

Zongwu 2791

Chapter 2791

On the sea, sixteen warships fled quickly, with a huge mutant shark chasing after them.

In the command room, a staff officer reported to a heroic midday man,

"General Wei, the mutant sharks have not stopped. Our Yongchang destroyer has been severely damaged and severely lacks power. The Yongchang may not be able to escape the pursuit of the mutant sharks. General Wei ordered with a serious face,

"Order all ships' missiles to attack, and the ship-borne artillery not to stop. The Yongchang must be allowed to escape into the Yangtze River."

"Yes, General!"

"General, there is a yacht ahead, and the yacht is also escaping to the Yangtze River Estuary. Do we want to save the people on the yacht? General Wei shook his head and said helplessly,

"It's too late, our warships cannot stop. Alas, life or death depends on their fate."

Boom!"One-three-zero!" Woohoo!

Suddenly, the alarm in the command ship rang, and a soldier hurriedly reported,

"According to reports, the Jining sank and the Jining was sunk by a mutated shark."

Bang!

General Wei is ruthlessly mashed it on the table,

"Damn it, order all the warships to escape quickly and not to come into direct contact with the mutated sharks"

"Yes, General!"

On the sea, the yacht is getting closer and closer to the Yangtze River estuary. The warships behind it overtake the yacht and rush towards the Yangtze River estuary one by one.

Boom boom boom boom.....

Missiles attacked the mutant shark behind.

More than a dozen warships launched missile attacks while quickly moving away from the yacht and heading towards the Yangtze River Estuary.

Ouch!

The mutant shark suddenly emerged from the water and roared.

Su Chen looked at the mutant shark getting closer and closer and ordered,

"Shangguan Yalan, Cui Siying, Lin Yun, Song Yuxi, and Zhao Ya, the five of you are going to jump on the back of the mutant shark and attack. It is best to break a hole and enter the mutant shark's body to attack."

The five Shangguanya girls nodded seriously,

"Yes, sir!"

Su Chen touched their faces one by one and reminded,

"Be careful. You have just developed your magic power. You have no advantage in the sea. You can only kill the mutant shark by breaching its body and entering its body."

"Sir, we understand!"

"Xu Xuan, you and the other girls are in charge around the yacht. There will definitely be many mutant beasts at the Yangtze River Estuary."

"Yes, sir!"

"Get ready!"

Su Chen nodded to the girls.

If the mutant shark cannot be killed in this battle, all of them will die.

The mutant shark cannot rush over, otherwise, the girls on the yacht will also be killed or injured. Shangguan Yalan's five girls This is their trump card. They cannot fail. Failure would mean the entire army is annihilated.

Su Chen's communication system asked,

"System, I really can't get my Luoxue Sword out?"

【Ding, host, in the last trial, the ladder discovered that you had a hiding space. If you take out the Luo Xue Sword again, the ladder will take it away instantly, and the host may also be judged to have failed the trial.】

"Damn it, you won't leave any space on the ladder for me."

【Ding, host, just be content. The Black Armored Army's sword and low-level spiritual fruit are not banned from the ladder. This is already a great care for you.】

"That's right."

Su Chen felt good when he heard what the system said.

Tianti knew that he had a hiding place, but the weapons and low-level spiritual fruits of the Black Armored Army were not prohibited.

Tianti still had some conscience.

Su Chen saw that the mutated shark was less than a mile away, and he He ordered the five ladies of Shangguan Yalan,

"Shangguan Yalan, go ahead and be careful."

"We will come back safely."

The five Shangguan Yalan girls hugged Su Chen one by one, and they jumped into the sea and rushed towards the mutant shark. (To read Baoshuang novels, go to Feilu Novel Network!)

"I wish you good luck and make sure you all come back safely."

Su Chen looked at the five girls rushing towards the mutated shark and said silently.

He is a useless person.

He will not be of any help to the five girls of Shangguan Yalan in their battle.

Su Chen only encouraged the five girls of Shangguan Yalan. They could watch the five girls fighting the mutated shark from a distance.

Xu Xuan and the other girls looked at the five Shangguan Yalan girls one after another.

They understood the danger of this battle.

If the five Shangguan Yalan girls failed and were killed, it would be their turn next time. These women, they will die in front of Su Chen.

Boom!

Suddenly, two of the more than ten warships in front exploded, and thousands of mutated sea beasts rushed onto the warships. Every warship was full of Mutated sea beasts.

Although low-level mutant sea beasts are not powerful, there are too many of them. The machine guns on warships, anti-aircraft firepower, and the firearms in the hands of soldiers cannot intercept all the mutant sea beasts. 0.

Xu Xuan saw The situation ahead hurriedly ordered,

"Everyone is prepared, we must not let the mutated sea beasts rush onto the yacht."

"Yes, Captain!"

The girls were scattered around the yacht, each holding a sword and watching the surroundings.

Leng Qingxue said to Liu Rong beside her,

"Sister Rong, go to Su Chen. He has a team protecting him. You will be very safe with Su Chen. I will help others deal with the mutated sea beast."

"Okay, Qingxue, you have to be careful."

Liu Rong nodded to Leng Qingxue, and she hurriedly went up to the second floor of the yacht.

She couldn't help Leng Qingxue and the girls, and Liu Rong didn't want to drag down Leng Qingxue's fight for a while.

Su Chen frowned and looked at Ahead, he had previously guessed that there would be many mutant beasts in the Yangtze River, but there were too many mutant sea beasts. As soon as more than ten warships entered the Yangtze River, tens of thousands of mutant sea beasts began to attack the warships.

Su Chen thought for a while and whispered,

"More than a dozen warships are going to be screwed. The mutated beasts in the Yangtze River should be concentrated together, and they must not go deep into the Yangtze River."

Liu Rong just arrived and nodded when she heard Su Chen's words.

The mutant sea beasts in the Yangtze River gathered together like the zombie tide.

If the yacht goes deep into the Yangtze River, they may encounter tens of thousands or even hundreds of thousands of mutant sea beasts. The women on the yacht No matter how powerful they are, they will never be able to kill all the mutated sea beasts even if they are exhausted.

2.5"Let's begin!""

Su Chen suddenly saw the five Shangguan Yalan girls rushing out of the sea. They quickly jumped on the back of the mutant shark one by one.

Liu Rong also looked over hastily.

The five Shangguan Yalan girls were fighting against the mutant shark that was hundreds of meters away. , monsters?

These could only be seen in movies, but the reality really appeared in front of her.

The world has changed drastically.

Ordinary people without strength can only become food for zombies and mutant beasts.

Bang

Shangguan Ya took the sword and fiercely It hit the mutated shark's back hard, and a spark came out.

Only a trace was left on the mutated shark's body, and no flesh and blood was cut out.

"Everyone, hurry up and break open the mutant shark's back. We can only kill it by entering its body."

Chapter 2792

Zhao Ya and Cui Siying all nodded, and they quickly chopped at the mutated shark with their swords.

Sparks were chopped out, and marks were left on the mutant shark's back. It would be impossible for them to break through the mutant shark's body for a while.

Wow!

"careful!"

The mutated shark suddenly swooped into the seabed, and the five Shangguan Yalan girls were knocked over one by one by the sea water. The five Shangguan Yalan girls fell into the sea one after another, and the mutant shark turned around and rushed back with its bloody mouth.

The five girls quickly rushed out of the sea. Swinging the knife to chop at the mutated shark, the hundreds of meters long mutated shark rushed in. Song Yuxi, Lin Yun, and Zhao Ya were swept away by the tail of the mutated shark.

"kill!"

Cui Siying jumped up and slashed at the mutant shark with her knife.

Bang!

The mutant shark collided sideways.

Cui Siying had just slashed onto the mutant shark, and she was also knocked dozens of meters away by the mutant shark.

Plop!

Cui Siying fell violently into the sea. She coughed, and blood flowed from her mouth.

Shangguan Yalan and the other girls were also knocked away by the mutant sharks. Lin Yun and Zhao Ya were almost swallowed by the mutant sharks.

They kept rushing out of the sea to kill the mutants. Sharks, but this was of no use at all. They were chopped again and again, and were knocked away again and again. The women were injured to varying degrees.

Whoosh,

Shangguan Yalan rushed out of the sea again.

She took a look at the women in the air and found that the girl Alone, Cui Siying and the girls kept charging towards the mutated shark, but where was Lin Yun?

