

Zongwu 601

Chapter 601

Su Chen just complained a little. He didn't expect Jellyfish Yinji to react so strongly, but now he is relieved. Now Jellyfish Yinji should not kill him angrily anymore.

Su Chen took Jellyfish Yinji and walked towards the commander's tent. After all, there were many people here, and he also wanted to remind Jellyfish Yinji not to reveal his identity.

Even if he is mistaken as the prince of the Song Dynasty, Jellyfish Yinji must know, otherwise he will be discovered by Zha Yadu and Jinlun Dharma King later. I am afraid that he will not be able to command the Yuan army here even with the token in his hand.

Su Chen wanted to firmly control these Dayuan troops. As for Zha Yadu and Jinlun Dharma King, let them go to hell.

Jellyfish Yinji looked at Su Chen in shame and went into the commander's tent with him.

When Jinlun Dharma King passed by Jellyfish Yinji, he trembled in fear.

Although this terrifying woman did not burst out with any momentum, the terrifying aura on her body was a huge threat to him.

Jin Lun Dharma King felt the fear brought to him by the jellyfish Yin Ji from his soul.

When Zha Yadu saw that Su Chen was back, he hurriedly came to Su Chen and asked, "Zhao Xuan, is that scary woman gone? Why is there no sound of fighting outside?"

"No, you'll know when you look at the back"

"What's behind? My mother!" Zha Yadu didn't understand what Su Chen meant at first, but when he turned around, he saw that the scary woman with the veil also came in.

Zha Yadu was so frightened that he stepped back and fell. on the ground

【Zhao Xuan?】

【hehe!】

【I seem to have discovered a great secret. 】

Jellyfish Yinji ignored the frightened Zayadu, but now she thought about Zayadu calling Su Chen's name Zhao Xuan, so she guessed that this bastard was up to something again.

"Please sit down."

Su Chen asked Jellyfish Yinji to sit down and saw Jinlun Dharma King comforting Zha Yadu. He hurriedly said to Jellyfish Yinji in secret words,

"Jellyfish Yin Ji, my current identity is Zhao Xuan, the Sixth Prince of the Song Dynasty. You captured me just for that spiritual treasure. Please don't help me for a while."

"What does this have to do with me? Why should I help you, this shameless bastard?" After Jellyfish Yinji sat down, she rolled her eyes at Su Chen and said in secret.

Jellyfish Yinji didn't reveal that this bastard was Wu Xiangjun at first, and she was already worthy of this bastard.

If it weren't for the news about Shi Guanyin and Ling Qi, she would have revealed Su Chen's identity and watched the show.

"Let me know, what do you want to do to promise me?"

"Don't fool me anymore about the news about Shi Guanyin, or the spiritual treasure, or I will really kill someone."

"Deal, help me first and tell you later"

"good! If you lie to me again, you know what will happen to your women."

"Damn, perverted woman"

"Shameless man."

Su Chen and Jellyfish Yin Ji stared at each other and sat alone without paying attention to each other. In the entire commander's tent, there were only Jinlun Dharma King and Zha Ya Duhe whispering.

Su Chen lay on the table thinking about what to do. How to control these Dayuan armies? These are not the armies directly under Zhao Min. If he takes out Zhao Min's identity token, I'm afraid Zha Yadu will go crazy, and I'm afraid he will have to leave here.

【Holy shit! How could I forget that Zhao Min is the Thirty Thousand Wolf Cavalry here?】

【With the help of the wolf cavalry, the 200,000 Yuan army would probably be easier to control.】

【It seems that tomorrow we need to take care of the captain of the Wolf Cavalry first. 】

At this time,

Zha Yadu was trembling and became very uneasy after listening to Jinlun Dharma King's explanation.

It was very dangerous to leave a terrifying woman here.

If this perverted and terrifying woman suddenly takes action against them, I'm afraid they will die without leaving a trace.

Zha Yadu was frightened and said to Jinlun Dharma King, "Dharma.....His Holiness, really.....Really want to stay.....Leave this fear behind.....scary woman.....A woman?"

Jin Lun Dharma King shook his head and said helplessly,

"This is not something we can decide. If this woman doesn't leave, can we still drive her away?"

"This woman, the young prince, is a terrestrial immortal in the realm of heaven and human beings, and we cannot afford to offend her."

Jinlun Dharma King didn't want this terrifying woman to stay. He just saw Su Chen's helpless look and knew that this terrifying woman couldn't just leave.

Zha Yadu wanted to leave immediately after hearing Jinlun Dharma King's words. Here, with this time bomb here, he didn't dare to stay any longer.

Zha Yadu suddenly thought why a land god in the heavenly realm would look for the prince of the Song Dynasty?

And now it doesn't look like he is chasing Su. Morning?

Zha Yadu calmed down his nervous and frightened mood and asked hurriedly, "By the way, Dharma King, then why did this terrestrial god in the heaven and human realm look for Zhao Xuan?"

"I just heard that Zhao Xuan seems to have a treasure that this woman needs, and this terrifying woman also came for that treasure."

"It turns out that Zhao Xuan, as the prince of the Song Dynasty, must have obtained some treasure from the royal family of the Song Dynasty, and this treasure was spotted by this terrifying woman. Could it be that Zhao Xuan deliberately lured this terrifying woman to appear in our military camp?"

"Probably not. The prince of the Song Dynasty was also very shocked when he saw this terrifying woman. Zhao Xuan probably didn't know that this woman was a land fairy in the heavenly realm."

"That's fine, as long as Zhao Xuan doesn't deceive us, but what should we do now?" Zha Yadu nodded after hearing this. It seems that Su Chen did not deceive them.

Maybe Su Chen thought that this terrifying woman was sent by other princes of the Song Dynasty to kill him. In fact, she was a terrifying person in the realm of heaven and human beings. The woman came to Su Chen for the treasure.

Zaya Du turned to look at Su Chen and found that he was lying on the table and did not dare to look at the scary woman. This also made Zaya Du feel sorry for this ally. The scary woman must have threatened Su Chen just now. When

Zha Yadu saw the scary woman looking at him, he immediately lowered his head and said to King Jinlun in horror,

"Dharma King, I want to leave here. I will go back to Jiayuguan tonight. I will not come back until this horrible woman leaves."

Jinlun Dharma King looked at Zha Yadu with a dark face. This coward wouldn't be so scared, would he? But if Zha Yadu abandoned his army and fled privately, even his father wouldn't be able to protect him.

"Young prince, you are the commander-in-chief of the army. If you want to leave, I'm afraid the imperial capital will punish you."

Zha Yadu shook his head and looked like he must leave here. He will not be in danger all the time.

He saw this terrifying woman kill about 30,000 soldiers with his own eyes, and now he still thinks about it. His whole body was shaking, and the space between his legs was still wet. He had been scared to death just now.

Zaya Du did not want to be killed by this terrifying woman in a daze.

"Don't worry, I have already thought of a countermeasure. The Prince of the Song Dynasty is an important bargaining chip this time. I believe those in the Imperial Capital of the Yuan Dynasty will be very happy that the Prince of the Song Dynasty will cooperate with us."

"And this terrifying woman also wants those in the imperial capital to know, after all, we are not able to deal with a terrestrial immortal in the heavenly realm."

Jin Lun Dharma King looked at Zha Ya Du speechlessly. Now I am afraid that Zha Ya Du will not be able to listen to what he said. What happened just now may have frightened the little prince Zha Ya Du. Jin Lun Dharma King was almost frightened just now. Got it

"Young prince, who do you want to lead the army when you leave here?"

Zha Yadu glanced at Su Chen and said to King Jinlun,"Zhao Xuan! With this scapegoat here, that scary woman probably won't care about us now."

Jinlun Dharma King is now completely helpless towards Zha Yadu.

There are so many Great Yuan generals here, but why did he let the Song Dynasty prince command their Yuan army?

Jinlun Dharma King was a little worried and asked Zha Yadu Du persuaded,

"Young prince, Zhao Xuan is the prince of the Song Dynasty. How is it possible that you want him to command our army of the Yuan Dynasty? If he traps all our troops to death, then we will become Dayuan's sinners."

Zha Yadu shook his head after listening to Jinlun Dharma King's words. He was worried about the other Dayuan generals here. If the Dayuan generals here attacked Chang'an City after he left, the credit would not be his.

But Su Chen was different. Su Chen was from the Song Dynasty. From now on, he could only rely on himself, and he had promised to give up Chang'an City to him.

Zha Yadu thought that if this terrifying woman hadn't appeared, he would have died tomorrow. He can enter Chang'an City, and the beauties inside are waiting for him to enjoy.

Zha Yadu waved his hand to King Jinlun and explained,"Don't worry, Zhao Xuan, he doesn't dare to do that. Besides, the captains of ten thousand in each legion But we are all Dayuan people

"It's impossible for Zhao Xuan to do something detrimental to our army. Besides, he also wants to ask us, Dayuan. If he was a smart man, he wouldn't dare to do that."

