

## Zongwu 671

### Chapter 671

Su Chen saw Huang Xuemei was about to play the Heavenly Demon Qin and waved her hand hurriedly. Why did Huang Xuemei have such a bad temper? He just teased her once and she was going to use the Heavenly Demon Qin.

The Heavenly Demonic Qin cannot be used at will. This sonic power is very lethal, although I am not afraid of the Heavenly Demonic Qin.

But as long as Huang Xuemei plays the Tianmo Qin, I am afraid that the treasure passage will collapse, which will be very detrimental to herself.

When Su Chen saw Huang Xuemei's hand about to play the Tianmo Qin, he hurriedly stopped him and said, "Wait, you wretch, let's talk carefully and don't lose your temper easily."

"Bastard, if you were calling me a bastard, I would actually play the Demonic Qin." Huang Xuemei stared at Su Chen with cold eyebrows and threatened again,

"I'll play! Huang Xuemei, you are awesome!"

"Shameless!"

In the dark passage, the only sounds of Su Chen and Huang Xuemei's breathing were left.

Su Chen was thinking about how to keep Huang Xuemei, but Huang Xuemei knew some of his secrets.

Su Chen couldn't let her leave. It is a bit difficult to keep Huang Xuemei by his side. Huang Xuemei obviously cannot stay forcefully, otherwise Huang Xuemei will fight to the end with herself.

Is it necessary to get Huang Xuemei also?

Huang Xuemei is also very beautiful, but I'm afraid it will be very difficult to deal with her.

This Huang Xuemei is very stubborn. This is probably the second woman I have encountered that is difficult to deal with.

The first one is of course the perverted woman Jellyfish Yinji.

But the Jellyfish Yinji Perverted women can handle it by themselves, and it doesn't seem that difficult to handle Huang Xuemei.

At this time, Huang Xuemei was also very uneasy.

The silent atmosphere now made her feel very uncomfortable, and she hugged Tianmo Qin tightly. She looked at Su Chen nervously.

She didn't know what this bastard was thinking now. But she felt that it must have something to do with her. This shameless pervert was not trying to get her attention at this time, was he?

And she discovered his Secret, I'm afraid this shameless pervert can't let her leave like this. Will she be kept by this bastard in the future?

But she still has to avenge her whole family,

Huang Xuemei doesn't want to be kept by this bastard at this time.

Su Chen is here After thinking about this, I feel that we should not be too hasty to deal with Huang Xuemei. Huang Xuemei has not avenged her family's destruction, and it is impossible for her to be left by him now.

But his enemy Dongfang Bai should be at the foot of Wuling Mountain. If he waits After all the treasures here have been found, Dongfang Bai at the foot of Wuling Mountain can help Huang Xuemei kill him for revenge.

In this way, Huang Xuemei should be able to follow him easily, right?

Su Chen looked at Huang Xuemei who was still staring at him and said with a smile,

"Come with me, and you will stay with me from now on. Huang

Xuemei exclaimed when she heard what this shameless bastard said,

"Impossible, I won't stay with you, and I can't be your woman"

"I'll do it! When did I say I wanted you to be my woman? You want to be my woman and I'm not willing yet, you unlucky guy"

"Shameless, you damn bastard, you are a shameless person"

"Stop talking nonsense and come with me quickly, otherwise you should understand the consequences."

"Damn bastard!"

Huang Xuemei hugged Tianmoqin tightly. She was very helpless when she saw Su Chen leaving.

She really got her into it this time.

It is probably impossible for this shameless pervert to let her leave like this.

Huang Xuemei thought for a while. With the thousands of Jianghu people gathered by Dongfang Bai and Ancestor Liehuo at the foot of the mountain, she was not sure that she could kill Dongfang Bai.

Although her injuries have recovered now, her strength has also been improved by the spiritual fruit given by this bastard.

But under Wuling Mountain There are still a lot of Jianghu people in Jianghu. If she uses the Tianmo Qin to massacre those Jianghu people, I am afraid that her true energy may not be able to persist in killing thousands of Jianghu people at the foot of Wuling Mountain. Not to mention

Dongfang Bai and Ancestor Liehuo. Two people with the same level of cultivation as herself existed.

Huang Xuemei was very complicated when she saw Su Chen who had left and was almost out of sight.

Is this bastard worried that he will be killed by the Jianghu people at the foot of Wuling Mountain? Or is he plotting something against him?

Huang Xuemei was very irritable now.

Huang Xuemei put away the Tianmo Qin and quickly followed Su Chen.

Now she could only follow this bastard. No matter what, this bastard could not harm her.

When Su Chen came back ,

Black Widow has opened the last secret room.

When Su Chen looked at the secret room, he was very strange.

Why was this secret room empty?

Could it be that the treasure of the Golden Kingdom was gone before it was transported here?

When the Black Widow saw Su Chen coming back, she He hurriedly said to Su Chen, "Master, there is only one box in this secret room."

"A box?"

Su Chen looked at the box on the pillar in the middle of the secret room and found it very strange.

There was only one box in such a big secret room?

Could it be that the treasures in the box were more valuable than the gold and silver treasures in other secret rooms?

See Princess Che Xiang Suchen was still deep in thought at this time, which made her very helpless. If this bastard didn't quickly take the treasure in the box and leave, what is he still thinking about here?

Princess Che walked up to Su Chen and pushed her away. Pushing him and saying,

"Su Chen, what are you thinking about? When you open this box, don't you know what's inside?"

"oh! I'll open it now."

Su Chen was distracted by Princess Che, so he stepped forward and reached for the box.

Boom!

Click!

But now when Su Chen got the box, there was a loud noise in the secret room, and then the secret room started to ask for it. As if it had collapsed, pieces of broken walls continued to fall from the secret room, which made Su Chen and Black Widow nervous.

"Withdraw, Black Widow, order the secret guards to withdraw from this treasure place immediately."

"Yes, master."

Su Chen hurriedly ordered the Black Widow when he saw the situation here. He guessed that this box must be the core of this treasure place. I'm afraid this is the last precaution taken by the Jin people here.

As long as you don't know the mechanism here, If anyone touches this box mechanism, I am afraid that the treasure will be buried in the Wuling Mountain together. I am afraid that even if the people

of the Jin Kingdom bury the treasure in the Wuling Mountain, they will not let people who are not from the Jin Kingdom get this treasure.

The emperor of the Jin Kingdom will still How cruel!

After Black Widow ordered the secret guards to retreat, she looked at the treasure passage that was about to collapse and hurriedly said to Su Chen,

"Master, let's get out of here quickly, right? It's going to collapse here"

"You all come to me."

Su Chen saw that only Black Widow and Princess Che were left, so he hurriedly shouted to them.

Then Su Chen looked outside the secret room and Huang Xuemei was still squirming and shouted, "Huang Xuemei, you don't want to die. Just come here quickly"

"Damn bastard, can't you talk properly?"

"His! Now is the time of life and death. You are still acting like a bride entering the bridal chamber. If you don't hurry up, you will only be a ghost bride in the future."

Chapter 672

Su Chen hurriedly hugged Princess Che and Black Widow before Huang Xuemei could get angry at him again. He looked at Huang Xuemei helplessly.

Although I can teleport away from here, I can only take two people out now.

He only has two hands and is currently hugging Black Widow and Princess Che, but what does this Huang Xuemei do?

Su Chen looked at Huang Xuemei, who was avoiding the falling stones in the secret room, and shook her head.

"Huang Xuemei, please hold on here for a while, and I will come to rescue you in a moment." Su Chen looked at Huang Xuemei and said to her.

Now Su Chen can only take Princess Che and the Black Widow out first. As for Huang Xuemei, Su Chen can only let her hold on for a while.

"you.....asshole!"

Huang Xuemei wanted to scold this bastard when she heard Su Chen's words, but as soon as she looked at Su Chen, she found that Su Chen had disappeared with Princess Che and the Black Widow.

This made Huang Xuemei's face pale and a little desperate.

That bastard Su Chen Didn't he take her out with him?

And let him wait for him in this secret room that was about to collapse?

Didn't that shameless bastard want to take the opportunity to silence him?

Damn bastard!

Am I a woman who repays kindness with revenge?

Is she just that ? Not as good as the two women next to that bastard?

Huang Xuemei looked at the stones that kept falling from the secret room and was very unwilling to die here.

Boom!

Suddenly, the treasure passage began to collapse, and the entire treasure passage continued to collapse.

Huang Xuemei felt desperate and wanted to cry just looking at it.

It was really over this time. Even that bastard Su Chen might not be able to come through and save her.

Huang Xuemei didn't believe that the treasure passage had collapsed like this, and that bastard Su Chen could still show up. Save yourself here.

This time she hated that bastard very much. Now Huang Xuemei wanted to see that bastard bite him to death. At this time, Su Chen suddenly appeared next to Huang Xuemei.