Why was Lin Yun missing?

"Where is Lin Yun?"

Zhao Ya raised her knife and quickly rushed towards the mutated shark and shouted,

"Ignore Lin Yun for now and rush over quickly. We can't let the mutated shark rush to the yacht."

Song Yuxi cried with tears,

"Sister Yalan, Sister Lin Yun.....Sister Lin Yun was swallowed by a mutated shark."

Song Yuxi hates herself very much.

She was in danger before, and it was Lin Yun who saved her regardless of the danger. If Lin Yun hadn't saved her, the mutated shark would not have swallowed Lin Yun.

She was the one who killed Lin Yun.

Song Yuxi is resentful. She swung her knife towards the mutated shark.

She wanted to avenge Lin Yun.

Even if she died, she would kill the mutated shark.

"Damn it, kill, kill the mutated shark!"

"Kill and avenge Lin Yun!"

"Kill, take revenge for our sisters"

"The mutant shark must be killed to avenge Lin Yun, and for the sake of the husband and many sisters on the yacht, we must die together with the mutant shark."

"kill!"

Shangguan Yalan and Cui Siying rushed towards the mutant shark desperately. They were all very sad about

Lin Yun's death, but for Su Chen on the yacht and for the dozens of sisters on the yacht, they risked their lives and rushed towards the mutant shark. On the yacht, Su Chen looked at the battle in the distance with an expressionless face. The battle of the five Shangguan Yalan women was useless. The five women could not break the mutated shark's body. They had no way to kill the mutated shark. Lin Yun's Disappeared, Su Chen guessed that something might have happened to Lin Yun. Lin Yun was either seriously injured and fell into the sea, or was swallowed by a mutated shark. Xu Xuan suddenly shouted,

"Be on guard, mutant beasts appear."

Bang bang bang....

Three-meter-long mutant beasts suddenly jumped onto the yacht. The women on the yacht quickly slashed at the mutant shark with their knives.

"kill!"

One by one, the women swung their swords and killed the mutant beasts instantly. The weak mutant beasts posed no threat to the girls.

However, there were too many mutant sea beasts. One by one, the mutant beasts were killed by the girls, and one after another, the mutant sea beasts emerged from the sea. Jump on the yacht, da da da da.....(To read Baoshuang novels, go to Feilu Novel Network!)

A heavy machine gun on the deserted snow shelf quickly shot down the mutated beasts.

The 7.62mm bullets shot at the mutated beasts. Each mutated beast had not yet jumped onto the yacht. He was shot dead. Leng Qingxue and the girls were not slow at all in killing the mutant beasts.

Su Chen rubbed his forehead and looked at all this.

The trouble was serious.

Shangguan Yalan and the girls had nothing to do with the mutated sharks. The largest number of mutated beasts kept rushing up on the yacht. There were wolves in front of them and tigers in the back. Su Chen and the girls were caught in a dilemma

"Mr. Suchen, do you have any idea?"

Liu Rong looked at all this and asked Su Chen hurriedly.

Shangguan Yalan and the girls were constantly being knocked away by mutant sharks. Lin Yun might have been killed by mutant sharks.

The yacht was also constantly being attacked by a large number of mutant beasts. If not Kill the mutant sharks and cannot escape the siege of the mutant sea beasts. They will all die in this sea.

"Method?"

Su Chen looked at Liu Rong and shook his head.

What can he do?

Su Chen is not even as good as Liu Rong, the ordinary policeman. How can he solve all this?

Liu Rong asked eagerly, "Mr. Su Chen, you have no other way. ?"

Su Chen shook his head and replied,

"No! Liu

Rong grabbed Su Chen and shouted,

"`.Why can't you do anything? You are the hope of the women here. If you can't do anything, everyone on the yacht will be killed. Please think of a way."

No way?

If Su Chen had no other way, all the girls on the yacht would be killed by mutant sharks.

Liu Rong is not afraid of death, but the girls on the yacht are very powerful women. Liu Rong doesn't want these powerful women to die. Die here.

Su Chen shouted with an ugly face,

"Method? I'm just an ordinary person. If I had my way, if I had the ability to kill mutant sharks and these mutant beasts, do you think I would sit here and be protected?"

Damn it,

Su Chen became irritated.

He almost quit this trial before. More than two months later, after climbing seven or eight steps on the nine-thousand-layer ladder, Su Chen quit the trial of this world. He won't fail when he climbs the ladder. At worst, he changes his identity and continues the trial (Li Li's).

But ~ but after he leaves, what will happen to Shangguan Yalan and the other women?

What will happen to the more than thirty women on the yacht? ?Are all women left to die?

"what to do? what to do?"

Su Chen rubbed his forehead and felt very helpless. If he didn't leave this world, he would fail to climb the ladder to heaven. If he left, he would not be able to overcome this hurdle in the future.

"sorry!"

Liu Rong saw the painful and ugly look on her face, and she understood how uncomfortable Su Chen felt. It was Su

Chen who saved these women, Shangguan Yalan, and it was Su Chen who trained them to become stronger.

Su Chen didn't want to look at these women either. He died, but Su Chen was right.

He was just an ordinary person. Facing the terrifying mutant sharks and mutant beasts, Su Chen was powerless.

【Ding, host, there is a way.....】

Chapter 2793

【Ding, host, there is a way for you to survive the crisis! 】

Su Chen heard the sudden reminder from the system girl.

He frowned and was very confused.

The system girl actually took the initiative to help him. This made Su Chen a little confused. It was impossible for the system girl to help him until he was in crisis. Su Chen said at the moment The danger is very dangerous.

But if he withdraws from this trial,

Su Chen will not fail in climbing the ladder. How could the system girl be so kind this time? Are we making excessive demands again?

When Liu Rong saw Su Chen standing up with a frown on her face, she asked doubtfully,

"Mr. Suchen, what's wrong with you?"

Su Chen waved his hand and replied,

"nothing!"

"System girl, what can I do?"

【Ding, host, I want half of the reward from the 10,000th level of the ladder. I can tell you a way to survive the crisis. 】

I'll do it!

Half of the reward for the 10,000th level of the ladder?

What the hell!

There is no such black-hearted robbery as taking advantage of the situation.

The reward for the 10,000th level of the ladder.

Su Chen didn't know what the reward for the 10,000th level of the ladder was, but the girl from the system actually asked for half of it in advance? too dark.

Su Chen was very speechless.

It was still unknown whether he could climb to the 10,000th floor of the ladder.

What kind of treasure would be rewarded on the 10,000th floor of the ladder? Did the system girl know about 603 in advance?

"Girl, what is the reward for reaching the 10,000th level of the ladder?"

【Ding, the 10,000th level of the ladder has an 80% chance of rewarding Hongmeng spiritual liquid, a treasure that is a hundred times more powerful than the source of heaven. 】

Su Chen asked hurriedly,

"What if not?"

【Ding, without Hongmeng Spiritual Liquid, the system would not need half of the rewards of the 10,000-level ladder.】

"Girl, I agree!"

Su Chen agreed without hesitation.

Although the Hongmeng Spiritual Liquid is hundreds of times more precious than the source of Heavenly Dao, Su Chen has no regrets. After all, he is used to being blackmailed by system chicks. Regarding the blackmail from system chicks

,

Su Chen felt in his heart Although it was very painful, he was not reluctant to give up.

If the system girl upgrades successfully, the system will be of great help to Su Chen in the future.

【Ding, host, your blood and blood essence have been weakened to one billionth by the ladder. The host can take a drop of blood essence and apply it on the sword of the Black Armored Army. This will upgrade the sword of the Black Armored Army to a spiritual weapon. It is easy for the spiritual weapon to kill the mutated shark. 】

Essence and blood?

Su Chen shook his head when he heard the system girl's method.

Essence and blood were crucial to him.

Take a drop of blood to kill a scumbag mutant beast? This is simply using diamonds as stones.

Damn it, what should I do?

Su Chen looked at the battle between Shangguan Yalan and the girls in the distance.

He had a headache.

How about collecting essence and blood?

A drop of blood essence takes thousands of years to recover. If Su Chen took a drop of blood essence in this small world, his strength would be affected, and he would not have time to recover in the time barrier.

Su Chen thought for a while and felt very helpless.

Forget it, just waste a drop of blood for the sake of the girls.

He took out a dagger and said,

"Liu Rong, take this dagger, open my chest and take out a drop of my blood."

"What?"

