

Zongwu 721

Chapter 721

Concubine Yan doesn't care whether the Jurchens will agree to their troops crossing the border. If women are really ignorant, she will directly destroy the entire Jurchen clan.

The Jurchens had a population of more than one million, and the army was probably around 100,000.

She believed that Huang Rong would easily get rid of the Jurchens who were blocking the way.

Li Qiushui thought that the Xixia Kingdom no longer existed, and that Xixia's 300,000 troops would be completely incorporated.

This time the Xixia army also launched a war against the Song Dynasty, but the banner of the Xixia army would also change in the future. You can't keep calling the Xixia Army from now on.

Li Qiushui tapped his fingers on the table and said to Concubine Yan,

"Let the 300,000 troops from Xixia also belong to Huang Rong's army. I also need to recruit Xixia's army. This time, let Huang Rong's southern army recruit all Xixia's troops first, right? Concubine

Yan thought about it after hearing Li Qiushui's words and said,

"No, Aunt Li, the Xixia army should be recruited by Mu Guiying's northern army. Mu Guiying's army has not yet fully replenished its soldiers, and the Xixia army also fights frequently, which will help improve the combat effectiveness of Mu Guiying's army."

"Moreover, after Huang Rong's southern army left the Song Dynasty, Mu Guiying's northern army would need to independently destroy the Song Dynasty. Mu Guiying's northern army would be able to integrate the Xixia army, which would also allow her to quickly destroy the Song Dynasty."

"Um! this is okay too."

Li Qiushui has no idea which legion will incorporate the Xixia legion.

As long as she can successfully receive the Xixia army, she will no longer have to worry about Xixia affairs in the future.

Madam Mingzhu rubbed her head after looking at the secret letter sent by the Shadow Assassin.

This time But we have to face two celestial realm land gods, and even more than two celestial realm land gods.

I am afraid that there will be many grand masters who have to face them.

The grand masters here are not here now. Thirty, but these grand masters have to be divided to protect Xuannio Palace and Su Yan.

The number of grand masters they can dispatch may not be enough.

Mingzhu put down the secret letter from the shadow assassin and said helplessly,

"What about experts? This time we have to deal with two terrestrial gods in the heavenly realm. Although we have already summoned Shui Rou (Mrs. Ye Di), Bai Ruobing (Marquissess), Donghuang Taiyi, Shi Guanyin, and the jellyfish Yin Ji we don't know, A land god with five heavenly realms"

"But the royal family of the Ming Dynasty may also have land gods in the heavenly realm. We cannot be careless. There may be many grand masters in the Ming Dynasty. We must also summon some grand master masters to deal with them."

Concubine Yan thought that the number of grand masters here is indeed a bit small.

After all, they are attacking an empire. There may be a lot of grand masters in the Ming Empire. There are currently only twelve black bird envoys (twelve dancing girls) in the Xuandiao Palace, and six Sword Slave, Li Xunhuan, and women like Zhao Ji and Hu Meiren.

However, these great masters cannot be used.

These great masters have to guard Xuannian Palace.

After all, the anti-Soviet alliance has not been wiped out yet.

It seems that they will be recalled and trained outside. Those great masters from the country, as well as those who had surrendered to Gusu City, would also gather together, but the total number of these great masters might still be a little small. After thinking about it, Concubine Yan decided to ask Murong Qiudi and Zi Nu for help.

"I will send a message to Murong Qiudi, Zi Nu and the others later, asking them to summon some great masters. We here will also recall those great masters who have experienced and surrendered to us."

Li Qiushui nodded after hearing Concubine Yan's words and said,

"I will also send a message to my senior sister Wu Xingyun and my sister Li Canghai asking them to come over.

Concubine Yan stood up, looked at Li Qiushui and the others and asked, "Aunt Li, do you have anything to add?" If not, I would have issued the Phoenix Order"

"No, that's it!"

"Um! Let's do this for now. We'll discuss any changes in the future."

"This is basically enough. Sister Yan Fei can issue the Phoenix Order."

Li Qiushui and the others looked at each other, nodded and said, this time their discussion has been complete enough. Even if there are any omissions, they can add them in the future.

Three days later, on the front line of the Northern Song Dynasty War, South Jing Road, Tang Dynasty Prefecture.

Huang Rong's Southern Legion army is now stationed in Tangzhou, which is less than 300 miles away from Kaifeng, the imperial capital of the Song Dynasty. In Hengchang Mansion of the Song Dynasty opposite Tangzhou, the Song Dynasty has assembled more than 200,000 troops , but Huang Rong dismissed those Song armies.

If she hadn't wanted to annihilate all the Song armies in the south of Kaifeng, the imperial capital, she would have ordered the army to attack. In the

Tangzhou Temporary Commander-in-Chief's Mansion,

Huang Rong was fighting with the Southern Army The commanders of the various regiments under their command were discussing the strategy of attacking Hengchang Mansion.

At this time, a secret guard suddenly came in and saluted Huang Rong,

"Report to the Commander-in-Chief, the Black Bird Envoy from Gusu City has arrived"

"Black Bird Envoy? Why haven't I heard of the Black Bird Envoy in Gusu City?"Huang Rong was a little confused when she heard about the Black Bird Envoy.

Why hadn't she heard of the Black Bird Envoy in Gusu City?

Did that bastard Su Chen just establish it?

The legion commanders here looked at each other and shook their heads. , it was also the first time for these legion commanders to hear that there was a Black Bird envoy in Gusu City.

Huang Rong thought for a moment and looked at the secret guard and asked,

"Is your identity confirmed?"

"The commander, whose identity has been confirmed, is the black bird envoy of Gusu City."

"Let her in!"

"yes!"

After a while, a beautiful woman wearing a green dress came in. When she saw Huang Rong, she saluted and said,

"The Black Bird Envoy, Qing Yi, has met Commander Huang Rong."

Huang Rong didn't expect that the Black Bird Envoy turned out to be a beautiful woman, and this woman was also a great master.

This made Huang Rong even more speechless about Su Chen's shameless pervert.

"Qingyi, what's going on this time?"

"Commander Huang Rong, I brought the Phoenix Order on the order of your wife, Concubine Yan. Commander Huang Rong obeys the order! Qing Yi said to Huang Rong and raised the phoenix jade pendant in her hand with a serious expression.

"Phoenix Order?"

Huang Rong is a little confused now.

How come something happened today that she doesn't understand?

She has never heard of the Black Bird Order, and now there is a Phoenix Order?

This makes Huang Rong a little confused.

Boom Dong dong dong!

The legion commanders here hurriedly knelt down when they saw the Phoenix Order.

One legion commander saw that Huang Rong didn't recognize the Phoenix Jade Pendant, so he hurriedly explained to Huang Rong,

"Commander, this is Madam Jun's Phoenix Jade Pendant. With this Phoenix Jade Pendant, Madam Jun can command all your troops and subordinate forces."

The Phoenix Jade Pendant was created by Su Chen using the system.

As long as the troops summoned from the system, they will be added to the Phoenix Jade Pendant information by the system.

So Huang Rong may not know the Phoenix Jade Pendant, but the troops summoned from the system are all It's because I know the Phoenix Jade Pendant.

After hearing the legion commander's explanation, Huang Rong bent down and offered his hand and said,

"Huang Rong obeys the order."

Qing Yi, the commander of the Black Bird Army, saw that Huang Rong was willing to obey the order of the Phoenix Order and ordered loudly,

"Madam Jun ordered that the southern commander Huang Rong immediately reorganized the 600,000-strong Southern Army and attacked the Ming Empire three days later. The task of attacking the Song Dynasty was taken over by the Northern Army."

"What? Attack the Ming Empire in three days?"

Huang Rong heard that her southern army would set off to attack the Ming Dynasty in three days, which caught her a little off guard. She didn't understand why the Song Dynasty had not yet been conquered, so she had to travel thousands of miles to attack the Ming Dynasty?

Xuanniao When Qing Yi saw that Huang Rong did not obey the order immediately, he asked expressionlessly, "Commander Huang Rong, do you have any objections?"

Huang Rong cursed in her heart when she saw the expressionless Black Bird Envoy.

I was afraid that if she didn't obey the order, her southern commander would be removed immediately.

Huang Rong is now very dissatisfied with that bastard Su Chen. How could that bastard do this? Let his women command the army as they please,

"No, Huang Rong obeyed the order, but why did she suddenly attack the Ming Empire? Is this too hasty?"

"Commander Huang Rong, this is a secret message from Mrs. Jun to you."

Chapter 722

Although Huang Rong was confused as to why Mrs. Jun and Concubine Yan suddenly ordered her southern army to attack the Ming Empire, she had to obey the order. After all, she knew something about Su Chen, the shameless bastard, and she believed that Su Chen would not let him. Madam is commanding the army indiscriminately.

After Huang Rong took the secret message handed to her by the Black Bird Envoy, she almost fainted after reading it. Now she understood why Mrs. Jun Yan Fei wanted to launch a war against the Ming Empire. It turned out that that bastard Su Chen was attacked in the Ming Dynasty. life or death unknown

【how so?】

【That bastard isn't really dead, is he?】

【This is impossible! That shameless bastard was so shameless and shameless. How could he die in Ming Dynasty? 】

Huang Rong was a little flustered now.

