Chapter 321

Su Chen refused without hesitation after hearing Zhao Ji's words. Just kidding, King Qin Yingzheng might attack him soon after he destroys Lao Ai. Su Chen doesn't want to care about their life and death now. It would be best if King Qin Ying Zheng and Lao Ai perish together.

Zhao Ji was a little disappointed after hearing Su Chen's words. She knew that Ying Zheng had tricked Su Chen before, and Su Chen must be on guard against Ying Zheng at this time.

Dong Dong Dong Dong

At this time, Wang Jian's army began to attack again.

When Su Chen heard the sound of war drums, he guessed that Qin King Ying Zheng was impatient with waiting at this time. Ying Zheng might not care what Zhao Ji was going to do when she arrived this time. He would definitely kill Lao Ai first.

Su Chen looked at Zhao Ji sitting here with no intention of going back, so he asked with some confusion.

"Queen Mother, aren't you going to stop the war between Ying Zheng and Lao Ai?"

Zhao Ji rolled her eyes at Su Chen and didn't want to talk to him. King Qin Yingzheng violated her order when he ordered the attack. At this time, even if Zhao Ji went out to stop, no one would listen to her anymore. Instead of going out to embarrass herself, she Instead of waiting here for the war to end, Zhao Ji tried her best anyway, and she couldn't save the lives of the rebels.

Zhao Ji drank a glass of wine on the table and said with some self-deprecation,

"Mr. Wu Xiang, do you think that going to the Ai family now can prevent the war between them?"

Su Chen was a little confused now. Zhao Ji was drinking from his own wine glass just now, or drank the rest of his wine.

Su Chen looked at Zhao Ji strangely. He didn't know if Zhao Ji knew that she had just used it. His own glass was filled with alcohol, and he drank the rest of his wine. Su Chen took a sip of that glass of wine.

Su Chen pretended to be nonchalant and said smoothly, "How do I know this? How do you know how to stop it if you don't try?" No?"

The Moon God and Ehuang beside Su Chen were a little surprised when they saw Zhao Ji drinking the rest of Su Chen's wine. They didn't expect that a king and the queen mother drank the rest of the wine from a man. Neither did the Moon God and Ehuang. Knowing that Zhao Ji knew whether she had just drank Su Chen's remaining wine, they looked at Su Chen's nonchalant expression and wondered whether they should remind Zhao Ji.

"Haha, Lord Wu Xiang, do you think the royal seal in the hands of the Ai family can command their soldiers?"

"No way"

"Since it can't be done, isn't it self-defeating to go to Aijia?"

"Well, I'm speechless at what you said."

Lai Ai is a little anxious now. The Queen Mother appeared but did not come to him. Now King Qin Ying Zheng ordered the army to attack again, but the Queen Mother did not come back to save him. This made Lai Ai unable to sit still.

Damn it. , what's going on with this woman Zhao Ji?

I can't stand it anymore, but that woman is sitting there drinking. Doesn't Zhao Ji want to save herself?

Or is Zhao Ji attracted to that Wu Xiangjun.

Lao Ai But I have also heard some things about Lord Wu Xiang of the Song Dynasty. This philandering Lord Wu Xiang has a way of dealing with women.

Lao Ai is now afraid that Zhao Ji will be deceived by that bastard Wu Xiang Lord. If Zhao Ji has a new love Then she definitely won't care about his life or death.

"Hengyi, resist the attack of Wang Jian's army. I'll ask the Queen Mother to come over."

""Yes, Lord Marquis."

Lao Ai led five thousand troops towards the ceremony. This time he had to ask Zhao Ji to come to him no matter what, otherwise he would really be finished this time.

Whoosh! Whoosh! Whoosh! Whoosh!

"Come here, stop here. This is Wu Xiangjun's temporary residence."

"I am Changxin Hou Lao Ai of Great Qin. Please get out of the way quickly and I will take the Queen Mother of Great Qin back."

Lao Ai said anxiously when he saw Wu Xiangjun's army stopping him from going over.

Although Lao Ai shouted aggressively at the Netherworld Cavalry, he was really afraid that the Netherworld Cavalry here would take action against him. After all, Lao Ai's army had just fought with him. These armies fought

"Wait, I'll inform you."A captain of the Netherworld Cavalry looked at Lao Ai with some disdain, and then went to report to Wang Meng, the commander of the Netherworld Cavalry Legion.

Lao Ai saw that a young sergeant under Wu Xiangjun should speak to him like this, which made Lao Ai very of anger,

"Damn it, this damn Lord Wu Xiang, if I gain power in the future, I will definitely kill this bastard."

Su Chen also saw Lao Ai bringing some troops over on the viewing platform. Lao Ai is almost a lost dog. Lao Ai is probably here to find his life-saving straw, Zhao Ji.

"Queen Mother, your pretty boy is here."

When Zhao Ji heard that bastard Su Chen said these disgusting words on purpose, she said loudly in embarrassment,

"Go away, you bastard, what are you talking about? Don't you know which one was done by Aijia's stand-in?"

"Haha, but the substitute used your name. Now the whole Qin Dynasty and even people from the six eastern countries know that Lao Ai is a guest of the Queen Mother. Even if you don't want to admit it, I'm afraid no one will believe that you and Lao Ai are innocent."

"Damn it, you bastard, could you please stop mentioning that disgusting guy here."

Zhao Ji immediately stood up and walked over to Su Chen, glaring at him and threatening.

Zhao Ji swore that if this bastard mentioned that disgusting guy Lao Ai again, she would teach this bastard a lesson.

Zhao Ji didn't care what other women here would do. He won't stop her. Zhao Ji, a little scumbag in the Xiantian realm, can easily suppress this bastard.

"OK, OK, I won't mention it."

Su Chen felt a little distraught when he smelled the fragrance of Zhao Ji's body. This beautiful Zhao Ji is now so close to Su Chen, which made Su Chen have an urge to do something with this beautiful and noble Zhao Ji. Hiss!

Damn it, why is this little girl Moon God pinching herself again?

Su Chen directly grabbed the hand of Moon God next to him and pulled her down into his arms. This little girl was getting more and more excessive. Didn't he just look at Zhao Ji, Moon God is this Are you jealous or wary of attacking Zhao Ji?

Zhao Ji also noticed the way Su Chen, the bastard, looked at him just now. She was also so angry at this bastard just now.

Zhao Ji clearly knew that this bastard was a shameless person, but she still stayed away from this. The bastard was so close, Zhao Ji blushed and hurriedly sat down where she was.

Su Chen hugged Su Chen's plump Moon God and threatened, "Moon God, if you attack me again, I will let you sleep tonight Can't sleep"

"Shameless"

"Snapped"

"Su Chen, you bastard dare to hit me."

Yue Shen saw this bastard spanked again, but this time she was not confused. Yue Shen was about to attack Su Chen immediately. There were many elders of the Yin and Yang family here. She was spanked by Su Chen in public, which made Yue Shen How will he face these elders of the Yin and Yang family in the future?

When Su Chen saw that Yue Shen was about to take action against him, he hugged Yue Shen tightly and kissed him directly.

Wuwuwu

Yue Shen didn't expect that this bastard actually kissed him, which made Yue The god was confused again. The moon god thought that he was forcibly kissed by this shameless bastard, and he was kissed here on the battlefield. Not only are the elders of the Yin and Yang family here, but even an army paying attention to this place can see it..

Moon Goddess thought that she was being kissed by this bastard under the gaze of at least tens of thousands of troops, and she was a little afraid to come out of Su Chen's arms to see people. As for how to retaliate against Su Chen, she didn't think about it now.

"Shameless, this bastard is so shameless"

"Xiaomeng, you are right, this bastard is a despicable and shameless gangster."

Chapter 322

Xiaomeng, Nuying and the others blushed and cursed when they saw Su Chen doing those things while holding Luna. They didn't expect that this bastard would do such a thing in public.

Da Siming and other members of the Yin Yang family looked at Su Chen and Yue Shen with interest. They did not expect that Yue Shen and Su Chen had such a relationship.

Da Siming and the others knew that this bastard Dongjun Yanfei was the husband, and Yueshen was actually involved in it now.

Could it be that the Moon God wants to snatch Wu Xiangjun Su Chen away from Dongjun Concubine Yan?

Or is the Moon God preparing to be Wu Xiangjun Su Chen's concubine?

Wang Meng, commander of the Netherworld Cavalry Legion, was embarrassed when he arrived. Now he didn't know whether he should report to Lao Ai about coming to pick up the Queen Mother of the Qin Dynasty.

Now Wang Meng can only stand aside and wait for Wu Xiangjun to finish before reporting. Anyway, Lao Ai and the Prime Minister are also enemies, so let them wait a little longer.

