Chapter 81

Lin Shiyin looked at Su Chen in disbelief. She did not expect that Su Chen could fool Murong Bo around with just one mouth, and now Murong Bo and Murong Fu were about to kill their father and son.

Su Chen looked at Murong Bo and his son who were about to kill each other and said with a smile,

"Haha, now we have a good show. Shiyin, do you think Murong Bo killed Murong Fu with one palm? It would be better to torture him before killing Murong Fu."

Lin Shiyin leaned into Su Chen's arms and touched her chin.

"Looking at Murong Bo's angry look now, Murong Fu might be more likely to be killed by a palm."

"Oh, Miss Lin Shiyin can use her brain now. Damn it, I'm done."

Su Chen pressed his chin on Lin Shiyin's head and praised.

But Su Chen thought that he was holding Lin Shiyin now. Didn't Li Xunhuan see him holding his fiancée on the side? Su Chen was so shocked that he broke out in a cold sweat. , this time Su Chen felt that he was about to finish playing.

"What are you done with?" Lin Shiyin asked worriedly when she saw Su Chen looking like he had seen a ghost.

Su Chen looked around and said to Lin Shiyin, "Shiyin, do you think my cousin will kill me if he sees me holding you now? Bar? Lin

Shiyin asked with disdain when she saw Su Chen's timid appearance.

"Are you afraid that my cousin will kill you?"

Lin Shiyin has let go now. She liked her cousin before she met Su Chen, but her cousin always treated her as a child. After all, Li Xunhuan is older than her.

Lin Shiyin has known her since she met Su Chen. She used to like her cousin Li Xunhuan because her sister liked her brother. She believed that if she liked Su Chen, a bastard, her cousin would help her.

Su Chen looked at Lin Shiyin's eyes that despised her and said helplessly,

"Nonsense, of course I'm scared. Now I'm worried that your cousin will directly throw a knife at me. Lin

Shiyin asked suspiciously when she saw that Su Chen was afraid and continued to hold her.

"Since you are afraid that my cousin will kill you, then why are you holding me and not letting go."

Su Chen now looks like he doesn't care if the jar is broken.

"If I let you go now, won't your cousin kill me? Anyway, we both hugged each other and touched each other. Your cousin knows this. I am now waiting for your cousin to pronounce my sentence."

Lin Shiyin bit Su Chen's arm in shame and anger.

"You bastard, why are you hugging and touching me? If you keep talking nonsense, I will leave now and not care about your life or death."

"Just kidding, just kidding."

On a big tree in the middle of the apricot forest, Li Xunhuan has been hiding here for a long time. Now Li Xunhuan looks helpless. He wants to throw Li Li's flying knife directly to kill that bastard Su Chen.

He Ask him to take care of his cousin. Su Chen, a bastard, actually took care of her cousin in his arms. Li Xunhuan regretted leaving Lin Shiyin with Su Chen.

Li Xunhuan thought that if Su Chen and his cousin were not at odds, nothing would happen between them. What's the matter? Is it just his quarrel like this? How come they hugged each other in front of so many people when they were at odds?

Li Xunhuan could see that her cousin Lin Shiyin was willingly being hugged by Su Chen, which made Li Xunhuan very confused. , I have never hugged Lin Shiyin. Will Lin Shiyin still be his fiancée in the future?

"You bastard, what's the point of keeping you? Just die."

"No, I am your biological son."

Boom

, Murong Bo struck Murong Fu to death with an angry palm. Now Murong Bo is covered in blood and looks very scary.

"Haha, what is the use of my life now?"

Murong Bo felt very desolate when he saw Murong Fu killed by him. He never thought that he would waste so much time for a bastard.

Now that he can no longer continue the lineage of the Murong royal family, what kind of country is this? ?The Murong royal family will have no descendants if they come to him.

"Hiss, this Murong Bo is really ruthless."

Su Chen said with regret when he saw Murong Bo hit Murong Fu with one palm.

Su Chen now thought about what would happen if Murong Bo knew that he was killing his own son? Would he be directly angry to death?

Murong Bo would The bloodline of their Murong royal family was completely cut off. Su Chen thought for a moment that it was better not to provoke Murong Bo anymore. This Murong Bo would probably become a madman like Yuan Shan.

Lin Shiyin glared at Su Chen and said,

"Aren't you ruthless enough? You started all this."

Su Chen knocked Lin Shiyin's head with her chin,

"Lin Shiyin, please don't argue with me, can't I just express my feelings?"

"Whatever you want, now I feel sick when I see Murong Bo covered in minced meat."

Lin Shiyin felt a little angry when she touched her head. She didn't expect that bastard Su Chen would knock her head with his chin. Why didn't her head knock out this bastard's teeth?

"Huh? Lin Shiyin, you were scared before, why aren't you scared now?"

"If you see too much, you won't be afraid to come."

"Just talk nonsense. Earlier you said that you had seen wars between the Song Dynasty and other countries. Then why were you still scared under the big tree just now? Now that I am holding you, are you not scared anymore? Lin

Shiyin said loudly with her face flushed, "You are overthinking. If I hadn't been afraid that my cousin wouldn't save you, I wouldn't have let you, a bastard, hug me.""

Xiao Yuanshan pushed Xiao Feng away and walked towards Su Chen,

"Wu Xiangjun, how do you want to die now?"

