Chapter 661

On Wuling Mountain,

Su Chen asked the secret guards to start looking for the burial place of the Jin Kingdom's treasure according to the map. They couldn't stay here for too long now.

But Wuling Mountain is also very big, and the map given by Wang Chongyang is too crude.

Su Chen has a headache just looking at the map. It seems that it will be difficult to find the burial place of the treasure today.

Black Widow looked at the map and frowned and said to Su Chen,

"Master, I'm afraid it's hard to find this snake-shaped mouth on the map. We don't have enough people with us this time."

"Even if it's not easy to find, you have to look for it. Let the secret guards spread out and look for it slowly." Su Chen was very helpless when he looked at this huge mountain.

Su Chen originally thought that he would be able to find the place where the treasure was buried soon, but the snake-shaped mouth on his map made it difficult for his secret guards. Found it, Wuling Mountain is too big

"Yes, master."

Black Widow also had no choice but to lead the secret guards to spread out to find the snake-shaped mouth.

While Black Widow led the secret guards to find the entrance where the treasure was buried,

Su Chen was the only one left. Princess Che, Princess Che was very speechless looking at this huge mountain.

This Wuling Mountain is very big. How could dozens of people under Su Chen find that treasure today.

Even this bastard's map It's so simple, I'm afraid this bastard might have been deceived!

Princess Che was wearing a white mink velvet cloak and looked around.

Wuling Mountain, which is more than 2,000 meters above sea level, is now completely white, and there are still snowflakes falling in the air. , if we were not looking for treasures this time, the scenery here would be very beautiful.

Princess Che looked at Su Chen next to her, who was still looking at the map with her brows furrowed. She was in a daze looking at this bastard.

What happened last night She still has fresh memories, and she can't tell how she feels about this shameless bastard now.

But if this bastard continues like this, I'm afraid she won't be able to do anything to this bastard in the future.

Princess Chee stretched out her hand to gently catch Piaoliu Xuehua's expression was very complicated. She didn't expect that in less than a month, she would have some feelings for this bastard. She didn't want to continue like this, otherwise she would definitely not do anything to this bastard in the future.

Chai The princess shook her head and abandoned these thoughts and walked to Su Chen and asked, "Shameless pervert, are you sure there is a treasure secretly buried by the Jin Kingdom?"

"Of course, otherwise what would I do all the way here?" Su Chen patted the snowflakes on Lord Cheshire's head and said with a smile.

Now Lord Cheshire is really very beautiful and full of charm.

She is wearing a light green dress and a white mink velvet cloak. This makes Cheshire The Lord looked very mature and elegant, with a tall and alluring figure, coupled with a pretty and somewhat heroic face, which made Su Chen fascinated. When

Princess Che saw Su Chen look at her, she looked very Shameful and angry, this bastard is a shameless pervert, and even now he still looks like a pervert.

Princess Che pointed at the map in Su Chen's hand and glared at him and said, "But this map of yours is too crude. When will this be found?"

Su Chen reacted and looked at Princess Che's shy face and smiled. He shook the treasure map in his hand and shook his head and said,

"It's not that the map is crude, but that this map is only half of it. Look at the back of the map. This half of the treasure map only records the traps inside the treasure. Alas! I hope I don't leave empty-handed this time."

Princess Chei looked at the map and then at the Wuling Mountain that could not be seen at a glance, and she said very helplessly,

"When will this be found? Can't you call in more men? There are only dozens of subordinates here, and I'm afraid they won't be able to find the one with the giant snake-shaped mouth even for several days."

"I'll do it! Widow Chai, what you said is very light. This is the Kingdom of Jin, not my territory, and not far from here is the battlefield between the Kingdom of Jin and Dayuan. You said that if I bring the army here, wouldn't it cause trouble between Dayuan and the Kingdom of Jin? Are the military paying attention?"

"Then good luck to you"

"Widow Chai, stop making sarcastic remarks here, or I will teach you a lesson tonight."

"Shameless pervert!"

"Hahaha! Come on, let's go look for it too!"

Su Chen smiled and carried Princess Che towards the other side of the mountain. He found that Princess Che didn't seem to be so repulsive towards him anymore.

This made Su Chen a little happy, although it still couldn't dispel Princess Che's attitude towards him. Hatred, but I believe that in the future, Princess Che will seek revenge from him and I am afraid she will not be able to take action. The ancients are indeed right, this is probably true love over time!

Princess Che glared at Su Chen and let this bastard hug him. He was holding her, but she knew that even if she resisted, this bastard would not let her go.

Princess Cheby was now used to this bastard hugging her at every turn.

On the sea, dozens of huge warships were sailing on the sea. These warships are all flying black black bird flags. At a glance, you can tell that these warships are Wu Xiangjun's army.

Among these dozens of huge warships, each flagship is moving quickly under the protection of the surrounding warships. On the flagship warship,

Su Yan felt very helpless when he saw Jing Salamander who never left her side. She had a good time there in Sui Dynasty. Who knew that her mother Jing Salamander would personally come to take her back.

And now her mother Jing Salamander is even more worried. They followed her every step of the way, even sleeping together at night, which made Su Yan very speechless.

Su Yan said helplessly when he saw Jing Salamander holding the Jing Salamander Sword sitting next to him expressionlessly,

"Mom, don't look at me so closely. I can't escape in the sea."

Jing salamander looked at her daughter Su Yan and was very helpless.

No wonder Murong Qiuci wrote a letter asking her to take Su Yan back. She almost let this girl escape several times because of her inaccuracies. What if she asked someone else to take Su Yan back? Yan, I'm afraid he has stopped being deceived by this naughty girl.

Jingli shook his head and warned Su Yan,

"You ghost girl, I won't believe you. How many times have you escaped along the way?"

Su Yan blushed a little and pulled Jing Salaman's hand and said coquettishly,

"Well, mother, there is no danger in the Sui Dynasty anyway. I am afraid that the Sui Dynasty will be completely captured by dad's army in less than half a year. Am I not helping dad to conquer the Sui Dynasty?"

"Why are you doing those things at such a young age now? Go back and teach me a lesson this time. If you continue like this, you will really become a crazy girl."

"study? I don't want it, I don't want to study, mother, I'll go find my father when I go back, I won't go back to Gusu City"

"No, you must go back to Gusu City to study this time."

Jingli squinted her lips and smiled when she saw that Su Yan was so afraid of learning. She knew that Su Yan was very afraid of learning the six Confucian arts.

This girl used to be listless when she learned these things, and she was even still studying. It was time to sleep.

This made the family unable to do anything to this girl.

At this time, a secret guard quickly came to the side of Jing Salamander and hurriedly saluted,

"Madam and princess, we found three merchant ships approaching us. Do you want to warn those merchant ships?"

On the sea, three merchant ships are now escaping on the sea. These merchant ships coming from the northern continent unexpectedly encountered pirates when they were approaching the southern continent.

This allowed these merchant ships to get rid of the pirates after losing several merchant ships, but these merchant ships were still worried that the pirates would not give up, and they could only rush towards the southern continent quickly.

On one of the three merchant ships,

Zhen Yi, the head of the Zhen family in Dahan River, felt very heartbroken when he saw the remaining three merchant ships. There were seven merchant ships when they came out, but they were almost reaching the southern continent. How could they encounter pirates? Woolen cloth?

The losses this time were very heavy. The cargo of four merchant ships was robbed, and the guards and boatmen under them were probably in danger.

Just when Zhen Yi was heartbroken over the loss of four merchant ships, a guard suddenly came in and saluted Zhen Yi,

"Head of the family, dozens of warships have been spotted in front of us. They may be the navy of the Southern Continent Imperial Court. Should we go and ask for help?"

"Dozens of imperial navy ships? How could the imperial navy appear on the sea? Zhen Yi was very surprised when he heard the words of the family guard. He got up in a hurry and went out quickly to see the navy of the imperial court.

This is the sea, and it is impossible for the navy of the imperial court to appear on the sea.

Now that the imperial navy has appeared, this makes Zhen Yi very worried. Will these imperial navy also rob passing merchant ships?

At this time, a beautiful woman of sixteen or seventeen years old appeared next to Zhen Yi. She was very surprised when she looked at the warships on the sea in front of her. She had never seen such a huge ship. One of these warships was as big as They boarded two or three of their merchant ships.

Moreover, these warships looked very troublesome.

She looked at the dozens of warships that seemed to be driving around the beautiful giant ship in the middle. She guessed that there must be a very important person on that beautiful giant ship. Someone, even a high-ranking official of the imperial court.

