

## Zongwu 3001

### Chapter 3001

When Su Chen heard the order from the commander of Ice City to surrender, he was relieved.

Damn, it was too terrifying for the Zhoutian Star Formation to be destroyed by the Holy Realm.

In future wars,

Su Chen would not dare to let more than 1,800 Holy Realm At the same time, open the Zhoutian Star Array

"Shangguan Xuefei, cancel the Zhoutian Star Formation, Ice City surrenders"

"Good husband!"

In the clouds,

Shangguan Xuefei also breathed a sigh of relief.

The star array in the sky was too terrifying.

More than 1,800 holy realms turned on the array flags at the same time. Shangguan Xuefei did not expect that the stars in the star field would be lit up.

The Stars Shangguan Xuefei could clearly feel the terrifying energy after the force was gathered in the formation's eyes. If the Zhoutian Star Formation were launched to attack, not only the Ice City would be destroyed, but the tens of thousands of miles around the Ice Lake would also be destroyed.

Su Chen told Liu Mengyao, "September 13""Liu Mengyao, lead the army to receive the troops from Ice City. We will enter Ice City in a moment.""

Liu Mengyao frowned and said worriedly, "Su Chen, what if the cultivators in Ice City resist?"

Su Chen threw the little rabbit to Liu Mengyao and said coldly,

"If you dare to resist, you will be killed without mercy. Take the little rabbit with you. Any creature that resists will be killed without mercy."

"I see."

Liu Mengyao hugged the little rabbit and nodded to Su Chen.

If the little rabbit in the imperial realm takes action,

Liu Mengyao is not worried that the cultivators in Ice City dare to resist.

Ice City has just been conquered, and Liu Mengyao also knows to kill any cultivator who dares to resist. Anyone who wants to do this will be put to death.

In the Ice Lake camp,

Su Chen released the Taoist strongman Klaas from the space prison.

A Taoist strongman,

Su Chen wanted to control him.

In the extreme northern region of the Ice Lake area There is no Taoist strongman in the defense area, so he wants to control the Taoist strongman to work for him.

Su Chen asked with a cold face, "What's your name?"

Klass replied hurriedly,

"Claes!"

Su Chen directly threatened,

"Klass, you have two choices. One, I will annihilate you, just like the ten emperor realm cultivators who were completely annihilated. Two, hand over your soul, I will control you, and you must be loyal to me in the future."

"Your Excellency, I hand over my soul to serve you."

"Um? Are you so afraid of death?"

Klass said helplessly,

"Your Excellency, wars between the two realms often occur."

"I was not a cultivator in the Star Realm before. Besides, I have been cultivating for hundreds of millions of years. I don't want to perish. No cultivator who has lived for thousands or hundreds of millions of years wants to perish completely."

Klass doesn't want to die.

It took him hundreds of millions of years to cultivate to the Tao realm.

In the endless years, he has survived the crisis of life and death again and again. If he can survive,

Klass doesn't want to die.

In the great world of Hongmeng, there are practitioners who have lived for hundreds of millions of years. I'm afraid they don't want to perish, and Claes doesn't want to fall completely after cultivating for countless years.

After Su Chen restored Claes' cultivation level, he shouted, "Klass, hand over a ray of soul.""

"Yes, Your Excellency!"

After Klass was restored to the realm of cultivation by Su Chen, he did not dare to take action against Su Chen, nor did he dare to escape.

Su Chen was too evil.

Klass still did not understand Su Chen's realm of cultivation, the fifth level of the holy realm. ?

An old treacherous guy,

Klaas guessed that Su Chen must also be treacherous to some strong people.

"cut!"

Klass cut off a ray of soul and gave it to Su Chen. His future life and death will be controlled by Su Chen.

If Su Chen is killed,

Klass will also completely fall with Su Chen.

Su Chen accepts Klass's Yuan Shen ordered, "Klass, you go to Ice City immediately. You obey Liu Mengyao's order.""

"Yes, Your Excellency!"

Klass disappeared instantly after practicing on Su Chen,

"Come out, you don't want to hide around all the time, do you?"

Su Chen looked to one side and was wary.

Previously, he felt space fluctuations.

Although the space fluctuations were not obvious, they only caused a little space fluctuations.

But Su Chen's feeling was not wrong.

He had mastered the law of space to a great extent. Perfect, he can also understand the laws of time and space, and Su Chen can sense even the slightest fluctuation in space.

Whoosh!

"You are good!"

Mia appeared in the tent in an instant.

She looked at Su Chen and was very surprised.

A little scumbag from the first level of the Imperial Realm, Su Chen could actually notice her arrival.

She is at the eleventh level of the Territory Lord Realm.

It doesn't take a hundred years for Mia to advance to the twelfth level of the Territory Lord Realm. She doesn't understand how Su Chen found out about her arrival.

"Who are you?"

Su Chen looked at the hazy woman and was very confused.

Damn it,

Territory Lord Realm?

How could a Territory Lord Realm strongman come to him? Is it because of the Zhoutian Star Formation?

The female Territory Lord is from the Extreme Northern Territory. Lord?

Or the Territory Lord of the Tianxing Territory?

Su Chen was about to escape from the Ice Lake area. He was worried that the female Territory Lord was the Territory Lord of the Tianxing Territory.....

Mia sat down leisurely and said, "You don't have to be afraid of me. I am Mia, the Territory Lord of the Far North Territory."

Su Chen said in disbelief, "Lord of the Territory? Are you saying that? I also said that I am the Territory Lord of the Far North Territory. domain owner"

"Little scumbag, you don't believe me?"

Mia narrowed her eyes and looked at Su Chen.

How could an Emperor Realm cultivator not know her existence?

In the Far North Territory, some holy realms have heard of her name.

Also, the Lord of the Far North Territory is a Territory Lord. Everyone knows about this woman. How come Su Chen hasn't heard of her?

Is the little scumbag stupid because of his cultivation?

"Goodbye, Lord Territory Lord!"

Su Chen waved his hand and disappeared instantly.

He wanted to escape as soon as possible.

Damn, the Territory Lord of the Far North Territory?

He believed in a ghost.

The female domain is mainly the Territory Lord of the Far North Territory. Will she hide around for a long time?

"Damn it, can you escape?"

Mia disappeared in anger and chased Su Chen. She didn't expect to scare Su Chen away.

Su Chen was a subordinate of her domain, and one of his subordinates was scared away by his domain master. 2.2

An ignorant bastard,

Mia She wanted to catch Su Chen and teach him a lesson. She wanted to let Su Chen know the consequences of offending the Territory Lord.

In the wasteland,

Su Chen kept changing directions to escape.

Mia was a powerful person in the Territory Lord realm. He faced the Territory Lord's most powerful person. A strong man cannot be careless in the slightest, whoosh!

"Practitioners of the Far North Region, please inform our Territory Lord of the Far North Territory that the Territory Lord of the Sky Star Territory is chasing me."

Whoosh!

Su Chen appeared in an army of cultivators in a region of the Far North Territory. He hurriedly shouted and disappeared instantly. The female domain lord has been chasing him.

Su Chen had no other way. He could only let the people of the Far North Territory. The cultivator notified the Extreme North Territory Lord to save him.

Mia appeared in the air and angrily wanted to squeeze Su Chen to death, "It's really embarrassing, little scumbag, you're going to completely piss me off."

Chapter 3002

Mia was going to be driven crazy by Su Chen.

Not only did this bastard not believe that she was escaping, but he actually yelled for the Far North cultivator army to notify her?

Does she use notifications?

Mia would not let Su Chen off lightly.

If the domain owners of other domains knew about this matter, Mia would not have the face to meet other domain owners in the future.

At this time, the cultivator army in the Far North Territory was very confused. They didn't know whether to believe Su Chen's shouting or not.

"Is what the practitioner just said true? Is the Territory Lord of Tianxing Territory chasing that cultivator?"

"It should be true. The previous cultivator was in the Emperor Realm. I saw how powerful he was. I am afraid that the Territory Lord of the Sky Star Territory is really chasing him."

"Impossible, the rules of war are two different realms. The strong cannot attack the weak, and the Lord of Tianxing Territory dare not violate the rules of war."

"That's true, but think about it, the stars in the Star Territory were lit up before, and the people who nodded seemed to be people from our Far North Territory. Could it be that they escaped from the Emperor Realm before?"

"It's broken. Please inform our regional commander immediately. This matter must be promptly notified to our domain master."

"Quick notice, if the Lord of the Sky Star Territory seizes our Emperor Realm in the Far North Territory, the previous terrifying formation will become the terrifying formation of the Sky Star Territory. We cannot let the terrifying formation fall into the Sky Star Territory."

After the cultivators from the Far North Territory talked, some strong men quickly went to inform their respective commanders. They were worried that Su Chen was the one who created the terrifying formation.

