### Chapter 581

Jin Lun Dharma King looked at Zha Yadu and said nothing. He just nodded to Zha Yadu to express his agreement with his guess.

Now that Zha Yadu is the commander-in-chief of the Dayuan army's attack on Chang'an City, Jinlun Dharma King does not want to refute this playboy prince at this time and cause his displeasure.

Jin Lun Dharma King did not believe that Princess Zhao Min was here to help Zha Yadu this time, or that she even had feelings for the young prince Zha Yadu.

Princess Zhao Min must have looked down upon this dandy prince Zha Yadu, and Princess Zhao Min's lover was Wu Xiangjun from the southern part of the Song Dynasty.

During the war between Lord Wu Xiang and the Song Dynasty half a year ago, Princess Zhao Min sent troops to help Lord Wu Xiang contain a large part of the army of the Song Dynasty.

Wu Xiangjun is much more powerful than Zha Yadu, and Wu Xiangjun's hundreds of thousands of troops have now controlled the southern part of the Song Dynasty and even destroyed the Dali Kingdom. However, for some unknown reason, they have not attacked the northern part of the Song Dynasty yet.

The Yuan Empire also wanted to occupy some territory of the Song Dynasty before Wu Xiangjun attacked the Song Dynasty. Otherwise, it would not be possible to launch a war against the Song Dynasty during the war between the Yuan Dynasty and the Jin Kingdom.

At this time, a Dayuan general came to the tent and saluted Zayadu, "General, all our siege ladders have been destroyed, and all sixteen ladders have been burned."

Zayadu heard that Dayuan The general stood up in surprise and asked, "What? All the siege ladders were burned? Aren't our siege ladders all treated to be fireproof? How could they be burned?"

Jin Lun Dharma King was a little surprised. Looking at the general, he knew that the siege ladder this time was borrowed from Princess Zhao Min's armory.

Those siege ladders were all wrapped in fireproof animal skins. How could they be burned this time?

The General of the Yuan Dynasty explained to Zha Yadu with an angry look, "General, it was the Jianghu people of the Song Dynasty who did it. The Jianghu people of the Song Dynasty set fire to our siege ladder inside the ladder."

"Damn it, I should have killed those Da Song Jianghu people first at the martial arts conference. Those troublemaking bugs deserve to be damned." Zha Yadu regrets very much now that he did not kill all the Jianghu people of the Song Dynasty in today's martial arts conference.

This war is his first show. If he loses too much in this war before he captures Chang'an City, I'm afraid he won't be able to do it in the future. He may have led the troops in battle.

Zha Yadu walked around the military tent angrily. Now that the siege ladder has been burned, he can only attack the city from the gate of Chang'an City, but this will probably cost huge casualties. Only then can we break through Chang'an City

"Dharma King, do you have any way to break Chang'an City?"

Jinlun Dharma King did not expect that people from the Jianghu of the Song Dynasty would help Mu Guiying to guard Chang'an City. This time he also made some miscalculations. Jinlun Dharma King was silent for a while and then said,

"My young prince, now we have no choice but to storm the gate of Chang'an City. But when we attack Chang'an City tomorrow, we can let the Jianghu of Dayuan attack the gate of Chang'an City. In this way, our losses will at least be much smaller."

Zha Yadu nodded after listening to Jinlun Dharma King's words. Now that the siege ladder has been burned, he can only rely on city-breaking hammers to attack Chang'an City.

If there are powerful Jianghu people to help Dayuan's army attack the city tomorrow, Believing that those Song armies were impossible to resist,

Zha Yadu thought of the Yuan officials and wealthy businessmen in Chang'an who were willing to join them, so he ordered to the general next to him,

"Well, that's fine. Those Song Dynasty officials and wealthy businessmen who have taken refuge with us will also send them signals tomorrow, asking them to cooperate with us in capturing Chang'an City."

"Yes, General, but are we still attacking Chang'an City now?"

"Retreat your troops, it's enough today"

"Yes, General."

On the wall of Chang'an City,

Su Chen and Black Widow sat next to Jellyfish Yinji and rested after they came back. Now those siege ladders have been burned by Su Chen. If the remaining Song army can't be solved, then it's not worth Su Chen. Helping the army of the Song Dynasty again.

When Jellyfish Yinji saw Su Chen coming back, she said softly to Su Chen, "Your martial arts secrets are good, and you can actually disappear and appear in an instant."

Jellyfish Yinji also didn't expect that this lecherous man would have a secret method of teleportation. This is a secret method of saving life.

It seems that this bastard's escape methods are somewhat powerful. No wonder he doesn't care about his own threats at all.

"Ha ha! how? Is there ever a time when the powerful jellyfish Yinji is envious?" Su Chen took a sip of tea and laughed.

Jellyfish Yinji may also know now that she can't threaten him.

Su Chen wanted to know if Jellyfish Yinji will agree to his conditions tomorrow?

If Jellyfish Yinji can kill Jinlun Dharma King If you capture Zha Yadu, you can at least threaten the Yuan army from attacking Chang'an City with the identity of the young prince Zha Yadu.

This will at least help Mu Guiying to hold Chang'an City for a while.

"Would I envy your secret method? If I want to kill you, you can't hide." Jellyfish Yin Ji looked at Su Chen with disdain and said.

Black Widow looked at Jellyfish Yin Ji with a wary expression. She did not expect that this woman turned out to be a Jellyfish Yin Ji in the heavenly realm.

This Jellyfish Yin Ji forced Shi Guanyin to Madam is a superpower who is hiding everywhere. Did she discover the relationship between Madam Shi Guanyin and Su Chen when she came this time?

Su Chen patted the Black Widow on the shoulder to let her relax and said to Jellyfish Yinji, "Don't talk big. Okay, if I hide, I'm afraid it will be harder to find Shi Guanyin than it is for you to find Shi Guanyin. If you can't even find Shi Guanyin, then stop bragging here."

"Damn it, you bastard has angered me again and again. Are you really not afraid that I will kill you?"

Jellyfish Yin Ji is very angry now. This bastard is a damn bastard who is not afraid of heaven or earth.

He is a powerful person in the heaven and human realm, and he is even a half-step golden elixir realm cultivator that ordinary people like them don't know..As long as she can advance to the realm of golden elixir, she will be a genuine cultivator, and she will be a god in the future, but this bastard dares to provoke her like this, which makes Jellyfish Yin Ji very unhappy.

"Calm down, calm down, women get older easily when they are angry." Su Chen saw that Jellyfish Yinji was about to get angry. He hurriedly came to Jellyfish Yinji and patted her shoulder to persuade her.

Su Chen also wanted to test whether Jellyfish Yinji was really disgusted with men. This time he But some people who want to die want to test Jellyfish Yinji.

He also wants to see if he can straighten Jellyfish Yinji. If he can straighten Jellyfish Yinji's perverted Lily, Shi Guanyin will not have to avoid this perverted and powerful woman in the future. Got it

"Stay away from me, I'll never age in my life, that's disappointing you bastard." Jellyfish Yinji appeared next to Black Widow in a flash.

She didn't want to be touched by a man. This bastard is a shameless bastard, and he dared to touch her body.

If she hadn't been looking for Shi Guanyin, she wouldn't be able to kill her now. If you catch this bastard,

Jellyfish Yinji would have slapped this bastard to death.

Chapter 582

Su Chen stretched out his hands and stood aside in embarrassment. He did not expect that Jellyfish Yinji would avoid him and try to pat her on the shoulder. It seemed that Jellyfish Yinji was difficult to deal with!

It's better to let this jellyfish Yinji leave in the future.

His women are all very beautiful. If this jellyfish Yinji snatches a woman from him, then I'm afraid he will be in big trouble.

"Victory, we victory, the Yuan army retreated."

At this time, the Song troops on the city wall cheered.

The retreat of the Yuan troops made these Song troops who thought they were doomed shout happily.

"What a useless army!" Su Chen shook his head when he looked at the Song army.

These Song armies were so different from his army. If he had these armies, he would have been destroyed by other foreign tribes long ago. The

Song court relied on ceding territory and paying compensation. After so many years of living in secret, I am afraid that no matter how much land is ceded and compensation is given, they will not be able to satisfy the appetites of those alien races.

"Master, the Song Dynasty is already in a state of decay, and it will only be a matter of time before the Song Dynasty is destroyed."

Black Widow agrees very much with what Su Chen said. Just now she fought side by side with the Song Dynasty army here. Black Widow knows the combat effectiveness of the Song Dynasty army. In Black Widow's view, with such an army, it is a miracle that the Song Dynasty was not destroyed. Su Chen was very speechless when he looked at the roaring Song army on the city wall.

