

## Zongwu 3221

### Chapter 3221

Morgana pushed Su Chen away in shame and anger,

Damn scumbag,

She didn't expect Su Chen to hug her and kiss her, and he even wanted to strip her clothes and measure her body.

But,

Su Chen's kiss made her linger,

One hundred percent match?

Male god?

Morgana was very uneasy,

She liked Rose,

She also swore the Angel's Oath to Rose,

Morgana was shaken at this moment,

She thought that Morgana was Su Chen's woman, and she had countless emotions for Su Chen in her heart.

He Xi shouted coldly, "Su Chen, you are such a bastard."

Qiang Wei shouted angrily, "God...Su Chen, how can you force Morgana to kiss you."

Su Chen touched his nose awkwardly and did not speak.

He was reckless this time.

He forgot that He Xi and Qiang Wei were still in the room.

But it doesn't matter.

During his time in Melo Heaven, Su Chen will take down Morgana and He Xi first.

By the way,

There is another female 07 rogue Angel Yan.

He will not let go of the sexy and beautiful Angel Yan.

After a while,

Angel Yan, Angel Leng, Angel Zhixin, Angel Alan, Angel Zhui, Angel Kaila, and Angel Qingqing brought by Angel Yan, the angels all looked at Su Chen after they arrived.

Su Chen sat down and waved his hand, saying, "Everyone is here, please sit down. I want to talk about something important now."

Angel Zhui asked curiously, "Su Chen, what important thing do you want to say?"

Angel Yan and Angel Qingqing looked at Su Chen curiously,

This was the first time they saw Su Chen,

They understood their relationship with Su Chen in the treasure house of knowledge, but they were different from the others after all, and they wanted to know why Su Chen came to this world.

Angel Kate was very confused,

How could Tian Zha appear in Melo Heaven? Why didn't Tian Ji Wang attack Tian Zha?

And Morgana?

How did the demon queen Morgana also appear in Melo Heaven?

Angel Kaila looked at He Xi and couldn't understand why He Xi allowed Tian Zha and Morgana to appear in Melo Heaven.

Angel Leng and Angel Zhi Xin sat down,

He Xi and Morgana sat next to Su Chen.

They knew that what Su Chen was going to say would not be simple, and they also wanted to know what Su Chen was going to say.

Su Chen looked at the girls and said, "I killed the principal of Space half a month ago, you should know that. I learned about the void monster from the principal of Space, and I also checked the so-called void monster."

He Xi hurriedly asked, "Su Chen, does the void really exist?"

The others were very shocked,

Void?

They had all heard of the void,

The Super Seminary first proposed the void, and the principal of Space turned the void into cosmic consciousness in order to study it. The god of death Carl was afraid that the void would turn his body into a void. They were curious and afraid of the void.

Su Chen shook his head and replied, "The void does not exist, but there is a space channel on the earth, which connects to a big world. The wild beasts in the big world are considered void monsters by the space principal."

Morgana asked in surprise, "Big world? Wild beasts? Scum, what is the big world? Are the wild beasts powerful?"

Su Chen took out some spirit wine and distributed it to the girls, saying, "The big world is called the Savage World. The panicked beasts in the Savage World are scum to me, and you are scum to the wild beasts."

"Let me tell you one more thing."

"The number of wild beasts is more than the creatures in your entire universe. The wild beasts may not have any intelligence and only know how to kill. In about a year, the space channel will connect your world. "

He Xi and Morgana's faces turned pale.

Are they trash to the wild beasts?

The number of wild beasts is greater than the creatures in their universe?

Will the space channel be connected in about a year?

He Xi and the other girls understood that a major crisis was about to happen in their world.

If the space channel is connected,

Countless wild beasts will invade their world.

They are not opponents of the wild beasts, and the various civilizations in the universe will not be opponents of the wild beasts.

At that time,

The various civilizations in the universe will not be able to resist the invasion of the wild beasts. Will their world be destroyed?

Qiang Wei asked worriedly, "Su Chen, you said that the space channel is on Earth? If the space channel connects to our world, will the Earth be destroyed by the wild beasts first?"

Su Chen glanced at Qiang Wei and replied, "The space channel is in the Earth, but after the space channel is connected, it will appear in outer space outside the Earth. "

"How could this happen?" (To read the exciting novels, go to Faloo Novel Network!)

Rose sat slumped in the chair, unable to accept it.

Is there any difference between the space channel inside the earth and the space outside the earth?

If the wild beasts invade,

Earth will be the first planet to be destroyed.

He Xi stroked her hair and asked, "Su Chen, can't I deal with the wild beasts?"

Su Chen thought for a while and replied, "You can deal with the wild beasts below the immortals, and you can also kill the wild beasts of the earth immortals and heavenly immortals, but you have to know that the number of wild beasts that appear is beyond your imagination. If you are surrounded and killed by many scum wild beasts, you will fight to death."

Angel Yan asked hurriedly, "Su Chen, will you save our world? "

He Xi and the other girls looked at Su Chen.

They forgot that Su was very powerful.

If Su Chen took action,

the wild beasts in the Savage World would be killed by Su Chen, and Su Chen could also stop the Savage World from invading their world.

Su Chen smiled and asked, "Angel Yan, I said no, do you believe me?"

"If you don't believe me, you will take action, right?"

"I won't take action."

Angel Yan said incredulously, "Why? Why don't you take action 403? Do you want to see our world destroyed by wild beasts?"

Angel Zhui: "Su Chen, I hope you can help us fight against the wild beasts. I don't want our world to be destroyed."

Angel Zhixin: "There are hundreds of billions of creatures in our world. You can't just stand by and watch them die."

Angel Leng: "The wild beasts are too powerful and there are too many of them. We are no match for them. Su Chen, I hope you can save our world."

Angel Alan: "Su Chen, you are the king of angels. You can't watch the angels being killed by the wild beasts, and you can't watch our world being destroyed."

Rose: "Yes, the invasion of wild beasts will destroy our world. You can't just stand by and watch. "

He Xi and Morgana drank the spirit wine without saying anything. They didn't believe that Su Chen would ignore their world.

If this world didn't have them,

Su Chen might not care.

But they were all people in this world. They were also women who had a relationship with Su Chen. Su Chen would not ignore them. He Xi and Morgana believed that Su Chen would save their world.

Su Chen looked at He Xi and the other women and smiled, "I can seal the space channel, but you understand my conditions. Those who don't understand can check the core of the knowledge treasure house, and you will know what conditions I will propose."

"Su Chen, you are wishful thinking. You are too shameless, too bastard, too scumbag. You are worse than the scumbag in the sky."

Chapter 3222

He Xi wanted to strangle Su Chen to death,

Conditions?

How dare the shameless bastard raise conditions?

He Xi thought of the conditions Su Chen raised to another He Xi,

Her star destiny appeared around,

If Su Chen dared to ask her to serve him with her flaming red lips, He Xi would cut Su Chen in half with her star destiny.

Morgana snorted disdainfully, "Hmph, you are indeed a scumbag, your scumbag attribute has penetrated into your bones."

Angel Yan and Angel Zhixin glared at Su Chen, they all knew what the conditions Su Chen raised were,

Flaming red lips?

Ao Ran Da Shan?

They were not the ones in another world, how could they be ashamed to serve Su Chen.

Rose and Angel Kayla were confused,

Su Chen was just proposing conditions,

Why were He Xi and Angel Yan so angry? Why were they blushing and showing annoyance?

Su Chen drank the spirit wine and said indifferently, "It's up to you. If you don't agree, I won't care about the wild beasts in the Savage World."

He Xi waved his hand to put away the star destiny and said, "You will agree."

Morgana crossed her arms and said, "Heavenly scum, we are all in this world. Unless you want to see us die, I don't believe you won't take action."

Angel Leng: "I believe Su Chen will destroy 277 wild beasts."

Angel Zhui: "I believe it too."

Angel Alan: "Su Chen is the Emperor of Xuantian Realm, and the King of Angels. I believe Su Chen will help our world."

Angel Yan: "Heaven...Su Chen will definitely help our world."

Angel Qingqing: "I believe Sister Yan, Heavenly scum will help our world."

Qiangwei: "Su Chen, you hope you can help the earth."

Angel Kaila: "I believe in the King of Tianji."

Su Chen looked at the women around him speechlessly.

Forget it,

The girls don't believe what he says now,

He Xi and the girls have checked the core information of the knowledge treasure house, and they all know their personalities.

Boom!

"Strip off!"

Su Chen pointed a finger at Angel Yan and emitted a white light.

