### Chapter 281

In Xiaoxiang Valley, after thunder and lightning, Su Chen came down from the sky. He looked at Xiangjun and was a little surprised.

There wasn't even a body left in Xiangjun's place, which made Su Chen a bit dumbfounded.

Although Su Chen knew how powerful the Divine Sword and Thunder True Jue was, this time it was a castrated version. Su Chen did not expect that the castrated version of the Divine Sword and Thunder True Jue would be so powerful. If it were complete If the Divine Sword Controlling Thunder Art is used, I am afraid that Xiaoxiang Valley will also be completely destroyed.

Su Chen looked at Xiang Jun who had been killed by the Divine Sword Yu Lei Zhenjue and said with a smile,

"Haha, this is my first time to kill a powerful enemy, and it feels really good."

Su Chen said and wanted to show off to Ehuang Nvying and the others, but as soon as he turned around, he found that Wei Zhuang, Tianze and the others had also arrived here.

Su Chen smiled when he saw Wei Zhuang and the others' dumbfounded expressions. This time I wanted to let my brother-in-law know that his brother-in-law was a martial arts master, not a playboy who only knew how to pick up girls.

The emperor and Nuying were completely relaxed now. Su Chen killed Xiangjun this time, which freed them from Xiangjun's entanglement and threats to them. They can walk around with complete confidence in the future and no longer need to hide. Hidden.

In the Yin Yang family, they will take responsibility for Su Chen to kill Xiang Jun. The Yin Yang family respects the strong. A dead Xiang Jun Donghuang Taiyi will not blame their sisters. It is because of this that we met today. With help from the bastard, they can live freely in the future.

Nuying ran to Su Chen excitedly and said loudly,

"Su Chen, this secret sword technique of yours is too powerful, and the secret spell [Nine Heavens Mysterious Temple, turns into divine thunder, and the brilliant power of heaven is directed with the sword] is too domineering."

Su Chen said proudly to the beauty Nv Ying,

"Haha, domineering, this is just one of my four great sword techniques. If a little Xiangjun wants to kill him, I don't have to use my strength."

Nvying looked at Su Chen's arrogant look and was speechless. How could this bastard die if he wasn't proud?

Looking at Su Chen's current appearance, Nvying said unceremoniously,

"Tsk, if you don't brag, will you?"

"Why am I bragging? Nv Ying, you are a little skinny now, be careful I beat you."

Su Chen felt a little helpless when he looked at Nv Ying.

He, who was at the peak of his innate cultivation, had destroyed a master who was at the peak of his master's level. Can't he be happy?

Why is this Nv Ying so lively now? Could it be that after the death of Lord Xiang, the Nv Ying Restored her previous personality?

Nuying glared at Su Chen and said disdainfully,

"Are you still angry now? Now I can't kill you with one finger"

"I guess, Nv Ying, you don't want to repay kindness with enmity, do you? I just saved your sisters, do you have to think clearly?"

Su Chen is not afraid that Nu Ying will take action against him.

Su Chen also believes that Nu Ying will not take action against him. Their sisters just wanted to deal with Xiang Jun with him. If Su Chen didn't have the sword of Divine Sword Yu Lei Zhen Jue, Jue, I am afraid that he and Ehuang Nvyng are no match for Xiangjun.

Ehuang and Nvyng did not take the opportunity to leave at that time, and Su Chen will not worry about them taking action against him now.

What's more, Wei Zhuang and the others are right next to him. Will Wei Zhuang see himself being bullied by Ehuang Nuying and the others? After all, he is Wei Zhuang's brother-in-law. Su Chen does not believe that Wei Zhuang will not save him. After Nuying heard what

Su Chen said, she hurriedly said to him,

"Su Chen, don't think that I am so bad. You helped our sisters destroy Xiangjun. We will repay you in the future. But after all, Xiangjun is the elder of the Yinyang family. We will go back to the Yinyang family and say that Xiangjun was killed by us. The sisters killed you, otherwise you might be hunted down by the Yin and Yang family."

"Little beauty, what you said is quite good. If you say that Xiangjun was killed by your sisters, will Donghuang Taiyi punish you?"

Su Chen is not worried that the Yin Yang family will cause trouble for him. His wife is the owner of the Yin Yang family, Concubine Yan. In the Yin Yang family, Concubine Yan is inferior to one person and above ten thousand people.

If those people in the Yin Yang family know his identity, , if they didn't want to die, they would definitely not dare to provoke him, otherwise Concubine Yan would kill them without hesitation, and Emperor E also came over.

Emperor E found that many strangers had come to Xiaoxiang Valley, and there were also troops She hurriedly came to Su Chen and Nvyng.

Ehuang knew that Su Chen didn't have much anger now. If these people and the army were not good, she could also protect Su Chen from here.

Ehuang listened to her When it came to Su Chen, he took Nvying and said to Su Chen,

"No, our Yin-Yang family respects the strong, and the Yin-Yang family knows about our sisters and Mr. Xiang. Now that Mr. Xiang dies, he will die. The Yin-yang family will not punish our sisters for a dead Mr. Xiang."

"Su Chen, many powerful people have come to Xiaoxiang Valley, and there are also troops. Let's leave here first."

Su Chen looked at Wei Zhuang and the others but didn't pay attention. He rubbed his hands and said to the beautiful Ehuang with a smile,

"Don't worry about those people, Ehuang, you said you would repay me, don't you think so?"

At this time, Wei Zhuang and the others also came over. When Wei Zhuang came over, Ehuang and Nvying were on guard around Su Chen.

Ehuang was even more relieved. The way Su Chen looked at her just now This made Ehuang blush a little. Fortunately, these people arrived so that he didn't have to answer the bastard Su Chen.

Ehuang and Nvying were now worried that these people would take action against them and Su Chen. The bastard Su Chen didn't have the strength to resist now. Ehuang and Nvying don't want anything to happen to Su Chen now

"Wei Zhuang, I saw Mr. Wu Xiang,"

"Tianze met Wu Xiangjun"

"Hu Tiehua met Wu Xiangjun"

""See Mr. Wu Xiang."

Wei Zhuang and the Netherworld Cavalry Corps came to Su Chen and saluted Su Chen.

This time Wei Zhuang came to Su Chen deliberately at this time. He was initially attracted by Su Chen's secret sword. Jue was shocked.

But when Wei Zhuang reacted, he saw that this bastard Su Chen had actually hooked up with the beautiful woman in Xiaoxiang Valley, which made Wei Zhuang's face darken immediately. Wei

Zhuang wanted to strangle this bastard to death. Even though this bastard has Zi Nu, they still like to mess around with women. Aren't they afraid that one day he will fall into the hands of a woman?

Wei Zhuang just wants to destroy this bastard Su Chen's seducing women.

Su Chen has some She looked at Wei Zhuang and the others helplessly. Couldn't these people see that she was picking up girls?

Did Wei Zhuang and the others come to cause trouble on purpose?

"Come on, brother-in-law, why are you here so early? I have calculated that you should be able to come to the Qinhan border tomorrow. Have Black and White Xuanjian and the Snare Assassins been dealt with?"

Weizhuang was a little helpless when he heard this bastard Su Chen call him brother-in-law. This shameless bastard was so attracted by Zi Nu. This bastard

Su Chen has now become his brother-in-law. Wei Zhuang is now a bit more shameless towards Su Chen. There was no other way, so Wei Zhuang said to Su Chen with a cold face,

"Black and white Xuanjian was killed by your wife. The remaining Luowang assassins were either killed or seriously injured. It can be said that all the Luowang assassins who came to Han country were wiped out by your wife."

"My wife? My wife?"

Weizhuang's face turned dark after hearing Su Chen's words. This damn bastard, her wife didn't say who she was. How the hell did I know it was this bastard's wife.

## Chapter 282

Great Qin, Xianyang, Qin Palace

Su Chen was walking around boredly in a palace of Qin Palace. It had been more than ten days since the last incident in Xiaoxiang Valley.

Su Chen also didn't let Ehuang pay her reward, all because of Wei Zhuang's troublesome brother-in-law and that hateful female hero.

After Ehuang and Nvyang knew their identities, they said goodbye to Su Chen. They also wanted to go to Yinyang's house to tell Xiangjun that he was killed.

Although Su Chen wanted to retain Ehuang and Nvyang, Ehuang wanted to stay but was destroyed by Ehuang's sister Nvyang. In the end, Ehuang could only leave with Nvyang.

Su Chen wanted to beat Nv Ying at that time. This Nv Ying who ruined his good deeds was as hateful as Wei Zhuang. Nv Ying even threatened him with her fists when she left. This made Su Chen unable to catch Nv Ying and hit her hard. Teach her a lesson.

Su Chen looked around and couldn't bear to continue here.

"Alas, it's really boring here. I want to go out. This Qin Palace is not the place for me. It's too boring here."

Zhang Han next to him saw Wu Xiangjun Su Chen going outside, so he immediately stopped Su Chen and said,

"Lord Wu Xiang, the king has ordered you not to leave the palace."