Liu Rong was stunned when she heard Su Chen's words.

She opened her chest to take blood?

Is Su Chen crazy?

Can she still survive after her chest was opened?

Su Chen handed the dagger to Liu Rong and said,

"Take the dagger and take out a drop of golden blood from my chest. I won't die, so you can take the blood."

"I...."

"There's no time, come here quickly to get blood. Do you want to watch everyone else be killed by mutant beasts?" (To read exciting novels, go to Feilu Novel Network!)

"good.....good..."

Liu Rong took the dagger with trembling hands.

She couldn't understand why Su Chen did this, blood?

A heartache?

Golden blood?

Is there golden blood in Su Chen's body?

"Damn it, Liu Rong, can your hands stop shaking!"

Su Chen saw Liu Rong's trembling hands trying to open his chest.

He was so frightened that he hurriedly stopped him.

Is Liu Rong still a policeman?

Why is the hand holding the dagger shaking?

Although he has a spiritual fruit, he can He is guaranteed not to die, but if Liu Rong pierces his heart, Su Chen will also die as an ordinary person.

"I....I try my best!"

Liu Rong smiled nervously.

It was funny when she saw Su Chen's scared look. She was going to open her chest to get blood. Liu Rong was worried that Su Chen would die just now.

She is not worried now.

Su Chen looked scared. It's impossible for him to commit suicide by looking like he died.

"Come on, it hurts. Liu Rong, can you be more quick with your actions? Aren't you a policeman? Don't make me suffer too much."

After Liu Rong scratched Su Chen's chest,

Su Chen broke out in cold sweat. He had no strength.

He had an ordinary body, no, an ordinary zombie's body. Su Chen couldn't bear such pain.

Liu Rong rolled his eyes at Su Chen. , she had just made a small cut on Su Chen's chest, and had not yet started to open the chest. Liu Rong did not expect that Su Chen was sweating profusely in pain, and she had a new understanding of Su Chen.

"Liu Rong, you are seeking death!"

Suddenly, a woman next to her saw that Liu Rong was about to kill Su Chen. She waved her sword and rushed towards Liu Rong.

Su Chen hurriedly stopped him and said, "I'm going, Su Ruolan, stop it quickly."

"gentlemen?"

Su Ruolan's sword was held on Liu Rong's neck.

She looked at Su Chen in confusion.

Liu Rong was holding the dagger to kill Su Chen. Why did Su Chen stop her from killing Liu Rong?

"Su Ruolan, quickly find a bottle to catch my blood."

Su Chen waved his hand and ordered Su Ruolan.

The blood on his body flowed out.

This blood cannot be wasted.

There are more than thirty women on the yacht who have not yet cultivated their magic power. This blood can be drunk by the women to change their physiques and practice. Use mana.

Su Ruolan nodded quickly and replied,

"OK, sir."

Liu Rong wiped the cold sweat from her forehead.

She was almost decapitated by Su Ruolan's knife. The cold blade scratched the back of her neck.

The women on the yacht were too concerned about Su Chen and they didn't ask. I almost killed her by mistake when I asked about the situation.

"Liu Rong, don't be stunned, hurry up and get blood"

"yes!"

After a while,

Su Chen gritted her teeth and endured the pain.

Liu Rong opened Su Chen's chest. She used a flashlight to search for the golden blood in her chest.

Su Ruolan held a bottle and carefully collected the blood that flowed out. She looked at Su Chen. Chen was in pain and looked very worried.

Liu Rong suddenly shouted,

"Found it, I found the golden blood, Mr. Suchen, I found the golden blood"

"What are you waiting for, Liu Rong, quickly take out a drop of golden blood. Use this jade bottle to take it. Do not touch the golden blood with your hands."

Chapter 2794

Su Chen took out a jade bottle and handed it to Liu Rong.

Although his essence and blood had been weakened to one billionth, it was not accessible to ordinary people. If Liu Rong came into contact with her essence and blood, she might be instantly The essence and blood are burned to ashes.

Liu Rong took the jade bottle and carefully took out the golden blood. The golden blood looked very scary.

Exuding a terrifying aura and blood,

Liu Rong was sweating profusely and it was very difficult to even breathe.

After a while,

Liu Rong used a dagger to put a drop of golden blood into the jade bottle.

She was soaked all over, and her uneven figure was fully exposed, and her proud mountain was constantly trembling.

Su Chen saw Liu Rong take out a drop of blood essence, and he quickly ate the spiritual fruit to recover from the wound.

"Xu Xuan!"

"Sir, what's wrong with you?"

Xu Xuan quickly came to Su Chen's side. She was very surprised to see Su Chen's chest and mouth covered with blood.

Su Chen was injured?

What's going on?

Aren't there a team of women around to protect Su Chen? ?Su Chen was seriously injured in this way.

Su Chen shook his head and said hurriedly,

"There is my essence and blood in the jade bottle. Use your sword to stick my essence and blood on it to kill the mutant shark. Lin Yun may not be dead. Cut open the mutant shark's body to look for Lin Yun."

"Yes, sir."

Xu Xuan understands, essence and blood?

She has learned what essence and blood is in cultivating immortals. Essence and blood can be said to be the foundation of immortality. Su Chen is opening his chest to take out the essence and blood.

Xu Xuan did not expect that Su Chen would do this.

Everyone The woman had guessed that Su Chen might be an immortal cultivator who had not yet recovered from a serious injury. Otherwise, Su Chen would not have the skills to cultivate immortality and powerful blood. Moreover, they might not be able to absorb the huge energy in the blood for hundreds of years. End.

Xu Xuan bowed gratefully to Su Chen and left quickly.

She had no time to thank Su Chen.

Shangguan Yalan and the other girls were in danger.

She wanted to use Su Chen's essence and blood to kill the mutated shark first. She wanted to thank Su Chen. They There will be time in the future

"I leaned in, my chest really hurt."

Su Chen saw Xu Xuan jumping tens of meters away. He looked at his chest and ate the spirit fruit in a hurry, the blood spirit fruit.

This is a low-grade spirit fruit that can heal wounds.

Within a quarter of an hour,

Su Chen's wound will be healed. As before.

Su Chen couldn't take out the best fairy fruit, and it was impossible for him to take out the best fairy fruit on the ladder to heaven.

Su Ruolan was worried about Su Chen and asked,

"Sir, are you okay?"

Su Chen shook his head and replied,

"I'm fine, Su Ruolan, keep my blood. If you want to practice magic, you must each take a sip of my blood."

"I see!"

Su Chen leaned on the chair and waited for the wound to recover.

A quarter of an hour is fifteen minutes. This time is neither long nor short. Maybe Xu Xuan can kill the mutated shark in less than fifteen minutes, but where is the yacht going?

Liu Rongca Wiping the sweat from his forehead, he asked, "Mr. Su Chen, how come your blood is golden? And it's still very scary. Are you an immortal cultivator? Or a fairy?"

Su Chen curled his lips and said with a smile,

"I am the Emperor of Heaven in the Immortal Realm, do you believe it?"

Damn it, hasn't Liu Rong discovered her attractive figure?

The soaked dress clings tightly to her body, and her curved figure and alluring mountains are fully exposed, and Liu Rong's You can clearly see your underwear.

Liu Rong said in disbelief,

"Emperor of Heaven? Why didn't you say that you were the Jade Emperor in heaven?"

Su Chen mocked disdainfully,

"The Jade Emperor? Haotian? That stupid Emperor of Heaven was killed by me. What am I doing as a fool?"

"Tsk, just talk nonsense!"

Liu Rong was speechless towards Su Chen. (To read Baoshuang novels, go to Feilu Novel Network!)

Su Chen was so bragging that he didn't write a draft.

Liu Rong guessed that Su Chen should be an immortal cultivator, and he also had a body. Immortal cultivator in this situation.

Emperor of Heaven?

Does Su Chen look like Emperor of Heaven?

Is Emperor of Heaven so young?

Su Chen smiled when he saw Liu Rong didn't believe him. He had no intention that Liu Rong would believe his words. If Liu Rong believed his words easily, Su Chen would also think Liu Rong was an idiot.

Su Chen pointed at Liu Rong's chest and reminded,

"Liu Rong, your black underwear is exposed. I didn't expect you to be a sultry girl."

"Shameless!"

Liu Rong lowered her head and saw that the black underwear was exposed, and the wet skirt was sticking to her body. She blushed and hurriedly protected her chest.