The Song Dynasty was very powerful before, but after drinking and releasing military power, the Song Dynasty emphasized civility over military power. In addition, the Emperor of the Song Dynasty was afraid of the strong army and rebellion..

This also made the Song Dynasty's army weaker and weaker. Even in wars, some eunuchs were sent to supervise the army. This was really strange.

Su Chen sat down again and smiled and said,"Yes, if it weren't for the Song Dynasty one day Among the land gods in the human realm, Huang Rong may have launched a war against the Song Dynasty long ago, and it is impossible for the Song Dynasty to deal with so many foreign races exhausted."

Jellyfish Yinji suddenly looked at Su Chen and said,"Wu Xiangjun, tell me the whereabouts of Shi Guanyin, and I will kill Patriarch Kuihua, a strong man in the Heavenly Realm of the Song Dynasty."

Jellyfish Yinji was very unhappy with the Celestial Realm land fairy from the Song Dynasty, but she had no reason to kill the Celestial Realm land fairy.

Jellyfish Yinji had principles in doing things, and she did not provoke anyone who provoked her. But he was too lazy to kill them.

The old eunuch of the Song Dynasty killed many innocent women, and Jellyfish Yinji was very dissatisfied with that old eunuch.

If Su Chen agreed to tell Shi Guanyin's whereabouts this time, Jellyfish Yinji would be more than happy to kill that old pervert

"What about Huang Shang?"

"Huang Shang is no longer a powerful person in the Heavenly Realm. He is now a peak Grandmaster."

"Um? Can one still regress in cultivation?"

"hehe! You bastard, how could your cultivation realm regress? Huang Shang was only injured by Ye Di before. It's a miracle that he didn't die because he was too seriously injured. Huang Shang's cultivation realm is impossible to recover from the heavenly realm."

"So this is ah!"

Su Chen didn't expect that Huang Shang, the land god of the Song Dynasty, had been seriously injured and had fallen to the realm of cultivation. This was good news for Su Chen. There was only one

Sunflower left in the Song Dynasty. The old eunuch is a terrestrial immortal in the heavenly realm, but to kill the old eunuch, I'm afraid I need Madam Ye Di's Shui Rou.

But Madam Ye Di is now in the Yihua Palace of the Ming Dynasty, which is far away and cannot quench the thirst of the near.

And the Marquise Bai Ruobing and that girl Donghuang Taiyi don't know what to do now, and they can't count on it.

It's even more impossible for Shi Guanyin to recruit her back. The female pervert Jellyfish Yinji is here. If Shi Guanyin comes back, she will not commit suicide. Is it a trap?

Seeing Su Chen's silence, Jellyfish Yinji knew that this bastard might be moved,"How is it?" You tell me the whereabouts of Shi Guanyin, and I will help you kill that pervert Sunflower Patriarch."

"You're eating farts!"

Su Chen glanced at Jellyfish Yinji and said disdainfully.

Jellyfish Yinji suddenly grabbed Su Chen and pinned him down on the table and threatened,

"You bastard, you're looking for death!"

Jellyfish Yinji didn't expect that this bastard not only opposed her proposal, but even dared to say dirty words to her. This made Jellyfish Yinji angrily grab Su Chen and cut him into pieces.

Black Widow wanted to rescue Su Chen , but as soon as she stood up, she was locked by the pressure of Jellyfish Yinji, and now she is also motionless and controlled by Jellyfish Yinji.

"I'm here, you stinky woman, I can't touch a man's head, please let me go."Su Chen was very angry when Jellyfish Yinji pressed his head on the table.

This was the most embarrassing time for him. No one in Su Chen had ever dared to treat him like this, but no matter how hard he struggled, it was of no use.

Even His teleportation didn't work here either, which puzzled Su Chen.

Jellyfish Yinji looked at Su Chen's depressed look and smiled and said,"Haha! Bastard, now you know my strength, you are a little scumbag, I can kill you with just one little finger."

Su Chen tilted his head and looked at the jellyfish Yin Jiji and started to think wildly.

【What the hell!】

【Why does this Jellyfish Yinji smell so good?】

【Could this be her body fragrance?】

【I'm going to go, I can't think like this, this is a lesbian, a really perverted woman】

"Jellyfish Yin Ji, let me go quickly. I feel very shameless when you act like this. I admit that you are very powerful."

"Little bastard, do you dare to talk to me like that again?"

"Damn it, Jellyfish Yinji, don't go too far, don't forget that you still have something to ask for from me."

"Little scumbag, what if I kill you now? It's not like I can't find Shi Guanyin. Do you think I can't find Shi Guanyin without you?"

"Pull it down, without me you will never find Shi Guanyin in your life, otherwise you will not be able to find Shi Guanyin for decades."

Jellyfish Yin Ji thought about it and let go of Su Chen. She knew that what this bastard said was true, and Shi Guanyin could not find her. She felt Shi Guanyin's breath every time, but she appeared every time. It was too late, Shi Guanyin disappeared quickly every time she appeared, and she really had no way to find her.

After the black widow recovered, she hurriedly helped Su Chen to her side. This Jellyfish Yinji was too powerful. There is no room for resistance, the black widow is very afraid of this jellyfish Yin Ji

"Husband, the Yuan army retreated, and we won today." Just when Su Chen was rubbing his head, Mu Guiying ran over and hugged Su Chen and said loudly.

Su Chen touched Mu Guiying's black hair and hit her and said, "You are happy too early. Today, the Dayuan army is just testing the defense of Chang'an City. Tomorrow may be the real attack. You should think about tomorrow's war."

"I know all this, but you burned all the siege ladders of the Dayuan army. Tomorrow the Dayuan army will attack the city again, so I have nothing to worry about."

"Mu Guiying, don't forget the catapults of the Yuan army. Even tomorrow the Yuan army will attack four city gates at the same time. Do you think the armies of the Song Dynasty can withstand the Yuan army's attack on four city gates at the same time? You don't have many troops that can defend four city gates at the same time."

## Chapter 583

Mu Guiying lowered her head silently after hearing Su Chen's words. She knew that Su Chen was right. Today might be a test attack by the Dayuan army.

Although the bastard Su Chen burned down the ladders of the Dayuan army, the Dayuan army still had siege hammers and catapults, as well as 200,000 elite Dayuan troops, and she didn't have much of an army.

In today's war, her army suffered casualties of about 30,000 soldiers, while Dai Yuan, as the attacking party, also suffered casualties of about 30,000 soldiers, and it was women like Black Widow and Yagyu Yukihime who killed most of Dai Yuan's soldiers.

Mu Guiying felt very frustrated when she thought of this. Today's war made her understand how vulnerable the Song army was to the Yuan army.

Su Chen saw that Mu Guiying was a little depressed, and he also knew that what he said made Mu Guiying very worried.

Su Chen didn't want Mu Guiying to be hit by him at this time. He glanced at the jellyfish Yin Ji next to him and comforted Mu Guiying,

"You also have to worry, maybe something will change tomorrow"

"yes, Maybe reinforcements from the Song Dynasty are about to arrive." Mu Guiying thought about it and suddenly said, she asked the old eunuch to return to the imperial capital to bring reinforcements. At this time, the Song Dynasty should know the crisis in Chang'an City. Maybe the Song Dynasty's reinforcements will arrive here.

【I'll do it!】

【At this time, Mu Guiying was still thinking about the reinforcements from the Song Dynasty?】

【Mu Guiying was really loyal to the Song Dynasty!】

【The Song Dynasty still has no reinforcements. At this time, the Song Dynasty court may have sent envoys to cede territory to the Yuan Dynasty to pay compensation. 】

Su Chen shook his head and did not say this to Mu Guiying. Anyway, she would know this in a few days, so it was better to let Mu Guiying's fantasy be shattered naturally.

Jellyfish Yinji looked at Su Chen and ignored this bastard. She was not interested in these at all now, and she didn't want to fulfill this bastard's conditions.

What is Jellyfish Yin Ji's identity?

She is the master of Shenshui Palace, the most powerful force in the world.

How could she possibly listen to this bastard?

A little scumbag of a grandmaster still wants her, a super master at the half-step golden elixir realm, to listen to him. This bastard is a little too whimsical.

"Where is Qin Hongmian? Where is Mu Wanqing? Have any of you seen them?"

At this time,

Ruan Xingzhu and the others who came here did not find Qin Hongmian and her daughter who had come back to rest first. They all asked the people next to them very anxiously.

Jellyfish Yinji saw that these women were looking for the two people just now. Woman, she looked at Su Chen next to her who was pretending to know nothing, then she smiled and wanted to cause some trouble for this bastard,

"hehe! Stop asking, you have to find someone who was captured by this bastard."