"Let me guess, Zhang Han, King Qin Yingzheng won't ask for my ban, right?"

Su Chen's face turned ugly after hearing Zhang Han's words. He didn't expect Qin King Yingzheng to restrict his freedom. Isn't Qin King Yingzheng afraid that he would fall out with him?

Zhang Han has nothing to do with this Wu Xiangjun now. A dignified Shadow Secret Guard general of his was actually sent by the King of Qin to watch over Lord Wu Xiang, and he didn't even know that this young Lord Wu Xiang was the monarch of that country.

King Qin and Gai Nie also told them that they must not let Wu Xiang. After Xiangjun left the palace, he could not let Wu Xiangjun go to the harem. The remaining Wu Xiangjun could go anywhere he wanted in the Qin palace, and even Wu Xiangjun could go to some confidential places.

Zhang Han saw King Qin and Gai Nie solemnly. He ordered himself that Zhang Han did not dare to take this Lord Wu Xiang lightly, and now he did not dare to offend this Lord Wu Xiang, whom even the King of Qin valued very much.

Zhang Han looked at the ugly Lord Wu Xiang and said hurriedly,

"Well, Mr. Wu Xiang was joking. The king did not say that he would imprison Mr. Wu Xiang, but the day after tomorrow the king was going to Yongcheng for a coronation ceremony. The king was afraid that Mr. Wu Xiang would not be able to find you after leaving the palace."

Su Chen also understood now that King Qin Yingzheng must be afraid that he would cause trouble in Xianyang City. Su Chen thought for a moment speechlessly that he had never caused trouble. He was a good boy.

Su Chen looked at Zhang Han who looked a little nervous. He patted the Shadow Secret Guard commander and smiled and said,

"Don't worry, I'm just walking around Xianyang city and won't leave Xianyang"

"Mr. Wu Xiang, Your Majesty, please wait. You can't go out. I'll join you. What should I do?"

When Zhang Han saw Lord Wu Xiang was about to leave, he hurriedly tried to stop him, but he suddenly found that Lord Wu Xiang had disappeared in front of him. This made Zhang Han's face look ugly. How should he explain to the King of Qin now that Lord Wu Xiang has left

? Han Yin ordered the shadow secret guards around him with a straight face,

"Go out and look for me. We must find Mr. Wu Xiang in Xianyang City today, otherwise you will know the consequences."

"Yes, general."

Zhang Han hurriedly came to King Qin's palace after ordering the secret guards. He was now a little uneasy and did not dare to face King Qin who was about to get angry. This time, Lord Wu Xiang disappeared in front of him. Zhang Han couldn't help but knowing how King Qin would punish him for letting Lord Wu Xiang escape from the Qin Palace.

In King Qin's palace, King Qin Ying Zheng stood up in surprise after hearing Zhang Han's report. He was a little nervous and asked Zhang Han,

"Zhang Han, what did you say? Is that bastard Wu Xiangjun out of the palace?"

Zhang Han didn't expect that the usually calm King Qin would have a surprised expression. He knew that things were going to be troublesome this time.

Zhang Han could only bite the bullet and continue,

"Yes, Your Majesty, Mr. Wu Xiang said that he was feeling bored in the Palace of Qin and wanted to visit Xianyang City. I stopped Mr. Wu Xiang from letting him go out, but Mr. Wu Xiang suddenly disappeared from in front of me. I think Wu Xiang You must have used some secret method to escape from Qin Palace."

At this time, Gai Nie saw that King Qin was about to get angry, so he stood up and said hurriedly,

"Your Majesty, the top priority now is to find Lord Wu Xiang immediately. General Zhang Han cannot stop Lord Wu Xiang from leaving the Qin Palace."

Gai Nie is a little helpless now. Lord Wu Xiang is a troublemaker, and something will happen wherever he goes. Ge Nie is now afraid that Lord Wu Xiang will cause chaos in Xianyang City, and even disrupt some of King Qin's orders. Deployment.

King Qin Yingzheng was so angry that he kicked the table in front of him over to the road.

"Wu Xiangjun, this damn bastard, only has one day left, and the day after tomorrow is his coronation ceremony. Will this bastard be suffocated to death in just one or two days?"

Qin King Ying Zheng has nothing to do with that bastard now. This bastard Wu Xiang is a bastard.

Ying Zheng arranged many beauties for this bastard to accompany him, but this bastard didn't like any of them and said that he was A person who doesn't like women.

This made Ying Zheng almost fainted when he found out. If Su Chen didn't like beautiful women, I'm afraid the old sow could climb a tree.

Zhang Han and Gai Nie couldn't help seeing how angry King Qin Ying Zheng was now. Dare to speak, they also know how important the crowning ceremony of King Qin is.

It's just that Zhang Han doesn't understand why King Qin asked Lord Wu Xiang to go with the crowning ceremony. Even King Qin paid too much attention to Lord Wu Xiang, but now Zhang Han could only lower his head and wait for King Qin's reprimand.

"Zhang Han, order the Shadow Secret Guard to find Lord Wu Xiang for me in Xianyang City. Remember, if you find Lord Wu Xiang, you must take him back to Xianyang Palace. Lord Wu Xiang must not cause trouble in Xianyang City. Remember?"

"Yes, Your Majesty"

"Gai Nie, do you think Mr. Wu Xiang will cause trouble in Xianyang City this time?"

"Um, Your Majesty, this.....Nine times out of ten something will happen"

"Damn it, that bastard Wu Xiangjun is still causing trouble at this critical moment. I hope that bastard Wu Xiangjun will not forget the purpose of his coming to Qin this time."

In the cold country, Bai Ruobing, the Marquis of Zilanxuan, looked at Zinu and Mingzhu sitting opposite her. She didn't expect that the women Su Chen found were all so beautiful, and that Mingzhu turned out to be her distant relative, but this relative was a bit... Far away, if the Marquise

hadn't heard Mingzhu's self-introduction, she probably wouldn't have remembered that she had such a relative.

Zinu was a little speechless now. That bastard Su Chen didn't say that the Marquise was also his wife. This time the Marquise used The Blue Bird Jade Pendant came to Zilanxuan. If Zinu couldn't guess what the relationship between this cold female Marquis and Su Chen was, then she could just kill her.

Zinu guessed that this Marquise must be hundreds of years old. , she doesn't know how to call this Marquise now.

Zinu entered the house earlier than the Marquise. Do you want her to call the Marquise sister directly? Zinu thought that if she calls a hundred-year-old woman sister, even this sister is still A terrestrial deity in the heavenly realm.

Zi Nu didn't have the courage to call out, but she still wanted to continue living. Zi Nu looked at the cold and beautiful Marquis and said with a smile,

"I didn't expect you to be the Marquise. I was very surprised when my husband told me that you were still alive. Now that I see you, I am even more surprised."

## Chapter 283

The Marquis looked at the purple-haired purple girl and nodded. She felt pretty good about this purple girl who behaved and spoke generously.

The Marquise also saw that the purple girl didn't know how to call her, and she didn't know how to let the purple girl call herself. Now their relationship was a bit confusing.

The Marquise is much older than them, but Zi Nu has known Su Chen earlier than she did. If the etiquette stipulates that the Marquise should be called Sister Zi Nu, is this possible?

"Zi Nu, you don't have to worry about what to call me. It will be up to your husband to make arrangements when you meet him in the future. No matter what your husband arranges, I will obey his arrangements."

Zi Nu can now see that the Marquise must have been completely captured by that bastard Su Chen. Zi Nu doesn't know if that bastard Su Chen has had a relationship with the Marquise.

If Su Chen and the Marquise had a relationship with Su Chen, But she didn't let that bastard succeed here.

Zi Nu doesn't want to prevent Su Chen from entering the room in the future. She also knows Su Chen very well. Anyway, she will spend her whole life in the future, and she will give it to him sooner or later. Zi Nu Zinu didn't want to embarrass that bastard again in the future.

Zinu smiled and said to the Marquise,

"Haha, Marquise, no, I'll call you sister now. I know my husband, and he will definitely let us call you sister."

The Marquise also laughed after hearing Zi Nu's words. She knew that Su Chen would definitely not let her call someone much younger than her sister.

"Haha, that's true. My husband won't care who of us comes in early and who comes in later. That bastard will definitely let us call who is sister based on our age. My name is Bai Ruobing, and you can just call me Sister Bai from now on."

Mrs. Mingzhu is a little depressed now. This Marquise is her elder, although she is not a close elder, and the relationship between them has long been estranged in her generation.

But this also makes her a little uncomfortable. She is now I just want to strangle that bastard Su Chen to death. He can hook up with a hundred-year-old woman. It's hard to say whether there will be a fight at home in the future.

"Sister Bai, what do you want to do when you come to Xinzheng this time?"

The Marquise took a sip of tea and said a little depressed,

"I came here to kill Bai Yifei's white-eyed wolf this time, but I didn't expect that Bai Yifei had already gotten the news and escaped. It seemed that someone informed Bai Yifei that I had recovered from my resurrection."

