Chapter 2641

Su Chen shook his head when he heard Xu Xin's words, let Luo Feng go? is it possible?

Luo Feng is just a small person.

Su Chen didn't care about Luo Feng at all at first.

But when Luo Feng was discovered and killed by Li Yao and others, luck and heaven appeared unexpectedly. Su Chen felt that in every world, the main character was luck. It cannot be underestimated.

The Heavenly Way of Qi Luck will save Luo Feng, so in the next step, the Heavenly Way of Qi Luck may turn Luo Feng into a trialist. Luo Feng will also have the opportunity to grow up in the future. Su Chen does not want an uncontrollable factor to appear again in the future.

And Wenina, can Wenina let Luo Feng go?

"Xu Xin, Luo Feng's fate has been determined. He will definitely die. No one can save Luo Feng."

"I see?"

Xu Xin nodded with a complex expression.

She knew that Luo Feng killed Wenina's son, and there was no room for change.

Luo Feng was bound to die.

Su Chen sat down and asked Xu Xin,

"Xu Xin, what are your future plans?"

Xu Xin replied with a serious face,

"I want to protect the earth. There are many powerful planets and powerful races in the universe. I want to try my best to protect the earth and prevent aliens from enslaving or destroying the earth."

Su Chen nodded and said,

"Yes, Xu Xin, you have changed a lot. You are no longer a weak woman whose destiny is controlled by others. You now have strong strength and you are qualified to protect the earth."

Xu Xin asked doubtfully

"Your Majesty, do you want to return to Merlot Heaven?"

"I am going back. I will leave this world in a day or two."

Su Chen nodded and replied.

He came to this world more than half a month ago, and the three Su Yan sisters also saw him. Su Chen wants to continue climbing the ladder to heaven. Although climbing the ladder to heaven is difficult, it is difficult for him not to climb.

Xu Xin Hearing Su Chen's words, he lowered his head. It can be said that her life has been changed by Su Chen.

Xu Xin is now an angel. Angels have endless lives and strong strength.

Xu Xin thought that if she had not met Su Chen, She might die of old age in a few decades, or one day she might be killed by a monster.

After a brief encounter,

Xu Xin couldn't figure out why Su Chen would help her?

A king-level monster?

An angel?

Was Su Chen helping her on a whim?

Or was he helping her on a whim? What did Su Chen think of her?

At this moment,

Su Yan quickly appeared next to Su Chen.

She took Su Chen's arm and shouted coquettishly,

"Dad, Dad, can you give us the ice and snow lotus flowers for our sisters?"

Su Chen shook his head and refused,

"no!"

Do you dare to give the ice and snow lotus to the three sisters Su Yan?

If the three naughty guys use the ice and snow lotus at will, a world may be wiped out in an instant. A half-step chaos spiritual treasure is not something that the three sisters of Su Yan can control.

Su Yan pouted and shouted to Su Chen,

"Dad, this is the Half-Step Chaos Spiritual Treasure. None of us sisters have seen it before. Just give it to us. You don't need the Spiritual Treasure anyway."

"Yan'er, the Ice and Snow Lotus is too powerful. If I didn't seal the Ice and Snow Lotus, and the Ice and Snow Lotus appeared in this world, the earth would immediately be crushed by the Ice and Snow Lotus."

"Dad, we will not take out the Ice and Snow Lotus in other worlds in the future, is that okay?"

"Can't!"

"Dad....."

Seeing that Su Chen still disagreed, Su Yan was ready to annoy Su Chen to death.

A half-step Chaos Spiritual Treasure was a very powerful existence.

If the sisters had a Half-step Chaos Spiritual Treasure, no matter which realm they went to in the future, they would There is no need to worry about safety, you must get the Ice and Snow Lotus, which is a half-step Chaos Spiritual Treasure.

Su Chen ignored Su Yan.

He leaned on the orchid leaves and admired Xu Xin's long legs.

It may take a day or two for these people to absorb the three-light divine water. Su Chen has nothing to do now, and Wenina has not yet When he came back, he could only look at Xu Xin's long legs in front of him.

Su Yan saw that Su Chen stopped paying attention to her, and she understood that it might not be easy to get the Ice and Snow Lotus.

Suddenly, (to read Baoshuang novels, go to Feilu Novel Network!)

Su Yan thought of the beautiful archangel. The archangel is an innate treasure, an extremely beautiful angel, and may be related to his father. Ambiguous,

Su Chen smiled cunningly and said,

"Dad, it's okay if I don't want the ice lotus. You let the archangel protect our sisters in the future."

"dream!"

Su Chen rolled his eyes at Su Yan speechlessly.

Can the Archangel give it to Su Yan?

The Archangel has just transformed in the last ladder trial mission. The best innate spiritual treasure has been promoted to the innate treasure, and the archangel has also become a flesh-and-blood person. Angel.

0 Request for Flowers 0

Su Chen did not regard the Archangel as a spiritual treasure.

The Archangel was not only his personal guard, but also a being who could relieve his boredom when he was bored. After all, the Archangel was extremely beautiful. How could Su Chen regard it as a spiritual treasure? The archangel gave it to the three sisters Su Yan

"snort!"

Su Yan heard that Su Chen refused without hesitation.

She knew that there was no chance. She would not get a half-step Chaos Spiritual Treasure.

However, whose spiritual treasure is the Ice and Snow Lotus?

Could it be that her father snatched the spiritual treasure from other realms? ?

Su Chen touched Su Yan's hair and reminded,

"Yan'er, you sisters all have the best innate spiritual treasures in your hands, but your strength is still low. Even if I give you the innate treasures and half-step chaos spiritual treasures, you can't control them."

Su Yan curled her lips and left Su Chen.

She didn't believe what Su Chen said.

When the three sisters were weak before, weren't the top-quality innate spirit treasures still usable?

Their father and aunt injected enough magic power into the spirit treasures. Why can't their sisters control the innate treasure and the half-step chaotic spiritual treasure? Su Yan felt that Su Chen was just coaxing a child

"Headache!"

Su Chen saw Su Yan leaving unhappy.

He felt that Su Yan would not give up. Su Chen regretted showing off Bing Ji and Xue Ji's spiritual treasures.

"Ding, host, I would like to remind you that the space barrier of the ferocious beast realm has been broken, and the space channel between the ferocious beast realm and the prehistoric fairyland is connected, and a war between the realms will break out within ten years."

Holy crap!

How come it's so fast?

Isn't the space barrier in the ferocious beast realm reinforced?

Su Chen's face became solemn.

When Yin Ji and several saints moved the space passage, they also strengthened the space barrier in the ferocious beast realm.

How long has it been?

The space barrier in the ferocious beast realm has been broken.

It is difficult to deal with it now.

Ten years?

It may not take ten years for the ferocious beasts in the ferocious beast realm to gather.

Damn it, the prehistoric fairyland is really full of disasters.

There is a world of extraterrestrial demons, a realm of ferocious beasts, there are also the Chaos Demon Gods in the chaos, and there are saints with impure thoughts in the prehistoric fairyland. It seems that the prehistoric fairyland is about to be doomed.

Chapter 2642

Su Chen felt that he could not delay any longer.

After climbing the ladder to heaven, he planned to assemble an army of immortals to prepare for war.

If the ferocious beast realm destroyed the prehistoric immortal realm, the nearby wild realm might also be spared.

Although the Xuantian Realm is relatively safe, this is not a long-term solution.

Over time, the Ferocious Beast Realm will definitely discover the existence of the Xuantian Realm.

Xu Xin saw Su Chen's frown and asked in confusion,

"Your Majesty, what happened?"

Su Chen shook his head and replied,

"Something happened? Something serious has happened, but you, a little angel, can't help at all. If you want to help, just give me a massage."

Xu Xin's face turned red when she heard Su Chen's words, massage?

How could she do that?

Xu Xin looked at Su Chen and didn't know how to start.

"Forget it, you are really a young lady."

Su Chen saw Xu Xin blushing and bewildered.

He shook his head speechlessly.

Su Chen had forgotten that Xu Xin was the eldest lady of a family.

She knew how to massage her ass.

"I....."

Xu Xin thought for a while and walked behind Su Chen. She reached out and put her hand on Su Chen's head and massaged it. 01

Xu Xin thought that she had been massaged like this before, and there should be nothing wrong with her being massaged like this.

Su Chen didn't expect Xu Xin to actually massage her. Although Xu Xin's massage wasn't great, it was okay.