"Um! Then just like what the young prince said." Jinlun Dharma King doesn't know what Zha Yadu thinks, but now, as he said, if Su Chen wants to get the throne of the Song Dynasty in the future, he can only seek refuge with the young prince Zha Yadu

"Go and inform Zhao Xuan. I'll be waiting for you in Dayingkou. You need to hurry up."

"Yes, little prince."

After Jinlun Dharma King told Zha Yadu what he had told him, he hurriedly left the commander's military tent.

When the scary woman next to him just looked at him, Jinlun Dharma King almost knelt down.

The look in that scary woman's eyes It was so scary that Jinlun Dharma King now sympathized with Su Chen as well as Zha Yadu.

Su Chen looked at Zha Yadu and Jinlun Dharma King in confusion as they both left in a hurry. This was shocking. Su Chen really couldn't understand.

Were Zha Yadu and Jin Lun Dharma King so frightened by the jellyfish Yin Ji?

Now they don't even dare to stay in the army camp?

Su Chen was speechless when he thought of Jin Lun Dharma King's words. This time he is the real commander-in-chief of the Yuan army. If he leaves Ziyadu, I am afraid that no one here can restrain him.

"That coward finally left or I would have killed him." Jellyfish Yinji waved her hand when she saw Zha Yadu leaving, and the tent at the gate of the commander's tent was opened, and the cold wind from outside was blown in.

"Um? Damn it, Zayadu was so scared that he peed his pants just now. Damn it, I said there was a strange smell here. I thought it was the smell of the bodies of those aliens." Su Chen suddenly understood when he saw Jellyfish Yinji using her internal strength to open the military tent.

Su Chen also didn't expect that Zayadu would be so frightened by Jellyfish Yinji.

Doesn't Zayadu like beautiful women?

Look at Jellyfish Yinji. How perfect the figure is, how tall the two mountains are, and how tempting the waist of the water snake is. Is Zayadu just so afraid that he forgets to look at Jellyfish Yinji's figure?

Jellyfish Yinji saw Su Chen still looking confused and laughed and said,

"laugh! You have to thank me today. If I hadn't shown some killing intent towards that Zha Yadu and King Jinlun just now, they wouldn't have escaped and let you become the commander-in-chief of Dayuan."

"Thank you so much. Today, my bridal night was also disturbed by you."

"Shameless bastard, you are a shameless pervert"

"Hahaha! We're going to sleep in the same room tonight"

"roll! Otherwise I will kill you"

"Hahaha!"

Su Chen smiled when he saw Jellyfish Yin Ji's shameful and angry look and walked out to command the military tent.

He wanted to inform Mu Guiying and Black Widow. After all, he left suddenly, and I'm afraid they would also be worried about him.

Now Shadow Assassin You Ruo He didn't know where he had left him, so it was better to find Youruo first and ask her to inform Mu Guiying and Black Widow. Su Chen immediately used his mental power to search for the shadow assassin Youruo.

Zha Yadu and Jinlun Dharma King led With thousands of cavalry, they hurriedly left the army camp.

Now the Yuan generals in the camp knew that Zha Yadu and King Jinlun had escaped, and they were now all commanded by the man with the mask.

A man from the Song Dynasty He actually became their commander-in-chief, which made the generals of these armies very angry, but there was nothing they could do about it. The terrifying woman was too powerful.

If it weren't for the presence of the man with the mask today, I'm afraid they would be here The army will suffer heavy casualties.

More than a hundred miles away from Chang'an City, one hundred thousand Song Dynasty troops are coming towards Chang'an City. These elite Song Dynasty imperial guards are here to support Chang'an City.

The Song Dynasty court learned that there were one hundred thousand soldiers After the Dayuan army came to support the Dayuan army attacking Chang'an City, they were afraid that the Dayuan army would not only want Chang'an this time. I was afraid that hundreds of thousands of Dayuan troops would continue to come out east to attack the Song Dynasty after occupying Chang'an City. This frightened the Song Dynasty court so much that they had to send their only imperial army to support Chang'an City.

In a temporary military tent, an old woman with white hair faced a pale man. The old man said,

"Imperial Counselor, we can rush to Chang'an City tomorrow morning. We hope that the Imperial Counselor will not stop us from arresting General Mu Guiying this time. After all, this is an order personally issued by His Majesty the Emperor."

This old woman is the wife of Yang Ye, a general of the Yang family, and the Song Dynasty national teacher next to her is Huang Shang, Mu Guiying's master.

All the generals of the Song Dynasty are currently stationed at the border, and only the Yang family generals can be sent here. Old Taijun She.

As for the fact that the Yang family was wiped out by Mu Guiying's pretty boy in Chang'an City, the old eunuch who was in charge of the army in Chang'an City also truthfully told the Emperor of the Song Dynasty. This also made the Yang family general's widow... He wanted to avenge the Yang family.

Huang Shang said to Yang Ye's wife, Taijun She, expressionlessly,

"Taijun She, this time you, the general of the Yang family, are in charge. I am only responsible for killing those masters in the Yuan army. I don't care about anything else."

"Thank you, Imperial Master."

Chapter 603

The next morning,

Su Chen directly ordered all the ten thousand captains in the Dayuan army to come to the command tent. This time he wanted to subdue all the ten thousand captains here.

Yesterday, he took care of the three captains of ten thousand under Zhao Min, and now there are only these captains of ten thousand who are not directly under Zhao Min's army.

In the military tent of the Commander-in-Chief of the Great Yuan Dynasty, nineteen tall and powerful captains of the Great Yuan Dynasty were sitting here. Su Chen sat at the top and nodded while looking at these captains.

These captains are all simple-minded tough men, but in this way he can conquer them very well.

Su Chen stood up, looked at these captains and said loudly,

"Everyone, you all know now, I am now your new commander-in-chief. I only have one requirement to be your commander-in-chief."

"obey orders!"

"Obey orders absolutely!"

"I order you to attack and you must attack me with all your might. I order you to stop. Even if you are about to kill the enemy, you must stop immediately. Do you understand?"

A bearded captain stood up and said mockingly,

"laugh! Why do you, a native of Song Dynasty, expect me to obey your orders? Yesterday you were helping the Song Dynasty army to kill our compatriots. I will not obey the orders of a Song Dynasty person."

Su Chen picked up the wine glass and took a sip of wine and asked nonchalantly, "Is there anyone else who opposes me? If there are any, please stand up quickly and let me take a look."

"I, Mulchi, am also against it, and I will not obey the orders of a Song Dynasty person."

"And I am also against it"

"People in the Song Dynasty are all sheep with two legs, and I also object to it"

Then six more captains of ten thousand stood up one after another to oppose Su Chen. They all looked down on the Song Dynasty being able to become their commander-in-chief.

Su Chen saw that there were seven captains of ten thousand who opposed him, which made Su Chen a little confused.

He originally thought that except for Zhao Min's three ten thousand captains, the other ten thousand captains would oppose him.

I just didn't expect that nine thousand men would not oppose him to become the commander-in-chief.

At this time, those captains who did not oppose Su Chen felt very pitiful when looking at the captains who opposed Su Chen.

They, the captains of ten thousand, knew about this Yuan Song Dynasty man and that terrifying woman last night, and that terrifying woman was sitting next to them.

When they came, they all told the other captains about the horrific things last night. They did not expect that these idiots would seek death on their own.

But the three wolf cavalry captains were sitting there motionless. They were all direct subordinates of Princess Zhao Min.

Su Chen has Princess Zhao Min's identity token, and they will absolutely obey Su Chen's orders.

Moreover, the three of them also knew what happened on Zhongnan Mountain. The masked man did not deceive them, and the identity token of Princess Zhao Min was also genuine. They did not dare to be disrespectful to Su Chen.

"If you don't choose to obey my orders, then I can only send you captains of ten thousand to meet your wolf god." Su Chen looked at the captains of ten thousand who opposed him and said with a smile.

Since there are nine captains of ten thousand who did not oppose him this time, Su Chen believes that they will definitely not support him now. Su Chen also plans to kill these The captain of ten thousand who opposed him came to establish his power.

Brush! Brush! Brush! Brush.

"You, a Song Dynasty man, want to kill us? You are seeking death!" When the captains who stood up to oppose Su Chen heard what Su Chen said, they drew out their long swords and prepared to kill Su Chen.

"kill!"

Su Chen looked at the captains who were drawing their swords and ordered.

After Su Chen's order, black shadows suddenly appeared in the commander's tent. Before the captains who resisted Su Chen had time to react, One by one, their throats were cut to death by these black shadows that suddenly appeared.

Then, these black shadows disappeared one by one into the commander's tent. The remaining captains here looked at Su Chen in horror. They did not expect that This masked man actually had such terrifying subordinates, which made them dare not fool Su Chen again.

Su Chen looked at Zhao Min's three ten thousand captains and ordered, "Cha Husu, Ketebao, Helchit, go and take over the army of seven captains of ten thousand men just now, and arrange a new captain of ten thousand men for those troops of ten thousand men."

"Yes, my lord."

