Chapter 2631

In Jiangnan Base City, in the villa,

Enchanting screamed and her voice became hoarse, but the pain was not over yet, and she would continue to endure the pain.

Su Chen hugged Yaorao and said,

"Enchanting, if you hold on a little longer, the pain will pass immediately."

Su Chen saw that Yaorao was wet all over in pain and her face was tangled together.

He knew that Yaorao was in great pain, but there was no way.

Improving her strength would not be so painful, but to change Yaorao's physique, this was necessary. After a very painful experience,

Enchantment gritted her silver teeth and said with trembling-,

"Damn it, it hurts so much. Is this the pain of giving birth? Is giving birth so painful?"

Giving birth to a baby?

I wonder, why does Yaorao still remember this?

Damn, how does he know how painful it is to have a baby?

Su Chen said to Yaorao speechlessly,

"Ahem, Enchanting, how do I know? I have never given birth to a child."

"I can't stand it anymore, it's too painful, Su Chen, think of a way, I really can't stand it anymore, I feel like every bone in my body is going to be broken, and every inch of my skin is going to be torn."

"Soon, soon! Hold on a little longer!"

Su Chen hugged the enchanting body tightly. The enchanting body was even more sexy at the moment. Her combat uniform was soaked through. Her proud body, fair skin, and bumpy figure were all exposed.

However,

Su Chen was not in the mood to think wildly.

Yaorao was in great pain.

Even if he lifted the seal and used his immortal power to help Yaorao, it was impossible to relieve Yaorao's pain.

After more than ten minutes,

Yaorao's pain disappeared.

At this moment, Yaorao seemed to be soaked in Just like in the water, she lay in Su Chen's arms like a puddle of mud.

Boom boom boom.....

Suddenly, rays of light erupted from the enchanting body, and the enchanting strength increased rapidly.

Su Chen held Yaorao and watched her changes. The powerful halo had no effect on Su Chen.

High-quality immortal bones?

Not bad, the Nine-leaf Immortal Spirit Grass was not wasted.

After Su Chen checked the changes in Yaorao's body, he smiled and nodded. With high-grade immortal bones, Yaorao can also be promoted to the realm of Daluo Golden Immortal in the future.

After a while, the halo on the enchanting body disappeared.

Her strength has also been upgraded to the ninth level of the star level. Enchanting is the most powerful existence on earth, but she is still a scumbag in the fairy world.

Enchanting opened her eyes and shouted happily,

"Su Chen, I feel that my strength is very strong, I can even easily crush the old me to death."

There is a powerful energy in Yaorao's body.

She feels that she can break a mountain with one punch, and she can crush a king-level monster to death with one hand.

It is so powerful that

Yaorao does not dare to move easily while lying in Su Chen's arms. She is afraid Uncontrollable power destroyed the entire villa.

Su Chen stroked his enchanting hair and reminded,

"Well, you are very powerful and enchanting now, and you are covered in sweat. Why don't you go and clean yourself?"

"Bastard, do you dislike me?"

Enchanting lowered her head and looked at her body.

She was in a very embarrassed state now.

Not to mention that she was all wet.

A lot of her fair skin was exposed, and all the dirt in her body was forced out, and there were even some The smell wafted from her body

"What do you think?"

After Su Chen kissed some of the enchanting flaming red lips, he picked up the enchanting woman and walked towards the bathroom.

"Su Chen, what are you doing?"

"do what? Let me clean your sweat"

"No need for you, I'll do it myself.....ah! You bastard!"

Kirishima,

Su Yan and Su Yue saw that Orchid's promotion still did not meet expectations. (To read Baoshuang novels, go to Feilu Novel Network!)

They were all very helpless.

Two drops of ginseng fruit juice did not affect Orchid. To advance to the realm of transcending tribulation, do you need to add another drop of ginseng juice?

Can Orchid still bear it?

Su Yue bit her finger and asked,

"Sister, do you want to continue?"

Su Yan was also confused.

Promotion?

Orchid flower might be burst?

Not promoted?

Orchid flower's strength is neither better nor worse.

"this? I don't know if the orchid can bear it. If another drop of ginseng juice is added, the orchid may burst."

Su Yue hurriedly grabbed Su Yan and said,

"What to do? Orchid is now in the Cave Realm."

Orquest flowers

"Sister, please don't improve. This level is enough to protect Kirishima. We set up a formation before we left. No one on earth can break into Kirishima."

Su Yue didn't want Orchid to be exploded by the immortal power.

She felt that the orchid gave birth to spiritual wisdom. After all, the orchid was a demon flower cultivated by her and Su Yan. If the orchid was exploded and died by the immortal power, she would feel bad.

Su Yan After thinking for a while, he said to Su Yue,

"Yue'er, let me try again. If it doesn't work, I will regain my strength and help Orchid dissolve the immortal power."

"this.....All right!"

Su Yue nodded after hearing Su Yan's words.

Her sister wanted to lift the seal and regain her strength to help the orchid. Su Yue was not worried that the orchid would explode due to the magical power.

Su Yan took out the ginseng fruit and was about to add another drop to the orchid.

Suddenly , , a little girl of three or four years old appeared from the orchid.

She hurriedly grabbed Su Yan's dress and begged,

"No, I don't want it anymore, Master, please don't give me immortal power, otherwise I will be burst."

"Let me go, such a small orchid demon?"

"Wow, sister, the orchid demon is so cute!"

Su Yan and Su Yue were very curious when they saw the Orchid Demon suddenly appear. A beautiful little girl of three or four years old.

Su Yan and Su Yue didn't expect the Orchid Demon to be so young.

The Orchid Demon continued to beg pitifully. road,

"Master, please don't give me immortal power, I will really be overwhelmed by the immortal power."

The orchid demon looked at the ginseng fruit in Su Yan's hand with great fear. She was afraid that Su Yan would give her another drop of ginseng fruit juice. It was so terrifying.

The magical power of the second drop of ginseng fruit almost overwhelmed her. If the orchid demon hadn't been Su Yan had soaked her in spiritual water, and she would burst to death under the magical power of the second drop of ginseng fruit.

Su Yue touched the orchid demon's little face and shouted,

"Orchid Demon, you look really good. Wow, your little face is really smooth and delicate."

"I touch it too!"

Su Yan also hurriedly reached out and touched the little face of the orchid demon. She was very curious about the orchid demon.

A cute three or four-year-old orchid demon. This was the first time for Su Yan to meet such a small flower demon.

"Master, please don't pinch my face. I feel uncomfortable."

Chapter 2632

The orchid demon was very helpless when Su Yan and Su Yue touched her face.

She felt that she would be spoiled by the two little masters in the future. Su Yue pinched her face from time to time. Although the orchid demon did not feel any pain, she did not feel it. I want to be touched by Su Yan and Su Yue like a toy

"The Orchid Demon is too young, how can he protect Kirishima?"

After a while,

Su Yan rubbed her forehead and sat on a flower leaf.

She originally wanted to cultivate a powerful orchid demon to protect Kirishima, but how did she cultivate a little flower demon who was three or four years old? Can the demon protect Kirishima?

The orchid demon became nervous when she heard Su Yan's words.

She was worried that Su Yan would give up on her.

She had just gained spiritual intelligence and didn't understand anything yet.

The two little masters seemed to be very powerful. If Su Yan and Su Yue thought she was useless and even gave up on her. The orchid demon could not survive in this world. The orchid demon hurriedly assured Su Yan,

"Master, I can protect Kirishima."

Su Yan looked at the croaking orchid demon and mocked,

"Tsk, you now have no realm and no strength, and you don't even know magic. How can you protect Kirishima?"

The orchid demon grabbed Su Yan's clothes and said with a red face,

"I.....Master, I have natal magical powers. Each of my six petals has special abilities, including entanglement, illusion, poison, barrier, charm, and engulfment. I can protect Kirishima."

Su Yue saw Su Yan playing with the orchid demon. The orchid demon looked nervous and scared, as if he was about to be abandoned. She touched the orchid demon's hair to comfort the little flower demon.

"Sister, the little flower demon's magical powers are pretty good, they are all defensive powers."