Ruan Xingzhu and the others looked at Su Chen when they heard Jellyfish Yinji's words. They didn't expect that Su Chen had already insulted Qin Hongmian, and now he had kidnapped Qin Hongmian and his daughter.

What was this bastard going to do?

Could it be that Su Chen had already insulted Qin Hongmian and his daughter. Is he going to imprison Qin Hongmian and his daughter and continue to humiliate them?

It's just that Ruan Xingzhu and the others don't dare to offend this bastard now. They looked at the hundreds of secret guards, black widows, and Yagyu Xueji sisters next to them. Ruan Xingzhu and the others knew that no matter what, they would It is impossible to rescue Qin Hongmian and Mu Wanqing.

Mu Guiying pinched Su Chen's waist and was very unkind.

It is okay for this bastard to play with women, but it is not okay for him to take a woman back.

Mu Guiying can I don't want this bastard to go back with those dirty women.

"Husband, why did you arrest Qin Hongmian and Mu Wanqing? Do you want them to be your women?"

Su Chen drank a cup of tea and glared at Jellyfish Yinji. This Jellyfish Yinji is really a nosy woman.

She is trying to cause trouble for herself!

Damn you pervert,

I hope you never find her. To Shi Guanyin.

Su Chen grabbed Mu Guiying who was about to pinch his waist and comforted her and said,

"They are maids. They have agreed to be my maids at the martial arts competition. These women all know this. If you don't believe it, you can ask them."

"Linger, is everything this bastard said true? Did Qin Hongmian and Mu Wanqing both agree to be this bastard's maid?"

Zhong Ling heard Mu Guiying ask her, and she didn't know how to answer Mu Guiying.

Although what this big devil said was right,

Zhong Ling didn't believe that Qin Hongmian and Mu Wanqing would be willing to become this big devil. Maid, not to mention that this bastard has now captured Qin Hongmian and Mu Wanqing.

Zhong Ling can only tell Mu Guiying what she knows intermittently.

"this....elder sister.....Although Qin Hongmian and Mu Wanqing agreed to be the maids of this great devil, they were forced by Ouyang Ke. Qin Hongmian and Mu Wanqing did not really want to be the maids of this great devil."

After Mu Guiying knew the whole story, she released her hand from Su Chen's waist and said,

"I understand, Su Chen, please go back and let Qin Hongmian and Mu Wanqing go. Since they were forced, don't force them anymore. There are plenty of maids in my house, so you don't need to find anything else. The maid is gone."

Mu Guiying doesn't want this bastard to find a beautiful maid. Qin Hongmian and Mu Wanqing are mature and beautiful, and the other is young and beautiful.

Mu Guiying doesn't want her to have two more love rivals. Although they are maids, who knows what will happen in the future? What is it?

Su Chen felt a little nervous. Damn it, this Mu Guiying really has enough control over her. She has to restrict some of her actions before marrying him. It seems that Concubine Yan will have to discipline her in the future.

"Black Widow, Yukihome Yagyu, Piaoxu Yagyu, let's go back, there's nothing left for us to do here."

Su Chen didn't agree to Mu Guiying. He waved to Black Widow and the others and took them away from the city wall. It was temporarily safe here. Su Chen didn't want to stay here to blow the wind.

Mu Guiying didn't say anything when he saw Su Chen. He took his men and left, which made her a little sad.

She also knew that she had not given this bastard some face just now, but was she doing this to this bastard?

These women were all charlatans, and Mu Guiying was worried What kind of enemy do they have that would involve this bastard?

"Damn it, the bastard didn't invite her."When Jellyfish Yinji saw Su Chen leaving, she was also very angry.

She didn't expect that she, a super strong man with a half-step golden elixir realm, would be ignored here?

That damn Wu Xiangjun must have done it on purpose.

He must have known that he would follow him. This was the bastard who asked her to follow him in a deliberately embarrassing manner.

Jellyfish Yinji turned around and disappeared with a sinister look on her face. She couldn't let this bastard escape from her eyes. Now she finally had She got clues about Shi Guanyin.

Even if this bastard deliberately humiliated her, Jellyfish Yinji could not let this bastard disappear under her eyes.

As long as Jellyfish Yinji found Shi Guanyin, she would teach this bastard a lesson and even make him angry. It's better to die than die.

## Chapter 584

The next morning, the hall in Mu Guiying's mansion was full of beautiful women.

Sisters Yagyu Yukihiime sat together drinking tea and whispering something quietly.

Ruan Xingzhu and other women were also talking here about how to get Su Chen to let Qin Hongmian and Mu Wanqing go.

Even Jellyfish Yinji, a terrifying woman, appeared here, but there was no one around her. Jellyfish Yinji was like an aloof snow lotus, so that no one else dared to get close to her.

These women were sitting in the hall, drinking tea or talking leisurely.

When Mu Guiying arrived with Xiao He, she looked at the people here and found Su Chen, so she asked Yagyu Yuki next to her, "Yagyu Yuki, why hasn't your master come here yet? He hasn't gotten up yet."?"

Yagyu Yukiji saluted Mu Guiying and said, "Madam, the master hasn't gotten up yet."

"Damn, that bastard is a shameless pervert."

When Mu Guiying saw that the women here were missing the Black Widow, she knew that the bastard was with that seductive woman last night, which made her a little angry.

She had been waiting for the bastard in the room all night last night. Originally, she was going to find that bastard.

But she was a woman after all, and she felt that it would be too embarrassing for her to go find that bastard like this.

She also didn't expect that the bastard didn't come to find her last night, and he actually got together with the black widow. They were fooling around together.

The women in the hall all looked at Mu Guiying. They all knew why Mu Guiying was angry at this time, but it didn't concern them, and they couldn't ask for trouble to offend that bastard.

Ruan Xingzhu When they went to find Qin Hongmian and the others yesterday, they were threatened by that bastard Su Chen. If they dared to go to Qin Hongmian and Mu Wanqing, they would be caught and detained by Su Chen.

Ruan Xingzhu and the others also knew that Qin Hongmian was being held in a nearby room. They were not harmed, but they could not see Qin Hongmian and Mu Wanqing now.

Qin Hongmian and Mu Wanqing were guarded by secret guards outside their rooms. They didn't dare to save Qin Hongmian and her daughter at this time.

At this time, two powerful auras suddenly erupted in Mu Guiying's house. All the girls in the hall ran out and looked towards the backyard.

Those two powerful auras But what came from the backyard of Mu Guiying's house was that they women didn't know who was breaking through here.

Jellyfish Yinji was sitting in the hall without going out. She looked in the direction of the explosive momentum and said to herself Said to himself,

"Huh? Those two women are about to break through. This bastard woman is really powerful. If these two women break through and become masters in the later stages of Grand Master, I'm afraid this shameless bastard will have two more powerful helpers."

Jellyfish Yin Ji came to Mu Guiying's house yesterday and discovered the place where Xue Nu and Shi Qingxuan were retreating.

She also didn't expect that this bastard actually had two powerful women in retreat here. No wonder that bastard would help Mu Gui Ying is guarding Chang'an City.

That bastard is not only helping Mu Guiying and his woman, but also to prevent the two women who are breaking through here from being disturbed. That bastard kills two birds with one stone.

"It's Xue Nu and Shi Qingxuan who are about to break through." Mu Guiying looked at the backyard and thought of Su Chen's wife Xue Nu and Shi Qingxuan.

They had not appeared since they arrived at her house, and Mu Guiying had almost forgotten them.

Zhong Lingzheng felt these powerful. She suddenly heard Mu Guiying's words, and asked Mu Guiying out of curiosity, "Sister, who are Xue Nu and Shi Qingxuan? Their aura is so powerful."

The other women here also looked at Mu Guiying and wanted to know who had such a strong momentum. Even Yagyu Yukiji and Yagyu Piao Xu also looked at Mu Guiying and wanted to know who it was.

Mu Guiying looked towards the backyard. It's very complicated. She didn't expect that bastard woman to be so powerful.

Although she is a female general, she can't compare to Xue Nu and Shi Qingxuan in terms of figure and appearance, and now she can't even compare to Su in strength. Mrs. Chen, this made Mu Guiying look towards the backyard with a very complicated expression.

Mu Guiying said with a somewhat depressed expression,

"It's that bastard's wife. They have been in seclusion in my house. I'm afraid they are going to break through this time."

Ruan Xingzhu felt very incredible when he heard Mu Guiying's words, "What? The big devil also has two powerful wives? How could this great devil have such a powerful woman?"

"Yes, one Black Widow is very powerful. I didn't expect that bastard to have two such powerful women." Gan Baobao looked in the direction of the backyard and was completely helpless.

