

Zongwu 611

Chapter 611

Su Chen looked at the silver-haired Taijun She and the plump and fair-skinned Princess Che and shook his head speechlessly.

This time, only two of the widows of the Yang family came, which somewhat disappointed Su Chen.

I am afraid that the remaining widows of the Yang family will never be seen again. When the war begins, it is impossible for them to survive.

Princess Checha was very angry when she saw the commander-in-chief.

This shameless Commander-in-Chief of the Yuan Dynasty was so shameless. His husband and son had just died, but this shameless and perverted Commander-in-Chief of the Yuan Dynasty actually wanted to catch her and humiliate her.

This made Princess Che want to stab this shameless pervert to death with a spear.

Mrs. She is also looking very ugly now. Princess Che is her daughter-in-law. Although all the men in the Yang family are dead, she still lives in the Yang family. She will not allow anyone to bully the widows of the Yang family. ,

Taijun She looked at Su Chen and knocked the ground heavily with her crutch and said,

"Commander-in-Chief, can you tell us your identity? Regardless of whether you are a Central Plains person or a foreigner, now that our two armies are fighting, you don't want your opponent to know your identity, right?"

"Ha ha! Widows of the Yang family, you should know my identity. After all, I made all the women of the Yang family lose their husbands." Su Chen smiled and took off his mask. At this time, he had no reason to continue wearing the mask.

Mrs. She saw Su Chen taking off the mask to reveal a young and very delicate face. This person looked very familiar to her. , but for a moment she couldn't remember seeing her there.

After hearing Su Chen's words, She Taijun pointed at Su Chen angrily and said,

"It's you? Are you Mu Guiying's pretty boy? You were the one who killed all the men in our Yang family. You were the one who killed my husband and sons? Su

Chen looked at Taijun She expressionlessly and replied, "Yes, I ordered Yang Ye and his seven sons to be killed. You widows can say that I did it myself."

"You deserve to die, I will definitely kill you to avenge my husband and sons." Ms. She held her crutch tightly and stared at Su Chen angrily.

At this moment, she wished she could kill this enemy of their Yang family, but she couldn't do that.

Hundreds of thousands of troops were watching here. , if she does something irrational, I am afraid that not only the Yuan army will be completely angry, but the Song army will also lose all its momentum.

For the safety of Chang'an City, She Taijun is helpless to kill his enemy now.

Su Chen looked at Taijun She with some disdain and said mockingly,

"I'm waiting for you. As long as you have the ability to kill me, you can kill me at any time. But do you have the ability? Can you kill me under the escort of nearly 300,000 troops?"

Taijun She stared at Su Chen and shouted heartbreakingly, "Who did you get? You can't be just Mu Guiying's pretty boy."

Princess Chai was stunned when Su Chen took off the mask. She didn't expect that this shameless pervert turned out to be Lord Wu Xiang. The most powerful enemy of the Song Dynasty was actually here in Chang'an City, and even this shameless pervert like him He was actually the commander-in-chief of the foreign armies of the Yuan Dynasty. Is Lord Wu Xiang preparing to destroy the Song Dynasty?

But not long ago, Lord Wu Xiang prepared weapons and food for the Song army, and even the border troops withdrew. Why did Xiangjun bring the Yuan alien army to attack Chang'an City this time?

After Princess Chai heard Taijun She's cry, she reacted and said hurriedly to Taijun She,

"Mom, he is Wu Xiangjun, and he is Wu Xiangjun Su Chen from Gusu City in the south."

After hearing Princess Che's words, Taijun She looked at Su Chen carefully, "What? Lord Wu Xiang, this person is actually Lord Wu Xiang from Gusu City? I said it looked very familiar."

Su Chen didn't expect Princess Chei to recognize him at a glance. This made Su Chen suspect that other generals of the Song Dynasty might have seen his portrait. It seems that the Song Dynasty really regarded him as its number one enemy. Yes,

"Princess Che, do you secretly admire me very much? Do you even like me? Otherwise, how could you recognize me at a glance?"

"Shameless pervert."

Princess Chei waited for this shameless pervert with a face full of shame and anger, and cursed.

She did not expect that the dignified Wu Xiangjun turned out to be a lecherous pervert, which made her very angry.

This man killed her husband and son. Now she couldn't help but want to kill him.

At this moment, a great Yuan captain came to Su Chen on horseback and hurriedly saluted and said,

"Sir, there are 100,000 troops coming towards us. Do you want to order the troops to intercept them?"

Su Chen knew from what the captain said that Mu Guiying had arrived with her and his troops. It seemed that Mu Guiying would come to meet the widows of the Yang family soon.

Su Chen waved his hand. He ordered the captain of ten thousand men, "No need, that is my army, so the army should not panic."

"Yes, my lord."

The captain of ten thousand was very surprised when he heard Su Chen's words.

After the 100,000 troops supported by Princess Zhao Min arrived, the remaining captains of ten thousand were ready to see how this Song Dynasty man would conquer Princess Zhao Min's reinforcements.

What the captains of ten thousand did not expect was that after Princess Zhao Min's 100,000 reinforcements arrived, the generals of the reinforcements were very respectful to this Song Dynasty person, and even seemed to be trying to please this Song Dynasty person.

This left them with nothing but The ten thousand captains did not dare to have any other bad thoughts at all. They also completely surrendered to this Song Dynasty man. They, the ten thousand captains, are now very respectful to the commander-in-chief of their Great Yuan.

And now another hundred thousand have arrived. Army, these armies turned out to be the army of the Song Dynasty. This made the captain of ten thousand people so surprised that he could hardly close his mouth after hearing this.

Taijun She was listening to the conversation between Su Chen and the captain of the Yuan army. She was very shocked. She didn't expect that Wu Xiangjun also had an army of 100,000 people arriving. She looked at Su Chen and shouted to Su Chen sternly,

"Lord Wu Xiang, you actually have an army coming. Do you want to join the Yuan tribe to launch a war against the Central Plains people?"

"Hahaha! Taijun She, please don't make a mistake. These Dayuan troops are now my army. The nearly 300,000 troops here are not under the control of the Dayuan people. From now on, they will all be subordinate legions of my Gusu City."

"How can this be? How could the Great Yuan army let you know that this commander was not a foreigner from the Great Yuan race?" Taijun She looked at Su Chen dumbfounded and thought this was very unbelievable.

Are all the captains of Da Yuan idiots?

This person is Lord Wu Xiang. Didn't they all see the identity of this bastard?

Or are these Da Yuan captains idiots? The captain of the Yuan army already knew the identity of this bastard.

But why did this shameless bastard subdue these Yuan armies?

And the captains of the Yuan army did not launch a mutiny?

"Sorry, my future wife is Princess Zhao Min of Dayuan. Do you understand now?"

Chapter 612

Su Chen thought that this time he had cheated on Zhao Min, and he would have to repay that girl in the future. Zhao Min should be dealing with those Jianghu people in Ming Dynasty now, right? It's just that she won't cripple the Emei faction this time, right?

You must know that the relationship between Zhou Zhiruo and Zhao Min of the Emei Sect should be very good. Even Zhou Zhiruo and him are inextricably linked. I hope Zhao Min will not go crazy and arrest Zhou Zhiruo.

After hearing Su Chen talk about Princess Zhao Min, Princess Che thought of the situation in Gusu City. When she looked at Su Chen, she felt that this bastard was a worthless pervert.

Princess Che looked at her with disdain. Su Chen said sarcastically,

"Princess Zhao Min of Dayuan? You are indeed a pretty boy who eats soft food."

"In Gusu City, you have your aunt to manage Gusu City for you, your wife to deal with the rebellious Jianghu people, and Huang Rong to lead your army to conquer the world."

"And there is actually an army prepared by Princess Zhao Min for you. Even Mu Guiying led an army to help you rebel. You are really an invincible soft rice king."

Su Chen's face turned dark after hearing Princess Chai's words, and he wanted to immediately bet on this widow's mouth. This widow Chai said that he seemed to be worthless, could he really be a freeloader?

"Damn it, Princess Che, this is none of your business. Are you too lenient?"

"Isn't what I said true? Pretty boy!"

【What the hell!】

【This Widow Chai is really so annoying】

【So what if I am just a pretty boy?】

【If he hadn't been able to deal with Widow Chai now, he would have wanted to catch Widow Chai and skewer her. 】

Su Chen threatened Princess Che with an evil look in his eyes,

"Widow Chai, you are not trying to be brave now. When I conquer Chang'an City, I will order the army to capture you alive. There will be times in the future when you will not be able to survive but die."

Princess Chei's chest was bulging with anger from this bastard Su Chen. She didn't expect that this bastard would actually catch her and humiliate her. This shameless Lord Wu Xiang really deserved it.

