

Zongwu 2771

Chapter 2771

Su Chen was very happy to hear the promise from the Tianti girl.

He had previously guessed that the Tianti girl would agree. After all, the Tianti girl was his woman. Now that the Tianti girl had agreed personally, Su Chen felt that he was sure of it. Su Chen was looking forward to being served by a Hongmeng female supreme.

"Little bastard, go climb now!"

The Tianti girl glared at Su Chen with a blushing face.

Serving with the flame red lips?

She had seen Su Chen serve other women before. The Tianti girl thought other women could do it. Why can't she? After all, she will also be Su Chen in the future. morning woman

"Ten thousand floors, I am here to conquer you."

Su Chen yelled and climbed up to the 9,000th floor.

It's the last 1,000 floors.

Su Chen will not fall short on the last 1,000 floors.

He has passed the first 9,000 floors of the ladder"227". Whether it's for his woman, the girl on the ladder, or for the reward of climbing to the 10,000th floor, Su Chen will climb to the 10,000th floor of the ladder

"Su Chen, it's the last thousand floors. I hope you can climb to the ten thousand floors."

The girl on the ladder watched with beautiful eyes as Su Chen stepped onto the 900th floor and climbed the last thousand floors.

She didn't know what the test would be or how terrifying it would be, but she believed that Su Chen would be able to climb the next level. Ten Thousand Layers,

Su Chen gave her too many miracles.

Strong men in the Holy Realm all failed to climb the ladder. Su Chen was the first trialer to climb the Nine Thousand Layers, and the only one who had hope to climb up. Trials on the 10,000th floor of the heavenly ladder.

Under the heavenly ladder,

Nuwa and her daughters saw Su Chen stepping into the 9,000th floor. They all became nervous. It was the 9,000th floor. If Su Chen passed the 9,000th floor, He will climb to the 10,000th level of the ladder to heaven

"My husband has climbed to the 900th floor. I hope he will pass the last 1000 floors."

"Su Chen will definitely be able to pass. The last thousand floors are the only ones left. Su Chen will find a way to pass no matter what."

"My brother will definitely climb ten thousand floors. My brother will never fail in anything he does."

"Huh? It seems so. No matter what Su Chen does, he seems to have never failed."

"The little bastard is so outrageous!"

"My husband is so unbelievable. A quasi-sage climbed nine thousand floors without failing. Those of us in the holy realm can hardly hold our heads up when facing Su Chen."

The Nuwa Empress and the girls looked at the ladder while talking, with expectant looks in their beautiful eyes. Su Chen is a miracle worker. On the 10,000th floor of the ladder, the Nuwa Empress and the girls feel that Su Chen will definitely climb up. Yan

Lingji looked at Nuwa Empress and reminded,

"Sister Nuwa, your holy realm cannot hold your head high in front of your husband. I have seen many times that Sister Gaia was tortured to death by her husband, and she kept begging loudly for mercy every time."

Hu Ji patted Yan Ling's shoulder and said with a smile,

"Yan Lingji, you are going to die. If Sister Gaia knows that you are talking about her behind her back, do you think Sister Gaia will lock you in a small dark room?"

"Hu Ji, you can't tell the truth, right?"

"What do you think?"

Yan Lingji smiled and snorted coldly,

"Humph, Hu Ji, if you dare to tell the truth, I will tell you what you said. Anyway, in the ladder space, no one can figure out the truth and falsehood. I will be finished, and you will be finished with me. Hu

Ji glared at Yan Lingji and shouted angrily,

"You are so shameless! Yan

Lingji blushed and argued,

"My husband is a shameless and shameless person."

"Yan Lingji, you are invincible."

Empress Nuwa and Cailin looked at Yan Lingji with dark faces.

Is the ladder to the sky a place for private conversations in the boudoir?

The ruthless empress, Liu Shen, and the Queen Mother of the West are still here. Empress Nuwa and the girls can't wait to see her. Seal Yan Lingji's mouth

"ah! My husband actually climbed nine thousand stories"

"Husband, is this going against heaven? Nine thousand layers? I can't even think about it."

At this time, after Concubine Yan and Po Meng arrived at the ladder to heaven, they saw Su Chen on the 9001th floor of the ladder. Concubine Yan and Po Meng were very shocked.

Empress Nuwa said to Concubine Yan and Po Meng, (To read exciting novels, go to Feilu Novel Network!)

"Concubine Yan, Po Meng, you are here."

After Concubine Yan, Po Meng, and Empress Nuwa nodded,

Concubine Yan said uneasily,

"My husband is so strong, nine thousand floors. I had previously guessed that my husband could climb up to five or six thousand floors. He really surprised me."

Meng Po nodded and said,

"It's so powerful. Yan

Lingji smiled and said,

"Sister Yan Lingji, Sister Meng Po, you don't know that it's useless for your husband to climb the eight thousand floors in one day."

Concubine Yan and Meng Po were even more shocked when they heard Yan Lingji's words. They climbed a thousand floors in less than one day?

Su Chen was Are you taking medicine?

Isn't it much scarier on the 8000th floor?

At this moment, on the 9001st floor,

Su Chen looked at the six light gates in front of him in confusion. There was a name in front of each light gate. The first Light gate: a tree!

Second light gate: slime!

Third light gate: skeleton!

Fourth light gate: zombie!

Fifth light gate: an ant!

Sixth light gate: goblin!

Su Chen looked at these light gates and couldn't figure out what the fuss was about on the ladder, and what these light gates and names meant.

Whoosh!

A dice suddenly appeared in front of Su Chen

【Trialist, roll the dice to choose the world trial you want to enter. The name in each world represents your identity. Your full strength will be sealed in the trial world. If you survive for ten days, you can pass a ladder step. Cumulatively, the light gate will be reset every hundred levels. 】

What the hell, are you trying to kill yourself on the ladder?

What kind of bullshit identity is this,

Shu? Slime? Skeleton? Zombies? Ant? Goblin? He still has no strength at all and has become like this?

Damn it,

Su Chen is going to turn into a tree, is he going to live like this?

"Ladder, are you trying to kill me? What kind of bullshit identities are these? Why don't you give me the identity of a giant dragon? Ten days? I can't even survive a day with these identities."

Su Chen shouted to the sky above the ladder, how could these bullshit identities survive.

Turn into a zombie?

He might be killed by the survivors with one shot and turn into an ant?

He might be trampled without even leaving a body..

Skeleton? Slime? Goblin?

These are all cannon fodder in the magical world. In a war, he was either killed or destroyed by his own kind. It is impossible for these bullshit identities to survive for ten days.

【Trialist, you have three breaths to roll the dice, otherwise you will be declared a failure in climbing the ladder!】

"Damn it, I roll the dice!".

Chapter 2772

Su Chen stretched out his hand to grab the dice in front of him with a dark face.

There was no other way.

The ladder really wanted to play him to death.

Each of these identities was seeking death. No matter what identity he picked, Su Chen would escape death.

"Holy shit!"

Su Chen shook the dice and veins appeared on his forehead, four?

Zombie?

Su Chen actually rolled the number four.

Isn't he going to become a disgusting and ugly zombie?

I guess!

Su Chen didn't have time to say anything, fourth Daoguang Sect sucked him in instantly.

