Chapter 3231

Morgana was furious.

She recalled all the demon claws. Angel was shameless enough to use her cultivation power to snatch monsters.

Morgana wanted to beat Angel Yan hard.

She shouldn't have trusted Angel Yan. Angel Yan was even more shameless than her.

Also,

Suyun Hand of Su Nu Heart Sutra.

Morgana didn't expect Angel Yan to succeed in cultivation.

Damn little bitch.

Morgana guessed that she was as strong as Angel Yan. She couldn't defeat the shameless little bitch.

Angel Yan crossed his arms and smiled, "Morgana, I forgot for a moment. Next time, when wild beasts appear in the space channel, I will let you kill them all."

Morgana said with disbelief, "Hmph, do you think I will still believe you? Little bitch, if wild beasts appear in the space channel again, I will definitely kill them before you."

"You can do whatever you want."

Angel Yan looked at the wild beasts that were beaten to death and raised the corners of her mouth.

Too strong,

Cultivation is not a little bit stronger than technology,

Angel Yan used the cultivation technique for the first time, and she didn't expect that one palm would kill twelve 09 wild beasts in the Tribulation Realm.

Angel Yan contacted Angel Leng and ordered, "Leng, order the Sky Blade Trial of Sky Blade No. 7 to prepare, the Angel Corps to prepare, no Taotie, Lieyang Civilization, Sky Scum, Super Seminary, everyone must leave the Earth, and those who leave the Earth will die."

[Yo, Yan, you were so awesome before, you killed twelve wild beasts with one palm, you scared us and other angels.]

"Are you envious? You can let Su Chen the bastard help you cultivate immortality."

[Hmph, I will definitely be stronger than you in the future.]

"I'm waiting."

Angel Yan doesn't care about Angel Leng,

If she leads in cultivation, she will lead in every step,

As long as Su Chen doesn't treat them differently, Angel Leng's future cultivation will not be able to surpass her.

Morgana was checking the space channel when she suddenly shouted, "Oh my god, the space channel is moving again, how is it possible? How can wild beasts keep coming out of an unstable space channel?"

Angel Yan hurriedly checked the space channel,

Another wild beast is coming out?

Angel Yan couldn't figure it out either,

It stands to reason that wild beasts can't come through an unstable space channel, and wild beasts may be strangled in the space channel, so why do wild beasts come out again and again?

Roar, roar, roar~

There are a total of 32 wild beasts in the space channel, 24 of them were strangled when passing through the unstable space channel, and eight wild beasts came out roaring and attacking Angel Yan and Morgana.

Angel Yan glanced at Morgana,

She won't take action this time. Morgana wants to show off, and Angel Yan also gives Morgana the opportunity to show off.

"Spiritual Phoenix Palm!"

Morgana waved her hand and a huge shadow of a hand appeared in the air. The huge shadow slapped the wild beast like a real hand.

Boom~Bang~

After the roar,

The huge shadow of a hand over a hundred meters high was deeply imprinted on the ground, and the eight wild beasts Morgana beat the corpse to pieces.

"Scum~"

Morgana clapped her hands and smiled proudly,

Not bad,

Very good,

Morgana felt that such an attack was very impressive, much better than her attack with the Devil's Claw.

"Pretend!"

Angel Yan glanced at Morgana with disdain,

However,

She didn't expect Morgana to have mastered the Phoenix Palm,

The first level of the Su Nu Heart Sutra has three attacking skills, and the Phoenix Palm is the second magical skill. Angel Yan only practiced it to the entry level with the help of Su Chen, but she didn't expect Morgana to have practiced it to the entry level.

Morgana said arrogantly with the proud mountain, "Little bitch, are you jealous? I successfully cultivated the second magical skill, and you only cultivated the first magical skill. You are not as good as me!"

Angel Yan smiled and said, "Morgana, do you think I didn't successfully cultivate the second magical skill?"

"Well? You won't succeed in cultivating it, right?"

Angel Yan smiled with pursed lips, "Of course, you won't forget that Su Chen accompanied me all the time on the sixth night. With the help of Su Chen, I successfully cultivated the second magical skill."

"Bitch."

Morgana was so angry that her chest was about to explode.

She used the proud mountain to serve Su Chen for more than an hour before Su Chen helped her successfully cultivate the second magical skill. Morgana didn't expect Su Chen to help Angel Yan successfully cultivate.

No,

Su Chen would not help Angel Yan cultivate for no reason,

What price did Angel Yan pay?

Flaming Red Lips?

Or Proud Mountain?

Morgana curled her lips and did not mock Angel Yan. If Angel Yan did these things, she would suffer the same fate as Angel Yan. Morgana guessed that Angel Yan would also guess that she had done these things for Su Chen. (To read the exciting novels, go to Faloo Novel Network!)

Angel Yan said to the angry Morgana, "Morgana, we can't leave now. I just notified Sky Blade No. 7 to block the earth. No one can leave the earth. We will stay here to kill the wild beasts until Su Chen arrives on Earth."

"This is also possible. Su Chen wants Ge Xiaolun, and Ge Xiaolun can't leave the earth. Su Chen can easily find Ge Xiaolun when he arrives. We will stay here to kill the wild beasts."

Morgana nodded to Angel Yan,

Su Chen ordered them to find the space channel and capture Ge Xiaolun,

The space channel was found by them,

Ge Xiaolun couldn't escape from the earth,

Morgana and Angel Yan could stay outside the space channel, and they didn't have to capture Ge Xiaolun.

Angel Yan looked at the space channel and said, "As usual, it's my turn to kill the wild beast next time it comes out."

Morgana thought for a moment and threatened, "Okay, little bitch, if you dare to break your promise, I will pluck out all your hair."

"You are so shameless."

Angel Yan wanted to strangle the shameless Morgana to death,

The old rogue is too shameless, 470

Pulling outHair?

Is the old rogue still a woman?

Oh no, []

Is the old rogue still a female angel? Morgana has disgraced the female angels.

Morgana said with a dark face, "Fuck, I mean to remove all the hair from your wings."

"Hmph, do you think I'm a fool?"

"Little bitch, you are too smart."

"Old rogue, I don't bother with you."

"I don't bother with you either."

At this moment,

In Tianren No. 7,

Angel Leng and others looked at Angel Yan and Morgana in amazement,

Angel Yan had previously killed twelve wild beasts with one palm, and Morgana had just killed eight wild beasts with one palm.

Angel Yan and Morgana were so powerful that they were not human,

Huh?

They were not human to begin with,

One was an angel.

One was a demon.

Angel Yan and Morgana's attacks were too scary,

They waved their hands to create huge palms hundreds of meters long, and killed several powerful and terrifying wild beasts with one palm.

Angel and Lianfeng had never seen such an attack before,

They might be killed by mistake if they were nearby.

Angel Leng clenched his hands tightly and said, "Cultivating immortals is too scary, I must let Su Chen teach me how to cultivate immortals."

"And me, even if I want to kill Su Chen, I will let the perverted scum teach me how to cultivate immortals."

Chapter 3232

Rose clenched her hands tightly and was very uneasy.

Too powerful.

She was frightened by the attacks of Angel Yan and Morgana.

Rose wanted Su Chen to teach her how to cultivate immortality.

If Su Chen dared not to teach her how to cultivate immortality, she would pester him every day and make him live in fear.

Angel Qingqing: "I want Su Chen to teach me how to cultivate immortality."

Angel Kaila: "King Tianren and Morgana are much stronger than us. Cultivating immortality is too terrifying. I want Su Chen to teach me how to cultivate immortality."

Lena, Lianfeng, Qilin, Sun Wukong, Liu Chuang, they looked at Angel Leng and the other girls in confusion.

Cultivating immortality?

They had heard the girls talk about cultivating immortality before.

Are the terrifying attacks of Angel Yan and Morgana just now attacks on cultivating immortality?

There are myths and legends about cultivating immortals on Earth,

But cultivating immortals is just a story in myths and legends. They don't believe that anyone can cultivate immortals,

It's just that,

Why do they feel that the huge palm attacks of Angel Yan and Morgana are the same as the magical powers in myths?

Qilin asked doubtfully, "Lianfeng, can Su Chen practice immortal cultivation? Do myths and legends really exist?"

Liu Chuang wiped the cold sweat from his forehead and said,

"Qilin, didn't you see the giant palm attack of Angel Yan and Morgana? Technological civilization cannot have such a terrifying attack. I guess Su Chen can practice immortal cultivation 610 as described in the legend."

Sun Wukong said with a serious face, "I didn't believe it before, but now I have to believe it. If Morgana attacks me with her giant palm, I'm afraid I will be beaten into nothingness."

