Chapter 791

Jiang Yuyan was getting more and more angry with this bastard Su Chen, especially when this lewd thief said that he was not interested in her. This made Jiang Yuyan even more angry and wanted to kill this bastard with one palm.

What does this shameless thief mean?

Don't look down on yourself?

Don't you look beautiful?

Su Chen saw Jiang Yuyan's angry look. He was too lazy to talk to Jiang Yuyan now. He looked around and walked towards a room.

He felt a little headache now.

Who is this extra celestial being?

This makes him confused now.

Bai Jing from the Ghost Palace should not dare to come to the Ming Palace at this time, and Zhang Sanfeng should be even more unlikely to appear.

All the disciples of the Wudang Sect have been arrested. Zhang Sanfeng should be thinking about how to save his disciples at this time.

Could it be Fu Hongxue's mother Hua Baifeng?

This is also impossible?

I'm afraid that otaku Hua Baifeng won't join in the fun.

Su Chen thought about it and entered a relatively clean room and lay down on the bed. He didn't think about anything anymore. Tomorrow, all the land gods in the heavenly realm might appear.

And that girl Su Yan,

I don't know what that girl Su Yan is going to do tomorrow.

That girl is more capable of causing trouble than him now.

Girls need to be rich!

His!

I'm afraid that little girl Su Yan was spoiled by him.

When Jiang Yuyan saw Su Chen entering a room in Lihua Palace, she clenched her fists to drive him away from Lihua Palace.

But she stopped after taking a few steps.

The thief was not something she could deal with.

If the thief tried to do something to her after she entered that room, wouldn't she have fallen into a trap?

"Shameless thief, I will let you go today." Jiang Yuyan looked at the room where Su Chen entered, said something angrily and left.

In the palace square, under the siege of Zhuge Wuwu and Zhuge Zhengwo on the Happy King, the Happy King escaped even though he was seriously injured. It's just that he can't escape from the palace, and he can only hide around the edges of the palace from Zhuge Wuwu and Zhuge Zhengwo's pursuit.

"Where's that bastard?"

When Shangguan Haitang and Qingqing brought the rescued mother and daughter Ning Zhongze to Su Chen, they saw the little nun sitting here alone, and the guards behind her stood expressionless like pillars. There. When

Yilin heard Shangguan Haitang ask her, she lowered her head nervously and said with a blush, "He.....He went to the toilet"

"Little nun, tell me if that bastard left?" Shangguan Haitang had a bad feeling when she saw Yilin's expression. She hurriedly asked Yilin,

"I.....I....." Yilin lowered her head and didn't know what to say. She didn't even dare to look at Shangguan Haitang and Qingqing.

Wuqing also sensed something was wrong, she looked at Yilin and asked anxiously, "Little nun, that bastard really left?"

"Um!"

"Damn it!"

"That bastard!"

When Shangguan Haitang and Qingqing heard Yilin's admission, they were so angry that they wanted to kill someone. The bastard's words were really unbelievable.

It's just that the palace is so big, and it's almost midnight, so it's impossible for them to go to the palace to find that bastard. , now they just hope that that bastard will never cause trouble again this time.

Ning Zhongze and his daughter looked at Yilin and were very confused.

This Yilin is from the Hengshan sect, but those powerful female guards standing behind can't be from the Hengshan sect.

Who is the bastard that Qingwu and Shangguan Haitang were talking about?

This is something that both mother and daughter can't figure out.

The next day, at

Mao Shi, the door to the palace opened, but this time many people came in from outside the palace. After these ministers entered the palace, the gate of the palace was closed again, and the surrounding troops were still on guard.

Shangguan Haitang looked at the mother and daughter Yilin and Ning Zhongze beside her, who were confused, and she explained to them, "These are the ministers attending the court meeting, and today is a big court meeting. Ning

Zhongze looked at Shangguan Haitang and asked, "Can we leave after these ministers attend the court meeting?"

"probably."

Shangguan Haitang replied uncertainly now.

It depends on how the emperor will deal with Ye Gucheng and the others at the court meeting.

If the ministers of the Ming Dynasty are unwilling to let Ye Gucheng go, I'm afraid there will be bloodshed in the palace square again.

Ruthlessly saw the sky It was almost daylight, and the palace was quiet without any accidents.

This made Qing Wu breathe a sigh of relief and said to Shangguan Haitang, "That bastard really didn't cause trouble this time?"

"Maybe, Ruthless, you said that bastard rested there all night?"

"You wouldn't say he was resting in the emperor's harem, would you?"

"Besides the harem, where else would that bastard go?"

"It's impossible. How could that bastard fall in love with the emperor's concubine? Haitang, you may have overthought this time."

"well! I also hope that I am overthinking it."

At this moment, a black-armored cavalry army appeared outside the capital of the Ming Dynasty.

This elite black-armored cavalry army of a thousand people was the envoy team arriving from Gusu City.

Among the thousands of black-armored cavalry troops , three beautiful women were riding horses at the front of the team.

Not only did these three beautiful women have delicate and beautiful faces, but their figures were also very perfect, especially the long legs exposed while riding horses. But any man who sees them will have wild thoughts.

These three people are the orange-robed Black Bird Envoy, the green-robed Black Bird Envoy and the yellow-robed Black Bird Envoy among the twelve Black Bird Envoys of the Black Bird Palace in Gusu City. I was ordered by Mrs. Jun to announce the edict of war against the Ming Empire.

A beautiful woman in a green dress said to the beautiful woman in an orange dress next to her,

"Sister, the princess has really arrived at the Ming Palace this time?"

The beautiful woman in the orange dress smiled and said,"Green, the princess is in the Ming Palace, and this time we will protect the princess from leaving the Ming Dynasty after announcing Madam Jun's order."

"What if the governor doesn't leave with us?" The other beautiful woman in a yellow dress among the three said helplessly, and the beautiful woman in an orange dress also said helplessly, "Try to persuade the princess, Mrs. Shi is also in the Ming Palace. If it doesn't work, you can only ask Mrs. Shi to come. I persuaded the princess."

The beautiful woman in the yellow dress knows the character of the little princess.

It is impossible for the three of them to persuade the princess.

I am afraid that only the master and Mrs. Jun can change the things decided by the little princess. I am afraid that the others can change it." It was impossible to sway the princess's decision.

The beautiful woman in yellow dress shook her head and said, "Sister, the princess is protected by secret guards and shadow assassins, and even Mrs. Shi Guanyin is also protecting her secretly. We don't need to worry too much, it's just that During the trip to the Ming Dynasty Palace, I never thought that the princess would be fully responsible."

"The princess is very smart. This time we just need to obey the order." The beautiful woman in orange dress smiled and said to them,

"Yes, sister."

The beautiful women in orange dresses saw that it was almost dawn, and they must read out Mrs. Jun's decree at the Ming Dynasty meeting today.

Orange clothes said to the green clothes next to them,

"Let's speed up. We have to get to the Ming Dynasty Palace before Chen time. In green clothes, let Captain Zhao Qianfu of the Black Bird Guard inform the Ming army behind us and ask them to speed up and lead us into the Ming Dynasty capital."

"Yes, sister."

Chapter 792

In the Ming Dynasty Palace, the court meeting in the palace hall was going on.

When the ministers of the Ming Dynasty heard that the Emperor of the Ming Dynasty was going to use all the strength of the country to prepare for an all-out battle with Mrs. Jun in Gusu City, many of the ministers of the Ming Dynasty strongly opposed it. ,

"Your Majesty, we cannot go into an all-out war with Madam Jun in Gusu City. Madam Jun is just asking for an explanation for Lord Wu Xiang this time. We only need to resist Madam Jun's army attack. If we go into an all-out war, I am afraid that the Ming Empire will be destroyed. Dragged into a point of no return"

"Yes, Your Majesty, Mrs. Jun's army of millions attacking the Ming Dynasty is just a show. Mrs. Jun cannot come to destroy our Ming Dynasty at this time. We only need to be able to resist Mrs. Jun's army at the border."

"Yes, even if Mrs. Jun's army breaks through our border, it is impossible for Mrs. Jun's army to continue to attack the Ming Dynasty. At this time, Gusu City is still dominated by the southern continent. As long as we negotiate with Mrs. Jun, Mrs. Jun will definitely On strike"

"Your Majesty, our Ming Dynasty has no chance of winning in a full-scale war with Madam Jun. Madam Jun in Gusu City is also angry and sending troops because of the assassination and disappearance of Lord Wu Xiang in our Ming Dynasty. Only peace talks can solve this crisis."

"Your Majesty, it is easy to recruit another million troops, but our Ming Dynasty cannot afford millions of weapons and armor, or even the money to recruit an army. Please think again, Your Majesty."

"What's the use of recruiting millions of troops? An army that has not received training or even been on the battlefield is just a group of farmers. It was originally just a local war. If we completely break with Mrs. Jun in Gusu City, we, the Ming Dynasty, may not be able to protect ourselves."

The Emperor of the Ming Dynasty was very angry when he heard the ministers chattering against him.

Were the ministers of the Ming Dynasty frightened by Mrs. Jun from Gusu City?

The Ming Empire has tens of thousands of miles of territory and tens of millions of people. Can an army of millions really not be able to defeat Madam Jun's army?