When he saw Huang Xuemei's eyes were red, There were even some tears on her face, which surprised Su Chen. Could it be that Huang Xuemei was so frightened that she cried?

Su Chen knocked away a boulder that was about to hit Huang Xuemei and asked with a smile,

"Huang Xuemei, are you crying?"

When Huang Xuemei was despairing, she suddenly heard Su Chen's voice and hurriedly turned to the side.

When she saw Su Chen reappearing in the secret room,

Huang Xuemei rushed towards Su Chen, hugged him and hurriedly asked road,

"you.....How did you get here?"

Su Chen didn't expect that Huang Xuemei would take the initiative to hug her. It seemed that she was frightened by the collapse of the treasure passage here. However, Su Chen felt very good when a beautiful woman hugged her. Su Chen hugged

Huang Xuemei with her backhand. He said jokingly,

"You, a beautiful woman, are still here, of course I will come to save you!"

Huang Xuemei's body stiffened after she was hugged by Su Chen. Just now she hugged this bastard excitedly when she saw Su Chen appeared, but now she is hugged by this bastard, which makes Huang Xuemei very... Nervous,

Huang Xuemei just thought that now the treasure passage has collapsed, and both of them might die here, Huang Xuemei let this bastard hold her,

"Bastard, now that the treasure passage has collapsed, we can't get out even if you come here, why do you still come here? Aren't you afraid of death?"

Su Chen wiped the tears on Huang Xuemei's face and said with a smile,

"Anyway, with a beauty like you accompanying me to death, I will have no regrets even if I die in this treasure place."

Huang Xuemei saw that this secret room was about to collapse, but this bastard was still joking, which made Huang Xuemei not know what to say about this bastard. Huang Xuemei thought that they would all die here in a while, but this bastard was with her. After dying here together, Huang Xuemei had no complaints.

Huang Xuemei leaned on Su Chen's arms and looked at the collapsing treasure passage. She looked at Su Chen and rolled her eyes at him and said,

"You are such a shameless pervert. Aren't you worried that your other women will be sad after you die here?"

Su Chen hugged Huang Xuemei and said with a smile, "Haha! I'm just joking, let's go! I'll take you out of here."

Su Chen also knew that this secret room was about to collapse, and he didn't want to stay here any longer. If this secret room suddenly collapsed, it would be too late for Su Chen to cry.

Su Chen looked at this treasure that he had harvested well. He hugged Huang Xuemei and teleported away into the secret room of the treasure.

"you....."

When Huang Xuemei was about to say something to Su Chen, she suddenly found herself on Wuling Mountain.

Moreover, there were Black Widow and Princess Cheshire around, which shocked Huang Xuemei very much.

"How did you do that, you bastard? Not only can you take away the treasures in the treasure secret room instantly, you can even suddenly take me and them out of the treasure secret room. Are you a god, bastard?"

Su Chen flicked Huang Xuemei's forehead and said angrily,

"If I were a god, would I still need the gold and silver in these treasures? You are such a stupid woman."

At this time, the black widow came to Su Chen and said to Su Chen,

"Master, more than a dozen of the secret guards were lost, and some were seriously injured."

Su Chen also didn't expect that the secret guards would be killed and injured dozens of times here. This time it was caused by his own carelessness.

Su Chen also didn't expect that the last box would trigger the treasure's self-destruct mechanism,"Oh! Bury the dead on the spot and treat the injured quickly."

"Yes, master."

Su Chen took out the box obtained from the secret room from the system space and looked at it and said,

"What do you get here? The Emperor of Jin was able to place this box in the final secret room, and also arranged the self-destruct mechanism on this box."

Crack!

After Su Chen opened the box, he found that there was a huge yellow bead inside. Su Chen was very surprised when he saw this golden bead that glowed with golden light. This was the second bead that he had encountered. This bead was somewhat different from the Suihou Bead that Su Chen got in Da Qin. The bead on this bead The golden light made him feel very warm and awake. Could it be that this bead could refresh his mind and fight fatigue?

At this moment, the system prompt sounded,

"Ding, congratulations to the host for obtaining the Broken Dragon Ball"

"Dragon Ball? Or a broken dragon ball?" Su Chen looked at the bead in his hand and didn't expect it to be a dragon bead.

But why is it a broken dragon bead?

This dragon bead is intact no matter how you look at it. Where is this dragon bead broken?

Su Chen is holding this dragon bead. Zhu looked at it and asked the system,

"System, this is obviously a complete dragon ball, how could it be a broken dragon ball?"

"Ding, this dragon bead is only one-tenth of the real dragon bead, and the spiritual power inside has been almost lost. It is already a useless and broken dragon bead."

"I guess, isn't this a useless bead? Although this dragon ball can also refresh your mind and fight fatigue, it is of no use."

Chapter 673

Princess Che and Huang Xuemei were very surprised when they saw the dragon bead in Su Chen's hand. This orb exuding golden light made them feel energetic instantly. This bead looked like a very expensive treasure.

But they were very surprised when they saw Su Chen's depressed look.

This bead was more valuable than all the gold and silver treasures this bastard had previously obtained combined.

But why did this bastard still look unhappy?

"Su Chen, do you know what kind of bead this is?"Huang Xuemei asked suspiciously when she saw Su Chen's dissatisfaction with the dragon bead.

Su Chen handed the dragon bead to Huang Xuemei and said indifferently,

"Dragon Pearl, this is an incomplete Dragon Pearl."

Huang Xuemei looked at the dragon bead in her hand with a look of disbelief. Although the bead was a bit strange, how could it be a dragon bead? This bastard also used stories from myths and legends to deceive herself.

Could it be that she was just an ignorant novice? ?

"Dragon Ball? Are you kidding me? Those ancient legendsHow could the story really exist? Are you lying to me, you bastard?"

"mix.....Husband, is this a real dragon bead?"Princess Cheshire is very embarrassed now.

Originally, she wanted to continue calling this bastard a bastard, but she thought that now she has been deceived by this bastard, both physically and mentally.

It would be very uncomfortable for her to continue to call this bastard a bastard. Well, Princess Che could only call Su Chen her husband with a blushing face.

Su Chen didn't see Princess Che blushing, and now he just felt a little pity for this dragon bead.

If this was a complete dragon bead, Even the spiritual power inside has not disappeared. I am afraid that this dragon bead will raise the strength of him and all his women to a new level. It is a pity that this is a broken dragon bead.

There is not even much spiritual power inside.

This is really After getting a tasteless dragon ball, it was a pity to throw it away.

Su Chen held Princess Che in his arms and said for comfort,

"Yes, this is a genuine dragon bead, but it is an incomplete dragon bead. This bead is of no use. Now I am afraid it can only have some refreshing and anti-fatigue functions. Seeing Su

Chen's expression asking for comfort, Princess Chei smiled and said, "But this bead has not been obviously damaged, so why is it incomplete?" Could it be that you saw it wrong?"

Su Chen looked at Huang Xuemei still studying the dragon beads and said to Princess Che,

"This is really a broken dragon bead. It may be that the dragon was broken by its opponent during the battle. The dragon's dragon bead was divided into ten. As for why this dragon bead looks so perfect? I don't know this either."

Huang Xuemei checked for a while but didn't find anything special about this dragon bead. In addition to being refreshing and anti-fatigue, this dragon bead only seems to have a good-looking appearance. Is this really a dragon bead?

Huang Xuemei returned the dragon bead. Su Chen smiled and said,

"Then you don't have to look disappointed. Although this dragon bead is a broken dragon bead, the value of this dragon bead is inestimable. This dragon bead may even be more valuable than the gold and silver treasures you got."

Su Chen looked at this useless dragon ball and said to Princess Che and Huang Xuemei,

"Forget it, whoever of you likes it can play with it in the future. This is of no use to me."

At this moment, the system prompt sounded again,

"Ding, host, do you want to extract the residual spiritual power in the dragon ball to generate a special gift package? ?"

"I'll do it! System, the spiritual power in the dragon beads can also be extracted to generate special gift packages?"

Su Chen was very surprised when he heard the system prompt.

He didn't expect that this broken dragon ball could generate a special gift package. Is the residual spiritual power in the dragon ball very special?

"Ding, the spiritual power in the dragon bead is condensed from the purest spiritual energy. Although there is not much spiritual power in the dragon bead, it can still be extracted to generate a special gift package."

"Extract, extract the spiritual power from the dragon beads immediately"

"Ding, spiritual power is being extracted."

Su Chen didn't expect that this time it would be a blessing in disguise. This broken dragon ball was not useless this time. At least this time, he could get a special gift package again.

Princess Chai and Huang Xuemei saw how happy Su Chen was all of a sudden. Standing up, they looked at each other and didn't understand what happy thing this bastard had thought of, but they didn't disturb this bastard who was happy.