"Yes, Morgana's giant palm attack shook and shattered the entire Antarctic, and the earth was also shaking. The wild beasts had no power to resist Angel Yan and Morgana. Immortal cultivation? Immortal cultivation may really exist, and Su Chen also passed it on to Angel Yan and Morgana."

Lianfeng stroked her hair and her eyes brightened,

Immortal cultivation?

Are Angel Yan and Morgana strong because of immortal cultivation? Or did Su Chen teach them how to cultivate immortality?

Lianfeng thought of the three conditions that Su Chen agreed to for her and Qilin.

If Su Chen taught them and Xiongbinglian to cultivate immortality, it would be very easy for them to protect the earth in the future.

Lianfeng smiled as she thought about it.

What Qiangwei said was right.

If Su Chen didn't teach them how to cultivate immortality, she and Qilin would also pester Su Chen to death.

Leina grabbed Qiangwei and said, "Qiangwei, can you let Su Chen teach me how to cultivate immortality?"

"Don't worry, I will let the shameless pervert teach us how to cultivate immortality." Qiangwei patted Aoran's chest and promised.

She knew the relationship between Lena and Su Chen.

Qianwei also understood that Su Chen would not miss Lena in this world.

Huh?

Su Chen would not miss all the women who had a relationship with him.

Although they were the same and different people from the people in the other world, they were related to Su Chen after all, and had a connection with him. Su Chen would not ignore them.

"Thank you, Rose."

Reina laughed happily,

Cultivating immortals?

She only To learn how to cultivate immortality,

If Pan Zhen still doesn't obey her orders,

Rena will slap Pan Zhen to death with one palm, and she will be the true main god of the Lieyang civilization in the future.

At this time,

King Taotie, Elder Thrall, Ryze, Sumali, and Pan Zhen, they all looked at the projection screen in horror.

Angel Yan and Morgana's attacks were too terrifying. They killed several terrifying and powerful monsters with one palm each.

The monsters were stronger than them.

When they faced monsters, they would be killed and eaten instantly.

Angel Yan and Morgana actually killed the monsters easily. Everyone felt unfamiliar and afraid of Angel Yan and Morgana.

The fourth generation of divine body?

How could the fourth generation of divine body be so powerful?

In the battleship of the Super Seminary,

Ryze shouted with a pale face, "Elder, leave the earth quickly. Something happened to Angel Yan and Morgana. They can't be so powerful. We must leave the earth as soon as possible."

Sumari stood up and said in horror,

"Elder Sal, Ryze is right. Angel Yan and Morgana can't be so powerful. The fourth generation of gods can't be so terrifying. They must have a secret. Let's leave the earth quickly. I'm worried that Angel Yan and Morgana will kill us."

"Okay, we will leave the earth immediately. Come on, notify the battleship Ma Li...(bacb)..."

Boom boom boom~

As Elder Sal said this, he suddenly heard a roar. He, Sumari and Ryze hurried to check where the attack took place.

Su Mali opened his eyes wide and said, "The Taotie warships were destroyed. The Sky Blade No. 7 was attacking the Taotie warships that left the earth. Hundreds of Taotie warships were destroyed one after another. The angels didn't want anyone to leave the earth."

Bang!

Elder Sal slammed the table angrily and shouted, "Damn it, are the angels going to go to war with all of our civilizations at the same time?"

Ryze checked the data and said, "Elder, the angels are blocking the earth. I can't contact the Super Seminary in the universe. The angels have blocked the earth and blocked the communication."

Su Mali suddenly pointed to the big screen and shouted, "Look, there are more than a dozen super soldiers from the Lieyang civilization who are about to fly out of the earth." (To read the violent novel, go to Faloo Novel Network!)

Elder Sal and Ryze hurriedly looked at the big screen,

On the big screen,

Thirteen Lieyang super soldiers are flying out of the earth,

They want to know if the angels will stop them,

If the angels don't stop the Lieyang super soldiers from escaping, they will have to sacrifice their battleships to escape from the earth.

On the screen,

Thirteen angels flew out of the Sky Blade No. 7, and the thirteen third-generation divine angels quickly killed the Lieyang people who were about to leave the earth.

Elder Thrall shook his head and said, "Thirteen third-generation divine angels are out, and the Lieyang Super Soldier is doomed."

Ryze said hurriedly, "Elder, the angels and the Lieyang civilization are at war, we can unite with the Lieyang civilization, Pan Zhen is a fourth-generation divine body, we have a chance to escape the earth if we cooperate."

"Ryze is right, the Taotie is finished, well if he doesn't want to kill the angels, he can only unite with the Lieyang Civilization. "

Sumali was very upset.

What did he do on Earth?

He didn't get any benefits. He either encountered terrifying monsters or was trapped on Earth by angels.

Sumali didn't want to die on Earth.

He had to find a way to escape from Earth. []

Elder Sal, Ryze, and Pan Zhen were all scapegoats for him to escape from Earth.

Once the battle begins,

Sumali won't care about the lives of these people. He will sneak out of Earth as soon as possible.

By the way,

There is also the Galaxy Power Ge Xiaolun.

Sumali will kill the Galaxy Power Ge Xiaolun before he escapes.

Elder Sal stroked his beard and ordered, "Ryze, contact Pan Zhen and tell Pan Zhen that we can escape from Earth together."

"Yes, elder. "

Earth's outer space,

Su Chen brought Angel Zhixin and Angel Zhui to Earth's outer space, and they stood on a meteorite to rest.

Half a day ago,

Angel Zhixin and Angel Zhui killed thousands of celestial scum,

They did not rest in the desolate planet, Su Chen brought them to Earth through continuous space jumps.

Angel Zhui grabbed Su Chen's hand and shouted in shame, "Su Chen, can you stop being so lewd? We have reached Earth's outer space, do you want to take off my armor?" "

Chapter 3233

Angel Zhixin pushed Su Chen away and sat on the meteorite.

She was too lazy to talk nonsense with Su Chen, and Su Chen would not listen to her and not harass her and Angel Zhui.

Su Chen kissed Angel Zhui and said, "Ah Zhui, I can't let go of your body, just let me touch it for a while."

"You are so shameless."

Angel Zhui leaned in Su Chen's arms and closed her eyes.

She couldn't stop Su Chen from touching her.

She didn't want to stop Su Chen from touching her.

They were about to enter the earth.

If they entered the earth and reached Tianren No. 7,

Su Chen would be occupied by Angel Yan and Morgana.

Angel Zhui would be stopped by the two female gangsters if she wanted to get close to Su Chen. She might as well get closer to Su Chen at this moment.

"Huh?"

Su Chen hugged Angel Zhui and caressed him with a surprised expression. He found that the angels and the Lieyang Super Soldier were fighting in space.

Why did Angel Yan order the "Six Zero Zero" angel to kill the Lieyang Super Soldier? Did Angel Yan want to take revenge on Pan Zhen?

Angel Zhui heard Su Chen's surprised voice and asked, "What's wrong?"

Su Chen let go of Angel Zhui and said, "We angels are chasing the Lieyang Star Super Soldier."

Angel Zhixin stood up and said, "It must be Sister Yan's order. Pan Zhen wants to use the Tiandao Pill to control Sister Yan. Sister Yan will not let Pan Zhen and Lieyang Civilization go."

"Zhixin, let's go to help the angels."

"Okay."

Angel Zhui and Angel Zhixin quickly flew to the earth.

They were strengthened by Su Chen on the desolate planet. Angel Zhui and Angel Zhixin wanted to test the strength of the fourth generation of gods.

"Forget it, let's go to Earth. I hope Angel Yan and Morgana have completed their mission."

Su Chen originally wanted to have some intimacy with the two women on the meteorite.

Angel Zhui and Angel Zhixin both went to Earth, and he didn't want to stay alone on the meteorite.

On Earth,

Angel Yan and Morgana stayed outside the space channel. No matter how many wild beasts came out, they were killed by them.

Morgana crossed her arms and shouted, "Little bitch, it's my turn to attack the next wave of wild beasts. I will definitely kill more wild beasts than you."

"Old rogue, do you think it's possible? I just killed 32 wild beasts with one palm. You will never be able to compare with me."

Angel Yan sat in the air with his legs crossed and smiled.

More than 30 wild beasts appeared in the space channel in one wave. After killing the wild beasts, Angel Yan mocked Morgana to his heart's content.

In the previous few waves of wild beasts,

there were at most more than ten wild beasts.

Morgana could not kill more wild beasts than she did.

"Bitch!"

Morgana glared at Angel Yan angrily.

Little bitch's luck was a little better than hers. If Morgana encountered more than 30 wild beasts, she would also kill them with one palm.

Swoosh!

