Chapter 61

Su Yan now looks at Su Chen with admiration. She didn't expect that her father was better at playing games than she was. This time, Murong Bo and his son might be played to death by her father.

Xiao Feng looked at Su Yan's father and thought that no wonder this girl Su Yan was so smart. It seemed that Su Yan had learned from her father, but now Xiao Feng was not too worried. He only needed to protect her by Su Yan's side. , Su Yan's father will handle the rest.

At this time, the martial arts people around Xingzilin did not make any sound. Now they all want to see if the great master who appears will eventually kill Wu Xiangjun of the Song Dynasty.

Duan Zhengchun, Song Qingshu of Wudang, and Yue Buqun of Huashan all regretted coming forward. They did not expect that the little girl turned out to be the daughter of Lord Wu Xiang of the Song Dynasty, who was the princess of the Song Dynasty.

If these Jianghu people want to kill a princess, they will be annihilated by the army. Now Duan Zhengchun and the others hope that the great master can kill that Lord Wu Xiang, so that they will not suffer revenge from Lord Wu Xiang again..

Dong Jun of the Yin Yang Family has been paying attention to Su Chen since he appeared this time. Now Dong Jun wants to get close to Su Chen. This Wu Xiang Jun is much more difficult to deal with than Yan Dan, whom he had been close to before.

Su Chen watched Murong Bo's men kill the old master neatly, which made Su Chen feel how powerful Murong Bo's two men were.

After Murong Bo saw that the old man was killed, he said to Su Chen with a cold face,

"Mr. Wu Xiang, now that the master has been killed, you can let my son go."

Su Chen pretended to cough and refused directly,

"Ahem, not yet."

Murong Bo's powerful momentum caused the trees around him to sway left and right, and the dust on the ground flew up.

Murong Bo looked at Su Chen and said angrily,

"Mr. Wu Xiang, are you going to go back on your word?"

Su Chen saw Murong Bo really angry and said with a smile,

"Don't be anxious, don't be anxious. I just said that if you kill the old master, you will let Murong Fu go. But I thought that you seemed to have fought with my wife, so you have to do one more thing for me. This counts as your doing it for me. Madam takes action as punishment."

After hearing Su Chen's words, Murong Bo shivered angrily and shouted to Su Chen,

"you.....You've gone too far."

Su Chen inserted the knife between Murong Fu's legs and threatened,

"No, no, Murong Bo, you only need to do one more small thing to get your son, otherwise the Murong royal family will have no descendants, uh, unless you can have another son."

Murong Fu looked at the knife between his legs and looked at Murong Bo in fear. Now Murong Fu was worried whether his father who was still alive would save him. Murong Bo looked at Su Chen, a bastard, and threatened Murong Fu. Himself, he cursed angrily,

"Damn it, you bastard, what do you want from me?"

Su Chen smiled and pointed to the Jianghu people next to Murong Bo who were preparing to attack his army and said,

"See those charlatans next to you? They all wanted to attack my army just now. Your men can kill them. Don't worry, your men are all innate masters. You can just ask them to kill only those Jianghu people who are below the innate level. That's easy."

Murong Bo felt dizzy when he saw that there were at least a thousand people there, and he shouted angrily to Su Chen,

"you.....There are almost a thousand Jianghu people here. I only have more than twenty men. They can't kill so many people."

Su Chen continued to say to Murong Bo shamelessly,

"Murong Bo, do you think I believe what you say? Even if you don't have any other subordinates, you can still complete it with just these two masters and the more than twenty innate masters, but it will just waste some time."

"Asshole, you are such an asshole."

"Each other, we are actually the same people, it's just that you are a rebel now and I am an official."

"Mr. Wu Xiang, this is the last time. If you go back on your word again, I will kill all of you at all costs."

"Got it, got it, you can start performing."

Huanwen and the others now have a new understanding of Su Chen's shamelessness. Su Chen regards Murong Bo as his thug. Murong Bo's Achilles' heel is in Su Chen's hands. If Murong Bo doesn't follow Su Chen's request, If you do it, I'm afraid that the Murong family will really have no descendants.

"Come on, come on over, kill those Jianghu people, kill them all, Xiao Wu, you all take action too"

"Yes, my lord."

At this time, Murong Bo's subordinates showed up with more than a hundred people from the surrounding rivers and lakes. Although these were some innate first- and second-level cultivation realms, there were also two masters among them. Together with the more than twenty innate masters from before, these people rushed towards the Jianghu people and began to massacre them.

"Ah ah ah, run quickly, these are innate masters, we are no match"

"Damn it, fight them or we'll all die."

"Let's all take action together, otherwise we will all be killed."

"Ahem, don't kill me, I'm just here to join in the fun".....

Thousands of Jianghu people were slaughtered by Murong Bo's men, and they screamed one after another. However, Murong Bo's men were all innate masters this time, and these Jianghu people could not organize a resistance to these innate masters.

Even some of the innate masters among them were massacred by Murong Bo's four master masters before they even started to attack those innate masters.

Su Chen looked at the appearance of more than a hundred Murong Bo's men and said with luck,

"As expected, this old scheming man had ambushed some of his men. Fortunately, he was smarter. Otherwise, if these people suddenly launched an attack on his army, he would probably suffer heavy casualties."

Huanwan looked at Su Chen and said,

"Su Chen, you are so insidious."

Huanwan didn't expect that Su Chen would actually lead Murong Bo's hidden men out. Now that all Murong Bo's men have come out, they will probably suffer heavy casualties after this battle. After all, there are nearly a thousand of those Jianghu people. Damn it, if those Jianghu people can't escape this time, I'm afraid they will die together with the people who massacred them before they die.

Su

Chen spanked Huan Huan on the butt and corrected,

"I am called smart. If I were not smart, I would have been killed long ago."

When Huanwen saw that bastard Su Chen spanked her again, she turned red and grabbed Su Chen's ears and threatened,

"You bastard, if you spank me again I won't let you go."

"Get used to it, get used to it, don't get angry, don't get angry."

Chapter 62

Su Chen looked at Murong Bo when Huanwan let go of her. This old bastard was still glaring at her. Is there anything Su Chen can do to deal with this old bastard now?

Su Chen just wanted to delay for a while, hoping that bitch Li Qiushui would come over quickly, otherwise he would call Xiao Feng's father Xiao Yuanshan.

If that Xiao Yuanshan was not here, then he would really run away with these women.

Su Chen looked at Lin Shiyin beside him and asked,

"Lin Shiyin, if I am chased by that old bastard, will your cousin save me? Lin

Shiyin looked at Su Chenjiu up and down, shook her head and said,

"No, you are so shameless, how could my cousin save you?"

After hearing Lin Shiyin's words, Su Chen pushed Lin Shiyin away and said,

"Damn it, I don't know you, go away, I don't know you, an unloyal woman, now."

When Lin Shiyin saw that this bastard Su Chen pushed her again, she pulled out her little dagger and threatened,

"Su Chen, are you looking for death?"

"My day, put down the knife, don't you see the current situation? I still have hostages in my hands. If the hostages escape, we will all be finished."

Su Chen was a little speechless when he saw Lin Shiyin taking out the dagger. This Lin Shiyin is not cute at all. Now she is ready to use the knife.

Lin Shiyin looked at Su Chen's scared look and said arrogantly,

"If you finish playing, nothing will happen to me."

Su Chen said deliberately to Lin Shiyin,

"You're good and you're awesome, then why don't you kill that Murong Bo? Lin

Shiyin rolled her eyes at the bastard Su Chen and said mockingly,

"Hey, Bastard Su, you don't need to provoke me. This Murong Bo is a great master. I don't want my cousin to fight with this great master. My cousin is not in good health. I won't let my cousin take action."

Lin Shiyin looked at Su Chen and knew what he wanted her to do. If Su Chen was really in danger, Lin Shiyin would definitely ask her cousin to save this bastard.

Now Lin Shiyin is just scaring Su Chen. If Su Chen If she says something nice to herself, Lin Shiyin will agree to Su Chen and let her cousin save him.

"Lin Shiyin, our friendship is over."

Su Chen handed Murong Fu to Zhou Zhiruo and Zhao Min next to him and walked towards Su Yan.

Seeing that Su Chen ignored her and was about to leave, Lin Shiyin stopped Su Chen and asked,

"Hey, where are you going, you bastard? Su

Chen said to Lin Shiyin without being angry,

"Are you blind? Didn't you see that I was going to find my daughter?"

"damn it."

At this time, Zhou Zhiruo and Zhao Min were a little confused. This bastard Su Chen handed over this Murong Fu to them, and he was running around to an innocent person. Isn't this bastard afraid that Murong Bo next to him would suddenly take action against him? ?