Thinking of this, the Emperor of Ming Dynasty patted the dragon throne vigorously and cursed loudly, "Shut up, everyone. I have made up my mind, and I will be with you in Gusu." Madam, an all-out war is inevitable"

"Besides, our Ming Dynasty also has many allies, and Lord Wu Xiang has made many enemies. The Qin Dynasty in the Eastern Continent will send out 500,000 elite troops to sneak attack Lord Wu Xiang's territory, and the rebels in the Song Dynasty and Sui Dynasty in the Southern Continent will also do so at this time. Will start a war"

"As long as our Ming Dynasty can contain the millions of troops sent by Madam Jun this time, Lord Wu Xiang's territory will be empty of troops, and as long as the Qin army captures Gusu City, Lord Wu Xiang's power will completely fall apart, even those who support their own troops and respect themselves The generals will all stand on their own"

"By then, our Ming Dynasty will not only be able to destroy the millions of troops attacking our Ming Dynasty, but we can even attack Lord Wu Xiang's territory. This will be a good opportunity for our Ming Dynasty Empire to expand its territory."

The ministers in the main hall looked at each other in silence when they heard what Emperor Ming Dynasty said. They knew that His Majesty the Emperor had made up his mind, and I am afraid that they could no longer persuade him at this time. When

Emperor Ming Dynasty saw that the ministers were all standing silently in the main hall,

He stood up and ordered vigorously,

"Yang Zhitao, the Minister of the Ministry of War, immediately began to recruit millions of troops in the empire after the dissolution of the dynasty. Li Jiede, the Minister of the Ministry of Household Affairs, fully supported the recruitment of the Ministry of War with the money in the treasury."

"Yes, Your Majesty!"

Zhu Wuwu and Zhuge Zheng are standing in the main hall and doing nothing. They don't even oppose or support the Ming Emperor's decision.

They know that the emperor has made up his mind. Even if they oppose the emperor's decision, I'm afraid it won't be the same. It was of no use.

At this moment, a Forbidden Army general came to the main hall and saluted the Ming Emperor, saying, "Your Majesty, the envoy from Gusu has arrived in the imperial capital and is now heading towards the palace."

When Emperor Ming heard that Mrs. Jun's envoy had arrived early in the morning, he touched his beard in confusion and said, "Oh! I didn't expect that the messenger from Gusu City would arrive before Chen Shi."

"Your Majesty, do we want to receive the envoy from Gusu City immediately?"

"See, I want to see what Mrs. Jun's envoy will do when he comes this time."

The Forbidden General heard the emperor's words and said hurriedly, "Your Majesty, Madam Jun's envoy has brought a thousand escort cavalry this time. Do we want to let them into the palace?"

The Emperor of the Ming Dynasty did not expect that Gusu City would send a thousand cavalry to protect Madam Jun's envoy this time, but what's the use of a thousand cavalry just coming to the palace?

There are tens of thousands of forbidden troops in the Ming Dynasty Palace, and there are more than ten people outside the palace. With tens of thousands of city guards, is he still afraid of the thousands of Gusu City cavalry?

"A thousand cavalry? Let them enter the palace. There is no use for a thousand cavalry in the palace. Tell the envoy from Gusu City that only less than twenty people are allowed in the palace hall. The thousand cavalry from Gusu City will stay in the palace square."

"Yes, Your Majesty!"

"Minister of Rites, this time you are responsible for receiving the envoys from Gusu City. If you come, please order Concubine Yan to come to the palace. Although our Ming Dynasty and Gusu City are enemies, our Ming Dynasty cannot lose its etiquette."

"Yes, Your Majesty!"

Lihua Palace,

Concubine Yan Jiang Yuyan didn't rest all night.

She was worried that the lewd thief would do harm to her while she was resting. But now she felt that her worries were unnecessary. After one night, the lewd thief was a little bit There was no movement.

Jiang Yuyan looked at the room where Su Chen rested and gritted her teeth and cursed,

"hateful! Damn you thief, it's almost dawn, why doesn't this damn slut leave?"

And Su Chen in the room has also woken up at this time.

One month has come again.

Su Chen can get a gift bag again this time, but now he is frowning and very unhappy.

"System, I have been in Shura City for more than two months, why do I only get one gift package this time?"

"Ding, host, Shura City is just a special trial space. The gift package is based on the time of Xuanda Continent. The host has been in Shura City for two months, and Tianxuan Continent is only for two days."

Su Chen was very unhappy when he heard the system's explanation.

Moreover, he also found that the items brought out from Shura City could not be taken out from the system space.

This made Su Chen a little angry.

"What the hell! Then why can't I take out the items I got from Shura City?"

"Ding, some of the items in Shura City are beyond the knowledge of Tianxuan Continent. Cars and firearms cannot appear in Tianxuan Continent."

"I'll do it! Then why didn't you tell me earlier? System, you don't want to destroy those items in the system space, do you?"

"Ding, the host didn't ask. The item system in the system space has no right to destroy it, but the host cannot use it in Tianxuan Continent."

"Damn it, system, please discuss those items so I only use one of each? That's okay, right? You always have to make it up to me, right?"

"Ding, no! All technological items cannot appear in Tianxuan Continent."

Su Chen thought that if he saw Su Yan today, he didn't know how to spend it.

He looked at the many cars, computers, guns, and even refrigerators in the system space and felt helpless. None of these items could appear in the system space. In Tianxuan Continent,

Su Chen thought about it and said angrily,

"His! System, same! Is it okay if I just take out an item of the same technology? Just that little pistol, I want a pistol and thousands of rounds of ammunition, and you can destroy all the rest."

"Ding, yes!"

"call! That's pretty much it. System, I will receive this month's gift pack and the reward pack from Shura City."

"Ding, monthly gift packs and reward gift packs have been distributed, does the host want to open the monthly gift pack?"

Chapter 793

Su Chen was a little excited when he saw the gleaming monthly gift packs and reward gift packs in the system space.

He didn't know what treasures could be obtained this time, but there were two gift packages this time.

He felt that he would be able to obtain treasures and items useful to him this time.

Su Chen looked at the monthly gift package and said to the system,

"System, open the monthly gift package"

"Ding, the monthly gift pack is open. Congratulations to the host for getting: Qualification Certificate for Participation (Elementary Level), Three Intermediate Spiritual Stones, Twenty Elementary Spiritual Stones, Twenty Vermillion Fruits, Three Hundred Shadow Assassins, One Hundred Thousand Elite Army, One Hundred Thousand Army Five-year supply of materials and weapons and equipment"

"Yes, the monthly gift package has never let me down, but what is the qualification certificate for participating in the war? System, please explain the qualification certificate for participating in the war?"

Su Chen was very happy when he saw the items that were given out.

This time it was another big harvest.

However, when he looked at the war qualification certificate, he was confused.

What is this?

Qualification to participate in the war?

Are you going to lead troops to fight? ?

"Ding, Qualification Certificate for Participation (Elementary Level): This is the primary competition in the world. As long as the host wins the final victory in the competition, the host can not only get the victory gift pack, but also get the system reward gift pack."

Su Chen was very helpless when he heard the system's explanation.

All the worlds!

Tianxuan Continent is just a world of high martial arts.

The world in all the worlds is probably either a cultivation world or a fantasy world. There may even be immortals and monsters. In this world,

Tianxuan Continent may be at the bottom of the world. Even if he participates in this competition, he will probably be a cannon fodder.

Su Chen rubbed his forehead and said helplessly, "System, all the worlds." In the Tianwan Realm, our Tianxuan Continent is probably an inferior world. Do you think I am qualified to participate in this competition?"

"Ding, host, this is just a primary competition. The strength in each world is not limited to the world of cultivation. Some worlds do not have powerful warriors at all. Some worlds are even worlds of the end of the law. Tianxuan Continent is at the primary level. It is one of the most powerful worlds in the world."

Su Chen didn't expect that Tianxuan Continent was still one of the most powerful worlds among the elementary worlds.

This made Su Chen a little interested in this competition, but he was very confused when he thought about this qualification certificate.

Is this war qualification certificate created by the system?

Then what is the use of this war qualification certificate created by the system?

Does the system have hosts in other worlds?

Is the system raising gu?

Su Chen looked ugly just thinking about it asked the system,

"System, did you also organize this competition? Do you have other hosts in other worlds?"

"Ding, no, this is determined by the will of heaven and earth. The system only stole a qualification for the competition. The system only has one master, the host. This host can rest assured."

"Damn, your system is so awesome. You can even steal items belonging to the will of heaven and earth."

"Ding, the way of heaven has no thoughts, consciousness, and emotions. The way of heaven is to maintain the operation of the world. The host should not think that the way of heaven is so powerful."

"System, what's in it for you?"

"Ding, if the host can win the competition, the system will be able to obtain some of the origins of the way of heaven. If the system obtains more sources of the way of heaven, the system can be upgraded."

"Holy shit! Can you still upgrade the system?"

"Ding, yes!"

Su Chen is now wary of the system.

If the system is upgraded in the future, will it directly devour him?

Or even take away his body and destroy his consciousness and soul?

Su Chen asked the system with some anxiety,

"System, are you conscious?"

"Ding, what the host is worried about is unnecessary. The system relies on the host to live. The system and the host live and die together. When the host lives, the system lives. When the host dies, the system dies. It is impossible for the system to betray the host, and it cannot leave. Host"

"call! I see."

Su Chen is completely relieved now.