Su Chen suddenly appeared in front of the space channel. He checked the space channel and calculated whether it could be sealed.

"Tian Zha, you arrived two days earlier than I thought."

"Su Chen, you killed God Karl is not here? Where are Azhui and Zhixin? "

Morgana and Angel Yan found Su Chen, and they quickly appeared beside Su Chen and asked,

Su Chen waved his hand at the two female gangsters and said, "Death Karl was killed by me, Azhui and Zhixin are helping the angels, don't disturb me, I'm going to check the space channel. "

Angel Yan and Morgana said nothing more.

The space channel is the top priority,

They hope that Su Chen can seal the space channel after checking it,

Otherwise,

Even if their world is not destroyed by the wild beasts, it will be shattered by the invasion of wild beasts.

After a while,

Su Chen frowned after checking the space channel,

The space channel will be stable in more than ten days, and it will completely connect this world.

Moreover,

On the other side of the space channel,

The wild beasts actually gathered billions of them to prepare for the invasion, and Su Chen could not seal the space channel at this moment.

Angel Yan saw Su Chen frowning and asked, "Su Chen, can the space channel be sealed?"

Su Chen shook his head and replied, "It can't be sealed. The space channel will be stable soon. My current strength cannot seal the space channel."

"Bitch, in this case, the wild beasts will definitely invade our world in a big way? "

Morgana was not calm anymore.

She and Angel Yan had checked the space channel before.

There were billions of wild beasts on the other side of the space channel, and there were hundreds of millions of wild beasts that were stronger and more terrifying than them.

If the wild beasts invaded their world,

99% of the creatures in the world would be killed and eaten by the wild beasts. (To read the exciting novels, go to Faloo Novel Network!)

Su Chen touched his chin and nodded, "Yes, the invasion of your world by wild beasts is a foregone conclusion."

Angel Yan grabbed Su Chen and asked hurriedly,

"Su Chen, there are too many wild beasts, there are hundreds of millions of wild beasts above the immortal level, our world cannot stop the wild beasts, can you send the army of Xuantian Realm to help our world? "

Su Chen hugged Yun Tianshi Yan's slender waist and said, "No, your world is too fragile. If the Xuantian Realm army descends on your world, your world will be shattered and destroyed..."

"

Morgana showed a mocking expression and said, "I believe what you said, scumbag. The powerful Xuantian Realm army does not need to come. You can order the army below the Golden Immortal to help our world."

"Su Chen, dare you lie to me?"

Angel Yan stared at Su Chen angrily,

If it weren't for Morgana's reminder, she really thought that Su Chen could not help their world,

Damn pervert,

Angel Yan guessed that Su Chen was going to take the opportunity to make conditions again. She really wanted to beat the shameless pervert again.

Su Chen hurriedly explained, "I haven't finished yet. You also know that I came to your world for trial. I can't notify Xuantian Realm, and I don't have the ability to open a space channel to let my army come. "

Angel Yan: "I don't care about that, you must save our world."

Morgana: "Yes, if you can save our world, I will let you do whatever you want once."

Su Chen shook his head helplessly,

Morgana's temptation is very good, []

Do whatever you want once?

Su Chen thought about Morgana's fair and proud figure, and he wanted to ravage Morgana now.

And Angel Yan,

Why didn't Angel Yan seduce him? Shouldn't the female gangster seduce him like Morgana?

Damn it,

His strength is really not enough to seal the space channel, Su Chen thought about it and still had to convince the system girl. 4.2

Su Chen thought for a while and said, "Yan, Liang Bing, you go and kill other civilizations on Earth, and capture Ge Xiaolun alive. I will try to see if I can seal the space channel."

"Okay."

"You scumbag, if the space channel cannot be sealed, you have to bring your army here. Don't say no. Men can't say no."

Angel Yan and Morgana disappeared beside Su Chen,

They couldn't help Su Chen if they stayed here. Angel Yan and Morgana might as well go and complete Su Chen's orders.

As for the space channel,

Su Chen just couldn't seal the space channel. They believed that Su Chen would also stop the wild beasts from invading their world.

Su Chen's communication system said, "Girl, the space channel is half-open at the moment. My current strength cannot seal the space channel."

[Ding, so what?]。

Chapter 3234

"So you have to help me."

[Ding, dreaming!]

Su Chen took out a pot of wine and drank it, saying, "Girl, you can temporarily restore my strength to the Golden Immortal. After I seal the space channel, you can reseal my cultivation."

[Ding, host, you are wishful thinking.]

"Is there no room for negotiation?"

[Ding, not that there is no room for negotiation. The host should understand what the price will be.]

"I'm going to make a fool of you, little girl. Are you evil? My Hongmeng Spiritual Liquid and my Hongmeng Crystals are all being blackmailed by you. Can't you stop staring at my Hongmeng Crystals and Hongmeng Spiritual Liquid?"

Su Chen really wants to kill the system girl.

It's too abominable.

He has less than ten pots of Hongmeng Spiritual Liquid left.

Hongmeng Spiritual Crystals were also blackmailed by the system.

He didn't expect the system girl to take his treasures. The system girl's heart is really evil.

[Ding, the host can also refuse.]

"Resist?"

Su Chen looked at the space channel and shook his head.

Resist?

How can he seal the space channel if he refuses?

If Su Chen cannot seal the space channel, the Savage World and the Super God World will be connected.

Billions, tens of billions of wild beasts will invade the super god world,

Su Chen can kill millions, even tens of millions of wild beasts, can he kill hundreds of millions, tens of billions of wild beasts?

Su Chen lay on the snow and thought,

How to make the system girl not blackmail him to agree?

At this moment,

Sky Blade VII began to attack the Lieyang battleship,

Angel coldly led a thousand angels to fly out of Sky Blade VII, they wanted to catch all the super warriors of Lieyang civilization.

Tianhe City,

Angel Yan stopped Pan Zhen from leaving and said coldly, "Pan Zhen, do you remember me?"

"Angel Yan, are you angels going to go to war with our Lieyang civilization?"

Pan Zhen didn't expect Angel Yan to stop him,

He was going to discuss cooperation with Elder Sal, and Angel Yan stopped him probably because he was not friendly.

Sky Blade No. 7 began to attack the Lieyang warship. The angels were still killing the Lieyang super soldiers. Pan Zhen didn't understand why the angels suddenly declared war on the Lieyang civilization.

Angel Yan said coldly, "War? Pan Zhen, since you started plotting against me, you should have known that there would be such a day."

"I don't understand what you are talking about."

"Tian Dao Dan!"

"Hmm?"

Pan Zhen understood,

He forced Angel Yan to eat Tian Dao Dan a year ago,

Angel Yan found that Tian Dao Dan would slowly control her? Or did He Xi find out that there was something wrong with Tian Dao Dan?

Trouble,

Angel has not been calculated by Death God Carl to decline,

Sky Base King He Xi has not fallen,

If the angels declare war on Lieyang civilization, Lieyang civilization may be destroyed by the angels.

"Pan Zhen, you will die today no matter what,"

Angel Yan didn't want to wait any longer,

After she killed Pan Zhen,

she also wanted to see if Su Chen could seal the space channel.

Pan Zhen looked around and said, "Angel Yan, your strength has become very strong, but I am the fourth generation of the divine body. I want to escape but you can't kill me."

"I want to kill you, you can't escape. Oh, I forgot to tell you that Tianji King He Xi went to Lieyang Star, and Di Hongkun can't survive. Tianji King will kill Di Hongkun who has turned into a phantom."

Pan Zhen showed a surprised expression and asked, "How do you know that the Lord God is still alive?"

Angel Yan said disdainfully, "Not only we angels know, but little girl Lena also knows. I have said everything I should say. Pan Zhen, you can continue to follow Di Hongkun after you die."

Swoosh~

Pan Zhen flew quickly into the air,

He wanted to escape,

Lieyang Lord God Di Hongkun would be killed by He Xi,

He could only escape to the Styx to find the God of Death Carl. In the entire universe, only the God of Death Carl could fight the angels.

"Escape? Can you escape?"

Angel Yan raised her lips when she saw Pan Zhen running away.

Escape?

Good escape.

She can try the third magical power of Suyun Heart Sutra.

Angel Yan pointed at Pan Zhen who was running away and shouted, "Suyun Slash!" (To read the novel, go to Faloo Novel Network!)

A light blade burst out from Angel Yan's finger, and the light blade instantly became larger and attacked Pan Zhen who was running away.

"No~"

Boom~Bang~

In an instant,

Pan Zhen was hit by a huge light blade. After the huge light, Pan Zhen turned into ashes without even a trace of his body left.