Zhou Zhiruo asked Zhao Min next to him with some confusion, "Zhao Min, why did that bastard throw the hostages to us? Isn't he afraid that Murong Bo next to him will catch him?"

Zhao Min was angry when she saw Su Chen. She didn't want to get involved in this matter. Zhou Zhiruo, her master, was already involved. Zhao Min just wanted to watch the Han people kill each other. Now

Su Chen handed over Murong Fu to her With Zhou Zhiruo, people around him will definitely think that Zhao Min of Dayuan is now with Wu Xiangjun. How can he quietly instigate the Han martial arts to kill each other in the future?

Zhao Min kicked Murong Fu angrily and said ,

"He's so scared. Didn't you see that the surrounding troops were on guard with crossbows? And there is that Huanwan who never leaves Su Chen's side."

"Even if Murong Bo suddenly takes action and Su Chen has the cover of the army, Huan Huan beside him will come back with that bastard. Now I suspect that that bastard Su Chen seems to be

deliberately tempting Murong Bo to take action. Then Su Chen can attack him again. Murong Bo made a condition."

After hearing Zhao Min's words, Zhou Zhiruo looked at Su Chen angrily and said,

"This bastard is too insidious. We must guard against this bastard in the future."

When Murong Bo saw Su Chen walking towards the army, he wanted to capture Su Chen first, but he suddenly saw Su Chen smiling at him, which made Murong Bo confused as to why Lord Wu Xiang was treating him. Laughing?

Murong Bo looked at the little grandmaster next to Su Chen, and then at the troops around him who were guarding him with crossbows. Murong Bo suddenly understood that this Lord Wu Xiang deliberately led him to take action. Murong Bo thought that if he takes action against Wu Xiangjun, he is afraid that the army here will attack him with crossbows, and the female grandmaster next to Su Chen will definitely take Wu Xiangjun back quickly.

If Murong Bo didn't catch that bastard this time, that The bastard is definitely going to threaten him with his own son again.

Murong Bo looked at Su Chen and muttered angrily.

"It's so insidious. Is this Mr. Wu Xiang really as insidious as he is? Fortunately, I saw through this bastard. Otherwise, the next time this bastard raises conditions, I'm afraid he will ask him to kill his subordinates."

Huanwan was held by Su Chen and looked at Murong Bo warily. She still didn't understand why Su Chen left that safe place, but since Su Chen was coming, Huanwan had no choice but to come with him.

Su Chen walked quickly Su Yan and the others did not see Murong Bo take action, so Su Chen exhaled. Su Chen just wanted to bet that Murong Bo would not dare to take action against her. The reason Su Chen came to Su Yan this time was because he was worried that Murong Bo would suddenly take action against Su Yan. , with him beside Su Yan, if there is danger, he can use teleportation to take Su Yan away. When

Su Chen came to Su Yan, he turned around and smiled and said to Murong Bo,

"Murong Bo, why did you learn so well this time?"

Murong Bo looked at Su Chen shamelessly and said,

"Humph, don't think that I don't know what your intentions are and want to seduce me into action. Mr. Wu Xiang, you underestimate me too much."

"It's a pity, it's really a pity."

Su Chen looked at Murong Bo and shook his head. Murong Bo didn't catch him this time, and I'm afraid it will be even less likely to catch him in the future.

Su Chen observed the battle between Shi Fei Xuan and Xuan Ci , now Master Feixuan has severely injured Xuanci, and Master Feixuan may be able to kill Xuanci in a while.

Next to them, Dongxie Huang Yaoshi and Hong Qigong are now evenly matched, and I am afraid they will not be able to tell the winner for a while.

"Huang Yaoshi is too good."

At this time, Su Yan and Huang Rong came to Su Chen and happened to hear Su Chen's muttering.

Huang Rong angrily said to Su Chen's waving fist,

"Bastard, if you speak ill of my father again, I will beat you."

Huang Rong didn't expect that this bastard Su Chen would talk about his father when he first came here. You must know that her father fought with Hong Qigong for the daughter of this bastard Su Chen. This bastard Su Chen actually watched the fun and made sarcastic remarks. Huang Rong now wanted to teach this bastard a lesson.

Su Chen looked at Huang Rong and smiled, pushed Huanwan in front of him and said,

"Huang Rong, are you the only one who still wants to beat me? Have you seen my little lady? She is a master. If you don't want to be beaten, just be more honest."

Chapter 63

Huang Rong looked at Su Chen speechlessly. She didn't expect that Su Chen would be so shameless and use other people to threaten her. Huang Rong had finally seen through Su Chen. This Su Chen was a shameless bastard.

Huanhan is blushing now. She didn't expect Su Chen, a bastard, to say this about her in front of her daughter. Now Huanhan feels helpless when she sees the way Su Chen's daughter looks at her.

Su Yan looked at Huan Huan a little strangely and asked Su Chen,

"Dad, when did you find this woman? Is this really my second mother?"

Su Chen came to Su Yan and touched her head and said,

"Girl, I haven't had time to teach you a lesson yet? How did you come out of Gusu City?"

Su Yan winked a little playfully and said,

"Haha, I just took a carriage directly from Gusu City."

Su Chen was speechless and flicked Su Yan's forehead and asked,

"Didn't the Xuanwu Legion in Gusu City stop you?"

This little girl is getting less and less cute now. Now she dares to joke with herself. It's all right. If Su Yan grows up, I won't be able to control her. Well, it seems that I can't control this now. Girl

"I stopped you, but I showed them the jade pendant you gave me, and they let me go. Dad, you should take this jade pendant back."

Su Yan hugged Su Chen and told him with a smile, and even handed the jade pendant to Su Chen.

Su Chen said to Su Yan without taking back the jade pendant,

"Silly girl, just take it and don't come to such a dangerous place again."

Su Yan took the jade pendant back when she saw that Su Chen didn't want it back. Now she can only wait until she has younger brothers and sisters before giving it to them.

Su Yan put the jade pendant away and said to Su Chen in a funny way,

"Dad, I brought the army here, what about you? If you dare to come here without any martial arts skills, aren't you afraid of something happening?"

Su Chen coughed in embarrassment and said hurriedly,

"Hey, isn't your Aunt Li's mother here? She is a great master, but now that woman is nowhere to be found."

Su Yan nodded after listening to Su Chen's words. She knew that Aunt Li's mother was a great master. If Aunt Li's mother was here, nothing would happen to her father here.

Su Yan looked aside and stared at Su Yan was very curious about her own Huanwan. Could this barefooted woman really be his second mother? But she didn't look like her.

Su Yan took Su Chen's hand and pointed at her. Huan said,

"That's it, dad, you haven't told me yet whether this Hanhan is my second mother?"

"No, I'm here, Huan Huan, why are you pinching me again?"

Su Chen didn't expect that Huan Huan would pinch herself again.

Su Chen also joked with Su Yan just now that Huan Huan was her second mother, but Su Chen found that Huan Huan was a little uncomfortable, so she told the truth to Su Yan this time, but she didn't. Thinking of making this little demon girl unhappy again,

Huanwen ignored Su Chen and bent down to face Su Yan and said,

"Su Yan, right? I am your second mother, but I was abandoned by your father. Don't believe what your father said, he is lying to you now."

Su Yan looked at this Huanwen and knew that she was definitely not his father's woman. If she was his father's woman, then why hadn't she seen her for several months?

Moreover, her father said at that time that she had no relatives at home. This Huanwen If Huan were her father's woman, her father would definitely tell her, or even tell her mother if he didn't tell her.

Su Yan touched her chin and said with a smile,

"Really? Why don't I believe what you said? Seeing that

Su Yan didn't believe it, Huan Huan said hurriedly,

"Of course it's true, I'm not kidding about my reputation."

Huanwen also likes this little girl Su Yan very much. Although she cannot be accepted as her apprentice, it is not bad to be her second mother. Of course, she is only her second mother in name. She will not let that bastard Su Chen take advantage of her. It's so cheap.

After hearing Huan Huan's words, Su Chen whispered,

"Does the Yinkui Sect still have a reputation?"

After hearing what Su Chen said, Huanwen said to him angrily and loudly,

"Su Chen, do you want to die? If you talk nonsense again I will make you look good"

"Let me guess, Huanhua, are you a cat? Why are your ears so sharp?"

Su Chen looked at her in surprise after hearing what Huan Huan said. Su Chen had forgotten for a moment that Huan Huan was a master, which made Su Chen worried that Huan Huan would go crazy at this time.

Huan Huan looked at Su Chen and said nothing. When she ignored him again, Huanwan pulled Su Yan and lowered her head. She didn't know what she and Su Yan were muttering about.

