### Chapter 3211

Angel Yan stared at Ge Xiaolun coldly,

Expel the angels?

She didn't agree to help the earth, but Ge Xiaolun wanted to expel her and the angels from the earth?

Wrong,

She was wrong,

Angel Yan did it for Ge Xiaolun,

She asked the angels to help the earth fight against the Taotie, and hundreds of angel sisters sacrificed on the earth,

In order to help Ge Xiaolun,

Angel Yan ignored the opposition of the old angel and wanted to give the Sky Blade No. 7 to Ge Xiaolun,

What happened in the end?

Angels no longer help the earth,

Ge Xiaolun actually said to expel the angels.

[Angels can only rely on angels. ]

Angel Yan thought of Su Chen's words,

She regretted even more,

Angel Yan sacrificed hundreds of angel sisters for Ge Xiaolun and for the male god,

Is it worth it?

Not worth it,

Not worth it at all,

Angel Yan failed to live up to Queen Kesha's trust, and she is not worthy of being the queen of angels.

Angel Qingqing pulled Angel Yan and said, "Sister Yan, let's go back to the Angel Nebula. The Earth is not worthy of our angels' help. We 27 angels can no longer help the Earth."

"Sister Yan, the people on Earth are selfish. We angels can't help such a race."

"Yes, we sacrificed hundreds of sisters to help the Earth. The ungrateful people on Earth want to expel us. Such a race is not worthy of our angels' help."

"Sister Yan, let's leave the Earth. The Tianji King's order not to help the Earth is right."

"The Earthlings are ungrateful. Let such a race fend for themselves."

"Sister Yan, please give the order to return to the Angel Nebula. We will not help the Earth anymore."

The angels in the team said to Angel Yan one after another,

The angels were very angry,

The angels sacrificed hundreds of angels to help the Earth,

In the end, the Earthlings want to expel the angels. Such a selfish race is more disgusting than the devil.

The angels will not help the earth anymore.

If Angel Yan wants to help the earth, the Angel Team will violate Angel Yan's order and return to the Angel Nebula.

Qilin said hurriedly, "Angel Yan, Ge Xiaolun said that in anger. Please forgive me and the angels."

Liu Chuang and Sun Wukong looked at Angel Yan.

They didn't have the face to speak.

What Ge Xiaolun said made them very angry. Angel Yan's decision was related to the life and death of the earth, but they didn't have the face to ask Angel Yan to continue to help the earth.

Lian Feng clenched his fists expressionlessly.

Ge Xiaolun?

The power of the galaxy?

A stupid idiot.

Lian Feng was very disappointed with Ge Xiaolun. No, she was very angry with Ge Xiaolun.

Since the Taotie invaded the earth,

What has Ge Xiaolun done for the earth?

Battle of Tianhe,

Ge Xiaolun escaped during the war. In the subsequent wars, Liu Chuang and Qilin tried to stop the invasion of Taotie everywhere.

GeWhere is Xiaolun?

Learn!

Learn!

Still learn!

Perhaps if Ge Xiaolun learns angel technology, he will play a greater role in future wars.

But now,

The angels were recalled by Su Chen,

Ge Xiaolun's Xiongxin was not completed,

The angels no longer helped Ge Xiaolun, no longer helped the earth, and Ge Xiaolun was equivalent to being useless.

Ge Xiaolun was so ungrateful that he wanted to expel the angels. Did Ge Xiaolun's conscience get eaten by a dog?

Lianfeng stroked her hair and thought, [I am not an earthling either. If I no longer help the earth, will Ge Xiaolun, or other earthlings, also expel me from the earth? ]

At this moment,

Angel Yan contacted Angel Zhixin,

She will no longer help the earth, let alone Ge Xiaolun,

Male god?

From now on, (to read the exciting novels, go to Faloo Novel Network!)

Angel Yan has no male god, and she will no longer regard Ge Xiaolun as a male god.

"Zhi Xin, is Su Chen by your side? I have something to say to Su Chen."

[Sister Yan, Su Chen is by my side. ]

Angel Yan frowned and asked, "Not here? Where did Su Chen go?"

"This... this..."

In Tianren No. 7,

Angel Zhi Xin was embarrassed and didn't know how to answer,

Su Chen and Angel Leng had a romantic time, and she couldn't tell Angel Yan.

Angel Zhi Xin asked helplessly, "A Zhui, how should I answer Sister Yan?"

"I don't know, don't ask me."

Angel Zhui waved his hand hurriedly,

How to answer Angel Yan?

She didn't know how to answer Angel Yan,

In another world,

Su Chen was Angel Yan's idol,[]

If Angel Zhui said that Su Chen and Angel Leng were fooling around, Angel Yan would probably hate Su Chen even more. Angel Zhui didn't want the relationship between Angel Yan and Su Chen to get worse.

Angel Zhixin rubbed his forehead and said, "A Zhui, I don't know how to answer Sister Yan either."

Angel Zhui shouted angrily, "Su Chen is so hateful. It's been more than an hour, and he hasn't come back yet."

Angel Zhixin blushed,

What do you mean more than an hour has passed?

Su Chen and Angel Leng had been gone for two hours.

It was too much.

Angel Zhixin thought of Su Chen harming Angel Leng, and she couldn't help but want to teach the shameless scum a lesson.

Especially since Su Chen was her idol,

Angel Zhixin thought of Su Chen harming her in the same way in the future, and she blushed and decided not to be alone with Su Chen.

Swoosh!

Su Chen instantly appeared beside Angel Zhixin and said, "Zhixin, how did I go too far?"

"Shameless scum."

Angel Zhixin hurriedly left Su Chen's side.

She was worried that Su Chen would do something to her, and she was even more worried that Su Chen would hug her in front of many angel sisters. She.

Su Chen curled his lips and said, "I am shameless, Zhixin, don't forget that I am your male god, our match is 100%."

"790 you....."

Angel Zhixin's face turned red and she couldn't say anything. She had nothing to say to the shameless Su Chen,

Match is 100%?

The angels of Tianren No. 7, and her master Hexi, maybe all the angels and Su Chen have a 100% match,

Male god?

Is Su Chen her male god?

Does Angel Zhixin dare to compete with her master Hexi for male god?

The surrounding angels and Angel Zhui all smiled,

They knew that what Su Chen said was true.

But Su Chen was shameless to say this to Angel Zhixin, and they all thought that Su Chen was too thick-skinned.

At this moment,

After Su Chen checked in the knowledge treasure house,

He didn't expect that Ge Xiaolun and Angel Yan had a falling out, and Ge Xiaolun was ungrateful and wanted to expel the angel.

Su Chen hugged Angel Zhui's waist and communicated with Angel Yan's communication code, "Angel Yan, do you regret it?"

Angel Zhui blushed and struggled hurriedly, "Su Chen, let me go."

Su Chen smiled, "A Zhui, don't be stingy, I like to hug your waist."

"You are so shameless."

Angel Zhui glared at Su Chen in shame and anger,

She didn't struggle anymore,

The feeling of Su Chen holding her made her very fascinated, and she also liked to smell the smell of Su Chen very much.

[Su Chen, I regret it, you are right, angels can only rely on angels, I accept the arrest of Tianji King to return to Melo Heaven. ] .

Chapter 3212

Earth,

Angel Yan held her hands tightly,

She regretted it,

She would rather be caught and taken back to the Angel Nebula than see Ge Xiaolun's ugly face.

[Yan, I'll wait for you in Melo Heaven. ]

Angel Yan said in a cold tone, "I will go to Melo Heaven, Su Chen, I also want to know who you are."

[I am your male god, don't refute, I'm telling the truth, you will know everything when you come to Melo Heaven, come quickly, my wife Angel Yan. ]

"Asshole."

Angel Yan wanted to kill Su Chen,

Male god?

Wife?

How could she have a scumbag male god, how could she be the wife of a scumbag.

But,

Angel Yan thought of He Xi, Angel Zhi Xin, Angel Zhui, Angel Leng, Angel Alan, how could they be with the scumbag Su Chen?

Let's not talk about Tianji Wang Hexi,

Other angels hate Tianzha very much,

Angel Yan believes that Angel Zhixin and the other girls will not betray angels. Is there any hidden secret in this?

Boom boom boom~

Suddenly,

Dozens of huge warships appeared in the sky, and these warships and Taotie warships attacked each other.

Sun Wukong said hurriedly, "The Lieyang Star battleships, I saw these battleships a thousand years ago."

Liu Chuang asked doubtfully, "Is the Yang Star here to help our Earth 3?"

Ge Xiaolun said excitedly, "Chuangzi, the Lieyang Star must be here to help our Earth. Don't forget that our Xiongbing Company's captain is Reina, and Sister Na is also the Lord of the Lieyang Star. I guess Sister Na ordered the Lieyang Star to help the Earth."