Her mind was filled with that bastard Su Chen.

Seeing Huang Rong's surprised look, the Black Bird Envoy said to her,

"Commander Huang Rong, I have to rush to the Eastern Army of Sui Dynasty, so I will take my leave. Huang

Rong held the table with one hand and waved her hand and said,

"You go, the Southern Army will set off for the Ming Empire in three days"

"Farewell!"

After Huang Rong sent Qing Yi away from Xuanniao, she ordered the legion commanders with an ugly face,

"All legion commanders listened to the order. Wu Xiangjun was attacked in the capital of the Ming Dynasty. Now he is not sure whether he is alive or dead. From now on, they should immediately reorganize their respective legions, prepare weapons and supplies, and march into the Ming Empire in three days."

"Yes, Commander!"

In the Jin Kingdom's Zhongdu,

Su Yan's Black Bird Legion has defeated Dayuan's army of more than 200,000 people. The remaining armies of Dayuan have withdrawn from the Jin Kingdom, and Su Yan's Black Bird Legion has besieged the Jin Kingdom's Zhongdu for five days.

"These damn Jinmen, why don't they go out of the city to fight?"

Su Yan stood on a high slope outside the Jin Kingdom's Zhongdu. She looked at the Jin Kingdom's army on the wall of the Jin Kingdom's Zhongdu and felt helpless.

"Princess, the siege ladder and battering ram have arrived. Shall we start the siege?"

Su Yan was a little helpless when she heard the siege equipment arrived.

She was too hasty in sending troops this time and did not bring any preparations for the siege. Otherwise, she would not have been able to capture the Jin Kingdom.

Su Chen shook his head and refused,

"No, wait a minute. Princess Qi from the Kingdom of Jin has already gone to persuade the Emperor of Jin to surrender. If the Emperor of Jin refuses Princess Qi's persuasion to surrender, it won't be too late for us to attack the city again."

"Yes, Princess!"

At this time, a secret guard came over and saluted Su Yan, saying,

"Report to the princess, the leader of the shadow assassins, Youruo, has arrived?"

Su Yan said doubtfully when he heard the arrival of the shadow assassin Youruo,

"You Ruo? Isn't she protecting my father? Why did you come to me? let her come"

"Yes, Princess."

Black Widow came to Su Yan and said with a smile, "Princess, maybe your father has something to tell you."

"That bastard may be worried about your safety, and he should ask the shadow assassin to protect you this time."

Xiao Meng thought about it and felt that Su Chen must be worried about Su Yan's safety when he asked the Shadow Assassin Commander to come this time. If he wanted to deliver the message, he probably wouldn't need the Shadow Assassin Commander to come in person.

Su Yan was very speechless when he heard Xiao Meng's words. , this arrogant Xiaomeng was very unreasonable to her father, but this was his father's business.

Su Yan didn't want to care about these messy things.

"We'll know when Youruo comes soon. After Youruo arrived, he bowed to Su Yan and said,"Youruo, the commander of the Shadow Assassin, has met the princess.""

"Youruo, why are you here? Does my father have anything to tell me?"Su Yan looked at the shadow assassin Youruo and asked in confusion.

Youruo knelt down and said to Su Yan,

"Princess, something happened to the master, the master is in Ming Dynasty....."

Su Yan was surprised when he heard You Ruo's words and asked hurriedly,

"how so? My father will not die, Youruo, tell me, I am not dead, right?"

Su Yan didn't expect that her father was attacked in the capital of the Ming Dynasty and might even be dead now.

This made Su Yan very sad.

She never thought that Su Chen would die, and she didn't believe that her father would die.

This must be It was false news.

This must be her father playing tricks on her.

Black Widow, Xiao Meng, and Black and White Siming were shocked when they heard You Ruo's words. They didn't expect that Wu Xiangjun Su Chen would die, and also... The body disappeared, making it difficult for them to believe that this thing was true.

"The master cannot die, Youruo must have made a mistake." Black Widow kept saying in a daze,

Xiao Meng now said to herself with a pale face, "That bastard is dead? How can this be? How could he die?"

You Ruo saw Su Yan at a loss and said hurriedly,

"Princess, my subordinates don't know whether the master is dead or alive now. Maybe it was the master's ability that took him away."

"This must be the case. This must be a special ability of my father that protects my father. I am going to Daming, and I am going to find my father."

Su Yan felt that it was very possible after hearing You Ruo's words.

Her father had many ways to save his life.

She knew her father very well.

Su Yan was going to Daming to find her father now.

She wanted to go to Daming Emperor in person. Find her father Su Chen.

When Youruo saw that Su Yan was going to the capital of Ming Dynasty, he hurriedly stopped Su Yan and said,

"Princess, please calm down. Daming is very unsafe now, and the master's enemies are two land gods in the heavenly realm. Princess, you cannot take risks in Daming."

After Xiaomeng heard Youruo's judgment, she felt that Su Chen might not be dead.

She felt a little more relaxed and hurriedly said to Su Yan,

"Yan'er, you can't go to Daming now. You have to return to Gusu City immediately. I'm afraid you are very unsafe now. Your father's enemies will definitely take action against you after learning about his accident."

Black Widow now also believes that nothing will happen to Su Chen.

Although she doesn't understand what Su Chen's situation is now,

Su Yan is very dangerous now.

She can't let anything happen to Su Yan again.

"Yes, Princess, you are the master's only heir. Now you are probably the primary target of our enemies. You must return to Gusu City."

Su Yan shook her head with a firm expression.

She will not go back to Gusu City now.

She will go to the Ming Dynasty in person.

Although she doesn't know how her mother and aunt will react now, she believes that Gusu City will send troops to the Ming Dynasty.

This time she will wait for the army to be dispatched, and then go to the Ming Dynasty with the army.

Su Yan looked at Black Widow and Xiaomeng and said with a tight face,

"I will not go back to Gusu City. My mother and Aunt Concubine Yan must have known about my father's accident, but they did not call me back. This means that my mother and Aunt Yan have arranged for someone to protect me. Youruo, please send a message to Auntie immediately. Su Cheng, I want to know what plans my mother and aunt have for my father after his accident."

"Yes, Princess."

Chapter 723

After Su Yan ordered You Ruo, he looked at Jin Kingdom Zhongdu with an expressionless face. She thought that it must have been four or five days since the shadow assassin You Ruo came to her from the capital of Ming Dynasty. In other words, her father had disappeared for four or five days. Oh my God, there will definitely be something done in Suzhou City these days, but why didn't I notify myself?

Is it because he is afraid that he will run away to Ming Dynasty silently?

Su Yan looked at Jin Guozhong and wanted to vent her anger.

Now that her father's life and death were unknown,

Su Yan had also lost her previous calmness. Now she wanted to vent her anger.

Su Yan looked at the commander of the Netherworld Cavalry with an expressionless face. The order said, "Su Yu, order the army to start attacking the Zhongdu of the Jin Kingdom. Let the catapults attack the walls of Zhongdu first."

"Yes, Princess!"

Boom, boom, boom!

After Su Yan's order, dozens of catapults began to attack the city walls of the Jin Kingdom's Zhongdu. For a time, the walls of the Jin Kingdom's Zhongdu were smashed and damaged everywhere.

But the catapults had no intention of stopping at all.

Without Su Yan's order, the catapult would not be able to stop unless there was no huge boulder.

At this time,

Zhen Mi ran over and asked Su Yan doubtfully,

"Su Yan, why are you starting to attack now? Isn't Princess Qi trying to persuade the Emperor of Jin?"

"I need to vent, please leave me alone now." Su Yan waved his hands and said expressionlessly when he heard Zhen Mi's words.

Zhen Mi saw that Su Yan's face was very ugly. She guessed that something might have happened, so she asked Su Yan carefully,

"this.....What happened?"

The black widow saw Zhen Mi and said to her, "Zhen Mi, come here and don't disturb the princess. The princess is in a bad mood now."

"What happened to Su Yan?"

"Something happened to Mr. Wu Xiang, and his life or death is unknown now!"

"ah! Something happened to Su Yan's father? How can this be?"

Zhen Mi was very surprised after hearing what the black widow said.

She didn't expect that something happened to Su Yan's father. She still doesn't know whether he is alive or dead?

This made her look at Su Yan and feel that Su Yan must be very sad now, right?

No wonder Su Yan would attack the central capital of Jin Kingdom at this time.

Zhen Mi looked at Su Yan and had no intention of persuading her. Standing here with Black Widow and Black and White Siming, she was very worried about Su Yan.

Su Yan would be very worried if he lost his father at such a young age. Sad and sad

-

At this moment, in the imperial palace of the Ming Dynasty

, many ministers were arguing constantly in the palace hall.

These ministers were all expressing their opinions. None of them believed that Mrs. Wu Xiangjun would destroy the Song Dynasty and Jin Dynasty. At a critical moment for the country, a large army will be dispatched to attack the Ming Empire.

The Emperor of the Ming Dynasty was very helpless when he saw the noisy ministers.

Four or five days had passed since Lord Wu Xiang was killed, but the ministers of the Ming Dynasty have not discussed and come to a conclusion yet. This made the Emperor of the Ming Dynasty very helpless. upset.