Zhao Min's captain of ten thousand immediately stood up and saluted after receiving Su Chen's order.

After Su Chen's three captains of wolf cavalry left, he looked at the remaining captains of ten thousand and said coldly,

"Since you captains of ten thousand have nothing against me, continue to be your captains of ten thousand, but don't do anything to me that I don't like in the future. Remember to obey my orders from now on, or you will die."

"Yes, my lord."

The remaining nine captains of ten thousand in the commander's tent all saluted Su Chen in fear.

They have no intention of resisting Su Chen now, and they also saw the reactions of the three wolf cavalry captains just now. This surprised the nine captains of ten thousand of them. The captain of the wolf cavalry didn't even pay attention to Zha Yadu, but why was he so respectful to this Song Dynasty man?

This is what made these captains of ten thousand Feeling very confused

"Carry all these corpses out, and then go back and prepare for war!"

""Yes, sir."

After these ten thousand captains left, Su Chen sat next to Jellyfish Yinji and drank wine. Today he was able to control the 200,000 Yuan army. Even if there was a Yuan army that wanted to rebel, Su Chen The wolf cavalry in Chen's hand can also quickly destroy those Dayuan troops who want to rebel.

When Jellyfish Yinji saw Su Chen asking the Dayuan army to prepare for war, she was very confused. But his woman Mu Guiying was in Chang'an City. He was defending the city, but this bastard actually wanted to attack his woman. Is this shameless bastard crazy?

Jellyfish Yinji asked Su Chen in confusion, "Se embryo, you don't really want to attack Chang'an City, do you?"

"you guess?"

"Damn it, I'm guessing, tell me!"

Su Chen laughed when he saw Jellyfish Yinji talking dirty words, "Haha! I didn't expect that the dignified Palace Master of Shenshui Palace would also say dirty words."

Jellyfish Yinji grabbed Su Chen's clothes and said harshly,

"You really deserve to die, Su Chen. I can't stand you bastard anymore. Don't force me to kill you."

Jellyfish Yinji found out that this shameless bastard deserved a beating. Ever since she met this bastard, she had never been less angry with him.

Jellyfish Yinji didn't know why she didn't kill this bastard, and she didn't give him a harsh lesson. Teach this bastard a lesson?

She feels that this bastard is like her nemesis, leaving her helpless against this bastard

"OK, OK, Lady Yinji, I won't tease you anymore."

"OK? What the hell is this word? Um? Did you, you bastard, tease me on purpose just now?"

Chapter 604

In the morning, outside the palace of General Mu Guiying in Chang'an City, the place was now surrounded by the Royal Guards Corps. After the widows of the Yang family arrived in Chang'an City with their army, they brought 10,000 troops to capture Mu Guiying. Kill all the male accomplices of their Yang family. Outside Mu Guiying's residence, She Taijun and her daughters-in-law looked at the troops and guards outside General Mu Guiying's residence. She shouted loudly to General Mu Guiying's residence, "Mu Guiying, give up your resistance. We are here on the emperor's orders to arrest you and your pretty boy."

"

"Damn it, the Yang family didn't expect revenge so quickly, and it was the general who commanded the reinforcements this time."

In the General Mu Guiying's Mansion, Mu Guiying walked out of the General's Mansion with Yagyu Yuki and Yagyu Piauxu.

She looked at the hundreds of secret guards outside the General's Mansion and the thousands of soldiers guarding the General's Mansion. His own general's mansion.

On the opposite side, the Imperial Forest Army of the Song Dynasty surrounded Mu Guiying's mansion. The seven or eight female generals in front looked at her with unkind expressions. When

Taijun She saw Mu Guiying coming out, she angrily shouted to her, "Mu Guiying, where is your pretty boy? Let him come out quickly, otherwise don't blame us for being rude."

"Mrs. She, do you really want to do this this time? Now Su Batian is a hero guarding Chang'an City. If you capture him, Chang'an City will not be able to defend itself."

"This does not require your concern. From now on, Chang'an City will be guarded by our Yang family. You should go back to the imperial capital with your pretty boy to die. Your father has been executed by His Majesty the Emperor, and now you and the pretty boy are the only ones left."

"What? His Majesty the Emperor killed my father? How can this be?" When Mu Guiying heard Taijun She's words, her eyes darkened in shock.

She did not expect that the Mu family was devoted to the Song Dynasty. Her father had already broken a leg for the Song Dynasty, and now he was executed for no reason.

"This is all because of you. If you and your pretty boy hadn't massacred all the men in our Yang family, His Majesty the Emperor would not have executed your father in anger. Mu Guiying, His Majesty the Emperor has decreed that if you don't surrender without mercy, then we can arrest you on the spot. execute you"

"Hahaha! good! Very good, the Song Dynasty court is my enemy from today on, I will definitely kill that stupid king"

"Insolent, the Yulin Army obeyed the order, capture Mu Guiying for me, life or death"

"kill! kill! kill!"

"Guard!"

When Yagyu Yukiji and Yagyu Piao Xu saw the Great Yuan Yulin Army starting to attack, they drew their swords and immediately ordered the secret guards and the soldiers of the General's Palace. The secret guards and the soldiers of the General's Palace immediately controlled them layer by layer. Mu Guiying set up his guard. The secret guards' crossbows and the archers in the general's mansion immediately aimed at the imperial guards who were charging towards them.

"Archers and crossbows, get ready!"

"put!"

Swish, swish, swish!

Under the command of Yagyu Yukihome, the soldiers and secret guards in the general's palace fired arrows at the imperial guards who rushed over. The archers' bows and arrows and the secret guards' crossbows shot and killed. The imperial guards of the Song Dynasty who rushed to kill

"Shield defense, shield defense."

Hundreds of the Royal Forest Army who rushed in front were shot dead in an instant, and the General of the Royal Forest Army loudly ordered, but their shields can only defend against ordinary bows and arrows, while the guards' Qi-breaking crossbows and their Imperial Guard's shields can He couldn't defend himself.

As long as he was shot by the air-breaking crossbows of the secret guards, the shields held by the Imperial Guard soldiers would be shot through and killed as if they were made of paper.

Liu Shengpiaoxu supported the heartbroken Mu Guiying and gently said,

"Madam, everyone in the mansion has arrived at the North Gate. The North Gate army controlled by General Xiao He is already waiting for us. Let's leave. The master is probably already waiting for us outside Chang'an City."

When Liu Shengpiaoxu saw this, the fighting had already begun, and everyone else in the mansion had already left, but the black widow still had to protect Xue Nu and Shi Qingxuan, who were in retreat.

Their sisters wanted to attract the Yang family's idea with Mu Guiying, only In this way, it is impossible for the Yang family to find the black widow and snow girl who stayed in the general's mansion.

"Withdraw, retreat towards the north gate." Mu Guiying glared angrily at the widows of the Yang family and ordered loudly.

Mu Guiying knew that there was no point in staying here. If he didn't leave here as soon as possible, I'm afraid the guards and secret guards here would be killed. Damn it, after all, there are tens of thousands of imperial guards here to surround and kill them.

"Yes, ma'am."

When Taijun She saw Mu Guiying and the others were trying to escape, she hurriedly ordered the imperial guards, "Charge forward and kill them. I absolutely cannot let them escape."

At this time, a woman wearing armor rode over on horseback and shouted,

"Mom, it's bad. Everyone in Mu Guiying's mansion escaped from the back door and now they are retreating to the north gate."

"North city gate? Damn it, we forgot that Mu Guiying's deputy general was guarding the North City Gate, and ordered the army to set off from the West City Gate to intercept Mu Guiying and the others. This time we felt that we could not let her escape."

"Yes, mother."

In the Dayuan military camp ten miles away from Chang'an City, Dayuan's 200,000 troops are ready. Now they are waiting for Su Chen's order to attack Chang'an City.

Jellyfish Yin Ji can't even understand what Su Chen said to her just now. explanation, this bastard obviously already knew that the reinforcements from the Song Dynasty were coming to deal with him and Mu Guiying.

But this bastard actually withdrew the Yuan army from besieging Chang'an City?

He did this to let the reinforcements from the Song Dynasty arrive. You can enter Chang'an City smoothly, but why does this bastard do this?

Jellyfish Yinji really couldn't figure it out and asked Su Chen,

"You bastard, the arrival of reinforcements from the Song Dynasty will be detrimental to you? But why did you let these Song Dynasty reinforcements enter Chang'an City? Aren't you worried about the comfort of your women?"

"Have you ever heard of beating a dog behind closed doors?" Su Chen shook his head and said to the confused Jellyfish Yin Ji,

"You, do you want to completely wipe out the reinforcements from the Song Dynasty?" Jellyfish Yinji looked at Su Chen in surprise.

Is Su Chen going to launch a war against the Song Dynasty?

But didn't this bastard help the Song Dynasty army to resist the invasion of the Yuan Dynasty before? Why did he want to fight against the Song Dynasty in just one night? The Song Dynasty launched a war?

Could it be that Lord Wu Xiang was preparing to destroy the Song Dynasty?