"Pooh! You shameless pervert, if Chang'an City is captured by your army, I will commit suicide immediately. Even if I die, I will not let you, a shameless pretty boy, be humiliated."

"Ha ha! We'll see."

Mr. She now hates this Lord Wu Xiang, and now she is even more unable to take revenge. With the help of Lord Wu Xiang's army, she can do nothing.

Moreover, the wives and confidante of this shameless pervert are all powerful people in the world. I don't know how many great masters there are.

How can widows like them, who have acquired innate strength, be the opponents of these bastard women? I'm afraid they, these widows, have no way to get revenge.

Boom!

"who?"

Su Chen suddenly felt a terrifying aura attacking him. He hurriedly teleported to avoid the attack and shouted loudly,

"alert! Be alert, protect the adults, protect the adults quickly!"The hundred-day army guard next to Su Chen immediately called Su Chen and hurriedly guarded him.

Wuwuwuwuwu.....

When the Dayuan army in the rear saw Su Chen being attacked, the entire Dayuan army immediately moved, and the attack horn of the Dayuan army also sounded. bump! bump! bump! bump!

"kill! kill! kill! kill!"

When the soldiers of the Yuan army saw that the commander-in-chief who met with the commander-in-chief of the Song Dynasty was assassinated, all the soldiers here became angry. The soldiers of the Yuan army slapped their weapons and shields angrily and shouted.

Taijun She and Princess Che They did not expect that Su Chen would be assassinated. Now that the Yuan army was completely enraged, it seemed that war was coming.

But who is assassinating Su Chen this time?

Taijun She and Princess Chai also thought about it. I am afraid that only the country is here. Master Huang Shanghui took action without their orders.

A pale old man appeared next to Taijun She and the others. When he arrived, he looked at Su Chen and said expressionlessly,

"I didn't expect Wu Xiangjun's reaction to be so quick, but I didn't expect it."

"Huang Shang, the great master of the Song Dynasty?" Su Chen guessed when he saw this old man that in the Song Dynasty, the only old eunuch Kuihua is a land god in the heavenly realm, while Huang Shang has fallen into the cultivation realm of the heavenly realm.

Although this powerful old man is very imposing, He is powerful, but as long as he is not a land immortal in the heavenly realm, Su Chen has nothing to fear.

Huang Shang nodded to Su Chen and admitted directly,

"Yes, that's me."

He is now determined to win over Lord Wu Xiang. It is impossible for Lord Wu Xiang to escape from him. It is impossible for a little grandmaster to escape from him, a master who is half a step into the realm of heaven and man.

Su Chen faced The Dayuan army waved their hands and stopped the Dayuan army from attacking now.

He looked at Huang Shang, the Imperial Preceptor of the Song Dynasty, and smiled and said,

"Hahaha! You, an old and immortal thing, has come to Chang'an City. Aren't you afraid that Emperor Ye will appear here and destroy you?"

"Boy, you are really brave to talk to me like this when you are about to die."

"laugh! Huang Shang, you are no longer a land god in the heavenly realm. Why should I be afraid of you now?"

"But if I want to kill you, it's more than enough"

"Stop bragging, Huang Shang, if the old eunuch Sunflower from the Song Dynasty Palace comes, I'm afraid I will run away, but you really don't deserve me to run away."

"Sharp teeth, I will kill you now!"

Bump!

Stab!"

"who?"

Just when Huang Shang was about to attack Su Chen again, some women in black suddenly appeared and assassinated Huang Shang.

Huang Shang did not expect that there were still some assassins hidden here. He was attacked by these assassins one after another before he could react. After being stabbed, many wounds were scratched on his body in an instant.

At this time,

Jellyfish Yinji suddenly appeared next to Su Chen. She kicked down a Dayuan soldier and sat on the soldier's horse, smiling at Su Chen. said,

"Ha ha! Su Chen, you lost, I discovered your shadow assassins."

Jellyfish Yinji was very depressed at first. Half an hour passed but she still couldn't find Su Chen's shadow assassins.

Seeing that the hour was coming, Jellyfish Yinji was ready to leave this bastard first. She didn't want to. After losing, she was molested by Su Chen, a shameless pervert.

But just when she was about to leave secretly, Jellyfish Yinji discovered that someone was secretly trying to attack Su Chen.

Jellyfish Yinji was originally going to kill this person who was planning to assassinate Su Chen. Assassin, it was just that she suddenly thought that if those shadow assassins appeared at this time, wouldn't she win?

Jellyfish Yin Ji thought about it and was waiting for the shadow assassins to appear. Anyway, that bastard couldn't be assassinated by that one. The man succeeded.

Jellyfish Yin Ji knew the strength of this bastard very well. This bastard could even evade his own attack. This assassin who was not yet in the realm of heaven and human beings would definitely not be able to kill the shameless pervert Su Chen.

"Does this count for him? shame on you."

Chapter 613

Su Chen looked at the shameless Jellyfish Yin Ji next to him and was very unbelievable. This Jellyfish Yin Ji is a super master who is half a step into the Golden Core realm. Why has he become so shameless now?

The shadow assassins appeared to protect her, how could she say she found them by herself?

Jellyfish Yinji looked at Su Chen and said with a smile,

"I don't care so much. I was going to find those shadow assassins, but who knew they would come out on their own? You can't blame me for this."

Su Chen shouted angrily at Jellyfish Yin Ji,

"Jellyfish Yin Ji, you are cheating, this time it does not count, we will start over after we finish dealing with things here."

"Impossible, I have already won, there is no way I can look for your shadow assassins again."

"Then I won't recognize this bet either."

"you wanna die! You have already lost, so you have to fulfill your promise. Su Chen, don't force me to take action and kill you, a bastard who breaks your promise." When Jellyfish Yinji saw that Su Chen didn't want to agree to the bet, she pretended to be angry and grabbed Su Chen's clothes and threatened, while the soldiers of the Hundred Dayuan Army around them all lowered their heads and did not dare to look at Su Chen and Jellyfish Yinji. Ji.

The soldiers and guards around the commander all know how terrifying this woman is, and they don't want to provoke this terrifying woman at this time.

【What the hell!】

【Can Jellyfish Yinji still play like this?】

【Isn't this forcing girls into prostitution?】

【Why is this perverted woman Jellyfish Yinji getting smarter and smarter? No! He's becoming more and more evil】

【This perverted woman is obviously threatening him to make him fulfill his promise, but can he fulfill his promise?】

【I don't want this perverted woman to treat him like a slave, but is it possible that he doesn't agree now?】

"Okay, you boss, I give up." Su Chen felt very helpless when he saw Jellyfish Yinji.

He knew that Jellyfish Yinji was too soft to be hardened now, but he was really afraid of being hardened by Jellyfish Yinji.

If he provoked this perverted Jellyfish Yinji again. Mao, I'm afraid it's really hard to persuade this perverted Jellyfish Yinji.

Jellyfish Yinji laughed when she heard Su Chen's words.

This time she was a little shameless, but in order to prevent this bastard from teasing her in the future, Jellyfish Yinji Yin Ji couldn't control that much.

Anyway, if she wasn't shameless when she was with this bastard, I'm afraid she would be eaten to death by this shameless bastard in the future.

Su Chen saw that the shadow assassins were still disappearing and appearing. Huang Shang was stabbed to death, and Huang Shang was still dazed after being assassinated by the shadow assassins. He was even stabbed in many places on his body by the shadow assassins.

"You Ruo, you all stand down, I will kill this bastard myself." Su Chen is now very angry with Jellyfish Yinji. He is planning to operate on this old immortal Huang Shang.

"Yes, master."

Youruo and the others appeared in front of Su Chen and saluted after hearing Su Chen's order.

Su Chen looked at Huang Shang and said sarcastically with a cold face,

"Huang Shang, thank you for being a terrestrial immortal in the heavenly realm before. I never thought you would attack me so shamelessly and despicably."

Huang Shang looked at Su Chen calmly. He didn't care about the wounds on his body. He just looked at Su Chen as if he had to kill him.

"In war, there is only victory or defeat, and there is no sneak attack. As the leader of a force, doesn't Wu Xiangjun understand this?"

"What a shameless old bastard, I finally get it." Su Chen didn't expect Huang Shang, who created the Nine Yin Manual, to be so shameless. This was something he never thought of. The people next to him, Taijun She and Princess Chai, looked at Huang Shang with great contempt.

But Huang Shang is the Great Master of the Song Dynasty after all, and he is here to help them deal with those powerful masters. Although Huang Shang is very despicable and shameless, they will be very happy if Huang Shang can kill Wu Xiangjun this time.