Mingzhu said to the Marquis Bai Ruobing with some embarrassment, "Female...white....Sister Bai, it must have been Lin Yike who informed Bai Yifei."

When Zi Nu heard what Mrs. Mingzhu said, she wanted to know who the Capricorn Clothes Guest was. After all, Ming Zhu was one of the four evil generals of the night. Zi Nu also wanted to know if Madam Mingzhu knew who the Capricorn Clothes Guest was.

"Mingzhu, do you know who the coir raincoat is?"

Ms. Mingzhu smiled and looked at the curious Zi Nu and Marquise and said,

"Sister Zinu, I don't know about the cloaked guest either, but my husband guessed that the cloaked guest should be Han Yu, the Fourth Young Master of Han Kingdom."

"Han Yu? This Han Yu has been a little restless recently, and he is determined to win the throne. The possibility that he may be a cloaked guest is very high. Everyone knows all the cloaked cloaks inside and outside the palace. So Han Yu is a cloaked cloak. Guarantee"

"Well, my husband said the same thing."

Zi Nu thought for a moment and then ordered Cai Die next to her,

"Caidi, go and inform General Ji Wuye, tell him that the Capricorn Clothes Guest is the Fourth Young Master Han Yu, and tell Ji Wuye that Bai Yifei's escape was also informed by Capricorn Clothes Guest."

"Yes, sister Zi Nu."

Marquis Bai Ruobing asked in surprise, "Zi Nu, do you want that ugly Ji Wuye to deal with the Fourth Young Master Han Yu?"

Zi Nu refilled the tea for Bai Ruobing and said with a smile,

"Well, Sister Bai, anyway, the coir raincoat guest also betrayed Ji Wuye. I believe Ji Wuye will be very surprised to learn that the coir raincoat guest is the Fourth Young Master Han Yu. When Ji Wuye learns that Bai Yifei's escape was the coir raincoat guest, Ji Wuye Ye will definitely not let the Fourth Young Master Han Yu go."

"Sister Zinu's approach is good. This way we don't have to deal with Fourth Young Master Han Yu."

Mingzhu is very satisfied with Zi Nu's arrangement this time. This time they can make Ji Wuye and Han Yu kill each other without taking any action. They just need to watch the show from the side.

"I just don't know where Bai Yifei's white-eyed wolf escaped. Oh, forget it, I'll look for that white-eyed wolf again in the future. Zinu, Mingzhu, I'm going to Qin to find my husband. I'm a little worried about his safety. What do you have? Do you want me to bring it?"

The Marquise is a little depressed now. She is unwilling to kill Bai Yifei this time. But she can't go everywhere to find the white-eyed wolf now. She has to go to Qin to find Su Chen. What

Su Chen did this time But there is some danger. If she is not by Su Chen's side, Bai Ruobing won't worry about the safety of that bastard Su Chen.

"Sister Bai, we don't have anything to say to that bastard. When you see your husband, tell her that Yan Lingji took some people to the Qin Kingdom to find him. Your husband must be in the Qin Palace now. With Sister Bai's strength, she is sure Will arrive in Qin before Yan Lingji and the others"

""Okay."

Qin Kingdom, Xianyang City.

Su Chen walked around in the streets after coming out of the Qin Palace. These days, he was bored to death. Su Chen didn't know if the people in the palace could not leave the palace for the rest of their lives. He was sick, but he couldn't bear to stay in the palace all the time.

Su Chen came to a restaurant and was drinking when he heard some people around him talking about the martial arts beauty list.

This made Su Chen feel confused. If you are interested, has Bai Xiaosheng's martial arts beauty list been announced again?

"Have you heard about it? Bai Xiaosheng's martial arts beauty list will be announced in the next two days. This martial arts beauty list is ranked based on the continent where it is located. That is to say, each continent in the east, west, south, and north will select ten beauties under the age of thirty, and then these forty beauties will let the Jianghu people select the ten most beautiful beauties on the mainland."

"Yes, this time the martial arts beauty list is better than last time, but our beauties from the Eastern Continent will definitely occupy the top spots in the martial arts beauty list."

"That's right. The top few in the martial arts beauties list were all the peerless beauties from our Eastern Continent. There will definitely be no exception this time."

"Haha, of course, our beauties from the Eastern Continent will completely dominate this list of martial arts beauties, but we don't have the chance to see Yan Lingji, Dongjun Yanfei, and Zi Nu. If I could meet these peerless beauties, I would have to live less. I am also willing to do it in ten years"

"Shout, do you think that Mr. Wu Xiang will still have a relationship with those beauties on the Wulin Beauty List? Last time, Mr. Wu Xiang on the Wulin Beauty List was related to half of the peerless beauties. I don't know about that Wu Xiang this time. Will you dominate half of the most beautiful women in the martial arts beauty list again?"

"It's possible. That Wu Xiangjun is really awesome. I admire Wu Xiangjun now."

"Yes, as a human being, you should be like Wu Xiangjun. Only by living like this can you live a wonderful life."

The drinkers here were ordering and talking about the soon-to-be-announced martial arts beauty list while drinking. This made more and more people in this restaurant, and they were all very interested in the beauties on the martial arts beauty list.

Su Chen was here While listening to the nonsense of these drinkers, I was a little speechless. I shouldn't be the most beautiful woman on the martial arts beauty list who dominates half of the

martial arts beauty list this time, right? Although I have provoked some beauties in the past few months, it has something to do with me. There are only a few people.

## Chapter 284

Su Chen was in the restaurant, listening to the drinkers discussing the beauties on the martial arts beauty list, while drinking wine and watching the busy people coming and going on the street from the second floor of the restaurant.

Xianyang City is more vibrant than Xinzheng City, and the people here live at least much better than those in Xinzheng.

It seems that Qin's national power is much stronger than that of the Six Eastern Kingdoms, and it will be a matter of time before Qin will unify the Six Eastern Kingdoms.

Su Chen suddenly found a woman wearing a gauze walking towards here on the street. Su Chen knew this plump woman. She was the right guardian moon goddess of the Yin Yang family.

Su Chen looked at this noble moon goddess. He whispered in confusion,

"Why is the moon god of the Yin and Yang family in Xianyang? Why didn't she go to Yongcheng? Didn't Concubine Yan take her to Yongcheng? Or is the Moon God having trouble with Concubine Yan again?"

At this time, the Moon God also came to this restaurant. This time the Moon God also predicted through astrology that there was a person here who was very important to her in the future, but she did not figure out who this person was. This time she also wanted to see if that person appears in this restaurant.

As Luna went up to the second floor of the restaurant, the drinkers here stopped talking. They swallowed involuntarily when they saw this noble woman coming up. They all had never seen such a noble woman.

Luna's light blue dress swayed gently as she walked. Her plump body also highlighted her curvy figure, and she had long light purple hair. On her head, a strand of hair hung down on each side, and a light blue gauze covered her eyes, which made the Moon God appear even more mysterious and noble.

Su Chen was also amazed by the Moon God now. This Yin Yang family is now He didn't expect that the number three figure in the Yin Yang family was so beautiful.

Su Chen knew that the women of the Yin Yang family were all peerless beauties. Concubine Yan, the current Moon Goddess, Ehuang Nvying, Da Siming, and Shao Siming were all beautiful. Women.

The Yin and Yang family can even be called a beauty family. Of course, it would be great if we kill that disgusting guy Yun Zhongjun again. Su Chen now wonders if Donghuang Taiyi is also a woman?

Yueshen didn't pay attention to these people in the restaurant. In her eyes, she looked around with gauzy eyes and walked towards Su Chen.

Now the restaurant was full, so Su Chen only occupied a table here.

Su Chen not only had a noble temperament, Moreover, he was handsome and handsome. He was dressed in aristocratic clothes. You could tell at a glance that he was an aristocratic young man. People in the restaurant did not dare to disturb this noble young master. Everyone in the restaurant saw such a beautiful and noble woman sitting on the noble man's back. The young master all regretted why they didn't leave a vacant seat at their table. If their table also had vacant seats, maybe they could have a close encounter with this beautiful beauty. The drinkers here now looked at Su Chen with envy. Now they all wanted to take Su Chen's place and sit with this beauty.

When Su Chen saw Yue Shen sitting opposite him, he said in surprise, "No? Is there anyone here? Isn't it a bit bad for you to sit down without saying hello?"

Su Chen saw the Moon God unceremoniously sitting opposite him, which made Su Chen a little helpless. Su Chen didn't want to have anything to do with this Moon God. The

Moon God and Yan Fei were old enemies of each other, and Su Chen didn't want to have anything to do with this Moon God. What does God have to do with him? If something happens between him and Moon God, I'm afraid his wife Yan Fei will give him a ghost. Moon

God felt that this person knew her from the moment she sat down, and she also found out from this person's expression. Seeing that this person was somewhat resistant to his arrival, the Moon God doubted whether this person was the one he had calculated based on the astrological laws. The

Moon God asked Su Chen in a clear voice,

"I feel like you know me?"

