Chapter 3191

In the courtyard of Zilanxuan,

Zinv and Yanlingji were very surprised,

Black and White Impermanence?

The legendary soul-collecting messenger from the underworld really appeared,

Zinv and Yanfei believed Su Chen's words, and now they believe Su Chen's words even more. When Black and White Impermanence appeared, they saluted Su Chen and Nannan, and they would not have any doubts.

"Black and White Impermanence? Everything is true."

King Yingzheng of Qin turned pale when he saw Black and White Impermanence. He knew that no matter what he did, it would be in vain,

Facing the immortals,

No,

Facing the Emperor of the Immortal Realm,

Even if King Yingzheng of Qin became an immortal, he was still an insignificant scum in Su Chen's eyes.

Su Chen said to Ying Zheng, "Ying Zheng, I didn't want to kill you, but you have to die for some reasons. I'm looking at someone's face, and you will be reborn into a rich family in your next life."

"Can you tell me who that person is?"

Ying Zheng was puzzled when he heard Su Chen's words,

Looking at someone's face?

Who can make the Emperor of the Immortal Realm give face? What is his relationship with that person?

"Can't say, 24 met Qin Wang Ying Zheng."

Crack!

Su Chen said and instantly broke Qin Wang Ying Zheng's neck,

The person he was talking about was Zhao Ji,

Can Su Chen tell Qin Wang Ying Zheng?

What the hell,

Since Su Chen became an immortal, he has never seen Zhao Ji. The sexy and seductive Zhao Ji has been in seclusion in the space barrier.

Zhao Ji, Xu Zhihu, and some women of Wuqing, I'm afraid they won't come out of seclusion until they become saints.

Su Chen waved his hand and ordered, "Black and White Impermanence, take Ying Zheng's soul away as well, and let him reincarnate in a wealthy family in Tianxuan Continent."

"Yes, Emperor of Heaven!"

After Black and White Impermanence saluted Xiao Yu, they disappeared in the yard with Han Fei's soul and Ying Zheng's soul.

[Ding, congratulations to the host, Trial Task 1 and Trial Task 2 are completed.]

Su Chen curled his lips when he heard the system's prompt,

Congratulations?

Did the system girl take the wrong medicine?

How could the poisonous system girl congratulate him?

Su Chen guessed that the system girl might have a conspiracy, and he decided to ignore the system girl.

Su Chen found Yan Lingji staring at him and said, "Yan baby, don't keep staring at me, be careful I will sleep with you tonight."

"Shameless bastard!"

Yan Lingji was furious.

She was just curious about Su Chen.

Yan Lingji didn't expect Su Chen to say such shameless words.

Slept with her?

If the shameless pervert dared to sleep with her,

Yan Lingji would poison Su Chen with Baiyue Gu Poison.

Huh?

Yan Lingji suddenly remembered that Su Chen was an immortal, or the emperor of the immortal world, and her Baiyue Gu Poison seemed to have no effect on Su Chen.

What to do?

Yan Lingji showed a panic expression on her face. She was worried that Su Chen would really humiliate her in the evening.

Yan Fei: "Damn bastard, I can't help but strangle the shameless bastard."

Zi Nu: "Su Chen is really a bastard."

Hu Meiren: "I guess my husband is trying to scare Yan Lingji."

Mrs. Mingzhu: "What a scare, I guess Su Chen will definitely sleep with Yan Lingji in the evening."

Mrs. Hu: "Yan Lingji has a relationship with my husband, my husband is just joking with Yan Lingji."

Yan Lingji curled her lips when she heard what Yan Fei and the other girls said,

She had to think about what to do in the evening,

She couldn't escape,

How could she avoid Su Chen sleeping with her in the evening? Yan Lingji looked at Yan Fei and the other girls and decided to find someone to sleep with her.

Ten days later, (to read the exciting novels, go to [Flylu Novel Network!](#))

In Zilan Pavilion,

Nongyu on the second floor clenched her hands tightly and stared at Su Chen. She was very angry when she saw Su Chen holding Mrs. Hu and drinking tea.

For ten days,

Su Chen has been with her mother,

and he continued to harm her mother every night, []

Nongyu understood the relationship between her mother and Su Chen, but she could not accept having a stepfather as young as her.

Xue Nu walked to Nongyu and said, "Nongyu, you don't have to be angry. Your mother and Su Chen are destined to be a couple. You can see how happy your mother is."

Xue Nu was very speechless about Su Chen.

She and Nongyu were good friends. Xue Nu did not expect Su Chen to take Nongyu's mother in.

Su Chen and Mrs. Hu from another world are husband and wife,

Xue Nu also understands that Su Chen will not abandon Mrs. Hu,

Just like her.

Six days ago,

Xue Nu was brought to Zi Lan Xuan by the shadow assassin,

She thought she would be humiliated by the nobles, but she didn't expect to encounter something incredible.

Su Chen told her the secret,

Su Chen knew her physical characteristics and physical and mental reactions clearly, Xue Nu believed Su Chen's words, and she believed it even more after knowing that Su Chen was the emperor of the fairy world.

Su Chen is the emperor of the fairy world,

There are countless beautiful fairies in the fairy world,

Xue Nu is just a beautiful woman in the mortal world, she can't compare with the beautiful fairies in the fairy world,

If Xue Nu hadn't been related to Su Chen,

Su Chen probably wouldn't have looked at her more.

Nongyu smiled bitterly and said, "Sister Xue Nu, I understand. I just feel uncomfortable."

Xue Nu smiled and persuaded, "Look at it more openly. You don't want your mother to live alone, right?"

"I know. By the way, where is Yan Lingji? Why didn't she drink tea with Su Chen today?"

"Yan Lingji didn't get enough rest last night. She is still sleeping." Xue Nu blushed and left in a hurry.

Yan Lingji?

Yan Lingji provoked Su Chen again last night.

Su Chen disturbed Yan Lingji for most of the night. Xue Nu guessed that Yan Lingji would not get up until noon.

"ThisWhat's going on?" 840

Nongyu patted her forehead and turned back to her room. She knew without thinking that Yan Lingji was resting because of Su Chen's misfortune.

Nongyu also figured it out.

Her mother and Su Chen were already married.

Mrs. Hu will be very happy in the future and will become an immortal.

Nongyu will no longer persuade Mrs. Hu to leave Su Chen.

She can only ignore it in the future.

[Ding, congratulations to the host, the third trial task is completed, and the first trial task is completed. Completed, host, do you want to carry out the second trial mission?]

Su Chen was holding Mrs. Hu when he suddenly heard the system's reminder. He didn't expect that the archangel and the female zombie had completed mission three.

It's been almost half a month.

The archangel and the female zombie only have basic abilities.

They were able to complete mission three within half a month. Su Chen guessed that they didn't rest well during this period.

Su Chen touched Mrs. Hu's plump body and said, "System, don't carry out the second trial mission first. I still have some things to deal with."

[Ding, host, you are already a little strong man in the Hongmeng world. Women in the mortal world are of no use to you. Can you not be lustful and take in any woman?]

"System, you should understand the relationship between Yan Fei and Yan Lingji and me. If I hadn't come to this small world, I wouldn't care about them, but I appeared in this small world. Do you think I would be indifferent to them?"

Chapter 3192

Su Chen was very speechless while touching Madam Hu.

He understood the reminder of the system girl, but could he give up Yan Fei and Madam Hu's daughters in this world?

If Su Chen had not come to this world,

He also did not know that Yan Fei and her daughters existed in this world. Su Chen would not accept some useless women.

What the hell,

It seems that every trial world has a beautiful heroine, or the heroine that Su Chen liked before.

Not accepting?

Would he watch the beautiful woman throw herself into the arms of others?

Su Chen couldn't get over this hurdle in his heart, and he didn't want to give away women like in the novels.

[Ding, host, why don't you say you are a pervert.]

Su Chen curled his lips and said, "System, our friendship is over, you are no longer a system that cares about me."

[Ding, pervert host.]

Su Chen was upset and didn't want to pay attention to the system girl,

Let her be a pervert,

Let the system girl taunt him if she wants,

Su Chen didn't care about the system girl's taunting him, the poisonous system girl taunted him more than once or twice.

Mrs. Hu grabbed Su Chen's hand and asked with a blushing face, "My husband, did you harm Atlanna yesterday?"

Su Chen kissed Mrs. Hu and said, "Well, Atlanna is too arrogant. I helped her complete three tasks. The little sea girl kept laughing at me for being a pervert. I taught Atlanna a lesson last night."

"Where is Yan Lingji? Yan Fei said that you went to Yan Lingji's room last night, and my husband went to Atlanna's room in the middle of the night?"

"Baby Yan is too weak. After she rested, I went to Atlanna's room."

Mrs. Hu blushed even more when she heard Su Chen's words.