Huang Sang After looking at his wounds, he said coldly, "Wu Xiangjun, I will kill you this time even if I risk my life. You are too great a threat to the Song Dynasty. I can't leave you as a curse."

"Old thing, I don't want to let you go. This time, let's have an upright showdown of life and death." Su Chen took out his Blue Blood Illuminating Painting Sword from the system space and pointed it at Huang Shang and said,

"good! This is exactly what I wanted."

At this moment,

Mu Guiying came over with hundreds of secret guards. When she saw that Su Chen was about to compete with Huang Shang, she shouted anxiously,

"Husband! master! You don't want to engage in life-and-death battles anymore."

When Mu Guiying arrived with the army, she was told what happened here by Captain Dayuan Wanfu here.

She did not expect that her master Huang Shang secretly assassinated Su Chen, which surprised Mu Guiying very much..

Now she heard that Su Chen was going to have a life-and-death duel with her master Huang Shang, which made her very worried about Su Chen's safety. She knew that Huang Shang was very powerful, and Mu Guiying didn't want Su Chen to be killed by Huang Shang. Chang was killed.

When Su Chen saw Mu Guiying arriving, he said to her, "Mu Guiying, there is nothing to do with you here. Just stand aside honestly."

Mu Guiying ignored the bastard Su Chen. She looked at Huang Shang and begged, "Master, please don't compete with my husband. I don't want to see any of you injured or dead. Huang

Shang looked at Mu Guiying expressionlessly and said coldly,

"Mu Guiying, I only taught you some martial arts and did not accept you as a disciple. Moreover, you have betrayed the Song Dynasty. I personally captured your father and handed it over to His Majesty the Emperor. Today you will also be captured and handed over to me. Give it to His Majesty the Emperor"

"What? Isn't this true? Why? why is that?" Mu Guiying was shocked when she heard Huang Sang's words.

She didn't expect that Huang Sang would do this.

Is this still Huang Sang, the master she admired very much?

Mu Guiying looked at Huang Sang now with hatred. Now she I wish I could order the army to kill this hypocritical Huang Shang

"There is no reason, as long as they threaten the Song Dynasty, I will get rid of them, no matter who they are"

"good! good! Huang Shang, if I kill you now, I will definitely kill you." Mu Guiying was about to kill Huang Shang with her spear raised. She couldn't wait to kill this hypocritical old bastard. When

Su Chen saw Mu Guiying about to take action, he hurriedly grabbed her and cursed, "What the hell, Mu Guiying, please get down here. When will I need help from a silly girl like you?"

"I....."

"Damn you, do you want to die based on your innate cultivation level?"

"You bastard! Don't scold me!"

"You silly girl, don't you have any brains? Fortunately, you are still a female general. Now I regret letting you lead the army."

Chapter 614

Su Chen was completely speechless towards Mu Guiying now. Although Mu Guiying was worried that she would be killed by Huang Shang, couldn't she use her brain? Doesn't she know how much she weighs?

Mu Guiying was also very angry after being scolded by Su Chen. Wasn't she doing this because of this bastard?

Although she hated Huang Shang for capturing her father and handing him over to the Emperor of the Song Dynasty for execution, this time she had to fight Huang Shang first because Su Chen didn't want to compete with him.

She just wanted Su Chen to know how strong Huang Shang was so that he could refuse to compete with Huang Shang.

She knew Huang Shang's strength very well. All great masters had been killed by him. Su Chen would definitely be killed if he competed with Huang Shang.

It is very quiet outside Chang'an City now.

Apart from the sounds of Su Chen and Mu Guiying yelling at each other, the other sounds here are the breathing of hundreds of thousands of army soldiers and the neighing of war horses.

Hundreds of thousands of troops here were dumbfounded as their commander-in-chief and Mu Guiying exchanged curses. The atmosphere at the scene was very strange.

"Is our commander preparing to start a war now? Are you still talking about love here?"

"I don't know, but our new commander-in-chief is very powerful at picking up girls. Look at that terrifying woman, and look at General Mu Guiying of the Song Dynasty. He even teased the widow Chai from the Yang family just now. Wow, I feel sorry for the commander-in-chief now. I admire you very much"

"Yes, yes, I also admire our commander-in-chief very much."

"Hahaha, I also admire our new commander very much. This commander is much more powerful than that weakling commander, and he also treats me very well."

"Yes, that's right. Haven't you noticed that all the captains of our hundreds of thousands of troops are very respectful to the new commander? This has never happened before. Even the little prince Zayadu and these captains ignored him."

"Needless to say, our Yuan Dynasty respects the strong. This new commander captured all that terrifying woman, and even got General Mu Guiying of the Song Dynasty. According to legend, he even fought with our Yuan Dynasty's general. Princess Zhao Min has a close relationship. Maybe we will follow this new commander in the future."

"I will be loyal to the new commander from now on. This new commander is very much to my liking."

"Me too, the strong are respected, I am loyal to this new commander"

"Yes, the commander-in-chief was able to engage in a life-and-death battle with the Imperial Master of the Song Dynasty. This impressed me very much, and I decided to be loyal to the new commander-in-chief in the future."

Hundreds of thousands of Dayuan soldiers looked at Su Chen and started talking. The silence on the battlefield was broken for a moment. Dayuan soldiers were everywhere talking about Su Chen.

Su Chen was listening to the Dayuan army. The soldiers' faces turned dark as they chatted with each other. How dare these bastards who had enough to eat and nothing to do talk about their commander like this?

Su Chen now wished he could teach those bastards a lesson.

Why did he take down the terrifying Jellyfish Yinji? Woman? Do you think he has a long life? What

Mu Guiying said this time is fair. After all, Mu Guiying will be his wife in the future.

But what happened to Widow Chai?

His!

He is right about Chai The widow is not interested at all.

He just said that on purpose to annoy the widow. These damn soldiers really listen to the wind and rain.

And the face of Jellyfish Yinji under the veil is very red. She can listen to the words of these Dayuan army soldiers. It was clear as day.

When had she been captured by this bastard?

She just made a deal with this bastard, and these damn alien soldiers would make random guesses.

Mu Guiying looked at Su Chen happily, she was not unhappy at all. , she already wouldn't marry except for this bastard Su Chen, and she was very happy to hear these words this time.

Princess Che's face was very ugly, these damn aliens are a group of barbarians, her own innocence This time, she was ruined by this bastard and his alien army. Princess Che is now eager to kill someone.

"Just stay with me and see what you cause."Su Chen pulled Mu Guiying behind him and stared at her.

Su Chen was now very worried that Jellyfish Yinji would get angry and kill someone, but he secretly looked at Jellyfish Yinji and didn't see her getting angry. This made Su Chen He breathed a sigh of relief.

Su Chen turned around and scolded all the soldiers of Dayuan loudly with all his inner strength,"Shut up, I don't think they have time?"

When the soldiers of the Dayuan Army heard Su Chen's shouting and cursing, they immediately stopped talking. They all stood up straight as if they were not talking just now.

Su Chen couldn't stand it anymore when he saw the performance of the Dayuan Army. He didn't want to care about these barbarians anymore.

Su Chen looked at Huang Shang and said expressionlessly,

"Huang Shang, I will give you half an hour to deal with your injury. After half an hour we will have a life or death battle. Huang

Shang put his hands behind his back and said with a condescending look, "I can kill you without having to deal with your injuries. Now we can fight to the death.""

Su Chen was very speechless when he saw Huang Shang pretending to be cool.

What's wrong with him! There are some abnormal people here.

Huang Shang was bleeding all over and pretending not to care about anything. , will he die if he doesn't pretend?

Su Chen is completely helpless to these damn ancients. Who are these damn Huang Shang pretending to be noble for?

Su Chen looks impatient towards Huang Shang He said, "I won't take advantage of you. You'd better take care of your injuries so that you don't have to say that I can't win with force after I kill you.""

"Okay, in this case, we will fight to the death here in half an hour."

"Okay, let's have a life or death showdown in half an hour."

After Su Chen and Huang Shang agreed, Huang Shang disappeared in a flash.

Su Chen looked at Taijun She and Princess Chei and shook his head.

This time they, widows, are here to make soy sauce. Anyway, the war will begin in the future. They would also be killed later.

Su Chen was too lazy to pay attention to these widows.

When Princess Che saw Su Chen turning to leave, she and Taijun She looked at each other. What did they meet with this bastard this time? It seemed like nothing Didn't do it?

But what did this bastard want to do with them?

Seeing that Su Chen was about to leave, Princess Che hurriedly shouted,

"Mr. Wu Xiang, our accounts haven't been settled yet, are you going back like this?"