If Su Chen was captured by the Lord of the Heavenly Star Territory, the terrifying formation would become the Heavenly Star. In the future, the cultivator army in the Far North Region would be blasted into nothingness by the terrifying formation.

Three months later, in Ice City,

Shangguan Xuefei and Liu Mengyao captured eight surrounding cities. Except for one city that did not surrender, it was After the Zhoutian Star Array was destroyed, the other seven major cities surrendered one after another after seeing the stars being lit up.

Liu Mengyao frowned and asked, "There is still no news about Su Chen. We have to send out the Emperor Realm experts to find it." Su Chen? Shangguan

Xuefei shook her head and replied,

"No, my husband sent news two months ago. He told us not to worry about him, and also asked us to continue attacking the big cities around the Ice Lake. We did as Su Chen ordered."

Liu Mengyao was very angry when she heard what Shangguan Xuefei said.

There was no news about Su Chen for more than two months.

Su Chen was also being hunted by the Lord of Tianxing Territory.

She didn't expect that Shangguan Xuefei didn't care about Su Chen's life or death.

Woman?

Shangguan Xuefei or Su Chen's woman, isn't she worried about Su Chen's life or death at all?

Liu Mengyao shouted angrily, "Shangguan Xuefei, aren't you worried that something will happen to Su Chen?" Shangguan

Xuefei rolled her eyes at Liu Mengyao and said,

"Liu Mengyao, are you stupid? Claes' soul is controlled by Su Chen. If Su Chen dies, Claes will die as well. Isn't Claes alive and well now? It means that nothing happened to Su Chen"

"Well! I forgot about Claes."

Liu Mengyao smiled awkwardly.

No wonder Shangguan Xuefei wasn't worried about Su Chen. As long as Claes didn't suddenly fall, Su Chen would not die. Liu Mengyao was also worried that Su Chen had forgotten the unlucky guy Claes.

"Liu Mengyao, we will continue to attack the cities around the Ice Lake and strive to occupy the entire Ice Lake area within a year."

"Well, we have the Zhoutian Star Formation, and no city can stop us. The two of us control more than ten emperor realms, plus Su Chen controls Kras, the experts in our hands are also very powerful."

"Let's go out and attack Tianfeng City tomorrow."

"good!"

At this time!

In the Wasteland Star Territory,

Su Chen was hiding in a Death Star and drinking wine leisurely.

After three months of continuous escape,

Su Chen did not dare to leave the wasteland. He was worried about going deep into the Far North Territory. The Lord of the Sky Star Territory If they would take action against Liu Mengyao and Shangguan Xuefei, Su Chen could only take the Heavenly Star Territory Lord to hide and seek in the wasteland.

Su Chen took a sip of wine and whispered in confusion,

"Damn it, it's been three months, why hasn't the Extreme North Territory Lord arrived yet? Is the Extreme North Territory Lord a fool? Or does the Extreme North Territory Lord not care about his own life or death at all?"

It has been more than three months.

The cultivator army in the Far North Territory should have informed the Lord of the Far North Territory. The Lord of the Far North Territory should know that he was being hunted by the Lord of the Tianxing Territory. But why hasn't the Lord of the Far North Territory appeared in the wasteland?

Su Chen became worried.

The Far North Territory mainly didn't care about his life or death.

If Su Chen continued to escape in the wilderness, sooner or later he would be caught by the Lord of the Sky Star Territory.

Boom.!

"I guess it's over."

Suddenly, the Death Star was shrouded in a Hongmeng Spiritual Treasure.

Su Chen saw that the entire Death Star was shrouded in the Spiritual Treasure. It would be very difficult for him to escape from the siege of the Hongmeng Spiritual Treasure. The

Hongmeng Spiritual Treasure was very difficult to break. If he added The Lord of Tianxing took action, and Su Chen had no chance to escape.

Whoosh!

Mia instantly appeared next to Su Chen and said coldly, "Little scumbag, you can really escape. I have wasted more than three months on you. Duoyue, how do you want to die?"

Mia is going to be driven crazy by Su Chen, a little scumbag.

She hasn't caught Su Chen for more than three months.

This bastard is so good at escaping.

If Su Chen hadn't been fleeing in the wasteland, Mia wouldn't have been able to catch him." Maybe catch this bastard.

Mia is also very happy.

There is such a genius in her domain.

If Mia trains Su Chen, the Far North Territory will become the most powerful domain under the Rakshasa Supreme. She may Will be promoted to the Realm Lord Realm by Rakshasa Supreme, and Mia will become one of more than ten Realm Lords in the future.

"Tianxing Territory Lord, let me tell you, our Extreme North Territory Lord has arrived, you'd better let me go."

Su Chen sat motionless, and he couldn't escape.

With a Hongmeng high-grade spiritual treasure and a strong Domain Lord realm, Su Chen's hope of escaping was very slim.

Mia sat next to Su Chen and shouted angrily, "Huh. , little scumbag, you are just a stupid egg. If the Lord of this domain has an idiot like you, I will be dragged down by you and be very embarrassed in the future."

Su Chen looked at Mia in confusion.

What did Mia mean?

Idiot?

Idiot subordinate?

It's very embarrassing to have a subordinate like him?

Su Chen saw that Mia didn't take action to catch him, and Mia was still elegant. Still sitting next to him, what the hell,

Mia can't really be the Territory Lord of the Far North Territory, right?

Su Chen asked confusedly, "Mia, are you really the Territory Lord of the Far North Territory?"

Mia stared at Su Chen and snorted coldly,

"Huh, what do you think? If I were not the Lord of the Far North Territory, would you still be able to live well? Little scumbag, you don't even know who your domain master is. Are you stupid because of your cultivation?"

"Let me guess, if I knew you were the Territory Lord, would I have been on the run for more than three months? You secretly hid to check on me. I thought it was the Lord of the Sky Star Territory who came to kill me. Can I not escape?"

Chapter 3003

Su Chen was also drunk.

He had been on the run for more than three months in vain, and the Lord of the Far North Territory turned out to be a woman, and a very beautiful beauty.

Many of the Supreme Beings in the Hongda World are women. Could it be that most of the Realm Lords and Territory Lords are also women?

Mia asked Su Chen, "Xiao Zhazha, what is the name of your formation?"

"Zhoutian Star Array"

"The Zhoutian Star Formation? Yes, you can light up the stars in the star field, and you can use the power of the stars to gather energy to attack. Your Zhoutian Star Formation is a threat to the Territory Lord-realm."

"Yep, if the Zhoutian Star Formation is destroyed by an Emperor Realm cultivator, even the Territory Lord can kill it."

"Su Chen, are you telling the truth?"

Mia was very shocked.

Can the Zhoutian Star Formation be destroyed by the Emperor Realm and destroy the domain lord? Is the Zhoutian Star Formation so terrifying?

Su Chen nodded to Mia and said, "Of course it is true, one thousand eight hundred Multiple emperor realms destroyed the Zhoutian Star Formation. With one blow, the entire wasteland could be wiped out."

"Su Chen, I will equip you with two thousand Imperial Realm cultivators, and I will also appoint you as the President of the Wasteland War. You must defeat the cultivator army in the Star Region for me."

Su Chen asked, touching his chin.

"Are there any benefits?"

Command the army of cultivators in the wasteland?

Are billions of cultivators under his command?

Well, the cultivators in the wasteland are at least in the holy realm. If billions of holy realms appeared in the chaotic world, how could Nuwa and the Queen Mother be? Women, I'm afraid they will be frightened beyond belief.

"have!"

Mia rolled her eyes at Su Chen.

What's the benefit?

If his cultivator dares to ask for benefits from her, Mia will directly kill him.

Su Chen is different.

He is a scum of the first level of the Emperor Realm.

Mia Territory Master Su Chen was unable to catch Su Chen even at the eleventh level.

Su Chen also created a large formation that could destroy the Domain Lord realm. Mia had to accommodate Su Chen.

"What are the benefits?"

"What benefit do you want?"

"I want you....." boom!

Before Su Chen finished speaking, suddenly, outside the Death Star,

Mia's Hongmeng Lingbao was attacked.

Two strong figures from the Domain Lord realm appeared outside the Death Star. They kept attacking Mia's Lingbao.

Mia said to Su Chen with a serious face, "Oh no, Su Chen, outside the Death Star are the Heavenly Star Territory Lord and another Territory Lord. The Heavenly Star Territory Lord will join forces with another Territory Lord to kill me." Mia

's face was very ugly, and the Heavenly Star Territory Lord The Lord actually united with another Territory Lord.

Mia thought about An Lize, would An Lize capture her alive?

Want to train her into a sex slave?

Two Domain Lord realms, and the other Domain Lord realm is the same as her cultivation realm. Mia is no match for the two Domain Lord realms.