"Yes, I didn't originally plan to kill the Song Dynasty's army, but this time I had to do it." Su Chen was very angry after getting the secret message from the secret guard last night.

He did not expect that because of him, Mu Guiying's father was killed, and this time it was the widows of the Yang family who led the Song army. They came this time and they still wanted to arrest Mu Guiying and return to the Song Dynasty Emperor to be executed. This made Su Chen very angry. The Song

Dynasty court actually wanted to seek death, so they didn't want him.

Su Chen decided this time In order to destroy the Song Dynasty as quickly as possible, he had already asked the secret guards to convey his attack orders in Gusu City. He believed that Huang Rong would launch a war against the Song Dynasty as soon as possible.

Chapter 605

Su Chen smiled when he saw Jellyfish Yinji's confused look. He didn't tell Jellyfish Yinji the information he got last night, but Jellyfish Yinji's confused look was really cute and silly.

"Su Chen, are you going to launch an all-out war against the Song Dynasty this time? Or are you just leading these Yuan troops to launch a war against Chang'an City of Song Dynasty this time?" Jellyfish Yinji thought about it and didn't know what this bastard was up to, but she felt that he had become a little different since he deliberately molested her today.

Could it be that she was too heavy-handed today?

Beat this bastard. Are you a little stupid?

Su Chen said sternly with an expressionless face,

"A total war. This time I will destroy the Song Dynasty as quickly as possible. I will gather troops in Gusu City tomorrow to launch a war against the Song Dynasty. This time I will hang the Emperor of the Song Dynasty in the imperial capital of the Song Dynasty."

"Why? Didn't you support the Song Dynasty court in resisting those foreign races from the beginning? Why would they launch a war against the Song Dynasty at this time?" Jellyfish Yinji was very surprised after hearing what Su Chen said.

Why would this bastard launch a full-scale war against the Song Dynasty?

The Song Dynasty is now besieged by several foreign countries. If Su Chen launches a war against the Song Dynasty court at this time, , I am afraid that the Song Dynasty is really over, and even the people of the Song Dynasty will be massacred by those alien races.

Jellyfish Yinji can't understand why Su Chen launched a full-scale war against the Song Dynasty?

Su Chen was previously attacked by aliens in the Song Dynasty At that time, he was helping the Song Dynasty, and even supported the Song Dynasty with a lot of weapons and food, but why did he regret it and attack the Song Dynasty this time? If this bastard Su Chen really launched a full-scale war against the Song Dynasty, I am afraid that all the Central Plains people would Everyone will look down on Su Chen, and there will even be forces resisting his rule in various places.

Su Chen drank a cup of tea and sighed,"Mu Guiying's father is dead. He was ordered to be executed by the Emperor of the Song Dynasty. Mu Guiying's father is He died because of me"

"So that's it, you bastard is causing trouble everywhere, let's see how you explain it to your wife this time."Jellyfish Yinji heard what Su Chen said and knew why.

Su Chen wanted to atone for his mistakes, but was the price of such atonement too high?

After all, launching a war would cost tens of thousands or even hundreds of thousands of people. , regardless of whether the people who died were soldiers or civilians, this was not good for the Central Plains.

But after thinking about it, she felt that she was a little too concerned about this bastard now, and it had nothing to do with her.

As long as this bastard occupied Chang'an City Finally, this bastard can just give her the spiritual treasure as promised.

At this time, a Great Yuan messenger came in and saluted Su Chen and said,"Sir, the army is ready."

Su Chen looked at the map of Chang'an City and ordered,

"Order, 30,000 wolf cavalry to go to Chang'an City The gates were connected to General Mu Guiying. The south gate and west gate of Chang'an City each sent a cavalry team of 10,000 to besiege them. They could not let a single Song soldier leave. The remaining troops gathered at the northeast gate of Chang'an City."

"Yes, my lord"

-

Chang'an City is now in chaos, and battles can be seen everywhere. Some troops loyal to Mu Guiying and the Song Dynasty Imperial Army are constantly fighting in the streets and alleys.

It's just that the Song Dynasty Imperial Army who arrived this time was very elite, and their weapons and armor were not comparable to those of the army here. As a large number of Imperial Army troops joined the battle, the troops loyal to Mu Guiying were also slaughtered.

At the north gate of Chang'an City,

Xiao He led 10,000 cavalry and 5,000 to 6,000 soldiers guarding the city outside the north gate, waiting for Mu Guiying's arrival.

Ruan Xingzhu and the others were also a little uneasy here. They did not expect that such a thing would happen after being called up early in the morning to go to the North City Gate.

They also heard the sound of fighting in Chang'an City just now, but what is the situation in Chang'an City now?

Ruan Xingzhu and other women are also very confused.

A'Zhu suddenly noticed Qin Hongmian and Mu Wanqing not far away from them and hurriedly said to Ruan Xingzhu,

"Mom, look, it's Qin Hongmian and Mu Wanqing."

Ruan Xingzhu looked over and spotted Qin Hongmian and the others. She saw Qin Hongmian and Mu Wanqing with dozens of secret guards surrounding them.

Ruan Xingzhu looked at Qin Hongmian and the others and said to A'Zhu,

"It's them, but they are still being guarded by that bastard's guards, and they don't know what happened in Chang'an City? How did it become like this overnight?"

""I don't know."

At this time, a scout rode over and shouted to Xiao He, "General is here, General, General Mu Guiying is here.""

"Okay, after General Mu Guiying arrives, order the army to be ready to go at any time"

"It's a general."

Da da da da da".....

After Xiao He gave the order, she heard the sound of horse hooves, and then she saw Mu Guiying leading the way with thousands of soldiers and guards.

"Miss"

"Xiao He, order the army to set off immediately. Let's stay away from Chang'an City first."

"Yes, miss."

Mu Guiying did not talk too much with Xiao He. Now the widows of the Yang family will definitely send troops to round them up. Mu Guiying must make peace with that bastard Su Chen as soon as possible.

At the same time, at the west gate of Chang'an City,

The cavalry army of 20,000 Royal Guards rushed towards the North City Gate quickly. A woman wearing armor at the head kept slapping the horses with a spear.

The woman on the horse looked at the North City Gate with a cold face. The direction said angrily,

"Mu Guiying, you can't escape. The blood of our Yang family will not be shed in vain. Blood debts must be repaid with blood. If I don't kill you Mu Guiying this time, I, Princess Chai, will no longer be the princess."

"Chase them all, and I will never give up until Mu Guiying is killed."

This woman is Princess Chai, the wife of Yang Liulang, the general of the Yang family. Her husband and son were killed by Mu Guiying and that pretty boy.

Now Mu Guiying wants to escape from the Great Wall, and she is very ruthless this time To rob and kill Mu Guiying and the pretty boy, at the gate of the north city of Chang'an City,

Mu Guiying and the others led the army and women like Ruan Xingzhu and others and hurried away from Chang'an City without stopping.

In a carriage,

Sun Buer, Qin Hongmian, and Mu Wanqing They were very confused when they saw the situation outside. When they saw Mu Guiying and the guards coming here with blood stains on them, they hurriedly set off. This surprised them all.

Didn't they win the war yesterday?

Why did Mu Guiying Will General Ying escape from Chang'an City?

Sun Buer didn't find that bastard Su Chen here. When she saw Mu Guiying with a cold face, she said to Ruan Xingzhu and the others,

"Qin Hongmian, what do you think is going on? Why does General Mu Guiying seem to be on the run? What was the sound of fighting in Chang'an City just now?"

"I don't know how I could know these things when we are together."

Qin Hongmian also felt very strange. They clearly won the war yesterday. Could it be that the Yuan army took advantage of the darkness and captured Chang'an City last night?

"Report, general, that there are 20,000 cavalry chasing from the west gate." A scout came over on horseback and shouted to Mu Guiying,

"It was so fast. I didn't expect the widows to pursue her so closely." Mu Guiying looked at the surrounding troops and frowned. She still had a lot of infantry here, and she would definitely not be able to escape.

Mu Guiying thought that there were only 20,000 cavalry in pursuit, so she hurriedly ordered, "Order the troops to line up. We must defeat these 20,000 cavalry before we can continue to advance."

"Yes, General."

Chapter 606

Not far from the gate of Chang'an City,

Mu Guiying and her army were already waiting for the arrival of the 20,000 Royal Guards cavalry. She knew that it was impossible to escape the pursuit of the Royal Guards cavalry, and it was impossible for Mu Guiying to abandon her infantry army and fled

"Formation, formation, archers ready." Xiao He was riding on horseback and hurriedly formed a defensive formation against almost tens of thousands of infantry.

Mu Guiying was riding on horseback with 10,000 of her cavalry troops and secret guards to prepare for a head-on battle with the Royal Forest Army.

She wanted to repel the Imperial Forest Army's pursuit. The killing must be fast, otherwise if it drags on for too long, the widows will definitely send more troops. Women like

Ruan Xingzhu are also standing in the infantry square. Although Mu Guiying did not explain anything to these women, But now they also know that pursuers are coming.