She looked at the dozens of warships and said to Zhen Yi,

"Dad, these must be the imperial navy passing by. You see, the formation of these warships seems to be protecting the beautiful giant ship in the middle."

Zhen Yi nodded when he heard his daughter Zhen Mi's words. He looked at the dozens of warships in the distance and said to Zhen Mi,

"Well, with these imperial warships here, those pirates will definitely not dare to pursue them again. Mi'er, it's just that nothing will happen to us following the imperial navy, right?"

Zhen Mi looked at the warships and said to Zhen Yi, "No, we are just merchant ships. When the navy of the imperial court found out, they just thought that we were seeking protection. The navy of the imperial court will definitely not care about us."

"That's good, Uncle Zhen, let our merchant ships follow the imperial navy."

"Yes, sir."

At this moment,

Su Yan heard that there were merchant ships following her fleet, which made Su Yan feel that she had something to do. She was very bored on the vast sea, and the arrival of these merchant ships made her a little happy.

Su Yan was a little excited and ordered around,

"Come on, bring me the leaders of those merchant ships, and let me see who is so bold and dares to follow my fleet."

""Yes, Princess."

When Jingye saw that Su Yan was trying to cause trouble again, she wanted to dissuade this naughty guy.

But she thought that Su Yan was also very boring on the sea these days, and she couldn't do it on the sea. Whatever trouble was caused, Jing Salamander did not dissuade Su Yan.

After Su Yan's order, dozens of warships divided into ten warships and began to surround the three merchant ships behind them. These huge warships were not ordinary. Merchant ships are incomparable. Whether it is speed or attack protection capabilities, these warships are miles ahead of these merchant ships.

"Yan'er, did you say your father is in Gusu City now?"

On the flagship, a woman with a curvy figure wearing a suit of armor appeared next to Su Yan and asked.

When Su Yan saw the arrival of his fleet commander, General Yun Yuzhen, she smiled and kicked her little feet and said,

"Sister Yun, I don't know now, but I guess my father is not in Gusu City. My father is more capable of causing trouble than I am, and he may not be causing trouble there yet."

Yun Yuzhen smiled when she heard Su Yan's words.

She hasn't met that hateful bastard since she and Su Chen broke up in Luoyang during the Sui Dynasty. If that bastard hadn't let Murong Qiuci contact her, I'm afraid she would still be there. I really didn't know that that bastard had left the Sui Dynasty.

Now she had formed a navy with hundreds of warships with the support of Murong Qiuci. This time, Su Yan was caught by Jingli and wanted to return to Gusu City.

She personally escorted Su Yan and Jing Sala with dozens of warships. After all, she also missed that bastard very much.

Yun Yuzhen touched Su Yan's head and said with a smile, "Haha! When you say this, aren't you afraid that your father will beat you?"

Su Yan looked at the vixen-like Yun Yuzhen and teased with a smile,

"My father will never beat me. Sister Yun, do you miss my father too?"

"No, don't talk nonsense." When Yun Yuzhen heard Su Yan's words, she looked nervously at Jingbao next to her.

Jingbao is one of Su Chen's two real wives.

Now this hateful little girl obviously wants to see her joke.

Yun Yuzhen is very Afraid of Mrs. Jingyu, this powerful and cold-faced Mrs. Jun, Yun Yuzhen was very worried that she would have objections to him, and would even prevent her from entering the Su family's door.

Yun Yuzhen was a tough guy along the way. I kept trying to please Jing Salamander, but the effect was minimal.

It had been almost half a month.

Jing Salamander didn't say more than ten sentences to her, and the rest were all um! Got it! These are non-nutritious and perfunctory words.

"Tsk, you don't mean what you say!" Su Yan smiled secretly when she saw Yun Yuzhen secretly looking at her mother.

This Yun Yuzhen was obviously her father's concubine, but she was very uneasy in front of her mother, and even kept talking about it along the way. To please her mother.

Su Yan also knew why Yun Yuzhen did this, but Yun Yuzhen might be disappointed. Her mother didn't care about these things. Her mother was just a boring gourd, and her mother didn't care about these messy things.

Yun Yuzhen found the wrong person this time. She should go to Gusu City to find Aunt Concubine Yan. It might be useful to show her hospitality in front of Concubine Yan. But

Su Yan would not tell Yun Yuzhen this, she was waiting to see how Yun Yu really arrived in Gusu City. She would not miss such a fun thing.

Yun Yu really rolled her eyes at Su Yan and didn't ask anything.

She had also figured out this little girl's character these days.

This little girl is a restless master, and she won't miss it as long as she can cause trouble.

If that bastard Su Chen is a big devil,

Su Yan is a little devil through and through.

It's true that like father, like daughter.

Chapter 663

At this moment,

Zhen Yi was very nervous when he saw that his merchant ship had been surrounded by these warships. These huge warships in front of him put him under a lot of pressure, especially the crossbows on the huge warships. There was also a trebuchet, which made Zhen Yi's eyelids jump with fear.

Zhen Mi saw that these warships did not attack them, but seemed to be forcing them to stop their merchant ships. She felt that the arrival of these warships from the imperial court was not detrimental to them. It might be for routine inspection or to check whether they were Who are these people?

Zhen Mi hurriedly said to her father Zhen Yi, "Dad, please stop all our ships. These warships should not do anything to us."

"I know we can't escape now. Uncle Zhen, order all our merchant ships to stop."

Zhen Yi doesn't think so.

The people in the imperial court are all vampires.

The Zhen family may be bleeding heavily this time. The navy of the imperial court will definitely not let go of the money and goods on his ship.

"yes!"

After Zhen Yi's merchant ships stopped, a war ship approached Zhen Yi's merchant ship and lowered the ladder. Hundreds of soldiers in black armor came to their merchant ship from the war ship. These soldiers quickly controlled They killed everyone on their merchant ship.

When Zhen Yi saw that these black-armored soldiers had controlled the guards and boatmen on the ship, he hurriedly bowed to a man who looked like a general and saluted,

"General, we are just businessmen who came to the Southern Continent to do business. I wonder what the general is going to do?"

The captain in black armor looked at Zhen Yi and nodded and said,

"Don't worry, this is just a routine inspection. Are you the person in charge of these three merchant ships?"

"Yes, General!"

"Our princess wants to see you. You come with us to see the princess."

"Princess?"

Zhen Yi was a little surprised. He didn't expect that there was a princess here in these naval fleets, but why did a princess appear on the sea?

Did she come to the sea to fish for free?

"Dad, I'm going too."

Zhen Mi heard that a princess from the imperial court wanted to meet his father. After thinking about it, she realized that she had never met any princess in her life. This time she also wanted to see what the princess of the Southern Continent was like. woman

"Then let's go together!"

Zhen Yi shook his head helplessly when he heard Zhen Mi's words.

Originally, he didn't want Zhen Mi to go with him. After all, his little daughter was very beautiful. He was also afraid that people from the court would see his daughter. But he thought that this time he was going to see a princess, and a princess would not have any bad thoughts towards a woman who was also a woman. He thought about it and agreed to Zhen Mi go with him.

After Zhen Yi and Zhen Mi After being brought to this luxurious and huge warship by these black-armored soldiers, Zhen Yi and Zhen Mi were shocked when they saw the heavily guarded soldiers on the warship. There were soldiers and patrolling black-armored soldiers everywhere, and they were all fierce. The fierce black-armored soldiers looked at the father and daughter with vigilance. Some of the black-armored soldiers even pointed their crossbows at the father and daughter.

This made Zhen Yi and Zhen Mi so scared that they could not even walk steadily. Got it

"Report to the princess, the principal on the merchant ship has been brought to"

"let them come"

"Yes, Princess."

When Zhen Yi and Zhen Mi were brought to Su Yan, the father and daughter were very confused when they looked at a very beautiful and delicate little girl in gorgeous clothes.

This was the princess who wanted to see them. ?

How could it be a little girl?

When the secret guard commander saw Zhen Yi and Zhen Mi coming here, he dared to look directly at the princess, without even saluting the princess.

This made the secret guard commander face Zhen Yi and Zhen Mi for drink,

"You are so bold. You are still not polite when you see the princess. Do you want to die?"

"Zhen Yi (Zhen Mi) of the Zhen family of the Han Dynasty met the princess."Zhen Yi and Zhen Mi hurriedly saluted Su Yan when they heard the words of the guards next to them.

Su Yan looked at the father and daughter and found it interesting, the Great Han Kingdom!