Su Chen turned his head and looked at Princess Chai disdainfully and said, "We have a shit, Widow Chai, didn't I just kill your husband and son? That means they deserve to die. If you want to avenge your husbands and sons, am I still afraid of you widows?"

Princess Chea saw that Su Chen looked down on them and the widows so much, which made her very angry.

She raised her spear and rushed towards Su Chen. She wanted this bastard to pay for his contempt for them.

This time, even if she If she couldn't kill this bastard, she wouldn't make it easy for him, "Damn it, you bastard, go to hell!"

"Princess Che doesn't want it!"

When Mrs. She saw Princess Che using a spear to attack Su Chen, she hurriedly stopped her.

Mrs. She knew the strength of those shadow assassins. Even Huang Shang was stabbed by those shadow assassins. Chejun mainly targeted Su Chen. If you take action, you will probably die.

Chapter 615

Su Chen saw Princess Che really attacking him. This was something Su Chen didn't expect. Princess Che should have known that she was no match for him.

A congenital little scumbag actually wanted to kill him without any idea of life or death. Didn't this idiot woman hear what he and Huang Shang just said?

He is preparing for a life-and-death duel with Huang Shang, who has fallen into the realm of heaven and earth. Can the Princess Chee fight with Huang Shang?

This idiot woman was so angry that she went crazy.

Su Chen saw that Dayuan's soldiers and guards were about to intercept Princess Che, so he waved his hand and told them to retreat. Since Lord Che had thrown himself into a trap, Su Chen was also prepared to capture Princess Che. Destroy the morale of the Song Dynasty army

"kill!"

When Princess Chai saw that the Dayuan soldiers did not stop her, she raised her spear and rushed towards Su Chen at a faster speed.

Jellyfish Yinji rode on the horse and shook her head as she watched this idiot woman throw herself into a trap.

She didn't know Will Su Chen kill this idiot woman?

But this idiot woman doesn't care whether Su Chen kills her or not. This time the Song Dynasty army was extremely disappointed by the actions of this idiot woman. The assassination of Su Chen by the Song Dynasty people just now has already made them The army of the Song Dynasty, which thought it was a country of gentlemanly etiquette, was very disappointed. Now even the generals of the Song Dynasty took action against the commander-in-chief of the Yuan Dynasty who met with him. This made the morale of the Song Dynasty drop to the extreme.

Mu Guiying looked at Princess Chechai When the attack came, she wanted to take action, but she saw Su Chen glare at her.

Mu Guiying put away her spear and ignored this bastard. She didn't want to treat him like a donkey because of his kindness. This bastard was too elusive.

"Come here!"

When Su Chen saw Princess Che coming to attack, he grabbed her spear and pulled her directly onto his horse. He smiled as he pinned Princess Che on the horse.

He captured the first Yang family alive. She was a widow, and this little scumbag was really easy to deal with.

Su Chen touched his chin and thought about whether he wanted to play a game of collecting widows of the Yang family?

"Let me go, you bastard, let me go." Princess Chee was very confused when Su Chen, a bastard, grabbed her and pinned her down on his horse.

She didn't expect that Su Chen was so powerful. After attacking Su Chen, she was caught without the ability to resist at all. Now, Princess Che was being pinned down on the horse in humiliation and she was angrily yelling and cursing at Su Chen.

Su Chen held Princess Che down, patted her butt and said, "Be honest, or else Take off your clothes."

Prince Princess Che was not frightened by this shameless bastard. She kept yelling and cursing at Su Chen,

"Inglorious bastard, you damn pervert"

"Return to base camp."

Su Chen ignored Princess Che and rode towards the commander's camp of the Dayuan army.

Jellyfish Yinji and Mu Guiying also followed Su Chen and rode away. They didn't care how Su Chen treated Che County. Lord, this Princess Che is Su Chen's enemy anyway, and they will not intercede for this woman. The soldiers and secret guards of the Dayuan army also protected Su Chen from leaving, but they only had the bows and arrows in their hands. Nudu is always ready. After all, their commander (junshang) grabbed a female general of the Song Dynasty and left.

"Mr. Wu Xiang, let Princess Chai go quickly." When Taijun She saw Su Chen kidnapping Princess Chai, she hurriedly shouted.

Su Chen heard Taijun She's scream and ignored her. Why did she let Princess Chai go to kill her?

He didn't. Widow Chai will be let go. If Widow Chai commits suicide now, Su Chen will keep her body.

After all, it's useless for him to have a corpse. He can't rape a corpse, right? Su Chen doesn't have those perverted hobbies.

Taijun She Seeing that Su Chenli left without any reason, she knew that there was no way to save Princess Che. She just hoped that Princess Che would not be humiliated by this lustful Wu Xiangjun. It was best that Princess Che could Suicide to preserve her innocence, so as not to bring shame to the Yang family

"Return to Chang'an City."

Taijun She looked at the captured Princess Che with a complicated look and ordered,

"Yes, Commander."

In Commander Dayuan's camp,

Su Chen sealed Princess Chai's inner strength and let her go.

Princess Chai will still be useful when they attack Chang'an City, but if Widow Chai commits suicide, it will be useless. Su Chen doesn't care whether Widow Chai will commit suicide.

If he can capture one Yang widow alive, he can capture more Yang widows alive. Anyway, there are enough widows in the Yang family, well!

Forget about that Mrs. She, there is no need to capture an old woman alive. In the commander's camp,

Mu Guiying poured a cup of tea for Su Chen and asked with concern, "Husband, are you sure about Huang Shang?"

Su Chen took the tea and took a sip and said with a smile, "I'm absolutely sure, so don't worry. I won't do anything I'm not sure about."

"That's good, I don't have to worry about you bastard anymore."

Mu Guiying still believes in this bastard very much. This bastard has never disappointed her in anything he does. She believes that since Su Chen said this, he will definitely kill the hypocritical villain Huang Shang, the Imperial Master of the Song Dynasty.

"Hahaha! Mr. Wu Xiang, Huang Shang is a master who is halfway to the realm of heaven and human. If you don't tell lies, will you die?" Jellyfish Yinji looked at Su Chen and smiled. She could see that Huang Shang's strength was now at the half-step heavenly realm.

How could Su Chen, a scumbag who was only at the master level, be Huang Shang's opponent? Jellyfish Yinji was Not believing that Su Chen could kill Huang Shang,

Princess Che now glared at Su Chen with shame and anger and cursed, "You bastard, just wait for death, National Master Huang Shang will definitely kill you."

She was spanked by this bastard just now. She was caught by Su Chen and wanted to commit suicide. But she thought that this pervert would have to fight the national master Huang Shang in a life-and-death battle.

She just wanted to wait for this bastard. She committed suicide after being killed by Huang Shang. It was impossible for her to be humiliated by the aliens of Dayuan.

Su Chen did not pay attention to the words of Jellyfish Yinji and Princess Che. He did not want to say more to a perverted woman and an idiot woman now. What.

Anyway, after he and Huang Shang start a life-and-death battle, they ignorant women will know how powerful he is.

Su Chen thought that he would kill Huang Shang and attack Chang'an City, so he asked Mu Guiying,

"Mu Guiying, have you brought all the siege equipment of the Xuanwu Legion?"

"We brought ten large siege ladders and some siege vehicles. These siege vehicles can allow the army to quickly attack the city walls, but their defensive properties are worse than those of the siege ladders."

"Um! I see."

Su Chen nodded after hearing this. Ten siege ladders are enough. As long as they can attack the city wall of Chang'an City, the weak Song army will be unable to save the day, and Chang'an City will be captured quickly by him. Down.

Dong Dong Dong Dong Dong Dong Dong.....

At this time, the war drums of the Song Dynasty rang. After hearing this, Su Chen and Mu Guiying came out of the commander's camp and looked in the direction of Chang'an City.

Su Chen saw that Huang Shang had arrived, and the Song Dynasty also sent about 50,000 troops out of the city to cheer for Huang Shang.

Su Chen thought: Aren't they afraid that they would destroy the 50,000 or so troops?

Su Chen smiled when he saw this and said,

"Huang Shang's speed is really fast. It has only been more than a quarter of an hour, and he is ready for a life and death battle."

"However, the commander-in-chief of the Song Dynasty, She Taijun, also knew to use this opportunity to boost the morale of the Song Dynasty army. It seems that they all thought that they would definitely be killed by Huang Shang.

Chapter 616

On the Chang'an city wall,

Shangguan Jinhong and Fu Hongxue were very confused now. What happened this morning had already surprised them.

But they didn't expect that the commander-in-chief of the Song Dynasty army yesterday would become the commander-in-chief of the Yuan Dynasty army today, and this commander was the most powerful enemy of the Song Dynasty, Wu Xiangjun. This made the three of them not know what to say.