Zhao Ji looked speechlessly at the men and women making out next to her. This shameless Lord Wu Xiang seemed to have forgotten where he was.

Zhao Jiyu also wanted to leave but couldn't. She could only pretend to be nonchalant, poured herself a cup of tea and wine and drank it.

Su Chen looked at the blushing Moon God and smiled and said, "Little beauty, you will be mine from now on, I have stamped your seal."

"Shameless."

The Moon God lay in Su Chen's arms and punched Su Chen in shame.

The Moon God didn't expect that she would sacrifice herself for her prophecy, but this feeling was very good. She had never experienced it before..

No wonder Concubine Dongjun Yan has changed since she returned to the Yin and Yang family. The murderous Concubine Dongjun Yan in the past has become a little gentle.

"Luna, let me see your eyes from now on. I am very interested in your eyes. I have seen your crescent birthmark, but I also want to see your eyes."

"Don't even think about it"

"Hahaha."

Su Chen looked at the shy look on the Moon God's face and knew that the Moon God would not object. Women usually mean what they say. If they say they don't want it, they mean they want it. If they say they object, they mean they won't resist.

At this time, Wang Meng stepped forward and said to Su Chen He bowed and said,

"Please report to your Majesty, Lao Ai is outside to pick up the Queen Mother of the Great Qin, and the Prime Minister of Great Qin Lu Buwei is also outside to pick up the Queen Mother of the Great Qin."

"Lu Buwei? Haha, I didn't expect that the forgotten Lu Buwei would also come."

Su Chen hugged the shy Moon God. After hearing Wang Meng's report, he looked under the auditorium. He found that Lao Ai and his five thousand troops were confronting Lu Buwei's hundreds of people.

Su Chen did not expect this moment. Lu Buwei dared to show up. Wouldn't it be better for him to continue hiding?

Lu Buwei had to show up at this time. Aren't he afraid that Lao Ai would kill him first?

When the Moon God heard Lu Buwei's arrival in Su Chen's arms, he guessed,

"Lu Buwei may also be afraid that Ying Zheng will continue to attack him after destroying Lao Ai, and he probably hopes that Queen Mother Zhao Ji can save him this time."

Su Chen thought for a moment and then smiled at Luna in his arms and said,

"It is not possible. This time King Qin Yingzheng will kill Lao Ai and Lu Buwei in one fell swoop, but Lu Buwei should not be executed."

"Lu Buwei has many party members, and the officials of Da Qin are basically his disciples. If Qin King Ying Zheng dares to kill Lu Buwei, Da Qin will definitely be in civil strife. Moreover, Lu Buwei has done many meritorious things for Da Qin. Lu Buwei should be deprived of power and demoted back to his fiefdom." "There,"

Su Chen also knew that Lu Buwei never wanted to rebel and seize power. He was just a little greedy for power. Otherwise, if Lu Buwei wanted to rebel and seize power, there would be something wrong with King Qin Ying Zheng. King Qin Ying Zheng was not Lu Buwei's opponent.

"So what do you do?"

"Then it depends on whether Lao Ai and Lu Buwei are afraid of death. Wang Meng, let Lao Ai and Lu Buwei come alone. If they dare to bring others over, kill them!"

"Yes, Your Majesty."

Wang Meng heard Su Chen's order and immediately went down to the viewing platform.

Su Chen saw that the battle on the battlefield was about to end, and things here in Daqin were about to end. Su Chen also wanted to return to Gusu. City, he has been out for a few months this time, and he doesn't know what the Gusu City Development City is like. Does that girl Su Yan miss him as her father?

Su Chen looked at Zhao Ji and sat there calmly. Here, he smiled a little weirdly and said,

"Queen Mother, another guest of yours is also here. Do you want to meet her this time?"

Lu Buwei and Lao Ai are both her guests. If Lao Ai and Lu Buwei come over soon, Su Chen will have a good show. Maybe this place will become a scene of large-scale fighting. If Qin King Ying Zheng also comes, Okay, this will be more fun

"Whether they come or not has nothing to do with the Ai family, and you don't have to wait and watch the excitement."

Zhao Ji was a little angry when she saw Su Chen, a bastard who wanted to watch the fun.

Zhao Ji had nothing to do with Lao Ai or Lu Buwei. Those were all done by her stand-in. This bastard obviously wanted to watch. What she will do after seeing Lao Ai and Lu Buwei may disappoint this bastard. She doesn't care whether Lao Ai lives or lives, but Lu Buwei cannot die now, otherwise Great Qin will definitely be in chaos.

"Haha."

Su Chen smiled and shook his head.

Su Chen didn't care whether they were related to the real Zhao Ji or the fake Zhao Ji. He just wanted to watch the excitement, and when Lu Buwei and Lao Ai arrived, they would definitely want Zhao Ji. Save them.

Su Chen wanted to know if Zhao Ji would be so angry that she would directly kill Lao Ai and Lu Buwei when she saw that both Lao Ai and Lu Buwei were attentive to her and even said some disgusting words.

Xiaomeng saw She was a little restless when Lu Buwei arrived.

Xiaomeng and her master Bei Mingzi came here to save Lu Buwei this time. This was a favor that their Tianzong wanted to repay Lu Buwei, but now King Qin Yingzheng has hundreds of thousands of troops in the sacrifice square.

Although his master could save Lu Buwei, now that his master was lured away by Donghuang Taiyi and another woman, Xiaomeng alone could not save Lu Buwei. Xiaomeng only had the bastard Wu Xiangjun and Su Chen here. Now she has the strength to save Lu Buwei, but she has always been against that shameless bastard.

Xiaomeng doesn't want to ask for help from this bastard. Xiaomeng can only wait and see if her master will arrive.

Under the audience,

Lao Ai and Lu Buwei looked at each other. They were not fighting each other now. Both Lu Buwei and Lao Ai knew that their enemy was King Qin Ying Zheng. There was no point in them fighting here.

"Prime Minister, you should know my relationship with the Queen Mother. You came here in vain this time."

"Sir, please don't forget that I introduced you to the Queen Mother, and don't think that gaining the Queen Mother's favor will make you lawless. What you did this time is going to kill the nine tribes, and even the Queen Mother can't save you.."

Chapter 323

Just when Lu Buwei and Lao Ai were facing each other tit for tat, Wang Meng, the commander of the Netherworld Cavalry Corps, appeared.

Wang Meng looked at Lao Ai, the chief minister of the Qin Dynasty, and Lu Buwei, the prime minister of the Qin Dynasty, and said loudly,

"Lord Wu Xiang has an order, Changxin Hou Lao Ai and Prime Minister Lu Buwei can go to the viewing platform to meet the Queen Mother of Qin, but you are not allowed to bring anyone with you. Anyone who disobeys the order will be killed!"

Just after Wang Meng announced Wu Xiangjun's order, the Netherworld Cavalry Legion of less than 30,000 men all held crossbows and pointed them at Lao Ai and Lu Buwei's men. As long as they dared to step forward, they would be shot mercilessly.

"Huh, this damn Wu Xiangjun, isn't this a trap?"

Lao Ai looked at the bastard Wu Xiangjun on the viewing platform with an ugly face.

Lao Ai didn't know whether he should go there alone. If he was caught in the past, I'm afraid he wouldn't have any chance to resist..

Lu Buwei looked at Lao Ai disdainfully and gave instructions to his men.

Lu Buwei walked to the viewing platform alone. The situation in the sacrificial square was already very serious. This creature Lao Ai was still afraid of wolves in front and tigers in the back. I don't know how he had the guts to rebel and seize power.

Lu Buwei looked down on this brainless Lao Ai very much. Now that the war in the sacrificial square was about to end, King Qin Yingzheng would definitely bring his army over after destroying Lao Ai's army.

Does Lao Ai still have any choice at this time?

If Lao Ai continues to wait, he will die. However, even if Lao Ai goes to see the Queen Mother Zhao Ji, he will die in the future. According to Qin law, no one can save Lao Ai this time. His. When

Lao Ai saw Lu Buwei passing by alone, he was a little anxious.

Lao Ai was afraid that Lu Buwei would talk to Queen Mother Zhao Ji after seeing her first, so Lao Ai hurriedly gave instructions and hurriedly went alone. When chasing Lu Buwei, he didn't want Lu Buwei to persuade the Queen Mother Zhao Ji first.

At the gate of Yong Palace,

King Qin Yingzheng looked very ugly when he saw that Lao Ai and Lu Buwei had gone to Lord Wu Xiang. Lu Buwei and Lao Ai were both with the king. The substitute of Queen Mother Zhao Ji has something to do with it. Although Ying Zheng knew that these were all the fault of his mother Zhao Ji, this also made King Qin Ying Zheng a little angry at Zhao Ji.

