Chapter 2991

The little Rakshasa looked at the Rakshasa girl expectantly.

She wanted to know if the Rakshasa girl felt the same as her. If the Rakshasa girl felt the same as her, Su Chen might have really arrived in the Hongmeng world.

The Rakshasa girl shook her head and replied, "No, I didn't feel Su Chen's arrival in Hongmeng World."

"Second sister, do you really not feel it?"

"Really do not have!"

The Rakshasa girl looked at the little Rakshasa speechlessly.

She felt that the little Rakshasa missed Su Chen crazy.

How could Su Chen come to the Hongmeng world? He was not a living being in the Hongmeng world. Unless he had reached the tenth level of the Holy Realm, In the second heaven, other living beings can come to the Hongmeng world.

Su Chen is just an ordinary warrior.

Tens of millions of years have passed.

Rakshasa guessed that Su Chen might have died long ago.

Suddenly, the Rakshasa girl's soul beat violently "Four Four""Seven", she covered her chest and looked at the little Rakshasa in surprise,

Su Chen?

Did she really come to the Hongmeng World?

The Rakshasa girl's soul beat violently for Su Chen, and her heart became active with thoughts of day and night. , the Rakshasa girl did not tell the lowered little Rakshasa that she wanted to verify whether the violent beating of the Yuan Shen was because of Su Chen. If the beating of the Yuan Shen was really because of Su Chen, the Rakshasa girl would ask the Rakshasa Supreme to help her and Xiao Luo She was looking for Su Chen.

In the palace of Rakshasa, there was a seductive woman wearing tulle. She held her white chin and listened to the conversation between the Rakshasa girl and the little Rakshasa.

The Rakshasa girl and the little Rakshasa were her only two tribesmen. , she has devoted thousands of years to cultivating the Rakshasa girl and the little Rakshasa, and they can be considered worthy of success.

In ten million years, the Rakshasa girl has advanced to the eleventh level of the Tao realm, and the little Rakshasa has advanced to the fifth level of the Tao realm. It takes a million years to advance to the domain lord realm, which can be regarded as a dominant existence.

The white fingers of the Rakshasa Supreme tapped on the armrest.

"Suchen? The person that the little Rakshasa has been thinking about for thousands of years is the Rakshasa Girl. She obviously also has feelings for Su Chen, and it seems that the Rakshasa Girl has also sensed Su Chen."

It's interesting. It shouldn't be easy for Su Chen to ascend from the big world of Yifang to the big world of Hongmeng. The Rakshasa Supreme tapped her finger, and more than ten beams of light disappeared in a flash. She wanted to notify the more than ten world masters under her control to find Su Chen. As a person, Rakshasa Supreme wants to see what Su Chen's potential is. If Su Chen is worthy of her training, she will train Su Chen into her loyal subordinate. If he is not worth training, Rakshasa Supreme will order his subordinates to kill Su Chen. Nine In the underworld, deep in the underworld, a beautiful woman with a graceful figure and full of temptation opened her eyes from the dark flowers.

"Suchen?"

After the seductive beauty's delicate red lips uttered two words, her eyes became brighter and brighter.

The seductive beauty is a succubus, or the succubus slave that Su Chen bought in Shenyun Dali

"Su Chen actually appeared in Hongmeng World, Master? Do you still remember your succubus slave girl?"

The succubus showed a seductive smile.

She is now in the domain lord realm.

Su Chen has just arrived in the Hongmeng world. He is just a little scumbag from the twelfth level of the holy realm.

The succubus wants to find Su Chen, a slave girl?

The succubus will give Su Chen Chen had been a slave girl for several years, and she wanted Su Chen to be her slave for a few years.

"My master, wait for your slave girl to come. I hope you will not be surprised or frightened."

Three months later, in

Tianwu City, the Liu family, the four major families, and in the backyard garden of the Liu family,

Su Chen was lying on a rocking chair like a master.

He looked at the strange flowers and plants around him and coveted them. These flowers and plants were all top-quality innate spiritual roots. , the best innate spiritual root is also considered a top-grade spiritual root in the Hongmeng world.

"A Tianwu City is very complicated. Four major families jointly control Tianwu City, the Liu family, the Shangguan family, the Lan family, and the Wu family. The ancestors of each family are at the twelfth level of the Imperial Realm."

Su Chen learned about the area where Tianwu City is located.

Tianwu City belongs to the northwest boundary and is a remote area in the far west of the Eastern Territory.

The controller of the Eastern Territory is a Territory Lord.

The Northwest Territory Lord controls eight Territory Lords.

Each of them has eight Territory Lords. Each realm is equivalent to the size of the Great Immortal Realm. One northwest realm is equivalent to eight prehistoric fairy realms. The northwest realm is only an insignificant realm in the Hongmeng world. The northwest realm is still under the control of Rakshasa Supreme, and

Luo Supreme controls it. There are more than ten realm masters.

Su Chen thought that if he visited Hongmeng World, he might not be able to visit Hongmeng World in billions of years. 0.....

Su Chen took a sip of wine and whispered, "It's great, the Hongmeng World deserves to be the Hongmeng World."

Servant?

Su Chen smiled when he thought of Liu Mengyao.

He became the guard commander without finishing his servants one day, and he was still a guard commander with nothing to do.

"I don't know where the little beauty went. I haven't seen the little beauty coming to bother me for three days."

Whoosh!

The little rabbit appeared in Su Chen's arms instantly. The little rabbit is now a rabbit in the eleventh level of the Holy Realm.

Su Chen fed the little rabbit three Apocalypse Pill, the first Apocalypse Pill raised the little rabbit to three realms, the second Apocalypse Pill raised the little rabbit to two realms, and the third Apocalypse Pill raised the little rabbit to three realms, and the little rabbit advanced in just three days. In the eight realms, the little rabbit is also an unprecedented little rabbit.

Su Chen does not dare to feed the little rabbit any more Apocalypse Pills, nor does he dare to let the little rabbit continue to advance.

He only advanced to the first level of the Imperial Realm two months ago, and

Su Chen is worried After the little rabbit's cultivation level is stronger than his, the little rabbit will be out of his control.

Su Chen stroked the little rabbit's fur and said,

"Little rabbit, you are becoming more and more like a pet now. Where was your domineering attitude when you met me? You are a powerful monster, not a pet rabbit who only acts coquettishly and cutely."

The little rabbit lay on Su Chen's body and lazily basked in the sun.

Su Chen played with its fur and checked its body from time to time. A cold light flashed in the little rabbit's red eyes.

Whoosh!

Liu Mengyao appeared instantly. In the garden, she walked up to Su Chen with a frosty face and asked,

"Su Chen, are you the master? Or am I the master?"

Su Chen curled his lips and replied,

"Miss Liu, aren't you asking nonsense? If I say I'm the master, are you sure you won't fall out with me? Liu

Mengyao glared at Su Chen and shouted angrily,

"Damn it, you eat me, live in me, and order my maids and guards to do things. What have you done to me?"

"You have nothing to do all day long, either wandering around or lazily lying in the garden basking in the sun. Do you regard me as your master? Do you take me seriously?"

Chapter 2992

Liu Mengyao couldn't bear Su Chen.

She wanted to teach Su Chen a lesson, but Su Chen knew the laws of space, and even Liu Mengyao's tenth level of the Holy Realm couldn't do anything to Su Chen. She still lost the bet in the competition.

There is also the Frost Snow Rabbit.

How could the Frost Snow Rabbit from the third level of the Holy Realm become the Eleventh Level of the Holy Realm after three days?

Liu Mengyao is no match for Frost Snow Rabbit, but what about Su Chen?

Why didn't the Frost Snow Rabbit kill Su Chen and escape? Why do you always stay with Su Chen like a pet?

Liu Mengyao felt that Su Chen was not simple.

This bastard might be hiding some secrets.

Su Chen took a sip of wine and asked, "Miss Liu, tell me, what unsatisfactory thing happened to you again?"

Liu Mengyao sat down and snorted, "Humph, it's not because of Shangguan Xuefei that I lost to you again today. Shangguan Xuefei, one hundred thousand amethyst coins, I lost one hundred thousand amethyst coins today"

"so what? Liu

Mengyao said with a smile,

"Su Chen, I want your Frost Snow Rabbit to fight once. Shangguan Xuefei's monster is from the eighth level of the Holy Realm, and there is also an armored rhinoceros. None of the monsters kept in captivity in my family are any match for the armored rhinoceros."

Su Chen curled his lips and said, "Okay, as long as you make Little Rabbit agree, I don't care."

"Bastard, how can I convince the little rabbit? The little rabbit never pays attention to me. I can't even hug the little rabbit."

"Miss Liu, if one person wins half the bet, I will let the little rabbit kill the armored rhinoceros."