Su Chen looked at them and ignored them. Anyway, Su Yan was weird, and Huanhua must have come from Su Yan couldn't say anything.

That girl Huang Rong was glaring at him. Su Chen also noticed that Su Chen was reluctant to talk to this crazy woman now. Now that Su Yan and Huang Rong are together, I'm afraid Su Yan will get worse in the future. It's getting crazier.

This Huang Rong will definitely lead Su Yan into trouble in the future. Su Chen decided not to let Su Yan and Huang Rong be together in the future, otherwise he and Huang Rong will learn to sneak out of the house at every turn, and then there will be trouble. , this time Su Yan came to Xingzi Lin must have been bewitched by Huang Rong.

At this time, Xiao Feng and Master Jue came to Su Chen and clasped their fists at Su Chen and said,

"Mr. Wu Xiang, I am Xiao Feng. I would like to thank the little princess for saving my life this time."

"The poor nuns were exterminated, and they met Wu Xiangjun."

Su Chen also quickly said to Xiao Feng and Master Mijie,

"Master Xiao, Master Mijie would like to thank you for protecting this little girl Su Yan."

Xiao Feng smiled when he saw that Lord Wu Xiang didn't have the airs of a nobleman at all and said,

"Haha, Your Majesty, the little princess has saved me several times, and I should protect her now."

Master Jiejie is taking advantage of the fact that Huang Yaoshi is not here, and Li Mochou is not here, so she first thought about Su Chen's proposal to accept Su Yan as his disciple.

"Mr. Wu Xiang, I would like to know if the little princess can accept me as her teacher? The little princess's cultivation talent is very high, and the poor nun wants to take the little princess as his apprentice."

Damn it, this old nun, Mie Mie, actually accepted Su Yan as his disciple. Even if Mie Mie's cultivation level is so high, he actually accepted Su Yan as his disciple? Su Chen was speechless for a moment. Jing Salamander is a great master, Wang Yuyan is a martial arts library, Su Yan can't learn whatever he wants at home. Master Jue's Emei sect is a trap.

Although Su Chen doesn't know if there are any powerful masters in the Emei sect in the world of Zongwu, Su Chen doesn't want Su Yan to worship Master Jue. This is abnormal. The old nun is the master.

Su Chen looked at Master Miejie and said apologetically,

"Master Jue, Su Yan is still young now. She is only six years old. Her mother may not let her study under her teacher now. She should wait until Su Yan grows up."

"Wu Xiangjun, the little princess has to become a disciple first. When she grows up, she can go to the Emei sect to learn martial arts."

"Master Miejie, Su Yan has already promised to worship my father as his master. You said it a bit late."

Chapter 64

When Master Jue saw that Wu Xiangjun seemed to be refusing to let Su Yan become a disciple because of her young age, Master Jue thought of fixing the title of master and apprentice first, and

then let Su Yan come to the Emei School to learn martial arts when she grew up. In this case, Wu Xiangjun should not object.

It's just that Master Miejie didn't expect that Huang Yaoshi's daughter actually said that Su Yan had agreed to become Huang Yaoshi's master. This made Master Miejie frown. She didn't know whether what Huang Yaoshi's daughter said was true.

Just thinking that Su Yan had a very good relationship with Huang Yaoshi's daughter, Master Jue was a little worried that Su Yan would agree to become Huang Yaoshi's teacher.

Huang Rong looked at Master Miejie deep in thought and found that that bastard Su Chen actually gave her a thumbs up. This made Huang Rong a little confused as to what the bastard Su Chen meant?

Is she praising her wit for finding a good apprentice for her father? Or was it that Su Chen had no intention of letting Su Yan become his disciple? Did he unintentionally help this bastard this time?

Su Chen looked at Huang Rong and smiled and said to Master Jue,

"Miejie Shitai, Su Yan is still young, and I don't want her to become a disciple so early. After a few years, I will let her decide whether to become a disciple of Shitai or Huang Rong's father. What do you think, Master?"

Mie Mie thought for a moment that this is also a way. At least now Su Yan will not worship Huang Yaoshi as his teacher.

"Okay, just do what Wu Xiangjun said. The little princess is too young now. In a few years, when the little princess grows up, she will be a poor nun and won't bother Wu Xiangjun again."

Su Chen said happily after hearing this,

"It doesn't matter, I would very much welcome the master to come to Gusu City, and I also hope that my little daughter Su Yan can become a disciple of the master."

Su Chen looked at Master Miejie and thought, I'm afraid Master Miejie will die soon, and Su Yan won't have to worship Master Miejie as his master.

But why is this Master Miejie not as indiscriminate as in the TV series? , people who don't distinguish between grudges and grudges, could it be that the Miejie Shitai has also changed in the world of mixed martial arts?

Speaking of which, the length of this Miejieshi Tai is pretty good, well, it is the kind that still has charm, and it doesn't have those two ugly long lines. Eyebrows.

Huang Rong looked at Su Chen and asked hurriedly, "Su Chen, where is my father? Can my father come to Su Yan?"

Huang Rong actually wanted to play with Su Yan. Although Su Yan was young, he was big as a brat, and he was very to her liking. Huang Rong also liked Su Yan very much.

Su Chen rolled her eyes at Huang Rong and said to her ,

"Your dad can come, just forget it."

Huang Rong asked angrily after hearing Su Chen's words,

"Asshole, what do you mean?"

"You understand what I mean. Su Yan must have come here secretly this time because you bewitched her, right?"

"I.....I didn't try to trick her, we just wanted to be together, so we came to watch the Beggar Clan's meeting together."

"I believe you ghost"

"you wanna die"

"I get close and let go, don't you know whether men and women are intimate or not?"

Su Chen was speechless when he saw Huang Rong, a crazy woman biting his arm. Su Chen fell into the hands of these women today. Lin Shiyin is no longer here, but now Huang Rong is replaced. This Huang Rong is even more difficult to deal with than Lin Shiyin.

"Let me tell you Su Chen, I will book your home."

"hehe"

"You're laughing your ass off"

"Idiot, am I laughing? You can't even tell the difference between laughing at you and laughing at you, yet you still think you are a very smart woman"

"Bastard Su, do you want me to beat you here? If you go against me again, I will definitely beat you"

"Haha."

Huang Rong gritted her teeth and glared at this bastard. This time she was almost driven crazy by Su Chen. It was not convenient for Huang Rong to beat this bastard here now. Huang Rong thought that she would have to beat this shameless bastard in the future.

At that time, Murong Bo's men were already red-blooded, and the scene was full of killed corpses. There were only a hundred or so of those Jianghu people left, and Murong Bo's more than one hundred innate masters now only had four of them. More than ten years ago, which shows how fierce the battle is now.

"Dad, come to me quickly, I don't want to die."

Song Qingshu is now being chased by a second-level innate master. He only has the cultivation level of the seventh-level heaven. He is no match for an innate master. Now Song Qingshu can only count on his father to save him.

Song Yuanqiao A Qinggong came to Song Qingshu's side and defeated the innate master, and immediately led Song Qingshu away from the battlefield.

"Qingshu, are you okay? Song

Qingshu covered his stomach and coughed a few times, saying, "Cough, cough, dad, I'm fine, I just suffered some minor injuries.""

Song Yuanqiao looked at the footprints on Song Qingshu's belly and said angrily,

"I told you not to get involved in this matter a long time ago but you just didn't listen. Now you know the dangers of Jianghu, right?"

"I'm sorry, Dad, I will listen to you in the future."

And here, Yue Buqun also took the opportunity to withdraw from the battle field. There are too many martial arts masters inside now. He is in the sixth level of innate cultivation. If he doesn't withdraw, he will probably die in it.

Yue Buqun Qun's wife Ning Zhong was relieved when she saw Yue Buqun escape safely. Although she looked down upon Yue Buqun's actions now, after all, Yue Buqun was her husband, and she didn't want anything to happen to Yue Buqun.

Duan Zhengchun is now very frightened. Almost thousands of Jianghu people are almost killed by more than a hundred Murong Bo's men. Duan Zhengchun is the leader of these Jianghu people this time. If all these Jianghu people are dead, he He will definitely be killed by Murong Bo's men.

Duan Zhengchun shouted anxiously to the side,

"Come on, kill Murong Bo's men. They have more than forty men. There are more than a hundred masters outside. Let's kill them together, otherwise I will die."

Although Duan Zhengchun screamed fiercely, he kept retreating with his guards. Now Duan Zhengchun has to find a way to escape. Otherwise, if all the Jianghu people here are dead, I'm afraid they won't be able to leave by then.

Lin Shiyin kept writing down the people who escaped next to Zhou Zhiruo and Zhao Min. This was what Su Chen asked her to do when she left. Although she didn't know why Su Chen did this, Lin Shiyin still helped write down the people who had just quit. People.