"Zhang Han ordered Wang Jian to hurry up and destroy those rebels."

"Yes, Your Majesty."

Ying Zheng now also wants to go to that bastard Wu Xiangjun, but the battle in the sacrificial square is not over yet, and there are less than 20,000 rebels left who have not been wiped out.

Ying Zheng can also wait until these rebels are wiped out. Only the army can lead the army there, otherwise if he goes there by himself or with a small number of troops, I'm afraid he will be angry with that bastard again.

At this time,

Lao Ai and Lu Buwei also came to Su Chen. Seeing that there are many beautiful beauties here, and each of these beauties is prettier than the last, this makes the two perverts Lao Ai and Lu Buwei a little bit uncomfortable.

Da Si ordered them, the beauties of the Yin and Yang family, to see Lao Ai and Lu Buwei. The look in their eyes was a little disgusting. Da Si Ming and the others did not expect that none of these officials were good, and they were all as lustful as that shameless bastard Wu Xiangjun.

Lu Buwei quickly came to his senses. After all, he was older, so for He was also a little unable to deal with women. Lu Buwei looked at the three women and one man sitting in the middle, and he knew that the one sitting with a woman in his arms was Wu Xiangjun, and the one sitting behind him should be the Queen Mother Zhao Ji.

Lu Buwei came Next to the table in the middle, he bent down and saluted Zhao Ji, who was carrying him on his back.

"Lu Buwei met the Queen Mother."

Su Chen held the Moon God and looked at Zhao Ji and Lu Buwei with interest. He didn't say anything now. Su Chen just wanted to see how the Queen Mother Zhao Ji would treat Lu Buwei and Lao Ai.

"Lao Ai has met the Queen Mother.

When Lao Ai saw Lu Buwei, he saluted the Queen Mother Zhao Ji first. He also hurriedly came to Zhao Ji and saluted.

Zhao Ji saw Su Chen, a bastard, and had no intention of dealing with Lu Buwei and Lao Ai. She glared at Su Chen angrily. Zhao Ji knew that this bastard wanted to watch a show, and she wanted to strangle this bastard to death right now.

Zhao Ji did not look back at Lu Buwei and Lao Ai. She now felt like thinking about Lao Ai and Lu Buwei's appearance. Disgusting.

Zhao Ji also knows that Lao Ai's army is finished, and the remaining rebels will be slaughtered in a short time. She doesn't care about Lao Ai's life or death at all.

"Lao Ai, you are dead this time. You can't change anything by coming here. You'd better go back."

When Lao Ai saw that Queen Mother Zhao Ji didn't want to save him, Lao Ai became a little anxious. He immediately knelt down behind Zhao Ji and said hurriedly,

"Queen Mother, you have to save me. Please save me based on our past friendship. From now on, Lao Ai will serve the Queen Mother with all her heart."

""Pfft, hahahahaha, I'm laughing so hard." Su Chen couldn't help but laugh while holding Yueshen in his arms and looking at Zhao Ji's sullen face.

Seeing Su Chen laugh, Yueshen pinched Su Chen's waist. It's also a bit funny. Lao Ai dared to say that he would serve Zhao Ji wholeheartedly in the future in full view of the public. This is the real Zhao Ji!

This Zhao Ji has nothing to do with Lao Ai, and the moon god doesn't know if Zhao Ji will. He would directly kill Lao Ai, who was now squinting.

Su Chen saw Yue Shen pinching his waist again, but this time she didn't use force. Su Chen looked at Yue and knew that she was holding back laughter.

Su Chen didn't either Who cares about this little girl Yueshen? She can laugh whenever she wants. What's there to tolerate?

Zhao

Ji's face darkened when she saw Su Chen laughing. She turned around and knocked Lao Ai away with a palm.

Zhao Ji didn't want to either. No matter how much she conceals her martial arts skills, many people now know that she knows martial arts. At least the bastard Su Chen knows that Concubine Yan will definitely tell this bastard. Lao Ai was knocked away by

Zhao Ji with a palm He vomited blood and looked at Zhao Ji in horror. He did not expect that Zhao Ji knew martial arts, but when he saw this extremely beautiful Zhao Ji,

Lao Ai realized that this Zhao Ji was different from the Zhao Ji he knew. Not only was she younger and more beautiful than the Zhao Ji he knew, but this Zhao Ji was not as charming as the Zhao Ji he knew. This Zhao Ji looked very dignified and noble.

Lao Ai looked at Zhao Ji in surprise and coughed. ,

"cough! cough! cough! You are not the Queen Mother, who are you?"

Lu Buwei also looked at Zhao Ji with some disbelief. This Zhao Ji was the Zhao Ji he knew before. Although the Zhao Ji he had fun with in the past looked very similar to this Zhao Ji, there was no difference between them. The expressions and expressions were different.

Lu Buwei also understood now that the Zhao Ji he and Lao Ai were with before was fake, and the fake Zhao Ji should be the substitute of the real Zhao Ji.

Lu Buwei looked at Zhao Ji and smiled melancholy said,

"Haha, Queen Mother, you are really smart. I didn't expect you to know martial arts, and even your substitute was prepared a long time ago. It can be said that both Lao Ai and I were deceived by you."

Zhao Ji stood up and walked to Lu Buwei and praised Lu Buwei,

"Xiangguo is Xiangguo, but the Lao Ai you are looking for is a bit useless. It can even be said that he has no brains at all."

"It's your substitute's fault. I'm a bit incompetent because of my age. If your substitute hadn't forced me to do it, how could I have found such a loser?"

Chapter 324

Lu Buwei also understood now that Zhao Ji should have planned to control him early on, or even to guard against him. After all, King Qin Ying Zheng was Zhao Ji's only son, and Zhao Ji should be afraid that she would seize power and kill her son Ying Zheng.

Lu Buwei also knew that he had made things self-defeating. He had no intention of usurping the throne and seizing power. Lu Buwei was just keen on power. He had never thought about the throne of Great Qin.

If Lu Buwei had made this clear to Zhao Ji, I am afraid that Lao Ai would not have appeared, and what happened today would not have happened.

Zhao Ji looked at Lu Buwei with some confusion. Without Lu Buwei, there would be no current King of Qin Yingzheng. It can be said that King Qin Yingzheng was supported by Lu Buwei.

Zhao Ji also expressed her gratitude to Lu Buwei, but now that King Qin Yingzheng has grown up and King Qin Yingzheng wants to take over his royal power, Lu Buwei has no choice but to withdraw from the court, otherwise Lu Buwei will definitely be executed by King Qin Yingzheng.

"Prime Minister, don't worry, you will not be killed by my son Ying Zheng. After all, what you did to Da Qin is obvious to all. You have contributed to Da Qin, and although today's incident has implicated you, your crime will not lead to death."

Lu Buwei glanced at Zhao Ji and turned to look at King Qin Yingzheng. He instantly looked much older and said with a smile,

"Haha, I understand, Queen Mother, I will resign from all official positions and go home to retire."

"Thank you, Prime Minister."

Lu Buwei didn't look at Zhao Ji again. He walked away slowly with a somewhat sad back. He knew that his matter ended here. Lu Buwei knew that it would be good to have such an ending. When

Xiaomeng saw Lu Buwei, he didn't. She was relieved to be killed. Just because Lu Buwei was fine and she didn't have to beg that shameless bastard Su Chen, this made Xiaomeng feel a lot better.

When Lao Ai saw that Queen Mother Zhao Ji had let Lu Buwei go, he hurriedly. He crawled over and kowtowed to Zhao Ji and said,

"Queen Mother, I didn't know that the person who bewitched me was a fake Queen Mother. Please save me, Queen Mother. I know Wheelbending Kung Fu and I will serve the Queen Mother well in the future."

"cough! cough!"Cough"

Su Chen was now shocked by Lao Ai's words, wheel-turning kung fu?

Su Chen knew what kind of kung fu it was.

Looking at Zhao Ji's blushing face, Su Chen guessed that Zhao Ji also knew Lao Ai's kung fu.

Su Chen Now I want to know what Zhao Ji is thinking now. Zhao Ji has been a widow for more than ten years.

Well, I don't know how she has spent these years.

She touched

Zhao Ji and kicked Lao Ai out. She is now Some people couldn't bear it anymore and wanted to kill this disgusting bastard. If Lao Ai hadn't left it to her son Ying Zheng, now Zhao Ji wanted to chop this bastard with one palm.

Zhao Ji was very angry and ordered loudly, "Come here." , the Ai family caught Lao Ai and blocked his mouth."