Lianfeng and Qilin looked up at the sky without saying anything,

They thought of what Su Chen said,

Su Chen said that the Earth would not only be invaded by Taotie, but also by Lieyang Civilization, Demon Civilization, Sky Scum, and Triangle.

They guessed that the Lieyang Civilization was not here to help the Earth, and that the Lieyang Civilization might also be here to invade the Earth.

Angel Qingqing couldn't help but sneered, "Idiot Galaxy Power."

Earlier,

When Angel Qingqing and Angel Yan arrived on Earth, they discovered the Lieyang Star battleships in outer space.

The Lieyang Civilization advocates peace and prosperity for the country and the people,

But will the Lieyang Civilization really advocate peace and prosperity for the country and the people?

A thousand years ago,

The Lieyang Civilization invaded the Earth,

Is this peace and prosperity for the country and the people?

Angel Qingqing guessed that the Lieyang Civilization was going to invade the Earth, and the idiot Ge Xiaolun thought that the Lieyang Civilization was coming to help the Earth. The idiot Ge Xiaolun's galactic power was not worthy of Angel Yan.

Ge Xiaolun shouted with a dark face, "Angels, you can leave the Earth, Angel Yan, we have no relationship from now on, and the Earth will not welcome angels to come."

Angel Qingqing and other angels took out the flaming swords,

Ge Xiaolun repeatedly wanted to expel the angels, and they couldn't help but kill the ungrateful Ge Xiaolun.

Angel Yan waved to the angels, "Ge Xiaolun, Angel Yan, We will leave the earth, remember your words, I hope you will not regret saying the words to expel the angels. "

Qilin said hurriedly, "Angel Yan, we will not expel the angels, you should not listen to Ge Xiaolun's one-sided words, Ge Xiaolun has no right to expel the angels."

Lianfeng shouted angrily at Ge Xiaolun, "Ge Xiaolun, shut up, you are just a soldier, if you dare to talk nonsense again, I will expel you from the Xiongbinglian."

Liu Chuang stared at Ge Xiaolun and shouted, "Xiaolun, are you crazy?"

Sun Wukong and others looked at Ge Xiaolun,

What Ge Xiaolun said was too ungrateful, they were very disappointed with Ge Xiaolun.

Angel Yan said with a cold face, "Qingqing, we leave the earth and return to the Angel Nebula."

"Yes, Sister Yan. "

Angel Yan took the angels and flew into the sky.

She didn't want to say anything more.

Earth?

Let the earth fend for itself.

Angel Yan will not help the earth anymore.

Even if she regains her status as the Queen of Angels, Angel Yan will not let the angels sacrifice for the earth.

Ge Xiaolun saw Angel Yan taking the angels away.

He didn't regret it at all.

The angels no longer helped him or the earth. It was not wrong for Ge Xiaolun to let the angels leave the earth.

(cieh)Besides,

He liked Rose.

Angel Yan would not bother him anymore if she left the earth. Ge Xiaolun could be with Rose.

Lianfeng said with a serious face, "Ge Xiaolun, you are expelled from the Xiongbing Company. The Xiongbing Company will not need you in the future. Leave the black armor and weapons and you can leave."

Ge Xiaolun asked angrily, "Why? Commander Lianfeng, why did you expel me? " (To read the exciting novels, go to Faloo Novel Network!)

"Why? Ge Xiaolun, what contributions have you made since joining the Xiongbing Company? What wars have you participated in? Answer me?"

"I participated in the Tianhe War, but I didn't participate in any wars because I had to study and research the Xiongxin."

Lian Feng showed a disdainful expression and sneered, "Tianhe War? Did you participate in the Tianhe War as a deserter? Don't say you returned to the battlefield. You were warned by Dukao at that time that you would be executed if you didn't return to the battlefield."

"You...I.... "

Ge Xiaolun avoided Lianfeng and others.

During the Tianhe War,

Ge Xiaolun was a deserter.

He returned to the battlefield only after Dukao warned him.

Dukao was killed on the Giant Hero.

Ge Xiaolun thought no one would know this. He didn't expect Lianfeng to know this.

Liu Chuang and Qilin saw that Ge Xiaolun couldn't refute it.

They understood that what Lianfeng said was true.

Liu Chuang and Qilin wanted to speak for Ge Xiaolun. They didn't want to pay attention to Ge Xiaolun at this moment.

Swoosh!

Suddenly, []

A blue-skinned man appeared next to everyone.

"Teacher Ryze."

Qilin and others sawThe blue-skinned people were very surprised.

Since the Taotie invaded the earth,

The teachers and instructors of the Super Seminary disappeared. They didn't expect Ryze to appear at this time.

Ryze stroked his beard and said, "I'm here to inform you that the Lieyang civilization has begun to invade the earth. You will have a great responsibility in the future."

Liu Chuang asked in surprise, "What? Lieyang civilization invaded the earth? Teacher, didn't Lieyang civilization come to help the earth?"

Ryze nodded and replied, "Liyang civilization is here to invade the earth, I am very sure of this."

Ge Xiaolun said at a loss, "How could this happen? How could Lieyang civilization invade the earth? How could Sister Na let Lieyang civilization invade the earth."

Lianfeng and Qilin were not surprised.

They had previously guessed that Lieyang civilization was here to invade the earth.

Liu Chuang and others looked up at the sky with complicated expressions. They had previously thought that Lieyang civilization was here to help the earth.

Wrong,

They are all wrong,

The Lieyang civilization went to war with the Taotie in order to invade the Earth.

Lian Feng said with a cold face, "Teacher Ruiz, I want to expel Ge Xiaolun from the Hero Company, do you agree?".

Chapter 3213

"What? Expel Ge Xiaolun? No, Ge Xiaolun cannot be expelled." Ruiz was very surprised to hear Lianfeng's words.

He couldn't figure it out.

Lianfeng clearly knew the importance of Ge Xiaolun, why did he want to expel Ge Xiaolun?

Ge Xiaolun was an important person to be trained by the Super Seminary.

Not to mention that he couldn't expel Ge Xiaolun, even the elders of the Super Seminary couldn't expel Ge Xiaolun.

Lianfeng said angrily, "Teacher Ruiz, Ge Xiaolun is not worthy of being a super soldier of the Hero Company. Not to mention other things, just now, Ge Xiaolun actually expelled angels. How can such an idiot protect the earth?"

Ryze opened his eyes and asked hurriedly, "Lianfeng, what did you say? Ge Xiaolun expelled angels? Is this true?"

"Yes, everyone else can prove it."

"Damn it."

Ryze saw Liu Chuang and others nodding,

He glared at Ge Xiaolun angrily, "Six, Eight, Seven",

Expelling angels?

Super Seminary did not dare to expel angels,

Although Queen Kaisha has fallen,

But the Angel Nebula still has the Sky-Base King Hexi, and angels are still the top civilization in the universe civilization.

The most important thing is,

The Super Seminary wants to use the angels' top technology,

Ge Xiaolun has angel genes,

If Ge Xiaolun gets the angels' top technology, Ge Xiaolun will grow up quickly.

Now,

Ge Xiaolun did not get the help of the angels to complete the void engine, and the earth did not get the angels' top technology,

Ge Xiaolun actually expelled the angels,

Does the idiot think he is the main god of the earth?

Ryze wanted to crush the idiot Ge Xiaolun to death at this moment.

"Ge Xiaolun, you are an idiot. Without the help of angels and the top technology of angels, you are a waste."

After Ruiz angrily scolded Ge Xiaolun, he said to Lianfeng, "Lianfeng, I am leaving the earth to report this matter to the elders of the academy. Ge Xiaolun will stay in Mangdangshan first."

"This... okay."

Lianfeng walked with a frown and nodded,

What does Ruiz mean?

Super Seminary needs angels to help Ge Xiaolun develop the Xiongxin? Super Seminary also wants to get the top technology of angels?

Conspiracy?

Lianfeng felt the conspiracy,

She guessed that Super Seminary was not only for the purpose of training Ge Xiaolun, but the real purpose of Super Seminary should be the top technology of angels.

Swoosh!

Ryze quickly took off and flew towards outer space.

He was angry and helpless at the moment.

Ryze had just returned to Earth and left within an hour. He hated the stupid Ge Xiaolun.

Ge Xiaolun was stunned and stood there.

He didn't expect that Teacher Ryze would call him an idiot.

Didn't the teachers and instructors of the Super Seminary have high hopes for him? Didn't they say good things to him before?

He was just an expelling angel.

Why did Lianfeng expel him from the Xiongbing Company? Why did Teacher Ryze? Why would he be angry and scold him?

