Chapter 621

In Chang'an City, in the Yang family's mansion.

The widows of the Yang family are now sitting together in silence without speaking. They are all not frightened by what happened today.

Wu Xiangjun's shocking blow today made them all feel helpless. Wu Xiangjun is so powerful, how can they kill him to avenge the dead men of the Yang family?

"What should we do now? The defenders of Chang'an City are wavering now. I am afraid that the defenders of Chang'an City will really surrender to Lord Wu Xiang tomorrow. After all, Lord Wu Xiang treats the surrendered soldiers well and will not even massacre the surrendered soldiers and civilians."

"Yes, if the garrison of Chang'an City is not under our control tomorrow, I'm afraid we can only rely on less than 100,000 imperial guardsmen."

"I'm afraid the Imperial Guard is no longer reliable. What happened today has greatly affected the Imperial Guard. It's good that there will be no deserters in the Imperial Guard tomorrow."

"Mom, we will definitely not be able to defend Chang'an City tomorrow. We might as well go out of the city and fight with Lord Wu Xiang's army tomorrow. Even if we die in battle, we won't let that bastard have an easy time."

"Yes, tomorrow we will fight with Mr. Wu Xiang. Even if we fight to the death, we have to kill that bastard. Our revenge must be avenged."

The widows of the Yang family began to discuss one after another. Although they were frightened by today's events, they have not forgotten their husbands' hatred. They still aimed to kill Wu Xiangjun, even if they all died in battle..

Taijun She looked at these daughters-in-law and shook their heads. She was also frightened by Wu Xiangjun's strength today. Wu Xiangjun even killed Huang Shang, the national preceptor. How could they, the widows, kill Wu Xiangjun? Xiangjun?

With their acquired and innate strength, widows like them may not be able to kill the powerful Wu Xiangjun even if they die.

She Taijun is also very desperate now. The defenders of Chang'an City will definitely surrender without a fight tomorrow. , what are the widows going to do tomorrow? Taijun She didn't think of any solution now.

Taijun She looked at her daughters-in-law and said helplessly,

"Okay, you all have to work hard tonight. The defenders of Chang'an City must be careful. We can't let the defenders who want to surrender open the city gate and surrender tonight. Each of you will patrol Chang'an City with 10,000 imperial troops. As for tomorrow I will consider the matter. You don't have to worry about it."

"Yes, mother."

Zou Lanxiu and the others left after hearing Taijun She's order. Now they can only stabilize the army in Chang'an City first. Otherwise, if the army in Chang'an City surrenders at night, I'm afraid they will also be killed by Lord Wu Xiang. The pervert caught him.

In the camp of Commander-in-Chief Dayuan,

Su Chen was sitting in the tent enjoying the delicious food. Mu Guiying and Jellyfish Yinji next to him kept asking Su Chen about the sword technique that Su Chen used today.

Su Chen Chen was too lazy to pay attention to them. He was very hungry now. He did not expect that today's Divine Sword and Thunder Control Technique would be so powerful.

Su Chen still didn't understand what was going on.

Mu Guiying poured it for Su Chen After a cup of tea, he continued to ask, "You bastard, please stop eating. Are you going to tell me how you summoned that black thunder to attack today?"

Su Chen took a sip of tea and said to Mu Guiying,

"Mu Guiying, you will know this in the future. Anyway, you will be the daughter-in-law of our Su family in the future. You can also learn the martial arts secrets and secret techniques in our family in the future. After this war is over, you can return to Gusu to learn what you are interested in. Martial Arts and Secret Techniques"

"That's it, then I'll go back to Gusu City to study in the future." Mu Guiying's eyes lit up after hearing Su Chen's words.

She knew that since Su Chen said this, she could also learn the powerful sword technique used by this bastard today. This made Mu Guiying a little happy. But she Mu Guiying was very worried when she thought about meeting Su Chen, the bastard Mrs. Jun, and those powerful women in the future.

After all, she was an insignificant woman, and those women were all powerful women.

If she went there in the future After entering Wu Xiangjun's mansion in Gusu City, wouldn't he be beaten by those powerful women?

"This is for you. Go and eat it in your tent."

Su Chen took out a red fruit from the system space and handed it to Mu Guiying.

He knew that Mu Guiying wanted to learn her own powerful sword technique, but it was a bit fanciful for her innate cultivation level to learn the emperor-level sword technique. , now he can only let Mu Guiying use Zhu Guo to improve his strength.

"What's this?" Mu Guiying looked at the Zhu Guo handed to her by Su Chen and asked doubtfully,

"Zhu Guo can improve your cultivation realm"

"real?"

"I guess, of course it's true, would I lie to you?"

Mu Guiying still didn't believe it when she held this Zhu Guo. This Zhu Guo looked like a kind of fruit.

But how could this bastard say it could improve her strength?

Is this bastard making fun of her?

Mu Guiying looked at the red fruit in her hand. The fruit said in disbelief, "This is just a fruit! You really didn't lie to me!"

Jellyfish Yinji was very surprised when Su Chen took out this red fruit. It was a spiritual fruit full of spiritual energy. This bastard Su Chen actually had the spiritual energy fruit, which made Jellyfish Yinji even more certain that this bastard must have been there. A site with spiritual energy.

Jellyfish Yinji looked at Mu Guiying in disbelief and said,

"Mu Guiying, this is a heaven and earth spirit fruit. If you eat it, you will have a chance to upgrade your strength to the master level. At worst, it can also upgrade your strength to the innate peak level."

After hearing what Jellyfish Yinji said, Mu Guiying opened her eyes wide and looked at the red fruit in her hand. This is actually a heaven and earth spirit fruit? This was something Mu Guiying could not have imagined. She looked at the red fruit and nodded to Su Chen. He hurried out. She wanted to eat this red fruit as soon as possible to improve his strength.

Su Chen was very speechless when he saw Mu Guiying hurried out. He didn't expect that after talking so much, he couldn't compare to the jellyfish Yin Ji. This sentence made Su Chen very depressed.

When Su Chen saw Jellyfish Yinji staring at him, he felt a little bad. Is this pervert Jellyfish Yinji going to have another idea?

"What are you looking at? Why don't you go back and rest?"

"Bastard, after the war is over, I will come to settle the score with you, bastard." Jellyfish Yinji was very angry when she heard what Su Chen said.

She originally wanted to ask this bastard about the spiritual fruit, but she didn't plan to ask now. Anyway, this bastard will give her the spiritual treasure after the war.

Even this The bastard still owes herself a promise. She can deal with this shameless bastard as she pleases in the future.

"Perverted woman!"

Su Chen whispered when he saw Jellyfish Yin Ji leaving, boom!

"What the hell!"

"you wanna die!"

Chapter 622

Su Chen was stunned when Jellyfish Yinji blasted her out of the commander's camp. It was clear that Jellyfish Yinji had already walked out of the commander's camp, so how could that perverted woman still hear her whisper?

Now that he had provoked this perverted woman again, Su Chen was very worried that this perverted woman would take revenge on him.

Su Chen got up from the ground and disappeared directly. He had just seen the angry Jellyfish Yinji coming over. Su Chen didn't want to wait for the Jellyfish Yinji to come and beat him.

When Jellyfish Yinji appeared at Su Chen's place, she saw that bastard running away instantly. She angrily cursed,

"Damn it, you can't run away, no matter what, I have to teach you a lesson this time, shameless bastard, for how dare you call me a perverted woman."

The Dayuan soldiers and secret guards who were guarding the commander's camp looked at each other and didn't move. They stood at their respective posts as if nothing happened.

These guards didn't dare to care about Su Chen and Jellyfish Yin Ji. Things, especially the soldiers of Dayuan Army, they know the strength of this terrifying woman.

If this terrifying woman is angered, I am afraid this terrifying woman will go on a killing spree. They don't want to be killed by this terrifying woman for no reason..

Su Chen appeared on a hill near Chang'an City and sat down and thought,

【What the hell!】

【This time I committed suicide again】

【Why is that perverted woman like Jellyfish Yin Ji so good at hearing?】

【I don't know how she will beat herself this time?】

【never mind!】

【I'll wait and see how Jellyfish Yin Ji treats me. Anyway, I might just keep running away. 】

When Jellyfish Yinji appeared next to Su Chen, she found that this bastard had not escaped. This made her very confused. Wasn't this bastard afraid that she would attack him harshly this time?

"You came!"

"You shameless bastard, why didn't you run away this time?"

"Where can I escape?"

"Are you ready to get beaten?"

"Ahem! Can you not beat me this time? I'm Mr. Wu Xiang. It's very shameless for you to beat me up like this."

"That's what you, the bastard, deserve, and I won't let you, the shameless bastard, go."

Su Chen looked at Jellyfish Yin Ji who looked like he would never let her go. He immediately appeared next to Jellyfish Yin Ji, hugged her and pulled off Jellyfish Yin Ji's veil.