If there is only An Rize,

Mia can defeat it with one hand.

This time it will be troublesome.

"Mia, you are not your opponent?"

Su Chen saw the ugly look on Mia's face.

He felt that something was going to happen.

There were two Domain Lord Realm enemies outside the Death Star. Mia was probably no match for them.

Well, it seemed like she was going to run away soon.

The beautiful lady just wanted to escape. You are so lucky to be able to ask for yourself.

Mia looked ugly and shook her head and replied,

"No, I can easily defeat a Domain Lord. If two Domain Lords join forces, I am no match."

Su Chen made it clear and said, "Mia, I'm going to run away soon. My strength is low and I can't help you."

Mia said with a cold face,

"escape? No, Su Chen, the Heavenly Star Territory Lord will not let you go. Don't try to escape. I will kill you before I die. You must not fall into the hands of the Heavenly Star Territory Lord."

"Let me go, Mia, are you serious about not coming?"

"What do you think?"

"Is it okay if I say not to kill? I will not be caught by the Lord of Tianxing Territory"

"Humph, impossible."

Mia rolled her eyes at Su Chen.

Su Chen has too much potential.

If the Tianxing Territory gets Su Chen, the Far North Territory will be very dangerous. Mia will not let Su Chen be captured by the Lord of the Tianxing Territory. Even if Su Chen escapes The hope is very high, but if Su Chen has the slightest chance of being caught, Mia will not take the risk of letting Su Chen be captured by the Lord of the Sky Star Territory.

Su Chen drank wine with a dark face, damn,

Mia is also a vicious woman,

What should he do? Su Chen couldn't bear to use the three life-saving jade talismans of Chaos Avenue. One jade talisman could kill the realm lords below Hongmeng Supreme. If Su Chen used the jade talisman to kill a scumbag realm lord, he felt it would be too wasteful. Boom boom boom boom

.....

Outside the Death Star,

Tianxing Territory Lord An Lize and another Territory Lord were constantly bombarding Mia's spiritual treasure.

The bearded barbarian Territory Lord shouted,"Anlize, if you capture Mia alive in a while, I want to play for a year first."

Anlize agreed with a dark face,"Mammoth, I agree, but you can't put the Far North Territory Lord Mia is disabled, and I will train Mia to become a sex slave."

An Lizhe wanted to kill the mammoth, damn barbarian,

Mia is the only female Territory Lord among the hundreds of surrounding territories, and she is one of the Linghua tribe. The most exquisite beauty, if he were not Mammoth's opponent,

Anlize would have killed the barbarian Mammoth after capturing Mia.

The barbarian Mammoth laughed and said, "Haha~ An Lize, use all your strength to bombard Mia's Hongmeng Lingbao. We don't have much time. If Mia informs other domain masters to help, we will fall short.""

"good!"

Time passed little by little.

Two months later,

Mia suddenly stood up.

Hongmeng Lingbao must not be able to hold on.

Her magic power could not continue to support Hongmeng Lingbao, otherwise she would fight with the two domain masters. Mia She is no match for the two Territory Lords.

Mia looked at Su Chen and wanted to kill him first.

She escaped the encirclement of the two Territory Lords, and Mia would not let the pervert An Lize catch her and self-destruct.

Mia After killing Su Chen, she will self-destruct.

If she is caught, her life will be worse than death. She will not be captured alive by An Lize and another domain master.

Su Chen instantly appeared aside and asked vigilantly,

"Let me tell you, Mia, you are not going to kill me, are you?"

Mia said with a cold face,

"You are right, Su Chen, don't blame me for being cruel. I am also doing it for the Far North Region and for the Rakshasa Supreme. Your death will save hundreds of billions of creatures in the Far North Region."

Su Chen waved his hands hurriedly and said,

"Wait, Mia, I can help you contain a Territory Lord. If you can quickly kill another Territory Lord, both of us can survive."

Chapter 3004

Su Chen was very helpless towards Mia.

The beautiful lady was determined to kill him first.

Damn it,

Su Chen escaped for more than three months, and he was besieged on the Death Star for more than two months.

In the end, he would still be killed or captured. Su Chen felt very pained just thinking about killing someone on his own side.

Mia frowned and asked, "Little Zhazha, can you contain a Domain Lord?"

Su Chen nodded and asked,

"Okay, Mia, how long will it take for you to kill a Domain Lord?"

"Within half a year, if you can contain a Territory Lord for half a year, I can kill a Territory Lord within half a year."

"Half a year? you sure?"

"Humph, the Lord of Tianxing Territory is a scumbag. If he didn't have a Hongmeng Spiritual Treasure, I could kill him in a month."

"Heavenly Star Territory Lord? Mia, are you going to kill the Lord of the Sky Star Territory first within half a year?"

"Yes, the other Territory Lord is as strong as me. It will take at least two or three years for me to kill her. You only need to hold off the other Territory Lord for half a year, and I can kill them in one go."

Su Chen rubbed his chin and thought, holding off another Domain 24 realm for half a year?

He should be able to hold it back.

If Su Chen used the Jade Talisman of Chaos Avenue, he could kill another Domain Lord realm in an instant, but with the Jade Talisman of Chaos Avenue, he could kill another Domain Lord in an instant. It would be too wasteful for Fu Gan to defeat the Territory Lord Realm.

Su Chen said with a serious face,

"Mia, for half a year, I have held off another Territory Lord for half a year. You must not let me off the hook. You must kill the Heavenly Star Territory Lord within half a year."

"good!"

Mia decided to make a bet.

If Su Chen couldn't hold off another Domain Lord, she would explode in an instant and die together with Su Chen.

"receive!"

Mia waved her hand to recall her Hongmeng Lingbao.

The fighting was about to begin in a moment.

Whether it was life or death,

Mia wanted to see if Su Chen could hold off another domain master.

An Lizhe appeared above the Death Star and looked at Mia. laughed and said,

"Haha~ Mia, you can't hold on anymore, do you still remember what I said half a year ago? I'm going to capture you alive, I'm going to train you into a sex slave, and you will be humiliated by me for the rest of your life."

The barbarian Mammoth laughed lewdly and shouted,"Mia, I, Mammoth, are very interested in you. After your cultivation realm is sealed, will your petite body be able to withstand my destruction?"

Mia is going to be furious.

Has she become a prey now?

Has Mia killed too many domain lords?

She killed more than ten domain lords who wanted to pay attention to her. She didn't expect that there would be domain lords who would still fight. Her idea.

Su Chen patted Mia on the shoulder and asked,"Mia, who is the Lord of the Sky Star Territory?"

Pah!

Mia slapped Su Chen's dirty hands away and shouted angrily,

"The wretched idiot is the Lord of Tianxing Territory, and I don't know who the other barbarian is."

"Mia, cooperate with me soon, I will anger the barbarian domain master"

"good!"

Mia narrowed her eyes and nodded in agreement.

Cooperate with Su Chen?

How can the little scumbag ask her to cooperate?

How can the little scumbag anger the barbarian domain lord?

Su Chen hugged Mia's waist and shouted,

"Big man, barbarian, bear, haven't your Tao body evolved yet? You're a hairy bastard, you still want to kiss Mia, where's your face?"

"Oh, your furry hair has covered your face. You are actually a shameless Territory Lord. The Heavenly Star Territory Lord seeks your cooperation. He thinks you are a simple-minded furry bear with well-developed limbs."

"Mao Mao Xiong, let me tell you, Mia is my woman. I have slept with her for thousands of years. I have enjoyed Mia's plump body, proud mountains, and delicate red lips. You still have sex with the Lord of Tianxing Territory. Gay."

Mia's face turned red with anger.

She was hugged by Su Chen around her waist. Su Chen's hands kept touching her. This bastard also said that he had slept with her for tens of millions of years?

Her plump body and proud mountains, Did the little scumbag say you enjoyed her delicate red lips?

Does this bastard want to be crushed to death? Does the little scumbag mean to ruin her reputation by cooperating?

Su Chen sensed the dangerous aura and hurriedly sent a message, [Come on, Mia, please calm down. If I don't say this, will the Barbarian Territory Lord hunt down this little scum like me?]

Mia coldly threatened and said, [Hmph, little scumbag, this matter is not over yet. If we don't die this time, just wait to be beaten by me.]

【Mia, I can save you, but you can't burn bridges】

【You are saving your own life. 】

At this moment, above the Death Star, the barbarian Mammoth is going crazy. A scumbag emperor insults him without hesitation, bastard?

Shameless?

Furry bear?

Damn little scumbag, the barbarian mammoth wants to tear Su Chen into pieces, he wants to kill Su Chen with the most cruel means, and

Mia is actually beaten by little scumbag? Little Zhazha has slept with Mia for tens of millions of years?

