

Zongwu 2651

Chapter 2651

Su Chen looked at the three light balls in front of him and hesitated.

He was afraid.

He chose the supreme item twice in a row. If he chose the supreme item again, Su Chen might not have to go to Hongmeng World. Those supreme items would be found. He destroyed him.

The ladder girl said with a smile,

"Su Chen, I can't help you with this. You should make your own choice."

"cut!"

Su Chen looked at the girl on the ladder with disdain. He understood that the girl on the ladder was ready to watch the fun.

Damn it, you will die if you die!

Su Chen stretched out his hand and lit the light ball in the middle again. He didn't believe that the light ball in the middle would still be there. The items belonging to the Female Supreme appeared.

Whoosh!

Oh my God!

This is his, the ladder to heaven is at odds with him, right?

Su Chen looked at the pink bellyband in his hand with a dark face, this is his, why is it a bellyband again?

So angry Is his luck too good?

Or too bad?

"Su Chen, I'll take care of this item for you."

When the girl on the ladder saw the bellyband in Su Chen's hand, her face instantly turned red.

Damn it, how could her items in the Hongmeng world appear in the ladder? ?How come her items appear in the random items on the ladder? Are you and Su Chen really destined?

"Um?"

Su Chen looked at the Tianti girl unexpectedly.

Is there a ghost?

How could the Tianti girl be so proactive this time? Could it be that the owner of this bellyband knows the Tianti girl?

"Su Chen, give it to me quickly!"

Su Chen took the bellyband and smelled it and said,

"Girl, this bellyband is good, it's an innate treasure, and it's also a pink bellyband. I'm going to keep it."

"Shameless, give it to me quickly!"

The girl on the ladder saw Su Chen sniffing her underwear. She was so angry that she wanted to strangle this bastard to death. Damn it, how could she get her underwear back? She couldn't snatch the reward from the ladder. He was such a shameless bastard.

The girl on the ladder was worried about Su. She would give her underwear away in the morning meeting, or even do something dirty.

"Girl? This bellyband is also a supreme urban item, right? And you also know the owner of this bellyband, right?"

"Give it to me and I will tell you"

"Come on, let's not talk about pulling him down!"

"you....."

The girl on the ladder glared at Su Chen angrily.

She had no choice.

This bastard was a scoundrel.

The girl on the ladder thought that Su Chen had guessed it was her underwear. Could this bastard be teasing her on purpose?

Su Chen looked at the hazy girl on the ladder, and he felt that the girl on the ladder was angry.

Although the girl on the ladder didn't burst out at all, she was trembling all over. Su Chen felt that she couldn't provoke the girl on the ladder anymore.

"for you!"

Su Chen threw his bellyband directly at the girl on the ladder.

It was a hot potato.

There was no need for Su Chen to keep it.

"you....."

The girl on the ladder was a little confused when she took the bellyband.

Su Chen gave it to her so suddenly?

There's no way this bastard didn't guess that it was her item. Didn't Su Chen want to get her item?

The girl on the ladder looked at Su Chen with a complicated expression.

Su Chen shouted in the air, "Ladder on the ladder, where are the other rewards?"

After the girl on the ladder put away her bellyband, she said to Su Chen,

"No need to call, I will distribute your future rewards. Su Chen, you have a chance to try it out."

"Will you distribute it? Do you have the authority to ascend the 10,000-level ladder?"

"have!"

"Damn it, how could you have permission for no reason?"

"none of your business!"

"I'll do it!"

Su Chen gave a middle finger to the girl on the ladder. (To read Baoshuang novels, go to Feilu Novel Network!)

The girl on the ladder is too arrogant, but it's a little strange.

The girl on the ladder didn't have any authority at the beginning. How did Su Chen get to the fourth place on the ladder? Thousand Layers, the girl on the ladder suddenly has permission?

This is not normal.

How did the girl on the ladder get the permission on the ladder?

"Su Chen, do you want to go to the trial?"

Su Chen asked doubtfully,

"Trial? Doesn't this reward a world to relax in?"

The ladder girl shook her head and replied,

"No, other trialists are in the leisure world up to the 6,000th level. After the 6,000th level, you have to participate in the trial. From the 4,000th level, you have to enter other worlds for the trial."

Su Chen shook his head speechlessly.

He is really different. He is also a ladder trialist.

Su Chen's ladder rewards are different from others. His trial also started very early.

0 Ask for flowers

"Girl, from what you just said, can I choose not to participate in trials in other worlds?"

The ladder girl nodded and explained,

"Yes, Su Chen, you can choose not to participate in the trial, and there are three more times you can refuse the trial, but every time you refuse, the difficulty of your future trials will double."

"Holy shit!"

Su Chen rubbed his forehead and was very speechless. If he refuses once, the trial world will be twice as difficult.

Who cares?

If Su Chen refuses three trials, his next trial world may be very difficult. fear

"Su Chen, do you want to participate in the trial?"

"Does not participate!"

Su Chen thought for a while and then refused.

The difficulty was doubled?

Twice? Three times?

Three times. After three times,

Su Chen didn't believe that his trial world would be the Hongmeng World.

As long as he was in the world of the Bastard World. When conducting a trial, will the difficulty include the realm of demons outside the realm and the realm of ferocious beasts? Is it difficult to invade the prehistoric fairyland at the same time?

The girl on the ladder snorted coldly,

"snort! Little bastard, since you won't participate in the trial of the four thousand-layer ladder, you can continue to climb the ladder. I hope you won't die in the trial world in future trials."

"Understood!"

Su Chen nodded and continued climbing.

"The four-thousand-story ladder to heaven, the ladder to climb to the holy realm, I am Su Chenlai....Holy shit."

Su Chen yelled and climbed the 4,001th floor, but he and he were suppressed and fell down on the steps before they finished shouting. When the girl on the ladder saw Su Chen being pressed down on the ground, she reminded with a dark face,

"Idiot, the gravity of the ladder on the 4,000th floor is 10 million times stronger, and entering the 4,000th floor will weaken it by half."

Su Chen shouted while lying on the 4001st floor,

"Let me go, little girl, why didn't you remind me earlier?"

"None of my business"

"Damn it, girl, you are getting less and less cute."

"Go away, I don't need to be cute."

After Su Chen adapted to the tens of millions of times the gravity, he slowly stood up, weakened by half? It's a bit difficult to bear the gravity that even the holy realm can't bear!

Boom!

"Holy shit, what kind of righteousness is this?".

Chapter 2652

On the ladder, a black shadow suddenly appeared and attacked Su Chen. Su Chen hurriedly launched the space blade to disperse the shadow.

A dark shadow in the heavenly realm, and a dark shadow like a shadow assassin.

What is this?

Is this also a type of difficulty in climbing the ladder? shadow? It won't be as difficult as the Law of Shadows on the fourth thousand floor, right?

After Su Chen felt the terrifying gravity, he continued to climb.

On the 4002nd floor, the gravity increased by one thousandth, and the number of black shadows also increased to two.

Su Chen frowned and continued to climb.

At this moment, he had a guess.

Every time he climbed a step, the gravity might increase by one thousandth, and the shadow would increase by one or double.

No wonder even the holy realm has a hard time climbing. With half the strength, strong gravity, the number of black shadows increases, or the strength of the black shadows will increase in the future, it is indeed very difficult.

A month has passed, and

Su Chen has climbed to the 4551th floor. The gravity has increased by 551/1000, and the black shadows have also appeared. 01551, and they have all turned into The mysterious assassin.

Damn it!

It's too scary.

Not only does Su Chen have to deal with the terrifying gravity, but he also has to face the assassinations of numerous black shadows. If the black shadows all turn into golden immortals, this will be an even bigger trouble.

Where is Da Luo golden immortal?

This will be difficult

"Leng Shuang, I want to chase.....,I go!"

Su Chen's face turned dark.

He was going to tease Leng Shuang, but Su Chen didn't expect that Leng Shuang would quit climbing the ladder just after he screamed.

What was he doing? Did he just happen to quit climbing? Or was Leng Shuang worried

?

Will you quit climbing after being teased?

Damn, you are depressed.

Is Leng Shuang guarding against being teased by him?

However,

Su Chen has already seen Leng Shuang in the Demon Tower of Desire, and Leng Shuang is not afraid of being teased and quitting. Climb?

On the 4623rd floor,

Dark Moon turned around and laughed at Su Chen,

"Su Chen, you actually scared Leng Shuang into quitting the ladder. You are really a harmful bastard."