Su Chen thought that this time he Maybe he couldn't avoid Jellyfish Yinji from beating him, and he didn't want to suffer a loss.

He didn't know what Jellyfish Yinji looked like now.

This time, he just wanted to see if Jellyfish Yinji was beautiful or not?

When Su Chen After grabbing Jellyfish Yinji's veil, he hugged Jellyfish Yinji and stared at it. Su Chen didn't expect how beautiful Jellyfish Yinji was. Su Chen stared blankly at Jellyfish Yinji's clear and bright pupils. The curved willow eyebrows and long eyelashes tremble slightly.

The fair and flawless face shows a faint blush, and the thin red lips are as delicate as rose petals.

In addition, the jellyfish cunt has a bulging figure. With a waist as thin as a water snake, this is a peerless beauty!

No!

This is a mature, peerless, beautiful and sexy woman.

Su Chen couldn't help but kiss her when she saw it.

Jellyfish Yinji was completely confused now, she didn't expect This shameless bastard hugged her, and now she even tore off her veil.

Just when Jellyfish Yinji reacted and wanted to beat this bastard, she didn't expect that this shameless bastard actually kissed her.

Boom!

Jellyfish Yinji directly kissed her. She sent Su Chen flying out, this damn bastard!

Jellyfish Yinji was going to kill this shameless pervert now. Although she knew that Su Chen, this shameless pervert, was very lustful, she never thought that this bastard would dare Treat her like this.

But when she thought of this shameless sex baby, her heart palpitated, and her heart beat very fast.

She had never encountered such a situation before, even when Su Chen held her in his arms. Yin Ji felt very warm and weak.

Jellyfish Yin Ji looked at Su Chen who was still looking at her dreamily, which made her anger burst out.

"You shameless pervert is dead this time." Jellyfish Yinji wiped her mouth and stared at Su Chen and drank in shame.

Su Chen got up from the ground and waved his hands hurriedly and said,

"Wait, Jellyfish Yinji, can you not kill me? You can beat me up to vent your anger. I just couldn't help it. If you want to kill me, I will run away. You know I can run away."

Jellyfish Yin Ji laughed angrily when she heard what this bastard said. She didn't expect that this shameless pervert would dare to bargain for her at this time. This shameless pervert is now completely lawless.

But she thought that this bastard's ability to escape is very powerful. , if this bastard really escapes, I'm afraid she will have to use some means to catch this bastard.

Jellyfish Yinji thought for a while, then looked at Su Chen and said expressionlessly, "Okay, I will spare your life this time, but I have to give you a good beating this time"

"real?"

Su Chen didn't believe what Jellyfish Yinji said now.

How could this perverted woman be so easy to talk to this time?

Doesn't she have any conspiracy?

Jellyfish Yinji put on her veil again and said to Su Chen,

"You don't have to believe it."

Su Chen was speechless after hearing what Jellyfish Yinji said, "I'll do it! Did you say it or not?"

"Then you can try to escape?"

Jellyfish Yin Ji walked towards Su Chen step by step with a cold face.

【What the hell!】

【What should we do now?】

【Now Jellyfish Yinji has a face of ice. She will definitely not let her go easily. This perverted woman will not be so easy to talk to.】

【This is his! Why couldn't he help kissing this perverted woman? He was definitely dead this time.
】

Su Chen thought for a while and did not teleport away.

This time he wanted to take a gamble.

After all, Jellyfish Yinji also wanted spiritual treasures. Su Chen could only give Jellyfish Yinji a spiritual stone to bribe her.

It's just that such a beautiful woman as Jellyfish Yinji actually likes women.

This is really a pity for him

"Jellyfish Yin Ji, I use this to atone for my sins, how about this time the matter ends here?" Su Chen took out a spiritual stone from the system space and threw it to the jellyfish Yin Ji, saying,

"hiss! Spiritual stone? You actually have a spirit stone?" Jellyfish Yinji took the item Su Chen gave him and found that it was a spirit stone, and it was also a spirit stone with very sufficient spiritual energy. This surprised Jellyfish Yinji.

Treasures like spirit stones are rare. I asked for it, and there are no spiritual stones in this world.

Even some treasures with thin spiritual energy are very, very rare in this world. How can this bastard have the legendary spiritual stone?

Jellyfish Yinji only needs one spiritual stone to be successful. She was very excited when she saw the spiritual stone in her hand after advancing to the golden elixir realm.

As long as she uses this spiritual stone to successfully advance to the golden elixir realm, not only will her strength be greatly increased, her lifespan can even be increased to tens of thousands of years.

"uh-huh!"

When Su Chen saw Jellyfish Yinji's excited look, he knew that he could handle Jellyfish Yinji this time.

"You're so humiliated. One spiritual stone is not enough. Give me four more spiritual stones and I won't kill you."

"You want to eat farts! Just one spiritual stone, I don't have any more."

Chapter 623

Jellyfish Yin Ji now wants to ask this shameless pervert how many more spiritual stones he wants, but she has no intention of catching this bastard and forcing him to hand over the spiritual stones in his hand.

And she couldn't do anything to Su Chen. She could beat this shameless pervert, but she wouldn't kill this bastard, and even threatened him to hand over the spirit stone.

After all, Jellyfish Yinji knows this bastard very well.

If she really dares to catch this bastard and threaten him to hand over the spirit stone, I'm afraid he will fall out with her directly, or even take action against herself. This bastard is a soft-hearted person who doesn't take hard work. Shameless pervert.

Jellyfish Yinji didn't care about this bastard saying harsh words to her, "Are you really not? Why don't I believe what you, a shameless pervert, said?"

"Believe it or not, I don't have it anyway. If you really don't believe it, you can come and search me."

Jellyfish Yinji didn't sense the spiritual energy in this sex embryo just now, but this bastard suddenly took out a spiritual stone, which made Jellyfish Yinji unable to guess where this bastard hid the spiritual stone.

Jellyfish Yinji Thinking that even if I search this bastard now, I'm afraid I will find nothing, "Su Chen, two spiritual stones, I just want two more spiritual stones, you can ask for anything?"

Su Chen looked at Jellyfish Yinji and was very confused.

Why is this Jellyfish Yinji begging for herself now?

If she really wanted the spirit stone, wouldn't she catch herself and force him?

This is not Jellyfish Yinji's usual practice. Huh?

This time Su Chen gave Jellyfish Yinji the spirit stone because he kissed her, so he decided to compensate Jellyfish Yinji. He is now highly concentrated and ready to escape.

If Jellyfish Yinji wants to catch her, even Forcing himself, Su Chen decided to recall the Marquis Bai Ruobing, Yin Yang Family Donghuang Taiyi, Shi Guanyin, and Madam Ye Di, four heavenly and human realm land gods to surround and kill Jellyfish Yin Ji.

But now it seems that Jellyfish Yin Ji does not want to catch him, Su Chen felt that it was useless to attack Jellyfish Yinji these days, at least Jellyfish Yinji would not really kill him.

"You have a fever?" Su Chen looked at Jellyfish Yinji, smiled and touched her forehead and asked.

When Jellyfish Yinji saw that this bastard was touching her, she angrily opened Su Chen's hands and said,

"Go away, don't touch me anymore, Su Chen, I really need two more pieces of spiritual stone. If you have it, give me two more pieces."

"What else do you need two spiritual stones for?" Su Chen now looked at Jellyfish Yin Ji with great confusion. Although the spirit stone is very useful to people in the Golden Core realm, Jellyfish Yin Ji is not a strong person in the Golden Core realm after all. The Spirit Stone may not be of much use to her, right?

When Jellyfish Yinji saw that Su Chen was loose, she hurriedly said to this bastard,

"Although a spiritual stone with sufficient spiritual energy can allow me to advance to the Golden Core realm, I still need at least two spiritual stones to advance to the middle stage of Golden Core cultivation."

"There was a secret place that I went into, but there was a monster guarding it. If I hadn't advanced to the middle stage of Jindan cultivation, I might not be a big opponent to that monster."

"Advance to the golden elixir realm? Do you want to advance to the middle stage of Golden Elixir? Secret land? Is it a secret place with spiritual energy?" Su Chen was very surprised when he looked at Jellyfish Yinji.

He didn't expect that Jellyfish Yinji could use spiritual stones now?

Aren't spiritual stones only available at the golden elixir realm?

Could it be that a half-step to the golden elixir realm can use spiritual stones?

And what kind of secret place is that?

Is this the same thing as Bai Ruobing, Donghuang Taiyi, and Bei Mingzi did in the Eastern Continent?

Bai Ruobing seemed to have said that they were also looking for a secret place.

Jellyfish Yinji nodded and said Su Chen said,

"Yes, I was discovered by that monster more than 20 years ago just when I went to the edge of that secret place. If I hadn't escaped quickly, I might have died there."