Ruan Xingzhu and the others also take out their weapons and prepare to face the coming war. They don't want to think that if Mu Guiying loses the war, they women will be The enemy captures or kills.

Ta-ta-ta-clatter.....

"Prepare!"

When Mu Guiying heard the sound of horse hooves, she raised her spear and ordered loudly,

"kill! kill! kill!"

More than 10,000 cavalry troops looked fiercely at the Song cavalry in the distance and shouted crazily,

"Rush over! No traitors will be left alive." Princess Chai saw that Mu Guiying was arrayed to fight her, so she disdainfully ordered to the Imperial Guards,

"kill! Leave no traitors behind!"

"Archers prepare, release!"

Xiao He saw that the Royal Forest Army had entered the attack range, and she immediately ordered to the army, swish, swish, swish!

More than 2,000 archers immediately started shooting at the Royal Forest Army, but there were too few of them. Even if it causes too many casualties to the imperial guards, it cannot stop the rapid charge of the imperial guards.

"The military shield defends, and the pikemen prepare for close combat. Quick, quick, quick." When Xiao He saw that the archers did not stop the Imperial Guards' attack, she hurriedly ordered the army.

Princess Chai saw that some of the Imperial Guards had been shot dead by the rebels, so she hurriedly ordered the Imperial Guards,

"Guardsmen, spears ready, throw!"

Buzz! Buzz! Buzz! Buzz!

Spears were thrown at the rebels by the cavalry of the Royal Forest Army.

"defense! defense! Quick defense!"

"Ahhhh! my leg"

"Save me, I'm dying"

"Cough cough cough! Damn, I got shot."

"Shield, protect me quickly."

When Xiao He ordered the defense, the infantry here reacted a little slowly. Tens of thousands of spears were thrown by the imperial guards. The army here did not even have shields to withstand the spears. For a moment, the troops led by

Xiao

He The enemy had already suffered heavy casualties before the infantry came into contact. Now the number of uninjured army soldiers who could still fight was less than 2,000. The others had either been killed or were seriously injured. When

Xiao He saw this situation, he knew that the army here had already Damn it, she didn't expect that the Imperial Forest Army of the Song Dynasty was so powerful. It was indeed the most powerful army of the Song Dynasty.

Xiao He looked at the Imperial Forest Army that was charging over and asked the remaining troops to defend on the spot. These troops had already used If not, the rest depends on the cavalry army led by Mu Guiying.

"rush!"

When Mu Guiying saw the situation at Xiao He's place, she took the lead and charged forward with her spear, saying,

"kill!"

Princess Chai saw that Mu Guiying's infantry phalanx had been crippled, and Mu Guiying dared to charge at their imperial army at this time.

She looked at Mu Guiying's cavalry army and said disdainfully,

"court death! Mu Guiying, you are too ignorant of current affairs. Just because you are a miscellaneous cavalryman, you are also the opponent of the Royal Forest Army? Imperial Guards, kill Mu Guiying's cavalry"

"kill!"

Boom!

After Mu Guiying's cavalry army collided with Princess Chai's imperial army, the horses and horses turned upside down and blood flew everywhere. There were stumps and broken arms everywhere on the battlefield. Many soldiers from all sides were killed or injured. She was trampled to death by war horses.

Under the protection of hundreds of secret guards led by Yagyu Yukihome and Yagyu Piao Xu, Mu Guiying continued to kill the imperial guards in front of them. As long as they encountered the imperial guards around them, no one could leave their sight alive.

Mu Guiying held a spear and kept attacking the imperial guards in front of her. She saw that her cavalry army was suffering heavy casualties. This made her hate the widows of the Yang family very much.

Mu Guiying did not expect that her own cavalry army was not defeated by the foreign tribes of Dayuan, but suffered huge casualties at the hands of their compatriots. This made her want to leave and kill Princess Che after seeing her.

"Princess Che! you wanna die!"

"Mu Guiying, pay for the lives of my husband and son!"

Mu Guiying and Princess Che both shouted angrily after they faced each other.

They each raised their spears and rushed towards each other. The two very angry women attacked each other desperately.

Princess Chai shot Mu Guiying back. Guiying's attack was vicious and she said, "Mu Guiying, you deserve to die!"

"You deserve to die too, Lord Cheshire. I will kill you first this time, and I will not let any of the remaining widows go." Mu Guiying did not give Princess Che a chance to breathe. She kept attacking her.

Mu Guiying was stronger than Princess Che. Although Princess Che was also in the innate realm, she did not have her own She has rich fighting experience.

In just a moment,

Mu Guiying has gained the upper hand. If Princess Che does not have support, she will be defeated and killed sooner or later.

Yagyu Yukiji and Yagyu Piauxu are always paying attention to Mu Guiying. When they saw that Mu Guiying had gained the upper hand in the battle with the Song Dynasty general, Liu Shengxue sisters began to kill the surrounding Song Dynasty troops who came to support Princess Che. The battlefield was now in chaos, and soldiers kept being killed. On the ground, the sound of soldiers fighting, the neighing of war horses, and the fighting of 30,000 cavalry troops here quickly dyed the land red.

Wuwuwuwuwu!

At this moment, the horn of the Dayuan army sounded. When they got up, the two armies who were fighting were blinded. When they saw a cloud of dust in the distance, they knew that the Yuan cavalry army was about to arrive.

"Damn it, why did Dayuan's army arrive at this time?" Mu Guiying saw that the Dayuan army was about to arrive, and this time she panicked.

Now she can't go back to Chang'an City, and the Dayuan army will definitely not let go of this opportunity to kill her. Mu Guiying is now I don't know if she can escape smoothly with her army this time.

"hateful! Damn aliens."

Princess Chai is also very angry now.

This time she must kill Mu Guiying and the pretty boy. Now the arrival of the alien race makes her wonder whether she should continue to attack Mu Guiying's army.

At this moment,

"Drink! Drink! Drink! Drink!"

Thirty thousand Dayuan wolf cavalry shouted and rushed over in three groups in an encircling formation. This time, Dayuan's cavalry did not want to let the Dayuan army here leave.

"Stop the attack, prepare to attack the foreign race, and form an attack formation!"

"Stop fighting, return to the infantry phalanx, and prepare to fight the Yuan army."

The encirclement and killing by the three-way Dayuan army forced Mu Guiying and Princess Chai to temporarily separate their armies. They did not want to continue the fight and let the aliens wipe out their armies in one fell swoop.

Chapter 607

On the battlefield, under the nervous gazes of Mu Guiying and Princess Che, 30,000 wolf cavalry had surrounded their army.

Just when Mu Guiying and Princess Che were about to order an attack on these Dayuan troops, the cavalry of the Dayuan troops from three directions suddenly stopped.

This made Mu Guiying and Princess Chai look at these Dayuan foreign armies and not understand what was going on. Now their respective armies were suffering heavy casualties, but why didn't the foreign armies attack their respective armies?

At this moment, a group of Dayuan cavalry came towards Mu Guiying. Mu Guiying saw that there were only a dozen Dayuan soldiers coming. She did not let the army shoot them. She also wanted to see these Dayuan soldiers. What will the Yuan army do?

"Damn it, the Dayuan army won't recruit Mu Guiying to surrender, right?" Princess Chai saw a foreigner heading towards Mu Guiying, which made her feel very bad.

Princess Chei is now afraid that Mu Guiying will defect to Dayuan. If Mu Guiying really defected to Dayuan, I'm afraid they It will be very difficult for the Yang family to take revenge.

"The Great Yuan Wolf Cavalry is a captain of ten thousand men, and Herchit has seen his wife." When more than a dozen foreign races from the Great Yuan Dynasty arrived at Mu Guiying, they all knelt down and saluted Mu Guiying.

Captain Herchit knew that Mu Guiying was Su Chen's wife. Now Su Chen Not only does he have the identity token of Princess Zhao Min, he is also the commander-in-chief of the Yuan army. Heerchit dare not offend Su Chen's wife Mu Guiying.

"lady? Captain Dayuan, I think you have the wrong person. I am not a so-called lady."

"Madam, we are ordered to protect you. This is the token that I was asked to give to Madam. Madam will understand after seeing it." Haierchit, the Ten Thousand Captain of the Great Yuan Dynasty, took out Su Chen's token and handed it to Mu Guiying respectfully.

When Yagyu Yukiji saw the black bird token, she hurriedly said to Mu Guiying, "Madam, this is the master. The token, we know this token."

Yuyuki Yukiji and Yagyu Piao Xu have seen Su Chen's token, and they also know what this token represents. The secret guard command token in their sisters' hands is the same color as Su Chen's token. Different, and the patterns and patterns are different.

Mu Guiying took the token from the hand of Captain Heerchit and looked at it and was very surprised.

"Su Batian's token? Why is this a black bird? Isn't the black bird pattern the family totem of Lord Wu Xiang of the South?"

Mu Guiying is a little dizzy now. Just now, Yagyu Yukiji said that this was the token of that bastard Su Chen, which made her very confused.