Su Chen waved his hand and shouted, "Dark Moon, just wait, I will spank you when I catch up with you."

"Shameless!"

"Tsk, it's not like I haven't fought before. Dark Moon, you have to persist a little longer. I can catch up with you in at least ten days."

"snort!"

An Yue blushed and continued to climb.

Leng Shuang's withdrawal from the ladder was too coincidental.

An Yue originally wanted to laugh at Su Chen, but Su Chen's threat made her feel ashamed.

Damn shameless pervert,

An Yue knew Sooner or later, Su Chen will take over.

Among the saints,

Zizhu, Yinji, and Lingxi have all been taken over by Su Chen. The remaining few people can't escape, and they have no intention of escaping.

In Xuantian Realm, apart from practicing, they Just talking and playing in the Peach Garden, this was much more interesting than what they had in their respective realms before. In the

Xuantian Realm, after Concubine Yan and Jing Salamander issued the assembly order, several combat legions in the Xuantian Realm, with billions The army of immortals began to assemble, and

the resources of the entire Xuantian realm were all opened up, and the core spiritual treasures of various formations were also distributed. In the Palace of the Emperor of Merlot in the Heavenly Court,

Concubine Yan and the Queen Mother and the Queen Mother were all talking here. Powerful immortals will go to various combat legions to take command. (To read Baoshuang novels, go to Feilu Novel Network!)

Concubine Yan said to the Queen Mother and her daughters,

"Sister Queen Mother, the battle legion of one billion black-armored immortals will be assembled in three days."

"The Wu Clan combat legion, the Monster Clan combat legion, the Dragon Clan combat legion, the Phoenix Clan combat legion, and the Shura Clan combat legion are all stationed in various realms and affiliated worlds."

"Several reserve combat corps have not yet completed the handover, and it will take two months for the five major combat corps to be assembled."

The Queen Mother nodded and said,

"Well, Concubine Yan, there is no need to be too hasty in assembling the combat legions. The realm war between the ferocious beast realm and the prehistoric fairy realm will not happen within five years. We only need to complete the assembly within another five years."

"I see!"

Guanyin Bodhisattva suddenly asked the girls,

"Where is my daughter? Chang

Xi rubbed his forehead and replied,

"Nannan went to the Wild Realm. She wanted to notify the Wild Realm to prepare for war. If the ancient fairyland was destroyed by the beast realm and the demonic realm outside the realm, the Wild Realm would be next."

Murong Qiudi said,

"You are right, the wild realm is too weak, the ancient immortal world was destroyed, and the wild realm is unable to resist the ferocious beast realm."

The Queen Mother of the West said,

"It would be a good idea for Nannan to inform her, at least to let the wild realm know what enemy she is about to face."

All the girls in the hall also nodded.

In the wild realm,

Su Chen doesn't know if he will be rescued this time. The ruthless empress has already let go of the wild realm. The ruthless empress also understands how powerful the ferocious beast realm is.

,

Concubine Yan and the other daughters believed that the Ruthless Empress would make a wise choice. After all, the Xuantian Realm was the Ruthless Empress' home. In the Wilderness Realm

, the Ruthless Empress, the Queen Mother of the West, and Liu Shen, the three of them controlled the Beast Realm. The news about the realm was told to some of the Fairy Queens of the Red Dust Realm, and the three of them appeared in the sky in the wild realm.

The Queen Mother of the West said sadly,

"After the destruction of the prehistoric fairy world, the next step is the wild realm. Ruthless man, do you really not care about the wild realm?"

The ruthless empress shook her head and explained,

"Queen Mother of the West, this time the enemy is stronger, an extraterrestrial 020 demon world, my brother's Xuantian realm can still deal with it."

"But in the face of the ferocious beast realm, no one among the powerful saints in the Xuantian realm can be the opponent of the Beast Emperor Shen Ni. If the Xuantian realm rashly participates in the realm war, it may lose the realm war. Liu

Shen rubbed his forehead and said,

"That's right. Demon Ancestor Rahu is in the eighth level of the Holy Realm. What about the Beast Emperor Shen Ni? He will definitely be more powerful than Demon Ancestor Rahu."

The three ruthless empresses fell silent when they looked at the Wild Realm.

Within ten years, the Fierce Beast Realm began to launch a realm war against the Great Desolate Immortal Realm. The Beast Emperor and Shenni might destroy the Great Desolate Immortal Realm in less than a hundred years.

What about the Savage Realm?

The Savage Realm may not be able to survive even ten years.

The ruthless Empress said to the Queen Mother, "Mother of the West, please move your Yaochi Holy Land into the Xuantian Realm."

"Oh, I'll let you know."

Empress Xixi nodded and agreed.

Nothing can be done.

Empress Xi also knew that the Xuantian Realm was participating in the realm war. The Xuantian Realm might also lose the realm war, and she would not let the ruthless empress Please ask Su Chen to come and save the Wild Realm.

God Liu looked at the Wild Realm and said,

"Various holy places and families have begun to unite, but it is of no use at all. There is not a single saint in the wild realm, and they are unable to resist the ferocious beast realm."

Chapter 2653

Liu Shen found that powerful men from various holy places and families were dispatched one after another. She guessed that these forces were preparing to unite and prepare to face the realm war together.

But is it useful?

The most powerful person in the wild realm is Daluo Jinxian. Anyone who comes to the ferocious beast realm can sweep across the entire wild realm if he comes to the holy realm.

Queen Mother Xi rubbed her forehead and said helplessly,

"Alas, useless resistance."

The ruthless empress reminded,

"Queen Mother of the West, Liu Shen, don't worry, my brother will not watch the Great Desolate Immortal World being destroyed, the Great Desolate Immortal World will be destroyed, sooner or later the Ferocious Beast Realm will encounter the Xuantian Realm, and fight a realm war in the Prehistoric Immortal Realm, This is better than fighting a realm war in the Xuantian realm."

After the Queen Mother of the West and Liu Shen heard what the Ruthless Empress said, they began to think about it.

The Ruthless Empress was right.

The Xuantian Realm and the Fierce Beast Realm would encounter each other sooner or later.

If the realm war breaks out in the Xuantian Realm, , this will destroy the Xuantian Realm. They thought of Su Chen's shameless character, and Su Chen would never put the realm war in the Xuantian Realm. The prehistoric fairy world may become a battlefield for the four major realms, and the demon world outside the realm. , the Fierce Beast Realm, the Xuantian Realm, and the Ancient Immortal Realm. Four powerful realms are at war, and hundreds of billions of armies are at war. This scene is very terrifying for them to think about. What about the Wild Realm?

Savage

Realm 757 She was not even qualified to participate.

The Queen Mother of the West suddenly discovered that some low-level demons appeared in the wilderness, and they were looking for something without hiding anything. The

Queen Mother of the West checked and shouted,

"Ruthless man, look at Beidou Territory, why are the demon creatures looking for your brother?"

The ruthless empress asked doubtfully,

"Um? Why are the demons looking for my brother? Could it be that Demon Ancestor Rahu is looking for my brother? Liu

Shen explained speculatively,

"It should be that the Xuantian Realm is very secretive. The creatures in the prehistoric fairy world and the wild world do not know the spatial coordinates of the Xuantian Realm. The demons are looking for your brother with great fanfare, and they have not violated the Qiu of the wild world. I guess it is the Demon Ancestor Luohu. Want to see your brother"

"I'll go ask."

The ruthless empress disappeared in the air instantly.

She wanted to know if Demon Ancestor Luohu was looking for his brother. Why was Demon Ancestor Luohu looking for his brother? A group of low-level demon soldiers were flying in the northwest region. They came to the wilderness. For several months, Su Chen and the ruthless woman have not been found. More than 100,000 demon soldiers are scattered in the wilderness. If they can't find Su Chen and the ruthless empress, more than 100,000 demon soldiers will be killed. Executed. Whoosh!

"What.....The demons have met Her Royal Highness the eldest princess."

More than a dozen demon soldiers suddenly saw a figure appear.

When they were about to be alert, they found out that it was the ruthless empress. These demon soldiers hurriedly saluted the ruthless empress. The demon soldiers were very happy at this moment.

They finally found the ruthless empress. Empress, the more than 100,000 demon soldiers in the wild realm don't need to die, and it's their team of demon soldiers who found the ruthless empress. They will be rewarded when they return to the Starry Sky Fortress, and may even be promoted to high-level demon soldiers. The ruthless empress He asked,

"Are you looking for my brother?"