A scumbag.

Mia was actually slept with by a scumbag.

The barbarian Mammoth wanted to humiliate Mia severely. He wanted to make Mia scream in humiliation.

An Lize's face turned cold.

Mia's pure and pure body was broken? Did the little scumbag break the body of Mia of the Spirit Flower Clan?

Damn you little scumbag, there is no forgiveness for your crime, little scumbag.

If An Lizhe breaks Bingqing Yujie Mia's body, he can greatly increase his cultivation level. Maybe 810 can break through to the realm lord realm, or at least reach the peak of the realm lord realm.

However, the little scumbag broke Mia's body first, and Anlize wished he could pull out Su Chen's soul and torture her for thousands of years.

The barbarian Mammoth shouted angrily, "An Lize, hang on to Mia for a while, I'm going to tear the little scumbag into pieces.""

"Mammoth, I'll kill the little scumbag, you go and entangle Mia first."

Anlize wanted to kill the barbarian with a black face.

Mia is stronger than him.

Isn't he looking for a fight when he entangles Mia?

The barbarian mammoth shouted at Anlize, "No, in an hour, I can catch her in three breaths. Stay here, little scumbag. I'll help you catch Mia by killing him for an hour."

"All right!"

An hour?

An Lize is right when he thinks about it.

It is easy for a domain lord to capture an emperor. The barbarians want to be cruel to Su Chen for an hour.

The time is very short.

An Lize is not worried about being beaten by Mia within an hour. His spiritual treasure It lasted for a month without any problem.

The barbarian Mammoth shouted angrily to Su Chen, "Little scumbag, I will brutally kill you."

Whoosh!

Su Chen instantly appeared outside the Death Star and taunted,

"Furry bear, I'm waiting for you, you'd better catch me first before you talk nonsense." boom!

"Little scumbag, you can't escape!".

Chapter 3005

The barbarian mammoth waved his huge palm and slapped Su Chen. He was a little scumbag.

He was determined to cut the little scumbag into pieces.

"Um? Escaped? Little scumbag, can you escape? Tianqing spear, kill me?"

The barbarian took out a golden spear and threw it.

He didn't expect that Su Chen knew the laws of space.

Although the little scumbag was a little difficult to catch, the barbarian mammoth also took some time.

Within a quarter of an hour, he would definitely catch it. Su Chen.

Whoosh!

"Let me guess, it's the Hongmeng Lingbao again. Damn it, the Hongmeng world is really dangerous. Any domain lord has a Hongmeng low-grade Lingbao."

Su Chen discovered that the Hongmeng Lingbao who was chasing him escaped quickly.

He wanted to hold the barbarian back, not fight with him.

Su Chen would not fight the barbarian furry bear.

Above the Death Star,

Mia and Anlize also started fighting.

Mia attacked Anlize fiercely. The powerful and terrifying attack shook the Death Star and began to shatter.

Anlize used the Star Flag to resist Mia's attack while shouting insults,

"Mia, you can't break through my spirit treasure defense. When the mammoth arrives, we will catch you and enjoy you together. The most beautiful woman in the spirit flower tribe, we will humiliate you."

"court death!"

Boom!

Mia's big white palm slapped An Lize hard. 070

A perverted demon who is on the verge of death.

Mia will make An Lize regret the words that insulted her. She will take out An Lize's soul and make him unable to survive. Can't die

"Damn it, crazy woman!"

Anlize was shaken and flew thousands of miles backward.

If it weren't for the defense of Hongmeng Lingbao, Anlize would have been seriously injured by Mia's palm.

One day, three days, ten days, half a month later.

Anlize's face became darker and darker. It's getting darker and darker, where is the Barbarian Mammoth?

He's been here for half a month, why hasn't the Barbarian Mammoth come yet?

Every time An Lize sends a message, the Barbarian Mammoth says he'll be here soon, but it's been half a month since he came, and he's coming right away. ?

An hour?

Damn, the barbarian Mammoth is a waste. The wasteful Territory Lord hasn't killed the little scumbag for half a month.

Boom boom boom....

An Lize saw that his Hongmeng Lingbao dimmed. He understood that Hongmeng Lingbao could not hold on for long. I was afraid that the defense of Hongmeng Lingbao would be broken in another six or seven days.

"An Lize, I will crush you to death, and I will imprison your spirit to torture you day and night. (ceeh)"

Mia kept bombarding An Lize's spirit treasure.

In a few days, she can break An Lize's Hongmeng spirit treasure. At that time, Mia will brutally kill An Lize.

Su Chen?

What a scumbag. Scumbag,

Mia didn't expect that Su Chen really restrained the barbarian.

She became more and more curious about Su Chen, but Mia would not let go of the shameless pervert Su Chen.

The little scumbag dared to hug her and said

Although Su Chen deliberately provoked the barbarians by saying those disgusting words that insulted her , the little scumbag should not use her innocence to anger the barbarians. Mia would let Su Chen know the consequences of offending her.

A month later,

Su Chen was in the wasteland. He was constantly escaping, and his laws of space and time and space were brought into full play.

Within three breaths every time,

Su Chen would teleport and escape tens of thousands of miles away.

He would not be careless in the face of the Territory Lord Realm, nor would he. He will be crushed to death by the Territory Lord Realm because of his carelessness. If

Su Chen dies, the chaotic world will be destroyed, and his women and daughters will also perish.

Boom!

"I'll do it!"

Su Chen ran away quickly and instantly.

Damn,

Su Chen was almost attacked by the Savage Mammoth's Hongmeng Lingbao. The Savage was really pissed off by him.

"Little scumbag, you deserve to die, you deserve to die!"

The barbarian Mammoth is going crazy.

It's been almost two months.

His dignified Territory Lord hasn't caught a scumbag in two months.

Is he a fake Territory Lord?

Is the little scumbag hiding his cultivation realm?" ?

Su Chen instantly appeared on a star and shouted,

"Mao Mao Bear, are you a waste?"

"I am just a small Emperor Realm. Even your mighty Domain Lord Realm can't do anything to me. You should go back and continue to evolve. Maybe after your Dao body becomes human-like, you can catch me, a little scumbag."

The barbarian Mammoth shouted angrily, "You are looking for death. If I don't kill you, I, the Mammoth, swear not to be a human being."

"Damn, you are not a human being, you are just an animal. I am waiting for you to kill me."

"Ahhhh~, I want to kill you, I want you to destroy your body and soul"

"Idiot, yelling won't kill me!"

Boom boom boom....

"kill! kill! kill!"

"I'm going to attack in a large area! Archangel, come out and help me."

Su Chen quickly summoned the Archangel.

The Archangel knew the laws of time and space.

Su Chen and the Archangel jointly used the laws of time and space, making it even more difficult for the barbarian mammoth to catch him.

"Owner!"

The archangel appeared and activated the laws of time and space to take Su Chen away.

Su Chen instantly sat on the archangel's shoulder and said, "That's right, archangel, let's play with the furry bear behind."

The realm of the archangel's cultivation is very terrifying.

After the archangel was promoted to Hongmeng Lingbao, her cultivation was so high that Su Chen didn't expect it. At the twelfth level of the Tao realm, the archangel is going to defy heaven.

The archangel asked with a serious face. He said, "Master, can we join forces to kill the Territory Lord Realm?"

Su Chen stroked the Archangel's delicate red lips and said, "I don't know, Archangel, we don't have to fight with the Territory Lord Realm. As long as we delay him for another three or four months, the furry bear will be dead."

"Yes, master!"

The archangel blushed and nodded to Su Chen. She activated the law of time and space to teleport to avoid the barbarian's attack.

One month, two months, three months later,

Su Chen was very angry after contacting Mia.

Mia had not been killed yet. The Lord of Heavenly Star Territory, cripple him? Mia's crippled Lord of Heavenly Star Territory is useless.

If Mia doesn't kill the Lord of Heavenly Star Territory quickly, the barbarians may go to help the Lord of Heavenly Star Territory.

Damn it, it's been almost half a year,

Su Chen Even if he wanted to scold the barbarian, he had no words to continue scolding him. The barbarian might be immune to his scolding.

Su Chen angrily said, [Mia, can you be more reliable? It's almost half a year, can you? Destroyed the Heavenly Star Territory Lord?]

【Little scumbag, shut up. I said it's about half a year, not half a year. Doesn't it mean that I don't mean what I say?】

【Let me guess, how many months is about half a year? Seven months? Eight months? Or eleven months?】

【Go away, in two months, I will definitely crush the Lord of Tianxing Territory to death】

Chapter 3006

Mia is about to explode at this moment.

Damn it, the Heavenly Star Territory Lord actually has two low-grade Hongmeng Spiritual Treasures. The second one is a rebounded Hongmeng Spiritual Treasure. Mia has spent more than three months since she broke the first Hongmeng Spiritual Treasure.