Angel Yan's face turned pale as he whispered, "The third magical power cannot yet unleash its full power. My own mana was instantly consumed. I need to practice the Suyun Heart Sutra more in the future."

Swoosh~

Angel Yan instantly disappeared from the spot.

Pan Zhen's body and genes were completely destroyed.

Angel Leng will lead the angels to destroy the Lieyang Civilization Army and the Lieyang Super Soldiers.

Angel Yan is going to Antarctica to meet Su Chen.

She wants to see Su Chen seal the space channel with her own eyes.

At this moment,

In Tianren No. 7,

Qiangwei and Lianfeng looked at each other. They were shocked by Angel Yan's power again and again. []

Liu Chuang wiped the cold sweat from his forehead and said, ". Pan Zhen was killed, the Lieyang army and super soldiers will be surrounded and killed by angels, and the army of Lieyang civilization invading the earth is finished."

Sun Wukong looked at Liu Chuang and others and said, "Angel Yan is too powerful. Cultivating immortals? If we don't cultivate immortals, the gap between us and the angels will become bigger and bigger in the future."

Qilin asked worriedly, "Morgana went to the Super Seminary warship, and the elders and teachers of the Super Seminary will also be killed. Do you think Ge Xiaolun will be killed by Morgana?"

Lianfeng drank tea and shook his head, "Don't worry about Ge Xiaolun, his life or death has nothing to do with us."

"Look, Angel Yan appeared in the south again. Antarctica, the person next to her is Su Chen, Su Chen actually came to Earth. "

Qilin pointed to the monitoring screen in Tianren No. 7 and shouted,

Su Chen?

When did Su Chen (Zhao Zhao) come to Earth?

They have been checking the Antarctic black hole, why didn't they find Su Chen coming to Earth?

Qiangwei explained to Qilin and others, "Su Chen's strength is very terrifying. He may have been invisible when he came to Earth, so we didn't find Su Chen coming to Earth."

Lianfeng stood up and said,

"Qilin, Qiangwei, we are looking for Su Chen in Antarctica, Liu Chuang, you notify Lena and let her go to Antarctica to meet us. Khan."

"Okay, Sister Lianfeng."

"I will notify Sister Na. "

In front of the Antarctic space channel,

Su Chen was speechless when he saw Angel Yan coming back again,

He had deliberately sent Angel Yan and Morgana away before, and Su Chen did not expect Angel Yan to come back so soon.

Angel Yan kicked Su Chen and shouted, "Su Chen, what are you doing lying on the snow? The space channel has not been sealed yet, why don't you find a way to seal the space channel?" .

Chapter 3235

Su Chen rolled his eyes at Angel Yan in silence.

If he had figured out a way to seal the space channel, would Su Chen still be lying in the snow?

Angel Yan pulled Su Chen and shouted, "Get up quickly, there is another wild beast coming out of the space channel, you quickly find a way to seal the space channel."

"Don't pull me, I'm lying on the snow thinking of a solution."

Su Chen turned his hand and hugged Angel Yan in his arms.

Even if a wild beast came out of the space channel, it would be easy for Angel Yan to kill it. Su Chen could also kill it with a wave of his hand. What's there to be afraid of for a female gangster.

"You are so shameless."

Angel Yan was hugged by Su Chen without struggling.

Su Chen was her male god.

She was also harmed by Su Chen in Melo Heaven. Angel Yan also wanted to~ enjoy the embrace of the male god.

"Yan, have you notified Alan to capture Hua Ye?-"

"I have notified him. Alan has already gone to capture Hua Ye with a team of high-level angels."

"That's good."

Su Chen hugged the angel Yan's slim waist and closed his eyes.

This time, there are four tasks.

Su Chen killed the space principal to complete task four, and killed the god Carl to complete task three.

There is also Ge Xiaolun for task one,

Hua Ye for task two,

Morgana will bring Ge Xiaolun here soon. As long as the angel Alan finds Hua Ye, he will bring Hua Ye here in less than ten days. Su Chen will complete all tasks in about ten days.

The second round of trials will also be completed.

The last round of trials,

Su Chen guessed that it was a real trial.

He would not be as relaxed as in the previous two trials. Su Chen felt that he would encounter real danger in the trial.

"Huh?"

Su Chen suddenly sensed that Lianfeng, Qiangwei, and Qilin were really heading towards the South Pole.

The space channel could not be closed.

What were the three scumbag women doing in the South Pole? Were they here to deliver food to the wild beasts?

Angel Yan checked and asked, "Lianfeng, Qilin, Qiangwei, why are they here? Su Chen, tell me honestly, how many women who are exactly like us do you have in another world?"

"Not many."

"How many is not many?"

Su Chen coughed awkwardly, "Ahem~, basically all the women who know me are."

"You are such a scumbag."

Angel Yan stared at Su Chen angrily.

What are the women who know Su Chen?

Go away, damn it,

Angel Yan thought of the angels in Melo Heaven,

The three angel kings need not be mentioned,

Angel Zhui, Angel Leng, Angel Zhixin, Angel Alan and others, they may all be Su Chen's women.

On Earth,

Lianfeng, Qiangwei, Qilin of Xiongbinglian, and Reina of Lieyangxing, Angel Yan guessed that they were also Su Chen's women.

Too scumbag,

Su Chen is even more scumbag than the scumbag in heaven.

After a while,

A fighter plane landed not far from the space channel, The three women of Lianfeng got off the fighter plane and walked towards Su Chen.

Su Chen held Angel Yan and stood up, waving, "Qiangwei, Lianfeng, Qilin, are you here to feed the wild beasts?"

The queen Lianfeng said coquettishly, "Su Chen, with you here, will you let us be eaten by the wild beasts?"

Qilin waved and said, "Su Chen, long time no see."

Qiangwei was too lazy to pay attention to the shameless Su Chen,

She looked at the space channel in surprise,

Looking at the space channel from a close distance,

Qiangwei actually saw countless wild beasts on the other side, and each wild beast was very terrifying.

Qiangwei hurriedly said, "Su Chen, can the space channel be broken? There are countless wild beasts on the other side of the space channel. If the space channel is stable, the earth will be finished."

After talking with Lianfeng and Qilin, Su Chen looked at Qiangwei speechlessly,

Break the space channel?

Qiangwei is really bold.

If Su Chen dares to attack the space channel with his current strength, the energy of the space channel will backfire and injure him.

The space channel is not the space channel of the realm.

If it is the space channel of the realm, Su Chen will be backfired and turned into ashes after the attack.

"Qiangwei, if you want to die, you can attack the space channel. You will definitely be backfired and not even ashes will be left."

Qiangwei shouted angrily, "Can you speak properly?"

Su Chen pointed to the space channel and said, "I just remind you that the space channel cannot be attacked. You are all super soldiers of technological civilization. If the terrifying energy of the space channel overflows, you can think about the consequences." (To read the violent novels, go to Feilu Novel Network!)

Lianfeng and Qiangwei nodded.

They knew the consequences of energy riots. The energy of the space channel might be more terrifying than the energy of the sun.

If the energy of the space channel overflows,

The earth might be annihilated in an instant.

Lianfeng said with a serious face, "Su Chen, how do you want to deal with the space channel?"

Su Chen touched his chin and smiled, "Well, if each of you kiss me, I can tell you."

Angel Yan: "Shameless!"

Lianfeng: "You are taking advantage of others."

Qianwei: "Su Chen, you are indeed a scumbag."

Qilin: "What a jerk."

Su Chen curled his lips and said nothing.

He was just talking casually,

Lianfeng and Qiangwei are all his women, Su Chen can kiss them whenever he wants.

"System girl, if I agree, how much Hongmeng Spiritual Liquid will you blackmail me?"[]

[Ding, three pots of Hongmeng Spiritual Liquid.]

"I'll make one pot, okay?"

[Ding, host, the system didn't ask for Hongmeng crystals, you should be thankful, don't bargain with the system, the system won't bargain with you.]

"You are really a Pixiu."

Su Chen rubbed his forehead helplessly,

What to do?

The system blackmailed him for three pots of Hongmeng againMeng Ling Liquid?

Angel Yan and Lian Feng talked to each other and looked at Su Chen. They found that Su Chen was staring at the space channel and rubbing his forehead.

Is Su Chen in trouble?

Still can't seal the space channel?

Angel Yan and Lian Feng couldn't guess it. They hoped that Su Chen could seal the space channel.

Bang~

Morgana suddenly appeared and threw Ge Xiaolun aside, asking, "What is Tianzha thinking about? Why hasn't he sealed the space channel yet?"

Angel Yan glanced at Morgana and said, "Old rogue, Su Chen is trying to seal the space channel."