Gan Baobao knew that Qin Hongmian and Mu Wanqing were completely doomed this time, and there was nothing they could do with just one black widow.

Now two powerful Grandmasters appeared, and they. These women couldn't save Qin Hongmian and Mu Wanqing.

Liu Shengxueji and Liu Shengpiaoxu smiled happily. They had been very excited since yesterday when they knew that the master was Wu Xiangjun.

Wu Xiang Jun Ke is the most powerful force on the southern continent. There are even more than ten grand masters, and there are even dozens of grand masters.

Moreover, Wu Xiangjun's women and confidante are both powerful masters, and even those women They are all powerful forces in the Jianghu, such as Yihua Palace, Yinkui Sect, Yinyang Family, Cihang Jingzhai, etc. These are all very terrifying forces in the Jianghu.

Yesterday, they also learned that two of Wu Xiangjun's women A terrestrial immortal in the heaven and human realm, that is a land immortal in the heaven and human realm!

The land immortal in the heaven and human realm is also Wu Xiangjun's woman.

This made the sisters Yagyu Yukiji and Yagyu Piaoxu so excited that they didn't sleep well all night..

They were all so excited that they could become Wu Xiangjun's maids and couldn't sleep.

In the backyard,

Su Chen and Black Widow also came out of the room. They looked at the powerful aura erupting in the room next to them and knew that Xue Nu and the others were going to break through..

Black Widow leaned into Su Chen's arms and felt the breakthrough breath of Xue Nu and Shi Qingxuan, then smiled and said,

"Master, Mrs. Xue Nu and Mrs. Shi Qingxuan will make a breakthrough today."

Su Chen hugged Black Widow's soft body and nodded. He didn't expect that Xue Nu and Shi Qingxuan would break through again so soon.

"Well, I didn't expect that they would break through again within a few months of their breakthrough. It seems that their cultivation talents are pretty good. Black Widow, you must practice your cultivation quickly in the future, otherwise you won't be able to help me in the future."

"Don't worry, Master. With the exercises and martial arts secrets that Master gave me, I will work hard to practice in the future."

"Ha ha! Let me help you practice." Su Chen laughed and picked up Black Widow and went back to the room.

"Owner....."

Chapter 585

When Mu Guiying and the others returned to the hall, she asked the maids to bring the prepared meals. They were preparing for a big battle today, and Mu Guiying didn't wait for that bastard Su Chen.

Mu Guiying was accompanying Ruan Xingzhu and the other women after eating, and she looked at the women here. Mu Guiying did not want these women to stay in Chang'an City and wait to die. She was not sure about today's war.

Mu Guiying looked at them and sighed and said to them,

"You all know that today's war may be very cruel. Today, the Yuan army officially began to attack the city."

"Today's war is not like yesterday's war. Yesterday, the Yuan army only tried to siege the city. Today, the Da Yuan army will try their best to attack the city."

"I don't have the confidence to defend Chang'an City this time. If you want to leave, leave Chang'an City immediately after eating."

"There is a secret passage in Chang'an City that allows you to escape from Chang'an City. However, Chang'an City is besieged by the Dayuan Army. I don't know if you will encounter the Dayuan Army after escaping from Chang'an City."

"After you escape from Chang'an City, it depends on God's will. I hope you will not be discovered by the Yuan army."

Ruan Xingzhu and the others were silent when they heard Mu Guiying's words.

Liu Sheng Xueji and Liu Sheng Piaoxu will not run away. They will be there wherever Su Chen is. It is impossible for them sisters to run away from Su Chen.

Jellyfish Yin Ji sat beside her without saying a word. She was not interested in any of this. Even those Dayuan troops were not dangerous to her at all. If she wanted to leave, no amount of Dayuan troops could stop her from leaving.

But she was right Su Chen was very concerned about that bastard. Jellyfish Yinji couldn't let that bastard die here, otherwise Shi Guanyin's clues might be cut off. Even for Shi Guanyin, she wouldn't let Su Chen die here.

But Jellyfish Yinji She also didn't believe that bastard Su Chen would die here.

Although she had not known that bastard for long, she felt that there was no way that bastard would risk his life and stay here to die for Chang'an City of the Song Dynasty. That bastard must have a way to escape or rescue Chang'an City

Ruan Xingzhu stood up and looked at Mu Guiying and said seriously, "General Mu Guiying, we will not leave this time. This time we will help you defend Chang'an City."

"Sister, I will also help you guard Chang'an City." Zhong Ling hurriedly took Mu Guiying's hand and said loudly.

Gan Baobao looked at Zhong Ling and nodded.

She knew that even if they escaped from the secret passage, they would probably be discovered by the besieged Dayuan army, so what else could they do? It's better to stay here and help Mu Guiying defend the city. Maybe this way they still have a chance to survive.

"We will not leave at this time, and even if we escape, we will probably be caught by the Yuan army. We might as well help you guard Chang'an City here."

A'Zhu will not leave Chang'an City. Lord Wu Xiang is here. Lord Wu Xiang is here. A'Zhu does not believe that Lord Wu Xiang will not care about the life or death of his woman Mu Guiying.

A'Zhu smiled and said He reminded Mu Guiying, "We will not leave. With Mr. Su here, we will definitely be able to defend Chang'an City."

"Thank you. On behalf of the sergeants of Chang'an City in the Song Dynasty, I thank you for your help." Mu Guiying listened to Ruan Xingzhu and the other women and bowed down to thank them.

Ruan Xingzhu and the others avoided Mu Guiying's thanks one after another. They were just trying to protect themselves. They would not accept Mu Guiying's thanks this time. But it would make them feel ashamed.

When Mu Guiying saw that these women had not left, she took them to prepare for the war. I was afraid that the Dayuan army would begin to attack the city soon, and she wanted to deploy troops to defend Chang'an City as soon as possible.

"What some ignorant women." Jellyfish Yinji shook her head when she saw these women leaving.

Jellyfish Yinji looked at the backyard and her face turned very red. She didn't think that that bastard was still doing those things. She immediately disconnected her senses and felt restless. She took a sip of tea.

Jellyfish Yinji also wanted to feel whether that bastard Su Chen was still there. She didn't expect that bastard to be there in broad daylight, causing mischief. This made Jellyfish Yinji look very ugly.

"Damn bastard, I hope you die in bed." Jellyfish Yinji thought about it and immediately disappeared into the hall. She didn't want to be seen by Yagyu Yukiji and Yagyu Piao Xu at this time.

In Su Chen's room,

Su Chen looked at the unconscious black widow and came down to take a drink of water. He looked at the gloomy sky outside the room, thinking that Jellyfish Yinji didn't know if Qin had captured Jinlun Dharma King and Zhayadu?

If Jellyfish Yinji hadn't captured Jinlun Dharma King and Zhayadu today, I'm afraid he really He is about to flee Chang'an City with his men and women.

Su Chen is a man, not a god. He has no way to deal with the hundreds of thousands of Dayuan troops.

"Ding, host, one month is up. Do you want to receive this month's gift pack?"

Just when Su Chen was thinking about Jellyfish Yinji, the system beep sounded.

Su Chen laughed after hearing the system beep.

He didn't expect that it would be a month so soon. The last special gift package But it's very good. I wonder what precious items he can get in this gift bag.

"System, receive this month's gift pack"

"Ding, congratulations to the host for getting a gift package"

"System, open the gift package"

"Ding, the gift bag is open. Congratulations to the host for getting: ten elementary spiritual stones, ten red fruits, one perfect devil fruit natural frozen fruit, navy six-style training package, 100,000 elite troops and five years of supplies and equipment."

"this.....How come even Devil Fruit appears? Oh my God! The perfect devil fruit? Is it a devil fruit without any flaws? Don't you have to worry about sea water and sea rocks even after eating a devil fruit?"

Su Chen was very surprised when he saw the Devil Fruit in the system space. This frozen fruit is owned by the navy admiral Qingzhi in the pirate world. This is a very powerful natural devil fruit.

Su Chen took it out from the system space. The frozen fruit thought, should he give this devil fruit to his woman?

Su Chen would not eat this devil fruit. If he ate the devil fruit, Su Chen would also eat the thunder fruit, but what should he give this devil fruit to his woman?

"System, is the Perfect Devil Fruit no longer afraid of sea water and seastones?"

"Ding, the perfect devil fruit no longer has any weaknesses, so it is naturally not afraid of sea water and sea tower stones."

"What is the Navy Six Training Kit?"

"Ding, as long as the host opens the Sixth Naval Formation training package, the host will immediately learn the Sixth Formation of the Navy."

This is not bad. You can learn the six naval styles in the future without practicing. It's just a pity that you won't get the domineering power in the pirate world.