Su Yan curled his lips and said,

"It's good, but it's useless against powerful enemies."

"Sister, let me teach the little flower demon some immortal cultivation techniques and powerful spells."

"All right!"

Su Yan nodded.

She was now thinking about whether to keep the orchid demon.

The orchid demon is too young.

If Su Yan aborted the orchid demon alone on Kirishima, would the orchid demon be unable to bear the loneliness? Dejima? Just like the three sisters, they secretly ran away from home.

Huh?

More than ten planes flew from a distance, and they were still flying towards Kirishima.

After Su Yan frowned and checked, she guessed that Orchid The orchid demon may have been detected by the warriors on the earth due to the powerful vibration that erupted when the demon advanced.

Moreover, the orchid demon's true body is now tens of meters high and erupted with white light.

The warriors on the earth must have thought that some treasure was born. Yes.

Su Yue looked into the air and asked Su Yan,

"Sister, the powerful people on Earth have discovered Kirishima. Do we want to expel them?"

"No, we are bored anyway, these scum will bring us some fun when they arrive."

"All right!"

Su Yue's eyes lit up when she heard Su Yan's words. The three sisters have not played tricks on anyone during this trip to Kirishima. The arrival of these scum will add some fun. Some strong men appeared in the fighter planes in the sky.

In the sky above Kirishima, they looked at a shining six-leaf orchid that was tens of meters high on Kirishima. Each of these strong men showed greedy expressions.

"Fourth Elder, shall we snatch the glowing six-leaf orchid first?"

"No, wait and see, the six-leaf orchid looks not simple, let's take a look at the situation first!"

"Yes, the fourth elder!"

Outside a fighter plane, more than a dozen people looked at the orchids in Kirishima and wanted to take action. However, without the order of the fourth elder, they did not dare to break into Kirishima at will. After a while, dozens of fighter planes arrived, and the God of War Palace The third elder, strong men from various empires, and warriors from various forces also appeared above Kirishima.

These strong men were very surprised when they saw tens of meters of shining orchids, but none of them Dare to snatch it.

East, the fourth elder of the God of War Palace, arrived first. Even the powerful East did not try to snatch the six-leaf orchid. They all felt that the six-leaf orchid might be difficult to deal with.

A burly warrior He asked the fourth elder who came first,

"East, why don't you snatch the six-leaf orchid?"

Easter replied with a sinister smile,

"Mohammedson, you can go grab the six-leaf orchid"

"Humph, do you think I dare not?" (To read exciting novels, go to Feilu Novel Network!)

"Good luck!"

East nodded to Mohammedson.

He is an idiot.

The six petals of the six-leaf orchid look different.

He is a spiritual master.

East feels that the six-leaf orchid is very scary. This is different from the six-leaf orchid. He felt just as terrifying when he saw the Beast King.

The six-leaf orchid couldn't be the beast king, right?

Mohammedson didn't enter Kirishima immediately.

He was not an idiot.

The six-leaf orchid looked very scary, even more terrifying than what he had encountered. All king-level monsters are terrifying. If Mohammedson enters Kirishima rashly, he may be seriously injured even if he does not die.

The strong men in the air started talking for a while, and the strong men from all forces did not dare to enter Kirishima rashly. On the island, the six-leaf orchid may be a very precious treasure, but they will not risk their lives by entering it rashly.

After a while, various forces and the five major countries decided to send some strong men to Kirishima to investigate.

More than thirty The gods of war and the warriors who surpassed the gods of war were all fully armed and headed towards Kirishima. In the Jiangnan base city, in the villa,

Su Chen and Yaorao stayed in the bathroom for more than an hour. Su Chen walked out holding the soft Yaorao..

On the sofa,

Yaorao leaned weakly in Su Chen's arms.

She thought of what Su Chen had just done. Yaorao's face turned red and she wanted to strangle Su Chen to death. It was so disgusting, flaming red lips?

This bastard is too shameless, enchanting beauty. Staring at Su Chen, he shouted,

"Suchen, you are so shameless. I want to leave. I don't want to stay in the villa anymore."

Su Chen stroked her enchanting hair and said with a smile,

"Enchanting, you are too weak. If I don't do that, you are no match for me."

"Shameless!"

Yaorao felt weak all over after hearing Su Chen's words.

This bastard is too powerful.

Yesterday she didn't feel that Su Chen was so powerful. Today, this bastard seems to have taken stimulants.

Damn it,

Yaorao alone is no match for Su Chen. , are you going to be played to death by this bastard in the future?

"Enchanting, don't worry, you have a helper in this world"

"Um? Do you have other women in this world? who is it? Xu Xin?"

Yaorao became confused after hearing Su Chen's words, helper?

Does this bastard still have a woman in this world?

Who could it be?

Xu Xin?

Xu Xin doesn't seem to be the case, but except for Xu Xin,

Yaorao did not find that Su Chen had any relationship with other women. coming and going

"No, it's Venina!".

Chapter 2633

Su Chen hugged the soft body of Wen Na and smiled.

She was a little afraid of him.

The little beauty was too weak.

She was not as strong as Wenina.

Su Chen missed the big beauty Wenina, especially Wenina. plump and proud figure.

Enchanting asked Su Chen in surprise,

"Venina? Venina of the Bolenas family?"

"good!"

Yaoluo said with disdain to Su Chen,

"You are so shameless. Doesn't Venina have a husband? And he also has a son, and you actually like him even as a married woman."

Enchanting didn't expect that Su Chen got hold of Wenina. This bastard is really a shameless pervert.

Although Wenina is very sexy and beautiful, and her figure is also very plump and attractive, she has a husband and Son, well, even though his son is dead,

Su Chen, a married woman, can still fall in love with him. This bastard is hopeless.

Su Chen explained awkwardly,

"Ahem, Enchanting, the acquaintance between Venina and I is a bit special, you will understand later"

"snort!"

Yaoluo snorted coldly at Su Chen.

She was too lazy to care whether Su Chen had other women. Su Chen's women in the fairy world were more terrifying than the last. Those terrifying women didn't care about Su Chen. She had no right to care about Su Chen. With Venina here,

283 would be able to bear some of her pressure.

After Enchantress looked at the communicator on her wrist, she hurriedly got up from Su Chen's arms and shouted,

"It's broken. The owner of the museum contacted me to go to the South Austrian Continent. There seems to be a civilization relic in the South Austrian Continent."

"South Austrian continent? Relics of civilization?"

Su Chen's expression turned strange when he heard Enchanting's words.

The three sisters, Wenina and Su Yan, were all on Kirishima in the South Austrian Continent.

Relics of civilization appeared on the South Austrian Continent?

Could this be caused by the three sisters Su Yan? ? Could it be that the three Su Yan sisters took out Babata's spaceship?

Yaorao nodded to Su Chen and said,

"Well, Su Chen, I want to go to Nanao Continent immediately."

Su Chen touched his chin, thought for a while and said to Yaorao,

"Go, Enchanting, Venina is on Kirishima on the South Austrian continent. You can go to Kirishima to find Venina."

Yaoluo asked Su Chen in surprise,

"Suchen, Venina are on Kirishima in the South Austrian continent? What was she doing on Kirishima?"

Su Chen explained with a smile,

"Enchanting, there are many thousand-year-old grass and tree hearts and ten-thousand-year-old grass and tree hearts on Kirishima, as well as many wood crystals. There is also a spaceship with civilization relics in the sea outside Kirishima. Venina went to collect the garbage.."

The enchanting woman stared at Su Chen with big eyes.

This bastard is so abominable.

Hearts of vegetation, wooden crystals, and spaceships from civilization relics. These are all rare treasures.

Rubbish?

Ugh!

These seem to Su Chen. They were all rubbish.

When Yaorao was about to say something to Su Chen, a smile appeared on her face.

Yaorao thought that Wenina might have collected a lot of grass and tree hearts, as well as even more precious wood crystals.

If she went to Wu Island, doesn't Wenina have to share half of the treasures collected by Wenina?