When Lin Shiyin saw a young man being rescued, she hurriedly asked Zhou Zhiruo,

"Zhiruo, who was the person who was rescued by a middle-aged man just now?"

Zhou Zhiruo asked curiously when she saw Lin Shiyin continuously recording the names of those who had withdrawn from the battle.

"Shiyin, what on earth are you doing? Why do you keep asking those of us who quit? If you don't tell us, Zhao Min and I won't tell who those people are?"

Chapter 65

Zhou Zhiruo was now a little confused about Lin Shiyin's recording of these names. After thinking about it, she didn't know what Lin Shiyin was doing recording these names. Are you going to take revenge on these people in the future?

But why does Lin Shiyin want to take revenge on these people? Could it be that Lin Shiyin wanted to vent her anger on Su Chen? Zhou Zhiruo knew that Lin Shiyin's cousin was a great master. Maybe in the future Lin Shiyin would ask her cousin to deal with those who had just withdrawn from the battle.

Zhou Zhiruo looked at Lin Shiyin and felt that her guess was very correct. This Lin Shiyin must have fallen in love with that bastard Su Chen.

Zhao Min looked at Lin Shiyin thoughtfully and then looked at Murong Bo. She now felt pity for this old guy Murong Bo. Su Chen must play this old cunt to death this time, eh? Why am I calling this Murong Bo an old bastard? It seems that I am also influenced by that bastard Su Chen.

Lin Shiyin looked at another person exiting and said anxiously,

"Zhiruo, you will understand in a moment, tell me quickly, there is that person, he also quietly withdrew just now, this person is more shameless than that young man."

When Zhou Zhiruo saw Lin Shiyin say this, she didn't worry for a moment. She looked at the two people and said to Lin Shiyin,

"That young man is Song Qingshu of the Wudang Sect of the Ming Dynasty, and the one who just secretly quit is Yue Buqun of Huashan of the Ming Dynasty."

"OK, got it."

Lin Shiyin immediately wrote down all the people whose names Zhou Zhiruo told her. Lin Shiyin looked at the names she recorded and felt a little happy. Although she didn't know martial arts, she could still help that bastard Su Chen. At this time

, Shi Feixuan grabbed Xuan Ci who was restrained by her and came to Zhou Zhiruo and the others. She looked at the people here and found Su Chen and Huan Huan, so she hurriedly searched everywhere.

Zhao Min looked at Shi Feixuan and was a little panicked. He looked a little speechless,

"Shi Feixuan, you don't have to look for that bastard. He went to look for his daughter in his army and will be back soon."

Zhao Min couldn't understand why these masters cared so much about that bastard. Huanwen was like this, Shifei Xuan was like this, and the female grandmaster who appeared earlier, and even Lin Shiyin, who didn't know the kingdom's martial arts, cared about Su. Chen is a little concerned.

Now she and Zhou Zhiruo are still normal, right? She and Zhou Zhiruo are also a little abnormal. Otherwise, why would she and Zhou Zhiruo treat Su Chen as a bastard and keep calling him a bastard? This is not how strangers should call him. , this Su Chen is poisonous, and Zhao Min feels that she must stay away from him in the future.

After listening to Zhao Min's words, Shi Feixuan threw Xuanci, who had tapped the acupuncture point, next to Murong Fu and said,

"It turned out that he was looking for her daughter, so Xuanci should stay here for now, and then decide to deal with him when Su Chen comes."

Zhou Zhiruo frowned and asked when she saw that Shi Feixuan didn't kill this Buddhist scum.

"Shi Feixuan, don't you want to clean up the door for Buddhism? Why didn't you kill him?"

Zhou Zhiruo also looked down upon the abbot of the Shaolin Temple of the Song Dynasty very much. This Xuanci was simply a Buddhist scum. Not only did he deceive women into giving birth to a child for him, but he also killed people and silenced her when the matter was revealed.

Concubine Xuan looked at Xuanci coldly at Zhou Zhiruo said,

"This Xuanci may be of some use to Su Chen. I'll catch him first to see if Su Chen needs this Xuanci. If he doesn't need it, it might be too late to kill him."

"Shi Feixuan, you are so kind to that bastard Su Chen."

Lin Shiyin said meaningfully to Shi Feixuan.

Shi Feixuan looked at Lin Shiyin and just nodded without saying anything to Lin Shiyin. However, Shi Feixuan felt that something was wrong with Lin Shiyin's mood, but it didn't concern her. Shi Feixuan I was too lazy to ask Lin Shiyin.

At this time, Su Chen came with Su Yan and his army. This time, the Xuanwu Legion used huge shields to protect Su Chen and Su Yan.

Su Chen arrived at the Imperial Concubine. When Xuan came to their side, the Xuanwu Legion immediately deployed heavy defenses around them.

"Fei Xuan, why didn't you kill this old monk?"

"I wonder if you need the abbot of Shaolin Temple?"

"Haha, this old monk is useless. He may be the most useless abbot of Shaolin Temple, and he is also the most shameless abbot of Shaolin Temple. Kill him."

"Okay."

Seeing that Su Chen didn't need this monk Xuanci, Master Concubine Xuan was ready to kill this hypocritical abbot of Shaolin Temple.

Xiao Feng saw that Master Concubine Xuan was about to kill Xuanci and said hurriedly,

"Wait, Miss Master, this Xuanci is the enemy who killed my parents. Can you please let me kill him? When Su

Chen saw Su Yan holding his hand, he smiled and said to Master Fei Xuan, "Fei Xuan, let Xiao Feng kill that Xuan Ci. If you kill him, your hands will be dirty.""

Shi Feixuan nodded in agreement after hearing Su Chen's words.

"Well, I'll leave this Xuanci to you to kill."

After hearing this, Xiao Feng happily thanked Su Chen and Shi Fei Xuan,

"Thank you Mr. Wu Xiang, thank you Miss Master."

After Xiao Feng said this, he mentioned Xuanci, who was staring in fear and walked aside. This time Xiao Feng could avenge his biological parents. Xiao Feng looked at Xuanci and slapped Xuanci with his palm. Ci's head, Xuanci's head was smashed like a watermelon.

"Dad, Mom, I will avenge you this time."

Su Chen couldn't help but said when he saw Xiao Feng smashing Xuan Ci's head,

"It was so brutal, blood spurted everywhere."

Lin Shiyin directly grabbed Su Chen's clothes and said to Su Chen,

"Su...mix...Egg, you...no....Scared...Bar."

Su Chen looked at Lin Shiyin and said funny,

"Lin Shiyin, if you don't stutter when you speak, I will believe that you are not afraid. If you are afraid, don't pull me in. Look at how scared I am."

Zhou Zhiruo and the others laughed when they looked at Lin Shiyin. Lin Shiyin was afraid that she would even drag Su Chen with her. She must be planning to use it as a backstop.

Lin Shiyin looked at Zhou Zhiruo and the others and laughed and kicked Su Chen in embarrassment. One kick.

Zhao Min saw that the battle on the battlefield was about to end. Murong Bo only had a dozen of his men. Except for the four masters, the rest were all scarred. It seemed that those in the world were there. When he was dying, he had the thought of dying together, otherwise Murong Bo's men would not have lost so much.

Zhao Min looked at Su Chen who was now leisurely and asked, "Murong Bo's men are almost dead, Su Morning what are you going to do next?"

"Lin Shiyin, I want you to give me the list of records."

Su Chen asked Lin Shiyin beside him, why is this little girl so shy now? Just be afraid if you're afraid. What's so embarrassing about this?

"Oh, here you go."

After hearing what Su Chen said, Lin Shiyin hurriedly gave Su Chen the list she had recorded.

"Haha, Murong Bo will be a thug again this time. Zhao Min, Huang Rong, Yan'er, what will you think of when you come over and take a look at this information?"

Chapter 66

Su Chen felt a little happy when he saw the names on the list. Last time, he asked Murong Bo to kill all the people in the world who had acquired the realm of cultivation.

Here are Song Qingshu of the Wudang Sect, several disciples of Yue Buqun of the Huashan Sect, Wan Yankang's subordinates of the Jin State, and Duan Zhengchun of Dali.

Su Chen can make good use of these forces. If he dares to attack his daughter Su Yan, this time they will lose their skin even if they don't die.

After listening to Su Chen's words, Huang Rong and Zhao Min took little Su Yan to look at the list here. They frowned at the beginning, but after looking at it for a while, they looked at Su Chen in horror. Now they also understood that Su Chen's purpose of morning.

Su Chen is using troops, and now Su Chen has enough reasons to use troops against these countries. If these countries do not want to be attacked by Su Chen's army, then they must meet Su Chen's requirements.