Emperor Ming shouted impatiently to the ministers who were arguing endlessly with His Highness,

"Okay, shut up, uncle, what information is there in Gusu City now?"

Zhu Wuwu stood up immediately and said to the Ming Emperor,

"Your Majesty, Gusu City is now under martial law. In addition to the 30,000 city guards, there are also 50,000 Xuanwu Legions stationed in Gusu City. There are even 100,000 troops outside Gusu City ready to garrison Gusu City at any time."

"As for the Xuannian Palace in Gusu City, our spies couldn't find any information at all. None of the spies who sneaked into the Xuannian Palace could come out alive, and even the masters of the Grand Master did not leave the Xuannian Palace alive."

When Emperor Ming heard that martial law had been imposed in Gusu City, he hurriedly asked Zhu Wu about the military situation in various parts of Gusu City.

"Is there any movement among the troops in various parts of Gusu City?"

Zhu Wuwu looked at Emperor Ming's worried look and said to him,

"The troops in various places in Gusu City have not moved yet. After all, the time is short. Even if Gusu City wants to dispatch a large army, it will probably take ten and a half months before we can get the news. However, in Ningzhou Port, there are hundreds of warships approaching. We set out in the Sui direction, but we still don't know what we were doing."

Zhuge Zhengyi asked worriedly when he heard the information Zhu Wuli was talking about, "Is this Mrs. Jun who wants to mobilize the troops from Gusu City in the Sui Dynasty? Zhu

Wulan nodded in agreement and said, "It's possible. Our intelligence says that the southern part of the Sui Dynasty has been pacified by Wu Xiangjun's army. I'm afraid that the army of the southern Sui Dynasty Lord Wu Xiang will be sent to attack our Ming Dynasty."

"Uncle Emperor, how many troops are there?" When the Emperor of the Ming Dynasty heard that Wu Xiangjun's army would attack the Ming Dynasty, he immediately stood up and asked Zhu Wuwu nervously.

Zhu Wuwu looked at the worried and frightened Emperor Ming Dynasty and was very helpless, "Your Majesty, Southern Sui Dynasty It is the Eastern Army under Wu Xiangjun. The Eastern Army has nearly 800,000 troops. The commander of the Southern Army is Li Xiuning."

Zhuge Zheng was very confused when he heard Zhu Wuwu's words.

He didn't expect that one of Wu Xiangjun's legions would have 800,000 troops.

This was very scary.

"Eight hundred thousand troops? One legion has 800,000 troops? How many legions does Lord Wu Xiang have?"

Zhu Mingli's expression is also very serious now. He was also very shocked after getting the information about Wu Xiangjun's various legions. The main reason is that Wu Xiangjun's armies are too many and too powerful.

Those armies have been tempered by war. They can Said that Wu Xiangjun's various legions were much more powerful than the Ming army.

Zhu Mingwu looked at the Ming emperor and the ministers in the hall and sighed and said,

"The information we received is that Wu Xiangjun formed four large armies. Li Xiuning, the commander of the Eastern Army, has an army of about 800,000, but most of them are rebel forces that have surrendered."

"Huang Rong, the commander-in-chief of the Southern Army, has 600,000 battle-hardened troops. The Southern Army is a very elite army. Even 100,000 Southern Army troops can defeat the Song Dynasty army of 300,000 to 400,000 people."

"The commander of the Western Legion, Shen Luoyan, also had an army of about sixty. The Western Legion's combat effectiveness was also very powerful. The most powerful Wagang Village in the Great Sui Dynasty was destroyed by the Western Legion."

"Now the Western Army is fighting against the Li Clan of the Sui Dynasty. The Li Clan has been defeated by the Western Army, and even Jinyang, the place where they started their troops, has been lost."

"Mu Guiying, the commander-in-chief of the Northern Army, has an army of about 400,000. However, we have recently received news that Mu Guiying's Northern Army is recruiting 300,000 Xixia troops."

"If the Northern Army incorporates Xixia's 300,000 troops, the Army's cavalry alone will be as many as 500,000. The Northern Army is a very mobile army."

"The rest are the legions directly under the little princess, the Black Bird Legion. The Black Bird Legion has just been established with only 100,000 elite cavalry, and the defense legion around Gusu City. The defense legion also has 200,000 troops."

"These are all front-line combat legions, and the city guards of various states, prefectures, counties, and counties are not included. As for whether there are any hidden legions in Gusu City, our spies have not found out yet."

In the palace hall, both the Emperor of the Ming Dynasty and many of the ministers of the Ming Dynasty were stunned. After they heard the information Zhu Wuwu said, they were shocked and speechless. Even some timid ministers had slumped down. In the main hall.

Lord Wu Xiang actually has more than three million troops.

But it's very scary.

In addition to the border troops of the Ming Empire, which had more than 1.4 million troops, the rest were the Hunan Army, and the Hunan Army, which had very low combat effectiveness, only had 500,000 to 600,000 troops.

If Lord Wu Xiang's army attacks, how will the Ming army resist Lord Wu Xiang's elite army?

Chapter 724

In the Imperial Palace of the Ming Dynasty, after Zhu Wuwu told the intelligence about the various legions in Gusu City, the Ming Emperor and the ministers were now very panicked.

Lord Wu Xiang's army is too large and too powerful. How could they, the Ming Dynasty, resist Lord Wu Xiang's army?

This is not the mere 100,000 troops of the Jurchens, nor the hundreds of thousands of Dayuan troops, this is an army of several million.

Although it is impossible for all of Wu Xiangjun's troops to be sent to attack the Ming Dynasty, any legion has six to seven hundred thousand.

If Mrs. Jun in Gusu City only sent one legion, it would be at least 600,000 troops.

How many troops will Ming send to deal with Wu Xiangjun's army?

Six hundred thousand? one million?

Or should all the troops be sent to deal with Wu Xiangjun's army?

When Zhuge Zheng saw that there was silence in the main hall, he stood up and saluted the Ming Emperor solemnly and said,

"Your Majesty, the top priority is to immediately dispatch a large army to Mingzhou Prefecture to prevent Wu Xiangjun's army from landing in the south of Ming Dynasty from Mingzhou Prefecture."

The Emperor of Ming Dynasty rubbed his head when he heard Zhuge Zhengwo's words, "Send an army? How many troops can be deployed to stop Wu Xiangjun's army? Should we send all the border troops there?"

"this....."

Zhuce Zheng and I were speechless after listening to the Ming Emperor's words.

Wu Xiangjun's army was not something that the Ming Dynasty could handle.

Even if Mrs. Jun from Gusu City sent out a legion, the Ming Dynasty would use all its troops. I'm afraid they can't stop Wu Xiangjun's army from invading the Ming Dynasty.

"Dismiss the dynasty!"

"The emperor's uncle and the divine lord are coming with me!"

"Yes, Your Majesty!"

In the imperial study, the Ming Emperor, Zhuge Zhengwo, and the Iron-Courage God Hou Zhu ignored them. They looked at the map of the Ming Dynasty in silence. The

Emperor of the Ming Dynasty looked at the Mingzhou Prefecture on the map of the Ming Dynasty, shook his head and said,

"Uncle Emperor, Lord Shen, this is the time of life and death for our Ming Empire. We cannot deal with Lord Wu Xiang's army. Now we can only send troops to capture the Wudang Clan and everyone in that Ghost Palace."

Zhuge Zheng nodded when he heard the Ming Emperor's words. This matter has exceeded his ability. Now he can only arrest the Wudang Clan and the Ghost Palace people first to appease the anger of Mrs. Jun in Gusu City.

"Your Majesty, we are going to capture the Wudang Clan and the Ghost Palace, but we must also be on guard against Wu Xiangjun's army. I'm worried that Wu Xiangjun's wife may be the one we handed over to the Wudang Clan and the Ghost Palace, and she may not be the one to do this. give up"

"Um! I will dispatch 600,000 troops from the Northwest Frontier Army to Mingzhou Prefecture to guard against the arrival of Wu Xiangjun's army. The Hunan Army will also mobilize 400,000 troops to Mingzhou. In this way, one million troops will be able to defend Mingzhou Port, which should be able to stop Wu Xiang. Jun's army landed at the port of Mingzhou Prefecture, Ming Dynasty"

"That's all it can do now. Zhu

Mingwu shook his head when he heard the words of Emperor Ming and Zhuge Zhengwo and said, "Your Majesty, we know that the Wudang Sect is on Wudang Mountain, but the Ghost Palace is very mysterious, and we have no way of knowing where they are.""

"I will order Dongchang, Jinyiwei, as well as your Shenhou Mansion and Hulong Villa to trace the location of the Ghost Palace. I can even issue a reward in the Ming Dynasty Jianghu, so that the Ghost Palace should be found. You two have full authority over this matter. Responsible"

"Yes, Your Majesty!"

-

In the capital of the Ming Dynasty, Zhu Qiqi's mansion,

Zhu Qiqi's daughters and Lu Xiaofeng have not found Su Chen in the Ming Dynasty in the past few days. Now they all suspect that Wu Xiangjun Su Chen may really be dead. Everyone in the hall is now I was silent not knowing what to say.

Sikong Zhaixing saw that everyone was silent and said nothing, "It's been four or five days and we haven't found Su Chen in the capital of the Ming Dynasty. It seems that he is really in danger.""