She has never been there, but the Northern Continent is a bit far away, so she might want to go. It was impossible. The family would definitely not let her run away so far.

Su Yan looked at Zhen Mi and realized that this woman was really beautiful. She was one of the most beautiful women she had ever seen. , Su Yan touched his chin and looked at Zhen Mi and blinked.

Su Yan smiled slyly and said to Zhen Mi and Zhen Yi,"Get up, are you from the Han Dynasty?"

Zhen Mi saw that his father was frightened by the guards just now, so she answered on Zhen Yi's behalf,

"Yes, Princess"

"Is the Great Han Dynasty fun?"

Su Yan looked at Zhen Mi and was very curious. This beautiful woman was not scared when she saw him?

Especially since her secret guard commander had threatened them just now, this beautiful woman was a little interesting.

Zhen Mi saw this county The Lord looked very smart and cute and smiled and said,

"Princess, there is war everywhere in the Han Dynasty, and there is nothing fun about it."

Su Yan didn't expect that the Han Dynasty in the Northern Continent was also in turmoil, which made her even more interested.

Now the Song Dynasty and Sui Dynasty in the Southern Continent are already in her father's possession, and I am afraid that the Southern Continent will be their home in half a year. Yes.

Even after her father founded the country, she became the eldest princess of the empire.

Su Yan was very interested in other turbulent countries.

"oh! What happened to the big man? How could there be war?"

Zhen Mi did not expect that this little princess would be interested in the war between the Han Dynasty and Han Dynasty. This made her feel that this little princess was not a peaceful master, otherwise she would not have brought such a huge fleet to play in the sea. ,

Zhen Mi looked at Su Yan and said to her helplessly,

"Princess, there was a Yellow Turban Uprising in Han Dynasty last year. Although the Yellow Turban thieves were wiped out by the Han army, there are still some scattered Yellow Turban thieves making trouble. The country of Han is not peaceful now. Princess, it is better not to visit Dahan."

"So this is ah! It's a pity." Su Chen felt that it was boring when she heard that the Han Dynasty had destroyed the rebels. Without a war, there would be nothing interesting for her to go to the Han Dynasty.

Zhen Mi saw Su Yan's pity, and she thought that Su Yan was right because The Han Dynasty was in chaos and regretted not being able to leave.

"The princess can wait until the Han Dynasty is settled before going on a tour."

"That's so boring. Forget it, I can't go to the Han Dynasty anyway. What are you doing in the Southern Continent this time?" Su Yan looked at Zhen Mi and was very speechless. It seems that Zhen Mi didn't understand what she said, but now she is a little curious about Zhen Mi's visit to the Southern Continent.

Zhen Mi felt this when Su Yan asked her If this little princess helps their Zhen family, I am afraid that no one in the Song Dynasty in the Southern Continent will dare to make things difficult for their Zhen family, and Zhen Yi will not have to worry about being exploited by the officials of the Song Dynasty in the Southern Continent.

Zhen Mi thought and hurriedly said to Su Yan said,

"My father and I came to the Song Dynasty in the Southern Continent this time to purchase some fine wines, soaps, and fried tea from Gusu City. These luxury accessories are very popular in our Han Dynasty. Our Zhen family is planning to buy more of these items to sell in the Han Dynasty."

"It turns out that you are here to buy my products, Zhen Mi, but you have met me this time. The fine wine, soap and fried tea you mentioned are all from our family. However, there will be no Song Dynasty in the Southern Continent, not even the Sui Dynasty. Never again"

"Are all these luxury accessories yours? What does it mean that the Song Dynasty and the Sui Dynasty are gone?"

Chapter 664

Three days later, Su Yan's huge fleet arrived at Lincheng Port in the Southern Continent. Lincheng Port was now heavily guarded. Tens of thousands of black-armored troops surrounded Lincheng Port, and the Lincheng prefect brought all the people in Lincheng. Officials of all sizes are also waiting for the arrival of the princess.

After dozens of warships arrived at Lincheng Port, Su Yan saw her mother Jingli disappeared again. She knew that her mother was unwilling to appear in front of the officials here. This was not the first time, and it would not be the first time. the last time.

Zhen Mi is still very confused now.

Ever since Su Yan told her about the Southern Continent three days ago, she has been in a state of confusion. Zhen Mi did not expect that the princess she met would be the real princess of the Southern Continent in the future. Princess, you must know that the Southern Continent is much larger than other continents, otherwise there might not be two large empires and several foreign countries.

But now the two great empires were about to be destroyed by Su Yan's father, which shocked Zhen Mi very much.

We must know that the combined armies of the two great empires may be in the millions. How many troops will Lord Wu Xiang have who can destroy the two great empires?

Zhen Mi felt very frightened when she thought about it. The big men probably don't even have a million troops now. Princess Su Yan's father is going to defy the odds.

"Sister Zhen Mi, please hurry up and get off the boat. I don't want to wander on the sea anymore. It's really boring in the sea."

"ah! oh! Okay, let's get off the boat."Zhen Mi followed Su Yan in a daze and prepared to disembark.

At this moment,

Yun Yuzhen, dressed in military uniform, came to Su Yan and said to her,"Yan'er, you should go back to Gusu City first. I will arrange the fleet. Just go back"

"Got it, Aunt Yun, don't be unable to get in when the time comes, hahaha!"

"Smelly girl, why can't I get in if I have a token? Go back to Gusu City quickly and don't cause any more trouble outside."

Su Yan made a face at Yun Yuzhen and pulled Zhen Mi out of the warship. The surrounding secret guards were guarding Su Yan vigilantly. The prefect of Lincheng saw Su Yan get off the warship and leave. When he came over, he hurriedly led all the officials, big and small, to salute Su Yan and said,

"Yang Xianhe, the prefect of Lincheng, led the officials of Lincheng to see the princess."

"See the princess!"

Then some captains of ten thousand and ten thousand came out of the black-armored army. Under the leadership of a general, they also saluted Su Yan and said,

"The Sixth Infantry Corps of the Southern Army, Corps Commander Su Mingnie, please see the Princess!"

"See the princess!"

"Get up, everyone!" Su Yan was very speechless when she saw such a huge formation here.

No wonder her mother Jingli would disappear at this time. Her mother must have guessed the situation here.

She didn't want to deal with these messy things.

But no It's not possible to deal with it. After all, these are her father's subordinates, and they will also be her officials in the future.

"Thanks, Princess!"

"Magistrate Yang, you take all Lincheng officials back. I will return to Gusu City soon. I will not go to Lincheng."

"Yes, Princess"

"Commander Su Mingnie, ordered the army to set off now. We will return to Gusu City."

"Yes, Princess."

Su Yan quickly sent all these people away. She didn't have the heart to deal with these things now. She just wanted to go back to Gusu City to see where his father was wandering around. If possible, she would secretly find her. Father's.

Zhen Mi was very shocked now.

When a princess came back, there would be such a huge formation. The officials and tens of thousands of troops here would greet her. This was simply bigger than the emperor's trip.

But she thought that Su Yan might be there in the future. She was the eldest princess who ruled the huge empire in the Southern Continent, so Zhen Mi didn't think there was anything wrong with it. Zhen Mi looked at Su Yan, who was now exuding nobility and elegance, as if Su Yan had just stepped off the warship. It was like a different person, which made her rub her eyes and think she had seen it wrong. The current Su Yan's temperament and nobility made her feel that he was a real princess, especially Su Yan The calm look she gave when giving orders just now made Zhen Mi feel like a queen.

In the luxurious carriage,

Zhen Mi was speechless when she looked at the tightly guarded carriage protected by tens of thousands of troops and guards. The formation was really too big.

This time she was obsessed with Su Yan. She didn't expect that she could make such a gorgeous six-carriage.

This was a six-carriage that only the emperor was qualified to make, but such a carriage was really It was pretty good, there was no bumps at all when sitting inside.

And Zhen Yi, who was in a carriage following these six carriages, felt very uneasy now.

He looked at the six carriages in front of him with great envy. This time He felt that his daughter might be getting rich.

The future eldest princess of the Southern Continent Empire would be his daughter's friend. If his daughter met the Emperor of the Southern Continent Empire in the future, she would definitely be admitted to the palace with her beauty. In the future, he would Her daughter is the concubine of a huge empire, and her status will also rise in the future.

Zhen Yi couldn't help but laugh when she thought about this.

Zhen Mi saw Su Yan getting on the carriage and was reading the secret message sent in by the escort just now. , she couldn't help but asked Su Yan,

"Princess, what kind of person is your father Wu Xiangjun?"