Su Chen's head rested directly on Xu Xin's chest, not taking advantage of it.

Damn, you are so weak.

Su Chen didn't expect Xu Xin to hide it too.

"you....I...."

Xu Xin was pressed against Su Chen's chest.

Her face instantly turned red.

Xu Xin wanted to push away from Su Chen, but she saw Su Chen closing her eyes and looking like she was enjoying herself. Xu Xin didn't know whether she should push away or not. Su Chen

"Angel Xu Xin, you are really lucky to be able to give the King of Angels a massage this time."

"In the Merlot Heaven, all the angels want to get close to the King of Angels, but there has never been a chance. The King of Angels has never been in the Merlot Heaven. Do you think your luck is good?"

Xu Xin rolled her eyes when she heard the genetic system's words.

What kind of luck is this?

Was she being taken advantage of by Su Chen? Is this the so-called luck?

A day later,

Hong, Lei, and Fal all stopped. In order to absorb the Three Lights Divine Water, their strength was too low. They were diluted by the Three Lights Divine Water. Hong, Lei, and Farr did not absorb even one tenth of it.

"Brother Hong, I actually improved three minor levels in one day, and I feel that my cultivation speed will be very fast in the future."

"Well, I feel it too. This may be the spirit body mentioned by the King of Angels. Our physiques have been changed. In the future, we will get twice the result with half the effort when we practice."

"Well, Brother Hong, we are lucky this time, thanks to Xu Xin and Yaorao, otherwise we would not have such an opportunity."

"That's right, Lei, I didn't expect that Yaorao would be the woman of the King of Angels. No wonder Yaorao would become a star-level powerhouse. Yaorao has reached the sky in one step."

Hong and Lei felt their physical conditions. Not only were their bodies changed into spirit bodies, but they also advanced to several minor levels. They all smiled and talked.

Lei hugged Hong's shoulders and smiled,

"Brother Hong, your extreme martial arts gym will skyrocket. How about we merge our martial arts gyms?"

"In the future, we will have Yaorao and Xu Xin in our martial arts gym. If we bring Wenina and Farr into the martial arts gym, our martial arts gym will be the most powerful existence on earth and even in the galaxy."

"Ha ha...., Okay, let's discuss it after we go back."

Hong smiled and agreed.

After listening to what Su Chen said about the strong men in the universe,

Hong understood what he was going to do in the future. (To read Baoshuang novels, go to Feilu Novel Network!)

With him and Lei, we will protect the earth. It is very difficult, but with Xu Xin, Enchanting, Wenina, and Farr, it is different. These women are closely related to Su Chen.

Hong believes that the Enchanting women will become more and more powerful in the future, so powerful that both he and Lei will It was beyond her reach.

Farr sat aside and smiled.

She had not thought that in more than a day, she had advanced from the Beyond God of War level to the third planetary level.

This was a step to the sky. Farr knew that he had taken advantage of Venina, but to be Su Chen As a woman, Farr still has to think about it. She will not sell her body for the sake of great strength.

Whoosh!

Wenina and Xu Xin appeared next to the Orchid Demon with flushed faces. Their bodies were a little weak at the moment.

Damn bastard,

Su Chen was so shameless.

When Farr saw Wenina and Xu Xin appearing, and they were still looking weak,

Farr hurried over and asked,

"Venina, what's wrong with you? Venina waved her hand and replied,

"Nothing, we were trained by Su Chen, our bodies were a little weak."

Xu Xin's face turned even redder when he heard Wenina's words.

Training?

Is that training?

After Fal looked at Wenina and Xu Xin, he felt that Wenina and Xu Xin were very satisfied, but she She couldn't tell what was wrong.

Farr shook her head and didn't think about it anymore.

She smiled and said,

"Wenina, thank you very much. I am now at the third level of the planet, and my physique has also been changed into a spirit body. My future cultivation will be more effective with half the effort."

"That's right, Farr, how have you considered the matter I mentioned?"

"Ahem, cough, cough, talk about it later, talk about it later"

"Su Chen may leave tomorrow. Far, I can only help you so far. You have to think carefully."

"I see!"

Hong and Lei looked at each other without saying anything after Wenina and Xu Xin appeared. Wenina and Xu Xin's faces were red, and they all guessed what was going on.

At this time,

Su Chen was at the Jiangnan base After Cheng explained to the three sisters Su Yan, he planned to return to the ladder tomorrow to continue climbing. The three sisters Su Yan could stay in this world for another month. Su Chen wanted the sisters to continue to play here.

The next morning,

Su Chen gave The enchanting girls disappeared after leaving messages. On the 3,000th floor of the ladder , Su Chen appeared and checked the climbing status of the girls.

"Let me go. Nuwa quickly climbs up to five thousand floors. Is Nuwa so powerful? Nannan actually climbed to more than 3,800 floors"

"Concubine Yan and Jing Salamander are also good. They have both climbed to more than 3,300 levels. Everyone else is also good. This time they climb the ladder, their strength will be greatly improved."

Whoosh!

The girl from the ladder appeared next to Su Chen instantly.

She asked Su Chen,

"Su Chen, do you want to continue climbing?".

Chapter 2643

Su Chen was very speechless when he heard what the girl on the ladder to heaven said.

Can he say that he doesn't want to climb the ladder to heaven?

If Su Chen dares to say not to continue climbing the ladder, the girls on the ladder will immediately explode.

"Girl, aren't your questions superfluous? Dare I say climbing the ladder to heaven?"

"snort!"

The girl on the ladder snorted at Su Chen and turned her head away.

She just didn't expect that Su Chen would come back so early.

In three months,

Su Chen only stayed for less than a month and then came back. The girl on the ladder couldn't guess that Su Chen would come back so early. Why did Chen come back so early and go up the 10,000-story ladder? She had no authority to check what Su Chen did in the small world.

Su Chen was just about to climb the ladder when he looked at the girl on the ladder and stopped.

Su Chen and the girl on the ladder stopped. The relationship became increasingly incompatible.

The girl on the ladder said that he was a scumbag and an ant, and she would destroy him if he never got out of trouble in the future. The angel girl often acted aloof and cold and ruthless.

Su Chen also always had feelings for the girl on the ladder. He was wary, but after so many years, he didn't even see the name or portrait of the girl on the ladder. If the girl on the ladder escaped and left, Su Chen might never see the girl on the ladder. Chen sat down and said to the Angel Ladder girl,

"Humph, little girl, if I climb to five thousand floors in one breath, can you let me see your name and your face?"

The Tianti girl gave Su Chen a blank look and refused,

"dream!"

"Come on, little girl, I climbed the ladder for your freedom, but you are so heartless?"

"Hey, for me? Are you worried that I will get out of trouble on my own and kill you?"

"Girl, you are not being honest. It will take at least a million years for you to get out of trouble on your own. I....."

The girl on the ladder interrupted Su Chen and said, "Su Chen, please correct me, it's less than a million years."

Su Chen shouted with a dark face,

"Isn't this the same thing? Girl, I got you out of trouble a million years in advance. I didn't ask you for any reward. I just looked at your face and wanted to know your name. Isn't that too much?"

The Tiandai girl mocked Su Chen disdainfully,

"Not too much? What kind of virtue do you not know about yourself? A bastard who can't walk when he sees a beautiful woman"

"Holy shit!"

Su Chen stood up and stopped talking to the girl on the ladder.

It's too difficult to deal with.

The girl on the ladder is simply incompetent. She is an old maid who is more than a million years old. What is the difference between this and the stone girl?

Damn it!

It's difficult to deal with.

Boom!

Damn it, what

's going on?

As soon as Su Chen stepped onto the 3000th floor, his legs were almost halfway trapped, and he couldn't get out even with his magic power.

Damn it, the gravity of the ladder is inherently very It was terrifying. His legs seemed to be half buried. How could Su Chen climb the ladder to heaven? How did women like Nuwa and Concubine Yan climb so hard?

On the three thousandth floor, the girl on the ladder to heaven saw Su Chen starting to climb. She sighed. He took a breath and disappeared on the three thousand steps.

On the 28689th floor,

Wanwan and Yan Lingji couldn't hold on any longer.

They really tried their best.

A beam of light flashed through. Ling Ji appeared at the foot of the ladder, and they collapsed on the ground, all wet.

"Wanwan, I didn't expect that we would be defeated at the same time."

"Well, we all tried our best, the ladder is too scary"

"Do you think Shi Feixuan and Murong Qiudi can climb three thousand floors?"

