"Stellar level nine?"

Yaoluo looked at Su Chen doubtfully.

She knew that Hong and Lei were both planet-level in strength. Could it be that the planet-level is star-level?

Su Chen nodded and replied,

"Well, the realms of you cosmic warriors are divided into planetary level, stellar level, cosmic level, domain lord level, and world lord level. [It is set here that the most powerful one is the world master, so don't take your seat based on the number.] "

Enchanting leaned into Su Chen's arms and asked,

"What level of warrior is Xu Xin?"

"Xu Xin is a guardian angel of the third generation of gods. [An enhanced version of the third generation of angels, don't compare with the super god world.] That is, the strength of Stellar Level 5"

"Are you leaving this world? Yaorao asked Su Chen nervously.

She knew that Su Chen did not belong to this world, but Yaorao and Su Chen had already had a relationship. If Su Chen left this world, would they meet again in the future? Will this bastard still remember him in the future? Her?

"Well, but I will come back often. Your world is a bit special. I can't bring this world into the Xuantian realm yet, but it won't take long before I will bring this world into the Xuantian realm. Then you can go to Mei in the Xuantian realm. Luo Tianting Cultivation"

Chapter 2629

Su Chen hugged the nervous Yaorao and explained to him that there is Winina in this world, and he also has the space channel of this world. It is very simple for Su Chen to return to this world.

However, the Heavenly Way of Qi Luck is a trouble.

To solve the Heavenly Way of Qi Luck,

Su Chen must wait for the system chick to upgrade.

After the minor system upgrade,

Su Chen wondered if he would go to Hongmeng World?

He is interested in the great world of Hongmeng where there are many powerful people.

But his level of cultivation is too low.

Su Chen went to Hongmeng World, and he may be a scum among scum. He may not be able to watch those supreme battles, otherwise he will be shaken to scum by the powerful aura.

Yaorao relaxed after hearing Su Chen's words.

As long as Su Chen came back often in the future, she had nothing to worry about. As for going to Mero Heavenly Court in the Xuantian Realm to practice"660"?

She had never thought that there was the Immortal Realm, a huge realm of heaven, and that Yaorao was just an ordinary warrior. She was worried that those immortals would look down on her if she went to Mero Heaven.

Especially Su Chen's women, Nuwa Empress and Queen Mother Empress, Enchanting was worried that if she went to Merlot Heaven, those powerful female fairies could destroy her with just one look.

Yaorao thought for a while and said to Su Chen,

"Suchen, I don't want to become an angel."

Su Chen said while stroking her enchanting hair,

"Okay, Enchantment, your strength is too low. I can only raise your strength to the ninth level of the star first. After a while, you will be in great pain after you start to increase your strength. I want to change your physique so that you can practice in the future. Immortal world skills"

"pain? How painful is it?"

"Just like giving birth to a baby!"

"What a bastard you are!"

Yaorao was very ashamed and angry when she heard Su Chen.

It was as painful as giving birth?

Has she ever given birth to a child?

Damn you bastard,

Yaoruo thought and touched her belly.

Will she have Su Chen's child?

If Yaoruo does. How powerful will Su Chen's child be after it is born?

Su Chen is a very powerful immortal.

Yaorao speculates that if she has Su Chen's child, the child may be born as an immortal.

"Enchanting, let's go to the bedroom and I'll start to improve your strength."

"good!"

In Kirishima,

Su Yan and Su Yue were still tinkering with orchids. Venina and Elena went to the underwater ruins.

Su Yue looked at the greatly changed orchids, and she asked Su Yan doubtfully,

"Sister, do you want to add ginseng fruit juice to the orchids today?"

Su Yan frowned and looked at the orchid.

After a day of pouring spiritual water, an ordinary orchid has almost become a demon flower. If the orchid had not yet developed spiritual intelligence, the orchid would have been a real demon flower. That's it. Orchid also has the cultivation level of Nascent Soul Realm.

Su Yan touched his smooth and delicate chin, thought for a while and said,

"Let's try a drop today. If the orchid can handle it, we'll add a few more drops."

Su Yue nodded and said,

"All right! Let's just give it a try and hope the orchid can handle it. I still like this beautiful orchid."

After Su Yan rolled his eyes at Su Yue, she took out a ginseng fruit and took a bite. Su Yan squeezed the ginseng fruit and forced a drop of juice to drip on the orchid.

Boom!

After the orchid absorbed a drop of juice from the ginseng fruit, the orchid expanded rapidly. , a powerful aura erupted around them, and the entire Kirishima vibrated.

Su Yan and Su Yue did not pay attention to the powerful aura. They stared at the orchid and watched the changes.

The orchid continued to grow and expand, and they were worried that the orchid would not be able to withstand the huge size. The immortal power was exploded.