Su Yan heard Zhen Mi ask who her father was, and she didn't know how to answer.

Her father's women all said that her father was a shameless bastard.

Did she tell Zhen Mi the same thing?

Su Yan Putting down the secret message in his hand, he touched her chin and thought for a while and said,

"Who is my father? how to say?"

"To say he is wise and powerful is a bit exaggerated."

"Let's say he is diligent and loves the people. It seems that my father is not involved."

"Call him greedy for pleasure. This is somewhat consistent."

"It is true that he loves beauty."

Zhen Mi now looked at Su Yan dumbfounded.

Is she talking about her own father?

Did Su Yan not hear clearly what she asked her?

Could it be that Su Yan's father Wu Xiangjun was a man who was greedy for pleasure and lustful?

Zhen Mi looked at Su Yan and asked doubtfully, "Princess Princess, are you talking about your father?"

"yes! My father seems to be such a person"

"Su Yan, don't you have a bad relationship with your father?"

"How can it be? My father is very kind to me. He will give me anything I want, even our family's black bird....Cough cough cough! Anyway, my father is very good to me."

Su Yan almost told her about the Black Bird Jade Pendant just now. Although Zhen Mi didn't understand what the Black Bird Jade Pendant represented, she couldn't tell her.

This Black Bird Jade Pendant is of great importance.

Su Yan doesn't want this. The Black Bird Jade Pendant.

Anyway, Aunt Concubine Yan is about to give birth to a baby, and then she can hand the Black Bird Jade Pendant to her future sister.

Chapter 665

Zhen Mi looked at Su Yan and didn't know what to say. As a daughter, Su Yan said this about her father. Wasn't she afraid that her father Wu Xiangjun would beat her? Zhen Mi was a little worried about Su Yan.

What Zhen Mi didn't know was that Su Yan had been dragging Wu Xiangjun into martial arts competitions before he started practicing martial arts. If she knew this, she wouldn't be so worried that Su Yan would be beaten by Wu Xiangjun.

Su Yan picked up the secret letter again and asked Zhen Mi,

"By the way, sister Zhen Mi, how long have you been traveling from the Han Kingdom in the Northern Continent to the Southern Continent?"

Zhen Mi thought for a while and said to Su Yan, "Let's walk for more than a month. It's better to take a boat. Otherwise, I'm afraid it will take several months to reach the Southern Continent.""

"so far! When I arrived from Sui Dynasty, I couldn't stand it after only six days on the boat. It was too far.

Su Yan didn't expect that the Northern Continent was so far away. She didn't want to go to the Northern Continent now. She probably wouldn't be able to bear just taking a boat along the way, so she could just play around in the nearby places.

At this moment,

Frightened Salamander suddenly appeared in the carriage. She looked at Su Yan and said hurriedly,

"Yan'er, I'm going to find your Aunt Shi Guanyin. You go back to Gusu City by yourself this time. Don't go to other places for me halfway."

"Mom, what happened?" Su Yan asked hurriedly when he heard that his mother was looking for Aunt Shi Guanyin in the Heavenly Realm.

Su Yan felt that something might have happened. Otherwise, why hadn't his mother returned to Gusu City? She would have left here. Go find Aunt Shi Guanyin.

Seeing Su Yan's nervous look, Jing Sala touched her hair and said,

"Nothing happened, but now the army has begun to launch a war to destroy the Song Dynasty. There is a land immortal in the heaven and human realm in the Song Dynasty palace. This requires you, Aunt Shi Guanyin, to destroy him."

Su Yan breathed a sigh of relief when she heard this. She just rolled her eyes and said to Jing Salamander,

"That's it, I know, I won't run around"

"It'd better be this way, or you should know the consequences." Jing Salad took a deep look at Su Yan and warned.

Jing Salad didn't believe what Su Yan said now. This girl is not reassuring at all. She was afraid that she would leave with her front foot, and this ghostly girl would be behind her. Running around again

"Allah!"

Su Yan waved her hands indifferently when she saw the look in Jing Salamander's eyes. She knew that this was her mother warning her.

But would it be useful?

The worst case scenario would be that she would be taken back and teach herself a lesson. Anyway, this wouldn't happen once or twice.

Beside Zhen Mi was very curious after seeing Jing Salamander leave.

The beautiful woman who appeared just now was so beautiful, especially the fishnet outfit that highlighted that beautiful woman's figure, and her elusive strength also made Zhen Mi Mi was very surprised, but Su Yan called that beautiful woman "Mother", which made Zhen Mi very confused.

How could Su Yan's mother not be with them?

And it seemed that Su Yan's mother was nearby, This was something Zhen Mi didn't understand.

Could it be that that beautiful woman wasn't Su Yan's biological mother?

Zhen Mi looked at Su Chen and asked doubtfully, "Su Yan, was that woman just now your mother?"
Biological mother? Mr. Wu Xiang's wife?"

"Yeah, how is it? My mother is cool"

"But why isn't your mother with you?"

"hehe! My mother has a very cold temperament. She rarely appears in front of anyone except my father."

"Oh I see!"

Zhen Mi nodded after listening to Su Yan's words.

No wonder that beautiful woman has been cold and cold since she arrived. It turns out that this is Mrs. Jun's character. At this time, Su Yan saw that it was almost time for her mother to leave, so she looked at the person outside the carriage. The secret guard ordered,

"Come, please pass on my order to the commander of the Sixth Army, Su Ming Nie Chao, to advance towards Jiangling Mansion."

"Yes, Princess!"

When Zhen Mi heard that Su Yan was about to change his route, she asked suspiciously,

"Su Yan, what are you going to do? Don't you want to go back to Gusu City? Where are you going to Jiangling Mansion and what are you doing?"

Su Yan said to Zhen Mi without caring,

"Participate in the war to destroy the Song Dynasty! By the way, your father is still outside. I will send him back to Gusu City first."

Zhen Mi was shocked when she looked at Su Yan.

This little princess was so bold. Not even a quarter of an hour after her mother warned her, the little princess actually changed her route and went to the battlefield.

This made Zhen Mi look at Su Yan. She knew what to say.

Zhen Mi didn't want Su Yan to go to the battlefield.

After thinking about it, she hurriedly reminded Su Yan,

"No, Su Yan, you can't go to the battlefield now. Your mother may not be far away yet. Your mother will find out if you do this. We'd better go back to Gusu City first."

Su Yan leaned on the sofa and waved her hand to Zhen Mi to reassure her. She had calculated the time for her mother to leave. As long as her mother left, she would not appear again.

"Don't worry, my mother is probably dozens of miles away from here now, and it's impossible for her to find her."

Zhen Mi has nothing to do with this little princess now.

This little princess knows her mother too well.

No one here can dissuade this little princess now.

Zhen Mi can only try her best to persuade this little princess.

"But you can't go to the battlefield either. The battlefield is so dangerous, so we still don't want to go."

Su Yan looked at Zhen Mi, who looked worried, and handed her a secret letter in her hand and said,

"Ha ha! Sister Zhen Mi, you are so timid"

"Don't worry, look at this secret message. Now the Southern Army's 600,000 troops on the border of the Song Dynasty have begun to attack the Song Dynasty in three groups."

"As for the Northern Army that my father had just formed, there were more than 400,000 troops starting from Chang'an City in the northwest to attack the Song Dynasty, and my Aunt Li's Xixia army was also dispatched."

"This is an unprecedented decisive battle, and I won't be willing not to witness it."

Although Zhen Mi was shocked that Lord Wu Xiang actually sent millions of troops to destroy the Song Dynasty this time, she still objected to Su Yan going to the battlefield.

What kind of war would a little girl go to see?

After all, many people will die in the war.

Zhen Mi I don't want Su Yan, a young princess, to go to the battlefield and see those dead people.

"But what does this have to do with you? You'd better not join in the fun"

"Why doesn't it matter? I have to learn how to lead troops to fight. Besides, Huang Rong, the commander of the Southern Army, was recommended to my father by me. How could I be absent from this war to destroy the Song Dynasty?"

Zhen Mi saw that Su Yan still wanted to go to the battlefield, and she had no choice.

After all, she was just a small businesswoman, and

Su Yan was a princess, and even the eldest princess of a huge empire in the future.

No matter what she said now , as long as Su Yan did not approve of her, there was no way she could persuade Su Yan to return to Gusu City.

Su Chen was very depressed at the time.

It had been three days, three whole days,

Su Chen had brought Black Widow and Cheshire The Lord has never found the serpentine entrance, which makes him a little irritable now.