Shangguan Jinhong saw Huang Shang standing in front of the east city gate waiting for Su Chen's arrival, and he asked Fu Hongxue next to him,

"Fu Hongxue, what should we do now? Also help the Song Dynasty defend Chang'an City?"

Fu Hongxue said angrily without feeling angry,

"I don't want to be threatened by that bastard, and I don't want my mother to know that I am against that bastard. Today I just watched the life-and-death battle between this bastard and Huang Shang."

Fu Hongxue now hates this bastard Su Chen to death. He didn't expect that this shameless bastard is the playboy Wu Xiangjun Su Chen.

It seems that the matter between this bastard and his mother is absolutely true. How is this woman's nemesis? Did he know his mother? This made Fu Hongxue very confused.

Shangguan Jinhong nodded when he heard Fu Hongxue's words. He was very depressed when he thought about what happened after he was scared away by this bastard in Sui Dynasty.

He did not expect this I met this bastard again, but luckily there was no conflict between them this time.

"That's right. I'm also very scared of Wu Xiangjun. This bastard woman is a group of tigresses. I don't want to be killed by those tigresses one day."

"Gang leader, is Wu Xiangjun's woman really that scary?" Jing Wuming was very confused when he saw Shangguan Jinhong's fear of Wu Xiangjun.

He did not expect that Shangguan Jinhong, the leader of the Money Gang, was not afraid of heaven or earth. How could he be so afraid of Wu Xiangjun?

Although he also knew Lord Wu Xiang is very powerful, but there is no reason for their leader to be so afraid of Lord Wu Xiang!

When Shangguan Jinhong saw that Jing Wuming didn't know Lord Wu Xiang very well, he patted him on the shoulder and said seriously,

"Wu Xiangjun is not scary, but very, very scary. Yaoyue Lianxing from Yihua Palace, Zhu Yuyan from Yinkui Sect, Fan Qinghui from Cihang Jingzhai, Concubine Dongjun Yan from Yinyang Family, and that bastard wife Jing Salamander, I am no match for any of these terrifying women."

Although Fu Hongxue knew that those terrifying women had a close relationship with Wu Xiangjun, he thought that if those terrifying women took action against their money gang, I am afraid that any woman's power could destroy their money gang.

Jing Wuming said when he thought of this. He twitched his mouth, exhaled heavily and said, "Huh! Wu Xiangjun is really good at taking down these terrifying women. It seems that he must be very powerful."

"But I don't know how he hides his strength? If it weren't for the strength he revealed by killing Ouyang Feng, I would have thought he was just a pretty boy."

"That's right. Wu Xiangjun is too unpredictable. We must not offend that shameless bastard in the future." Shangguan Jinhong said helplessly as he looked in the direction of the Great Yuan army, while Lin Chaoying and the others on the other side also looked at Huang Shang who was waiting

for Su Chen to arrive. They were also worried that Su Chen would not be the opponent of the Great Song Dynasty's national master Huang Shang.

It's just that this bastard's decision, and there's nothing they can do to persuade that bastard here now.

-

In the camp of Commander-in-Chief Yuan, Su Chen did not immediately go to Huang Shang for a life-and-death battle. It was not yet time for a life-and-death battle. If Huang Shang was willing to wait, just let him wait there.

"Jellyfish Yin Ji, do you want to make a bet?" Su Chen looked at Jellyfish Yinji next to him and smiled. This time he was going to win back the bet that Jellyfish Yinji had cheated on him.

"What to bet on?"

Jellyfish Yinji looked at Su Chen with some confusion and asked.

Su Chen looked at Jellyfish Yinji and said with a sly smile, "Just bet that I didn't promise to lose just now, this time I will have a life and death battle with Huang Shang. , I bet that I can kill Huang Sang. Didn't you say that I am not Huang Sang's opponent? Do you dare to bet with me?"

"If you don't bet, why should I bet with you?" Jellyfish Yin Ji turned white and had eyes. Su Chen refused directly.

Jellyfish Yin Ji thought that this bastard must have a way to kill Huang Shang. She didn't want to be tricked by this bastard. Anyway, she had already won Su Chen's bet. Is there any use in winning again?

"I'll do it! How can you not gamble? Don't you think I'm destined to lose this time?"

Su Chen saw that Jellyfish Yinji refused the bet, and he couldn't understand why this perverted woman refused the bet?

"I'm in a bad mood and don't want to gamble"

"I'll do it! Are you still unhappy?"

"Damn it, can't I be unhappy?"

"When do you want to be happy?"

"I won't be happy any day today"

"Damn it, you are awesome!"

Su Chen has no choice. It seems that this time he can't handle Jellyfish Yinji, a perverted woman. This woman must have sensed something and is unwilling to bet with him. Damn the glass, sooner or later I will break her. Mu

Gui Ying looked at Su Chen and Jellyfish Yinji and felt that there might be something wrong with them. The veiled woman wouldn't have the same relationship with this bastard, right?

Mu Guiying didn't want this bastard to have another woman at this time, although she knew this. There are many women who are bastards, but she has not married this bastard yet.

This veiled woman is also different from those women like Qin Hongmian. Those women like Qin Hongmian can play with these bastards, but the threat this woman gives her is somewhat Big.

Mu Guiying didn't want this veiled woman to compete with her for this bastard, so she hurriedly came to Su Chen and pulled him and said, "Husband, the time is coming for you to have a life and death battle with Huang Shang."

Su Chen didn't notice anything unusual about Mu Guiying. He looked at the time and it was almost up, so he said to Mu Guiying,

"Um! We are about to start a life and death battle with Huang Shang. Mu Guiying, bring your 100,000 troops. Huang Shang has 50,000 troops to cheer him up. I will bring 100,000 troops to cheer me up."

"OK, I understand." After hearing this, Mu Guiying looked at the jellyfish Yin Ji next to her and went out.

She wanted to deploy the army in front of Chang'an City first, and I'm afraid there would be an accident in the life-and-death battle between Su Chen and Huang Shang.

Mu Guiying also She must be prepared to deal with the sudden attack of the Song Dynasty army at any time. She now has great distrust of the widows of the Yang family and Huang Shang.

Jellyfish Yinji also discovered it when Mu Guiying looked at her just now, but she did not expect it. Mu Guiying will be wary of her.

This Mu Guiying is too sensitive.

She has nothing to do with that bastard. Even if she likes Mu Guiying, she cannot like that shameless bastard Su Chen.

Chapter 617

In Chang'an City, in front of the East City Gate,

50,000 elite Song Dynasty imperial guards were lined up outside the city gate. In front of them were six heroic women wearing armor. These women were very angry when they looked at the Yuan army in the distance.

A plump woman with a cold face said to Taijun She, "Commander, should we take advantage of the duel between Wu Xiangjun and Huang Shang to attack the Yuan army? We have to save the sixth sister!"

Taijun She also wanted to save Chai. Princess, but she knew that it was impossible to save Princess Che. If they launched a war to save Princess Che during a life and death battle, I am afraid that the 50,000 elite imperial guards would be wiped out outside Chang'an City.

Thinking of this, Taijun She shook her head and refused,

"No, our army is no match for Dayuan's army. If we take advantage of the life-and-death duel between Wu Xiangjun and Imperial Preceptor Huang Shang to start a war, I'm afraid we will suffer heavy casualties, and even the city of Chang'an will be lost."

"But what about Sixth Sister? That Wu Xiangjun is a perverted bastard. If Sixth Sister doesn't save her, she will definitely die."

"Yes, mother, Sixth Sister, we can't just watch her being humiliated by that pervert Wu Xiangjun."

"If you ask me, don't worry about it so much. We will send troops to kill Dayuan in a moment and catch Dayuan by surprise."

"Well, we must save Sixth Sister, and we must kill Wu Xiangjun and Mu Guiying, even if we all die in the battle, we will not hesitate."

"We still listen to our mother.....No, listen to the commander-in-chief, and it is impossible for the commander-in-chief not to save Liu Mei."

The widows of the Yang family are now talking about whether to launch a war against Dayuan's army. They must rescue Princess Chai. The widows of the Yang family know that if Princess Chai is not rescued as soon as possible, the lustful Wu Mr. Xiang would do something bad to Princess Chai.

Taijun She tapped the ground with her cane and said to her daughters-in-law, "Don't say anything anymore. This time, only the Imperial Master Huang Shang can kill Mr. Wu Xiang." , we will rescue Lord Cheche in the future."

The widows of the Yang family became quiet after hearing Taijun She's words. They looked at Huang Shang, the central advisor, and hoped that Huang Shang would kill Lord Wu Xiang.