"You bastard!"

Liu Mengyao glared at Su Chen angrily, half the bet per person?

Su Chen is her servant, does this bastard want to go to heaven? He is still impatient and wants to be killed by her.

Ugh!

Liu Mengyao thought of the Frost Snow Rabbit, and she wanted to kill Su. It was impossible for Chen to kill this bastard unless the elders of the family took action.

Su Chen poured a glass of wine for Liu Mengyao and said with a smile,

"Miss Liu, please don't be angry yet. You can mention more about your bet with Shangguan Xuefei this time, one million amethyst coins. You know how powerful the little rabbit is. The little rabbit killed the armored rhinoceros. You are not. Will you make a lot of money?"

Liu Mengyao rolled her eyes and Su Chen snorted coldly with his eyes, "Huh, you made a lot of money.""

"Forget it if you don't agree!"

"I agree, Su Chen, I will accommodate you one more time."

Liu Mengyao thought for a while and nodded in agreement.

This bastard is in his family anyway. Liu Mengyao can take advantage of this bastard at any time.

Amethyst coins?

Liu Mengyao won't give Su Chen an amethyst coin even if he wins the bet.

Boom!

Suddenly, a terrifying black-robed man appeared in the sky above Tianwu City.

The terrifying aura enveloped the entire Tianwu City. Ordinary creatures and practitioners were suppressed and fell to the ground.

"I go!"

Su Chen held the little rabbit and resisted the terrifying pressure. It was too powerful and terrifying.

Su Chen's whole body was shaking and was about to be suppressed.

What kind of realm is this?

Above the tenth level of the Imperial realm?

Or is it the Dao realm?

Su Chen Chen Chen saw Liu Mengyao lying in front of him.

Liu Mengyao's messy dress exposed her fair skin, and even half of the huge mountain was exposed.

Su Chen couldn't help but teased, "Miss Liu, I didn't expect that your skin is quite white and tender."

"Shut up, damn bastard, if you dare to look around again, I will dig out your eyes."

Liu Mengyao felt ashamed, angry and surprised.

She had come to Su Chen after taking a shower and dressed in cool clothes. The terrifying aura was suddenly suppressed. Liu Mengyao's cool clothes became messy, and Su Chen saw her fair and delicate body.

Also,

Su Chen is only in the fifth level of the Saint Realm. How come he was not suppressed by the terrifying aura? No one in Tianwu City can resist the terrifying aura of the Tao Realm strongman. How can Su Chen resist the Tao Realm strong man? Suppressed by the aura, Liu Mengyao became more and more curious about Su Chen. After three breaths, the terrifying aura disappeared, and everyone in Tianwu City looked at the black-robed man in the sky. Whoosh whoosh! Four people appeared in the air one after another. They saluted the man in black robes in the air,

"Tianwucheng, Liu Zongyu (Shangguan Tianci, Wu He, Lanhe) met the respected envoy"

"Liu Zongyu, Shangguan Tianci, Wu He, Lan He, and the Territory Lord ordered that a war broke out between the Far North Territory and the Tianxing Territory one year later. Tianwu City must gather 10 million monks above the fifth level of the Holy Realm to join the war."

"Liu Zongyu (Shangguan Tianci, Wu He, Lanhe) honors your order!"

"Get ready, you only have one year."

The man in black robe said and disappeared without a trace.

The four in the air looked at each other. The domain chief wants to start a war? Or is he going to start a war with the Tianxing domain?

"Let's get ready, 10 million troops, the four of us will each raise 2.5 million"

"Okay, we only have one year to control the four areas of Tianwu City. We must speed up the gathering of monks from the fifth level of the Holy Realm."

"` Well, we need to gather them together as soon as possible. Otherwise, if the Territory Lord blames us, we will all die and Tianwu City will be destroyed."

"We are fully prepared. All monks from the fifth level of the Holy Realm in Tianwu City will be summoned. We cannot make any mistakes."

"Everyone, prepare yourselves for the sake of Tianwu City."

The four strong men in the air talked for a while, and they disappeared into the air one after another.

The Territory Lord's War has begun.

Thousands of cities, races and sects in the Far North Territory will be summoned by the Territory Lord. An unprecedented war will cause countless casualties. One billion living beings, or even tens of billions of living beings.

In the Liu family garden,

Liu Mengyao got up and hurriedly straightened her clothes.

She saw Su Chen drinking wine leisurely again, and Liu Mengyao wanted to strangle Su Chen to death angrily.

"Su Chen, forget what you saw today"(Zhao)

"have witnessed? Orchid bellyband?"

Boom!

Liu Mengyao slapped Su Chen with an angry palm.

Orchid bellyband?

Damn it, she didn't expect Su Chen to see her bellyband.

Whoosh!

Su Chen appeared on the pavilion next to her holding a little rabbit.

Liu Mengyao got angry. Sir,

Su Chen thought he should avoid Liu Mengyao first. He didn't want to face Liu Mengyao who was like a little lion.

"Little Rabbit, let's go to Tianwu City to play."

Liu Mengyao heard Su Chen's words, and she saw Su Chen disappearing on the pavilion instantly, bang!

"asshole! Liu

Mengyao kicked the rocking chair in front of her angrily. She had no way to deal with Su Chen.

Liu Mengyao touched her fair chin and said, "How to deal with that bastard?" Space laws? Should I ask my mother for the Dingling Pearl? Can the Fixing Lingzhu fix that bastard?".

Chapter 2993

On the streets of Tianwucheng,

Su Chen looked at the shocked ordinary people and shook his head.

The war was about to begin.

The life and death of ordinary people depended on the momentary thoughts of the strong. Even most of the cultivators were just cannon fodder~.

Su Chen looked at Zhou Wei and thought helplessly,

【Damn it, you are still a scumbag!】

【Every time you become number one in the world, you have to start all over again, in the Tianxuan Continent, the Divine Meteor Continent, the Great Desolate Immortal World, and the Chaos World. Each world is stronger than the other.】

【This time, the horror of Hongmeng World is even more despairing. The Holy Realm is just a beginning cultivator.】

【Alas, it's like starting from scratch. 】

Su Chen stroked the little rabbit's fur and asked, "Little rabbit, do you want us to leave Tianwu City?"

"You want to leave Tianwu City, Su Chen, have you left yet?"

Suddenly, a woman's voice came from behind Su Chen.

Su Chen turned around and saw the beautiful beauty and was surprised, "I'm going, Shangguan Xuefei, cough, I have something else to do, I'll take my leave."

Shangguan Xuefei shouted with an indifferent expression, "Stop, Su Chen, I took the Hongmeng low-grade spiritual treasure Tianling Ribbon this time. Even if you know the laws of space, I can catch you."

Shangguan Xuefei was very angry with Su Chen, a little guard.

She was tricked by Su Chen several times a month ago. The little scumbag also broke into her bath and peeped at her bathing. Shangguan Xuefei could not catch her several times. Live with Su Chen, let alone kill this damn thief.

Today,

Shangguan Xuefei took her master's spiritual treasure.

She was going to laugh at Liu Mengyao, but Shangguan Xuefei didn't expect to meet Su Chen on the street. She This time I won't let this bastard escape.

Su Chen touched his chin and smiled, "Shangguan Xuefei, are you sure you want to arrest me? Shangguan

Xuefei said with an angry expression, "Little Zhazha, if you hadn't known the law of space, I would have caught you. Today, if I catch you, your life will be worse than death.""

"Shangguan girl, I am Liu Mengyao's guard commander, you dare to kill me?"

"Tsk, do you think I'm afraid of Liu Mengyao? I also won one hundred thousand amethyst coins from Liu Mengyao yesterday. Liu Mengyao didn't have the face to see me for a month."

"Shangguan girl, your skin is very fair, and your body is very proud, but you are a woman with big breasts and no brains. Goodbye, I hope you can catch me."

Su Chen said as he hugged the little rabbit and disappeared in an instant.

A Hongmeng low-grade spirit treasure still wanted to catch him. Shangguan Xuefei was overthinking. If

Su Chen wanted to escape, he would have to be chased by a strong man above the tenth level of the Tao realm. He, the cultivators of the Holy Realm and the Imperial Realm cannot catch him at all.

If Su Chen wants to kill them, the cultivators of the Imperial Realm will be killed by him instantly. He may not be able to defeat the strong Taoist Realm, but if he wants to escape, the Taoist Realm is strong. No one can catch him

"Damn it, Tianling Ribbon, catch that bastard." Shangguan

Xuefei hurriedly used magic power to destroy the Tianling Ribbon, and the Tianling Ribbon disappeared in Shangguan Xuefei's hand.

Fair skin?

Arrogant as a mountain?

Big breasts and no brains?

Shangguan Xuefei Fei felt her teeth itching with hatred when she thought of Su Chen's words. Didn't she see anything?