"Master, you don't have to worry. The secret guards are still looking for it. As long as the burial place of the treasure is in Wuling Mountain, I believe we will find it."

"Black Widow is right. Now we have investigated six small peaks, and there are not many remaining small peaks. We can find the snake-shaped entrance in the next two days. Seeing Su

Chen's irritable look, Black Widow and Princess Chei tried to persuade him.

This is indeed not a place for people. It would be okay to come to Wuling Mountain to see the scenery, but it has been snowing heavily in Wuling Mountain every day these days, and they You can't eat or sleep well here.

"All I know is that that unfortunate Huang Xuemei never left? What the hell, does she want to spend time with herself here? And what are those people in the world doing at the foot of the mountain?"

Chapter 666

Su Chen is very speechless now.

The entrance to the golden treasure has not yet been found, and the unfortunate Huang Xuemei has not left Wuling Mountain in the past few days, and more and more people from the world below the mountain are gathering now.

This made Su Chen see that his face was getting worse and worse.

The snow in Wuling Mountain is getting heavier and heavier now, and it is even more difficult to find the snake-shaped entrance to the treasure in the vast white Wuling Mountain.

Su Chen looked at the secret guards who were still looking for the treasure into the sky, and he thought about sending out the 50,000 troops in the system space to find the entrance to the treasure.

But he thought that he was now in the territory of the Jin Kingdom, and the Jin Kingdom and Dayuan were engaged in a life-and-death war to destroy the country.

Su Chen shook his head and rejected the idea.

When Black Widow saw that Su Chen was no longer so irritable, she smiled and stood behind Su Chen to massage him and said,

"Master, Huang Xuemei is probably worried that those Jianghu people will continue to snatch her Heavenly Demon Qin, and dare not leave Wuling Mountain, right?"

Su Chen reached out and patted the snowflakes on his body and felt very helpless. If

Huang Xuemei doesn't leave here now, those Jianghu people may not give up.

The reason why those Jianghu people at the foot of Wuling Mountain have not taken action against Huang Xuemei now is probably because Ancestor Liehuo and Dongfang Bai were worried that it would be difficult to round up Huang Xuemei on Wuling Mountain.

Secondly, they were sure that they also knew that they were on the mountain.

Ancestor Liehuo and Dongfang Bai might also want to know the specific relationship between themselves and Huang Xuemei..

If he and Huang Xuemei had the kind of relationship of confidante, the two of them would definitely not dare to deal with Huang Xuemei.

Su Chen stood up and looked at Huang Xuemei who was still halfway up the mountain, shook his head and said,

"She was worried. With Huang Xuemei's current strength, and without the drag of those few people, even Ancestor Liehuo and Dongfang Bai Lianhe were no match for her. Alas! I don't know what that unlucky guy is thinking now. Why doesn't he leave Wuling Mountain?"

Seeing that Su Chen didn't look for the Jinguo treasure as soon as possible, Princess Che was now talking about the beautiful woman halfway up the mountain. This made Princess Che a little angry.

She glared at Su Chen and said angrily. ,

"What do you care about Huang Xuemei? The top priority is to find the entrance to the treasure as soon as possible. This is not a good place. Wuling Mountain, which has been snowing heavily for three days, is tired of looking at it."

"Hahaha! Widow Chai, are you jealous?" Su Chen looked at Princess Che and said with a smile after hearing what Princess Che said.

This Princess Che has been a little abnormal these days.

No matter how he treats her these days, she has not resisted him. Even today, it is rare for her to resist him. Seeing this, I comforted myself. It seems that I have almost trained Widow Chai in the past few days.

"roll! You shameless bastard is just jealous." Princess Chechai panicked and glared at Su Chen angrily and said angrily.

This bastard has been with her these days, especially in the past few days, this bastard has not let her go.

Originally, Princess Chechai was She hates this bastard very much, but she doesn't know why she comforted this bastard when she saw him irritable.

Could it be that she was really conquered by this bastard?

Princess Che is very uneasy now,

Su Chen shot He patted Princess Chai on the shoulder and said with a smile, "Widow Chai, it's okay to be jealous. I won't laugh at you anyway."

"Inglorious bastard, I will fight you!" When Princess Chee saw that this hateful bastard was still teasing her, she couldn't help but bite the bastard's arm again.

"I'll do it! Why are you biting again?"

"Hahaha!"

When Black Widow saw Su Chen and Black Widow were fighting again, she smiled and shook her head and left here.

As long as Su Chen is in a good mood now, she is ready to look for the entrance to the treasure with the secret guards.

Anyway With the Widow Chai accompanying Su Chen, the Black Widow was not worried about Su Chen being lonely here.

Su Chen was very speechless looking at Widow Chai biting her arm. In the past few days, as long as she provoked Widow Chai, she would not hesitate. He hesitated to bite himself, which made Su Chen very helpless.

Su Chen hugged Widow Chai who was biting her arm and would not let go, and entered the marching tent. Widow Chai must have had feelings for him, but this love was for him The result of hard work these days

"what are you up to?" Princess Chea saw Su Chen carrying her into the tent. She hurriedly let go and glared at Su Chen with a red face.

She thought of the insults this bastard had done to her in the past few days and struggled angrily, "You... Shameless pervert, it's still broad daylight, do you want to die?"

"Holy shit! I just don't want to be cold outside. What are you thinking, a widow?"

"Shameless"

"Damn it, then you can continue to stay outside and enjoy the snow scenery."

"You bastard!"

When Princess Che saw that this bastard was trying to push her out, she pushed Su Chen hard and cursed.

Princess Che didn't expect this bastard to be so ignorant of mercy.

It's snowing heavily on Wuling Mountain now.

This bastard actually let herself go. Appreciating the snow scene?

This is such a shitty snow scene.

When Lord Chai looked at this bastard, she wanted to bite him to death.

Su Chen also gave Chai Widow a symbolic push. How could he possibly push Widow Chai out of the tent?

No matter what, This Widow Chai is also his woman, and Su Chen will not let his woman suffer outside.

After Su Chen sat down, he said to Princess Chai,

"Pour me a cup of tea!"

"you.....hateful!"

Mr. Chechai didn't want to pour tea for this bastard at first, but she thought that she was being eaten to death by this bastard.

If she didn't listen to this bastard, I'm afraid she would be the one to suffer.

Princess Chezhi is now a little afraid of this bastard. , this bastard's physical strength was too strong, and she was helpless against this bastard. She even fainted from being tortured by this bastard a few times.

As she thought about it, Widow Chai stared at Su Chen and poured him tea.

Now she She is becoming more and more skilled at doing these servant things. This damn bastard forced her to become more and more skilled.

At this moment, the black widow rushed into the tent and shouted to Su Chen hurriedly, "Master, we found the entrance to the treasure. We found the snake-shaped entrance."

"found it? Take me there quickly and finally find the entrance to the treasure." Su Chen put down the tea cup and took Princess Chei to go and see the treasure entrance now.

The hard work these days has not been in vain. The damn treasure entrance has finally been found. I hope the treasures in the Jinguo Treasures will not let go. He must be disappointed

"Yes, master."

Black Widow looked at Su Chen's anxious look and smiled, leading Su Chen the way.

At this time, Huang Xuemei, who was halfway up the mountain, was in a very unhappy mood.

It had been three days, and she was in this day and age. I've been waiting for that bastard on the cold Wuling Mountain for three days.

Why didn't that bastard on the mountain come to find me?

What on earth was that bastard looking for on the mountain?

Didn't that bastard really come to save her this time?

It was him. Are you being sentimental?

Chapter 667

Huang Xuemei sat alone on the big rock and looked at the Wuling Mountain covered with snow. Her face was getting uglier and uglier now.

After she let Tan Yuehua and Fu Yunjun leave three days ago, she also asked Lu Lin to leave Wuling Mountain secretly.

As long as he is here to attract those Jianghu people, those Jianghu people will not pay attention to Lu Lin's whereabouts.

Huang Xuemei did this just to know if Su Chen came here specifically to save her.

But that bastard didn't come to him for three whole days.

The guards of that bastard had been looking for something on Wuling Mountain, which made Huang Xuemei know that the bastard was not here to save her specifically, and she might even have saved her because of the bastard who happened to run into her.

This made Huang Xuemei very angry with Su Chen.