"It may be very difficult for Yan Lingji. They have reached their limit at the moment and may quit after a while." (To read exciting novels, go to Feilu Novel Network!)

"That's right, Wanwan, it's a bit embarrassing for the two of us. We were the first trialists to fail the climb."

"Damn it, Yan Lingji, we are always at the bottom, even if other women have failed, they have climbed higher than us."

Wanwan and Yan Lingji were talking depressedly while they were recovering. They were the first to fail in climbing the ladder, and they were also the ones who climbed to the lowest level of the ladder. Both

Wanwan and Yan Lingji were I felt a little embarrassed.

Whoosh!

A woman in a red dress also appeared at the bottom of the ladder.

Yan Lingji and Wanwan saw the woman appear, and

Wanwan asked in surprise,

"Sister Cailin, have you failed too?"

Queen Medusa wiped the sweat from her forehead. A quasi-saint would be sweating. You can imagine the horror of the ladder.

Queen Medusa said to Wanwan and Yan Lingji,

"Failed, the ladder is too scary. Yan

Lingji asked in confusion,

"Sister Cailin, how many levels have you climbed?"

Queen Medusa said awkwardly,

"Three thousand four hundred and six floors."

Wanwan rubbed her forehead and said helplessly,

"More than 3,400 floors? A quasi-sage has only climbed to more than 3,400 floors, and the ladder to heaven is too terrifying."

Yan Lingji nodded and agreed,

"yes! It's too scary. I wonder how many layers the sisters in the Holy Realm can climb."

After a while, people continued to appear at the bottom of the ladder.

Shi Feixuan, Xiao Longnv, Murong Qiudi, He Xi, Zi Nu and other women on the 2,000th floor all quit the climb.

Yang Chan, the Third Holy Mother on the 3,000th floor, Shadow Assassins You Ruo and You Xue, Jiu Feng, Shang Yang, Nie Xiaoqian and other women also quit climbing. There were also some female saints such as the Demon Envoy of Lust on the fourth floor, the Queen Mother, Xi He, etc. also quit climbing.

Short In a short period of time, dozens of people appeared under the ladder, and they were all talking to restore their mana.

Whoosh!

Concubine Yan also quit climbing.

On the 3400th floor,

Concubine Yan reached the limit and quit climbing. The floors above her were shocked. The salamander was still climbing hard.

Yan Lingji came to Yan Fei and said,

"Sister Yan Fei, I didn't expect you to climb the 3,400 floors. It's really amazing. Concubine Yan shook her head and replied,

"Yan Lingji, I am a mid-stage quasi-sage and have climbed to the 3400th level, which is a bit low."

Jiu Feng smiled at Concubine Yan and said,

"Haha, it's not low anymore, Concubine Yan. I have only climbed to more than 3,600 floors in the late quasi-sage stage. The further you go up the ladder, the harder it becomes."

Shang Yang sighed and said,

"Yes, I have only climbed to more than 3,600 floors. A late-stage quasi-sage can only climb to about 3,600 to 3,700 floors. The ladder is so terrifying that I can't feel any sensation in my legs now.."

Everyone else next to them nodded.

They have not recovered from climbing the ladder at this moment. The ladder puts too much pressure on them. Every time they climb a step on the ladder, they have to climb with all their strength.

Xiao Xun'er Suddenly shouted,

"Wow, look at my husband, my husband has almost climbed to the 3,300th floor. How could he climb so fast? How could he climb so fast?"

Chapter 2644

At the bottom of the ladder,

Concubine Yan and the other girls all looked at the ladder.

They saw that Su Chen had only climbed to the 3010th floor. How could it not be that after a while, Su Chen actually climbed to the 3300th floor? This speed was too fast. too fast

"How did your husband do it?"

"Yes, that bastard climbed too fast, didn't he?"

"It's incredible. Su Chen was only in the early stage of Quasi-Sainthood. How could he climb so fast?"

"Husbands should have special means. Don't forget, if you climb to the top of the 10,000th floor of the ladder, only your husband can climb to the top. If you go to the 10,000th floor of the ladder, I guess your husband can also climb to the top."

"The master is so awesome!"

"Climb to the top? I'm afraid this is difficult. Saints have withdrawn from the 4,000th floor. Su Chen was in the early stage of being a quasi-sage. He was able to climb to the 4,000th floor. This may have broken the climbing record." "zero sixty three"

"Maybe!"

Concubine Yan and the others no longer care about recovering their mana.

They are all looking forward to Su Chen. Whether Su Chen climbs four thousand floors, or climbs higher, or even whether he can climb to the top, these are the results they want to know.

On the 3312th floor of the ladder,

Su Chen's face twisted in discomfort.

The laws of space and the laws of time.

He was using the laws of space and time to climb the ladder, wasn't he?

Su Chen was using the ladder to integrate the laws of space and time. According to the law of time, after he climbed three thousand and two floors,

Su Chen found that every time he climbed a step, he had to consume almost half of his mana.

This was too difficult.

Every time Su Chen spent his mana to climb a step, he could also do it. Continue climbing.

But this speed is too slow.

He wants to climb up to four thousand floors, which may exhaust him to death, and he may even quit climbing when he reaches the limit.

The law of space and the law of time,

Su Chen wants to try, but using them alone A kind of law, this kind of efficiency is no different from consuming half of the mana every time.

Fusion,

Su Chen's space law and time law have been cultivated to 90%. After he tried to fuse the space law and the time law. Unexpectedly, it really happened. Successful.

Using the laws of time and space to climb the ladder,

Su Chen climbed the ladder much faster without wasting too much mana.

But the process of fusing the laws of space and the laws of time was very painful.

He only merged to 100% At thirty,

Su Chen's whole body was about to burst, his bones were broken, his body was shattered, and blood was seeping all over his body at this moment.

After Su Chen climbed to the 3319th floor, he wiped the blood and sweat from his forehead. , said to himself,

"Damn it, why is it so painful? Isn't this comparable to the pain of changing the immortal roots in Enchanting? Damn it, is this the legendary pain of giving birth?"

The fusion is 35%.

It's no longer possible.

Su Chen feels that he can no longer fuse the laws of space and the laws of time. Otherwise, he won't have to climb the ladder, and his body will break apart.

"Bi Dong'er, I'm going to catch up with you."

After Su Chen stopped integrating the laws of time and space, he looked at the beautiful woman on the three steps above and smiled.

On the three steps above,

Bi Dong'er's back was very attractive, with wonderful proud curves and uneven curves. With a figure, a wet and alluring body, and a mature and alluring charm,

Bi Dong'er,

Su Chen did not expect that Bi Dong'er would also advance to the quasi-sage level, and she would also be in the middle stage of the quasi-sage level.

Bi Dong'er and Queen Medusa, Yun Yun, Mrs. Ye Di, Shi Guanyin, Hua Baifeng, etc., these women are all crazy cultivators. They have been in seclusion since they came to the Xuantian Realm. In the time enchantment,

Su Chen did not know how long they would be in seclusion, but at least they must One hundred thousand years, maybe even longer. (To read Baoshuang novels, go to Feilu Novel Network!)

Bi Donger looked back at Su Chen and shouted in surprise,

"Little bastard, how can you climb so fast? Weren't you still on the 3100th floor just now? How come you have climbed to more than 3,300 floors now? Did you cheat?"

Su Chen shouted with a dark face,

"I am cheating, Bi Donger, can I cheat on the ladder? Do you look down upon your husband's strength?"

Bidong smiled and mocked,

"cut! strength? Are you as strong as me? You are only an early quasi-sage, and I am now a mid-stage quasi-sage."

On the 3365th floor of the Ladder to Heaven,

Hera reminded Bidong'er,

"Bidong'er, you're done. If you say this to your husband, he will definitely take care of you when he comes back."

Frigga also turned back and reminded with a smile,

"Yes, Bi Dong'er, you may be in trouble this time."

When Bi Dong'er heard the words of Hera and Frigga, her face turned rosy, and her face also showed some panic. It has been more than

100,000 years, and Bi Dong'er has been in retreat for more than 100,000 years at a time, and she is still practicing. Time is really like running water.

Although the flow speed in the time enchantment is different from that in the outside world, the scholar has been practicing in seclusion for thousands of years. Bi Donger misses Su Chen very much, but everyone in the time enchantment wants to catch up with Su Chen. In order to protect this little bastard in the future, all the girls have endured longing and practiced in seclusion. Bi Donger will not let other women look down on her.