A shameless pervert,

Shangguan Xuefei would not let Su Chen go. She must kill the shameless bastard who looked at her.

Whoosh!

Shangguan Xue Fei Fei chased after Tianling Ribbon's aura.

Outside Tianwu City,

Su Chen kept teleporting to avoid Tianling Ribbon's pursuit.

After more than ten teleports,

Tianling Ribbon would still appear in an instant to find him.

Space Spiritual Treasure?

Su Chen guessed that the Tianling Ribbon should be a space spirit treasure, otherwise it would be impossible to catch up with him every time.

"Time is suspended, space is blocked, and the chaos clock suppresses me."

Boom!

When Su Chen took out the Chaos Bell to suppress the Tianling Ribbon, thousands of miles around were destroyed, mountains collapsed, lake water was shaken into the air and poured down, and the woods were destroyed in a mess.

Su Chen looked around Surprised by what happened, he said,

"Let me go, Hongmeng Lingbao is really powerful"

"This is still the Great World of Hongmeng. The rules of heaven and earth are much more powerful than those of the Great World of Chaos. The Hongmeng Spiritual Treasure is indeed a Hongmeng Spiritual Treasure. If it is an innate spiritual treasure, it may not be destroyed even a hundred miles away."

Su Chen used the Hongmeng Spirit Treasure for the first time.

Although the Chaos Bell is a low-grade Hongmeng Spirit Treasure, it is much more powerful than the Chaos Spirit Treasure.

Damn it,

Su Chen decided to be careful about the Hongmeng Spirit Treasure's attacks in the future. If he is not careful, he may be killed by Hongmeng Lingbao.

"Tianling Ribbon, you will be mine from now on."

Su Chen looked at the suppressed Tianling Ribbon.

He waved and put it in his hand. It was a Hongmeng low-grade spiritual treasure.

Powerful creatures in the Hongmeng world should have it.

The Hongmeng low-grade spiritual treasure is equivalent to the innate low-grade spiritual treasure in the chaotic world. They are all ordinary goods.

Whoosh!

After Shangguan Xuefei came after her, she was very surprised when she saw the Tianling Ribbon in Su Chen's hand.

Su Chen was just a scumbag from the fifth level of the Holy Realm. How could this bastard suppress Hongmeng? Lingbao?

Shangguan Xuefei shouted hurriedly, "Su Chen, you actually suppressed and took away my Tianling Ribbon, please return it to me quickly."

"Tsk, your Tianling Ribbon? Shangguan Xuefei, call it and see if Tianling Ribbon will respond to you."

Shangguan Xuefei threatened angrily, "Shameless, Su Chen, the Tianling Ribbon is my master's spiritual treasure. My master is a strong Taoist. If you don't return it to me, my master will not let you go."

"Shangguan girl, you are going to kill me, do you think I will?.....who?"

Su Chen was teasing Shangguan Xuefei.

He suddenly felt the space around him fluctuate. There were powerful people coming around, and there was also a very powerful person.

Shangguan Xuefei glared at Su Chen and shouted,

"Su Chen, stop being pretentious here. Is there anyone around here in the wasteland?"

Boom!

Su Chen waved his hand and struck to the side.

With a loud noise, the space above hundreds of miles away shattered, and an ugly blue-skinned man appeared in the sky.

Shangguan Xuefei saw the blue-skinned man in the sky and shouted in panic, "The demon, Su Chen, is an abyss demon. Run away quickly. The demon is a Taoist warrior. We will be caught and tortured to death by him."

Su Chen curled his lips and said,

"Shangguan girl, it was you who was humiliated and tortured to death. I am a man, and the demons will kill me directly." It's very easy for Su Chen to kill a scumbag who is at the first level of the Dao realm. Demon clan? Abyss demon clan? Are there also abyss demon clan in Hongmeng world? Are there seven or six demon kings? Su Chen thought of him His little succubus slave was also an abyss

demon and a succubus. Su Chen searched several times but couldn't find the succubus slave. He didn't know what happened to his little succubus slave.

"Su Chen, are you an idiot? The Abyss Demon Clan will seize the opportunity to humiliate both men and women. Do you think the Demon Clan only insults women?"

Chapter 2994

Shangguan Xuefei looked at Su Chen like an idiot.

The blue-skinned demons are the Abyss Demonic Insects, a kind of abyssal worms.

The Demonic Chongs do not spare both women and men. The Demonic Insects are also the most disgusting race among the Demons.

"I'll do it!"

Su Chen looked at the blue-skinned demon and felt disgusted.

Oh my god, the demon is still interested in men. How disgusting is he? Su Chen couldn't help but want to squeeze the blue-skinned demon to death.

Whoosh!

The blue-skinned demon The demon instantly appeared next to Su Chen. His eyes lit up when he looked at Su Chen and Shangguan Xuefei.

Two top men and women,

"Haha, yes, I didn't expect that as soon as I arrived in the Far West, I, Alpha, would meet two top human beings, a sexy woman and a handsome man. You will be my slaves in the future, and I will love you well in the future."

Su Chen pushed Shangguan Xuefei and said, "Shangguan Xuefei, go and kill this disgusting demon."

Shangguan Xuefei shouted angrily,

"Bastard, I am at the tenth level of the Holy Realm. Can I kill a strong man in the Dao Realm? Why don't you go kill the disgusting demons?"

"Let me go, I am only at the fifth level of the Holy Realm, haven't you always called me little scumbag? Can I, a little scumbag, kill an evil demon?"

"Su Chen, we are finished, no one can save us, let's commit suicide, otherwise our end will be very miserable."

Shangguan Xuefei took out the Lingbao dagger with a pale face.

She would not let the demons capture her.

Shangguan Xuefei would commit suicide. She did not want to be caught, humiliated and eaten by the demons.

Shangguan Xuefei saw I have lived with many women who were worse than life and death.

Those women were tortured horribly. Some demons even abused women and ate their bodies at the same time. Shangguan Xuefei would not be captured, humiliated and eaten by the demons.

Su Chen reminded her while holding the little rabbit. , "Shangguan Xuefei, hurry up and send someone to rescue us."

Shangguan Xuefei shook her head and said in despair,

"Impossible, the most powerful in Tianwu City is the Emperor Realm, and no one is the opponent of the disgusting demon clan."

Su Chen touched his chin and smiled.

"Well, Shangguan Xuefei, if you kiss me, I might save your life."

"You are shameless!"

"Shangguan Xuefei, you know that I know the rules of space. I might be able to escape with you. Are you really unwilling to kiss me?"

"Su Chen, can you really take me to escape?"

"uh-huh!"

Elfa looked around and saw that the hateful woman who was chasing him was not chasing him.

He was relieved at this moment.

"Do you still want to escape? Haha~ I have sealed this space, and you can't escape even if you want to."

Shangguan Xuefei asked hurriedly, "Su Chen, the disgusting demon clan has blocked this space, can you still take me to escape?"

"Kiss me and I'll take you away"

"Bastard, if you can't escape with me, I won't let you go even if I die."

Shangguan Xuefei approached Su Chen with a face of embarrassment. He was going to kiss this bastard.

If he could escape without dying,

Shangguan Xuefei would have kissed Su Chen, but Shangguan Xuefei would beat this bastard to death in the future.

""Uuuuuuuu~"

Su Chen quickly hugged Shangguan Xuefei and kissed him.

The little beauty was delivered to his door.

He would not miss the sexy beauty Shangguan Xuefei, especially Shangguan Xuefei's delicate red lips. Su Chen wanted to kiss her more than once. Fangze.

Shangguan Xuefei was stunned and was hugged and kissed by Su Chen.

Is this a kiss?

Damn it,

Shangguan Xuefei couldn't help but want to kill Xiao Yu, but this bastard held him tightly, Shangguan Xuefei could only To be kissed by this bastard.

Alpha yelled angrily, "Damn it, you are actually making love to me in front of me. I will let you watch each other being humiliated, tortured and eaten by me in the future.""

Boom!

Elfa waved an attack at Su Chen to return Shangguan Xuefei. He couldn't wait to catch the two of them and humiliate them.

Whoosh!

Su Chen appeared a hundred miles away holding Shangguan Xuefei and kissing him.

Although he was kissing and caressing Shangguan Xuefei, but Su Chen has also been paying attention to the disgusting demons.

Alpha chased him instantly and shouted, "Space law? Boy, you can't escape. If I catch you, I will take good care of you."

"Disgusting demon, how do you want to die?"

Su Chen let go of Shangguan Xuefei, and he stuffed the little rabbit into Shangguan Xuefei's arms to destroy the disgusting demon clan.

Dao realm?

This is the first time that Su Chen wants to cross the level to attack In the Dao Killing Realm, he wanted to try whether he could kill the demons in the Dao Realm instantly.