Su Chen appeared in a hotel in an instant.

He hurriedly checked his body.

There were no missing arms or legs, nor was he dirty and smelling disgusting.

However,

Su Chen He was speechless.

He felt very stiff all over and it was a bit difficult to walk.

Damn, he really has become a zombie.

What should he do?

Hide?

Should he hide for a year and a half and return to the ladder?

Su Chen thought about it. How to survive ten days and climb to the next level after surviving ten days?

As long as he completes a small goal, he can return to the ladder. After one hundred levels, the six light gates will be reset.

Damn it, none of the identities in the first hundred are. Okay.

Su Chen walked stiffly towards the window of the hall not far away. He wanted to see what kind of world this world was.

"Run, zombies. There are zombies. Go upstairs quickly. Let's go to the roof and wait for the army's rescue."

"Don't mess around, don't run around, go upstairs one by one"

"Give me a hand, give me a hand quickly, I have money, who can help me?"

"Get out of the way, money is useless. The zombie outbreak lasted three days. If you have money, you can prevent the zombies from biting you."

"Mom, I'm afraid, I'm afraid!"

"ah! save me, save.....Ahhhh!"

Suddenly, there were chaotic shouts in the hotel's banquet hall, and then a person ran upstairs in panic.

Su Chen looked at the fleeing crowd in the banquet hall, and he hurriedly hid behind a pillar.

In the banquet hall Dozens of zombies appeared, and

Su Chen was worried that the fleeing crowd would find him. If someone in the crowd had a gun, he might be shot in the head to end the trial.

Aaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaa.....

After more than ten people escaped from the banquet hall, zombies chased Su Chen one after another.

Damn, zombies are really disgusting.

After Su Chen saw that there were no zombies and no one around, he walked to the window and looked at the outside world..

A modern and prosperous city, but there is black smoke everywhere, the roads under the buildings are in a mess, cars collide with each other, there are still smoke and fire in some places, and the streets are full of wandering zombies.

There was a zombie crisis three days ago?

Su Chen thought about what the fleeing people said, and thought about how to survive the first ten days.

"ah!"

A woman was hiding in the curtains in front of the window.

She saw Su Chen walking to the window and never leaving. The woman panicked and threw the vase at Su Chen.

Bang! Oh my god!

Su Chen was hit by the vase on the body. After taking a few steps back, he didn't expect that there was another person hiding here, a beautiful woman wearing an O1 outfit, and she also hit him with a vase.

The woman hit Su Chen and hurriedly ran to the stairs. She didn't expect that there would be a zombie. She did not leave the banquet hall.

The woman's name is Lin Yun.

She is the president of the Lin Group and a rich woman with a net worth of tens of billions.

After the zombie crisis broke out, (to read Baoshuang novels, go to Feilu Novel Network!)

Lin Yun She was meeting incoming clients in a five-star hotel. She did not expect that a zombie crisis would break out. The bodyguard died trying to save her. Lin Yun waited in fear for three days for the army to rescue her.

Su Chen looked at the escaped beauty speechlessly, a stupid girl. The zombies chased the crowd up the stairs. Wasn't Lin Yun seeking death by going up the stairs?

Su Chen walked towards a passage in the banquet hall. He wanted to find a room to hide first. He didn't have the strength to become a After killing a slow-moving zombie,

Su Chen might not be able to defeat even an ordinary adult.

After a while,

Su Chen found a guest room with an open door. He entered the room and closed the door.

Ta da da.....

A crisp sound of high heels came over, bang!

The room was opened and closed quickly.

Lin Yun patted her chest and collapsed on the ground. It was too dangerous. She almost threw herself into a trap and ran into the zombies.

At this moment,

Su Chen sat on the bed and looked at Lin Yun speechlessly.

Who the hell is this?

This is Lin Yun's room? what to do?

Kill Lin Yun?

"ah!"

Lin Yun walked into the room after resting for a while and shouted.

She didn't expect the zombies from before to appear in her room. Lin Yun hurriedly backed away to escape from the room.

Bang!

Lin Yun opened the door to escape, but she found that in the corridor More than a dozen zombies appeared, and Lin Yun hurriedly closed the door.

Lin Yun felt dead.

There was a zombie in the room, and there were more than a dozen zombies in the corridor. She couldn't escape.

After a while,

Lin Yun looked strangely. Looking at Su Chen in the room, why didn't the zombies attack her?

Is there something strange about this zombie?

Lin Yun found that apart from Su Chen's pale face, Su Chen's clothes were very clean and did not have the stench of some zombies. Could it be that this zombie is still human? Consciousness?

Lin Yun looked at Su Chen and asked anxiously,

"`.Do you have human consciousness?"

Su Chen rolled his eyes at Lin Yun when he heard her words.

He was considering whether to kill Lin Yun. Su Chen didn't expect that Lin Yun would find out what was special about him.

"You do have human consciousness, no wonder you didn't attack me."

Lin Yun saw Su Chen rolling her eyes, and she felt relieved. She was a zombie with human consciousness. Lin Yun guessed that Su Chen would not eat her.

Lin Yun walked towards Su Chen carefully and asked, "How are you conscious? Aren't all zombies unconscious?"

Su Chen curled his lips as he looked at Lin Yun walking over.

However,

Lin Yun was really beautiful.

She was in her prime in her thirties, and her O1 outfit showed off Lin Yun's curved figure. She was exquisite. With a stunning face, especially Lin Yun's Dashan, does she eat papaya every day?

"My name is Lin Yun, and I am the president of the Lin Group in Shanghai. What is your name?"

Lin Yun saw Su Chen curling her lips again, and she relaxed completely. Su Chen was really a conscious zombie.

Su Chen took the pen on the bedside table and wrote his name on the sheets in a crooked way.

Well ,... Damn, my fingers are stiff.

Su Chen can't even write a word now.

"Suchen? Your name is Su Chen?".

Chapter 2773

Lin Yun looked at the crooked name.

She looked at Su Chen and became curious.

How could Su Chen be different from other zombies after becoming a zombie? His body was clean and there was no disgusting odor. How did Su Chen retain his body? Human consciousness?

Su Chen was too lazy to talk to Lin Yun.

He leaned on the bed and thought about what to do in the future~

And is this world a world with a zombie crisis? It's still a plot-world.

Lin Yun saw that Su Chen was unwilling to pay attention to her. She shook her head and sat on a chair on the side. It has been three days.

It has been three days since the zombie crisis broke out.

Where is the army?

Where are the police?

Lin Yun has not noticed the presence of the army or police for three days. Are the army and police unable to protect themselves?

One night passed, and the next day,

Su Chen got up from bed and looked out the window.

The world outside was still the same as before. Except for countless zombies wandering around, there was no one alive.

Lin Yun saw Su Chen getting up.

She handed a bag of bread to Su Chen and said,

"Su Chen, are you hungry? I still have some bread here."

Bread?

Can a zombie eat bread?

Huh?

That's not right.

Aren't zombies very eager for flesh and blood? Why doesn't he have any desire for flesh and blood?

Su Chen thought about it and thought it was because of the ladder.

Although he is a zombie, But it is impossible for Tianlai to impose some of the bad habits of zombies on him. After all, Su Chen came to this world to test, not to eat people.

