Chapter 38

After Zhou Zhiruo and Zhao Min sat down, they looked at the three women here who were as beautiful as themselves. They also felt the internal force in the bodies of Shi Feixuan and Huan Huan. They even felt a great danger. This shows that The cultivation realm of Shi Feixuan and Huan Huan is much stronger than them.

Lin Shiyin's cousin is not a simple person either. Here, Lin Shiyin and the man lying down are ordinary people. This makes Zhou Zhiruo and Zhao Min very interested in these people.

"Come to Miss Zhou and Miss Zhao for tea"

"Thank you, Miss Lin."

Su Chen leaned on the table and looked at Lin Shiyin and the other women, feeling a little emotional after getting to know each other for a while. Now among these women, Lin Shiyin is a novice, and the rest are more ruthless than the others. Su Chen saw After looking at these women, he continued to lie down, but Su Chen fell asleep without knowing it.

Li Xunhuan was speechless when he saw that Su Chen fell asleep lying on the table, but he thought that Su Chen said that he was Those who ran all the way understood Su Chen a little. After all, Su Chen didn't know martial arts. A rich man must be exhausted if he could run so far.

Shi Feixuan looked at Su Chen next to her and pulled Su Chen. Her hand used her inner strength to protect Su Chen. After all, the humidity here in Xingzilin was a bit heavy, and Su Chen didn't know martial arts. Master Fei Xuan didn't want to let Su Chen get sick. Huan Huan originally wanted to protect Su Chen, but she saw her master Feixuan made the first move and glared at Shi Feixuan. Now she was very sure that Shi Feixuan had fallen in love with Su Chen, a bastard.

After thinking about it, Feixuan felt that she couldn't let Shi Feixuan and Su Chen be together. Su Chen is his own. Even if he doesn't want it, he will kill him. Huanwan doesn't want her belongings to be obtained by her mortal enemy.

"Xixia, Yipintang Helian Tieshu arrives"

"Da Qin, the Lord of the Yin Yang family has arrived"

"During the Ming Dynasty, Huashan sent Yue Buqun to arrive".....

As more and more martial arts masters arrived, there were more and more people in the Jianghu community in Xingzi Forest. However, Qiao Feng, the leader of the Northern Beggar Clan, was not seen yet, which surprised the martial arts masters who had already arrived.

These newly arrived experts also discovered the beauties under the big tree next to them. They did not expect that there would be so many beauties here, and these beauties were sitting together.

At this time, on the way to Xingzi Forest, Qiao Feng was fighting with some men in black, covered in blood.

Dozens of people have been killed by Qiao Feng, but there are still fifty or sixty people here. Qiao Feng doesn't understand that he will be robbed and killed by these men in black when he is going to Xingzi Forest.

Moreover, these are all innate masters, and there are even two masters among them.

At this time, a man in black ran over from the side and said loudly,

"Quick, kill Qiao Feng, a large group of people is coming."

Qiao Feng heard that someone was coming, and there seemed to be many people, so he broke out towards the place where the man in black appeared just now.

"Capture Qiao Feng, otherwise we will all die."

"Kill, kill Qiao Feng"

"Quickly kill Qiao Feng, Qiao Feng can no longer hold on anymore".....

These men in black also attacked Qiao Feng crazily, and Qiao Feng also retreated while killing these men in black.

On the road not far from Qiao Feng, an army escorted a luxurious carriage heading towards the apricot forest.

The general of this army came in a hurry and said in front of this luxurious carriage,

"Princess, there is a robbery and murder in front of you."

A little girl's voice came from Mali,

"Oh, and there was a robbery and murder in Xingzilin before this? Do you know who it is?"

The general immediately replied,

"It was Qiao Feng, the leader of the Beggar Clan, who was being robbed and killed by some men in black. Now Qiao Feng was injured."

The little girl in the carriage said in surprise,

"What? Is it Qiao Feng? Are you still injured now? Isn't Qiao Feng a master? How can you still get hurt?"

At this time, a very clear female voice came from the carriage,

"Su Yan, now that Qiao Feng is being robbed and killed here, there must be someone who doesn't want him to go to the Apricot Forest. Should we go and rescue him now?"

The little girl immediately ordered, "Save, Liu Teng, immediately order the Netherworld Cavalry to go out and shoot those assassins in black."

"Yes, Princess."

Qiao Feng knew that the government and Jianghu people do not offend the river. After all, officials are also afraid that Jianghu people will assassinate them.

"The army showed up and the mission failed."

"If we fail, we will die. If we escape, our families will die too. Let's kill Qiao Feng together."

"Kill, kill Qiao Feng first"

"Let's kill Qiao Feng together."

These men in black did not give up their assassination of Qiao Feng. Now they did not care about the troops nearby. They men in black rushed towards Qiao Feng without risking their lives.

Liu Teng looked at these dead soldiers. He ordered directly and shamelessly,

"Netherworld Cavalry, Charge"

""Kill" the Nether Iron Rider drew out his spear and charged towards the men in black on horseback. When they reached a certain distance, the spears in the Nether Iron Rider were thrown at these men in black.

One after another, the spears were densely inserted into these black men. The bodies of the men in black were damaged, and some Nether Knights took the opportunity to kill the injured assassins of the men in black with crossbows.