Their husbands were all killed by Lord Wu Xiang, although they killed I can't kill Mr. Wu Xiang, but as long as Huang Shang can kill Mr. Wu Xiang, this will make the widows like them very happy.

Wuwuwuwuwu.....

At this time, a horn sound came from behind Dayuan, and soon a burst of dust was seen in the distance. One hundred thousand black-armored troops came quickly from the rear of Dayuan's army towards Chang'an City.

The army of 60,000 infantry and 40,000 cavalry quickly arrived at Chang'an City, which caused great panic to the defenders of Chang'an City. The

Song army in Chang'an City thought that the Yuan army was about to attack Chang'an City, so everyone nervously held their weapons. Weapons stare at the approaching black-armored army

"Commander, the Yuan army is not going to attack us, right?" Zou Lanxiu, Yang Erlang's wife, watched the hundreds of thousands of black-armored troops approaching Chang'an City quickly. She nervously said to Taijun She.

Taijun She felt something was very wrong when she saw these incoming troops. These troops were not big. The costumes of the Yuan army, these should be the troops of that bastard Wu Xiangjun.

And it is impossible for these troops to attack Chang'an City now. I am afraid that Wu Xiangjun's army is the same as the army she brought. Wu Xiangjun's army I am afraid that I came here to cheer for Wu Xiangjun.

She Taijun thought about it and said to Zou Lanxiu and the others,

"No, these troops should be the same as the troops we brought. They should also cheer for Wu Xiangjun in his life and death battle, and these are not Dayuan's troops, these are the troops of that bastard Wu Xiangjun."

Taijun She said as she and Zou Lanxiu and the other widows looked at the incoming army. They also ordered the imperial guards here to be on guard. If Lord Wu Xiang's army attacks them, they can also launch a quick counterattack. The

Netherworld Iron Cavalry is here. When they reached a distance of less than one mile from the Song army, they suddenly stopped. The Netherworld Cavalry Corps, wearing ghost masks, lined up neatly and looked at the Song army with a terrifying momentum. At this time,

Mu

Guiying led The Xuanwu Legion also came here. After the arrival of the 60,000 Xuanwu Legion, they immediately set up an offensive formation.

Giant shields were erected in front, and the crossbow shooters all raised their crossbows and aimed at the Song army. As long as Mu Guiying made a sound With the order, the 60,000 Xuanwu Legion will launch an attack on the Yuan Army.

Here at the Song Army,

Zou Lanxiu looked at the 40,000 Netherworld Cavalry Legion and the 60,000 Xuanwu Legion and said in surprise,

"What an elite army. If our Song Dynasty had such an army, those foreign races would have been wiped out by our Song Dynasty long ago."

The other widows of the Yang family also nodded beside them. Now they have no idea of fighting these armies.

Although the Yulin Army is also very elite, the Yulin Army and Wu Xiangjun's army are not at the same level. , the momentum that broke out from Wu Xiangjun's army alone cannot compare to the Imperial Forest Army.

If there is a war between the Yulin Army and Wu Xiangjun's army, I am afraid that the Yulin Army will be massacred by Wu Xiangjun's army.

"Damn it, that Mr. Wu Xiang actually came here with Liu Mei in his arms." Dong Yue'e, Yang Sanlang's wife, suddenly noticed a group of people coming here, but she found that the young man on horseback in front was holding Princess Che. She guessed that the young man was the lustful Lord Wu Xiang, and she saw They were very angry when they got here.

Taijun She and the other widows also looked very ugly now. This time the Yang family was going to be embarrassed. They didn't expect that the pervert Wu Xiangjun would show up in front of hundreds of thousands of troops. They humiliated the women of the Yang family in front of them.

"Widow Chai, if you keep twisting and turning, I will really take off your clothes. Please cooperate with me this time. Otherwise, if you commit suicide now, I will take off your clothes and hang you under Chang'an City."

"Shameless devil, you are not human if you are nervous. Princess Cheshire blushed and stared at this shameless bastard.

The bastard was moving all over her body just now, which made her want to bite her tongue and commit suicide immediately, but the threat of this bastard made her very worried.

She was really afraid of herself. If this bastard really strips himself naked and hangs himself under Chang'an City after committing suicide, I'm afraid he will be embarrassed by the Yang family even if he dies.

Su Chen touched Princess Che's angry face and said with a smile, "Does it matter to you whether or not I am a human being? Now you are just my prisoner. If you don't want me to humiliate you later, you'd better cooperate with me, otherwise you will know the consequences."

At this time, Huang Shang saw Su Chen arriving with Princess Che who had been kidnapped by him, and even teasing Princess Che in front of hundreds of thousands of troops. This made Huang Shang very angry.

"Mr. Wu Xiang, you are going to fight me to the death this time. What are you going to do now with a woman in your arms?"

Su Chen laughed when he saw the surrounding troops looking at him and Princess Che in his arms.

"Ha ha! Huang Shang, it only takes a while to deal with a hypocritical person like you. Today, there are hundreds of thousands of troops from the Yuan and Song Dynasties watching our competition. Haven't I always been a lustful and shameless person? How can I do this life-and-death battle without a woman by my side?"

"Can we start now?"

"Of course, but you can start after I finish speaking."

"Then say it quickly."

Huang Shang really can't stand this verbose bastard. He is just fighting a life and death battle. How can this bastard have so many things?"

Su Chen hugged Princess Che and kissed her and said with a smile,

"Huang Shang, have you seen that Princess Chai has taken refuge with me, as well as the widows of the Yang family? You have also seen that Widow Chai has taken refuge with me, and she will even become my concubine in the future. Do you want to do the same? Take refuge in me? Anyway, you all have dead husbands, so it would be nice to be my concubine from now on."

Chapter 618

Su Chen sat on the horse and sat face to face with Widow Chai. Now he also touched Princess Che's acupoints, but Su Chen did not touch her dumb acupoint. He just wanted to see what Princess Che would do after being humiliated by him. Will the Song army not be allowed to attack?

Su Chen also wanted to know if Huang Shang and the other widows of the Yang family would be so angry that they would start a war if they saw him kissing Princess Chai in front of hundreds of thousands of troops.

If Princess Chai, Huang Shang, and even the other widows of the Yang family could endure it this time, Su Chen would instigate rebellion against the Song Dynasty's army in the future.

After all, Su Chen also commanded the Song Dynasty army on the walls of Chang'an City. If he could capture Chang'an City without starting a war, Su Chen was very happy to do so.

He already had a reputation as a lecherous and shameless bastard anyway, and he didn't mind if his reputation got even worse.

Princess Chee almost fainted when she was kissed by Su Chen. She really didn't expect that this bastard would ruin her innocence in front of everyone.

She even shamelessly said that she agreed to be this shameless pervert's concubine.

Why didn't this shameless pervert die?

Why didn't Heaven send down divine thunder to kill this shameless pervert?

When Princess Che was hugged by Su Chen, she cursed at Su Chen angrily, "Asshole, you shameless pervert, you....."

"Shut up."

Su Chen slapped Princess Che's butt hard and then drank to her,

"Kill me, kill me, you shameless bastard, kill me." Princess Chei kept yelling at Su Chen with red eyes.

At this time,

Taijun She and the other widows of the Yang family all held weapons and looked at Su Chen angrily. They really couldn't help but go at this moment. Kill that bastard.

This Wu Xiangjun is simply more hateful than a flower picker. Princess Che's innocence has been really ruined by this shameless pervert. I'm afraid she will commit suicide if they rescue her in the future..

But they also knew that it was impossible to kill that bastard and rescue Princess Chei now. Lord Wu Xiang's army and Dayuan's army were watching with eager eyes, and even a dozen huge siege ladders were brought from a distance.

Huang Shang's expression did not change at all. He was not interested in any of this. As long as he could kill Wu Xiangjun this time, he didn't care even if Su Chen insulted all the widows in the Yang family.

Su Chen saw that no matter what Huang Shang was still a widow of the Yang family. None of them ordered the army to attack.

This made Su Chen shake his head in disappointment and said,

"It's really boring, Princess Che, it seems you have been given up."

Princess Chei had known this pervert's plan for a long time. She was relieved when she saw that the Yang family did not order the army to rescue her.

As long as the Yang family's army did not attack this bastard, it was impossible for this bastard to order during the duel. When the army attacked Chang'an City,

Princess Chai looked at Su Chen and laughed, "Shameless perverts, they will not be fooled by you. You want the Song Dynasty army to come out of the city to fight with your army this time. It's just ridiculous.""

"It's a pity, but after I kill Huang Shang, I believe the army in Chang'an City will have a good choice." Su Chen carelessly touched Princess Chai's delicate little face and said with a smile.