He had just checked Angel Yan's genes, and there were other genes in Angel Yan's genes.

Su Chen thought of Pan Zhen forcibly feeding Angel Yan the Heavenly Dao Pill.

Pan Zhen also said to support Angel Yan as king,

Why did Pan Zhen say that?

What conspiracy does the Lieyang civilization have against the Angel Civilization?

Su Chen guessed that there was something wrong with the Heavenly Dao Pill. The Lieyang civilization kept saying that it would pursue peace and prosperity for the country and the people,

Is it really peace and prosperity for the country and the people?

Emperor Hongkun?

Su Chen thought that the Lord of the Lieyang, Emperor Hongkun, was not dead. Emperor Hongkun and the God of Death Carl were both phantoms.

"Ah~"

Angel Yan screamed in pain,

She was enveloped by white light and flew into the air, small golden particles came out of Angel Yan's body.

He Xi said to the girls around him, "Don't worry, Su Chen is removing the Lieyang from Angel Yan's body.Factor."

Angel Zhixin asked in surprise, "Scorching Sun Factor? Master, how could Sister Yan have the Scorching Sun Factor?"

He Xi said with a serious face, "Pan Zhen forced Angel Yan to eat the Heavenly Dao Pill. Although he saved Angel Yan, Pan Zhen also had a conspiracy. The Scorching Sun Civilization might want to control the future Angel King. "

Angel Leng and Angel Chase showed angry expressions.

Does the Lieyang Civilization want to control Angel Yan?

Does the Lieyang Civilization want to go to war with the Angel Civilization? Angel Leng and the other girls couldn't help but want to judge the Lieyang Civilization.

After a while,

All the Lieyang factors in Angel Yan's body were stripped away.

However,

Angel Yan's armor and dress were also turned into dust. Angel Yan appeared naked in front of the girls.

Su Chen opened his eyes wide to admire Angel Yan's body. Although he had seen Angel Yan's body countless times,

But under such circumstances,

Su Chen admired Angel Yan's body for the first time.

"Su Chen, close your eyes quickly."

"What a bastard, Su Chen, turn around."

"The scum is worthy of being the scum. I guess Su Chen deliberately turned Angel Yan's armor and dress into ashes. "

"Su Chen is still staring at Sister Yan without blinking. Sister Yan will definitely kill Su Chen when she wakes up (aibg). "

"Uh, Ah Zhui, I don't think I can beat Su Chen." (To read the exciting novels, go to Faloo Novel Network!)

"We should quickly block Su Chen's sight and prevent him from continuing to look at Angel Yan's body. "

Angel Zhixin and several other girls shouted and stood in front of Su Chen.

They were speechless about Su Chen.

Angel Yan was floating naked in the air at this moment.

Su Chen not only did not avoid it, but also stared at Angel Yan without blinking. They couldn't help but want to beat Su Chen.

Su Chen waved his hand awkwardly to eliminate the golden particles.

Damn it.

The beautiful scenery was blocked by the Angel Zhui girls.

But the white long legs in front of him were not bad.

Su Chen couldn't see Angel Yan's attractive body. He looked at the white long legs of the Angel Zhui girls as compensation.

"He Xi, I have something to tell you. Let's go to your palace." Su Chen waved and disappeared from the room with He Xi.

Angel's most beautiful woman,

He Xi is very beautiful and sexy,

Her curvy figure is very attractive, and her long white legs are even more tempting. He Xi is worthy of being the most beautiful woman in Melo Heaven.

Su Chen wanted to have a kiss with He Xi, []

He also had something to tell He Xi.

"Bitch~."

Morgana hurriedly disappeared and followed,

She was very angry with Su Chen,

Why did Su Chen leave with only He Xi?

What about her?

She is not as good as He Xi?

Or does Su Chen have some secrets that he doesn't want her to know?

Morgana will not let Su Chen abandon her. She wants to go over and listen to the secrets that Su Chen tells He Xi.

Angel Zhixin and the other girls looked at each other,

They also thought about itGo,

But,

They guessed that Su Chen would have bad intentions towards He Xi, and they couldn't enter He Xi's palace.

"Where is my dress? Where is my armor?"

At this time,

Angel Yan woke up and found herself naked in mid-air, she hurriedly took out a set of armor and dress to equip.

Angel Qingqing hurriedly said, "Sister Yan, Su Chen just stripped the Heavenly Dao Factor from your body, and your armor and dress were turned to ashes."

Angel Yan's face turned red instantly,

She was seen naked by Su Chen?

Damn scum,

Angel Yan was angry and wanted to beat Su Chen to death,

Although Su Chen was helping her,

But,

Angel Yan guessed that Su Chen deliberately destroyed her dress, and the shameless scum was probably staring at her body lustfully.

"Zhi Xin, where is Tian Zha?"

Angel Zhi Xin replied helplessly, "Sister Yan, Su Chen took my master to Tianji Palace."

Swoosh!

Angel Yan disappeared in the room in an instant,

She was going to settle accounts with Su Chen,

Even if Angel Yan couldn't beat the shameless Tian Zha, she would make the shameless Tian Zha pay the price.

"I'll go over and take a look."

"Sister Leng, wait for me, I'll go too."

"You guys~, forget it, I'll go too."

"Let's go together, I also want to know what Su Chen and Tianji King talked about."

Chapter 3223

In the room,

Angel Leng and Angel Zhui disappeared and left one after another,

Rose and Angel Kayla were very confused,

Su Chen and He Xi had something to talk about, Morgana followed them with a curse, Angel Yan was angry and wanted to settle accounts with Su Chen, Angel Leng and Angel Zhui followed them curiously.

What about them?

Do they want to go too?

Rose asked Angel Kayla, "Should we go?"

Angel Kayla thought for a while and said, "Go, everyone else has gone, I also want to know what Su Chen and King Tianji will talk about."

"Hurry up, we may not be able to enter King Tianji's palace if we go too late."

"Okay."

Earth,

The Lieyang civilization occupied all the cities around Tianhe City, the Taotie occupied all the cities around the North Star, and the Lieyang civilization and the Taotie occupied the Great Xia Kingdom in the south and north.

Other "873" countries were also divided up by Taotie and Lieyang civilization, and the armies of various countries were either destroyed or hid in the mountains and forests.

Tianhe City,

Lena sat alone on the ruined building,

She couldn't understand why Lieyang Star invaded the Earth, and why Pan Zhen didn't listen to her advice?

The Lord of Lieyang?

Is she still the Lord of Lieyang?

Except for a few people on Lieyang Star who obeyed her orders, neither the army nor the super soldiers obeyed her orders. Pan Zhen could be said to have undermined her as the Lord of Lieyang.

"Heroic Army? The teammates of the Xiongbing Company must hate me, right?"

Lena stood up and looked into the distance with a cold face. Her long hair was blown by the wind.

Lena thought of Qilin and Qiangwei,

She didn't have the face to see the teammates of the Xiongbing Company again.

Ding Ding Ding~

"Lian Feng?"

Reina took out the communicator and looked at it with a helpless expression,

Answer?

Or not?

Reina thought for a while and answered the communicator, "Lian Feng, this is Reina, what do you want to talk to me about?"

[Reina, I need your help. ]

"I can't help you, I can't command the Lieyang Army and the Super Soldiers to withdraw from the earth."

[Reina, I'm not talking about this, I want you to contact the angels. ]

Reina asked doubtfully, "Contact the angels? Lian Feng, why do you want to contact the angels?"

[I want to find Su Chen, Su Chen is in the Angel Nebula, my communicator can't contact him, can you help me contact the angels? ]

"Who is Su Chen?"

[Reina, I can't explain it for a while, please help me contact the angels first, I have something important to tell Su Chen. ]

"Okay, I'll contact Angel."

[Thank you! ]

Reina put away the communicator and couldn't figure it out.

Su Chen?

Why did Lianfeng look for Su Chen?

Angel left the earth for no reason a month ago.

Why is Su Chen in the Angel Nebula? What is the relationship between Angel and Su Chen?

Swoosh!

Reina Looking at Tianhe City flying quickly into outer space,

She had to find the Big Insect Bridge of the Angel to see the Angel, and Lena had to help Lianfeng contact the Angel.

At this time,

Mangdangshan,

Lianfeng, Qilin, Liu Chuang, and Sun Wukong sat together, and their expressions were not good.

Lianfeng received a message from Ryze an hour ago that the battleships and teachers of the Super Seminary would arrive on Earth in ten days, and also notified the Xiongbinglian not to attack Taotie and Lieyang Civilization.