Su Chen shouted speechlessly,

"Cover your ass, Liu Rong, I could clearly see the sexy swimsuit you were wearing before, isn't it unnecessary for you to cover it now?"

"you.....0."

Liu Rong stared at Su Chen in shame and anger. It's so disgusting.

Is this what a human said?

Su Chen actually peeked at her earlier, which made Liu Rong blush and want to leave Su Chen's side.

On the yacht The battle was still going on intensely. Thousands of mutated sea beasts kept jumping on the yacht.

The women kept waving their sabers to kill the mutated sea beasts. The sea area was completely stained with blood, and countless corpses were attracted. More mutated sea beasts arrive

"Sisters, look, three warships have retreated!"

"Don't worry about those warships. Pay attention to your surroundings. You must not let a mutated sea beast break through our defenses."

"We understand that as long as we are here, it is impossible for the mutated sea beasts to break through our defenses."

"Please note that the blood around will attract more mutated sea beasts. We must persist until the captains of Shangguan Yalan return."

"No, the warship is coming towards us. The warship is not going to sink our yacht, right?"

"Lan Xi, please inform Mu Hanxi quickly and ask her to be careful not to be hit by a warship on our yacht."

"good!"

When the girls on the yacht saw the warship retreating, they all became vigilant. They didn't know whether the troops on the warship would have any tricks, but the girls would be careful of the sudden attack on them by the warship.

Liu Rong saw The three warships that returned shook their heads and said,

"There were more than ten warships, and three were left in less than half an hour. There were so many mutated sea beasts in the Yangtze River that we couldn't even count them."

Su Chen looked at the warship and asked,

"Liu Rong, if a warship approaches us or asks us for help, what are you going to do?"

"I? I have no idea!"

Liu Rong heard Su Chen ask and shook her head.

The warship ignored them at first and fled to the Yangtze River. If the soldiers on the warship came to ask for help, she didn't know what the girls would do.

Liu Rong was a freeloader on the yacht. , she cannot and will not make decisions for the girls.

Su Chen unexpectedly glanced at Liu Rong.

Liu Rong's performance was not bad.

She did not make idiotic decisions without authorization, and she was not a stupid virgin bitch.

"The mutated shark is about to be killed, Liu Rong, inform Mu Hanxi to drive the yacht away from the Yangtze River, away from this sea stained red with blood and corpses"

Chapter 2795

Far away on the yacht,

Xu Xuan held a sword smeared with essence and blood and easily split open the mutated shark's body.

After the swords of Shangguan Yalan and the other girls were smeared with essence and blood, they angrily chopped at the mutated sharks one by one.

Lin Yun may not be dead, they must quickly kill the mutated shark to rescue Lin Yun.

Ouch ouch.....

The mutated shark rolled over and tried to dive into the sea to escape, but its body was hacked with blood and flesh by swords. The huge wounds made the mutated shark roar in pain.

"Stop the mutant shark and never let the mutant shark escape."

"kill!"

"Chopping the fins of the mutant shark prevents the mutant shark from diving into the sea."

"Cui Siying, Zhao Ya, the three of us chopped the mutated shark's head together"

"good!"

Shangguan Yalan and the girls quickly attacked the mutant sharks.

Some of them were knocked away by the mutant sharks, but they quickly dodged and attacked the mutant sharks.

Aaaaaaaaaaaaaaaaaaaaaaaaaaaaa.....

Ten minutes later, the mutant shark moved slower and slower, and its fins were cut off one after another.

Song Yuxi and Xu Xuan attacked and killed them in the sea. They dived into the sea to prevent the mutant shark from diving into the sea. The mutant shark was undoubtedly dead. There were huge wounds on the body, and the mutated shark kept rolling in pain.

At this moment, three warships arrived not far from the yacht, and a staff officer asked,

"General Wei, the women on the yacht are all very powerful. They must all be evolutionaries."

"Yeah, we shouldn't have abandoned the yacht before."

General Wei nodded and replied.

The dozens of women on the yacht were too powerful.

Countless mutated sea beasts rushed onto the yacht and were killed. Moreover, they were killed by the women's swords, even hundreds of meters away. Several women also wanted to kill the mutant shark.

General Wei regretted it very much.

If he had ordered the warships to stop to rescue these women, more than ten other warships would not have sunk, and he would not have the face to go to the yacht. The women asked for help.

The staff officer frowned and asked,

"General, what should we do? General Wei shook his head and replied,

"Let's leave. The mutant beasts on the three large cruisers can't break into the cabin yet. We don't have the face to ask those women for help. Return to the base. The mutant beasts on the 10,000-ton cruiser won't stay on the cruiser forever."

"Yes, General."

The staff officer saluted General Wei and said that the huge mutant shark is about to be killed.

They will not be in danger if they leave now. As for the mutant beasts on the big drive, they are unable to deal with them. For a warship without ammunition, they can only expect mutations. The beast left the warship after a while.

On the yacht,

Liu Rong suddenly jumped up and shouted,

"Su Chen, look, the three warships have left"

"I see it, Liu Rong, if you keep jumping, your mountain will jump out."

Su Chen stared at the alluring Liu Rong with big eyes.

Damn it,

Liu Rong should be the woman with the largest breasts among the women.

A beautiful woman is indeed a beautiful woman.

Liu Rong's face was red, she hugged her breasts and cursed,

"Shameless!"

"Come on, you're dangling in front of me. I can't help but look at it."

"Color embryo!"

"I....Come on, I'm too lazy to talk to you, a big bear woman."

"You are such an asshole. Su

Chen threatened maliciously,"Liu Rong, if you keep scolding me, do you believe that I will kill you tonight?"

"Su Chen....Sir, are you my opponent?"

Liu Rong looked at Su Chen and shook her fist in a funny way.

She is a policeman (for Baoshuang novels, go to Feilu Novel Network!) and she is also a policeman who is an expert in fighting. Although Su Chen is an immortal cultivator, But now he is just an ordinary person, an injured ordinary person. Without magic power, Su Chen can knock down Su Chen with one hand.

Su Chen reminded disdainfully,

"Come on, Liu Rong, you are so courageous. Do you believe that I ordered all the girls to lie down naked and send them to my bed?"

"you....."

Liu Rong was stunned for a moment.

She thought about how the girls on the yacht obeyed Su Chen. If Su Chen let the girls take action against her, Liu Rong would be in a very tragic situation. Even Leng Qingxue would not be able to save her.

Su Ruolan suddenly shouted,

"Sir, the mutant shark was killed. The captains of Shangguan Yalan killed the mutant shark."

Su Chen looked over and hurriedly ordered, "Su Ruolan, quickly ask Mu Hanxi to drive the yacht over."

"Yes, sir!"

On the mutant shark,

Shangguan Yalan and the girls broke open the mutant shark's body to look for Lin Yun.

Lin Yun is an immortal cultivator.

As long as she is not bitten and killed by the mutant shark, Lin Yun has hope of survival.

"Sister Lin Yun, you must stay alive."

Song Tian'er got into the mutant shark's body to look for Lin Yun.

Lin Yun was swallowed by the mutant shark to save her. Song Yuxi must rescue Lin Yun from the mutant shark's body.

After a while,

Zhao Ya suddenly shouted,

"`.Found it, I found Lin Yun, Lin Yun is still alive, she just passed out."

Shangguan Yalan and the girls rushed over quickly.

Lin Yun was found by Zhao Ya and was not dead. This was the best news they heard.

Cui Siying came to Zhao Ya and shouted,"Quick, feed Lin Yun with the juice of the spiritual fruit."

"well!"

Song Yuxi hurriedly took out a spiritual fruit and crushed it. The juice of the spiritual fruit flowed into Lin Yun's mouth drop by drop.

"Cough cough cough...."

"Sister Lin Yun!"

Lin Yun coughed and woke up. Song Yuxi hugged Lin Yun who woke up and shed tears of joy.

"The yacht is coming, I took Lin Yun on board first"

"good!"

Three months later, in a manor in Magic City,

Su Chen was playing golf leisurely on the lawn.

More than two months ago, the zombie wave in Magic City dissipated, and

Su Chen took the girls back to Magic City. They found a luxurious manor to live in in the suburbs of Nuozhou.

Bang!

After Su Chen swung his club and hit the ball, he looked at the playfulness of the girls around him and whispered to Daoxian,

"It's been more than half a year, and I hope I can spend it peacefully in the future."