【Doesn't that shameless pervert Wu Xiangjun like beautiful women?】

【But why don't you care about yourself?】

【She's not as good looking as that bastard woman】

【She's so beautiful and that bastard doesn't even take notice of her. Is that bastard blind?】

Pooh!】

【How could I think this?】

【Damn bastard!】

【Why has he become more and more abnormal since meeting that bastard? 】

Huang Xuemei stood up and felt that she couldn't wait here any longer. If that bastard didn't come to her, wouldn't she go to him?

Huang Xuemei flew towards Wuling Mountain thinking about it. She must find out Su Chen's purpose of coming here this time, and why this bastard ignored her here.

-

At the foot of Wuling Mountain, thousands of Jianghu people were camped here. They were all waiting for orders from Dongfang Bai and Ancestor Liehuo to besiege and kill Huang Xuemei.

It's just that they, the Jianghu people, have been here for three days, but the alliance leader and Ancestor Liehuo have never given orders to surround and kill Huang Xuemei. This makes the Jianghu people here gradually lose their patience.

After all, it's freezing cold here in Wuling Mountain, and it's even snowing non-stop these days. People like them are also having a very bad life these days.

In a tent, the bearded Ancestor Liehuo stared at Dongfang Bai and asked unceremoniously,

"Dongfang Bai, what do you really think now? Should we take action or not? What are you doing here every day?"

Ancestor Liehuo is now more and more dissatisfied with the pretty boy Dongfang Bai.

This gloomy pretty boy is not a good person. He is plotting all day long.

Huang Xuemei has been besieged this time, but this pretty girl has never been ordered to go up. People from Qianjiang Lake began to surround Huang Xuemei?

Dongfang Bai shook his head and poured a cup of tea for Ancestor Liehuo.

It was not that Dongfang Bai didn't want to start besieging Huang Xuemei, but Huang Xuemei stayed on the mountain and refused to come down. Although the Jianghu people here were very
There are many, but Wuling Mountain is not suitable for besieging Huang Xuemei after all.

There is also the news brought back by Liehuo Ancestor's disciple Tan Yuehua that Wu Xiangjun is also on Wuling Mountain.

Moreover, he is inextricably related to Huang Xuemei, which is even more This is to make Dongfang Bai dare not take action against Huang Xuemei now.

Wu Xiangjun is an existence that he cannot afford to offend. If he offends Wu Xiangjun, I am afraid that he will not need Wu Xiangjun to retaliate against him, and his confidante will be destroyed. His power and the Liehuo Palace of Ancestor Liehuo,

Dongfang Bai looked at the simple-minded old guy Liehuo Ancestor and said with a smile,

"Ancestor Liehuo, now Huang Xuemei has recovered from her injuries and has even advanced to the peak level of cultivation. Coupled with the Tianmo Qin in her hand, do you think we can defeat Huang Xuemei again?"

"And the Mr. Wu Xiang your apprentice mentioned. Although we don't know whether that person is the real Mr. Wu Xiang, we can't take the risk."

"You also know Wu Xiangjun's situation. If we offend Wu Xiangjun, I'm afraid any one of Wu Xiangjun's confidants can kill us. If you want to die, you can go to Wuling Mountain to kill Huang Xuemei."

When Ancestor Liehuo heard Dongfang Bai's words, he stared at him and shouted,

"Dongfang Bai, since you said so, what are we still doing here? Are you waiting to be killed by Wu Xiangjun? Dongfang

Bai stood up and smiled and said to Ancestor Liehuo,

"Hahaha! Ancestor Liehuo, don't be anxious. Although we can't offend Mr. Wu Xiang, there are people who can help us."

"Isn't there a confrontation between the Yuan army and the Jin army in Jinyang City?"

"I have sent someone to pass on the news that Lord Wu Xiang is in Wuling Mountain."

"The Dayuan and Jin armies in Jinyang City will definitely be interested in Lord Wu Xiang. Maybe Dayuan and Jin have already sent some troops here."

"When Wu Xiangjun is caught and killed by the Dayuan or Jin army, won't we be able to kill Huang Xuemei and seize the Tianmo Qin without any scruples?"

Ancestor Liehuo was very wary when he looked at Dongfang Bai.

This pretty boy is so insidious. He even dares to plot against Lord Wu Xiang. Isn't Dongfang Bai, this pretty boy, worried about things being exposed?

Or will this pretty boy kill himself to silence him in the future? ?

"You pretty boy is so calculating. Aren't you afraid that Mr. Wu Xiang will find out in the future that you betrayed the news that he is here? Dongfang

Bai looked at Liehuo Ancestor who was wary of him and smiled and said,

"Hahaha! Lord Wu Xiang may be in doom this time. There are dozens of Lord Wu Xiang's guards here. Can he withstand the armies of Dayuan and Jin? I don't believe that Lord Wu Xiang can escape among thousands of troops."

Dongfang Bai also wants to make a big gamble this time.

He doesn't care about anything for the Tian Mo Qin.

He knows that he may not be able to advance to the Grand Master level in this life, but if he reaches the Tian Mo Qin in the future, even the Grand Master may not be able to do anything. Without him, my own power will become stronger and stronger in the future.

"You are so insidious!" Ancestor Liehuo took a deep look at Dongfang Bai and stood up to leave.

This Dongfang Bai is really a sinister and cunning person.

Now he regrets cooperating with this pretty boy.

Ancestor Liehuo is worried that he has been unknown to Dongfang Bai. Before he knew it, he was betrayed.

When Dongfang Bai saw Ancestor Liehuo about to go out, he thought of Ancestor Liehuo's apprentice Tan Yuehua. Dongfangbai was very interested in that beautiful Tan Yuehua.

Although he was not good at beauty, if he took Liehuo Now that the Ancestor's apprentice has been obtained, Ancestor Liehuo will not just let him do what he wants. After all, Ancestor Liehuo only has one apprentice.

He hurriedly stopped Ancestor Liehuo and said,

"Ancestor Liehuo, that female apprentice of yours is pretty good, how about letting her be my woman? In this way, the cooperative relationship between our two families will be closer."

Ancestor Liehuo pointed at Dongfang Bai angrily and cursed,

"Delusion! You old immortal who can be my apprentice's grandfather, don't think that you look like a pretty boy just showing off and cheating here. I won't let my apprentice jump into your pit of fire."

"Hahaha! Maybe your apprentice will like me in the future"

"Just be wishful thinking here!"

Chapter 668

On Wuling Mountain, when Su Chen, Black Widow, and Chai Widow came to the entrance of the Jinguo Treasure, the place had already been cleaned up by the secret guards.

Su Chen was very speechless when he saw this snake-shaped entrance.

This was really a snake-shaped entrance, hidden in the bushes, which was really hard to find.

Su Chen looked at the entrance to the treasure and ordered,

"Go in, I want to see how many gold and silver treasures are hidden in the Kingdom of Jin"

"Master, let me and the secret guards go explore the way!" The Black Widow was worried that there was danger inside. She thought it would be better for her and the secret guards to go in first to explore the way for Su Chen, so that even if there was a threat, Su Chen would not have any surprises.

Su Chen touched the Black Widow's hair. He smiled, although he was also worried that the map Wang Chongyang gave him was not completely correct, but with his teleportation, he could escape quickly even if the mechanism in the treasure was triggered. Su Chen put the map of the mechanism and trap inside the treasure. Give it to Black Widow and say,

"No, with this trap map here, we won't be in danger, and I don't want to wait any longer."

"Yes, Master, the secret guards and I will lead the way." Black Widow took the map and looked at it and said to Su Chen,

"OK, let's go."

After Black Widow and the secret guards entered the treasure entrance first, Su Chen also pulled Princess Che into the treasure entrance.

In the dark and narrow passage, although there were torches lit by the secret guards, it still looked very strange. The darkness.

Black Widow used the map to constantly break the traps in the passage.

On the way they passed, arrows, poisonous darts could be seen everywhere, and there were even some mercury traps.

These traps that Black Widow broke were countless. It's everywhere.

If there wasn't a map of the traps inside the treasure, they would have spent a lot of time along the way.

"Huh! Is someone following?" Su Chen suddenly felt that in the treasure passage, a breath suddenly appeared in the passage,

"who is it?"

When Princess Che heard Su Chen's words, she was nervously on guard with her long sword. She didn't expect that they would be followed as soon as they entered the treasure passage.

"I'll do it! Why did that unfortunate Huang Xuemei come back here?" After Su Chen used his mental power to sense the person who came into the passage, he was very surprised. He did not expect that Huang Xuemei would follow them. Could it be that this unlucky guy has been observing him? Otherwise, why did he just enter the treasure passage

?