At this time, the surrounding secret guards looked at Su Chen after hearing Zhao Ji's order. They were not Zhao Ji's guards, and they would not obey Zhao Ji's orders.

Zhao Ji looked at the surrounding guards and did not take action. It reminded me that the guards here were all the guards of this bastard Su Chen. These guards would not obey her orders.

Zhao Ji turned around and saw that this bastard Su Chen was actually looking at her and laughing. This made Zhao Ji couldn't help but scold her. Get up, you bastard watching the show

"You shameless person, what are you looking at? Don't let your men catch this disgusting Lao Ai."

Su Chen smiled and waved his hands to the secret guards. He also didn't want to see this disgusting Lao Ai. After all, Lao Ai's wheel-turning skills were even a bit unpleasant. The secret guards immediately responded to Su Chen's gesture. He grabbed Lao Ai and blocked his mouth. Lao Ai struggled to continue asking for help from the Queen Mother Zhao Ji, but with a few punches from the secret guards, Lao Ai calmed down. At this time, Wang Meng hurriedly came to Su Chen stood next to him and saluted and said, "Your Majesty, Lao Ai's general Heng Yi and his remaining 20,000 troops want to surrender to you."

Su Chen was a little surprised after hearing Wang Meng's words and said,

"oh? Hengyi brought more than 20,000 troops and wanted to surrender to me? Then plus the army brought by Lao Ai, there should be 30,000 troops. There should be 30,000 troops, right?"

Su Chen turned to look at the battlefield. The war on the battlefield was over. There were only more than 20,000 troops left in Lao Ai's army. These rebels were still running towards him.

Su Chen looked at these missing helmets. Do the rebels who abandoned Jia want to accept these rebels?

"Your Majesty, Hengyi's army plus the army led by Lao Ai has more than 30,000 troops."

Zhao Ji saw that there were more than 30,000 rebels who wanted to surrender to Su Chen, so she wanted Su Chen to accept these rebels. After all, Zhao Ji felt better after being able to save these rebels. These rebels were also saved because of her layout. After being implicated, Zhao Ji did not want all these rebels to be executed by Qin King Ying Zheng.

Zhao Ji hurriedly said to Su Chen,

"Su Chen, why don't you accept these rebels?"

Su Chen would not do these things for no reason. Although these rebels can be considered an elite army, otherwise they would have fought with 60,000 to 70,000 people against Wang Jian's hundreds of thousands of troops, and killed more than ten of Wang Jian's troops. Ten thousand people.

But Su Chen didn't want to just accept these rebels. Su Chen thought that if he accepted these rebels, Ying Zheng would be so angry that he would go to war directly.

Su Chen deliberately found a reason to send Zhao Ji away, "We don't have that much money to feed these rebels"

"you? Mr. Wu Xiang, don't think that I don't know about your power in the Southern Continent. You can't afford to raise hundreds of thousands more troops. Do you not want to save these rebels?"

Zhao Ji's chest bulged with anger at the words of this bastard Su Chen.

What can't he afford?

This bastard is obviously telling lies with his eyes open.

Su Chen occupies the richest south of the Song Dynasty in the Southern Continent. His If you have a lot of money, you may be able to support hundreds of thousands of troops. This bastard either wants benefits or does not want to participate in this matter. The beauties of the Yin and Yang family, such as Yueshen and Ehuang Nvyng, all looked at Su Chen. There are three people here. More than ten thousand troops wanted to surrender to Su Chen, and the remaining troops were very elite.

Why didn't Su Chen, a bastard, accept these rebels?

Was he afraid that King Qin Ying Zheng would turn against him?

"I just can't afford it"

"asshole! Shameless! mean!"

"Whatever you say, I just can't afford it."

Zhao Ji was a little anxious when she saw that this bastard refused to accept the surrender of these rebels. The army of Qin King Ying Zheng was about to catch up. If this bastard refused to accept the surrender of these rebels, I am afraid that the remaining 30,000 troops They will also be slaughtered.

Zhao Ji took a deep breath and said,

"call! What if Aijia gives you money?"

"oh? How much are you prepared to give? Nothing less will do. Zhao

Ji glared at Su Chen and said helplessly,"You are so shameless. Three million gold is all my money. From now on, I will eat and drink from you.""

Su Chen didn't expect Zhao Ji to be so rich, three million gold! This is a lot of money. This Zhao Ji is a rich woman.

Su Chen was a little happy and immediately ordered Wang Meng, "Wang Meng, accept those rebels from Hengyi. Surrendered and quickly incorporated them"

"Yes, Your Majesty"

Chapter 325

Zhao Ji is also a little helpless now. Her money is the gold that three generations of kings, King Qin Zhaoxiang, King Qin Xiaowen, and King Qin Zhuangxiang, asked Iron Eagle to hide. If she only takes out some of the money, she may not be able to satisfy this bastard.

Zhao Ji looked at the bastard Su Chen and decided to take her Iron Eagle Warrior to the Southern Continent with this bastard in the future. The Eastern Continent was not a place for her to stay in the future.

Zhao Ji also needs to find a place to continue living where she doesn't know her. Let's use the money as protection money for this bastard.

When King Qin Yingzheng saw Lao Ai's rebels fleeing towards Su Chen, he took Zhang Han and others to follow Wang Jian's army towards the viewing platform. These rebels had no way to escape.

Lord Wu Xiang had also fought against these rebels. King Qin Yingzheng believed that Lord Wu Xiang's army would not let the rebels hide with them.

When King Qin Yingzheng came to the viewing platform, he found that Lao Ai's rebels had been integrated into Wu Xiangjun's army. This made King Qin Yingzheng very angry. Is that bastard really going to have trouble with him?

King Qin Ying Zheng saw that he still had an army of more than 20 years old in the sacrificial square, and there were more than 60,000 rebels in Wu Xiangjun's place.

Ying Zheng ordered with an expressionless face,

"Wang Jian, prepare your troops and follow my orders to attack the viewing platform later."

"Yes, Your Majesty"

"Zhang Han, go call that bastard Wu Xiangjun to come out and answer. I want to know why that bastard keeps going against me."

"Yes, Your Majesty."

On the viewing platform,

Su Chen saw that King Qin Yingzheng's more than 200,000 Qin troops had surrounded the viewing platform. He looked at Zhao Ji beside him and said,

"Queen Mother, your son is here. Please send King Qin Ying Zheng away now."

"Hey, Mr. Wu Xiang, do you think the Ai family can order Ying Zheng now?"

"If you can't order Ying Zheng, then you still want me to take in those rebels? Didn't you also cheat me with your gold?"

"Bastard, can the Ai family keep their word?"

"Then go get your son"

"The Ai family has done nothing wrong. Now that King Qin Yingzheng has the support of Wang Jian's army, do you think he will still listen to the Ai family's orders?"

"So aren't you useless now?"

"What do you mean? Damn it, you're not going to kick me away when you see that the Ai family is of no use, are you? Don't forget that gold you haven't got yet"

"Let me guess, Zhao Ji, I found out how I fell into your trap. You haven't been plotting against me for a long time, right?"

"Bah, what did I plan against you? What do you have for me to plot? You are just a shameless bastard."

Zhao Ji was almost mad at this shameless bastard. If she hadn't needed this bastard's help, Zhao Ji would have taught this shameless bastard a lesson.

Su Chen thought for a moment that he really had nothing for Zhao Ji to scheme against. It can be said that Zhao Ji probably has no power here anymore.

After King Qin Yingzheng seizes power in the future, Zhao Ji will have even less power, and Zhao Ji will also have no power at all. If she doesn't want to stay in Da Qin, Zhao Ji should still need her help, which makes it impossible for Zhao Ji to plot against her.

"Let's go and meet your son together."

Su Chen stood up and let go of Moon God and said to Zhao Ji.

Su Chen thought that with Zhao Ji here, King Qin Ying Zheng should give Zhao Ji face and should not launch a war directly against him, but This is also Su Chen's guess.

King Qin Yingzheng's arbitrary actions may not let him go because of Zhao Ji's face. After all, these rebels are the enemies of King Qin Yingzheng, and Yingzheng cannot rub dirt in his eyes. Zhao Ji can't let

Zhao Ji go. Ji looked at the bastard helplessly and stood up. She knew what the bastard wanted her to do, but it was destined to be in vain. Under the viewing platform,

Ying Zheng's expression changed when he saw the bastard Su Chen coming out with his mother. It's ugly. He is now very afraid that the real Zhao Ji will have a relationship with the shameless Lord Wu Xiang. This makes Ying Zheng clenched his fists and looked at Su Chen and Zhao Ji who were about to arrive without blinking.