In the underwater ruins of Kirishima, (for cool novels, go to Feilu Novel Network!)

Elena and Venina also heard the vibrating sound, but they didn't pay attention.

They guessed that Kirishima The strong vibration on the island must be caused by Su Yan and Su Yue.

Elena looked at the shining wooden crystals in the passage.

These were all garbage, but Wenina next to her was collecting wooden crystals. Eileen Na also helped Venina collect,

"Auntie, do you want to collect all these wood crystals?"

"Collect, Elena, the wooden crystals are useless to you, but they are treasures to the warriors in this world. Let's collect all the wooden crystals here."

"Good aunt."

Wenina is very excited at the moment.

Although these wooden crystals are not as good as the resources Su Chen gave him, it is still a good harvest.

In the future, if she buys these wooden crystals to other forces, Venina will also Get some good items 0.

Su Chen can't control the world yet, and that bastard can't quickly improve her strength.

The luck and heavenly way controls the world. Wenina is still a luck tester, she can only practice step by step

Mu Yao Jing is the top treasure in this world.

If Wenina wants to control the earth in the future, she will need a lot of resources and treasures to win over her subordinates.

Wenina thought that after Su Chen can control the world, if Su Chen discovers her Take control of the earth.

That bastard will be shocked.

In the ruins of civilization, there is a little beauty waving a pair of small wings, with a petite and beautiful figure, and a long little tail behind her back. She looks at Winnie who appears through the surveillance screen Na and Elena.

The little beauty looked a little flustered.

She didn't expect someone to break into the spacecraft.

The little beauty flew in the air and whispered with a worried face,

"what to do? Neither of the two people who arrived were spiritual masters, and they were not from the host planet. The spaceship was discovered, and the blond woman was still very dangerous. What should I do?"

The little beauty thought about using the defense of the spaceship to drive away Venina and Elena, but she found that Elena's specific data could not be detected.

Venina is a transcendent god of war and a scumbag, but what about Elena? ?

The detection system has gone off the charts and has yet to detect Elena's strength.

This 3.1 shocked the little beauty.

The instrument that can detect the world lord level strength in the universe, this time it went off the charts and failed to detect Aiina. Elena's strength, she guessed, Elena's strength is very terrifying.

The little beauty rubbed her forehead and said helplessly,

"what to do? The defense of the spaceship will definitely not be able to stop that terrifying woman. Will I, Babata, be killed by that terrifying woman?"

"Little devil, are you afraid of me?"

"who?"

Babata suddenly heard a woman's voice.

She looked around nervously, a woman's voice?

How could a woman's voice appear in the control room of the spacecraft?

"Little devil, Aunt Venina and I will be here soon. Don't do anything you shouldn't do, otherwise I will capture you and hand you over to my Aunt Liang Bing. My Aunt Liang Bing is the Demon Queen."

Chapter 2630

In the spaceship passage of the civilization ruins,

Elena had a smile on her face.

After she entered the spaceship of the civilization ruins, Elena discovered the intelligent life form inside the spacecraft.

Although her cultivation realm was sealed and it was impossible for the soul to view the entire spacecraft, her mental strength was still there.

Elena just threatened the little devil beauty.

She was worried that after the little beauty opened the defense of the spacecraft, Elena forcibly broke the passage and destroyed the entire civilization ruins.

Venina is interested in all the items here, and she doesn't dare to destroy this civilization relic.

"Elena, what happened?"

Winina saw Elena laughing, she touched Elena's hair and asked,

Elena smiled and replied,

"Auntie, this civilization relic is a spaceship, and there is an intelligent life form in the control room. The intelligent life form just wanted to activate the defense of the spacecraft, so I threatened the little beautiful intelligent life form."

"Intelligent life form? spacecraft? Elena, is this true?"

Venina was very excited.

Intelligent life form?

Spaceship?

This may be the ruins of a complete civilization. The ruins of civilizations controlled by various forces have been explored.

Venina thought that if she could control the intelligent life in the spaceship, she would. If Venina can get this civilization relic and control it, her gains from coming to Kirishima this time will be huge.

"It is true!"

"Elena, let's go there quickly. We must get the intelligent life forms in the spacecraft."

"Auntie, aren't the wood crystals here collected?"

"I'll talk to you later. Elena, take your aunt to find that intelligent life form."

"OK!"

At this moment,

Babata huddled up and was very scared. She didn't expect Elena's mental power to be so powerful. She could talk to her so far away from her, and even threaten her.

Huh?

Mental power?

Isn't this just spiritual thoughts? Master?

Elena?

Isn't she the successor that the master is looking for?

Babata's eyes suddenly lit up.

She has been guarding this spaceship just to select the successor for the master.