"Shameless!"

Shangguan Xuefei's face was red and she wanted to strangle Su Chen.

When Su Chen gave her the little rabbit, she didn't expect that Su Chen would touch her.

Damn you bastard.

If Shangguan Xuefei can escape from danger today, she will definitely He wanted to tear Su Chen into pieces.

But, why didn't Su Chen escape with her?

This bastard wanted to fight against a strong man in the Tao realm?

Shangguan Xuefei felt dizzy, was he taking her to escape?

Shangguan Xuefei felt that Su Chen was She was deceived. Did this bastard want to kiss her before he died?

"Boy, I will destroy you first, and I will treat you well in the future."

"Chirp, chirp, chirp~"

Suddenly, a sound of bird chirping came out, and white light burst out from Su Chen's body, and a golden giant bird instantly passed through the disgusting demon's body,

"Ah ~ what is this? What kind of fire is this?"

Elfa was instantly penetrated by the black bird. Fire erupted from his body and screamed. The black flames not only burned Alpha's body, but his soul was also burned by the black flames.

Shangguan Xuefei looked at the beautiful golden bird with a pale face. Her soul was beating violently.

It was so terrifying.

The golden bird was even more terrifying than the demons in the Tao realm.

Su Chen?

Golden giant bird?

Su Chen Is he a cultivator of a special bloodline? This bastard has been pretending to be a pig and eating a tiger?

Shangguan Xuefei guessed that Su Chen has been hiding his cultivation level.

No wonder this bastard is not worried about the demons at all. The disgusting demons are not Su Chen's opponent at all.

"No, I am a subordinate of the Demon King Orff. You.....ah!"

In just three or four breaths, not only Alpha's body was burned to ashes, but also his spirit was burned into nothingness.

Whoosh!

Su Chen recovered his body and appeared next to Shangguan Yalan, with the blood of Xuannian and the power of fire. According to the law, it is easy for Su Chen to kill the Taoist realm.

If he uses the Black Bird bloodline, he will instantly destroy the disgusting demon clan. This time Su Chen tried the fire of chaos, and the effect was very good.

He could easily destroy the emperor with the fire of chaos. A strong person in the Tao realm.

With the law of space and the fire of chaos,

Su Chen can easily destroy a strong person in the Tao realm. It is better to use the Xuanniao bloodline less in the future.

Shangguan Xuefei asked uneasily, "Su Chen, what are you doing? who? All the demons in the Dao Realm were killed instantly by you. You cannot be a scumbag from the fifth level of the Holy Realm."

Chapter 2995

Su Chen lifted Shangguan Xuefei's fair chin and said,

"Shangguan Xuefei, if you know too many secrets, you will be silenced. Do you still want to know? Shangguan

Xuefei snorted coldly and said,

"Hum, you won't kill me.

Su Chen asked in surprise, "Oh?" Shangguan Xuefei, why won't I kill you?"

"Because I am a beauty!"

"I'll do it! You are so beautiful!"

"Su Chen, don't forget to kiss me. Will you kill me?"

Shangguan Xuefei sat on the stone next to her.

She was still uneasy.

Shangguan Xuefei was not worried that Su Chen would kill her to silence her.

She just couldn't understand why

Su Chen was a very terrifying strong man. Why would he hide his cultivation? What realm? Why did you appear in Tianwu City? Why did you become Liu Mengyao's guard commander?

Su Chen hugged Shangguan Xuefei's small waist and said,

"Shangguan girl, today's affairs must be kept secret. I don't want anyone to know what happened today."

Pah!"

Shangguan Xuefei slapped Su Chen's hand away and said angrily,

"let me go!"

"You are so heartless"

"You are so shameless!"

Chen stroked the little rabbit in his arms and smiled and said,"Shangguan Xuefei, we have kissed, you are also my future woman, you should keep my secret secret from me, right?"

"Go away, I will be your woman for the rest of my life7."

Shangguan Xuefei blushed, woman?

Will she become Su Chen's woman?

Shangguan Xuefei looked at Su Chen and her heart skipped a beat.

Su Chen was not only noble and handsome, but he might also be a strong Taoist. ?

Tianwu City does not have a Dao realm.

Shangguan Xuefei's father, one of the four powerful men in Tianw City, is only at the twelfth level of the Emperor Realm.

Su Chen handed the Tianling ribbon to Shangguan Xuefei and said,"Little girl, remember , we are just going out to play in the city today, put away your Tianling ribbon, I will take you back to Tianwu City"

"It depends on my mood"

"Don't worry, you will be in a very good mood in the future!"

"Shameless!"

Seven months later,

Tianwucheng's army of more than 10 million cultivators was assembled. The domain lord ordered Tianwucheng to assemble an army of 10 million cultivators. The four major families in Tianwucheng gathered 12 million troops just in case.

In the Liu family,

Su Chen was holding the little rabbit and basking in the sun.

The war between the Far North Region and the Tianxing Region was about to break out. He was thinking about whether to participate in the war between the two major regions (bhci).

Su Chen stroked the little rabbit and asked doubtfully,

"Little Rabbit, you are a little strange. I raised your realm to the third level of the Tao Realm. Why didn't you transform? Didn't you run away? Are you used to being fucked by me?"

The little rabbit looked up at Su Chen and lay down again, transforming?

Does she dare?

Su Chen is a pervert.

For more than half a year,

Su Chen either touched Liu Mengyao or ate up Shangguan Xuefei..

If she transforms,

Su Chen will definitely eat her.

Moreover, she only followed Su Chen for less than a year, and the little rabbit was promoted from the third level of the Holy Realm to the third level of the Tao Realm, and promoted to two major levels in one year. Realm, how could the little rabbit leave Su Chen for such a good thing ? Su Chen petted the little rabbit and said, "arrogant rabbit, if you are useless in the future, I will stew you and eat you." The little rabbit was furious when she heard Su Chen's words. She glared at Su Chen fiercely. "Stew it and eat it? The little rabbit couldn't help but devour this bastard. It's just that , Little Rabbit thought that Su Chen could instantly kill the demons in the Tao realm. She could not be Su Chen's opponent.

"Little rabbit, from now on you will be called Leng Hanshuang"

"Squeak, squeak, squeak,"

Su Chen knocked a little rabbit on the head and said, "Squeak, your objections are ineffective, you will be called Leng Hanshuang from now on."

Whoosh!

"Liu Mengyao appeared in an instant and said hurriedly, "Su Chen, I have been appointed as the commander-in-chief of an army of four million cultivators. You have to help me.""

Su Chen asked in surprise,

"Let me go, is your father crazy? You are just a little scumbag. How could your father appoint you as the commander-in-chief of the army? Liu

Mengyao explained with a smile,

"Su Chen, you don't understand. If the war between the Far North Territory and the Tianxing Territory is won, the Territory Lord will reward the commanders and races of each big city, four Hongmeng Spirit Fruits for each force, and the heirs of the four major families in Tianwu City will become commander in chief.

Su Chen asked doubtfully, "Hongmeng Spirit Fruit?" What is it?"

"Hongmeng Lingbao is the best spiritual fruit in the Hongmeng world. A Hongmeng Lingbao can not only improve three to five minor realms, but also change the Tao body into a Hongmeng spirit body."

Su Chen nodded after hearing Liu Mengyao's words.

The Hongmeng Spirit Fruit is good, but it is almost impossible to get the Hongmeng Spirit Fruit. Su Chen does not believe that the domain master will have thousands of Hongmeng Spirit Fruit. The

war between the two regions, the Far North There are thousands of big cities in the territory, countless races and forces. Will the territory master have so many Hongmeng spiritual fruits?

Su Chen guessed that after the war, either there will be very few coalition forces left in the Far North Territory, or the Territory Lord of the Far North is deceiving Far North. The major cities, races and forces in the domain.

Su Chen touched his chin and asked,"Liu Mengyao, do you think the domain master will have thousands of Hongmeng spiritual fruits?"

"this.....There can't be any."

Liu Mengyao shook his head in confusion.

Yes, there are thousands of big cities in the Far North Territory, as well as various races and forces, and thousands of Hongmeng Spirit Fruits?

How could the Territory Lord have thousands of Hongmeng Spirits ? Fruit, Liu Mengyao guessed that the Territory Lord has at most more than ten Hongmeng Spirit Fruits.

"Su Chen, do you think the Territory Lord is deceiving us?"

"Maybe, maybe not."

Su Chen did not explain to Liu Mengyao.

He believed that the patriarchs of the four major families knew that.

Even if the patriarchs of the four major families knew, they could only gamble once, because the four major families, as well as other big cities in the far north, race, The various forces did not dare to disobey the orders of the Territory Lord, let alone rebel against the Extreme North Territory Lord.