"I don't know you, Moon.....Cough, miss, you feel wrong."

Su Chen wants to leave here now. This Moon God must have used some kind of mind-control spell on him, otherwise he almost called out the Moon God's name.

The women of the Yin and Yang family do whatever they want, either fighting or killing. What kind of news are you trying to get out with magic?

Luna didn't expect that she would recover from her mind-controlling spell so quickly, but it was enough. Luna also knew that this person knew who she was, and even that this person had nine levels. He was the person he was looking for this time.

Luna didn't want to have a quarrel with him. Since this person was very important to her, she would not attack him again.

After thinking about it, Luna decided it was best to threaten him. , otherwise this somewhat slippery person may not answer his question,

"You must know who I am. Since you know who I am, you should know that I have a way to make you tell the truth. The Yin Yang family's magic can make you tell everything I want to know. Do you think you are a person with the highest innate ability? Can you resist me with your strength?"

Su Chen has no choice now. He has just revealed that he knows Luna, but why is Luna interested in someone who has nothing to do with her?

Is he so handsome that Luna can't help himself when he sees him?

Su Chen thought about it and felt that this should be impossible. The Moon God was devoted to the Tao, and the love between men and women could not appear in the Moon God.

"Well, Moon God, we don't have any grudges? I haven't offended you either? This should be our first meeting, so you don't need to threaten me like this, right?"

The Moon God didn't show any politeness at all. He took a tea cup on the table, poured a cup of tea and drank it.

"It's settled that I didn't use the Sleeping Seal to deal with you. What's your name?"

""Su Chen"

Su Chen felt a little helpless when he saw the rude Luna. She didn't know if the Luna was hit too hard by the returning Yan Fei, and now she wanted to take it out on anyone.

But him? Yes, this person is still myself. Is this a wife's debt to her husband?

"Suchen? Why does this name seem familiar? Why do I seem to have heard it there?"

Su Chen rolled his eyes when he heard Moon God's muttering and thought:

Of course you have heard it. I am the husband of your mortal enemy, Concubine Yan. I don't know what Moon God would do if he knew that he was Concubine Yan's husband. Wouldn't you attack yourself directly?

"It's out, it's out, the martial arts beauty list has now been announced."

At this time, some chaotic voices suddenly came from the restaurant. They were all saying that the Wulin Beauty List had been announced. At this time, the restaurant was completely boiling. The drinkers here all stood up and wanted to know about the Wulin Beauty List. There were those beauties on the list.

Su Chen also looked over. He was also very interested in this new martial arts beauty list. After all, his women were all very beautiful and peerless beauties.

Su Chen thought that if his woman He is also on the list, so will he become famous again?

"Hurry, hang up the transcribed list of martial arts beauties, and let people here take a look at which beauties are on the list."

"Don't worry, everyone, I will put up the list of martial arts beauties from our eastern continent now, and I will put up the list of martial arts beauties from other continents one by one in a while."

Chapter 285

The restaurant was now in a mess, and Su Chen frowned at the messy scene and was a little unhappy. It was noisier than the vegetable market. Su Chen couldn't help but want to throw all these people out.

Luna looked at Su Chen's unhappy expression and didn't like such a noisy environment. She stretched out her hand to drive these people out, but she was about to take action.

Some people in black clothes appeared in the restaurant. When everyone in the restaurant noticed these men in black, they immediately stopped talking. They were all scared and hurriedly sat down in their seats and looked at these men in black in horror.

Everyone in the restaurant knew that these men in black were the Shadow Secret Guards, King Qin's personal bodyguard. As the name suggests, the Shadow Secret Guards acted quickly and decisively, following them like the god of death. Although the Shadow Secret Guards did not have a high official rank, they were He has the power of life and death, and the Shadow Secret Guard can only accept Qin's instructions, so he is called "like a maggot attached to a bone, like a shadow following someone, like a king in person".

The secret guards ignored these people in the restaurant, and they quickly came to Su Chen. There was a guard beside Su Chen.

A shadow secret guard walked up to Su Chen and saluted and said,

"I have met Mr. Wu Xiang. Your Majesty has given an order to ask Mr. Wu Xiang to follow us to the palace."

Su Chen was speechless when he saw these shadow secret guards arriving. These shadow secret guards were going to kill him. The Moon God was already doubting his identity. , now that these shadow guards have called out their identities, I am afraid that this little girl Yueshen will go crazy.

At this moment, the people in the restaurant did not expect that this noble young master was a lord, but he was very familiar with the name Wu Xiangjun. Yes, just now they were discussing the Wu Xiangjun who dominated half of the peerless beauties on the last martial arts beauty list.

These people did not expect Wu Xiangjun of the Song Dynasty to come to the Eastern Continent and their Qin Dynasty. Could it be that this time Wu Xiangjun is here for Concubine Dongjun Yan of the Yin-Yang family? Wu Xiangjun has an ambiguous relationship with Concubine Dongjun Yan of the Yin-Yang family.

Moon God is now staring at this bastard with a cold light in her eyes.

She just felt that the name Su Chen was familiar. I just didn't expect that this Su Chen turned out to be Concubine Yan's husband Wu Xiangjun Su Chen.

This made the moon god very angry. The moon god now wanted to teach this bastard a lesson, and let this bastard repay the grievances she suffered from Concubine Yan. Right.

The Shadow Secret Guards suddenly noticed that the noble woman next to Wu Xiangjun suddenly burst out with a powerful aura, which made them all nervous.

Although the Shadow Secret Guards didn't know why this beautiful beauty suddenly became hostile to Wu Xiangjun, they still responsible, he hurriedly protected Su Chen.

"I said to Luna, calm down, you calm down, we are a family, don't fight and kill at every turn."

Su Chen saw that Yue Shen was about to get angry and take action, so he hurriedly appeared next to Yue Shen and held her shoulders.

Su Chen was a little tired now. Although he knew about the affairs of the Yin and Yang family, they had nothing to do with him. Yue Shen She couldn't beat Concubine Yan and now she wanted to take it out on herself, which made sense.

But she was not willing to start a fight with the Moon God. After all, the Moon God was much more powerful than that disgusting man Xiangjun, especially those weird spells of the Moon God. , Su Chen didn't want to learn those skills from the Moon God.

The Moon God saw this bastard suddenly appeared next to her, and his hateful hand touched her shoulder.

The Moon God slapped Su Chen's hand away and said angrily,

"Let go, who is your family?"

The Moon God calmed down after being held down by Su Chen. She thought that this bastard would be a very important person to her in the future, but the Moon God still couldn't figure out why she had a relationship with this bastard? This made the Moon God a little confused.

"Uh, harassment, harassment,"

Luna asked when he saw this bastard sitting in his previous seat,

"You bastard is actually Concubine Yan's husband. Why didn't you tell me just now?"

"I said it, didn't I just say my name is Su Chen?"

Su Chen waved his hand to the nervous Shadow Guards next to him to ask them to retreat, then looked at the now angry Moon God and continued,

"Moon God, I am in the Qin Kingdom of the Eastern Continent now. If I directly say that I am Wu Xiangjun Su Chen, it seems that I am deliberately showing off. I have also heard about you and my wife, Concubine Yan. In fact, you are like this There is no point in being hostile to each other"

"In the future, my wife, Concubine Yan, will go to the Southern Continent to manage my future empire. From now on, my wife will no longer be in charge of the Yin Yang family. From now on, you will be the right guardian moon god under one person in the Yin Yang family and above ten thousand people."

"Haha, why do I hear that you and your wife are giving me alms?"

"Well, how can this be called charity? If I hadn't been worried that your Yin-Yang Family's East Emperor Taiyi would not agree with Concubine Yan's withdrawal from the Yin-Yang Family, I would have asked Concubine Yan to withdraw from the Yin-Yang Family."

Yue Shen looked at Su Chen and said expressionlessly, "The matter between Concubine Yan and I will no longer involve you, so you can rest assured."

Yue Shen also wanted to figure out why this bastard Su Chen was so important to him. Could it be that Concubine Yan's breakthrough to the Grand Master had something to do with this bastard?

But this is impossible. The news that Luna got was that Concubine Yan and a Grand Master He only broke through to the Grand Master after fighting.

Su Chen looked at the Moon God in surprise and said nothing more. Since the Moon God will not cause trouble for him in the future, Su Chen will not offend this scary woman for no reason. At that time, Zhang Han also got the news and rushed over quickly. He was now afraid that Mr. Wu Xiang would suddenly disappear again. If Mr. Wu Xiang disappeared again, I'm afraid he would lose his skin even if he didn't die.

Zhang Han came to Su Chen's side He hurriedly pleaded to Su Chen,

"Mr. Wu Xiang, please don't disappear again. I was almost executed by the king this time. Please don't harm me again."

"I just disappeared, I just came out to get some air. Is that a place for people in the palace? I was afraid I would go crazy if I stayed another day or two."