Princess Cheche saw that Black Widow was letting the secret guards deal with the injured Black Widow. When the guards were injured, she went over to help.

In the future, these secret guards would also be her subordinates. Princess Che did not want these secret guards to die without receiving timely treatment.

Huang Xuemei saw Princess Che leaving, and she was the only one left here. With this bastard, she was very uncomfortable staying with Su Chen.

Huang Xuemei looked at Su Chen and walked towards the black widow. Although she didn't have any medicine for healing, she could still use her inner strength to help those injured dark widows. Guards, please treat the internal injuries

"Ding, the extraction of spiritual power is completed, and the special gift package begins to be generated."

Su Chen looked at the dragon bead in his hand. The golden light has faded a lot now, but this dragon bead can still refresh the mind and resist fatigue.

It seems that the dragon bead is indeed a dragon bead. Although it has no spiritual power, some functions are still retained. come down

"Ding, the special gift package has been generated. Does the host want to open the special gift package now?"

"Open it and open the special gift package immediately"

"Ding, the special gift package has been opened. Congratulations to the host for getting: world passage (remnant), special trial space (Shura City), ten primary spiritual stones, ten beauty pills, three hundred shadow assassins, fifty thousand elite troops and fifty thousand troops. Five years of supplies of materials and weapons"

"Damn it, it really exploded this time!" Su Chen almost jumped with excitement when he heard the system prompts.

Su Chen did not expect that the special gift package this time would be so rich.

The world channel was opened again this time.

He has now received two world channels. If you collect three more world passage fragments, you can open a powerful world.

No matter whether you get a world of cultivation or a world of magic and fantasy in the future, this will be a huge opportunity for you.

Su Chen saw the special test Refining Space (Shura City) What kind of space is this?

Is it the Shura City that Green Snake fell into in the anime?

That Shura City seems to be a place where there are obsessions in the heart that are unwilling to be forgotten, but that Shura City is very cruel Yes.

Shura City is a real place where the weak can prey on the strong. If you don't have the strength, you will probably be killed immediately.

Chapter 674

Su Chen hesitated when he looked at the special trial space (Shura City).

If this special trial space is the space where Green Snake goes, there will be people there, including monsters, ghosts, Rakshasa, and the villain's bull-headed horse face.

Although those demons and monsters have no magic power, they all look like supermen. wrong!

It seems that the monsters and ghosts inside can be killed with rifle bullets.

Then there shouldn't be any danger if you rely on your own strength to get there, right?

At least the current thermal weapons pose no threat to him, and his body strength cannot be damaged by ordinary bullets.

Su Chen touched his chin and felt that he wanted to visit this Shura City.

After all, Shura City was a modern city, and he missed the modern city a little.

Besides, I also want to get some supplies in Shura City, such as potatoes, sweet potatoes, corn, and other high-yielding crops that are very needed in my territory.

There are also foods like beer, drinks, spicy sticks, etc. I haven't tasted them in a long time.

Su Chen decided to go to this trial space after this incident, but he had to think carefully about who he would bring with him.

Now he has an army of millions, and there are many powerful masters. Su Chen will not go to Shura City alone now.

With so many troops and subordinates, he would not take action easily in ordinary matters, otherwise he would lose his worth too much.

Su Chen looked at the remaining spirit stones, beauty pills, shadow assassins, and elite troops in the system space. He knew all of these. It was a pity that he didn't get some martial arts secrets this time.

But you can't be so greedy. With these, you are already satisfied. This trip to the Golden Treasures has been a great harvest.

This time not only did he get tens of millions of gold and silver treasures, but he also got a special gift bag. The items in the special gift bag made Su Chen very satisfied.

Su Chen looked at Huang Xuemei who was treating the injured secret guards and shook his head and said,

"It's time to leave Wuling Mountain. By the way, those Jianghu people at the foot of the mountain dare to kill them. Huang Xuemei will follow her from now on. Dongfang Bai and Ancestor Liehuo at the foot of Wuling Mountain should also deal with them."

"Youruo"

"Owner"

"Lead the shadow assassins to kill the Jianghu people at the foot of the mountain. Dongfang Bai and Ancestor Liehuo will be captured alive by me."

"Yes, master."

After Su Chen disappeared in Youruo, he sat on a rock and looked at the snow scene on Wuling Mountain. It had been snowing heavily since his arrival. It seemed that Wuling Mountain did not welcome his arrival.

At the foot of Wuling Mountain, thousands of Jianghu people here are still here besieging the intersection at the foot of Wuling Mountain. They heard the sound of landslides and ground cracking on Wuling Mountain just now.

But they all thought it was heavy snow. The avalanches caused by the rivers and lakes here did not pay much attention to it.

At this time, when some Jianghu people were patrolling here, black shadows suddenly appeared next to the Jianghu people patrolling here.

In these Jianghu people Without noticing these black shadows at all, the patrolling Jianghu people were killed by their throats cut easily by the black shadows.

After the black shadows killed these Jianghu people, they suddenly disappeared one by one, but as long as these black shadows passed by In this place, all the Jianghu people under Wuling Mountain were killed one by one.

In just a short time, hundreds of Jianghu people from thousands of Jianghu people under Wuling Mountain were killed, and after killing these hundreds of Jianghu people, the people here The other members of the Jianghu Association have not discovered it yet.

In a tent at the foot of Wuling Mountain, Dongfang Bai and Ancestor Liehuo are sitting here, while Tan Yuehuaze is standing next to Ancestor Liehuo. The anger here is a bit solemn now. They just got After hearing the news, although Dayuan sent an army of ten thousand people to Wuling Mountain, they were blocked by tens of thousands of troops from the Jin Kingdom on the way.

Don't say that Dayuan's army will not come over now. The ten thousand Dayuan army The army may have been destroyed by tens of thousands of troops from the Jin Kingdom.

Dongfang Bai and Ancestor Liehuo were very surprised when they got the news. They were waiting for Dayuan or the Jin army to come and destroy Wu Xiangjun.

But now Dayuan The army and the Jin army started killing each other before they arrived. I am afraid that neither the Dayuan army nor the Jin army can rush over as soon as possible.

Ancestor Liehuo drank a glass of wine and said expressionlessly,

"Dongfang Bai, your plan may have failed."

Dongfang Bai is also very helpless now.

It was a foolproof plan, but the Jin State did not follow common sense. This time his plan completely failed.

The actions of the Jin State army were obviously to help Lord Wu Xiang. This is Dongfang Bai couldn't figure it out.

Dongfang Bai looked at Ancestor Liehuo and sighed and said,

"well! I didn't think about why the Jin army stopped the Dayuan army. Wu Xiangjun was a huge threat to Dayuan and Jin. Shouldn't they kill Wu Xiangjun at the same time? But I can't understand what the Jin army did."

Ancestor Liehuo shook his head and felt that he had to leave here. Otherwise, after Wu Xiangjun found the items he needed on Wuling Mountain, he might not let go of these Jianghu people who surrounded and killed his confidante.

"Now is not the time to talk about this. I am going back with the people from the Fire Palace. This time the siege on Huang Xuemei will not be successful. With Lord Wu Xiang protecting Huang Xuemei, it is impossible for us to kill Huang Xuemei and win the Heavenly Demon Qin."

"Are you going to give up? Ancestor Agni"

"Yes, we won't succeed this time. I don't want to offend Mr. Wu Xiang for no reason. I still want to live for a few more years."

"No, we are only one step away from killing Huang Xuemei and seizing the Tianmo Qin. How can you give up at this time?" Dongfang Bai stopped Ancestor Liehuo with a firm look on his face.

Dongfang Bai didn't want Ancestor Liehuo to quit at this time. He must kill Huang Xuemei this time.

Now Huang Xuemei is already at the late stage of a grandmaster like him. Realm, if Huang Xuemei is not eradicated at this time.

I am afraid that after Huang Xuemei is promoted to Grand Master, she will be killed by Huang Xuemei. After all, Huang Xuemei's whole family was destroyed by herself.

Ancestor Liehuo stood up and said mockingly to Dongfang Bai,

"Wake up, Dongfang Bai, even if you get the Tianmo Qin, will you let me use it for ten years as promised? You think I don't know what your plans are. I'm afraid if we kill Huang Xuemei and seize the Tianmo Qin, you will kill me mercilessly. Don't think that I don't know your plans."

Tan Yuehua looked at Dongfang Bai thoughtfully.

She was now thinking about Wu Xiangjun saying that she liked Dongfang Bai. This Dongfang Bai looked like a white-faced scholar. How could she like Dongfang Bai?.

And her master reminded her a few days ago that Dongfang Bai was going to hit her.

Dongfang Bai is the same age as her master. Although he is good at looking good, she will not let an old man ruin her body.

"Master, when I was in Zhongdu of the Kingdom of Jin, I heard that the Kingdom of Jin was ready to surrender to Lord Wu Xiang, but Lord Wu Xiang never replied to the Kingdom of Jin. Now that the army of the Kingdom of Jin is helping Lord Wu Xiang, is it probably to please Lord Wu Xiang?"