She thought of every time she fainted because of Su Chen's harm, and Mrs. Hu guessed that she could not hold on as long as Yan Lingji.

Swoosh!

Yan Fei came over with Qing Gong and said, "Husband, Yan'er destroyed the army of the Kingdom of Han in Nanyang, and the King of Han was torn to pieces by Yan'er. The Kingdom of Han was completely conquered by Yan'er."

Su Chen was shocked and shouted, "Oh my god, the little girl actually tore the King of Han to pieces? Too cruel."

"Didn't Yan'er learn it from you?" Yan Fei sat down and glanced at Su Chen,

Yan'er was ruthless at a young age,

Yan Fei understood that it was Nan Nan's fault,

Nan Nan told Yan'er about Su Yan from Tianxuan Continent,

Yan'er wanted to compare with Su Yan from Tianxuan Continent, and the little girl didn't want to be compared with Su Yan from Tianxuan Continent.

Su Chen touched Mrs. Hu's soft spot and said, "Little girl is good. She destroyed Han in ten days. Madam, which country will Yan'er destroy next?"

Yan Fei answered while drinking tea, "Zhao. Yan'er said that after Han was destroyed, she would destroy Zhao, Wei, Yan, Qi, Chu, and finally Qin."

"Destroy Qin last? Isn't Yan'er worried that Qin will join forces with other countries to besiege her army?"

"Don't worry. Yan'er left 300,000 troops in Hangu Pass. Little girl has been preparing for Qin's army."

"Little girl is too smart."

Su Chen didn't expect that the little girl had been on guard against Qin for a long time.

The Xuanniao Army was very powerful.

One hundred thousand Xuanniao Army could destroy one million troops of seven countries. Even if the seven countries united, they would not be the opponent of the Xuanniao Army.

Uncle Jiu ran over excitedly and shouted, "Su Chen, we have completed the second destiny mission of killing Zhao Gao. Sheng Caier has completed three of the four destiny missions, and the only thing left is mission three, which is to protect Jingwei for a month."

Su Chen let go of Madam Hu and said, "Old Taoist priest, Aning is with Jingwei, and mission three will be completed in about twenty days."

"That's right. Aning is with Jingwei. Although she can't protect Jingwei, she is still protecting Jingwei. It's just that there is no news about Ran Bing. I don't know if Ran Bing will be in danger."

"Ran Bing? Old Taoist priest, didn't I tell you? Ran Bing is with Sheng Caier, she is not in any danger."

"Tell me shit, you spend all day playing with women...cough cough cough~" Uncle Jiu said, and saw Yan Fei and Madam Hu staring at him,

He was so scared that he coughed and left in a hurry.

Uncle Jiu knew that Su Chen's women were all masters, and he couldn't defeat any of Yan Fei's women.

Su Chen smiled and said, "Yan Fei, Madam Hu, the old Taoist priest was scared away by you." (To read the exciting novels, go to Feilu Novel Network!)

"He is just timid."

Yan Fei was also very speechless about Uncle Jiu.

Su Chen used the spiritual fruit to improve Uncle Jiu's strength, but Uncle Jiu was actually courting death and wanted to compete with Wei Zhuang.

What was the result?

Uncle Jiu was almost autistic after being taught a lesson by Wei Zhuang. []

Mrs. Hu poured tea for Su Chen and Yan Fei and smiled, "Uncle Jiu is a good man. He has taught Taoism to Yan Lingji, Madam Mingzhu, and my sister these days."

Su Chen thought of the funny Uncle Jiu in the plot and said, "Uncle Jiu is a good man."

Yan Fei stared at Su Chen with her beautiful eyes and said,

"My husband, you killed all the men in Aning's team. In the last world, Aning heard Uncle Jiu say that you killed two men. In this world, you killed another man. I suspect you killed those young men on purpose. Are you worried that other men have improper thoughts about the three women of Sheng Caier?"

Su Chen held Yan Fei in his arms and said, "Yes, if there are young men in Caier's team in the future, I will crush them to death."

"You are so domineering. The men chosen by the destiny are unlucky to meet you."

"Dear Madam, do you like my domineering?"

"Yes."

Yan Fei blushed and lay in Su Chen's arms.

She liked Su Chen more and more, and she liked the warm feeling of nestling in Su Chen's arms even more.

Especially when Su Chen was harming her,

That feeling of life and death, that feeling of physical and mental pleasure, Yan Fei fainted with excitement every time.

On the second floor,

Hu Meiren shouted to Su Chen and the other two in the yard, "Sister, husband, sister Yan Fei, it's time for lunch."

Su Chen stood up with Yan Fei in his arms and said, "Madam Hu, go call Yan Lingji. Have dinner with Atlanna."

"Good husband."

At this time,

Nanyang County,

County Governor's Mansion,

Su Yan was looking at the documents in her hand in the study, and her eyes were about to close.

Jingwei and Aning walked into the study and saw Su Yan's appearance, and they all showed funny expressions.

Bang bang bang~

Jingwei slapped the table and said, "Yan'er, do you want to sleep?"

Su Yan held Jingwei's hand and said aggrievedly, "Mother, I don't want to care about the mess in the county, you ask my father to send me some civil servants."

Jingwei touched Su Yan's hair and said, "Yan'er, your father has already dispatched the civil servants, and they will arrive tomorrow."

"Father is still good, mother, I'm going to sleep, I haven't had a good rest these days."

"Go. "

A Ning was very envious of Su Yan,

Su Yan had a good father,

With a powerful army, terrifying guards, and countless money, Su Yan could have everything he wanted.

A Ning thought of the report of the shadow assassin and asked in confusion, "Sister Jing Niu, who is the expert that the shadow assassin mentioned before?"

Jing Niu smiled on her beautiful face and said, "The people of Yin Yang Family, Yan Fei notified Yin Yang Family to send experts to protect Yan Ercai." .

Chapter 3193

Aning was even more speechless after hearing Jingwei's words.

Does Su Yan still need the protection of Yin Yang Family?

Aning knew how powerful the shadow assassins were.

Su Yan was protected by the secret guards in the open and the shadow assassins in the dark. There was also the powerful Jingwei and the terrifying Nannan protecting Su Yan. The little girl was protected very closely.

Jingwei asked curiously, "Aning, what kind of worlds have you been to?"

Aning shook her head and replied,

"Sister Jingwei, I just became a person of luck. Your world is the first world I have come to. I have not been to other worlds yet. However, I heard from Uncle Jiu that their last world is similar to your world, and there are people from the underworld."

Jingwei held her white chin and thought,

She wanted to see other worlds,

Su Chen said that there are all kinds of worlds in the heavens and the worlds, such as the martial arts world, the science and technology world, the fantasy world, the magic world "280" and so on.

Jingwei will return to Zilanxuan in a few days,

She will let Su Chen take her to see other worlds,

I haven't seen Su Chen for ten days,

Jingwei also missed Su Chen very much, and she also missed the pleasure of being harmed by Su Chen.

Five days later,

The Archangel, Sheng Caier, the female zombie, and Ran Bing returned to Zi Lan Xuan. Su Chen enjoyed the blessing of having all the women in the world this time.

He was accompanied by the sexy Archangel and the female zombie, and Yan Fei and several other women served him passionately.

Su Chen even harmed the little white girl Ran Bing.

As for Sheng Caier,

Su Chen did not eat the little beauty.

He wanted to taste the sexy little beauty slowly. He liked Sheng Caier's blushing and shy look very much.

In the room,

Atlanna said shyly with her dress messy, "Su Chen, I'm going back today."

"Did the destiny force you to return?" Su Chen held Atlanna in his arms with some doubts.

There were still thirteen days before the completion of the destiny mission three of Sheng Caier. Why did Atlanna have to return now?

Atlana leaned in Su Chen's arms and replied, "I gave up the third destiny mission. The destiny of heaven asked me to stay in this world for three days. I will leave this world tomorrow morning."

Su Chen stroked Atlana and said, "If you don't want to leave, I can notify the destiny of heaven."

"No need, you told me a secret. I am worried that my cousin will encounter the situation you said. I have to take good care of my cousin."

"In this case, I will not persuade you to stay, Atlana. In the future destiny missions, you can ask Sheng Caier for help if you encounter danger. After all, you are both my women."

"Su Chen, what if it is a team hostile killing mission?"

"Don't worry, if it is a team hostile killing mission, you, Sheng Caier, and Ran Bing can use my name to notify the destiny of heaven to change the mission. The destiny of heaven dare not disobey my order."

"Hehe~, I understand." Atlana kissed Su Chen and laughed,

Destiny of heaven?

AtlannaBefore, she thought that the Way of Fate was very powerful and terrifying.

After she met Su Chen,

Atlana realized that Su Chen was the most terrifying existence.

She was Su Chen's woman.