Thirty-eight women, as well as Liu Rong and Leng Qingxue, they have all become immortal cultivators, powerful women.

They can walk around in the magic city, whether they encounter evolved zombies or powerful monsters. All the girls can easily kill the mutated beast.

Zhao Ya came to Su Chen and asked, "Sir, what should we do next?"

Su Chen hugged Zhao Ya's soft waist and said,

"In cultivation, you must cultivate to the Nascent Soul Realm as soon as possible. Evolutionary mutant zombies and mutant beasts will continue to evolve. If you want to survive in this world, you must continue to become stronger."

【The zombie world will be over in a few chapters, and the realm war is about to begin.】

Chapter 2796

In the magic city, huge roars are heard every day.

There are evolved mutant zombies and evolved mutant beasts. Zombies and mutant beasts are constantly getting stronger.

If the Shangguan Yalan girls do not speed up their cultivation, they will one day be killed by mutant beasts and evolved zombies. Only by constantly improving their cultivation level can the girls stand at the top of the world forever.

Zhao Ya leaned into Su Chen's arms and said,

"Sir, we all understand that we have been practicing hard these past few months. Shangguan Yalan and Xu Xuan are about to advance to the Nascent Soul Realm."

"Um!"

Su Chen sat down with Zhao Ya in his arms.

Shangguan Yalan and Xu Xuan's cultivation talents are the best among the girls. Their cultivation talents are in the middle and upper reaches in the world of immortal cultivation. His blood can only stimulate improvement. Their bones~.

The Nascent Soul Realm is only the beginning of the realm of cultivating immortals. The road for the girls to cultivate and grow in the future is still very long.

Swish swish swish.....

After a while,

Shangguan Yalan, Xu Xuan, Lin Yun, Song Yuxi, Cui Siying, Leng Qingxue, and Liu Rong all appeared happily next to Su Chen.

Leng Qingxue said hurriedly,

"Suchen, we found a suitable place"

"Where?"

Su Chen was a little confused when he saw the happy looks of the girls.

What happened today?

Why do Leng Qingxue and the girls look so happy?

They didn't practice to advance, and they didn't go out to hunt powerful zombies and mutant beasts.

Su Chen couldn't understand. Why are these girls so happy?

Leng Qingxue said with a smile,

"There is a castle in a playground. The castle has walls six or seven meters high and a large space of six or seven football fields. We can place the survivors we rescued in the castle."

Shangguan Yalan also said with a smile,

"Leng Qingxue was right, and we also contacted General Wei of the Navy. There are more than a thousand soldiers in the naval base, and General Wei also decided to let more than a thousand soldiers come."

Shangguan Yalan and Xu Xuan are very happy today.

In the past few months, they have rescued more than 2,000 survivors in the magic city. These survivors are civilians worth saving.

But how to resettle these survivors? ,

Shangguan Yalan and the girls couldn't think of a solution for several months.

Today,

Mu Hanxi's drone accidentally discovered the castle in the amusement park, and the girls thought of how to place the survivors.

The castle in the amusement park has tall The city wall has a very large space inside, and there are three hotels of different sizes. Survivors will be very safe if they are placed in the castle.

"You decide."

Su Chen understood.

He knew what the women had done in the past few months, and Su Chen didn't care about the survivors they rescued.

A world cannot be without human beings.

As long as the women save people who are not inferior to beasts, they will If you want to save it, save it.

The girls might even be able to build a base city, a city where humans can survive in the end of the world.

"Su Chen, don't you object?"

Liu Rong felt that Su Chen was a little strange today.

Su Chen had always ignored the survivors, and he did not want to save the remaining survivors in Demon City.

Liu Rong thought that Su Chen would object, but Su Chen did not object. She felt Something was very wrong.

Su Chen stroked Zhao Ya's body and said,

"What am I against? This world cannot live without human beings. If you women were the only ones left in the world, your lives would be meaningless. As long as there are no survivors who are inferior to humans and there are no humans with evil intentions, I will not object to you saving them."

Leng Qingxue said hurriedly,

"Su Chen, don't worry, we will personally kill those people who are no better than animals. The people we save are ordinary civilians. We can protect them honestly. If they have evil intentions, we can also execute them. them. Cui

Siyang nodded and said, (To read Baoshuang novels, go to Feilu Novel Network!)

"Yes, in the end of the world we will not be merciful, nor will we be a holy mother bitch. We will kill those who deserve to be killed."

The other women also nodded one after another. They were very happy that Su Chen could agree. They felt very uneasy thinking about a world without humans. If women like them were the only ones left in the world, there would be no point in their lives.

"You decide this matter, go ahead and do whatever you want."

Su Chen let go of Zhao Ya and stretched his waist.

It's been more than half a year, and there are still more than seven hundred days before Su Chen will leave this world. He doesn't want these women to be left in this world after leaving.

As long as he is safe,

Su Chen I will not interfere with the decisions of the girls anymore.

Shangguan Yalan said to the girls,

"Let's discuss it. Cui Siying and Xu Xuan, you take the team to clean up some castles in the playground. Leng Qingxue and Song Yuxi, you go gather the survivors and prepare to go....."

0 Asking for flowers

Liu Rong looked at Su Chen who was walking away.

She felt that something was very wrong with Su Chen today, but she couldn't tell what was wrong.

A year later, there were more than 30,000 survivors in the amusement park. The zombies in the amusement park were cleared away by the girls. Five or six-meter-high walls were built by the survivors. The amusement park became a refuge for survivors. base. Shangguan Yalan and her daughters manage the survivor base. More than a thousand soldiers from the navy have become the security force. All soldiers are also under the control of Shangguan Yalan and their daughters.

"Sister Yalan, why don't you come to the survivor base?"

"I don't know, maybe Mr. likes to be clean"

"It's been more than a year, and there are more and more survivors in the survivor base. I don't know if there are any survivors in Magic City."

"Leng Qingxue and Liu Rong have been looking for survivors. As long as there are still survivors, they will be found sooner or later."

"Well, the lowest cultivation level of the forty of us women is mostly at the Nascent Soul Realm. The eight of us have also advanced to the Divine Transformation Realm not long ago. The evolutionary mutations and mutated beasts in the Demon City are no match for us."

"This is because of the spiritual fruit given to us by our teacher, so that we can become stronger and stronger in cultivation."

On the open-air balcony on the upper level of the castle,

Shangguan Yalan and the girls were drinking tea and chatting here.

They stretched their graceful figures one by one, their fair skin became more moist and smooth, and their proud and concave mountains made people salivate at the sight of them.

The women who are getting stronger and stronger are becoming more and more alluring and full of attractive charm.

In the manor,

Su Chen lived a boring life basking in the sun for more than five hundred days. This trial will end in more than four hundred days.

Su Chen is thinking about the next identity trial on the Hundred-Level Ladder. What will he become? Plant? Animal? Warcraft? Or some other race in the fantasy world?

"It's almost over, there are still more than 400 days left, and I hope that the remaining 400 days can be spent safely and soundly."

In the magic city, after Liu Rong killed several evolved zombies, she stood on a building and frowned.

"Is Su Chen leaving them? He lets the girls do whatever they want. Does this mean he wants the girls to learn to be independent? If Su Chen leaves, what will happen to these women?"

Chapter 2797

Liu Rong has been thinking about Su Chen's changes for more than a year. She feels more and more that Su Chen is preparing to leave.

Su Chen is an immortal cultivator.

Liu Rong guessed that Su Chen came to this world because he was injured.

It has been more than a year.

Su Chen's injury should be recovering soon. Is he going to leave this world?

"No, Su Chen must not leave, otherwise all the girls will collapse, and they may even commit suicide."

Liu Rong thought and quickly disappeared from the building. She was going to ask Su Chen if he was leaving.

In a football field in Magic City, a zombie with red eyes stared at a zombie on the tower. The battle between zombies is about to break out.

A male tank-type zombie with strength and a female agile mental zombie.

They are both evolved zombie kings and the most powerful zombies in the city.

Hohohoho.....

The male zombie king kept yelling at the female zombie king, and the female zombie king on the tower kept looking at the male zombie king. boom!

Suddenly, a loud noise erupted from the football field.

The central lawn was lifted up in pieces. The chairs in the stands flew up and hit the male zombie king. Countless steel and iron pillars shot like sharp arrows at the male zombie king..

Roar! bang bang bang.....