In this way, in the time barrier, all the girls compete with each other in seclusion and practice. None of them wanted to be compared, and they all wanted to be able to help Su Chen in the future.

Bi Dong'er said with a blushing face,

"Hera, Frigga, will you help me? Hera shook her head and replied,

"Bi Dong'er, we don't dare to help you, otherwise we both will be in trouble."

When Bi Dong'er heard what Hera said, she shook her head and continued climbing.

Bi Dong'er didn't believe that Hera and Frigga didn't help her. They had a good relationship, and they were both Su Chen's women. Bi Dong'er guessed that Hera and Frigga also missed Su Chen very much.

On the 3321st floor,

Su Chen looked at Bi Dong'er who was one step away from him. Twenty-second floor.

Su Chen hugged Bi Dong'er's sexy waist and smiled,

"Beauty, are you stronger than me? Why do I feel that you are very tired? I can knock you down with just one finger."

"You're such a bastard."

Bi Dong'er rested in Su Chen's arms.

Su Chen was too perverted.

She was panting from climbing the ladder. Apart from sweating, this bastard made Su Chen look like he was on a trip.

Su Chen kissed Bi Dong'er hard. After Dong'er, he took out a pill and said,

"Bi Dong'er, if you take this elixir, it will improve your level a little bit."

Chapter 2645

Bi Dong'er took the elixir without taking it.

She leaned in Su Chen's arms and wanted to take a rest. Bi Dong'er wanted to feel the warmth that she had not felt in Su Chen's arms for many years.

Su Chen stroked Bi Dong'er's plump waist and said,

"Bi Dong'er, don't force yourself to climb the ladder. The veteran quasi-sages like Jiufeng and Shang Yang have quit climbing. Climb as much as you can, and quit if you can't hold on. It's already amazing that you have climbed to more than 3,300 levels."

Bidong'er nodded and replied,

"I understand that High Priest Bo Saisi has previously quit climbing, and I will not force myself."

Su Chen looked at the bottom of the ladder and shook his head. More and more women on the ladder quit climbing.

Bo Saixi was also a pity.

If the beautiful woman persisted for half an hour,

Su Chen could catch up with her. Bo Saixi After taking the Ziyun Lingdan, she should be able to climb for a while.

"I climbed a little late, otherwise Bo Saixi should have been able to hold on until I arrived."

Bidong'er grabbed Su Chen's hand and warned in a panic,

"Bastard, don't move your hands. I'm already weak. Do you want me to quit climbing the ladder now?"

Bidong'er wanted to kick this bastard away at this moment. She didn't expect that Su Chen would put his hand into her skirt. The girls under the ladder were all watching.

Did this bastard want to embarrass her in public?

"Bi Dong'er, you are so tempting!"

"Shameless!"

"Shameless ass, you are my woman, it is only natural for me to hug and kiss you"

"Get lost, I want to take pills to break through, you can continue climbing quickly."

Su Chen kissed Bi Dong'er and said,

"Bi Dong'er, you are so heartless."

Ruthless?

This bastard!

What kind of bullshit is ruthless?

This bastard doesn't care about the occasion. Is this a place where love can be spent under the moonlight?

"Little bastard, leave me alone and keep climbing."

Su Chen nodded and continued to climb the ladder. He didn't dare to be too intimate with Bi Dong'er.

The girls at the bottom of the ladder were all looking at him. If Su Chen messed around with Bi Dong'er on the ladder, he felt that he would be very angry in the future. He's having a hard time, and all the girls on the ladder won't let him go.

"What a shameless bastard~."

After Su Chen continued to climb, Bi Dong'er adjusted her clothes and her face became a little hot.

She didn't need to look down the ladder.

Bi Dong'er guessed that the girls under the ladder must be discussing her and Su Chen.

"Raise a small realm? This bastard is not bad. In this way, he can still climb hundreds of stairs."

At this moment,

Su Chen quickly caught up with Hera and Frigga.

He and Hera and Frigga warmed up for a while. Su Chen left the elixir and continued to climb the ladder.

Su Chen wiped the sweat on his forehead and whispered ,

"Gravity is getting stronger and stronger. It's not difficult to climb the ladder with your legs locked, but gravity may be a big problem in the future. I have only climbed more than 3,400 floors.

"Alas, it is getting more and more difficult to climb the ladder to heaven. What level will gravity reach in the future? Will it be like ordinary people carrying a car?"

Su Chen continued to climb with his head lowered. There were more than 3,400 floors.

Even the quasi-sages were reluctant to continue climbing in the later stages. Some women who had reached the limit also quit climbing.

Su Chen looked at the woman climbing the ladder to the upper level.

I'm going!

Holy Mother Turtle Spirit?

Why did Madonna Turtle Spirit appear on the ladder to heaven?

In the main world,

Virgin Mary Turtle Spirit, Wangshu, Xuanming, and Su Chen forbid them from coming to Xuantian Realm? Why did Holy Mother Turtle Spirit appear? Wangshu and Is Xuan Ming also climbing the ladder to heaven?

Su Chen frowned and thought for a while and patted his forehead.

He thought that these were of no use. (To read Baoshuang novels, go to Feilu Novel Network!)

In the world of Fengshen,

Su Chen had captured the Holy Mother of Turtle Spirit. Wangshu and Xuan Ming had fallen in the world of gods. Just show up when Holy Mother of Turtle Spirit appears on the ladder. After all, Saint Turtle Spirit can be considered his woman.

"Little turtle, are you going to die?"

Mother Turtle Spirit looked angrily at Su Chen, who was on the first floor behind her.

Little turtle?

She's a little turtle?

Uh!

Xuan Turtle seems to be a turtle too, right?

"Get out, you can't do this."

Su Chen shouted with a dark face,

"Damn it, can a man say no? Little turtle, the plum blossom mark on your belly button is very nice. I'll take a look at it again when I have time."

"Inglorious bastard, you actually spied on me?"

The Holy Mother of Turtle Spirit stared at Su Chen with a face full of shame and anger.

Plum blossom mark?

How did this bastard know?

The plum blossom mark is on her lower abdomen. Holy Mother of Turtle Spirit has never been exposed. Could it be that Su Chen had peeped on her?

Su Chen said He curled his lips and replied,

"Do I need to spy on you? Think about the Demonic Tower of Desire. Even though you instantly transformed into your true form, I saw everything I should have seen and everything I shouldn't have seen."

Su Chen was deceiving the Holy Mother Turtle Spirit.

The Holy Mother Turtle Spirit was caught and imprisoned in the Demonic Tower of Desire last time. He saw nothing in the Demonic Tower of Desire.

Of course, except for a huge turtle.

The reason why Su Chen He knew about the plum blossom mark.

He had seen it on the body of the Turtle Spirit Madonna during the Conferred God Period, and he had even touched the plum blossom mark with his own hands.

"`.Damn bastard, you don't deserve to be an emperor at all."

Mother Turtle Spirit

's face turned even more rosy when she thought of the Demonic Tower of Desire. Women would be naked when locked in the Demonic Tower of Desire, and they would not be able to wear a shirt no matter what. Mother Turtle Spirit didn't think that this bastard would see all of her nakedness at that time. Without her, Su Chen is a shameless bastard

"Yes, but I am an emperor!"

"Shameless Emperor!"

"Little turtle, why do you appear in the Xuantian realm? How could he come to climb the ladder?"

"none of your business!"

"Let me go, little turtle, you still haven't changed at all, a single-minded woman"

"Su Chen, you bastard, do you want to die?"

Our Lady of Turtle Spirit was originally worried that Su Chen would scold her senior sisters. After all, it was her (good Li Zhao) senior sisters who brought her to the Xuantian Realm, and it was also her senior sisters who brought her to climb the ladder.

But Su Chen She said she was a stubborn woman, and Madam Guiling was so angry that she wanted to beat Su Chen severely.

Su Chen curled his lips and mocked Madam Guiling,

"die? Holy Mother Turtle Spirit, do you still have extra mana when you climb the ladder to heaven? You are as weak as a small tree about to fall. Do you believe that I can poke you down with just one little finger?"

Mother Turtle Spirit saw Su Chen arriving on the steps where she was, and she was a little worried.

Mother Turtle Spirit had no magic power at the moment, and she was so weak that she might fall down at any time. She was worried that Su Chen would compare with Dong'er and Frigga. Treat her like a woman.