"Back to the princess, our Demon Ancestors want to meet with Saint Su Chen, but we Demon Ancestors don't know where Saint Su Chen is, so we were sent out to find Saint Su Chen."

"I understand. You go back and tell your Demon Ancestor that my brother is practicing in seclusion. After my brother comes out of seclusion, I will notify my brother to see your Demon Ancestor."

"Yes, eldest princess."

The ruthless empress saw the demon soldiers leaving.

She did not expect that Demon Ancestor would look for her brother. What would happen if Demon Ancestor Luohu came to find her brother? Is it because of the matter in the beast realm?

Ladder to Heaven,

Four Thousand Six Hundred and Thirty On the sixth floor,

Dark Moon was resting with scars.

The gravity on the ladder continued to strengthen, and there were more and more shadow assassins. Dark Moon could not hold on at this moment.

She looked at Yin Ji, Gaia, and Nuwa on the 5,000th floor, An Yue shook her head. She, a fourth-level heavenly saint in the holy realm, could not even climb (abae) the 5,000th floor. Where is

Su Chen? (To read Baoshuang novels, go to Feilu novels Net!)

Dark Moon saw Su Chen who was about to catch up with her.

She rubbed her forehead and felt helpless. A quasi-sage was almost catching up with her. That bastard was really a pervert.

"Dark Moon, hold on, there are still more than forty steps, and I will catch up with you."

Su Chen had just dispersed many shadow assassins. He looked at Dark Moon who was resting and shouted,

Dark Moon could no longer hold on. The beauty of Dark Moon on the fourth level of the Holy Realm

, more than 4600 levels , can she

The climb up to here is already very good. She has only climbed more than 100 floors to the fifth level of

Yinji Holy Realm than Dark Moon. She has climbed to more than 4,800 floors to the sixth level of Gaia Holy Realm. Su Chen guessed that Gaia She shouldn't be able to climb to the fifth floor. As for

Nuwa? This beautiful woman is a bit fierce. Nuwa actually climbed to more than 5,200 floors. An Yue shook her head when she heard Su Chen's kindness and persisted? An Yue can at best Climbing two or three steps, the ladder to heaven was too scary. She had never felt so tired in the holy realm. Three days later, Su Chen caught up with An Yue. At this moment, An Yue was slumped on the ground recovering, and her clothes were all wet. The tattered man was assassinated by the shadow. Su Chen hugged Dark Moon into his arms. He could not help the climbers on the ladder, so Su Chen could only let Dark Moon rest in his arms to recover some mana. Dark Moon lay in Su Chen's arms and said ,

"Su Chen, I can't hold on any longer. It's impossible for me to climb even one level of stairs."

Su Chen touched An Yue's hair and said,

"If you can't climb, don't climb."

"Su Chen, how many floors can you climb?"

Dark Moon's beautiful eyes looked at Su Chen and asked.

As a quasi-sage,

Su Chen could climb higher than the holy realm. She wanted to know how many floors Su Chen could climb in the end.

"I don't know. Let's try climbing. I'm not sure yet."

"You are so perverted, even a saint like me, who is at the fourth level of the holy realm and has many heavenly realms, cannot compare to you."

Pah!

Su Chen slapped Dark Moon's butt and corrected,

"Am I a pervert? I'm different"

"Shameless!"

"Why don't I....I went, and Yinji also quit climbing."

Su Chen was saying that he found Yin Ji disappeared on the ladder to heaven.

There was one person missing on the ladder to heaven.

He, Empress Nuwa, Gaia, and An Yue were the only four people left on the ladder.

No,

An Yue was there for a while. Will also exit,

"Su Chen, the ladder is too scary. Yin Ji just quit, and Gaia probably won't be able to hold on for long. I will quit soon, and you and Nuwa are the only ones left on the ladder."

Chapter 2654

An Yue looked at Gaia and Nuwa on the ladder and shook her head.

Yinji had just quit climbing the ladder, and she felt that Gaia was about to quit as well. In addition, she quit climbing after a while, and only Nuwa and Su were left on the ladder. Two people in the morning.

Dark Moon couldn't see how many floors Nuwa could climb, and Nuwa didn't look exhausted.

Where is Su Chen?

This bastard is a monster.

Dark Moon feels that Su Chen may be able to climb higher than Nuwa.

Su Chen shook his head and said,

"We are about to be wiped out in one fell swoop. After climbing for several months, only a few people are left."

Dark Moon touched Su Chen's face and said with a smile,

"Su Chen, climbing the ladder has greatly helped our strength. Not only did we get good spiritual treasures, but our cultivation level has also improved a lot. I feel that we can advance to the fifth"960" level of the Holy Realm after a hundred years of seclusion."

Su Chen nodded.

Although he didn't know what rewards the girls got, the rewards on the ladder were generally good, except of course his reward.

Su Chen felt very angry when he thought about his reward.

Reward?

His reward They are all time bombs with huge power, and they will destroy the entire chaotic world once they explode.

Su Chen and An Yue talked for a while,

An Yue blushed and hurriedly exited the ladder. Su Chen shook his head and continued to suffer. I was forced to climb.

In the prehistoric fairyland,

Xiling Fortress in Xiniuhezhou, tens of billions of immortals gathered in Xiling Fortress.

The prehistoric fairyland was connected to a strange realm again. The starry sky fortress in the prehistoric starry sky has been lost, and Xiling fortress can no longer be held. If it is lost, otherwise the prehistoric fairyland will really be doomed.

"I don't know what realm China Unicom is connected to this time. I hope it's not a powerful realm."

"Yes, there is an extraterritorial demonic world, and we in the Great Desolate Immortal World are helpless. If it is connected to a powerful realm, the Great Desolate Immortal World will not be able to resist at all!"

"Where is the saint? It's been several months, why haven't the saints shown up yet?"

"saint? Will the saints appear? Since the emergence of the demonic world outside the territory, the saints have been shrinking and have not appeared. The face of the prehistoric fairy world has been completely disgraced by those saints."

"Yes, when the demonic realm from outside the realm attacked the Starry Sky Fortress, if it hadn't been for the Emperor Su Chen or the eldest princess to come forward, all the immortals in our prehistoric fairy world would have fallen into the Starry Sky Fortress."

"Forget it, prepare to defend in the designated area. Emperor Su Chen is not the Emperor of the Immortal Realm, and Heaven will not allow Emperor Su Chen to come. Let's all get familiar with our respective defense areas."

In the Xiling Fortress, many immortals chatted and went to their respective defensive areas.

Within ten years, the newly connected realm will attack the Great Desolate Immortal Realm. The immortals in the Great Desolate Immortal Realm must make the Xiling Fortress operational as soon as possible.

Six paths of reincarnation, peace and stability Empress Xin looked at the Great Ancient Immortal Realm with a sad look on her face.

There was no hope of saving the Great Ancient Immortal Realm.

The outer demon world and the ferocious beast realm were each more powerful than the other. How could the Great Ancient Immortal Realm be able to resist it?

Po Meng suddenly appeared and asked,

"In the original body, will the Heavenly Emperor Su Chen save the prehistoric fairy world?"

"I have no idea."

Will Su Chen save the Great Immortal Realm?

Empress Pingxin doesn't know.

The top holy realm in Xuantian Realm is not Demon Ancestor Luohu, but there is also the opponent of Beast Emperor Shenni. Su Chen participated in this realm war. Empress Pingxin She felt that the Xuantian Realm would not win the realm war.

Po Meng asked again, "Noumenon, how about I go to the Xuantian Realm?"

Empress Pingxin shook her head and refused,

"Po Meng, you don't have to go. Su Chen's Xuantian Realm participated in this realm war, and he will also lose the realm war. Demon Ancestor Luohu and Beast Emperor Shenni are too powerful."

Meng Po nodded and said,

"Yes, there are many holy realms in the Xuantian Realm, but none of them are the opponents of Luo Hu and Shen Ni. The most powerful Empress Nuwa is in the seventh level of the holy realm. Alas, the top combat power determines the victory in the realm war. negative key."

Empress Pingxin looked at the half-step Chaos Spiritual Treasure Reincarnation Disk next to her. She had only refined 70% of the Reincarnation Disk, and there was still 30% that had not been refined. It was impossible for the Six Paths of Reincarnation to withdraw from the prehistoric fairy world.

Boom boom boom.....

Suddenly, (if you want to read Baoshuang novels, go to Feilu Novel Network!) the prehistoric fairy world shook violently, and Empress Pingxin and Po Meng checked it out one after another.

Po Meng asked in surprise,

"This is? True body, is this the fall of a saint?"