At this time, whether it was Mu Guiying or Jellyfish Yinji, they were very upset when they saw Su Chen teasing Princess Chai in front of everyone. They were speechless. This serious life and death battle turned out to be a venue for this bastard to tease women. I am afraid that this shameless bastard will become even more famous in the future.

Women like Ruan Xingzhu also looked at Su Chen speechlessly, although they knew that Wu Xiangjun was A pervert, but is it really okay to do this in front of hundreds of thousands of troops? That woman's innocence was completely ruined by that bastard.

Lin Chaoying and the others on the wall of Chang'an City were very angry now. They didn't even think of Su Chen Hui did this. Lin Chaoying and the others who were worried about Su Chen's comfort now wanted Huang Shang to kill the pervert immediately. When

Su Chen got off the horse, he looked at Princess Chai who was lying on the horse and said with a smile, "Widow Chai, now You are no longer useful, what do you think I should do with you?" Princess

Checha glared at Su Chen and said viciously, "Kill or chop you up, I won't let you go even if I'm a ghost.""

"Yeah?"

"You shameless pervert, even if I act like a ghost from now on, I will make you die day and night."

"Ha ha! Day and night? This reminds me of some interesting things, interesting things between men and women"

"Shameless!"

Su Chen doesn't want to talk to Widow Chai anymore. Princess Chai will still be of some use in the future, and he doesn't want to execute Princess Chai now. Huang Shang next to him is impatient to wait, and Su Chen also wants to try it. How powerful is the Half-Step Heavenly Realm?

Su Chen ordered the secret guard next to him,

"take her down"

"It's your Majesty."

After Princess Chai was taken away by the secret guards, Su Chen took out the blue-blooded sword and walked towards Huang Shang,

"Huang Shang, let's get started. Seeing how you can't wait to see the God of Death, I will make it happen for you now."

"It's not certain who will live and who will die. You, a grandmaster, still want to kill me? Let's see who can kill who?"

Huang Shang said and struck Su Chen with a palm. He showed no mercy at all this time. In order to prevent the Song Dynasty from being destroyed by Lord Wu Xiang in the future, he went all out to kill Lord Wu Xiang this time.

When Su Chen saw Huang Shang take action, he teleported and disappeared. He had been guarding against Huang Shang's attack. This Huang Shang was different from what he imagined. He was too insidious and too shameless. Su Chen didn't want the boat capsized in the gutter.

Boom!

After Su Chen disappeared, Huang Shang made a big hole directly where he was standing.

"Twelve swords"

"Nine Yin Divine Claws!" boom!

"Fifteen of swords!"

"Heart-destroying palm!"

Boom!

The battle between Su Chen and Huang Shang was neck-and-neck here. Su Chen used his teleportation to continuously attack Huang Shang from all directions.

After all, Huang Shang used to be a land immortal in the heavenly realm. Although Now he has fallen into the realm of heavenly beings, but his reaction ability is still very strong. Every attack by Su Chen is noticed by him in advance.

The place where they are fighting is now full of holes and bumps, and even some huge rocks have been destroyed by Su Chen. Chen and Huang Shang's attacks were shattered.

Su Chen did not expect how powerful Huang Shang's reaction ability was. Every attack he made was broken by Huang Shang.

Su Chen thought that he was not even as good as his own Shadow Assassin. Shadow The assassin stabbed Huang Shang anyway, but he didn't even scratch Huang Shang's clothes. This made Su Chen attack Huang Shang with full firepower.

"Twenty swords!"

"Feixu Jin!"

Boom! Boom!"

"Sword twenty-one!"

"Soul-moving magic!"

After Su Chen used Sword Twenty-One, he suddenly felt his head pounding and became dizzy. After he heard that Huang Shang was using the soul-moving technique, Su Chen knew that it was just a mind-controlling attack. This was To disturb his mind

""Heart-Destroying Palm"

Boom!

Su Chen was still a step too slow to react. Before he could teleport away, he was knocked away by Huang Shang's palm.

Chapter 619

Mu Guiying and Jellyfish Yinji were very nervous when they saw Su Chen being beaten out, but they trusted Su Chen and did not go to save Su Chen. There were hundreds of thousands of troops watching here. If they took action Save Su Chen, I'm afraid Su Chen's prestige will be completely damaged in the future.

Jellyfish Yin Ji looked at Su Chen nervously now. Although Su Chen had vowed before that he could kill Huang Shang, but now it seems that this bastard is vulnerable.

Jellyfish Yin Ji is now a little worried about this bastard," Isn't this bastard really not Huang Shang's opponent? Will I save this shameless bastard right now?"

Mu Guiying is now holding the spear in her hand tightly. She is now scared to death by this bastard.

This Is Huang Shang not his opponent?

Is this what that bastard said was very easy to kill Huang Shang?

Will that shameless bastard die if he doesn't brag?

"Okay, that's it, we must kill that shameless pervert." When Princess Chei saw Su Chen being beaten out, she laughed and shouted loudly.

She now sees that revenge is coming. As long as Huang Shang can kill Wu Xiangjun, that shameless pervert, she will commit suicide now. No regrets anymore

"Cough cough cough! Damn it, this old bastard can actually use the soul-moving technique."

Su Chen looked at his chest when he got up from the ground. Although he didn't dodge Huang Shang's attack this time, he luckily protected his chest with the Blue Blood Illuminating Danqing Sword, otherwise he would be seriously injured even if he didn't die this time.

"Big Demon-Suppressing Fist!"

"Let me tell you, this is beating him to death at the first sight of injury! I dodge!"

Su Chen suddenly realized that Huang Shang was attacking again without giving him a chance to react. He hurriedly teleported away from his previous position.

Boom!

Dust was flying here for a while when Huang Shang hit him, and one person was even bigger than before. A huge pit appeared here.

Su Chen suddenly appeared in mid-air and looked at Huang Shang and thought,

【We can't do this anymore. Ordinary attacks can't hurt this shameless bastard.】

【Looks like I need to use a trick! 】

Su Chen thought and raised the Blue Blood Illuminating Painted Sword. This time he could only use the [Excalibur Thunder True Art]. He had not fully learned the [Ten Thousand Sword Art], otherwise Huang Shang would definitely be disappointed this time. Taste the feeling of ten thousand swords piercing the heart.

When Su Chen started to use the Divine Sword and Thunder Control Technique, an energy protection circle invisible to the naked eye appeared around Su Chen.

"What is this bastard going to do? Why is it floating in the air?" Jellyfish Yinji was very strange when she saw Su Chen's appearance.

She didn't understand why Su Chen didn't come down from the air. He would be attacked like a target in the air. Even this bastard couldn't dodge attacks flexibly in the air.

Jellyfish Yin Ji is now worried about this bastard. She holds her cold fists and is ready to save the bastard at any time. When other people around see this, they don't understand what Su Chen is going to do. Su Chen is now floating with a long sword in his hand. It looked a bit weird from the air.

They all thought that if Huang Shang attacked Su Chen at this time, Su Chen might not even be able to dodge.

"Heart-stimulating Palm"

Boom!"

When Huang Shang flew up with Qinggong and blasted Su Chen with a palm, a blue energy aperture blocked Huang Shang's attack.

"How can it be? What is that blue aperture?" Huang Shang didn't expect that his attack was blocked, but Su Chen was not injured at all.

"I don't believe that the blue halo can't be broken. Wu Xiangjun must die this time."

"Heart-destroying palm!"

"Big Demon-Suppressing Fist!"

"Nine Yin Divine Claws!"

"Soul-moving magic!"

Huang Shang attacked Su Chen with palms and punches, but every attack he made was blocked by a blue halo, which made Huang Shang's mentality collapse.

Wu Xiangjun was right in front of him, but he actually After trying all kinds of methods to kill him, Huang Shang looked at Su Chen very unwillingly.

Jellyfish Yinji breathed a sigh of relief when she saw that Huang Shang's attack was unsuccessful, but now she looked at Su Chen with a frown. , what is the blue halo that appeared just now?

Why is there a blue halo protecting Su Chen?

Mu Guiying now looked at Su Chen in shock. She did not expect that this bastard had such an ability, but this bastard held up Will playing cool with a long sword make Huang Shang tired to death?

Princess Che is blinking her eyes non-stop. She thought she had seen it wrong. Every attack of Huang Shang was blocked by a blue halo. That shameless pervert actually Does Huang Shang really have the ability to kill this bastard?

"Master, what kind of ability does Wu Xiangjun have?"On the wall of Chang'an City, Xiao Longnu looked at Su Chen and asked Lin Chaoying.

Xiao Longnu didn't expect that shameless pervert Wu Xiangjun to have such abilities. They were very worried about this bastard just now.