Lin Yun saw that Su Chen was indifferent to the bread, and she took back the bread in embarrassment.

The zombies seemed not to eat it. Bread, does Su Chen also eat people?

Lin Yun looked at Su Chen and said carefully, "Su Chen, we don't have much water left."

If there is no water, there is no water. What does it have to do with him?

He is not thirsty.

Su Chen rolled his eyes at Lin Yun and lay on the bed again.

Yesterday should be regarded as one day. Ten days have passed and one day has passed. There are still nine days. Time has passed a little. Slow down, one step takes ten days, one hundred steps takes a thousand days.

Damn it, do you have to spend a thousand days hiding?

Boom, boom, boom!

Suddenly, there was an explosion outside the hotel.

Su Chen and Lin Yun looked over hastily.

On the street, an army convoy appeared on the road. Armored vehicles, tanks, and military trucks. Thousands of troops were crossing the road. It seemed that these troops were leaving the city.

Lin Yun shouted happily ,

"Su Chen, it's the army. Look, the survivors around you are running towards the army. Let's go and seek asylum from the army."

Su Chen looked at the happy Lin Yun and shook his head.

Thousands of troops were useless. The surrounding zombies were attracted by the sound of explosions and gunshots. In a short time, thousands of zombies, tens of thousands of zombies, and even tens of thousands of zombies appeared. One hundred thousand zombies would swamp thousands of troops.

Su Chen took a pen and wrote some words on the sheets.

How could he go there now as a zombie and die?

Even if Su Chen was a normal human being, he would not be stupid. Pull the ones to seek death

"You let me leave alone?"

Lin Yun looked at the sheets and became confused.

She didn't expect that Su Chen was unwilling to leave. Is it because Su Chen was a zombie?

Be careful?

What does the word "be careful" behind Su Chen mean? Couldn't the army protect her? ?

Su Chen nodded.

Although Lin Yun is a top beauty, he is now a zombie, and beautiful women are useless by his side.

As for whether Lin Yun can survive, it can only depend on her luck. (To read exciting novels, go to Feilu Novel Network!)

"I left, hoping to see you again in the future."

Lin Yun said to Su Chen and left in a hurry.

All the zombies in the hotel ran out. She will not encounter zombies when she goes out now. As long as Lin Yun runs into the range of the army's firepower, she can be protected by the army.

At this moment,

On the road, various firepower of the army continued to bombard the zombies that rushed up. The firepower of the army was very powerful, but there were too many zombies. They shot and killed them all, and the zombies behind them gathered again without fear of death.

A general looked serious. commanded,

"Order the engineers to speed up the road clearing. There are too many zombies. We can't continue like this."

"Yes, sir!"

"General Liu, the surrounding survivors are running over. Do we want to save them?"

"Save, all survivors who come over must be saved. We cannot watch survivors being killed by zombies."

"yes!"

General Liu looked at more and more zombies and asked for flowers.

He felt very helpless. It was impossible to escape from the magic city.

However, this was an order from his superiors. He wanted to escort some important officials and their families to the sea base. General Liu Pray that the road behind will not be too congested and the bridge will not be blown up.

A soldier suddenly shouted,

"Oh no, zombies also appeared behind us, we are surrounded by zombies"

"The tank moved forward, clearing a path for me."

General Liu immediately ordered, there is no other way.

The tanks were originally used to protect the surrounding iron walls, but the convoy cannot be surrounded by zombies, otherwise more than 4,000 troops and thousands of people will die here.

At the hotel,

Su Chen looked at the troops He shook his head.

The army was going to be doomed.

The roads were full of broken and crashed vehicles. The huge convoy did not have engineering vehicles to clear the roads. The army wanted to rely on ordinary vehicles to clear the roads. This speed was too slow.

Half an hour later, less In the outer protection of the tank, the army suffered some casualties, and after some bitten soldiers turned into zombies, the entire convoy suffered.

Lin Yun just ran into the army's convoy, and she was stunned before she could be happy.

The army The convoy became chaotic, the soldiers turned into zombies biting the fighting soldiers, and the survivors in the convoy shouted to escape.

"Go back quickly, the army is no longer good. If we stay, we can only wait to die."

"Wife, leave quickly, we have to go to the previous hiding place"

"Run away, Lao Wang, run away quickly"

"Mom, Mom, let's leave quickly, the zombies are coming around"

"Don't mess up, don't affect the army's battle, damn, don't mess up."

Lin Yun looked at the messy military convoy. She hurriedly turned around and ran towards the hotel.

Be careful?

She understood why Su Chen asked her to be careful. There were too many zombies around, the road was blocked, and the military convoy did not clear the road as soon as possible. , the zombies will devour everyone.

Su Chen looked at the chaotic army convoy and shook his head.

Everything was late.

Thousands of troops may not be able to survive many people. Ordinary mortals cannot deal with the huge number of zombies.

"Huh? Lin Yun is still alive? Why did she run back to the hotel with a woman to beg?".

Chapter 2774

Su Chen saw Lin Yun running into the hotel with a woman.

He did not expect that Lin Yun did not die in the chaos. The beautiful and sexy beauty was really lucky.

I'll do it!

Su Chen saw more than thirty survivors running into the hotel, and some soldiers also evacuated into the hotel. It was troublesome.

If those survivors and soldiers found him,

Su Chen thought he would be in trouble. The hotel I can't stay any longer, so I need to find a safe place to spend ten days first.

Su Chen opened the door and walked out.

Opposite the hotel is a residential area. First, go to the residential area to find a secluded place.

"Su Chen, don't go out. Come into the room quickly. There are zombies outside. Come into the room quickly."

Lin Yun ran across from Su Chen with a woman. She grabbed Su Chen and ran to her room. It was too dangerous outside.

Thousands of zombies gathered outside. Thousands of troops may have suffered heavy casualties. It will be over.

I'll do it!

Damn woman, he is a zombie, will the zombies attack him?

Su Chen was very helpless when Lin Yun pulled her back. At this moment, he wanted to strip Lin Yun naked and beat her ass. 01

In the room,

Lin Yun pulled Su Chen and a woman into the room. She hurriedly closed the door.

The other woman thanked Lin Yun,

"Sister, my name is Song Yuxi. Thank you very much for saving my life."

"You're welcome!"

Lin Yun sat on the bed panting and waved her hands.

She was very tired from running around. Lin Yun wanted to take a good rest at this moment.

Su Chen looked at Lin Yun and couldn't look away.

Lin Yun's O1's outfit is a bit messy at the moment, with a patch of white flowers exposed on her chest, and her reddish face is also very attractive, especially Lin Yun lying on the bed, her curvaceous back makes people look full of desire

"ah....., zombies!"

When Song Yuxi turned around to say hello to Su Chen, she saw that Su Chen's face was very pale, and his red eyes were like those of a zombie. Song Yuxi screamed in fright.

Lin Yun said hurriedly,

"Yuxi, don't be afraid. Although Su Chen is a zombie, he has human consciousness. You don't have to be afraid that Su Chen will hurt you. Song

Yuxi asked while hiding behind Lin Yun.

"Sister, is it true? Lin

Yun nodded and replied, "Of course it's true. Do you think Su Chen wants to hurt us?" I dragged Su Chen into the room earlier. Didn't Su Chen take the opportunity to bite me?"