"That monster is at least as strong as an early stage Golden Core. In addition, the monster is huge and its scales are very hard. If I don't advance to the middle stage of the Golden Core, I might not be a big opponent to that monster."

Su Chen fell silent after hearing what Jellyfish Yinji said. Now she knew what Jellyfish Yinji was going to do.

Su Chen also decided to give Jellyfish Yinji the spirit stone, but this time Su Chen wanted to give Jellyfish Yinji her hobby. It's fixed.

Otherwise, if Jellyfish Yinji advances to the Golden Core realm in the future, I'm afraid Shi Guanyin will also be found by her. Su Chen doesn't want a powerful woman to compete with him for women.

Su Chen touched his chin and smiled at Jellyfish Yin Ji said, "Come here and take off your veil"

"what are you up to?"

Jellyfish Yinji hurriedly took a few steps back after hearing Su Chen's words. Now she looked at Su Chen, a shameless pervert, and worried that he would do those things to her again.

Su Chen was happy to see the way Jellyfish Yinji was afraid of her. , a super master who was half a step into the golden elixir realm was actually afraid of him.

Su Chen smiled and walked towards Jellyfish Yin Ji with ill intentions,

"What do you think?"

Jellyfish Yin Ji is now flushed and a little overwhelmed. She has forgotten that she is stronger than this bastard.

Jellyfish Yin Ji keeps retreating like a helpless little woman, "Shameless pervert, I will not agree. You'd better give up on this unreasonable request."

Su Chen dodged and hugged Jellyfish Yinji again and said with a smile, "Jellyfish Yinji, you have been kissed by me. From now on, you can only be my woman. Do you still want to find other men?"

"Shameless! Let me go, I'm not your woman, and I don't like men either." Jellyfish Yinji felt very weak after she was hugged by Su Chen again. Now Jellyfish Yinji is very afraid of what this shameless pervert will do to her.

Su Chen ignored Jellyfish Yinji and gently used one of his hands to Then he took off the veil of Jellyfish Yinji. Su Chen looked at Jellyfish Yinji's beautiful face, smiled and put the veil back on her.

Su Chen let go of Jellyfish Yinji and took it out from the system space. He handed the four spiritual stones to the jellyfish Yin Ji and said,

"Here, here are four spiritual stones. I hope you can advance to the middle stage of Jindan cultivation."

"you.....Why did you suddenly give me four spiritual stones?"Jellyfish Yinji was very confused when she looked at Su Chen.

When this bastard took off her veil just now, she was ready to beat this bastard out.

But this bastard took one look at her face and put it on her again. The veil, and even gave her two more spiritual stones, which made Jellyfish Yinji confused for a while.

Su Chen also wanted to do something to Jellyfish Yinji at this time, but he knew that there is no need for haste. Da, he doesn't want to make Jellyfish Yinji dislike him at this time.

He has already tried to commit suicide today. Jellyfish Yinji's performance this time is that she has a good impression of him. Su Chen doesn't want to mess things up now,

Su Chen pointed out Holding her head, she smiled and said to Jellyfish Yinji,"You will be my woman in the future anyway. I am very good to my woman. I also have your face in my mind now. How will your face look in the future?" I will remember it clearly"

"You are shameless, I am not your woman, you shameless pervert, stop having your wishful thinking."

Chapter 624

When Jellyfish Yinji looked at Su Chen, she was very ashamed and angry. This shameless pervert would actually take advantage of her, but how could she be so happy in her heart?

Are you crazy?

She likes Shi Guanyin! Stone Guanyin!

Why do I have feelings for this shameless pervert now?

"Hahaha! Sooner or later you will be my woman, you can't run away." Su Chen smiled and sat on a big rock and looked at the night sky and said, the night is very beautiful today, but the jellyfish Yinji is even more beautiful.

This time Su Chen knows that a woman so beautiful can really bring disaster to the country and the people. No wonder King Zhou of Shang Dynasty would perish for the nine-tailed fox Su Daji.

Su Chen now also understands why the Jellyfish Yinji always wears a veil. The current Su Daji is outrageously beautiful. If she reveals her peerless appearance, there may be people who don't know. How many people in the world are ready to move against her.

Uh!

Why did I think of Su Daji?

Su Daji also has a surname of Su. Isn't this Su Daji related to me?

Ahem!

Thinking too much, thinking too much.

This is a comprehensive martial arts The world is not a mythical world.

Jellyfish Yinji accepted Su Chen's spirit stone and said to Su Chen with some melancholy, "I'm leaving, Su Chen. After I get the spirit stone you gave me this time, I want to return to the divine water." Palace retreat hits the golden elixir realm"

"Leave now?"

Su Chen didn't expect Jellyfish Yinji to leave now. He doesn't want Jellyfish Yinji to leave now. He hasn't seen this beautiful and outrageous woman a few times. If she leaves now, I'm afraid he won't be able to see her for a few years.

"Yes, Su Chen, there will be a big disaster in this world in the future. You'd better improve your strength as soon as possible." Jellyfish Yinji smiled when she saw Su Chen's reluctance to leave. However, she thought of a historical record she had read and told Su Chen. The historical record recorded a cycle of five thousand years. From that historical record, Counting from the year of , I am afraid that there will be another reincarnation in more than ten years.

In the last reincarnation, the spiritual energy of heaven and earth disappeared, and even the cultivators disappeared for no reason. Jellyfish Yin Ji did not know what kind of disaster would happen this time..Su

Chen looked at Jellyfish Yinji in great surprise, what is this?

Why is it so mysterious now?

What kind of disaster will happen in a mixed martial arts world?

"Is there a catastrophe? What disaster?"

Jellyfish Yin Ji shook her head and said,"I don't know, there should be records in the secret place, so the reason why I want to improve my strength is to know what is in the secret place."

Su Chen didn't know when he saw Jellyfish Yin Ji now, and he didn't think so much. Anyway, he is an ordinary mortal. Even if there is a big disaster, that is what the protagonist should do, and it has nothing to do with him.

Su Chen thought of Shi Guanyin who was still hiding everywhere and reminded Jellyfish Yinji,"I know, but Shi Guanyin, don't look for her in the future. Shi Guanyin is my woman and will be your sister from now on.""

When Jellyfish Yinji heard Su Chen's words, she pointed angrily at Su Chen and cursed,"Shameless pervert, you actually.....You actually stole my Shi Guanyin?"

Now Jellyfish Yinji finally knows why this bastard knows her own affairs.

It turns out that this shameless pervert actually captured Shi Guanyin. This must have been told by Shi Guanyin.

Jellyfish Yinji must have thought of this shameless pervert. Shi Guanyin was tricked into becoming his woman by a shameful means, and she was very angry.

When Su Chen heard Jellyfish Yinji's words, he yelled at her angrily,

"Damn it, what is your Shi Guanyin?"

"You are a woman, woman!"

"You'd better change your bad habits for me."

"Also, if you meet a flower-picking thief named Xiong Niangzi in the future, you must kill him. He is a man with a woman's face. Don't be so foolish as to mistake him for a woman. Do you hear me?"

Su Chen didn't expect that Jellyfish Yinji would be so angry.

A homosexual could so confidently say that he had robbed her woman? It seems that Jellyfish Yinji needs to teach her a lesson, and the one who lied to her on the TV Jellyfish Yinji's male wife, the man who is more like a woman than a woman, Su Chen didn't want Jellyfish Yinji to be deceived by the flower picker after losing Shi Guanyin.

Jellyfish Yinji is very angry now, why should this shameless pervert care? Me? Did you kiss because of this bastard?

And that male lady, who is that?

How could she be deceived by a flower picker.

But she also remembered Su Chen's words, and she will meet that male lady in the future He would definitely be killed, but Jellyfish Yinji stubbornly resisted and said to Su Chen, "Why should I listen to you, a shameless pervert?"

Pa"

Su Chen slapped Jellyfish Yinji on the butt and threatened, "You'd better remember this, or I will use family methods.""

"Shameless!"

Jellyfish Yinji was completely stunned.

No one should treat her like this for decades.

Jellyfish Yinji stared at this shameless pervert with shame and anger on her face. Is this bastard really looking for death?

It's just that she saw Su Chen. If she wants to take action, Jellyfish Yinji disappears in a flash. She doesn't want to stay and continue to be bullied by this bastard.

"I'm leaving, remember what I said"

"Damn it, why don't you kiss me goodbye when you leave?"

"Shameless pervert!"

Su Chen knew that Jellyfish Yinji had left when she heard her words.

He shook his head and looked at the place where Jellyfish Yinji made her voice. It may take a long time before we see each other again this time, but at last, Shi Guanyin's hidden dangers are done, Shi Guanyin no longer has to hide in Tibet from now on.

In Gusu City, since Su Chen's order came here, Li Qiushui and Yan Fei have begun to assemble their troops. Now 600,000 troops have marched towards the border of the Song Dynasty. Assemble, we can launch a war against the Song Dynasty in three days at the latest.