## Chapter 675

Dongfang Bai and Ancestor Liehuo were very confused when they heard Tan Yuehua's words.

They had not thought that there was such a thing, but it was too late to say these things now.

If they had known these things earlier, they would have only told Wu Xiangjun. The news here tells Dayuan's army that everything is now irreparable.

Dongfang Bai stared at the beautiful Tan Yuehua with an ugly face and asked unceremoniously,

"Tan Yuehua, you should have told us this information earlier. Are you laughing at me and your master by saying this now?"

Dongfang Bai looked at Tan Yuehua and thought that if he couldn't kill Huang Xuemei this time, he would also get the beautiful Tan Yuehua.

Although Tan Yuehua is not a beauty on the ranking list of martial arts beauties, this Tan Yuehua also has a temperament that attracts him. This is He had never seen it in any woman.

When Tan Yuehua heard Dongfang Bai questioning her angrily, she smiled and said to Dongfang Bai,

"No, how dare I laugh at the leader and master? I only remembered this now. Ancestor Liehuo put down his wine glass and glared at Dongfang Bai and said angrily, "Dongfang Bai, my apprentice just didn't expect it. Why are you questioning my apprentice like this?" Dongfang

Bai looked at Tan Yuehua and smiled and said to Ancestor Liehuo,

"Ha ha! I was just joking, Ancestor Liehuo, you are a good disciple. What about my last proposal? Ancestor Liehuo, how about taking you as my disciple and letting her be my woman?"

"Stop dreaming, I won't agree." Ancestor Liehuo despised Dongfang Bai and didn't want to talk to this hypocrite who wanted old cows to eat young grass.

"I don't agree either? I won't be your woman."Tan Yuehua is also very angry now.

This shameless old bastard actually slapped her attention. This old bastard is much worse than that Wu Xiangjun.

No!

They are both the same, they are both shameless perverts. ,

Tan Yuehua has not forgotten the last time that shameless Wu Xiangjun touched her face and teased her.

"Disciple, let's leave here. We'd better not have any contact with this insidious Dongfang Bai anymore."

"OK, master!"

Just when Patriarch Liehuo was about to leave with Tan Yuehua, Patriarch Liehuo suddenly felt so weak that he almost fell to the ground. He looked at Dongfang Bai and thought of the wine he had just drank.

"Master, what's wrong with you?"Tan Yuehua saw that Ancestor Liehuo almost fell. She hurriedly supported Ancestor Liehuo and asked with concern,

"Hahaha!"

Dongfang Bai laughed when he saw the look of Ancestor Liehuo.

Ancestor Liehuo understood everything now. When he looked at Dongfang Bai's laughing look, he knew that the wine he just drank was poisoned.

Ancestor Liehuo didn't expect it. Before he kills Huang Xuemei and seizes the Tianmo Qin, Dongfang Bai will plot against him.

"Dongfang Bai, you despicable villain actually poisoned me? Dongfang

Bai stood up and said harshly to Ancestor Liehuo,

"Ancestor Liehuo, I have long guessed that you would leave if you knew that Dayuan and the Jin army would not arrive. Since you are no longer prepared to help me kill Huang Xuemei, what is the use of keeping you?"

Tan Yuehua stopped in front of Ancestor Liehuo and hurriedly said to Ancestor Liehuo with a long sword,

"Master, please leave quickly, I will protect you from this insidious Dongfang Bai. Ancestor Liehuo stood up slowly and patted Tan Yuehua's shoulder and said, "No, you leave. I'm in trouble this time. Disciple, you have to stay far away from now on. Don't be fooled by this insidious villain like Xing." turn up"

"master?"

"Be obedient, you must leave alive, otherwise the master will not rest in peace even if he dies."

"None of you can leave, Fu Yunjun, come in." Dongfang Bai saw that Ancestor Liehuo and Tan Yuehua were still chattering. He clapped his hands and shouted outside the tent.

Tan Yuehua was very surprised when she heard Dongfang Bai's words. When she saw Fu Yunjun come in, she said with an ugly face. ,

"Fu Yunjun, I didn't expect that you would defect to Dongfang Bai?"

Fu Yunjun looked at Tan Yuehua and said to her crazily,

"Why can't I join the Eastern White Alliance Leader?"

"That bitch Huang Xuemei felt like she had lost her soul ever since she met Wu Xiangjun. I had been with her for several months and even had a crush on her."

"But she didn't care about my friendship at all, and even drove me away. I will definitely let that bitch suffer to death. Tan

Yuehua pointed at Fu Yunjun and cursed angrily,

"You are simply hopeless. Huang Xuemei asked you to leave for your safety. If you stayed, you would definitely be killed. But you actually misunderstood Huang Xuemei like this. You are simply a heartless bastard."

Fu Yunjun didn't care about Tan Yuehua's scolding.

He looked at the powerless Ancestor Liehuo and said with a smile,

"Hahaha! You name it, oh! I forgot to tell you, the poison your master was poisoned by was given to Dongfang Bai Alliance Leader by me. There is no antidote for this colorless and odorless poison. Your master is dead this time."

"You deserve death, Fu Yunjun, I'm going to kill you." When Tan Yuehua heard Fu Yunjun's words, he couldn't help but stabbed Fu Yunjun with his long sword.

Fu Yunjun shook his folding fan and struck Tan Yuehua with a palm, saying, "A scumbag from the second level of the innate world, do you think you are Is he my opponent?"

Bang!

Ahem!

Tan Yuehua was very shocked when she was knocked down by Fu Yunjun's palm.

She didn't expect that Fu Yunjun was stronger than her. This insidious bastard had been hiding his cultivation level.

No wonder she always felt that this insidious person was very dangerous

"Disciple, how are you?"

"Fu Yunjun, don't hurt Miss Tan."

Fu Yunjun's eyes lit up when he saw Dongfang Bai worried about Tan Yuehua.

Dongfang Bai actually cares about Tan Yuehua so much.

Tan Yuehua can use her to contain Dongfang Bai in the future.

Fu Yunjun looked at Dongfang Bai and said with a smile,

"Don't worry, your sweetheart Tan Yuehua is fine. Leader of the Dongfangbai Alliance, are we going to Wuling Mountain now? With the poisonous powder I gave you, Huang Xuemei will definitely not be our opponent.

Dongfang Bai saw that Tan Yuehua was only slightly injured, "Okay!" After killing this Ancestor Liehuo, we will attack Wuling Mountain and kill Huang Xuemei."

At this moment, a Jianghu man suddenly broke in and hurriedly reported to Dongfang Bai,

"It's not good, leader, our camp was broken into by some black-clothed assassins, and they are now assassinating our people."

"What? Someone stormed into our camp and assassinated our people?" Dongfang Bai was very shocked when he heard the report from his subordinates.

He and thousands of subordinates from the Fire Palace are here. Aren't those black-clothed assassins afraid of being killed by his subordinates?

"Yes, Alliance Leader, those men in black were so elusive that our people were unable to detect the whereabouts of those men in black, so they had their throats cut and died. Hundreds of our people have been assassinated."

Dongfang Bai was very surprised when he heard what this subordinate said.

He had not offended anyone recently.

How could an assassin in black come to assassinate him, and assassinate hundreds of his subordinates silently?

And it seems that those black The Assassin Yi wanted to exterminate him and his forces.

Chapter 676

Dongfang Bai really couldn't imagine who was going to kill him, but he had to face these things.

When he looked at Ancestor Liehuo, he felt that it was a bit reckless to attack him this time.

If he hadn't taken action against Ancestor Liehuo, the enemies he was about to face this time would have been easier.

Dongfang Bai looked at Ancestor Liehuo who was no longer resisting, and then looked at Tan Yuehua who was vigilant on the side and said viciously,

"The people who ordered us to gather outside my tent, I want to see who wants to take my life?"

"Yes, leader!"

"Come on, let's go out and see who those assassins in black are." Dongfang Bai mentioned Liehuo Ancestor and said to Fu Yunjun next to him.

Dongfang Bai took the angry Ancestor Liehuo out first, and when he left the tent, he curled his lips and smiled at Tan Yuehua.

This time He was bound to win over Tan Yuehua, and there was no way he could escape from Tan Yuehua with the Liehuo Ancestor. Liehuo Ancestor

's skills were disabled by his San Gong Qiu Haitang poison, but Dongfang Bai didn't use Fu Yunjun's poison. But he was also wary of Fu Yunjun.

This Fu Yunjun was crazier than him, and Fu Yunjun would probably be even more sinister and cunning than him in the future.

Dongfang Bai would not let this Fu Yunjun continue to live after this incident.

Fu Yunjun smiled. He went out with Dongfang Bai.