Except for accepting their fate, no one had any other choice.

Liu Mengyao grabbed Su Chen and asked expectantly, "Su Chen, you Do you want to accompany me to the battlefield? Su

Chen hugged Liu Mengyao's slim waist and smiled and said, "Liu Mengyao, I can accompany you to the battlefield. You must agree to serve me once as I asked you the day before yesterday.""

Liu Mengyao's face turned red and she cursed,

"Inglorious bastard, I let you kiss and touch me, I won't do that disgusting thing with my mouth"

"You can!"

"I'm a bastard. I won't be as obedient to you as Shangguan Xuefei."

Chapter 2996

【The realms are divided into Holy Realm - Imperial Realm - Dao Realm - Territory Lord Realm - Realm Lord Realm - Hongmeng Supreme. Each realm is divided into twelve smaller realms. 】

Liu Mengyao glared at Su Chen in shame and anger, damn bastard, she didn't expect that Su Chen had harmed her nemesis and wanted to harm her.

Liu Mengyao had already let Su Chen take advantage of her. This bastard's demands were getting more and more excessive.

Su Chen touched Liu Mengyao's delicate face and said, "Miss Liu, you said that we have kissed each other. In addition to marrying me, can you marry anyone else in the future?"

Liu Mengyao blushed and shouted,

"Damn it, even if I marry you from now on, I will also be the head wife, and Shangguan Xuefei will be the concubine."

Can Liu Mengyao marry anyone else?

Although she was not harmed by Su Chen, except for the things he didn't do in the end, Su Chen did everything else to her, and he did it very thoroughly.

"Liu Mengyao, you and Shangguan Xuefei can compete. As long as you can beat Shangguan Xuefei, you can be the official wife."

Su Chen was speechless after taking a sip of tea.

Liu Mengyao still wants to be his first wife?

Is it possible?

Concubine Yan is his first wife, Jing Salamander is also his first wife, and the other women are all wives. In the

Hongmeng world, there is also a terrifying Murong. Qingcheng,

Liu Mengyao and Shangguan Xuefei would be so frightened that they would not dare to say anything if they saw Murong Qingcheng in the future.

"Hum, I will compete with Shangguan Xuefei."

Liu Mengyao stretched out her fair neck proudly.

Shangguan Xuefei was in the same cultivation level as her. They had been fighting for many years without a winner. As long as Liu Mengyao was diligent in practicing in seclusion, she would definitely defeat her mortal enemy Shangguan Xuefei.

One Month later, the cultivator army in Tianwu City reached the Ice Wasteland through the teleportation array.

In the Ice Wasteland, billions of cultivator armies were densely distributed everywhere. Different armies in the Far North were assigned to different areas, and the war began. Afterwards, armies in different regions were responsible for their respective offenses and defenses. By the Ice and Snow Lake,

Tianwu City's armies were arranged here.

The 12 million troops were divided into three parts.

The 6 million troops of the Liu family and the Shangguan family gathered together. The other two families were stationed nearby.

In the commander's tent,

Su Chen, Liu Mengyao, and Shangguan Xuefei sat together. They looked at the map of the wasteland and talked.

Liu Mengyao asked doubtfully, "Su Chen, how are we going to attack? Shangguan

Xuefei took a sip of tea and said, "Su Chen, in one month, should we directly attack the Ice and Snow City 30,000 miles away?"

Su Chen touched his chin and said,

"You are overthinking. We will not attack. When the war starts a month later, we will stay at the Ice and Snow Lake.

Shangguan Xuefei frowned and asked, "Not attacking?" Su Chen, would this be bad?"

Su Chen hugged Shangguan Xuefei and Liu Mengyao respectively and explained,

"What's wrong?"

"The domain master's order is to defend their respective areas"

"Why should we attack the Ice and Snow City 30,000 miles away? Also, do you know how many cultivator armies there are in Ice and Snow City? Do you know how many powerful people there are in Ice and Snow City?"

"There are no Emperor and Dao realm strongmen in our army. The Territory Lord has gathered all the Emperor and Dao realm strong men together. Our attack will be a dead end if we encounter the Emperor and Dao realm strong men."

Liu Mengyao and Shangguan Xuefei nodded.

Su Chen is right.

If you attack rashly, your entire army may be annihilated. There may be billions of troops in the Tianxing Region. There are hundreds of thousands of miles of wasteland, and there are various fortresses and cities on the border. , I am afraid there are tens of millions or even hundreds of millions of cultivators in the army.

Su Chen seriously reminded the two women,

"Liu Mengyao, Shangguan Xuefei, within this month, you should step up your efforts to familiarize the cultivators of the tenth level of the Holy Realm with the formations I teach, the Zhoutian Star Formation, 365 formation flags, each formation flag must have at least Five cultivators from the tenth level of the holy realm moved together. Liu

Mengyao nodded and said,

"We understand that all formation flags are assigned to five cultivators from the tenth level of the Holy Realm. They have been familiar with them for more than half a month, and in another month, everyone will be able to skillfully destroy the formation flags."

Su Chen kissed Liu Mengyao and said,"The Zhoutian Star Formation is crucial to our battle. Don't take it lightly, and don't let the formation flag be stolen."

Su Chen also spent a lot of money for Liu Mengyao and Shangguan Xuefei.

The Monster Clan's Zhoutian Star Formation has

365 formation flags.

Su Chen snatched it from Kunpeng during the Three Sovereigns and Five Emperors period.

Five holy realms and tenth levels. The sky destroyed one formation flag,

365 formation flags, and more than 1,800 holy realm tenth-level heavens destroyed all the formation flags at the same time. Xiaoyu felt horrible just thinking about it. He guessed that it was the Tao realm strongman who suffered. When attacked, a strong Taoist person will be attacked and his soul will fly away.....

Shangguan Xuefei nestled in Su Chen's arms and said, "Don't worry, all formation flags are protected by powerful formations. As long as someone dares to touch the formations, we will know at any time."

"Well, tonight, two beauties, let's rest together, shall we?"

"I still have something to do, so you can go ahead and mess around."

Liu Mengyao disappeared into the tent with a flushed face.

She has not been harmed by Su Chen yet, and she does not want to be harmed by Su Chen during the war.

There is also her archrival Xuefei in the tent, and it is even more impossible for Liu Mengyao to mess around with them.

Su Chen stroked Shangguan Xuefei's small waist and said,

"Little beauty, Liu Mengyao was scared away again. Let me enjoy your flaming red lips again."

Shangguan Xuefei shouted in embarrassment, "You're dreaming, I said last time was the last time."

"Little beauty, it's not up to you. If you have the ability to serve me without fainting, I won't let you serve me with flaming red lips."

"Shameless, you are not human"

"Little beauty, the night is long, let's watch the stars together"

"Su Chen, husband, please accept Liu Mengyao as well. I don't mind if you accept that little goblin."

"Haha~, don't rush now, we'll talk about it later"

"Ah~, husband, you are so helpless.....Woohoo~."

Half a month later, within tens of thousands of miles of Ice Lake, an army of six to seven hundred million Northern Territory cultivators began to attack.

The Tianxing Territory gathered more than a billion troops in more than a dozen big cities around the Ice Lake. Cultivators came out of the city to fight..In

Ice Lake,

Su Chen, Shangguan Xuefei, and Liu Mengyao were inspecting the war in Ice and Snow City.

Shangguan Xuefei looked at the image in Lingbao and asked,

"The cultivator armies of the Wu family and the Lan family have also been dispatched. Husband, do you think that in the early stages of the war between the two regions, if more than 600 million troops around the Ice Lake are dispatched together, we can win?"

Su Chen took a sip of wine and shook his head and said,

"No, I don't know about the wars in other big cities. The war in Ice and Snow City will be completely defeated."

"Haven't you noticed?"

"There are more than 100 million cultivators in the ice and snow city, and the army attacking the ice and snow city is only over 50 million. The most important thing is that there is a Taoist realm strongman and ten emperor realm strongmen in the ice and snow city."

Chapter 2997

On the Yellow River Plain, after the armies of the Black Bird Tribe and the Bear Tribe came into close combat, the heavy armored infantry quickly tore apart the Bear Tribe's military formation.

One million heavy armored infantry were like tanks, and they rampaged through the Bear Tribe's army. Breaking through, there were killings by the Bear Army. Wherever they passed, the bodies of the Bear Tribe soldiers fell to the ground. In just a quarter of an hour after the war began, the Yellow River plain was littered with the bodies of the Bear Tribe soldiers, with broken limbs and broken arms everywhere. The rain washes away the corpses and the blood, and the Yellow River plain will be dyed red with blood.

"Monsters, the Black Bird Tribe's army is a monster. I won't fight. I want to leave the battlefield."