Li Qingluo sat on the couch and looked at the map and said to Li Qiushui and Yan Fei,

"Huang Rong has already rushed to Shouchun in Huainan. After the armies in Xiangyang and Yangzhou are assembled, they can directly launch a war against the Song Dynasty. The armies of the three continents should be able to destroy the Song Dynasty soon."

Li Qiushui nodded when she heard her daughter's words and said,

"The Huainan army is commanded by Huang Rong. Huang Rong is still the commander-in-chief of all armies. The Xiangyang army is commanded by Wang Meng, the commander of the Xuanwu Corps. The Yangzhou army is commanded by Liu Hai, the commander of the Netherworld Cavalry Corps. An army of 600,000 can destroy the Song Dynasty."

"I also passed the order to Xixia. Helian Tieshu will lead 200,000 Xixia cavalry to launch a war against the Song Dynasty at the same time."

"It's just that how to deal with that boy Su Chen, the land immortal in the Heavenly Realm of the Great Song Dynasty?"

Although Li Qiushui is very confident in Su Chen's army to destroy the Song Dynasty, the two land gods in the Celestial Realm in the Song Dynasty Palace are not easy to deal with. She still doesn't understand why Su Chen wants to start destroying the Song Dynasty now?

"Aunt Li, do you want to bring back (Marquess) Bai Ruobing and (Mrs. Ye Di) Shui Rou?" Concubine Yan said to Li Qiu Shui with a big belly.

Li Qiu Shui and Li Qingluo were very speechless when they heard Concubine Yan's words.

That bastard quietly found several women older than them, even from mainland China. Li Qiu Shui and Li Qing Luo didn't know what to say about that bastard.

Li Qiu Shui thought that those women had things to do now, so she shook her head and refused,

"No, since Su Chen is launching a war of annihilation against the Song Dynasty at this time, I'm afraid he has a way to deal with the two land gods in the Heavenly Realm in the Song Dynasty palace, and he can even kill them. We don't need to disrupt Su Chen's arrangement.."

Concubine Yan touched her pregnant belly and smiled. Now she doesn't care about that bastard Su Chen looking for women. She will give birth in a few months. Now she hopes that her child can come to this world safely. superior.

Concubine Yan suddenly realized why the Frightened Salamander hadn't come after so long, so she asked doubtfully,

"Where's the Frightened Salamander? Why didn't you see her today?"

Li Qingluo smiled and said to Concubine Yan,

"She went to the Sui Dynasty. Now that girl Su Yan went crazy in the Sui Dynasty. Murong Qiuci was afraid that something would happen to Su Yan, so he wrote a letter asking Jingshao to bring Su Yan back."

"Alas, Su Yan is so quiet when he's not at home. That lively little girl has been going crazy for a few months and it's time to come back."

Concubine Yan also smiled when she thought of Su Yan. She also liked that little girl very much. I'm afraid that Su Yan will have a younger sister in a few months, and I don't know what Su Yan will do with her younger sister in the future.

"Su Yan was very smart, but no one could control her in the Sui Dynasty. Sister Qiuci probably thought she had no choice, so she wrote to Jing Salam and asked her to capture that girl."

"That girl is just a wild girl, and Su Chen is too spoiled by her. I'm afraid she won't be a peaceful person when she grows up." Li Qiu Shui had nothing to do with Su Yan.

That girl was very sweet in front of her. Even if she was strict with her sometimes, that girl would find ways to make him compromise, and even she would have to listen. That girl, Li Qiu Shui liked that girl but had a headache for her.

Li Qingluo was a little upset when she thought of those women in the backyard. She didn't expect that Su Chen would bring back so many beautiful women from his trip to the Eastern Continent.

That bastard is now Does he regard himself as the emperor?

Are he starting to prepare to choose a concubine now?

"By the way, Concubine Yan, how will those women in the backyard be arranged in the future? Should we just let them live in the backyard?"

Concubine Yan smiled when she saw Li Qingluo's headache. Hu Meiren and those women will definitely not be let go by Su Chen.

This time Zi Nu asked these women to come back with her to prepare for that bastard Su Chen. Yes, they don't want Su Chen to run around in the future. With so many beauties at home in the future, I believe that bastard won't cause trouble everywhere.

Concubine Yan took a sip of tea and said with a smile, "Aunt Li, those women Don't worry about them. Mingzhu and Changsun Wuchu will be fine. Besides, those women may be taken over by that bastard Su Chen in the future, so we don't have to worry about it."

Li Qingluo stood up and stretched her perfect figure and said speechlessly,

"I have no way to care about that bastard, and there are Lin Shiyin and Lin Xian'er. They have been waiting for that boy Su Chen for several months. I don't know how they were deceived by that bad boy and became so infatuated."

"I know Lin Shiyin has a close relationship with her husband, but Lin Xianer has nothing to do with her husband. This time she may have come with Lin Shiyin."

Li Qiushui looked at her daughter Li Qingluo and shook her head and said,

"Forget it, forget about these messy things, it's already very late, you all should go back and rest, especially you, Concubine Yan, you need to rest more, and let Mingzhu and Changsun Wuchu take more care of all the messy things in the future."

"I know"

-

In the Dayuan army commander's camp outside Chang'an City,

Su Chen was drinking wine here after returning from the outside. Ever since he saw the peerless face of Jellyfish Yin Ji, he couldn't sleep even if he wanted to. His mind was full of thoughts now. Jellyfish Yin Ji's beautiful face, now he can only drink more wine to fall asleep.

Su Chen drank the depressed wine and muttered to himself,

"I'm really at a big loss this time. Although I have a lot of women here, there is no one who can accompany me now."

"Mu Guiying was promoted after eating Zhu Guo, and Xiao He was protecting her."

"Xue Nu and Shi Qingxuan are in seclusion in Chang'an City. Black Widow is protecting them. But they should be out of seclusion today, why haven't they come now?"

"Those Duan Zhengchun's mistresses and daughters have nothing to do with him, and it is impossible for him to let them accompany him. Forget about Sun Buer, Princess Che is even more impossible."

"well! What a boring life!"

Su Chen began to drink heavily. Now he wanted to get drunk and then stop, so that she would not think of Jellyfish Yin Ji. Now he can fall asleep quickly even if there is no woman to accompany him.

After a while, Su Chen drank Drunk, the secret guards outside the commander's camp heard the noise in the commander's camp, and several secret guards came in to take a look. When they saw Su Chen fell to the ground drunk, they hurriedly stepped forward to help Su Chen up.

A secret guard Wei looked at the drunken Su Chen and asked the secret guard commander, "Commander, what should I do? Where do you want to rest at night?"

"how could I know?"

The secret guard commander doesn't know where to send Su Chen to rest now. There are many women here, but he doesn't know who to send there now.

"By the way, Commander, didn't your Majesty take in a concubine today? Why don't you send your Majesty there?"

"Um? Are you talking about the female general of the Song Dynasty who had her acupoints tapped?"

"Yes, Commander"

"Okay, anyway, it's impossible for her to hurt Junshang after her acupoints were tapped, so just send Junshang there."

"Yes, Commander."

The secret guards lifted Su Chen up and walked towards a tent not far from the commander's camp. After arriving at the tent, several shadow assassins suddenly appeared and took over from the secret guards to help Su Chen into the tent.

Chai. The princess was resting on the soft bed while her acupoints were being tapped, but she didn't expect that this bastard Su Chen would come to her place so late at night.

Princess Che said nervously to Su Chen when she thought of what Su Chen said during the day,

"Mr. Wu Xiang, what are you doing here so late, you bastard? Get out of here quickly."

Shadow Assassin Youxue looked at Princess Che and threatened her coldly, "Your Majesty is drunk now. You must serve your Majesty well, otherwise you will know the consequences."

"Take this bastard out, I won't serve this bastard." Princess Checha looked at the masked woman in horror and shouted, she will not let this shameless pervert ruin her innocence. Even if she dies today, she will not let this bastard succeed.

"Reinforce and seal her acupoints"

"yes"

"Go away, you are all women, why are you doing this to me?" Princess Chei shouted when she saw these women in black lifting the shameless pervert Su Chen onto the couch.

"It's your honor to serve your Majesty, don't be ungrateful."The shadow assassin looked at Princess Che and threatened.

Youxue and the others suddenly disappeared after making arrangements for Su Chen. As for whether they are still in this camp, I'm afraid no one knows.

Princess Che saw her Su Chen next to her was raising her voice for fear of waking up this shameless pervert. Now she could only hope that this bastard would stay drunk and not wake up.

Originally, she was going to bite her tongue and commit suicide, but she thought of what this shameless pervert threatened her with, Princess Che I don't dare to commit suicide now

"Never wake up, never wake up, this.....Woohoo!"