Qilin said with an angry expression, "Lianfeng, I suspect that the Super Seminary has made a deal with the Lieyang Civilization and Taotie. The Earth may have been abandoned by the Super Seminary."

Sun Wukong said with a serious expression, "The Super Seminary's purpose was not pure. In order to train Ge Xiaolun, the Earth was used as a battlefield. Ge Xiaolun lost the help of the angels. The Super Seminary either sent teachers to help Ge Xiaolun or abandoned the Earth and took Ge Xiaolun away."

Liu Chuang asked doubtfully, "Captain Lianfeng, can Sister Na contact the angels? Can Su Chen help us?"

Lianfeng nodded and replied, "As long as Lena can contact the angels, I have a way to let Su Chen help the Earth."

Qilin shook her head and reminded, "Lianfeng, although Su Chen said he would help us three times, Su Chen is very resistant to the Earth. I am worried that Su Chen will not help the Earth."

Lianfeng rubbed his forehead,

She had long discovered that Su Chen was resistant to the Earth, or that Su Chen could not stand the people of Earth.

But,

For the sake of the Earth,

She must convince Su Chen no matter what. (To read the exciting novels, go to Faloo Novel Network!)

And the Super Seminary,

Lian Feng did not expect that the Super Seminary would form an alliance with the Heavenly Trash,

She did not tell Qi Lin and the others about this,

She would tell Su Chen about the Super Seminary and the Heavenly Trash alliance, Lian Feng hoped that Su Chen would be careful of the Super Seminary and the Heavenly Trash, and she also hoped that Su Chen could let the angels help the Earth once.

Lian Feng thought for a while and said, "I will convince Su Chen about this matter. Also, we must not let Ge Xiaolun, Cheng Yaowen, and Rui Mengmeng know about our conversation today. 0....."

"Ge Xiaolun is a fool and an egomaniac. He may have been brainwashed by the Super Seminary. Cheng Yaowen is not from Earth. Although he is not a bad person, we must also be on guard against him. Rui Mengmeng is a little stupid. It is better for her not to know."

Qilin, Liu Chuang, and Sun Wukong all nodded. They understood what Lian Feng meant.

The Super Seminary is unreliable.

If the Earth wants the angels to help,

They must not let the Super Seminary know about today's conversation.

Ten days later,

Three warships appeared on Earth.

Neither the Taotie nor the Lieyang civilization attacked. The teacher of the Super Seminary took Ge Xiaolun on the warship.

In the base, []

Lian Feng saw some scum flying out of the Super Seminary warship,

She looked cold and said nothing.

Lian Feng lowered her head and whispered, "It's been ten days, why hasn't Reina contacted the angel yet?? "

Boom~

The earth suddenly shook,

It seemed as if a huge earthquake occurred everywhere on the earth, the sky quickly darkened, countless high-rise buildings collapsed, huge cracks appeared on the ground, and the sea tsunami submerged the cities near the coast.

Roar, roar~

Suddenly,

A huge roar spread across the earth,

Lian Feng hurriedly ordered, "Check what is roaring."

"Commander, a huge energy fluctuation was found in Antarctica."

"Call up the screen."

"Yes, Commander."

After a while,

On the big screen of the 1.0 control center of the Mangdangshan, six ugly monsters hundreds of meters high appeared in the ice and snow.

"What kind of monster is this? It's too scary. "

Lian Feng was very surprised to see the black monster.

The huge monster was hundreds of meters tall, covered with spikes, sharp claws, and huge eyes that made people feel scared.

A soldier reported with a pale face, "Commander, six huge monsters cannot be detected. The monsters' energy exceeds that of known super soldiers, and is even more terrifying than Angel Yan's divine body."

"I know, find out how the monsters appeared on Earth."

"Yes, Commander."

Lian Feng hurriedly took out the communicator to contact Rena.

Six monsters more terrifying than Angel Yan appeared on Earth.

She wanted Rena to find the angel quickly.

Lian Feng wanted Su Chen to come to Earth as soon as possible. She was worried that the six huge monsters would destroy the Earth..

Chapter 3224

On Earth,

Taotie, Lieyang Civilization, Super Seminary, and Tianzha all discovered six giant monsters in the Antarctic.

Warships flew to the Antarctic,

Six giant monsters appeared in the Antarctic,

Various forces speculated that there were secrets in the Antarctic, and they all wanted to find out the secrets in the Antarctic as soon as possible.

In the Super Seminary warship,

Ryze and a blue-haired old man looked at the monsters on the screen, their faces were pale without any blood.

Ryze asked with a trembling voice, "Elder Thrall, are the six giant monsters Void monsters?"

Elder Thrall replied with a serious face, "They are Void monsters. We have seen them in the information left by the Space Principal. We are in trouble. Void monsters have appeared on Earth. The Void may invade our world."

"Should we evacuate the Earth?"

"No, there is Pangu civilization on Earth. We cannot evacuate the Earth unless we find Pangu civilization. Otherwise, the Great Elder will execute us."

"Elder Thrall, we have not found Pangu civilization for thousands of years. Is there really Pangu civilization on Earth?"

"There must be. The Space Principal is not wrong. Ryze, notify the Great Elder and tell him about the appearance of Void monsters. We need support. The void monster is not we can deal with. Attack, do not let the monsters approach, kill the monster quickly. There is no harm to the monster.

Pan Zhen of Lieyang Star, King Taotie, Thrall and Ryze of Super Seminary, Tianzha Sumali, and Lianfeng who were watching, all fell silent, all trembling with fear.

Too powerful,

Too scary,

Monsters are not something that cosmic civilizations can deal with,

Even the star-destroying energy cannons can't do any damage to the monsters,

The third-generation super soldiers, the fourth-generation divine bodies, and the main gods of various civilized planets are probably not the monsters' opponents. Everyone guessed that the monsters were not monsters in the known universe.

King Taotie: "Notify my God, six terrifying monsters appeared on Earth"

"Yes, King!"

Pan Zhen: "Order the army of Lieyang Star to gather in Tianhe City. Six terrifying monsters appeared on Earth. Earth is not suitable for us Lieyang people to live on."

"Yes, General."

Pan Zhen needs to be as soon as possible Notify the Lord God Di Hongkun,

The six monsters are the same as the void monsters that Di Hongkun said. He wants Di Hongkun to order what to do next.

Tian Zha Sumali: "Interesting, the six monsters are too terrifying. The monsters are thousands of times stronger than the so-called beast super warriors. King Hua Ye will definitely be interested in the monsters. Notify King Hua first."

Ryze: "Elder Sal, we lost two main battleships."

Elder Sal: "Ryze, you send the previous battle video to the elder. The elder will not blame us after watching it."

"Yes, elder Sal."

In the Mangdangshan,

Lianfeng and Sun Wukong were silent,

The six monsters are too terrifying, (to read the violent novels, go to Feilu Novel Network!)

The monsters destroyed three or four hundred battleships in less than ten minutes, and even the star destroyer energy cannon could not cause damage to the monsters.

Is there any hope for the earth?

Taotie and Lieyang Civilization, Tianzha, and Chaoshen Academy all failed. These scumbags are not even cannon fodder in the face of monsters.

Liu Chuang pointed to the big screen and shouted, "Look, why are the monsters returning to the previous place? Is there a secret there?"

Qilin looked at the big screen and screamed, "Black hole, look, a huge black hole appears and disappears again."

Lianfeng and Sun Wukong saw the black hole. The black hole appeared for a few seconds and disappeared, and it would reappear in a few minutes. The six monsters were still around the black hole and did not leave.

Lianfeng frowned and guessed, "The black hole is not simple. I guess it is a space channel. The monster may come out of the black hole."

Liu Chuang said with a pale face,

"Chief Lianfeng, don't scare me. Six monsters are not something that the cosmic civilization can deal with. If the monsters come out of the black hole, there may be more terrifying monsters on the other side of the black hole."

Sun Wukong said with a serious face, "Lianfeng's guess may be correct. I also guess that the black hole is a space channel."

Cheng Yaowen said fearfully, "It's over. Six monsters can destroy the earth, and it is possible to destroy various civilized planets. If tens of thousands of monsters come out of the black hole, we can only wait for death."

Lianfeng leaned weakly on the chair and looked at the big screen.

She was also desperate.

Monsters are not something that the known universe can deal with, and the arrival of angels will not be a match for monsters.

The earth is destined to be destroyed, []

All cosmic civilizations will also be destroyed.