She still had Su Chen's aura on her body.

Atlana went to the world of gods and demons. When gods and demons found that she had Su Chen's aura on her body, they probably didn't dare to attack her.

It's really good to have a powerful and terrifying man.

Atlana doesn't have to worry about being killed in the trial mission. She will become an immortal in the Eastern Immortal Realm in the future. She will be powerful enough to destroy her world with one finger.

Su Chen touched Atlanna's plump body and said, "Atlanna, I want to enjoy your passion again."

Atlanna smiled and said, "My man, everything I have belongs to you."

"I belong to you too."

Su Chen hugged Atlanna and walked towards the soft couch.

Atlanna was leaving tomorrow morning, and he couldn't let go of the mature and plump Atlanna.

Su Chen wanted to enjoy Atlanna's passion again before Atlanna left.

Outside the room,

Yan Lingji and Xue Nu had just walked to the door, and they left in a hurry with unnatural expressions.

Yan Lingji showed her little tiger teeth and said angrily, "Su Chen is such a bastard, he harmed Atlanna in broad daylight." (To read the exciting novels, go to Faloo Novel Network!)

Xue Nu blushed and explained, "Yan Lingji, Atlanna will return to her world tomorrow. Su Chen was reluctant to let Atlanna go, so he harmed her in broad daylight."

"Huh? Atlanna is coming back?"

"Yes, Yan Lingji, at noon today, Atlanna told us that she would come back tomorrow."

"So that's the case. Forget it. I'll forgive the shameless pervert this time. I won't bite that bastard again."

Xue Nu pulled Yan Lingji and said, "Yan Lingji, let's go to repair Practice, my husband will teach us the cultivation method, I haven't even started practicing yet..."

"[]

Yan Lingji said nonchalantly, "Xue Nu, don't worry about practicing, my husband will take us to the fairyland in the future, the fairyland has rich innate spiritual energy, and one day of practice in the fairyland is equivalent to a hundred years of practice here."

"That's right, Yan Lingji, let's go shopping in Xinzheng City."

"That's possible."

Half a month later,

The destiny mission of Sheng Cai'er and the other four was completed,

The four stayed in the Qin world for three more days, and they had to return to their own worlds today.

In the study,

After Uncle Jiu and Aning said goodbye to Su Chen, they disappeared in the study in an instant.

Sheng Cai'er hugged Su Chen reluctantly and said, "Su Chen, I am leaving too."

Ran Bing raised her fist and smiled, "Bad guy, you have to visit me often in the future, otherwise I won't serve you next time."

Ran Bing didn't want to leave Su Chen,

She had only been Su Chen's woman for more than ten days,

Su Chen's love and harm to her, Ran BingBing leaned against Su Chen's arms, wanting the shameless pervert to always take care of her and love her.

Su Chen hugged the two girls and kissed each of them, saying, "Don't worry, I will visit you from time to time. Maybe we can meet during your next luck mission."

Sheng Cai'er: "I'm leaving."

Ran Bing: "Su Chen, you have to think about me!"

Su Chen let go of the two girls and nodded. In an instant, Sheng Cai'er and Ran Bing disappeared in his arms.

"Alas, the 0.3 who should leave have left, and I should continue the trial mission."

Su Chen sighed with some melancholy,

Parting again and again,

Sad and melancholy again and again,

Su Chen felt very helpless.

Powerful?

Powerful again and again,

Su Chen still couldn't control his fate,

Hongmeng World?

He wants to become the most powerful being in the Hongmeng World.

Su Chen doesn't want his fate to be out of his control, nor does he want to experience separation again and again.

Nannan flashed beside Su Chen and asked, "Brother, are we leaving?"

Xiao Yu nodded and replied, "Let's go, sister, notify the archangel and the female zombie, we will continue the trial mission."

"Brother, won't you notify Yan Fei and the others?"

"No, I told them five days ago that I don't want to experience the scene of separation from them."

Chapter 3194

Su Chen touched Nannan's hair and decided to leave.

He would not say goodbye to Yan Fei and Jing Wei, and Yan Fei and the other girls would understand that he would not say goodbye to them.

Su Chen had already informed Nuwa of the Conferred God World, and Nuwa would incorporate this small world into the Conferred God World.

The Conferred God World is his private world.

If Yan Fei and Jing Wei want to go to Xuantian Realm, Nuwa will take them to Xuantian Realm.

Su Chen is the most powerful in the Chaos World.

Chaos Avenue is also on his side.

Even if Yan Fei stands with Yan Fei of Xuantian Realm, the fate of Yan Fei of Xuantian Realm will not kill Yan Fei of this world.

"Let's leave."

Su Chen grabbed Nannan,

He nodded to the archangel and the female zombie next to him, and a ray of light instantly enveloped them,

In just a moment,

Su Chen and Nannan disappeared in the room.

In the yard,

Yan Fei and Zi Nu, Madam Hu, Lady Hu, Madam Mingzhu, Yan Lingji, and Xue Nu, they were talking and suddenly looked towards Su Chen's room. They all felt that Su Chen had left.

Yan Fei: "My husband has left."

Mrs. Mingzhu: "We all know that my husband will leave."

Yan Lingji: "Don't worry, we can go to the fairyland at any time, and we will see the shameless pervert again."

Xue Nu: "Yes, we will have a long life in the future, and my husband will have to go through trials. We will be with my husband forever in the future."

Mrs. Hu: "I am reluctant to leave my husband. The time we have been together is too short."

Miss Hu: "Sister, this is only temporary. My husband has the responsibility to protect the Chaos World. We can't let my husband put the Chaos World in crisis for us."

Yan Fei smiled while drinking tea, "Everyone think about it. My husband left me a jade talisman. We can go to the Honghuang Fairyland at any time. Think about when we will go to the Honghuang Fairyland?"

Xue Nu thought for a while and said, "Let's wait. Yan'er just destroyed the Kingdom of Han and the Kingdom of Zhao. We are waiting for Yan to come back. Yan'er will destroy the other five countries before going to the prehistoric fairyland."

Yan Lingji rolled her eyes at Xue Nu and said, "Xue Nu, I think it will take three to five years for Yan'er to destroy the remaining five countries."

Mrs. Mingzhu stretched out her perfect body and said, "Yan Lingji, we have all eaten spiritual fruits, our faces will not age, and our physique will get better and better. You don't have to worry about becoming an old maid. Besides, if we don't wait for Yan'er, do you want Yan'er to tease you in the future?"

Yan Lingji touched her fair chin and said, " That's true. We'll wait for Yan'er to destroy the remaining five countries before going to the prehistoric fairyland. I don't want to be teased by the little witch. "

Yan Fei stroked her hair and smiled, "We don't have to be idle. Su Chen left us a cultivation technique and many spirit stones. You can practice or help Yan'er."

"Let's think about it."

At this time,

Handan City, Zhao State,

Su Yan had just arranged the army to attack Yan State, and she suddenly covered her chest and looked at the sky.

Swoosh!

Jingwei appeared beside Su Yan in an instant and said, "Yan'er, your father left."

Su Yan raised her fist and said angrily, "Mother, I felt it too. It's really abominable. I just destroyed Han and Zhao, and my father left secretly without saying goodbye to me."

Jingwei touched Su Yan's hair and said, "Yan'er, your father has his mission, and he doesn't want to experience the scene of separation. Don't blame your father for not coming to say goodbye to you."

"I know."

Su Yan hugged Jingwei and nodded.

She knew that her father had to go to the trial for the Chaos World and become the top powerhouse in the Hongmeng World.

But,

Su Yan didn't want Su Chen to leave,

She had only had her father for less than a year, and she wanted to get his love and care

But this was impossible,

Su Yan knew that her father had a huge responsibility, and the hundreds of billions of creatures in the Chaos World had to rely on her father for protection, and Su Yan would not childishly complain about Su Chen leaving.

Su Yan suddenly thought of Yan Fei's daughters and asked hurriedly, "Mother, are Aunt Yan Fei and the others going to the Honghuang Immortal Realm?"

"No, your aunts will wait until you destroy the remaining five countries before they go to the Honghuang Immortal Realm."

"That's good, mother, I can open a space channel to the Tianxuan Continent, and if Aunt Yan Fei and the others are bored, they can go to the Xuantian Continent."

Jing Wei asked in surprise, "Huh? Yan'er, how did you open a space channel to the Tianxuan Continent?"

Su Yan replied with a chuckle, "Hehe, it was my aunt who gave me the authority. When my aunt left three days ago, she seemed to have asked some Xuantian Tiandao to give me the authority to go to Tianxuan Continent."

"Is that so? I will use the butterfly-winged bird to inform Yan Fei and the others. If they want to go to Tianxuan Continent, you will open a space channel for them."

"Okay, mother."