The male zombie rushed toward the tower like a tank. Chairs and steel pillars hit his body, making sparks and sounds. The male zombie king's body was not injured at all.

Whoosh!

The female zombie quickly rushed towards the male zombie, bang!

With one blow, the male zombie was quickly knocked away by the female zombie.

The female zombie king did not stop attacking. She was like lightning and kept attacking the male zombie king.

The male Zombie King was like a ball. He was kicked away by the female Zombie King before he hit the ground, but it was useless.

The male Zombie King, who was armored like a tank, although he was attacked and had no power to fight back, he was not injured either. bleed.

The male zombie king has been waiting for an opportunity.

His speed is not as good as the female zombie king, but as long as he attacks the female zombie body, the female zombie king will not be killed by him, she will also be injured by the male zombie king's blow.

Half an hour later, the battle between the two zombie kings moved to the outskirts of the magical city. The roaring battle caused the surrounding zombies to escape quickly, and high-rise buildings were smashed into pieces by the male zombie king.

In the manor on the outskirts,

Su Chen also heard the roaring sounds of fighting, but he didn't pay attention.

There was a group of women in the manor protecting him.

Two evolved mutant zombies came to the manor, and the women would also kill the evolved mutants that came in. Become a zombie. swish swish.....

Six tall women quickly appeared next to Su Chen.

They were wearing tight-fitting combat uniforms, with graceful curves, uneven figures, and seductive pride. Each of these beautiful women was very alluring.

Su Chen waved his hand and said,

"Don't take action yet, let's watch the fight between two evolved zombies."

A woman said to Su Chen,

"Sir, the two evolved zombies are both zombie kings. One is a tank-type zombie king, and the other is an agile and spiritual zombie king. They are both very dangerous."

Su Chen looked into the distance and frowned,

Zombie King?

Two Zombie Kings with the strength of the Golden Core Realm? One of them is a rare spiritual Zombie King?

This is the first time for Su Chen to see the Zombie King, damn, he He is also a zombie.

Su Chen is still a very weak zombie. Will the two zombie kings devour him when they meet him?

Whoosh!

Liu Rong quickly appeared next to the small lake. She looked at Su Chen and hurried over and shouted,

"Su Chen."(To read exciting novels, go to Feilu Novel Network!)

Su Chen looked at the mature beauty Liu Rong and asked,

"Liu Rong, are you here like this? Isn't it Cui Siying's turn to accompany me today?"

For the past year, one of Shangguan Yalan's daughters has come to accompany him every day.

Should Cui Siying be here today? Why did Liu Rong suddenly come to the manor?

Liu Rong asked with a serious face, "Su Chen, are you? Not leaving? Are you leaving this world?"

Su Chen was very surprised when he heard Liu Rong's words.

How could Liu Rong know that he was leaving? And also knew that he was leaving this world?

The six women next to him looked at Su Chen nervously, leaving?

Su Chen is leaving?

Still more ? Leave this world?

How is this possible?

If Su Chen leaves this world, what will women like them do in the future?

Su Chen rubbed his forehead and asked,

"Liu Rong, how did you know?"

"I guessed it."

Liu Rong turned pale.

Su Chen really wanted to leave.

What should I do?

What should I do?

If Su Chen left, all the women would collapse, and the survivor base in the playground would fall apart.

Su Chen looked at Liu Rong He Jinu explained,

"Liu Rong, and you girls, even if I leave, I will come back. I will come back every three months. You don't have to worry that I will leave you alone.

Liu Rong asked eagerly, "Su Chen, are you telling the truth?"

"Would I lie to you?"

Su Chen curled her lips and looked at the mature beautiful woman. 393

Liu Rong is indeed a policeman.

Her observations are really subtle.

Su Chen has indulged the girls for more than a year. Liu Rong must have noticed something was wrong..

Liu Rong felt relieved after hearing Su Chen's words, and the six girls next to him also breathed a sigh of relief.

Su Chen would come back to this world every three months, and they didn't have to worry about anything anymore.

Boom boom boom.....

In a residential area not far away, two powerful zombie kings were still fighting.

No, it was the female zombie king who was still beating the male zombie king.

However, the female zombie king only injured the male zombie king. She wanted to kill the male. It's obviously impossible for the Zombie King to do it.

A tank-type zombie king, his defense cannot be broken by zombie kings of the same level.

Su Chen looked at it for a while and said,

"Liu Rong, you took the six girls to kill the tank-type Zombie King, and captured the agile and spiritual Zombie King alive. I want to study her.

Liu Rong asked doubtfully, "Su Chen, do you want to study the agile spiritual zombie king?"

"Well, spiritual zombie kings are very rare among zombies. I want to research them. Liu

Rong thought for a while and nodded.

"Okay, let's kill the tank-type Zombie King, and we'll capture the mental-type Zombie King as well."

Chapter 2798

After Liu Rong quickly left with a group of women,

Su Chen sat down again.

Liu Rong and the girls who protected him knew about his departure. This was not a bad thing. If the other girls knew about the news, they would also be mentally prepared.

"The spiritual zombie king should have the same concept as telekinesis. Let's check out the zombie king later."

In the main world, the prehistoric fairy world, millions of low-level ferocious beasts appeared in Xiniu Hezhou.

Although the immortals in the prehistoric fairy world destroyed several waves of ferocious beasts, millions of low-level ferocious beasts will appear again in Xiniu Hezhou every month or so.

Beasts, and in several waves of ferocious beasts, there are even ferocious beasts from Jinxian and Taiyi Golden Immortal.

In less than four years, the ferocious beast realm will be completely connected with the prehistoric fairyland. By then, the real The realm war will begin.

At the Xiling Fortress, many immortals in the fortress looked lifeless. The five great saints and Hongjun extracted the Hongmeng Purple Qi and escaped from the Prehistoric Immortal World. There are no saints in the Prehistoric Immortal World now.

Facing the invasion from the outside world of demons and ferocious beasts, the prehistoric fairyland has no chance of winning. If the prehistoric heaven is entangled by the terrifying chaos demon, the holy realms of other realms will overwhelm the entire prehistoric fairyland. There is no one in the prehistoric fairyland. The Great Power will be the opponent of the Holy Realm

"In less than four years, maybe three years, the ferocious beast realm will be completely connected to the prehistoric fairyland, and the prehistoric fairyland will be finished."

"Just survive for three years. In three years, all living creatures in the ancient immortal world will be devoured by ferocious beasts."

"Three years? Don't forget, the demonic world outside the territory can invade the prehistoric fairyland at any time. We are just living one day at a time."

"well! The past three years have gone by in the blink of an eye, but now I think about how much time was wasted."

"Where is Emperor Su Chen? We want Emperor Su Chen to return. Emperor Su Chen will return. Maybe the prehistoric immortal world can be saved."

"If you think too much, even if Emperor Su Chen wants to come back, will the prehistoric Heavenly Dao allow it? If Emperor Su Chen dares to appear in the Great Desolate Immortal Realm, the Great Desolate Heaven might destroy Emperor Su Chen first."

In the Xiling Fortress, tens of millions of immortals talked and thought of Su Chen one after another, but the ancient way of heaven is a hurdle. A hurdle that cannot be passed.

Without the permission of the ancient way of heaven,

Su Chen would not be able to return even if he wanted to.

"I beg Heaven to let Heavenly Emperor Su Chen return!"

"I beg Heaven to let Heavenly Emperor Su Chen return!"

"I beg Heaven to let Heavenly Emperor Su Chen return!"

In the Xiling Fortress, some immortals flew into the air and knelt down and shouted. Then more and more immortals knelt in the air and begged and shouted.

After a while, tens of millions of immortals in the Xiling Fortress flew into the air one after another and descended. He knelt down and shouted,

"I beg Heaven to let Heavenly Emperor Su Chen return!"

In Xiniu Hezhou, hundreds of millions of immortals and creatures also knelt down to plead with Heaven.

"I beg Heaven to let Heavenly Emperor Su Chen return!"

Then, the immortals and creatures from

Luzhou in the north

,

Fanbuzhou in the south, and

Shenzhou in the east all knelt down one after another.

"I beg Heaven to let Heavenly Emperor Su Chen return!"

"I beg Heaven to let Heavenly Emperor Su Chen return!"

"I beg Heaven to let Heavenly Emperor Su Chen return!".....