Ge Xiaolun couldn't figure it out.

He felt that expelling the angel was not wrong.

He couldn't understand why Lianfeng, Ryze, and Liu Chuang scolded him?

Sun Wukong said with a serious face, "Lianfeng, I think the Super Seminary has a conspiracy. I will no longer have anything to do with the Super Seminary. I will protect the earth in my own way."

Lianfeng nodded and said, "I understand."

Sun Wukong nodded to Lianfeng and Liu Chuang.

He quickly disappeared from the crowd.

Sun Wukong no longer believed in the Super Seminary. He would do his best to protect the earth.

Lian Feng said to everyone, "Everyone go back to Mangdangshan first. I will contact Lena and then assign tasks."

"Yes, Chief Lian Feng."

In the universe,

Tianren 7 flew quickly to the Angel Nebula,

Su Chen did not let Tianren 7 use the Big Bug Bridge to return to the Angel Nebula,

He wanted to arrive at the Angel Nebula at about the same time as Morgana and Angel Yan.

Angel Zhixin smiled and said, "Su Chen, Sister Yan is returning to the Angel Nebula."

"I know, the female gangster has woken up." Su Chen hugged Angel Zhui and nodded,

What happened to Angel Yan,

Su Chen checked it clearly, (to read the violent novel, go to Feilu Novel Network!)

Stupid Ge Xiaolun is not bad,

Expel the angel?

The teachers and instructors of the Super God Academy will be mad when they know it.

Su Chen thought that without the angels to help Ge Xiaolun develop the Xiongxin, the Earth did not get the angel technology.

What will the super seminaries of various civilizations in the universe do?

Continue to hide behind the scenes?

Or stand up and help Ge Xiaolun?

Angel Zhui blushed and said angrily, "Su Chen, let me go."

Su Chen kissed Angel Zhui's tender red lips and smiled, "Why let me go? I am your male god, you are my woman, I like to hug your sexy waist....."

"You are so shameless."

Angel Zhui shyly lay in Su Chen's arms,

Just for a while,

She felt physically and mentally happy when Su Chen hugged her,

If Su Chen did not touch her body, kiss her, or touch her long legs, and there were no other angels around, Angel Zhui would not mind being hugged and kissed by Su Chen,

Su Chen was her male god,[]

Angel Zhui also liked the feeling of being hugged by a male god.

Angel Zhixin blushed and turned around quickly.

She didn't expect Su Chen to kiss Angel Zhui.

But,

Why did Angel Zhixin feel envious of Angel Zhui? She actually wanted Su Chen to hug her and kiss her.

The other angels in the control room of Tianren No. 7 blushed and whispered to each other.

Some angels saw Su Chen kissing Angel Zhui.

They all showed envious expressions.

After a while,

Angel Zhixin asked in confusion, "Su Chen, the Lieyang civilization invaded the earth, and the Death God card Will there be a war between you and Lieyang Civilization?"

Su Chen shook his head and replied, "No."

"Why?"

"Death God Carl is not going to occupy the earth. He has other purposes for letting Taotie invade the earth."

Angel Zhixin asked curiously, "Purpose? What purpose?"

Angel Zhui and other angels looked at Su Chen. They all wanted to know what Su Chen meant.

Su Chen touched Angel Zhui's smooth long legs and said, "There are 0.2 Pangu civilizations on the earth. Death God Carl and Super Seminary are afraid of the void and have been looking for Pangu civilization on the earth for thousands of years."

Angel Zhui grabbed Su Chen's hand and asked, "Pangu civilization? What is Pangu civilization?"

"I will tell you later. You just need to know that Pangu civilization is more powerful than any civilization in the known universe. "Su Chen doesn't know if there is Pangu civilization in this world.

However,

Super Seminary and Death God Carl are both interested in the Earth. Su Chen guessed that there should be Pangu civilization on Earth.

Pangu civilization?

Honghuang Immortal Realm?

If there is Pangu civilization in this world, will there be a space channel leading to Honghuang Immortal Realm on Earth?

[Su Chen, the scumbag, I found something extraordinary, do you want to know?]

Su Chen heard Morgana's words and asked curiously, "Morgana, what extraordinary thing did you find?" .

Chapter 3214

Angel Zhui and Angel Zhixin looked at Su Chen,

Morgana?

Why did the Demon Queen contact Su Chen again? And what great thing did Morgana say she found?

[Tian Za, I found that the Lieyang Civilization invaded the Earth. You definitely didn't expect this. ]

"Morgana, I'm sorry, I just heard Angel Yan say that the Lieyang Civilization invaded the Earth."

Su Chen didn't expect Morgana to be talking about this. Would he not know that the Lieyang Civilization invaded the Earth?

However,

Morgana was very strange,

The Demon Queen would not tell him this secret for no reason,

Su Chen guessed that Morgana had something to ask him, after all, the Demon Queen would not get up early for nothing.

"Bitch, damn little bitch."

On a planet,

Morgana kicked the boulder next to her angrily,

Angel Yan?

She didn't expect Angel Yan to be on Earth. Wasn't Angel Yan on Fred Star guarding Enesid?

Rose said speechlessly, "Morgana, don't be angry. I think Tian Zha will agree to you taking me to the Angel Nebula."

Morgana waved her hand and said, "You don't understand. You can't just enter the Melo Heaven in the Angel Nebula. The Angel Gate will conduct an atomic test. Without the angel gene, you can't enter the Angel Gate."

"Can Tian Zha Su Chen pass through the Angel Gate?"

"I don't know. Tian Zha Su Chen is too weird. I guess he can pass the Angel Gate atomic test."

"Morgana, just tell Tian Zha that I want to go to the Angel Nebula. I think Tian Zha Su Chen will agree to you taking me to Melo Heaven."

"I'll think about it."

Morgana frowned helplessly.

Will Su Chen agree?

She guessed that the scumbag Su Chen would agree, but the shameless scumbag would definitely put forward excessive conditions to her.

These days,

Morgana has been in secret contact with Su Chen,

She wanted to know Su Chen's true identity, but Su Chen either teased her or wanted to see her seductive body. Morgana was so angry that her chest was about to burst.

"Morgana, will the angels still help the earth?" Qiangwei asked with a sad expression while sitting on the stone,

After the angels left the earth,

The Xiongbinglian could not resist the invasion of Taotie,

The Lieyang civilization also began to invade the earth,

How could the earth prevent the invasion of two cosmic civilizations,

The earth would be divided by Taotie and Lieyang civilization, and the people on earth would either be killed or become slaves.

Morgana straightened her chest and said proudly, "No, if Angel Yan is the queen, the stupid Angel Yan will help the earth. Now the Angel Nebula is controlled by He Xi, and there is also the scum Su Chen, they will not let the angels help the earth."

Rose asked hurriedly, "What about the devil? Morgana, can your devil help the earth?"

"Oh my god, Rose, are you dreaming? Will the devil save people?"

Morgana was speechless to Rose,

Devil So it is a demon, because demons kill and destroy everywhere.

Will demons save humans?

Morgana believes that demons will kill humans and will not save humans.

Besides,

Humans on Earth have too many desires, greed, lust, war, and murderous nature. Morgana guessed that if the Earthlings become stronger, they will be more like demons than demons.

Rose held Morgana's hand and said, "Morgana, you can order the demons to save the earth."

"Rose, I won't order the demons to save the earthlings. You should understand why."

"I... I understand."

"Rose, the earthlings have too many selfish desires. You have also seen the humans who have turned to the demons. In order to live forever and become stronger, those humans can be said to be doing all kinds of evil, even more cruel and tolerant than the demons."

"I know."

Rose nodded with a complicated expression. There are many humans on earth who want to turn to the demons.

No,

I am afraid that one-third of humans want to turn to the demons.

Since the Taotie invaded the earth,

The people of various countries on earth have no legal constraints. Rape, murder, theft, and the desires of the earthlings are released.

The nature of the earthlings is exposed.

It is a light description to describe the earthlings as doing all kinds of evil. Some earthlings can be said to be unforgivable.

Earthlings are extremely cruel to their own kind.

If Earth becomes a cosmic civilization,

Rose guessed that Earthlings would wreak havoc on other planets and abuse and kill the creatures on other planets.

Seeing Rose thinking, Morgana said to Su Chen in the genetic communication, "Heavenly scum, I want to take Rose to the Melo Heaven, do you agree?"

[I agree, but you have to send me some of your sexy nude photos. ]

"Bitch, you're dreaming."

[Morgana, I know your body very well, you should have understood it a few days ago, and I'm your male god, so your body is nothing to me. ]

Morgana clenched her fists angrily,

Su Chen is too shameless,

Male god?