System temporary space,

Su Chen sat on the grass holding Nannan, with the archangel and the female zombie standing on both sides of Su Chen.

[Ding, host, have you thought about it?]

Su Chen shouted with a dark face, "Oh my god, system, you only let me think about it for less than a quarter of an hour, you are rushing me."

[Ding, do you need to think about it for a long time? There are only three choices, you can quickly choose one of the three.]

Su Chen pouted and thought about the three choices,

One, seal the cultivation level above the Saint Realm and go to the trial of the Honghuang Immortal Realm.

Second, seal all your strength and go to the trial of the immortal world.

Third, blind selection!

Blind selection is better than option one and now option two. At least he has a chance to choose the ordinary world or the martial arts world. (To read the exciting novel, go to Faloo Novel Network!)

Su Chen thought for a while and said, "System, I choose blind selection."

[Ding, blind selection begins!]

In an instant,

Three glowing light balls appeared in front of Su Chen, and they were the only light balls he could see.

Damn it,

Another light ball,

Su Chen was scared when he saw the light ball. Every time he chose to climb the ladder, The reward is also a light ball.

Su Chen touched Nannan's hair and said, "Nannan, there are three light balls in front of my brother. The three light balls are (Li Haozhao) I will choose the world of trial. You help my brother choose a light ball."

Nannan, the archangel, and the female zombie were very surprised.

Light ball?

They didn't see the light ball in front of Su Chen. How could Su Chen say there were three light balls?

Nannan, the archangel, and the female zombie, the three women are all powerful people above the Dao realm in the Hongmeng world.

If there is a light ball in front of Su Chen,

They can't fail to see it.

Nannan asked in confusion, "Brother, is there a light ball in front of you? Why can't I see it?"

Su Chen hugged Nannan's waist and said nonsense, "Nannan, this is a light ball created by the trial talisman, just like the rewards on the ladder, only I can see it."

"Is that so, brother, I don't know how to choose."

"Nannan, there are three light balls in front of brother. I was too unlucky when choosing the reward light ball on the ladder, so I will help you choose a light ball."

Chapter 3195

Nannan rolled her eyes at Su Chen speechlessly,

Let her choose?

How could she choose when she couldn't even see the three light balls?

But,

Nannan thought of Su Chen's bad hand in choosing the light ball on the ladder. Every time Su Chen chose, he would offend a Hongmeng Supreme. She guessed that Su Chen didn't want to choose the light ball again.

What about her?

Nannan was worried that she would choose a terrifying trial world for Su Chen,

She couldn't choose for a while.

The archangel asked in confusion, "Master, what trial worlds are there in the three light balls?"

Su Chen shook his head and replied, "I don't know, but after choosing a light ball, the different trial worlds will limit my cultivation realm."

The female zombie smiled and said, "Master, the young lady is also very embarrassed, why don't you choose the light ball."

Su Chen touched Nannan's hair and said, "Nannan, don't worry. If brother chooses, he will definitely choose a trial world that limits all my strength, and the trial mission will be very difficult."

"Okay, I will help brother choose the light ball." Nannan smiled and nodded in agreement.

Three light balls side by side,

Nannan can't see the light ball,

She can only choose one of the three based on her feeling.

After a while,

Nannan thought for a moment and pointed to the right and said, "Brother, I choose the light ball on the right. Brother has been holding me with his right hand. I believe the light ball on the right will be a good trial world."

Su Chen nodded and said, "The light ball on the right? Okay, brother will choose the light ball on the right."

[Ding, host, your sister has good luck. Among the three light balls, the trial world in the light ball on the right is good, and the host's strength will also be retained.]

Su Chen smiled and said, "System, I choose the light ball on the right. Tell me what trial world it is? How much will my cultivation realm be limited?"

[Ding, the second trial begins, Trial World: Super God World of All Gods Descends! The host can retain Kaisha's fourth-generation sacred body and all its abilities (including Kaisha's arsenal and Kaisha's treasure trove of knowledge). (Note: The host cannot bring anyone into this trial.)]

"I'm going to the Super God World."

Su Chen didn't expect to go to the Super God World for the trial this time.

Kesha! He Xi! Liang Bing! And Yan, in the Xuantian Realm, Kaisha is a fifth-level existence in the Holy Realm. He Xi, Liang Bing Yan, they should have become saints.

Yes,

This trial world should not be difficult.

Su Chen retains the ability of Kaisha's fourth-generation sacred body. He should be invincible in the Super God World.

As long as the trial task is not difficult,

He will complete the second trial task quickly.

Su Chen hugged Nannan's slim waist and smiled, "Nannan, you made a very good choice."

Nannan grabbed Su Chen's hand and blushed and asked, "Brother, what is the trial world? How much of your cultivation level can you keep?"

"Nannan, the trial world is a small world like Kesha's world. I can have all the abilities of Kesha before she became an immortal."

"What? Small worlds that are the same as Kaisha's world?"

Nannan was very surprised.

How can there be so many small worlds that are the same in the Chaos World?

It's just strange.

How come there have never been any small worlds that are the same in the tens of thousands of small worlds under the jurisdiction of Xuantian Realm? Some of the small worlds that are the same were found by Su Chen.

Nannan guessed that Su Chen had a secret.

It is possible that only the ladder trial can produce small worlds that are the same.

Su Chen said to Nannan, "Nannan, you can't take anyone with you in this trial. Brother will definitely take you with you in the next trial."

"Brother, I understand."

Nannan didn't mind.

She knew that Su Chen's trial was not up to him. He couldn't take anyone into the trial world just because he wanted to.

"Nannan, take the archangel and the female zombie into the space-time barrier in my body."

"Okay, brother." "

Nannan nodded to Su Chen, and she disappeared beside Su Chen with the archangel and the female zombie.

“System, open the trial world. ”

[Ding, the trial world is open!]

Swoosh!

Su Chen disappeared instantly.

Super God World,

Earth,

Above the North Star,

Su Chen appeared in the air instantly,

He was wearing a fitted dark silver armor, a red mink patterned cloak, long silver boots, and a pair of white wings. Su Chen was now dressed like an angel.

[Ding, host, there are four tasks in the second trial world. One, kill the Galaxy Power Ge Xiaolun. Two: Kill the Heavenly Scum Hua Ye, Three: Kill the Death God Carl. Four: Kill the Super God Academy Principal Jilan.]

Su Chen was a little surprised to hear the four tasks of the system,

Among the four tasks, (To read the exciting novels, go to Feilu Novel Network!)

Kill Hua Ye,

Kill God Carl,

Kill Super Seminary Principal Jilan,

Su Chen has no problem killing the three of them, but why does the first task have to kill Ge Xiaolun?

Although Ge Xiaolun is a loser,

and a fool,

he is a good person.

However,

Su Chen doesn't mind killing Ge Xiaolun,

Angel Yan is his woman anyway, Su Chen won't let Ge Xiaolun take over Angel Yan.

And Angel Zhixin,

He also wants to kill the loser Zhao Xin.

Su Chen touched his chin and thought about it, and communicated with the gene system, "Gene system, use my knowledge treasure house to connect to the knowledge treasure house of this world, revive Angel Alan, Angel Leng, and revive another angel legion. "

[The knowledge treasure house of this world was successfully connected. The genes of Angel Alan, Angel Leng, and 5,000 battle angels were found. Dark energy began to be transmitted and resurrection began.]

Su Chen waved his hand and took out Kesha's throne. He sat on the throne and waited for the angels to be resurrected.

This time when he came to this world,

Su Chen would not let the angels suffer huge casualties again, and he would not let Angel YanGe Xiaolun sacrificed the angels.

Keisha has fallen,

Su Chen cannot revive Keisha now, he wants to revive an angel army to fight for him. []

There are also angels Alan and Angel Leng in the small world,

They are also his women,

Su Chen wants Angel Alan and Angel Leng to lead the angel army, and they also want to be his sacred left and right wing guards.

[Angel Alan is online.]

[Angel Leng is online!]

[Angel Xi is online!]

[Angel Yun is online]

[Angel Yu is online!]

.....

After a while,

Angels appeared in the air one by one,

Su Chen looked at the angels around him and said,

"Gene system, transmit my identity to all angels, upgrade Angel Alan and Angel Leng to the fourth generation of divine bodies, upgrade all angels to the third generation of divine bodies, and install the sub-biological engine and invincible body for all angels."

[The identity of the Angel King is being transmitted, dark energy is sufficient, all angels begin to upgrade, sub-biological engines begin to be installed, and invincible bodies begin to be installed. Small].

Chapter 3196

Su Chen saw the angels glowing and upgrading, and he shook his head to check the situation on Earth.

Earlier,

Su Chen saw that the angels were too weak after resurrection,

Angels Alan and Leng were the third generation angels,

They were not the third generation divine bodies,

More than half of the 5,000 angel legions were first generation angels, and such angel legions were cannon fodder.