When he saw that Ancestor Liehuo hadn't died for so long, he knew that Dongfang Bai didn't use his poison.

Dongfang Bai still didn't trust him.

But he didn't care about it, as long as this time He could use Dongfang Bai to catch Huang Xuemei, and he would immediately escape with Huang Xuemei.

From now on, he will torture Huang Xuemei every day. That shameless woman Fu Yunjun will not let her die easily.

"master! Dongfang Bai, will you let my master go?"Tan Yuehua saw Dongfang Bai taking Ancestor Liehuo out, and she hurriedly followed to rescue her master.

In Dongfang Bai's camp, the Jianghu people here are now panic-stricken. The Jianghu people here are all gathered together to be wary of each other. Watching the surroundings.

Although the Jianghu people here are very careful and vigilant, people are still having their throats cut to death inexplicably. The

Jianghu people here are very scared. They are all afraid that they will be killed by those people if they are not careful. The elusive assassin cut his throat and died.

Dongfang Bai brought Ancestor Liehuo out and was very angry when he saw the situation in the camp. Only four to five hundred people were left among the thousands of Jianghu people he and Ancestor Liehuo had gathered.

These are terrible They were all his men who would fight for hegemony in the future. He did not expect that six to seven hundred people would be assassinated here for no reason.

This made Dongfang Bai very angry.

Dongfang Bai shouted angrily to the surroundings,

"Who are you? Why are you having trouble with me, Dongfang Bai? I, Dongfang Bai, don't seem to have offended you, right?"

Ancestor Liehuo and Fu Yunjun also looked around in confusion. They did not expect that so many Jianghu people in the camp would be killed in just such a short time, and they have not found any figures who killed these Jianghu people so far.

Stabbed! Stabbed! Stabbed!

While Fu Yunjun was waiting for the assassins to reply, dozens of people from the Jianghu community were killed by inexplicably slit throats.

And this time Dongfang Bai also saw those black-clothed assassins suddenly appearing to kill and kill again. The sudden disappearance, even he didn't notice how those assassins appeared and disappeared, which made Dongfang Bai very surprised.

Dongfang Bai saw that these assassins still kept killing his men, and he hurriedly faced the people here. Everyone ordered,

"They all put me on guard back to back. These assassins are not ordinary assassins. Please keep your eyes open and be careful."

"Yes, leader!"

Just when Dongfang Bai and his men were on guard against the shadow assassins who would assassinate them, the Emperor of Jin who was far away in Zhongdu of Jin also got Lord Wu Xiang here in Wuling Mountain. In the palace of Jin,

Emperor

Wan Yanxun Sitting on the dragon throne, looking at the prime minister, he asked,

"Has Princess Qi set off already?"

The Prime Minister of the Kingdom of Jin felt nervous when he heard the Emperor's question. Today he finally managed to persuade Princess Wanyan Liusu of the Kingdom of Qi to marry Wu Xiangjun.

Although Princess Qi was extremely reluctant, she still After his persuasion, Princess Qi agreed to marry Wu Xiangjun this time.

Prime Minister Jin told Princess Wanyan Liusu that if Princess Qi was unwilling to marry Wu Xiangjun, then Jin would take it. She got married to Emperor Genghis Khan of the Yuan Dynasty.

One was the handsome and unrestrained Wu

Xiangjun, and the other was the old and aged Genghis Khan.

In the end, Wanyan Liusu, the princess of the Qi Kingdom of the Jin Kingdom, chose to marry Wu Xiangjun.

The Prime Minister of the Jin Kingdom wanted to go to the Qi Kingdom. Princess Wanyan Liusu had already set off towards Gusu City. He saluted the Emperor of Jin and said,

"Yes, Your Majesty, the Princess of Qi Kingdom has gone to Gusu City with a large amount of gold and silver treasures. This time, Lord Wu Xiang will definitely save our Kingdom of Jin."

The Emperor of the Kingdom of Jin breathed a sigh of relief when he heard that Princess Wanyan Liusu of the Kingdom of Qi had set off. The

Kingdom of Jin had always wanted to surrender to Lord Wu Xiang and ask him to save the country from danger, but Lord Wu Xiang never agreed. Come down.

Now Dayuan is about to attack Zhongdu of the Jin Kingdom. The Emperor of the Jin Kingdom does not want the hundreds of years of Jin Kingdom's foundation to perish in his hands.

The Jin Kingdom Emperor sighed and said, "Alas! Now we can only hope that Princess Qi can convince Lord Wu Xiang to save our Kingdom of Jin."

"Your Majesty, Mr. Wu Xiang is a lustful person. As long as Mr. Wu Xiang sees Princess Qi, he will be attracted. When the time comes, Princess Qi will beg Mr. Wu Xiang to send troops to save our country, Dajin."

"I hope so. Is it really Lord Wu Xiang who appeared in Wuling Mountain?" The Emperor of the Kingdom of Jin became nervous when he thought about the news in Wuling Mountain.

The hope of the Jin Kingdom's future rise was buried there in Wuling Mountain.

But he thought that the treasures there were buried very secretly, and anyone who knew about it had been silenced.

Even if Lord Wu Xiang was really in Wuling Mountain, he would probably appear there occasionally. He didn't believe that Lord Wu Xiang would know about the treasure of the Jin Kingdom.

The Prime Minister of the Jin Kingdom shook his head and said,

"We can't be sure about this, but whether it's Lord Wu Xiang or not, we can't let the Dayuan people capture and kill him."

"Wanyan Honglie's army has stopped those Dayuan troops"

"If that person is really Lord Wu Xiang, I believe that Lord Wu Xiang will not help our Kingdom of Jin deal with Dayuan when he learns about the help from our Kingdom of Jin and the marriage of Princess Qi Kingdom."

The Emperor of Jin nodded after hearing what the Prime Minister said, "That's right. Prime Minister, please go down. I want to think about it carefully."

"Yes, Your Majesty."

Chapter 677

On Wuling Mountain,

Su Chen was ready to go down the mountain after being treated by the secret guards. He had already obtained the treasure of the Golden Kingdom, and Su Chen didn't want to stay here even though it was freezing cold here.

Su Chen looked at the three beauties around him and hugged Princess Che with a smile and said,

"We go down the mountain."

When Huang Xuemei saw that Su Chen was going down to Wuling Mountain at this time, she hurriedly reminded Su Chen,

"Su Chen, Dongfang Bai and Ancestor Liehuo's men are still down the mountain. We need to be careful after going down the mountain."

Su Chen smiled when he heard Huang Xuemei's words and said,

"Why should I worry? Huang Xuemei, Dongfang Bai and Ancestor Liehuo don't seem to have any grudge against me. Besides, do they dare to be my enemy? Are you still worried about yourself?"

"What do you mean you bastard?"

Huang Xuemei was very angry as she stared at Su Chen.

Did this bastard not care about her?

Just now, this bastard saved her and even hugged her, and now he wants to break up with her.

Isn't this bastard afraid that he will leave and expose his secrets? ?

Or is this bastard deliberately testing himself?

Su Chen hugged Princess Che and looked at Huang Xuemei and said mockingly,

"What I mean is that after we come down from the mountain, we will go our separate ways. Dongfang Bai and Ancestor Liehuo want to trouble you, not me. I don't have to worry about them."

Su Chen is also bored and wants to tease Huang Xuemei, the unlucky guy.

Today, he got a great harvest in Wuling Mountain, and even won the heart of Princess Che.

However, it would be good if Huang Xuemei, a stone girl, can be accepted, but This unlucky stone girl was not easy to deal with.

Huang Xuemei appeared in front of Su Chen and glared at him angrily, "Shameless bastard, are you going to abandon me?"

"What the hell! Huang Xuemei, can you use words? What abandonment? Are you my woman?"

Su Chen was speechless when he heard Huang Xuemei's words.

Why is this Huang Xuemei so tough?

Can the word "abandon" be used casually?

It seems that Huang Xuemei doesn't understand anything about men and women, and this novice doesn't know what he has been studying all day. ?

Is she just practicing martial arts?

Doesn't she know anything about secular things?

Huang Xuemei's face turned red and she reminded Su Chen in shame and anger, "You bastard hugged me, do you want to eat it and wipe it clean? Don't you want to admit it?"

"I'll do it!"

Su Chen was completely shocked when he looked at Huang Xuemei.

How should he answer Huang Xuemei?

Did he eat it if he hugged Huang Xuemei?

If he wiped his mouth clean and refused to admit it, what the hell should I admit?

"Hahaha!"

The Black Widow and Lord Cheshire on the side were laughing to the point of tears. They were very happy when they saw Su Chen's confused look. They didn't expect Huang Xuemei to be such a tiger.

Huang Xuemei heard that Black Widow and Lord Cheshire The Lord looked at herself and Su Chen with a smile and hurriedly lowered her head in shame. She had just said those shameful words in a hurry, and she was also confused by the bastard Su Chen.