Su Chen arrived The front of his Netherworld Cavalry Legion smiled and said to King Qin Ying Zheng in front of him,

"King Qin, we meet again. You are here to ask for Lao Ai this time. I can give Lao Ai to you, but can your troops withdraw?"

Ying Zheng was very angry when he saw the smiling Wu Xiangjun. Now this bastard is messing around with him, which made King Qin Ying Zheng even more angry.

"Wu Xiangjun, what do you mean? Don't fight me here, haha. The rebels here are our Da Qin rebels. You must hand them over."

Su Chen doesn't care about the anger of Qin King Ying Zheng at all. This time he has about 60,000 troops here. As long as he persists for less than an hour, Hu Ji's army will arrive. By then, Qin King Ying Zheng will even use himself. There was no way out.

Su Chen looked at the old man Wang Jian next to King Qin Yingzheng and continued,

"King Qin, these rebels surrendered to me, and the Queen Mother of Qin agreed to my acceptance of these rebels. Do you want to disobey the Queen Mother of Qin?"

"King Qin, the royal seal of Great Qin was given to the Queen Mother by the previous King of Qin. You must think clearly. If you disobey the orders of the Queen Mother of Great Qin, you will be treason."

"General Wang Jian, you are loyal to the Qin royal family. Do you listen to the orders of the Queen Mother of Qin?"

Wang Jian, who was next to King Qin Yingzheng, looked a little ugly now. He didn't expect that Lord Wu Xiang, whom Zhang Han told him, would actually drag him into the water.

He is a general. Things here have nothing to do with him. Wang Jian is just All you need to do is obey orders.

When Wang Jian saw King Qin Ying Zheng looking at him, he hurriedly said loudly to Su Chen,

"Wang Jian was loyal to the King of Qin and also to the Qin royal family."

Su Chen saw how naughty the old guy Wang Jian was, so he took the King's Seal directly from Zhao Ji's arms, but Su Chen accidentally touched Zhao Ji's place when taking the King's Seal.

Su Chen was a little embarrassed. He smiled and immediately took a few steps forward. He was afraid that Zhao Ji would attack him in shame and anger.

Zhao Ji did not expect that Su Chen, a bastard, would take her king from his arms without saying a word. Seal, but this bastard took away the royal seal and took it away. This bastard actually dared to touch himself?

He also touched her place in front of everyone, which made Zhao Ji's face turn red quickly. If it weren't for the inconvenience now Teach this bastard a lesson, and she will definitely beat this shameless bastard to death.

After Su Chen calmed down his emotions, he raised Zhao Ji's seal of the Great Qin King and ordered,

"Wang Jian, you are really a slippery man. Wang Jian obeyed the order and immediately ordered the army to withdraw from the sacrificial square."

"I....."

Wang Jian was helpless now.

This Lord Wu Xiang took out the royal seal of the Qin State, and this royal seal was personally handed over to the Queen Mother Zhao Ji by the father of King Qin Yingzheng, King Qin Zhuangxiang.

This matter is known to all the ministers in the court. This is also the royal seal for King Qin Zhuangxiang to let Queen Mother Zhao Ji supervise the country.

Now Wang Jian is in a bit of a dilemma. He must obey the orders of the Queen Mother Zhao Ji, but this bastard is using the Queen Mother's royal seal to order him. This puts Wang Jian in a dilemma now.

"Wang Jian, do you want to disobey? You have to think clearly that disobeying the king's orders will lead to the death of the nine tribes."

Chapter 326

Su Chen now just wants to test the power of this royal seal in the Qin Dynasty. Qin's laws are very harsh, and even the King of Qin cannot forgive those who violate Qin's laws.

Su Chen wanted to know if he could use Zhao Ji's royal seal to order Wang Jian. Even if he failed this time, it didn't matter. As long as Wang Jian didn't obey the Queen Mother's royal seal this time, the ministers of Qin would definitely Impeach Wang Shen.

Even if King Qin Yingzheng defends Wang Jian in the future, Qin Fa will not let Wang Jian go. This is considered a little trouble for King Qin Yingzheng in the future.

King Qin Yingzheng looked at Su Chen, a bastard, holding the Queen Mother's royal seal. , the general who ordered him here was so angry that he wanted to stab this bastard to death with a sword.

"Mr. Wu Xiang, the Queen Mother is only supervising the country. Now that I have been crowned, I am now the legitimate King of Qin. This royal seal should belong to me. I represent the royal seal now. You can't command me as the general of Qin."

Su Chen looked at Qin Wang Ying Zheng's hair in a strange way and laughed loudly and said,

"Haha, King Qin, have you completed your crowning? Have your royal clan elders tied your hair with a crown on your head? How can you say you have been crowned when you have nothing? Are you trying to deceive the more than 200,000 soldiers here?"

"you....."

"Wang Jian, are you obedient or disobedient?"

Su Chen directly interrupted King Qin Yingzheng's words and shouted at Wang Jian.

Su Chen did not believe that Wang Jian dared to disobey in front of more than 200,000 troops. If Wang Jian dared to disobey, he would wait for his entire family to be executed.

Wang Jian saw that the surrounding troops were looking at him. Wang Jian also knew that if he wanted not to disobey the king's order this time,

Wang Jian could only talk nonsense. He looked at that Wu Xiangjun and said loudly,

"I am loyal to the Qin Dynasty, but you are not from my Qin country. Why should I obey your orders? You took the royal seal from the Queen Mother. I can order the army to attack and take back the royal seal now."

Su Chen handed the royal seal to Zhao Ji and said disdainfully,

"Hey, Queen Mother, your royal seal is no longer useful. You are still really useless."

"Shameless, you shameless bastard."

Zhao Ji is a little mad now. She told this bastard a long time ago that it is useless for her to come, but this bastard insists on coming here by himself. Now this bastard not only takes advantage of herself, but even laughs at herself.

This makes Zhao Ji immediately took Su Chen's arm and bit it.

"Come on, let me go, you crazy woman, why are you so crazy?"

Su Chen quickly pulled away Zhao Ji's arm and found that his arm had been bitten and bled by Zhao Ji. How cruel was this Zhao Ji to herself? Could it be because she just touched a place that she shouldn't have touched? This time Zhao Ji was Do you want to take revenge on purpose?

King Qin Yingzheng is a little dizzy now. He did not expect that Zhao Ji is really related to that bastard. When he saw Zhao Ji bite the bastard's arm, Yingzheng pulled out the Tianwen from his waist. Sword, Ying Zheng couldn't help but kill this bastard now.

Boom. At this moment, the gate of Yong Palace was knocked open again.

After the gate was knocked open, many Qin soldiers wearing black armor came one after another. rushed in, and in just a moment tens of thousands of troops set up an attack formation at the gate of Yongcheng Palace, and there was a steady stream of troops coming in at the gate. At this time, a general rode up to the army Looking at the two opposing armies in front of him, he rode his horse and led the army towards the ceremony.

""Be on guard,"

Wang Jian ordered immediately when he saw the army appearing again.

Wang Jian knew that these were the troops there. These Qin border troops appeared here, and I'm afraid they were coming with bad intentions. Could it be that these were also Lao Ai's troops?

But the border troops The army is not something that Lao Ai can control, so why do these Qin border troops appear here? This makes Wang Jian a little confused. The rear army of Wang Jian's army immediately turned around and raised their cards in front of them, and the archers The general and the spearmen also held weapons and faced the incoming army.

The general led the army to Wang Jian's army. He dismounted and saluted King Qin Yingzheng behind the army,

"Wang Yi, the border army of Qin Dynasty, met the king."

Qin Wang Yingzheng was very happy to see Wang Yi's arrival. He knew that Wang Yi had brought an army of 140,000 people this time. Wang Yi's army plus Wang Jian's army totaled 400,000 troops. Lord Wu Xiang was going to die this time. It was decided,

King Qin Yingzheng said loudly to Wang Yi,

"General Wang, please wake up. Wang Yi, you came just in time. I didn't expect you to come here so quickly from the border of Qin and Han."

"Thank you, Your Majesty."

Ying Zheng looked at the army here and ordered with high spirits,

"Wang Jian, I ordered the army to attack Lord Wu Xiang. I want you to capture that bastard Lord Wu Xiang alive."

""Yes, Your Majesty."

When Wang Yi saw that King Qin was about to launch a war against Lord Wu Xiang, he hurriedly stopped him and said, "Wait a minute, Your Majesty, isn't Lord Wu Xiang our ally?"

Wang Yi rushed over after being notified by Lord Wu Xiang. Although he didn't know why King Qin Yingzheng wanted to plot against Lord Wu Xiang, it was indeed King Qin Yingzheng who made a mistake this time.