As long as the system cannot betray him, he has nothing to worry about.

"System, what is the difference between intermediate spiritual stones and primary spiritual stones?"

"Ding, intermediate spiritual stone: One intermediate spiritual stone is equivalent to one hundred primary spiritual stones. The spiritual energy in the intermediate spiritual stone is purer and more abundant. This is a necessity for higher-level cultivation. The host is not qualified to know it yet."

Su Chen heard that the system was unwilling to tell him, and even vaguely despised himself.

This made Su Chen said angrily, "Damn it! System girl, do you dislike my low strength?"

The clear voice of the system said directly,

"Ding, doesn't the host have any clues in his heart?"

"It has been almost a year since I got this system from the host, and the host is the peak strength of a grandmaster, and he relied on Zhu Guo to improve it."

"Has the host ever practiced?"

"Can the host have a retreat to practice properly?"

"The host has either been picking up girls this year or is on the way to pick up girls."

"If the host can spend the time picking up girls on cultivation, the host's current strength cannot be just the peak strength of a master."

Su Chen was very ashamed when he heard what the system said.

What the system said seems to be true, but does he need to practice?

His women are some of the most powerful people in this world. In this Tianxuan Continent, Su Chen But there is nothing to worry about.

Su Chen wants an army of millions of elite troops and powerful masters. He has five or six powerful land gods in the Heavenly Realm, and even one or two masters in the Half-Step Golden Core Realm. , not to mention the large number of grand masters and master masters. As

Su Chen listened to the system complaining about himself endlessly, his face became more and more ugly.

Why has this system become such a badass?

Is this still the cold system?

Could it be that what he did caused dissatisfaction with the system?

"What the hell! Have you become a master of the system? Why is there so much nonsense this time? Now you actually despise me as your master"

"Ding, the system is just reminding the host not to just look at what is in front of him. There are countless masters in the world. If the host has no enterprising spirit, I am afraid it will be difficult to achieve anything in the future."

"I'm just a salted fish, what do I want to do?" Su Chen rolled his eyes after hearing what the system said.

Although what the system said was right, it was none of his business.

If he practices in seclusion every day from now on, what fun will there be in life?

If Su Chen wants to live, he must live. Carefree, even if he is unfortunately killed in the future, his life will not be in vain.

System: "....."

"System, open the reward package."

Chapter 794

Su Chen doesn't want to listen to the system's chatter anymore.

This system girl is probably going crazy. She actually talks so much nonsense this time and despises her own words. This makes Su Chen very unhappy with the system girl.

Moreover, Su Chen also suspected that the system this time was a real system, not the previous subsystem.

The subsystem was just like a program. She answered whatever he asked, but this time the system actually despised him.

Su Chen very much suspected that the system had woken up from its slumber, or that the system had temporarily woken up this time.

It seemed that the system was very much looking forward to the competition among all the worlds.

"System, open the reward package"

"Ding, the reward gift package is open, congratulations to the host for getting: ten space rings,"

"Gone? Just get an item?"

"Ding, host, you will get ten space rings."

"System, you won't steal my items, right?"

"Ding, no!"

Su Chen was very speechless when he looked at the space ring.

He has a system space, and this space ring is of no use to him.

"I'll do it! After staying in Shura City for almost two months, you got this? This reward package is really bad enough"

"System, how big is the space in this space ring?"

"Ding, space ring: There is a space of ten cubic meters in the space ring. If you recognize it, you can use the space ring."

Su Chen was a little happy when he heard that the space ring was ten cubic meters in size.

Although the space of the space ring was not as large as his system space, it was enough.

Su Chen looked at the beautiful space ring in his hand and said with a smile. He said to himself, "Ten cubic meters of space is not bad. These are for Concubine Yan and the others to use. Anyway, I don't need these space rings, but the number of space rings is a bit small.""

Su Chen looked at the sky outside and it was almost dawn.

He also got up from the bed and prepared to go to the Palace Square to take a look.

He didn't appear in the Palace Square all night. I'm afraid Shangguan Haitang and Qingwu would kill him if they found out.

As soon as Su Chen came out of the room, he found Jiang Yuyan walking around outside the room with a gloomy face.

Isn't this Jiang Yuyan the one who happened this month?

He didn't offend Jiang Yuyan again after going to bed last night. This Why did Jiang Yuyan have such a gloomy face so early in the morning?

Su Chen smiled and said to Jiang Yuyan, "Hey! Concubine Yan, are you waiting for me specifically?"

Jiang Yuyan said angrily when she saw Su Chen coming out, "I'm waiting for you, you shameless thief, get out of my Lihua Palace as soon as possible."

"ha! I haven't eaten yet, why should I go? Jiang Yuyan, please let your maids serve the food quickly. I will leave when I'm full." Su Chen sat directly at the stone table outside and said with a smile,

"roll! You are not welcome here." When Jiang Yuyan heard Su Chen's words, she was so angry that she wanted to kill this bastard immediately.

What did this bastard think of this place?

Is this an inn?

Damn that thief!

Su Chen saw that Jiang Yuyan dared to scold him today. It seems that She had completely forgotten what happened last night.

He stared at Jiang Yuyan expressionlessly and threatened, "Jiang Yuyan, do you want to die? If you dare to yell at me again, I will kill you right now."

"you....."Jiang Yuyan took a few steps back in fear when she saw Su Chen's serious look.

She was no match for this bastard.

If this bastard got angry and wanted to kill her again, she might not be able to escape.

She couldn't defeat this obscene thief who was only at the peak of his master's strength.

What kind of martial arts secrets did this bastard practice?

Why is he so powerful?

"Don't let your maid serve the food."Su Chen looked at Jiang Yuyan's changing face and ordered her.

Jiang Yuyan also knew that the person was under the eaves and had to lower her head.

She glared at Su Chen and ordered to the maid next to her,"Damn it, someone's here. , serve this bastard food"

"Yes, empress!"

Su Chen looked at Jiang Yuyan and smiled.

This Jiang Yuyan is quite smart, but the Ming Empire will be in trouble in the future.

This Jiang Yuyan is not a fuel-efficient lamp. The Ming Empire will be greatly harmed by her in the future.

These things But it was none of his business.

As long as Jiang Yuyan didn't cause trouble for him, the Ming Empire wouldn't mind how she harmed Su Chen.

At this moment, several eunuchs quickly came to Lihua Palace and saluted Jiang Yuyan," Report to the Concubine Yan, and the Holy One invites the Concubine to come to court."

"Let me go to court? How is this going?"Jiang Yuyan looked at these eunuchs in confusion and asked doubtfully,

Jiang Yuyan has not completely controlled the Ming Emperor yet, and the harem will not interfere in politics!

This is the ancestral motto of the Ming Empire, so why did the emperor ask her to go to court?

Seeing Jiang Yuyan's confused look, the eunuch hurriedly explained,

"Your Majesty, Mrs. Jun from Gusu City has sent an envoy. The Holy Sage wants to receive the envoy from Gusu City ceremoniously, so the Holy Sage asked your Majesty to go to the main hall to participate in the arrival of the envoy from Gusu City."

After Jiang Yuyan heard the eunuch's explanation, she understood that the arrival of the Gusu City envoy this time might be due to the upcoming war. She still doesn't know what the Ming Emperor will do in response to Gusu City.

Jiang Yuyan clicks He nodded and said to the eunuch,

"So that's it, I know, you go down first, I will change my clothes and then go there"

"Yes, empress!"

Su Chen walked out from the side after the eunuchs left.

He also heard what he said just now.

Su Chen didn't know what Concubine Yan sent the envoy for. Now he also wants to go to the main hall of the palace to have a look. He just wants to It may be difficult to sneak into the palace hall quietly.

In the palace hall, there are the great masters Zhu Wuwu and Zhuge Zhengwo, as well as Dongchang Cao Zhengchun, and even that old bastard Ye Emperor may appear.

Su Chen Looking at Jiang Yuyan, she thought for a moment and said, "Jiang Yuyan, let's talk about it. You take me to the palace hall, and I can ask Yao Yue of Yihua Palace to stop interfering with your cultivation of Yihua and wood. How about that?"

Jiang Yuyan sneered when she heard Su Chen's words, "Hi!" Can you persuade Yao Yue of Yihua Palace?"

Jiang Yuyan is also very worried about Yao Yue and Lian Xing from Yihua Palace.

Yesterday, the little girl said that Yao Yue is very powerful.

Although she is now a master at the peak of the Grand Master, she cannot face Yao Yue from Yihua Palace. Yue and Lianxing, I'm afraid she really is no match.

And the people in Yihua Palace may really not let her go. After all, she secretly learned Yihua Palace's uninformed martial arts.

Su Chen patted her He said with an air of "I am very capable" in his chest, "Don't worry, Yihua Palace is on my side, I said Yao Yue and Lian Xing will not ask about this matter again, they will definitely not ask about this matter again."

"who are you?"

Jiang Yuyan has been suspicious of Su Chen's identity for a long time.

Yesterday, the lewd thief said that he was the identity of the flower-picking thieves Tian Boguang and Dali Duan Yu, but she didn't believe it at all.

Today, the lewd thief was able to convince Yihua Palace Yao Yue and Lian Xing no longer make it difficult for them to secretly learn Yihua Palace's martial arts.

But how is this possible?