"Impossible, how could that bastard die? He must be hiding somewhere recovering from his injuries." When Zhu Qiqi heard what Sikong Zhaixing said, he stood up and retorted loudly.

Lu Xiaofeng was very tired now.

The competition between Ximen Chuixue and Ye Gucheng was already enough to upset him, but now Wu Xiangjun has this incident again.

This made Lu Xiaofeng feel that her hair was about to turn gray. "Oh! This is really an unfortunate thing. If that bastard Wu Xiangjun doesn't die this time, I'm afraid he won't come out to cause trouble again in the future."

Zhou Zhiruo pulled the emotional Zhu Qiqi and said to the people here,

"Now the Ming Dynasty is also in danger. In the past few days, the Ming Emperor has troops patrolling everywhere. People from Dongchang, Jinyiwei, Shenhou Mansion, and Hulong Villa have all dispatched in the Ming Dynasty capital to scare the people. It seems that the Ming Emperor also knows about Wu Xiangjun. The death of Emperor Ming would bring much trouble to Ming Dynasty."

Ximen Chuixue stood up with a sinister look and looked at the people around him. Apart from the women here, he was probably the most worried about Su Chen's life and death.

Although he only recognized that bastard as his eldest brother after losing a bet with Su Chen, Su Chen It's really good for him.

Whether it's martial arts secrets or various resources, Ximen Chuixue can get them all from Su Chen.

Ximen Chuixue said coldly and expressionlessly, "We don't care about these, I want to know about Mr. Wu Xiang now." Whether he is dead or not, as long as it is not confirmed that Mr. Wu Xiang is really dead, I will keep looking for him."

Other people here also nodded.

They are more or less friends of Wu Xiangjun. Now that Wu Xiangjun is in trouble, they have no reason not to help Wu Xiangjun.

-

Trial space, Shura City.

In a dark room,

Su Chen was lying on a bed and had been sleeping. His white clothes were now stained with blood, and even his pale face had no blood at all. Su Chen now looked like he was dead.

Beside the wooden bed in the room, a beautiful woman is wearing a small vest on her upper body, which highlights her proud and upright figure. She is wearing jeans on her lower body and a plaid shirt tied around her waist. This makes this beautiful woman's perfect figure even more prominent. But her beautiful face now looked a little sad.

This beautiful woman stood next to Su Chen and said to herself,

"Is this person dead? Why is there no reaction at all? You wouldn't have saved a dead person, would you?"

"Cough cough cough!"

At this moment,

Su Chen on the bed suddenly started coughing violently. As Su Chen coughed, he kept vomiting blood, and even his body kept shaking.

"Want to wake up? I go! How did this bastard get hurt so badly? He wouldn't just vomit blood and die, would he?"

Chapter 725

In the dark room,

Su Chen slowly opened his eyes after coughing violently. But when he saw a beautiful woman in front of him, he was dumbfounded.

How could this woman dress like a modern person?

Su Chen couldn't mistake this little vest and tight jeans.

Could it be that he had traveled through time again?

Su Chen panicked when he thought of this. If he traveled through time again, what would his women do?

The beautiful woman next to her breathed a sigh of relief when she saw Su Chen open his eyes.

She was worried that the man she had rescued would continue to cough up blood and die. It looked like he had coughed up the blood in his chest. come out,

"Who are you? Why was the injury so serious?"

Su Chen looked at this beautiful woman and said hurriedly, "My name is Su Chen, where is this?"

"This is Shura City, don't you know?"

"Shura City? How come I'm here?" Su Chen was stunned when he heard what this beautiful woman said.

Su Chen was relieved that he didn't travel through time this time.

But why is this Shura City?

How could he appear here?

Could it be that he was killed by Hua Baifeng?

"I don't know how you appeared in Shura City, but I rescued you and you will be my follower in the future, do you understand?"

"Be your follower? Why?"

"Shura City respects the strong and the fittest survives. Without strength, you cannot survive in Shura City. I have survived in Shura City for more than a month. By the way, my surname is Sun. You can call me Sister Sun."

"Sister Sun? I'll do it! you....."Su Chen was very surprised when he heard the name of this beautiful woman. No wonder this woman's outfit looked familiar to him. This Sister Sun was the one who saved the Green Snake.

"What's wrong with me?"

Sister Sun looked at Su Chen's surprised look and asked doubtfully,

"nothing? How long have I been unconscious?"

"You've been unconscious here for three days. I won't say anything anymore. I'm going to look for supplies. You can have a good rest here."

Su Chen saw Miss Sun go out in a hurry. After checking his injuries, he hurriedly took out a red fruit from the system space and ate it in a hurry.

Su Chen knew that Shura City was very dangerous. It's dangerous. If he doesn't recover from his injuries quickly, he might accidentally die in Shura City.

After Su Chen ate the Zhu Guo, he communicated with the system and asked,

"System, how did I come to Shura City?"

"Ding, when the host is in danger, the system activates emergency protection measures, and the host has a trial space, so the system directly opens the trial space, Shura City, and lets the host hide in."

"How am I going to go back to Xuan Continent that day?"

"Ding, the host can go back at any time, but if the host can break out of this trial space, then the host can get a reward gift package."

Su Chen felt relieved knowing that he could leave Shura City at any time.

He came to the trial space Shura City this time in a bit of a hurry. If his women knew that something had happened to him, they would probably go crazy.

Those women even Su Chen might launch a war against the Ming Dynasty, but he didn't want his women to go crazy.

"Forget it, although the reward package is tempting, if I leave Tianxuan Continent for a long time, I am afraid that Concubine Yan and the others will be worried. Moreover, Concubine Yan is about to give birth to a child. I will stay in this trial space for a few days and go back."

"Ding, the host can rest assured that the time flow rate in the trial space is different from that in the outside world. One month in the trial space is equivalent to one day in Tianxuan Continent."

"That means it hasn't been a day since I left Tianxuan Continent?"

"Ding! The host has left Tianxuan Continent for five days"

"How can it be? System, didn't you just say that a month here is a day in Tianxuan Continent?"

"Ding! Host, that's because the host's trial space is triggered by the system. It took four days for the host to enter the trial space, Shura City. The system has no right to use the host's items. This time, the system also spent huge energy to open the trial. It took a lot of time to refine the space."

"So this is ah!"

Su Chen now understands what the system means.

If he opens the trial space Shura City by himself, it will probably only happen in an instant. The system has no right to use its own items, so it should be that he was in the passage during those four days.

Su Chen can now play in the trial space with peace of mind. One month is equivalent to one day outside. Then he will wait for the arrival of Green Snake in Shura City. That girl Sun has been here for more than a month. The green snake should come to Shura City in another month.

Su Chen thought that he had been in Shura City for two months and only two days had passed in Tianxuan Continent. Concubine Yan and the others should not cause any big trouble in two days.

"I'll do it! Where is my inner strength? Why don't I have any inner strength now?" Su Chen was about to use his internal energy to speed up the healing, but he suddenly found that he didn't have any internal energy. This made Su Chen panic and asked the system in a hurry,

"Ding! Host, Shura City is a special space. All the internal, spiritual, and magical powers of any creature that comes here will be blocked in Shura City and can only be released after leaving Shura City."

Su Chen understood after hearing the system's explanation.

He thought that when Green Snake came to Shura City, her magic power also disappeared, but if he had no internal power, how would he survive in Shura City?

"What the hell! Then I have become a waste in Shura City. How can I survive?"

"Ding! The host's teleportation and the Sixth Marine Style can be used. Didn't the host sense it?"

"Forehead!"

Su Chen was confused when he heard what the system said.

He didn't check his teleportation ability and the Sixth Marine Style just now.

Now that he heard that he could use teleportation and the Sixth Marine Style, he wasn't worried anymore.

Teleportation It is a special ability, while the Sixth Form of the Navy is a physical skill, which should not be banned by Shura City.

Su Chen can only lie in bed and slowly wait for the injury to recover. This should be the territory of the octopus, and now It should be safe, and he was not too worried about his own safety.

In the imperial capital of the Song Dynasty, Kaifeng, in a dark room, Hou Bai Yifei in blood and the amputated Chu Liuxiang were sitting together and discussing things, but their opinions were all different. There is no unity. Now the atmosphere here is a little tense.

Blood-clothed Hou Bai Yifei said to the firm Chu Liuxiang with a cold face,

"Chu Liuxiang, it is impossible to kill Wu Xiangjun's daughter now. Without finding out whether Wu Xiangjun is really dead, the little princess Su Yan will definitely have experts to strengthen her protection. I am afraid that the land gods in the heavenly realm will You should think clearly about protecting the little princess by her side."

Chu Liuxiang was very unwilling to hear Bai Yifei's words.

He hated Su Chen deeply. He finally waited for a good opportunity, but he didn't want to give it up in vain.

"Then give up this opportunity in vain? If we assassinate Wu Xiangjun's daughter at this time, Wu Xiangjun's power will immediately fall apart. Even if the bastard Wu Xiangjun is not dead, his power will be completely disintegrated, which is very beneficial to us.. Bai

Yifei said with a hint of helplessness on his cold face,"The key is that we don't have land gods in the heaven and human realm. If we can contact the land gods in the heaven and human realm,What could stop you? Without the help of masters from the Heavenly Realm, even if we try to assassinate, our lives will be in vain."