"Tianzha is very powerful, does he need to think about sealing the space channel? I guess Tianzha may want to put forward conditions to us. The shameless pervert must want us to agree to something shameful."

Rose pointed at Su Chen and said angrily, "Morgana, you are right, Su Chen just put forward conditions to us."

At this time,

Ge Xiaolun was lying on the snow, spitting blood and shouting, "Chief Lianfeng, Rose, Qilin, you guys save me quickly, Morgana is going to kill me."

Lianfeng shook his head with a cold face, "Ge Xiaolun, we can't save you, and we don't have the ability to save you. Your life and death will be decided by Su Chen. I hope Su Chen won't kill you."

Chapter 3236

Qilin and Qiangwei shook their heads,

They couldn't save Ge Xiaolun,

Su Chen asked Morgana to capture Ge Xiaolun, and they guessed that Su Chen wanted to kill Ge Xiaolun.

Morgana crossed her arms and laughed, "Little bitch, your former male god is really a jerk. If Su Chen hadn't appeared, you would probably have married this jerk."

"Old rogue, will you die if you don't speak?"

Angel Yan glared at Morgana angrily,

She wanted to seal Morgana's stinky mouth at this moment,

Former male god?

Angel Yan never admitted that Ge Xiaolun was her male god.

If it wasn't for Queen Kesha's order,

Ge Xiaolun was still the future of the angels, and Angel Yan couldn't get close to the ugly Ge Xiaolun.

On Earth and Fred,

Angel Yan just had a good impression of Ge Xiaolun, and she didn't regard Ge Xiaolun as a male god.

Morgana curled her lips and said, "Tsk, I just want to mock you."

"Hmph, Morgana, you won't be better for long. You stabbed Queen Kesha with a sword. After Queen Kesha was resurrected by Su Chen, you should think about what Queen Kesha will do to you."

"I'll help!"

Morgana was uneasy.

She stabbed Kesha in the back first, and then cooperated with the god of death Carl to blow up Kesha.

If Su Chen resurrects Kesha,

Kesha will definitely not let her go,

Morgana guessed that even if Kesha didn't kill her, Kesha would beat her into autism.

At this moment,

Ge Xiaolun felt incredible when he heard Lianfeng's words,

Lianfeng couldn't save him?

Qiangwei and Qilin didn't say anything at all,

Ge Xiaolun didn't want to die,

He wasn't with Qiangwei yet, he was the power of the galaxy, and he was the savior of the earth.

Ge Xiaolun stood up with difficulty and shouted, "Qiangwei, you have to save me. You know I have always liked you. I really like you very much. Go and tell Morgana to let me go."

Qiangwei shook her head with a cold face, "Ge Xiaolun, I can't save you. No one in the world can save you. Your fate is doomed."

"Why? Why don't you save me? Dukao said I am the power of the galaxy, and the elders of the Super Seminary said I am the savior of the earth and the universe. Why don't you save me?"

Qiangwei, Lianfeng, and Qilin didn't say anything else.

Savior?

Ge Xiaolun might have been a savior before, and a savior cultivated by sacrificing billions of people on earth.

What about now?

The wild beasts are going to invade their world.

Even if Ge Xiaolun grows up, can he protect the earth? Can he protect the entire universe?

Angel Yan glanced at the panicked Ge Xiaolun,

She asked Morgana, "Old rogue, was the scumbag Sumali killed?"

Morgana waved her hand and replied, "The scumbag Sumali was killed by me, and the elders of the Super Seminary were also killed by me, and their genes were completely wiped out."

"Huh? Old rogue, why don't you show off? "

"None of your business."

"Oh~, I see, you are worried that Queen Kesha will teach you a lesson after she is resurrected."

"Little bitch, will you die if you don't speak?"

"Hehe~"

At this time,

Su Chen's negotiations with the system have not made any progress.

The system girl is stubborn and wants three pots of Hongmeng Spirit Liquid. Su Chen has tried his best to persuade the system girl.

Su Chen rubbed his forehead and asked, "Girl, if I agree, how will you help me? Restore my cultivation? Or send my woman to this world?"

[Ding, the system will let your sister Nannan come to this world.]

"Nannan? "

Su Chen's eyes brightened,

It's great that Nannan can come,

This trial system restricts anyone from taking the trial with him, and Su Chen cannot bring Nannan to this world.

If Nannan comes, she will be very happy.

Su Chen is sometimes very embarrassed,

Nannan and the Ruthless Queen are both his sisters,

But Nannan is the incarnation of the Ruthless Queen after all.

Although the Ruthless Queen acquiesces to Nannan's existence, they still can't get along well.

No,

They can't meet.

Su Chen thought for a while and said, "System, I agree. Three pots of Hongmeng Spiritual Liquid is three pots of Hongmeng Spiritual Liquid. Quickly send my sister over here."

[Ding, the system automatically collects three pots of Hongmeng Spiritual Liquid. Within a quarter of an hour, Nannan will come to this world.]

Su Chen curled his lips and cursed a dead Pixiu.

The Hongmeng Spiritual Liquid is running out.

There are more than a hundred pots of Hongmeng Spiritual Liquid.

The system girl first occupied half of it, and then blackmailed him for the remaining Hongmeng Spiritual Liquid every time.

He has never used a pot.

Su Chen thought about killing the system girl.

Angel Yan saw Su Chen coming over and asked, "Su Chen, have you figured out a solution?"

"I figured it out."

"What solution?"

Su Chen hugged Angel Yan and replied, "My sister will come to this world in a while, and the space channel will be sealed by my sister."

"Your sister? Ruthless Empress?"

Angel Yan was very confused.

She had checked Su Chen's sister in the knowledge treasure house.

Su Chen's sister was the eldest princess of Xuantian Realm, and she was also a terrifying woman with stunning beauty. (To read the exciting novels, go to Feilu Novel Network!)

Also,

Angel Yan had checked why Su Chen's sister was called the Ruthless Empress.

The Ruthless Empress probably killed more people than the creatures in their world. Angel Yan felt incredible just thinking about it.

Morgana was shocked and shouted, "Oh my god, your sister is coming? Little bitch, I think we'd better leave."

Morgana also knew Su Chen's sister.

She was considered ruthless in the Super God World, and she was also a demon king who did whatever she wanted.

But Morgana and Compared to the ruthless queen,

she is a good kid.

The ruthless queen killed countless cultivators and creatures contaminated by blood in the wild realm.

Morgana was terrified when she thought about it.

She was worried that the ruthless queen would turn her into ashes with a glance.

Angel Yan rolled his eyes at Morgana and said, "Old rogue, what are you afraid of? We are the sisters-in-law of the Ruthless Queen, and the Ruthless Queen will not attack us."

Morgana shouted disdainfully, "Fuck you, little bitch, do you dare to let the Ruthless Queen call you sister-in-law? Aren't you worried that the Ruthless Queen will burst out a little bit and turn you into ashes?"

Angel Yan said awkwardly, "I... I don't dare."

"Let's leave together?"[]

"No need, Su Chen is here, and the Ruthless Queen will not care about us when she comes. After all, we are ants in the eyes of the Ruthless Queen."

"It seems so."

Su Chen ignored the conversation between Angel Yan and Morgana,

He walked towards Ge Xiaolun,

Ge Xiaolun is considered a good person in the Super God World, but who makes him the must-kill person in the trial mission.

Su Chen walked up to Ge Xiaolun and said, "Ge Xiaolun, what else do you have to say? Rose is right next to you. I can let you live five more minutes to say goodbye to Rose."

Chapter 3237

Rose rolled her eyes at Su Chen speechlessly.

What does it matter to her if Su Chen gives Ge Xiaolun five more minutes? Does the shameless bastard want Ge Xiaolun to die with regret?

Ge Xiaolun stared at Su Chen and howled, "Su Chen, why do you want to kill me? I haven't offended you, and I have never met you. Why do you want to kill me?"

Lianfeng and Qilin, Rose, as well as Angel Yan and Morgana, were also very curious when they heard what Ge Xiaolun said.

Ge Xiaolun was an insignificant person to Su Chen.

Why did Su Chen want to kill Ge Xiaolun?

Morgana looked at Angel Yan and asked, "Little bitch, Su Chen wouldn't kill Ge Xiaolun because of you, right?"

Angel Yan crossed his arms and shook his head, "Impossible, if Su Chen killed Ge Xiaolun because of me, he wouldn't have to do it himself. I guess Su Chen had other purposes in killing Ge Xiaolun."

"That's right. Su Chen's angels could easily kill Ge Xiaolun. He didn't have to do it himself. Little bitch, can you guess why?"

"I have some guesses."

"What guesses?"