Yaorao is not worried that Wenina will not share them with her. She and Wenina are both Su Chen's women. If Wenina is not worried about being ruined by Su Chen in the future, , Enchanting guessed that Wenina would definitely show her favor.

Besides, she was very powerful now.

Wenina might have been promoted by Su Chen to be very powerful, but she didn't believe that Wenina could beat her. (To read exciting novels, go to Feilu Novel Network!)

"I'll go over immediately. Su Chen, aren't you going?"

"You go ahead, I'll check the situation later and talk about it later"

"All right?"

Yaorao guessed that Su Chen didn't want to expose his identity. This bastard came to this world just for fun and leisure.

Yaorao didn't bother to talk nonsense with Su Chen.

She left the villa and quickly flew towards the South Austrian Continent. With her current strong strength, Yaorao could do it in less than ten minutes. Can reach South Austria continent

"Enchanting, will you be shocked when you see my three daughters?"

Su Chen saw the demon leaving.

He leaned on the sofa and smiled.

There was not only Venina on Kirishima (abab), but also his three daughters. Venina did not dare to appear on Kirishima alone. Go up.

What a scumbag.

Wenina's strength gap with Xu Xin and Yaorao is too big at the moment, but there is no way.

It's impossible for Su Chen to improve Wenina's strength. I hope Wenina won't be hit.

"Ladder to Heaven, damn it, how is he going to climb to the 10,000th floor?"

Su Chen thought that it might be very scary to go up to the 3,000th floor of the ladder. The Holy Realm might not be able to climb to the 5,000th floor. Can a quasi-sage like him climb the 4,000th floor?

There are also the 6,000, 7,000 and so on. Wait, how is he going to climb these?

Su Chen rubbed his forehead and whispered,

"Alas, I don't know if women like Xi He, Queen Mother of the West, and the Queen Mother, who are in the first level of the Holy Realm, can climb the five thousand floors."

When Su Chen has nothing to do, he will think of the ladder to heaven that gives him a headache.

The ladder to heaven is too terrifying.

Even the twelve heavens of the Holy Realm cannot climb up to the eight thousand floors. How can he, a scumbag, climb it?

Wu Wu. On the island, thirty or forty powerful warriors showed expressions of fear one by one. They stood not far from the huge orchid and did not dare to move. It was too scary.

These warriors had just arrived at the edge of the orchid, and a terrifying aura enveloped them. They, this is a kind of terrifying aura that can annihilate and kill them at any time. As long as these powerful warriors dare to make a slight move, the three Huihui in front are their role models.

"Damn, what's going on with the three little girls in front? Aren't they human?"

"It's so terrifying. Who is it that's emitting the terrifying aura? He just relied on his powerful aura to instantly kill three God of War level warriors, and they were all reduced to gray."

"Don't move. As long as we don't move, that scary person won't kill us."

"What happened to the three little girls? Why are there three little girls sitting on the leaves of the orchid?"

"I don't know. They might not be human. Otherwise, how could they be on the leaves of king-level or imperial-level orchid monsters?"

"Why do I see that the three little girls have no strength? They seem to be just ordinary little girls."

Easter, Mohammedson, Farr, Singh, Bingshan and other strong men did not dare to move.

They were all very powerful, but the terrifying aura made them sweat on their foreheads. It was so terrifying. Wow, it was so scary. The three gods of war were destroyed into ashes silently. Strong men like them were also frightened.

"Huh? Angel? Or a guardian angel of the third generation of gods? How can there be angels in this world?"

Chapter 2634

On the orchid leaves,

Su Yan casually looked at the warriors who were suppressed by her. She didn't care. Su Yan planned to play tricks on these warriors. If these warriors were ungrateful, she didn't mind cleaning up these scum. Suddenly, Su Yan sensed an angel coming here quickly, and she frowned in confusion.

"Huh? Angel? Or a guardian angel of the third generation of gods? How can there be angels in this world?"

Su Yue and Orchid Demon were eating delicious food. She heard Su Yan's whisper and looked around.

Angel?

Sister said angel?

"Sister, what did you say? Angel? Are there angels in this world?"

Su Yan shook his head and replied,

"No, Yue'er, this angel is an angel from our Merlot heaven, or an angel with a third-generation divine body."

"Four sixty" Su Yue shouted in surprise when she heard Su Yan's words,

"This is impossible. How can there be angels in this world like our Merlot Heaven, angels with the third generation divine body? This is a low-level angel. How could a low-level angel appear in this world?"

"I don't know, Yue'er, we'll ask her later, she's coming soon"

"OK!"

The orchid demon didn't pay attention to the conversation between Su Yan and Su Yan. She sat on the leaf and ate the delicious food.

The food was so delicious.

The orchid demon felt her body change as she ate the delicious food.

She felt that if she continued to eat,

The orchid demon will evolve to a new level of life. Her true body is now a six-leaf orchid. I am afraid that in less than a day, her true body will evolve into a seven-leaf orchid.

Su Yue saw the orchid demon's eating image, and she understood that the orchid demon She will eat these foods regardless of her image.

These things are made of water of life and top-quality fairy materials. Ordinary creatures will evolve after taking one bite. If the orchid demon eats them regardless of her image, her body will also evolve.

Su Yue shook her head and reminded,

"Little flower demon, please eat slowly. No one will snatch the food here for you."

"Ok, I know!"

The orchid demon nodded and replied while eating, she will not give up this opportunity, eat slowly?

Is this possible? If the orchid demon hadn't been because Su Yan and Su Yue were here, she would have used her magic power to sweep away all the food.

Su Yan looked at the Orchid Demon, a snack food, speechlessly.

At this moment,

Hong, Lei, and Xu Xin also came to the sky above Kirishima. They saw dozens of powerful warriors standing still on Kirishima. Hong and Lei Xu Xin and Xu Xin were also very confused.

After checking it, Xu Xin reminded,

"Something's wrong, there's a scary aura in Kirishima"

"Xu Xin, are there powerful monsters in Kirishima?"

After Hong checked Kirishima, he also found a terrifying aura, but there was no powerful monster around. Could it be that the giant orchid was threatening many powerful warriors?

Lei Zou asked with a frown,

"Xu Xin, is the orchid below a powerful monster? Why don't I feel any smell of orchids?"

Xu Nian nodded and replied,

"Senior Lei, Orchid is a powerful monster, and Orchid is stronger than the Emperor-level monster, but the terrifying aura below is not caused by Orchid."

Hong and Lei Tian were very surprised when they heard Xu Xin's words.

The orchid monster is more powerful than the emperor monster?

This is probably the most powerful monster on the earth, right?

The two emperor monsters in the sea, aren't they also orchids? The opponent of the monster?

Hong asked Xu Xin,

"Xu Xin, can you defeat the orchid monster?"

Xu Xin stretched out a hand and said,

"I can kill the orchid monster with one hand, but I haven't found out who or what monster is emitting the terrifying aura in Kirishima, which is a bit troublesome."

"Xu Xin, let's go down and take a look first!"

"good!"

Xu Xin and the others seemed to have looked at it, and then they rushed towards Kirishima. (To read Baoshuang novels, go to Feilu Novel Network!)

On Kirishima, all the warriors saw the arrival of Xu Xin and the others, and they all saluted. ,

"I have seen the angel elder, I have seen the first elder, I have seen the second elder."

After Xu Xin and the others nodded, they all looked at the three little girls sitting on the orchid leaves.

Three little girls?

They didn't feel any strength.

Three little girls with no strength, how could they dare to sit on the terrifying orchid? On the monster's leaves? And why didn't the orchid monster attack the three little girls?

Su Yan looked at Xu Xin's face and shouted coldly,

"Angel, you are still polite when you see this princess."

At this time,

Xu Xin's genetic system reminded,

"Angel Xu Xin, in front of you is Princess Changle, the eldest princess of Merlot Heaven, and the second princess next to her, Princess Gao Yue."

Xu Xin was confused when she heard the words of the genetic system,

Angel Princess?

Why is the eldest princess only twelve or thirteen years old?

The second princess is six or seven years old?

This is too young?

There is also a little girl of three or four years old, who is she? ?