Although this bastard is a very good person. Shameless pervert, but after all, he has a good relationship with their master and apprentice, and they don't want Wu Xiangjun to be killed by Huang Shang

"It is a powerful sword art. As you will see in a moment, it is a sword art that can summon thunder to attack."

Lin Chaoying has seen Su Chen use this kind of sword technique. Now she is not worried that this bastard will be killed by Huang Shang.

Xiao Longnu and Li Mochou were stunned when they heard Lin Chaoying's words.

They can summon thunder. Attack?

The master didn't lie to them, right?

How could a human being summon thunder?

At this time,

Su Chen also gathered enough skills. He looked at Huang Shang and started to use the Divine Sword and Thunder Control Technique.

"Nine Heavens Xuansha!"

"Turn into divine thunder!"

"Brilliant Heavenly Power!"

"Lead it with your sword!"

When Su Chen began to recite the formula of Divine Sword Controlling Thunder, the sky over Chang'an City quickly darkened, and black thunder appeared in the air and made loud crackling noises.

Jellyfish Yin Ji looked at Thunder in the sky was stunned, "This.....this.....Is this summoning thunder? This bastard can actually summon thunder?"

"Thanks to my husband, he was able to summon the thunder. Is that bastard a god? Mu Guiying stared at Su Chen and said happily.

Princess Che was a little dumbfounded and said in disbelief, "Impossible?" How can this be? How could that shameless pervert summon thunder?"

The expressions of the others were similar. They were all confused by Su Chen's summoning of thunder. Is there anyone in this world who can summon thunder? But the fact is right in front of them. They just don't believe it and it's impossible.

Dayuan All the soldiers in the army knelt down towards Su Chen. Did they ever think that their commander-in-chief was actually a god-like person?

Thunder!

This is Thunder!

Their commander-in-chief actually summoned Thunder to fight for him.

Huang Shang is very nervous now. He has been locked by Su Chen. Huang Shang has no way to escape now.

He did not expect that this Lord Wu Xiang actually has such a sword technique. This is not an ordinary sword technique. Huang Shang could not withstand this powerful thunder attack.

Huang Shang was not willing to wait for death like this, so he used all his strength to attack Su Chen in the air.

"kill! Big Demon-Suppressing Fist!"

Chapter 620

Su Chen watched Huang Shang attack again. He had gathered enough thunder now. Su Chen raised the Blue Blood Illuminating Painting Sword and swung it towards Huang Shang.

"Divine sword's true art of controlling thunder, kill!"

A huge black thunder blade suddenly appeared and attacked Huang Shang instantly. At this time, thunder and lightning roared in the sky of Chang'an City, as if the end of the world was coming to destroy the entire world.

Ordinary people in Chang'an City were hiding in their respective houses. They looked at the vision in the sky in horror. Ordinary people like them didn't know what happened, but the scene in the sky in Chang'an City was too scary now.

"Damn it, how come the Divine Sword and Thunder Control Technique is so powerful this time? I almost couldn't control myself. What on earth is going on?" Su Chen was also very confused after he launched the attack of the Divine Sword and Thunder Control Technique.

He used the Divine Sword and Thunder Control True Technique this time like last time. He still has inner strength, but this time why is the Divine Sword and Thunder Control Technique so much more powerful than the one used last time?

Boom!

Crackling!

When the huge black thunder sword struck Huang Shang in an instant, the black thunder also continued to strike Huang Shang from all directions.

Huang Shang couldn't hide when he saw the black thunder sword. In just a moment, he was struck by the black thunder. The blade was submerged.

Exactly a quarter of an hour later, the sky became bright again, and the black thunder in the sky disappeared. Only a huge pit hundreds of meters long appeared outside Chang'an City, and Huang Shang also disappeared, leaving only put down some broken green rags.

All the soldiers and women outside Chang'an City looked at Su Chen in the sky in shock. The strength Su Chen showed this time scared all the soldiers and women here.

"Cough cough cough!"

Su Chen saw these confused looks and pretended to cough to wake up these confused people. He didn't want hundreds of thousands of people here to look at him like this.

"Long live Lord Wu Xiang!"

"Long live Lord Wu Xiang!"

"Long live Lord Wu Xiang!"

Su Chen's Nether Cavalry and Xuanwu Legion reacted and raised their weapons and shouted. They were excited to have such a powerful master.

"Long live Lord Wu Xiang!"

"Long live Lord Wu Xiang!"

"Long live Lord Wu Xiang!"

All the soldiers in Dayuan also reacted and shouted. The shouts of the nearly 400,000 troops outside Chang'an City were very loud, and the excited soldiers did not want to stop at all.

Mu Guiying's beautiful eyes She looked at Su Chen with love. She really didn't expect that Su Chen would kill Huang Shang with such a powerful attack.

This bastard was indeed right. He could indeed kill Huang Shang easily, but this ease was too scary. Jellyfish Yinji was confused when she looked at Su Chen. She had felt it just now. If Su Chen's thunder attack blade was aimed at her, she would be injured. Although this thunder attack blade could not kill her , , but she couldn't face Su Chen's attack. Jellyfish Yinji didn't want to be injured for no reason, and she would suffer serious injuries.

Jellyfish Yinji looked at Su Chen in the air and said to herself,

"I didn't expect this bastard to have such a trump card. It seemed that I underestimated this bastard. However, as long as she advanced to the Golden Core realm, Su Chen's sword technique would not be able to do anything to her."

Princess Che now looked at Su Chen nervously and kept saying, "How is that possible? How can this be? Huang Shang died, and he was killed by that pervert Wu Xiangjun?"

Su Chen felt disgusted when he heard the shouts of all the soldiers in the air. Shouting "Long Live" is useless. Those emperors were shouted "Long Live" every day but did not see that they lived a hundred years.

Su Chen was really too lazy. Hearing that Long Live is not Long Live, he raised the Blue Blood Sword and shouted with his inner strength,

"Win!"

"Win! Win! Win! Win! Win!....."

Nearly 400,000 soldiers from the army outside Chang'an City slapped their weapons and started shouting.

The widows of General Yang and all the soldiers of the Royal Forest Army were now very frightened. With such a powerful commander and such a powerful army, they could hold on. Chang'an City?

Even the soldiers of the Song Dynasty army on the city wall looked at Su Chen and the huge army outside the city wall in stunned silence. This time they all felt very desperate.

If Lord Wu Xiang launches a thunderous attack on the Chang'an city wall again, the Chang'an city wall may be blown down in an instant. All their soldiers here cannot defend against such a thunderous attack.

Lin Chaoying felt an inexplicable emotion when she looked at Su Chen. Her heart was beating very fast now, just like when that bastard kissed her.

Now Lin Chaoying couldn't help but want to go find Su Chen, but now that hundreds of thousands of troops were here, she had no choice but to wait until the war was over before going to find that bastard.

Xiao Longnu and Li Mochou looked at Su Chen with red faces. Su Chen was very handsome at this time. Now they both felt that Su Chen was not only a perfect commander, but also a perfect man. At this moment, they But they all fell in love with Su Chen.

Shangguan Jinhong wiped the cold sweat on his head and cursed,

"What the hell! Fu Hongxue and Jing Wuming, have you seen it? Wu Xiangjun is a big scumbag. This bastard is so powerful and he keeps pretending to be in the innate realm. Who knows, maybe that bastard will start to seduce people again."

"Shameless, this bastard is so shameless"

"It's very shameless. This bastard is at least at the peak of the Grand Master's strength, and is even close to the Heavenly Realm."

Jing Wuming and Fu Hongxue also said with gritted teeth.

They didn't expect that bastard Wu Xiangjun pretended to be in the innate realm at first, and exposed the master realm when fighting Ouyang Ke who was in the master realm.

But now he is in the half-step heavenly realm. When Huang Shang was fighting, he unexpectedly burst out with such a powerful thunder attack.

This was so scary.

What kind of strength is this Lord Wu Xiang? Now they can't figure it out.

At this time,

Su Chen turned around and looked at Chang'an City wanted to take this opportunity to persuade the Chang'an City army to surrender. He looked at the restless Song army on the Chang'an City wall and shouted loudly,

"All soldiers and generals of the Song Dynasty, listen, I am Lord Wu Xiang, Lord Wu Xiang of Gusu City in the south. I give you one day to think about it today. Are you going to resist my army and attack the city? Or surrender to me?"

"I can tell you clearly that after I conquer Chang'an City, I will not massacre ordinary people, nor will I massacre the surrendered soldiers. I believe you have also heard about my army's attack on the city. If you do not surrender in one day, I will Will order the army to start attacking the city."