Lianfeng looked at everyone and said, "Everyone leave, the Xiongbinglian will be disbanded from now on."

Qilin and Liu Chuang remained silent and did not leave.

Leave?

Where can they go even if they leave?

Escape to the universe?

Will the monsters let go of the planets of cosmic civilization?

If the monsters destroy the earth, they will die. Even if they escape to the universe, they will be killed by the monsters.

Ding ding~

Suddenly,

Lianfeng's communicator rang, and everyone in the control center looked at Lianfeng.

Lianfeng answered the communicator and said, "Leina!"

[Lianfeng, I found Angel and Su Chen. Angel Yan and I are going to Earth. Su Chen is going to kill God Carl, and he will also go to Earth. ]

"Leina, something big has happened on Earth. Six terrifying monsters have appeared on Earth. Taotie, Lieyang, Super Seminary, and Tianzha are not opponents. I guess Angel Yan (De Li's) is not a match for the monsters. Don't come to Earth."

[What? Six terrifying monsters appeared on Earth? Lianfeng, how can monsters appear on Earth? ]

In Tianren No. 7,

Leina was very surprised to hear Lianfeng's words,

Angel Yan and Morgana, as well as Rose and Angel Leng, looked at each other.

Monster Gou?

They guessed that the monster was a wild beast,

Didn't Su Chen say that the space channel would be connected in about a year? How come wild beasts appeared on Earth now?

Angel Leng said hurriedly, "Yan, the wild beasts appeared in advance, we must inform Su Chen as soon as possible."

Angel Yan shook his head and said, "Su Chen took Angel Zhui and Angel Zhixin to kill God Karl. If the space channel is opened, it will be useless for us to inform Su Chen now."

Morgana crossed her arms around her waist and said, "Little bitches, there are only six wild beasts on the earth, and they are not immortal wild beasts. Angel Yan and I can kill the wild beasts.".

Chapter 3225

Angel Yan's eyes brightened when she heard Morgana's words.

Morgana was right.

As long as the wild beasts on Earth were not immortals, Angel Yan and Morgana could easily kill them.

Angel Yan also practiced the Su Nu Heart Sutra.

She successfully practiced the first level with the help of Su Chen.

Her strength was thousands of times stronger than before, and Angel Yan could easily crush her before.

However,

Angel Yan thought of the disgusting things Su Chen did to her, and she was very angry as she touched her uncomfortable chest.

Punish her?

Is the flaming red lips a punishment?

Is the proud mountain a punishment?

Is the wind, flowers, snow and moon a punishment?

Angel Yan was harmed by Su Chen for nearly ten days.

She was harmed to death by Su Chen every day.

If it weren't for the help of He Xi and Morgana, Angel Yan felt that she would be tortured to death by Su Chen.

Angel Leng narrowed his eyes and asked, "Yan, can you kill the wild beast?"

Angel Yan smiled and said, "Leng, Su Chen taught me the immortal cultivation method, and I successfully cultivated the Su Nu Heart Sutra with Su Chen's help. Now I can easily kill you with one hand."

"You are so arrogant, I am Su Chen's first angel." Angel Leng was very angry.

She had previously guessed that Su Chen had harmed Angel Yan,

Ten days in Melo Heaven,

Su Chen, He Xi, Morgana, and Angel Yan stayed in He Xi Palace for ten days,

If Lena had not been brought to Melo Heaven by Angel Lingxi,

They would not have come out of the palace.

Angel Leng guessed that Su Chen would not let the three girls of He Xi go, and she also guessed that Su Chen would harm the three girls of He Xi.

But,

Angel Leng didn't expect that Su Chen not only harmed Angel Yan, but also taught Angel Yan the method of cultivating immortals.

Su Chen hadn't taught her how to cultivate immortals yet,

Angel Leng wanted to bite the pervert to death at this moment.

Angel Qingqing, Angel Alan, Angel Keira, and Rose, they were all very speechless,

Angel Yan and Angel Leng were talking about how they felt jealous.

Is it the time to be jealous now?

But,

They didn't expect Angel Yan to learn how to cultivate immortals,

What conditions did Angel Yan pay to Su Chen? Su Chen helped Angel Yan learn how to cultivate immortals?

Lena asked in confusion, "Qiangwei, what is a wild beast? What is cultivation? Why don't I understand what they are saying?"

Qiangwei smiled and explained, "Lena, you arrived at Melo Heaven a little late. Su Chen told us a lot of secrets. What appeared on the earth was not a monster. The monster is the wild world of the wild world..."

Lena was even more confused after hearing Qiangwei's explanation.

The wild world?

Wild beast?

The void that the space principal said is the wild world? The wild beast is the legendary void monster?

And cultivation,

Cultivation is more powerful than technology,

Angel Yan, He Xi, and Morgana have successfully cultivated Immortals, they have just started to cultivate immortals and they are thousands of times stronger than before?

Is cultivating immortals really that scary?

What about Su Chen?

How could the scumbag Su Chen cultivate immortals?

Reina shook her dizzy head and became more and more confused. She wanted to think quietly about what Qiang said.

[Reina? Reina? Why don't you say anything? ]

Reina woke up and said hurriedly, "Lianfeng, don't worry. After we arrive on Earth, Angel Yan and Morgana will destroy the wild beasts."

[What did you say? Angel Yan and Morgana can destroy the wild beasts? What are wild beasts? ]

Reina said helplessly, "I can't explain it clearly at the moment. Let's talk about it when we meet."

[Okay! ]

At this time,

Angel Yan ordered Angel Qingqing, "Qingqing, order Sky Blade No. 7 to rush to Earth at full speed."

"Yes, Sky Blade King."

Angel Yan glanced at Morgana and said, "Morgana, after we kill the wild beast, we will complete what Su Chen ordered."

Morgana stretched out her proud figure and smiled, "Okay, but who will catch Ge Xiaolun? Who will find the space channel?"

"I will catch Ge Xiaolun."

Angel Yan understood that Morgana was laughing at her. Ge Xiaolun used to be her male god.

However,

Angel Yan's male god now is Su Chen. (To read the violent novels, go to Feilu Novel Network!)

She no longer has any feelings for Ge Xiaolun, and she doesn't care whether Ge Xiaolun lives or dies.

Morgana curled her lips and said, "Okay, I'll go find the space channel."

Styx Nebula,

Su Chen brought Angel Zhixin and Angel Chase to the outside of Styx Star, which is the base camp of the God of Death Carl.

Among the four tasks of the system,

Su Chen completed the fourth task to kill the space principal Jilan,

The third task is to kill the god Carl,

Su Chen does not want to delay in this world any longer, he wants to complete the four tasks of the system as soon as possible.

Angel Zhui blushed and asked, "Su Chen, should we charge in directly? Or lure out the God of Death Karl?"

Su Chen hugged the two girls' slender waists and said, "I will go directly to the Styx. God of Death Karl is not a concern. Kill him and we will go to Earth as soon as possible."

"Su Chen, you said that Emperor Hongkun is also an illusion. Can my master kill the Lord of the Sun Emperor Hongkun?"

Angel Zhixin grabbed Su Chen's hand and was very helpless.

Along the way,

Su Chen took her and Angel Zhui to jump through space continuously. The shameless pervert kept harassing and touching them. []

Three hours ago,

When Su Chen took them to rest on the meteorite,

Su Chen shamelessly stripped off their armor and dresses.

If Angel Zhixin and Angel Zhui had not stopped Su Chen, Su Chen would probably harm them on the meteorite.

Su Chen kissed Zhi Xin's tender little mouth and smiled, "Don't worry, He Xi is very powerful after cultivating immortals. Even if Di Hongkun is an illusion, it will not be difficult for He Xi to kill him."

Angel Zhi Xin blushed and pushed Su Chen., "Kill the God of Death Carl quickly, we still have to go to Earth."

"Okay, you wait for me here, I will come back after I kill the God of Death Carl."

"We will wait for you here."

"You have to be careful, don't be careless and capsize in the ditch."

Su Chen let go of the two women and disappeared into outer space,

Angel Zhixin and Angel Zhui were very good, but he was always on the road and didn't get close to them.

Su Chen decided to kill the God of Death Carl,

He enjoyed the tenderness of Angel Zhui and Angel Zhixin again.

At this moment,

In the Palace of the God of Death,

Carl was very surprised when he saw the image sent by the Taotie King,

Void monster?

How could the void monster appear on Earth?

Isn't there Pangu civilization on Earth? Is there any relationship between the void monster and Pangu civilization?