All the warriors next to him looked at Su Yan in confusion, princess?

Salute?

What is going on?

Xu Xin is a terrifying angel and the only stellar powerhouse on the earth.

A little girl actually let Xu Xin Salute?

What else can you say about princess?

All the powerful warriors were confused.

Xu Xin reacted and hurriedly saluted Su Yan and Su Yue,

"Angel Xu Xin has met the eldest princess: Princess Changle, and the second princess: Princess Gao Yue."

Su Yan asked with a serious face,

"Angel Xu Xin, which holy angel sequence do you belong to?"

Xu Xin replied hurriedly and respectfully,

"Princess, I belong to the third angel legion of Merlot Heaven, the legion commander, the sequence of the holy angel Angel Leng."

Su Yan was a little confused when he heard Xu Xin's words,

Angel Leng?

Aren't Angel Leng and Angel Yan in retreat to upgrade?

"Angel cold? Angel Xu Xin, how come you appear in this world?"

Xu Xin replied 0.4,

"Princess, I am from this world."

The powerful warriors next to him were all stunned.

Xu Xin actually called each other princess?

Eldest princess?

Second princess?

Are two of the three little girls opposite really princesses?

Angel princesses?

Merlot Heavenly Court. Angel Legion?

Legion Commander?

Holy Angel Angel Leng?

Angels also have combat legions?

This world?

Are angels not from this world?

These powerful warriors were stunned. The amount of information today was really too great. They were all dizzy thinking about it

"Huh? Someone else has arrived, or is it a powerful woman? No, why does this woman smell like daddy? Is there more than just Venina in this world?".

Chapter 2635

Su Yan was very surprised when he heard what Xu Xin said.

Is Xu Xin from this world?

So who transformed Xu Xin into an angel?

Su Yan was about to ask Xu Xin when she suddenly looked into the air

"Huh? Someone else has arrived, or is it a powerful woman? No, why does this woman smell like daddy? Is there more than just Venina in this world?"

Su Yan's face was surprised.

She didn't expect that there was her father's woman in this world.

How could this be possible?

Wenina didn't say that his father had other women, but what happened to the woman who was about to come?

"Sister, what's going on?"

Su Yue was also aware of the coming woman. She also felt their father's aura from the coming woman, which made Su Yue also show a puzzled expression.

Su Yan shook his head and replied,

"I don't know, I'll ask later!"

"Great!"

Su Yan looked at Xu Xin and asked

"Angel Xu Xin, who is your guide? When did you awaken your angel gene?"

"Back to the princess, my guide is the King of Angels. I committed suicide four days ago and awakened the angel gene."

Su Yan and Su Yue were shocked when they heard Xu Xin's answer.

Their father came to this world?

Xu Xin awakened the angel gene four days ago, so when was Xu Xin implanted with the angel gene?

Su Yue looked worried asked,

"Sister, what should I do? Could this be our father coming to arrest us?"

Su Yan thought about it and said hurriedly,

"It should be, Yue'er, you hurry up and tell Elena that you can't stay here anymore. Angel Xu Xin appears here. If our dad is also in this world, he will definitely come to catch us."

"Okay, sister, I will inform Elena immediately."

Su Yue nodded to Su Yan, and she disappeared next to Su Yan in an instant.

Su Yue was scared.

If the three sisters were discovered by their father, they would all be dead.

"Sure enough, he is not an ordinary person!"

"Isn't this obvious? Xu Xin saluted the two little girls. Angel Princess and Hong, their backgrounds are too great."

"Yes, two angel princesses appeared on the earth, and they seemed not to be from this world. This was really shocking."

"Hong, it should be a plane. Angels should not belong to the same plane as the earth."

"Not sure, let's go back and ask Xu Xin"

"good!"

Hong and Lei saw Su Yue disappear in an instant, and they started talking to each other through sound transmission.

Some of them had heard of the conversation between Su Yan and Xu Xin, and some had not heard of it, but two angel princesses appeared. On the earth, they were all very surprised.

The strong men next to them were still confused, especially when Su Yue disappeared without a sound, they all understood.

The terrifying aura that had erupted before was caused by the angel princesses. Yes, they didn't expect that the young angel princess would be so powerful. Angel is indeed a legendary god.

After Xu Xin heard the conversation between Su Yan and Su Yue, a smile appeared on her lips.

Xu Xin didn't expect that Su Yan The three sisters came to Earth secretly.

This is a joke.

Su Chen is also on Earth.

Could it be that Su Chen came to capture his three daughters?

Xu Xin thought for a while and asked Su Yan,

"Princess, the king is in Jiangnan Base City now. Do I need to take you to see the king?"

Su Yan coughed and waved his hands and replied,

"Ahem, no, no, we sisters are out to play, so we won't disturb our dad."

Are you kidding, going to see their father?

Isn't this just throwing yourself into a trap?

The three sisters are still thinking about going there to hide for a while. Su Yan doesn't want to go to Jiangnan Base City and throw themselves into a trap.

"Really no need?"

"No, Angel Xu Xin, I have a good relationship with Angel Leng. I will ask Angel Leng to upgrade you to the mid-level Archangel in the future."

"Thank you, Princess."

Xu Xin smiled and nodded, a middle-ranking archangel? (To read Baoshuang novels, go to Feilu Novel Network!) A golden fairy-level angel?

This is also the commander of the angel army.

Xu Xin understood it in the genetic system After hearing the message from the chief angel, she opened her sexy little mouth in surprise,

Golden Immortal?

Isn't this the realm of immortals in mythical novels?

Touch!

At this time,

Enchanting appeared here quickly, and she looked at the person next to her. After many strong men,

Yaorao bowed to Hong,

"The owner."

Yaorao is not rude to Hong because of her strength.

She is a warrior trained by Hong. Without Hong, she would not be where she is today. Yaorao still respects Hong as always.

Hong looked at Yaorao in surprise and asked,

"Enchanting, you....Why do I feel that your strength is stronger than mine?"

Yaoluo said to Hong,

"Master, I will tell you later."

Hong nodded.

He felt like a dream at the moment. He hadn't seen Yaorao for more than ten days.

How could Yaorao become so powerful? And he felt that Yaorao was even more powerful than Xu Xin.

The strong men next to him were all shocked. They rubbed their eyes.

They all felt like they had seen a ghost.

Yaorao, one of Hong's three personal guards, felt that the aura emanating from Yaorao's body was very terrifying.

Moreover, Hong also said that Yaorao was more powerful than him, and this was Hong's personal guard. Really?

Su Yan looked at Yaorao and asked,

"`.Who are you? How come you have the aura of my father on you?"

Yaoluo asked Su Yan doubtfully,

"Your father? Who is your father?"

Xu Xin hurriedly reminded Yaorao,

"Enchanting, this is the daughter of the King of Angels, Su Chen, and the eldest princess of Merlot Heaven."

"What? Are you Su Chen's daughter? Su Chen actually has a daughter?"

Yaorao looked at Su Yan and was very surprised.

Su Chen's daughter?

Why didn't that bastard say that his daughter was also on earth?

Damn you bastard.

When Yaorao suddenly thought that she was coming to Kirishima, Su Chen showed a weird smile. She thought It's because of Venina, and now it seems that (Nomo Zhao) is here because that bastard's daughter is also on Kirishima.

Su Yan shook his head and corrected,

"Wrong, my dad has three daughters. I am just my dad's eldest daughter. My name is Su Yan. I also have two younger sisters named Su Yue and Elena Su!"

Yaoluo rubbed her forehead and was very speechless.

Three daughters?

That bastard actually has three daughters.

Who is she now?

Su Yan's baby mother?

Although Yaorao is Su Chen's wife, her identity is too embarrassing.

Su Chen All the women are very powerful and terrifying immortals. She is a scumbag who can no longer be scumbag.

Facing Su Yan, Enchanting is very uncomfortable.

She is like Su Chen's mistress, and she is also raped by Su Chen's daughter. The existence was discovered.

Whoosh whoosh,

Su Yue, Elena, and Winina appeared next to the orchid demon in an instant. Elena asked Su Yan with a look of panic,

"Sister, daddy is here too?".