Huang Rong pointed to the lists that Su Chen had just seen and asked with a smile, "Su Chen, which of them are you going to operate on?"

Su Chen smiled and asked Huang Rong and the others,

"Which of them do you think I will operate on?"

Su Yan quickly stood up and pulled Su Chen's clothes and said,

"Dad, Dali is a small country and has few troops. The most important thing is that there are no other big countries next to Dali."

Zhao Min stood up and said meaningfully to Su Chen,

"Yes, Dali is relatively weak. If it is the Jin Kingdom, you will have to face the Liao Kingdom, our Yuan Dynasty, and the most important thing is that your Song Dynasty will probably also get a share of the pie in the north."

"And Dali is in the south. How many troops do you have now? If there are more, I think you should gradually encroach on the southern part of the Song Dynasty first, and then destroy Dali."

Zhao Min is also very interested in Su Chen's war. She wants to know whether Su Chen is going to make himself king. If Su Chen makes himself king, maybe the Song Dynasty will be in chaos. It would be much easier to deal with the Song Dynasty.

But Zhao Min felt a little powerless when he thought of Su Chen's troops. If Su Chen's army had more than 100,000 people, then I am afraid that even the Yuan Dynasty would not be the opponent of Su Chen's army in the future.

Zhao Min is also a little confused now. She doesn't know whether the attention she gave to Su Chen will be adopted by Su Chen.

Huang Rong is also looking at Su Chen with great interest and said,

"Su Chen, compared to other countries, only Dali is best to be destroyed. However, if you want to destroy Dali, you need a lot of soldiers. If you have many soldiers, you have to be careful about the Song Dynasty court being wary of you."

"Zhao Min is right. You can gradually encroach on the southern part of the Song Dynasty and make the southern part of the Song Dynasty your territory. Even if the Song Dynasty takes action against you in the future, you can use the entire south to fight against the northern part of the Song Dynasty."

Huang Rong didn't expect that Su Chen was so ambitious. He was preparing to rebel. However, the Song Dynasty is a little incompetent now. Every war is lost, which makes Huang Rong, a Song Dynasty person, feel embarrassed.

If Su Chen The Song Dynasty can be conquered. With Su Chen's elite troops, what country can be the opponent of Su Chen's army? I just don't know how many troops like Su Chen have?

If there is an army of more than 100,000, how can we conquer the southern part of the Song Dynasty? It shouldn't be a problem. You can develop while fighting in the future.

Su Chen is a little confused now. Let me go. When the hell am I going to attack other countries? I just want to avenge my daughter Su Yan. , get some benefits by the way, why do these women want to rebel and destroy the country.

Su Chen looked at these women and was speechless. It seemed that Zhao Min and the others had misunderstood what he meant.

Su Chen looked at Zhao Min Min, Huang Rong and little Su Yan understood that these were all war elements. Needless to say, Zhao Min was a general who led troops to fight. Huang Rong would also lead troops to fight against Dayuan in the future. Su Yan would also lead troops to fight against Dayuan when he grew up. The peasants were going to rebel.

Su Chen felt that they had asked the wrong person this time. They were too anxious. They insisted on talking about a matter of revenge as rebellion and destroying the country. Su Chen didn't think about rebellion and destroying the country. He had never thought about it. Su Chen just wanted to run his Gusu City well.

But Su Chen also thought that this world was Zongwu World. Zhao Min and Huang Rong were right. Now they have more than 100,000 troops. In the future, maybe more troops can be obtained from the gift pack. In order to protect his family in the future, Su Chen not only needs strong strength, but also a strong force. Do he really want to rebel? Or should he follow the instructions of Zhao Min and Huang Rong? Are you talking about occupying the southern part of the Song Dynasty first?

The more Su Chen thought about it, the more he thought it was feasible. Sooner or later, the Song Dynasty would be destroyed by several countries in the north. By then, the city of Gusu would also be conquered by those countries. , now I have to think about what I will face in the future.

At this time, Zhou Zhiruo, the other girls, Master Jue, and Xiao Feng were stunned when they looked at Su Chen. They did not expect that Su Chen was preparing to rebel and destroy the country.

However, When they thought about Su Chen's army, they had some understanding. If there were hundreds of thousands of such a powerful army, what's the use of having so many troops if they don't rebel and destroy the country? Now they also want to know how big Su Chen's army is.

According to Huang Rong Su Yan, who lived next to her, asked her curiously,

"Su Yan, how many such armies does your father have?"

Su Yan was held down by Huang Rong and looked at Su Chen. She didn't know whether she should say it now.

"have....."

"Tell them."

Su Chen looked at these women and it would be impossible if they didn't tell them today. Anyway, they will be allowed to lead the troops in future wars. Su Chen planned to recruit Zhao Min and Huang Rong. These two war geniuses cannot take advantage of others. After listening to Su Chen's words, Su Yan said to the people here,

"The Netherworld Cavalry Legion has 50,000 elite cavalry, and the Xuanwu Legion also has 50,000. The rest are the 30,000 ordinary troops recruited in the past few months. The 30,000 ordinary troops are only responsible for public security, but these 30,000 ordinary troops are now better than those of the Song Dynasty. The army is much stronger."

Looking at Su Chen now, Zhao Min felt that this guy was a little scary.

"Hiss, Su Chen, you are going against the will of heaven. How can you have so much financial resources to support such an army? Especially the cavalry, which is very expensive."

Su Yan said a little shamelessly,

"What's the point? King Qin of Great Qin gave our family 300,000 taels of gold. Our family was already very rich."

Now with Su Chen's approval, Su Yan also has something to say. Since the people here believe in their father, Su Yan will also believe in them.

Zhao Min looked at Su Yan and asked in surprise,

"Why did King Qin of Great Qin give money to your family?"

Zhao Min knows that Great Qin in the Eastern Continent is very powerful, but now the King of Qin and the Prime Minister of Great Qin are at odds. If the King of Qin overthrows Prime Minister Lu Buwei in the future, I am afraid that Great Qin will soon rule the Eastern Continent with their millions of troops.

"If the King of Qin borrows troops from our family, of course he will give us money."

Zhao Min asked hurriedly after hearing Su Yan's words,

"What? The King of Qin borrowed troops from your family? Is the King of Qin going to get rid of Prime Minister Lu Buwei? The King of Qin must be preparing to remove Prime Minister Lu Buwei. It seems that the day the King of Qin is crowned, he will completely control the Qin Dynasty. From now on, the Eastern Continent will be completely in chaos."

Chapter 67

Zhao Min was so surprised that she looked at Su Chen. She didn't expect that this bastard Su Chen had contact with the Qin State in the Eastern Continent. Was this Su Chen optimistic about the King of Qin in Great Qin? If Su Chen succeeds in investing in King Qin this time, then this bastard's profits will definitely be huge in the future.

At this time, the other women looked at Su Chen in disbelief. Su Chen now has an army of more than 100,000, and it is the most powerful army. He even lent his army to other countries. What will Su Chen do in the future? do what?

Huanwan looked at Su Chen and couldn't wait to catch Su Chen. Now Huanwan wants their Yinkui sect to help Su Chen, so that their Yinkui sect can get help and support from Su Chen in the future.

With Su Chen's help and support, their Yin Kui sect will definitely become the most powerful sect in the Holy Sect, and other sects in the Holy Sect will be led by their Yin Kui sect in the future.

Huanwan pulled Su Chen and said excitedly,

"Su Chen, we are overcast....."

Su Chen covered Huanwan's mouth and said speechlessly,

"Stop it, Huanwen, I know what you are going to say. The people in your Yinkui sect are all evil-doing people with evil intentions. It is impossible for me to cooperate with your Yinkui sect."

Su Chen knew what Huan was planning by looking at her. Su Chen would not cooperate with Zhu Yuyan from the Yinkui sect. That crazy woman would not recognize her relatives.

Zhu Yuyan would not care about her daughter's life or death for the sake of the strong Yinkui sect. The Yin Kui sect unified the Holy Sect, and Zhu Yuyan might even betray her allies. Su Chen didn't want to cooperate with a crazy woman.

Huan Huan said to Su Chen with some lack of momentum,

"You bastard, there are only a few people in our Yinkui sect who are doing evil things."

Su Chen felt helpless when he saw that Shi Feixuan next to him kept staring at him. Su Chen really didn't want to get involved in the affairs of Sui Dynasty, but Su Chen still wanted to get the money and weapons in Yang Gong's treasury.

There was also the Evil Emperor's relic. Su Chen didn't know if absorbing the Evil Emperor's relic would have any side effects. Even if he got the Evil Emperor's relic, Su Chen would not dare to use it indiscriminately.