His fault, is this Lord Wu Xiang speaking human language?

Why is the palace not a place for people?

Is this Lord Wu Xiang scolding King Qin in disguise?

Zhang Han did not dare to refute Lord Wu Xiang, he could only keep it secret He lowered his face and didn't want to talk to this bastard.

At this time, the shopkeeper of the restaurant stood in the middle of the second floor and said to everyone in the restaurant,

"In the Eastern Continent, the list of martial arts beauties has been posted, and everyone can see it as long as they sit down. I hope everyone will not move around at will and affect other people's viewing."

Su Chen also raised his head and looked over. He ignored Yueshen and Zhang Han. This place is much more lively than Qin Palace. Su Chen will not leave to Qin Palace with Zhang Han now. In the

Eastern Continent, there are beauties from the martial arts world. Ranking list Ranking No. 10, Da Siming of the Yin and Yang family has red lips and plain teeth, and green hair on Emei.

Da Siming, the fire chief of the Yin and Yang family, has unique martial arts skills: Yin and Yang combined mudra, skull and blood mudra, and six soul terror curses.

Ranking Ninth, Wei Guo, Gongsun Liji.

Her phoenix eyes are half-curved with amber, and her red lips are dotted with cherries.

Gongsun Liji, a native of Weiguo, is the granddaughter of General Gongsun Yu of Weiguo. Note: Because Lord Wu Xiang treated Gongsun Liji With beautiful expectations, Gongsun Liji, who only knows some ordinary martial arts, was ranked ninth.

Chapter 286

At this time, people in the restaurant looked at Su Chen when they saw Gongsun Liji, who was ranked ninth. They didn't think that just because of Su Chen's words, Gongsun Liji was on the list.

Moreover, Gongsun Liji was still ranked ninth. People in the restaurant also felt that if Gongsun Liji was not beautiful, she would not be ranked ninth by Bai Xiaosheng on the list of beauties in the Eastern Continent.

Su Chen was a little embarrassed now. He only mentioned Gongsun Liji just to cause trouble for Jing Ke.

Su Chen did not expect that Bai Xiaosheng would associate Gongsun Liji's ranking with him, which left Su Chen speechless.

Bai Xiaosheng's information is too well-informed. He already knows everything about the Eastern Continent just a short time after this happened. Could it be that Bai Xiaosheng has some rare treasure in his hand that can reveal some information?

Su Chen didn't care what these people looked at. He continued to look at the martial arts beauty list. The people in the restaurant could think whatever they wanted.

Luna looked at Su Chen and ignored him. Luna was not interested in how many women this bastard Su Chen had. Luna was devoted to the Tao, and she didn't care about men and women at all.

Yan Lingji, a Baiyue native, a former Baiyue killer, has unique martial arts skills: "Fire Charm Technique" and "Fire Lingchai", and her relationship with Wu Xiangjun is ambiguous.

Su Chen quickly read the ranking list of martial arts beauties in the Eastern Continent and wanted to leave. The remaining beauties ranking list from other continents, he could only ask these shadow guards to tell him back. Su Chen was now afraid that he would not be able to leave for a while..

Su Chen stood up and was about to leave. This time, eight of the peerless beauties on the Eastern Continent's martial arts beauty rankings were related to him. Now people in the Eastern Continent might kill him if they see him.

"Zhang Han, let the Shadow Secret Guard stay here alone and copy down the ranking list of martial arts beauties from other continents for me. We will return to the Qin Palace now."

"Yes, Mr. Wu Xiang."

Zhang Han looked a little weird when he looked at Mr. Wu Xiang. Isn't this Mr. Wu Xiang too powerful? Almost all the martial arts beauties in the Eastern Continent were caught in one fell swoop. He didn't know how this Mr. Wu Xiang did it.

Su Chen immediately He took the secret guard out of the restaurant. The people in the restaurant wanted to tear him apart when they looked at him. Su Chen didn't want to stay and ask for trouble.

But when Su Chen returned to Qin Palace, the Moon God also They followed together, which left Su Chen speechless.

"Luna, why are you following me? I want to go back to Qin Palace, but you can't enter Qin Palace."

Moon God is now speechless for this bastard Su Chen. All the women on the Eastern Continent's martial arts beauties ranking list are almost related to this bastard Wu Xiangjun. The only beauties on the list are her and Xiao Meng. Da Si ordered them The three of them have nothing to do with this bastard.

Luna is becoming more and more curious about this bastard Wu Xiang. She also wants to know more about this bastard. After all, this bastard will be very important to her in the future.

"Isn't this about you? Mr. Wu Xiang, I didn't expect you to know Lao Ehuang Nvyang, the Minister of Water Resources. It seems that your relationship is not bad."

"Mr. Wu Xiang, if Concubine Yan of Dongjun knew about your relationship with Nvyang of Emperor E, do you think Concubine Yan would kill Nvyang of Ehuang?"

Su Chen was speechless when he saw that the Moon God looked familiar to him.

Su Chen didn't want to have anything to do with this Moon God who had a heart as solid as stone. This Moon God had no interest in the relationship between men and women at all.

This Moon God may have two purposes now. One is to completely suppress his wife, Concubine Yan, and the other is to devote himself to practicing Taoism and completely control the Yin and Yang family in the future. Su Chen has no interest in playing house with this Moon God. game

"Moon God, I did not promise to take you to the Qin Palace, and it is impossible for Concubine Yan to kill Emperor E and Nvying."

"Are you so confident that Concubine Yan will not kill Emperor E, Nvying and the others?"

Moon God asked with some curiosity.

Moon God knew that Concubine Yan was a ruthless person. She did not believe that Concubine Yan would be polite to Ehuang Nvying and the others.

"Of course, Concubine Yan is my wife. Although I have no relationship with Ehuang Nvying and the others, even if we were really related, Concubine Yan would not kill Ehuang Nvying. I know my wife very well now."

## Chapter 287

In Xianyang Palace, Su Chen felt very helpless when he saw the Moon Goddess who had been following him. If the Moon Goddess didn't return to Yin Yang's house or go to Yongcheng, she kept following him and didn't know what to do. Su Chen couldn't catch up. She leaves.

At this time, the Shadow Secret Guard also sent over the ranking list of beauties from other continents. Su Chen looked at the ranking list of beauties from other continents and his face turned ugly. That bastard Bai Xiaosheng must be targeting him.

The peerless beauties of the Song Dynasty and Sui Dynasty in the Southern Continent are basically related to him, and the Ming Dynasty on the Western Main Road is almost the same, but the beauty rankings of the Han Dynasty in the Northern Continent have nothing to do with him.

Su Chen looked at the ranking list of martial arts beauties in the Han Empire in the Northern Continent. The first place was not Diao Chan but Zhen Mi. This made Su Chen a little surprised. Is Zhen Mi more beautiful than Diao Chan?

The top three beauties in the Northern Continent are Zhen Mi, Diao Chan, and Xiao Qiao.

The top three beauties in the Southern Continent are: Concubine Xuan, the first master, Huanwan the second, and Xiao Longnu the third.

The top three beauties in the Western Continent are Murong Qiudi, second Lin Xianer, and Zhao Min.

Su Chen looked at the beauties on these beauty rankings and put them away. It was enough to just take a look at these. The other rankings in the martial arts world would be announced in a month. It was the other rankings that he should pay attention to.

In the Southern Continent

, Huang Rong's battle against Dali was also a close fight. The temporary army of more than 300,000 soldiers raised their sabers and charged towards the Dali army.

Huang Rong rode her horse and watched as the army began to fight. This war would determine the fate of Dali, and it would also be a test for the temporary legion she had trained. If the combat effectiveness of these more than 300,000 temporary legions could reach half of the combat effectiveness of the Netherworld Cavalry and Xuanwu Legion, Then these temporary legions can also be formally formed into formal legions.

At this time, the first temporary army commander of the temporary army was covered in blood while killing the Dali army and shouting at his army,

"Kill, kill the soldiers of the First Provisional Legion. Your Majesty's black bird flag is behind. Whether we can become a formal legion in the future depends on this war. We cannot give the military support to us this time. You're so embarrassed, I'll kill you all"

"Kill, for the sake of Lord Wu Xiang, destroy the country of Dali"

"Kill, kill Wu Xiangjun, and destroy Dali Kingdom"

"Kill, for the sake of Lord Wu Xiang, destroy the Dali Kingdom."

The Second Provisional Legion and the Third Provisional Cavalry Legion on both wings were also slaughtering Dali's army with fierce force. Their Provisional Legion cannot lose this war, and their Provisional Legion cannot afford to lose.

If they do not win this war, Dali Army, I am afraid that their temporary legion will only be able to serve as city guards in the future, and the combat legion will not have their share.

Lin Shiyin and Lin Xianer, who were observing outside the battlefield, now feel the cruelty of war. Every moment on the battlefield People were dying, and some soldiers even died extremely cruelly. The mixture of rain and blood dyed the battlefield red.