"I want to go back to the Ming Dynasty. My master, Emperor Ye, will definitely go to the capital of the Ming Dynasty this time. Moreover, the life and death of Lord Wu Xiang is unknown in the Emperor of the Ming Dynasty. On the one hand, I asked my master to kill Wu Xiangjun's daughter, and on the other hand, I am looking for the damned one in the capital of the Ming Dynasty. bastard"

"Okay, then I will go to Gusu City to check the situation there and ask our people to stand still."

Chapter 726

Chu Liuxiang nodded when he heard Bai Yifei's words, but when he turned to leave, he suddenly looked at Bai Yifei and asked,

"Bai Yifei, we can't count on the Song Dynasty court, and the old eunuch in the Heavenly Realm of the Song Dynasty has probably been killed. The Song Dynasty is actually planning to use their princess to marry Lord Wu Xiang. Could something happen to Lord Wu Xiang? Da Song still doesn't know? Should we inform the Song Dynasty court?"

Bai Yifei is also very helpless now.

This time they finally got the news that there is a terrestrial immortal in the Heavenly Realm hidden in the Song Dynasty Palace.

However, they could not find the old eunuch in the Song Dynasty Palace for several days. Even in the Song Dynasty, they could not find the old eunuch. No one in the Song Palace noticed them.

This made Bai Yifei and Chu Liuxiang guess that the old eunuch had either left the Song Palace, or that the old eunuch had been killed by Wu Xiangjun's woman.

Bai Yifei was faceless. He waved his hands expressively and said,

"No need, without that old eunuch in the heavenly realm, the Song Dynasty is completely useless to us now, and we don't dare to use people from the Song Dynasty court. The Song Dynasty court is full of weak and incompetent people, and I am afraid that using them will Expose our plans"

"Okay, farewell!"

After Bai Yifei saw Chu Liuxiang leaving, he stood outside looking at the night sky coldly and arrogantly and murmured to himself,

"Mr. Wu Xiang, I hope you don't die this time. I will take your life with my own hands. Only in this way can I relieve the hatred in my heart and avenge you for taking my mother. My adoptive mother belonged to me before and she is destined to be the same in the future. belong to me."

South of the Sui Dynasty, Yangzhou City.

This is the headquarters of the Eastern Army of Gusu City.

Li Xiuning's Eastern Army has pacified the southern part of the Great Sui Dynasty. All the rebel armies in the southern part of the Great Sui Dynasty were either destroyed or surrendered.

Li Xiuning now has about 800,000 people. The army, but now she is very unhappy. Today

, a person she least wants to see came to Yangzhou City.

Li Xiuning did not expect that Li Shimin would arrive at this time. After hearing Li Shimin's plea, she wanted to drive Li Shimin away immediately.

Li Shimin is also very unwilling now. This time he secretly came to Yangzhou to persuade Li Xiuning to raise troops to resist Wu Xiangjun.

Li Xiuning now has an army of almost 800,000 people. Li Shimin regretted it very much when he learned the news.

At first If he had not agreed to the marriage between Li Xiuning and Chai Shao, I am afraid that these armies would all belong to him in the future. When

Li Shimin saw that Li Xiuning had not agreed to his request, he said to Li Xiuning in anger, "Second sister, are you just looking at our Li family?" Was it destroyed by Shen Luoyan's army?"

"I can not do anything!"

Li Xiuning looked at Li Shimin expressionlessly and said.

Li Shimin pointed at Li Xiuning angrily and shouted, "You control 800,000 troops now, how can you do nothing? As long as your army goes out from the south to attack Shen Luoyan's army, our Li family can successfully gain control of the Sui Dynasty, which is very important to our Li family."

Li Xiuning took a sip of tea and said earnestly,

"Li Shimin, you are wrong. The entire Eastern Army does not belong to me. I am only the commander-in-chief of the Eastern Army. Without Wu Xiangjun's order, it is impossible for me to mobilize troops privately."

"Moreover, it is impossible for me to send out troops to help the Li family. I, Li Xiuning, have left the Li family. Now I am the commander-in-chief of the Eastern Army in Gusu City and the sixth concubine of Lord Wu Xiang. It is also impossible for me to betray my husband."

"Second sister, you....."

Just when Li Shimin was about to say something else, a secret guard suddenly came in and saluted Li Xiuning and said,

"Madam Qi, the Black Bird Envoy from Gusu City has arrived."

Li Xiuning heard the secret guard's words and said doubtfully, "Xuan Niao Envoy? Why haven't I heard of any black bird envoys in Gusu City?"

"Madam, I have verified her identity. She is indeed the black bird envoy of Gusu City."

"Let her come over?"

Li Xiuning looked at Li Shimin and ignored him. Now that Li Shimin heard this, it didn't matter.

Anyway, it would be a matter of time before the Li family was destroyed, and Li Xiuning was not worried that Li Shimin would take action after hearing some confidential things.

"Yes, ma'am!"

"In Gusu City, Qing Yi, the mysterious bird envoy, met Mrs. Li Xiuning."

"Qingyi, what's the matter with coming here this time? Did your husband have an order?"

"Madam, please also summon all the commanders of the Eastern Legion. I have an order to issue."

"Okay, here we go, notify the commanders of each legion to come to the meeting hall immediately."

"Yes, ma'am."

Half an hour later, in the meeting hall of the Commander-in-Chief's Mansion, the commanders of the Eastern Legion's subordinate legions had arrived. When they saw Li Xiuning and a beautiful woman coming, they hurriedly saluted Li Xiuning and said,

"Saw the commander in chief."

Li Xiuning waved her hand and pointed at Qing Yi and introduced,

"Everyone, get up. This is Qing Yi, the black bird envoy from Gusu City. There is something to announce this time."

"Gusu City, Mrs. Jun's Phoenix Order, the Commander-in-Chief of the Eastern Army, Li Xiuning, obeys the order!" Xuanniao envoy Qing Yi saw that all the commanders of the Eastern Legion had arrived. She took out Concubine Yan's Phoenix Jade Pendant and held it up high. The commanders

of the Netherworld Cavalry and the Xuanwu Legion in the Eastern Legion hurriedly shouted when they saw the Phoenix Jade Pendant. Kneel down, and the legion commanders who had never seen the Phoenix Jade Pendant also hurriedly knelt down when they saw this situation. When

Li Xiuning saw Su Chen's direct legion commanders kneeling down one after another, she knew that this Phoenix Jade Pendant could give her orders.

Li Xiuning Looking at Xuanniao, Qingyi bent down and prayed,

"Commander-in-Chief of the Eastern Army, Li Xiuning obeys orders"

"Madam Jun ordered that Li Xiuning, the commander of the Eastern Army, immediately reorganize the 600,000-strong army and set out to attack the Ming Empire from the Western Continent in three days."

"Commander-in-Chief of the Eastern Army, Li Xiuning honors your order!"

Li Xiuning was very surprised when she heard the order issued by the Black Bird Envoy.

She did not expect that Mrs. Jun would issue such an order. This is a bit of a joke.

But now she has to obey the order, and she also believes that there must be a reason this time. Otherwise, it would be impossible to dispatch 600,000 troops from the Sui Dynasty to attack the Ming Empire.

Xuanniao made Qingyi take out a secret letter from his arms and handed it to Li Xiuning and said,

"Madam, this is a secret message from Madam Jun to you! I'm going to the Western Legion, so I'll leave first."

"good!"

Li Xiuning received the secret message handed to her by Qing Yi and hurriedly opened it and read it. When she saw the content of the secret message, she was very surprised.

She didn't expect that something happened to Su Chen, and now she didn't know whether she was alive or dead.

This made Li Xiuning She was very worried about Su Chen's safety.

After Li Xiuning quickly read the contents of the secret message, she ordered the legion commander here with an ugly face,

"The Sixth Army, the Seventh Army, and the Eleventh Cavalry Army remain in Yangzhou City. The commander of the Sixth Army, Li Tianheng, is the temporary commander of the Southern Army. Your mission is to guard the entire southern area. Anyone who causes rebellion must be destroyed by me."

"Yes, Commander"

"The remaining legion commanders immediately reorganized their respective legions and prepared all materials and equipment. Three days later, we took a warship to attack the Ming Empire in the Western Continent."

"Yes, Commander!"

In a remote part of the meeting hall,

Li Shimin was very surprised when he heard the order in the meeting hall. He did not expect that Wu Xiangjun had not yet conquered the Sui Dynasty, but he would start a war against the Ming Empire in the western continent.

Although he heard This news is a bit high, but he suddenly thought that their Li family had been defeated steadily by Shen Luoyan's army, and they might be destroyed soon.

Li Xiuning might not be able to help the Li family. Even if he went back this time, he might not be able to change Li Clan. The fate of the valve being destroyed.

Chapter 727

Li Shimin looked at Li Xiuning who was issuing orders and left quietly. However, after Li Shimin left, a secret guard appeared at the place where Li Shimin had just appeared and then disappeared.

After Li Xiuning and the army commanders in the meeting hall left, a secret guard appeared next to Li Xiuning, whispered something and then retreated.