Su Chen's knowledge treasure house contained many resources,

There were also genetic codes for angel upgrades,

Su Chen would not let the angels sacrifice for him, he could only upgrade all the angels.

"Huh? The Sky Blade No. 7 combat body is not on Earth, so the plot has just begun."

Su Chen checked the Earth and thought,

Angel Yan had not yet sent Sky Blade No. 7 to Earth, and the plot of the advent of the heavens should have just begun.

Damn it,

Angel Yan is also a spendthrift woman,

For a prophecy,

Angel Yan regarded Ge Xiaolun as the savior, and gave the angel's most advanced Sky Blade battleship to the earth.

How can angels rely on outsiders in the future?

Those who are not of my kind must have different hearts,

Angels understand the earth,

Have they not heard of this sentence?

If the earth relies on angel technology to become strong, and the angels are still weak, what will happen to the beautiful and sexy angels?

Thirty thousand years ago, female angels were enslaved and humiliated,

Have the angels forgotten it?

At this moment,

In the Mangdangshan of the North Star,

The technicians monitoring the earth suddenly found something unusual, and thousands of angels appeared above the North Star on the monitoring screen.

Lian Feng stared at the surveillance screen and said in surprise, "How come so many angels came to Earth?"

"Chief, do you want to notify the Xiongbing Company?"

"No, notify Angel Zhixin immediately and let Angel Zhixin ask the angels why they came to Earth."

"Yes, Chief."

Lian Feng looked at the surveillance screen and thought,

Five thousand female angels.

How come there is a male angel sitting on the throne in the middle?

What happened to the angels? How could Tian Zha be with a female angel?

In the sky of the North Star,

Angels Alan and Angel Leng, as well as the five thousand angel legions, all angels have been upgraded, and the angels are now in the memory of the fusion gene system.

After a while,

Angels Alan and Angel Leng saluted Su Chen and said, "Angel Alan (Angel Leng) pays homage to the king."

After Angel Alan and Angel Leng merged their genetic memories, their genetic memories were tampered with.

Their genes have added Su Chen's memory,

They also know that Su Chen is the king of angels

Alan and Leng also know that Su Chen is Queen Kesha's idol. After Queen Kesha's death, Su Chen came to Earth from the Angel Nebula and resurrected them today.

"Greetings, Your Majesty."

Five thousand angels also saluted Su Chen.

Su Chen waved his hand and said, "No need to be polite, Angel Alan, you will be my sacred right wing in the future, Angel Leng, you will be my sacred left wing in the future, Angel Xingyue, you are the commander of the 5,000 angel legion, and the 5,000 angels will be the 7th angel legion in the future."

Angel Alan and the other two girls saluted hurriedly and said, "Yes, Your Majesty!"

"Alan, Leng, Xingyue, you should integrate the angel legion first. Taotie is still on Earth, and we will have a war soon."

"Yes, Your Majesty."

After Angel Alan, Angel Leng, and Angel Xingyue saluted Su Chen,

they began to integrate the angel legion. They had to allocate the angel teams and the various small angel legions.

Angel Leng held his hands and said happily, "Sister Alan, the king actually upgraded us all to the fourth generation of angels. I feel very powerful now."

Angel Alan smiled and said, "Me too. The king and Queen Kesha are both fourth generation sacred bodies. More than 10,000 years have passed. I didn't expect the queen to fall."

"We will avenge the queen, and the king will also avenge the queen."

"Yes, we will avenge the queen."

Boom boom boom~

A quarter of an hour later,

There was a sudden lightning and thunder in the sky above the earth, and a space node appeared above the North Star.

"Sky Blade No. 7 Combat Body?"

Su Chen frowned after checking,

Angel Yan still teleported Angel No. 7 to Earth,

Prodigal woman, (To read the violent novel, go to Feilu No. 1 novel website!)

Sky Blade No. 7 contains all the scientific and technological achievements of the angels. Su Chen will not let the earthlings receive the Sky Blade No. 7 combat body.

Su Chen ordered, "Ailan, Leng, you lead the angel army to receive Sky Blade 7."

"Yes, Your Majesty."

After the angels Ailan and Leng saluted Su Chen, they led the angel army to fly to Sky Blade 7.

In Mangdangshan,

Lianfeng, Sun Wukong, Liu Chuang, Zhao Xin, Qilin, the five saw the angels' Sky Blade 7 coming to Earth,

When they were about to receive Sky Blade 7,

Thousands of angels flew to Sky Blade 7, and Lianfeng didn't know whether he should go to receive Sky Blade 7 again.

Liu Chuang touched the back of his head and shouted, "My goodness, why do I feel that thousands of angels are stronger than me? Angels don't seem to be that powerful, right?"

Lian Feng said with a serious face, "These angels are not simple. The results of the probe show that 5,000 angels are third-generation divine bodies, and two angels are fourth-generation angels."

Zhao Xin said in disbelief, "How is it possible? We have all seen angels and fought side by side with angels. Angels are basically first- and second-generation angels. There are not many third-generation angels. How can the angels in the sky all be third-generation divine bodies?"

Qilin pointed to the big screen and shouted, "Angel Leng? Look, didn't Angel Leng die in the battle at the North Star? Why didn't she die?"

Lian Feng frowned and said, "Angel Leng should have been resurrected."

Zhao Xin asked in surprise, "Resurrection? Chief Lian Feng, can Angel 487 be resurrected??"

"Yes, as long as the genes are not lost, the angels who died in battle can be resurrected, but Queen Kaisha prohibits the resurrection of life. I don't understand who resurrected Angel Leng."

Lian Feng felt something was wrong.

After Kaisha's death,

Angel Yan became the new queen of angels.

However,

Angel Yan would not disobey Queen Kaisha's orders, and Angel Yan could not resurrect Angel Leng.[]

Who resurrected Angel Leng?

Angel Leng's genes should be in Kaisha's knowledge treasure house. Angel Yan controls Kaisha's knowledge treasure house. Lian Feng couldn't guess who resurrected Angel Leng.

Swoosh!

Su Chen instantly appeared in the control center of Mangdangshan.

"Who? Angel? No, Tianzha, get ready. Tianzha broke into Mangdangshan. "Sun Wukong suddenly found Su Chen and shouted,

Liu Chuang, Qilin, Zhao Xin quickly surrounded Su Chen, and dozens of soldiers pointed their guns at Su Chen.

"Who are you?"

Lian Feng stared at Su Chen in surprise,

She found that Su Chen was the scum in the sky before,

Why did the scum wear the same clothes as Queen Kaisha, and why didn't thousands of angels kill the scum before?

Su Chen looked at everyone and shook his head, "Who am I? Lian Feng, it's better for you not to know."

Zhao Xin shouted arrogantly with a spear, "Scum, don't think about leaving alive when you come here."

Chapter 3197

"Zhao Xin, shut up." Lian Feng hurriedly shouted at Zhao Xin,

Is Zhao Xin an idiot?

Didn't he sense the horror of Su Chen?

Lian Feng was very surprised when she checked Su Chen just now. She couldn't find out which generation of angel Su Chen was.

Lian Feng's detector can detect the fourth generation of super soldiers.

She didn't detect Su Chen's strength this time.

Lian Feng guessed that Su Chen was an angel of the fourth generation or above, but the fourth generation angels and above were the fourth generation of holy bodies. How could Su Chen be the fourth generation of holy bodies?

Su Chen has no strength?

The detector didn't detect Su Chen's strength?

Is it possible?

Would Su Chen suddenly appear if he had no strength? Lian Feng felt that Su Chen's strength was very terrifying.

Sun Wukong said with a serious face, "Zhao Xin, the scum is very dangerous, don't talk nonsense."

Zhao Xin's face turned pale,

He didn't expect Su Chen to be a terrifying scum, Zhao Xin was worried that Su Chen would crush him to death with one hand.

Liu Chuang and Qilin looked at Su Chen in surprise,

Sun Wukong said that Su Chen's strength was terrifying,

They also saw Sun Wukong's nervousness, Liu Chuang and Qilin also became nervous.

Su Chen glanced at the crooked Zhao Xin, and said to Lianfeng, "Lianfeng, are you worried that I will crush Zhao Xin to death?"

597Lianxing asked with a cold face, "I am worried, who are you?"

Su Chen smiled with his hands on his chest, "Who am I? You can call me Angel Su Chen, or you can call me the King of Angels."

Lianfeng asked in disbelief, "Angel Su Chen? King of Angels? How is it possible? The king of female angels is Queen Kesha, and now it is Queen Yan. The king of scum is The king is Hua Ye, how can you be the king of angels? "

"I am the king of angels, and also the king of angels of Melo Heaven."

"Impossible, who are you?"