Karl thought for a while and ordered, "Snow, order all the void warriors to go to Earth, we are also going to Earth."

"Yes, my God, I will...ah~"

Snow's body suddenly shattered and disappeared, and he didn't know who killed him until he died.

"Death God Karl, you can't go to Earth. Your palace is good. You can sleep with your palace in the Styx."

Chapter 3226

Su Chen instantly appeared in front of the god of death Carl,

For the scumbag Snow,

It would be easy for Su Chen to kill him, he would not let the hiding Snow live.

Damn it,

Carl is really a pretty boy,

Young handsome guy,

If Carl was a star on Earth, the women on Earth would probably be even crazier about Carl.

Karl calmly asked, "Angel Su Chen, I have heard about you, but why can't I figure out your origin? Can you tell me the purpose of your coming to the Death Song Academy?"

Su Chen said disdainfully, "Don't pretend, Karl, I don't care what conspiracy you have, you are dead today."

"Do we have a grudge? Male angels and female angels are irreconcilable. I can help you become the king of male angels. Let's cooperate."

Karl was very wary of Su Chen.

He knew nothing about Su Chen.

He couldn't figure out any information about Su Chen with the big clock. Su Chen and Queen Kaisha were both fourth-generation sacred bodies.

But,

Su Chen felt more dangerous than Queen Kaisha.

Although he was an illusion,

Queen Kaisha couldn't completely destroy him.

But Su Chen dared to come to the Death Song Academy to kill him this time. Karl was worried that Su Chen had the ability to destroy illusions.

Su Chen showed a sneer and said, "Don't waste your time. I am different from other scumbags. I am the Angel King of Melo Heaven. Do you think I care about those scumbags who are not worth dying for?"

"Angel Su Chen, I am an illusion. Do you think you can kill me?"

"Guess."

"Goodbye, I will go to Earth Star. If you want to kill me, come to Earth Star." Carl said and disappeared from his seat.

He didn't know how strong Su Chen was, but Su Chen was the fourth generation of the Holy Body after all.

Carl didn't want to take risks for this.

He was a scholar.

He only knew how to calculate and was not good at fighting.

Until Carl was sure enough, he would not fight with unknown powerful enemies.

"Escape? Can you escape?"

Su Chen crossed his arms and didn't care about Carl's escape.

The Death Song Academy was blocked by his time and space genes. No one could escape from the Death Song Academy without his permission.

[Ding, host, I have a message for you. A space channel appeared on the earth, and six wild beasts in the Tribulation Realm came out of the space channel. ]

Su Chen was surprised and asked hurriedly, "Oh my god, girl, didn't you say that the space channel would be opened in about a year?"

[Ding, the space channel is unstable, and the six wild beasts just happened to come out of the space channel. However, the wild beasts notified the Wild Beast King. In less than a month, the space channel will be stabilized by the Wild Beast King. At that time, countless wild beasts will invade this world. ]

Su Chen touched his chin and felt troubled.

He originally wanted to seal the space channel, but the space channel was opened in advance.

Although the space channel is still unstable,

His current strengthVery bad, it is very difficult for Su Chen to seal the opened space channel.

Does the system girl need to unseal his cultivation?

"Girl, my strength cannot seal the opened space channel, can you unseal my cultivation?"

[Ding, dreaming. ]

"Oh my god, girl, we are very close, can't you help me once?"

[Ding, host of the color embryo, this system is not close to you. ]

"Why not? If you hadn't been incarnated, we would have become husband and wife long ago."

[Ding, shameless. ]

Su Chen touched his nose awkwardly,

Shameless?

He is shameless?

Or is the system girl shameless?

Every time Su Chen was having a romantic relationship with his woman, the system girl was probably peeping at him. In fact, the system girl was shameless.

After a while,

Karl appeared in the hall again,

He looked at Su Chen in disbelief.

Death Song Academy was blocked by space, and his big clock could not calculate to break the blockade.

Su Chen smiled and sarcastically said, "Karl, you are not running away?"

Karl looked at Su Chen and said, "Sir, we have no grudges, there is no need to fight to the death, I can share tens of thousands of years of scientific research with you."

"No grudges? Karl, Kesha is my woman, do you still say we have no grudges?"

"Impossible, Queen Kesha has no male god, you can't be Queen Kesha's male god."

"I don't need to explain to you, by the way, I forgot to tell you, the space principal Jilan was killed by me a month ago, and you will be killed by me today."

Boom~bang!

Karl waved his hand to attack Su Chen,

The space principal was killed? (To read the exciting novels, go to Faloo Novel Network!)

He was scared.

The space principal turned into a cosmic consciousness and was killed by Su Chen.

What about him?

He might be killed by Su Chen if he turned into a phantom. Carl didn't want to die, so he could only fight Su Chen desperately.

"Death struggle, time and space strangulation!"

Boom!

Space blades appeared in the space of the Death Song Academy, and Carl's phantom was cut into pieces like a watermelon.

"I am a phantom, you can't kill me."

Carl's body instantly recovered as before, as if he had not been sliced by the space blades.

Su Chen said with disdain, "Can't be killed? I just don't want you to die so easily, Carl, how does it feel to be sliced? I will let you experience the feeling of being sliced a thousand times."

"No, you can't do this...~"

Carl was terrified,

He didn't expect Su Chen to be so vicious,

Being sliced again and again,

Although he couldn't feel the pain,[]

But watching his phantom being sliced again and again, Carl's spirit would also collapse.

In the hall,

Su Chen sat in Carl's seat, watching Carl's phantom being sliced again and again. Slice felt very comfortable.

Didn't Carl blow Kesha into atoms?

Su Chen will make Carl die more miserably than Kesha.

[Fortunately, the space-time blockade was arranged in advance this time. Carl's ability and technology are good. He can't use his void technology and the black hole engine now. ]

Half an hour later,

Carl was sliced thousands of times,

Every time his phantom body recovered, it was sliced instantly. Carl didn't even have time to fight back.

"Space-time pause, space-time compression, space-time annihilation!" Su Chen quickly activated the space-time gene,

He was almost done teasing Carl,

Su Chen wanted to completely annihilate Carl in this universe, and he also went to Earth to find a way to get the space channel.

Carl was compressed in a small ball and screamed in fear, "No~, let me go, the void monster appeared on Earth, I can help you fight the void monster."

"Goodbye, old bitch, no, pretty boy."

Su Chen stretched out a hand and clenched his fist,

The compressed ball burst into a white light and disappeared, and Carl was completely annihilated in this universe.

[Ding, host, you have completed two of the four tasks this time, speed up, your last trial will be very, very difficult. ]。

Chapter 3227

Su Chen curled his lips when he heard the system's words,

The last trial is very difficult?

Would he not know that?

As long as the system girl does not seal his cultivation, Su Chen can easily complete the trial task.

"Girl, tell me what world the last trial world is?"

[Ding, no. ]

"You are so unlovable."

[Ding, you are so shameless! ]

"Girl, you have changed your skin."

[Ding, shameless host. ]

Su Chen looked around and disappeared in the Dead Song Academy,

Carl was killed,

The space channel in the earth is open, and it will be stable and completely open in less than a month.

Su Chen has to rush to the earth to check the space channel as soon as possible,

He also has to find a way to seal the space channel.

One day later, "850"

Earth,

The six wild beasts in Antarctica did not leave Antarctica. The six wild beasts stayed where they appeared.

Every civilization discovered the occasional black hole yesterday, but no super soldier dared to check it out.

Last night,

Void warriors of Taotie,

Super warriors of Lieyang,

Second generation angels of Tianzha,

Six teachers of Super Seminary,

Hundreds of super soldiers secretly went to Antarctica to check. They were killed as soon as they appeared around the wild beasts. Hundreds of super soldiers did not even have the ability to resist.

In less than ten seconds,

Everyone was slaughtered by a wild beast.

In Mangdangshan,

Lianfeng and Qilin were waiting for Reina, as well as the angels Yan and Morgana to arrive.

Yesterday,

They heard that Angel Yan and Morgana could kill wild beasts, and Lianfeng and the others were relieved.

Qilin drank tea and asked, "Lianfeng, is the monster really a wild beast?"

Lianfeng shook his head and replied, "I don't know. Reina said the monster is a wild beast. I guess Angel Yan or Morgana knows."

Rui Mengmeng asked, "Morgana is the Demon Queen. How could she be with Reina and Angel Yan? If Morgana comes to Earth, should we attack her?"