After Li Xiuning learned that Li Shimin had left, she sighed helplessly and said,

"well! I hope that the Li family can give up the struggle and surrender so that the Li family can continue to survive. If they continue to resist, I am afraid that the Li family will eventually reach a point of catastrophe."

At the same time, in Luoyang during the Sui Dynasty,

Murong Qiudi looked at Gusu's The secret letter exuded a terrifying aura, which surprised the secret guards and Dugu Feng girls nearby. They were forced back by Murong Qiudi's terrifying aura.

Murong Qiudi looked at the contents of the secret message. He immediately ordered angrily,

"Come, send a message to Zhu Yuyan from Yinkui Sect and Yan Jing'an from Cihang Jingzhai, asking them to rush to Gusu City."

"Yes, ma'am!"

A secret guard immediately saluted Murong Qiudi and hurried out.

Murong Qiushui looked at Yan Shisan who was guarding her next to him and ordered,

"Thirteen, immediately summon Li Zhenzhen, Tian Zailong, Mr. Qiu Er, Shan Yifei, all the great masters in the Tianzun organization to go to Gusu City"

"Yes, miss!"

Yan Shisan didn't know what happened to make Murong Qiudi so angry, but he would obey Murong Qiudi's orders completely.

Murong Qiudi turned around and said to Dugu Feng,

"Dugu Feng, go and inform the Yinkui Sect, Cihang Jingzhai and all the great masters under our control to report to Gusu City."

"Yes, Sister Murong!"

Dugu Feng looked at Shang Xiuxun and the girls next to her and hurriedly walked out.

She guessed that something big must have happened in Gusu City, otherwise Murong Qiudi would not have let all the great masters in Sui Dynasty go. Gusu City.

After Song Yuhua finished giving Murong Qiudi's orders, she walked up to Murong Qiudi and asked her in confusion, "Sister Murong, did something happen in Gusu City?"

Murong Qiudi handed the secret letter to Song Yuhua and said with an ugly face,

"Su Chen was attacked in the capital of the Ming Dynasty. Now his life and death are unknown. Concubine Yan is preparing to launch a war against the Ming Empire. The great masters and masters there want to protect Su Yan and the Xuandiao Palace in Gusu City. This time Concubine Yan wants to recruit some great masters to accompany the army. Attack the Ming Empire together"

"Sister Murong! How can this be? How could something happen to my husband?" Song Yuhua cried out when she heard Murong Qiudi's words.

Shang Xiuxun asked hurriedly when she heard Murong Qiudi's words, "What? Something happened to that bastard?"

"This is impossible, that bastard is so powerful, how could something happen to him?" Shang Xiufang said with disbelief after hearing this.

Murong Qiudi clenched his fists and said in a positive tone, "That bastard will be fine. He is such a shameless bastard. My husband must be hiding somewhere. Places heal."

Although Murong Qiudi is very worried about Su Chen, she cannot do without her here in Sui Dynasty. Now she can only hope that Concubine Yan and Jing Sala can find that bastard quickly.

At this time, in the Eastern Continent, Xinzheng City,

Zi Nu and Yan Ling Ji also issued summons orders quickly.

Wei Zhuang and Gai Nieluo's grand masters, the Yin Yang family's grand masters, and even the Xiaomeng Taoist grand masters all notified them.

If it weren't for Zi Nu Yan Lingji and Yan Lingji cannot leave here, I am afraid they are also going to Gusu City in the Southern Continent.

Zinu watched Yan Lingji walking around uneasily in the room and said comfortingly,

"Yan Lingji, don't worry, that bastard won't die so easily. He has many ways to save his life."

Although Zi Nu is also very worried about Su Chen, she believes that nothing will happen to Su Chen. She knows that bastard's teleportation ability. If Su Chen escapes, no one can stop him.

Yan Lingji Hearing Zi Nu's words, she felt a little relaxed, but her face was still a little pale. She was very angry with that bastard Su Chen.

Yan Lingji told that bastard not to run around when Su Chen left the Eastern Continent. Cause trouble.

But that bastard Su Chen actually went to the Ming Dynasty in the Western Continent to hang out. Now the bastard is injured and his life or death is unknown.

This makes Yan Lingji very angry.

"Sister, that bastard just doesn't make people worry, can't he be able to calmly preside over the overall situation in Gusu City? Something happened now! Let's see if that bastard still dares to go out and hang out in the future."

Zi Nu poured a cup of tea for Yan Lingji and sighed helplessly and said,

"well! We can't control that bastard, and Concubine Yan and the others can't control that bastard either. Now we can only hope that that bastard can return safely."

"Damn it, just tie that bastard up with a rope from now on and see how he gets out again."

Zi Nu looked at Yan Lingji speechlessly and shook her head.

Yan Lingji said it nicely now. If she saw that bastard Su Chen, she would be as docile as a kitten.

At this time,

Nong Yu ran into the room. He hurriedly asked Zi Nu,

"Sister, has something happened in Gusu City?"

"Nothing happened in Gusu City, but something happened to Su Chen in the Ming Empire in the Western Continent. He was seriously injured by a land immortal in the Heavenly Realm and disappeared. Now Concubine Yan in Gusu City is going to launch a war against the Ming Empire in the Western Continent.."

Nongyu exclaimed when she heard that Su Chen was in trouble,"Ah! How could something happen to my sister's husband? Isn't he very powerful?"

Zi Nu looked at Nongyu, who looked like Xiaobai, and touched her hair and said,"Nongyu, my husband is facing a terrestrial god in the heavenly realm. It's good that that bastard was not killed on the spot."

Nong Yu was very surprised when she heard Zi Nu's words.

That bastard Su Chen's trouble-making ability is too strong. He turned this place upside down in the Eastern Continent, and now he has provoked another land god in the heavenly realm, Nong

Yu. He was completely speechless to that shameless guy like Su Chen, "How could Su Chen, a land god in the heavenly realm, offend a strong man in the heavenly realm? Yan

Lingji rolled her eyes and said, sitting down and drinking tea.

"Su Chen is a bastard who doesn't make people worry. Has he provoked many powerful people in the Heavenly Realm? The first Shi Guanyin, the later Marquis Bai Ruobing, and the Ye Emperor's wife Shui Rou were all land gods in the heavenly realm."

Zi Nu stood at the window and looked outside, clutching the window sill tightly.

Although she had just spoken very relaxedly to Yan Lingji, she was very worried about Su Chen's safety.

After all, Su Chen's body had disappeared. ,

Zi Nu said that because she didn't want Yan Lingji to worry too much.

"Husband, please don't let anything happen to you!".....

Chapter 728

In Suzhou, the southern continent,

Gusu is also very lively at night. There is no so-called curfew in Gusu City, and the streets are full of people coming and going.

It's just that this bustle is full of crises.

Although ordinary people can't feel the crisis in Gusu City, they see that there are more patrolling troops in Gusu City than usual. The people in Gusu City also speculate that it is. It's not that Lord Wu Xiang wants to start a war somewhere again.

Xuannio Palace, the brightly lit Xuannio Palace is full of soldiers standing guard and patrolling. The soldiers on the walls of Xuannio Palace are holding military crossbows and patrolling the surroundings. A crossbow cart is operated by soldiers at various commanding heights. Constantly vigilant about their surroundings, in a dark corner of the Xuantiao Palace, the Six Sword Slaves had just killed two masked masters who sneaked into the palace, when they discovered another masked grandmaster who had also sneaked in. Xuanniao Palace

"Someone come and dispose of these two corpses." Duan Shui looked at the spy they killed and ordered to the soldiers next to him,

"Yes, sir."

A team of soldiers arrived quickly and began to deal with the bodies of the two infiltrators who were killed.

Miemou looked at another area of the Black Bird Palace and said, "The grand master who infiltrated is dead this time. Zhuanhun looked at the Grand Master who had infiltrated over there and said pitifully, "That's the area that the Black Bird Envoy is responsible for. I'm afraid that the Grand Master who infiltrated will not know who killed him until his death.""

Zhuanhun shuddered when he thought of the abilities of the Twelve Black Bird Envoys.

The Six Sword Slaves had tried the Heavenly Demon Illusion Realm they learned from the Twelve Black Bird Envoys. A witch appeared in that illusion, but they could unknowingly Anyone who enters the illusion will be killed.

People who enter the illusion smile even after they die, as if they are willing to be killed.

The sprite looked around and said with a serious expression, "These days There are more and more infiltrators. It seems that we need to strengthen patrols."

Zhen just waved his hand and said to the others, "Don't worry, those people can't break into the Black Bird Palace. Since the establishment of the Black Bird Palace, no intruder can leave alive."

After the Six Sword Slaves talked, they disappeared one by one.

The Black Bird Palace is their Six Sword Slaves and the Twelve Black Bird Envoys who are responsible for the defense. Since Wu Xiangjun's accident, there have been infiltrators who came to the Black Bird Palace to spy on intelligence. There are more and more, which makes them have to carefully guard Xuanniao Palace.

In the Li Zheng Hall of Xuanniao Palace,

Changsun Wuchuan is helping Concubine Yan handle the intelligence and secret messages collected from various places. Here are some secret messages from various places. Confidential documents needed Concubine Yan's approval. Changsun Wuchu looked at them and put them away in categories without any problems, waiting for Concubine Yan to deal with.