,

Mia tried her best to break An Lize's other Hongmeng Lingbao, but this cannot be broken in a day or two.

Also,

Su Chen had been taunting her continuously for several months, and Mia couldn't help but want to crush that little scumbag to death first.

Boom boom boom....

"An Lize, within a month, I will definitely crush you to death." Mia angrily bombarded An Lize's Hongmeng Lingbao with all her strength.

An Lize coughed up blood and shouted,

"Ahem~ Mia, the barbarians are coming soon. If you don't want to die, run away quickly. Otherwise, when the barbarians arrive, we will catch you together. In the future, we will not only humiliate the "650" to our heart's content, but also I will train you to be the most despicable sex slave."

Anlize is very desperate.

It will be half a year soon.

Barbarian Mammoth keeps saying that he will come soon, he will come soon. Damn it,

Anlize persisted for almost half a year.

Barbarian Mammoth still said that he will come soon.

If Anlize didn't have a back-up plan , Hongmeng Lingbao, he had long been cut into pieces by Mia

"die!"

"I....Ahem...."

Anlize was blown tens of thousands of miles away by Mia's attack, and several Death Stars were smashed into pieces by him.

An Lize saw that the luster of Hongmeng Lingbao dimmed, and he hurriedly said with a dark face,

【Mammoth, if you don't come here, I will be killed by Mia.】

【An Lize, you damn thing, just hold on for a little longer and I'm going to catch the little scumbag.】

【Bastard, you've been saying it's going to be fast for half a year, do I still believe you? Mammoth, if I am killed by Mia, you won't be able to run away. Come over and kill Mia together.】

【Okay, I'll go there immediately. 】

At this moment, the Barbarian Mammoth stopped chasing Su Chen.

Xiao Zhazha was so good at escaping.

Every time he tried to catch Su Chen,

Su Chen would teleport away again.

The Barbarian Mammoth understood that if An Lizhe was killed, he would There is no way to escape Mia's pursuit.

And An Lize, that bastard actually hid a Hongmeng Lingbao secretly.

What does he want to do?

After catching Mia, do you want to trick him to death?

Su Chen appeared not far away and taunted, "Mao Mao Bear, are you obscene? Or are you just showing off? If you still want to humiliate Mia, you are worse than some uncivilized animals." The barbarian Mammoth suddenly stopped. Chasing him,

Su Chen guessed that the Lord of the Star Territory asked the barbarians for help again, and the barbarians could not be allowed to join forces with the Lord of the Star Territory, otherwise the beautiful Mia would be doomed.

The barbarian Mammoth threatened angrily, "Little Zhazha, I will not let you go. After catching Mia, I will hunt you down with all my strength."

Su Chen looked at the wasteland and shouted,

"Creatures in the wasteland, whether you are creatures from the Sky Star Domain or the Far North Domain, you know that there are battles taking place in the Star Domain, and I can tell you."

"There is a battle in the Star Territory. The Heavenly Star Territory Lord and a Barbarian Territory Lord jointly want to kill the Extreme North Territory Lord. However, the Barbarian Territory Lord can't even catch me, a little scumbag.

"All creatures listen, the Lord of the Barbarian Territory is an uncivilized beast, a beast that has not even evolved into a complete Tao body. The main thing in the Barbarian Territory is that he cannot kill me within three months. All creatures can be called barbarians. The domain lord is a wild beast, a furry bear." boom!

"Little scumbag, you deserve death!"

The barbarian waved his huge palm and slapped Su Chen.

He wanted to kill Su Chen.

Even before he died, he wanted to kill Su Chen first, an uncivilized beast?

A beast that has not fully evolved?

Three months?

Damn it!

Damn it!

The barbarian didn't expect that Su Chen would dare to inform the entire wasteland.

There are tens of billions of cultivator troops and hundreds of billions of creatures in the wasteland.

If the barbarian took three months If Su Chen can't be killed internally, how will he appear in the Hongmeng world in the future? His boss, the Realm Master, may also kill him because of his incompetence.

Whoosh!

Su Chen and the archangel fled six thousand miles away in an instant.

Su Chen saw Facing the barbarians who appeared quickly, the archangel hurriedly activated the law of time and space and escaped instantly.

Ten days later,

Su Chen looked at the barbarians who were chasing him and whispered,

"Damn, I hope I can hold the furry bear back for two more months. Mia, Mia, if you can't kill the Sky Star Territory Lord within two months, I will beat your ass hard in the future....."

The archangel asked doubtfully, "Master, will the barbarians still hunt us for two months?"

Su Chen kissed the archangel's red lips and said, "I don't know, let's give it a try. If it doesn't work, let's work together to kill the barbarians."

Whoosh!"

The archangel noticed that the barbarian was chasing after him again. She blushed and hurriedly disappeared with Su Chen. at this time!

In the wasteland, whether they are creatures from the Sky Star Territory or those from the Far North Territory, all creatures above the Saint Realm are checking the Star Territory.

There have been huge shocks in the Star Territory for more than half a year. All living beings also knew that there were strong men fighting in the Star Territory.

However, all living beings did not expect that the Lord of the Sky Star Territory and the Lord of the Barbarian Territory would surround and kill the Lord of the Far North Territory. The little scumbag insulted and taunted the barbarian domain lord, and also informed the wasteland to humiliate the barbarian domain lord.

"Who do you think dares to humiliate the barbarian domain lord?"

"I don't know, Domain Lord? What realm of beings can be unkillable by the Territory Lord realm?"

"The Heavenly Star Territory Lord is really despicable. He actually united with the Barbarian Territory Lord to surround and kill our Territory Lord."

"Ah, I hope our Territory Lord in the Far North Region can turn defeat into victory, otherwise if we win the Wasteland War in the Far North Territory and our Territory Lord dies in the battle, our Far North Territory will also be finished."

"Yes, I also hope that the little scumbag from before can attract the barbarian domain lord to chase him."

"Little scumbag? Do you want to die? Can the little scumbag escape the pursuit of the Territory Lord Realm? I guess the person who made the announcement just now is not at the peak of the Tao realm, but at 5.0, he is a Domain Lord realm."

In the Ice Lake,

Liu Mengyao and Shangguan Xuefei were stunned.

They had conquered the entire Ice Lake area not long ago. The two women had not had time to notify Su Chen of

Su Chen's wasteland announcement.

They did not respond and came over now.

Shangguan Xuefei He rubbed his forehead and asked,

"Liu Mengyao, your husband is being hunted by a Domain Lord? Not the Heavenly Star Territory Lord, this time it was a barbarian Territory Lord."

Liu Mengyao replied with a serious face, "Well, Su Chen's announcement is not wrong. Our Territory Lord was surrounded by two Territory Lords. Su Chen seemed to be deliberately tempting the barbarian Territory Lord."

"Is your husband seeking death? Half a year ago, my husband was hunted down by the Heavenly Star Territory Lord, and now he is being hunted down by the Barbarian Territory Lord. What state is my husband in? How could he escape the pursuit of the Territory Lord Realm?"

Chapter 3007

Shangguan Xuefei was very helpless.

Su Chen had previously heard that he was being hunted by the Heavenly Star Territory Lord.

They were half-believers.

A strong man in the Territory Lord Realm was chasing Su Chen. Could Su Chen have escaped for three months?

Now,

Su Chen announced to the entire wasteland that the Heavenly Star Territory Lord and the Barbarian Territory Lord were surrounding and killing the Extreme North Territory Lord. Su Chen also announced humiliation to lure the barbarians to hunt him down.

Shangguan Xuefei completely believed it.

For more than half a year, violent vibrations had been occurring in the wasteland star field. She and Liu Mengyao knew that there were strong men fighting in the star field.

Liu Mengyao took a sip of tea and said,

"Shangguan Xuefei, don't worry. If Su Chen can't escape, he won't be able to inform the entire wilderness to humiliate the barbarian Territory Lord. I guess Su Chen is helping the Far North Territory Lord."

Shangguan Xue said worriedly, "I think so too. My husband humiliated the barbarian Territory Lord to lure him away, but I have no idea whether Su Chen can escape the Territory Lord's pursuit."

"Su Chen was able to escape the pursuit of the Territory Lord Realm. It has been almost a year. Su Chen was either hunted by the Heavenly Star Territory Lord or the Barbarian Territory Lord. Isn't he still alive and well now?"

"That's right. My husband is really seeking death. We don't know what level of cultivation he is at now."

"The powerful Taoist was easily defeated by Su Chen. Shangguan Xuefei and Su Chen were at least above the tenth level of the Taoist realm."

"It's possible, Liu Mengyao, as long as Su Chen comes back, we must ask him clearly about his cultivation level"

"Okay, I also want to know what level of cultivation that bastard is."