Su Chen looked at the shy Huang Xuemei shook her head and said,

"Don't worry, you unlucky man. I have already sent my men to destroy the gangsters at the foot of the mountain. We can just go and finish them off now. Don't you want to avenge your family? Come down the mountain with me now"

"real?"

Huang Xuemei didn't expect that Su Chen had already started to deal with Dongfang Bai and Ancestor Liehuo. This made her eyes turn red when she looked at Su Chen. This bastard still cared about her. It seemed that she was not wrong about this bastard.

"Fake!"

"shameless bastard!"

Huang Xuemei was very confused when she heard Su Chen's words.

When she saw this bastard carrying a beautiful woman down the mountain, she was filled with hatred.

This bastard was so angry that he would not risk his life. Huang Xuemei was clenching her fists now and couldn't help but want to beat her. This bastard once.

At the foot of Wuling Mountain,

Dongfang Bai was sweating profusely. There were only dozens of his thousands of men left, and he had not killed a single assassin until now. Now he was very scared.

Fu Yunjun was also very frightened now.

He used all the most poisonous poisonous powders he got, but none of the black-clothed assassins died of poisoning.

This made Fu Yunjun very regretful about this action.

"Eastern Alliance Leader, I can't help you this time. These assassins are not even afraid of my poison. I am powerless now."

"Who are these people? Why is it so powerful?"

I'm afraid Dongfang Bai won't be able to escape even if he wants to.

Just now, his men couldn't bear to be killed here. Those men fled in all directions, but their throats were cut one by one before they left the camp.

Dongfang Bai knew it. This time the assassins wanted to kill everyone here in one fell swoop.

Ancestor Liehuo slumped on the ground and looked at Dongfang Bai and laughed.

Although his martial arts skills were disabled by Dongfang Bai's poison, he was able to see Dongfang Bai. Will be killed,

Ancestor Liehuo is very happy,

"Dongfang Bai, this time is the retribution for your bad deeds, hahaha! This time you said you were dead"

"Dry tongue!"

Kacha!

Dongfang Bai broke the neck of Ancestor Liehuo with anger on his face. Now he is very angry and anxious. This Ancestor Liehuo still dares to laugh at himself. He is really tired of living.

"master?"

When Tan Yuehua saw Ancestor Liehuo being killed, she knelt beside the body of Ancestor Liehuo and stared angrily at Dongfang Bai with tears in her eyes.

At this time,

Su Chen came here with Princess Chai in his arms and saw Ancestor Liehuo being killed by Dongfang Bai. Bai Kill, he looked at Dongfang Bai, that fair-faced boy, and said mockingly,

"Tsk tsk! Didn't you expect that people here would start killing each other?"

"Dongfang Bai, give me your life!" When Huang Xuemei saw Dongfang Bai, she picked up the Heavenly Demon Qin angrily and attacked Dongfang Bai.

Bang, clang, bang, bang, boom!

The sound waves emitted by Huang Xuemei's Heavenly Demon Qin in her hand kept attacking Dongfang Bai. For a moment, the place was full of bumps and bruises caused by Huang Xuemei's attack, and the snowflakes on the ground were flying everywhere at this time.

Dongfang Bai's remaining men were also killed instantly by Huang Xuemei's Heavenly Demon Qin. The dead Jianghu people all had blood streaming from their noses and stared with eyes wide open.

When Su Chen saw Huang Xuemei using the Demonic Qin, he quickly retreated with Princess Che. When he saw the power of the Demonic Qin, he was surprised and said,

"Let me go, this Tianmo Qin is quite powerful! It's just that it consumes too much internal energy. Huang Xuemei, the unlucky guy, may not be able to perfectly control this magical piano."

"Husband, can Huang Xuemei kill that Dongfang Bai?" Princess Chei asked in confusion when she saw Dongfang Bai hiding from the attack of Tian Mo Qin.

"Maybe, it depends on whether Huang Xuemei's internal strength can persist until she kills Dongfang Bai."

Chapter 678

Su Chen still couldn't tell whether Huang Xuemei could kill Dongfang Bai.

Although Huang Xuemei and Dongfang Baida have the same level of cultivation, although Tianmo Qin is powerful, it is too wasteful of internal energy.

If Huang Xuemei can't kill Dongfang Bai quickly, I'm afraid she will run out of internal energy and be killed.

"Tianlong Bayin, stick, kill, seize....."Huang Xuemei suddenly sat on the snow and played a chilling piano sound.

As the piano sounded, white sonic air blades quickly attacked Dongfang Bai.

Boom boom boom!

Dongfang Bai was dodged everywhere by Huang Xuemei's attack, but he was still hit and injured by the sonic attack.

He looked at Huang Xuemei angrily and felt very unwilling.

This Huang Xuemei grew up too fast. If he had killed her early on, he would not be in the predicament he is in today. puff!

Cough cough cough!

Huang Xuemei has reached her limit now. After she injured Dongfang Bai, she was also attacked by Tianmoqin. Huang Xuemei was also very unwilling to not kill Dongfang Bai this time.

Dongfang Bai laughed crazily when he saw Huang Xuemei vomiting blood and falling down.

"Hahaha! Huang Xuemei, Tianmo Qin is not something you can control yet. It seems that God is helping me this time."

"Old man, you seem to have forgotten us?"Su Chen looked at the laughing Dongfang Bai speechlessly.

Is this Dongfang Bai now so happy that Huang Xuemei vomited blood? Has he forgotten that he and Princess Che are right next to him?

Or is Dongfang Bai not watching at all ? Are you talking about yourself?

Are you just a passerby?

Can you just not attract Dongfang Bai's attention?

"you.....Are you Wu Xiangjun?" Dongfang Bai looked at Su Chen in horror when he heard what he said.

He had just forgotten the man and woman who had arrived earlier.

At this time, Dongfang Bai also guessed that this young man was probably Wu Xiangjun.

Su Chen held him in his arms Princess Checha looked at the frightened Dongfang Bai and asked doubtfully,

"oh? You actually know who I am?"

At this time,

Tan Yuehua next to him shouted loudly towards Su Chen,

"Wu Xiangjun, Dongfang Bai told Dayuan and Jin about your whereabouts. If the Jin army had not prevented the arrival of Dayuan's army, you would have been surrounded by Dayuan's army. This is all Dongfangbai wanted to borrow from Dayuan. And Jin Guo's hand will destroy you."

Su Chen's face turned very ugly when he heard Tan Yuehua's words.

He didn't expect that Dongfang Bai would come to kill him with a borrowed knife.

Dongfang Bai actually wanted to use the Yuan army and the Jin army to kill him. Although he didn't know why the Jin country helped him to stop him. He defeated the Yuan army, but Dongfang Bai was unforgivable.

Su Chen looked at Tan Yuehua and taunted her,

"laugh! Tan Yuehua, I'm afraid you were the one who told Dongfang Bai about my stay in Wuling Mountain, right? Tan

Yuehua explained to Su Chen very nervously,

"I.....I'm sorry, I just don't want the master to offend you without knowing it. I just want the master to withdraw from this action. I never thought of harming you."

Dongfang Bai suddenly realized that only Wu Xiangjun and the mature and beautiful woman were here.

He thought of the avalanche that happened in Wuling Mountain before.

Wu Xiangjun's men may have been buried in Wuling Mountain.

Dongfang Bai thought of this He said with ease,

"Mr. Wu Xiang, now that you two appear in front of me, I am afraid that all your men were buried by the previous avalanche, right? Do you think I should be afraid of you now?"

Fu Yunjun also walked over from the side at this time. He also found that the guards around Su Chen were no longer there.

Wu Xiangjun now has a woman in the innate realm next to him. He is not afraid of Wu Xiangjun now.

Fu Yunjun is here When he got to Dongfang Bai, he looked at Su Chen and said with hatred,

"Leader of the Eastern Alliance, let's kill Mr. Wu Xiang first. Huang Xuemei is at the end of her life. We can leave her alone for now. Mr. Wu Xiang must die this time, otherwise we will all be killed by his men in the future."

"Fu Yunjun, you actually took refuge in Dongfang Bai?"

Huang Xuemei did not expect that Fu Yunjun, whom she had asked to leave, would appear here, and that he would also join her big enemy Dongfang Bai.

This made her very angry when she saw Fu Yunjun.

Fu Yunjun looked at Huang Xuemei and threatened with disdain,

"Huang Xuemei, I will take good care of you in a while. You shameless woman, I will make your life worse than death in the future."

Su Chen looked at the disgusted Fu Yunjun and didn't want him to continue living. Huang Xuemei would probably feel better after this incident.

Su Chen shouted to the people around him,

"You Ruo!"

"Owner!"

Youruo, who was dressed in black night clothes, suddenly stood beside Su Chen and saluted Su Chen.