Chapter 626

In the Dayuan military camp, around a tent near the commander's tent, dozens of shadow assassins were guarding the surroundings. A woman in black with a curvy figure was watching the surroundings vigilantly. boom! boom! boom!

A burst of thunder suddenly sounded, and soon there was light rain in the sky. The surrounding shadow assassins did not seem to feel that they were being soaked by the rain, and they still stood around the tent and were alert to the surroundings.

In the dark night sky, the lingering night was particularly loud in the roaring sounds of thunder. Low and angry voices also came from the camp, but under the cover of the roaring sounds of thunder, it seemed that the surrounding shadow assassins did not hear it. Same.

However, if someone were to observe these shadow assassins at close range, they would probably find that each of them was very uncomfortable. Each of the shadow assassins could not help but stay away from the camp.

The night passed with the sound of thunder, the sound of rain, and the shouting and yelling that even reached dawn in the early morning. The shadow assassins around the camp were now all wet and still standing vigilantly around the camp.

The rain is getting heavier now. Not far away, the secret guards and Dayuan's soldiers are wearing raincoats to protect them on the outside, but their eyes occasionally glance at the shadow assassins who are still soaked in the rain. bump!

A figure ran out of the camp quickly. He was a little disheveled and ran towards the commander's camp.

【What the hell!】

【How is this going?】

【How could he be in the camp of that woman from Princess Che?】

【Is he trying to commit suicide again? 】

Su Chen came to the commander's camp and sat down, a little frightened. He didn't expect to see Widow Chai next to him when he woke up, and something really happened between them.

Su Chen rubbed his head and felt a headache.

What on earth did he do when he was drunk last night?

What's going on with him! well!

Forget it, let's send Widow Chai to Gusu City and raise her outside first.

"You Ruo!"

Su Chen poured a cup of tea, drank it, shook his head and shouted.

A shadow assassin suddenly appeared next to Su Chen and saluted, "Master, Commander Youruo went to Chang'an City yesterday and did not come back."

Su Chen didn't expect that You Ruo went to see the Black Widow and hasn't come back yet. Maybe it's because Xue Nu and Shi Qingxuan are leaving today.

"That's it, Youxue, Princess Che is optimistic about her, don't let her commit suicide. After this war is over, you can find a house for her to live in Gusu City, but her freedom must be restricted."

"Yes, master."

At this time,

Lord Cheshire is now free again, and her acupuncture points are now automatically untied because the time is up. Lord Cheshire silently arranged her clothes with tears in her eyes and walked out of the tent. This time she had a death wish. meaning

"stop!"

Just when Lord Che was going out, two shadow assassins suddenly appeared in the camp to stop Lord Che.

Lord Che was very angry when he saw these women in black. It was these women who sent Su Chen to get drunk last night. Come here.

My innocence was insulted by that shameless pervert at that time, and now Princess Che is very angry when she sees them.

Princess Che came to these women in black and said angrily to them,

"how? Still want to stop me? I'm afraid I won't be of any use to you now, right? You can kill or cut into pieces as you wish."

At this time, the shadow assassin Youxue suddenly appeared and said coldly to Princess Che,

"Your Majesty has ordered that you can move around in the camp as you please, but you cannot leave the camp without being summoned.

Princess Chei smiled sadly and continued to walk out of the camp, "Hahahaha!" I am not even afraid of death now. Do you think I will still listen to that shameless pervert?"

"Your Majesty has not ordered you to be killed. Even if you want to die, it will be difficult. Don't try to commit suicide. If you commit suicide and die, your family will be buried with you. There should not be many people left in your Chai family. Think about it yourself. Bar."

Youxue ignored Princess Che and walked out of the camp. She believed that Princess Che would know what to do after she said these words.

"Despicable, Mr. Wu Xiang is a despicable and shameless villain." When Princess Che heard the words of the shadow assassin You Xue, she shouted at her.

Princess Che didn't expect that bastard Su Chen to threaten her like this. Now Princess Che didn't dare to continue walking outside the camp. She knew that if I go out to find Su Chen to commit suicide this time, I'm afraid his family will really be wiped out.

"You are just a prisoner. Don't try to do anything to anger your Majesty. In the future, you should serve your Majesty well. Otherwise, you should understand the consequences. The lives of the thirty-seven members of the Chai family are in your hands."

"Get out, get out, get out of here"

"Take care of yourself!"

The shadow assassin Youxue looked at Princess Che and waved her hands to the two shadow assassins next to her before disappearing in front of Princess Che.

"Why? Why does God do this to me? Mr. Wu Xiang, I swear that I will not be a human unless I kill you."

In a tent nearby,

Ruan Xingzhu and the others were very curious when they heard the woman's yelling. They knew that next to them was the female general of the Yang family of the Song Dynasty whom Wu Xiangjun had captured. But why were they cursing Wu Xiangjun so early in the morning?

"Did you hear anything last night?" When Gan Baobao heard Princess Chei's scolding voice, he asked Ruan Xingzhu, A'Zhu, and Zhong Ling.

Ruan Xingzhu: "No, wasn't it the sound of thunder last night? I heard no other sounds. Zhong

Ling: "I didn't hear anything. The thunder and rain were so loud last night. How could there be other sounds?"

A'Zhu, whose face was very red, said hurriedly, "No, I didn't hear anything."

A'Zhu went out last night, but when she found out that the main camp of Lord Che was being guarded by shadow assassins, she knew that Lord Wu Xiang was in Lord Che's camp.

She even heard the sound of shouting and cursing. She wouldn't dare tell the women here.

"I didn't hear it, so maybe I heard it wrong."

Gan Baobao shook her head and didn't think about it.

She heard the yelling and cursing last night, but she still doesn't know whether it was her hallucination or what she dreamed last night.

In the commander's camp,

Su Chen had eaten and the guards were preparing. After eating the food, he asked the Dayuan soldiers and guards to inform all the commanders that the entire army was ready to attack Chang'an City. Su Chen did not want to stay here any longer in Chang'an City. When

Su Chen came outside the commander's camp, he looked at the sky. It was still drizzling, "Today's weather is really bad, but it can't stop me from attacking Chang'an City."

Uuuuuuuuuuuuuuuuuuuuu".....

Woo woo woo woo.....

At this time, the horns of Dayuan's army and the horns of his own army rang, and the entire army in the camp moved and began to gather.

Chapter 627

On the wall of Chang'an City,

Taijun She and the other six widows of the Yang family are now looking at the Yuan army in the distance. Today is the time when Wu Xiangjun, that shameless pervert, is going to attack Chang'an City.

Now they have replaced the troops on the Chang'an City Wall with the Royal Guards. The soldiers guarding Chang'an City are no longer trustworthy, and now they have withdrawn those guarding troops.

Zou Lanxiu looked at the imperial guards around him and said to Taijun She, "Commander, can we, the imperial guards, withstand Lord Wu Xiang's siege?"

She Taijun looked at the drizzle falling in the sky and shook his head.

"I don't know, as long as we can defend Chang'an City for one day, I believe that the hundreds of thousands of troops in Chang'an City will change. Tomorrow, maybe the defenders of Chang'an City will believe that we can defend Chang'an City, and those defenders will not think anything more. Surrender to Lord Wu Xiang"

"I'm afraid we won't be able to hold on for a day. Wu Xiangjun's strength is too abnormal."

"Yes, without Wu Xiangjun, it might not have been so easy for the Yuan army to conquer Chang'an City."

"We have to defend even if we can't defend it. Even if we die in battle, we can't make it easy for that bastard."

"However, although today's weather is not favorable for Wu Xiangjun's army to attack the city, we have no way to deal with those huge siege ladders. If Wu Xiangjun's army attacks the city wall, I am afraid we will not be able to defend Chang'an City."

The widows of the Yang family are now expressing their opinions on the defense of the city. Although they have high hopes for the defense of Chang'an City, they will not escape from Chang'an City at this time.

Taijun She tapped the ground with her crutch and ordered,

"Okay, let's not talk anymore. The eldest daughter-in-law, you go and guard the north gate of Chang'an City. The seventh daughter-in-law, you go and guard the south gate of Chang'an City. The third and fourth daughters-in-law, if you are not strong enough, go and guard the west gate of Chang'an City together."

"My fifth daughter-in-law and I are here to guard the east gate of Chang'an City. My second daughter-in-law, you lead the 30,000 cavalry of the Royal Forest Army and prepare to leave the city and destroy those siege ladders when necessary."

"Yes, Commander!"

After hearing Taijun She's order, the widows of the Yang family all started to walk towards their respective guarding city walls.

Taijun She sighed after seeing her other daughters-in-law leaving. I am afraid that this time the widows of the Yang family will also be there. They died in this war, but there was nothing they could do about it.

Whether it was for the Song Dynasty or for revenge, it was impossible for these widows to escape Chang'an City. Wu Xiangjun and Mu Guiying must find a way to kill them..At this time, the horns of the Dayuan army sounded, and Taijun She also knew that Lord Wu Xiang was preparing to attack the city.