Wang Yi also brought his troops after careful consideration. When he arrived at Yongcheng, he wanted to see with his own eyes whether this place was what Wu Xiangjun said.

"Wang Yi, Lord Wu Xiang is not our ally now, he betrayed our Great Qin, and now Lord Wu Xiang is the enemy of our Great Qin."

Wang Yi's face turned ugly after hearing what King Qin Yingzheng said. He knew very well who Lord Wu Xiang was. At that time, Lord Wu Xiang returned to Qin for the safety of King Qin, but Lord Wu Xiang dared to go to his camp alone.

Even in order to convince himself to be loyal to King Qin, he even investigated the cause of Bai Qi's death of Lord Wu An, which made Wang Yi very grateful to Lord Wu Xiang.

Wang Yi admired that bastard Lord Wu Xiang very much, and Wang Yi even wanted to have sex with Lord Wu Xiang. The bastard became a sworn brother, and that bastard actually rejected him because of his age.

Wang Yi later found out that Wu Xiangjun, the bastard, rejected him because he couldn't be the eldest brother. This made Wang Yi very angry. He could have been Wu Xiangjun's grandfather. , but that bastard still wants to be his eldest brother?

Wang Yi now knows that what Wu Xiangjun informed him is true. King Qin Yingzheng may have felt threatened by Wu Xiangjun, and this time he will consume Wu Xiangjun's The army was only informed by Lord Wu Xiang in advance.

Wang Yi looked at King Qin and said angrily,

"Your Majesty, I don't believe that Lord Wu Xiang would betray the covenant. At that time, Lord Wu Xiang came to the army camp alone for the safety of your Majesty to convince me to be loyal to your Majesty. Wang Yi didn't believe that Lord Wu Xiang would be a person who went back on his word.

King Qin Yingzheng shouted to Wang Yi with an ugly face, "Wang Yi, are you questioning me?"

"Your Majesty, Wang Yi just wants to know the truth. I know very well who Mr. Wu Xiang is. Although that bastard is a bit shameless and even very lustful, he is indeed a very good friend and ally. Wang Yi does not believe that Mr. Wu Xiang will Betrayal of the covenant."

Chapter 328

Zhao Ji is now a little worried about Ying Zheng. Originally, Ying Zheng's army here was very advantageous. She was also prepared to save the bastard Su Chen at the critical moment, but she didn't expect that the army brought by Wang Yi would actually help Su Chen. In this way, Ying Zheng's army is evenly matched against that bastard Su Chen's.

Zhao Ji was not worried that something would happen to Ying Zheng or Su Chen, but now that bastard Su Chen had come to reinforce them again, Ying Zheng would definitely fail and be killed this time.

Although Zhao Ji no longer has any expectations for her son Ying Zheng and has no mother-son love. Zhao Ji even wanted to flee Qin because she was afraid that her son would disown her and would execute her. However, Ying Zheng was her son after all, and Zhao Ji still didn't want to Let Ying Zheng die like this.

Su Chen smiled and touched Zhao Ji's panicked face, "Haha, Zhao Ji, do you think I will listen to you?"

"Shameless."

When Zhao Ji saw this bastard touching her face, she took a few steps back and glared at this bastard. Now Zhao Ji felt that this bastard was plotting against her and even had a crush on her. This made Zhao Ji very panicked.

Su Chen was a little disdainful. He looked at Zhao Ji. He couldn't help but touch Zhao Ji's face just now. But now he has no idea about Zhao Ji. Although Zhao Ji is beautiful, his own woman is not beautiful.

"Hey, why am I so shameless? Your son Ying Zheng brought this on himself. It was your son who betrayed the covenant. Just a moment before he agreed to my three conditions, he sent troops to kill me again. This is me Shameless?"

Zhao Ji clenched her fists and wanted to punch this bastard. Is this what she said shamelessly?

This bastard had just teased her, but now he said other things here like a normal person. This made Zhao Ji so angry that she didn't know what to do. How to deal with this bastard.

Zhao Ji took a deep breath to stop herself from being angry, "Huh, Mr. Wu Xiang, can you really not let Ying Zheng go this time?"

Su Chen smiled when he saw Zhao Ji who wanted to be angry but didn't dare to be angry.

"You go and tell your son Ying Zheng, three million taels of gold, this matter ends here."

Su Chen has no plans to kill Ying Zheng now. Fortunately for Ying Zheng, he stopped the army in time this time. Otherwise, if the war starts, no one can save Ying Zheng.

Su Chen also wants Qin King Ying Zheng to attract Qin King Ying Zheng to the Eastern Continent. With the firepower of the other six countries, after today Yingzheng's attempt to unify the Eastern Continent may not be as simple as it was in history.

Luowang now belongs to him, and Wang Yi's 140,000-strong army Su Chen will also be taken away. Today, the place is almost dead. With a Qin army of about 200,000, he also blackmailed King Qin Yingzheng of three million gold. This time King Qin Yingzheng's Qin State was seriously injured.

"You are despicable."

Zhao Ji's chest was heaving with anger at this bastard. This bastard had just received three million taels of gold from her, but turned around and wanted to extort three million taels of gold from her son Ying Zheng. Zhao Ji's delicate face Now I'm going to kill this bastard with a cold face.

"Zhao Ji, do you want to go or not? If not, I will order the destruction of Ying Zheng."

Su Chen looked at Zhao Ji and didn't care about her current mood. This trip to Qin State will get 6 million gold.

When Su Chen leaves, he can leave some money for Zi Nu to develop her power. The remaining money From now on, I will hand it over to my first lady, Concubine Yan. From now on, Concubine Yan will manage her own territory, which is impossible without money.

"I'll go."

Zhao Ji glared at this bastard with her beautiful eyes, and then walked towards Ying Zheng with her eunuchs and maids.

The gate of Yong Palace was completely destroyed this time. The gate of the palace was breached three times in succession. Although there was no army to defend the gate of Yonggong this time, Su Chen's heavy armored cavalry of the Netherworld Cavalry directly broke through the gate of the Lama Temple.

Ten thousand Netherworld heavy armored cavalry and 20,000 Netherworld cavalry. The legion rushed into the sacrificial square in an instant. Behind them, there were Donghu and Xiongnu servants who also came in tens of thousands of cavalry. Now the Yongcheng Palace can only bring in so many troops.

"Netherworld Cavalry Legion, Captain Cui Hao met Wu Xiangjun"

"See Wu Xiangjun."

At this time, the Netherworld Cavalry Army rushed towards the viewing platform. Wang Yi's army and Qin Wang Yingzheng's army had already retreated to each side of the sacrificial square before

the arrival of these armies. When the Netherworld Cavalry Army When he arrived at the auditorium, he neatly dismounted and saluted Su Chen on the auditorium.

"Donghu Army, see Wu Xiangjun"

"Xiongnu servant army, see Lord Wu Xiang."

The Donghu cavalry and the Xiongnu servant army who came later also dismounted and saluted Su Chen. They knew that Lord Wu Xiang was their real master. If they were disrespectful to Lord Wu Xiang at this time, , I'm afraid they were either executed by Madam Hu Ji, or killed by those demonic Netherworld Cavalry Legion.

After Su Chen stood on the high platform and waved the troops to get up, he said to Cui Hao,

"Cui Hao, you came very timely this time. Where is Hu Ji?"

"Your Majesty, Madam Hu Ji is right behind with her army. Madam will arrive in a moment."

"Well."

Su Chen was a little speechless when he saw this bastard Cui Hao talking about Mrs. Hu Ji. Su Chen also thought about it. Hu Ji is very charming and beautiful. It is good to have such a wife, but this Hu Ji needs to be beaten in the future, otherwise in the future If Hu Ji betrays him, then Su Chen's losses may be a bit big.

In the sacrificial square,

Wang Yi looked at the arrival of these cavalry troops with some surprise. He did not expect that this boy Su Chen actually controlled Donghu and the Huns.

This Do you want to defy heaven?

The Donghu and the Huns are nomads on the grassland. These nomads are not easy to conquer, but this bastard not only conquered but also formed an army of these Donghu and Huns. This made Wang Yi I can't see clearly that bastard boy Su Chen.

On the other side, King

Qin Yingzheng is now feeling scared. He didn't expect that Qin's great enemy, the Huns, would be defeated by that bastard Su Chen. They even let these Huns form a servant army.

Then wouldn't the Qin border be threatened by Su Chen, a bastard?

There is also Jiuyuan County. That bastard wants to station troops in Jiuyuan County. It turns out that it is for the army on the grassland. No wonder That bastard Su Chen must station troops in Jiuyuan County.