How could Su Chen order the Yuan army to rescue her?

When she saw this token Mu Guiying's vision turned black.

Su Batian?

Su Chen?

Wu Xiangjun Su Chen?

That shameless bastard turned out to be Wu Xiangjun Su Chen. Mu Guiying now wanted to strangle the shameless bastard who deceived her.

Mu Guiying Looking at Sister Yagyu Yuki, she asked seriously, "Yagyu Yuki, is your master Wu Xiangjun Su Chen?

"The subordinates don't know."

Xueji Yagyu doesn't dare to tell Mu Guiying the identity of Su Chen now. Although Mu Guiying's guess is true, she doesn't dare to tell the identity of Su Chen without Su Chen's order.

Haier, the Ten Thousand Captains of the Great Yuan Dynasty Chi Te was also very shocked when he heard Mu Guiying's words. He now understood why Su Chen had Princess Zhao Min's identity token.

They, Princess Zhao Min's subordinates, all knew about the relationship between Princess Zhao Min and Lord Wu Xiang. From now on, Princess Zhao Min It is very likely that he married Wu Xiangjun. Herchit is now very happy that the three captains of ten thousand did not disrespect Su Chen. Otherwise,

I am afraid that Su Chen would not have to kill them, and the general of the coming one hundred thousand cavalry would also kill them. Three thousand captains.

They knew that the 100,000 cavalymen who came to support Zayadu were not for Zayadu. The 100,000 troops came this time for Su Chen, who had the identity token of Princess Zhao Min. The 100,000 reinforcements arrived. I will also have to take orders from Su Chen in the future.

"Don't know? You don't dare to tell me the truth, do you? That damn bastard cheated on me for so long."

Xueji Liu Sheng and Piaoxu Liu Sheng lowered their heads immediately. They did not dare to offend the angry Mu Guiying now. When

Xiao He saw the angry Mu Guiying, he hurriedly persuaded her, "Miss, don't be angry either. Master, maybe It was because he wanted to hide his identity that he didn't tell you his true identity. Now isn't the young master going to confess to you?"

Xiaohe also didn't expect that her man turned out to be Wu Xiangjun. Now Wu Xiangjun's power is very powerful. The Song Dynasty was defeated by his army, and even the Dali Kingdom was defeated by his army. It was destroyed.

Xixia Kingdom even surrendered to Lord Wu Xiang, and Daliao and Dayin also wanted to surrender to Lord Wu Xiang, but Lord Wu Xiang had not yet accepted the surrender of Daliao and Dayin.

And Princess Zhao Min of Dayuan was Wu Xiang. Lord Xiang's confidante may even be one of Lord Wu Xiang's wives.

Otherwise, when Lord Wu Xiang attacked the southern part of the Song Dynasty, Princess Zhao Min would not have come to the city to threaten the border of the Song Dynasty.

Ruan Xingzhu and the others looked at each other in surprise now. , none of them thought that the Wu Xiangjun they were looking for before was right in front of them. Fortunately, they all gave up avenging Duan Zhengchun, otherwise they might not even know about their deaths.

Ruan Xingzhu looked at A'Zhu and asked hurriedly, "Ah Zhu, did you already know that the big devil was Lord Wu Xiang?"

"Yes, I guessed her identity from the moment I saw him. After all, I am his daughter's maid, and I am very familiar with Mr. Wu Xiang." A'Zhu looked at Gan Baobao and Zhong Ling and looked at her. She nodded and admitted to them.

Ruan Xingzhu and Gan Baobao's mother and daughter fell silent after hearing A'Zhu's words. They don't know what to do now.

Mr. Wu Xiang must also know their identities. After all, they are Duan Zhengchun's mistress and daughter. If Mr. Wu Xiang doesn't intend to let these women go, then they really have no way to escape. When A'Zhu saw Ruan Xingzhu, they were worried. She smiled and said,

"Mother, you don't have to worry, Mr. Wu Xiang will not deal with us. If Mr. Wu Xiang wants to kill us, I'm afraid we will be killed silently, so don't worry."

Ruan Xingzhu and Gan Baobao relaxed after hearing A'Zhu's words, but they were still a little worried about that shameless bastard. They knew that Qin Hongmian was insulted by that bastard, but they were worried that Wu Xiangjun would treat Qin Hongmian the same way in the future. , that bastard wouldn't want to retaliate against Duan Zhengchun in this way, would he?

At this moment,

Princess Chai became uneasy when she saw the situation at Mu Guiying's place. She did not expect that those aliens would kneel down when they arrived at Mu Guiying's place, or even She also respectfully handed Mu Guiying something that looked like a token, which made her think that the Dayuan army arriving this time might be here to rescue Mu Guiying, and Mu Guiying might even have defected to Dayuan.

She thought of this The commander-in-chief of the Yuan Dynasty army was a useless little prince Zaya Du. Princess Che guessed that Mu Guiying might have been attracted by the lustful Zaya Du, and Mu Guiying had even been with the lustful prince. Zha Yadu is done

"This shameless Mu Guiying has completely disgraced us women."

Chapter 608

Mu Guiying calmed down a little after listening to Xiao He's words. She knew what would happen if Su Chen's identity was exposed.

Moreover, she used to be a general of the Song Dynasty. Is that bastard Su Chen afraid that she would expose him if she knew his identity?

No wonder that bastard Su Chen had so many powerful guards and wore a mask when he went to the martial arts competition.

That bastard was probably afraid that others would discover his identity at the martial arts conference.

But how could that bastard Su Chen order these Dayuan troops?

Yesterday, that bastard Su Chen helped the Song army deal with the Yuan army. How could he order these Yuan armies today?

This made Mu Guiying very curious.

Mu Guiying looked at the Great Yuan Commander Heerchite and asked doubtfully, "Heerchite, how could that bastard order you Great Yuan people?"

"Madam, your Excellency is now the commander-in-chief of the 200,000-strong army that attacked Chang'an City. Zha Yadu has already escaped. Madam, you should ask Your Excellency for the specific situation later."

"Su Chen is now the commander-in-chief of the Yuan Dynasty's 200,000-strong army?" Mu Guiying was even more surprised when she heard Heerchit's words.

She didn't expect that bastard Su Chen to become the commander-in-chief of the Yuan army in just one night?

Are those Yuan generals just idiots? ?

How could they agree that Su Chen, a native of the Central Plains, should be their commander-in-chief?

"yes ma'am"

"Phew, where is that bastard Su Chen now?"

"Madam, your Excellency and his troops may be at the east gate of Chang'an City now."

【That bastard wants to attack Chang'an City?】

【Damn bastard!】

【Yesterday I was guarding Chang'an City, and today I'm going to help the aliens attack Chang'an City.】

【I absolutely cannot let that bastard help the aliens attack Chang'an City. 】

Mu Guiying thought about it and decided to stop that bastard as soon as possible. Otherwise, after the Dayuan aliens occupy Chang'an City, the people of Chang'an City will suffer disaster.

"Madam, do you want to destroy the Song Dynasty army next to you?" Herchit looked at Princess Chei and the Song troops and asked Mu Guiying,

"No need, let's go to the east gate of Chang'an City to meet with Su Chen." Mu Guiying looked at Princess Che and shook her head.

Although she wanted to kill Princess Che's widows, she did not want these aliens to massacre the Song Dynasty's army. As for what Su Chen would do in the future, then it's none of her business

"It's ma'am."

After Mu Guiying left with her army and Herchit's cavalry of ten thousand people, the remaining two cavalymen of ten thousand people also left one after another. This made Princess Chei look ugly and understand that Mu Guiying had already and the foreign tribes of the Dayuan Dynasty were mixed together.

Princess Chai was relieved when she saw that Mu Guiying did not let these foreign tribes attack her army. Although she did not understand why Mu Guiying did not let these Dayuan troops be destroyed. She has more than 10,000 cavalry left?

But she will not be grateful to that shameless woman Mu Guiying

"Withdraw troops and return to Chang'an"

"Yes, General"

Outside the east gate of Chang'an City, there were already 150,000 Yuan troops arrayed here, preparing to attack the city.

The Song troops on the Chang'an City Wall saw that the Yuan troops had begun to attack the city again, and they all began to defend nervously.

But when the troops at the East City Gate discovered that their commander-in-chief had changed again, they all felt like it was child's play.

How come there were three commanders-in-chief in less than two days?

General Mu Guiying, the man with the mask, is now an old woman.

The troops on the Chang'an City Wall felt that they didn't know what to do now. They admired the man with the mask yesterday very much.

After all, yesterday they defeated the Dayuan people's attack under the leadership of the masked man, and they didn't even suffer too many casualties. Now this old woman doesn't know if she can lead them to repel the Dayuan army?

Taijun She stood on the city wall and observed the Yuan army outside the city wall for a while, then she said to her daughters-in-law,

"Order all the troops to be on alert. This time the Yuan army may be launching a full-scale attack."

"Yes, Commander."