Morgana is the demon queen,

Does she need a male god?

Even if she has a male idol, it will be Rose. Morgana will not be interested in any male.

It's just that,

Su Chen knows her very well,

Her physical characteristics,

Her sensitive parts,

How come Su Chen knows all the secrets that her sister Kaisha doesn't know?

Morgana can't figure it out,

How can Su Chen know everything about her?

In Sky Blade No. 7,

Su Chen stroked Angel Zhui's slim waist and smiled, (To read the exciting novel, go to Faloo Novel Network!)

In the past few days,

He was about to drive Morgana crazy. Su Chen deliberately mentioned Morgana's physical characteristics and sensitive parts.

Morgana has too deep feelings for Rose,

Su Chen doesn't want Morgana to become a lesbian. He wants to change Morgana's special hobby..

As long as Morgana arrives at the Melo Heaven,

Su Chen will eat the sexy Morgana directly,

He wants Morgana to understand who is her male god, and he also wants Morgana to completely give up her special feelings for Qiangwei.

Su Chen thought for a while and said, "Zhi Xin, inform your master that the Lieyang civilization has invaded the earth. The scumbag may take some action. Ask your master (good Zhao Zhao) to check where the scumbag is."

Angel Zhi Xin smiled cunningly and asked, "Su Chen, why don't you contact my master?"

"Your master ignores me."

"Tsk, if you are not so shameless, why would my master pay attention to you."

Su Chen pouted and threatened, "Zhi Xin, you are a bit naughty, should I take special care of you?"

"No, I will notify my master immediately." Angel Zhi Xin quickly retreated and said hurriedly,

Special care?

Would Angel Zhixin dare to ask Su Chen to take special care of her? []

She didn't want Su Chen to hug her and kiss her in front of so many angels, and she didn't want Su Chen to eat her like he ate Angel Leng.

Su Chen made a wait-and-see gesture to Angel Zhixin, and said to Angel Zhui in his arms, "A Zhui, contact Angel Yan, we will wait for her to arrive at Da Chong Bridge outside the Angel Nebula."

Angel Zhui asked doubtfully, "Su Chen, you have offended Sister Yan, will Sister Yan join us?".

Chapter 3215

"Azhui? How did I offend Angel Yan? I scolded Angel Yan and he will definitely come to see me."

Su Chen shook his head while drinking.

Offended Angel Yan?

Su Chen was angry a few days ago and wanted to spank Angel Yan. If Angel Yan still didn't repent, he would be very disappointed with Angel Yan and he would give up on Angel Yan in this world.

Angel Zhui rolled his eyes at Su Chen.

She hurriedly contacted Angel Yan.

Angel Zhui hoped that Angel Yan and Su Chen would reconcile.

At least after Angel Yan and Su Chen reconciled, Su Chen would no longer harass her, hug her and kiss her.

Two days later,

Angel Alan brought a team of angels to Sky Blade No. 7.

Three days later,

Morgana brought Rose to Sky Blade No. 7.

The angels on Sky Blade VII were hostile to Morgana, but Morgana, who was thick-skinned, didn't care about the angels' hostility.

In a room,

After Su Chen talked with Morgana for a while, Morgana stared at Su Chen with a surprised expression.

The information Su Chen said was too shocking,

Are there other worlds outside this world?

Or is it a world with the same origin as this world, with the same historical process and characters.

Morgana asked in shock, "Tian Zha, is everything you said true?"

Su Chen touched Morgana's plump body and nodded, "It's true, you can regard the other world as a mirror world, you are you, you and the other Morgana are the same two people."

"Mirror world? The same two people?"

Morgana showed a confused expression,

Mirror?

The same two people?

Is it possible?

She is Liang Bing, the Apocalypse King of the Angel Nebula, and she is also Morgana, the Demon Queen.

What about Liang Bing?

Which of them is real?

Who is the mirror image?

"Morgana, I tell you this to let you know that the Chaos World is very large, and there are countless small worlds. Your world is just a speck of dust in the Chaos World."

Morgana slapped Su Chen's hand away and asked, "Su Chen, what is your identity? What is your relationship with the other Morgana? Why did you appear in my world?"

"My knowledge treasure house has the answers you want to know. You can connect to my knowledge treasure house and check it out yourself."

"Okay."

Morgana hurriedly connected to Su Chen's knowledge treasure house.

She wanted to know everything about Su Chen.

She also wanted to know the relationship between Su Chen and the other Morgana, and she also wanted to know what the Chaos World is.

Su Chen held Morgana and frowned as he looked into the universe.

Someone was checking on him earlier.

Who could it be?

Su Chen possessed all the power of Kesha. No one in the universe could escape his inspection.

Hmm?

Space Principal Jilan?

Su Chen thought of Space Principal Jilan. Jilan said that he wanted to understand how the void could be transformed into cosmic consciousness.

Really?

An old shaman hiding behind the scenes,

The space principal turned into cosmic consciousness, Su Chen guessed that Jilan was either afraid of the void or was planning something.

Swoosh!

Su Chen disappeared in the room instantly,

If the person checking him was the space principal, Su Chen would kill the space principal.

[A Zhui, Leng, Zhixin, Alan, the space principal is secretly checking me, I will kill the space principal, after Angel Yan arrives, you go to Melo Heaven first. ]

Su Chen left a message to Angel Zhui and the other girls, and disappeared instantly in Tianren No. 7.

If the person checking him just now was Space Principal Jilan,

Su Chen would kill the old shaman.

Angel Zhui, Angel Leng, Angel Zhixin, and Angel Alan were stunned,

Su Chen is going to kill Space Principal Jilan?

What's going on?

The space principal has turned into cosmic consciousness, why did Su Chen want to kill the space principal Jilan?

Angel Zhui: "Why did Su Chen want to kill the space principal?"

Angel Zhixin: "A Zhui, Su Chen just said that the space principal was secretly checking on him. I guess the space principal has bad intentions, so Su Chen wants to kill the space principal."

Angel Alan: "Yes, the space principal has turned into cosmic consciousness. It stands to reason that he is no different from being dead, but why did he check on Su Chen? I guess there is some conspiracy for the space principal to turn into cosmic consciousness."

Angel Leng: "I say, do you guys have to guess? Su Chen's knowledge treasure house should have information about the space principal. If we check it out, won't we know the reason?"

The three girls of Angel Zhui looked at Angel Leng,

They forgot about the knowledge treasure house,

But,

How could Angel Leng think of the information in the knowledge treasure house? Is Angel Leng still a fiery angel who doesn't like to use his brain?

0 Ask for flowers

Angel Leng asked nervously, "Why are you all looking at me?"

Angel Zhixin smiled and said, "Sister Leng, after you got your male god, I found that you have changed a lot."

"I have changed? Have I become more beautiful?"

"Sister Leng, you have become more beautiful, and your figure is more sexy and attractive."

Angel Zhui and Angel Alan smiled and nodded,

They knew that Angel Leng had had a relationship with Su Chen, and Angel Leng had been resting with Su Chen these days.

After Angel got her male god,

She became more beautiful, sexy and attractive.

Angel Leng looked at the three girls of Angel Zhui speechlessly, and she understood what the three girls meant.

But she doesn't care, (to read the exciting novels, go to Faloo Novel Network!)

Su Chen is her male god,

She is also Su Chen's woman,

Angel Leng likes Su Chen because she likes him, she won't be as reserved as the women on Earth who dare not admit it.

Besides,

If Angel Leng doesn't get together with Su Chen first, Angel Yan will probably get together with Su Chen first.

Angel Leng in another world, she is Su Chen's first guardian angel,Angel Leng will also become Su Chen's first guardian angel.

Angel Leng waved his hand and said to the three girls of Angel Zhui, "Let's check the information of the space principal in the knowledge treasure house first. After Angel Yan arrives, we will go to Melo Heaven."

"Okay."

Next to him,

Rose is out of tune with the angels. She sat aside waiting for Morgana to arrive.

[Why did Su Chen go to kill the space principal? Where is Morgana? Why didn't Morgana come out? ]

Rose frowned and thought,

She had heard the conversation between Angel Zhui and the others before,

Su Chen went to kill the space principal, []

Morgana couldn't leave with Su Chen, and Rose didn't understand why Morgana didn't come out.

And Su Chen,

Su Chen looked at her with a very strange look before,

Why did Rose feel that Su Chen knew her? She saw love, care, and love in Su Chen's eyes.

Qiangwei had never seen Su Chen,

Why would Su Chen look at her like that?

An angel saluted Angel Alan and said, "Report to the right wing guard, we found Angel Yan and his angels approaching Sky Blade No. 7."

Angel Alan ordered, "Angel Xue, notify Angel Yan to enter Sky Blade No. 7."