Su Chen looked at the spirit stone and Zhu Guo and was a little happy.

Although he doesn't need the spirit stone now, Yes, but I can give him his wives in the heavenly realm.

Shi Guanyin and the others will advance to the golden elixir realm in the future. These spiritual stones are necessary for cultivation.

He originally didn't have a few Zhu Guo left, but now he has added ten more. This makes Su Chen can be generous again in the future, and he can give it to the remaining women who have not eaten the red fruit.

Chapter 586

Su Chen was a little excited when he saw that he had received another 100,000 elite troops and five years of supplies of weapons and equipment.

His army is getting larger and larger now, and he doesn't have to worry about equipment, weapons and supplies. He can even supply food, grass and war horses.

If there is a war in the future, he will not have to worry about insufficient troops and insufficient supplies and equipment.

Su Chen looked at Black Widow who was still resting and patted her butt,"Black Widow, I'll go take a look at the city wall. Just rest in the mansion.""

"Master, please come with me now,"

Su Chen saw that the black widow was about to get up and walk with him, so he pressed down on the black widow and touched her charming face and said with a smile,

"No, you need to rest for a while before going over. Ask the secret guards to pay attention to Sun Buer and Qin Hongmian who are being detained in the mansion. Don't let them run away or even let them talk to other people."

"Yes, master."

Black Widow also feels powerless now. Even if she wants to help Su Chen now, she is probably powerless.

Black Widow blushed when she thought of how she was bullied by Su Chen just now.

Su Chen looked at the way Black Widow blushed. , he smiled, waved his hand to her and went out.

""Master"

In the hall, Yagyu Yukiji and Yagyu Piauxu hurriedly saluted when they saw Su Chen coming,

"Come on, let's go take a look at the city wall."

When Su Chen came to the hall, he found that only Yagyu Yukiji and Yagyu Piauxu were there, and no one else knew where they were.

Su Chen thought that today's war would probably start, and Mu Guiying and the others should. After they all went to the city wall, he greeted Yagyu Yuki and Yagyu Piauxu and rushed towards the east gate wall.

After Su Chen and Yagyu Yuki sisters left,

Jellyfish Yinji suddenly appeared in the hall and looked at the departing Su Chen, she was very confused when she thought about the aura that appeared in Su Chen's room just now.

"Is this bastard finally out? But why did a spiritual energy suddenly appear in his room? Moreover, the spiritual energy is very pure. Does this bastard have any secret spiritual energy?"

Jellyfish Yinji thought for a moment and then disappeared here. She had to follow this pervert Su Chen all the time. Whether it was for the whereabouts of Shi Guanyin or the secret spiritual treasure, Su Chen couldn't disappear from her sight. In the backyard In a room, Qin Hongmian and Mu Wanqing were very surprised when they looked at Sun Buer next to them.

They didn't see this woman last night, and they didn't expect to meet her when they were eating this morning.

Could it be that this Quanzhen sect Was the woman also captured and imprisoned here by that bastard?

"Daozhang Sun, were you not killed by Su Chen?" Qin Hongmian looked at Sun Buer of the Quanzhen Sect and asked suspiciously.

Before Qin Hongmian and the others left the Wulin Conference Square, Su Chen wanted to destroy the Quanzhen Sect, and they also knew the people of the Quanzhen Sect. They are all dead, but why is Sun Buer still alive?

Could it be that Su Chen, that pervert, has fallen in love with this Taoist nun who still has charm?

Sun Buer smiled sadly and looked at the two women, "Haha! Life is worse than death. Why are you imprisoned here by that bastard Su Chen?"

She had seen these two women in the martial arts conference square, but weren't they with Wu Xiangjun?

Why were they also detained?

Sun Buer looked at them and couldn't understand.

Qin Hongmian He said to Sun Buer with a wry smile, "We know the identity of that bastard and he is imprisoned here. That bastard may not let us go in order not to reveal his identity."

"It turns out that Wu Xiangjun's identity cannot be exposed here. Now that you know his identity, it's settled that he didn't kill you. Maybe he will let you go when he leaves Chang'an City."

Sun Buer nodded when she heard Qin Hongmian's words. She didn't think that these two women didn't know the true identity of the bastard.

It's just that that bastard Su Chen didn't kill them on the spot but chose to imprison them here. I'm afraid Is it also to hide his identity?

"Mr. Sun, my name is Qin Hongmian, and this is my daughter Mu Wanqing."

"Qin Hongmian? Are you Duan Zhengchun's woman in Dali? Are you trying to take revenge on Lord Wu Xiang?" Sun Buer looked at Qin Hongmian in surprise. This Qin Hongmian was the mistress of Duan Zhengchun in Dali. Sun Buer did not expect to meet them here.

Although Qin Hongmian was abandoned by Duan Zhengchun, she and Several women who were abandoned by Duan Zhengchun united to avenge Duan Zhengchun.

This woman was really stupid. She was abandoned by Duan Zhengchun and still missed Duan Zhengchun.

She even wanted to avenge Duan Zhengchun after he was defeated and killed. , this woman is simply extremely stupid

"Does Mr. Sun know me?"Qin Hongmian looked at Sun Buer and asked with some doubts.

Sun Buer looked at Qin Hongmian and Mu Wanqing in surprise. She didn't expect that Qin Hongmian actually got into Wu Xiangjun's side.

Could it be that they are like this? Didn't they just know Su Chen's identity and be imprisoned here?

That bastard Su Chen must have known that they wanted to assassinate him, so he imprisoned their mother and daughter here.

I'm afraid Qin Hongmian and her daughter will be tortured after the war. Execution.

Sun Buer looked at this silly woman and said,"I know something. People in the world have rumored that several of Duan Zhengchun's women are seeking revenge for Duan Zhengchun. You women have been looking for Mr. Wu Xiang for several months and even contacted him. Some of Wu Xiangjun's enemies want to kill Wu Xiangjun together."

Qin Hongmian is a little embarrassed now. She can see disdain and even disgust for them from Sun Buer's eyes.

Qin Hongmian knows that Sun Buer must look down on women like them. Now that she thinks about it, she looks down on them very much. Herself.

She gave up her dignity for a heartless man and kept being Duan Zhengchun's licking dog. She even wanted to avenge Duan Zhengchun after his death.

She had lost all her face as a woman.

"That was before, and we no longer plan to seek revenge against that bastard. From now on, we just want to live a good life, and we have put aside the matter of revenge."

Sun Buer doesn't believe what these crazy women say, but it has nothing to do with her at all.

It would be best if Duan Zhengchun's mistresses could kill that bastard Su Chen, and it would also save her the chance to seek revenge from that bastard in the future. ,

Sun Buer smiled and reminded Qin Hongmian,

"hehe! That's fine, Mr. Wu Xiang is not something you can kill. Even if you want to kill that bastard, you probably won't be able to get close to him. That bastard's men are all very powerful. You can't avenge Duan Zhengchun."

Mu Wanqing heard what Sun Buer meant when she said these words. She might be trying to borrow a knife to kill someone. That bastard Su Chen killed everyone in the Quanzhen Sect. I'm afraid this Sun Buer also hates that bastard to the core.

"We will not take revenge, and the grudge between Wu Xiangjun and Duan Zhengchun is none of our mother and daughter's business."

Chapter 587

Sun Buer smiled after hearing Mu Wanqing's words. She understood what Mu Wanqing meant. Now, regardless of whether they wanted to take revenge or not, Qin Hongmian and her daughter could only wait to die.

That bastard Su Chen will never let go of someone who wants to assassinate him.

"Now that your identities have been exposed, I'm afraid Mr. Wu Xiang won't be able to let you go. Now that bastard may have no time to talk to you because of the war. As long as the war is over, you will be dead after being tortured."

"Don't take any chances. Lord Wu Xiang was able to conquer half of the Song Dynasty and even destroyed the Dali Kingdom. He was a hard-hearted king."

Sun Bu'er said and went back to her room. She didn't want to see these disgusting women who didn't love themselves anymore. As a woman, she looked down on such women who disgraced women.

Mu Wanqing saw Sun Bu'er Er left and said angrily, "Mom, Taoist Master Sun looks down on us very much, and even wants to use us to assassinate that bastard Wu Xiangjun.""

"I know, I understand all this, I did something wrong before, Duan Zhengchun is not worthy of our revenge for him, I used to be really crazy and obsessed with that heartless man Duan Zhengchun."

Qin Hongmian patted Mu Wanqing's shoulder feeling a little depressed. She was really shameless now.

She didn't care what other people thought of her before, but now she thinks about it. It's ridiculous.