Lin Xianer's face looked a little ugly when she looked at the terrifying battlefield. She regretted coming to see this war.

"Sister Shiyin, war is so terrifying. With hundreds of thousands of troops fighting, even the Grand Master will probably die in it."

Lin Shiyin is also a little nauseous now. She was originally going to meet that bastard Su Chen here this time. Lin Shiyin didn't expect that bastard Su Chen didn't show up for such an important war.

And the army of more than 500,000 was actually commanded by that girl Huang Rong. , this makes Lin Shiyin a little worried about whether this war will be won?

And from the current battle on the battlefield, it seems that Su Chen's army has the upper hand, and the defeat of Dali's army will be a matter of time. This makes Lin Shiyin worried about this war. I feel relieved,

"Well, the army is indeed something that Jianghu people cannot deal with, especially an army with a large number. Even if a grand master participates in a war involving hundreds of thousands of troops, he may not be able to last long on the battlefield before he is killed."

"Sister Shiyin, how about we go directly to Gusu City? I can't stand the war here anymore."

"Wait a minute. When the war ends, I will ask Huang Rong where Su Chen is now. I guess that bastard Su Chen is definitely not in Gusu City."

"All right."

At this time, Yang Ye and Yue Fei looked very ugly when they saw this battle. They did not expect that Wu Xiangjun's temporarily formed army was so elite, which was much stronger than their Song Dynasty army.

Yang Ye and Yue Fei also understood that after Dali was destroyed this time, Wu Xiangjun's army would definitely launch a war against the Song Dynasty.

But now that the Song Dynasty was threatened by the Jin Kingdom, Liao Kingdom, Xixia, and the Yuan Dynasty, the Song Dynasty could not take advantage of it. Taking this opportunity to launch a war against Wu Xiangjun's territory.

This made Yang Ye and Yue Fei, who had been deprived of military power, a little optimistic about the future of the Song Dynasty.

Yang Ye saw that Dali's army had begun to collapse, and he sighed and said ,

"Dali's defeat has been decided, General Yue, from the Song Dynasty we will face an attack by Wu Xiangjun's army."

"Yes, Da Song is in some danger."Yue Fei looked at the retreating Dali army and shook his head and said.

This war made Yue Fei understand that from the perspective of soldiers, the army of the Song Dynasty will definitely not be the opponent of Wu Xiangjun's army in the future.

Yue Fei is also facing Wu Xiangjun now. Xiangjun's army had no choice. The Song Dynasty's army had been weak for a long time, and even the troops in some places were old, weak, sick and disabled. How could they fight against Wu Xiangjun's army in the future? Huang

Rong saw that the Dali army began to collapse, and she knew This war is about to be won, but the Dali army here cannot allow them to escape back to Shanshi City. Huang Rong looked at the third cavalry regiment of the temporary army and also destroyed Dali's cavalry.

"The officer on duty ordered the Third Cavalry Corps of the Provisional Army to stop the fleeing Dali army and surrender without killing them."

""Yes, Commander."

Xiao Feng saw that Dali's flag on the battlefield was still behind and showed no signs of escaping, which made Xiao Feng a little confused. Dali's army had been defeated, why didn't Duan Zhengchun want to escape? Could it be that

Duan Zhengchun didn't want to escape?

What chance does Zhengchun have of making a comeback?

"Huang Rong, does Duan Zhengchun have any conspiracy? He had already lost the war, so why did Duan Zhengchun show no signs of escaping?"

Of course Huang Rong knows what Duan Zhengchun is waiting for. This time, Huang Rong is not afraid of the assassination of the bald donkeys from Tianlong Temple. The masters from Gusu City are already on the battlefield.

As long as those bald donkeys from Tianlong Temple appear, Mrs. Jing Salamander will But none of them would be able to escape from this battlefield, and Duan Zhengchun's hope would be shattered this time.

Huang Rong smiled and said to Xiao Feng,

"Brother Xiao, those bald donkeys from Tianlong Temple have not appeared yet. Now Duan Zhengchun is trying to stabilize his army. He is waiting for those masters from Tianlong Temple to attack me or even kill me, so that the crisis in Dali can be safe. spend"

"Huang Rong, seeing that you are not afraid, do you have any countermeasures?"

When Xiao Feng heard about those bald donkeys in Tianlong Temple, he was worried about Huang Rong. Xiao Feng knew that there was a great master in Tianlong Temple, and there were even several masters. Xiao Feng asked curiously when he saw Huang Rong not worried at all.

"Huang Rong, seeing that you are not afraid, do you have any countermeasures?"

"Haha, don't worry, Brother Xiao, it's a good thing those bald donkeys from Tianlong Temple don't come this time. If they dare to come, none of them will leave alive."

## Chapter 288

On the battlefield, more and more Dali's troops began to flee towards Shanshi City, and the temporary army was also chasing after them.

After receiving Huang Rong's order, the Third Cavalry Corps of the Provisional Army quickly intercepted the passage leading to Shanshi City. The Dali army was now surrounded by the temporary legion, and the fate awaiting them was either not to be killed or to kneel down and surrender.

Duan Zhengchun now saw that the army had been defeated. After looking at the generals who were trying to comfort him and trying to escape, Duan Zhengchun saluted the monks around him and said,

"Master Kurong, I am going to trouble you and other masters this time."

An old monk next to Duan Zhengchun looked at the battlefield with bright eyes and said with a Buddha name,

"Amitabha, Prince Duan, this is what we should do. We are all descendants of the Duan family in Dali. I will lead the monks from Tianlong Temple with four masters of my generation to kill that Huang Rong. You must hold your troops steady."

When Duan Zhengchun saw that the great master, Master Kurong, was going to take action personally, he happily said in a hurry,

"Don't worry, master, I have asked the generals to stabilize the army. As long as Huang Rong is killed, we will definitely defeat Wu Xiangjun's troops."

"Amitabha, four junior brothers, you can take the experts from Tianlong Temple and follow me."

"Yes, senior brother."

At this time, in a secret place outside the battlefield, Jing Salamander was hiding here with hundreds of secret guards and Lu Xiaofeng. Jing Salamander, who had been paying attention to the battlefield, discovered that the bald donkeys from Tianlong Temple were about to move out, and Jing Salamander immediately responded. The secret guards next to them waved their hands.

After receiving Jing Salamander's instructions, hundreds of secret guards disappeared around Jing Salamander.

Jing Salamander looked at Lu Xiaofeng and the others next to him and said to them,

"Lu Xiaofeng, Ximen Chuixue, Situ Zhaixing, and Yan Shisan are going to ask for your help this time. The four master monks will be left to you."

Lu Xiaofeng also saw hundreds of monks rushing past the army and rushing towards Huang Rong in the rear. Lu Xiaofeng knew that those were monks from Tianlong Temple who wanted to raid and command the army to fight Commander Huang Rong.

Lu Xiaofeng and Ximen Chuixue also got Su Chen's aunt Li Qingluo. The letter asked them to protect Huang Rong, the commander-in-chief of the army this time.

Lu Xiaofeng and the others had a good relationship with Su Chen. Although they did not want to get involved in the war between countries, they could not refuse this time. With their relationship with Wu Xiangjun Relationship, they didn't want to refuse.

Lu Xiaofeng and the others also knew that that bastard Su Chen was captured by a land god in the heavenly realm. Although nothing happened to that bastard Su Chen, the bastard didn't come back now.

This war Lu Xiaofeng and the others also knew that it was very important to Su Chen. If the Dali Kingdom could be destroyed in this war, they would not have to worry about the comfort of the rear in the future. Lord Wu Xiang could concentrate on dealing with the Northern Song Dynasty.

Lu Xiaofeng looked at this cold Dali Kingdom Grandmaster Jing Salamander smiled and said,

"Madam Jing salamander, you're welcome. Since Su Chen's bastard elder asked us to help this time, we will stop the four master monks."

Lu Xiaofeng also completely admired that bastard Su Chen. Each of that bastard's women were prettier than the last, and they were all very powerful.

He had seen Jingyu in Yangzhou City in the Sui Dynasty, a beautiful beauty of a great master. At that time She had fought with Yao Yue, who was also a Grand Master. Although they only exchanged a few moves, this cold and beautiful beauty was not something they could deal with.

"Thank you."

Jing Salad didn't say much to Lu Xiaofeng and the others. That's just her personality. She was able to say thank you to Lu Xiaofeng and the others this time because they were all Su Chen's friends and they were here to help her this time.

Jing Salad saw that The great master monk was about to arrive at Huang Rong's handsome flag, and she disappeared from Lu Xiaofeng's side in a flash.

When Lu Xiaofeng saw the Jing Salamander disappeared, she helplessly said to Ximen Chuixue and the others,

"Let's kill those monks too. We must ask that bastard Su Chen to compensate us in the future. In this war, we broke our principles and helped that bastard."

Ximen Chuixue took his sword and was about to kill those bald donkeys. Ximen Chuixue had no dissatisfaction with coming to help Huang Rong this time.