A month later,

Su Chen and the Archangel kept playing tricks on the Barbarian Territory Lord.

Su Chen had the help of the Archangel's law of time and space, and it was even more difficult for the Barbarian Territory Lord to kill him.

Su Chen sent a message to Mia. , [Mia, it will be two months in ten days, can you kill the Lord of the Sky Star Territory?]

【Go away, don't bother me. 】

Su Chen shouted with a dark face, 【I guess, Mia, you are so unreliable, I regret helping you contain the barbarian domain lord.】

【Little scumbag, if you don't contain the barbarian domain master, you will die faster.】

【Understand, I will be crushed to death by you first】

【Little scumbag, if I keep the Barbarian Territory Master at bay for another half month, I will cripple the Heavenly Star Territory Lord. I will definitely kill the Heavenly Star Territory Lord within half a month.】

【I don't believe it! 】

Su Chen didn't want to deal with the unreliable Mia.

The beautiful lady had never been reliable.

Half a year?

About half a year?

Two months?

Now it takes another half month?

Damn it,

Mia kept saying what she said over and over again. If Su Chen believed in Mia again, he might die without knowing how.

【Little scumbag, do you want to die? 】

Su Chen ignored Mia.

He stroked the archangel and thought about whether he should try his best to kill the Domain Lord Realm?

Su Chen finds it very difficult?

It was too extravagant for him to use the Chaos Avenue Jade Talisman to kill the Barbarian Territory Lord.

Damn it, what should I do?

Su Chen said with a serious face, "Archangel, let's try to see if we can kill the Territory Lord. If not, escape immediately~"

"Yes, master!"

The archangel nodded to Su Chen.

Since Su Chen wants to try to kill the domain lord, the archangel must cooperate with Su Chen to kill the domain lord.

"Archangel, we went to the Death Star half a month ago, where we sneak attacked the barbarian domain master."

"Yes, master!"

At this moment,

Mia became worried.

Su Chen never answered her. Mia was worried that Su Chen would escape and no longer contain the Barbarian Territory Lord.

Damn it,

Tianxing Territory Lord An Lize was about to be killed by her, and Su Chen Can't you wait another half month?

Su Chen can't hold on anymore?

No,

Mia thought of Su Chen and the relaxed tone of her message, she didn't believe that Su Chen couldn't hold on.

Boom boom boom.....

Mia attacked Anlize fiercely, damn the turtle shell.

She wanted to break Anlize's turtle shell quickly, and she wanted to kill Anlize's stinky turtle as soon as possible..

At this moment, Anlize returned to his true form, a giant turtle the size of a planet.

Anlize's huge turtle body fled in the star field, and dense cracks appeared on the giant turtle's shell.

An Lize hated the barbarian Mammoth very much.

He was attacked by Mia and was unable to fight back.

Two low-grade Hongmeng spiritual treasures were shattered by Mia. Even if he recovered his body, he could not stop Mia's attack.

An Lize has given up.

He has not asked the barbarian for help for more than a month. He understands that asking for help from the barbarian is useless.

The barbarian is a complete idiot, right now? a while?

Are you going to kill the little scumbag?

Over the past seven or eight months,

Anlize has heard too many answers like this from barbarians, but he has been waiting for seven or eight months. Have the barbarians come? That fool had been lying to him all along.

At this time,

Su Chen and Archangel were concentrating on ambushing the Death Star.

They wanted to sneak attack the Barbarian Territory Lord. They wanted to try to see if they could kill the Barbarian Territory Lord.

"~Chaos Bell, suppression!"

Dang Dang Dang.....

The Barbarian Territory Lord just appeared on the Death Star. Su Chen quickly activated the Chaos Clock to suppress the Barbarian Territory Lord.

Su Chen:"Time pauses, space stops!"

Archangel:"Time and space stop! Time and space freeze!"

The barbarian was suddenly immobilized. They were confused. They didn't expect that Su Chen didn't escape and attacked him.

"Suppression!"

Su Chen controlled the Chaos Clock to suppress the barbarians while launching laws to attack the barbarians!

The Archangel also continuously launched attacks from the laws of time and space,"Time and space storm, time and space cutting, time and space turbulence!"

In just three breaths, the barbarian was immobilized and subjected to the attack of the law. His body was severely damaged by the attack, and some of his flesh and blood were cut off by the law.

"Damn it, I'm going to kill you, little scumbag, I'm going to cut you into pieces."

Chirp ~

Su Chen used his blood to transform into a black bird and instantly killed the barbarian. (Zhao's) barbarian had not yet resumed his actions.

He wanted to take the opportunity to kill the barbarian with the most powerful attack.

The power of blood plus the law of space , the law of fire, if Su Chen cannot kill the barbarian, he will continue to escape with the archangel, and he will not fight to the death with the barbarian again.

Boom!

The huge and noble black bird instantly penetrated the barbarian's body,

"Ah~"

The barbarian screamed in pain, his body began to break apart from Su Chen's attack, and black flames came out of his body.

Dang Dang Dang Dang Dang Dang Dang Dang Dang Dang Dang Dang Dang Dang Dang Dang Dang Dang.....

The Chaos Clock roared in the air to suppress the barbarians, but the luster of the Chaos Clock was quickly dimming.

Boom boom boom boom.....

"Heavenly Blade Judgment!"

The archangel held up a huge flaming sword to launch the Heavenly Blade Judgment. The Heavenly Blade Judgment under the blessing of the laws of time and space was even more terrifying.

"Luoxue, give me a helping hand to stop the barbarians' Hongmeng Lingbao golden spear."

Chapter 3008

Su Chen saw that the barbarian was about to use the Hongmeng Lingbao to attack the archangel.

He hurriedly took out the Luoxue Sword.

The Luoxue Sword was promoted to a lower-grade Hongmeng Lingbao.

It was also a low-grade Hongmeng Lingbao. Xiao Yu wanted the Luoxue Sword to stop it~ Barbarian Golden Spear.

Whoosh!

Luoxue Sword disappeared instantly and attacked the yellow-gold spear, bang boom!

The two Hongmeng Spiritual Treasures collided and clashed.

The surrounding stars were shattered one by one, and the vibrations in the star field became more violent.

Su Chen ordered the Archangel, "Archangel, continue to launch the Sky Blade Judgment attack, I will contain the barbarians!"

"Yes, master!"

The Archangel held up the flaming sword and kept bombarding the barbarians.

As long as the barbarians did not interrupt the Sky Blade Judgment, and the Archangel did not run out of mana, she could keep launching the Sky Blade Judgment to bombard the barbarians.

The barbarian Mammoth screamed miserably, "Damn it. Yes, you damn scum, damn little bugs, I'm going to kill you, I'm going to destroy you physically and mentally."

The barbarian Mammoth didn't expect to be immobilized.

In almost ten breaths, he was actually immobilized by two scumbags using the law. He couldn't break free from the restraints of the law in ten breaths.

The barbarian was going crazy, he was going to be exploded, he The body of the barbarian was seriously damaged.

The barbarian can repair the body quickly, but the law flame in the body does not have time to clear.

If he is not attacked, the barbarian can clear the law flame in the body within three days.

However, he does not have the short three days now. There is no time in the day, if the barbarian doesn't break free from the restraints as soon as possible, he may fall into the hands of the two scumbags.

Chirp!

Su Chen's black bird body screamed and penetrated the barbarian instantly. He would not give the barbarian time to break free from the restraints of space. , with less than five breaths left, if Su Chen and Archangel cannot kill the barbarians in time, they can only escape quickly. At this moment,

Mia and An Lize also sensed the battle in the star field, and the extent of the battle in the distance was The battle on their side was similar, even more intense than the battle on their side.

Mia frowned and couldn't understand why there were Domain Lord Realms fighting in the Star Territory? Could it be that the barbarians were attacked by other Domain Lords?

Mia hurriedly asked Su Chen sent a message, [Su Chen, what's going on in the Star Territory? Have the barbarians been attacked by other Territory Lords?]

【Other domain owners? Mia, you are eating shit. I am killing the barbarian domain lord now. I will not count on you anymore. You are just an unreliable bitch.】

【Little scumbag, are you telling the truth?】

【Are you an idiot? Do you think a domain lord will come to save you? 】

Mia was driven crazy by Su Chen, is she unreliable?

Smelly bitch? idiot?

Damn you little scumbag,

Mia really wants to squeeze Suchen to death.

But, how could Su Chen be the opponent of the Barbarian Territory Lord?

The barbarian domain master would kill Su Chen with one strike. How did Su Chen fight the barbarians?

Mia felt that Su Chen had more and more secrets, and the little scumbag kept confusing her.

Su Chen had restrained the Barbarian Territory Lord for more than half a year, and

Mia was very surprised.