You must know that Yao Yue and Lian Xing are not only very powerful, but they are even Wu Xiangjun's women.

What confidence does this lewd thief have? Can he convince Yaoyue and Lianxing of Yihua Palace?

Who is he?

Chapter 795

Su Chen saw that Jiang Yuyan was very curious about his identity, so he decided to play a trick on Jiang Yuyan.

Since they would never meet again after today, he would play hard on this cruel woman this time.

He smiled and said to Jiang Yuyan,

"Jiang Yuyan, as long as you help me go to the palace hall this time, Yihua Palace will not hunt you down in the future, and I can tell you my true identity."

"real?"

Jiang Yuyan is now very suspicious that this bastard is deceiving her, but she really wants to know the identity of this bastard.

If she knows the identity of this bastard, when she becomes stronger in the future, Jiang Yuyan can also go find this bastard. Revenge.

Su Chen patted his chest and said with a smile, "Of course, I am an honest and reliable young man."

Jiang Yuyan looked at Su Chen's shameless look and wanted to strangle this bastard to death, but she was very curious about Su Chen's identity, and this thief could really make Yihua Palace not hold her accountable for practicing Yihua Palace's martial arts. , which is also very beneficial to her

"Pooh! You are a shameless thief. This time I will promise you first. If I find out that you have deceived me in the future, I will not let you go even if I am a ghost."

Su Chen didn't care at all about Jiang Yuyan's threats.

He wasn't afraid of Jiang Yuyan when she was a human.

What's the use of her turning into a ghost.

In the square of the palace, the Jianghu people here are waiting for the ministers in the palace. We are going to court. As long as the early dynasty of the Ming Dynasty is over, it is possible for the Jianghu people here to leave the palace, so that they can stay away from this place of right and wrong.

At this time, the door in the palace opened again, which made the palace The people in the square were very curious. Why was the gate of the palace opened again before the morning court ended?

But at the gate of the palace, tens of thousands of forbidden troops were lined up in neat lines, not knowing what to do.

Da da da Da!

Just when the people in the arena were very confused, a sound of horse hoofbeats came over.

The people in the arena looked at the gate of the palace. They all wanted to know who was coming.

Just for a while, three people Beautiful women entered the palace with thousands of troops wearing black armor.

With the arrival of these women and the black-armored troops, the imperial guards in the palace became nervous. The imperial guards in the palace had never seen such a powerful army. The

momentum brought by these thousands of black-armored cavalry troops shocked the Ming Dynasty's tens of thousands of Forbidden Army.

When these black-armored troops walked past the Forbidden Army with fierce murderous intent, the Forbidden Army here were all covered in cold sweat.

A fat man A Ming official came to the black-armored army and offered his hand. He said, "I am the Minister of Rites of the Ming Dynasty, Wang Tu'an. I have met the envoys from Gusu City. This time I am here to receive the envoys from Gusu City on the order of the Ming Emperor."

"The black bird envoys from Gusu City, in orange clothes, (in green clothes, in yellow clothes), have met Mr. Wang." Cheng Yi and the other three girls also clasped their fists at the gift bag and said,

"The three envoys please enter the main hall with me."

"Okay, Captain Zhao Qianfu, you stay and take the Black Bird Guards to rest here."

"Yes, Black Bird Envoy."

When the Ming Dynasty's gift-wrapped Minister entered the palace with the three of them in Chengyi and the twelve black bird guards, people in the palace square started talking.

"Holy shit! These are actually the troops from Gusu City. No wonder they look so powerful."

"These armies are really powerful. Their momentum alone can suppress the momentum of tens of thousands of forbidden troops."

"These fierce black-armored troops are armed with long swords, swords hanging on their waists, and even crossbows on their horses. How can the Ming Empire resist such an army?"

"Black Bird Envoy? Those three powerful women turned out to be the legendary Black Bird Envoys. The Twelve Black Bird Envoys rarely left the Black Bird Palace in Gusu City. I wonder if the arrival of the Black Bird Envoys this time was a blessing or a curse for the Ming Dynasty?"

"The black bird messengers of the three great masters, Orange Yi, Green Yi and Huang Yi, are not simple."

"Well, these three black bird envoys are not only very beautiful, but also so powerful. Lord Wu Xiang doesn't know where he found these powerful and beautiful beauties."

"Gusu City is too powerful. The Twelve Black Bird Envoys alone are probably more powerful than some super sects, not to mention Wu Xiangjun's wives and confidantes."

Lu Xiaofeng was very surprised when she saw the Black Bird Envoy and the Black Bird Guard arriving.

They didn't expect that when the war was about to break out, Mrs. Jun from Gusu City actually sent the Black Bird Envoy to come.

Could it be that they were here to give orders to the Ming Empire? Is it a letter of challenge?

Or does it have some other purpose?

Sikong Zhaixing looked at Chengyi and the others and said dumbfounded, "Lu Xiaoji, isn't this black bird the same as Su Chen's bastard Twelve Dancers?"

"Yes, orange clothes, green clothes, and yellow clothes are all people in the Twelve Dancers." Lu Xiaofeng was also very surprised when he looked at Chengyi and the others.

He didn't expect that the Black Bird Envoy was actually Su Chen's dancer in the past.

But why are these dancers so powerful?

In the past, they seemed to have innate strength. How could they do so in such a short period of time? Have they all become great masters?

Fu Hongxue looked at Cheng Yi and the others who were leaving and praised them, "They are so beautiful. All of these women are peerless beauties. Sikong

Zhaixing was also a little jealous and said to Fu Hongxue, "No matter how beautiful she is, she is still the subordinate of that bastard Su Chen. Maybe she is the bed warmer of that shameless bastard Su Chen. Don't think about it."

"well! All the beautiful beauties in the world have been harmed by that bastard Su Chen. Su Chen can be said to be the public enemy of all men in the world." Lu Xiaofeng smiled and said casually.

For Lu Xiaofeng, who likes wine and beautiful women, that bastard Su Chen is also his enemy in his eyes.

But when he thought of the shameless character of that bastard Su Chen, he really couldn't learn that. They are shameless at picking up girls. Ximen Chuixue and Ye Gucheng just looked at Cheng Yi and they looked away.

They were not interested in women, but the black-armored army here made them unable to look away.

Ximen Chuixue looked at Hei The formation of Army A stopped to rest and exclaimed, "This is the formation of the military formation!"

Ye Gucheng looked at the black-armored army and nodded and said, "Not bad! They can advance, attack, retreat or defend. These armies are extraordinary, even more powerful than Wu Xiangjun's elite armies."

Sikong Zhaixing heard the conversation between Ximen Chuixue and Ye Gucheng and said to them, "These are the Black Bird Guards who guard the Black Bird Palace. I heard that they were selected from millions of troops. There are only 30,000 Black Bird Guards. , how could these black bird guards not be powerful."

Fu Hongxue looked around but didn't find Su Yan.

Su Yan didn't even show up all night.

Although he knew that her mother Hua Baifeng must be by Su Yan's side to protect her,

Fu Hongxue was still worried that the little girl would cause something. After all, that weird little girl is too annoying to worry about.

"Why doesn't that girl Su Yan show up? She doesn't know what she's going to do this time? I'm very worried now that that girl will cause trouble. Lu

Xiaofeng patted Fu Hongxue's shoulder and said helplessly, "What's supposed to come will come. We can only wait here now. I hope that girl Su Yan doesn't reveal anything big."

Outside the palace hall, a eunuch saw the Black Bird Envoy from Gusu City arriving, and he hurriedly shouted to Cheng Yi and the others,

"Announcement! The mysterious bird envoy from Gusu City came to see him."

Chapter 796

In the main hall of the Ming Palace,

Emperor Zhu Houzhao of the Ming Dynasty was sitting on the throne expressionlessly waiting for the arrival of the Black Bird Envoy from Gusu City. On the seat next to the Emperor of the Ming Dynasty was a young and beautiful woman.

This woman was not the empress of the Ming Dynasty. , she is just a concubine Yan who has been in the palace for less than three months.

The officials in the main hall didn't say much when they saw this.

After all, it was well known that the emperor disliked the queen.

It was just that a concubine Yan who had been in the palace for less than three months gained the emperor's love so quickly. This is what made these people Baiguan couldn't think of it.

Zhu Wuwu and Zhuge Zhengwo stood on the left and right below the emperor. They were also very uneasy now.

Concubine Yan and the others saw that she was very powerful, and they did not expect that a concubine could be so powerful.

The four famous arresters and four spies also appeared around the hall. This time they were mainly responsible for protecting the Ming Emperor.

It's just that Shangguan Haitang and Wuqing are now covered in black lines.

They didn't expect that this bastard Su Chen went to find the concubine in the harem, and now he even pretended to be a guard and stood behind Concubine Yan. This made them want to strangle the shameless pervert to death.

Su Chen found Shangguan Haitang and Qingwu glaring at him fiercely, so he blinked at Shangguan Haitang and the others. He did not expect that people like Shangguan Haitang and Qingwu would also appear in the court.

Could it be that the Ming Emperor was so afraid of his mystery? Did the bird angel come to assassinate him?

"Damn bastard!"

"Shameless pervert!"

Shangguan Haitang and Qing Wu saw Su Chen winking at them and they kept cursing Su Chen in their hearts.

This bastard is too bold.

This is the court of the Ming Dynasty.