"Old rogue, let me ask you, what is Su Chen going to do in our world?"780

Morgana touched her fair chin and thought, "What? Isn't it a trial? Oh, you little bitch, you mean that Su Chen killed Ge Xiaolun to complete the trial mission?"

"Yes, think about it, Su Chen first killed the principal of Space for no reason, then killed the God of Death Carl, and asked Alan to capture the scum Hua Ye, plus Ge Xiaolun, I guess they are Su Chen's trial targets, Su Chen came to our world to kill the four of them."

Angel Yan said and looked at Su Chen,

Her guess about Morgana might be true, Su Chen's trial is to kill the principal of Space and Ge Xiaolun, and Ge Xiaolun is just an insignificant one among them.

Trial?

Su Chen is a powerful domain master of the Hongmeng World,

Who else can force Su Chen to take the trial? The Hongmeng Supreme of the Hongmeng World?

Morgana looked at Su Chen and frowned and asked, "Little bitch, Su Chen has killed the space principal, the god of death Carl, and Ge Xiaolun who is about to be killed. If Su Chen kills the scum Huaye, will he leave our world after completing the trial?"

"Don't worry, even if Su Chen leaves, the shameless pervert will arrange for us. We may go to the Xuantian Realm."

"You made me worry for a while. It's not bad for us to go to the Xuantian Realm. The innate spiritual energy will make our cultivation speed faster."

"Old rogue, you should think about whether you will be imprisoned by Queen Kesha for life after Queen Kesha is resurrected."

"Bitch."

Lianfeng and Qilin were very confused.

What did Angel Yan and Morgana mean?

Su Chen also killed the space principal? Killed the god of death Carl? Ge Xiaolun and the scum Huaye are also going to be killed?

Trial?

What trial?

Su Chen's trial mission is to kill four space principals?

Rose OneShe looked like she understood.

She had read the information in the treasure house of knowledge, and she knew that Su Chen came to the Super God World for the trial.

Now,

Rose knew Su Chen's trial mission, and she also understood why Su Chen wanted to kill Ge Xiaolun himself.

At this moment,

When Su Chen was about to answer Ge Xiaolun,

He was very surprised to hear what Angel Yan and Morgana said. Angel Yan and Morgana actually guessed his trial mission. The two women were indeed the proud daughters of the Super God World.

"Ge Xiaolun, you must remember one sentence. Weakness is the original sin. If you can't control your fate, fate will control your life. Goodbye. I hope you will be an ordinary person in your next life."

Su Chen waved his hand,

Ge Xiaolun's body slowly broke and dissipated. He showed a horrified expression and couldn't make a sound.

It took only a few breaths,

Ge Xiaolun was reduced to ashes in front of everyone, not even a piece of ash was left.

Angel Yan asked thoughtfully with bright eyes, "People who can't control their fate? Fate will control your life? Su Chen, can you control your fate now?"

Su Chen looked up at the sky and said helplessly,

"My fate?"

"I thought I controlled my fate several times before." (To read the exciting novels, go to Flylu Novel Network!)

"In Tianxuan Continent, I am the emperor, I rule the entire continent, and I also control the life and death of hundreds of millions of people. I thought I could control my fate, but with the emergence of Shenyun Continent in the world of cultivation, my fate fell to the lowest point again."

"In Shenyun Continent, I started practicing from scratch, developed and grew from scratch, and became the strongest person in Shenyun Continent from scratch. When I thought I could control my fate, fate played a joke on me again. . "

"The appearance of the Immortal Realm, the appearance of the Realm, I have to start everything from scratch again, until I become the strongest in the Chaos World, but fate still won't let me go."

"The appearance of the Hongmeng World, I have become a scum and an ant-like existence again, I have to start practicing again, become stronger again, and control my own destiny again."

"Until now, I am so strong that I can blow a breath to destroy countless worlds, but I still can't control my destiny. Destiny is unpredictable and always plays tricks on me."

Angel Yan and Lianfeng heard Su Chen's helplessness,

Every time Su Chen practiced to become the strongest,

But stronger and more terrifying worlds appeared one after another, Su Chen had no choice but to practice again and again, become stronger again, and become the strong master of each world again.

However,

Every time Su Chen cultivated to become a master,

fate always played a joke on him,

powerful and terrifying worlds emerged one after another,

Su Chen still could not control his own destiny, and had to continue to cultivate from scum and ants.

Angel Yan held Su Chen's hand and said, "Su Chen, your experience is different from others. You have many women and confidantes around you, and you will not be alone along the way."

Morgana showed a complicated expression and said, "You scumbag, I will scold you less in the future." []

Rose said with great emotion, "Su Chen, you are doing this for your world, for your people, and for countless lives. You are great, and you make all of us women proud of you."

Lianfeng and Qi were still confused.

They didn't understand what Su Chen said about the Tianxuan Continent, the Shenni Continent for cultivating immortals, and the fairyland and realm.

However,

They at least understood that Su Chen was not from the Super God World.

There are many worlds outside the world.

Boom~

Suddenly,

The earth shook,

Angel Yan and the other girls looked at the space channel one after another. They were worried that the space channel would be completely opened at this time.

Su Chen smiled,

He knew that someone was going to descend into the Super God World, and he also knew who was going to descend.

"Brother~".

Chapter 3238

Nannan appeared silently beside Su Chen, with a charming smile on her beautiful and cold face.

Su Chen touched Nannan's hair and said, "Nannan, brother needs your help this time!"

Nannan asked with a puzzled expression, "I know, a voice told me to help brother, brother, who is the woman who sent me the message before?"

"Your future sister-in-law."

Su Chen said with a strange expression,

System girl must be his woman in the future, Su Chen said that system girl is Nannan's sister-in-law and it is not wrong.

Whether the system admits it or not,

Su Chen reserved the system girl early.

[Ding, host, you are so shameless!]

"System, am I wrong?"

[Ding, the system is too lazy to pay attention to you.]

"System, you must transform into a body in the future. I want to see your peerless beauty."

"Six-eight-zero" [Ding, dreaming.]

"System, you don't look like a dinosaur, do you?"

[Ding, shameless, host, if you dare to tease the system again, the system will let you taste the feeling of being struck by lightning.]

"Sister-in-law?"

Nannan rolled her eyes at Su Chen speechlessly,

She didn't know if it was true,

But her brother had a way with women, and no beautiful woman could escape her brother's pursuit.

It's just that,

The woman who had transmitted the sound and sent her here before, Nannan felt that she was very, very powerful.

She was about to advance to the domain master realm,

Nannan didn't find any breath of that woman, and that woman sent her here silently. She guessed that the woman might be in the Hongmeng Supreme realm.

However,

Nannan couldn't figure it out,

What if that woman was the Supreme of Hongmeng?

Who would she be?

Not Murong Qingcheng, not the Supreme of Luosha, not the Supreme of Meihuo, nor the Supreme of Jiuyou. Does her brother know other female Supremes of Hongmeng in the Great World of Hongmeng?

Su Chen pulled Nannan and said, "Nannan, something has happened in this world. My second trial is about to be completed, but, a space..."

At this moment,

Angel Yan and Lianfeng were looking at Nannan.

The shaking of the earth just now,

They didn't expect that it was caused by the arrival of Su Chen's sister. Nannan's silent appearance surprised them very much.

They felt the horror of Nannan, and they also saw Nannan's cold and beautiful face. Nannan revealed noble, beautiful, elegant, cold and other extraordinary temperaments.

Her beauty does not belong to the human world,

Nannan has a graceful aura, and her white dress flutters, as if she is going to transcend and sink into the sky.

Morgana looked at Nannan in surprise and said, "Oh my god, is this our sister-in-law? She is indeed a peerless beauty who can overwhelm the whole city and the whole country. The terrifying aura makes me feel scared when I look at her."

Rose said with bright eyes, "Sister Su Chen is too beautiful, indescribably noble and elegant, indescribably" She is cold and elegant, yet powerful and intimidating."

Angel Yan said, "Too cold, Sister Su Chen is cold and noble, looking down on everything in the world, giving people a sense of distance, like a flower that is difficult to touch, making people want to get close but afraid to approach. "

Lianfeng and Qilin didn't expect that Su Chen had a younger sister, who seemed as noble and elegant as the empress.

They felt inferior to Nannan,

Nannan seemed like a fairy and goddess in the sky, as dazzling as the bright moon, and untouchable.

At this time,

Nannan heard Su Chen's story,

She looked at the space channel next to her and didn't care. It was a garbage space channel, and Nannan could seal it with a wave of her hand.

However,

Nannan didn't expect that this trial would be a super god world,

The angel Yan and the other girls next to her,

She had also seen them in the Xuantian Realm,

Some scumbag women,

Although they were all her brother's women, Nannan didn't bother to pay attention to them.