Our Lady of Turtle Spirit quickly backed away and reminded,

"what you do? Su Chen, don't mess around. I'm climbing the ladder to heaven. We didn't deal with each other before, and I was ungrateful to you. Let's wait until we climb the ladder to settle the matter."

Chapter 2646

Su Chen saw that Our Lady of Turtle Spirit looked like a little rabbit, and he shook his head speechlessly.

Is this still a strong person in the late-stage of the Saint?

Damn it,

Su Chen thought that if he did something to the Turtle Spirit Madonna on the ladder to heaven, the Turtle Spirit Madonna would not change back to her original form, right?

Can't afford it!

Can't afford it!

Su Chen didn't want to face a huge turtle.

Su Chen took out a pill and stuffed it into the arms of Our Lady of Turtle Spirit.

"Here you go, little turtle, this is a pill to improve your realm. If you eat it, you can advance to a small realm."

I'll go!

It's so weak!

Su Chen accidentally touched the mountain of Our Lady of Turtle Spirits. He felt the softness and touched it.

Touch!

"Inglorious bastard, I'm going to kill you."

Our Lady of Turtle Spirit kicked Su Chen with shame and anger on her face.

This shameless bastard, she didn't expect that Su Chen would dare to attack her in public. Our Lady of Turtle Spirit was also misled by Su Chen's elixir. She didn't expect that Su Chen would dare to attack her in public." Su Chen would use his hands and feet when giving her the elixir.

"Ahem, I'm going to continue climbing. Turtle, you should take the elixir and continue climbing. By the way, little Turtle, you are in really good shape."

Su Chen hurriedly continued to climb up in embarrassment.

Fortunately, Madam Guiling's mana was exhausted and her whole body was soft and weak. Otherwise, with the kick just now by Madonna Guiling, the kick of Quasi-Sage, Su Chen might have been kicked out of the ladder.

"Damn, it's so hateful."

Mother Guiling clenched her fists in shame and anger. She didn't expect that Su Chen would be so lustful. Damn you bastard.

Mother Guiling rubbed her forehead and was very helpless. She had no way to do anything to Su Chen.

Mother Guiling hit her But Su Chen couldn't find a helper to help her. This bastard couldn't even do anything to a saint in the holy realm. She, a quasi-sage, couldn't do anything to Su Chen. The prehistoric fairyland,

Xiniu Hezhou, boom boom boom boom.....

Loud noises kept coming from Xiniu Hezhou, and all the immortals in the prehistoric immortal world panicked. This was a sign that the space channels in the realm were connected.

"Damn it, why is there still a connection between the realm and the prehistoric fairyland? An extraterrestrial demon world makes it difficult for even the Great Desolate Immortal World to fight against. If another realm appears, will our Great Desolate Immortal World be doomed?"

"It's over. The two realms have launched a war against the Great Desolate Immortal World. We, the Great Desolate Immortal World, cannot resist it at all."

"Damn it, where are those saints? The demonic world outside the territory has been attacking for several years. Why did those saints take action?"

"Take action? The demon ancestor Rahu is very powerful, and all the saints are no match for him. Do the saints dare to take action?"

"Do you think the Heavenly Emperor Su Chen will return to the prehistoric fairyland?"

"Impossible, impossible, Heavenly Emperor Su Chen no longer belongs to the Great Desolate Immortal Realm. If Heavenly Emperor Su Chen enters the Great Desolate Immortal Realm,

Prehistoric Heavenly Dao will take action against Heavenly Emperor Su Chen." All the immortals in various places in the Great Desolate Immortal World were talking with ugly faces. They had given up hope in the Great Desolate Immortal World. An extraterrestrial demonic world had beaten the Great Desolate Immortal World to the point where it was unable to fight back. The Great Desolate Immortal World even lost the Starry Sky Fortress. This time Another realm appeared. How could the Ancient Immortal Realm resist? In Kunlun Mountain, Hongjun and the five great saints sat together in silence with ugly expressions. The Ferocious Beast Realm appeared. After the space passage between the Ferocious Beast Realm and the Ancient Immortal Realm was connected, In ten years at most, the ferocious beast realm will attack the prehistoric fairyland. There is an extraterrestrial demon realm in the chaos. There is a space passage of the ferocious beast realm in Niuhezhou, the prehistoric west. There are two powerful realms one above the other. How can the prehistoric fairyland resist? Can the prehistoric heaven be able to Can you resist Rahu and the Beast King Shenni at the same time?

"what to do? If this continues, the prehistoric fairy world will really come to an end." (To read exciting novels, go to Feilu Novel Network!)

"There is no other way. The Beast King Shen Ni is more powerful than the demon Rahu, and the prehistoric fairyland cannot stop the attack of the ferocious beast realm."

"What about us? Are you going to abandon your holy position and run away? Or a fight to the death?"

"A fight to the death? How can we fight to the death? Whether it's Demon Ancestor Rahu or Beast Emperor Shen Ni, they can crush us to death with one hand."

"Let's wait a few more years. If we can't do it, we can only give up the holy throne and escape from the ancient world."

"Where is Su Chen? Will he use the saints?"

"No, don't forget that we plotted against his sister in the Starry Sky Fortress. Su Chen is a person who must avenge his grievances, and he will never help the prehistoric fairy world again."

After the six saints talked for a while, they each nodded to each other after thinking for a while.

0 Asking for Flowers. Abandoning the holy throne and escaping from the Great Desolate Immortal World is their only choice, otherwise what awaits them is to perish together with the Great Desolate Immortal World. Together they were completely annihilated in the chaotic world.

In the starry sky fortress,

Luo Hu looked at the changes in the ancient fairyland with a serious face. The space passage between the ferocious beast realm and the primeval fairyland was connected. The ferocious beast realm!

The beast emperor is rebellious!

You finally appeared again, what level of the Holy Realm will you be?

Luo Hu shouted,

"Jealousy Demon!"

"Demon Ancestor!"

A demonic holy realm suddenly appeared and saluted Luo Hu.

Luo Hu asked expressionlessly,

"Have you found that bastard Su Chen?"

The jealous demon hurriedly replied respectfully,

"Back to Demon Ancestor, there is no news about Saint Su Chen. Our demon soldiers have not found any news in the ancient fairyland or the wild realm. Saint Su Chen's sister is not in the wild realm either."

"damn it!" Luo Hu was very angry when he heard the answer from the Envy Demon. Luo Hu wanted to find Su Chen, but he couldn't find any news about Su Chen. That bastard was always

looking for him. Luo Hu felt that he was in Su Chen. In front of Chen, everything was passive. Luo Hu thought for a while and ordered,

"Envoy of Jealousy, continue to look for that bastard Su Chen. This time, I want to do so in a fair and open manner. Since I can't find that bastard, I also let that bastard know that I'm looking for him."

"Yes, Demon Ancestor!"

Ladder to heaven,

Su Chen is still climbing the ladder to the 3693rd floor.

Su Chen has surpassed several women one after another.

There are less than ten quasi-sages left in front of him. Wang Shu, The Ruthless Empress, Liu Shen, Qin Yuan, Qiong Xiao, etc.

The girls further up are all from the Holy Realm,

Queen Mother of the West, Yun Xiao, Guanyin Bodhisattva and other girls. They are all between the 3800 and 3900 levels at the moment..

Su Chen looked at the Queen Mother of the West who was on the next step up.

He smiled and said teasingly,

"Queen Mother of the West, you are a bit useless. Look at my sister and Liu Shen. They have both climbed forty or fifty levels higher than you. Are you going to die? Or is he too old to walk?"

Chapter 2647

On the ladder to heaven, the Queen Mother of the West trembled with anger when she heard Su Chen's words.

What's wrong?

What old person can't walk anymore?

This shameless bastard, no matter how old she is, is the Queen Mother of the West as old as the Empress Nuwa? Is she as old as those women like the Queen Mother?

Queen Mother Xi turned around and yelled at Su Chen,

"Su Chen, you are a shameless person, but you are still a dignified emperor of heaven. How about your magnanimity? What about your self-cultivation? There is no difference between you and those ruffians among humans."

"I gather, black....."

Su Chen saw Queen Mother Xi turning around and scolding him. He looked at Queen Mother Xi and was stunned for a moment.

Queen Mother West was all wet, and her dress was a little loose, and her underwear was exposed.

Black, damn,

Xihuangmu actually likes black bellybands.