Zhu Wuwu and Zhuge Zhengwo, the two great masters, are here. , even the two powerful eunuchs Cao Zhengchun from the East Factory and Liu Jin from the West Factory are here.

Isn't this bastard Su Chen afraid of exposing his identity?

"Concubine Yan, why haven't I seen you as a guard?" When the Emperor of the Ming Dynasty saw that the Black Bird Envoy from Gusu City had not arrived yet, he looked at the ugly man behind Jiang Yuyan and asked.

Jiang Yuyan stood up and saluted the Emperor of the Ming Dynasty with a smile and said,

"Your Majesty, this is the guard sent by my family to protect me. During this competition between Ximen Chuixue and Ye Gucheng, my family was afraid that something would happen to me, so they sent a guard over. After this incident, he will leave the palace and return to Jiangnan."

The Emperor of Ming Dynasty nodded when he heard Jiang Yuyan's words.

He knew that Jiang Yuyan came from a martial arts family, and it made sense for her family to arrange guards for her.

But when he looked at Su Chen, he couldn't stand it. The man is really ugly,

"oh! Well, it doesn't matter. You should have a strong guard to protect you, but what is the strength of this guard?"

"Holy lord, this man is a master at the peak of his master's level." Zhu Wuwu said in advance when Jiang Yuyan was about to answer.

Jiang Yuyan's eyes flashed coldly when she looked at Zhu Wuwu.

She didn't expect that Zhu Wuwu would go against her.

Originally, she wanted to say that Su Chen was just an ordinary innate strength. , but she didn't expect that Zhu Wuwu would answer the Ming Emperor's question before she could.

"A master at the pinnacle of Grandmaster, yes, you can stay in the palace from now on." The Emperor of Ming Dynasty looked at Su Chen and nodded.

This ugly man still had some strength, at least the same strength as Chu Liuxiang, but his ugly face made the Emperor of Ming Dynasty very relieved.

After all, an ugly middle-aged man was in the palace. Here, Emperor Ming was not worried that his concubines would cheat on her.

"Yes, Your Majesty!"

Su Chen saluted the Emperor of Ming Dynasty and said, but when Su Chen looked at the Emperor of Ming Dynasty, he felt a slander in his heart.

Didn't this eunuch emperor keep him because of his ugly face?

Jiang Yuyan curled her lips when she heard the words of Emperor Ming Dynasty. She twitched, but she knew that this bastard would leave after this incident, and she might not be able to hand over the person by then.

Jiang Yuyan looked at Emperor Ming and said to him, "Your Majesty, since you want to keep Jiang Yulang, Then I will hand him over to the Holy Spirit now."

The Ming Emperor looked at Su Chen and asked Jiang Yuyan,

"His name is Jiang Yulang?"

"Yes, Your Majesty." Jiang Yuyan smiled and said, this is a name Jiang Yuyan said casually.

How could she know the name of this thief?

She couldn't even name the names of the flower picker Tian Boguang and Dali Duan Yu here. She also I can only say a random name

"The name is a good one, but it's a pity." The Ming Emperor was stunned when he heard Jiang Yuyan's words, shook his head and said,

【What a pity for you! 】

Su Chen's face was so dark that he wanted to crush Jiang Yuyan in front of him to death.

What name could not be given to this cruel and ruthless woman? Why did she choose such an unlucky name?

Jiang Yulang?

This is a very unlucky name.

Jiang Yuyan in Xiao Yuer and Hua Wuque may be the prototype of Jiang Yulang in The Unforgettable Twins!

No wonder Jiang Yuyan would say this name.

Jiang Yuyan felt a chill on her back.

She knew it was Su Chen, the thief, glaring at her from behind, but she didn't pay attention to it. Now she was in the court of the palace. Would this bastard dare to attack her in the court?

Shangguan Haitang and Qingwu couldn't help but laugh when they saw Su Chen's expression as if he was eating shit. This bastard is still called Jiang Yulang with this ugly face. How can this bastard go to heaven?

At this moment, a eunuch shouted at the door of the hall,

"Report to Your Majesty, the mysterious bird envoy from Gusu City has arrived"

"Announcement!"

"Yes, Your Majesty, Xuan Niao Envoy from Gusu City has come to see you!"

Just when all the ministers in the Ming Dynasty Hall were looking at the door of the hall,

Su Chen suddenly stretched out his hand through the chair hole and touched Jiang Yuyan's back. He would not let this humiliate Jiang Yuyan go.

Jiang Yu Yan immediately froze when Su Chen touched her back.

She didn't expect that this lewd thief would have the audacity to tease her in the court. This made Jiang Yuyan a little confused. Should she expose this bastard?

Jiang Yuyan took advantage of the opportunity. Everyone in the court was paying attention to the palace entrance, and she sent a message to Su Chen,

"Damn it, stop it! Su

Chen smiled and said to Jiang Yuyan, "Weren't you very proud just now?" The faces of Jiang Yulang and I really match each other, don't you think? Concubine Yan!"

"Damn it, if you don't take your stinky hands away, will I die with you?" Jiang Yuyan felt this bastard's hand on her back, and she was so angry that she wanted to slap this shameless pervert to death.

"up to you!"

"asshole! Shameless! mean! Damn you thief!" Jiang Yuyan's face was red, she clenched her fists, and she continued to curse Su Chen.

She was now going to kill this shameless lecher.

Jiang Yuyan did not expect that she would be teased in front of everyone in the Ming Dynasty. This made her now She wants to turn around and strangle this bastard now.

But she can't do this.

If she exposes Su Chen now, I'm afraid she will be thrown into the cold palace by the Ming Emperor, and then all her plans will not be realized.

Ta da da da!

Right there At this time, some footsteps were heard.

A beautiful woman in an orange dress appeared at the entrance of the court hall. On either side of this beautiful woman was a beautiful woman in a green dress and a beautiful woman in a yellow dress. They were followed by two others. There are a total of twelve black-armored guards in the platoon.

Chapter 797

In the Ming court hall, Cheng Yi, who was wearing an orange dress, green clothes and yellow clothes, frowned when she arrived. The Ming officials here looked at them and made her very unhappy.

These lustful and possessive eyes made her want to slap these Ming officials to death.

"Cheng Yi, the black bird envoy from Gusu City, met the Ming Emperor!" Cheng Yi endured these disgusting looks and bowed down to the Ming Emperor above the main hall. The

Ming officials in the main hall withdrew their gaze after hearing Cheng Yi's words.

Just now they were stunned by these three beautiful black bird envoys. Attracted, these officials did not expect that these three black bird envoys were so beautiful. Their beautiful and delicate faces, cold eyes, convex figures, and long legs were more beautiful than anything they had ever seen. The beauties were all beautiful, even more attractive than Concubine Yan on the high seat.

When Su Chen saw the arrival of the Black Bird Envoy, he stopped teasing Jiang Yuyan. There were many people in the Ming Dynasty hall, and he did not want Jiang Yuyan to be discovered with a shy and annoyed look, otherwise he would have been discovered.

The way the officials in the Ming Dynasty looked at the Black Bird Envoys made Su Chen very unhappy.

These Black Bird Envoys were his people, and the Ming Dynasty officials here were But it's really embarrassing. Haven't these Ming officials seen beautiful beauties?

The Emperor of Ming Dynasty was also fascinated by the beauty and sexiness of these three black bird envoys.

He didn't expect that Wu Xiangjun's black bird envoys were all so beautiful. , even more beautiful than the women in his harem.

This is Wu Xiangjun who makes the Emperor of Ming Dynasty very envious of Gusu City.

That playboy is really a greedy and lustful person. I am afraid that all the beautiful beauties in the world have been collected by that bastard. ,

Emperor Ming coughed and asked seriously, "Ahem! Xuanniao Chengyi, why did Madam Jun ask you to come to Daming this time? Chengyi took out a golden scroll and said with a serious expression, "Emperor Ming Dynasty, Madam Jun has a decree to issue to the Ming Empire."

"Zhaoling? Hahaha, it must be the credentials! Cheng Yi, you can read out Mrs. Jun's credentials." Emperor Zhu Houzhao of the Ming Dynasty laughed when he heard Cheng Yi's words and said,

Zhu Houzhao is the emperor of the Ming Dynasty.

Who can issue an edict to him?

Gusu City is indeed a new force that does not know the so-called, and even the basic etiquette between countries They didn't understand.

Cheng Yi said to Emperor Ming with a cold expression, "Please Emperor Ming, please get up and listen to Madam Jun's edict."

"Be bold!"

"Arrogant!"

"presumptuous!"

"Mrs. Jun from Gusu City is really bold."

The officials of the Ming Empire shouted and cursed when they heard Cheng Yi's words.

They did not expect that Mrs. Jun's order actually made the Ming Emperor stand up and listen.

This was a slap in the face of the Ming Empire, and even humiliated the Ming Empire..

The Emperor of Ming Dynasty looked at Cheng Yi expressionlessly when he heard what Cheng Yi said.

Now he was very angry in his heart.

Is Mrs. Jun of Gusu City trying to humiliate him?

He is the Emperor of Ming Dynasty, the supreme existence of the Ming Dynasty.

A Gusu City force that had not yet established a country dared to humiliate itself in this way. This made Emperor Ming hold hands and wanted to order the arrest of the arrogant Black Bird envoy.