Here, will the unfortunate Huang Xuemei come soon?

When Princess Che heard Su Chen's words, she glanced at him and mocked,

"You bastard is really merciless. Huang Xuemei must have been deceived by you, a shameless pervert. This time she must be worried about you, bastard."

Su Chen doesn't believe that Huang Xuemei will like him.

Besides, he really doesn't have much interaction with Huang Xuemei, and he has never even molested her.

Huang Xuemei seems to be not interested in anything other than seeking revenge from Dongfang Bai. ,

Su Chen shook his head and explained to Princess Che,

"This is impossible, right? I don't have much interaction with Huang Xuemei, so there's no way she could fall in love with a playboy like me."

The Princess Che did not believe what Su Chen said. This bastard is a shameless pervert. Any beautiful woman who meets this bastard will probably be captured by this bastard.

Even a widow as old as herself will not let this bastard go.

Not to mention the very beautiful woman Huang Xuemei

"Who knows? Huang Xuemei is so beautiful, I don't believe you, bastard, haven't noticed her."

Su Chen hugged Princess Chai in her arms and kissed her, saying, "Widow Chai, you are so jealous again."

"Shameless!"

When Lord Cheshire saw that this bastard was here to save her, her face turned red. Fortunately, no one else could see it in this dark passage, otherwise Lord Cheshire would have died of embarrassment.

"We follow the black widow. Huang Xuemei doesn't need to worry about her. Nothing can happen to her in this passage anyway."

Su Chen hugged Princess Che and walked through the passage. Now is not the time to say hello to Huang Xuemei.

Huang Xuemei can follow her. She has discovered this place anyway, but Huang Xuemei cannot let her leave in the future.

After all, she will use the system space to collect the treasures here. Huang Xuemei, who knows her secret, cannot let her leave.

In the treasure passage,

Huang Xuemei followed the traces left by Su Chen and the others and found this place. She looked at this passage. She felt that this passage must be a place to hide treasure.

She thought that that bastard Su Chen had been looking for something in Wuling Mountain these days. It turned out that there was a treasure in Wuling Mountain.

Huang Xuemei looked at this passage and said to herself with an ugly face. road,

"That damn bastard really wasn't here specifically to save him. How did that bastard know there was a treasure holder here? Does that bastard know who buried the treasure here?"

Huang Xuemei looked at this long and narrow passage and decided to take a look.

Even if that bastard gets this treasure, he may not be able to escape. After all, this is not his territory. There are even many Jianghu people under Wuling Mountain.

If this If the bastard accidentally learns that there is a treasure here, I'm afraid the rumors will spread to those quacks. The Kingdom of Jin will definitely send troops to snatch the treasure. I'm afraid this bastard will lose everything in a bamboo basket.

Huang Xuemei is also worried. If Su Chen was careless, the Jianghu people at the foot of Wuling Mountain would discover this treasure. She decided to remind the bastard to save him a lot of work.

In front of the passage, the black widow who was cracking the trap in front suddenly turned to the person behind. Su Chen shouted,

"Master, look quickly, we have reached the entrance to a secret room."

Su Chen heard the Black Widow's cry and hurriedly led Princess Che to the Black Widow.

Su Chen looked at the stone door in front of him and nodded.

This is indeed a secret room. It seems to be the first one he has ever encountered. A treasure trove

"Open this secret room and take a look"

""Yes, Master" clicked, and after Black Widow followed the mark on the map, the huge stone door was opened.

But after the stone door was opened, a flash of golden light almost blinded the eyes of them.

Su Chen and Cheshire The Lord and the others were dumbfounded when they looked at the gold and silver treasures in the secret room.

It can be said that this secret room is not very big, only a few hundred square meters in size, but it is filled with gold and silver treasures.

This is much better than in Yang Gong's treasure house. What I saw was much more shocking. After all, the gold and silver treasures here were not packed in boxes.

Chapter 669

Su Chen, Black Widow, and Princess Che were all stunned when they saw the gold and silver treasures that filled the secret room. Although Su Chen probably had more money than those here, his money had never been piled up like this. Looking at it, Su Chen was very surprised by the gold and silver treasure.

Black Widow looked at the gold and silver treasures here and happily said to Su Chen,

"Master, we have made a fortune this time. The gold here is probably tens of millions of taels, and the other jewelry and jewelry are even more immeasurable. This is still the first secret room, and there are still many treasure secret rooms to follow."

Princess Chei was very happy when she saw these gold and silver treasures. She also did not expect that there would be so many gold and silver treasures in the Jin Kingdom's treasures. It seems that the gold and silver treasures plundered by the Jin Kingdom over the past hundred years are all hidden here.

She held a beautiful beaded shorts in her hand and said to Su Chen,

"yes! Just the gold and silver treasures here are not in vain for you this time, but how are you going to transport these gold and silver treasures away?"

"This is the territory of the Jin Kingdom. If the people of the Jin Kingdom discover these gold and silver treasures, I am afraid that you will not be able to successfully transport these gold and silver treasures back to your Gusu City."

Su Chen looked at these gold and silver treasures and felt that this time was not in vain. With these gold and silver treasures, I am afraid that the finances of Gusu City will not be in crisis, and he can start wars in the future without any scruples.

Su Chen When Chen Chen heard Widow Chai's words, he rolled his eyes. He looked at Widow Chai and felt that this was the time to take down Widow Chai completely. He not only had to take Widow Chai's body, but also her heart.

Su Chen came Widow Chai looked at her and said with a smile,

"I have my own way of doing this, Widow Chai, if I can transport these gold and silver treasures away by myself, you will not be allowed to seek revenge from me in the future, and you will be my woman safely from now on. Do you dare to make this agreement with me?"

Princess Chei was very angry when she heard Su Chen's words, but when she looked at the mountains of gold and silver jewelry, she felt that Su Chen was being whimsical. The gold and silver treasures here, not to mention Su Chen's luck alone, are from here. All the guards together would probably not be able to transport these gold and silver treasures out of Wuling Mountain in ten and a half months.

Princess Chai did not believe that Su Chen alone could transport these gold and silver treasures, "You alone can transport these gold and silver treasures? Not relying on your men and troops?"

"I don't rely on anyone, I am the only one who transports these gold and silver treasures." Su Chen assured Widow Chai categorically.

Princess Chai was very speechless when she looked at Su Chen. Will this bastard die if he doesn't talk nonsense?

Luck alone?

Will this bastard have to be lucky for the rest of his life?

Princess Chai thought for a while He said harshly to Su Chen,

"Okay, if you can really transport these gold and silver treasures away by yourself, I will not seek revenge from you in the future. I will be your woman. But if you can't transport these gold and silver treasures, then you shameless pervert will commit suicide in front of me"

"Damn it, you are such a vicious widow. They say that one night of marriage will lead to a hundred days of grace. How many nights have we been together? Why are you still so vicious?" Su Chen didn't expect that Widow Chai was still so cruel to him, but why was she so cooperative with him at night?

She even comforted herself not long ago?

Are those all Widow Chai's disguise?

Princess Chai looked at this nonsense with a face full of shame The arrogant bastard yelled and cursed,

"Shameless pervert, will you agree?"

Su Chen saw that Widow Chai had been fooled before he was happy. How could he refuse? This time Widow Chai completely defeated her. I hope she will not regret today's decision in the future.

Su Chen nodded hurriedly. He happily agreed,

"Promise, how could I not agree, Widow Chai....Oh no, I should call you Mrs. Chai from now on. After all, I will be your man from now on. If I call you Widow Chai again, wouldn't I be cursing myself?"

Mr. Cheshire is so angry with this bastard now.

This bastard can't spit out ivory from a dog's mouth.

Fortunately, I was worried about this bastard just now and didn't limit this bastard in terms of time.

But this bastard is a shameless bastard, and he is Good intentions are treated like a donkey's liver and lungs

"Shameless, you haven't won yet, so there is no point in talking about it now."

Su Chen hugged Princess Chai and put the beautiful beaded skirt in her hand on her head,"Mrs. Chai, you will be my woman from now on, don't say those rude words again."

"Pooh! I'm not your wife, you bastard, don't talk nonsense here, now I'm going to see how you transport these gold and silver treasures." Princess Che said with a blushing face and rolled her eyes at Su Chen.

Princess Che also didn't expect that this bastard would put on this beautiful beaded pants for herself, which made her panic and didn't know what to do. Put there, this bastard is simply the nemesis of women.