Dongfang Bai and Fu Yunjun were very surprised when they saw the woman in black who suddenly appeared.

This woman in black with a curvy figure had just attacked them. Those assassins,

Dongfang Bai and Fu Yunjun now understood why those assassins in black came to assassinate them.

Su Chen pointed at Fu Yunjun and ordered to the shadow assassin Youruo, "Kill that disgusting bastard for me."

"Yes, master."

When Fu Yunjun heard Su Chen's words, he hurriedly threw out some poison powder and ran away. He was no match for these elusive assassins. If he continued to stay here, I'm afraid he would die without a burial place. Tear

La!

Just when Fu Yunjun was running away frantically, Youruo suddenly appeared next to Fu Yunjun and cut off Fu Yunjun's head with a sword. Fu Yunjun's body fell to the ground not far after running away.

Dongfang Bai saw that Fu Yunjun didn't fight back. He was killed with just a little strength, which made him look at the female assassin in black with great horror.

This female assassin must be a great master, otherwise it would be impossible to kill Fu Yunjun, who was at the peak of his innate ability, so easily.

"You Ruo, abolished Dongfang Bai's martial arts cultivation."

"Yes, master."

Dongfang Bai heard Su Chen's words and hurriedly begged Su Chen for mercy, "No, Mr. Wu Xiang, we have no grudges, please don't kill me."

Bang!

You Ruo suddenly appeared next to Dongfang Bai and shattered Dongfang Bai's Dantian with one palm. After Dongfang Bai was cultivated with useless martial arts, he instantly turned into an old man with white hair.

Su Chen Looking at Huang Xuemei, she smiled and teased,

"Huang Xuemei, I can avenge your family, but you will belong to me from now on."

"Shameless! I will never belong to you again."Huang Xuemei turned away from Su Chen with a flushed face and walked towards Dongfang Bai.

She looked at Dongfang Bai who had destroyed her whole family and hit him on the head with an angry palm.

Bang!

Dongfang Bai's big head was like a watermelon. It was shattered by a palm

"Father, mother, I have avenged you."Huang Xuemei knelt on the ground and cried when she saw the dead Dongfang Bai.

Su Chen looked at the crying Huang Xuemei and shook his head and whispered,

"You cry even after taking revenge, women are really made of water"

"Inglourious bastard, do you want to die?"

"I'll do it! Huang Xuemei, if you bite me again, will I bite you too?"

Chapter 679

Seven days later,

Su Chen was speechless when he saw Huang Xuemei on the way back to Gusu City. Although Huang Xuemei agreed to go to Gusu City with her, she actually brought the remaining Tan Yuehua with her. This made Su Chen I don't know what to say to this unfortunate guy.

In the carriage,

Su Chen rested on Princess Che's thigh and ate the fruit that the black widow fed him. He saw Huang Xuemei still glaring at him.

"I said Huang Xuemei, you have been staring at me for almost seven days, aren't you tired?"

"Shameless pervert!"

Huang Xuemei's face turned red when she thought of this bastard forcibly kissing her at the foot of Wuling Mountain. This bastard was a lustful pervert, and she was humiliated by this shameless pervert.

"I'll do it! Huang Xuemei, I said that if you bite me again, I will bite you too. You can't blame me for this."

"Shameless, are you biting?"

"Didn't I bite?"

"you....."

"Hahaha!"

Su Chen smiled when he saw Huang Xuemei's shy look. Now that he has nothing to do, it would be good to tease Huang Xuemei on the road. At least he wouldn't be so bored.

Princess Che also saw Su Chen, a bastard, flirting with her along the way. She was very speechless. This man of hers is really a shameless person. Princess Chei now has some understanding of Su Chenyong.

But she also hopes that Su Chen can accept Huang Xuemei as soon as possible. In the past few days, he has been with Su Chen. Black Widow is very helpless towards this bastard Su Chen. Now she loves and hates Su Chen.

This bastard is like a cow, thinking of ways to tease her and Black Widow every night.

Now she thinks about those things. Very embarrassed.

At this moment, the voice of the secret guard came from outside the carriage,

"Report to your Majesty, a secret message from Gusu City."

Black Widow took the secret message from the secret guard and handed it to Su Chen.

Su Chen frowned when he looked at the secret letter.

He did not expect that the Kingdom of Jin actually sent a princess to marry him. It seems that the Kingdom of Jin really The country is about to perish.

But Su Chen will not save the Jin Kingdom.

Su Chen will not leave anyone from the foreign country. Su Chen rubbed his chin and thought about what would happen to the Jin Kingdom 's treasury and those nobles if Dayuan broke through the central capital of the Jin Kingdom.

Aren't the gold and silver treasures worth a lot of money?

Do you want to destroy the Jin Kingdom first?

"Husband, what happened?" Princess Chei asked, seeing Su Chen frowning and thinking about something, and massaging his head.

Su Chen felt the massage given to him by Princess Che and said with a smile,

"Nothing major happened, except that the Kingdom of Jin sent a princess to marry me. This was to allow me to send out troops to help the Kingdom of Jin defeat the invasion of Dayuan."

"Marriage? The Kingdom of Jin actually sent a princess to marry you?"

"Um!"

Princess Chai was very happy when she heard that it was really the Kingdom of Jin that was sending the princess to marry Su Chen.

She didn't expect that the Kingdom of Jin would one day send the princess to marry Su Chen.

In the past, the Kingdom of Jin had always been obsessed with the princess of the Song Dynasty. Every time there was a wedding, During the war between the Song Dynasty and the Jin Kingdom, they either sent a large amount of gold and silver treasures or sent princesses to come and marry to end the war.

This time, Su Chen made the people of the Central Plains angry. Princess Chai smiled and said to Su Chen, "Hahaha! I never thought that such a day would come to the Kingdom of Jin. In the past, the Kingdom of Jin forced the Song Dynasty to send the princess to get married, but this time the situation has really changed."

Su Chen put away the letter and said decisively,

"I want to attack the Jin Kingdom first. Anyway, the destruction of the Jin Kingdom is a foregone conclusion. However, the nobles in Zhongdu of the Jin Kingdom still have a lot of gold and silver treasures in their hands. I don't want to take advantage of the foreign tribes of the Yuan Dynasty."

Princess Chai didn't expect Su Chen to have such a big appetite, but Su Chen's army was engaged in a war to destroy the Song Dynasty. I'm afraid this bastard wanted to destroy the Jin Dynasty but he had the intention but was powerless, right?

"Do you want to launch a war against the Kingdom of Jin? But your millions of troops are destroying the Song Dynasty. Do you still have troops to launch a war against the Jin Kingdom?"

Su Chen closed his eyes and thought about it. There are now 100,000 elite troops in his system space, but there is no suitable leader.

Li Xiuning and Shen Luoyan now lead the army to fight for hegemony in the Sui Dynasty, while Huang Rong and Mu Guiying The war to destroy the Song Dynasty is ongoing, and

Hu Ji is commanding hundreds of thousands of wolf troops to defend the Qin Dynasty.

That girl Zhao Min has not completely surrendered to her yet.

【I'll do it!】

【Why are the people who command my troops all women?】

【Will your army be ruled by women in the future?】

【Mu Guiying, Huang Rong, Shen Luoyan, Li Xiuning, Hu Ji, plus Zhao Min in the future】

【These six beauties will completely control all the armies in the future.】

【What the hell!】

【I'm afraid that from now on the army will really be dominated by women. 】

Su Chen shook his head as he thought about it.

It seems that some men will have to be regained to lead the army in the future, otherwise the commander-in-chief of the army may really be in decline.

Su Chen got up from the bed and looked at Princess Chei and said,

"Yes, it doesn't take many troops to destroy the Jin Kingdom, and doesn't the Jin Kingdom have to bow to me? I would be sorry if I didn't take advantage of such a good opportunity. It's just that I don't have a suitable general to command the army yet."

"You actually have an army?"

"There are still 100,000 troops that have not been used, huh? Yes, let my daughter Su Yan conquer the Kingdom of Jin this time, so that Su Yan can also establish prestige in the army in the future."

Su Chen suddenly thought of Su Yan and smiled and said,

Su Yan, despite her young age, that girl is very smart.

Su Chen decided to let Su Yan try to destroy the Jin Kingdom this time. Even if she fails, it doesn't matter..

Su Chen immediately wrote and sealed a secret letter and asked the secret guards to quickly send it to Su Yan in Jiangling Mansion. That girl is going to attack the front line of the Song Dynasty. This time she will not go to the Song Dynasty to participate in the war.

Princess Checha stared at the order issued by Su Chen with her mouth open.

She did not expect that Su Chen would really let a six or seven-year-old girl lead the army to destroy the money. This was such a child's play.

Princess Checha shook her head and hurriedly said to Su Chen. Chen dissuaded,

"Husband, you are not serious, are you? Isn't your daughter Su Yan only six or seven years old? Can she really lead an army in battle?"