Emperor Ming looked at Cheng Yi with majestic eyes and asked,"Xuan Bird." Shi, Chengyi, are you serious?"

"certainly! Please also ask the Ming Emperor to get up and listen to Madam Jun's orders."Cheng Yi raised the golden scroll in his hand and said seriously,

"court death!"

Liu Jin, the director of the West Factory of Ming Dynasty, saw that Cheng Yi dared to humiliate the Emperor of Ming Dynasty, so he quickly took action to seize Mrs. Jun's Zhaoling from Cheng Yi's hand.

He wanted to show off in front of the Emperor of Ming Dynasty.

Over the years, the Emperor of Ming Dynasty had been He has great trust in Shenhou Mansion, Dongchang, Jinyiwei, and even Hulong Villa.

His West Factory can be said to be a dispensable institution, and there is even a risk of being laid off by the Ming Emperor.

Liu Jin does not want the power in his hands Being deprived, this time he was prepared to show off in front of the Ming Emperor, otherwise Xichang might not have a foothold in the Ming Empire. Neither the officials in the court nor the Ming Emperor expected that Xichang Liu Jin would take action, but Neither the officials nor the Emperor of the Ming Dynasty made a sound to stop him.

This black bird envoy was too arrogant.

They all wanted to see how this beautiful orange-clad envoy would look after Liu Jin took away Mrs. Jun's decree.

Su Chen didn't know when he saw Liu Jin It is very disdainful to attack the black bird envoys life and death.

The black bird envoys all have a powerful spiritual attack technique, and even their own strength is very powerful.

Especially their deadly magic dance, which can be done without even realizing it. It will make the opponent die silently, and even die with a smile.

Jiang Yuyan looked at the Black Bird Envoy with interest, and when Liu Jin took action, her eyes showed a cold light.

Liu Jin was one of her enemies. He is also the godfather of Mrs. Jiang Biehe. If it weren't for Liu Jin's existence, she would have slaughtered Jiang Biehe's family.

Liu Jin used quick movement skills to grab Zhaoling in Cheng Yi's hand, and Cheng Yi seemed to As if she hadn't seen it, she held up the Zhao Ling without even looking at Liu Jin.

Just when Liu Jin flew over to snatch Mrs. Jun's Zhao Ling, the green clothes looked at Liu Jin with cold eyes and suddenly stretched out her white hand and waved it gently. , a green light suddenly rushed towards Liu Jin, and Lu Yi's eyes flashed with cold light when he looked at Liu Jin.

Touch!

Just when Liu Jin was about to rush in front of Cheng Yi, he suddenly fell from the air and fell to the ground. Liu Jin's eyes on the ground were full of fear, but his expression was one of joy.

Liu Jin kept muttering like a maniac, "What a beautiful flower!" Datura flowers are indeed the most beautiful and poisonous flowers."

Zhuge Zhengwo was surprised when he saw Liu Jin's expression and shouted, "This is a mental attack! That man in green can attack mentally. Please save Factory Supervisor Liu quickly."

Zhu Mingli was also very frightened now.

He did not expect that the Black Bird Envoy was so powerful.

Although he had seen early on that the Black Bird Envoy was at the level of a Grand Master, he did not expect that the Black Bird Envoy would be able to attack mentally.

Zhu Liu Jin ignored the stunned look and asked expressionlessly, "How to save? Do you want to kill the green guy?"

"Wake up Liu Jin!"

Zhu ignored the warning and looked at Lu Yi and shouted to the side, "Gui Hai, Duan Tianya, go and wake up Liu Jin."

"Yes, adoptive father!"

Bang! Bang! Boom! Boom!

When Guihai Yida and Duan Tianya came to Liu Jin, they punched Liu Jin hard.

They didn't like those dead eunuchs. They could beat these dead eunuchs openly this time. There was no mercy.

Orange Yi, Green Yi, and Huang Yi looked at this and didn't say anything.

They couldn't save the eunuch like this.

As long as Green Yi didn't die,

Liu Jinzhong's illusion would not disappear.

Although Liu Jin was a A master of the Grand Master, but as long as his character has flaws and defects, Liu Jin will not be able to escape from the mental illusion alive.

Jiang Yuyan was instantly controlled by Liu Jin when she looked at the majestic Grand Master, and it was easy to even kill him.

She looked at the Black Bird Envoy and was full of vigilance,"What a powerful mental attack. Gusu City is really not easy. Thief, do you think Liu Jin can be saved?"

"none of your business!"

"asshole!"

Chapter 798

Jiang Yuyan didn't expect that this lewd thief would actually go against her at this time, but she turned around and saw Su Chen looking at the black bird envoy of Gusu City with a smile on her face, which made Jiang Yuyan even more angry.

This lewd thief is just a bastard who has never changed his sexual nature. He just teased him.

This bastard is probably going to attract the attention of those beautiful black bird envoys in Gusu City again.

When Su Chen saw Jiang Yuyan turning back to glare at him, he reached out and pushed Jiang Yuyan's head back. He didn't want the ministers to discover Jiang Yuyan's gaffe.

"Shameless thief!"

Jiang Yuyan saw that this bastard dared to push her head, and even touched her face when he stopped.

This made Jiang Yuyan's chest bulge with anger.

"I didn't expect your little face to be quite smooth."

"Damn you thief!"

"Hahaha!"

"shameless bastard!"

Su Chen and Jiang Yuyan watched Gui Hai Yidao and Duan Tianya beating Liu Jin while talking to each other through sound transmission.

However, Su Chen was teasing Jiang Yuyan, while Jiang Yuyan kept yelling and scolding Su Chen.

Daming The emperor looked at the beaten Liu Jin in the hall with an ugly expression.

He did not expect that Liu Jin would be so useless.

This really disgraced the Ming Empire.

Zhu Wuwu watched Liu Jin being beaten for a while, but he still looked like a Looking happy and stupid,

Zhu Wuwu frowned and said, "This won't work. It seems that the only way to save Liu Jin is to kill the man in green."

"We must not take action again. Our Ming Empire has already been rude. If we take action again, it will make the Ming Empire even more embarrassed." Zhuge Zhengwa waved his hand and said to Zhuge Yiwu,

Zhuge Zheng has nothing to do now, but he feels that even if they try again, they may not be able to please them. I am afraid that none of these black bird envoys are simple, and the green clothes are so terrifying.

I'm afraid that the leader in orange clothes is even more terrifying, and even the remaining ones in yellow clothes are definitely not simple. Zhuge Zhenggga clasped his fists at Cheng Yi and said apologetically, "Envoy in orange clothes, Factory Director Liu was very offensive just now, and I hope that envoy in orange clothes will Don't blame Factory Governor Liu for his offense. Can the Orange Envoy let Factory Governor Liu go?"

"Green clothes relieve the illusion of Factory Governor Liu." Cheng Yi looked at Zhuge Zheng and nodded.

She also knew not to be too arrogant in the Ming Palace.

This time they were just here to issue an order, and she didn't want to cause any unnecessary trouble.

"Yes, sister!"

When Lu Yi heard Cheng Yi's words, she waved her hand casually, and the green essence in Liu Jin

's body was taken back by her. Gui Hai Yida and Duan Tianya, who were beating Liu Jin, also stopped, and

Liu Jin was withdrawn by Lu Yi's mental attack. After that, he suddenly stood up and looked around with vigilance, but he felt pain all over his body, his spirit was very atrophied, and even a few of his ribs were broken.

Liu Jin looked at Cheng Yi and the others and was very frightened.

He had just been in a mental illusion. It was clear when he was trapped, but although he could feel that he was controlled by the mental illusion, he had no way to escape from the mental illusion.

In the mental illusion, his days were like years.

The Emperor of Ming Dynasty was expressionless when he saw Liu Jin recover. He shouted, "Liu Jin, get out of here."

"Yes, Your Majesty!"

Liu Jin hurriedly saluted after hearing the Ming Emperor's order.

He looked very depressed now.

Not only did he not perform well in front of the Ming Emperor this time, he even made a fool of himself. This made him feel that he would displease the emperor even more in the future. Not happy.

Cheng Yi looked at Emperor Ming and asked expressionlessly, "Emperor Ming, do you want to accept the order?"

The Emperor of the Ming Dynasty, Zhu Houzhao, looked ugly and slapped the dragon chair with his palm, and shouted angrily, "I am the Emperor of the Ming Dynasty, the supreme being of the Ming Dynasty. How can I accept your order from your wife?"

Xuan Niao made Cheng Yi hold up Mrs. Jun's golden scroll and said disdainfully,

"Was the Ming Empire very powerful?"

"Emperor Ming, although our Gusu City has not yet established a nation, the southern continent is already in our possession."

"In the southern continent, Xixia, Jin, and Liao canceled their country titles and merged into our Gusu City, becoming a state under Gusu City. However, more than ten small countries such as Dali, Uihe, and Annan were destroyed by our army."

"The Song Dynasty is now dying and is about to surrender to our Gusu City, but Mrs. Jun has never responded directly to the Song Dynasty."

"Emperor Yang Guang of the Sui Dynasty surrendered to our Gusu City. More than ten rebel armies in the Sui Dynasty were wiped out by the Eastern Army and the Western Army of our Gusu City, and only two or three were left."

"And the thirty-six countries in the Western Region between the Southern Continent and the Western Continent have been wiped out by the Gusu City Southern Army."