Ms. Pingxin said with a serious face,

"No, Po Meng, there is a saint in the prehistoric immortal world who stripped away the purple energy of Hongmeng0."

"What? The saint peels off the purple energy of Hongmeng? Isn't this going to fall into the holy realm? Why did the saint do this?"

"In order to survive, if the saints want to escape from the prehistoric immortal world, they will not be able to leave the prehistoric immortal world without peeling off the Hongmeng Purple Qi. Those saints are really selfish."

"The true body is the saint who peeled off the Hongmeng purple energy?"

"Lao Tzu!"

"Lao Tzu? I never thought that I would be the leader of the Three Pure Ones."

Meng Po was very surprised when she heard what Lady Ping Xin said.

She thought it would be one of the two sages of the West. Po Meng did not expect that it would be me stripping away the Hongmeng Purple Qi and trying to escape. Boom boom boom.....

The prehistoric fairyland was shaken again, and Po Meng and Empress Hepingxin's expressions turned ugly.

There is another saint who has stripped away the Hongmeng Purple Qi, and there are still six saints in the prehistoric immortal world. Do all the saints have to strip off the Hongmeng Purple Qi and escape from the Primeval Immortal Realm?

Boom boom boom.....

The Prehistoric Immortal World was constantly shaking.

Within one day, the six great saints in the Prehistoric Immortal World were all stripped of the Hongmeng Purple Qi.

In the Prehistoric Immortal World, blood rain continued to fall from the sky. The creatures in the Prehistoric Immortal World were all confused. Did the saints fall? Or did the six great saints fall one after another?

Empress Pingxin said with a pale face,

"The prehistoric fairyland has finished 0.8"

"well!"

Meng Po rubbed her forehead and felt very helpless.

The six great saints in the prehistoric immortal world have all stripped away the Hongmeng purple energy. How can the realm war be fought?

If the prehistoric heavenly way is held back by the Demon Ancestor Luohu or the Beast King Shenni, the demonic world outside the realm and the fierce A random holy realm comes to the beast realm. Who in the prehistoric fairy world can stop it? In the prehistoric fairy world

, above the nine heavens, the Eye of Heaven appears, and the world-destroying thunder calamity is gathering in the sky.

Boom!

A thick black thunder calamity explodes instantly. East Kunlun Mountain was shattered, and then Shouyang Mountain, Jin'ao Island, and the Lingshan Mountain in Xiniu Hezhou were all bombarded by the world-destroying lightning tribulation.

A cold and ruthless voice suddenly spread into the souls of all the immortals.

【The saints of heaven stripped off the purple energy of Hongmeng and escaped from the ancient world of immortality. There is no saint in the ancient world of immortality! 】 .

Chapter 2655

In the prehistoric fairy world, after the voice of the prehistoric heaven spread to all the creatures in the prehistoric world, all the creatures in the prehistoric fairy world were stunned.

The saints peeled off the Hongmeng purple energy and fled?

Is there no saint in the prehistoric immortal world?

No wonder the prehistoric heaven descended on the world-destroying thunder catastrophe. No wonder East Kunlun, Shouyang Mountain, Jin'ao Island, and Lingshan were all destroyed by the world-destroying thunder catastrophe.

"Have all the saints fled?"

"What the hell are saints? If saints strip away the Hongmeng Purple Qi, they will all be deprived of their holy status. The six great saints are now only quasi-sages."

"Is it really abominable and unsage? Are you still fighting a boundary war like this? If a holy realm comes randomly from other realms, how can we resist it?"

"If the saint is not dead, the thieves will continue. Damn it. At first, I thought the saint was killed by the demonic world outside the territory. The six saints actually escaped. They are not worthy of being in the ancient immortal world."

"It's over, the prehistoric fairy world is really going to end, Wu Sheng? How can we fight a territorial war?"

"Alas, we are dead, and the ancient world of immortality will also be destroyed, damn the saints."

The creatures everywhere in the prehistoric fairyland are angry., but all living beings have no choice.

The six great saints stripped off the Hongmeng Purple Qi and escaped.

What should I do in the prehistoric immortal world?

What to do with these weak creatures?

Quasi-sages can still manage to cross the chaos, but weak creatures like them will be annihilated if they enter the chaos.

In the demonic world outside the territory,

Luo Hu had just received the news that he had found the ruthless empress. He did not expect that Su Chen was actually in retreat, in retreat?

Will Su Chen retreat at this time?

Luo Hu didn't believe it at all. He guessed that that old bastard Su Chen must be planning something.

Um?

Luo Hu suddenly discovered that something had happened in the prehistoric immortal world.

He checked and was confused.

The saint in the prehistoric immortal world abandoned his holy position and fled?

Have all the six great saints escaped?

Damn it,

Hongjun actually escaped from the Immortal Realm?

How else could he take revenge? boom!

Luo Hu burst out with a powerful aura and yelled angrily,

"Damn it, how could the old scheming Hongjun escape?"

"Demon Ancestor, what happened?" A magic envoy suddenly appeared and saluted,

"The Lazy Demon Envoy, a saint from the Great Desolate Immortal Realm abandoned his holy position and fled. I ordered my army of demons to guard the junction of the Great Desolate Starry Sky Fortress and the Prehistoric Immortal Realm. I will report anything suspicious at any time."

"Yes, Demon Ancestor!"

The lazy demon was very surprised when he heard Luo Hu's words. The saints in the prehistoric immortal world actually abandoned their holy positions and fled? The saints are no longer in the holy realm. Can those saints survive in the chaos?

But this is fine, there is no such thing in the prehistoric immortal world. With the help of the six great saints, as long as the Demon Ancestor wiped out the prehistoric heaven, the prehistoric fairyland would be within his grasp. The demons could enslave them if they wanted, and destroy them if they wanted. Three months later, Su Chen climbed up the ladder to heaven. On the ninety-fifth floor, before he could catch up with the giantess Gaia, Gaia couldn't hold on and quit climbing on the 4723rd floor. Su Chen looked at the wounds on his body and the tattered clothes all over his body. , he was very speechless,

"Damn it, the Law of Shadow is so terrifying. There are nearly a thousand Golden Immortal shadow assassins, which are simply impossible to guard against."

Since Su Chen climbed to the 4800th floor, his speed of climbing the ladder has slowed down.

The shadow assassins of the Shadow Law have all advanced, and hundreds of shadow assassins from the Golden Fairyland have assassinated.

Su Chen is the law of space, The law of time, the law of space and time, and the defense barriers of the three laws are all activated, but he is still constantly stabbed by the sneak attacks of the shadow assassins. He can only exert half of his strength. Su Chen only has the cultivation level of the Golden Immortal, and he is still He has to withstand tens of millions of times the gravity of the ladder, and the ladder is preparing to torture him to death.

Under the ladder, (to read Baoshuang novels, go to Feilu Novel Network!)

Yan Lingji and Kesha, and Leng who quit climbing Frost, Dark Moon, Gaia, they all looked at Su Chen on the ladder to heaven.

It was about to reach the 5,000th floor.

They didn't expect that Su Chen would climb up to the 5,000th floor.

"Su Chen is too perverted, five thousand layers? Even the saints of the sixth level of the Holy Realm cannot climb up. Su Chen actually wants to climb up to five thousand floors."

"It's so perverted. It's very difficult for me, a saint from the sixth level of the Holy Realm, to climb the ladder, and I haven't even climbed the 4,800th floor. That bastard has almost climbed to the 5,000th floor."

"Haha, Su Chen keeps creating miracles. Now I think Su Chen might be able to climb to the 10,000th floor."

"Kesha, do you really dare to think that Sister Nuwa may not be able to climb the six thousand floors, but can Su Chen, a quasi-sage, climb to the ten thousand floors?"

"Little fox, I also think that my husband can climb ten thousand floors. I believe in your husband."

"Hu Ji, this is not a question of whether you believe it or not. You have never experienced the horror of the ladder. Look at Sister Nuwa. She is beginning to struggle now. The ladder is too scary."

Yan Lingji and the little fox girls chatted for a while, and they all hurriedly looked at the ladder.

Su Chen climbed to the five thousandth floor just one step away.

They all became nervous. Su Chen seemed relaxed. But Su Chen was in tatters, and they all knew that Su Chen would fail and quit the climb if he was not careful.

Boom!

After Su Chen stepped into the five thousandth floor, he lay directly on the steps, gasping for air. The strong gravity is very comfortable

"`.Damn it, why are there three light balls again?"

