

## Zongwu 33

### Chapter 33

Su Chen saw that more and more Jianghu people were arriving one after another, but he didn't recognize any of them. The Beggar Clan people had already placed many tables and chairs in the middle of the Apricot Grove.

Su Chen saw that these should be prepared by the Beggar Clan for some important people. Now all the people arriving are small minions. I am afraid that the masters and grand masters will appear soon. Su Chen is also curious about which masters and big masters will be there this time. The Grandmaster appears.

Su Chen asked Li Xunhuan next to him,

"Brother Li, do you know if any important person will appear?"

"I don't know, I just came to visit Da Song Dynasty." Li Xunhuan shook his head and said to Su Chen,

"Um? Are you not from the Song Dynasty? So which country are you from?"

"I'm from Daming."

Su Chen lazily leaned against the tree and said,

"Oh, that's it. It seems that both of us are newbies in the world of charlatans. I don't know any of the charlatans here."

"Haha, me too."

Li Xunhuan did not reveal his identity. He felt that Mr. Su gave him a very unusual feeling. If Li Xunhuan hadn't seen that Su Chen didn't know martial arts, he would have thought that Su Chen was also a hidden master.

"Cousin, why are you sitting on the ground too?"

At this time, Lin Shiyin came to Li Xunhuan and was a little surprised to see that Li Xunhuan was sitting on the ground talking with this young master. This made Lin Shiyin feel a little surprised. Her cousin had always paid attention to his appearance. Why was he so careless this time? Already?

Su Chen was a little surprised when he saw a beautiful beauty coming from behind the big tree. He didn't expect that he would meet three top beauties in one day, and each of them was prettier than the last.

Li Xunhuan said to Lin Shiyin nonchalantly,

"Shiyin, it doesn't matter. This is Mr. Su. Brother Su, this is my cousin Lin Shiyin."

"Lin Shiyin? Are you Li Xunhuan?"

Su Chen was a little confused now. He didn't expect that he would be very surprised when he met a random person today. Shi Feixuan and Huan Huan might both be masters at the master level.

And this Li Xunhuan is either a great master or a peak master. The existence of him, especially his Xiao Li Flying Knife, I am afraid that even some great masters cannot avoid it.

"Um, Brother Su actually knows about me?"

Li Xunhuan asked Su Chen in surprise.

Su Chen didn't expect that the scholar next to him was actually Li Xunhuan.

"How could I not know about Xiao Li Feidao of the Ming Dynasty? I never thought that the famous Xiao Li Feidao would be sitting here with me."

Li Xunhuan said to Su Chen apologetically,

"Brother Su, I hope you don't mind. My cousin Lin Shiyin and I are just here to visit the Song Dynasty. We don't want others to know my identity."

Su Chen smiled and said to Li Xunhuan,

"I understand, don't worry, Brother Li, I won't tell anyone, but your cousin is really beautiful. You can treat her well in the future and don't let people with evil intentions get close to your cousin."

"I also have a message for you, if you love you, you can't give up. Don't give up the person you like for anything, unless that person doesn't love you anymore, but as long as that person still loves you, you can't give up."

Li Xunhuan looked at Su Chen in confusion and asked, "Why don't I understand what you mean?"

Su Chen thought for a while and said to Li Xunhuan,

"You will understand in the future, Brother Li, remember, be careful about a man named Long in the future. He may do something you will regret in your life. If you meet him in the future, kill him. This is my advice to you. , hope you can remember."

Su Chen likes Li Xunhuan very much, but after this idiot Li Xunhuan pushed his cousin to Long Xiaoyun, Su Chen hated Li Xunhuan very much.

Now that Li Xunhuan has not done such a thing, Su Chen also hopes that he My childhood idol should not make that mistake again.

I hope that this time I will have my own reminder. Li Xunhuan can really be with his cousin Lin Shiyin, and not be as tragic as in the TV series.

Lin Shiyin is looking at Su Chen with strange eyes. ,

"Hey, are you a liar? How did you know that my cousin would meet a man named Long in the future, and you asked my cousin to kill the man named Long? You didn't have ulterior motives, right?"

Su Chen looked at this stupid woman Lin Shiyin and had no interest in talking to her.

"You are really short-sighted and I have no interest in talking to you."

Su Chen was very angry when he was watching the TV series. When Li Xunhuan gave up Lin Shiyin to Long Xiaoyun, Su Chen was very angry. But he didn't expect that Lin Shiyin, a stupid woman, actually agreed. This made Su Chen take the remote control away. They all fell down in anger.

After hearing what Su Chen said, Lin Shiyin angrily pointed at Su Chen and cursed,

"you....You are such a bastard, did I provoke you?"

Su Chen took out some money from his pocket and stuffed it into Lin Shiyin's hand and said,

"Lin Shiyin, you go and play while I talk to your cousin about some things. Lin

Shiyin said angrily as she saw the money in her hand being thrown at Su Chen,

"You bastard, what do you mean you gave me a few copper coins? You treat me like a child."

Su Chen awkwardly took out some gold and said to Lin Shiyin,

"Um, misunderstanding, I took the wrong one, here it is for you, there are delicious food on sale nearby, you can go and enjoy it yourself."

Li Xunhuan looked at Su Chen and his cousin speechlessly. He was still thinking about what Su Chen said to him just now, but he didn't expect that his cousin would get into trouble with Su Chen just like this.

Lin Shiyin looked at When Su Chen wanted to give her money to leave again, she pushed Su Chen's hand away and said proudly,

"Bastard, I don't want your stinky money. I just won't leave. Let's see what you can do to me?"

At this time, Shi Feixuan and Huan Huan suddenly used Qinggong to come to Su Chen's side. Shi Feixuan and Huan Huan also saw a Jianghu man appearing next to Su Chen, and that man posed a very big threat to them.

This made them Shi Feixuan and Huan Huan hurriedly came to Su Chen. After all, they brought Su Chen here. Shi Feixuan and Huan Huan also didn't want anything to happen to this interesting Su Chen.

Huan Huan hugged Su Chen when she came to Su Chen's side. The arm said aggrievedly,

"Su Chen, I didn't expect that you would hook up with a beautiful girl just after we left for a while. Are you worthy of us?"

Su Chen took out his arm and said without being angry,

"I'm sorry, why are you coming back? Do you know that I almost ran to death just now?"

When Huanwen saw that Su Chen dared to attack her, she said without giving in, "You deserve it. Who told you that you don't know martial arts?"

Su Chen pointed at Hanhan and Shi Feixuan angrily and said,

"Let me tell you, you know I don't know martial arts and you still let me run and you ride a horse, won't your conscience hurt?"

Shi Feixuan now said to Su Chen with some embarrassment, "Su Chen, it was our fault just now, and we apologize to you."

Su Chen now hopes that Shi Feixuan and Huan Huan will leave here immediately. Now they have been noticed by some people around them. Su Chen wants to keep a low profile. If everyone here is looking here, he will keep a low profile. fart,

"No need, I have nothing to do with you in the first place, but now we have arrived at the apricot forest. We go to each side of the road, so we say goodbye. You go your way, and I go mine. With tears in her eyes

, Huanwan said to Su Chen, "Su Chen, do you really want to be so desperate?" Is it because of this woman?"

Su Chen said hurriedly with a headache when he saw that Huanwan was about to act like a monster again,

"Let me tell you, we have nothing to do with each other, Huan Huan, please don't talk nonsense, it will cause misunderstandings."

Huanwan said aggrievedly as her tears fell.

"Why doesn't it matter? Haven't you hugged me? Didn't we ride together? How on earth do you want it to matter?"

"Damn, I....."