"Even the Japanese pirates who have been harassing your Ming Dynasty fled without a trace when our Eastern Legion in Gusu City was about to arrive at the Mingzhou Port of the Ming Dynasty."

"How can your Ming Empire compare with ours in Gusu?"

"By the way, I'm afraid your Ming Empire doesn't know that yet, right?"

"The Jurchen tribe outside the Northeast Pass of the Ming Empire has been defeated by our southern army in Gusu City, and 160,000 Jurchen troops were slaughtered."

"The Jurchen men were all executed by being taller than the chariot wheel, and the women who dared to resist were also executed. All the remaining Jurchens were demoted to slaves."

"Emperor Ming, are you sure you will not accept Madam Jun's order now?"

The Emperor of Ming Dynasty and all the officials in the court looked at Cheng Yi dumbfounded.

Although they knew that Gusu City was very powerful, they felt it was very unreal when they heard Cheng Yi's words.

The army in Gusu City was not destroyed. The country was on the road to destruction. Those fierce aliens either surrendered or were destroyed after encountering the army of Gusu City.

Even the army of Gusu City actually massacred unarmed aliens, including men who were taller than a man on a wheel.

This was Millions of foreigners were to be slaughtered.

After a minister came to his senses, he said in horror, "The Jurchens were defeated? Aren't the southern legions from Gusu City going to our Shanhaiguan in the Ming Dynasty?"

A general in armor said with an ugly face, "Shanhaiguan is guarded by more than 300,000 Ming troops, and there is a steady stream of troops arriving at Shanhaiguan. We, Ming Dynasty, can rely on the Great Wall defense line of Shanhaiguan to prevent the invasion of Gusu City's troops."

Zhu Wuwu and Zhuge Zhengwo are looking at each other now.

They did not expect that the army of Gusu City had destroyed so many foreign countries, and now it has destroyed the Jurchens, one of the two most serious enemies of the Ming Dynasty.

The Jurchens' army The strength is very strong.

The Ming Empire's army lost every war with the Jurchens, and even lost a large amount of land outside the customs.

The Jurchens would attack Shanhaiguan every year. If Shanhaiguan was not easy to defend and difficult to attack, I am afraid that The Jurchen President marched straight into the hinterland of the Central Plains.

Emperor Zhu Houzhao of the Ming Dynasty felt that his legs were a little weak now.

He did not expect that Gusu City was so powerful, destroying the country!

Massacre!

Deterrence!

The army of Gusu City was actually so powerful in just a short period of time. In one year, countless foreign countries were wiped out, and some foreign countries even fled without a trace when they heard the arrival of the army from Gusu City.

Emperor Ming's hands are sweating now.

He has never destroyed anyone since he came to the throne. This country is a foreign country, and not even a foreign tribe has been destroyed.

Although the emperors before the Ming Dynasty destroyed some foreign countries and tribes, that was decades or even hundreds of years ago. Is the

Ming Dynasty now in the sunset?

There were millions of elite troops. By his generation, the emperor had millions of troops left, and these troops were still troops that had never actually been on the battlefield.

"Emperor Ming, will you accept Madam Jun's order?"

Chapter 799

The officials in the Ming Dynasty fell silent once again when they heard Xuannio Chengcheng Yi's words. They now didn't know whether they should let the Ming Emperor accept Mrs. Jun's order.

If I don't accept it, I'm afraid this meeting will break up on bad terms, and Ming Dynasty and Gusu City may become mortal enemies in the future.

What if Emperor Ming accepted Madam Jun's order?

I am afraid that the majesty of the Ming Empire will be completely destroyed, and even the Ming Empire may become the laughing stock of the world.

Cheng Yi and the others looked at the Ming Emperor and Baiguan without urging them.

They were in a very happy mood now.

The Ming Empire seemed very powerful, but it was already rotten internally. The struggle for power within the Ming Empire had left the Ming Empire in ruins. Kong, I'm afraid that if their troops from Gusu City don't attack the Ming Empire, the Ming Empire will also break out into war because of the struggle for power.

In the harem of the Ming Dynasty Palace,

Su Yan was still sleeping soundly in Princess Yunluo's palace.

Although Princess Yunluo had already gotten up, there was nothing she could do about Su Yan who was still sleeping soundly.

She was now She tried her best to wake up this girl.

If Su Yan hadn't promised to ask Emperor Ming to let her leave the palace today, she wouldn't have been trying to get Su Yan up.

Princess Yunluo pushed Su Yan, who was still sleeping, and said helplessly, "Su Yan, how long will you sleep for? I've been calling you from Mao hour to Chen hour. If you don't get up, I'm afraid the meeting will break up."

"Just another quarter of an hour of sleep. I slept too late last night." Su Yan lay on the bed and waved his hands without opening his eyes.

Princess Yunluo turned Su Yan over and said hurriedly, "No, I just made inquiries and the Black Bird Envoy from Gusu City has arrived. Are you really? Can't you get up?"

Su Yan heard that the Black Bird Envoy had arrived.

She sat up immediately.

She did not expect that the Black Bird Envoy would arrive early in the morning. This was very unexpected to her.

"What? The black bird envoy has arrived? quick! quick! Princess Yunluo, ask your maid to dress me up quickly, otherwise we may not be able to make it in time."

"Are you aware of the urgency now? Princess Yunluo looked at the anxious Su Yan and smiled and said,

"Princess Yunluo, please stop talking nonsense and quickly ask the maid to come in and dress me up, otherwise the big event will be delayed."

"knew."

At this moment, in the Ming Dynasty Hall, the Ming Emperor looked at Cheng Yi and they clenched their fists and were very angry.

This time Xuanniao asked them to hit him in the face again, or even hit the Ming Empire in the face again.

The Ming Emperor waved He waved his hand and said angrily, "Xuan Niao Envoy, I will not accept Madam Jun's order."

"Then wait for the war to begin!" Cheng Yi threatened the Emperor of Ming Dynasty without giving in.

At this moment, a one-armed man came to the main hall from a nearby passage. He said arrogantly to Cheng Yi, "If the war begins, then the war will begin. Mysterious Bird Envoy, don't think that the Ming Empire is afraid of Gusu City"

"Who are you?"

Chengyi saw a person dressed as a Jianghu person coming very arrogantly. This made her very surprised when she looked at this one-armed man who only had the cultivation of a Grandmaster. Could this Jianghu person represent the Ming Emperor?

"Chu Liuxiang!"

Chu Liuxiang said arrogantly to Cheng Yi with an expressionless face.

Su Chen hid behind Jiang Yuyan when he saw Chu Liuxiang arriving.

He did not expect that Chu Liuxiang would also come to the Ming Dynasty Hall. This made Su Chen a little worried about what Ye Di told him. Chu Liuxiang's arrival.

Chengyi was very familiar with the name Chu Liuxiang when she heard it.

She suddenly thought that in the Han Kingdom in the Eastern Continent, Wu Xiangjun seemed to have chopped off the arm of a man named Chu Liuxiang. It seemed that this one-armed man should be Chu Liu is fragrant,

"Chu Liuxiang? oh! It turns out that you are Chu Liuxiang, the handsome bandit who lost one of his arms."

"presumptuous!"

Boom!

When Cheng Yi heard Chu Liuxiang's scolding, he used his momentum to suppress it and said to Chu Liuxiang, "Who gives you the courage to speak to me like this at a small master level?"

Cough cough cough!

"Grandmaster?"

Chu Liuxiang was so shocked by Cheng Yi's momentum that he flew backwards. He covered his chest and coughed, then looked at Cheng Yi with a surprised look.

Chu Liuxiang looked at the beautiful woman in orange dress and threatened, "Xuan Niao Envoy, Daming here, this is the Daming Palace, if you dare to take action, aren't you afraid that Daming will keep you?"

"Can you try to keep us?"

When Chu Liuxiang saw that Cheng Yi didn't care at all, he looked at the Ming Emperor angrily and said, "Damn it! The emperor ordered your men to capture these women who do not know how to live or die."

The Emperor of the Ming Dynasty looked at Chu Liuxiang and scolded with a sullen face, "Chu Liuxiang, that's enough for you. This is the Ming Dynasty, not a place for gangsters. If it weren't for the fact that you are the disciple of our ancestor, I would have done it now. expel you from the palace"

"this....."

Chu Liuxiang was a little confused.

Is this the same Emperor Ming who had always looked at him differently?

Why would you scold yourself this time?

After the Ming Emperor Zhu Houzhao angrily reprimanded Chu Liuxiang, he looked at Cheng Yi and said seriously, "Xuanniao Envoy, I will not accept Madam Jun's decree. If you want to read it, read it. If you don't read it, you can leave. Ming Empire There is no threat. If Mrs. Jun wants to start a war, then let's start a war."

"Farewell!"

Cheng Yi took back the golden scroll and put it in his arms, bowed and saluted Emperor Ming.

Emperor Ming did not expect that Cheng Yi would really leave.

He also wanted to test the attitude of the Black Bird Envoy, and the content of Madam Jun's order was not something he expected. I also want to know, but now it seems that the Black Bird Envoy is really leaving.

So why did the Black Bird Envoy come this time?

What is the content of that Zhaoling?

Is it a declaration of war?

Or was it something Mrs. Jun proposed to the Ming Empire? condition?

"Princess Yunluo has arrived!"