Su Chen looked up and saw three light balls appearing again. His face turned dark and he immediately lay down and stopped looking.

Three light balls?

Although he got the innate treasures every time, could he use those innate treasures?

He dared Is it useful?

Whoosh, the girl from the ladder appeared next to Su Chen in an instant. She kicked Su Chen who was lying on the ground and said,

"Su Chen, that's right. Let's take a break to collect the reward and then continue climbing."

Su Chen curled his lips and said,

"You will really be a bastard"

"Zhou Ba (good, good) skin? What?"

"words of praise for you"

"praise me? Do you think I would believe it?"

"believe it or not!"

The ladder girl kicked Su Chen's butt hard and said, "You little bastard, get up and get the reward."

This bastard is talking more and more arrogantly.

This time the girl on the ladder got 10% of the authority again. She didn't care so much with Su Chen. It's

50%, and she can regain her freedom half way.

Su Did Chen Climb the ladder disappoint her? This bastard really exceeded her expectations.

Su Chen glared at the girl on the ladder and shouted,

"Come on, can't you let me rest for a while? Look at how miserable I am, do you still have sympathy for me?"

"I'm so sorry, do you think I don't know your situation? Little bastard, you just look miserable, but actually there's nothing wrong with you."

Chapter 2656

Su Chen's mouth twitched and he stood up helplessly. He couldn't deceive the girls on the ladder. Su Chen's body was in tatters and there were scars all over his body. These were just superficial injuries. Su Chen waved his hand, and his clothes instantly changed into new ones.

"Girl, it's five thousand levels, do you have any rewards?"

"No!"

"I'll go, I'm halfway through the exhausting climb, can you give me a consolation prize~?"

"Just comfort me, I'll tell you when you reach the top!"

"Tsk, so heartless."

After Su Chen laughed at the angel girl, he looked at the three light balls in front of him and became entangled. Reward

?

These are all reminders.

Su Chen looked at the light ball in the middle and stretched out his hand. Three times, he chose the middle three times. The ball of light was an item belonging to the Female Supreme. He didn't believe that he would be so lucky.

Whoosh!

A sky blue ribbon appeared in Su Chen's hand.

Su Chen looked at the sky blue ribbon in his hand. Black lines appeared on his forehead.

A ribbon?

A hairband?

A treasure-level hairband?

Or a woman's hairband?

This luck is beyond words.

Su Chen was shaking with anger at this moment.

For the fourth time Well, he actually provoked four terrifying Hongmeng Supremes four times in a row. This is not a way to seek death.

The girl on the ladder looked at the ribbon in Su Chen's hand in confusion.

The breath of Jiuyou?

Four people in the Hongmeng world The aura of the most powerful Supreme Jiuyou Supreme, this bastard is really going to die.

How can Su Chen get Jiuyou's ribbon?

Oh no, it's a hair tie.

The Tiandai girl's face turned dark when she looked at Su Chen, how come this bastard always They have obtained women's items every time, and they are all terrifying and powerful supremes.

Except for her, the other three female supremes are more powerful and terrifying than the last.

If Su Chen went to Hongmeng World, the bellyband, the bracelet, Ribbon, if he dared to expose it casually, Su Chen would die without a burial place.

Su Chen took the ribbon and handed it to the little girl on the ladder and said, "Little girl, I'll give you the ribbon too.""

"Go away, I don't want it!"

"I'll go, why don't you want it this time? Girl, you are not honest. If you want your friend's items, I will give them to you. If they are not your friends' items, can't you help me deal with them?"

"Hum, wish yourself well!"

The girl on the ladder rubbed her forehead.

Does she dare to ask for the ribbon?

The Nine Nether Supreme is very terrifying.

The girl on the ladder is no match for the Nine Nether Supreme. She is not too worried about the other two female supremes, but she does not dare to offend the Nine Nether Supreme.

"I....."

Su Chen stared at the girl on the ladder with a dark face, wishing for so much happiness?

Let me go, is the owner of the ribbon more powerful than the owner of the bellyband and bracelet?

The girl on the ladder looked at her dark face and said with a smile

"Su Chen, you still have two rewards. You should not go to the trial world. The other reward is a pot of Hongmeng Spiritual Spring."

"Remember, Hongmeng Spiritual Spring is not something you can use now. Without the realm of the tenth level of the Holy Realm, you will be wiped out if you take even one drop.

Su Chen asked doubtfully, "Hongmeng Lingquan?" Ladder girl, what exactly is Hongmeng Lingquan?" (To read Baoshuang novels, go to Feilu Novel Network!)

The girl on the ladder looked at Su Chen with an envious expression. She did not expect that Su Chen would get the Hongmeng Spiritual Spring.

This is a very precious treasure,

Hongmeng Great Spring. In the world, the domain lords are willing to launch wars in order to obtain the Hongmeng Spiritual Spring. Even the Supreme Lord is determined to obtain the Hongmeng Spiritual Spring. The Hongmeng Spiritual Spring is as precious as the origin of heaven in the chaotic world.

The girl on the ladder shook her head and explained,

"Su Chen, I said that your luck is very good. Hongmeng Spiritual Spring is much more precious than the source of heaven in the chaotic world."

"In the Hongmeng world"

"There are no more than five supreme beings who have obtained the Hongmeng Spiritual Spring. A drop of the Hongmeng Spiritual Spring can elevate a saint from the tenth level of the Holy Realm to a large realm. Even if the Hongmeng Supreme refines a pot of the Hongmeng Spiritual Spring, he will advance to a small realm. You understand. Hong Meng Ling is so precious."

Su Chen shouted in surprise,

"Let me go, Hongmeng Lingquan is more precious than the source of heaven? Can one drop elevate you to a great level? I posted it, I really posted it this time, hahaha....."

The girl on the ladder laughed at Su Chen and said,

"You are laughing so hard, Su Chen, you are only in the quasi-sage realm now, and you won't be able to use the Hongmeng Spiritual Spring for millions of years."

"Ugh, girl, you're such a spoiler!"

Su Chen was very happy when he looked at the jade pot that appeared in front of him.

"Please ask for flowers.

Hongmeng Lingquan.

This is really a good reward.

Hongmeng Lingquan is more precious than the source of heaven. It can only be used by women who are above the tenth level of the holy realm." Wa is about to advance to the eighth level of the holy realm, leaving a few drops of the Hongmeng spiritual spring for Nuwa.

Taking one drop from the tenth level of the holy realm can advance to a larger realm, but what about the eleventh level of the holy realm? Do you need to take two drops of refining?

Forget it. , these are too far away, now is not the time to think about these

"Ding, host, give me half of Hongmeng Lingquan"

"Damn it, system girl, you want to eat shit!"

Su Chen didn't expect that as soon as he received the Hongmeng Lingquan into the system space, the system girl would show up to rob him.

What the hell, the system girl wanted to share half of the

Hongmeng Lingquan before it was warmed up.

"Ding, host, give me half of the Hongmeng Spiritual Spring, and the heavenly source you owe me can be written off in one stroke."

Su Chen curled his lips and replied,

"System girl, Hongmeng Spiritual Spring is more precious than the source of Heavenly Dao. Do you think I'm stupid?"

"Ding, you are stupid!"

"I'm going!"

"Ding, host, you have to understand that we live and die together, and the system will die if you die. Even if your women will betray you, will the system betray you?"

"My woman will not betray me."

Su Chen yelled with a dark face,

System Girl is really annoying, is there such a metaphor?

Well, what System Girl said seems to make sense, and if the system is upgraded, it will be very harmful to his gang leader. , since arriving in the fairy world, the system has been dispensable to him. This should be the reason why the system has not been upgraded.

"Girl, I will give you half of Hongmeng Lingquan. You must help me three times in the future within the rules."

"Ding, dreaming, Hongmeng Lingquan accepted it and hid it"

"Am I him?"

Su Chen didn't expect that System Girl ran away after getting the Hongmeng Spiritual Spring, and she didn't even say thank you. He looked at the half-missed Hongmeng Spiritual Spring in the jade pot and shook his head.

This was creating a bottomless pit.

System Girl used to treat He tried his best to get the origin of Heavenly Dao, but now he has robbed his Hongmeng Spiritual Spring. Su Chen didn't know when System Girl would be able to successfully upgrade.

"Su Chen, are you so happy?".

Chapter 2657

The girl on the ladder looked at Su Chen in a daze, and her expression was constantly changing. She couldn't figure out what was wrong with Su Chen.

Happy?

He seems to be happy or depressed?

There seems to be some, this bastard won't be so happy that he will be stupid, right?