At this time,

Li Qingluo came here and looked at Changsun Wuchuan who was busy with his head down and said, "Wuchu! Just take a rest and I'll help you with the rest."

"Aunt Li! Why are you here? Sister Yan Fei, are you finished?" When Changsun Wuchu saw Li Qingluo arriving, he got up in a hurry and asked,

"There is nothing wrong there, the army is ready, and all kinds of materials and equipment have been arranged. Now we are waiting for the army to be dispatched."

"Aunt Li, do you think something will happen to your husband?"

"Ha ha! Don't worry, that little bastard is smart, and no one can stop his teleportation ability. We can just wait at home for that little bastard to come back."

"Um! I also don't believe that the husband will be killed."

Just as Li Qingluo was about to check the secret message, she suddenly felt a slight fluctuation of aura in the Xuanniao Palace, "Huh? Someone else sneaked into the Black Bird Palace? Today is the sixth batch, and there are more and more people who are not afraid of death."

After hearing Li Qingluo's words, Changsun Wuchu said calmly, "These people should be here to investigate our upcoming operations. They should all be sent by the Ming Dynasty."

In the past few days, masters have been sneaking into the Xuantiao Palace.

From the innate realm infiltrators at the beginning, to the current grand master infiltrators, those who want to find out the information in the Xuantiao Palace are becoming more and more impatient. Now even the Grand Master has been sent here to die.

"Wu Chu, we don't need to worry about this. As long as the land gods who are not in the heaven-human realm come, no matter how many remaining people come, they will never come back."

While Li Qingluo and Changsun Wuchu were talking, the great master who had sneaked in had been easily eliminated by the red-clothed red bird envoy of the twelve black birds. The red-clothed black bird envoy looked at the great grandmaster who died with a smile. She He waved to the side and disappeared.

After Xuanniao made Hongyi leave, a group of soldiers came over and carried the body of the great master away from here.....

Trial space, Shura City.

At dawn,

Su Chen's injuries had completely recovered. He looked at Miss Sun who had not returned from the bed next to him and was a little worried about her safety. The arrogant girl did not come back all night. Nothing would happen to Miss Sun. Bar?

Su Chen took out a set of clothes from the system space and put on them to go out to find the girl. Although nothing would happen to Miss Sun before the green snake arrived, she might not be sure after she arrived.

"Damn it, there are all kinds of monsters and monsters here." When Su Chen came out of the room, he saw all kinds of monsters, including crocodile-like monsters, green-skinned monsters, and other wolf-like monsters.

As Su Chen observed everything in the warehouse When the man and the demon were talking, a voice came from the side, "Yo! Isn't this the pretty boy who was rescued by the beautiful woman? I didn't expect that you didn't die and are now recovering from your injuries."

Su Chen's face turned very ugly when he heard someone call him pretty boy.

He didn't expect that when he came to Shura City, he couldn't get rid of the title of pretty boy.

This made Su Chen very angry.

Su Chen looked at this disgusting lizard-like monster. He yelled and cursed,

"Get out of here! You disgusting guy."

The lizard man heard Su Chen scolding him, which made his face very ugly. He didn't expect that an ordinary human would dare to scold him so boldly. The lizard man angrily picked up the rifle next to him and pointed it at Su Chen. He cursed, "You damn bastard human being, I'm going to kill you.""

"Point gun!"

Whoosh!

Touch!"

"What a scumbag!"

Su Chen's finger emitted a white light that directly penetrated the lizard man's forehead. The lizard man was killed by Su Chen without even reacting.

After the lizard man died, he turned into a white light and disappeared. The spherical soul thing spun around and flew away.

He didn't feel any guilt at all for killing this lizard monster. There is no mercy in Shura City.

In Shura City, the strong are respected and the fittest survive. Anyone with a kind heart would probably die a bad death in Shura City.

The people and demons nearby saw that Su Chen easily killed a demon, which made them all look at Su Chen and retreat.

This human being had just arrived. Strength is not something they can offend

"98K? This gun is good." Su Chen came to the place where the body of the lizard demon disappeared, picked up his gun, looked at it and said,

Su Chen has never played with a gun.

It is good to get a 98K this time. He can also play in Shura City. Playing with guns, you can use them to kill monsters in the future.

Su Chen collected all the bullets of the lizard monster. This lizard monster really had a lot of bullets, hundreds of bullets, which was enough for him for a while. Got it.....

Chapter 729

After Su Chen packed up the gun and bullets left by the lizard demon, he walked out of the octopus's warehouse. Su Chen had to find the arrogant Miss Sun as soon as possible, otherwise it would be a pity if she died. After all, Miss Sun was so tall not bad.

When Su Chen came outside the warehouse, he used his mental power to sense where Miss Sun was. After a while, he looked to the east in surprise.

Su Chen did not expect that Miss Sun would be blocked in a street by dozens of people and monsters. It seemed that it would not take long for her to be found by those people and monsters.

"I'll do it! Why did that arrogant woman provoke so many people and monsters?" Su Chen touched his chin and said in surprise.

If no one saves her in this situation,

I'm afraid Miss Sun will be found and killed soon.

Su Chen thought about how Miss Sun would have survived to the Green Snake if he hadn't arrived. The arrival?

Su Chen thought and disappeared in a flash. When he appeared again, he had arrived at a five-story building on the street.

Su Chen took 98K and looked at the people and monsters below with a smile. said,

"This time I'm going to fight monsters, Sun Yatou, if I save you this time, will you give me your life?" bump!

"A"

Bang! Bump! Bump!"

"two! Three! Four!"

"There's someone, there's someone upstairs. Kill that person quickly." After a demon discovered Su Chen, he shouted to other people and demons around him,

"touch!"

"Talk too much!"

Bump! Bump! Bump!

Seeing those people and demons rushing towards him, Su Chen smiled and said, "Come on, let's see if you can go up to this building?"

"who is it? Who is saving me?"

When Sun Liuxuan heard the gunshots, she found that the people and demons surrounding her were being killed, which made her know that someone was saving her.

She looked around and wanted to know who was saving her, but there were many obstacles here. In front of everyone, she can't see who is saving her now.

"Kill him and give them all to me....." bump!

Su Chen saw that a crocodile demon wanted to command the people and demons here to kill him, so he shot the crocodile demon and said,

"The villain died because he talked too much, but you still blatantly ordered those people and monsters to kill me. Isn't this asking for death?"

Bump! Bump! Bump! Bump!

Su Chen doesn't need to aim at all now.

He relies on his strong mental power to make perfect shots.

Every time a gunshot is fired, he can kill a person or a demon. There are constantly people risking their lives downstairs. corpse dissipated in white light

"Run away, run away quickly, that man is a big devil, we can't kill him"

"escape!"

"Come on, come on!"

"Killer King! He is a murderer!"

The people and monsters downstairs saw that more than twenty people and monsters were dead, but they didn't even attack that person. Now they all started to run away in fear.

Touch! Touch! Touch!

"He actually ran away?" Su Chen was very depressed when he saw that there were more than ten people and demons escaping.

Su Chen used his gun to kill the demons. The demons had just risen. Those humans and demons actually escaped. He stood up and thought about it but did not say anything to those humans and demons. Kill them all. Anyway, there are enemies everywhere in Shura City. He will have many opportunities to practice his marksmanship in the future.

At this time,

Sun Liuxuan stood up after those people and monsters escaped, but when she saw Su Chen on the top of the building, she shouted in surprise shouted,

"Suchen? Is that you?"

Su Chen waved to Sun Liuxuan and said with a smile, "Little beauty, why can't it be me?"

Sun Liuxuan looked at Su Chen carefully after Su Chen came down.

She didn't expect that Su Chen, who had to belch at any time last night, would actually appear in front of her alive and kicking today. He even saved her this time.

"Is your injury healed? So quickly?"

Su Chen moved his chest and said with a smile, "My physical fitness is strong, little beauty, I saved you, should you pledge yourself to me?"

"Pooh! I rescued you three days ago, why don't you agree with me?" Sun Liuxuan blushed and gave Su Chen a white look when she heard what Su Chen said.

Sun Liuxuan felt that this pervert was definitely not an ordinary person.

He actually killed more than twenty people and demons by himself, and this pervert looked like an ancient person. , but how could he use a gun?

Su Chen smiled and nodded and said,"Haha! Okay, I can pledge myself to you now."

Su Chen saw that Miss Sun blushed.

This made Su Chen a little unexpected.

Miss Sun was very competitive and independent.

How could this modern woman blush?

"dream! You are a shameless bastard."Sun Liuxuan cursed at Su Chen and started to pick up the belongings of the dead people and monsters.

There are a lot of food and weapons here. I'm afraid these were stolen by those people and monsters everywhere.

"Sun girl, what's your name?"

"Sun Liuxuan! Su Chen, you are from that dynasty. Why don't you look like an ordinary person to me?"

Su Chen smiled when he heard Sun Liuxuan's name and said,

"Sun Liuxuan, a good name, Dynasty? I should be from the Song Dynasty, and I am also a noble noble."

Su Chen also didn't know which dynasty his world belonged to.

The Qin, Han, Sui, Song, Yuan, and Ming in Tianxuan Continent all coexisted together.

Is there so many dynasties together?