In these days, Princess Cheshire has become less and less interested in seeking revenge from this bastard. She feels very happy being with this bastard. She can criticize this bastard when she has nothing to do. , she could even teach him a lesson.

But when she thought about her husband and son being ordered to be killed by this bastard, she felt very guilty, but now she faced Su Chen and just couldn't bring herself to kill him.

Even several times At night, after Su Chen fell asleep, Princess Che held a dagger in her hand and wanted to kill this bastard, but she failed to do it several times.

Princess Che felt that she had changed now. Could it be that she was a bad guy who didn't love herself and others? A woman?

"receive!"

Su Chen saw Lord Cheshire lowering her head and didn't know what she was thinking, so he used the system space to collect the gold and silver treasures in the secret room.

Black Widow was originally watching the show, and she also felt that Su Chen was taking advantage of Cheshire. The Lord was happy, but she didn't expect that Su Chen just said one word, and the gold and silver treasures in the secret room suddenly disappeared. The black widow looked at Su Chen and asked in shock,

"this.....Master, how did you do it?"

Princess Che is also confused now.

Why did the gold and silver jewelry here suddenly disappear?

Did she just hallucinate?

But the beads on her head are clearly still there.

Princess Che looked at Su with bright eyes. Chen asked in surprise, "This.....How can this be? How did you do that, you bastard?"

"Hahaha! Mrs. Chai, you will be my wife from now on, so you must mean what you say!"

Princess Che grabbed Su Chen's clothes and said angrily, "How did you do that, you bastard?"

Princess Chechai has lost to this shameless bastard now. She originally wanted to see this bastard's joke, but she didn't think that Su Chen would do it. She is very unwilling now. She doesn't want to lose herself like this. Give it to this bastard.

Princess Checha suddenly let go of her hatred in her heart. She had never been able to do anything to Su Chen, but now she lost the agreement, which made Princess Che feel relieved now.

"You will all know this in the future, and I will explain it to you in detail after I return to Gusu City. Now let's quickly go see what other good treasures there are in the remaining secret rooms."

Chapter 670

Princess Che was speechless when she saw that bastard Su Chen's excited look. He was a heart thief. No wonder the beauties on the martial arts beauty rankings were basically related to this bastard.

Now I have been stolen by this bastard.

Princess Che also figured it out.

The bastard Su Chen was originally a sworn enemy of the Song Dynasty. Even if Su Chen didn't order her husband and son to be executed last time, I'm afraid they would be killed by Su Chen's army in future wars.

The people of the Yang family will not surrender. The war is about life and death. There is no justice or injustice, right or wrong.

Princess Che doesn't want to think too much now. Anyway, life is only a few decades, and she doesn't have many years left to live.

It may even take a few years for her to become old and frail, and her appearance will no longer be there. Su Chen, a shameless pervert, may abandon her without hesitation.

Princess Chea looked at Su Chen and reached out to hold this bastard's hand.

She had been a widow for the Yang family for more than ten years. She wanted to live a good life for herself in her last few years, so that she could She will have no regrets when she dies.

When Su Chen saw Princess Che pulling him, he smiled and pulled Princess Che to follow Black Widow and continue walking towards the treasure passage.

In the following time, they discovered four secret rooms with gold and silver treasures, and a secret room full of calligraphy and paintings. These are all priceless treasures.

"Master, this should be the last secret room in the treasure." Black Widow came to a stone door and looked at the signs on the map and said to Su Chen,

"The last one? Are there only these few secret rooms in such a big mountain?"

Su Chen was a little disappointed when he saw that this was the last secret room. He thought there were dozens of secret rooms here, but he didn't expect that there would be none before there were even ten.

Princess Chei wanted to beat this one when she saw Su Chen's disappointed expression. Bastard.

This bastard got tens of millions of taels of gold, and even jewelry and antique calligraphy and paintings.

But this bastard is not satisfied yet.

This shameless pervert is just an insatiable bastard.

"Bastard, are you still not satisfied? These are all the treasures that the Jin Kingdom has plundered over the past hundreds of years. With these gold and silver treasures, your power will not have to worry about money for decades. You are really a greedy bastard."

Su Chen also felt that this receipt was very big, and he was indeed a little greedy.

But when he looked at Princess Che, he felt that being able to win her heart this time was the biggest gain this time.

After all, money is in the system. It can also be obtained in space, but a woman's heart is not so easy to obtain.

Su Chen hugged Princess Che and said in a very exaggerated way,

"Hahaha! A good baby will have a lot of free time. Just like a beautiful woman, I am the man who wants to be the king. I want to catch all the famous beauties."

"Shameless!"

Hearing what this shameless pervert said, Princess Che grabbed his waist and cursed angrily.

This bastard is hopeless.

It must have been fate that played a trick on him when he met this damn bastard.

Princess Che is too lazy now. Don't bother with this shameless pervert. Anyway, this bastard already has a lot of women, and I am just a dispensable woman like this bastard. I don't need to worry about these things.

"Ha ha! Just kidding, let's liven up the atmosphere. Black Widow, open this last secret room."

"Yes, master."

Su Chen winked at Princess Che when the Black Widow opened the last secret room.

Su Chen had been paying attention to Huang Xuemei, who had been hiding next to her since she entered the treasure passage.

But Huang Xuemei didn't. What he knew was that he and Black Widow had discovered her long ago, and even her every move was under the control of Su Chen and Black Widow. If

Su Chen hadn't shook his head at Black Widow and didn't let her take action to catch Huang Xuemei, I'm afraid Huang Xuemei would have. He had been caught by the Black Widow a long time ago.

After seeing Su Chen's eyes, Princess Che also knew that this bastard was going to take action against Huang Xuemei.

After all, this was the last treasure room.

Huang Xuemei knew the secret of Su Chen's collection of treasures.

Princess Che also knew that Huang Xuemei was trying to get her involved this time. This was probably the so-called curiosity that killed the cat.

Su Chen let go of Princess Che, nodded and suddenly disappeared.

At this time, hiding in the treasure passage Huang Xuemei was very uneasy now.

She just wanted to remind Su Chen not to let the Jianghu people at the foot of Wuling Mountain discover the treasure here, but she did not expect to accidentally discover Su Chen collecting the treasure.

This shocked Huang Xuemei very much.

Su Chen's methods were like those of a god, and now she was a little afraid of Su Chen.

After this bastard's secret was discovered by herself, if that bastard knew it, he might not know how to deal with her.

Now Huang Xuemei wants to leave here secretly She didn't want Su Chen to find out that she was here too.

Just when Huang Xuemei was about to look at Su Chen again, Su Chen suddenly appeared in front of Huang Xuemei.

He and Huang Xuemei faced each other and said with a smile,

"Huang Xuemei, it's not good for you to peek like this!"

"ah!"

Huang Xuemei was startled by Su Chen who suddenly appeared in front of him.

This bastard was talking face to face with someone who was so close to her, and the hot breath from this bastard's mouth sprayed on her face.

Huang Xuemei's face turned red. He hurriedly pushed Su Chen and said,

"You shameless pervert, why are you so close to me? Get out of my way"

"This is interesting. Why did you secretly follow me here if you don't stay halfway up Wuling Mountain? Huang Xuemei, don't you give me a reason?"

Su Chen leaned on a pillar next to Huang Xuemei and asked Huang Xuemei with a smile.

Su Chen also didn't expect that Huang Xuemei would react so much.

Isn't it because they are closer?

It seems that Huang Xuemei really has no relationship with the others. The man had been so close.

Huang Xuemei has recovered now. She was quite frightened by this bastard just now.

Why did this bastard suddenly appear in front of her?

And he was so close to her?

This must be this shameless pervert. On purpose,

Huang Xuemei glared at Su Chen who had just teased her and said,

"Is this your home? Or is this your Mr. Wu Xiang's territory? I'm here to give you none of your business."

Su Chen stared at the always gentle and generous Huang Xuemei in shock.

Is this Huang Xuemei fake?

Why did she suddenly turn into a savage, willful and unreasonable woman?

Su Chen directly pushed Huang Xuemei against the wall of the treasure passage.

He With one hand pressed against the wall, the other raised Huang Xuemei's chin and teased,

"What the hell! So it makes sense for you to follow me here? You are so awesome, why don't you go to heaven?"

Huang Xuemei leaned against the wall and hurriedly pushed the bastard away.

She took out the Tianmo Qin from her arms and threatened the bastard who was teasing her, "Damn it, you want me to play you a song here? Tianlong Bayin?"

"I'll do it! Are you threatening me?"

"What do you think? asshole!"