"You are stupid."

Su Chen looked at the girl on the ladder and her face turned dark.

Is he so happy that he is so happy?

Can Hongmeng Lingquan make him happy? Ugh! Hongmeng Lingquan can really make him happy for a while.

"Damn you bastard, you've got all the rewards, hurry up and climb the ladder for me, I'll wait for you on the six thousandth floor."

The girl from the ladder gave Su Chen a fierce look and disappeared.

She was afraid that if she didn't leave, she would beat this bastard.

Damn it, six thousand floors?

It's so far away.

Su Chen looked at the ladder and shook his head helplessly.

Keep climbing, boom!

Su Chen had just stepped onto the 6000th floor. He carefully looked around the steps.

There was no gravity 01?

Something strange?

Why was there no terrifying gravity on the 6000th floor?

"Holy shit, am I losing my life force? Why is the body also rotting? How is this going?"

Su Chen suddenly panicked.

His vitality was draining like running water, and his body also began to rot. How could a quasi-sage's vitality be lost for no reason? There is also a body. Will the body of a quasi-sage rot?

Su Chen He hurriedly started climbing the ladder. He wanted to climb the six thousand floors before his vitality and body rotted away. On the

5496th floor,

Nuwa closed her eyes and was recovering.

This time she got a great opportunity, the law of life!

The Law of Creation!

Nuwa did not expect that the Five Thousand Floor would be a test of the Law of Life and the Law of Creation. The two powerful Laws of Chaos were ineffective against her, and she would also know the Law of Life and the Law of Creation.

She climbed four times on the Five Thousand Floor. At more than a hundred levels, Nuwa's Law of Life and Law of Creation have both advanced to 80%. She can advance to the eighth level of the Holy Realm at any time.

"call!"

Nuwa Empress exhaled and opened her eyes. She stood up and stretched her perfect figure.

"Huh? Su Chen actually climbed to the five thousand floor. Haha, Su Chen, the five thousand floor is scary but not scary to you. It depends on whether you can resist the loss of vitality and the death of the body."

Empress Nuwa did not expect that Su Chen climbed to the five thousandth floor.

The law of life and the law of creation on the five thousand floor should be a threat to Su Chen. However, Su Chen knew the law of time, and the retracement of time should be able to offset the loss of vitality. and the death of the body.

Empress Nuwa looked at the empty ladder and sighed,

"Alas, hundreds of people have come to climb the ladder, and now only myself and this bastard are left. Xuantian Realm is still a bit weak."

At this moment,

Su Chen was a little confused.

After he used time backtracking and space reversal, his vitality and body were restored.

However, after using time backtracking and space reversal, his life force loss and body decay doubled.

This is the rhythm to kill him.

Without the use of time retrieval and space reversal,

Su Chen may not be able to climb the five thousand or one hundred floors. His vitality will be completely lost, and his body will rot and turn into hypocrisy. , he will also fail to exit the ladder.

"Damn it, no wonder the saints in the tenth level of the Holy Realm can't climb to the six thousandth floor. The five thousandth floor is actually the law of life and the law of creation. It's really fucked."

Su Chen continued to climb hard. He did not dare to use time retrieval and space reversal at will now.

Until the last moment,

Su Chen would not restore his vitality and rotten body.

After recovering once, the vitality and body would be lost next time. The decay will be doubled, and the ladder to heaven is really disgusting. (To read exciting novels, go to Feilu Novel Network!)

A month later,

Su Chen's hair turned white, and his face was covered with wrinkles. Half of it has turned into a skeleton

"Back in time!"

After a flash of white light,

Su Chen returned to his young and handsome appearance, and his lower body also returned to his physical form.

"Damn it, my little brother is almost rotten. The ladder is too bad. Can my little brother be rotten?"

Su Chen looked up at the sky with a dark face.

He was very depressed.

Su Chen didn't want to recover his vitality and body so quickly, but if he didn't use time to recover, his little brother would rot and lose. How could he look at his little brother? Brother rotten

"Tianti, can you please stop being so inhumane? I can rot anywhere in my body, can I let my little brother go?"

On the ladder to heaven,

Empress Nuwa and the girl from heaven turned dark when they heard Su Chen yelling.

"shameless bastard."

Nuwa's face turned red when she looked back at Su Chen. She understood why Su Chen was yelling.

But is this useful?

The place is rotten and lost, but it can still be restored. It's really hard for Su Chen to yell like this. It's so embarrassing.

On the 6,000th floor, the girl on the ladder covered her face and didn't want to look at Su Chen anymore. She didn't expect that Su Chen would care so much about his place.

What time has this happened?

Time backtracking and space reversal must be at critical moments. But

Su Chen's body hadn't rotten to half, and Su Chen began to recover. That bastard was really an idiot, an idiot who couldn't be more lustful. The girl on the ladder looked at Su Chen and whispered angrily,

"Damn little 973 bastard, Su Chen, if you can't climb the six thousand floors, the little bastard will have to destroy that bastard's bane even if he keeps his disgusting curse."

Under the ladder,

Yan Lingji and the other girls also heard Su Chen's yelling.

After she saw Su Chen's body rotting, these women all understood what Su Chen was talking about.

"What a bastard!"

"Haha, my husband is trying to save his life."

"The little bastard is just lustful. Su Chen may lose it anywhere, but he will definitely protect his lifeblood."

"What a shameless bastard. He could recover his life after losing it. How could Su Chen become an idiot?"

"Haha, I guess my husband is worried that there is a shadow in his heart, and he may not be able to cope with it as he watches his life rotting away."

"Su Chen is sexy!"

Yan Lingji and Kesha blushed and started talking. They were all very speechless.

A shameless pervert,

Su Chen was more interested in his life than life.

Hu Ji blushed at the others. people asked,

"Do you think your husband can climb six thousand stories?"

The little fox said with a shy expression,

"This definitely won't work. If the little bastard didn't care about his life and used the laws of time and space at critical moments, Su Chen might still be able to climb the six thousand floors."

Chapter 2658

Cailin and Yan Lingji all nodded.

They thought the little fox was right, but they couldn't change Su Chen's decision.

Su Chen is a shameless pervert and may value life more than life. They just scream to remind Su Chen that Su Chen will still insist on his own way.

Half a year later,

Su Chen climbed to more than 5,800 floors, and Nuwa Empress climbed to 6,054 floors.

On the 5866th floor,

Su Chen had just recovered his body.

It was too difficult.

Su Chen was almost numb.

His vitality was draining like a waterfall. His body was decaying so fast that Su Chen's magic power had no time to recover.

Every three or four floors,

Su Chen had to use time retrieval, or space reversal, or time and space reversal. He used the three methods in turn, and his mouth swelled from eating flat peaches.

"Disgusting, so disgusting, damn ladder, is this going to force you to death?"

After Su Chen climbed two more floors, his body was almost rotten to the waist. Su Chen's little brother was in danger of rot again.

"Space reversal! vomit!"

After Su Chen just recovered, he retched after taking a bite of the flat peach. He ate too much.

He ate hundreds of layers of flat peach.

Su Chen felt like vomiting when he smelled the smell of flat peach.

Layer by layer. Climbing, two and three levels to recover, and constantly eating flat peaches to restore mana.

Su Chen knows the three laws, and there are countless top-quality spiritual fruits.

The five thousand levels are really not something that can be climbed in the holy realm. If the saints did not have the magical powers of retrospection and reverse flow, the saints in the holy realm would not be able to climb the six thousand floors.

Boom!

After nearly two years of climbing,

Su Chen finally climbed to the six thousand floors.

"Damn it, you tortured me to death. It's so disgusting. Damn it. Are you going to stop until you kill me?"

Su Chen was lying on the ladder with a dark face and yelling.

The girl from the ladder appeared instantly and taunted,

"Little bastard, you are such a shameless pervert. Is your curse more important than climbing the ladder to heaven?"

Su Chen curled his lips and replied,

"Nonsense, of course my life is important"

"Shameless, it's not like you can't recover, you're just an idiot"

"You know nothing, you are just an old man.....Cough cough cough"

"Little bastard, do you want to die?"

Damn it, threatening?

Another threat?

I'll let you see the power of my life in the morning.

Su Chen rolled his eyes at the ladder girl and closed her eyes. He needs to take a good rest.

It's too difficult.

This thousand-level ladder,

Su Chen not only has to face the loss of vitality, but also faces the pain of body decay all the time. He also has to constantly eat flat peaches to restore his magic power. This is the most painful and powerless experience in his history.