Only a ghost knows which dynasty he belongs to

"People from the Song Dynasty? Are you still a noble noble?"Sun Liuxuan was very surprised when she heard Su Chen's words.

She did not expect that Su Chen would be a Song Dynasty person and a top nobleman.

But how could a Song Dynasty person use a gun?

And did the Song Dynasty have the title of monarch?

Su Chen looked at Sun Liuxuan and asked doubtfully,"Huh?" Is there anything wrong with me being a native of the Song Dynasty?"

"No, just why would you use a gun?"

Su Chen shook the 98K in his hand and said,"What do you mean? I learned this by watching the lizard monster use it. I still killed the lizard monster and robbed him of this gun."

When Sun Liuxuan heard about the lizard man Su Chen was talking about, she guessed that it must be the lizard monster that had been causing trouble for her that provoked Su Chen. This shameless pervert killed the lizard monster and took his gun.

"Did the Song Dynasty have the title of Junjue?"

"Yes, am I not?"

Sun Liuxuan looked at Su Chen with disdain and mocked,"You don't look like a top noble to me?" Rather like a shameless pervert."

When Su Chen heard Sun Liuxuan's mocking words, he came to Sun Liuxuan and looked at her perfect figure and threatened, "I'll do it! This is a personal attack, aren't you afraid of what I might do to you?"

"Stay away from me, you shameless pervert!" Sun Liuxuan saw Su Chen looking at her lustfully, and she hurriedly pointed the gun at Su Chen and threatened,

"I'll do it! Don't shoot, I was just kidding."

Chapter 730

Su Chen was very speechless when he saw Sun Liuxuan pointing a gun at him. This Sun Liuxuan really couldn't take jokes.

Su Chen felt that it was better to tolerate Sun Liuxuan, otherwise if she misfired, I might be in trouble.

Sun Liuxuan pointed the gun at Su Chen and said expressionlessly,

"Su Chen, don't forget, you are just my little follower. If I hadn't saved you, you would have died a long time ago. From now on, at least be polite to me. If you dare to play tricks on me again, I will shoot you. head"

"I saved you today too!" Su Chen blurted out a quibble after hearing Sun Liuxuan's words.

Sun Liuxuan was very angry when she saw that Su Chen still dared to quibble.

What kind of bastard did she save?

At first, she thought that Su Chen was thin and might not be capable.

Sun Liuxuan just wanted to be in Shura. Find someone in the city who can talk to her.

Su Chen's thin body should indicate that he is a powerful person. In this way, she won't have to live alone in Shura City in the future, and she won't even have to worry about this bastard doing something bad to her..

But she didn't expect that after this bastard woke up, his body recovered overnight, and his learning ability was even very strong. He could learn modern weapons and firearms instantly, and his marksmanship was very good.

This made Sun Liuxuan's opponent. Su Chen was full of vigilance.

In Shura City, the strong were respected and the fittest survived.

Sun Liuxuan knew that there was no faith in Shura City, but she was worried that Su Chen, a bastard, would plot against her while she was distracted or not paying attention.

Sun Liuxuan stabbed Su Chen in the chest with the muzzle of her gun and said angrily,

"Isn't it because of you that I met these people and monsters today? If I weren't worried that you would be a drag and that I wouldn't have enough food in the future, would I go out looking for food at night?"

"Forehead!"

Su Chen was very embarrassed when he looked at Sun Liuxuan.

This woman is really a kind-hearted person. She met these people and monsters today because of her own reasons.

It seems that her arrival has changed some plots.

Sun Liuxuan's threat to Su Chen is over. He hurriedly ordered to him, "Pack up the food and weapons here quickly, otherwise we will be doomed if the Niutou Gang finds out."

Su Chen looked around and said to Sun Liuxuan,

"You can clean it up yourself. I observed that there were no humans or monsters around here when I came here. Now I'm going to wander around Shura City and find some food and weapons."

Su Chen said to Sun Liuxuan and walked towards a street. He was very curious about Shura City, and he could also collect some supplies here, which might be useful when he returns to Tianxuan Continent in the future.

Sun Liuxuan saw Su Chen. When he was about to leave, he hurriedly shouted, "Hey! You are just my little follower, you can't act on your own."

"I know. Didn't I report it to you?" Su Chen stretched out her hand and waved behind her without looking back and continued walking.

When Sun Liuxuan saw that Su Chen didn't listen to her orders and continued to leave, she angrily yelled at Su Chen, "Damn it. Are you filing a report? Why didn't you say you were notifying me?"

"I'll go back to the octopus's warehouse before night."

"You better die out there, you bastard." When Sun Liuxuan saw that Su Chen had gone far, she smashed the car next to her and cursed angrily.

Su Chen disappeared directly after turning the corner. She had the ability to teleport. If she hadn't been worried that Sun Liuxuan would know about her, his ability would be scary, and he didn't have to use it when Sun Liuxuan couldn't see it.

In a building,

Su Chen appeared here and walked towards a supermarket. Although he didn't know if there were any items he needed inside, but now he could only go inside and take a look.

Su Chen was speechless looking at the empty supermarket.

"Holy shit! Has it been licked here? Why is there nothing clean?"

Su Chen shook his head and continued to look for the next supermarket.

The morning passed like this.

Su Chen was in a very bad mood now. In one morning, he found some cans, fat water, beer and other items..

He didn't find any crop seeds he needed.

He did find a lot of 98K and bullets, but these were of no use to martial arts masters. People with innate talent and above could probably dodge bullets.

And 98K only These dozen or so weapons, without such large-scale weapons, would not be able to form combat effectiveness at all.

Su Chen was sitting on a chair in a square, drinking fat house water, and said helplessly,

"No wonder the people and demons here are constantly fighting for food and weapons. This Shura City is really so poor."

Touch! Touch! Touch!"

"Is there a fight?"

Su Chen heard the gunfire and immediately used his mental power to sense the surroundings. When he found that some bull-headed horse faces were fighting some Rakshasa, he smiled and disappeared directly on the chair. In a huge warehouse, two More than a dozen Rakshasa sects were fighting with about a dozen bull-headed horse faces. Although there were more people and Rakshasa in the Rakshasa sect than there were bull-headed horse faces, the tall bull-headed horse faces were beating back the Rakshasas one by one.

One of them had a long A Rakshasa with gray wings and a very tall hawk-like beak. After killing a horse-faced monster with a big knife, he saw people from the Rakshasa Gate and Rakshasa being killed one after another.

He faced the female Rakshasa in the air next to him. said,

"Third sister, get out of here quickly, otherwise more bull-headed and horse-faced people will come soon."

A beautiful little Rakshasa in a pink dress in the sky looked at the barrels of fuel and said unwillingly,

"What to do with the fuel here? We cannot give up the fuel here in vain."

When the burly Rakshasa saw that the female Rakshasa was unwilling to leave, he hurriedly flew to her side and persuaded her,

"Third sister, if we don't leave, I'm afraid there will be a lot of bullheads and horses coming soon. We'd better leave. We can still find the fuel in the future. We can't risk our lives for the fuel here."

The pink beauty little Rakshasa looked at this place unwillingly and ordered loudly,

"Let's go, everyone leave here immediately."

When a Minotaur saw that these Rakshasamen were trying to escape, he raised his big ax and ordered to the surrounding Minotaurs,

"Want to leave! Stop these Rakshasa people quickly. If we kill these Rakshasas this time, we can make meritorious service. The gang leader will definitely reward us then."

Su Chen sat on a beam on the warehouse and smiled while watching the battle below.

He did not expect to encounter a battle scene between the Rakshasa Sect and the Niutou Gang here. In the warehouse were some off-road vehicles, motorcycles and Fuel, the supplies here are good, but they don't have what they need.

But the arrogant girl Sun Liuxuan should need these cars and fuel. Su Chen knew that Sun Liuxuan was very cool riding a motorcycle, so he decided to use all the cars and fuel here. Take them all away.

At this time, the burly Rakshasa suddenly saw a minotaur sneaking towards the female Rakshasa. He hurriedly reminded the female Rakshasa who was still fighting,

"Third sister, be careful behind you!" bump!

"Who saved me just now?"

After the little beauty Rakshasa killed her opponent, she found that the Minotaur behind her was shot in the head. She immediately looked around and wanted to know who just killed her.

Touch! Touch!

Su Chen Looking at the beautiful little Rakshasa, he was very speechless.

The beautiful Rakshasa was actually distracted at this time.

Su Chen saw two more bull-headed and horse-faced men attacking the beautiful little Rakshasa, butA beautiful little Rakshasa was still looking for him, so he raised his gun and shot the bull-headed horse-faced creature who wanted to kill the beautiful little Rakshasa in the head.

The beautiful little Rakshasa discovered Su Chen when she heard the gunfire. When she saw that the two bull-headed and horse-faced men who wanted to kill her were shot, the beautiful little Rakshasa flew directly to the beam and said with a smile,"So you are hiding on the beam. No wonder I didn't find you, my adventure was worth it"

"I'll do it! Did you, little Rakshasa, do it on purpose just now? Are you pretending not to notice those two bull-headed horse-faced men on purpose?"

"certainly! Since you saved me before, I don't believe you won't save me after you see that I'm in danger again."

"You little Rakshasa are so insidious!"

"Bastard, I'm just smart, not sinister."