"Yes, right wing guard."

Chapter 3216

After a while,

Angel Yan brought the guard angels into Sky Blade No. 7. They were very surprised by the angels in Sky Blade No. 7.

Third-generation angels,

All of them were third-generation divine angels.

An entire angel army was made up of third-generation divine angels,

The Angel Nebula had never appeared before, and no civilization in the universe had ever seen such a powerful army.

Angel Qingqing showed an incredible expression and said, "Sister Yan, in Sky Blade No. 7, except for our young angels, all the other angels resurrected by Su... by the scum of the sky were third-generation divine bodies. How could the scum of the sky have so many resources to upgrade angels?"

Angel Yan nodded silently,

She was very uneasy,

Planet Fred,

Angel Yan met Angel Alan and a team of angels. Angel Alan was a fourth-generation angel, and a team of angels were third-generation divine bodies,

What about now?

Sky Blade No. 7 has a third-generation divine body angel army.

If Angel Yan had not inherited the title of Angel King, she would have been a third-generation divine body like the Angel Legion.

"Sister Yan!"

"Sister Yan!"

Angel Zhui and Angel Zhixin saw Angel Yan coming, and they happily waved and greeted Angel Yan.

Sky 05 Angel Alan nodded to Angel Yan,

Angel Yan had disobeyed Su Chen's orders before, but Angel Yan woke up and realized that she was still the left-wing guard of Queen Kaisha and the former Angel King. Angel Alan would no longer be hostile to Angel Yan.

Angel Leng crossed his arms and mocked, "Hey! Yan, you still have the nerve to come to Tianren No. 7."

Angel Yan nodded to Angel Zhui and others,

She looked at Angel Leng and said, "Leng, Tianren No. 7 is Tianren No. 7 of Melo Heaven, I am an angel, why can't I come to Tianren No. 7?"

"You still know that Tianren No. 7 is Tianren No. 7 of Melo Heaven? If it weren't for Su Chen, Sky Blade 7 would probably be Earth's Sky Blade 7. You sold out the top angel technology for your male god. Are you worthy of Queen Kesha's trust?"

"I was wrong before. I will accept the punishment of the King of Sky Base and apologize to all the angels."

The angel asked coldly, "Apologize? Because of your mistake, hundreds of young angels died in battle. Is your apology useful?"

"I..... "

Angel Yan lowered her head and could not refute Angel Leng,

Angels who sacrificed to protect the earth,

Angels who sacrificed to give the earth Sky Blade No. 7,

Angel Yan felt sorry for them,

Her willfulness caused hundreds of young angels to sacrifice,

Angel Yan will take responsibility for her mistakes, no matter how the King of Tianji punishes her, she will accept it.

Angel Zhui and Angel Zhixin winked at Angel Leng, they hoped that Angel Leng would not ridicule Angel Yan too much.

Angel Leng glanced at Angel Zhui and Angel Zhixin and said, "Yan, what I said may be unpleasant, but I said it for your own good, you should understand."

Angel Yan rolled his eyes at Angel Leng and said, "I understand, Leng. You have become more hateful after your resurrection. I still like you before."

"Hmph, you just don't know how to appreciate kindness."

"Thank you, Leng."

Angel Yan smiled and looked around.

Where is the scumbag Su Chen?

Why is the scumbag Su Chen not here?

And why is Qiangwei in Tianren No. 7? Isn't Qiangwei with Morgana?

Angel Yan asked in confusion, "Zhi Xin, where is the scumbag Su Chen?"

Angel Zhui and Angel Leng, Angel Alan, and Angel Leng, the four girls, were speechless when they heard Angel Yan call Su Chen a scumbag.

Is Su Chen a scumbag?

Uh!

Male angels are all scumbags,

Angel Yan is not wrong to call Su Chen a scumbag,

However,

If Su Chen knew that Angel Yan called him a scumbag, they guessed that Su Chen would teach Angel Yan a lesson.

As for what the lesson will be?

They guessed that Su Chen would hug Angel Yan and caress and kiss her, and Su Chen would let Angel Yan know what a scumbag is.

Angel Zhixin smiled sweetly and said, "Sister Yan, Su Chen went to kill the principal of Space. He asked us to go to Melo Heaven first."

"Kill the principal of Space? The principal of Space has turned into the consciousness of the universe. Why would the scumbag want to kill the principal of Space?"

"Sister Yan, it's a long story. I'll tell you the details later."

"Okay."

At this time,

In the universe,

Su Chen was traveling quickly in the universe,

He sensed a breath leaving quickly,

Su Chen guessed that the consciousness of the principal of Space was escaping, and he wanted to catch up and kill the principal of Space.

Three days later, (for super-cool novels, go to Faloo Novel Network!)

Su Chen was getting closer and closer to the consciousness of the Space Principal,

He didn't know whether the Space Principal had stopped or whether the Space Principal didn't know he was tracking him.

"Space-time prison!"

When Su Chen felt that the distance was about the same, he activated the space-time gene to cover the galaxy.

Su Chen's strength could not imprison the entire universe,

However,

After the space-time gene was evolved by him using the space-time law, Su Chen could still cover a galaxy with the space-time gene.

Su Chen stood in the universe and shouted, "Ji Lan, you can't escape anymore."

"Angel, you are not an angel from this world. You came from another time and space, right?" An old voice came from all directions,

"Didn't you hear it three days ago?"

"Angel, how did you come to this world from another time and space?"

"Ji Lan, before I answer you, I want to know if there is Pangu civilization on Earth?"

"Yes, I found the remains of Pangu civilization in various civilizations in the universe, and all the remains point to the Earth. For tens of thousands of years, I have not found Pangu civilization on Earth, but the Earth is unusual. I guess Pangu civilization is hidden in the Earth."

Su Chen touched his chin and nodded,

Ji Lan guessed the same as him, there should be the prehistoric fairyland on EarthSpace channel 080. []

Interesting,

Su Chen has experienced two super god worlds successively,

The first super god world has a space channel with the prehistoric fairyland, or the space channel of the main prehistoric fairyland.

What about this super god world?

Su Chen doesn't know which period of the prehistoric fairyland this super god world will have a space channel with?

Su Chen pondered and continued to ask, "Ji Lan, why did you give up your body and turn into cosmic consciousness?"

"I gave up my body to study the void, angel, you don't understand, 20,000 years ago, I was almost killed by a void monster. I want to understand the void, I am afraid of being killed by the void monster, I can only give up my body and turn into cosmic consciousness."

As Ji Lan spoke, the galaxy shook,

He was afraid of the void monster,

He turned into cosmic consciousness because he was afraid of being killed by the void monster,

For tens of thousands of years,

Ji Lan did not find Pangu civilization,

If he could not find the technology of Pangu civilization, he could not resist the invading void monsters, Ji Lan had no choice but to turn into cosmic consciousness,

However,

Ji Lan also had a backup plan,

The power of the galaxy,

As long as the Super Seminary cultivates the power of the galaxy, the power of the galaxy is still within his calculations, and Ji Lan will seize the power of the galaxy at the right time.

"Void monster? Jilan, you said you were almost killed by a void monster? What does a void monster look like?"

Chapter 3217

Su Chen was very interested in the void monsters that Jilan mentioned.

In the last super god world,

Su Chen encountered a ferocious beast,

What about this super god world?

Will the void monsters be monsters from other worlds? Or will they be demon beasts from other realms?

Jilan said with a trembling voice, "Angel, you don't need to ask so many questions. With your fourth-generation sacred body, you are not the opponent of the void monsters. No one in the entire universe is the opponent of the void monsters."

"Not necessarily."

"I won't lie to you."

"Since you don't say it, Jilan, I will make you a real nothingness."

"You can't kill me. I have become the consciousness of the universe. No one can kill me."

"Hmph, time is suspended, space is compressed."

Su Chen was too lazy to talk nonsense with Jilan. He might as well go to see the long legs of the angels if he had time.

Boom boom boom~

The galaxy was shaking violently,

One planet after another began to break, a crack appeared in the universe, and the galaxy was squeezed and shrunk rapidly.

"How is it possible? How is it possible? What world are you from? How can you compress the entire galaxy?"

"Space-time distortion."

Su Chen's forehead was sweating as he activated the space-time gene,

At this moment, his fourth-generation sacred body was too weak, and the evolved space-time gene was somewhat powerless to activate.

A quarter of an hour later,

The galaxy was compressed and twisted into the size of a football, and Su Chen's clothes were soaked.

"No~ Don't kill me, angel. I tell you, void monster, we can cooperate to fight against the void."

"Goodbye, Jilan. Space-time strangulation, space cutting."