"You will know later, I came here for two things this time, one, you don't even think about the Sky Blade 7 battleship, I will not allow the Sky Blade 7 to be given to the earthlings."

Zhao Xin couldn't help shouting, "Tian Za, the Sky Blade 7 was given to Ge Xiaolun by Yan, why don't you let us receive it."

Boom!

Su Chen suddenly burst out the angel sacred domain,

The crooked idiot Zhao Xin, his second goal is to crush Zhao Xin to death.

Sun Wukong, Liu Chuang, Zhao Xin, and the surrounding soldiers, all were suppressed by the sacred domain and lay down.

Only Lian Xing and Qi Lin were fine in the control center, they didn't even feel a little pressure.

Lianfeng and Qilin looked at each other,

Everyone was suppressed and lying on the ground, unable to move,

How could the two women be fine? Why didn't Su Chen suppress them?

Qilin hurriedly said, "Su Chen, can you let my teammates and soldiers go?"

"Qilin, Lianfeng, you have a relationship with me, please keep my communicator, I can promise to help you three times."

Su Chen tookHe took out two communicators and sent them to Qilin and Lianfeng.

Lianfeng and Qilin were his women in Xuantian Realm. Although Su Chen didn't want to have any contact with them in this world,

However,

He would help the two women if he could,

But he wouldn't help them with everything. Su Chen just needed to ensure that Lianfeng and Qilin didn't die.

Lianfeng and Qilin were even more confused after taking the communicator. (To read the exciting novel, go to Faloo Novel Network!)

Is Su Chen related to them?

Is it possible?

Lianfeng and Qilin had never seen Su Chen, so how could they be related to Su Chen?

Swoosh!

Angel Alan suddenly appeared and saluted, "Your Majesty, Sky Blade VII has been received. In addition, Queen Kaisha's Holy Right Wing Angel Zhixin wanted to stop us, and Leng caught Zhixin."

Su Chen thought for a while and ordered, "Alan, order the Seventh Angel Legion to gather the angels on Earth, and Sky Blade VII to prepare for a space jump, targeting the SB158 star."

"Yes, Your Majesty."

Angel Alan saluted Su Chen and disappeared.

Lian Feng asked in surprise, "Are you really the King of Angels?"

Crack!

"Destroy!"

Su Chen ignored Lian Feng and crushed Zhao Xin to death with one hand (dabbd).

He also used the sub-biological engine to annihilate Zhao Xin into ashes. Zhao Xin and his genes completely disappeared from this world.

"Qilin, Lianfeng, the universe will be very turbulent in the future. Taotie, Tianzha, Triangle, and Lieyang Star will all visit the earth one after another. Angels will no longer protect the earth. If you don't want the earth to be destroyed, ask for help from the Super Seminary. The Super Seminary is much more powerful than you think."

Su Chen said and disappeared in the control center.

He will take all the angels on the earth away. The angels will no longer protect the earth. .

As for the earth,

Su Chen told Lianfeng and others about the power of the Super Seminary.

If they don't want the earth to be destroyed, they can ask for help from the Super Seminary in the universe.

After Su Chen left, []

The sacred domain was lifted.

Sun Wukong and Liu Chuang were breathing heavily. They were suppressed by the terrifying pressure before and had no power to resist. It was easy for Su Chen to kill them.

Liu Chuang sat on the ground and said, "Zhao Xin was killed by Su Chen."

Sun Wukong shook his head and said, "Zhao Xin was careless. Su Chen is the main god in the universe and a king-level strongman. Zhao Xin did not respect a strong man. He deserved to die."

Qilin frowned and asked, "Sister Lianfeng, is what Su Chen said true? Super God Academy is very powerful?"

Lianfeng shook her head and replied,

"I don't know. Since the destruction of No Star, I came to Earth. I only know the Super God Academy on Earth. I don't know anything about other Super God Academy in the universe."

Sun Wukong asked puzzledly, "Lianfeng, Su Chen should really be the king of angels, or the king of female angels. Have you heard of female angels? Is there a male angel king?"

"I don't know. I know there are three female angel kings, Sky Blade King Kaisha, Sky Base King Hexi, and Apocalypse King Liangbing. I have never heard of a male angel controlling a female angel king,"

Sun Wukong scratched the back of his head and thought, "You don't know either? Who is Angel King Su Chen?"

Liu Chuang stood up and asked, "What should we do? Zhao Xin was killed, Sky Blade No. 7 was also taken over by Su Chen's angels, and Zhi Xin was captured. How can we fight against Taotie in the future?"

Lian Feng rubbed his forehead and said, "Mangdangshan has been completed. We will use Mangdangshan to deal with Taotie first. Black armor is also being manufactured in an expedited manner, but there is not enough dark iron. We need to collect dark iron in the universe."

Liu Chuang shouted with a dark face, "Universe? There are Taotie fleets outside the earth. If the Mangdangshan dares to fly out of the earth, the Taotie fleet will beat the Mangdangshan into a hornet's nest. "

Qilin thought for a while and said, "I will contact Sister Na, hoping that Sister Na can support us Dark Iron."

"Qilin, Lieyang Star is unreliable. Su Chen said before that Lieyang Star will also come to Earth. I guess Lieyang Star is not a good person. ".

Chapter 3198

Lian Feng felt that the Earth was becoming more and more dangerous. Xiong Binglian and the Earth Army could not even deal with Taotie, and the Taotie fleet was still hanging over their heads like a bomb.

What about now?

Su Chen said that Tian Zha, Triangle, and Lieyang Star would also come to Earth.

How could they protect the Earth?

Do they have the ability to protect the Earth?

Lian Feng felt uneasy when he thought of Lieyang Star. Lieyang Star invaded the Earth thousands of years ago, and Lieyang Star was even more powerful than Taotie.

If Lieyang Star invades the Earth again,

Xiong Binglian cannot stop it,

Earth may be occupied by Lieyang Star.

Liu Chuang asked with a serious face, "Chief Lianfeng, will Lieyang Star invade our Earth?"

Sun Wukong looked at Liu Chuang and the others and said, "Liyang Star invaded Earth thousands of years ago. I fought with Lieyang Star thousands of years ago. Later, Lieyang Star withdrew from Earth for some reason."

Lianfeng took a sip of tea and said, "I guess it was the Super God Academy that made Lieyang Star withdraw from Earth."

Qilin said with a cold face, "Sister Lianfeng, Sister Na is the Lord of Lieyang Star. Sister Na will not let Lieyang Star invade Earth."

Ding Ding Ding~

Lianfeng knocked on the table Explained, 31

"No, Qilin, although Reina is the main god of Lieyang Star, Lieyang Star is under the control of Pan Zhen. Reina has no power and she cannot refute Pan Zhen's decision."

"You may not know."

"Liyang Star only has half of the planet left. Maybe Lieyang Star will be broken and destroyed at any time. Lieyang Star invaded the earth thousands of years ago. They just want to make the earth their new home."

Sun Wukong, Qilin, and Liu Chuang were silent.

There are more and more cosmic civilizations invading the earth. The earth may be divided by cosmic civilizations.

The earthlings cannot stop it.

The earth's united army cannot stop it.

The super soldiers of Xiongbinglian cannot stop it.

Liu Chuang pointed to the big screen and shouted, "Look, all the angels on Earth have gone to Sky Blade No. 7."

Lian Feng said helplessly, "Su Chen wants to call all the angels on Earth away. We will no longer have angels to help us in the future."

"Why do I feel that Su Chen doesn't like us? No, Su Chen should be on guard against the Earth."

Qilin frowned and couldn't figure it out.

Angels are much more powerful and terrifying than the Earth. Why would Su Chen be on guard against the Earth?

Worried that the Earth will become a cosmic civilization?

Worried that the Earth's super soldiers are more powerful than the angels?

Lianfeng waved her hand and ordered,

"Let's not talk about the rest for now."

"Qilin, contact Lena to ask about the Dark Iron, Liu Chuang, notify other soldiers of the Xiongbinglian to come to Mangdangshan, and notify Ge Xiaolun, let Ge Xiaolun contact Qiangwei."

"Everyone, the earth will face a greater crisis in the future, and we must work together to face more dangerous crises."

Qilin: "Yes, Sister Lianfeng!"

Liu Chuang: "Yes, Chief Lianfeng!"

Sun Wukong reminded Lianfeng, "Lianfeng, Super Seminary We must also be on guard."

"Be on guard against the Super Seminary?"

Lian Feng thought quickly,

Something is wrong with the Super Seminary,

After the Taotie invaded the Earth,

Not only did the instructors of the Super Seminary not help the Earth, but all the instructors disappeared one by one.

Train the Hero Company?

Cultivate the Galaxy Power Ge Xiaolun?

The Earth has become a training ground?