Chapter 2636

After Elena and Wenina were brought back by Su Yue, one of them was panicked and the other was surprised.

Elena was panicked because she was afraid of being captured by Su Chen.

The three sisters ran away from home secretly, and there was also a In the Zhongqian World, if they were captured back to the Xuantian Realm, Elena was worried that Su Chen would lock her into a dark and silent room.

Wenina hopes that Su Chen will come.

She has not seen Su Chen for several months.

If Su Chen comes to her world,

Wenina guesses that Su Chen will come often in the future, and there is even a way to include her world. Under the Xuantian Realm In this way,

Wenina can see Su Chen often in the future, and she can also go to the Xuantian Realm to see what the fairy world is like.

Su Yan nodded and replied,

"Yes, Elena, get ready, we will leave immediately. Elena said frustratedly,

"It's really abominable. How did dad find us so quickly? Sister, can we still escape?"

Su Yan said with a firm expression.

"We have to run away even if we can't. Auntie is not in this world, and we will really be doomed if dad catches us."

Su Yue blinked her big eyes and said to Elena,

"Little sister, don't be afraid, we use Lingbao to hide our aura, dad may not find us"

"Um!"

Elena nodded.

The spirit treasure hides its aura?

Can this be hidden from their father?

The three sisters' spiritual treasures can all be controlled by Su Chen. Elena feels that this time it is inevitable.

Babata is in Elena She was very surprised.

She didn't expect that there were two little girls here. Except for a little girl who was eating food, the remaining two little girls were more powerful and terrifying than the other.

And these two little girls turned out to be Elena. Sisters, two sisters much younger than Elena?

Babata thought of Su Yue's appearance before, and Su Yue actually brought them to Kirishima with a wave of his hand. She felt that it would be impossible to escape from Elena's hands in the future..

And who is their father?

Why are the three Elena sisters afraid that their father will run away?

At this moment,

Yaorao looks at Wenina with some surprise, surpassing the God of War level?

Why is Wenina so weak?

Su Chen did not promote Wenina Strength?

"Wenina, I didn't expect that you are just a god of war, your strength is too weak."

Wenina looked at Enchanting and asked in confusion,

"Who are you?"

Enchanting replied with a smile,

"My name is Enchanting, I am just like you, we are both Su Chen's women!"

Wenina was a little surprised when she heard Yaorao's answer.

Yaorao is Su Chen's woman?

So Su Chen has really come to her world?

Wenina felt happy.

She didn't care that Yaorao was Su Chen's woman. ,

Su Chen is too powerful.

Wenina alone is no match for Su Chen. She even prepared a powerful woman for Su Chen, the elder Farr of the HR League, a beautiful and powerful beauty.

Wenina also understands Why did Yaorao look so terrifying? She guessed that Su Chen had improved Yaorao's strength.

"Enchanting, we will be a family from now on."

The enchanting man said with a sly smile,

"Yes, we will be a family from now on. Venina, will you give me half of the treasure you got on Kirishima?"

"Yaorao, you are much stronger than me. The treasures in Kirishima are useless to you. What do you want with all this garbage?"

"I want to train my men."

"I also want to train my subordinates!"

"Venina, you don't distinguish between the treasures in my Kirishima. When Su Chen arrives, I won't help you. You should understand how powerful Su Chen is."

"Haha, enchanting, if you don't help me, I won't help you either. I don't believe you can handle Su Chen."

"you...."(To read Baoshuang novels, go to Feilu Novel Network!)

At this time, the powerful warriors next to them were confused again, and two more women suddenly arrived, a beautiful and sexy woman,

Venina, she is HR League Xia The person in charge of the country, where is the remaining beautiful woman?

She is actually the sister of two angel princesses?

A beautiful woman of seventeen or eighteen is actually a younger sister? Su Yan was only twelve or thirteen years old, and Su Yuezhu was six or seven years old. The two little girls were actually sisters? These strong men all felt dizzy.

Farr looked at Venina and her heart beat violently. She thought of what Venina had said to her before.

An extremely powerful and terrifying man,

0 flowers requested. Venina hopes that she can be that powerful man's woman.

Farr is now the fifth elder of the Palace of the God of War.

She used the top-quality resources Venina gave her to promote Farr. To the planetary level.

Be that incredibly powerful man's woman?

Is Venina talking about the King of Angels?

After the three sisters Su Yan talked for a while,

Su Yan looked at the warrior next to him and shouted,

"You all get out of Kirishima!"

Xu Xin hurriedly said to Su Yan,

"Princess, can you let Senior Hong and Senior Lei stay?"

Yaoluo also said,

"Su Yan, let Master Hong and Master Lei stay."

Wenina waved her hand to Su Yan and said,

"Girl Yan, let Farr stay too?"

"Well, the people you mentioned can stay."

Su Yan nodded and agreed.

She couldn't help it even if she didn't want to agree.

Among the three women, one was her father's angel, but it should be temporary.

After all, Xu Xin was very beautiful, especially her fair skin. With their smooth long legs, Su Yan didn't believe that his father would help Xu Xin for no reason.

Wenina and Yaorao were her father's women, so she still had to give them this face.

Su Yan threatened the other warriors coldly,

"Hong, Lei, Fal, the three of you stay, and the other warriors leave Kirishima. Kirishima will be a forbidden place on the earth from now on, and those who come without permission will be killed."

On Kirishima, after other warriors heard Su Yan's words, they left quickly. The angel princess was not something they could offend. However, they couldn't understand what the relationship between Enchantment, Venina and the others had with the angel princesses?

Su After Yan saw the other warriors leaving, she took Su Yue and Elena to discuss where to escape.

Wenina, Yaorao, Farr, and Xu Xin, the four of them sat together and talked.

Babata was with The orchid demons were fighting for food, while Hong and Lei were inspecting the huge orchids.

At this time,

Su Chen appeared in a ruined city. He looked at Luo Feng in the air, who was being chased by five gods of war.

"It's really miserable. One arm was cut off. Luo Feng, can you escape the pursuit of the five gods of war?"

Chapter 2637

In the ruined city,

Luo Feng looked pale and hid everywhere.

For another day, the five war gods were chasing him, and he even had one of his arms chopped off by Li Yao.

There are still thousands of miles away from the South Austrian Continent. If

Luo Feng cannot escape the pursuit of the five war gods, he may be killed before he reaches the South Austrian Continent.

"Damn it, what to do? How can we get rid of the pursuit of the five gods of war?"

Luo Feng hid in a ruins and bandaged his wounds.

He looked around the ruins and his heart sank. The five war gods were still searching the ruined city. If he had no way to escape, Li Yao and the others would find him sooner or later.

Hoho. Roar....

Suddenly, a roar of monsters sounded, and

Luo Feng hurriedly looked over.

"Earthworm? It is still a king-level earth dragon monster, and it is really doomed now."

Luo Feng looked at the huge monster in the distance with a pale face.

A king-level monster, he might be killed in an instant.

Boom boom boom.....

A God of War was instantly knocked away by the earth dragon.

The God of War 01, who hit the ruins, screamed for help.

"Li Yao, Otote, come and save me. It's an earth dragon, a king-level monster."

"Run away, we are no match for king-level monsters!"

"Luo Feng? Look, Luo Feng is hiding under the ruined bridge"

"Don't shut down Luo Feng. With the king-level monster here, Luo Feng is dead."

"Kill, Luo Feng must die in my hands"

"Li Yao, you are so stupid."

Li Yao and the four saw the appearance of the king-level monster. They talked one by one and wanted to escape.

But after Luo Feng was discovered by them,

Li Yao rushed over desperately.

The other gods of war looked at it and fled quickly. They would not In order to kill Luo Feng, he was killed by a king-level monster

"Interesting, is this the protagonist of luck? Luo Feng is about to be discovered, and a king-level monster will appear in the ruined city. The protagonist is indeed the protagonist of luck."

Su Chen looked at the king-level earth dragon that appeared in the air. He had not found any king-level monsters in this ruined city before.

Su Chen looked up at the sky, luck?