"No~"

Boom~

The compressed galaxy shattered into nothingness, and Jilan's consciousness also turned into starlight and completely dissipated.

"Huh~, fortunately there are no living creatures in this galaxy, otherwise killing Jilan would probably involve hundreds of billions of lives being killed."

Su Chen wiped the sweat from his forehead and breathed a sigh of relief.

The most powerful Jilan in the Super God World was killed, and Su Chen would not encounter powerful enemies when completing the trial in the future.

At this time,

The main gods of the planets of the cosmic civilization all noticed the vibration of the universe,

Death God Carl,

Liyang Star Emperor Hong Kun and Pan Zhen,

Several elders of the Super God Academy on various planets,

Angel Nebula He Xi,

And Morgana and Angel Yan in Tianren No. 7.

Everyone looked at the universe at the same time. The universe suddenly shook, and all the main gods wanted to know what happened.

In Tianren No. 7,

Angel Yan and Morgana were very surprised after checking,

A huge crack appeared in the universe, as if the universe was torn apart.

Morgana covered the proud mountain and said in surprise, "What is the scum of the sky going crazy? How did killing Jilan tear the universe apart?"

"The scum of the sky is too strong."

Angel Yan's face turned pale,

Su ChenkeTo tear the universe apart.

Kill her?

Angel Yan guessed that Su Chen would kill her easily. She didn't even have the courage to face Su Chen at this moment.

Angel Zhui: "Sister Yan, did Su Chen tear the universe apart?"

Rose: "Morgana, are you telling the truth? Is the universe really torn apart?"

Angel Zhixin: "It should be. The universe is constantly shaking. Morgana said that Su Chen tore the universe apart. Su Chen is extremely powerful."

Angel Leng: "Su Chen is the Emperor of Heaven and the strongest person in the Chaos World. If Su Chen's strength is not sealed, he will come to our world and our world will be shattered and destroyed."

Angel Alan: "Yes, Su Chen is more terrifying than we imagined!"

Angel Qingqing and other angels showed incredible expressions. Although they could not see the scene of the universe being torn apart,

But the universe was torn apart.

These angels dared not even think about it.

Morgana said with a serious face, "What I said is true. There is a huge gap in the universe. I guess it was torn by Tian Zha Sha Jilan."

Morgana wants to cultivate immortality.

Cultivating immortality is much more terrifying than technology.

After Su Chen returned to Tianren No. 7, Morgana pestered Su Chen (ahdj) to teach her how to cultivate immortality.

Angel Yan hurriedly asked, "Zhi Xin, Ah Zhui, why is Tian Zha so powerful?"

Angel Zhi Xin smiled and replied, "Sister Yan, this question is a long story. You can find the answer in Su Chen's knowledge treasure house."

"Can I link to Tian Zha's knowledge treasure house?" (To read the novel, go to Faloo Novel Network!)

Angel Zhui pointed to Angel Leng and Angel Alan and said, "Sister Leng and Sister Alan both have the authority."

Angel Leng said arrogantly, "Yan, beg me, I can authorize you to link to Su Chen's knowledge treasure house."

Angel Yan's face was dark and he didn't want to pay attention to Angel Leng.

Begging Angel Leng?

If it was normal, Angel Yan would ask the angel without hesitation, but Angel Leng was not the only one who could link to Su Chen's knowledge treasure house.

Angel Alan also had the authority.

Why did Angel Yan ask his mortal enemy Angel Leng?

Angel Alan shook his head and said, "Yan, don't look at me. Without Su Chen's order, I won't let you connect to the Knowledge Treasure House."

Angel Leng smiled, "Hehe~ Yan, I forgot that you angered Su Chen before. I'm afraid you can't connect to the Knowledge Treasure House."

Angel Yan rolled her eyes at Angel Leng,

She decided to wait for Su Chen to arrive before connecting to the Knowledge Treasure House,

Since Su Chen asked her to come to Sky Blade No. 7, Angel Yan guessed that Su Chen had forgiven her.

Rose asked, "You said that the universe was torn into a gap. Will the gap form a black hole that swallows the entire universe?"

Angel Yan and Morgana were all stunned,

Yes, []

A gap appeared in the universe,

If the gap forms a black hole that continuously swallows the universe, won't the universe be doomed?

Angel Leng thought about it and said "Su Chen didn't come back. I guess Su Chen will fix the gap in the universe."

Angel Zhixin nodded hurriedly, "That's right. Su Chen is the Emperor of Heaven. He won't let our universe be destroyed."

Everyone else breathed a sigh of relief.

Angel Leng and Angel Zhixin were right. Su Chen would fix the gap in the universe.

Angel Alan ordered, "Angel Xue, order Sky Blade No. 7 to return to Melo Heaven."

"Yes, Holy Right Wing Guard."

Ten days later,

Su Chen rested on a planet, panting.

It took him ten days to fix the torn gap. The universe had been shaking for ten days and now it had calmed down.

Su Chen leaned against a tree and wiped the sweat from his forehead. "Damn it, it's really not a human thing to do. I have never been so tired."

[Ding, host, you deserve it. ]

"Fuck you, girl, are you mocking me?"

[Ding, if you say so, then it is! ]

"You are so unlovable!"

[Ding, host, the system originally wanted to tell you a secret of this world. Since you said the system is unlovable, you can find the secret yourself. ] .

Chapter 3218

Secret?

Su Chen was interested.

What secret was the system chick talking about?

Pangu civilization?

Or did the system discover something in this world?

"Girl, I was wrong just now, tell me what the secret is."

[Ding, the system is unhappy now and doesn't want to tell you. ]

"I'll make up, when will you be happy?"

[Ding, the system will be unhappy within this year. ]

Su Chen's face darkened and he leaned against the tree and closed his eyes.

He was too lazy to pay attention to the system chick now. Su Chen wanted to take a break to recover his tired mental strength.

As for the secret?

Su Chen would find a way to let the system tell him, and the arrogant system would also tell him after being arrogant.

Five days later,

Su Chen was wandering around the desolate planet,

He had nothing to do for the past five days so he kept in touch with the system girl. It can also be said that Su Chen was bored and bickered with the system. "Nine Four Seven"

"Girl, I have been with you for five days. Can you tell me the secret you said?"

[Ding, there is a space channel on Earth. It used to be the space channel of the prehistoric fairyland. After the prehistoric fairyland fell, it was disconnected from the space channel. Later, the space channel was connected to a wild beast world. The void is the so-called wild world. ]

"Wild beast? Girl, how strong is the wild beast?"

[Ding, they are all scum. The strongest one is the golden fairy. ]

Su Chen shook his head speechlessly,

Rubbish wild beasts,

He thought it would be the realm of the Chaos Demon God,

It seems that he thought too much,

The Savage Wild World is just a garbage world, and Su Chen is too lazy to check the Savage Wild Beast World.

[Ding, host, the space channel will be opened in more than a year. At that time, wild beasts will pour out of the space channel, and countless wild beasts will slaughter all the creatures in the Super God World. ]

"System, after the space channel is opened, will the space channel be in the earth? Or in the universe?"

[Ding, the space channel will appear in the outer space of the earth, and wild beasts below the fairy will appear first. After three years, when the space channel is stable, wild beasts above the fairy will come out of the space channel. ]

Su Chen was very helpless lying on the grass,

A year later, the Savage Wild Beasts will invade the Super God World. The wild beasts are the void monsters that Jilan said.

Damn it,

Su Chen felt that he was a disaster star,

He had been to two different super god worlds,

One super god world was about to be invaded by the beast realm, and the other super god world was about to be invaded by the wild beasts. Su Chen couldn't just watch the super god world being destroyed.

The four trial tasks of the second system,

Su Chen killed the space principal Ji Lan,

There were still three tasks to be completed, task one was to kill Ge Xiaolun, task two was to kill the scum Hua Ye, and task three was to kill the dead god Carl.

Su Chen couldn't play anymore,

He decided to complete the remaining three tasks as soon as possible, and then solve the threat of the wild beasts to the super god world.

Earth,

For more than half a month,

The war between Taotie and Lieyang civilization has not broken out again. The two civilizations seemed to have agreed to conquer the earth separately.

Billions of people on earth were killed and injured.

The Super God Academy was powerless to resist Taotie and Lieyang civilization.

The Xiongbinglian was surrounded and killed every time it went out. Qilin and Liu Chuang were almost surrounded and killed several times.

In Mangdangshan,

Liu Chuang and Qilin sat together in low spirits.

They were powerless to launch a counterattack against Taotie and Lieyang civilization. The super warriors of Taotie and Lieyang civilization were stronger than them.

Especially the Taotie Void Warriors.

They had no power to fight back against the Void Warriors.