Lian Feng thinks that the Super Seminary has some purpose, and the most likely one is to cultivate the Galaxy Power Ge Xiaolun.

However,

In order to cultivate Ge Xiaolun, the Super Seminary actually sacrificed 8 billion people on Earth.

This goes against the purpose of the Super Seminary. ,

It also violates the justice order of Queen Kesha,

Lian Feng has some guesses,

The Super Seminary may not only be for the purpose of training Ge Xiaolun, but it may have other purposes.

SB158 Star 86 Planet,

Sky Blade No. 7 space jumps outside the planet,

Su Chen frowned as he looked at the planet. Ruoning had not yet ambushed Angel Zhui in the planet.

Is it too early?

Or has Angel Zhui been killed by Ruoning once?

Sky Blade No. 7 Control Center,

Angel Zhixin asked with a serious face, "Who are you? Why were the angels resurrected? "

Ever since Angel Zhixin was captured by Angel Leng, (to read the exciting novels, go to Faloo Novel Network!)

Her mind has been in a mess,

Angel Leng was resurrected,

Queen Kaisha's fourth-generation left-wing guard angel Alan was resurrected,

More than 5,000 angels who died in battle were resurrected,

Angel Zhixin was very confused when she saw so many resurrected angels.

Queen Kaisha strictly prohibited the resurrection of any life,

Life is life, death is death, life should be respected, and the cycle of life and death should not be changed at will.

A scumbag?

How could a scumbag resurrect a female angel?

After the female angel died in battle,

The genetic code will be stored in Queen Kaisha's knowledge treasure house. Without the genetic code of the female angel, no one can resurrect the female angel who died in battle,

It takes a huge amount of resources to revive 5,000 female angels. How did Tian Zha resurrect so many female angels?

How many resources does Tian Zha have?

Why would a Tian Zha want to revive female angels? Why do Angel Alan and Angel Leng call Su Chen the king? Angel Zhixin couldn't figure out all of this.

Also,

How did Angel Alan and Angel Leng upgrade to the fourth generation? How did 5,000 angels upgrade to the third generation of divine bodies?

Angel Zhixin felt more and more weird the more she thought about it. She was even more shocked and confused about Su Chen.

Fourth generation of divine body?

How could Tian Zha be the fourth generation of divine body like Queen Kesha?

Su Chen ignored Angel Zhixin. After checking the planet, he ordered, "Angel Leng, you take a team of high-level angels to check the situation of the Great Insect Bridge. Ruoning will arrive at Planet 58 643."

"Yes, Your Majesty!"

After Angel Leng saluted Su Chen, he disappeared in the control center,

Ruoning?

Her master,

Or a traitor to the Melo Heavenly Court,

Angel Leng was killed by Ruoning on Earth last time,

If she meets the traitor Ruoning this time, Angel Leng will kill the traitor who betrayed Queen Kaisha.

Su Chen glanced at the angel Zhixin and said, "Zhixin, don't waste your time. Your angel's insight eyes cannot view my information."

Angel Zhixin asked coldly, "Who are you? How did you resurrect so many female angels?"

"Do you think I will tell you?"

"You..."

"No need for you, Zhixin, you are Hexi's disciple. After the things here are dealt with, I will take you to Melo Heaven. At that time, Hexi will tell you my identity."

Angel Zhixin asked in surprise, "Do you know my master?"

Su Chen thought of the beautiful and sexy Hexi and smiled, "Of course, Hexi and I are very familiar with each other. I know everything about her, and she knows everything about me."

[King, I found many scums in the sky outside Fred. Do I need to kill them?]

Su Chen heard the report from the angel Alan in the genetic system and ordered, "Alan, don't attack the scumbags yet. The scumbags have also invited some cosmic mercenaries. Wait for them to kill El Ni Xide before you attack."

[Yes, King!].

Chapter 3199

Angel Zhixin asked hurriedly, "You let Angel Alan go to Fred on Earth? What are you going to do?"

Su Chen smiled and said, "Kill Ainixide."

"What? You want to kill Ainixide? No, you can't kill Ainixide, quickly unseal my gene system."

Angel Zhixin was nervous.

Ainixide is the future of the angels,

She will not let Su Chen kill Ainixide, she will quickly notify Angel Yan to protect Ainixide.

However,

Angel Zhixin's gene system is sealed, and she cannot notify Angel Yan now.

Su Chen sat down and crossed his legs and asked, "Zhi Xin, will Anisid be the future of the angels?"

Angel Zhi Xin stretched out her fair neck and replied, "Of course."

Su Chen showed a disdainful expression and sneered,

"Of course? How interesting."

"The future of the angels will either rely on the earthling Ge Xiaolun, or hand over the future to a wild woman."

"Zhi Xin, you have been on Earth, you should know the inferiority and desires of Earthlings."

"Have you ever thought about it, if Earth becomes a cosmic civilization, Earth's technology will also surpass Angel technology, guess what the consequences will be for beautiful and sexy female angels?"

Angel Zhi Xin fell silent after hearing Su Chen's words,

She understands Earthlings,

She also knows the inferiority and desires of Earthlings,

In the war when Taotie invaded Earth, Earthlings also robbed, raped, and killed each other. The inferiority of Earthlings is very serious, and wars have never stopped in the history of Earthlings.

If,

If the Earth really becomes a cosmic civilization,

The technology is more powerful than that of the angels,

The Earthlings will definitely launch plundering wars against other civilizations, and the beautiful female angels will also be captured and humiliated by the Earthlings.

Su Chen looked at the thoughtful Angel Zhixin and said,

"Zhixin, I took Sky Blade No. 7 away from Earth, you should understand why, right?"

"Sky Blade No. 7 contains the top technology of the angels. If the Earthlings get the top technology of the angels, they will be as powerful as the angels in a few decades. You should guess the consequences of the Earthlings becoming powerful."

"The future of the angels can only rely on the angels, not on outsiders, and the future cannot be handed over to outsiders."

The Angel Zhixin said with a complicated expression, "I know you are right, but this is the result of the calculation of Queen Kaisha. The angels cannot disobey the orders of Queen Kesha."

Su Chen shook his head and said, "Calculation? Kesha's knowledge treasury is not omnipotent, and the Aeneid she calculated is just one of the backup options."

"Let's not talk about this for now. Can you not kill Aeneid?"

"Don't worry, I don't want to kill a scumbag woman. I asked Alan to go to Fred to save Fred's angels."

"Sister Yan is in Fred, and Sister Yan doesn't need Alan to take angels to save Fred's angels."

"No, if I don't let Alan take high-level angels to save angels, Fred's angels will be gone except Yan. Except for the angels, all other angels will be killed by the scum and the cosmic mercenaries."

Angel Zhixin nodded and said, "You are right. The angels under Yan are only young angels of a few hundred years old. The old angels have not yet recognized Queen Yan."

A high-level angel saluted and said, "King, I found Ruoning appeared from the Great Insect Bridge, and the Taotie fleet also appeared at the same time."

"Notify Angel Leng to destroy the Taotie fleet first."

"Yes, King!"

Angel Zhixin asked Su Chen, "Why not kill Ruoning?"

Su Chen curled his lips and said, "Ruoning can't escape, Leng will kill Ruoning himself."

"I understand. "

Angel Zhixin knew that Angel Leng would kill Ruoning himself.

Ruoning was Angel Leng's master.

Ruoning was also a traitor to Melo Heaven.

Angel Leng was also very embarrassed in Melo Heaven because Ruoning did not become the Holy Left Wing Guard.

On Earth,

Ruoning killed Angel Leng.

Angel Leng is now the fourth generation of the divine body. She will kill Ruoning who betrayed Queen Keshia.

"Hmm? He Xi? "

Su Chen suddenly found that the knowledge treasure house was being invaded by He Xi. His knowledge treasure house could not be invaded by He Xi.

How did He Xi find his knowledge treasure house? Could it be that the previous two knowledge treasure house links were discovered by He Xi?

Su Chen thought of the previous two knowledge treasure house links and the angel genes taken away from Kaisha's knowledge treasure house. Su Chen guessed that He Xi discovered that Kaisha's knowledge treasure house was invaded.

The two knowledge treasure houses can be said to be one and the same. It is not surprising that He Xi could find it.

However,

It is impossible for He Xi to invade his knowledge treasure house.

Su Chen touched his chin and said, "Gene system, agree to He Xi to enter the knowledge treasure house."

[Angel He Xi is online.]

Angel Zhixin asked in surprise, "How do you have a knowledge treasure house? My master wants to invade your knowledge treasure house?"

Su Chen touched his chin and asked, "Zhixin, He Xi is online in my knowledge treasure house, do you want to go online in my knowledge treasure house? "

"Yes."

"Gene system, connect to Angel Zhixin."

[Angel Zhixin is online, and Zhixin's genetic blockade is lifted.] (To read the exciting novels, go to Faloo Novel Network!)