"snort!"

The girl on the ladder looked at Su Chen closing her eyes and taking a rest. She snorted coldly and sat aside.

Sixty percent was reached, and there was still 40%.

The girl on the ladder became worried. The six thousand and seven levels were Even the saints from the twelfth level of the holy realm cannot climb the Thousand Layers. Can Su Chen, a quasi-sage, climb it?

How about rewarding this little bastard?

No,

Su Chen is too sexy.

The girl on the ladder is worried that Su Chen will see it. After seeing her appearance, Su Chen would do anything to her regardless of life or death.

"Su Chen, quickly choose the reward."

Reward? (To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen looked up and saw three light balls in the air. His face turned dark and he hurriedly lay down to continue resting.

Three more light balls?

Choose and choose. ,

Su Chen will be unlucky in the end,

"Girl, the ball of light in my selection."

The girl on the ladder looked at Su Chen speechlessly. She understood Su Chen's mood at the moment. With four choices,

Su Chen had offended four Hongmeng Supremes including her. The girl on the ladder felt that Su Chen was scared and even didn't want to get it. Reward items for the ladder (abeb)

"Huh? Little bastard, you got a good reward this time."The ladder girl kicked Su Chen and shouted, the reward this time is very good, the little bastard's bad luck must have been used up.

Su Chen asked anxiously,

"What reward?"

The girl on the ladder to heaven said speechlessly,

"See for yourself."

Su Chen looked up and saw five purple crystals floating in the air. He quickly stood up and reached for one to examine.

"Girl, what is this? Why haven't I seen it? I can't find out what attribute it is?"

The girl on the ladder rolled her eyes at Su Chen and mocked,

"Idiot, it's strange that you have seen it before. This is a rare treasure in the Hongmeng world."

Su Chen shouted angrily,

"Damn it, I don't know you, let me see your shit."

The ladder girl explained with a cold snort,

"Huh, this is the Hongmeng Amethyst, a rare treasure for advanced spiritual treasures. A piece of amethyst can promote the lower-level Hongmeng spiritual treasure to the intermediate level. The lower-level Hongmeng spiritual treasure can crush the chaotic spiritual treasures in your world."

Su Chen's eyes lit up when he heard the words of Taiti Girl,

Hongmeng Amethyst?

This is indeed a treasure.

Su Chen thought of using Hongmeng Amethyst to upgrade the Archangel and the Chaos Bell to Hongmeng Lingbao, Hongmeng Lower Level Lingbao. , who else in the chaotic world can be his opponent?

"Girl, if I use Hongmeng Amethyst to upgrade the Archangel and Chaos Bell, can the Archangel and Chaos Bell be upgraded to the level of the lower-level Hongmeng Spiritual Treasure?"

The ladder girl shouted speechlessly,

"You are dreaming that the quality of the spiritual treasures of Archangel and Chaos Bell is too low, and you can only upgrade to the level of chaotic spiritual treasures."

"Su Chen, if you want Archangel and Chaos Bell to be promoted to Hongmeng Lingbao, you must use Hongmeng Sky Crystal to improve the quality of the Lingbao, otherwise Archangel and Chaos Bell will not be able to be promoted to Hongmeng Lingbao."

After Su Chen heard the explanation from the girl on the ladder, he didn't feel discouraged.

Hongmeng Amethyst can upgrade Archangel and Chaos Clock to Chaos Spirit Treasure, which is already very good.

Five pieces of Hongmeng Amethyst?

Su Chen plans to use two block, leaving three as backup. If he goes to the Hongmeng World in the future, as long as Su Chen finds the Hongmeng Sky Crystal, the Archangel and the Chaos Bell will advance to the Hongmeng Lingbao. Ladder to

HeavenNiu reminded Su Chen,

"Su Chen, there have been three trials in the world. You must participate in the six thousand level trial."

"its not right! Girl, I got three rewards for the 5,000-layer, why two for the 6,000-layer? The ball of light and the world of trials, where is the other one? You didn't take it for yourself, did you?"

Su Chen looked at the girl on the ladder and became confused.

How could he get two rewards this time? The 5,000th floor got three ladder rewards. The 6,000th floor can only be more but not less. Why did the girl on the ladder rush him without giving out all the rewards? Going to the trial world?

The girl on the ladder said to Su Chen awkwardly,

"Hey, Su Chen, your remaining reward will be given out after you come back from the trial."

Chapter 2659

The girl on the ladder wants to destroy the ladder at this moment.

Among Su Chen's three rewards, her items appear again this time, and they are personal items. Just after Su Chen received the light ball reward, the trial world and her items appeared at the same time. Ladder chick covered her belongings in an instant

"Girl, hand over my reward quickly."

Su Chen looked at the girl on the ladder and reached out to take back his reward. Why wait until he comes back from the trial before giving it to him? Who is the girl on the ladder trying to fool? How could the reward on the ladder be delayed?

The girl on the ladder said hurriedly,

"Su Chen, give me this reward and I can promise you a condition"

"Um? There's something wrong with you, girl."

Su Chen thinks that the girl on the ladder is too weird.

What will this reward be?

Why doesn't the girl on the ladder not want to hand it over?

The innate "four-four-three" treasure?

The Chaos Spiritual Treasure?

It's impossible for the girl on the ladder to like this. Rubbish, what will be the third reward?

The Ladder Girl said angrily and frankly,

"Bastard, your third reward is my previous item. The item belongs to me. I make you a promise."

"Girl, let me see what the item is first, and then I'll make a decision."

"no!"

Su Chen crossed his arms and mocked,

"oh? Is it really not possible?"

The girl on the ladder looked ugly. She couldn't deduct the reward items from the ladder.

If the little bastard called the ladder, her items would be directly rewarded to Su Chen.

Damn the ladder, is this going to be against her?

Previously, she One of my bellybands appeared, and this time a more private item appeared.

The girl on the ladder said angrily, "Shameless pervert, this is my personal belongings, you can't look at it."

Tiandai girl's belongings?

I'll go?

Personal belongings?

What could this be?

A dress?

A bellyband?

Or other personal belongings?

Su Chen thought for a while and said,

"Okay, girl, your stuff can be given to you, but a promise isn't enough"

"Su Chen, don't push yourself too far!"

"Yeah, a promise, plus a kiss from you, your stuff is yours"

"you....."

The girl on the ladder clenched her fists tightly.

She wanted to beat Su Chen to death at this moment. It was so shameless and shameless. This bastard was taking advantage of others' danger. kiss?

The girl on the ladder doesn't mind kissing Su Chen.

She and Su Chen are already entangled, and Su Chen is becoming more and more important in her heart. But this bastard openly takes advantage of others' danger. The girl on the ladder is very fond of Su Chen. angry

"I'll do it! Ahem, little girl, no need to kiss, I was just joking."

Damn it, it's so scary.

Is the Tianti girl going to kiss him?

Or is she going to beat him to death?

When Su Chen saw the hazy body of the Tianti girl walking over, he immediately felt cold all over his body, and the Tianti girl was holding him tightly. With his fist, Su Chen was worried that the girl on the ladder would hit him directly.

The girl on the ladder did not stop with a cold face. She walked towards Su Chen step by step.

Su Chen was scared, and he backed away slowly.

The girl on the ladder was too cold at the moment. It was scary.

The girl on the ladder appeared next to Su Chen in an instant. She gave Su Chen a quick kiss.

With a bang, (to read Baoshuang novels, go to Feilu Novel Network!)

The girl on the ladder disappeared in an instant with her face flushed. On the ladder to heaven, Tian was so embarrassed. Why did he make noise after kissing her? She was so embarrassed that she never wanted to see Su Chen again.

"Let me go, is this not a dream?"

Su Chen patted his forehead to wake him up.

Did the girl on the ladder really kiss him?

Although she just kissed him on the face, the girl on the ladder is a Hongmeng Supreme, a terrifying powerhouse who can destroy the chaotic world.

This is to be solved A Hongmeng Supreme?

Overthinking, the girl on the ladder should be for her belongings.

Su Chen leaned on the ladder a little uneasy, he had no idea what the girl on the ladder meant, he had no idea.

Six thousand and sixty-three floors,

Empress Nuwa can't climb anymore. She is unable to resist the three laws of chaos. Nuwa is the law of heaven and earth, Nuwa is the law of light, and Nuwa is the law of space. Although Nuwa is in the quasi-sage realm, the three laws are Nuwa. Empress Nuwa's strength was also suppressed to the quasi-sage level. How could she be three of her opponents? 0. Empress Nuwa had just climbed dozens of floors, and she was unable to continue climbing.