Liu Chuang showed a helpless expression and said, "What should we do? There are wars everywhere in the world. The Earth army has no resistance to the universe civilization. In a few months, the Earth will fall completely."

"There are only a few of us left in the Xiongbing Company. The second batch of super soldiers are still in training. The super soldiers of Taotie and Lieyang civilization are stronger than us. We can't launch a counterattack."

Qilin looked at Liu Chuang, Cheng Yaowen, Rui Mengmeng, and the coward Ge Xiaolun.

There are seven people in the Xiongbing Company team,

Qiangwei was taken away by Morgana,

Lena is the main god of Lieyang civilization,

How can the remaining five people defeat Taotie and Lieyang civilization? How can they protect the Earth?

Not to mention the army of Taotie and Lieyang civilization,

Even the super soldiers of Taotie and Lieyang civilization cannot be defeated by the five of them.

Rui Mengmeng asked in a daze, "Where are the angels? Will the angels really not help our Earth?"  
(To read the exciting novels, go to Faloo Novel Network!)

Ge Xiaolun said with a serious face, "Mengmeng, the angels are high and selfish, and our Earth does not need the help of angels."

Qilin shouted angrily,

"Shut up, Ge Xiaolun, billions of people died and injured on Earth because of you. If you hadn't driven the angels away, the Earth would not have been invaded by Taotie and Lieyang civilizations 0....."

Liu Chuang frowned and looked at Ge Xiaolun,

He found that Ge Xiaolun had changed,

Ge Xiaolun used to be timid, but he was still a good person.

Since Ge Xiaolun was captured and rescued by the scumbag,

Ge Xiaolun became selfish,

Angels sacrificed hundreds of people to protect the Earth, and Ge Xiaolun actually drove away the angels after the angels did not help the Earth.

Is this what a human would do?

Liu Chuang didn't want to say anything more to Ge Xiaolun,

He even felt disgusted when he saw Ge Xiaolun.

Ge Xiaolun shouted with a dark face, "Qilin, don't forget that the angels are no longer helping the earth. What's the point of them staying on the earth?"

Qilin stood up and walked out of the meeting room with an expressionless face. She didn't want to say anything more to Ge Xiaolun,

The earth is going to end, []

Perhaps in less than a month,

The Taotie Void Warriors will be able to find the Mangdangshan, and then they will all be killed by the Taotie Void Warriors.,

Qilin wants to discuss with Lianfeng,

She wants to contact Su Chen with Lianfeng, and she wants to try to get Su Chen to help the earth drive away the Taotie and Lieyang civilization.

Liu Chuang, Rui Mengmeng, and Cheng Yaowen also got up and left,

Ge Xiaolun looked grim and clenched his hands tightly,

He was isolated,

Is he wrong?

No,

Ge Xiaolun doesn't think he was wrong to expel the angels. What's the point of the angels not helping the earth anymore?

And Qiangwei,

Ge Xiaolun has been contacting Qiangwei 5.1 these days,

Did Qiangwei not receive his message? Or was Qiangwei imprisoned by Morgana and unable to reply to him?

Angel Nebula,

Melo Celestial Court,

He Xi and Morgana sat face to face,

Neither of them spoke,

Sisters for 30,000 years,

Ever since Morgana deceived her and stabbed Kaisha with a sword and sentenced her to Melo Celestial Court, and then she and the god of death Karhe killed Kaisha, He Xi would not regard Morgana as a sister anymore.

Morgana said awkwardly, "He Xi, we are also sisters for 20,000 years. I was wrong at the beginning, and Kaisha is not dead. You don't have to look down on me."

"Liang Bing, no, I should call you Demon Queen Morgana. If it weren't for Su Chen, you would be killed, and you can't come to the Angel Melo Celestial Court again."

Chapter 3219

He Xi glared at Morgana with her beautiful eyes,

Can a single mistake make up for past mistakes?

If Su Chen hadn't asked Morgana to come, He Xi would have killed Morgana outside the Angel Nebula.

Morgana said with a cheeky smile, "He Xi, I know you won't forgive me, how about this, how about I let you beat me once?"

He Xi said with a mocking expression, "Morgana, you are worthy of being the Demon Queen, your shamelessness is very suitable for demons."

"I am the Demon Queen."

"I am too lazy to care about you, Morgana, don't come to me for nothing, you can leave now."

"No, He Xi, let's talk about the scumbag Su Chen, don't you want to know what cultivation is?"

"Cultivation? You want to cultivate?"

"Yes, cultivation is much more powerful and terrifying than technology. I want Su Chen to teach me the cultivation method. He Xi, don't you want to?"

Boom~

He Xi waved his hand and a burst of white light broke through the clouds, smiling, "Sorry, I have already started cultivation."

Cultivation?

He Xi has already started practicing,

Su Chen passed on the Su Nu Heart Sutra to her in the Knowledge Treasure House, as well as the experience of practicing the Su Nu Heart Sutra.

He Xi practiced to the first level in a short time,

She is now countless times stronger than she was a month ago, and He Xi can easily crush her a month ago.

"Bitch!"

Morgana yelled angrily with a black face,

He Xi learned to cultivate immortals?

Damn scumbag,

Su Chen actually taught He Xi to cultivate immortals a long time ago,

What about her?

Morgana thought of Morgana in another world,

She is Su Chen's woman anyway, why didn't Su Chen teach her to cultivate immortals?

Also,

He Xi's waving attack made her feel terrified.

Morgana guessed that He Xi could kill her with a casual blow,

Cultivating immortals is too terrifying,

Morgana must let Su Chen teach her how to cultivate immortals, and she will learn how to cultivate immortals even if she pesters him.

"Morgana, don't make trouble in Melo Heaven, or I will crush you to death."

He Xi disappeared instantly after threatening Morgana,

She didn't have time to talk to Morgana,

He Xi wanted to continue practicing the Su Nu Heart Sutra, and there were still four top-grade spirit stones, but no spirit fruits.

After Su Chen arrived at Melo Heaven,

He Xi would let Su Chen set up a spirit gathering array, and her future cultivation speed would be faster.

"Make trouble?"

Morgana shook her head helplessly,

Would she dare to make trouble in Melo Heaven?

Not to mention the terrifying He Xi,

Even if it was Angel Yan, Angel Leng, Angel Alan and other little bitches, Morgana was not sure of winning against them, after all, these little bitches all had biological engines.

At this moment,

In the angel cage,

Angel Yan was imprisoned for seven days,

Angel Zhui, Angel Zhixin, Angel Qingqing, Angel Leng, these girls came to see her every dayAngel Yan, but without the order of the King of Tianji, they dare not release Angel Yan.

Angel Zhixin comforted Angel Yan and said, "Sister Yan, the universe stopped vibrating five days ago, and the gap in the universe has been repaired. Su Chen will soon arrive at Melo Heaven. He will release Sister Yan after he arrives."

Angel Yan smiled and shook her head, "I am fine in the cage. In the past seven days, I have been thinking a lot quietly. I did something wrong before."

Angel Leng frowned and reminded, "Yan, the Tiandao factor in your body is a hidden danger. Tianjilan guessed that Pan Zhen had bad intentions towards you."

"I understand."

Angel Yan thought of the Tiandao Pill she had eaten,

No,

It should be Pan Zhen who unexpectedly stuffed the Tiandao Pill into her mouth. If Angel Yan knew it was the Tiandao Pill, she would not eat it.

The Tiandao Pill has the Lieyang Factor,

Angel Yan will become an impure angel after eating the Tiandao Pill,

Having bad intentions?

Pan Zhen must have some conspiracy against her.

Angel Chase said, "Sister Yan, Su Chen has a way to remove the Heavenly Dao Factor, you don't have to worry."

Angel Qingqing nodded beside him and said, "Yeah, yeah, Tian Zha is very powerful, I think Tian Zha will help Sister Yan remove the Heavenly Dao Factor.

Angel Zhixin smiled and reminded, "Qingqing, don't call him Tian Zha in front of Su Chen, Su Chen is too shameless, he will beat your ass when he hears you call him Tian Zha, I think you also saw the other Qingqing being bullied by Su Chen. "

“Ah~”

Angel Qingqing's face instantly turned red, (To read the exciting novels, go to Faloo Novel Network!)

She connected to Su Chen's knowledge treasure house, and she checked all the information about Su Chen,

Another super god world,

Another Melo Heaven,

Another Angel Qingqing is still Su Chen's woman,

Angel Qingqing also saw Su Chen bullying another Angel Qingqing,

She thought of being spanked, kissed, touched, and romantic by Su Chen, Angel Qingqing was afraid to see Su Chen, and she was even more afraid that Su Chen would spank her in front of many sisters.