At this moment, all the immortals and immortal cultivators in the prehistoric immortal world, and the creatures of all races, begged Heaven to let the Emperor Su Chen return.

In the prehistoric heaven, the Jade Emperor used the spiritual treasure to watch the situation in the prehistoric fairy world. The immortals and creatures in the prehistoric fairy world all wanted the Emperor Su Chen to return.

Emperor Su Chen? (To read Baoshuang novels, go to Feilu Novel Network!) Zhang Bairen has only been the Emperor of Heaven for a few years, and

Zhang Bairen has been the Emperor of Heaven for more than ten years. Why do the immortals and creatures of Honghuangxian not matter to him, but to him, the Emperor of Heaven? It is optional.

Zhang Bairen drank the fairy wine and muttered to himself,

"All the (abdd) saints have fled the prehistoric immortal world, and the disciples of the saint sect have also disappeared. What should I do in the prehistoric immortal world? What to do in the prehistoric heaven? What should I do? escape? The prehistoric fairyland was about to be destroyed, where could I escape to?"

Six Paths of Reincarnation,

Queen Pingxin looked at all this with a calm face.

The immortals and creatures of the Great Wild Immortal asked Su Chen to return. She didn't know whether Heaven would agree, but even if Heaven agreed to Su Chen's return, would Su Chen return? An unknown number.

The Great Desolate Heavenly Way is a variable.

If, if Su Chen leads the Xuantian Realm and the Great Desolate Immortal Realm to win the realm war, what will the Great Desolate Heavenly Way do in the future

? Will the Prehistoric Heavenly Way allow Su Chen to completely control the Prehistoric Immortal Realm? Will you not burn bridges and expel Su Chen again?

"Alas, everything is becoming more and more unfamiliar. What would the prehistoric Heavenly Dao do like this without the consciousness of thinking?"

In the Prehistoric Starry Sky Fortress,

Luo Hu looked at the image in front of him and frowned,

Heavenly Emperor Su Chen?

That bastard has such great influence in the Prehistoric Immortal World?

The first Heavenly Emperor to unify the Prehistoric Immortal World, the first to be recognized by all races in the Prehistoric World The Emperor of Heaven was the first Emperor of Heaven who made all the saints bow their heads, and the first Emperor of Heaven who responded to every call.

Luo Hu admired Su Chen a little, but only a little.

That bastard Su Chen was too insidious, and he was even more powerful than Hongjun. An insidious old bastard.

Luo Hu was very confused when facing Su Chen.

"Su Chen, come back. Only if you return to the ancient immortal world can we jointly defeat the Beast King Shen Ni."

Lazy Demon Envoy saluted and asked, "Demon Ancestor, do we still need to go to the wild realm to find the ruthless eldest princess? Luo

Hu shook his head expressionlessly and said,

"No need, that bastard Su Chen should appear soon, we don't need to look for that bastard"

"Yes, Demon Ancestor."

Boom boom boom.....

The prehistoric fairy world suddenly shook.

Above the nine heavens, the yin and yang eyes of heaven looked at the entire prehistoric fairy world indifferently.

"I beg Heaven to let Heavenly Emperor Su Chen return!"

"I beg Heaven to let Heavenly Emperor Su Chen return!"

"I beg Heaven to let Heavenly Emperor Su Chen return!"

【no! 】

A cold and ruthless voice instantly spread to the ears of all immortals and creatures.

In the prehistoric fairy world, all the immortals and creatures were stunned.

Did the prehistoric heaven refuse?

Prehistoric Heavenly Dao actually refused? how so?

All the immortals and all living beings in the ancient immortal world knelt down and begged for the way of heaven.

How could the prehistoric heaven refuse?

A Da Luo Jinxian immortal shouted angrily,

"Why? Why refuse? Only the Emperor Su Chen can save the prehistoric immortal world, the prehistoric heaven, why do you refuse?".

Chapter 2799

The sentient beings of the ancient world looked up at the Eye of Heaven above the nine heavens.

Some of the immortals showed angry expressions.

They couldn't understand that the world of the ancient immortal world was about to end.

Why did the heaven of the ancient world not allow the Emperor Su Chen to return? Why is Emperor Su Chen not allowed to save the prehistoric fairy world?

【punish! 】

boom!

After a cold and ruthless voice came out, a terrifying thunder punishment instantly wiped out the Daluo Jinxian who questioned the way of heaven.

When a golden immortal saw Da Luo Jinxian being killed by Heaven, he shouted angrily,

"Heaven is unfair, we want Emperor Su Chen to return"

【punish! 】

boom!

The Golden Immortal was also instantly wiped out by the terrifying thunder punishment.

"Heaven is unfair, we want Emperor Su Chen to return!"

"Heaven is unfair, we want Emperor Su Chen to return!"537""The way of heaven is unfair, we want Emperor Su Chen to return!""

"Heaven is unfair, we want Emperor Su Chen to return!".....

In the prehistoric immortal world, some immortals from various tribes and races shouted loudly.

The prehistoric heavenly way killed the prehistoric immortals. Some angry people could no longer bear it.

If Su Chen, the Emperor of Heaven, does not return, the prehistoric immortal world will be finished.

Their disciples and their tribes will all die.

They will die if they are killed by the prehistoric heaven. They will also die if they are killed by the ferocious beast realm and the demonic realm outside the realm three years later. Some immortals will not Concerned about life and death, resisting the prehistoric way of heaven

【punish! 】

Boom boom boom.....

In the prehistoric fairy world, terrifying thunder punishments fell everywhere for a while, and each immortal was wiped out by the terrifying thunder punishments.

The immortals and creatures in the prehistoric fairyland were all stunned.

In just a moment, the prehistoric heaven sent down thunder and punished millions of immortals. Is the prehistoric heaven crazy?

"how so? How could the prehistoric heaven be like this?"

"It's over, it's over, the prehistoric fairy world is really over"

"why is that? The return of the Emperor Su Chen can save the prehistoric immortal world. It is impossible for the prehistoric heaven to understand. Why would the prehistoric heaven refuse? Why are millions of immortals killed?"

"Damn it, God is unfair, we want Emperor Su Chen to return!"

"Heaven is unfair, we want Emperor Su Chen to return!"

【punish! 】

Boom boom boom.....

For more than half a month, the thunder punishments in the Great Desolate Immortal World have not stopped, and to this day, the Great Desolate Immortal World is still raining down thunder punishments.

The immortals in the ancient world were all desperate, and they would die sooner or later. Some immortals rebelled against the ancient ways of heaven.

In just over half a month, tens of millions of immortals were killed by the prehistoric heaven.

In the Six Paths of Reincarnation,

Empress Pingxin showed endless murderous intent in her eyes.

Is the prehistoric Heavenly Dao crazy?

The prehistoric Heavenly Way wantonly kills all creatures in the prehistoric times. What is the Prehistoric Heavenly Way doing?

"Jiuyou, ordered the underworld to extradite the souls of the immortals who were killed"

"Yes, empress!"

Empress Pingxin looked up at Jiutian and whispered,

"Primordial Heavenly Dao, you are seeking death. If Su Chen knew about this, he would definitely join hands with Luo Hu to destroy you first."(To read Baoshuang novels, go to Feilu Novel Network!) In the prehistoric starry sky,

Luo Hu feels more and more unfamiliar with the prehistoric way of heaven.

The way of heaven is selfless, fair and just.

The sentient beings in the prehistoric fairy world let the emperor Su Chen return. The way of prehistoric heaven should allow it.

The ancient Heavenly Way not only refused, but also annihilated the ancient immortals who dared to question. Did the ancient Heavenly Way give birth to spiritual wisdom?

This is impossible, the Heavenly Way cannot give birth to spiritual wisdom, but what is going on?

Luo Hu thought about it and hurriedly ordered,

"The lazy devil immediately sent someone to contact the ruthless eldest princess. He must tell the ruthless eldest princess what happened in the prehistoric fairy world. He must let Su Chen know what happened in the prehistoric fairy world."

"Yes, Demon Ancestor"

"Su Chen, that damn bastard, big things have happened in the ancient world of immortality, why hasn't that bastard done anything yet?"

Luo Hu is getting more and more angry at Su Chen, but there is no way.

He can't defeat Su Chen's old bastard, and he can't find Su Chen's realm. Luo Hu is not only angry but angry at the moment.

Ladder Trial World,

Manor Here,

Su Chen became even more curious when he looked at the bound female zombie. She was a female zombie king, and she was also an agile and spiritual zombie king.

