Chapter 28

Although Mrs. Wang was a little bitter about her mother, Li Qiushui, abandoning her when she was a child, Mrs. Wang also knew that her mother was very unhappy.

If he hadn't let his father offend her mother, things wouldn't have developed like this. Now Mrs. Wang is just cruel to his father. After so many years of taking care of her mother, Mrs. Wang has gradually forgiven her mother.

"So this is ah."

Mrs. Wang felt a little strange and asked Su Chen,

"Chen'er, why are you asking about the King of Xixia?"

Su Chen thought for a while and said to Mrs. Wang,

"Aunt Li, Murong Fu seems to have changed her name to Li Yanzong now, and is hiding in the Xixia Yipin Hall."

Mrs. Wang smiled and said when she heard that Murong Fu was hiding in Xixia Yipin Hall,

"Haha, this is easy to handle. In the past two days, my mother came and ordered her to arrest Murong Fu. Now Murong Fu cannot escape."

Su Chen looked at the beautiful Mrs. Wang and said,

"Aunt Li, Murong Fu's father is not dead yet, and is now hiding in the dark. The several assassinations I encountered may be what Murong Fu's father said."

Su Chen knew that Murong Bo was hiding in the Shaolin Temple, but Su Chen couldn't guess who the sweeping monk was. In the past, the Internet said that the sweeping monk was Xiaoyaozi, and some people said he was Murong Longcheng.

But Su Chen I think the chance of it being Murong Longcheng is higher. After all, the sweeping monk saved Murong Bo at that time, otherwise Murong Bo would definitely be killed by Qiao Feng and his son. After hearing what Su Chen said, Mrs. Wang said angrily,

"I used to guess that Murong Bo was not dead. The several attacks on my Mandala Villa in the past were definitely carried out by Murong Bo's men. If my mother hadn't been there at that time, I'm afraid my Mandala Villa would have also been attacked by Murong Bo. Occupied."

Su Chen touched his chin and thought for a while before saying,

"I have to find a way to lure this Murong Bo out, otherwise he will always be hiding in the dark and it will be very detrimental to us. This Beggar Clan Conference is an opportunity. Let's see if Murong Bo will show up."

Mrs. Wang patted Su Chen on the shoulder and said with a smile,

"Do you want my mother to catch Murong Fu and then use Murong Fu to lure Murong Bo to appear?"

Su Chen smelled the fragrance of Mrs. Wang's body and said,

"Well, Murong Fu was Murong Bo's Achilles' heel. If Murong Bo didn't want his Murong family to have no descendants, he would definitely save Murong Fu."

Su Chen knew that in the TV series, Murong Fu would definitely come to participate in the Beggar Clan Conference in disguise, and that the Xixia Yipintang would also take action against the Beggar Clan, but now it is a Zongwu world.

And the Jianghu people participating in the Northern Beggar Clan Conference this time must be There are so many, and there are many masters among them. I also want to go to this Beggar Clan Conference. Now that I have the ability to escape, Su Chen is not afraid of anything.

"Aunt Li, when you reply to Wang Hu, say that I agreed to King Qin's loan of troops, and the 20,000 Netherworld Cavalry will soon arrive in Da Qin, and ask King Qin to send people at the border to prepare to receive them."

"Well, you decide."

Su Chen said to Mrs. Wang in a positive tone,

"Don't worry, Aunt Li, I also know something about Da Qin. We won't be wrong in investing in King Qin Yingzheng this time. Please ask your mother to see what's going on in the Eastern Continent now?"

Mrs. Wang looked at Su Chen and said with a smile, Su Chen hadn't caught a single fish all day.

"I know, just keep fishing. Seeing as you haven't caught a fish in a day, I'll go see if Yuyan has mastered the practice."

Su Chen looked at Mrs. Wang speechlessly and said,

"Well, I was just thinking about things, and fishing was just for show."

"It's up to you."

Su Chen shook his head when he saw Mrs. Wang leaving. Now this Mrs. Wang cares a little too much about herself. No matter what she does, she has to personally check it, even if she drinks tea, she has to choose it.

But Wu Xiang The Jun's Mansion is much better now that Mrs. Wang is managing it. It was a bit chaotic before. Su Chen is very relieved to have Mrs. Wang in the house.

He can see that Mrs. Wang really cares about him. Su Chen didn't know that his predecessor was a child. What on earth does he have to do with Mrs. Wang to allow this ruthless Mrs. Wang to treat him so well? When

Su

Yan came to Songhe Tower, he sat in the seat where he used to sit. This seat was specially reserved for him in Songhe Tower. Anyone who comes here will not be able to sit here.

The boss here knows Su Yan's true identity. She is the princess of the Song Dynasty and the daughter of Wu Xiangjun, the lord of Gusu City. The boss of Songhe Tower is Don't dare to offend this little princess

"Waiter, bring some good food"

"Yes, miss, I'll bring it up to you in a moment."

Su Yan said unkindly when he saw Huang Rong sitting opposite him,

"How did you come? This is my seat, and I didn't ask you to sit down."

Su Yan didn't expect that Huang Rong would follow her here. She didn't want to see this shrewd Huang Rong now. Su Yan just wanted to keep this Huang Rong away from her.

Huang Rong said without caring at all,

"Oh, little girl, who among us is following whom? I will be your second mother in the future, and now I just want to know more about you."

Su Yan said to Huang Rong angrily,

"Stop talking nonsense here, my father will not marry a crazy woman like you. Huang

Rong stretched out one of her fists and said in a threatening manner,

"You can't say for sure. You can't say that your father likes people like me. Little girl, if your father marries me in the future, I will take good care of you."

"you....you dare."

Su Yan doesn't know if his father will like this woman now, but this woman is very beautiful. If his father really likes this Huang Rong, then he will fall into the hands of this Huang Rong. Huang Rong saw this The little girl turned pale with fright and started laughing.

"Haha, I'm scaring you, little girl, I won't like your bastard father."

Su Yan now understood that Huang Rong was teasing her, so she gave Huang Rong a blank look and said,

"It's best if you don't like my dad. You can leave now. I don't want to have anything to do with you. Huang

Rong sat next to Su Yan and said hurriedly,

"Hey, you can't be so heartless, right now I don't have a single coin, so just treat me to dinner this time."

Su Yan smiled slyly and said,

"It's okay if I invite you to dinner, but you have to tell me how you met my father?"

"This is okay. I'll tell you when I'm full. Huang

Rong said nonchalantly. There was nothing between her and Su Chen anyway, even if she told this little girl, it would be nothing.

Su Yan saw that silly Guo Jing staring at Huang Rong, so he pointed at Guo Jing behind Huang Rong and said ,

"Huang Rong, your tail is still looking at you at the table next to you. It seems that that fool is deeply in love with you. How about you marry him?"