Qilin and Sun Wukong were stunned,

Yes,

Morgana is the Demon Queen,

Morgana not only sank the Giant Hero aircraft carrier, killed Rose's father Dukao, and captured Rose, but also spread the demon virus on Earth to harm the Earth.

If Morgana comes to Earth,

Will the Hero Company attack Morgana?

Lian Feng looked at the people around him and reminded them, "We can't control these things. Morgana is right in front of us. Can you kill Morgana?"

Liu Chuang showed a helpless expression and said, "We are no match for Morgana. Morgana can probably kill us with one hand."

Cheng Yaowen nodded and said, "Morgana is the main demon god. She is the fourth generation of demons. We are the second generation of super warriors. Facing Morgana, weThere is no power to resist. "

Qilin frowned and said, "It's very strange. Morgana killed Queen Kesha, but Angel Yan not only did not attack Morgana, why is she still with Morgana?"

Liu Chuang and Cheng Yaowen were confused again.

They were also confused.

Morgana killed Queen Kesha, and Angel Yan had been looking for Morgana for revenge.

What about now?

Why is Angel Yan with Morgana?

Shouldn't they fight as soon as they meet?

Qilin suddenly pointed to the big screen and shouted, "Look, Sky Blade No. 7 appeared in the air. How could Angel Yan bring Sky Blade No. 7 to Earth?"

Lianfeng couldn't figure it out and asked, "Wasn't Sky Blade No. 7 taken away by Su Chen? Angel Yan was also deposed as the Angel Queen. How could Angel Yan still bring Sky Blade No. 7? "

Lian Feng didn't know why she was worried about Su Chen, what if Angel Yan regained control of the Angel Nebula.

What about Su Chen?

Was Su Chen expelled?

Or was he killed by Angel Yan?

Liu Chuang touched his chin and said, "I don't know, Angel Yan may have regained control of the Angel Nebula."

"Let's not talk about this, are we going to Tianren 7?"

"In the past, Lena should be in Tianren 7, let's go to see Lena."

"Cheng Yaowen, Rui Mengmeng, you stay in Mangdangshan and monitor the wild beasts in Antarctica, and everyone else goes to Tianren 7." (To read the exciting novels, go to Feilu Novel Network!)

"Okay. "

In Sky Blade No. 7,

Angel Yan and Morgana were checking the wild beasts in Antarctica. They did not rush to kill the wild beasts.

After checking, Morgana said, "Little bitch, the wild beasts should be the Tribulation Realm mentioned in the Knowledge Treasure House. We can easily kill 0 ....."

Angel Yan glanced at Morgana and reminded, "The six wild beasts are all in the Tribulation Realm. We can easily kill the wild beasts, but didn't you notice the black holes that appear from time to time next to the wild beasts? Could the black holes be the space channels that Su Chen mentioned?"

"Hmm?"

Morgana hurriedly checked again,

She was only concerned with checking the strength of the wild beasts before, and did not find any black holes next to the wild beasts.

Angel Alan: "There is a black hole next to the wild beast, and the black hole is not stable. I guess the black hole is a space channel. "

Angel Kayla: "It's going to be bad, black hole... If the space channel is stable, the wild world will be connected to our world, and countless wild beasts will invade our world."

Angel Leng: "The news Su Chen said is not accurate. The space channel will be opened in about a year. It has been less than half a month, and the wild beasts have come to our world through the space channel."

Angel Qingqing: "Sister Leng, the space channel is unstable. Su Chen may not have thought that the wild beasts would come to our world through the unstable space channel."

Angel Leng stared at Angel Qingqing and asked, "Qingqing, why are you speaking for Su Chen? Did Su Chen kiss you secretly?"

"No, Sister Leng, Su ChenI haven't kissed you, don't talk nonsense." []

Angel Qingqing blushed and lowered her head,

She hated Su Chen,

Angel Qingqing had never been kissed by Su Chen in Melo Heaven, but she had been spanked by Su Chen.

Su Chen said that she was a simple little angel,

He also said that after a barbarian confessed his love to her once, she would be stupid enough to agree to marry the barbarian.

Is it possible?

Angel Qingqing was an angel warrior,

How could she marry a barbarian after being confessed to?

|=|

Angel Yan and Angel Alan looked at Angel Qingqing,

They found that Angel Qingqing's face was red and something was wrong,

Did Su Chen kiss Angel Qingqing? Why didn't they find that Su Chen kissed Angel Qingqing?

Lena was surprised and shouted,

"Oh my god, Qiangwei, I found something incredible. Su Chen has relationships with Angel Yan, Morgana, Angel Leng, and Angel Qingqing. Su Chen is really a scumbag. How can he date Angel Yan and several other girls at the same time?"

Chapter 3228

Rose gave Lena a speechless look,

Su Chen is not only related to Angel Yan and other girls,

In Sky Blade No. 7,

Angel Alan and Angel Kaila are also related to Su Chen, as well as Tianji Wang Hexi, Angel Zhixin, Angel Zhui, Su Chen has almost scumbed all the beautiful angels he knows.

Rose thought that Su Chen had secretly touched her,

Morgana was so angry that she chased Su Chen and beat him,

Rose knew her relationship with Su Chen from the treasure house of knowledge, and her relationship with Su Chen was complicated and unclear.

At this moment,

Angel Yan and Angel Leng looked at Lena one after another, and Lena's words made them feel uncomfortable.

They all have a relationship with Su Chen,

Su Chen can be said to be their male god,

But Su Chen is too scumbag and too shameless, Angel Yan and other girls are also very helpless about Su Chen.

Morgana broke the silence and said, "Little bitch, let's go kill the wild beasts, three per person, no one can steal the prey of others."

"Okay."

Angel Yan agreed and disappeared in Tianren No. 7.

Three per person?

Is it possible?

Angel Yan wanted to test her ability to cultivate immortality.

She wanted to attack six wild beasts at the same time. She didn't care what Morgana said.

Moreover,

Angel Yan guessed that Morgana would think the same as her. Shameless Morgana would also kill six wild beasts at the same time.

"Bitch."

Morgana also quickly disappeared in Tianren No. 7.

Angel Yan went there first.

She guessed that Angel Yan would kill six wild beasts at the same time. Little bitch was as shameless as her.

Morgana underestimated Angel Yan,

She would not let Angel Yan kill all the wild beasts.

An angel came to report, "Report to the left guards and right guards, four people are coming towards Sky Blade No. 7, do you want to kill them?"

Angel Alan checked and waved her hand, "No, guide them to enter Sky Blade No. 7."

"Yes, right guard."

"Qiangwei, Lena, your teammates are here"

Qiangwei thanked Angel Alan, "Thank you, Sister Alan."

"You're welcome."

Lena was still confused at this moment,

Why did no one respond to what she said just now, and no one called Su Chen a scumbag?

Lena patted her forehead and couldn't figure it out. Su Chen had an unclear relationship with Angel Yan and the other girls. Shouldn't the angels judge Su Chen? At the very least, Su Chen should be expelled and exiled.

At this time,

Taotie, Lieyang Civilization, Super Seminary, and Tianzha, all discovered that Sky Blade 7 had arrived on Earth.

They guessed that the angels came for the Antarctic monsters.

The various civilizations were not worried that the angels would attack them. They guessed that the angels would kill the monsters by seeking their own death.

In the Super Seminary warship,

Elder Sal, Ryze, and Tianzha Sumali, they looked at Sky Blade 7 and each had different ideas.

Elder Sal frowned. Asked, "Su Mali, did your men help Ge Xiaolun to research the Xiongxin?"

Su Mali replied nonchalantly, "No, Elder Sar, male angel technology is not as good as female angel technology, and it will be difficult to help Ge Xiaolun research the Xiongxin for a while."

"We have an agreement. If you fail to complete the Xiongxin, the Super Seminary will no longer help King Hua Ye."

"I know, I know, we will help Ge Xiaolun research the Xiongxin as soon as possible."

Su Mali did not care about Elder Sar's words,

Help from the Super Seminary?

Do they care?

King Hua Ye has the help of the God of Death Carl, and all male angels have been upgraded to second-generation angels.

As for the Super Seminary,

They want to know the purpose of the Super Seminary,

Su Mali did not intend to help Ge Xiaolun, he also wanted to secretly kill Ge Xiaolun.

"Sumali, you male angels only have two months. If you can't complete Ge Xiaolun's male core in two months, I will report it to the elder."

Elder Sar suspected that the scum could not research the male core, but he couldn't tell the elder yet.

Ge Xiaolun has angel genes,

The scholars of the Super Seminary can't research it.