Su Chen has a gift package system, and will also prescribe elixirs to increase his power in the future. If he gets the Evil Emperor's relic, he can do some deals with some forces.

By the way, there is also the Heshi Bi, which can expand the meridians. , if I get it, I don't know if it can open up my meridians. It should be very easy to get the Heshi Bi. If I ask Shi Fei Xuan for it, she will definitely give it to me. Seeing this bastard Su Chen lowering his head and thinking He pinched him and asked,

"What are you thinking, you bastard? Do you agree or not?"

"Damn it, don't pinch me at every turn, and I know exactly what is going on in your Yinkui sect. Just now you said that there are a few evil-doers in your Yinkui sect. When you said this, your Doesn't your conscience hurt?"

Su Chen saw Huan Huan pinching him again and immediately held her in his arms. Su Chen didn't want this witch to pinch him at every turn. Now he could only hold Huan Huan and control her.

Huan Huan was struggling in Su Chen's arms. He immediately said to Su Chen in shame and anger,

"Damn it, how do you want to cooperate with our Yin Kui faction?"

Su Chen said with a smile when he saw Hanhan's face was red,

"Huanwen, I am from the Song Dynasty and you are from the Sui Dynasty. Even if your Yinkui faction cooperates with me, I can't help you. You Yinkui faction should find other allies."

Shi Feixuan came to Su Chen and asked him to let go of Huan Huan. Shi Feixuan didn't want Su Chen to form an alliance with the Yin Kui sect. If Su Chen formed an alliance with the Yin Kui sect, it would be very detrimental to their Cihang Jingzhai.

Shi Feixuan Fei Xuan took Su Chen and said to Huan Huan,

"Huan Huan, it's impossible for Su Chen to form an alliance with your Yin Kui faction, you'd better give up on this idea."

When Huanwan saw Master Fei Xuan pulling Su Chen away, she angrily stepped forward and took Su Chen's other hand and said,

"Little nun, do you insist on competing with me for a man? Whether Su Chen will form an alliance with our Yin Kui sect is none of your business. You should go back to your Cihang Jingzhai to eat fast and recite Buddha's name. Don't come and compete with me for a man in the world of mortals."

"Your Yinkui sect is a demon sect, and the demon sect is what Cihang Jingzhai wants to eradicate. I will not allow you to drag Su Chen into it."

"Little nun, our Yinkui sect is a holy sect, not a demonic sect. Please make it clear to me."

"The Holy Gate is the Demonic Gate"

"Little nun, do you want to die?"

"Witch, you are no match for me now."

Zhou Zhiruo and the others are a little speechless when they see Huan Huan and Shi Feixuan facing each other again. They were talking about business just now, but in the blink of an eye they start snatching men. This is all caused by this bastard Su Chen. Zhou Zhiruo and the others see Looking at Su Chen, his eyes were a little unkind.

Su Yan now looked curiously at Shi Feixuan and then at Huan Huan. Su Yan was a little stressed now. The women his father met were all so beautiful. She was very beautiful now. Worried about his mother.

Su Yan knew that his mother was usually practicing cultivation and was also a boring gourd. Now that his father was so popular, there were several very beautiful women next to him who were eyeing him.

Su Yan was also very worried about them now. Su Yan did not expect that she would be worried about her mother at such a young age.

Su Chen pulled Shi Feixuan and Huan Huan respectively and said helplessly,

"Okay, don't say anything anymore. We will discuss it slowly when I go to Sui Dynasty in the future. Now that old bastard Murong Bo is coming."

Everyone listened to Su Chen's words and saw that the fighting had stopped. Murong Bo had less than ten men left, including the four masters. Now Murong Bo came here with a gloomy face..

Shi Feixuan and Huanwen each looked at each other, and neither of them paid any attention to the other. However, they did not let go of Su Chen, and pulled Su Chen to look at Murong Bo, who was slowly walking towards here.

Su Chen looked at The sullen Murong Bo smiled, and Su Chen said to Xiao Feng on the side,

"Xiao Daxia, I want to ask you for a favor."

Xiao Feng said without hesitation after hearing Su Chen's request for help.

"Mr. Wu Xiang is so polite. If you have anything to say, just tell me."

Su Chen wanted to take his hand out, but found that Huan Huan and Shi Feixuan were holding his hands tightly and wouldn't let go. Su Chen said helplessly,

"Let me go, you two, let me go, I want to explain something to Xiao Feng."

Huanwan took Su Chen's hand and said with a smile,

"I want to listen too."

Su Chen looked at Hanwan and the silent Shi Feixuan, who had no choice but to lead them here and explain some things to Xiao Feng.

After hearing what Su Chen told Xiao Feng, Hanwan and Shi Feixuan were a little unbelievable. Hanwan and Shi Feixuan did not expect that Su Chen knew so many secrets of the world. If what Su Chen said this time was true, I am afraid that Murong Bo would really be played to death by Su Chen this time.

Chapter 68

Xiao Feng was very excited after hearing what Su Chen said to him. Now he hopes that what Su Chen said is true.

"Don't worry, Mr. Wu Xiang, as long as he is here, I will definitely let him out. Murong Bo, this old thief, even though I was killed by him, I will join hands with him to kill Murong Bo."

"Okay, then go ahead, no one will stop you now"

""Okay."

Su Chen breathed a sigh of relief when he saw Xiao Feng leaving excitedly. Now as long as Xiao Feng can find that person, Murong Bo will be dead even if that bitch Li Qiushui doesn't come this time. There is no such sweeping monk in Xingzi Forest. , there will be no one here to save Murong Bo. After all, Murong Bo's men just massacred almost a thousand Jianghu people, and now Murong Bo is isolated by the Jianghu people here. Murong Bo took his remaining few His subordinates came over with a sullen expression. Murong Bo wanted to kill Su Chen now. This bastard had almost killed and injured all the subordinates he had trained for many years. When

Murong Bo came to the front of the army, he stopped and said loudly,

"Mr. Wu Xiang, I have killed those Jianghu people as you said. Can I let my son go now?"

Su Chen looked at the arriving Murong Bo and asked with a smile,

"Murong Bo, tell me what I told you before."

Murong Bo became angry after hearing Su Chen's words and was about to kill Su Chen.

"Do you want to regret it? Mr. Wu Xiang, if you dare to go back on your word this time, I will kill you at all costs."

Su Chen looked at Murong Bo's angry look and knew that he was still feeling sorry for his dead men. Su Chen waved his hand and saw Captain Gu Changfeng coming with several Xuanwu Legion soldiers carrying Murong Fu. Next to Su Chen, Su Chen picked up the saber handed over by Gu Changfeng and pointed it at Murong Fu's throat and said,

"Don't be anxious, don't be anxious, I just want you to repeat the task I just gave you"

"You bastard, you just said that you want me to deal with the Jianghu people who want to stop your army, and kill all the Jianghu people below the innate cultivation level."

Murong Bo had no choice. This bastard Wu Xiangjun was going to eat him to death. Murong Bo loudly repeated what Su Chen asked him to do.

"Murong Bo, I, Su Chen, have always kept my word, but have you killed them all?"

Wanwan and other women all glared at Su Chen after hearing Su Chen's words. This shameless bastard has deceived Murong Bo several times, and now he still talks about himself as being so noble. This is simply shameless.

"you.....I....."

Murong Bo was speechless for a moment. Just now Murong Bo also noticed that some people had left the battle. He thought that those people were insignificant and didn't care about anything. He just didn't expect that bastard Wu Xiangjun would be so fussy about it. Those were just two kittens. It's just that running a few times won't hinder anything.

Su Chen shook his head and said with emotion,

"Murong Bo, you have also discovered those people who quit. Oh, forget it, I am also a good person, so I won't embarrass you this time."

Murong Bo didn't expect that bastard Su Chen to be so talkative this time, but as long as he rescued his son, Murong Bo would still kill Wu Xiangjun.

Murong Bo said hurriedly,

"Mr. Wu Xiang, thank you. Let me go."

Su Chen smiled and said to Murong Bo,

"Murong Bo, even though I said I wouldn't embarrass you, I didn't want to let your son go."

After hearing Su Chen's words, Murong Bo stamped the ground angrily and said fiercely,

"Bastard, bastard, you actually lied to me, damn it, I will kill you even if I don't care about my son's life or death."

"Don't be anxious, don't be anxious."

Su Chen put the knife on Murong Fu's neck and comforted Murong Bo.

Haha Zhou

Zhiruo

, Huan Huan and the other women couldn't help but laugh beside Su Chen. They didn't expect how funny this bastard Su Chen was. Was Su Chen planning to make Murong Bo angry to death?

""Ready the crossbows," Gu

Changfeng ordered when he saw Murong Bo walking forward.