She threw away all the dignity a woman should have for a heartless man. She still thought that was very right. Qin Hongmian felt that she was really too stupid and naive at that time.

"Mom, you won't fall in love with that bastard Wu Xiangjun, right?" Mu Wanqing couldn't sit still after hearing Qin Hongmian's words.

She is now afraid that her mother will fall in love with that bastard after being insulted by Wu Xiangjun. If this happens, she might as well die.

Mu Wanqing doesn't want Qin Hongmian to fall in love with that bastard, and she didn't want to have a stepfather the same age as her.

Qin Hongmian blushed a little after hearing Mu Wanqing's words and reprimanded her, "What nonsense are you talking about? How could I like you?" That bastard, I'm going to rest. We can't leave here now anyway."

Mu Wanqing opened her mouth when she saw Qin Hongmian returning to the room, but she didn't say anything in the end. Now she is even more worried that her mother has fallen in love with that bastard. It seems that they can't stay here any longer, just because their mother and daughter. There was no way to escape from here, and Mu Wanqing could only lie on the table in frustration and pray that she was just overthinking.

On the wall of Chang'an, the Song army was already in formation, waiting for the Yuan army to attack, but these big The expressions of the Song army were all very nervous.

Some soldiers of the Song army even cowered and hid on the edge of the city wall, as if bows and arrows would kill them at any time.

Mu Guiying saw Jianghu who came here to help her. Renren and the masters were very happy. When she saw Shangguan Jinhong and Fu Hongxue coming,

Mu Guiying thought that with these three masters here, at least the pressure on the soldiers guarding the city would be much less.

Mu Guiying Smiling, he thanked Shangguan Jinhong and the others for coming,

"Fu Hongxue, Shangguan Jinhong, and Jing Wuming are able to help the Song Dynasty defend the city this time. I am here to thank you. Shangguan

Jinhong waved his hand and said, "No, we promised you that our men would come to help you defend Chang'an City. General Mu Guiying doesn't need to thank us.""

"He is him and I am me. I still want to thank you if I should thank you."

Mu Guiying heard that they were called by that bastard Su Chen, which made her happy and angry at the same time.

Although the bastard did a good job this time, Mu Guiying was still very angry with that bastard for his mischief.

Shangguan Jinhong listened. He just nodded. He didn't care about these messy things. General Mu Guiying seemed to have a conflict with that bastard, but it had nothing to do with him.

Fu Hongxue and Jing Wuming didn't care about it even more. They just wanted to fight this time. Okay, anyway, they can't leave Chang'an City now, and they are very happy to kill foreigners here.

Mu Guiying saw that there were hundreds of Jianghu people coming this time, so she asked Ruan Xingzhu and the others to fight with these Jianghu people Act together.

In this way, Ruan Xingzhu and the others can not only guard the city wall with the Jianghu people, but they can also monitor these Jianghu people. If these Jianghu people want to plot evil or even rebel against the Song Dynasty, they will notify themselves in time. At this time,

Su Chen hugged Yagyu Yukiji He and Liu Shengpiaoxu and his sisters arrived late. He saw that the Yuan and Song armies were already in place, and even the Jianghu people had made arrangements.

Su Chen came to Mu Guiying's handsome flag and said with a smile, "Dear madam, are you ready?"

"When we are ready, we wait for the Dayuan army to start attacking." Mu Guiying glanced at this bastard who looked like a playboy and was very speechless.

This bastard seemed to be on an outing. He came with two beautiful women in his arms, but all the soldiers here were watching. This bastard is really giving She was in disgrace.

Mu Guiying wanted this bastard to get away right now, so as not to distract the soldiers in the army here.

"Your handsome flag is really ugly." Su Chen sat down with Sister Yagyu Shengxueji in her arms. When she saw Mu Guiying's flag, she curled her lips and said,

Mu Guiying's handsome flag is just a piece of red cloth with a big word "Mu" embroidered on it. This is simply very old-fashioned.. Think about how domineering your black bird flag is. The golden black bird flapping its wings in the middle of the black background with gold rim is the real flag.

"Shut up, you bastard, are you going to piss me off? The war is about to start soon, can't you say something nice?" When Mu Guiying heard what this bastard said, she stepped forward and slapped Su Chen on the chest.

Su Chen hurriedly hugged Mu Guiying and smiled and said, "OK, OK, don't do it. I'm not asking you to do this. Want to relax?"

"Husband, can we win this war?"

"I don't know, you just have to try your best."

"But I don't want to die like this, and I don't want you to die here either."

"Don't worry, none of us will die here."

Mu Guiying felt very depressed as she leaned in Su Chen's arms. She knew that it would be impossible to defend Chang'an City in this war.

Su Chen, a bastard, could not escape from Chang'an City now.

She originally wanted Su Chen to escape from Chang'an City, but only now Chang'an City was surrounded by the Yuan army. Even if there was a secret passage, it would be impossible to break through the siege of the Yuan army.

Mu Guiying thought that she would die anyway, so she might as well let this bastard die beside her, so that they could live together. Dead.

Wuwuwuwu.....

At this time, the Dayuan army began to gather to prepare for the attack. The Song army on the city wall immediately became nervous. They all looked nervously at the Dayuan army under the city wall with their weapons in hand.

Chapter 588

Outside Chang'an City, as Dayuan's trumpet sounded, more than 100,000 Dayuan troops began to gather to prepare to attack Chang'an City. More than 10,000 people lined up in a square formation and slowly walked towards Chang'an City.

"Move forward, target Chang'an City"

"kill! kill! kill!"

Dong dong dong dong!

One by one, the phalanx of ten thousand people began to advance towards Chang'an City amidst the shouts of the ten thousand captains. The Dayuan army began to march towards Chang'an City with heavy footsteps and fierce eyes.

The city of Chang'an was filled with the killing aura of Dayuan's army. Each of these troops fought out of the sea of blood had fought life and death. The murderous aura on their bodies was mixed together to form a terrifying killing aura. Everyone was very frightened.

The Song army on the wall of Chang'an saw the Yuan army dispatched. They all looked at the Yuan army in horror. This time, the soldiers of the Song army were scared.

These aliens broke out. The murderous intent made them feel terrified, not to mention that these fierce Yuan troops were about to attack Chang'an. Some of the Song soldiers on Chang'an City were already sweating profusely and were at a loss.

Mu Gui Ying frowned when she saw these panicked and frightened Song soldiers. She did not expect that today's Dayuan army would burst out with such powerful murderous intent. The

Dayuan army was indeed an army that came out of a bloody sea of life and death battle. It was much stronger than the Song army that had never killed anyone.

Su Chen shook his head when he saw the performance of the Song army. These Song armies were really useless.

The Yuan army was so scared before they even attacked the city. , and some soldiers couldn't even hold their weapons steady. If Dayuan's army started to attack the city, I'm afraid they would have to wait in line to be beheaded. On the other side of the city wall, Fu Hongxue looked at Da Yuan under the wall. Yuan Junjun said with an ugly face,

"These Yuan armies are indeed powerful. It seems that guarding Chang'an City this time may not be easy."

"Well, the Song army is simply not as good as the Yuan army. It may be very difficult to defend Chang'an City this time. These Yuan armies are too powerful."

Jing Wuming was also very surprised when he looked at the Yuan army. This was the first time he encountered such a powerful army. This was not comparable to the army of the Song Dynasty.

Shangguan Jinhong heard that Fu Hongxue and Jing Wuming Then he shook his head and said, "Haha! Although the Great Yuan Army is powerful, I have seen armies that are even more powerful than the Great Yuan Army. Those armies are the most powerful, bar none."

Shangguan Jinhong thought of the army of Lord Wu Xiang he met in the Sui Dynasty. Those Netherworld Cavalry Legions were much more powerful than these Great Yuan armies.

Even if there were 30,000 Netherworld Cavalry Legions here, they could completely destroy these Great Yuan armies. The army, and the Netherworld Cavalry Corps will not suffer too many casualties.

Shangguan Jinhong thought that the Song Dynasty and Lord Wu Xiang were hostile forces now. Lord Wu Xiang was probably here to help the Song Dynasty fight these foreign races. I am afraid the Song Dynasty would not agree,

"Gang leader, are you talking about Lord Wu Xiang's army?" Jing Wuming looked at Shangguan Jinhong and asked in confusion.

Jing Wuming heard Shangguan Jinhong talk about Wu Xiangjun more than once, especially when Shangguan Jinhong came back from the Sui Dynasty. He was very concerned about Wu Xiangjun's affairs. He even inquired about Wu Xiangjun's likes and hobbies.

Fu Hongxue also looked at Shangguan Jinhong. He felt that the Dayuan army was already very powerful. Is there really an army more powerful than the Dayuan army?