Elena's spiritual power is stronger than the spiritual mind All masters must be powerful against many, which is consistent with becoming her master's disciple.

However,

Elena seems to be very powerful.

What should I do?

Babata is depressed again.

It is not easy to have a qualified heir, but the heir's strength is too It's troublesome! It's depressing.

If Elena comes later, how will Babata convince Elena?

Kirishima,

Su Yan and Su Yue all looked at the orchids with big eyes. There were more than ten orchids at the moment. Mi Gao, his strength has also been promoted to the distraction state, but this strength is still not enough to protect Kirishima.

Su Yue opened her eyes and asked,

"Sister, would you like another drop of ginseng fruit juice?"

Su Yan rubbed his forehead and said,

"This is the only way. Orchid can only distract the gods. The Beast King on the earth is equivalent to the cave virtual realm. We must upgrade Orchid to the transcending tribulation realm."

Su Yue hurriedly reminded Su Yan,

"Ah, the orchid is still four or five big realms away. If we continue, the orchid will not be killed by us, right? Sister, let's improve Orchid's strength to the Mahayana realm!"

"Yue'er, let's try it first."

Su Yan looked at the orchid and squeezed out a drop of ginseng fruit juice. She dropped the ginseng fruit juice on the root of the orchid.

Boom boom!

The orchid instantly grew more than ten meters tall, and its six petals shone with white light..Boom!
(To read Baoshuang novels, go to Feilu Novel Network!)

A beam of light broke through the sky instantly, the entire Kirishima Island was constantly vibrating, and the surrounding sea was shaken by the vibrations, turning up huge waves.

Various forces in the earth , as well as the five major countries. They all detected the violent vibrations on Kirishima and the beam of light breaking through the sky. This made various forces and the five major countries speculate that there was a treasure. For a time, countless fighter jets and transport planes came towards the South Austrian continent..

In Hongwu Base City,

Hong and Lei both received news that treasures appeared in the South Austrian Continent.

All forces and the five major countries sent powerful warriors, and the Extreme Martial Arts and Thunder Martial Arts Halls were no exception.

"Brother Hong, are we going?"

"Go, Lei, the accident in Nanao Continent should be a relic of civilization, we can't miss it"

"Do you want to notify Miss Xu Xin?"

"Inform her, alas, I didn't expect that Ms. Xu Xin can really resurrect flying monsters. This is unbelievable."

"How unbelievable is this? Brother Hong, angels are gods. Isn't it easy for gods to resurrect a living being?"

"Lei, you are right. I am the one who got into trouble."

"Hahaha, I think you are depressed. The most powerful person on earth no longer belongs to you. You must feel uncomfortable."

"Get out!"

After Hong and Lei talked for a while, they thought about Xu Xin's resurrection of the flying monster yesterday.

A flying monster that had been dead for more than a day,

Xu Xin actually resurrected, and the resurrected flying monster had no injuries at all, as if it were flying. It was as if the monster had never been injured.

Hong and Lei admired Angel's methods very much.

Fortunately, Xu Xin joined the Ares Palace and was a special existence in the Ares Palace.

【Angel Elder】has no rank or title, but all the powerful warriors in the Ares Palace know that Xu Xin is the most powerful being in the Ares Palace.

In the virtual fight between Lei and Xu Xin,

Xu Xin actually defeated Lei in less than a minute, which shocked all the powerful warriors in the God of War Palace.

Outside a villa in Hongwu Base City,

Xu Xin stood on the body of a flying monster.

After the flying monster was resurrected by her, Xu Xin felt very happy.

A monster that could protect her with his life, a monster that was most worthy of her trust, Xu Xin is very powerful at the moment, but she thinks it is more important to have a partner

"`.(Zhao Zhao) Xiaolan, let's meet Su Chen tomorrow. He is the King of Angels and the one who promoted you to the king level."

Ho ho ho!

The flying monster roared and nodded while lying on the ground.

Lei and Hong quickly appeared in the villa.

They greeted Xu Xin one after another,

"Angel Elder Yu!"

Xu Xin hurriedly waved her hands and said,

"Senior Hong, Senior Lei, please call me Xu Xin. I joined the God of War Palace because of these two seniors. You guys make me flattered and very uncomfortable. Hong said to Xu Xin with a smile.

"Okay, when there is no one around, Lei and I will call you Xu Xin. When there are outsiders, we will call you Angel Elder. That's okay!"

Xu Xin nodded and agreed,"Okay, Senior Hong, are you okay with your arrival?"

"Xu Xin, something unusual has appeared in the South Austrian Continent. Various forces and the five major kingdoms have sent powerful warriors to the South Austrian Continent. Lei and I suspect that it may be a civilization relic."