As for the Donghu people, Ying Zheng has never heard of them. Some Donghu people are also a small tribe on the grassland.

Wang Jian came to Qin King Ying Zheng and bowed and reported. ,

"Your Majesty, why don't we withdraw our troops quickly? This place is very unfavorable to our Qin army."

Qin King Ying Zheng looked at the gate of Yongcheng Palace and felt that things were unstable. Previously, he was so high-spirited that he wanted to destroy Lao Ai's army. At the same time, he also wanted to beat Wu Xiangjun to make him withdraw his three conditions.

Ying Zheng Just now he saw the complicated relationship between that bastard and his mother Zhao Ji, and he was even more angry and wanted to send out the army to kill that bastard Su Chen, but now that bastard also arranged for reinforcements, and now he fell into that bastard's hands again In his hand.

King Qin Yingzheng felt a little embarrassed when he thought about how happy that bastard Su Chen was now, and that bastard Wu Xiangjun didn't know how to humiliate himself for a while.

"Wang Jian, the gate of Yongcheng Palace is now guarded by Wu Xiangjun's army. Do you think we can withdraw our troops smoothly?"

Chapter 329

After hearing what King Qin Yingzheng said, Wang Jian knew that it might be difficult to escape smoothly this time. However, he had to spend more than 200,000 troops here to protect King Qin Yingzheng from escaping Yonggong. If King Qin Yingzheng was captured here or If he is killed, then Qin will be finished

"Your Majesty, I will lead my army to open a way for Your Majesty. The Qin Dynasty cannot live without the King of Qin. Even if I die, I will open a way for Your Majesty to escape."

Ying Zheng looked at Wang Jian and shook his head. He knew that Wang Jian was doing this for his own good, but Ying Zheng didn't want to just run away in despair. Ever since Ying Zheng plotted against Wu Xiangjun, what did he feel? It didn't go smoothly.

Ying Zheng sighed and said to Wang Jian,

"Wang Jian, you should know that this time there is little hope. That bastard Wu Xiangjun has a cavalry regiment of 200,000 people. We here are basically infantry. It is impossible for us to escape."

At this time, Zhang Han suddenly found that the Queen Mother came here after coming out from Wu Xiangjun, so he hurriedly said to King Qin Yingzheng,

"Your Majesty, the Queen Mother is coming here."

"Um?"

When Ying Zheng saw that Queen Mother Zhao Ji was coming here, it was a bit complicated. He also knew what Queen Mother Zhao Ji did for him yesterday. He also knew that his mother had been helping him secretly.

Ying Zheng thought that if he had done it yesterday Even if I followed the Queen Mother's instructions at night, it wouldn't be like this today, right?

But why does the Queen Mother have a relationship with that bastard Wu Xiangjun?

This made Ying Zheng look a little ugly when he saw the Queen Mother Zhao Ji who was about to arrive.

"Wang Jian, see Queen Mother"

"Zhang Han, see the Queen Mother"

"Li Si....."

When Zhao Ji came to Qin King Yingzheng's place, the ministers here saluted Zhao Ji one after another.

"The son-in-law Ying Zheng met his mother."

Ying Zheng looked at Queen Mother Zhao Ji and bent down to salute.

Zhao Ji felt a pain in her heart when she saw Ying Zheng's indifferent look.

"Zheng'er, this matter is over this time. King Wu Xiang will not hold you accountable for what you did this time. However, the three conditions you promised King Wu Xiang must be fulfilled. Ying

Zheng asked Zhao Ji with an expressionless face, "Queen Mother, it's impossible for Lord Wu Xiang to let me go like this, right?" Does that bastard have other conditions?"

Zhao Ji felt a little uncomfortable and said to Ying Zheng,

"without....there is none left."

Zhao Ji didn't dare to tell him about that bastard Su Chen's extortion of Ying Zheng's gold. Zhao Ji was afraid that Ying Zheng would disagree and start a war. This was the last thing Zhao Ji did for Ying Zheng.

As for Su Although Zhao Ji didn't know what to say to Chen Chen, she believed that Su Chen wouldn't do anything to her. At worst, Zhao Ji would give her Iron Eagle Rui to that bastard.

Ying Zheng didn't believe Su Chen. That bastard would let him go so easily. Ying Zheng looked at Zhao Ji and guessed that something was wrong. This must be the bastard who threatened his mother and even made his mother agree to some excessive conditions.

Ying Zheng was a little angry. Asked Zhao Ji,

"Queen Mother, did you agree to that bastard Wu Xiangjun's condition?"

Zhao Ji looked at Ying Zheng and shook her head.

"No, Zheng'er, Mr. Wu Xiang didn't put any conditions. I will ask someone to hand over Lao Ai to you later, but you can't kill Lu Buwei. Lu Buwei, you should know his importance, and Lu Buwei also promised to resign from all official positions and return. If you live in a fiefdom and provide for your retirement, don't hold him accountable for some of his faults."

"Really do not have?"

Ying Zheng doesn't believe Zhao Ji's words at all. He now wants to know what that bastard threatened Zhao Ji. As for Lao Ai and Lu Buwei, Ying Zheng is in no mood to pay attention to them now.

"No, you don't have to worry about it. Mr. Wu Xiang is not the kind of person who insists on being against you. You should not offend Mr. Wu Xiang again in the future. This time the matter ends here. I will ask someone to send Lao Ai over. You can leave Yongcheng with your army soon."

Zhao Ji left here immediately after speaking to Ying Zheng.

Zhao Ji is now afraid that Ying Zheng will continue to question her.

Zhao Ji feels that it is too difficult for her as a mother. She used to protect Ying Zheng when he was young, but now when she grows up, Zhao Ji will not only help him seize power, but also guard against his son. After this time, she will no longer care about Ying Zheng.

As for whether Ying Zheng is dead or alive, she doesn't care anymore. From today on, all this has been It has nothing to do with her.

Ying Zheng clenched his fists and saw Zhao Ji leaving without stopping her. Ying Zheng knew that Queen Mother Zhao Ji must have gone back to that bastard Wu Xiangjun, but now he had no way to stop Queen Mother Zhao Ji from leaving. , Ying Zheng and the others' life and death are still in Wu Xiangjun's hands.

"Forbearance, I must avenge this shame."

Ying Zheng looked at Zhao Ji who was leaving angrily and then looked at the viewing platform. As long as he has the ability to deal with that bastard from now on, Ying Zheng will definitely avenge today's humiliation.

Wang Jian and Zhang Han after the arrival of Queen Mother Zhao Ji He lowered his head and never raised it. Just now, they heard what the Queen Mother and King Qin Yingzheng said. Although they also wondered why Lord Wu Xiang let King Qin Yingzheng go so easily.

But when they heard that the Queen Mother did not answer the reason, they also Some guessed that this made them even more afraid to raise their heads. They didn't know whether it was a blessing or a curse to hear these secret words today. On the viewing platform,

Hu Ji came to Su Chen under the protection of the secret guards. Hu Ji saw Su Chen was a little excited. Although she hadn't seen Su Chen for just over a month, Hu Ji was very impressed by this Wu Xiangjun.

When Hu Ji came to Su Chen, she saluted Su Chen and said,

"Hu Ji has seen your Majesty."

Su Chen looked at the charming Hu Ji and hugged her and said with a smile, "Haha Hu Ji, you should call me husband from now on."

"husband...."Husband"

Hu Ji was very happy to be recognized by Su Chen as his wife. This time she was finally relieved. Since Wu Xiangjun accepted her in this way, Hu Ji believed that with her own charm, Wu Xiangjun would not abandon her in the future. Yes.

Su Chen touched Hu Ji's smooth back and said with a smile,

"Haha, madam, you did a good job on the grassland this time. You will still have the final say on the grassland in the future. The purple girl from Zilanxuan in the cold country is also my wife. You can contact each other in the future and help each other if there is anything I need."

"Zi Nu is your sister. There is no need for internal fighting in our family. You should have heard Cui Hao say that my Mrs. Jun is a great master, and you have two sisters who are in the Heavenly Realm. I don't want to see you. If there are any unnecessary fights in the future, I won't care if Concubine Yan handles them in the future."

"Don't worry, husband, I will get along well with my sisters in the future."

Hu Ji was a little surprised when she heard Su Chen's words. Although she didn't know martial arts, she had heard about things in the world.

Cui Hao, the captain of the Netherworld Cavalry, also told her about Su Chen's wife, Concubine Yan, and Hu Ji. The woman beside Su Chen when Ji met on the grassland was also very powerful. At that time, the woman just glanced at her, and Hu Ji was almost frightened to death.