"Seal! "

Nannan pointed her white finger at the space channel,

The black hole in the space channel closed quickly,

In an instant,

The black hole in the space channel disappeared in front of the girls, as if it had never appeared.

"I found you."

Nannan looked at the universe and waved to grab Hua Ye, the scum of heaven.

Hua Ye was still confused when Nannan grabbed him.

He had just gathered thousands of scums to give a lecture, and a hand grabbed him in an instant.

Hua Ye saw Angel Yan and Morgana, (to read the exciting novel, go to Faloo Novel Network!)

He was so scared that he wanted to escape in a hurry,

But,

Hua Ye couldn't move, the angel gene was blocked, and the black hole engine couldn't be used.

Hua Ye hurriedly shouted to Morgana, "Morgana, what magic did you use to grab me? Let me go, I am also in cooperation with the God of Death Carl, we can deal with the angels together....."

"Destroy!"

Su Chen waved his hand and slapped Hua Ye,

Disgusting scum,

Su Chen wanted to slap the scum Hua Ye to death when he saw him, and he was too lazy to waste his breath talking to Hua Ye.

Boom~

Hua Ye was slapped into nothingness by Su Chen's palm.

[Ding, congratulations to the host for completing the second round of trials, are you going to the last round of trials now?]

"Let's talk about it in a few days."

[Ding, host, I remind you again, the third round of trials is very dangerous, you may be in danger of falling.]

"Girl, you have to help me when the time comes."

[Ding, it depends on my mood.][[]]

"Girl, you have learned to be naughty. "

[Ding, host, you are becoming more and more shameless.]

Nannan asked Su Chen at this time, "Brother, have you completed the second round of trial tasks?"

"Completed."

"When will we leave this world?"

"In a few days."

"Okay."

Nannan looked at Su Chen. She understood from the girls next to her,

Su Chen was going to arrange these women before leaving, and she didn't want to say anything about Su Chen's love.

Whatever Su Chen wanted to do,

Nannan would support him.

Angel Yan and Lianfeng were all confused,

Nannan sealed the space channel with one finger, and then waved to grab the scum Hua Ye instantly.

Too strong,

Too scary,

Not to mention the scary space channel,

It was Hua Ye,

5.1 Hua Ye might be on a planet in the universe, and Nannan actually grabbed Hua Ye instantly.

Angel Yan and the girls understood the horror of immortals.

They were probably not even ants in front of Nannan.

Su Chen shouted to Angel Yan and the other girls, "Okay, the space channel has been sealed by my sister, and the wild beasts will never come to your world again. Let's go back to Sky Blade No. 7."

"Su... Damn, Su Chen and his sister left without us?"

As Morgana was talking, she suddenly saw Su Chen and Nannan disappear.

She wanted Su Chen to introduce her to Nannan, but Morgana didn't expect Su Chen and Nannan to leave in an instant.

She was furious.

She really wanted to beat Su Chen to death.

Angel Yan guessed, "Old rogue, Su Chen and his sister should have something to talk about, let's go back to Sky Blade No. 7 first."

"Okay."

Chapter 3239

One week later,

In Melo Heaven,

Angel Yan, Morgana, He Xi and others, as well as Lian Feng and several other women were practicing in seclusion.

Nannan opened up a small space in Melo Heaven.

Su Chen placed tens of thousands of top-grade spiritual stones in the small space. Although the spiritual energy in the small space was not as good as that in Xuantian Realm, it was already very good for Angel Yan and other women.

After all, they had just started practicing,

The lack of innate spiritual energy did not affect the speed of practice.

At this moment,

In the luxurious bath,

Su Chen was bathing with naked Kaisha in his arms, and Kaisha was leaning lazily in Su Chen's arms with full charm.

Keisha grabbed Su Chen's hand and asked, "When are you going to leave?"

"Tomorrow."

Su Chen smiled as he touched Keisha's smooth skin.

Three days ago,

Nannan gathered Keisha's sacred atoms, and Keisha was resurrected after gathering the sacred atoms.

Su Chen has been torturing Keisha for several days.

He likes Keisha's sexy and plump body, and he likes Keisha's seductive flaming red lips even more.

And Morgana,

Morgana was going to run away after seeing Keisha recover,

However,

Morgana thought that she was a cultivator,

Keisha was not her opponent just after resurrection, and Morgana was so arrogant that she wanted to fight with Kaisha.

It was just a tragedy for Morgana,

He Xi and Angel Yan jointly suppressed Morgana, and Keisha also severely punished her sister who made her heartbroken.

"Tomorrow?"

Keisha showed a reluctant look,

She and Su Chen had only been together for three or four days, and she didn't want Su Chen to leave this world so soon.

However,

Keisha also knew that Su Chen was going to carry out the trial mission, and she couldn't stop Su Chen's trial.

Su Chen kissed Keisha and said, "I will give you the permission to open the space channel of Xuantian Realm. If you want to go to Xuantian Realm, you can open the space channel."

"Forget it, I don't want to go to Xuantian Realm yet. I want to cultivate to become an immortal before going to Xuantian Realm."

"It's up to you. I will leave you enough cultivation resources. If you need anything in the future, you can go to Xuantian Realm to get them."

"I understand."

Keisha said as she got up from Su Chen's arms,

She waved her hand naked and put on a sexy dress.

Nannan is coming soon,

Keisha doesn't want Nannan to see her naked body, and she doesn't want Nannan to see her and Su Chen being intimate.

Xuantian Realm?

Another Keisha?

Keisha knows that the other Keisha is much stronger than her, and the other Keisha might be able to kill her with a breath.

Keisha is no worse than anyone else.

She can't be worse than the other Keisha.

She wants to practice,

She wants to be as strong as the other Keisha.

Su Chen saw Keisha leave and whispered, "Alas, the trial is about to start again. How terrible will the last trial be? How can the system chick say that he isIs there a risk of falling?"

Swoosh~

Angel Qingqing appeared by the bathtub in an instant. She blushed when she saw Su Chen bathing naked.

Su Chen asked angel Qingqing in confusion, "Qingqing, why are you here?"

Angel Qingqing rolled her eyes at Su Chen and replied, "Su Chen, Lena is here. She has completely taken control of Lieyang Star."

"Come if you want. What does Lena care about a small Lieyang Star?"

"After all, Lena is the Lord of Flames. Emperor Hongkun was killed by the King of Tianji, Sister Yan killed Pan Zhen, and the super warriors of Lieyang Star were killed by your angels. If Lena doesn't care about Lieyang Star, Lieyang Star will become a low-level civilization in the universe."

"Where is Lena? Why didn't she come with you?"

"Lena went to the small space. She wants to practice with Qilin and other girls. "

“Forget it, Qingqing, let’s go see the scenery of Melo Heaven together.”

Su Chen came out of the bath, waved and put on his clothes,

In Melo Heaven,

Angel Yan and Angel Zhixin went into the small space to practice, Angel Qingqing will stay in Melo Heaven,

Ten years later,

Angel Zhui will take over from Angel Qingqing,

This is the decision made after Kaisha and Hexi discussed, and the angels will obey Kaisha and Hexi’s orders.

“You are so shameless. ” (To read the exciting novels, go to Faloo Novel Network!)

Angel Qingqing blushed and wanted to leave,

But,

Even if she left, Su Chen could find her. Angel Qingqing was helpless with the perverted Su Chen.

[Ding, host, you have to take the last trial tomorrow, can't you rest for a day?]

Su Chen hugged Angel Qingqing and his face was about to turn black,

Is the system a devil?

Why do you always see him being intimate with women? Does his body need to rest?

Su Chen communicated with the system and asked, "System, you are a woman, how can you peek at me every time?"

[Ding, do you think I would see ants in heat?]

"Ants in heat?"

[Ding, isn't it?]

"It's bullshit, I am the domain master of the Hongmeng world after all, am I an ant? "

[Ding, is the Domain Master very powerful? The Supreme Rakshasa can blow you to death with one breath, the Supreme Charm can also blow you to death with one breath, and the Supreme Jiuyou can blow you to death with one breath, aren't you an ant?]

“. I'll help you!”

Su Chen touched Angel Qingqing and didn't want to pay attention to the system, []

What the system said was bullshit,

Can he be compared with the Supreme Hongmeng? Why doesn't the system compare him with the Domain Master and the Realm Master?

Facing the Domain Master and the Realm Master,

Su Chen can easily kill them, the system girl is deliberately mocking him.

Angel Qingqing saw Su Chen frowning and asked, "Su Chen, what are you thinking about?"

"I'm thinking about where we can go to have fun."