Taijun She doesn't know how to defend Chang'an City now. There are only less than 50,000 soldiers here.

Although she has brought 100,000 reinforcements, other city walls also need troops to guard. In addition to 30,000 cavalry, the remaining I'm afraid the 70,000-strong army will not be easy to distribute.

"Mother, oh, Commander-in-Chief, Mu Guiying was rescued by Dayuan's army. That shameless woman must have defected to Dayuan." Princess Chai returned to Chang'an City and saluted Taijun She, who came to the city and said,

"What? Mu Guiying defected to Dayuan? How can this be?" Taijun She was very surprised when she heard what Princess Chai said.

She didn't expect that Mu Guiying would defect to the Yuan Dynasty, but she thought that Mu Guiying's father was executed by the emperor, which was probably the reason why Mu Guiying defected to the Yuan Dynasty.

Wow Woo woo woo woo.....

Just when Princess Che was about to say something else, the horns of the Dayuan army sounded. Princess Che and Taijun She hurriedly looked at the Dayuan army on the city wall.

However, when they discovered that another hundred thousand Dayuan cavalry had arrived from afar, Taijun She and Princess Che also knew that Dayuan's reinforcements had also arrived at this time.

Princess Che was very angry when she saw Dayuan's reinforcements arriving.

"Damn it, this time it's really troublesome. Dayuan's 100,000 reinforcements arrived at this time."

Taijun She looked at the Yuan army and sighed and said,

"well! It's a blessing, not a curse. We can't avoid the curse. This time, all the women of the Yang family must protect Chang'an City even if they die in battle. It's just that we can't kill Mu Guiying and that pretty boy."

"Princess Chai ordered 40,000 imperial troops to go up to the east city wall, and arrange 10,000 imperial troops to guard the remaining city gates on each wall."

"Yes, Commander."

Outside Chang'an City, under the banner of the commander-in-chief of the Dayuan Army, Su Chen was very speechless when he looked at the bearded man next to him. He did not expect that the reinforcements coming from the Dayuan Army this time were actually prepared for him by that girl Zhao Min.

Su Chen put Zhao Min put away the letter he gave him and looked at the bearded man and said,

"Your name is Munchier, right?"

"Yes, my lord"

"Um! Your army is now under my command. My request is to obey my orders absolutely. Can you do it?"

"Don't worry, sir. Our army is directly under Princess Zhao Min. Your orders are the orders of the princess. We will completely obey your orders."

"Okay, go down and prepare for war. Wait for my orders later."

""Yes, sir."

Su Chen was very depressed when he saw Meng Chi'er leaving. If he had known that Zhao Min had sent a hundred thousand cavalry troops to him, he wouldn't have had to deploy the troops in the system space.

Su Chen had just Forty thousand Nether Cavalry Legion and 60,000 Xuanwu Legion were deployed, and there were only 50,000 troops left in the system space that had not been deployed.

He was originally worried that the coming 100,000 Dayuan reinforcements would conflict with him, or even lead to a war, but I didn't expect that all this was a mistake.

Jellyfish Yinji looked at Su Chen and laughed at this bastard.

"Mr. Wu Xiang, I can't see through you more and more now. I didn't expect that your women are everywhere. Even the current Princess Dayuan sent troops to protect you. You really have the potential to be a pretty girl."

"Ha ha! Jellyfish Yinji, do you also want to support a pretty boy like me? But there are many beautiful women who want to keep me. If you want to keep me, you have to line up as soon as possible!"

Chapter 609

Jellyfish Yinji admired this bastard very much. She never thought that after this bastard controlled Dayuan's army of 200,000, his confidante actually sent him another 100,000 cavalry army.

Wu Xiangjun is dating a beautiful woman and getting help from a powerful beauty. He, a shameless bastard, has both people and money.

Originally, Jellyfish Yinji wanted to laugh at Su Chen's romantic affairs, but when she heard Su Chen's shameless words, her face turned red with anger.

【This damn shameless bastard, will you support this shameless bastard?】

【Pooh!】

【What to support?】

【I'm so mad at this bastard】

【Do you want to teach this bastard a lesson this time?】

【But there are nearly 300,000 to 400,000 troops from the Yuan Dynasty and the Song Dynasty here. Wouldn't it be too disrespectful to give this bastard a lesson here? 】

Jellyfish Yinji became a little confused as she thought about it. She didn't know why she felt short-circuited when she met the bastard Su Chen. She even felt helpless when facing this bastard.

But now she likes being around this bastard more and more. She laughs more when she is around this bastard than she has in decades.

When she has nothing to do, she can watch this bastard causing trouble everywhere, and she can even make noises with this bastard sometimes, and this bastard will not give in to her because she is a powerful master of the Heavenly Realm.

Normally, no one would dare to quarrel and fight with her like this. Jellyfish Yin Ji now likes this kind of life.

If Shi Guanyin could be found to live together like this, Jellyfish Yinji would laugh in her dreams.

Su Chen saw Jellyfish Yinji pondering and didn't know what he was thinking. He wanted to lift the veil of Jellyfish Yinji and see his face. He just thought that if he continued to seek death like this, Jellyfish Yinji would not kill him. I'm afraid that Jellyfish Yinji would not kill him. It will also cripple him.

Su Chen shook his head and looked at the jellyfish Yin Ji thought,

【What is this perverted woman thinking?】

【Are you a nymphomaniac?】

【But this perverted woman likes women!】

【Will she become a nymphomaniac?】

"Sir, General Mu Guiying of the Song Dynasty has been rescued." Just when Su Chen was thinking wildly, a messenger ran over and saluted Su Chen.

Su Chen felt more relaxed after hearing that the wolf cavalry army rescued Mu Guiying and the others. Although he asked the Shadow Assassin to notify the Black Widow to let them go. Mu Guiying and the others fled from the north gate and sent a wolf cavalry army to rescue them.

But he was also a little worried that something might happen. Now that Mu Guiying and the others were safe, Su Chen could attack Chang'an City with confidence.

"Um! Got it, are they coming now?"

"Sir, the Wolf Cavalry Legion and Mu Guiying's army are already coming here, because General Mu Guiying's army has infantry, and they should be here in half an hour."

After Su Chen heard this, he looked at the Song Dynasty army on the wall of Chang'an. This time he was going to attack the city. He hoped that the soldiers of the Song Dynasty army would not resent him. If he wanted to blame them, just blame their Emperor.

Su Chen saw After looking at the jellyfish next to her, Yinji ordered the messenger,

"After passing the order, the first infantry team of 10,000 people marched towards the west gate, the 20,000 infantry team marched towards the north gate, and the 30,000 infantry team marched towards the south gate. Tell the captains of 10,000 men that they could only use archers to shoot the giants on the city wall. The Song army is not allowed to attack Chang'an City, as long as they contain the defenders there."

"Yes, my lord."

Su Chen thought about it and shouted after the messenger left,

"Youruo"

""Master" a masked woman in black suddenly appeared next to Su Chen and saluted,

"Go to Mu Guiying and ask her to receive the 100,000 Nether Cavalry and Xuanwu Legion twenty miles east. My token can command those armies, so let Mu Guiying command those armies first."

"Yes, master."

Jellyfish Yinji saw Su Chen's men suddenly appear and leave suddenly, which made her very curious.

Jellyfish Yinji didn't expect that with her half-step to the golden elixir realm, she didn't notice the existence of Su Chen's men.

Although she had been I have tried many times to find Su Chen's men, but as long as they don't take action, it will probably take some time for Jellyfish Yinji to find those shadow assassins.

"These shadow assassins around you are good. Their hiding abilities are very powerful. Even I can't find them at once."

Su Chen doesn't believe that Jellyfish Yinji can discover the existence of the Shadow Assassins. His Shadow Assassins are practicing king-level stealth skills.

Although it is impossible for the Shadow Assassins to assassinate masters like Jellyfish Yinji, if they are the Grand Master masters, If you go for an assassination, the success rate is 100%.

Su Chen looked at the bragging jellyfish Yin Ji and said with a smile,

"Brag! You can't find my shadow assassins even if you do it twice or three times."

"Bastard, what if I find your shadow assassin?"

Although Jellyfish Yinji has some difficulty with the hiding skills of those shadow assassins, she is a super master at the half-step golden elixir realm. She does not believe that she will not be able to find the existence of those shadow assassins with all her strength.

Su Chen looked at Jellyfish Yin Ji smiled and said,

"I'm at your disposal."

Jellyfish Yinji didn't expect that Su Chen would say this. She thought that if she defeated this bastard, wouldn't she be able to order this bastard to do anything in the future?

Jellyfish Yinji also laughed when she thought of this, "This is you That's right, don't regret it after I find your shadow assassin."

"Of course I won't go back on my word, but what if you can't find my shadow assassins? Do you want any more?" Su Chen saw that Jellyfish Yinji was confident, so he asked Jellyfish Yinji,

"I'm also at your disposal!" Jellyfish Yin Ji confidently said to Su Chen, she will not lose this time!

She, Jellyfish Yin Ji, has never lost before.