Su Chen ignored the two women in the room.

He had to find a way to leave the hotel first. Dozens of civilians and soldiers had fled into the hotel. More than ten soldiers had guns in their hands. This was very difficult for him. Threat.

Song Yuxi looked at Su Chen anxiously.

She found that Su Chen really didn't seem to attack her, a zombie with human consciousness? Is this possible? How could a zombie have human consciousness? Song Yuxi was so nervous that she still didn't dare to leave Lin Yun's side..

After Su Chen picked up a pen and wrote some words on the sheets, he turned and left the room.

There was no sound of gunshots outside the hotel.

When Su Chen was leaving the hotel, he also had to pick up some guns to protect himself.

"Su Chen....."

Lin Yun saw Su Chen leaving and wanted to stop him, but she found that Su Chen closed the room door and left. She couldn't figure out why Su Chen left the hotel.

Song Yuxi looked at the crooked words on the sheets and asked,

"Sister, Su Chen wrote on the sheets that we should be careful about other humans. What does this mean?"

"I have no idea."

Lin Yun frowned and shook her head.

Be careful of other humans?

Could it be that in the event of a zombie catastrophe, other humans will kill each other?

Or?

Or will other humans do something bad?

Lin Yun thought of her and Song Yuxi is both a woman, and both are beautiful women. (To read Baoshuang novels, go to Feilu Novel Network!)

The world and country are in chaos.

There are no legal constraints, no police, and no army. Some human nature will burst out, killing, raping, fighting for food and supplies, these are all possible.

Outside the hotel,

Su Chen cautiously came out of the hotel.

He looked at the troublesome zombies outside, and Su Chen quickly blended in. Among the zombies.

The zombies smell very disgusting, but this is a safe place for Su Chen.

There are countless zombies covering the streets, and Su Chen is not worried about being discovered and killed by humans.

Rifles, pistols, Hand grenades, sniper rifles, magazines, smoke grenades, individual rocket launchers, etc.

Su Chen started picking up garbage in the army convoy.

As long as it was modern firearms and weapons,

Su Chen would pick them up one by one, including some body armor in the armored vehicle. and special forces combat uniforms, Su Chen also picked them up and stored them in the system space.

Nine days later,

【Trialist, you have survived ten days safely, should you continue? Or return to the ladder?】

"continue!"

In a residential building,

Su Chen pointed a gun at the four men in the room indifferently.

The announcement of the ladder made him feel a little happy. He finally passed ten days, but now he is very angry.

Nine days Come on,

Su Chen killed hundreds of humans in succession.

No, they should not be considered humans. They raped women, killed other humans, and even ate them.....

Su Chen originally didn't want to have anything to do with these things.

He just wanted to hide and complete the trial, but Su Chen couldn't sit back and watch what these humans did. They were beasts, they didn't deserve to live in this world.

"Don't kill us, we 340 are forced to do so. We have been without food for four days, we are forced to do so."

"Little brother, you are a soldier, you cannot kill civilians"

"Little brother, it's the end of the world now. We have beautiful women in our room. You have a gun. We can rule the world together in the end of the world."

"That's right, little brother, there are six beauties in the back room, and they are also college students. Little brother, please stay and work with us, we can take down this luxurious residential area."

The four middle-aged men persuaded Su Chen one after another, but they looked at each other fiercely. As long as they temporarily persuaded Su Chen, they would find a way to kill this stupid soldier.

Bang bang bang. Bang!

Su Chen shot and killed four people indifferently.

Is he a fool?

Some vicious people.

Su Chen does not believe in any human beings, and he will not let go of these human beings who are no longer human beings.

"Damn, it stinks.....Huh? Can I speak?"

Su Chen opened the door to the back room, and a foul smell wafted out from the room. He covered his nose and couldn't help but said.

Su Chen didn't expect that he could speak. Could it be that after ten days, the ladder to heaven allowed him to speak? Talk?

Su Chen shouted to the stinking room, "Come out quickly, I have killed four villains.""

Chapter 2775

In the room, six disheveled women looked at Su Chen at the door with fear. They did not make any move when they heard Su Chen's words. After five or six days of inhuman torture, they did not believe in any man.

"You take care of yourself!"

Su Chen looked at the six people in the room and turned to leave.

The six women were tortured and numb.

It will be difficult for them to live in the future.

Su Chen is not a virgin bitch. He killed those villains because he couldn't stand them. inhumane practices

"Wait, sir, are you a soldier?" A woman in the room suddenly shouted to Su Chen.

Su Chen shook his head and replied,

"no!"

A young woman in lingerie came out and begged,

"Sir, can you free us?"

"Do you want to die?"

The woman said with a look of despair in her eyes,

"Yes, the six of us have no intention of living anymore. Today, our husband saved us, but what about the future? After the zombie crisis breaks out, even if we are lucky enough not to be eaten by zombies, we will be caught and humiliated to death by other humans."

Su Chen took out a gun and put it on the table and said,

"It's better to die than to live. You'd better live 710. The end of the world may also be an opportunity. This gun is left for you to defend yourself. If you really don't want to live, just use this gun to commit suicide."

Su Chen waved to the woman and left. This was not the first time he had encountered such a situation.

In the past nine days,

Su Chen had rescued twenty or thirty women.

Basically, they all wanted to be freed.

They killed some weak women and others. Women who were humiliated and ruined, killed some women who wanted to die.

Su Chen couldn't do it, so he could only leave a pistol for those women to choose. It was up to them to decide whether to live or die.

"Zhao Ya, are we still committing suicide?"

"Is the end of the world also an opportunity? What does it mean?"

"Who is that man? He is wearing the black combat uniform of the army. Is he really not a soldier?"

"I don't know, opportunity? What does it mean? Will the world ever change again?"

"Zhao Ya, how about we wait a few days and see, if not, we are committing suicide."

"Sister Zhao Ya, you decide. If you say suicide, we will all listen to you."

The women in the room helped each other and walked out. They were all wearing underwear, their bodies were covered with scars from torture, and they were full of disgusting smells.

Zhao Ya said to the other five women,

"Let's wait a few days. That man should also live in this luxury community. Let's pay attention in the past few days. If we see that man again, we will ask him what opportunity he is talking about."

"Okay, Sister Zhao Ya!"

In a luxurious room on the sixteenth floor,

Su Chen came in and sat on the sofa. He took off his combat helmet and leaned on the sofa and closed his eyes.

Biochemical apocalypse?

There are actually crystal nuclei in the zombies' heads?

A kind of thing that can make people The crystal core of human evolution.

Su Chen felt that there would be evolvers in this world in the future, and zombies might evolve into more advanced zombies.

Well, what should we do in the future?

The crystal core of zombies is useless to him.

In the future world, humans and If zombies evolve more and more advanced, firearms should be useless to evolvers.

Su Chen rubbed his forehead and whispered,

"My head hurts. It's only been ten days. There are crystal nuclei in zombies' heads. Humans will also discover crystal nuclei in zombies' heads."

"Maybe within a month, powerful evolvers and zombies will appear among humans. Zombies may also have evolved zombies, or even zombie kings."

Three days later, more than thirty women in the residential building met one after another.