Is there a way to heaven in this middle-thousand world?

This is impossible , it is impossible for the Dao of Heaven to be born in the vast world, how can it be possible for the Dao of Heaven to be born in a middle thousand world?

【Trialist, you should not appear in this world! 】

Suddenly, a mechanical voice came into Su Chen's mind. When

Su Chen heard the mechanical voice, he looked at the sky and was a little surprised.

This was the voice of luck and heaven.

Su Chen heard many of them when he participated in the war of luck. this sound

"It's luck and destiny, why can't I appear in this world?"

【Trialist, you have disrupted the development trajectory of this world. After this world is disrupted by you, it is possible that it will be destroyed. 】

Su Chen heard the voice of Qi Yun Tiandao mockingly saying,

"Hey, Qi Luck Tiandao, it seems that every time you carry out Qi Luck war missions, you also disrupt the development trajectory of other worlds. Should those worlds be destroyed in the future?"

【No, although the Luck War disrupted other worlds, the Luck and Heaven also compensated those worlds. Those worlds will receive some compensation from the origin of Heaven, and the world after the Luck War will develop better. 】

compensate?

The origin of heaven?

Let me go, luck and heaven will actually compensate for the origin of heaven?

Is there too many sources of luck and heaven to let go of?

Su Chen's eyes lit up at this moment, the origin of heaven!

He also urgently wanted to know that

Su Chen still owed the system girl the origin of heavenly law, but how could he plunder the origin of destiny and heavenly law?

The Heavenly Way of Qiyun does not have a fixed world, and Su Chen can still find the location of the Heavenly Way of Qiyun. Even if he wants to gather all the holy realms to plunder the origin of the Heavenly Way of Qiyun, it is impossible.

Su Chen touched his chin and shook his head.

He had nothing to do with the way of luck and heaven now. (To read Baoshuang novels, go to Feilu Novel Network!)

But this was also temporary. As long as Su Chen figured out the way of luck and heaven in the future, he would plunder it. The origin of luck and heaven should be very easy

"Qi Yun Tian Dao, do you think that with my strength, I will watch the destruction of this world?"

【Trialist, you are very powerful. I can't find out your origin. The heaven in your world may be stronger than mine. You should also be the lucky one in your world. I can't even deprive you of your identity as a trialer. I can't do it. Can you tell me what world you are from? 】

Is the way of heaven powerful?

The Heavenly Dao in Xuantian Realm is the eleventh level of the Holy Realm.

How can it not be powerful?

Su Chen guessed that the Heavenly Dao of Qiyun could not be as powerful as the Heavenly Dao of the Xuantian Realm, so why did the Heavenly Dao of Qiyun investigate his origin?

Can Qi Lun and Tian Dao find out?

How could the system girl let Qi Yun Tiandao find him?

Qi Yun Tiandao actually wants to deprive him of his status as a trialist? is it possible?

System Girl went crazy thinking about the origin of Tiandao. How could she let Qiyun Tiandao deprive him of his identity.

Su Chen curled his lips and replied slyly,

"I come from the Tianxuan Continent, and I have luck with the way of heaven. You should know that."

【.....】

Su Chen waited for a while but didn't hear Qi Yun Tiandao's reply.

He touched his nose and felt a little embarrassed.

Qi Yun Tiandao wouldn't be angry with him, right?

Tianxuan Continent?

Su Chen didn't lie just now.

He was from Tianxuan Continent, and he also became a luck tester in Tianxuan Continent.

"Let me go, Luo Feng really escaped. Poor Li Yao will die without a burial place this time."

Su Chen didn't expect that in such a short time, Luo Feng would escape from the ruined city.

Where is Li Yao?

The cuckold man is being tortured by a king-level monster, and Li Yao may become the food of a king-level monster.

A sad person Man, his son is dead, his wife has also fallen into his arms, and the enemy has not yet been killed.

Li Yao is really a miserable person.

When Su Chen saw Li Yao being swallowed by a king-level monster, he shook his head and looked at the escaping Luo Feng.

Li Yao's ending is already doomed.

In the plot, Li Yao was killed by Luo Feng.

This time, Li Yao was also devoured by a king-level monster because of Luo Feng. This ending is no different.

Luo Feng?

It seems that you are going to Was ended by Venina herself.

Whoosh!

Su Chen saw Luo Feng heading towards the South Austrian Continent. He shook his head and disappeared into the air instantly.

South Austrian Continent?

Venina would end it with her own hands in the South Austrian Continent. Luo Feng.

Kirishima,

Orchid Demon and Babata competed with each other for food. The two little girls ate so quickly that their faces were covered with food residues. Neither of them cared about their respective images at all.

Orchid Demon was croaking. Waving her little hand, she stopped Babata from shouting,

"Babata, these are the food given to me by the master, please don't rob them anymore"

Chapter 2638

Babata ignored the orchid demon and continued to eat.

She was very shocked at the moment.

Eat food?

Is she an intelligent life form?

Can she eat food?

But what now?

She was really eating food.

Babata had previously thought that the orchid demon was very special. She came to the orchid demon just to check it out.

But the Orchid Demon invited her to eat food, and Babata was about to refuse, but she didn't expect that she could smell the delicious food, and after Babata tried to eat it.

A huge amount of energy was evolving her body, and

Babata could feel that she was going to evolve even more perfectly, and even evolve like a living creature of flesh and blood.

When the orchid demon saw that Babata was still eating so much, she shouted to Babata with a bulging face,

"Babata, eat slowly. These are all mine. If I had known I wouldn't invite you to eat."

Babata waved his hand and said with a smile,

"Peace, little flower demon, we will be friends in the future. What's yours is mine, and what's mine is still mine."

"Babata, you are so shameless!"

"Little flower demon, you are so cute"

"127 I will eat and ignore you."

"Haha, little flower demon, you are not as big as me, nor can you eat as fast as me."

At this moment,

Su Yan's three sisters were all frowning.

They discussed it and felt that they couldn't escape anywhere.

As long as their father had a thought, the three sisters would escape to the end of the universe, and their father would also find them.

"what to do? Big sister?"

"Sister, how about we surrender, maybe my father will let us go."

Su Yue and Elena said to Su Yan with sad faces. They had no choice but to rely on Su Yan to make the decision now.

Su Yan rubbed his forehead and said,

"It's hard to handle. Why did dad come to this world? Could it be that dad has also started climbing the ladder?"

Su Yue shook her head and reminded,

"Sister, my father is a Taiyi Golden Immortal, how could he possibly start climbing the ladder to heaven?"

After Su Yan heard Su Yue's words, she hugged Su Yue and laughed and said,

"Haha, Yue'er, I've thought of a way. I'm also a Taiyi Golden Immortal now. If Dad doesn't use Lingbao, I won't necessarily lose to Dad, and Dad won't be able to do anything to us."

Su Yue pushed Su Yan aside and reminded with a serious face,

"This is impossible, eldest sister, dad knows the laws of space and time. You only know the laws of space. You can't be dad's opponent."

"this....."

Su Yan was stunned when she heard Su Yue's words.

She only thought that her level was as high as her father's, but she forgot about their father's methods.

No need for Lingbao?

Their father seemed to rarely use spiritual treasures, and some powerful spiritual treasures were given to their aunt.

Their father has practiced the laws of space and time at the highest level.

Su Yan has only cultivated to 40% of the laws of space. She is no match for their father no matter what.

Elena lowered her head when she heard the words of Su Yan and Su Yue.

The eldest sister Su Yan inherited their father's law of space, and the second sister Su Yue inherited their father's law of time.

What about her?

Apart from the black bird bloodline,

Elena did not inherit any other abilities from their father.

On Kirishima,

Su Chen was hiding on the Orchid Demon.

Su Chen heard the conversation between Su Yan and the three sisters, and he also saw Elena's sad look.

Su Chen understood why.

Su Yan inherited his Space Law, Su Yue inherited his Time Law, and Elena has not yet awakened to the Space Law and Time Law. Elena may be distressed.

Su Chen touched his chin and said to Elena,

"Girl, don't make a sound."(To read Baoshuang novels, go to Feilu Novel Network!)