"Escape, the Blackbird army is all heavily armored, we can't kill them, run away quickly, or you will die."

"I want to leave, I want....ah!"

"Surrender, I surrender, don't kill.....ah!"

"Run away quickly, the Black Bird Army is going to kill us all."

"Don't kill me, I want to surrender.....ah!"

The forward army of the Bear Tribe was frightened by the heavy armored infantry. They had no way to deal with the heavy armored army. Some soldiers shouted to escape, and some soldiers knelt down to surrender, but the heavy armored infantry ran away no matter what they encountered. Soldiers, or soldiers who are kneeling and surrendering, the heavy armored infantry will kill them. The heavy armored infantry will kill all the men of the Bear Tribe without leaving any one behind. The heavy armored infantry will strictly carry out Su Chen's orders.

In chaos!

Su Chen and Nuwa Keeping an eye on Zixiao Palace, the Human-Emperor War has begun.

They know that Hongjun and the Four Saints are about to take action, and the Saint's War is inevitable.

Swish swish swish.....

Hongjun appeared opposite Su Chen with the four great saints. They all looked at Su Chen and Nuwa with expressionless faces.

However, they saw that Su Chen was an immortal cultivator who had transcended the tribulation realm.

An immortal cultivator? is it possible?

How could a cultivator appear in chaos? Hongjun and the other five people guessed that Su Chen had hidden cultivation realm, as well as Nuwa.

Nuwa actually stripped off the Hongmeng Purple Qi and became the Hunyuan Daluo Golden Immortal. Hongjun and the four great saints were very surprised.

Hongjun said expressionlessly, "Nuwa, you actually stripped off the Hongmeng Purple Qi and advanced to the fourth level of the Hunyuan Daluo Golden Immortal. How come there was no response from the ancient heaven?".? "

Nuwa asked with a cold face,

"Hongjun, if I don't peel off the Hongmeng Purple Qi, will you always control my life and death?"

"Nuwa, it seems that you know many secrets. Your Taoist companion should have told you."

"Yes, I know everything you did. The Hongmeng Purple Qi was tampered with by you. The life and death of the saint are under your control. If I don't peel off the Hongmeng Purple Qi, my life and death will depend on your thoughts."

"The old Taoist can't understand, Nuwa, if you strip off the Hongmeng Purple Qi, you will fall into the Holy Realm. Why are you still in the Holy Realm? Why did he become the fourth level of Hunyuan Daluo Golden Immortal?"

Nuwa looked at Su Chen and replied with a smile, "Because of my husband!"

The four saints looked at Hongjun in surprise.

Hongmeng Ziqi was manipulated by Hongjun? Their life and death were under Hongjun's control?

Damn it, the four saints looked at Hongjun full of anger, but they were also There is no choice but to peel off the Hongmeng Purple Qi? Do they dare?

Not to mention that now is the time of the Saint War, if they dare to peel off the Hongmeng Purple Qi in the future, Hongjun will not say anything, but what about the other quasi-sages in the prehistoric immortal world?

They have been offended since becoming saints Many quasi-sages, when they were saints, they could not care about the ants of quasi-sages, but if they stripped off the Hongmeng Purple Qi and fell to quasi-sages, the other quasi-sages in the prehistoric immortal world would not let them go.

Hongjun did not notice that the four great saints were glaring at them. He, he didn't care about the four puppet saints.

Hongjun believed that the four great saints did not dare to escape his control.

He looked at Su Chen and asked,

"Emperor Su Chen, your existence does not exist in the prehistoric immortal world, but why did the prehistoric heaven send down the punishment to kill you, and why did the prehistoric heaven not expel you? The old Taoist has never been able to figure it out."

Su Chen said with a smile,"Hongjun, who said I'm not a creature from the ancient immortal world?
Hongjun said with a serious face,

"It's impossible. The old Taoist is the spokesperson of the way of heaven. If the Hunyuan Da Luo Jinxian appears in the prehistoric immortal world, it is impossible for the old Taoist not to know about it."

Su Chen shook his head and said coldly,"Hongjun, I won't tell you my origin. It's better for you to die ignorantly."

"Emperor Su Chen, are you from the ancient fairyland of later generations?"

"What do you think?"

Su Chen didn't expect that Hongjun would guess his origins.

The old yin is indeed an old yin. Hongjun is not only flawless in his calculations, but also very smart.

"I think it is."

Hongjun's face changed.

His guess was not wrong.

Su Chen must be a descendant of the prehistoric fairy world. He didn't know why he appeared in the prehistoric fairy world at this time.

If ~ If Su Chen comes from the prehistoric fairy world in later generations, Su Chen will be the eighth heaven of Hunyuan Daluo Golden Immortal in later generations. What about him?

How many heavens is Hongjun a saint in later generations?

Did his plans and calculations succeed? He fell in later generations. No? Hongjun wanted to know at this moment.

Zhunti:"`~Su Chen came from the ancient fairy world in later generations? How can it be?"

Yuanshi Tianzun:

"It is impossible for the prehistoric heaven to allow people from other periods to appear in the prehistoric fairyland, and not even saints can break through time and space. How did Su Chen break through time and space to come to our prehistoric fairyland?"

Tongtian:"Maybe Su Chen is not from the prehistoric immortal world in other times. He may be deceiving Hongjun."

Quotation:

"It is possible that it is impossible to break through time and space. I guess that Su Chen is a creature from the ancient immortal world. He may have left the ancient immortal world to practice in chaos and became (Li Dezhao) Hunyuan Daluo Jinxian."

The four saints Yuanshen talked for a while, and they all felt that Su Chen was deceiving Hongjun.

It is impossible for Su Chen to come from the prehistoric fairy world in the future, and the prehistoric heaven will not allow creatures from other periods to appear. Su Chen also has no ability to break the barriers of time and space. Time travel has arrived.

Su Chen took a step forward and said,

"Hongjun, it is useless to say more. You understand that you cannot survive, and I will not let you five great saints continue to live. I have completely fallen, and you will fall with me. Hongjun said with a serious face,

"Su Chen, this is what the old Taoist wants to say. Although you are at the eighth level of the Hunyuan Daluo Golden Immortal Realm, the old Taoist borrows the power of the prehistoric heaven to temporarily become the eighth level of the holy realm. Who among us will live and who will die is still unknown..

Su Chen smiled and said, "Really?" Hongjun, I give you a chance, you can borrow the power of heaven now"

Chapter 2998

Su Chen activated the law of space to collect the spiritual treasures of the four Shangguan Tianci.

He wanted the little rabbit to quickly kill the four Shangguan Tianci.

Liu Mengyao and Shangguan Xuefei were not far away. Su Chen didn't want the two women to know about him. To kill their father.

Su Chen looked at the Lingbao in his hand and mocked disdainfully, "Four pieces of rubbish Lingbao are still the leader of the clan. It's really embarrassing."

There is no Hongmeng Lingbao among the four Lingbao.

The best Lingbao is the Chaos Lingbao. Treasure, not only are the cultivation realms of the four major clan heads not very good, their spiritual treasures are not even as good as Shangguan Xuefei's spiritual treasures.

"No, damn it, that bastard knows the laws of space, he's so small.....ah!"

"Break the space blockade quickly, otherwise we will all be killed by the Ice Snow Rabbit"

"Liu Zongyu, that boy is from your family. Let him order the Ice Snow Rabbit to stop attacking."

"Damn it, that boy won't obey my orders. He obviously wants to kill us. I suspect that he wants to take control of Tianwu City. Our ancestors may also be killed by strong men."

After the four Shangguan Tianci lost their spirit treasures, they ducked to avoid the attack. The surrounding space was blocked by Su Chen. Without breaking the blocked space, it would be impossible for them to escape.

Boom boom boom.....

The little rabbit kept teleporting and attacking the four patriarchs, the ice spikes, the ice arrows, and the ice domain. The little rabbit seemed to be toying with the four patriarchs and killing them.

A quarter of an hour later, the four chiefs were covered in blood and miserable, with ice spikes stuck everywhere on their bodies.

Whoosh! boom!

The little rabbit suddenly appeared next to Shangguan Tianci. She stretched out her paw and smashed Shangguan Tianci's head instantly.

"Let's die together!"

When Lan He saw Shangguan Tianci was killed, the little rabbit was about to attack him again. He ferociously gathered his mana and rushed towards the little rabbit to detonate himself.

Boom!

Liu Zongyu said with a cold face, "Wu He, let's self-destruct together, we can't escape."

"Okay, let's blow ourselves up together."

Wu He nodded to Liu Zongyu, and they all gathered their mana and rushed towards the little rabbit.

Boom boom!

With two huge roars, the small lake with a radius of thousands of miles was destroyed by self-destruction, and three huge pits were instantly filled by the lake water.