Su Chen and the Barbarian Territory Lord fought against each other. , Mia was no longer shocked, she had nothing to say to Su Chen.

Boom boom boom.....

Mia gritted her silver teeth and attacked An Lize's turtle shell fiercely.

She couldn't be worse than the little scumbag, and she didn't want to be ridiculed by the little scumbag again.

Mia wanted to kill the Lord of the Sky Star Territory, An Lize, as soon as possible. She wanted to take a look. How did Su Chen fight the barbarians?

At this time,

"Ah~!"

The barbarian kept screaming.

He had never been in such pain.

In just over ten breaths, more than half of his body was broken.

The barbarian's left hand was also destroyed by the archangel's bombardment. The tearing pain of his soul made him Territory Lord Realm couldn't bear it.

In the Star Territory,

Shangguan Xuefei appeared in the Star Territory with more than 1,800 cultivators of the tenth level of the Holy Realm. The Zhoutian Star Array gathered the power of the stars and could be activated at any time. Attack.

When Shangguan Xuefei saw that Su Chen had really immobilized the Barbarian Territory Lord, she hurriedly controlled Hetu Luoshu and ordered, "The Zhoutian Star Formation, gather the power of the stars to bombard the Barbarian Territory Lord for me!"

Boom boom boom.....

The terrifying Zhoutian Star Array attacked the Barbarian Territory Lord, and huge star beams instantly attacked the Barbarian Territory Lord.

Su Chen hugged the archangel and retreated thousands of miles in an instant. Shangguan Xuefei came at the right time. Under the constant bombardment of the Zhoutian star formation, the barbarian domain master was destined to die today. Fortunately, Su Chen notified Shangguan Xuefei in advance. , he asked Shangguan Xuefei to activate the Zhoutian Star Formation half a month in advance, otherwise the sneak attack on the Barbarian Territory Lord would fall short.

The Archangel asked doubtfully, "Master, can the Barbarian Territory Lord be bombarded to death by Zhou Tianxing's formation?"

Su Chen looked at the barbarian Territory Lord who was bombarded and said, "It should be possible. The Barbarian Territory Lord was seriously injured by our sneak attack. It is impossible for the barbarian domain master to withstand the terrifying bombardment of the Zhoutian Star Formation."

"Master, should we continue our attack?"

"No, Archangel, we have to guard against the escape of the barbarian domain master's soul. As long as the barbarian is killed, we must trap the barbarian domain master's soul in time."

"Yes, master!"

After more than ten bombardments by the Zhoutian Star Formation, more than half of the cultivators in the tenth level of the Holy Realm ran out of mana and quit. It takes a huge amount of mana to activate the Zhoutian Star Formation. This is still five holy realms supporting one formation flag. If a holy realm supports a formation flag, I am afraid that the mana will be exhausted after a few bombardments.

"No!" boom!

"Time and space barrier!"

"Space prison!"

The archangel and Su Chen saw the barbarian domain master being bombarded and exploded. They quickly activated the laws of time and space and the law of space. The soul of the barbarian domain master must escape.

Su Chen would not let the soul of the barbarian domain master escape.

"Master, have you caught it?"

Su Chen hugged the archangel and kissed him fiercely, laughing and saying, "Haha~, I caught it. The Barbarian Territory Lord's soul is trapped in a space prison. The Barbarian Territory Lord is doomed."

Region Lord Realm!

Su Chen didn't expect that in a short period of time, they would kill the barbarian Territory Lord Realm.

Whoosh!

Shangguan Xuefei appeared instantly and shouted, "Husband, let's kill the Territory Lord Realm" Already?"

Su Chen said with a smile, "Half of them have been killed, but the spirit of the barbarian domain master has not been destroyed yet."

"The soul of the barbarian domain master escaped?"

"No, I have captured the spirit of the barbarian domain lord, and he will completely fall into my hands."

"That's fine."

Su Chen kissed Shangguan Xuefei and said, "Xuefei, take your men and leave the Star Territory. I'll go check on Mia's situation."

"Okay, husband, you have to be careful"

Chapter 3009

Shangguan Xuefei nodded to Su Chen.

There was still a battle between the domain masters in the star domain. It was very dangerous for her and her holy realm practitioners to stay.

However,

Shangguan Xuefei was very surprised to see the Archangel, a living Hongmeng Lingbao and a huge, beautiful and sexy beauty.

Is the archangel Su Chen's spiritual treasure?

Or is it Su Chen's woman?

Can this bastard sleep with a huge woman?

Shangguan Xuefei rolled her eyes at Su Chen and disappeared instantly.

Now is not the time to ask Su Chen these things. Su Chen also wants to help the Extreme North Territory Lord kill the Tianxing Territory Lord. Shangguan Xuefei and Liu Mengyao will ask Su Chen everything about it in the future..

Su Chen asked the barbarian domain master in the space prison, "Barbarian, how do you feel?"

In the space prison, the barbarian domain master's spirit shouted and threatened, "Little scumbag, let my spirit go." God, I am the subordinate of the Devouring Realm Lord. If you kill me, I will be killed by the Devouring Realm Lord."

"Cut, space cut, space storm."

Su Chen didn't talk nonsense to the Barbarian Territory Lord.

He wanted to quickly kill the Barbarian Territory Lord Yuanshen. He also wanted to go to 24 to see Mia's fighting situation.

"No....No....Damn it, I am the domain lord, how could I be killed by a little scumbag, how could I.....Ahhhh!"

"Space is destroyed!"

"Let me go, I can be yours....Ah~."

A quarter of an hour later, the soul of the barbarian Territory Lord was completely wiped out.

Su Chen looked at the sky above the Hongmeng World.

There was no vision of heaven and earth.

The Territory Lord Realm was equivalent to the Great Luo Jinxian of the Chaos World. Even if it fell, it would be impossible to attract the heaven and earth. vision

"Archangel, I'm going to go to that unreliable woman Mia."

"Yes, master!"

At this time,

Mia was bombarding An Lize's turtle shell while thinking about the previous attack of the Zhoutian Star Formation. Zhoutian Star

Formation?

Su Chen prepared the Zhoutian Star Formation in advance. Will the barbarian domain master be attacked? Was he killed by the Zhoutian Star Array?

Damn you little scumbag, why is there no movement now?

Did Su Chen trick the Barbarian Territory Lord to death? Or did the Barbarian Territory Lord kill Su Chen?

An Lize's huge turtle head shouted,

"Haha ~ Mia, you are going to die. The barbarian mammoth is coming after killing the little scumbag. You will be captured alive by us soon, and you will be humiliated by us to the point of death."

An Lizhe guessed that the barbarians killed Su Chen and killed a little scumbag.

It took the barbarians more than half a year.

There was still the sound of violent bombardment before. He didn't believe that the barbarians in the Territory Lord Realm would be killed.

The time was too long. Short, it was impossible for the barbarians to be killed in a short period of time.

An Lizhe guessed that after the barbarians destroyed the Zhoutian Star Formation, the idiot killed Su Chen who kept running away.

Boom boom boom~

"Die, you ugly turtle."

Mia angrily bombarded An Lize's turtle shell.

Was Su Chen really killed?

Damn it, if the barbarians arrive soon, all her efforts in the past six months will be in vain.

Self-destruct?

Self-destruct,

Mia feels sorry for Su Chen , she said she could kill Anlize within half a year, but she failed to kill Anlize for most of half a year. The time Su Chen bought her was wasted.

Whoosh!

"I guess what a big turtle!"

After Su Chen and Archangel appeared next to them, they were shocked to see the huge tortoise in the star field.

A tortoise that was bigger than the stars.

Compared with the Turtle Spirit Holy Mother and An Lize, I am afraid that the heavens in the prehistoric fairy world are far behind. The Zhu Xuan Turtle is not as big as An Lize.

The archangel was surprised and said,

"Master, the turtle body of Lord Tianxing Territory is too big. No wonder Mia never killed him."

Su Chen stroked the white neck of the archangel and said,"It's too big. If Mia kills this big turtle, the creatures in the entire wasteland can eat a hundred. Year. The archangel rubbed Su Chen's hand and asked,"Master, do we want to help Mia kill An Lize?""

Su Chen kissed the archangel and replied,"No, the tortoise shell of the Heavenly Star Territory Lord will be broken. In ten days and a half, Mia will kill the Heavenly Star Territory Lord. We will watch from the side."

"Yes, master!"

Su Chen shouted to Mia, "Mia, you are really useless. I killed the barbarians in a short time, but you didn't kill the Tianxing Territory Lord for more than half a year. Are you a useless Territory Lord?"

"Suchen?"

Mia looked at Su Chen in confusion.

Did Su Chen really kill the barbarian domain lord? How did the little scumbag kill the barbarian so quickly?