All the zombies in the building were killed by Su Chen. These women met each other while looking for food, and after they told each other, they understood that they were all zombies. They were rescued by the same person.

On the eleventh floor,

Zhao Ya and six other women met nine other women. Although these women were all very dirty, their spirits were almost restored and they were not as lifeless as they were a few days ago.

Zhao Ya asked,

"Xu Xuan, haven't you found the man to save us yet?"

A beautiful woman in her thirties shook her head and replied, (To read Baoshuang novels, go to Feilu Novel Network!)

"No, but it's coming soon. This residential building has a total of sixteen floors. We searched to the fourteenth floor and there are two more floors. If the person who rescued us is still in the residential building, we will definitely find him."

"Well, we will search together tomorrow, and inform Shangguan Yalan and Cui Siying that we will collect the last two layers together."

"good!"

Xu Xuan, Zhao Ya, and the other two teams of women searched for Su Chen separately for three days.

Su Chen rescued all of them, and also killed all the zombies in the building without taking away the food.

More than thirty women were very grateful to Su Chen. They wanted to find Su Chen to survive in the apocalypse.

In the hotel opposite the residential building,

Lin Yun and Song Yuxi were dizzy from hunger.

They only ate some broken bread every day. All the food inside was plundered by others.

Song Yuxi touched her belly and asked,

"Sister Lin Yun, we won't starve to death, right? Lin

Yun said helplessly while leaning on the bed.

"Maybe"

"Those people are so abominable. Not only did they take away the food, they also took away all the water. We only had half a bottle of water left. Sister Lin Yun, what are we going to do in the future?"

"Yuxi, wait one more day, if that doesn't work, we can only leave the hotel"

"Will Li Hui let us leave?"

Lin Yun showed a trace of panic on her face.

She didn't expect that some survivors started to abuse women with food.

Some women couldn't bear to starve, so they could only exchange their bodies for some food in humiliation.

Moreover, some people from Li Hui even labeled her and Song Yuxi. Note, if there weren't more than ten soldiers in the hotel, they would have been caught and humiliated by Li Hui and the others.

Lin Yun pretended to be calm and said,

"He didn't dare to stop us. Don't forget that there are more than ten soldiers in the hotel. They will not let Li Hui and others insult us. Song

Yuyuxi shook her head and said

"I am still worried that there are only a few soldiers in the army with guns and bullets. Li Hui gathered more than 30 people, and they also have some guns in their hands. If Li Hui and his men attack the soldiers, the soldiers in the army may not be their opponents."

"Yuxi, we will leave the hotel tomorrow"

"OK!"

In the residential building,

Su Chen stood at the window and looked at the city outside, especially at the hotel opposite. There were gunshots in the hotel a few days ago, but there have been no more gunshots these days.

Su Chen looked at the hotel opposite. thinking,

"Lin Yun and Song Yuxi didn't know if they were dead, and the gunshots in the hotel were no longer heard. Was it because all the zombies in the hotel were killed? Or are all the survivors dead?"

Chapter 2777

Zhao Ya felt very uneasy.

Zhao Ya and the four Shangguan Yalan girls had previously discussed taking turns guarding the security door. They were worried that Su Chen would leave secretly. Zhao Ya turned pale when she saw Su Chen walking out of the building. Did Su Chen deceive them before? Was he going to leave secretly at night? Su Chen heard someone calling him in the building. He turned around and saw Zhao Ya appearing at the entrance of the building. What the hell, those women are still watching him? Are you worried that he will leave secretly? Su Chen asked with a dark face,

"Zhao Ya, why are you downstairs?"

Zhao Ya said with a pale face and didn't know what to say, "Sir, I...."

"Forget it, Zhao Ya, call four or five more women and ask them to come quickly with guns. I will take you to hunt zombies."

"Okay, okay, I'm going to call someone now."

Zhao Ya hurriedly ran back to the building after hearing what Su Chen said.

It turned out that Su Chen was not leaving secretly.

Su Chen was going to hunt zombies. No wonder he was fully armed. Zhao Ya had misunderstood Su Chen before.

"Damn it, all of this! What's the matter? Those women are so smart. How could they go back on what they promised?"

Su Chen watched speechlessly as Zhao Ya ran into the building.

It's okay.

He will hunt zombies later.

It's also good for some women to help collect the crystal cores of zombies. Su Chen will also save some time.

After a while,

Zhao Ya Five women came running over. They looked at Su Chen and bent down to salute.

Su Chen took out six daggers and handed them to the women and said,

"You all follow me for a while. After I kill the zombies, you are responsible for collecting the crystal nuclei from the zombies' heads. You all hold these daggers. You must also carefully observe the surroundings."

"yes!"

Zhao Ya, Shangguan Yalan and the other girls nodded and replied,

"Everyone, keep up and don't make any noise."

Su Chen waved to the women and walked towards a trail beside the road.

There were thousands of zombies in the trail, and they were very scattered. It would be safer for Su Chen to take the girls to hunt the zombies.

Choo Choo Choo.....

On the trail,

Su Chen was shooting zombies with a pistol equipped with a silencer.

Zhao Ya and the girls saw Su Chen hitting the zombies in the head one by one. Their eyes were shining at Su Chen. It was so powerful.

It was already dark. ,

Su Chen's marksmanship was so good before he turned on the night vision goggles.

If Su Chen turned on the night vision goggles and shot zombies, there wouldn't be enough zombies around for Su Chen to kill.

Su Chen said to the woman behind him,

"Start collecting crystal nuclei from zombie heads. Two people are responsible for observing the surroundings, while the other people collect crystal nuclei.."

"Yes, sir!"

Zhao Ya and the other girls started collecting crystal cores with daggers. Shangguan Yalan and a woman were holding pistols and looking around vigilantly.

Su Chen saw that Zhao Ya and the four girls were not afraid of the corpse.

They started to cut the zombie's head with daggers. The faces of Zhao Ya and the girls were very pale, and they looked like they were about to vomit, but they all endured nausea and fear to collect the crystal nuclei.

Su Chen was very satisfied with the girls.

As long as Zhao Ya and the girls overcame their fear, Once they overcome their fear, they will grow up quickly in the future

"Xu Xuan, hold on, we can't be afraid. In the last days, we will have to experience these sooner or later."

"I understand, I will hold on"

"Well, the gentleman is watching us from the side. He must be checking whether we have any value in cultivating. Everyone should hold on even if they are afraid."

"Sister Siying, we will all insist."

The four girls Zhao Ya and Xu Xuan encouraged each other to collect the crystal nuclei.

Each zombie had its head cut open, and the crystal nuclei were collected one by one by the four girls.

After the four girls understood where the crystal nuclei were on the zombies' heads, they collected them. The speed of the crystal nucleus is getting faster and faster.

Chirp, chirp, chirp.....(To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen read for a while and then started shooting zombies.

Zhao Ya and Xu Xuan are both good girls, and they are worthy of Su Chen's training.

Su Chen wants to form a girl Legion, and it is also the female legion of evolutionaries.

An hour later, the zombies on the trail were killed by Su Chen, and Xu Xuan and the other girls also quickly collected the crystal nuclei. bang bang bang....

Suddenly, gunshots were heard from the restaurant in the distance.

Shangguan Yalan hurriedly came over and said to Su Chen,

"Sir, it was gunfire in the hotel."