Swish, swish, swish.

At this time, five or six hundred soldiers were holding military crossbows pointed at Murong Bo and his men. As long as Su Chen gave the order, These crossbows would immediately shoot them down.

The soldiers holding giant shields were also on alert, using giant shields layer by layer around Su Chen to protect everyone on Su Chen's side.

Even Huan Huan and Shi Feixuan and the others also stopped laughing, and they were all ready to take action at any time.

Murong Bo saw that these troops protected Su Chen very tightly, and even Wu Xiangjun, a bastard, used a knife to chop off his son's other side. With one arm, Murong Bo stopped hastily.

Murong Fu is now the last bloodline of their Murong royal family. Murong Bo also injured his lower body during practice and can no longer pass on the family line. Murong Fu must not get into trouble now.

Murong Bo looked at Su Chen, the bastard, said angrily and loudly,

"Wu Xiangjun, what do you want?"

When Su Chen saw Murong Bo stopped, he took out a piece of paper and said,

"Continue to finish what you have not finished. I have a list of those who have withdrawn from the battle. There are four people in it. You only need to pick two people at random to kill. Don't worry, these are all those who have just escaped. , you should be aware of it."

Su Chen handed the list to a soldier and asked him to give it to Murong Bo. Su Chen patted Murong Fu's face and said,

"Murong Fu, if you don't want to die, you should persuade your father properly soon, otherwise I'm afraid your head will fall to the ground."

"I know I know."

Murong Fu was frightened now. This Wu Xiangjun was about to cut off his other arm just now. If his father hadn't stopped, his other arm would have fallen to the ground.

Murong Bo looked at these four people. I also know by name that they are the people who just escaped.

"Duan Zhengchun of Dali, Wan Yankang of the Jin Kingdom, Yue Buqun of Huashan, Song Qingshu of Wudang, Wu Xiangjun, Duan Zhengchun of Dali and Yue Buqun of Huashan are all innately cultivated, but you have said that you will kill all the people who are acquired."

Su Chen looked at Duan Zhengchun and the others in the distance and said with a smile,

"Murong Bo, it was their men who also took action. Although Duan Zhengchun and Yue Buqun were both innate masters, they were not involved in the massacre."

"But I don't know the names of their subordinates and disciples. If you don't want to kill Duan Zhengchun and Yue Buqun, you can kill all their disciples and subordinates. I gave you a choice."

At this time, Duan Zhengchun and Yue Buqun were all panicking. They did not expect that they would all withdraw, and Lord Wu Xiang had no intention of letting them go.

This time Murong Bo only wanted to kill one of the four of them. Two people, but their chances of being selected were too high, and now they were all restlessly looking at the great master Murong Bo.

Chapter 69

Here in the Wudang Sect, Song Qingshu is scared and hiding behind his father Song Yuanqiao. Song Qingshu now regrets very much why he wanted to be in the limelight. Now he is being targeted by a great master. If the great master chooses to kill him, I am afraid it will be his father. He couldn't be saved either.

Song Qingshu was so frightened that he pulled Song Yuanqiao to leave.

"Dad, let's get out of here quickly, or I will be killed."

Song Yuanqiao looked at the unsatisfied Song Qingshu and said helplessly,

"Alas, Qingshu, do you think we can escape from the Grand Master? Now I just hope that this great master will not choose you for the sake of your master."

After listening to his father's words, Song Qingshu immediately thought that his master was a super master. Even Murong Bo didn't dare to kill him.

Song Qingshu immediately sat down with a smile and said proudly,

"Yes, my master is a super master in the Heavenly Realm. This great master certainly does not dare to offend our Wudang Sect."

Song Yuanqiao looked at Song Qingshu and shook his head. He didn't expect that his son would be so greedy for life and afraid of death. Now that he thought that he would not have to die under the protection of his master, he started to feel proud.

Jin Guo Wanyankang was now scared to death. , he just wanted Xiao Feng to die. Now when he saw the great master Murong Bo looking at him, he collapsed on the chair in fear. Wan Yankang knew that if the great master Murong Bo chose him, he would be dead.

Wanyankang's legs were now weak and he said to his guard commander,

"Golden Guard, what should we do now? How about we run away quickly?"

Jin Huwei looked at the panicked Wanyankang and shook his head and said,

"Little prince, if this great master chooses us, it is impossible for us to escape. Now we pray that this great master will not choose us."

Wanyankang looked at Murong Bo with some horror after hearing what his guard said. Now he just wants Murong Bo to let him go for the sake of being the young prince of the Jin Kingdom.

Duan Zhengchun is also restless now. This time He was the leader of those Jianghu people who went to deal with Wu Xiangjun's army. He knew that it was impossible for him to escape. Duan Zhengchun hoped that the great master Murong Bo would let him go for the sake of their Dali. There was already some chaos here in Huashan. , Yue Buqun knew that he had to die this time. Each of the other three people had more background than the other. He was an insignificant little person. Grandmaster Murong Bo would definitely choose him. Yue Buqun now He just hoped that the great master would choose to kill his disciples so that he would not die.

Yue Buqun's wife Ning Zhongze looked at Yue Buqun and felt a little helpless. This time their Huashan sect was going to be finished, no matter what the great master chose Kill Yue Buqun or kill several of Yue Buqun's disciples.

Huashan Sect will suffer huge losses. Fortunately, their daughter and Linghu Chong did not come this time, otherwise they would be in trouble here.

Murong looked at the list The names of these people are a bit troublesome. Among them, Yue Buqun of the Huashan Sect may have no background. The backgrounds of the remaining three people are stronger than the last.

If he kills two of the people here now, I am afraid he will still continue However, Murong Bo thought that he had killed so many Jianghu people this time and said that no great master would

come to him in the future, so Murong Bo still had to continue hiding. Murong Bo now has no psychological burden for killing these people. After thinking about it, Murong Bo couldn't let himself take on this matter alone. He was also prepared to drag Su Chen into the water.

"Mr. Wu Xiang, do you want me to offend these forces?"

"Murong Bo, do you want to kill or not?"

"Mr. Wu Xiang, can't you let these people go?"

"Murder to pay for life, debt to pay for money, you don't understand these, Murong Bo, you old cunt, do you want to kill or not?"

Murong Bo looked at Su Chen and said with a wicked smile,

"Kill, but you choose two of the four of them and I will kill them.

After hearing Murong Bo's words, Su Chen didn't care and just laughed and said

"An old bastard is an old bastard. The first one is Song Qingshu of the Wudang Sect."Kill"

Su Chen has long disliked the bastard Song Qingshu with sinister eyebrows. This Song Qingshu has been staring at the women around Su Chen, even without concealing his gaze. This made Su Chen want to deal with him for a long time.

Murong Bo looked at Su Chen in surprise. He didn't expect that the first person Su Chen asked him to kill was Song Qingshu of the Wudang Clan. Isn't Su Chen afraid of Zhang Sanfeng of the Wudang Clan? ?

"Mr. Wu Xiang, Zhang Sanfeng of the Wudang Sect is a super master of the Heavenly Realm. Aren't you afraid that he will come to kill you?"

Su Chen smiled and said to Murong Bo,

"I'm not afraid, are you afraid?"

Su Chen knew very well what kind of character Zhang Sanfeng was. If Zhang Sanfeng knew that Song Qingshu attacked the imperial army first, Su Chen would definitely not avenge Song Qingshu when he thought of Zhang Sanfeng. Even if Zhang Sanfeng wanted to avenge Song Qingshu, Su Chen would still have a way to convince Zhang Sanfeng. Yes.

Murong Bo also said forcefully,

"What a joke, how could I be afraid? I have been hiding for decades without anyone finding me. Although I don't know how you found me, but if I hide again, you won't be able to find me again. Even if Zhang Sanfeng is a Super Heavenly Realm A master, but there is nothing he can do if he can't find me."

"Then kill him."

Murong Bo now wants to know who Su Chen will choose next.

"You still say who you want to kill second, I will kill them together."

Su Chen looked at the timid Yue Buqun and smiled and said,

"The second one is Yue Buqun of the Huashan sect."

Su Chen doesn't know if this Yue Buqun has practiced evil sword skills, but this hypocrite Su Chen feels sick just looking at him, and even kills him to make himself feel better.

Murong Bo looked at Yue Buqun's fearful look and said said,

"Okay, this Yue Buqun is also the one with the least identity and background here. I am going to start killing them now."

At this time, Yue Buqun came directly to Su Chen and knelt on the outside to beg Su Chen for mercy,

"Lord Wu Xiang, please don't kill me, please don't kill me."

Su Chen looked at this hypocrite and thought about it and asked,

"Yue Buqun, what reason do you have for me not to kill you?"