However,

Xihuangmu is very attractive at the moment. Her plump and proud figure is fully exposed, her attractive waist, and her mature and alluring aura. Su Morning can be felt even on the next floor

"shameless bastard!"

The Queen Mother of the West didn't expect that Su Chen would see her exposed dress.

Damn it,

Queen Mother of the West 01 forgot to climb the ladder to heaven and this bastard.

When she started to climb the ladder to heaven, the women here were either Su Chen to women or Su Chen. After she climbed three thousand floors, the Queen Mother also struggled to climb. Her magic power was exhausted and her whole body was weak.

She didn't care about the loose clothes of the Queen Mother. She shouldn't have been seen by Su Chen this time. It was obvious that she felt very ashamed and angry.

Su Chen checked the girls on the ladder. The girls on the ladder were about to reach their limit. There were less than twenty people left. They might give up one after another after half a day inland. the climb

"Queen Mother of the West, I'm about to catch up with you. If you don't want me to see the beautiful scenery, you have to climb faster."

"damn it!"

The Queen Mother of the West sped up after hearing Su Chen's words, but the horror of the ladder was not that she could speed up just by saying she would speed up. Every time she raised her foot, her mana was consumed like running water.

Su Chen did not catch up with the Queen immediately. Mom, he was thinking about climbing to the 4,000th floor.

According to this situation, the 4,000th floor should also have a difficulty. Not only does the gravity double on the 3,000th floor, but his legs are also trapped by the ladder.

Four thousand What about the layer?

What difficulty will there be?

Su Chen communication system asked,

"System girl, do you think I can climb to the top?"

"Ding, I don't know!"

Su Chen asked doubtfully,

"have no idea? Aren't you a universal system? How could you not know?"

"Ding, host, you are unpredictable"

"Damn it, don't you know all my abilities? I have....I'll do it!"

Su Chen was about to retort to System Girl. He suddenly thought that System Girl had never revealed her body. Even the Heavenly Dao avatar in the Xuantian Realm, System Girl, had never shown her body.

Su Chen hurriedly shouted to System Girl,

"That's not right, little girl, we live and die together. You know everything about me, but I may not know even one percent of you. Isn't this unfair?"

"Ding, host, I don't know you."

"Shit, my abilities are all obtained from the system. Why don't you understand me? Girl, show me your true self, little girl. I have to get to know you."

"Ding, dream! A shameless pervert, you will never see me."

Su Chen mocked disdainfully,

"Tsk, maybe I will become stronger in the future, do you think you can hide from me?"

"....."

Su Chen saw that the system girl didn't respond. He was lying on the ladder thinking about what happened since he traveled to Tianxuan Continent.

More than ten years have passed in a flash.

If you include the time in the time barrier, (for reading novels, go to Feilu Novel Network!)

Su Chen is also thousands of years old.

Thinking about it now, he feels like he is dreaming, but even if It was a dream, and Su Chen didn't want to wake up from it. He was worried that when he woke up, everything would be in vain, just a dream based on imagination.

Under the ladder to heaven,

Concubine Yan and the other girls saw Su Chen lying down to sleep, which made them dumbfounded.

They were exhausted from climbing the ladder, but

Su Chen was better off. He was teasing the girls all the way up the ladder. This bastard was sleeping without any worries. Could it be that Su Chen and they were not climbing the same ladder?

"The little bastard is so disgusting, are we being mocked invisibly?"

"It should be, above 3,000 floors, we are exhausted and need to recover mana as soon as possible when we have time. This bastard has been relaxed all the way, and now he is lying down to sleep."

"Su Chen must be thinking about something. He may have many things that he hasn't told us. Just like climbing the ladder to heaven this time, I found that Su Chen was very conflicted. He wanted to climb the ladder to heaven, but he didn't want to."

"Well, haven't you noticed that Su Chen has been staying in Taiyi Jinxian for a long time? He may have been unable to advance due to something."

"I also discovered that Su Chen had many resources in his hands, such as water of life, merits of heaven, origin of heaven, etc., but Su Chen never used these resources to advance. Is this normal?"

"Yes, Su Chen must have something important hidden in his heart. He has been unwilling to advance to the realm of cultivation. I guess what important things will happen when his realm reaches a certain level?"

"possible!"

After Concubine Yan talked with the Queen Mother and the other girls, they all looked at Su Chen on the ladder to heaven. They all had some guesses about some of Su Chen's changes. Ladder to heaven? This may be an important factor, but this is the ladder to heaven. All the girls are smart people, and they would not say anything even if they guessed it. On the 3695th floor, the Queen Mother of the West had just climbed up. She looked back and saw Su Chen lying sleeping, the face of the Queen Mother of the West. It's all dark? Is this the tortoise and the hare race? Damn you bastard, Xihuang's mother thinks that Su Chen looks down on her. Huh? Something's wrong? Is this? Why is Su Chen glowing? Is Su Chen practicing skills? Xihuang The mother was confused for a moment. She couldn't figure out what Su Chen was doing, practicing exercises? It didn't seem like it was a law? Su Chen knew the laws of space and time, but it didn't look like he was practicing the laws of space and time..At this moment, Su Chen entered a mysterious and mysterious realm. He was on the ladder to heaven, but he didn't seem to be on the ladder to heaven. He was close yet seemed to be far away.

Chapter 2648

Three days later,

Su Chen woke up,

"Huh? Let me go, how come the laws of space and time have reached 60%? How is this going? I just slept, how could the time and space method be improved by 30%?"

Su Chen was confused.

He was just sleeping and thinking about something. How could the laws of space and time suddenly be promoted? And he hadn't felt the pain of merging the laws of space and the laws of time.

"Ding, host, your luck is very good. You have previously entered the mysterious and mysterious realm of enlightenment. Not only have your laws of time and space been integrated and advanced, but your cultivation realm has reached the quasi-sage peak."

Su Chen shouted in surprise,

"Let me guess, I haven't discovered that the realm of cultivation has also advanced, the realm of enlightenment that is both mysterious and mysterious? System, what is this?"

"Ding, a kind of enlightenment, a state of enlightenment that all cultivators dream of. Your time for enlightenment this time is too short. If you stay in the state of enlightenment for a month, your laws of time and space will be integrated into Dacheng. If you can Advance to the holy realm in one fell swoop."

Su Chen curled his lips when he heard the system's words, too short?

This is already very good,

60% of the law of time and space.

This unexpected surprise is very good for him.

Besides, 700

Su Chen is still climbing the ladder. , Does he dare to sleep on the ladder for a month?

Let me guess, why are all the girls on the ladder resting? Are they worried that something will happen to them?

Su Chen found that none of the girls on the ladder continued to climb the ladder. Sitting on the ladder and looking at him.

Su Chen felt a little moved.

Nuwa and other women were probably worried that something would happen to him, so they did not continue to climb the ladder.

Su Chen waved to the women on the ladder, and he continued to climb the ladder. , the 60% law of time and space, the gravity of the ladder on more than 3,000 floors and the legs trapped by the ladder, these are dispensable to him.

On the 3695th floor,

Su Chen hugged him as he climbed up The Queen Mother of the West, who was still in a daze,

"Queen Mother of the West, are you worried about me that's why you didn't continue climbing?"

"Shameless, let me go!"

The Queen Mother of the West reacted when Su Chen hugged her. She immediately yelled at Su Chen in shame and anger. The

Queen Mother of the West has been paying attention to Su Chen for the past three days. She also benefited from Su Chen's strange changes in the past three days. Awesome.

Enlightenment?

Change of time and space?

She didn't understand what Su Chen was doing, but the skills she practiced had advanced in just three days. The Queen Mother of the West felt that as long as she practiced in seclusion for a hundred years, she would advance to the level of false saint. Realm.

Su Chen hugged the plump waist of the Queen Mother of the West and said with a smile,

"Haha, Queen Mother of the West, didn't you ask me to compensate you with a child? I think I should accompany you as a child. After climbing the ladder, we can communicate."

"Go away, shameless pervert!"

The Queen Mother of the West pushed Su Chen away and cursed with shame and anger,"

This bastard, she didn't expect that Su Chen would be so shameless and pay for a child?

She was learning that Wu Shi was taken away by the Chaos Demon God, and Su Chen He also asked his men to kill the Chaos Demon God. The Queen Mother was just anxious and said the wrong thing, but this bastard still remembered it.

Su Chen curled his lips and reminded, "I'll go, Queen Mother of the West, isn't this what you asked for?"

The Queen Mother of the West's chest kept rising and falling because of Su Chen's anger.