Su Chen nodded and replied,

"I know, let's go over there and take a look. Remember, don't shoot without my order."

"Yes, sir!"

In the hotel, a firefight broke out between more than a dozen soldiers and some thugs.

The soldiers all had guns in their hands, but there were only three soldiers with bullets left. They only had less than one magazine of bullets left. The thugs had six Seven guns, and plenty of ammunition.

It was just a casual exchange of fire, and the rioting thugs succeeded in a sneak attack.

Fourteen soldiers of the army were shot dead, and the remaining three soldiers hid behind pillars to avoid being shot. The gun inside was also out of bullets.

Li Hui shouted while holding a rifle, "Come on, follow me. The remaining three soldiers are out of bullets. Capture the female soldier alive and kill all the other soldiers."

Three or more civilians around them rushed over. They didn't care at all about the soldiers who only had guns and no bullets. With more than thirty people against three people, they had a sure victory.

Behind a pillar,

Lin Yun and Song Yuxi looked pale. Seeing all this, they originally left the hotel today, but Li Hui's thugs stopped them. Although the army soldiers rescued them, they could not leave the hotel.

In the evening,

Li Hui's thugs suddenly attacked the army taxi (The king's soldiers, Lin Yun and Song Yuxi did not expect.

More than ten soldiers were killed, and the remaining three soldiers would be in trouble.

What about them?

Li Hui's thugs would not let them go,

Lin Yun and Song Yuxi thought of the scene of being humiliated, and their faces turned pale and they were at a loss.

"Come out or I will beat you to death."

A thug discovered Lin Yun and Song Yuxi.

The entire hotel was cordoned off and everyone was gathered in the lobby on the third floor. Lin Yun and Song Yuxi could not escape the thug's search.

After a while,

Lin Yun and Song Yuxi also There was a female soldier who was tied up by thugs. More than thirty thugs looked at Lin Yun and the three girls with evil expressions.

Li Hui looked at Lin Yun and the three girls and laughed and said,

"Hahaha, three top beauties, God has been kind to me, you will all become my women tonight"

Chapter 2778

Lin Yun and Song Yuxi stood close together in fear. They looked at the thugs around them with pale faces.

It was over.

Facing Li Hui and more than thirty thugs, they knew what they were going to face.

Humiliation and torture, for a while, they all had to face the humiliation and even inhuman torture from Li Hui and more than 30 thugs.

Lin Yun and Song Yuxi thought of what Su Chen said, be careful?

They guessed that in the apocalypse, some humans would do unscrupulous things.

However, less than a month after the apocalypse, human thugs appeared. They killed soldiers and insulted women. Humans like Li Hui were not considered humans. , they are no different from animals.

The tied female soldier shouted angrily,

"You all will die a good death, Li Hui. Justice will be late, but it will never be absent. You people will all be punished."

Li Hui showed an evil expression and laughed,

"Hahaha, Leng Qingxue, this is the end of the world, there is no police, no army, no government, how can I die a good death? Sanctions? Who sanctions us? Do you think it's still the same society ruled by law as before?"

"Damn it, Li Hui, if I have the chance, I will definitely kill you with my own hands."

"Little beauty, I will torture you hard and make you call me good brother, hahaha....."

Li Hui looked at Leng Qingxue and felt hot in his heart, female soldier?

This is a real temptation in uniform, a female soldier with a beautiful face and an attractive figure, he can enjoy it for a while.

The more than thirty thugs around also laughed. Some of them were migrant workers, some were company employees, and some were idlers in society.

Lin Yun, Song Yuxi, and Leng Qingxue were all female CEOs with noble temperaments. , a pure and lovely college student, and the other a plump and attractive female soldier.

If the apocalypse had not broken out, they would never have gotten such a beautiful woman in their lifetime.

In the hall on the third floor, more than 20 men and women were huddled aside.

They did not dare to make a sound.

Li Hui and other thugs had killed even the army soldiers. These people were afraid that Li Hui would kill them as well.

At the stairwell of the third floor,

Su Chen and Zhao Ya's six daughters were hiding here. They also understood what happened in the hall.

Su Chen did not expect that Lin Yun and Song Yuxi were not dead yet.

However, their situation was not very good. If more than thirty thugs caught them, Lin Yun and Song Yuxi would end up very miserable.

Su Chen whispered to the women around him,

"Zhao Ya, I will kill the thugs with guns, and you can deal with the other thugs."

"Yes, sir!"

Zhao Ya and the girls nodded one after another, with expressions of resentment in their eyes, thugs?

They have all experienced inhuman abuse by thugs.

Facing these thugs who are worse than animals, Zhao Ya and the girls want to kill brutally. Kill them. Tweet,

Tweet, Tweet.....

Su Chen quickly shot the thugs with guns, and each of the thugs with guns was shot in the head by him.

"There are enemies, hide quickly!"

"Ah, Liu Gang was shot in the head"

"Get the gun, get the gun!"

"Brother Wang, Brother Wang was also shot in the head. Hurry and hide. The enemy only kills those with guns."

"Don't pick up the gun, the enemy is specifically shooting people with guns."

Six or seven of the thugs in the hall were shot dead by Su Chen in an instant. These were all thugs with guns. Other thugs hid one after another. Some thugs who tried to pick up their guns were killed with headshots.

Bang bang bang.....

Li Hui hid behind a pillar with a gun and fired at the stairs while shouting to all the thugs,

"Don't mess around. Get your weapons quickly. There is only one enemy. Come on, and rush to the stairs together to hack that bastard to death."

Bang bang bang.....

There were several people with guns among the thugs, and they also shot at the stairs. (To read Baoshuang novels, go to Feilu Novel Network!)

"Kill that bastard."

Choo Choo Choo....

Su Chen looked disdainfully at the people who had fired, and he quickly shot them one by one. The remaining thugs with guns were killed with headshots.

Chirp!

"ah.....my hand!"

While Li Hui was shooting, his hand was suddenly hit and the gun fell to the ground. He covered the hit hand and shouted,"

Chirp!"

"ah....."

Li Hui's other hand was also hit, and both hands were disabled.

Li Hui hid behind the pillar in fear.

He knew that the shooter did not want to kill him, otherwise he would be exploded like the others. Shot in the head.

Su Chen said,

"Zhao Ya, Shangguan Yalan, all six of you come together, and none of the remaining thugs will be left behind."

"Yes, sir!"

Zhao Ya and the six girls quickly walked towards the hall with guns.

The thugs in the hall did not have firearms. It was easy for them to kill the thugs.

Bang bang bang....

When the six girls of Zhao Ya saw the thugs hiding around them, they opened fire one after another. It was the first time for them to fire, the first time to kill, and they shot at close range. Although they did not hit the thugs' vital points, the thugs who were hiding in Tibetan areas had no choice but to shoot at close range. The women with guns didn't dare to rush over.

Lin Yun, Song Yuxi, and Leng Qingxue were very surprised.

They didn't expect that someone would shoot the thugs, and they were six dirty women.

Song Yuxi asked tremblingly,

"Sister Lin Yun, Sister Qingxue, we are saved. Lin

Yun nodded and replied,

"Well, we're saved, who could these women be? Why do they have guns?"