That's that one again The empire's army is more powerful than the Yuan army?

Fu Hongxue also became curious about this. Shangguan

Jinhong thought about the war between the army of Lord Wu Xiang of the Sui Dynasty and Du Fuwei of the Jianghuai Army, and the Netherworld Cavalry Army completely destroyed more than 100,000 Jianghuai Army troops. He saw it clearly.

Du Fuwei's bandit army was much more ferocious than the Song Dynasty army at first, but Shangguan Jinhong would not forget the scene of such a ferocious army being vulnerable in front of

ten thousand Netherworld Cavalry Legion. And Shangguan Jinhong would not forget it. Among the powerful masters around Wu Xiangjun, Shangguan Jinhong did not dare to take action at that time and retreated. In the end, he lost ten times Du Fuwei's money.

Shangguan Jinhong looked at Fu Hongxue and Jing Wuming with some confusion and then became depressed. said,

"It is Lord Wu Xiang of the South. The two legions directly under Wu Xiang are very powerful. The Netherworld Cavalry Legion and the Xuanwu Legion are both the most powerful legions in the world."

"Each legion can completely defeat these Great Yuan armies, and even as long as thirty to fifty thousand Wu Xiangjun's troops appear here, these Great Yuan armies will be completely wiped out."

Fu Hongxue and Jing Wuming looked at Shangguan Jinhong and said that Wu Xiangjun was depressed. This made them all guess that Shangguan Jinhong might have been attacked by Wu Xiangjun, or even defeated by Wu Xiangjun.

Wuwuwuwuwu!

Just when the Dayuan army was one mile away from Chang'an City, the horns of the Dayuan army sounded again. The phalanx of 10,000 people in the Dayuan army all stopped after hearing the sound of the horns. Eight of the Dayuan army A phalanx of 10,000 infantrymen and four cavalry phalanxes stood outside the city of Chang'an and stopped. The only sounds left under the entire Chang'an city were the gasping sounds of Dayuan army soldiers and the neighing of war horses.

Boom boom boom!

Just here. At that time, there was continuous thunder in the sky, and light rain began to fall from the gloomy sky. This made the bustling atmosphere in Chang'an City even more peaceful and terrifying.

"I'll get together and ask someone to set up a military tent for me to take shelter from the rain." Su Chen saw that it was raining, and there was not even a military tent to shelter from the rain. Su Chen ordered the secret guards next to him. After hearing this, the secret guards immediately started to set up a tent at Su Chen's place. Temporary military tent.

Although they, the secret guards, knew that this was not the right time to do this, this war had nothing to do with them.

They, the secret guards, did not mind that the Song army next to them looked at them with strange eyes as they were busy.

Mu Gui Ying looked at Su Chen ordering the secret guards to set up military tents and shook her head and ignored him. She had no time to pay attention to this bastard who was messing around here. The

Dayuan army was about to attack, and she had to think about how to fight back. The attacking Dayuan army.

Under the city wall of Chang'an, Zha Yadu, escorted by thousands of troops, came outside the city wall and shouted loudly to Mu Guiying,

"General Mu Guiying of the Song Dynasty, now lead your army to surrender to our Yuan Dynasty. I can spare the lives of the Song Dynasty army here. Otherwise, after the city is broken, Chang'an City will be bloodbathed by our Yuan Dynasty army."

Su Chen also didn't expect that Zha Yadu was the commander-in-chief of the Yuan army this time. This made Su Chen very regretful for not catching this little scumbag at the martial arts conference.

This is all the fault of that perverted woman Jellyfish Yinji, If it weren't for her, this war would probably have ended before it started.

Su Chen sarcastically said to Zha Yadu before Mu Guiying could reply,

"Little scumbag, I didn't expect you to be the commander-in-chief of the Great Yuan army this time. Will you, a dandy little prince, lead the army? You'd better go home and find your mother to nurse."

Chapter 589

Zha Yadu's face turned dark with anger when he saw the bastard with the mask. He did not expect that this bastard would also appear on the city wall and sit with Mu Guiying.

Now this bastard was sarcastically mocking him in front of hundreds of thousands of troops, which made Zaya Duhe wish he could shave that bastard alive.

Zha Yadu angrily pointed at Su Chen and asked loudly, "You bastard, who are you?"

"who I am? I'm your dad, oh! No, your mother must be very ugly, so I will be your uncle."

Su Chen looked at Zha Yadu's angry look and knew that he had ruined her plan last time. He even sent the black widow to hunt him down. Zha Yadu must have hated him to the core.

"Damn you bastard, I'm going to kill you, I'm going to tear you into pieces." Zayadu didn't expect that this bastard not only teased him here, but even dared to insult his mother. This made Zayadu angrily point at Su Chen and want to kill this bastard.

Su Chen didn't pay attention to Zayadu's threat. After taking a sip of tea, he said mockingly,

"laugh! Little scumbag, don't have such wishful thinking. I didn't catch you last time and it was already your fate. I didn't expect you to be the commander-in-chief of the Great Yuan army this time. Do you believe that I will let people catch you now?"

"Ha ha! Pretty boy, don't have any wishful thinking. I have an army of more than 100,000 men here. Even if you send that charming woman to catch me again, do you think she can catch me among thousands of troops?"

"Huh? Little scumbag, have you actually learned to be smart? I thought you would always be stupid"

"Bastard, once my army breaks Chang'an City, I will definitely make your life worse than death."

"Then I'll wait for you to break the city, little scumbag, you have to work hard!"

The Yuan army and the Song army above and below the Chang'an city wall were speechless when they saw these two men scolding each other in front of hundreds of thousands of troops.

None of these armies expected that such a situation would occur when they were preparing to attack the city. What happened, and the commander-in-chief of the Dayuan Army was so sarcastic by the masked man that his face turned red. This made both the Dayuan Army and Dajun look a little incredible.

"This bastard is so shameless"

"It's true that he is the Great Demon King. He scolded the Commander-in-Chief until he was red-faced in front of thousands of troops, and even made the Commander-in-Chief gnash his teeth and there was nothing he could do against him."

"But this bastard of his has gone too far. There is no way he can involve his mother. This bastard is just too shameless."

"This is war, and I don't think there's anything wrong with Mr. Su's actions."

Ruan Xingzhu and the others started talking one after another when they saw Su Chen and Zha Yadu arguing with each other. Zhan, who was originally angry and nervous, was made like this by this bastard, which made them relax.

Shangguan Jinhong and Fu Hongxue and the others were also very speechless. When they looked at Su Chen, they felt that this bastard was a master of troublemaking and would cause trouble no matter where he went.

"Bastard, just wait for me to cut you into pieces. Mu Guiying, will you surrender or not?" Zayadu didn't want to talk to that bastard now. He looked at Mu Guiying and asked directly.

If Mu Guiying didn't surrender, Zayadu would order the army to attack. He couldn't wait to catch that bastard and take revenge. Su Chen saw that Mu Guiying was about to refuse Zayadu, so he stepped forward and hugged Mu Guiying and shouted to Zayadu outside the city wall,

"Little scumbag, it's not impossible for my wife to surrender, but what can you give my wife?"

"You bastard, what are you going to do? I will not surrender to the alien race." Mu Guiying heard his words while being held by Su Chen. Mu Guiying glared at Su Chen and said anxiously,

"Surrender to what? I'm playing this fool." Su Chen slapped Mu Guiying's butt and said angrily. After being spanked by Su Chen, Mu Guiying turned red and stared at this bastard. This bastard was simply bad, but Mu Guiying didn't follow suit. Su Chen came out of Su Chen's arms.

Now that she saw that the Song army was no longer afraid, she guessed that this bastard was fighting with Zayadu like this, probably to help the Song army relieve its fear.

Su Chen looked at Mu Guiying. He shook his head.

This woman is really stupid.

Zayadu hates him so much now.

Even if Su Chen surrenders to him, that little scumbag Zhahui of Zayadu will not let him go.

Besides, that Zayadu. Even if the lustful man asked everyone here to surrender, there was no way he could make him surrender.

Zha Yadu was very surprised when he heard Su Chen's words, "What? Mu Guiying is your wife? How can this be? You bastard, aren't you the pretty boy kept by Mu Guiying?"

Zayadu saw Su Chen holding Mu Guiying now, and even spanked Mu Guiying in front of all the troops here.

This made Zayadu's face twist with anger, he did not expect this. The bastard is Mu Guiying's sweetheart.

Now Zha Yadu is very jealous of this bastard. Not only does this bastard have the coquettish and beautiful woman like the Black Widow, but even Mu Guiying, the heroic and beautiful woman, also falls in love with him.