The female angel no longer helps Ge Xiaolun research and develop the male core, and the elder can only cooperate with King Hua Ye.

However,

Sumali looked careless,

The scum just checked Ge Xiaolun these days and didn't do any substantial research. Elder Sar had some doubts about the scum. He suspected that Sumali didn't want to help Ge Xiaolun research the male core. (To read the exciting novels, go to Faloo Novel Network!)

"I understand, Elder Thrall, within two months, our angel scholars will help Ge Xiaolun complete the Xiongxin."

"Hmph, let's hope so."

Ryze suddenly shouted, "Elder, look, Angel Yan appeared in Antarctica, and Morgana also appeared in Antarctica, and they are going to kill monsters."

Elder Thrall said disdainfully, "Angel Yan and Morgana are both idiots. The monsters are obviously stronger than the fourth-generation angels. They are obviously going to die by killing monsters."

Su Mali felt something was wrong.

Why did Angel Yan cooperate with Liang Bing to kill monsters?

Morgana can be said to be the murderer of Queen Kaisha. Shouldn't Angel Yan hate Morgana?

Moreover,

Angel Yan and Morgana are not idiots.

The six monsters in Antarctica are obviously very scary. They can't know and still go to die.

Sumali connected to Huaye Gene Communication and said, "'King, I found Angel Yan and Morgana appeared on Earth. It seems that Angel Yan and Morgana have joined forces?'"

[Join forces? Liang Bing must have some conspiracy. She can't join forces with the short skirts. Sumali, you have to find out Liang Bing's intentions. ]

"Yes, King!"

[By the way, the void monsters are not something we can deal with. If the situation is not right, we will run away immediately. ]

"Understood."[]

At this time,

In the universe,

Su Chen brought AngelZhui and Angel Zhixin shuttled quickly,

He was also very speechless,

If it weren't for Angel Zhui and Angel Zhixin, Su Chen might have reached the earth long ago.

It was all because of his lust,

Su Chen wanted to see the long legs of the angels, and he also wanted to take the opportunity to take down Angel Zhixin and Angel Zhui.

"Huh?"

Su Chen suddenly found that hundreds of scum entered a planet, and it was not right for the scum to enter a desolate planet.

Su Chen wanted to check Dian,

Mission 2 was to kill Hua Ye,

If Hua Ye was in the desolate planet, Su Chen would not have to look for Hua Ye in the universe.

Angel Zhixin asked doubtfully, "Su Chen, what did you find?"

Su Chen touched Angel Zhixin's slim waist and replied, "I found hundreds of scumbags 100,000 light years away. They entered a desolate planet. I want to go over and see if Hua Ye is on the desolate planet."

Angel Zhixin shook his head and said, "Hua Ye? How could the scumbag Hua Ye be here? We angels have been monitoring Hua Ye. The scumbag Hua Ye should be on the exiled planet."

"Zhixin, the scumbags have appeared on Earth. Do you think Hua Ye will still be on the exiled planet?"

Chapter 3229

Su Chen was speechless to Angel Zhixin,

He and He Xi and the other girls had talked about the Heavenly Scum,

The Heavenly Scum had been upgraded by the Death God Carl.

Hua Ye also got the black hole engine of the Death God Carl. Didn't Angel Zhixin hear it at that time?

Angel Zhui shook his head and reminded,

"Zhixin, the Heavenly Scum Hua Ye and the Heavenly Scum had been upgraded by the Death God Carl. The Heavenly Scum Hua Ye is going to attack the Melo Heavenly Court. I'm afraid he is no longer on the exiled planet."

"Huh? I forgot."

Angel Zhixin lowered her head in embarrassment,

She heard that Su Chen told He Xi to be on guard against the Heavenly Scum, and she also heard that the Heavenly Scum had been upgraded by the Death God Carl.

Angel Zhixin somehow forgot.

She thought it was because of Su Chen,

If Su Chen hadn't kissed and touched her on the road, Angel Zhixin wouldn't have forgotten what Su Chen said.

"Let's go check it out."

Su Chen disappeared in an instant while holding Angel Zhixin and Angel Zhui.

He was going to check the desolate planet.

If the scum Hua Ye was in the desolate planet, he could kill him on the way.

In the desolate planet,

More than a thousand scums gathered together.

They were ordered by King Hua Ye to contact the scums in the universe.

King Hua Ye was going to gather a large army to attack the Melo Heavenly Palace, and the scums were going to regroup the Heavenly Palace Legion.

"We will rebuild our Tiangong Army. We won't have to live on a desolate planet anymore. If we can defeat the female angel, we can enjoy the beautiful female angel."

"King Huaye has obtained a powerful gene engine. We will definitely defeat the female angel. The female angel will become our slave in the future."

"Queen Kaisha has fallen. The female angel is nothing to worry about. King Huaye will definitely lead us to rise again."

"Haha~, that's right. As long as we occupy Tiancheng, the male angels will do whatever they want as in the Tiangong era. The female angels will not only become female slaves, but will also be abused by us at will."

"Cheers to King Huaye and Tiangong."

"Cheers to King Huaye and Tiangong."

At this moment,

Not far away,

Su Chen and the angel Zhixin and the angel Zhui were hiding behind the boulder. They all heard the conversation of the Tianscum.

After checking, Su Chen said, "Hua Ye is not on this planet, these scums don't need to stay, you guys take action? Or should I take action?"

Angel Zhui said speechlessly, "Su Chen, there are more than a thousand scums here, and Zhixin and I can't kill them all."

Su Chen patted his chest and assured, "Don't worry, just kill them, none of the scums can escape."

Angel Zhui and Angel Zhixin looked at each other,

Can they kill more than a thousand scums?

Although most of the scums are first generation, there are also dozens of second generation scums,

They are only third generation angels,

They can kill hundreds of scums,

If they want to kill more than a thousand scums, their dark energy will probably be exhausted.

"Zhi Xin, let's take action. With Su Chen here, Tian Zha can't escape. We can kill Tian Zha slowly."

"Okay, let's go kill Tian Zha."

Angel Zhui and Angel Zhi Xin took out the Lieyang Sword, and they quickly flew to the Tian Zha camp not far away.

"Female angels? Get ready for the fight, female angels are coming."

"There are only two female angels, brothers, let's catch them and enjoy them."

"Haha~, not bad, this planet is too desolate, with the arrival of two female angels, we can enjoy and humiliate the female angels while waiting for other male angels to arrive."

"Together, we must quickly capture the female angels alive."

"Go, everyone, together."

More than a thousand Tian Zha shouted excitedly and rushed towards Angel Zhui and Angel Zhixin,

They were not worried that Angel Zhixin and Angel Zhui were too strong,

There were more than a thousand Tian Zha in the desolate planet, and they could kill Angel Zhixin and Angel Zhui with their consumption

Sizzle~

After Angel Zhui and Angel Zhixin met Tian Zha, they killed Tian Zha one by one with their swords,

The first generation of Tian Zha had no ability to resist when they met the two women,

The second generation of Tian Zha could still fight with them for a few moves.

A scumbag shouted in fear, "Run away! They are all third-generation angels. We are no match for them."

"Run away? None of you can run away."

Angel Zhui killed the scumbags with a cold expression.

Some scumbags flew up to escape. Angel Zhui waved the Fiery Sun Sword and sent out a Fiery Blade to kill the escaping scumbags.

"Time and space blockade!"

Su Chen saw that the scumbags were about to escape.

He blocked the space within a radius of dozens of miles. None of the scumbags could escape.

Angel Zhui and Angel Zhixin looked back at Su Chen in surprise. They knew that Su Chen was very powerful, but they didn't expect Su Chen to block the space within dozens of miles.

Queen Kaisha's sacred domain was only a few miles away.

Su Chen was much stronger than Queen Kaisha.

0Seeking flowers0 0

Cultivating immortals?

They guessed that because of Su Chen's ability to cultivate immortality, Angel Zhui and Angel Zhixin both wanted to cultivate immortality.

Even if Su Chen bullied them,

They would let Su Chen teach them how to cultivate immortality.

In the South Pole of the Earth,

Angel Yan and Morgana were slaughtering wild beasts,

They didn't want to slaughter wild beasts,

Angel Yan and Morgana started to scramble to kill wild beasts, and they found that many people were paying attention to them.

After Angel Yan and Morgana secretly communicated,

They decided not to reveal their full strength,

Angel Yan and Morgana slowly killed wild beasts while looking for the weaknesses of wild beasts. If they found the weaknesses of wild beasts, it would be very easy for the angel army and demons to kill wild beasts in the future.