After all, he is now the younger brother of that bastard Su Chen. Ximen Chuixue will call that bastard Su Chen his big brother from now on. , they can be regarded as a kind of brothers who are not sworn brothers.

Ximen Chuixue said to Lu Xiaofeng and the others expressionlessly,

"Let's go. Anyway, Su Chen's aunt is begging for our help this time. We have to come to help this time just for his aunt's sake. Sikong

Zhaixing asked with some doubts.

"Lu Xiaoji, why didn't Su Chen's aunt let Su Chen's confidante help? Why didn't Su Chen's aunt invite women like Yao Yue, Lian Xing, Zhu Yuyan, Fan Qinghui and so on? Those women are much stronger than us."

Lu Xiaofeng's mouth twitched after hearing what Sikong Zhaixing said.

Lu Xiaofeng was also speechless towards that bastard Su Chen. Some of his confidante were much older than him.

Lu Xiaofeng thought about inviting Yue and the others to go there in the future. In Gusu City, Su Chen's house was going to be lively and even cause chaos.

Lu Xiaofeng patted Sikong Zhaixing on the shoulder and said with an expression like you are an idiot,

"Are you an idiot? Does his aunt dare to call Su Chen's confidante?"

"If Su Chen's aunt calls those women over, what will they call each other?"

"You know, Yao Yue and the others are much older than Su Chen's aunt. Why don't you, the thief, use your brain more?"

Sikong Zhaixing touched his forehead with some shame. He didn't think of this just now. Now after hearing Lu Xiaofeng's words, he said with some gloating,

"Um, that's true. It would be embarrassing if we really called Yao Yue and the others. Su Chen's house will definitely be lively in the future. Lu Xiaoji, after this incident, we will also go to Su Chen's house to have a look. Maybe we will go. It can be lively and can be seen"

"We'll talk about this later. Let's kill those bald donkeys now."

Lu Xiaofeng was a little moved after hearing Sikong Zhaixing's words, but he saw that Yan Shisan next to him did not give a clear reply to Sikong Zhaixing on the spot.

Lu Xiaofeng knew that Yan Shisan was Murong Qiudi's subordinate. If they were discussing here. Looking at the excitement at Su Chen's house in the future, I'm afraid Yan Shisan will report Murong Qiudi.

Yan Shisan knows that Lu Xiaofeng and the others are worried that they will tell the truth. Yan Shisan is now considered Wu Xiangjun's subordinate. After all, his young lady is already Wu Xiangjun. She is Xiangjun's wife.

Yan Shisan can't stand Su Chen's flirting with women everywhere. If he can see Wu Xiangjun's embarrassing things in the future, Yan Shisan is very willing to see it.

"You don't have to worry about me snitching. As long as it doesn't threaten Mr. Wu Xiang, I won't tell my lady. I also want to know what will happen to Mr. Wu Xiang's family in the future? I also want to see some excitement"

"Haha, brother, from now on Yan Shisan, you will be our friend. After this time, we will go to Gusu City together. I haven't been to Su Chen's house yet, so this time we will visit Su Chen's house."

Chapter 289

Huang Rong is watching the army quickly encircling the Dali army. Now that the Dali army can no longer escape, it will be a matter of time for the Dali army to perish sooner or later.

"Officer on duty, order the Xuanwu Legion to attack Shanshi City. I will ask the Xuanwu Legion to take Shanshi City after destroying the Dali army."

"Yes, Commander."

Xiao Feng looked at Huang Rong and knew that Huang Rong had won this huge war again.

Shanshi City definitely does not have many troops now. Even if there are many troops in Shanshi City, they may not be able to withstand the attack of the Xuanwu Legion, the king of land warfare. After this war, I'm afraid Huang Rong's reputation will become even more famous.

Suddenly, Xiao Feng felt a powerful aura coming towards here,

"Um? , Girl Huang Rong, I feel that a powerful person is coming here."

Huang Rong also looked at where Xiao Feng was looking. Huang Rong knew that this should be the bald donkeys from Tianlong Temple. It seemed that Duan Zhengchun had put all his treasure on the bald donkeys from Tianlong Temple.

"Brother Xiao, this should be the attack of those bald donkeys from Tianlong Temple. We don't need to worry about them. Someone from Tianlong Temple will deal with them."

Xiao Feng was still a little worried and said to Huang Rong,

"But, this is a great master, Huang Rong, why don't we let the Netherworld Cavalry protect you? The army around you is a little small now. Huang

Rong looked around and smiled at Xiao Feng and said,

"Haha, Brother Xiao, Madam Jing salamander is here. Even if the Grand Master of Tianlong Temple comes, Madam Jing Sala will kill him."

"Mrs. Salamander? No wonder you are not worried at all, it turns out that Mrs. Salamander has arrived."

Xiao Feng now understands why Huang Rong is not worried about her comfort at all. Huang Rong is very safe now with the Grand Master's Jing Salamander. However, Xiao Feng did not expect that Mrs. Jing Salamander, who had been hiding for so long, would appear on the battlefield this

time..At this time, an old monk with long eyebrows appeared not far away. Huang Rong's escort army and secret guards immediately escorted Huang Rong.

Ku Rong stood not far away and looked at Huang Rong who was being guarded behind him and said lightly. ,

"Amitabha, I never thought that a girl would lead an army to attack our Dali. Girl, retreat immediately and I can let you leave safely."

"Haha, old bald donkey, do you think it's possible? This time I have dispatched more than 500,000 troops to destroy Dali. With just one word from you, you can tell me to withdraw my troops. You old monk is really talking nonsense."

"Since the donor is unwilling to withdraw his troops, don't blame me for being rude."Kurong saw that the girl refused unceremoniously, which made him, the great master, look a little ugly.

At this time, Huang Rong's head guard saw that the old monk was about to take action, so he hurriedly ordered,

"The shield array was raised, the military crossbows were ready, and"

Bang! Bump! Bump!"

Giant shields were erected in front of Huang Rong. Thousands of troops immediately used military crossbows to shoot at Ku Rong. Whoosh! Whoosh! Whoosh! Boom!! Boom! Boom!

Ku Rong himself used his powerful skills to directly shatter the bows and arrows that shot him. The grand master's Ku Rong was not something that this thousand troops could deal with. After Ku Rong shattered the crossbow attack, Quickly rushed towards Huang Rong.

Just when Ku Rong used Qinggong to rush towards Huang Rong, Ku Rong suddenly felt a terrifying aura locking him. Ku Rong immediately wanted to avoid this terrifying aura, but he was still too late. In one step, a pink sword energy directly pierced Ku Rong's shoulder. If Ku Rong hadn't avoided his vital point, I'm afraid his head would have been hit by the pink sword energy.

Ku Rong checked his injured shoulder and Looking at the person who assassinated him, at this time, a beautiful woman wearing a fishnet outfit appeared in front of him. This beautiful woman held a weird long sword in her hand and looked at Ku Rong with a cold face. Ku Rong looked at this The cold and beautiful Grand Master was a little shocked. This beautiful woman who looked young turned out to be a Grand Master, and the sword in her hand was also very sharp and strange.

Ku Rong asked this cold woman,

"This donor, this is a war between our Dali and Wu Xiangjun. I hope the female donor will not get involved."

Jing Salamander did not answer Ku Rong's words. She directly took the sword and attacked Ku Rong. The pink sword energy continued to swing towards Ku Rong.

Ku Rong saw that the great master actually killed without mercy. This made Ku Rong He was a little annoyed. Kurong originally thought that his persuasion could make the female grandmaster think about it, but it seemed that this persuasion was of no use.

"Six Meridians Divine Sword" touch! touch! touch!"

"Yiyang pointed"

Bang! Bang! Bang!

Ku Rong kept smashing the pink sword energy attacking him, but there were more and more of these sword energy, and they were killing him faster and faster from all directions.

At this time, Lu Xiaofeng They also stopped the four masters of Tianlong Temple.

These masters of Tianlong Temple were no match for Lu Xiaofeng and the others. After fighting for a while, the four senior masters of Tianlong Temple were at a disadvantage.

Lu Xiaofeng and the others were all from mainland China. Although the masters of Tianlong Temple are stronger than them in cultivation, in terms of skills and martial arts, the masters of Tianlong Temple are not as good as Lu Xiaofeng and the others. It is also a matter of time before these seniors of Tianlong Temple are defeated and killed.

This At that time,

Jing salamander saw that Ku Rong was constantly smashing her sword energy and jumped up. Jing salamander wanted to quickly kill the great master of Ku Rong this time. There were many people in the world watching here, and Jing salamander was also afraid. If something happened again,

Jing Salamander raised his Jing Salamander Sword and suddenly said coldly,

"In the vast world, righteousness will always exist, not to kill immortals, but to kill ghosts and gods."

Boom

At this time, the sky in the sky where Jing Salamander was located immediately darkened, and Jing Salamander was like a beam of light in the darkness. Her Jing Salamander sword immediately burst out with pink sword energy that was countless times more powerful than before.