At this moment, a eunuch outside the court suddenly shouted.

The Emperor of Ming Dynasty heard that Princess Yunluo came to the court, which made his face darken instantly.

This is the place where the ministers of the Ming Dynasty discuss state affairs.

Princess Yunluo came here at this time, which made Emperor Ming very angry.

The ministers in the court did not expect that Princess Yunluo would come to the court.

This was a courtesy, and the princess was not summoned. You can't go to court privately.

Will the playful Princess Yunluo want to play in the court this time?

At this moment,

Princess Yunluo and Su Yan, one large and one young, walked into the hall looking around. None of them had ever seen the court before. This time, the two of them looked at the palace like country bumpkins.

The officials at the Ming Dynasty saw Princess Yunluo coming to the court with a little girl looking around. It makes all the officials of the Ming Dynasty feel a little embarrassed.

The Black Bird Envoy from Gusu City has not yet left, but Princess Yunluo actually appears here with a little girl like a country bumpkin. This has embarrassed the Ming Empire..

When Cheng Yi and the other three were about to leave the imperial palace, they discovered that Princess Su Yan and a woman had arrived at the Ming Dynasty Hall. When

Cheng Yi and the others saw Princess Su Yan, they hurriedly knelt down and saluted, "Gusu City Xuanniao sent orange clothes (green clothes, yellow clothes) to see the princess,"

"See the princess!"

The twelve black bird guards also knelt down and saluted Su Yan, saying,

Chapter 800

The palace hall was very quiet now.

All the officials and emperors of the Ming Dynasty in the hall looked at Cheng Yi and the others. Even Jiang Yuyan, who was indifferent to this place, also looked at Cheng Yi and the others.

The black bird envoys and guards of Gusu City actually knelt down and saluted a little girl?

You must know that even when the Black Bird Envoy arrived, he did not kneel before the Ming Emperor, and the Black Bird Envoy and the guards actually called this little girl the princess?

Could this little girl be Wu Xiangjun's daughter?

But why did Wu Xiangjun's daughter appear in Ming Dynasty?

And he's still with Princess Yunluo?

"Get up, everyone!" Su Yan looked around and waved his little hands to Cheng Yi and the others and said,

"Thanks, Princess!"

As soon as Chengyi and the others got up, they stood behind Su Yan to protect her.

Su Yan looked at the many ministers in the hall and none of them seemed to salute Princess Yunluo, which made her very puzzled.

Why did Princess Yunluo do so? She is the emperor's sister, but why don't any of these officials salute Princess Yunluo?

And shouldn't the sister of the Emperor of the Ming Empire be a princess?

Why is Yunluo a princess with the title?

Doesn't the emperor dislike Yunluo very much? Su

Yan looked at Princess Yunluo and asked her, "Yunluo, why didn't the officials here salute you after you arrived?"

"I have no idea!"

Princess Yunluo is very worried now.

She saw the emperor glaring at her with anger. This time she has to rely on Su Yan, otherwise her emperor brother may punish her later.

"You are so pitiful!"

Su Yan shook his head when he saw Princess Yunluo's uncomfortable expression.

Su Chen was dumbfounded as he watched Su Yan appear in the Ming Dynasty.

He didn't expect that this girl Su Yan would reveal her identity here?

What is this girl going to do?

He is a little worried about this girl's safety now.

Emperor Zhu Houzhao of the Ming Dynasty looked at Su Yan and said breathlessly, "The daughter of Lord Wu Xiang of Gusu City, Princess Su Yan?"

He did not expect that Princess Su Yan would appear in the Ming Dynasty Palace. If this little Princess Su Yan is detained this time, then what does he have to fear from the army sent by Mrs. Jun?

With Jun Wu Xiang's only daughter in his hands,

Gusu City It's not just up to him.

Su Yan looked at Emperor Ming and said seriously, "Emperor Ming, I didn't expect you to know me, but I don't like you sitting there talking to me."

"Hahaha! This is Ming Dynasty, and I am the Emperor of Ming Dynasty. If I don't sit here, do I want you to sit here?"

The Emperor of the Ming Dynasty looked at Princess Su Yan and was very happy.

This time Princess Su Yan threw himself into the trap, which made him more confident in dealing with Madam Jun's army.

Su Yan looked at the Emperor of the Ming Dynasty and said sarcastically, "emperor? It's not like I haven't seen it before, but the emperors I saw all knelt down and saluted me. Emperor Ming, do you think you would kneel down and salute me?"

"presumptuous!"

"Be bold!"

Hundreds of officials in the Ming Dynasty shouted and cursed when they heard Su Yan's words.

Zhu Mingwu and Zhuge Zheng were very confused when they looked at Su Yan.

They had seen Princess Su Yan last night, but they didn't expect this little girl. The girl turned out to be Wu Xiangjun's daughter.

Now Zhuge Zhengyi and Zhu Wuwu were very nervous.

When Princess Su Yan came to the Ming Dynasty Hall, they felt a very big threat. This must be Princess Su Yan. The celestial beings and land gods around her were protecting the little princess.

At this moment, Liu Jin and Cao Zhengchun also felt threatened.

They looked at Princess Su Yan and hurriedly lowered their heads.

They would not risk their lives to offend Princess Su Yan. They must know that there are many powerful people behind Princess Su Yan. The presence.

There are several land gods in the heavenly realm alone, not to mention the powerful masters among the great masters.

Shangguan Haitang and Qingqing couldn't help but look at Su Chen when they saw Su Yan's arrival.

However, when they saw Su Chen's confused expression, they knew that the bastard didn't know what Su Yan was up to.

The father and daughter are now in the Ming Dynasty. I am afraid that something unimaginable will happen soon.

Shangguan Haitang and Qingqing looked at each other and made a decision.

"laugh! They are all incompetent people!" Su Yan looked at the officials around him and curled his lips in disdain and said.

When the officials of the Ming Dynasty heard Su Yan's words, they all stared at Su Yan angrily.

If this was not the court of the Ming Empire, they might not be able to bear it. He yelled and cursed at Su Yan.

The Emperor of Ming Dynasty saw that Su Yan was still so arrogant in the Ming Dynasty Hall, "Princess Su Yan, I didn't expect that you would appear in the Ming Dynasty Palace. Aren't you afraid that I would stay?"

"You can't keep me, Emperor Ming. This time I come to the Ming Palace to give you an ultimatum."

"oh! What ultimatum?"

Su Yan looked at Emperor Ming and said with a serious expression,

"You can let the Wudang sect go. The Ghost Palace will give you Ming three days. If you Ming still can't find the location of the Ghost Palace within three days, millions of troops from Gusu City will attack Ming to help you find the ghosts."

Su Yan has not forgotten that Zhang Sanfeng has surrendered to her.

Now the Wudang Sect is considered her power.

Although that bastard Song Qingshu must die, Su Yan does not intend to pursue the remaining Wudang Sect members.

The Emperor of Ming Dynasty laughed and said to Su Yan said,

"Hahaha! Princess Su Yan, you are too self-righteous. With you in the Ming Palace, I don't believe that Mrs. Jun will order the army to attack the Ming Dynasty. You are the only bloodline of Lord Wu Xiang and the future empress of Gusu City."

Chu Liuxiang was so excited that she almost fainted after the arrival of Princess Su Yan.

This was a difficult task. It took no effort to get it.

With this little princess in hand,

I'm afraid Wu Xiangjun's army will obey them. This was a God-given opportunity.

He reacted now and said happily to Emperor Ming, "Emperor, capture this little girl quickly. This time the Ming Empire has a chance to annex Lord Wu Xiang's power."

The Emperor of the Ming Dynasty looked at Su Yan and ordered all the experts in the court, "Cao Zhengchun, Liu Jin, the emperor's uncle, Shenhou, the four famous arresters and the four secret spies, capture Princess Su Yan for me, I want to live. Princess Su Yan"

"Guard!"

Xuan Niao envoy Cheng Yi heard the Ming Emperor's order to arrest Princess Su Yan. She ordered to Green Yi, Huang Yi and the twelve Xuantiao guards. Following

Cheng Yi's order, Cheng Yi and the three of them formed a triangular shape. Guarding Su Yan, four of the Twelve Black Bird Guards took out military crossbows, four held giant shields and sabers, and four held long swords. They were vigilant about the military formation guarding Princess Su Yan.

At this time, in When the Ming Emperor issued an order to capture Princess Su Yan, all the Grand Masters and masters in the hall were shrouded in a terrifying aura. As long as they made the slightest move, they would probably be killed directly.

Zhuge Zhengwo and Zhu Wuwang had a sign on their foreheads. They were all sweating. Cao Zhengchun and Liu Jin were so wet that they almost knelt down.

Jiang Yuyan was also having difficulty breathing. She did not expect that the land gods in the heavenly realm would also target her.

And the four famous capturers and the four The secret agents did not take action without orders from Zhuge Zhengyi and Zhu Wuwu. However, when they saw Zhuge Zhengyi and Zhu Wuwu were sweating on their foreheads, they did not know what was going on. Shangguan Haitang and Qingwu Seeing Princess Su Yan being protected by the black bird envoy, they all looked at Su Chen.

At this time, the bastard didn't show up to protect his daughter? They didn't know what the bastard was waiting for.

"Emperor Ming, it seems that your ministers don't listen to your orders! What you, the emperor, have done is a bit cowardly!"