This bastard was so shameless.

She stared at Su Chen with her beautiful eyes and shouted,

"Su Chen, you continue climbing immediately, I don't want to see you now"

"Queen Mother of the West, this is an elixir that can elevate you to a small realm. You are at the pinnacle of quasi-sage. After taking the elixir, you can advance to the pseudo-saint realm. This is a realm that is infinitely close to the holy realm."

"Get out now, I don't want to.....Woohoo!"

The Queen Mother of the West had just received the elixir handed over by Su Chen.

She was about to let Su Chen continue to climb the ladder to heaven. The Queen Mother of the West did not expect that Su Chen would suddenly hug her and kiss her. (Read Baoshuang novels and go up to the sky. Lu Novel Network!)

"Goodbye, Queen Mother West (abfb), your mouth is very sweet."

Su Chen let go of Queen Mother Xi and hurriedly climbed up.

He was a little reckless this time when he kissed Queen Mother West.

However,

Su Chen couldn't hold back for a moment because of Queen Mother West's mature charm, attractive plump figure, and uneven curves. I hope the Queen Mother of the West will not be angry and pursue him in the future.

"Shameless pervert!"

The Queen Mother of the West clenched her fists tightly and stared at Su Chen who was running away. She was so proud.

Damn it, she was actually kissed by Su Chen.

What a shameless bastard.

The Queen Mother of the West blushed when she looked at the ladder. She She found that the women on the ladder were looking back.

It was over.

The Queen Mother of the West found that the ruthless empress and Liu Shen were also looking at her.

"Cruel man, your brother is too....."

"How shameless!"

"Yes, let's climb quickly. Your brother will catch up with us soon. I don't want to be teased by your brother."

"Liu Shen, even if we speed up the climb, my brother will catch up. Do you think we can climb the ladder faster than my brother?"

"Damn, your brother is a monster."

"hehe....."

Up and down the 3743rd floor,

Liu Shen and the Ruthless Empress saw Su Chen kissing the Queen Mother of the West, and they both shook their heads speechlessly. They all knew

Su Chen very well. Liu Shen was very worried at the moment. Su Chen didn't even let the Queen Mother go. She was worried that Su Chen would molest her if he caught up with her. Damn it, you must not be molested by that bastard. After Liu Shen thought about it, if Su Chen molested her, she would immediately quit climbing the ladder. Liu Shen was about to reach the limit. If she hadn't rested for three days, she would have I had already reached my limit and quit climbing. After a while, Su Chen caught up with the ruthless empress. After he touched the ruthless empress' hair, Su Chen took out a purple rhyme elixir and said,

"Nanny, this elixir is for you. You take it and continue climbing. Don't force yourself. If you can't hold on, quit."

The ruthless empress took the elixir and nodded, saying,

"Brother, I understand!"

"Well, I kept climbing."

After Su Chen waved his hand to the ruthless empress, he continued to climb to the upper level.

The ruthless empress's figure was also very attractive.

Her dress was loose and her fair skin was exposed, and her graceful curves were exposed. He has a bumpy figure and a proud mountain, but Su Chen has no distracting thoughts about the ruthless empress.

A sister who is not a younger sister.

Su Chen has regarded the ruthless empress as his own sister. It is a bit embarrassing for him to stay here.

"elder brother...."

Chapter 2649

The ruthless empress saw Su Chen quickly climbing the ladder, and she was very speechless.

The ruthless empress did not expect that Su Chen would be so anxious. She still had many things to say to Su Chen.

Especially Liu Shen on the next step.

The ruthless empress wanted to remind Su Chen not to tease Liu Shen, but before she could say anything, Su Chen left quickly.

The ruthless empress patted her forehead and felt helpless

"Liu Shen, it's not that I don't help you, but that I didn't have time to say anything. Liu Shen, please don't bury me....."

The ruthless empress looked towards the upper level of the ladder and was whispering. She suddenly thought of why Su Chen left so quickly.

The ruthless empress looked down at her loose dress.

The loose dress exposed her fair skin. She was even wet and the dress clung tightly to her body. Her perfect curves and concave and convex figure were all exposed. out.

The ruthless empress guessed that Su Chen saw her embarrassed look, so her brother quickly left and continued to climb the ladder.

The ruthless empress' face turned slightly red.

Although Su Chen was her brother, at this moment, the ruthless empress still felt very uncomfortable.

"this.....My brother actually left quickly without teasing Liu Shen? What's going on? Something is not normal."

The ruthless empress suddenly saw Su Chen giving Liu Shen a pill, and her brother continued to climb the ladder.

This made her confused, why didn't her brother tease Liu Shen?

And he left without saying any nonsense.

Is her brother not interested in the Willow God? Or is it because the Willow God is a willow tree?

The Willow God is just injured and placed on the willow tree, not the willow tree.

Doesn't Su Chen know?

At this time, the Willow God looked at it in confusion. As Su Chen left, she looked at the elixir in her hand and wondered.

Why did Su Chen leave in a hurry?

Liu Shen was prepared to quit climbing the ladder immediately if Su Chen teased her, but Su Chen didn't tease her. , and left without saying a word to her.

What's going on?

Is Su Chen not interested in her?

Liu Shen thought and patted his forehead speechlessly.

Su Chen is not interested in her. Isn't this very good? Is it?

Liu Shen doesn't have to be wary of Su Chen in the future. This is great news for her.

"Damn it, why do you feel uncomfortable? Liu

Shen frowned and looked at Su Chen who continued to climb. She couldn't understand why Su Chen wasn't interested in her?

Isn't she beautiful?

Isn't her figure perfect? And isn't her face beautiful?

?

Is it because of the willow tree she entrusted to? That bastard regarded her as a living creature in the form of Liu Shen?

Liu Shen thought about it and felt like she was going crazy. Su Chen didn't care about her.

Isn't that good?

How could Liu Shen have such random thoughts ? Get up.

On the 3764th floor,

Su Chen was still climbing the ladder quickly. He didn't know the doubts and speculations of the ruthless empress and Liu Shen behind him.

As for Liu Shen, it wasn't that Su Chen didn't want to tease him, it was just that he had just climbed. Going up the steps where Liu Shen was, Su Chen found that Liu Shen was wary of him, and the ruthless empress was on the next floor. He might also be teasing Liu Shen in front of the ruthless empress.

"Damn it, a beautiful girl gave up, but there will be plenty of opportunities in the future. Liu Shen, this was his favorite character before he traveled through time, a woman of unparalleled beauty."

Half a day later, on the ladder, people kept exiting the ladder. (To read Baoshuang novels, go to Feilu Novel Network!)

There are not ten people on the ladder at the moment. Maybe after a while, the people on the ladder will be even fewer.

"They couldn't hold on any longer. Qinyuan, Qiongxiao, and Wangshu all withdrew, as did the Queen Mother of the West and the Holy Mother of Jinling."

On the ladder to heaven, there are only five saints left: Nuwa, Gaia, Yinji, Leng Shuang, and Dark Moon.

Nuwa is on the five thousandth floor, and Gaia and Yinji are still struggling on the four thousandth floor. Climbing.

Su Chen checked for a while and continued to climb.

The ladder was too scary.

Several saints from the Holy Realm all quit on the 4,000th floor. Yin Ji and the girls could no longer hold on. Su Chen felt that the climb was too high. Four thousand floors, the next climb will be very difficult.

"Yunxiao also quit without thinking."

"Sister Queen Mother, I have been persevering. I haven't climbed as high as you."

"Me too, I just climbed over 4,300 floors and I can't hold on anymore0."

"Jin Ling, this is not bad. After all, we are saints in the first level of the Holy Realm. Look at the sisters of Gaia. They have just climbed between the 4500th and 4600th floors. They are not in the Holy Realm. The fourth heaven is the sixth heaven of the holy realm"

"The ladder to heaven is too scary. Su Chen is about to climb four thousand floors. I wonder how many floors Su Chen can climb?"

"We can't guess at all."

Under the ladder, the girls looked at the few people left on the ladder. They were all looking forward to the people on the ladder.

The people on the ladder are the most powerful people in Xuantian Realm, six thousand levels. ,

Empress Nuwa didn't know if she could climb it.

Can Gaia and the others climb the five thousand floors?

Where was Su Chen?

They all filtered it directly.

None of the Yan Concubines could see through Su Chen, and they couldn't guess Su Chen. How many floors can Chen climb?