Yue Buqun said hurriedly after hearing Su Chen's question,

"I can use the money to redeem myself, and I also have the Zixia secret book of our Huashan sect's prefecture-level internal skills and mental skills, which I can give to Lord Wu Xiang."

Ning Zhong came to Yue Buqun angrily and asked loudly,

"Senior brother, how can you be so greedy for life and afraid of death? Now in order to survive, you are going to give away the treasure of our Huashan sect. You have disappointed me so much."

Su Chen looked at Ning Zhongze, who was plump and still very beautiful, and said to Yue Buqun,

"Yue Buqun, your wife is really good-looking, but it's a pity that you won't be able to enjoy it in the future. Just now you said that I am not interested in money or martial arts secrets. You should die together with Song Qingshu of the Wudang Clan."

When Yue Buqun saw that Su Chen didn't agree, he was frightened and hurriedly pulled Ning Zhongze and said to Su Chen,

"No, I don't want to die, Mr. Wu Xiang, you just said that my wife is beautiful, so I will give my wife to you. As long as you let me go, my wife will be yours from now on."

"Am I him?"

Chapter 70

Su Chen was a little surprised when he heard Du Yue Buqun's words. In order to survive, this hypocrite started to give away his wife. He gave it to him instead of giving it to him. Now Su Chen felt that there were several pairs of eyes staring at him from behind. Is this him? It's going to cost someone's life.

Huanwan next to Su Chen was staring at Su Chen, clenching her fists and saying unkindly,

"Bastard Su, you can do it. If you just praise someone's wife, he will quickly give her to you. Now you have got a beautiful woman."

Huanhan is very angry now. He didn't expect that Yue Buqun would give his wife to this bastard Su Chen. Now Huanhan wants to kill that Yue Buqun.

And this bastard Su Chen, this bastard is okay Why praise someone else's wife for her beauty? She herself has never been praised by this bastard Su Chen. Thinking of this, Huanhan wanted to beat this bastard severely. When

Su Chen saw that Huanhan might want to beat him now, Su Chen hurriedly explained,

"I was just talking casually, who would have thought that Yue Buqun, who was afraid of death, would push his wife out, Huanhua, don't do this nonsense."

Su Chen now wants to kill that hypocrite Yue Buqun. Although Yue Buqun's wife Ning Zhongze is very good-looking, the woman here is no more beautiful than his wife, and there is an old bastard like Murong Bo. What's going on now? If he doesn't take action yet, does he want to watch a show?

Huanwan glared at Su Chen and sneered and said,

"Haha, you bastard, do you think I would believe it and say, do you have a crush on Yue Buqun's wife? Otherwise why would you Compliment Yue Buqun's wife on how beautiful she is. I've never seen you praise her here before."

Su Chen quickly turned around and said to Lin Shiyin who was glaring at him,

"Let me guess, who says I haven't complimented you before? Lin Shiyin, haven't I complimented you on how beautiful you are?"

Lin Shiyin became a little nervous after hearing Su Chen's question. She didn't know if Su Chen had praised anyone else, but she had indeed been praised by Su Chen. But now, does she dare to nod

and admit it? How many girls are staring at her here? Looking at her, Lin Shiyin was afraid that if she admitted it, Huan Huan and the others would have objections to her.

Lin Shiyin looked at Su Chen and said apologetically,

"Have you ever praised me? Why didn't I know? You weren't using me to excuse your crimes."

When Su Chen saw that Lin Shiyin, a bad woman, didn't admit that he had praised her, Su Chen felt like he had a headache.

"Damn it, I have a damn crime. I just complimented someone on their beauty at will. Am I guilty?"

Su Yan pulled Huang Rong beside him and fanned the flames and said,

"Dad, I will tell my mother about this when I get home. You will be done playing this time."

Su Chen glared at Su Yan who came to join in the fun at this time and ignored her. Su Chen looked at Shi Feixuan and the others. When Su Chen saw Shi Feixuan, the corner of his mouth twitched. Feixuan still looks cold now, but it would be better if she was not ready to draw the sword. Seeing Shi Feixuan's chest rising and falling, Su Chen knew that Shi Feixuan must not be at peace now. If she really agreed If Yue Buqun is killed, I'm afraid he will be struck by a sword immediately.

Su Chen took Shi Feixuan and said to her hurriedly,

"Feixuan, I really don't have that idea, you have to believe me."

Shi Feixuan stared at Su Chen for a while and nodded. She also knew that Su Chen would not have any thoughts about Yue Buqun's wife, but Su Chen seemed to have never praised her beauty, which made Shi Fei Xuan couldn't help but look at Lin Shiyin, who was blushing now.

Su Chen breathed a sigh of relief when he saw Shi Feixuan nodding. Now that Shi Feixuan was by his side, even if Huan Huan wanted to beat him, Shi Feixuan would stop Huan Huan. , Su Chen looked at the other women again and was about to let Murong Bo take action.

Zhou Zhiruo and Zhao Min. Su Chen just glanced at them casually. They were just passers-by now, and Su Chen didn't care about their thoughts.

Huang Rong and Su Chen filtered them directly. After leaving her, Su Chen only needs to appease Huan Huan and Shi Feixuan.

Zhou Zhiruo and Zhao Min were very angry when they saw that Su Chen just glanced at them and ignored them. Although they and Su Chen It doesn't matter, but now they are helping this bastard.

This bastard didn't even care about them at all, which made Zhou Zhiruo and Zhao Min want to go up and beat this bastard Su Chen.

Huang Rong was a little confused now, and Su Chen looked at itOf all the women here, this bastard actually forgot about her. This made Huang Rong go to Su Chen to argue. This bastard Su Chen used to want to be his wife, but now he ignores her. Huang Rong is now angry with Su Chen. His face turned red.

Su Yan saw the angry look of Huang Rong next to him and fanned the flames and asked,

"Sister Huang, what's wrong with you? not comfortable? Do you want to vent?"

Huang Rong knew what Su Yan was going to do when she saw Su Yan's weird look. Huang Rong nodded Su Yan's head and said,

"Why, you little girl is here to stir up trouble. Your father is a bastard. Fortunately, I have nothing to do with your father."

Su Yan smiled and asked Huang Rong,

"Then why were you so angry just now? Huang

Rong gritted her teeth and stared at Su Chen and said to Su Yan,

"Was I angry? I was very, very angry just now. Your father looked at all the women here. Why didn't he look at me? He looks down on me at all"

"Haha, Sister Huang, there is another woman here. My father didn't even look at her."

"Um?"

"It's Master Mijie, hahaha"

"Let me tell you, Su Yatou, do you want to die? Can Master Mijie compete with me?"

"I'm just kidding, I'm just kidding, don't mind Sister Huang."

At this time, Ning Zhong was stunned after hearing Yue Buqun's words. Ning Zhong did not expect that Yue Buqun would give himself to that Wu Xiangjun in order to survive. This made Ning Zhong look at Yue Buqun. The eyes of Buqun are full of hatred.

Ningzhong is deepAfter taking a deep breath, he calmly asked Yue Buqun, who was kneeling on the ground,

"Yue Buqun, what you just said is not true, right?"

Yue Buqun looked at Ning Zhongze, took her hand and prayed,

"Madam, I have no choice this time. I really don't want to die. I haven't carried forward the Huashan sect yet, so I can't die yet. Madam, just now Mr. Wu Xiang said you were beautiful. He must have fallen in love with you. You have to save me. me."

Ning Zhongze shook off Yue Buqun's hand and said angrily,

"Get out of here, Yue Buqun. From now on, we will no longer have any sworn ties as husband and wife. I, Ning Zhong, will not have a husband like you who is greedy for life and afraid of death.

Seeing that Ning Zhongze disagreed, Yue Buqun threatened him directly and said ,

"Madam, you have to think about our daughter. If I don't go back, Lingshan will die in Siguo Cliff. Only I can open that secret room."

Ning Zhong pointed at Yue Buqun heartbrokenly and said loudly,

"You are shameless, you actually threatened me with your own daughter."

Yue Buqun looked around. Fortunately, only Wu Xiangjun's soldiers and Murong Bo knew that this time he gave his wife in exchange for his own life. If the people here knew about it, his reputation would be completely ruined. Okay,

Yue Buqun looked at the angry Ning Zhongze and continued to threaten,

"I don't want to die, Ning Zhongze, as long as you promise to save me, I will release our daughter when I go back. You also know that the secret room cannot be opened even by the Grand Master. If you don't save me, I will not tell you to open the secret room even if I die. method"

"I promise you! I promise you! Yue Buxi, you are really a shameless hypocrite. I, Ning Zhongze, was really blind before."