Angel Yan looked at several sisters and asked, "Where is Morgana? Didn't King Tianji imprison Morgana?"

Angel Zhui shook his head and replied, "No, Morgana is the King of Apocalypse after all, and King Tianji will wait for Su Chen to come and deal with Morgana. "

"Yes, Ah Zhui, you must inform me in time when Su Chen arrives at Melo Heaven."

"Okay, Sister Yan."

Melo Heaven, Angel Gate,

Su Chen instantly appeared on the Angel Gate platform,

After a team of angels guarding the Angel Gate discovered Su Chen, they quickly surrounded him.

Team leader Angel Yu threatened Su Chen coldly, "Heaven scum? How dare you invade Melo Heaven so boldly? Surrender quickly, or I will kill you."

Su Chen shook his head speechlessly, "Angels, my name is Su Chen, He Xi should have told you about me."[]

“Su Chen?”

Angel Yu looked at Su Chen in a daze,

King Tianji said A man named Su Chen will arrive soon.

But Su Chen is a scumbag. How can the King of Heaven allow scumbags to enter the Melo Heaven?

"Captain, are we going to let scumbags enter the Melo Heaven?"

"The King of Heaven ordered not to stop Su Chen, but Su Chen is a scumbag. We can't let scumbags enter the Melo Heaven."

"Huh? The Angel Gate has an atomic test. Scumbags don't have our female angel genes. He can't pass through the Angel Gate."

"That's right. We can choose not to stop scumbags. It has nothing to do with us if scumbags can't pass through the Angel Gate."

"It doesn't matter if scumbags are detected by the Angel Gate. Angel Gate will destroy scumbags."

Angel Yu smiled after hearing the conversation between the team sisters.

What the team sisters said was right.

They were ordered by the King of Heaven to choose not to stop scumbags. It has nothing to do with them if scumbags can't pass through the Angel Gate.

Angel Yu said in a cold tone, "Tian Zha, you can enter the Angel Gate, but I remind you that the Angel Gate will conduct an atomic inspection. You do not have the female angel gene, and the energy of the Angel Gate will annihilate you."

Chapter 3220

Su Chen's face was dark and he didn't want to talk to the little angels.

Is he deaf?

The little angels blocked his way to talk, couldn't he hear?

Su Chen felt that the angels were too simple.

If he was really a scumbag,

The little angels didn't attack him immediately, Su Chen guessed that the little angels would be killed.

[Start atomic inspection, atomic inspection passed, angel Su Chen can enter Melo Heaven. ]

Su Chen entered the Angel Gate and was enveloped by white light. He smiled when he heard the test results of the Angel Gate.

He has Kaisha's genes~atoms in his body.

How could the Angel Gate prevent him from entering Melo Heaven-.

"Goodbye, little angels. Remember next time, attack the scumbags as soon as you find them. Don't be polite to them." Su Chen waved to the little angels and disappeared into the Angel Gate.

Angel Yu and other angels were stunned. Su Chen passed the Angel Gate atomic test?

How is it possible?

How can the Angel Gate let the scumbags pass?

"Captain, how did Tian Zha pass the atomic test of the Angel Gate?"

"Yes, Tian Zha can't have our female angel genes, how can he enter the Melo Heaven?"

"Could it be because of the King of Tianji? The King of Tianji doesn't let us stop Tian Zha. I guess the King of Tianji let Tian Zha pass the Angel Gate."

"It's possible, but Tian Zha entered Melo Heaven, and the angel sisters in Melo Heaven might kill Tian Zha..."

"Captain, should we report to the King of Tianji? Tian Zha might be killed by other sisters."

The little angels talked and looked at Angel Yu. They didn't know what to do for a while.

Tian Zha entered Melo Heaven,

The angels in Melo Heaven found that Tian Zha would kill him.

"I will report to the King of Tianji."

Angel Yu found that Su Chen was different,

Especially the words Su Chen reminded before entering the Melo Heavenly Court,

Su Chen did not seem to be a scumbag,

How could a scumbag remind them to kill a scumbag? Is a scumbag different from other scumbags?

At this moment,

Su Chen did not show up in the Melo Heavenly Court. He would not be stupid enough to be discovered and killed by the angels.

After a while,

Su Chen found the location of He Xi, Morgan, and Angel Yan,

But,

Why was Angel Yan imprisoned?

He Xi imprisoned Angel Yan in a cage?

Huh?

Rose?

The old rogue really brought Rose here,

Su Chen thought of the conditions Morgana agreed to him, and he couldn't help but want to enjoy Morgana's plump body first.

Swoosh!

Su Chen planned to meet Qiangwei first.

Qiangwei could be considered his woman, but they were the same person in different worlds.

In a room,

Qiangwei stood by the window admiring the beautiful scenery of Melo Heaven, but she was thinking about the invasion of the earth.

Qiangwei heard Angel Yan say that Ge Xiao=|

She was very angry with Ge Xiaolun.

Earth was invaded by the cosmic civilization Taotie, and no civilization in the universe helped Earth.

Angels sacrificed hundreds of people to protect Earth.

Something happened in Melo Heaven and they no longer helped Earth.

Ge Xiaolun was so ungrateful that he expelled the angels. Qiangwei couldn't help but want to slap Ge Xiaolun a few times.

Qingwei thought and whispered, "Ge Xiaolun is such an idiot. Why didn't Lianfeng and Qilin stop Ge Xiaolun?"

Swoosh!

Su Chen appeared instantly and smiled, "Qingwei, you're right. Ge Xiaolun is too stupid."

"Who is it? Heavenly scum? How could there be a heavenly scum in the angel's Melo Heaven?"

Qingwei turned around and found Su Chen very surprised.

Heavenly scum?

How could a heavenly scum appear in Melo Heaven? And he left her room silently?

Su Chen said with a dark face, "Qiangwei, you should have heard Morgana say about me, and I am not a scumbag."

Qiangwei opened her eyes and asked, "Are you Su Chen?"

"Yes."

"Su Chen, can you let the angels help the earth again? Without the help of angels, the earthlings will be slaughtered by the gluttons. I want to ask you to let the angels help the earth."

"Angels will not help the earth." (To read the violent novels, go to Faloo Novel Network!)

Qiangwei pleaded with Su, "Su Chen, I know that there are many bad people on earth, but there are also good people on earth. Angels can give the earth another chance. I hope angels can help the earth again."

"Impossible."

Su Chen sat next to him and shook his head.

He didn't care about the life and death of a small earth.

He only cared about the life and death of beautiful angels. There was no point in angels protecting the earth.

Su Chen still had many important things to do. He didn't have time to waste on an unnecessary earth.

In addition to completing the system tasks,

Su Chen also needs to seal off the Savage World of Wild Beasts, and he will have to complete the last trial task in the future.

"I..."

Swoosh~

When Qiangwei wanted to say something,

He Xi and Morgana appeared in the room one after another. Qiangwei saw He Xi and Morgana and showed a helpless expression.

Su Chen waved and smiled, "He Xi, Liang Bing, we finally meet. You are exactly the same as He Xi and Liang Bing in my memory, both sexy and beautiful angels."

He Xi said coldly, "Su Chen, you are really a scumbag."[]

Morgana grabbed Qiangwei and threatened, "Scumbag, Qiangwei is my person. If you dare to hit Qiangwei, I will destroy you."

Su Chen was too lazy to deal with the female hooligan,

He would straighten out Morgana's special hobby.

He Xi is really beautiful,

Su Chen has enjoyed the sexy body of He Xi in Xuantian Realm,

But,

Su Chen and He Xi are rarely together,

When he was with He Xi There is not much time left, Su Chen wants to enjoy the tenderness and passion of He Xi in this world this time.

"He Xi, release Angel Yan first, then notify Angel Alan, Angel Leng, Angel Zhi Xin, Angel Zhui, and Angel Kaila, and ask them all to come over. I have something to say."

"Okay."

He Xi nodded to Su Chen,

She didn't know that Su Chen had something to announce, and He Xi was not worried that Su Chen would be bad for Melo Heaven.

Morgana glared at Su Chen and shouted, "You scumbag, you have to teach me the immortal cultivation method!"

Su Chen quickly hugged Morgana and said, "Okay, but you have to fulfill your promise to me first."

"Let me go."

"I'm talking nonsense, Liang Bing, don't forget what you promised me."

Morgana struggled and shouted, "Scumbag, I promised you, but I didn't say when to fulfill it, let me go quickly."

"Liang Bing, do you want to cheat?"

"No, I'm just not ready yet."

Su Chen kissed Morgana and said in the communication, [You don't need to prepare, and I won't look at any photos, Liang Bing, I want to measure your seductive body with my own hands. ]

"Bitch, scumbag, you are worse than scumbag."