Leng Qingxue frowned and said,

"No, these women were not the ones who shot earlier. These women seemed to be shooting for the first time. You see, they did not hit the thugs' vital points at close range. These women were shooting for the first time."

After Lin Yun and Song Yuxi heard Leng Qingxue's words, they all looked at the six women who fired the gun.

Six dirty women, they really had to fire several shots before killing a thug. The person who shot earlier was a gunman. A gun shot off a thug's head. Among the six women, there was no one who had shot earlier.

Ten minutes later, after Zhao Ya and the six women wasted some bullets, they shot the remaining thugs one after another. The hall was locked, and no one The thugs escaped from the hall.

Su Chen walked out with a gun.

He was checking on the six girls. Su Chen was also ready to save Zhao Ya and the six girls at any time.

Although Zhao Ya and the six girls took some bullets to kill the thugs, this time It is also excusable. It was the first time Zhao Ya and the six girls shot and killed, and it took ten minutes to kill all the thugs. This is already very good. At least none of them dared to shoot in the face of the thugs.

"That's right, Zhao Ya, you six girls all performed well."

When the six girls of Zhao Ya heard Su Chen's praise for them, smiles appeared on their pale faces.

Everything was worth it.

Su Chen recognized them, and the six girls of Zhao Ya didn't have to worry that Su Chen would give up on them. Shangguan

Yalan pointed her gun at Li Hui, who was lying on the ground.

She asked Su Chen,

"Sir, what to do with this leading thug? Do you want to kill him with one shot?".

Chapter 2779

Su Chen looked at Li Hui and shook his head. He was the leader of the thugs.

Even if he wanted to kill him before, he would not waste his hands. He was a person who was worse than a beast. Su Chen planned to let the remaining female soldiers kill Li Hui.

"Cui Siying, go and untie the three women who are tied up. Let the leader of the thugs kill the remaining female soldiers."

"Yes, sir!"

Cui Siying nodded to Su Chen, and she hurriedly walked towards Lin Yun and the three girls.

"Xu Xuan, please collect the firearms around you."

"Yes, sir!"

After a while,

Lin Yun, Song Yuxi, and Leng Qingxue came over.

Leng Qingxue held a dagger. She stabbed Li Hui who was lying on the ground with a cold expression.

Li Hui was stabbed in the chest and shouted,

"Ahhhhh....., don't kill me, I was wrong, don't kill me!"

"Li Hui, bury with my comrades, bury with my captain, bury with the woman who died after being insulted by you."

Leng Qingxue shouted while stabbing Li Hui with a 01 dagger.

Her team was not surrounded by dead zombies, but was killed by these thugs in a sneak attack.

Leng Qingxue hated Li Hui very much.

She didn't want to It will make Li Hui die happily. Leng Qingxue will kill Li Hui cruelly.

"Lin Yun, long time no see!"

Su Chen looked at Leng Qingxue brutally killing Li Hui. He waved to Lin Yun next to him and said,

"Who are you? We know each other?"

Lin Yun looked at Su Chen, who was wearing a combat uniform and a combat helmet on her head. She was very confused. Would a soldier know her?

This soldier's voice was very strange. Lin Yun had never heard it before. Who could this soldier be? ?

"Suchen!

Lin Yun shouted with surprise, "What?" Are you Su Chen? How can this be? Can you speak?"

Song Yuxi stared at Su Chen with big eyes,

Su Chen?

Isn't this the name of the zombie man?

A zombie can actually talk? And he brought several women to save them? This is incredible.

Su Chen shook his head said,

"Lin Yun, we will discuss this matter later. We are leaving. Will you leave with us or continue to stay in the hotel?"

"Leave, we leave with you."

Lin Yun pulled Song Yuxi and hurriedly walked to Su Chen.

She would not stay in the hotel anymore.

After experiencing this incident,

Lin Yun knew the cruelty of the end of the world.

If she and Song Yuxi continued to stay, they would be eaten by zombies. If you do, you will be caught, humiliated and tortured by other thugs

"OK, let's leave!"

Su Chen nodded to Lin Yun and prepared to leave. As for the remaining people in the hotel, Su Chen will not care about their life or death. Whether they live or die in the future is none of his business.

"Wait, let's leave with the civilians here."

After Leng Qingxue slit Li Hui's throat, she hurriedly ran to Su Chen and shouted.

Su Chen shook his head and refused,

"Sorry, these people have nothing to do with me."

Leng Qingxue frowned and shouted,

"You are a soldier, shouldn't you be protecting civilians?"

Su Chen curled his lips and said disdainfully,

"soldier? You are wrong. I am not a soldier. I picked up these combat uniforms and weapons on the road."

"you...."

"You can stay to protect civilians, and I didn't say I would take you away."

"I...."

"Zhao Ya, let's leave."

Su Chen waved his hands to the women next to him and shouted.

He had no intention of saying anything to Leng Qingxue.

A heroic female soldier. Although Su Chen needed her to teach those women in Zhao Ya how to use firearms, a virgin bitch Su Chen doesn't need female soldiers, either.

"Yes, sir!"

Zhao Ya and the six girls hurriedly followed Su Chen and left.

They would not save the common people here. In the apocalypse, people's hearts are unpredictable. Under despair and desire, (for reading Baoshuang novels, go to Feilu Novel Network!)

Common people will also do crazy things. They are all victims and they also know the cruelty of the apocalypse.

"Sister Leng, leave with us quickly"

"Qingxue, leave. The civilians here are not worth saving. Have you forgotten? These people all surrendered to Li Hui, their hearts have changed, and they are no longer the law-abiding and kind-hearted common people they used to be."

Song Yuxi and Lin Yun pulled Leng Qingxue and left in a hurry.

Leng Qingxue is an admirable female soldier. If Leng Qingxue hadn't protected them today, Lin Yun and Song Yuxi might have been humiliated and ruined by Li Hui.

Half an hour later ,

Su Chen carefully crossed the street with a few women.

He could cross the street in five minutes alone. After all, zombies would not attack him.

Outside the residential area,

Su Chen said to Zhao Ya,

"Zhao Ya, you go back first, I will collect some weapons."

Zhao Ya said hurriedly,

"Sir, we can help you collect weapons"

"No, there are a lot of zombies at the intersection. You go back first and wait for me in the activity room on the tenth floor tomorrow."

"Well, sir, be careful."

Su Chen said to Lin Yun,

"Lin Yun, Zhao Ya will take you to a safe place. You should follow Zhao Ya's arrangements along the way."

"OK!"

Lin Yun nodded to Su Chen.

She was not too worried about Su Chen collecting weapons.

Su Chen was a zombie, and zombies on the road would not attack Su Chen.

However,

Lin Yun couldn't understand why Su Chen would. With such a big change,

Su Chen not only has human consciousness as a zombie, but can also speak.

Su Chen waved to the women and headed towards the intersection.

As for Leng Qingxue, who was brought by Lin Yun , he didn't care.

If Leng Qingxue still looked like a virgin bitch in the future, Su Chen would drive Leng Qingxue away.

When Zhao Ya saw Su Chen leaving, she said to Lin Yun,

"Lin Yun, if you leave with us, it won't be safe here either."

"good!"

An hour later,

Su Chen had a lot of harvest at the intersection.

He collected guns and ammunition.