When Jing salamander felt that she couldn't control the Ghost-Slaying Divine Sword Art, she immediately attacked Ku Rong. A huge pink sword energy burst out from the Jing Salaman Sword and hit Ku Rong instantly. Ku Rong was directly hit by this huge The pink sword energy passed directly through his body.

With a bang,

Ku Rong fell to the ground directly. Ku Rong vomited blood and looked at his body that was penetrated by the pink sword energy and said weakly,

"How can this be? How can you, a master in the middle stage of Grand Master, be so powerful?"

Jing Salamander didn't say anything. She came directly to Ku Rong and chopped off his head with the Jing Salamander Sword under Kurong's horrified expression.

A great master was so easily killed by Jing Salamander. This made Huang Rong who was watching from the side Xiao Feng was a little shocked, especially the sword technique used by Jing Salamander. At that time, Jing Salamander was killing demons like a fairy.

"Huang Rong met Mrs. Frightened Salamander"

"Xiao Feng met Madam Jing Salamander"

""I've seen Mrs. Jing Salamander."

Huang Rong and Xiao Feng reacted and came to Jing Salamander's side and saluted to Jing Salamander, while the escort troops and Jing Salamander's direct secret guards also knelt down on one knee and saluted to Jing Salamander.

Jing Salamander looked at Huang Rong and nodded. She knew that Huang Rong was a friend of her daughter Su Yan, and Jing Salamander did not show any cold face to Huang Rong.

"Huang Rong, you did a good job this time. The great masters, masters and even the monks who came to Tianlong Temple this time will not leave alive. Tianlong Temple will be considered abolished in the future. The remaining army will need your best efforts to fight."

"Madam, this is what I should do."

## Chapter 290

While Jing Salamander and Huang Rong were talking, Lu Xiaofeng and the others also killed the bald donkeys from Tianlong Temple. The secret guards brought by Jing Salamander were still massacring the monks from Tianlong Temple. This time, Tianlong Temple's The monks were all caught in one fell swoop.

Duan Zhengchun also discovered that the assassination of the masters of Tianlong Temple failed, and they were all killed. This made Duan Zhengchun know that he was going to be doomed this time. Now that Dali's army was surrounded, Duan Zhengchun was about to break out. It's impossible to get out

"Bastard, damn it, how could the master of Tenryuji fail? There were one Grand Master, four Grand Masters, and even more than a hundred masters of innate monks. Now that they all failed and were killed, what should I do?"

Duan Zhengchun is completely desperate now. If he had known that he had escaped early, if he had not had confidence in the monks of Tianlong Temple, he would not have been in a dilemma now.

A general hurriedly approached Duan Zhengchun and shouted loudly road,

"Your Majesty, some of our troops are beginning to surrender. What should we do?"

When Duan Zhengchun heard the report from his general, he immediately looked towards the battlefield. On the battlefield, some of Dali's troops had knelt down and laid down their weapons and surrendered. Duan Zhengchun looked at the surrendering troops and said angrily,

"Damn it, how do I know what to do? The more than 300,000 troops are as many as the troops dispatched by Wu Xiangjun, but what about now? We have killed more than 100,000 troops, and now we are being defeated by Wu Xiangjun's army. Our retreat has also been blocked, and some troops who are greedy for life and fear of death actually surrendered at this time," the general said. He stopped talking and said anxiously,

"Your Majesty, if we also surrender, our army is no match for Wu Xiangjun's army. Now some of our Dali troops have surrendered. Maybe more troops will surrender in the future. If the army mutinies at this time, we will It's dangerous."

Duan Zhengchun looked at his confidant general in surprise after hearing what he said. Duan Zhengchun looked at the soldiers around him and became a little wary. At this time, it was obvious that their country in Dali was about to end. Duan Zhengchun thought that the generals and soldiers here might also be in danger. There will be other ideas.

Duan Zhengchun thought for a while and said to this confidant general who didn't know but was still loyal to him,

"Yes, we are desperate now. Some generals who are greedy for life and fear of death will mutiny at this time, and those generals of the former prince will definitely mutiny at this time. Alas, Duan Kui, order the army to surrender, so that at least we can save our lives."

"Yes, Your Majesty."

Dong dong dong dong dong. The war drums on the Dali commander's side suddenly sounded, but this time they were not the drums of attack, but the drums of laying down their weapons and surrendering. When the

Dali army heard the drums, they immediately dropped their weapons and knelt down to surrender. Now, these soldiers have no longer wanted to fight. If they weren't afraid of surrendering and being tricked and killed, Dali's army would have surrendered long ago.

"Victory, we victory, long live Lord Wu Xiang"

"Haha, we won, we will be an official army from now on"

"Long live Lord Wu Xiang, we defeated the Dali army, and we will be a regular army from now on."

"Victory, victory, we are no longer a temporary army."

At this time, the soldiers of the Provisional Legion shouted excitedly when they saw the Dali army kneeling on the ground.

From now on, their Provisional Legion is no longer just miscellaneous soldiers doing logistics work. In the future, they will be Xiangjun awarded a legion number, and they will become official legionnaires under Wu Xiangjun from now on.

"Let's go, this time there is something special. The monks from Tianlong Temple did not assassinate Huang Rong. Now the Dali army here has surrendered. Dali has no troops available. It seems that Dali's strength has been exhausted. Next is our Song Dynasty."

"Haha, our army is not much stronger than Dali's army. From now on, the Song Dynasty in the southern continent will probably be ruled by Lord Wu Xiang"

"Yes, the Song Dynasty is no match for Lord Wu Xiang, but as ministers we should sacrifice our lives for our country."

"Let's go back and prepare for the national war. Alas, I hope the emperor can restore us to our official positions, otherwise we may not be able to do anything."

Yue Fei and Yang Ye left with their men while talking. They have nothing to do with them here anymore. They also understand some things that they need to know. There is no use staying here.

"Xian'er, let's go there"

"Sister Shiyin, are we going to the battlefield?"

"Well, I want to ask Huang Rong where Su Chen is now?"

"Oh, okay, let's go."

In the Eastern Continent, Da

Qin Su Chen felt very helpless when he saw the Moon God in the carriage. This girl has been following him since yesterday. She didn't say why she followed him. This made Su Chen sometimes couldn't help but treat this girl like a stone. The woman had her cross.

Su Chen reminded him when he saw that Luna was sitting next to him calmly and drinking tea,

"Girl, we are going to Yongcheng this time, do you want to go with us? My wife, Concubine Yan, is in Yongcheng, so you have to think carefully."

Yue Shen put down the tea cup and said calmly,

"Can't I go when Concubine Yan is in Yongcheng?"

Su Chen couldn't help but strike when he saw that Yueshen still looked calm, and said,

"Moon God, if you don't pretend to be serious, will you die? Make it look like you can beat my wife"

"Bastard, you are such a shameless person"

"Damn it, why am I a shameless person, what am I doing to you? I didn't see your lavender underwear last night."

After listening to Su Chen's words, Luna hit this bastard with her palm. She didn't think that the person she found while taking a bath was this bastard. This made Luna couldn't help but want to kill this bastard.

Luna's face turned crimson. He stared at Su Chen and said angrily,

"You damn shameless person, you were indeed the one who peeped at my shower last night."

Su Chen felt a little regretful after being slapped by the Moon God. He didn't expect that he would spill the beans again this time.

Su Chen felt that he had become more and more distracted recently, and often said what was in his heart. It seems that he should calm down and take care of himself in the future. After some reflection,

Su Chen did not dodge Luna's attack. He knew that Luna did not attack him. Although Su Chen didn't know why Luna didn't show mercy to him, Su Chen still pretended to be injured and coughed while covering his chest. Then he said,

"Well, misunderstanding, misunderstanding, I just wanted to chat with you at that time, I didn't expect you to take a shower at that time"

"chat? Did you come to chat with me in the middle of the night? Do you think I should believe what you say?"

"that.....that....."

Su Chen didn't know how to explain it now. Yesterday, he just wanted to see what the Moon God was going to do after following him. Su Chen was afraid that the Moon God would unknowingly plant the Yin Yang Family's Six Souls Fear Curse on him.

Su Chen took advantage of the darkness to go to the Moon God's place to check. Who knew that this little girl would be bathing in the middle of the night, and she was even wearing a gauze when bathing.

Su Chen was also fascinated by the beauty of the Moon God. If the sound of his swallowing was not heard by the Moon God, Su Chen would not have been discovered by the Moon God that someone was peeping on her.

He wanted to see what the Moon God would do. He didn't know how to take off the gauze, but Su Chen was very interested in Luna's eyes, but that opportunity was ruined by the sound of him swallowing saliva.

"Damn it, Su Chen, you are dead this time. Even if Concubine Yan is here, I will kill you."

"I guess, wait a minute, Moon God, if you take action again, I will shout out about the crescent birthmark on your belly."

"Shameless, you.....You shameless person."