At this time,

Hu Ji quickly arrived through the space passage. She looked at Concubine Yan and the Queen Mother and the other daughters and shouted,

"Sorry, sisters and sisters, the space passage between the ferocious beast realm and the prehistoric fairyland is connected. Queen Mother Xi exclaimed in surprise,

"What? Are the space passages between the ferocious beast realm and the prehistoric fairyland connected? How could it be so fast? Didn't Yin Ji and Zizhu strengthen the space passage?"

Guanyin Bodhisattva said with a serious face,

"With the space channels connected, the Beast Realm will launch Realm War 5.5 in a few years, and the prehistoric fairyland will really be over."

Kesha nodded and said,

"Yes, a realm of extraterrestrial demons, a realm of ferocious beasts, and the prehistoric fairy world is simply unable to resist."

Xi He asked the women around him,

"What should we do in Xuantian Realm? Do you want to participate in this war between the three realms? Zi

Yun shook her head and said,

"We cannot participate. Both the extraterrestrial demons and the ferocious beast realm are very powerful. If there is only one extraterrestrial demon realm, we in the Xuantian realm are not afraid. But we don't know anything about the ferocious beast realm, nor do we know the true strength of the Beast King Shenni.."

The Queen Mother rubbed her forehead and said,

"We should wait until Su Chen climbs the ladder to make a decision. All combat legions in Xuantian Realm must prepare for war. Concubine Yan, go and summon all combat legions."

"good!".

Chapter 2650

After Concubine Yan nodded to the Queen Mother and the Queen Mother, she and Jing Salamander hurriedly left the ladder to heaven. She and Jing Salamander had to give orders at the same time to assemble the combat legions in the Xuantian Realm.

Under the ladder to heaven, women like the Queen Mother and the Empress all showed worried expressions.

The space passage between the ferocious beast realm and the ancient immortal world is connected. It will have no impact on the Xuantian realm in a short period of time, but the Xuantian realm will encounter the ferocious beast realm sooner or later. War is also impossible to avoid.

Xihe said to the girls around him,

"Everyone returns to Xuantian Realm to prepare. Realm war is unavoidable. We must be ready for war at any time."

The Queen Mother nodded and said,

"Yes, we all need to prepare for the realm war. Kesha, Cai Lin, Yan Ling Ji, and Little Fox, you stay and wait for Su Chen. Everyone else leaves the ladder and returns to the Xuantian realm."

"good!"

"we leave immediately"

"Boundary war is inevitable, we all need to be prepared"

"Yes, realm wars are unavoidable. Xuantian Realm and Ferocious Beast Realm will encounter each other sooner or later."

"We must prepare for a border war in advance."

After the Queen Mother of the West and the daughters of the Holy Mother of the Golden Spirit talked one after another, they all left the ladder through the space passage.

After a while, there were only five people left under the ladder, Kesha, Yan Lingji, Cai Lin, Little Fox, and the ones who had been watching. Hu Ji was walking up the ladder to heaven.

Yan Lingji looked at Hu Ji and rolled her eyes and said,

"Hu Ji, please go and try climbing the ladder to heaven."

After Hu Ji heard Yan Lingji's words, her eyes narrowed.

Climb the ladder to heaven?

Can she, a Taiyi Golden Immortal, climb the ladder to heaven?

If Hu Ji can come and climb the ladder to heaven, It was impossible for Su Chen not to let her climb the ladder.

The women who came to climb the ladder this time were all Daluo Jinxian with the lowest level of cultivation. Hu Ji felt that Yan Lingji had bad intentions in letting her climb the ladder. Yan Lingji was planning to watch. Is she joking?

Hu Ji smiled and said,

~"Forget it, I am only in the Taiyi Golden Immortal realm, I may not even be able to climb the thousandth floor. Yan

Lingji hurriedly hugged Hu Ji and said,

"Hu Ji, how will you know if you don't try? It's boring for us to wait here for Su Chen anyway, so just try climbing the ladder to heaven. Hu

Ji pushed Yan Lingji away and pointedly said,

"Tsk, Yan Lingji, aren't you the last person to climb the ladder? You asked me to climb the ladder, are you planning to let me embarrass you on your behalf?"

"hehe....."

Kesha and the little fox girls all laughed. They all saw Yan Lingji's plan from the beginning.

Yan Lingji and Wanwan are tied for last on the ladder. Yan Lingji is looking for a scapegoat.

However,

Hu Ji is indeed one of Su Chen's six concubines. Yan Lingji may be looking for someone to deceive Hu Ji. Wrong person.

Yan Lingji blushed and shouted, "Hu Ji, I am not the last one, Wanwan is the last one."

Hu Ji smiled and asked Yan Lingji,

"Wanwan is the last one? Why don't I believe it?"

Kesha smiled and said,

"hehe....., Hu Ji, Wanwan and Yan Lingji are tied for last place. Hu

Ji patted Yan Lingji on the shoulder and said, "Yan Lingji, I didn't expect you to have someone to support you.""

Yan Lingji looked at Hu Ji speechlessly, who is carrying her?

Yan Lingji and Wanwan are connected by the same fate. How could Wanwan be carried by me?

The little fox said with a sweet smile,

"Yan Lingji, you and Wanwan have only been promoted to the Great Luo Golden Immortal for a short time. There are many women in the Xuantian Realm who are Taiyi Golden Immortals. If they come to climb the ladder, you will not be at the bottom. Cai

Lin shook her head and said,

"Yes, we are both stronger than you and Wanwan. If you climb the ladder and surpass us, we will all be autistic."

Yan Lingji nodded.

She was not depressed because she was ranked last, but she felt a little embarrassed by being ranked last. Every woman here is stronger than her and Wanwan. Even the nuns are a little higher than them. The first one should be the last one. (To read exciting novels, go to Feilu Novel Network!)

Hu Ji suddenly shouted,

"Look, Su Chen is about to climb the four thousandth floor."

Cailin and Yan Lingji hurriedly looked at the ladder.

They didn't expect that in such a short time, Su Chen would climb more than a hundred floors.

Four thousand floors.

If Su Chen climbed another thousand floors, ten thousand floors The ladder to heaven had climbed halfway.

At this moment,

Su Chen had climbed to the 3998th step.

He climbed two more steps, and

Su Chen had climbed to the 4,000th floor of the ladder to heaven.

"Damn it, the reward of the four thousand level ladder must no longer be the supreme item in the Hongmeng world."

Su Chen was a little worried at this moment.

The second thousand layer got the white bellyband of the Bai Xiantian Treasure. The third thousand layer got the bracelet of the Xiantian Treasure.

What about the fourth thousand layer?

What will he get this time?

Boom!

Su Chen thought while thinking After climbing four thousand floors, three light balls appeared in front of him in an instant. Su Chen looked at the light balls in front of him and grinned.

Damn, what should I do?

Give up the reward?

This is impossible.

If I get to Hongmeng World again, There is nothing to say about the items of the female supreme, Su Chen's luck.

Whoosh!

The girl from the ladder appeared next to Su Chen in an instant. At the fourth thousand level, she got another 10% of the authority of the ladder. Soon, there are still six more Thousands of layers, this bastard will definitely climb to the top.

The girl on the ladder to heaven praised Su Chen,

"`.Su Chen, that's good. I didn't expect that you would get a big opportunity just by sleeping."

"In the Hongmeng world, even the domain masters cannot have such an opportunity to reach the profound and profound realm of enlightenment. Only a small number of people among the Supremes have entered the profound and profound realm of enlightenment by chance."

Su (Zhao) Chen said proudly,

"Yep, I can enter the profound and mysterious realm of enlightenment in minutes."

"If you don't blow it, will you die?"

"I won't die, but I will feel uncomfortable"

"I'm too lazy to talk to you, so hurry up and collect your reward. I want to see if you will still seek death this time."

Su Chen curled his lips and asked,

"Girl, is the Territory Lord in the realm of the Supreme Being?"

The ladder girl nodded and replied,

"Yes, a Territory Lord controls an area equivalent to the Chaos World. There are thousands of Territories in the Hongmeng World. A Territory Lord can also crush the Holy Realm of the Twelfth Heaven of the Holy Realm."

Su Chen's face turned dark again when he heard the system girl's words.

Damn, the realm below the Supreme is Territory Lord.

A Territory Lord can also kill a saint in the twelfth level of the Saint Realm. Hongmeng Supreme is even more terrifying.

"Girl, do you think I should choose the light pong ball?".