Elena was about to scream when she heard Su Chen's voice, but she heard that her father didn't want her to speak out.

Elena looked at Su Yan and Su Months later, (abea) she had a helpless expression on her face and remained silent?

Did she dare not tell her eldest sister and second sister?

Their father came secretly this time and was eavesdropping on the conversation between the three sisters. Eileen If Na dares to hide it from Su Yan and Su Yue, she will be dead in the future. Elena would rather betray their father than two sisters who are like demons.

However , Elena wants to First listen to what their father said before betraying their father. Lying on a piece of orchid petals, Su Chen said to Elena,

"Elena, don't be sad. You have inherited your father's laws of space and time. You just haven't awakened yet."

"Elena, as long as you ascend to the Golden Immortal realm, your space laws and time laws will awaken. You are my precious daughter. How could you not inherit your father's talent?"

After Elena heard Su Chen's words, she smiled and her eyes were like crescent moons.

It turns out that she inherited her father's law of space and law of time at the same time.

Golden Immortal?

As long as Elena is promoted to the realm of Golden Immortal, she will awaken. The law of space and the law of time.

This is really great.

When Su Chen saw Elena smiling, he shook his head and laughed.

Each of his three daughters was more naughty than the other, and Elena was more stable. But there's just one thing. With Su Yan and Su Yue around, Elena can't be stable.

Su Chen looked at Wenina and Yaorao, he touched his chin and thought about how to spend the night.

Huh?

Farr Why are you here?

Why didn't Su Yan and Wenina drive Far away? Hong and Lei should have been asked by Yao Luo and Xu Xin to stay.

Where is Far?

Let me go.

Winina couldn't have found Far for him. Woman, right?

At this time, after Elena reacted from her excitement, she hurriedly shouted to Su Yan and Su Yue,

"Eldest sister, second sister, daddy is here. Dad just sent me a message and refused to let me tell you."

Holy shit, is this a daughter?

Is this a leaky little cotton-padded jacket?

Su Chen patted his forehead when he heard Elena's words. He felt that his three daughters were becoming less and less afraid of him.

However, the three Su Yan sisters could Advancing and retreating together, being able to work together as sisters, this result is very good.

After Su Yan and Su Yue heard Elena's words, their faces became panicked, and they ran away. They wanted to escape quickly.

They grabbed Elena and disappeared in the orchid. Next to Yao.

Wenina and Yaorao, as well as Xu Xin and Faer, and even Hong and Lei looked at the three Su Yan sisters in confusion.

Are they father and daughter?

Why do they look like enemies?

When the daughter heard her father coming, the three daughters ran away instantly. Are there such fathers and daughters in the world?.

Chapter 2639

Su Chen looked at the three sisters who escaped speechlessly.

Is this him?

Is he a tiger?

Before the father came out, the three daughters were scared away.

What is this?

Whoosh!

Su Chen instantly appeared next to the Orchid Demon. He looked at Wenina and the others and nodded, swish, swish!

Su Chen waved, and

Su Yan's three sisters appeared one by one.

"Dad, we don't dare anymore"

"Dad, this is the last time to escape secretly. We will never dare to do it next time."

"Dad, we just came out to have fun, forget it this time, just think that we are still in the Merlot Heaven."

Su Yue, Elena, and Su Yan stood up and said to Su Chen.

They all looked depressed.

Run away?

They just appeared on a planet in the universe, and they didn't even have a breath of time. They instantly They were caught and brought back. The three sisters could not escape from their father's grasp.

Su Chen said seriously with his hands behind his back,

"Am I a tiger? When you hear that I'm coming, do you still dare to run away? Do you want to be punished by your mother?"

Su Yue saw Su Yan winking at her, she threw herself into Su Chen's arms and said coquettishly,

"Dad, we are just playing hide and seek with you. How dare we escape? Besides, we can't escape from your grasp."

"Yue'er, I almost believed what you said, hide and seek? Play hide and seek and escape into the universe? Escaped the galaxy? Do you still want to escape to the end of the universe? Elena hugged Su Chen's arm and said with a smile,

"Dad, aren't you powerful? A small earth, we have no place to hide."

Su Chen hugged Su Yue with one hand, and he touched Elena's hair with the other and said,

"Elena, dad saw you were depressed so he reminded you. It would be better for you to betray dad later."

"Dad, I won't dare next time."

Elena blushed and hurriedly admitted her mistake.

She thought in her heart that it was impossible not to betray her, otherwise she would be the unlucky one in the future. Elena didn't want to be teased by her two sisters in the future. Su

Chen looked at Su Yan and was speechless.

His eldest daughter is becoming increasingly difficult to discipline. She is already thirteen years old.

If the time in the time barrier is included,

Su Yan is hundreds of years old.

"Yan'er, you, the eldest sister, are becoming more and more prestigious. Your two younger sisters are now looking up to you. Now they even dare to betray their father."

Su Yan said with an embarrassed smile,

"Dad, we are sisters who work together. Besides, Dad is the best, so let's have some fun with him."

Su Chen shook his head and said,

"Forget it, I'm not here to catch you. After you have played in this world, go back to the Merlot Heaven. Some of your aunts have started to climb the ladder. If you want to see it, go and take a look under the ladder."

"What? Have some Aunt Mei started to climb the ladder?"

"Well, I also started climbing the ladder"

"Dad, how many levels have you climbed?"

"Three thousand floors!"

"Wow!"

At this moment,

Wenina and others around looked at the three sisters Su Chen and Su Yan, but they still didn't react.

Su Chen waved his hand, and the three sisters Su Yan were captured, and in just a moment,

Su Yan The three sisters actually escaped into the universe, and also escaped from the Milky Way?

This is too scary.

Hong asked Xu Xin,

"Xu Xin, this man is the King of Angels?"

Xu Xin nodded and replied,

"good!"

Lei said doubtfully,

"King of Angels? It's a little strange, why don't the King of Angels and the Princesses have wings?"

"Senior Lei, the wings of angels can be retracted into the body"

"Uh, I forgot about it for a moment."(To read Baoshuang novels, go to Feilu Novel Network!)

After Hong and Lei asked Xu Xin some questions, they looked at Su Chen and felt incredible that the King of Angels actually appeared on the earth, and was so powerful that they could not imagine it. Not yet.

Su Chen talked with the three sisters Su Yan for a while, and he shouted to Wenina,

"Wenina, you go to the South Austrian Continent three thousand miles northwest, Luo Feng fled to the South Austrian Continent."

Wenina looked at Su Chen speechlessly and asked,

"Su Chen, how long do you think it will take for me to get there?"

More than three thousand miles?

Even if she keeps flying, it may take more than an hour.

Venina is just an existence beyond the God of War. How could she appear three thousand miles away in an instant?

Especially after Venina knows that Enchanting She felt even more depressed about her strength.

Star Level 9?

She has to cultivate to Star Level 9, which may take more than ten years.

Wenina felt that participating in the Luck War to improve her strength, she might as well be directly improved by Su Chen. Fast 0.

"Archangel!"

Whoosh!

A beautiful female angel more than ten meters tall appeared in front of Su Chen.

"Owner!"

Pengpeng.....

Hong and Lei, as well as Wenina, Yaorao, Xu Xin, and Fa'er, were all suppressed to the ground by the pressure of the archangel.

The archangel did not reveal a breath, but the archangel was an innate treasure, and people like Venina simply could not withstand the pressure of the archangel.

Venina and the others looked at the Archangel in horror, a beautiful angel more than ten meters tall, so powerful that they could not even stand up.

The archangel did not target them, otherwise they might be reduced to ashes immediately after the archangel appeared.

The Orchid Demon and Babata were also lying together at this moment. They looked at the Archangel with fear.

It's so scary.

I'm afraid the Orchid Demon and Babata will be killed if the archangel takes one look at them.

"I go!"

Su Chen hurriedly waved his hand and put away the archangel.

He forgot that the strength of Wenina and others was too low. The archangel did not reveal a trace of his breath, and the innate treasure was not something that Wenina and others could withstand.

Su Yan The three sisters were all thinking about the archangel in confusion.