More than 3,000 various firearms, countless ammunition, grenades, smoke grenades, portable rocket launchers, and some military communications Su Chen also collected the equipment.

Twelve armored vehicles were intact, more than ten military off-road vehicles were intact, and five tanks were intact. Su Chen also collected these into the system space.

"It's time to go back!"

The next day, at the activity center on the tenth floor of the residential building, more than thirty beautifully dressed women arrived early in the morning. After seeing the weapons and equipment in the activity center, they all opened their sexy little mouths in confusion. Forced

"Oh my god, why are there so many weapons and equipment in the activity center?".

Chapter 2780

In the activity center, there are all kinds of guns and ammunition, grenades, smoke bombs, black special operations uniforms, body armor, night vision goggles, and all the combat materials owned by the special forces troops.

Leng Qingxue said in surprise,

"Su Chen actually collected so many weapons and equipment in one night? There were several military vehicles loaded with weapons and equipment at the intersection. Wouldn't Su Chen have moved all the weapons in the military vehicles? Xu Xuan:"

Probably, Mr. Su Chen may not have had a rest all night.""

Shangguan Yalan:"We were supposed to wait for Mr. Su Chen under the building yesterday evening."

Zhao Ya:"Yes, we were supposed to help Mr. Su Chen transport weapons and equipment yesterday evening.

Cui Siying:"Let's check the equipment here. Don't disturb Mr. Su Chen's rest first. Leng Qingxue, you are a soldier. Please allocate the weapons and equipment here to us.""

Leng Qingxue nodded and said seriously,

"good! We have a total of thirty-nine women here. We are divided into four groups, each with nine people. I will be responsible for training you, and the remaining two women will be responsible for logistics. I will allocate weapons and equipment to you according to the special teams."

"good!"

Shangguan Yalan and Zhao Ya all nodded.

Leng Qingxue's arrangement was correct.

These women should be divided into 457 combat teams. The grouping can allow them to quickly form combat effectiveness, and they can also cooperate with teammates who are familiar with each other.

Lin Yun hurriedly raised her hands and said,

"Song Yuxi and I are in charge of logistics.

Song Yuxi also nodded hurriedly and said,"Well, Sister Lin Yun and I are responsible for the logistics.""

"Can!"

Zhao Ya nodded in agreement.

Lin Yun and Song Yuxi knew Su Chen. They were responsible for logistics and took care of Su Chen's daily life.

Su Chen looked outside the activity center and left quietly.

There was a female soldier, Leng Qingxue, there.

He doesn't need to worry too much about women like Zhao Ya. Su Chen is going to let Zhao Ya and the women absorb the zombie's crystal core.

Su Chen returned to the room and asked through the communication system,

"System, how can the zombie crystal core be absorbed perfectly?"

【Ding, host, the zombie crystal core can be placed on the forehead to absorb. After absorbing the first zombie crystal core, a person can double his strength and physical fitness.】

【Absorbing ten pills can double your strength and physique again, twenty pills will double it again, forty pills will double it again, and so on. After increasing your strength and physique ten times, you will become a one-star warrior after being upgraded again. And (abdj) also has a chance to get superpowers. 】

Su Chen understood after hearing the system's words.

The zombie crystal core is still very useful to ordinary people.

One crystal core can double the physical quality and strength, and ten crystal cores can double the physical quality and strength again. Each time it is doubled, the physical quality and strength will be doubled. Can double your physical fitness and strength.

After increasing their physical fitness and strength tenfold, humans will become warriors and have a chance of gaining superpowers.

Zombie crystal cores are a kind of treasure in this world, but zombie crystal cores are not easy to obtain. Only one fifth of zombies will have crystal nuclei, and zombies may also evolve, but I don't know how zombies will evolve.

Su Chen has more than a thousand crystal nuclei. Including the crystal nuclei obtained from hunting zombies on Zhetian, he only has less than 2,000 crystal nuclei in his hand.

There are almost four women in the building.

These women can increase their physical fitness by up to three times. And strength,

Lin Yun and Shangguan Yalan are six or seven women, they can increase their physical fitness and strength to four times.

At almost noon, seven of them, Zhao Ya, Cui Siying, Shangguan Yalan, Xu Xuan, Leng Qingxue, Lin Yun, and Song Yuxi, arrived in Su Chen's room.

"Sit down, everyone!"

Su Chen waved his hands as he looked at the fully armed women.

The seven women were all very beautiful, with plump and bumpy figures. Their tight-fitting combat uniforms fully revealed their curves and bumps. The charming women were very eye-catching.

This film Luxury communities are where rich people live, and the women here should all have good backgrounds.

"Thank you, sir!"

Zhao Ya and Lin Yun thanked Su Chen and sat down.

Su Chen took out some zombie crystal cores and put them on the bed and said (To read Baoshuang novels, go to Feilu Novel Network!)

"Each of you take one of these zombie crystal nuclei and press it on your forehead to absorb it."

"Yes, sir!"

The girls took out a crystal core and put it on their foreheads. They had all heard that crystal cores could improve their strength.

Leng Qingxue, Lin Yun, and Song Yuxi also heard Zhao Ya say it yesterday evening, and they were all a little excited.

Improving strength?

This is a dream in the apocalypse.

Women like them want to survive in the apocalypse. It is impossible to survive without strength.

Ten minutes later,

Zhao Ya and the girls opened their eyes one after another, and their faces showed Smiles, strength, they all feel that the power in their bodies is much stronger, and their bodies also feel very relaxed.

"I feel my strength has increased a lot"

"Me too, and my body feels a lot more relaxed, and my physical fitness seems to have increased."

"Yes, our strength has at least doubled and our physical fitness has also increased."

"Why does it stink so much? Didn't we just take a shower this morning?"

"ah! There is dirt in our bodies. This may be because the energy of the crystal nuclei expels the dirt from the body."

Zhao Ya and Cui Siying were talking happily, but after they smelled the stench on their bodies, the girls lowered their heads with red faces one by one.

Su Chen took out all the crystal nuclei and said hurriedly,

"You take these crystal nuclei back and absorb them. Absorbing one crystal nucleus can double your physical fitness and strength. Ten crystal nuclei can double your physical fitness and strength again. In the future, it will be doubled."

"There are less than 2,000 crystal nuclei here. You seven women can increase your body host and strength four times, and the other women can increase your physical quality and strength three times."

Su Chen was also speechless.

He didn't expect that absorbing the crystal core would expel dirt from the body. The room now stinks. This room can no longer be inhabited. Su Chen wants to send these women away.

"OK sir!"

Zhao Ya and the girls hurriedly left the room with the crystal core.

They were all women, and they were also beautiful women.

Zhao Ya and the girls were stinking in front of Su Chen. They were very embarrassed and embarrassed.

Su Chen shook his head and left the smelly room. He was looking for a clean room to live in.

Three days later, more than thirty women had absorbed the crystal core, giving them three times the strength and physical fitness. Each of these women was stronger than the special forces. Be strong.

And under their training under Leng Qingxue, the girls are also familiar with the use of firearms.

In the activity center,

Leng Qingxue said with a serious face,

"Today we are going to kill zombies in the building next to it. The four teams will go out together this time. After you no longer panic and fear when hunting zombies, the four teams will hunt zombies separately."