"Damn it, the ladder to heaven is so perverted. No wonder Su Chen said that even the saints in the twelfth level of the holy realm might not be able to climb the seven thousandth floor. How could they possibly climb to the seven thousand floor?"

"Huh? Why did the little bastard sleep again?"

Empress Nuwa turned around and found Su Chen sleeping on the 6,000th floor.

Her face darkened.

Empress Nuwa kept insisting on climbing the ladder. She wanted to wait for Su Chen to catch up. That bastard was better off sleeping at every turn. Su Chen was here. Climb the ladder or come to sleep?

Empress Nuwa shook her head and ignored Su Chen.

She planned to climb to the 6100th floor. Empress Nuwa would wait for Su Chen's arrival on the 6100th floor.

Under the ladder to heaven,

Yanling Ji and the girls shook their heads speechlessly. They were ready to see if Su Chen could catch up with Nuwa Empress quickly, but Su Chen fell asleep on the ladder again.

"It's the six thousandth floor. Su Chen really climbed to the six thousand floor."

"The six thousand floors should be more difficult and terrifying. Nuwa's climbing speed has slowed down a lot. It seems that every step she climbs is very strenuous."

"It's a pity that we can't see what difficulties Nuwa Empress encountered."

"Yan Lingji, you are overthinking. The difficulty of climbing the ladder will not be seen by anyone. Unless you are on the same Thousand Layers, no one knows what difficulties you will encounter on other Thousand Layers."4.4" Well, do you think something will happen again when Su Chen sleeps this time?"

"Not sure!"

Yan Lingji and the women like Little Fox talked for a while, and they all sat together and looked at Nuwa.

On the six thousandth floor, Nuwa's climb was getting slower and slower. They all wanted to know how much Nuwa could persist in climbing. Level.

Two days later,

Su Chen opened his eyes.

He didn't think so much anymore.

The girl on the ladder owed him a promise, and Su Chen wasn't worried that the girl on the ladder would kill him after she got out of trouble.

Trial?

No, the girl on the ladder wasn't. You said you can refuse three trials?

Su Chen refused once at the 4,000th level, once at the 5,000th level, and only twice. How could the girl on the ladder say that a trial must be conducted this time? Didn't the girl on the ladder learn mathematics well? ?.

Chapter 2660

Su Chen rubbed his forehead and was speechless.

It's impossible that the girl on the ladder didn't learn math well. Could it be that the girl on the ladder was worried about not passing the test?

Trial?

Twice the difficulty?

Participate?

Or climb to the 7,000th floor and then participate in the trial?

Su Chen hesitated.

There seemed to be no difference between double difficulty and triple difficulty.

"Forget it, for the sake of the ladder girl kissing him, let's participate this time."

Su Chen decided to participate in the trial world.

Twice the difficulty is twice as difficult.

Su Chen shouted in the air, "Girl, I will participate in the trial and open the trial world.""

【Trial world, twice rejected. Trialist, you have two choices. One, go to the top world for trial, the difficulty will be doubled. Two, go to the ordinary world, and the strength will be weakened twice.】

Su Chen heard the sound of the ladder machine and touched his chin and thought, top world, the difficulty is doubled?

In the ordinary world, the strength is weakened twice?

How to choose this?

"By the way, are there any rewards for completing the trial?"

【have!】

Su Chen smiled. There will be rewards for completing the trial. This is good, but what world should you choose to practice?

"Ladder to Heaven, I choose Universal World Trial!"

Su Chen thought for a while and decided that in ordinary world trials, his strength would be weakened twice, but he could still complete it with his only strength.

【Trialists, choose the ordinary world trial, the strength will be weakened by twice, the cultivation level of Immortal Realm or above will be sealed, the strength will be weakened by twice, the cultivation level of Immortal Realm or above will be sealed, the trial begins!】

"Damn it....."

Whoosh!

After a flash of white light,

Su Chen instantly disappeared on the ladder.

In Donghai City,

Su Chen instantly appeared on an iron tower.

After checking his strength, he felt a little depressed. The realm of the fairyland was sealed, the realm of the immortal cultivator was sealed, and now only the realm of the warrior is left. Fortunately, he can teleport. Still there

【Trialists have only one mission, which is to solve the water shortage problem in Donghai City. 】

Donghai City?

Water shortage problem?

What kind of world is this?

Su Chen became confused.

Why did this city look a little weird? It looked like a modern city, but also like a city during the Republic of China.

Women still wore cheongsam?

Let me guess, motorcycles are so advanced?

Su Chen couldn't understand how this city, which was styled like a modern city, wore all kinds of strange clothes. Is this a modern city? Or a city during the Republic of China?

With a bang, a motorcycle passed under the tower quickly, followed by motorcycles chasing each other. boom!

"oops.! "

At this time, a little beauty ran over quickly and bumped into Su Chen.

The little beauty hurriedly apologized to Su Chen,

"sorry!"

Su Chen had just put on casual clothes. He didn't expect to be bumped into by a little beauty.

He found the little beauty running over quickly.

Su Chen thought the little beauty had also noticed him, but he didn't expect that the little beauty would bump into him. In his arms,

Su Chen hugged the little beauty and asked with a smile, "Little beauty, why are you running so fast?"

The little beauty struggled hurriedly,

"Watch the race. Didn't you see the motorcycle race below? Let me go, I already apologized"

"What's so cool about this?"

"Why doesn't it look good? It doesn't look good, why are you here? Can you let me go first?"

The little beauty struggled several times but couldn't get out of Su Chen's arms. She glared at Su Chen with an annoyed expression.

Su Chen let go of the little beauty and asked, (To read Baoshuang novels, go to Feilu Novel Network!)

"Little beauty, is there anyone you know down there?"

The little beauty took a few steps back and replied,

"Yes, did you see the red motorcycle running in front? That was Li Yunxiang. The motorcycle he modified was very fast. Li Yunxiang would definitely win the competition this time."

Li Yunxiang?

Nezha?

Let me go.

This is Nezha's world three thousand years later. No wonder Su Chen feels familiar.

East China Sea Dragon Clan?

Nezha?

Sun Wukong? Or the six-eared macaque?

The immortals, monsters, weak and warriors in this world There is no difference, but the power of the soul seems to be a bit troublesome.

Su Chen thought for a while and didn't care anymore.

After he knew what this world was, the trial task was not difficult for him.

Su Chen saw the little beauty quickly

He didn't care about running away ,

Kasha?

An unlucky little beauty.

Su Chen remembered that one of Kasha's legs seemed to have been crippled.

Whoosh!

Su Chen disappeared on the iron tower in an instant.

On the street of Donghai City,

Su Chen looked at The people coming and going on the street are speechless.

There are rickshaws, cars, and waiters wearing all kinds of strange clothes. It is simply a chaotic city.

" ` .There's no water. Let's all go back."

"Boss, I have money, please sell me some water!"

"No more, no more"

"Boss, I have.....bump! my money!"

Su Chen looked at what happened to a little girl outside a water shop.

He shook his head and didn't meddle in other people's business.

Life is full of different situations and all kinds of hardships will be encountered. Whether it's life or death, this is everyone's destiny.

When Su Chen looked around, the little girl who was timid before came to Su Chen and said,

"Brother, you stepped on my money"

"Little girl, where are your adults?"

Su Chen looked at the little girl wearing patched clothes, and he shook his head.

A little girl of five or six years old, carrying a big wooden bucket, a child with poor family conditions, and also a little girl in hardship, Su Chenwan He picked up the money and handed it to the little girl.

The little girl took the money and replied sadly,

(De Li Zhao)"I have no parents anymore.""

"Little girl, give it!"

Su Chen took out a water bag and handed it to the little girl. She was a poor little girl. He didn't mind helping her.

"Thank you, big brother."

The little girl hurriedly thanked Su Chen for water.

She didn't expect that Su Chen would give her water. Although there wasn't much water in the water bag, she could drink it for a few days.

"Little girl, go back quickly. This bag of gold coins is also given to you. Don't let others find out."

After Su Chen took out another bag of gold coins and stuffed it into the little girl, he instantly disappeared next to the little girl.

"Big brother....."

The little girl saw Su Chen suddenly disappearing.

She looked at the water bag and a bag of gold coins in her hand and was a little confused. After a while, the little girl hurriedly left the street.

"Bai Yuekui? Why is she also in this world? What about the rest? Are Bai Yuekui's team all in this world?".