Angel Qingqing blushed and said hurriedly, "I have something to do later. The Third Angel Legion is going to destroy the Sky Scum and the Triangle. I will arrange for the Sky Blade warship to be dispatched. "

"It won't take us long."

Su Chen hugged the angel Qing Qing and disappeared by the bathing pool.

Angel Qing Qing was obviously looking for an excuse, and Su Chen would not let go of the delicious food in his mouth.

Swoosh~

Nan Nan appeared instantly and shook her head.

Su Chen fell.

Since arriving at the Melo Heavenly Palace,

Su Chen and Kaisha and He Xi have been making trouble every day. Every time Nan Nan saw it, she blushed and hid away.

[Nan Nan~]

"Who are you? What is your relationship with my brother? "

Nannan suddenly heard someone calling her in her soul, and she realized that it was the woman who teleported her to this world.

Who could that woman be?

Why couldn't she sense any breath?

[Who am I? Your brother will tell you later, Nannan. Your brother's last trial will be very dangerous. I will let you and your brother take the trial together, but you and your brother will not appear together.]

"I agree."

Nannan agreed without hesitation.

Su Chen's last trial will be very dangerous.

Nannan wants to help her brother complete the trial, and she also wants to protect her brother from danger.

[Also, your brother's cultivation will be completely sealed, and he will not have any strength, just like ordinary humans. I will help you retain some cultivation. I hope you can protect the shameless bastard.]

"Thank you!" .

Chapter 3240

Honghuang Immortal Realm,

Su Chen appeared silently on a mountain. He looked around and sat on a stone.

"System, why don't I have any cultivation? What kind of world is this?"

[Ding, host, this is Honghuang Immortal Realm, or the Three Clans Great Tribulation Period. All your cultivation is sealed, and no cultivation will be left. Your women will not feel familiar with you.]

Su Chen was surprised, "Oh my god, the Three Clans War Period? I don't have any cultivation? My women will not feel familiar with me? System, do you want me to die?"

Su Chen really wanted to kill the system,

It doesn't matter if it's the Three Clans War Period,

It doesn't matter if his women don't feel familiar with him,

But what the hell is it to have no strength~?

Can he survive the Three Clans War as an ordinary person?

No,

Any little demon in the prehistoric fairyland can kill him, and it is possible that the battle between the strong will affect and destroy him.

[Ding, host, the system said that the last round of trials is very dangerous. Your cultivation can recover one major realm every year, starting from the cultivation realm, and the highest recovery is to the peak of the quasi-sage realm.]

Su Chen leaned against the stone and felt a headache.

Recover one major realm in a year?

Or start from the cultivation realm?

Damn it,

He may not survive a day in the prehistoric fairyland without strength.

"System, where is my sister?"

[Ding, your sister was randomly teleported to other places in the prehistoric fairyland.]

"Oh my god, system, my sister will not be in danger, right?"

[Ding, your sister has the cultivation realm of Daluo Jinxian, she will not be in danger.]

Su Chen was relieved to hear that Nannan had the cultivation of Daluo Jinxian.

During the Three Clan War, there were not many Quasi-Saints. Daluo Jinxian was considered a strong person in the prehistoric fairy world.

"Girl, you are really unlovable. You reserved your cultivation for your sister-in-law, why don't you reserve some for your man?"

[Ding, shameless!]

Su Chen curled his lips and asked, "Girl, what is my trial mission?"

[Ding, there is only one, survive until the end of the Three Clan Catastrophe.]

Su Chen touched his chin and thought,

It's best to have no mission,

But how can I survive until the end of the Three Clan Catastrophe?

Find a backer for protection?

During this period, only Feng Zu was a Quasi-Saint, and Wangshu of Taiyin Star should also be a Quasi-Saint.

Feng Zu?

Su Chen thought of Feng Zu and shook his head.

He had no contact with Feng Zu.

Xuantian Realm.

Su Chen did not revive Feng Zu.

He did not know Feng Zu at all, and he did not have the ability to revive Feng Zu at that time.

Wang Shu?

Wang Shu was on Taiyin Star.

Su Chen was just an ordinary person and could not go to Taiyin Star.

Besides,

The system said that his woman would not have an impression of feeling familiar.

Even if Su Chen could go to Taiyin Star, the cold Wangshu would probably crush him to death.

"Huh? A little creature without any cultivation? Strange, how could a little creature not have any cultivation after transforming?"

At this time,

A huge white wolf appeared on the mountain,

She was very confused after discovering Su Chen,

The creatures that transformed were at least in the earthly immortal realm, how could the creatures she saw not have any cultivation after transforming.

Swoosh~

The white wolf appeared next to Su Chen in an instant,

"Damn it."

When Su Chen saw a white giant wolf suddenly appear, he was so scared that he quickly hid behind a stone.

What the hell,

What the hell,

How could there be a wolf demon here,

Su Chen was worried that the wolf demon would swallow him in one bite.

The white wolf stared at Su Chen and asked, "Little creature, what kind of creature are you incarnated? How come you don't have any cultivation?"

Su Chen was a little surprised to hear the clear voice of the wolf demon.

The wolf demon turned out to be a female wolf. (To read the exciting novel, go to Faloo Novel Network!)

How to deal with the wolf demon?

Su Chen thought for a while and said nonsense, "I made a mistake in my transformation and all my cultivation disappeared."

The white wolf asked in surprise, "I made a mistake in my transformation? All my cultivation disappeared? What kind of creature are you?"

"I forgot. My memory disappeared after I transformed."

What kind of creature?

Su Chen should be a black bird in the prehistoric fairyland, but does he dare to say it to the wolf demon?

During the war between the three tribes,

The wolf demon should be considered a walking beast tribe,

The black bird is the royal family of the bird tribe,

If the wolf demon knew that Su Chen was a black bird incarnation, he would probably be eaten by the wolf demon or captured and sent to the Qi Qilin tribe.

"Little creature, the Yunwu Mountains are the territory of the Frost Giant Wolf Tribe, you stay in the Yunwu Mountains to recover your cultivation and memory."

Su Chen agreed without hesitation, "Thank you, what's your name?"

"My name is Bai Ling, I am the princess of the Frost Giant Wolf Tribe."

"Bai Ling, my name is Su Chen, is the Frost Giant Wolf Tribe powerful?"[]

"Of course it is powerful, my father is a golden immortal, and there are more than ten Xuanxian in the tribe, and I will be a Xuanxian when I transform."

Su Chen shook his head speechlessly,

Golden Immortal?

Powerful?

The soldiers in Melo Heaven are all Golden Immortals, and Golden Immortals are also scum in the Xuanxian realm.

Bai Ling is the Xuanxian,

Can the Xuanxian protect him?

Su Chen looked at Bai Ling in front of him and had no choice for the time being,

Bai Ling is at least a Xuanxian, and the princess of the Frost Giant Wolf Clan. It is better for him to have Bai Ling's protection than not.

"Bai Ling, you have transformed, why don't you restore your Tao body?"

Bai Ling lay on the ground and asked in confusion, "Isn't this good? No one in the tribe has restored their Tao body."

"Okay, if you like..."

Bang~ Bang~

Suddenly,

The sound of fighting broke out in the Yunwu Mountains, and the powerful aura swept the distantAll the mountains were razed to the ground.

Bai Ling hurriedly stood up and shouted, "It's bad, the giant ape tribe is attacking our frost giant wolf tribe, I have to go to help the tribe."

Su Chen hurriedly reminded, "I'll go, Bai Ling, the fighting aura erupting from the distant mountains is Taiyi Jinxian, you are only a Xuanxian, I'm afraid you will be annihilated by the battle before you get there."

"How is it possible? The giant ape tribe also has only one Jinxian, how can there be a Taiyi Jinxian? Su Chen, you are not wrong?"

"No, although I have lost my cultivation, I can feel the breath of the battle."

Bai Ling showed a worried expression and said, "The giant ape tribe must invite strong men to kill my father, what should I do? My father will not be the opponent of the Taiyi Jinxian strongman."

Su Chen shook his head helplessly,

He thought Bai Ling could protect him, at least for a year, and Su Chen could also recover a little cultivation,

What about now?

Before Bai Ling began to protect him,

The Frost Giant Wolf Tribe might be exterminated.

Swoosh, swoosh, swoosh~

Suddenly,

Twelve white giant wolves instantly appeared beside Bai Ling,

A white giant wolf spoke,

"Princess, the tribe leader asked us to protect you from leaving the Cloudy Mountains. The Giant Ape Tribe invited the Qilin tribe to kill the tribe leader. The tribe leader is no match for us. We have to protect the princess from leaving the Cloudy Mountains."