Su Chen waved his hand to Princess Che and said with a smile,

"Don't worry, I'm afraid she's better than me at commanding the army in battle. Yan'er just hasn't practiced it. Let's see if she can handle the task of destroying gold this time."

"Mrs. Chai, you will go over to help Su Yan this time. You have experience in leading troops. You can help Yan'er when the time is right."

"Black Widow, this time you bring a thousand secret guards and five hundred shadow assassins to help Yan'er."

"In addition, I will dispatch some great masters from Gusu City to protect Yan'er. I don't care whether the extermination of the money will succeed this time, but nothing will happen to Su Yan."

Princess Chei saw that Su Chen had made up her mind, so she nodded and agreed,

"Okay, I'll go help your baby girl"

"Yes, master!"

Black Widow also hurriedly saluted Su Chen.

Black Widow knew Su Yan's position in Su Chen's heart. In the future, the empire that Su Chen built would probably be passed on to Su Yan, that clever girl.

This also made Black Widow decide to do something in the future. Protect Su Yan well, after all, she is also that girl's aunt.

Chapter 680

At the mouth of the Yangtze River,

Su Chen said goodbye to Princess Che and Black Widow.

When Su Chen said goodbye to them, he handed Black Widow and Princess Che each a beauty pill. Even Huang Xuemei took the opportunity to take one. Zhuyan Dan.

However, Su Chen thought that Huang Xuemei would not be able to escape from his palm in the future, and he had even stamped it, so he did not care that Huang Xuemei took a Beauty Pill.

Su Chen was very funny when he thought about the expressions of the three girls of Zhuyan Dan.

Women really care about their appearance, especially Princess Che.

At that time, she almost cried with excitement, but at night she also Enjoy the tenderness of Princess Che's wife for a while.

At the mouth of the Yangtze River,

Su Chen randomly found a child and asked him to take him to find a merchant ship to Gusu City and board the ship. Anyway, he was alone now and he didn't have to pay that much attention.

Originally, Su Chen wanted to take Tan Yuehua to Gusu City, but Huang Xuemei forced Tan Yuehua to go with her to Jiangling Mansion to protect Su Yan, and even stated that she would take Tan Yuehua's attention.

This made Su Chen not have a beautiful woman around him. Stay with him, eh!

The shadow assassins don't count.

The shadow assassins are his own shadow.

Youruo and Youxue won't often show up to accompany him.

Three days later,

Su Chen felt something was wrong while sitting on the boat.

Why was he getting further and further away from the mainland?

This was not the direction to Gusu City at all.

Su Chen hurriedly found a boatman and asked, "Where is this merchant ship going?"

"Young Master, this is a merchant ship bound for the capital of the Ming Dynasty!"

"A merchant ship going to the capital of Ming Dynasty? Isn't this a merchant ship going to Gusu City to purchase goods?"

"Young Master, our family leader purchased goods from Gusu City and returned to the Ming Dynasty. Did Young Master get on the wrong ship?"

Su Chen was stunned for a moment.

He was actually deceived by a little bastard on the dock.

He was really seeking death.

He was deceived when he had no subordinates?

Will he still be returned to Li Gusu Chengyue now ? Are you getting farther and farther?

Su Chen thought that Concubine Yan would give birth in more than three months.

If Su Chen hadn't rushed back when Concubine Yan gave birth to the child, I'm afraid he would have died without a burial place.

Su Chen looked at the boundless Dahai has no choice now. He can only go to Daming first. As for finding a way to return to Gusu City in the future.

Jiangling Mansion,

Su Yan jumped up and shouted after seeing her father's secret message, "Hahaha! I want to be the commander-in-chief, and I can lead the army to fight in the future."

Su Yan also didn't expect that his father Su Chen would allow her to lead troops to fight, and even this time it was a battle to destroy the country.

Although the Jin Kingdom was defeated by Dayuan, it still had at least five to six million troops. , this time her father gave her one hundred thousand Netherworld Cavalry Legion. Although these one hundred thousand Netherworld Cavalry Legion were powerful, it would be very difficult to use one hundred thousand cavalry to destroy the Kingdom of Jin.

Zhen Mi next to her heard Su Yan She was very surprised when she said that.

Although she knew that Su Yan had always acted out of common sense and even had her own way of doing things, the fact of commanding the army to fight still shocked her.

Zhen Mi confirmed it again to Su Yan. Asked, "Su Yan, what did you say? Are you going to lead an army to fight?"

Su Yan handed Zhen Mi the secret message from the secret guard and said with a smile,

"Ha ha! Yes, my father gave me a hundred thousand Netherworld Cavalry Legion. This time my mission is to destroy the Golden Kingdom."

Zhen Mi was very shocked when she saw the contents of the secret message. This was an order given by Su Yan to be the commander-in-chief of the Hundred Thousand Nether Iron Cavalry Legion.

She did not expect that this was actually true.

Zhen Mi looked at the six or seven-year-old Su Yan and shook her head. He shook his head and said in surprise,

"How can this be? Is your father crazy? You, a little girl of six or seven years old, want to lead an army to destroy the country? I think your father is a madman"

"Sister Zhen Mi, how can you say this about my father? My father asked me to command the army to destroy the Jin Kingdom. This is his trust in me."

"Trust me, I suspect that the secret message you got this time is a forgery. I don't believe that your father will let you command a hundred thousand troops to destroy the country."

At this moment, a secret guard came in and saluted Su Yan, saying,

"To inform the princess, one hundred thousand Netherworld Cavalry Legion has arrived outside Jiangling Mansion. They said they were ordered to report to the princess."

"Prepare your horses, I'm going to receive my legions"

""Yes, princess."

Zhen Mi was confused now.

This is actually true.

How is this possible?

Lord Wu Xiang actually let a little girl like Su Yan command an army of 100,000 people. He was not afraid of this little girl Su Yan putting his Is the hundred thousand army defeated?

Outside Jiangling Mansion, a hundred thousand Netherworld Cavalry Legion were neatly lined up in military formations waiting for Su Yan's arrival.

These troops were the last hundred thousand troops in Su Chen's system space.

Su Chen was going to destroy the system this time. All the armies in the space were transformed into the Netherworld Cavalry Legion. After all, whether they were fighting against the Kingdom of Jin or against Dayuan, those foreign races were mostly cavalry armies.

When Su Yan rode a white war horse to the outside of Jiangling Mansion, there was already Tens of thousands of people from Jiangling Mansion gathered here, and even officials from Jiangling Mansion, large and small, appeared here. Tens of thousands of city guards from Jiangling Mansion also maintained order outside Jiangling Mansion.

"The princess has arrived!"

"Jiangling Mansion, Governor Cui Yan met the princess"

"See the princess!"

"See the princess!"

Cui Yan, the governor of Jiangling Mansion, together with the officials of Jiangling Mansion and the tens of thousands of people present, all saluted Su Yan after Su Yan arrived.

Su Yan never thought that he was just here to receive the army, how could he do it? Are the officials and people of Jiangling Prefecture alarmed?

Su Yan was very speechless when he looked at the tens of thousands of people outside the city.

"Cui Fuyin, I am here to take over the army this time. Please disperse. Cui

Fuyin saluted Su Yan and said,

"Princess, your subordinate has received a secret message from Gusu City. The supplies of food, grass and weapons for the Princess's army of 100,000 have been prepared. The Princess can ask the army to pick them up at any time."

"oh? Even supplies of food, grass and weapons are ready, which is not bad." Su Yan touched her chin and nodded.

This was something she hadn't thought of. It seems she still needs to learn how to lead the army. She hoped that the person her father would arrange for her would be able to handle the messy things in the army.

When Su Yan When Yan De came to the front of the Netherworld Cavalry Legion, a burly middle-aged man in black armor dismounted and saluted Su Yan,

"The Thirteenth Legion of the Netherworld Cavalry Legion, Legion Commander Su Yu, see Commander-in-Chief"

"See commander in chief."

Then, a hundred thousand Netherworld Cavalry Legion neatly dismounted and saluted Su Yan.

Su Yan was very happy when she heard that one hundred thousand Netherworld Cavalry Legion called her Commander. This was much more majestic than calling her Princess.

Zhen Mi Riding next to Su Yan, he was very shocked when he saw the 100,000 black-armored Netherworld Cavalry Legion here.

"The army here is so powerful. It is much stronger than the Han army, and the army here is actually cavalry. Is Wu Xiangjun's army so powerful?"

Su Yan waved his hand and asked the troops here to get up.

"From now on, you will all belong to my direct legion, and my legion will be called [Xuanniao Legion]. The Thirteenth Netherworld Cavalry Legion will later belong to the [Blackbird Legion] and the first Netherworld Cavalry Legion."

"Yes, Commander"

"Blackbird Legion! Blackbird Legion! Blackbird Legion!"