"Aying, Dayuan's army is about to attack the city. Please prepare the army to fight."

"It's the commander-in-chief"

"Mu Guiying, don't show off here. Aren't you so happy just to advance to the master level?"Su Chen saw Mu Guiying chattering incessantly in front of him early in the morning. This gave Su Chen a headache and he couldn't stand listening anymore.

"Husband, I am now a master, a master!"

"Got it, you've said it many times"

"Hahaha!"

Su Chen knocked Mu Guiying on the head and said to her seriously,

"Don't be silly, I will leave it to you to attack Chang'an City this time. As long as you can attack Chang'an City at the minimum cost, I will integrate the Dayuan army here and my army into one legion and hand it over to you.

"This is an army of nearly 400,000 people. You have to perform well this time."

"You should know Huang Rong's ability to lead troops. If you want to continue to lead troops in the future, it depends on whether you can successfully capture Chang'an City this time."

Mu Guiying became serious when she heard Su Chen's words. She knew that Su Chen was helping her. Now Chang'an City is an isolated city. It is very easy to break through Chang'an City. After all, Su Chen has nearly 400,000 people this time. The army is here.

Mu Guiying thought that if she had these powerful armies in the future, she would not have to worry about her military deployment not being completed because of the weakness of the army. This time she would not be tied up anymore.

Mu Guiying nodded heavily. He said seriously, "I understand that I will definitely break through Chang'an City this time, and I will break through Chang'an City at the minimum cost."

"Well, it depends on your performance." Su Chen handed the army token to Mu Guiying and smiled.

Mu Guiying's military genius may be able to come into play this time, without the constraints of those soft-footed shrimps. Mu Guiying.

Su Chen believed that Mu Guiying could successfully defeat Chang'an City.

Mu Guiying took the army's token and led hundreds of secret guards to the army.

"Huh, I can finally stop worrying about these troublesome things. Let professionals lead the army in the future. I am still suitable to be a playboy who eats and drinks."

Su Chen breathed a sigh of relief when he saw Mu Guiying leaving in a hurry. This time he could watch the scene of the ancient army attacking the city.

Su Chen stood up and ordered to the secret guards outside the commander's camp, "Come here, bring Widow Chai over. Let's go to the Chang'an city wall to see the army attacking the city."

"Yes, Your Majesty."

Under the east gate of Chang'an City, hundreds of thousands of troops have lined up under the Chang'an City Wall. Waves of murderous aura erupted from these troops, which frightened the imperial guards on the Chang'an City Wall.

Mu Gui Ying, dressed in military uniform, rode up to the front of the army. She persuaded Taijun She to surrender on the wall of Chang'an City, saying,

"Taijun She, if you go out of the city and surrender now, I will spare your life, otherwise I will attack Chang'an City later, and I will not spare any of the widows of your Yang family."

Taijun She struck the ground hard with her cane and said loudly and mockingly,

"Mu Guiying, you are a traitor to the Song Dynasty. Our Yang family has been loyal to the Song Dynasty for generations. We will not be traitors like you. If you want to break Chang'an City, just come here."

"Catapult, ready!"

Mu Guiying shook her head, raised a hand and ordered,

"Catapult ready! Catapult ready! Catapult ready!"The messenger immediately waved his flag and shouted,

"put!"

Swish swish swish swish.....

Huge stones were thrown onto the Chang'an city wall by catapults, boom boom boom boom.....

The Chang'an city wall was immediately smashed into pieces by huge stones. Some of the imperial guards who had no time to escape were directly smashed into meat patties. For a time, the Chang'an city wall was full of hiding soldiers.

Behind the army outside Chang'an City,

Su Chen was riding a horse and holding Widow Chai in his arms, watching Mu Guiying direct the army to attack the city.

Princess Che, on the other hand, stared at Su Chen, a shameless pervert, with an angry face.

She didn't expect that this bastard would hold her upright and appear in front of all the troops in Chang'an City.

Princess Cheshire is now angry and helpless towards this bastard. This bastard is pinching her so hard that she can't even commit suicide. This makes Princess Cheshire feel as if she has no soul.

Chapter 628

Su Chen didn't care about Widow Chai's glare at her. This time he was also going to let Widow Chai see how Chang'an City was breached. Since the widows of the Yang family were stubborn, let Widow Chai look at them. killed

"You shameless pervert, you are not a human being." Seeing this bastard hugging her tightly, Lord Chechi glared at Su Chen and cursed.

She became even more ashamed and angry when she thought about what happened last night, but this bastard is going to humiliate her today. This makes Lord Chechi Now I want to bite this bastard to death.

Su Chen held Princess Che in his arms and watched the catapult attacking the Chang'an city wall and said with a smile, "Am I a human? You should have known that last night, didn't you?"

"Shameless pervert!"

Su Chen looked down at Princess Che and laughed, "Hahaha! Widow Chai, you are my prisoner now, you'd better be polite when you speak to me, otherwise you should understand the consequences."

Su Chen vaguely thought that something was very wrong with Widow Chai last night, but she drank it and couldn't remember the details.

However, Princess Chai's reaction was too great. Could it be that Yang Liulang has been in Chang'an? Is it because they are in the imperial capital of the Song Dynasty? Or have they been separated for a long time?

Maybe something happened to Yang Liulang, maybe he himself is in trouble?

"Shameless!"

The Princess Che's face turned red when Su Chen said it. This bastard actually dared to mention what happened last night.

Does this bastard still remember what happened last night?

Wasn't this bastard so drunk that he didn't understand anything?

This shameless person Embry, has he been pretending to be drunk?

Su Chen found it funny when he saw Widow Chai's face flushed. He was so drunk last night that he didn't remember clearly what happened that night. He also deliberately wanted to tease her like this. Look at Widow Chai.

But now he feels that Princess Chai is not coping well. Did she really have a big reaction last night?

Su Chen thought that the next generation of the Yang family seemed to be the only one Yang Zongbao, which made him very worried. Doubtful, he asked Widow Chai very curiously,

"Is this all you do? This is too uncreative, but to be honest, there are many men in the Yang family, why are you the only one with a child? How come the other widows have no children? Could it be that all the men in the Yang family had physical accidents?"

After hearing Su Chen's words, Princess Che lowered her head in panic, "Go away, I don't want to deal with you, this shameless bastard."

Su Chen saw that Princess Che did not dare to face him, which made Su Chen feel that this matter was very strange.

Su Chen pretended to suddenly realize it and said

"oh! It seems that I guessed it right. The widows of the Yang family may have been living as widows for a long time, which is interesting."

Su Chen saw that Princess Che was a little overwhelmed and thought that he had guessed That's right, but what happened to the men of the Yang family and why they can't do anything anymore?

Are they all poisoned?

Su Chen touched his chin and felt that he seemed to be rescuing these widows this time, otherwise they would probably remain widowed forever.

Forehead!

It doesn't seem right either!

In ancient times, it seemed that men rarely remarried after women died.

If they were women in the world, they might not care about this. However, as nobles, these widows might not be able to remarry for the sake of family honor.

Princess Che is very panicked now.

She didn't expect this shameless pervert to be so smart. He guessed that there was something wrong with the men in the Yang family based on some of his own reactions.

This made her very afraid that Su Chen would reveal these secrets. If so, I am afraid that the Yang family would really be unable to gain a foothold in the Song Dynasty.

The men of the Yang family had health problems due to poisoning more than ten years ago. Otherwise, they would not have had a child. They, the widows, had really been widows for more than ten years.

Just for the sake of the Yang family's face, these things were concealed by the widows. In order not to make people suspect that they have been married for so many years without children, those men have been at the border and have not had much time to stay in the Yang family in the imperial capital. In the house.

Su Chen looked at the flustered Widow Chai and did not continue to attack her. It was enough for him to know these things. Anyway, the widows of the Yang family would also be killed this time. Su Chen would not use this matter to humiliate those widows. them.

The next time, the Chang'an city wall had collapsed in many places due to boulders, and even the Imperial Guards had been killed by thousands of people. The Imperial Guards on the city wall were now tremblingly avoiding the attacks of the boulders.

Taijun She and the Fifth Widow Ma Yueying felt very heavy when they saw that the imperial army suffered heavy casualties before they even fought against Wu Xiangjun's army.

There are only 40,000 Imperial Guard soldiers here on the east city wall. Now that thousands of Imperial Guard soldiers have been lost, this is a bit crippling. If Lord Wu Xiang's army begins to attack the city later, I am afraid these Imperial Guard soldiers will not be able to defend Chang'an. City

"Aying, send someone to see if other city gates have also been attacked." Taijun She looked at the hundreds of thousands of troops outside Chang'an City and hurriedly said to the fifth widow Ma Yueying,

""Yes, Commander."