In the knowledge treasure house,

He Xi was very surprised to hear that Angel Zhixin was online,

She hurriedly connected to Angel Zhixin and asked, "Zhixin? How did you get online to this knowledge treasure house?"

"`. Master, I have a lot to tell you. Angel Alan, Angel Leng, and Angel Wu Ren were all revived...."

Su Chen heard He Xi and Angel Zhi Xin talking in the Knowledge Treasure House, and he instantly disappeared in Tianren No. 7.

Angel Zhui came,

Su Chen wanted to tease Angel Zhui.

At this time,

Fred,

Angel Yan was very shocked,

Earlier,

It was reported in Kaisha's Knowledge Treasure House that Angel He Xi was offline,

Angel Zhixin is offline.

Angel Yan said in a panic, "How is it possible? How could the King of Tianji fall? How could Zhixin also be killed? Why were they killed at the same time?"

Angel Qingqing asked in disbelief, "Queen, how could the King of Tianji and the Angel Zhixin fall?"

Angel Yan said with a serious look,

"I don't know. I just contacted the angels in the Melo Heaven. The Melo Heaven was not invaded. I don't understand why the King of Tianji fell and how Zhixin fell at the same time."

Angel Qingqing glanced at the blacksmith next to him and asked, "Queen, do you need me to go to Earth to check?"

"No, I will notify other angels to check."

Angel Yan has some guesses, []

He Xi and Zhixin should have voluntarily disconnected from the knowledge treasure house,

But why?

The knowledge treasure house is the celestial computer.

Without the support of the celestial computer, the strength of all angels will drop by half.

What are He Xi and Zhi Xin researching?

Did they just disconnect?

Angel Yan rubbed his forehead and said, "Qing Qing, go to the Great Insect Bridge to check. I sensed that there was something wrong with the Great Insect Bridge."

"Yes, Queen, go!".

Chapter 3200

At this time,

Su Chen stopped Angel Zhui who was following Ruoning.

When Angel Zhui saw Su Chen appear in front of her, she took the flaming sword and rushed towards Su Chen.

Su Chen dodged Angel Zhui's attack and shouted, "Angel Zhui, you attacked without asking, are you still a kind and righteous angel?"

"All scumbags deserve to die."

Angel Zhui said as she touched the flaming sword with one hand.

The flaming sword instantly turned red and blazed. She waved the flaming sword and sent out flaming blades to attack.

"Oh my god, Ah Zhui, you are so unlovable."

Su Chen instantly disappeared in front of Angel Zhui.

He would not attack Angel Zhui.

He would not catch Angel Zhui.

Angel Zhui and Angel Yan were the first angels he knew.

Angel Zhui was also one of his favorite angels. Su Chen just wanted to play a trick on Angel Zhui.

"Huh? Where are the people? Space-time genes? How can Tian Zha have space-time genes?" Angel Zhui was very surprised to find that Su Chen suddenly disappeared.

Disappeared instantly?

Su Chen did not disappear using a micro wormhole. Angel Zhui guessed that Su Chen used space-time genes.

But,

In the known universe,

Only Morgana and Qiangwei have space-time genes. Others only know a little space-time calculation and cannot be considered space-time genes.

Su Chen suddenly appeared and patted Angel Zhui's shoulder and asked, "A Zhui, are you confused?"

Swoosh!

Angel Zhui hurriedly used a micro wormhole to appear next to her. She was startled by Su Chen's sudden appearance.

There was no spatial fluctuation.

Angel Zhui's genetic system did not detect Su Chen.

It was just strange.

Why did Su Chen just pat her shoulder?

Why didn't Tian Zha kill her? Why didn't he catch her? Angel Zhui Su Chen was very confused.

Su Chen shook his head speechlessly and asked, "I'm afraid of you, Ah Zhui, are you afraid of me?"

Angel Zhui pointed the flaming sword at Su Chen and asked coldly, "Tian Zha, who are you? Why do you have the time and space gene?"

"Ah Zhui, guess."

"Guess?"

Angel Zhui stared at Su Chen in confusion.

Can angels guess?

Angels have eyes of insight. If they want to know something, they can use their eyes of insight to check it.

It's just strange.

Angel Zhui's eyes of insight cannot check Su Chen.

She only found out that Su Chen is a second-generation angel, and she can't find out anything else.

"Azhui, look at these."

Boom boom boom~

Su Chen used the thunder gene to attack the meteorite, the storm gene to attack the meteorite, and the flame gene to attack the meteorite.

In addition to the space-time gene, Su Chen used three genes in a row.

These are all basic genes. In the Xuantian Realm, He Xi and Liang Bing used the laws to study more than ten kinds of law genes.

Angel Zhui asked in confusion, "Thunder gene? Storm gene? The restWhat was downloaded is the Flame Gene that has never appeared before, plus the Spacetime Gene. How is it possible? How could you agree to have four genes? "

Su Chen sat on the meteorite with his legs crossed and smiled, "A Zhui, I can tell you this question, but? Your gene system must be connected to my knowledge treasure house. You can know everything you want to know. You can even have these genes if you want to."

Angel Zhui glared at Su Chen and shouted, "You are dreaming."

"Forget it, A Zhui, I am not your enemy. You should check the situation on the planet first."

"Hmm? "

Angel Zhui heard Su Chen's words,

She hurriedly checked the planet in front of her,

Angel Zhui was tracking Ruoning's arrival, and she also wanted to know why Ruoning came to this planet.

At this moment,

In Su Chen's knowledge treasure house,

After He Xi and Angel Zhixin talked, they all checked the news that the knowledge treasure house was open to them.

Angel Zhixin asked in confusion, "Master, how come Su Chen's knowledge treasure house is the same as Queen Kaisha's knowledge treasure house?"

"Zhixin, it's different. Su Chen's knowledge treasure house is more powerful than Queen Kaisha's knowledge treasure house. The knowledge treasure house is faster than Jilan's big clock. Moreover, the technology in the knowledge treasure house is more advanced than our current technology. "

He Xi was getting more and more curious and surprised.

Compared with Queen Kesha's knowledge treasure house, Su Chen's knowledge treasure house can be said to be an upgraded version of Queen Kesha's knowledge treasure house. The computing speed made her look shocked.

A scumbag,

How could Su Chen have a knowledge treasure house?

And it was the same as Queen Kesha's knowledge treasure house, and even had stronger computing power than Kesha's knowledge treasure house. (To read the explosive novel, go to Faloo Novel Network!)

Angel Zhixin said in surprise, "Master, if I use Su Chen's knowledge treasure house to support computing, I feel I can defeat Morgana, the fourth generation of the divine body."

0Seek flowers0

"Well, it's possible. Su Chen's knowledge treasure house is too powerful. If there is a knowledge treasure house to help with computing in the battle, the third generation of the divine body will not be able to beat the fourth generation of the divine body, but it will not be defeated either."

"Master, Su Chen should also have an arsenal. Let's give Su Chen the authority to view the arsenal."

"Wait a minute, I found some advanced technology, I want to attach it."

"Okay, Master."

At this time,

Angel Chaser was even more confused after checking the planet,

More than 30 warships of Tianzha were destroyed by the female angels, and Angel Leng was actually fighting with Ruoning.

Is she dazzled?

Didn't Angel Leng die on Earth?

Why is Angel Leng fighting with Ruoning? No, Angel Leng is beating Ruoning now.

Is Angel Leng resurrected?

But,

Angel Leng doesn't have an invincible body,

She hasn't been installed with a sub-biological engine, how can Angel Leng be resurrected silently?

Strange,

Why can't a team of angels be contacted?

Why is Angel Leng Can't contact him either? []

Angel Zhui hurriedly contacted Angel Yan and said, [Queen, I found something strange.]

[Ah Zhui, what strange thing?]

[Queen, I found a scumbag who actually has four genes, and Angel Leng has been resurrected. Angel Leng brought a small angel to destroy more than 30 scumbag warships. Angel Leng is now beating Ruoning. I can't contact him in the knowledge treasure house.....]

Fred Planet,

Angel Yan was also confused when he heard what Angel Zhui said.

A scumbag has four genes?

Angel Leng has been resurrected?

How is it possible?

Why did strange things happen one after another today?

He Xi went offline,

Angel Zhixin went offline,

Ah Zhui has discovered another strange thing, and Angel Yan feels that his brain is not enough.

Angel Yan thought and asked hurriedly, [Ah Zhui, are you in danger now?]

[No, Tian Zha didn't attack me, he doesn't seem to be hostile to me.]

[Ah Zhui, ask Tian Zha how he has four genes, and then ask how Angel Leng was resurrected. There is another team of angels, they may also be resurrected angels, you have to ask who resurrected them.]

[Yes, Queen. Seven].