"Well, in the future, you go to Zilanxuan. There are many martial arts secrets there. Some martial arts secrets can keep you young forever. You have to practice hard. If you don't understand anything, you can ask your sister Zinu."

After Su Chen threatened Hu Ji a little, he asked her to go to Zi Nu's place to give her some benefits after this incident.

Su Chen used some martial arts secrets in the system space, but he wanted Zi Nu to discipline her again. Hu Ji, who lived on the grassland, believed that Zi Nu would understand her intention of letting Hu Ji go to her place.

Su Chen took out a red fruit from the system and handed it to Hu Ji and continued,

"Accept this red fruit and eat it after you develop your inner strength. This red fruit will allow you to reach an innate level of cultivation in one fell swoop."

"Thank you husband."

Chapter 330

Hu Ji didn't expect that Su Chen actually had the martial arts secret book of eternal youth, and the box in her hand turned out to be a red fruit. Although she didn't know what the red fruit was, she could eat it as long as she had the inner strength. You can directly advance to Xiantian, which surprised Hu Ji very much.

Hu Ji hugged the box in her arms tightly and said excitedly, "Husband, does Zi Nu sister really have any martial arts secrets that can keep me young forever? Can this Zhu Guo really allow me to directly advance to the innate realm? ?"

"Of course it's true. After this incident, you can go to your Zi Nu sister's Zilanxuan. You will know the truth when you go.

Hu Ji leaned into Su Chen's arms, kissed Su Chen and said happily, "Yeah!" I will go there after this incident. I am very looking forward to the exercises that can keep you young forever. I am afraid that there is no woman who does not want to stay young forever."

Su Chen also liked this bold Hu girl. None of Su Chen's women were as bold as Hu Ji. Maybe Hu Ji was a Hu girl and didn't care much about etiquette.

But these are not considered What, Su Chen came from now. In that era, it was common to be casual in the street. Su Chen didn't care about it.

At this time, Zhao Ji also came back.

Zhao Ji saw a scantily-clad man next to Su Chen. When a very coquettish foreign beauty was in Su Chen's arms, she knew that this must be the Madam Hu Ji that Su Chen had mentioned earlier.

Zhao Ji looked at this shamelessly dressed foreign beauty and had no favorable impression, but these things were not related to her. Relationship.

Zhao Ji is now thinking about how to deceive this bastard Su Chen. After all, she didn't even mention the three million gold. If Su Chen finds out that she didn't tell Ying Zheng this, I'm afraid Su Chen will really Will destroy Ying Zheng.

Zhao Ji deliberately pretended to be relaxed and said to Su Chen,

"Mr. Wu Xiang, Ying Zheng has agreed to your conditions. Now you have Lao Ai sent there. Ying Zheng will give you the gold when he comes back."

Su Chen hugged Hu Ji and looked at Zhao Ji, feeling that something was wrong with Zhao Ji. Didn't Zhao Ji want to yell at him when he came back?

After all, he was extorting three million gold from his son, which was a very large amount. , that is, King Qin Yingzheng is a king, so Su Chen dares to speak like a lion.

But? Why doesn't this Zhao Ji look angry at all when she comes back?

Does Qin State not care about the gold at all?

Is Qin State so rich? Su Chen now feels that he wants less money this time?

Su Chen thinks it is better to blow up Zhao Ji. If Zhao Ji deceives him, wouldn't three million gold be wasted?

Su Chen stared at Zhao Ji and asked ,

"Queen Mother, why do I feel like you are lying to me? Didn't you mention the gold to Ying Zheng?"

Zhao Ji's heart is about to jump out now. She didn't expect that this bastard would guess it right away. This makes Zhao Ji a little flustered. Zhao Ji is now afraid that Su Chen will know that she is deceiving him this time.

Zhao Ji's old story The one who calmed down asked Su Chen,

"Do you think that's possible? Do you think I won't mention this matter to Ying Zheng? You are so suspicious"

"Maybe, after all, I have been deceived a lot, so I have to be more careful."

Su Chen looked at Zhao Ji for a while and felt that it was impossible for Zhao Ji to deceive him about this matter. Zhao Ji still needs his help. She should not deceive him about this matter, otherwise she would have no way to escape from herself. of

"Now, are you going to have Lao Ai sent to Ying Zheng? And let your army make way for King Qin Yingzheng's army to leave the Yongcheng Palace."

"Okay, Wei Zhuang, let someone give Lao Ai to Ying Zheng. Wang Meng, order the Netherworld Cavalry Legion to get out of the way for Ying Zheng."

"knew"

"Yes, Your Majesty."

Wei Zhuang and Wang Meng heard Su Chen's words and went to make arrangements respectively. They also knew that today's matter was over, and there would be no more wars in the future.

Wei Zhuang was going to arrange for someone to escort Lao Ai to Ying Zheng. I was still a little uneasy when I was there. The power of his cheap brother-in-law was quite big in the Eastern Continent.

Su Chen, a shameless bastard, had hundreds of thousands of troops within two months of coming to the Eastern Continent, and they were all powerful. The cavalry and even the Great Qin border troops were subdued by this bastard, which made Wei Zhuang admire this cheap brother-in-law.

Su Chen arranged some things and ignored Ying Zheng's affairs here. He called Wang Yi and the Netherworld Cavalry Wang Meng, the commander of the legion, walked to the palace. Su Chen wanted to give instructions about the Eastern Continent before leaving.

King Qin Yingzheng was angry when he saw that bastard Su Chen ignored him and left with a group of people. His face turned blue.

Ying Zheng did not expect that he, a dignified King of Qin's companion in the Qin Kingdom, would be ignored and even driven out of Yongcheng. King Qin Ying Zheng's hands were shaking a little while holding the Tianwen Sword.

Zhang Han looked at it Looking at Ying Zheng's ugly face, he whispered,

"Your Majesty, Lao Ai has been sent. Let's leave Yongcheng."

Ying Zheng looked at Lao Ai who was tied up and ordered angrily,

"Wang Jian, give me Lao Ai and divide her body into five horses. The nine clans of her family will be destroyed. All Lao Ai's followers will be executed by me. All three of their clans will be wiped out."

"Yes, Your Majesty"

"Zhang Han, return to Xianyang"

"Yes, your Majesty."

Ying Zheng looked at Yong Palace for the last time, then mounted his horse and left with the army. Behind him came the pleading of Lao Ai and Lao Ai's party members, but Ying Zheng ignored it at all. He was just thinking about it now. How to avenge that bastard Wu Xiangjun?

In a room in the Yongcheng Palace,

Su Chen, Wang Yi, Wang Meng, Wei Zhuang, Hu Ji, and Captain Cui Hao sat together to discuss the future deployment of the army.

After Su Chen and the others discussed the matter for a while, Su Chen stood up and ordered,

"Wang Meng, you will go to the grassland from now on. All the more than 300,000 troops on the grassland will be under your temporary command. Cui Hao will be the deputy commander of the Netherworld Cavalry Corps from now on. Together, you can firmly control the grassland Hetao area. Do you have the opportunity to dispatch troops? Power, you can attack the Xiongnu and other tribes on the grassland at will"

"Yes, Your Majesty." Netherworld Cavalry Legion Commander Wang Meng and Ten Thousand Captain Cui Hao immediately saluted.

Su Chen then looked at the old man Wang Yi and ordered,

"Old man Wang, your 14 armies plus the 60,000 troops here are all under your command. From now on, you will take these more than 200,000 troops and deploy them in Jiuyuan County. That will be our territory from now on. Old man Wang, that Hengyi Yes, you observe him. If he sincerely surrenders to us, you can let him be your deputy in the future."

"Yes, Your Majesty."

Wang Yi also immediately saluted Su Chen.

Wang Yi didn't expect that this bastard Su Chen trusted him so much. Those 60,000 troops were very elite, especially the 30,000 Netherworld Cavalry Corps inside, which were the elite among the elite. This made Wang Yi even more optimistic about Su Chen.

Su Chen looked at his expressionless brother-in-law Wei Zhuang and said,

"Wei Zhuang, the net will be handed over to your sister from now on. This is the token of the White Armored Army of the Cold Kingdom. From now on, the hundred thousand White Armored Army will be under your command."

"Huh, I understand."

Wei Zhuang was a little confused when he took the token of the Baijia Army.

"White Armor Army"?

Isn't that the army of the Blood-clothed Marquis Bai Yifei?

The White Armor Army is the most elite army in the Han Kingdom. When did this bastard conquer the Baijia Army?

"Wang Meng, old man Wang Yi, your army will all obey Madam Hu Ji's orders from now on. Wei Zhuang, you only need to obey your sister's orders."

"Yes, Your Majesty"