When Taijun She saw Ma Yueying going to call the messengers, she hoped that the other city gates would not be attacked. If so, she could draw some more troops from other city gates to defend the east city gate.

At this time,

Mu Guiying saw The east city wall had been collapsed in many places by catapults, so she ordered the messenger next to her,

"The messengers, raising flags, ordered Dayuan's first, second, third, and fourth infantry teams of ten thousand people to start attacking the city, and ordered Dayuan's thirty thousand wolf cavalry to also prepare to fight."

""Yes, commander."

Mu Guiying looked at Chang'an City and smiled. Now she wanted She Taijun to dispatch troops from other city gates. The reason why she only attacked the east gate was because she saw that the Song Dynasty army did not have enough soldiers to defend the city.

As long as She Taijun By dispatching troops from other city gates, Mu Guiying can let the troops start attacking other city gates.

And this time she ordered the troops to start attacking the city. She also believed that the cavalry of the Royal Forest Army would definitely come out of the city to destroy the siege ladder.

She had made arrangements. The wolf cavalry is preparing to attack the Royal Guards Cavalry. As long as the Royal Guards Cavalry leaves the city, Mu Guiying will make them never come back.

Wuwuwuwuwu.....

Dayuan's army of 40,000 troops began to attack Chang'an City with huge attack ladders.

"Kill, for the sake of Lord Wu Xiang, break Chang'an City!"

"Kill, for the sake of Lord Wu Xiang, break Chang'an City!"

"Kill, for the sake of Lord Wu Xiang, break Chang'an City!"

The soldiers of the Dayuan Army's four-thousand-strong army climbed up the siege ladders with shouts. This was their first time fighting for Lord Wu Xiang.

The captains of ten thousand had to perform well in front of Lord Wu Xiang. , this time all the ten thousand captains of their Dayuan army carefully arranged such a siege slogan.

Su Chen laughed when he heard the siege slogan shouted by the Dayuan army,

"Hahaha! These foreign races of the Yuan Dynasty are also flattering, Widow Chai, guess how long it will take Mu Guiying to break through Chang'an City this time?"

When Mu Guiying saw Mu Guiying ordered the siege to begin, she was very worried that Chang'an City would be breached.

After Princess Chei heard what Su Chen said, she glared at Su Chen and said angrily,

"Never in your life can you imagine that you will not be able to break through Chang'an City."

Snapped!

"You are not good, Widow Chai."

Chapter 629

After hearing what Widow Chai said, Su Chen slapped her hard on the butt. Widow Chai is hard to train now.

If he had not had a relationship with her, Su Chen would have left her to fend for herself, and he would not have treated Widow Yu Chai like this.

After all, this woman is considered his woman no matter what. Although Su Chen will not bring her home, he cannot let her die like this.

"Shameless pervert!"

Princess Chea looked at Su Chen with a ferocious face after being beaten by the shameless bastard Su Chen. Her chest was rising and falling because of the shameless bastard. If this shameless bastard hadn't tapped her acupuncture points, she would have I just wanted to strangle this bastard to death.

Su Chen looked at Widow Chai and pointed at the troops attacking the city and said,

"Don't be so cruel to me. Although all the men in the Yang family were killed by my order, it was the men in the Yang family who wanted to kill me."

"Just like the current siege war, either you die or I live! So you shouldn't hate me"

"You killed my husband and son, and I wish I could eat your flesh and drink your blood."

Princess Chei didn't watch the war in Chang'an City. She is now gnashing her teeth in hatred for this bastard Su Chen.

Her husband and son were ruthlessly killed by this bastard. If she doesn't avenge her husband and son, she will It's really useless to be a wife and mother.

"What if your husband and son kill me?" Su Chen had a headache seeing Princess Che who hated him so much. He was really asking for trouble. This is the consequence of not being able to control his lower body.

Princess Che said to Su Chen fiercely,

"That's you shameless pervert!"

Su Chen was very speechless after hearing Princess Chei's words. He really only allowed the state officials to set fires and not the people to light lamps!

"Damn it, you poisonous widow is really hateful. After all, we are husband and wife for a night and a hundred days of grace. You have such a double standard and you are really invincible in the world."

"Shut up!"

Prince Princess Che felt very uncomfortable when she heard what this bastard said.

"Widow Chai, although I killed your incompetent husband, I am much stronger than your incompetent husband. I believe you have experienced it. Now you don't have to be a widow. Isn't this good?"

"Shameless bastard, shut up. I don't want to listen to you, this shameless pervert, anymore."

"Cough cough cough! I can even give you a child back"

"Shut up, shut up, shut up." Princess Chai kept shouting at Su Chen with red eyes.

Su Chen saw that Widow Chai would be mad if she continued talking. He curled his lips and said nothing.

Su Chen looked at Chang'an City After the war, I felt very strange. It should be very easy for the Yuan army to approach Chang'an City by pushing the siege ladder.

But why are they just advancing slowly now?

Is it because the Yuan army is preparing to work but not putting in effort?

Su Chen didn't care about it after thinking about it. He had already handed over the power to Mu Guiying. If he were to point fingers now, I'm afraid Mu Guiying's prestige would be completely damaged.

On the wall of Chang'an City, although Taijun She and Ma Yueying gave orders The Royal Guards on the city wall kept firing arrows to attack the Yuan army, but the Song army continued to advance towards Chang'an City with their shield defense and siege ladder defense. I am afraid that they will be close to the Chang'an city wall in less than a quarter of an hour.

Taijun She's expression Some anxiously said to Ma Yueying,

"Aying, send a signal to Zou Lanxiu, the second daughter-in-law, and ask her to lead 30,000 imperial cavalry out of the city to destroy the siege ladder. The siege ladder poses a huge threat to the Chang'an city wall. We absolutely cannot allow the siege ladder to get close to the Chang'an city wall."

"Yes, Commander."

Outside the Chang'an city wall,

Mu Guiying also received news from the secret guards. Sure enough, Taijun She transferred half of the troops from other city gates.

Mu Guiying smiled and felt that her strategy was half successful, and the rest only needed to use four Ten thousand troops lured out the imperial cavalry from Chang'an City, then she was bound to capture Chang'an City.

At this time, a secret guard suddenly arrived and saluted Mu Guiying, "Madam, the gate of Chang'an City suddenly opened."

"oh?"

Mu Guiying turned to look at the east gate of Chang'an City. As soon as she looked over, she found that cavalry troops were constantly appearing at the east gate of Chang'an City. This made Mu Guiying very happy. Taijun She of the Song Dynasty really wanted to send cavalry. Destroy the siege ladder

"Thirty thousand wolf cavalry were ordered to destroy these Song cavalry." Mu Guiying immediately ordered the messenger next to him,

"Yes, Commander.

Woo woo woo woo.....

Just when Zou Lanxiu was leading 30,000 Royal Forest Army cavalry to rush towards the siege ladder, she suddenly heard the sound of the horns of the Yuan army.

When she looked over, she found that Dayuan's three thousand cavalry troops had already attacked her Royal Forest Army cavalry in three directions.

"Oops, I was fooled!"

Zou Lanxiu was about to rush in when she saw that the Dayuan cavalry had already attempted to encircle the formation. Now her only choice was to quickly order the Royal Forest Army cavalry to return to Chang'an City, but she was very unwilling to see the attack ladder in front of her.

Zou Lanxiu understood that if these siege ladders are not destroyed, Chang'an City will be in danger and may be captured by Wu Xiangjun's army at any time.

Zou Lanxiu looked at Chang'an City and decided to continue destroying the siege ladders, even if they have 30,000. Even if the whole army of the Royal Guards cavalry was annihilated, she would not hesitate.

"Soldiers of the cavalry of the Royal Forest Army of the Song Dynasty, the siege ladder is right in front of us. If we don't destroy the siege ladder, Chang'an City will be captured sooner or later, for the sake of the Song Dynasty! For Chang'an City! Destroy the siege ladder!"

"For the Song Dynasty! For Chang'an City! kill!"

"For the Song Dynasty! For Chang'an City! kill!"

"For the Song Dynasty! For Chang'an City! kill!"

The cavalymen of the Song Royal Forest Army raised their weapons and shouted, riding towards the siege ladder.

When Captain Ten Thousands of the Great Yuan Dynasty saw that the Song army was still attacking them, he hurriedly ordered,

"Circular shield formation, shield soldiers guarding the siege ladder, archers ready, let go!"

Swish swish swish".....

Ahhhhhhh.....

After a shower of arrows, many of the Song Dynasty Royal Forest Army cavalry officers were shot and fell off their horses. However, now that the distance between the two armies was very close, the Song Dynasty army could kill them at any time.

"Freely shoot the cavalry of the Song Dynasty, and the pikemen are ready to respond to the enemy"

"Kill and destroy the siege ladder!"