How did the 4.3 archangel become alive?

And he also became an innate treasure, a beautiful angel more than ten meters tall. Isn't the archangel also the woman of their father?

Let me go,

The three Su Yan sisters looked at each other, with strange expressions in their eyes.

The archangel was more than ten meters tall.

The archangel was much taller than the three-meter-tall Gaia. Did their father always be with the archangel? At the same time, their father also wants to change to more than ten meters tall?

This is a bit scary.

Su Chen awkwardly said to Wenina and others, "Ahem, I'm sorry just now, I forgot that you are all mortals."

Wenina stood up, glared at Su Chen and cursed,

"Suchen, you are such a bastard."

Su Chen touched his nose and said hurriedly,

"Wenina, I'll send you to Luo Feng and settle what needs to be settled."

"good!".

Chapter 2640

Wenina nodded to Su Chen,

Luo Feng?

It's time to end it.

After killing Luo Feng,

Wenina also said goodbye to the past completely.

Whoosh!

Suchen waved his hand and teleported Wenina over.

"Extreme Dojo Hong (Thunder Dojo Lei) has met the King of Angels!" Hong Helei came to Su Chen and saluted.

Su Chen nodded and said,

"Hong, Lei, you are good, but your strength is still too low. There are many strong people in your world, and there are various planets and races in the universe. If the earth does not want to be destroyed and enslaved, you still need to continue to become stronger. Lei asked Su Chen curiously,

"King of Angels, what is the most powerful force in our world?"

"Realm Lord. Below the Realm Lord is the Territory Lord, then the Stellar Level and the Planetary Level. These realms are divided into nine levels."

Yaorao, Farr, and Xu Xin also came over.

After hearing what Su Chen said, Yaoruo asked,

"Su Chen, what realm is the Realm Lord equivalent to in your fairy world?"

Su Chen looked at Farr and replied to Yaorao,

"Your world is just a middle thousand world. The most powerful in the middle thousand world is equivalent to the heavenly immortal in the immortal world, and the most powerful in the great thousand world is equivalent to the golden immortal in the immortal world."

Hong and Lei, as well as Yaorao, Xu Xin, and Farr, they did not expect that the most powerful person in the universe is the Realm Lord. Under the Realm Lord there is the Territory Lord, and then there are the star level and planet level.

In the universe It's really scary.

The earth is too weak, and they are too weak.

Celestial Immortal?

Golden Immortal?

What level is this in the immortal world?

Hong saluted Su Chen, "King of Angels, how are the realms of the immortal world divided?"

Su Chen shook his head and replied,

"Fairyland? You are still too weak and knowing too much will not be good for you."

Yaoluo took Su Chen's arm and said,

"Su Chen, just tell me, we also want to know how powerful the fairy world is."

Su Chen looked at the sexy and seductive Yaorao.

Yaorao still respected Hong as always. Hong was considered to be Yaorao's master, and there was nothing wrong with Yaorao doing this.

"Well, the realm of immortality begins with human immortality. This is just the standard for becoming an immortal. It does not live in the division of realms.."

"The realms of the Immortal World range from Earth Immortal, Heavenly Immortal, Xuan Immortal, Golden Immortal, Taiyi Golden Immortal, Daluo Golden Immortal, and Quasi-Sage. These realms are all transformed into the early stage, the middle stage, the late stage, and the peak."

"Finally, there is the Holy Realm, which is also the most powerful realm in the fairy world. The Holy Realm is divided into twelve heavens, one for each."

After hearing what Su Chen said, Hong and others opened their eyes wide.

The fairy world is more terrifying than they imagined.

The immortals are only insignificant existences in the fairy world, but the immortals are the most powerful in their world. There are powerful realms such as Xuanxian, Jinxian, Taiyi Jinxian, Daluo

Jinxian, Quasi-Sage, and even the more terrifying Twelve Heavens of the Holy Realm. The fairy world is too scary.

Faermeimei Looking at Su Chen, he asked curiously,

"King of Angels, what state are you in?"

"Quasi-saint!"

Su Chen looked at Farr speechlessly and replied,

Damn, luckily the girl on the ladder raised his level, otherwise a dignified Heavenly Emperor in the Xuantian Realm would be a Taiyi Golden Immortal. It would be a bit embarrassing to say it.

"Quasi-sage?"

Farr was shocked when he heard Su Chen's words.

Quasi-saint?

This is an existence that is only in the holy realm.

The strength of the King of Angels is really terrifying.

Su Chen waved his hand casually, and a huge liquid floated in front of everyone. A huge transparent drop of water,

"Enchanting, this is a drop of three-light divine water. I have diluted it. You guys can absorb the three-light divine water as much as possible. The three-light divine water can change your physique. It can change your physique into a spiritual body, and it can also improve your cultivation. for."

Hong and the others saw the Three Light Divine Water in front of them. (To read Baoshuang novels, go to Feilu Novel Network!)

Although the Three Light Divine Water did not look threatening, they did not dare to touch it. They all felt that the Three Light Divine Water was The water reveals huge energy, an energy that can destroy the earth.

Enchanting looked at Sanguang Shenshui and asked with bright eyes,

"Su Chen, can I also absorb the Three Light Divine Water?"

Su Chen nodded and replied,

"As for absorption, Hong and the others can't absorb much at all. You were transformed into immortal roots by the nine-leaf spiritual grass. Although the three-light divine water was diluted by me, it still has some effect on you."

Yaoluo laughed when she heard Su Chen's words,

"Haha, as long as the Three Light Divine Water is useful to me, Venina's face will be even more ugly after she comes back."

Yaorao thought of Wenina's face when she knew about her realm.

She was shocked, unwilling, helpless, and frustrated. These expressions all appeared on Wenina's face. Yaoruo also knew why Su Chen didn't improve Wenina's strength.

Luck. In the war,

Wenina can go to other worlds to participate in the fate war and travel to other worlds.

Yaorao also wants to go, but she knows it is impossible. Only if Su Chen controls this world in the future can Yaorao realize this dream.

" ` .You start.....I go!"

Su Chen prepared Yaorao and the others to start absorbing it.

The Orchid Demon and Babata appeared quickly. They were absorbing the Three Light Divine Water beside the Three Light Divine Water.

Since Su Chen took out the Three Light Divine Water, the eyes of the Orchid Demon and Babata became red.

Especially the Orchid Demon, the Three Lights Divine Water has a fatal attraction for her.

Babata also feels that the Three Lights Divine Water is different.

It is a divine thing.

If she absorbs the Three Lights Divine Water, even a little bit, Babata feels that she It will evolve faster and become more perfect.

Su Chen was speechless looking at the Orchid Demon and Babata.

Two little beauties, a little flower demon, an intelligent life form, one looks like a little girl, and the other looks like a little devil.

Su Chen He waved his hands to Hong and the others and said,

"You guys should start too. Don't worry, the Sanguang Divine Water is very gentle. As long as you don't attack, the Sanguang Divine Water will not cause riots."

"Thank you so much to the King of Angels!"

After Hong, Lei, and Faer thanked Su Chen one after another, they also stretched out their hands to use their kung fu to absorb the three-light divine water. Yaorao also joined in absorbing the three-light divine water.

On Kiri Island, the three sisters Su Yan were studying the ice and snow lotus that Su Chen gave them. ,

Xu Xin looked at the people who absorbed the Three Light Divine Water. She did not absorb the Three Light Divine Water in the past.

She was an angel, and Xu Xin did not use the Three Light Divine Water to change her spirit body.

Su Chen looked at Xu Xin beside him and asked, "Xu Xin, Winnie You don't care if Na goes to kill Luo Feng?"

Xu Xin's expression changed when she heard Su Chen's words.

Wenina went to kill Luo Feng, but she didn't care?

Is this possible?

Xu Xin has liked Luo Feng for many years.

Although she decided to marry Luo Feng because of the flying monster. Feng no longer interacts with each other, but if Luo Feng is killed, she still wants to save Luo Feng, but she also knows that there is nothing she can do

"Your Majesty, can you spare Luo Feng's life?".