"Little scumbag, I am the pretty boy kept by Mu Guiying. Now tell me what benefits we will get if we surrender?"

"Bastard, you're dead. Everyone here can surrender. But you, bastard, can't surrender. Just wait until I catch you and torture you to death."

"laugh!" Little Zhazha, you've had enough rain now, you'd better go back and let your mother comfort you," Su Chen was too lazy to talk nonsense with Zha Yadu. Now all the troops here are looking at them. Just now, the

Da Yuan army The offensive momentum also disappeared without a trace, and the troops here in the Yuan and Song Dynasties were no longer frightened.

Su Chen didn't want to talk nonsense with this Zha Yadu, if he wasn't worried that the Yuan army would take advantage of the overwhelming momentum. Attacking the city, and the Song army was timid towards the Yuan army, he would not talk nonsense with Zayadu here. Jinlun

Dharma King next to Zayadu suddenly discovered the situation of the army, and he knew that they were all coming up to that bastard At that moment,

Jinlun Dharma King hurriedly said to Zha Yadu,

"Little prince, that bastard deliberately talked nonsense here to affect the offensive momentum of our Dayuan army. Now that our Dayuan army is affected by this bastard, the offensive momentum that just burst out has disappeared without a trace. This time we are on this The bastard got it."

Zha Yadu looked at the surrounding Dayuan troops when he heard King Jinlun's words. When he saw that the Dayuan troops were all looking at Su Chen on the wall with no momentum, his face turned black with anger.

"Damn you bastard, I won't let you go, prepare your catapult, hit me hard like the city of Chang'an."

Zha Yadu ordered and rode back to the commander's flag of the Dayuan army. This time he was tricked by that bastard. Now he can only use the catapult to raise the momentum of the Dayuan army again.

"defense!"

When Mu Guiying saw Dayuan's hundreds of catapults preparing to attack, she hurriedly ordered the messenger next to her,

"defense! defense! Defense!....."

Chapter 590

After the Dayuan army received Zha Yadu's order, a catapult loaded with huge stones and blasted towards the Chang'an city wall.

Swish swish swish.....

"Dodge, hide quickly!" After Mu Guiying saw the catapult attack, she screamed at the surrounding Song troops.

But as soon as she screamed, huge rocks fell from the sky before the soldiers could even pass the order.

Boom boom boom boom.....

Hundreds of huge stones hit the city wall in an instant, and some soldiers of the Song Dynasty were smashed into pieces before they had time to evade.

There was chaos on the Chang'an city wall for a while. The soldiers of the Song Dynasty were crying and running around to avoid the huge rocks. Some even dropped their weapons.

Mu Guiying looked at the chaotic army and angrily ordered loudly, "Don't run around, everyone returns to their posts to avoid these boulders, and avoid the catapult attacks according to my previous arrangements."

Mu Guiying still looked at it. The chaotic army was very helpless. All her previous arrangements No use anymore.

When these soldiers encountered danger, they were so confused that they couldn't tell the difference between north, south, east, and west, and even refused to listen to her orders. This made Mu Guiying very angry and helpless.

Su Chen was speechless looking at the mess on the city wall. When he saw that Mu Guiying could no longer control these Song troops who were greedy for life and feared death, he ordered the surrounding secret guards,

"The secret guards obeyed the order and asked these troops to quiet down."

"Anyone who disobeys orders will be killed!"

"Anyone who runs around will be killed!"

"Afraid of the dead, kill!"

"Yes, master."

After hearing Su Chen's order, the secret guards formed small teams and dispersed in various directions.

"Everyone returns to their respective posts, and anyone who wanders around will be killed! Anyone who disobeys orders will be killed! Afraid of the dead, kill!" Hundreds of secret guards drew out their weapons and headed towards the Song Dynasty army on the city wall. They shouted and massacred the Song Dynasty troops who disobeyed orders.

Mu Guiying saw Su Chen ordering the secret guards to massacre. Those Song troops who were running around and even trying to escape had ugly faces.

She knew that Su Chen was right to do this, otherwise the army would collapse before the Yuan army could attack. He just killed his own troops, which made Mu Gui Ying couldn't bear to see it.

At this time, Jellyfish Yinji appeared next to Su Chen and sat down with a smile and said sarcastically,

"You bastard is really hateful. If these Song armies had not died at the hands of the Yuan army, they would have been slaughtered by your men."

Su Chen said angrily when he saw Jellyfish Yinji sitting next to him,

"Let me tell you, what are you doing here, a woman? You didn't agree to my conditions and we broke up. You should leave me now. I'm annoyed when I see you now."

Su Chen looked at Jellyfish Yinji with an unkind expression when he saw that Jellyfish Yinji had the face to appear here.

What happened today is all the fault of Jellyfish Yinji. If Jellyfish Yinji hadn't stopped Black Widow from catching Jinlun Dharma King and Zha Yadu , I'm afraid today's war will not happen.

Boom!

Jellyfish Yinji smashed the huge stone flying towards them in the air with her palm and stared at Su Chen.

Does this bastard really want to die?

Or is he tired of living ? Get rid of this bastard like him?

Su Chen's eyes lit up when he saw Jellyfish Yinji smashing the huge rocks flying towards them with one palm. As soon as Su Chen rolled his eyes, he immediately smiled and said to Jellyfish Yinji,

"Sit down, sit down, Yagyu Yukihome, quickly pour tea for Jellyfish Yinji."

Su Chen thought that it would be good to have Jellyfish Yinji by his side. At least he doesn't have to worry about huge rocks falling from the sky.

He thought that with Jellyfish Yinji, a super thug here, he would at least be much safer here. As for Jellyfish Yinji, he can Send her away again, but use her first this time

"Yes, master."

Jellyfish Yinji stared at this bastard in shock. This bastard changed his face too quickly!

He was trying to drive her away angrily just now, but after he smashed a boulder at will, this bastard immediately changed his face.

Could it be that this bastard was driven by him? Su was frightened by her strength?

But that's not right, right?

This bastard knew that she was a land immortal in the Heavenly Realm.

He knew that she was not afraid of her own strength, but why did he change his face when he saw her take action?

Su When Chen saw Jellyfish Yinji's surprised look, he didn't care. This time, Jellyfish Yinji wanted to help him, and he didn't ask her to do so. When

Su Chen saw another boulder flying towards him, he hurriedly asked Jellyfish Yinji to help him. Said, "Here it comes again, Jellyfish Yin Ji, here comes another boulder, please break this boulder quickly."

Boom,

Jellyfish Yinji looked very ugly when she smashed the stone again.

This time she understood why this bastard was like this.

This bastard regarded her as a thug.

Damn it! No wonder this bastard changed so quickly?

Mu Gui Ying was very surprised when she saw the powerful woman next to Su Chen. She always thought that this veiled woman was an insignificant person.

Even the woman Lin Chaoying sent to protect Su Chen, now it seems that her guess That's wrong.

This powerful veiled woman is not something Lin Chaoying can command.

So who is this veiled woman?

That bastard Su Chen seems to be a little resistant to this veiled woman, no!

It's very resistant.

"You damn bastard, so you want to take advantage of me?"

"Jellyfish Yinji, don't say that, aren't you sitting here now? I don't think you want those boulders to fall here, right?"

"Bastard, you are an shameless bastard."

"What the hell! It's wrong for Jellyfish Yin Ji to curse people, and it's even more inappropriate for you, a land god in the heaven and human realm, to curse people."

Jellyfish Yinji doesn't want to deal with this bastard anymore. This bastard is a shameless pervert. He can say whatever he wants. She doesn't want to be tempted to kill this bastard.

"Damn it, you better shut up now or I'll throw you under the wall"

"Okay, okay, but here we have trouble with Jellyfish Yinji." Su Chen smiled and turned around without looking at Jellyfish Yinji. He didn't want to offend this woman, otherwise he would be the one to suffer.

At this time, the Song army on the city wall was also temporarily frightened by the secret guards. Well, after the secret guards killed thousands of Song Dynasty soldiers who disobeyed orders, other soldiers on the city wall returned to their respective posts to defend the city wall. They did not dare to hide around anymore by disobeying orders. These secret guards killed them without mercy.

Mu Guiying breathed a sigh of relief when she saw this.

She looked at Su Chen and was very grateful. Without Su Chen's order this time, I'm afraid the city wall would still be in a mess.

Even when the Yuan army began to attack, she could not reorganize the army to defend the city wall.

The catapults of the Yuan Dynasty continued to bombard the Chang'an city wall, but the Song army was intimidated by the secret guards, and they did not dare to hide around. Only when the boulders fall towards them, they can dodge one after another, so that the troops on the city wall know that they can avoid the boulder attack, and they don't need to hide everywhere.