"Zhizhizhi~" the little rabbit appeared in Su Chen's arms and shouted.

Su Chen flicked the little rabbit's head and reminded,

"Little Rabbit, you are so useless. Shangguan Tianci and the four of them are attacking in the east and in the west. The four old bastards were only physically destroyed, but their souls were not harmed at all."

Su Chen had to admire the four old bastards.

Self-destruction?

The four old bastards blew themselves up just to escape.

They knew they were no match for Little Rabbit. In order to survive, the four old bastards were really cunning.

"Space compression!"

"No, let go of our soul, we can surrender to you"

"Don't kill me, I can marry my daughter to you"

"Damn it, if we die, you will also be killed when you face the strong men in Ice and Snow City"

"Boy, my daughter has a good relationship with you, you can't kill me."

The souls of the four Shangguan Tianci were squeezed out by the space compression. They all shouted to Su Chen in horror.

If the souls were destroyed, they would completely fall.

The four Shangguan Tianci would not be reincarnated even if they wanted to. possible

"Fall! Space cutting!"

Su Chen continued to activate the Space Law with disdain.

How could he let go of four old sinners, beat the snake to death, and bring harm to himself? Su Chen would not leave four old sinners behind.

After a while,

Shangguan Tianci All human souls were wiped out, and the four old sinners completely perished in the Ice Lake.

Su Chen petted the little rabbit and said, "Little rabbit, you can't do it this time. Next time, remember to destroy the enemy's souls." god."

Little Rabbit glanced at Su Chen.

She was cruel enough.

Su Chen was even crueler than her.

Little Rabbit felt that she could not offend Su Chen in the future, otherwise Su Chen would stew her.

Ten days later, at the Ice Lake,

Extreme The remaining armies of the Northern Territory and the troops of Tianwu City gathered together. More than 10 million troops were deployed over the Ice Lake. The 80 million troops of Ice and Snow City were about to attack.

Su Chen, Liu Mengyao, and Shangguan Xuefei Appearing in front of the army, they looked at the Ice City army that was about to attack. Ice City's army of more than 80 million cultivators, dozens of commanders from the 12th level of the Holy Realm, ten strong men from the Imperial Realm, and one The Tao realm is strong.

Su Chen turned around and shouted,

"Everyone, listen to me, Ice City's troops and strong men are about to attack. You must obey my orders if you don't want to die. Anyone who dares to disobey my orders will die.

The leader of the Sirius clan asked Su Chen, "Commander, can we hold the defensive area?" Su

Chen said with a serious face, "Okay, I don't want to die, my woman can't die, and you don't want to die either. As long as you obey my orders, I can guarantee that 80% of people can survive.""

"We, the Sirius clan, obey the commander's orders"

"We, Cangshan City, obey the commander's orders"

"Xuecheng obeys the commander's orders!"

"The Blue Spirits obey the commander's orders".....

An army of 10 million cultivators saluted Su Chen, and all major cities and remaining racial armies surrendered to Su Chen.

Su Chen took out the Hetuluo Book and handed it to Shangguan Xuefei and said, "Shangguan Xuefei, take the Hetuluo Book and command the Zhoutian Star Formation. The Hetuluo Book is the eye of the Zhoutian Star Formation."

"Yes, husband!"

"Liu Mengyao, you go gather cultivators above the tenth level of the Holy Realm. After the Zhoutian Star Formation is launched, you follow my orders and direct those strong men to kill the remaining enemies."

"yes!"

Half an hour later, the densely packed Ice City army appeared thousands of miles away, and ten emperor-level warriors instantly appeared on the Ice Lake.

An old man stepped forward and shouted coldly in the air, "The creatures in the extreme north, surrender immediately. , or die."

In the army of more than 10 million cultivators in the extreme north, everyone looked pale as they watched the ten emperor-level warriors appear. Any one of the ten emperor-level warriors could massacre everyone. I'm afraid there are more than 10 million cultivators. They would be slaughtered in less than a quarter of an hour.

Everyone looked at Su Chen in front of them.

Su Chen was only at the fifth level of the Holy Realm. They didn't know how Su Chen was going to deal with ten strong men at the Imperial Realm.

Life or death,

Su Chen controlled the fate of an army of more than 10 million cultivators.

Click!

Su Chen appeared in an instant and pinched the old man in the Emperor Realm to death.

"Scumbag, a third-level emperor dares to show off his authority. He is simply asking for his own death. Does his soul want to escape? Destroy the scarf!".

Chapter 2999

Around the Ice Lake, the cultivator armies in the Far North Region and Ice City were all stunned.

A scumbag from the Holy Realm crushed a strong Emperor Realm to death?

A strong person in the imperial realm has no power to resist at all? A strong man in the Imperial Realm could not even escape and be annihilated?

Did everyone get it wrong?

Or were they hallucinating one by one?

"Am I hallucinating? The commander-in-chief pinched the emperor-level expert to death?"

"I have also seen that the commander is at the fifth level of the Holy Realm. How could he crush a strong Emperor Realm to death?"

"Idiot, the commander must have hidden his level of cultivation. The commander must be a very powerful man. No wonder the commander said he would lead us to win the war."

"Yes, the commander-in-chief can crush the emperor-level experts to death, and the remaining emperor-level experts in Ice City will also be crushed to death by the commander-in-chief. We don't have to perish, we might still be able to capture the ice city."

"Haha, the commander is so awesome. We are lucky to have a strong commander."

More than 10 million cultivators in the Far North Territory became excited.

Su Chen crushed an Emperor Realm expert to death with one hand.

All cultivators understood that 17 Bai SuThe powerful and terrifying Su Chen led them to face the Ice City army, and everyone felt that they would win the invasion of the Ice City army.

Shangguan Xuefei smiled and said,

"The husband is really unexpected. Is he trying to boost the morale of the army?"

Shangguan Xuefei was also shocked by Su Chen.

She knew that Su Chen was very powerful. Su Chen had killed all the Dao realm masters of the demon clan.

In the Imperial realm,

Shangguan Xuefei knew whether she was a threat to Su Chen.

But Su Chen crushed an Emperor Realm expert to death in an instant, something Shangguan Xuefei never expected.

Liu Mengyao opened her eyes wide and said in surprise,

"Is Su Chen so powerful? That bastard really hid his cultivation realm. What kind of cultivation realm is Su Chen?"

Boom boom boom.....

Above the Ice Lake, the remaining nine Emperor Realms erupted with powerful auras.

An Emperor Realm was suddenly crushed to death by Su Chen.

They were also very shocked, but they checked Su Chen several times and found that Su Chen was a Saint Realm Five. The scum of Zhongtian, the nine emperors guessed that Su Chen might have a powerful spiritual treasure, and the emperor's strong man was suddenly crushed to death by Su Chen

"kill!"

The nine emperor-level experts quickly attacked Su Chen. They thought that Su Chen had a high-grade Hongmeng spiritual treasure. If they killed Su Chen, they could get a powerful spiritual treasure.

Boom boom boom boom.....

The entire area was shaken by the action of the Nine Great Emperor Realm experts.

The Ice Lake was shocked and huge water columns erupted. The surrounding area was oppressed by a terrifying aura, and all living creatures felt breathless.

"Time pauses!"

Crack!

A strong Emperor Realm man was crushed to death by Su Chen in an instant. Su Chen appeared next to another Emperor Realm man in an instant.

Click! Click! Click.....

In just three breaths, the nine emperor-level experts were crushed to death by Su Chen.

Su Chen waved his hand expressionlessly and activated the law of space, saying, "Space compression! Space strangulation!"

"No, let go of our soul!"

"Don't kill them all and let our souls go!"

"Junior, let my soul go!"

"Damn it, you're not good...."

In an instant, not only were the nine emperors crushed to death by Su Chen, but none of their souls escaped and were destroyed.

The entire area was quiet without a sound. All the creatures were frightened by Su Chen's cruelty. The ten emperors were all crushed to death in less than ten breaths. The souls of the strong emperors did not escape and were all annihilated.

"Boy, what level of cultivation are you at?"

The Taoist realm expert from Ice City quickly appeared and asked Su Chen, a holy realm?

This is a fucking holy realm.

Can the holy realm kill ten emperor realms in a row?

However, the Taoist realm expert continued to check Su Chen thought several times that Su Chen was just a scumbag from the fifth level of the Holy Realm.

Is it possible?

The Taoist realm expert guessed that Su Chen had a spiritual treasure that concealed his cultivation realm, so he couldn't find out Su Chen's true realm.

Whoosh!

"seal up!"

Su Chen appeared in an instant and pinched the Taoist strongman's neck to death. He activated the law of time and space to seal the Taoist strongman's cultivation realm.

A Taoist realm is a powerful free fighter.