Trash?

Damn it, the little scumbag actually called her a trash?

Ugh!

Mia suddenly thought of She seems to be a waste.

Su Chen fucked the barbarian domain master in less than a quarter of an hour, but she didn't kill An Lize for more than half a year.

Also, is the huge woman Su Chen sat down a spiritual treasure?

Su Chen also has another one with The magic treasure of life? Or a sexy and beautiful woman.

Shameless little scumbag,

Mia guessed that the archangel was Su Chen's slave girl, a shameless pervert.

Mia threatened angrily, "Little scumbag, you dare again Taunt me and I will beat you to death"

"Unreliable woman, work harder, I'm here to cheer you on, you have to kill the big turtle as soon as possible"

"come on? What the hell?"

Mia attacked An Lize and frowned. She couldn't understand what Su Chen meant.

"How can it be? How could Barbarian 013 Mammoth be killed? The idiot barbarian is from the Territory Lord realm. How could the Territory Lord realm be killed by a little scumbag from the Emperor realm?"

An Lizhe's heart sank when he saw Su Chen appear.

When Su Chen came back, the barbarian was nowhere to be seen. An Lizhe guessed that the barbarian was killed by Su Chen, but how could a scumbag from the Emperor realm kill Su Chen from the Territory Lord realm?

Chen took out a bottle of wine and said with a smile,

"Mia, do you want to drink? I think you are tired. Do you want to take a rest? Anyway, if the big turtle is trapped by you, he can't escape, so you don't have to rush to kill the big turtle."

"Go away, I don't need it"

"Mia, you have a good figure and your long white legs are very attractive. Let me touch them if you have the chance."

"Little scumbag, you are dead. After I kill An Lize, don't think about it."

"Come on, Mia, come on, my archangel and I will take a break and come out later to see if you killed the big turtle."

Su Chen waved his hand to Mia.

He carried the archangel into the space prison. After more than half a year of escaping,

Su Chen's spirit had been tense.

After the barbarians were killed,

Su Chen wanted to have sex with the archangel.

He wanted to enjoy the archangel's flaming red lips, and he also wanted to enjoy the archangel's huge mountain.

"Damn you pervert, the little scumbag actually went to fool around with Lingbao, the little bastard is worse than a beast"

Chapter 3010

Mia was going to be mad.

Su Chen was able to kill the barbarian, but that bastard didn't help her kill An Lize.

Su Chen still hugged the archangel and was so romantic. That bastard went to have a romantic relationship with a spiritual treasure, Mia thought. It makes me feel sick just thinking about it.

Boom boom boom.....

Mia vented all her anger on An Lize.

She wanted to take it out on An Lize's body, the big turtle, and he wanted to brutally kill An Lize and Suchen.

Click click click.....

An Lize's turtle shell began to break, and pieces of the turtle shell on his body were shattered and fell off.

Anlize panicked and yelled, "Mia, let me go, let me go again, I won't dare to humiliate and offend you in the future."

Anlize was scared, the barbarian was killed, and he was trapped by Mia and kept being After the bombardment,

Mia looked like she would not give up until she killed him.

Anlize didn't want to die.

He practiced for hundreds of millions of years before he could advance to the realm of domain lord. He didn't want his soul to escape and start training again.

An Lize has offended too many races in the past, and he has also plundered the beauties of many races and forces. 740 His soul escaped to practice again.

Those races and forces he has offended will not let him go. I am afraid An Lize has not yet If it grows again, it will be killed, or it will be brutally killed.

Mia shouted coldly,

"An Lize, it's better for you to die. If you and the barbarians dare to surround me and kill me, and if you want to capture me and train me into a sex slave, you will face the end of complete destruction."

"Damn it, Mia, if it weren't for the existence of the little scumbag, you would have been caught and trained by me and the barbarians. My plan will be ruined by the little scumbag. I hate it!"

"snort!"

Mia narrowed her eyes and continued to attack An Lize.

What An Lize said was right.

If it weren't for Su Chen's existence, she would have been caught by An Lize and the barbarians if she hadn't self-destructed. If Mia had been caught by An Lize and the barbarians, Insulted, her fate will be very miserable, even worse than death.

Six days later,

Anlize's turtle shell is completely broken, and he can't hold on any longer. If

Mia attacks again, Anlize will be killed, and his will be killed. Hui's body was blasted to pieces.

An Lizhe shouted fiercely, "Die (cebj), Mia, let's die together!" Explode!"

"space bound! time goes backwards"

"Time and space are suspended, time and space are reversed!"

Su Chen and Archangel appeared instantly to activate the law to restrain An Lize.

If An Lize blew himself up, they would all be affected and injured. Su Chen and Archangel would not let An Lize blow up.

Mia was ready to escape when she found out that An Lize was going to blow up.

Su Chen and Archangel restrained An Lize in an instant, even interrupting An Lize's self-destruction.

Mia was stunned for a moment.

Su Chen looked at Mia and shouted angrily, "Unreliable woman, still looking at Damn it, kill the Heavenly Star Territory Lord quickly"

"you....."

Mia glared at Su Chen angrily. She used the Hongmeng Lingbao to attack An Lize fiercely.

Boom!

With one blow,

Mia's full blow,

An Lize's huge turtle body was bombarded to pieces.

"No....."

"Space barrier, space enchantment!"

Su Chen quickly activated the law of space. He would not let An Lize's soul escape.

The archangel also quickly activated the law of time and space, "Time and space domain, time and space barrier!"

"Found you, space prison!"

After Su Chen searched for An Lize's spirit, he activated the space prison to capture An Lize's spirit.

Whoosh,

Mia instantly appeared next to Su Chen and asked, "Little Zhazha, grab An Lize's spirit. God?"

Su Chen said with a smile, "Of course, do you think I am as unreliable as you?"

"Little scumbag, you really want to be pinched by me.....Woohoo~!"

Mia grabbed Su Chen's clothes and threatened her. She didn't expect that Su Chen hugged her and kissed her.

Su Chen hugged Mia tightly and kissed her.

The escape for nearly a year was all because of Mia, An Lize and Savage Everyone was killed. If Su Chen didn't charge some interest, he would be sorry for being on the run for nearly a year.

Bang!

Mia kicked Su Chen away.

There was no end to the little scumbag.

Mia didn't expect Su Chen to reach out and touch him. Her body is a shameless pervert.

If Mia hadn't killed An Lize and the barbarian because of Su Chen, she would have crushed the little scumbag who kissed her to death with one hand.

Su Chen was kicked hundreds of miles away and smiled, Mia is a beautiful woman It was pretty good, and he didn't attack him harshly.

The archangel instantly appeared next to Su Chen and asked, "Master, are you okay?"

"Nothing!"

Su Chen appeared and sat down on the shoulders of the archangel.

What's wrong?

He has nothing to do.

The two domain masters, An Lize and Barbarian, have been killed. An Lize's soul is still imprisoned.

What will happen in the future?

Stay in the far north. Territory?

Or go looking for Murong Qingcheng?

Su Chen touched Archangel's face and asked, "Archangel, you said we leave the Far North Territory? Or stay in the Far North?"

The archangel smiled and replied, "I obey my master's orders."

"It's difficult!"

"Master, why don't you ask Bing Ji and Nie Xiaoqian?"

"Forget it, don't disturb them, let them continue to practice in seclusion."

Whoosh!

Mia appeared instantly and asked hurriedly, "Su Chen, are you leaving the Far North?"

Su Chen asked with a smile, "What?" Mia, are you reluctant for me to leave?"

"Little Zhazha, you are my subordinate. You are not allowed to leave without my order."

"Tsk, Mia, I am not a creature from the Far North. I am free to go wherever I want."

"Huh, you can't leave without my consent. You kissed me just now, so you can't leave even more."

Mia was a little upset.

Su Chen actually wanted to leave the Far North Territory? Isn't this bastard a creature of the Far North Territory?

Whoosh!

Su Chen appeared next to Mia.

He hugged Mia's waist and said, "Mia, I didn't kiss enough just now. Otherwise, someone will let me kiss you again....."

Mia hugged Su Chen's neck and kissed her.

She had been hugged and kissed by Su Chen before. Mia wanted to hug Su Chen and kiss her back this time.

Mia stared at Su Chen and announced angrily, "Little scumbag, I Now it is announced that you will be the man of the Lord of this domain. If you dare to leave secretly, the Lord of this domain will depose you and imprison you."

Su Chen hugged Mia and laughed and said, "Beauty, are you robbing a beautiful man?"

Mia stretched out her white neck and said arrogantly, "So what if I rob it? You will be one of the beauties in my harem in the future."

Bang!

Su Chen slapped Mia's butt with a black face and shouted, "One of the beauties in the harem? Mia, do you want to go to heaven?".