This time she is even less likely to lose to this bastard.

"oh.....Really?" Su Chen looked up and down at Jellyfish Yinji's perfect figure and said maliciously,

"Bastard, are you looking for death?"

When Jellyfish Yinji saw Su Chen looking at her with lustful eyes, she threatened Su Chen in shame and anger,

"Hahaha! I was looking at my loot for a while"

"You fucking bastard hasn't won yet, and you can't beat me either."

"Jellyfish Yinji, in one hour, I will launch a war on Chang'an City. You only have one hour from now to find my shadow assassin here."

Jellyfish Yinji sensed that there seemed to be no one around Su Chen, and she thought that if Su Chen didn't have those shadow assassins around him now, wouldn't she have been deceived by this bastard?

Jellyfish Yinji thought about it and asked this bastard ,

"Are there any shadow assassins around you now?"

Su Chen knew what Jellyfish Yinji was thinking. He shook his head and said to his side, "Youxue, bring your men out and show Jellyfish Yinji."

"Yes, master."

A woman in black suddenly appeared next to Su Chen and saluted.

After this woman appeared, more than ten women in black appeared around Su Chen one after another. These shadow assassins saluted Su Chen after they appeared.

"this.....How come I didn't realize there were so many shadow assassins? How can this be?"

Chapter 610

Jellyfish Yin Ji looked at the shadow assassins who appeared in great surprise. She didn't know any of the dozen shadow assassins existed.

What kind of stealth skills do these shadow assassins of this bastard practice?

Why can't he discover their existence even with his half-step Golden Core Realm strength?

The surrounding Dayuan soldiers and guards were very nervous when they saw the sudden appearance of these shadow assassins.

However, when they saw these shadow assassins appearing, they saluted Su Chen, and their soldiers did not step forward to protect Su Chen.

The soldiers here all speculate that these shadow assassins may be the bodyguards of their commander.

Su Chen hugged Shadow Assassin Youxue and said to Jellyfish Yinji, "Dear Jellyfish Yinji, shall we start now?"

"Bastard, you damn bastard, don't call me that, I have nothing to do with being such a bastard like you."

"I understand, I understand, do you want to start now? jellyfish"

"Asshole, let's do it!"

Jellyfish Yinji really has nothing to do with this bastard. This bastard must have owed him in his previous life, otherwise why would he let this bastard make him angry in this life.

Su Chen smiled when he heard what Jellyfish Yinji said, and he patted the shadow assassin Youxue on the butt and said, "Youxue, do you hear me? The master's future happiness depends on you. You and your men must not be found by Jellyfish Yinji."

Shadow Assassin Youxue, with a red face under her veil, saluted Su Chen and said, "Master, don't worry, we will definitely not be discovered by Jellyfish Yinji."

"Um! Disappear so no one can find you"

"Yes, master."

After Youxue and her men saluted Su Chen, they instantly disappeared next to Su Chen and Jellyfish Yinji.

"Well, Jellyfish Yinji-sama, now you can start your show."

After Youxue and the others disappeared, Su Chen smiled and said to the very surprised Jellyfish Yinji next to her. When

Jellyfish Yinji saw this bastard harassing his men, she knew that this bastard must be with his assassins. There were those ambiguous relationships.

Jellyfish Yinji looked at Su Chen unkindly and said angrily, "Wait, bastard, I will definitely find those beautiful assassins of yours."

"Ha ha! I am waiting!" Su Chen saw Jellyfish Yinji closing her eyes and starting to look for Youxue and the others. He smiled and ordered the messenger next to him,

"The messenger, go and write a letter of challenge to the commander-in-chief of the Song Dynasty, saying that I will meet with the commander-in-chief of the Song Dynasty in half an hour. If the commander-in-chief of the Song Dynasty does not dare to come, forget it."

""Yes, sir."

On the wall of Chang'an City,

Taijun She and Princess Chai stood on the wall and looked at the Yuan army with great confusion. Since the Dayuan army separated some troops to go to other city gates, there are still more than twenty people here at the east gate. There was no movement from the tens of thousands of troops.

This made Taijun She and Princess Chai very puzzled.

Why didn't the Yuan army here attack Chang'an City?

Is there any conspiracy among the foreign tribes of the Yuan Dynasty?

"Commander, there is movement in the Yuan army." Princess Chai saw a group of cavalry coming from Dayuan's army, so she hurriedly said to Taijun She,

"Um? Is this a negotiation? Let them come over." When Taijun She saw a group of cavalry coming towards Chang'an City, she knew that they were coming to deliver a message or a message.

"Yes, Commander."

When the Dayuan envoy came to Chang'an City, he shouted towards the Chang'an City Wall,

"Commander-in-Chief of the Song Dynasty, listen, our Commander-in-Chief of the Great Yuan Dynasty will meet with you, the Commander-in-Chief of the Song Dynasty, in half an hour. If you, the Commander-in-Chief of the Song Dynasty, do not have the courage to meet our commander-in-chief, then see you after the war."

Princess Chai said angrily when she saw these arrogant Yuan soldiers, "Damn it, these aliens are despising us, the Song Dynasty."

"Let me tell you, Commander-in-Chief, that I will meet with you Commander-in-Chief in half an hour. I hope your Commander-in-Chief will not make any small moves."

"I will tell our commander the truth." After the Dayuan soldiers finished speaking, they led a group of Dayuan soldiers and left on horseback.

After the Dayuan envoy left, Princess Chei hurriedly persuaded Taijun She,

"Mother, do you really want to see the commander-in-chief of Dayuan? You can't trust aliens. I'm afraid this might be a conspiracy by aliens."

"It doesn't matter. In front of hundreds of thousands of troops from both sides, the commander-in-chief of the Yuan army did not dare to mess around. Their Yuan army now has a close advantage, and there is no need to make any small moves."

"Okay, but my mother and I will go together later"

"All right."

At this time, Mu Guiying came to the troops that Su Chen mentioned under the protection of the secret guards. After the Netherworld Cavalry Legion and the Xuanwu Legion saw Su Chen's identity token, Mu Guiying successfully accepted these ten troops. Thousands of elite troops.

Mu Guiying was shocked when she saw that bastard Su Chen's army. The 40,000 cavalry and 60,000 infantry here looked very powerful.

These armies were stronger than any other army she had ever seen before. Powerful, even the powerful armies of the foreign tribes of the Yuan Dynasty cannot compare with these elite armies. No wonder Su Chen was able to defeat the Song Dynasty and destroy the Dali Kingdom.

"Set off and march towards Chang'an City"

"Yes, General."

Half an hour later, Su Chen brought a hundred Dayuan cavalry to the position between the two armies. This time he wanted to see the legendary female generals of the Yang family, but those female generals of the Yang family probably wanted to eat him, right

?

Under the watchful eyes of hundreds of thousands of soldiers from both armies, Su Chen saw the Chang'an city gate opened, and hundreds of cavalry escorting the two women towards Su Chen. When

Su Chen saw that the widows of the Yang family were about to arrive, he He ordered the Dayuan soldiers next to him,

"Open the handsome flag and raise it high"

"Yes, sir."

After receiving Su Chen's order, the Dayuan soldiers used bamboo sticks to raise the Dayuan flag high.

"Won victory!"

"Won victory!"

"Won victory!"

After seeing Su Chen's commander-in-chief's banner, the more than 200,000-strong army of the Yuan Dynasty frantically flapped their weapons and shields and shouted loudly. When

Taijun She and Princess Chei heard the shouts of the army of the Yuan Dynasty, they knew it was the commander-in-chief of the Yuan Dynasty. They all looked at the young Commander-in-Chief in the middle with ugly expressions.

When Princess Che came to Su Chen, she laughed and said to him, "Are you the Commander-in-Chief? Why are you wearing a mask? Is it shameful?"

"If I take off the mask, I'm afraid it will scare you silly?"

"Um? Are you not a foreigner? Are you from the Central Plains? How could a Central Plains man be the commander-in-chief of the Yuan army?" When Taijun She heard Su Chen's voice, she was very strange. Not only did the commander-in-chief of the Yuan Dynasty wear a mask, but his accent was obviously from the Central Plains. She

Taijun was very confused as to how a Central Plains person could be the commander-in-chief of the Yuan Dynasty army?

Who is he? What's his identity?

Su Chen didn't expect that this old woman would immediately tell that he was from the Central Plains, but he didn't want to hide his identity anymore.

When Mu Guiying arrives with his army, everyone here will guess his identity. of,

"Ha ha! I am from the Central Plains, and I did not expect the old lady to be so sensitive to the Central Plains and foreigners."

Princess Chei glared at Su Chen and said bitterly, "Damn traitors, it is because of you traitors who have forgotten your ancestors and betrayed your ancestors that our Song Dynasty is in dire straits. Those of you who betrayed your ancestors will definitely die after death. Going to hell

"I'll do it! Princess Che, if I catch you in the future, I will punish you well. A sharp-tongued woman must be very interesting."

"Inglorious bastard, I'm going to kill you."