Bang!

A wild beast was kicked hundreds of meters away by Morgana, and the wild beast's body was torn and bleeding, and it roared in pain.

Angel Yan shouted with a dark face, "Morgana, you are too violent, don't forget that someone is checking me. We can't let others see our hidden strength."

Morgana said nonchalantly,

"Don't worry, I just used a little force, I didn't expect to kick the wild beast hundreds of meters away, the wild beast is too weak."

Angel Yan didn't want to pay attention to the female gangster,

Wild beasts are weak?

If Morgana hadn't practiced the Su Nu Heart Sutra, ten Morganas would not be a match for a wild beast.

Angel Yan felt that Morgana was pretending,

She was too lazy to pay attention to the female gangster.

However,

Cultivating immortals is much more powerful than technology.

Angel Yan didn't use one-third of her strength,

She could easily kill three wild beasts in the Tribulation Realm. Kill, Angel Yan decided to practice Su Nu Heart Sutra every day in the future, and she also wanted Su Chen to teach her martial arts and magical powers.

In Tianren No. 7,

Angels Leng and Lian Feng were very shocked when they saw the projection,

The wild beast had no power to fight back against Angel Yan and Morgana. Although Angel Yan and Morgana had not killed the wild beast yet, they all saw that the wild beast would be killed sooner or later.

Angel Alan asked in confusion, "Why do I feel that Angel Yan and Morgana don't want to kill the wild beast? What is their purpose?"

"Six wild beasts kept attacking Angel Yan and Morgana. They were not attacked by the wild beasts once. Angel Yan and Morgana kept blasting the wild beasts away. I guess they are looking for the weakness of the wild beasts.".

Chapter 3230

Angel Leng felt that his guess was correct.

Su Chen helped Angel Yan and Morgana to successfully cultivate immortality.

The cultivation technique was very powerful.

It would be very easy for them to kill the wild beast.

Angel Yan and Morgana only blasted the wild beast away instead of killing it. Angel Leng guessed that the two women were looking for the weakness of the wild beast.

Qiang Wei nodded and said, "It's possible. Angel Yan and Morgana said before that they could easily kill the wild beast. Now they are just blasting the wild beast away. Angel Leng's guess is correct."

Lian Feng, Qi Lin, Sun Wukong, and Liu Chuang were very confused when they looked at the projection.

How powerful the wild beast was.

They all knew it clearly.

Last night, hundreds of super soldiers were killed instantly by the wild beast, and there were more than ten third-generation super soldiers among the super soldiers.

However,

All the super soldiers were killed without resistance, "August 13"

The wild beasts could even resist the star-destroying energy cannons, and they did not expect that Angel Yan and Morgana could easily defeat the wild beasts.

Qilin could not help but whisper to Qiangwei, "Qiangwei, aren't Angel Yan and Morgana the fourth generation of divine bodies? How can they be so powerful? Are the fourth generation of divine bodies so powerful?"

Qianwei shook her head and replied, "Qilin, I can't tell you this, you can ask Su Chen later."

"I understand."

Qilin and Lianfeng looked at each other,

They guessed that Angel Yan and Morgana became powerful, probably because of Su Chen.

Previously,

They asked Qiangwei about Angel Yan and Su Chen, and Angel Yan resumed her status as the Queen of Angels.

However, Angel Yan is now the Sky Blade King,

The Angel King is Su Chen,

Su Chen can be said to rule the Angel Nebula, and all female angels will obey Su Chen's orders.

Lian Feng thought and said to Angel Leng, "Angel Leng, there are Taotie King, Pan Zhen, the elders of the Super God Academy, and the Sky Scum on Earth. They may see that Angel Yan and Morgana are hiding their strength."

"Don't worry, Su Chen will come to Earth soon, and these people can't live without Earth."

Angel Leng didn't care,

As long as the wild beasts invaded their world on a large scale,

Angel Yan and Morgana, He Xi, and the girls who will practice immortality in the future, their strength can't be concealed. Angel Leng guessed that Su Chen didn't intend to let Angel Yan and the girls hide their strength.

Leina opened her mouth but didn't say anything. She wanted the angels to let Pan Zhen and the Lieyang army go.

But,

She thought of the unfamiliarity with the angels

She was even more unfamiliar with Su Chen,

The angels and Su Chen would not listen to her request, and Lena had no way to convince the angels to let Pan Zhen and the Lieyang army go.

Sun Wukong, Liu Chuang, Qilin, and Lianfeng smiled when they heard the cold words of the angels.

Su Chen would come to kill the Taotie King, Pan Zhen, Tian Zha, and the elders of the Super Seminary. If all these people and their respective armies were killed, the earth would be safe in the future.

At this moment,

King Taotie, Pan Zhen, Elder Thrall, Ryze, Sumali, they were all very surprised,

How powerful the wild beast was,

They knew it very well,

What about now?

Angel Yan and Morgana were beating the wild beast, and they felt like they were dreaming.

Su Mali asked with a serious face, "Elder Thrall, is the fourth generation divine body so powerful?"

Elder Thrall shook his head and replied, "I don't know. Only the Great Elder of the Super Seminary is the fourth generation divine body. I have never seen the Great Elder take action. I know nothing about how powerful the fourth generation divine body is."

Ryze stroked his beard and asked, "Elder, Su Mali, if it were you, could you kill the monster easily?"

Elder Thrall: "No, I am only the third generation divine body."

Sumali: "I can't either. I am also the third generation divine body like Elder Thrall." (To read the violent novel, go to Feilu Novel Network!)

Ryze frowned and guessed, "Why do I feel that Angel Yan and Morgana are not the fourth generation divine bodies? They The strength is too strong, is the fourth generation of divine body so strong? "

Su Mali shook his head and sneered,

"Do you believe your guess?"

"The most powerful in the known universe is the fourth generation of divine body, and then there is the void engine, void weapon, god-killing weapon, angel Yan and Morgana do not have void engine, the fourth generation of divine body should be more powerful and terrifying than we imagined."

Elder Thrall patted Ryze on the shoulder and said,

"Su Mali is right."

"Just like Queen Kaisha, the Great Elder and the God of Death Carl are all very powerful. Before Queen Kaisha fell, didn't they dare to disobey Queen Kaisha?"

"We have not fought with the fourth generation of divine body, and we have no way of knowing how powerful the fourth generation of divine body is. ...."

Ryze and Sumali both nodded,

For Queen Kesha,

The gods of all civilizations in the universe are afraid,

If Carl had not used a conspiracy to blow up Queen Kesha, he would not dare to violate Kesha's justice order and invade the earth.

Sumali looked at Sky Blade No. 7 and decided to leave the earth secretly.

If the angels found that the scum was on the earth,

the little short skirt would kill them without hesitation.[]

Sumali saw the power of Angel Yan, and he was worried that he would be killed if he met Angel Yan.

An hour later,

Angel Yan and Morgana killed six wild beasts, and they looked at the black hole next to them for research.

Angel Yan looked at the black hole for a while and said, "Morgana, the black hole is indeed a space channel, and the space channel is not stable. I guess it will take less than a month for the space channel to stabilize. "

Morgana shouted with an angry expression,

"Bitch, there are countless wild beasts on the other side of the black hole, and there are countless wild beasts stronger than us. Angel Yan, if Su Chen can't seal the space channel, our world will be doomed. "

"Morgana, Su Chen said that the space channel can be sealed if it is not opened. The space channel is nowHalf open, I don't know if Su Chen can seal the space channel. "

"Su Chen will come to Earth after killing the God of Death Carl. I guess Su Chen will come to Earth within five days."

"I hope Su Chen can seal... Oh no, Morgana, there are more wild beasts coming out of the space channel."

Angel Yan said that she felt the space channel was abnormal. She found that more than ten wild beasts were passing through the space channel.

Morgana looked at the space channel vigilantly,

Her God-killing Demon Claw was also recalled,

Morgana was worried that there would be wild beasts from the immortals coming out of the space channel. She was not a match for the wild beasts from the immortals.

Roar, roar, roar~

Twelve wild beasts appeared outside the space channel in an instant, and the wild beasts rushed towards Angel Yan and Morgana when they came out.

"Suyun Hand! "

Boom~Bang~

Angel Yan's white palm instantly turned into a giant palm and slapped the wild beast.

With a loud bang,

Twelve wild beasts were slapped into meat paste by Angel Yan's palm. The wild beast that just came out was killed in less than a minute.

"Little bitch, can't you expose your cultivation strength? You are so shameless to steal monsters. ".