At this time,

Zou Lanxiu led the Royal Forest Army cavalry to engage in battle with the Dayuan infantry army. Under the attack of the Song cavalry without slowing down, the Dayuan army was trampled by the Song cavalry and suffered numerous casualties.

"Hold the formation, hold the formation, our cavalry is about to arrive, hold the formation for me"

"kill! The Royal Forest Army rushes to kill me! Destroyed the siege ladder."

Outside the battlefield,

Su Chen understood Mu Guiying's intention when he saw this. Mu Guiying wanted to get rid of the Song Dynasty's cavalry army first, and this attack also fished out the Song Dynasty's cavalry army.

Su Chen saw the leader The female general who was attacked by the Song cavalry army smiled and said,

"Widow Chai, this time one of the widows of the Yang family is going to die first."

"Second sister-in-law?"

When Su Chen heard Widow Chai shouting, he thought,

【It turns out to be the second widow!】

【But it's a pity, I'm going to be killed this time】

【Should we capture her alive?】

【Depend on!】

【Do you want to collect the Dragon Balls to summon the dragon? 】

Chapter 630

Su Chen shook his head as he thought about it. He felt that he was a little crazy now.

Why collect Dragon Balls?

Forehead!

Why can you summon the dragon by collecting the Seven Widows?

Why are you becoming more and more middle-class now?

Su Chen looked at Princess Che and shuddered.

A widow couldn't figure it out and wanted to collect the other six dragon balls. No, widow, she wanted to die.

Seeing that Su Chen was uncomfortable, Princess Che was very confused. This bastard didn't know what bad things he was thinking about. Was he planning to tease her again?

At this moment,

Zou Lanxiu became more and more anxious.

Why were the 40,000 Yuan troops here on the siege ladder so stubborn and desperate?

Her Royal Forest Army had already killed almost 10,000 soldiers of the Great Yuan Army, but these Great Yuan Army refused to retreat?

Now the Royal Guards cavalry has suffered more and more casualties. If this continues, they may be surrounded by the Great Yuan cavalry. Then the Great Song Royal Guards cavalry may not be able to destroy the siege ladder and will be surrounded and killed.

After Zou Lanxiu stabbed a Dayuan soldier to death with one shot, he ordered loudly,

"Kill me, otherwise the Yuan cavalry army will arrive and we will not be able to destroy the siege ladder."

"kill!"

"kill!"

"kill!"

The Captain Ten Thousands of the Great Yuan Dynasty held a mace and while killing the soldiers of the Great Song Dynasty, he ordered to the army in danger,

"Don't mess up the formation, hold on to me, Lord Wu Xiang is watching us from the army not far away."

"Our Great Yuan army does not need to be weak as the legion directly under Wu Xiangjun. If we want Lord Wu Xiang to treat us differently, we must show the prestige of our Great Yuan army."

"For Mr. Wu Xiang! Hold it all for me"

"For Lord Wu Xiang, kill! kill! kill!"

"For Lord Wu Xiang, kill! kill! kill!"

"For Lord Wu Xiang, kill! kill! kill!"

The thirty thousand or so soldiers of the Dayuan Army heard the words of the Captain Ten Thousands and desperately resisted the charge of the Song Dynasty cavalry army. They did not

want Lord Wu Xiang to be disappointed with them, the Dayuan army. They are the siege ladders today. We must protect them all even if they die in battle.

On the wall of Chang'an City,

Taijun She became more and more uneasy as he watched the battle below.

The 30,000 elite cavalry of the Song Dynasty could not defeat the 40,000 Yuan infantry army?

This surprised Taijun She.

How could the most powerful army of the Song Dynasty not be able to defeat an infantry army that was 10,000 smaller than them?

These Yuan infantry armies were ordinary Yuan armies. Could it be that the Song army was so weak?

Ma Yueying saw her second sister-in-law Zou Lanxiu Now that it was getting more and more dangerous, she hurriedly begged to Taijun She,

"Commander, no, mother, please ask the second sister-in-law to withdraw her troops quickly. The Dayuan cavalry army is about to encircle them. If it is any later, I am afraid that the second sister-in-law and the Royal Forest Army cavalry will be trapped."

Taijun She shook her head and looked at Mu Guiying, who was under Commander Dayuan. She did not expect that Mu Guiying had already prepared 30,000 wolf cavalry to eat her 30,000 Imperial Guard cavalry, and even used 40,000 Dayuan infantry. Using the siege ladder as bait,

She Taijun said helplessly to Ma Yueying,

"It's too late, we all underestimated Mu Guiying. This time she used 40,000 Yuan infantry troops to lure me to send cavalry troops to destroy the siege ladder. Now Zou Lanxiu and the imperial cavalry can't come back."

"What to do? No, I want to lead the army to rescue my second sister-in-law."

Ma Yueying was in a panic now. Princess Chai had been captured alive by Wu Xiangjun, and now Zou Lanxiu was probably going to die in the battle. She took a spear and came out of Chang'an City to rescue Zou Lanxiu. She Taijun used his crutches with no expression on his face. Knock on the ground and drink,

"Stop, there are hundreds of thousands of Wu Xiangjun's troops outside Chang'an City. Whether it is Wu Xiangjun's direct army or Wu Xiangjun's Yuan army, they are not something we can compete with now."

"You can't save Zou Lanxiu even if you take out all the 50,000-strong troops here. If you go there now, you will die in vain."

"Are we just going to watch as our second sister-in-law, Zou Lanxiu, is not killed?"

"I have no choice, I am powerless now."

Taijun She was holding the city wall and watching Zou Lanxiu fight desperately against the Yuan army. She was very heartbroken. But now she can't do anything. She can only watch the Song army being killed. Even her second daughter-in-law will do it after a while. be killed

"Shoot me arrows, shoot them all to kill those foreign races of the Yuan Dynasty." Ma Yueying looked at Taijun She and shouted loudly to the troops on the city wall.

Under the commander-in-chief of the Yuan army,

Mu Guiying saw that the 40,000 soldiers of the Yuan army were able to withstand the attack of the 30,000 Imperial Forest Army cavalry of the Song Dynasty. This was very impressive. She was thinking of something unexpected.

She originally prepared the Xuanwu Legion's Qi-Breaking Crossbow to help the Yuan army, but now it is no longer needed.

The Song Dynasty's 30,000 cavalry army was finished this time, but the Yuan army really impressed Mu Guiying.

40,000 infantrymen actually blocked the attack of 30,000 cavalymen?

That bastard Su Chen contributed a lot this time. I didn't expect that Su Chen, the Wuxiang Lord, would be so admired by the Yuan army.

What's so good about that bastard? Not only His army is loyal to him, even the Yuan army that just surrendered to him will do this to him.

Boom! Boom! Boom! Boom!

"Wolves ride on the world! I am invincible! kill!"

The Great Yuan Wolf Cavalry has now arrived on the battlefield. The heavy sound of horse hooves carries the shadow of death and rushes towards the Song Dynasty Royal Forest Army cavalry.

After the wolf cavalry arrived on the battlefield, the formation of the Song Dynasty Royal Forest Army cavalry was completely broken up, and the battlefield Soldiers of the Song Dynasty army were constantly being killed by wolf cavalry soldiers with scimitars. Even when the imperial cavalry tried to escape, it was impossible.

Zou Lanxiu became desperate after the arrival of the wolf cavalry.

She was now covered in blood and was being killed continuously. The Dayuan soldiers around her, but after the arrival of the wolf cavalry, her cavalry army was completely in chaos.

Now it is impossible for the cavalry's offensive formation to be reorganized, and even the siege ladder that was approaching was unable to be destroyed.

This Let Zou Lanxiu know that not only did the siege ladder not be destroyed this time, but the 30,000 Song Dynasty Royal Forest Army cavalry were also going to be destroyed here.

When Su Chen saw the wolf cavalry arriving on the battlefield, he knew that this time the Song cavalry was going to destroy the siege ladder. It couldn't be realized.

It even required a 30,000 elite cavalry army. This time Mu Guiying's plan came true.

Su Chen looked at the surrounded cavalry of the Song Dynasty Royal Forest Army and smiled and said,

"There is no suspense in this war, and it is impossible for the Song Dynasty army to leave the city to rescue these 30,000 cavalry."

Princess Chai was very worried when she saw the surrounded Song Dynasty army. She also knew that the Song army might be completely wiped out this time, but there was nothing she could do about it now.

Princess Chai saw that her second sister-in-law Zou Lanxiu was still there. While fighting desperately, she was very worried about her safety. If no one rescued Zou Lanxiu, she might really be killed by the Dayuan army.

Princess Chai bit her lips tightly and begged Su Chen road,

"Mr. Wu Xiang, can you spare my second sister-in-law's life?"

"oh? Widow Chai, didn't you expect that you would also be humble? Do you think I will let my enemies go? I'm the kind of person who sees a beautiful woman, ugh! Is she a widow and a man who can't walk?"