Although the female zombie king was injured and dirty, her human appearance had not changed at all..

"Su Chen, how do you deal with the Zombie King?"

Liu Rong was sitting next to Su Chen in a sexy dress. She was very dissatisfied with Su Chen checking on the Zombie King.

A sexy beauty was beside Su Chen, and

Su Chen was only checking on the Zombie King. Could a Zombie King be more powerful than her? Is it attractive?

Su Chen hugged the sexy and plump Liu Rong and said,

"I'll observe it for a few days first, Liu Rong, have you noticed that after the Psychic Female Zombie King evolved, except for her red eyes, nothing else changed about her. The Psychic Zombie King is completely different from other Zombie Kings."

Liu Rong leaned into Su Chen's arms and said doubtfully,

"It is different. Other zombie kings are very ugly and terrifying after evolution and mutation. The female zombie king has not changed at all and still has a human body. Is it because of different abilities and the direction of the evolution of the zombie king is also different?"

"I'll check it for a few days. If it doesn't work, wake up the Zombie King and check it again."

"No, Su Chen, the female zombie king is a spiritual zombie king. She can attack you even if she is tied up. You have no strength at all. You must not wake up the zombie king."

"Aren't you here?"

"Su Chen, even if we are by your side, we will not put you in danger."

"Forget it, let's take a rest and talk about Zombie King 3.8 later."

Su Chen picked up the seductive and plump Liu Rong and walked towards the room.

A beautiful and seductive woman was beside him. He didn't bother to check the female zombie king.

Liu Rong lay in Su Chen's arms with a flushed face. She understood for a moment What will happen?

Among the eight girls, she is the fourth girl Su Chen gets.

Liu Rong did not expect that she would unknowingly fall into Su Chen's doubts and speculations for a year.

In the playground survivor base,

Cui Siying was annoyed. While drinking, she didn't expect Liu Rong to go to the manor. She was going to accompany Su Chen today. Is Liu Rong breaking the rules?

Xu Xuan patted Cui Siying on the shoulder and said,

"Sister Siying, you don't have to be angry. Liu Rong suffered a lot tonight. She alone cannot be Su Chen's opponent. We will have someone to tease tomorrow."

Chapter 2800

Cui Siying nodded after hearing Xu Xuan's words.

There will be a good show tomorrow.

Liu Rong, how will you be tortured tomorrow?

"Liu Rong is going to be miserable."

Shangguan Yalan and the other girls all nodded. Some of them had been tortured by Su Chen. They couldn't bear Su Chen as an ordinary person. If Su Chen regained his strength as an immortal cultivator, they felt very helpless when they thought about it. They must unite, otherwise they would not be Su Chen's opponents. Zhao Ya said with a serious face,

"Let's not worry about tomorrow's affairs. It's time for Mayor Wang and his people to clean up. In the past few months, those people have gone more and more excessive, and they have attracted more than 400 people. They are preparing to seize power."

Leng Qingxue said indifferently, "Kill, no one involved can be spared. Lin

Yun nodded and said,

"Yes, the survivor base is our base. Since those people want to die, we will help them."

"Go out, Su Yuxi, you lead the army to maintain public order and take advantage of the chaos. Kill without mercy"

"good!"

Tonight, the survivor base is destined to bleed.

There are not many survivors to begin with, but for the sake of the future peace of the survivor base, Shangguan Yalan and the girls have to deal with those hidden dangers.

Wang Rou took out a list and ordered," The second team, everyone on the list will be killed without mercy."

"Yes, Captain Wang Rou."

Cui Siying ordered to her direct team,

"The third team, the sixth floor of the Sihe Hotel, don't let anyone go, kill without mercy."

"Yes, Captain Cui Siying."

Shangguan Yalan ordered to the others,

"The other teams dispersed to look for the people on the list, and they must not leave any hidden dangers behind."

"Yes, Captain Shangguan Yalan"

"Set off!"

In the castle, more than thirty women in combat uniforms disappeared one by one.

Song Yuxi also ducked towards the army station. She wanted to command the army to prevent chaos among ordinary people.

On the sixth floor of the Sihe Hotel, several middle-aged people with big belly Drinking wine and talking,

"Director Cao, are you sure there is a very important person in Huxin Manor~?"

The short black Director Cao explained,

"Mayor Wang, I sent people to follow those women for several months. Every month, six women disappeared for a month and came back a month later. But another six women disappeared. My people found that every month there would be The six girls took turns to go to the lakeside manor."

A middle-aged man asked hurriedly,

"What's in the Lake Manor? Director

Cao replied with a serious face,

"A man, a young man, my people pretended to break in accidentally and discovered that the women guarded the manor in the middle of the lake very tightly. My people also happened to see a man fishing by the lake."

Another old man asked,

"A young man? Who could he be? Could it be that those women are powerful because of that man?"

"Mayor Wang, I have to catch that man. Those women will become our thugs, female slaves, and even concubines. They value young people and dare not take action against us."

"Okay, inform our people to take action in three days and we must capture the young man in the Lake Manor alive."

"yes!"

Whoosh!"

"In three days, you are all going to die. Kill them. If you dare to take advantage of Su Chen, I will make you all die in pain."

Cui Siying suddenly appeared in the room. She looked at the five people in the room with very cold expressions.

These people actually Knowing that Su Chen exists, and also wanting to capture Su Chen, some bastards who don't want to regret death

"Yes, Captain!"

Swish swish swish"....

Six women in combat uniforms appeared quickly.

They looked at the five people in the room and were very angry. Anyone who dared to take advantage of Su Chen would die, and they would also die very painfully.

"yes.....yes....It's Cui...Cui Siying!"

"Run away!" (To read exciting novels, go to Feilu Novel Network!)

"If you can't escape, shoot!"

"I was wrong, I was deceived and deceived by Mayor Wang."

Bang bang!"

"Ahhh, my hand!"

"My legs, my legs, you are all devils!"

"No, no, ah ah, my arms!"

The six women took the sword and chopped down the five people in the room to the ground. Their arms and legs were quickly cut off.

Cui Siying looked at the five people who were brutally executed.

She had no mercy in her heart.

These people all deserved their crimes. Ten thousand deaths are all people who do not cherish death, and they are all scum who should be executed by Lingchi. At night, gunshots were heard everywhere in the amusement park.

Ordinary civilians were hiding in their rooms in panic. Some people with evil intentions They wanted to take advantage of the chaos to snatch daily necessities, but they were shot dead by patrolling troops as soon as they took action.

The next morning,

Su Chen got up and prepared to check on the Zombie King. As for Liu Rong, it was impossible for the charming and seductive beauty to escape before noon. Get up.

For five days in a row,

Su Chen didn't find anything strange happening to the Zombie King.

How did the zombie evolve into the Zombie King?

Su Chen didn't check it out. The zombie didn't seem to absorb the zombie crystal core and advance to the Zombie King.

On this day,

Su Chen After checking the Zombie King as usual, he frowned and said,

"`.Lin Yun, wake up the Zombie King. If nothing is found today, there will be no use keeping the Zombie King. Lin

Yun nodded and replied,

"Well, you have to be careful not to take a step away from Cui Siying and me."

"I see."

After Lin Yun nodded to Cui Siying, she was about to wake up the zombie king.

Cui Siying waved her hands around, and the six women next to her quickly protected Su Chen.

Hohoho....

After the female zombie king woke up, she struggled and roared loudly.

Her whole body was tightly tied up with iron chains. There were banging sounds all over her body, and the iron chains slowly turned from black to red. It seemed like it was about to melt.

Su Chen looked at the Zombie King and whispered in confusion,

"Is this a mental ability? Or another ability?"

The Zombie King was injected with a large amount of anesthetic. It is impossible for her to have such a powerful ability just after being awakened. The Zombie King

's special iron chains in the army cannot bind her without injury restrictions, but the female Zombie King seems to have recovered too much. Soon.

Lin Yun asked Su Chen,

"Su Chen, do you want to kill her?"

Su Chen waved his hand to stop him and said, "Wait a minute, let's see what the Zombie King will do after he breaks free."

Bang bang bang....

At this time, the chains on the Zombie King's body melted and fell off.

The female Zombie King broke free. She stood up and stared at Su Chen and the girls with vigilance.

After a while, the female zombie king looked at Su Chen and yelled,

"Hoho.....forever"