Su Chen wants to control the life and death of the Taoist strongman. He wants Taoist warriors to help him in the future

"You talk too much. A scumbag in the Tao realm. Do you think he is the domain lord?"

"you....."

The Taoist strongman looked at Su Chen in confusion.

In an instant, he was pinched by Su Chen and was sealed to the realm of cultivation.

The Taoist strongman Claes had been guarding against Su Chen, but he didn't even feel it. When the space fluctuated, how could Su Chen appear in an instant and pinch his neck?

Also, how could Zhazha's holy realm seal his cultivation realm? Even if he is in the same Dao realm, it is impossible to seal his cultivation realm in an instant. Could it be that Su Chen is the cultivation realm of the Territory Lord?

Su Chen looked at the cultivator army in Ice City and shouted, "The cultivator army in Ice City will be killed without mercy within ten breaths of time if they don't surrender!"

"kill!"

"kill!"

"kill!"

The army of cultivators from the Far North Territory yelled crazily.

Su Chen's strength gave them the confidence to do so.

All ten emperor realms were wiped out in less than ten breaths. Su Chen also captured a terrifying Dao realm expert alive. What are the cultivators in the region afraid of?

What are they worried about? 960.

Following Su Chen, they can capture the Ice City.

The army of cultivators in the Ice City kept retreating in fear. It was too scary, too scary. The commander was so powerful that everyone feared him.

Ten emperors were killed, and a powerful Taoist was captured alive. The practitioners in Ice City were frightened.

Su Chen shouted coldly,

"Three more breaths left!"

The commander of Ice City shouted an order,

"There are no surrendered creatures in Ice City. All cultivators are ready to fight. The strong men from the Far North will not attack our weak creatures. This is the rule of the battlefield. Kill the army of cultivators from the Far North."

"kill!"

The army of 70 to 80 million cultivators in Ice City shouted,"

The rules of realm war say that the strong cannot attack the weak two realms below. The cultivators in Ice City believe that Su Chen is a strong person above the Tao realm." Well, a strong person in the Dao realm cannot take action against the Holy realm.

Su Chen waved his hand and ordered,

"Shangguan Xuefei launched the Zhoutian Star Formation, lit up the stars, and destroyed the army of cultivators in Ice City."

"Yes,"

Shangguan Xuefei nodded to Su Chen, she took out the Hetu Luoshu and ordered,

"Each formation flag obeyed the order and activated the Zhoutian Star Formation. The 365 formation flags began to gather mana to activate."

Chapter 3000

In the clouds above the wasteland, after Shangguan Xuefei received Su Chen's order, she used Hetu Luoshu as the formation eye to command to activate the Zhoutian Star Formation.

More than 1,800 cultivators from the tenth level of the Holy Realm quickly activated their formation flags in groups of five.

Boom boom boom.....

The wasteland erupted with a huge roaring sound, and the entire wasteland area darkened. In the star field at the junction of the Hongmeng World's extreme northern region and the Tianxing Realm, the huge stars in the star field were lit up, and the power of the stars in each star quickly Come together.

In the wilderness battlefield, the cultivators in various battlefield areas are very scared.

The stars in the sky above the wilderness are lit up one by one. Are the stars in the star field going to fall?

The wars in other regions in the Far North Region and Tianxing Region have stopped at this moment.

All cultivators, no matter how powerful or weak, are confused. All living beings do not know what big thing has happened.

"What happened? Why are the stars in the star field lit up?"

"Look, the stars lit by 010 are gathering the power of the stars. Is this happening?"

"This is a formation. This must be a formation. The stars are gathering the power of the stars to launch an attack. This must be an unprecedented terrifying formation."

"It's too scary. Hundreds of stars in the star field are lit up, and stars are being lit up continuously. What kind of formation is it? How could he gather the power of hundreds of stars to attack?"

"My Hongmeng Avenue, if this is attacked, I am afraid that tens of thousands of miles around will be wiped out."

"Yes, the rules of heaven and earth in Hongmeng World are very big. If it were not in Hongmeng World, I am afraid that the whole world would be destroyed."

Whoosh!

A blurry figure appeared in the desert starry sky.

She looked at the star power gathered by the illuminated stars. The blurry figure showed a thoughtful expression.

"Ice lake? The cultivators in the Far North control a terrifying formation. What kind of formation is it? Even in the Territory Lord realm, I feel frightened. Who else created this terrifying formation?"

Whoosh!

Another tall man appeared in the starry sky. He looked at the blurry figure in front of him and shouted indifferently,

"Mia, you've gone too far in the far north."

The vague figure waved to reveal its true form.

A beautiful red-haired beauty appeared in front of the tall man.

The red-haired Mia said with a disdainful look, "Excessive? An Lize, did I intervene? The strongest ones sent out in the extreme northern region are the ones in the Tao realm. Did the master of this region violate the rules of war?"

"Mia, this formation is difficult for even us Territory Lords to resist. Your men use terrifying formations, and no one in our Tianxing Territory can resist it. Do you want the powerful ones from the Territory Lord Realm to intervene in the war?"

"casual!"

"you.....Mia, the Territory Lord Realm intervenes in the war. You should understand the consequences. Your Far North Territory and my Sky Star Territory will be shattered and annihilated in the war."

Mia reminded with a flash of light in her eyes,

"An Lize, this war is not the order of the Realm Lord, but the order of each Hongmeng Supreme."

"War breaks out in more than 30 domains in the two worlds at the same time. You and I are just following orders. How far the war will develop is the decision of our respective Hongmeng Supremes. An

Lizhe glared at Mia fiercely and said,"Humph, Mia, don't regret it.""

"The Lord of this domain has never regretted it, An Lize, for the sake of our billions, I will keep your spirit alive during the war."

"Damn it, I won't be defeated by you"

"Is it? In the previous wars, if you hadn't been so lucky, do you think you would still be alive to talk to me? An

Lizhe threatened with a lewd smile,"We will see you in the war, Mia. I will capture you alive and train you to become a sex slave. You will be my most humble sex slave in the future.""

Mia showed a cold light and shouted coldly,"An Lize, you are dead, I will brutally kill you."

"snort!"

An Lizhe disappeared into the starry sky in an instant.

In this wasteland war, his Star Territory will fail.

Mia has a terrifying formation.

If the strong domain lord does not participate in the wasteland war, no cultivator in the Star Territory can resist it. The attack of the terrifying formation.

Anlize is looking for foreign aid.

He and another Territory Lord want to capture Mia.

Mia is a Territory Lord and a beautiful woman from the Linghua tribe.

A strong and beautiful woman.

Anlize If Ze catches Mia, he will train her into a sex slave. He will be very proud in front of the various domain lords. He can also use Mia to exchange for some rare treasures from other domain lords.

Mia touched her fair chin and whispered,

"Who created this terrifying formation? Such talents must be cultivated with all our strength."

Mia is going to meet the person who created the terrifying formation. She will not let such talents be taken away by other domains.

At this moment,

365 stars are lit up, and with the terrifying power of the stars, the entire wasteland The cultivators are all uneasy and uneasy.

As long as the power of the stars breaks out and attacks, no matter where the attack is, the creatures within tens of thousands of miles will be wiped out. Even the strong ones in the Tao realm will be wiped out. It was impossible to escape.

Over the Ice Lake,

Su Chen's face turned dark.

The little rabbit was lying in Su Chen's arms and shivering. The terror of the Zhoutian Star Formation exceeded Su Chen's imagination. In the prehistoric fairy world, Da Luo Jinxian launched the Zhoutian Star Formation. The formation is very terrifying. In Hongmeng World, more than 1,800 cultivators above the tenth level of the Holy Realm are activated, and the power of the Zhoutian Star Formation is increased tens of thousands of times. With one blow, not to mention the cultivators in Ice City The army was wiped out, and Su Chen's cultivator army would also be affected and wiped out. Su Chen shouted to the Ice City army,

"Practitioners and souls in Ice City, I ask you again, surrender? Or be destroyed?"

The army of cultivators in the Far North looked at Su Chen with admiration.

It was too powerful and terrifying.

Su Chen was not only terrifying with his powerful strength, but also the great formation he created made them panic. With Su Chen here, they will be afraid in the future. They will be invincible in every battle, and they will be victorious in every war.

At this moment, the commander of Ice City looked very pale.

He knew that nothing could be done. The power of the stars in the starry sky just attacked.

Not only the army of 80 million cultivators would Being annihilated, even Ice City will be completely wiped out.

For the sake of the army of more than 80 million cultivators, and for the survival of billions of living beings, the commander of the Ice City army helplessly shouted,

"Surrender, Commander of the Far North Territory, Ice City surrenders, all the troops in Ice City surrender, quickly lift the attack of the terrifying formation, otherwise billions of living beings in Ice City will be wiped out."