Su Chen looked at Xiao Yuanshan, a reckless man, and said with a smile,

"No, Xiao Yuanshan, you should kill Murong Bo first and then kill me. Otherwise, if Murong Bo commits suicide later, you will not be able to take revenge."

"Mr. Wu Xiang, I will not commit suicide before I kill you."

Murong Bo also came over with his men, "Xiao Yuanshan, let's kill Mr. Wu Xiang together, otherwise you can't kill me."

"Okay, let's kill Mr. Wu Xiang first."

Xiao Yuanshan saw that Murong Bo's whole body was filled with death energy, and he knew that if he sought revenge from Murong Bo now, Murong Bo would not let him get the revenge he wanted even if he committed suicide.

"I just went for it. If I can't do it for a long time, I'm causing trouble for myself."

Su Chen is a little speechless now. He killed Murong Fu and actually let Murong Bo and Xiao Yuanshan join forces. Now they have two great masters and four innate masters. The remaining ones are still in the innate cultivation realm..

He is also the great master of Xiao Li Feidao and Li Xunhuan. Huanwan and Shi Feixuan are innate masters. Master Jue can deal with a grandmaster with the Yitian Sword. The remaining girls are just little shrimps. Wang Meng leads the army It may take some time, but the army here cannot stop the Grand Master.

Lin Shiyin hugged Su Chen and said worriedly,

"You just know, what to do now! This is two great masters attacking together. My cousin doesn't know if he can handle it."

Su Chen patted Lin Shiyin and said with a wry smile,

"What are you afraid of? The worst case scenario is that we will die together. It would be great if that bitch Li Qiushui was here."

At this time, when Murong Bo and Xiao Yuanshan were about to come over, Commander Gu Changfeng immediately ordered the army to attack these invading enemies.

"The military crossbow is ready," swish, swish, swish, swish"

"Giant shield formation, rise up" dong dong dong dong dong dong

"Prepare for a long grab and shoot"

Chapter 82

As the Xuanwu Legion began to attack, Murong Bo, Xiao Yuanshan and the others shot down the crossbow arrows that shot them. Xiao Yuanshan and Murong Bo shot down the crossbow arrows and long grabs while approaching Su Chen.

""

Dou Zhuan Xing Shi" clang clang clang clang

Murong Bo used his ancestral martial arts Dou Zhuan Xing Shi to reverse some of the crossbow arrows that attacked him, but the giant shields of the Xuanwu Legion blocked these reversed crossbow arrows.

"blending finger"

"Diamond Finger"

Puff puff puff ah ah ah ah.

Under the constant attacks of Murong Bo and Xiao Yuanshan, the Xuanwu Legion also suffered casualties. At this time, Murong Bo and Xiao Yuanshan were about to open a passage.

A subordinate of Murong Bo in the Xiantian realm used Qinggong to think He wanted to jump over the troops standing in front of him, but as soon as he jumped up using Qing Kung Fu, he was shot into a hedgehog and fell down.

Murong Bo said angrily when he saw his idiot men being shot,

"Idiot, this is the army, are crossbows a joke? No matter how you dodge military crossbows in the air, let me kill them on the ground."

"Yes, my lord"

"Shield formation, start."

When the Xuanwu Legion's shield formation was set up, Murong Bo and Xiao Yuanshan also came in.

Hanwen and Shi Feixuan were waiting in the shield formation to kill the masters. Su Chen said they didn't need to worry. Huanwan and Shi Feixuan were assured that they would kill those masters here.

"Su Chen, please die."

Chirp ah

"who is it? Who plotted against me?"

Just when Murong Bo came to Su Chen, Murong looked at Su Chen who was guarded by soldiers and was ready to kill these soldiers first.

However, before he had time to take action, he was hit by a flying knife in the arm. This was still He reacted quickly enough or he would have been shot through the throat and died.

Li Xunhuan used Qinggong to come in front of the army in front of Murong Bo,

"Are you Xiao Li Feidao Li Xunhuan? Why do you want to save Wu Xiangjun Su Chen?"

Li Xunhuan looked at Murong Bo expressionlessly and said,

"There is no reason, I just don't understand what you are doing."

Murong Bo became wary when he saw Little Li Flying Dagger and Li Xunhuan. He had heard of the legend of Little Li Flying Dagger. If he wasn't careful today, he would definitely fall here.

Murong Bo hadn't killed the bastard Su Chen yet. He cannot die first

"Xiao Li Feidao and Li Xunhuan, you are only in the early stage of cultivation as a great master, so you better not get involved in the muddy water, otherwise you will perish here."

Li Xunhuan took out another throwing knife and said calmly,

"I don't know if I will die, but you will die here today."

Murong Bo looked at Li Xunhuan who refused to retreat and said with a smile,

"Haha, I am a mid-level Grandmaster. Although your Xiao Li Fei Dao is hard to guard against, my Dou Zhuan Xing Shi will be the nemesis of your Xiao Li Fei Dao."

"Then try whether my Xiao Li Flying Knife is stronger or your Dou Zhuan Xing Shi Shi"

"Cousin, kill this disgusting Murong Bo. Lin Shiyin shouted loudly when she saw Li Xunhuan appeared,

"Shiyin, please be careful in there. Su Chen will settle the score with you in the future. Li

Xunhuan looked at Lin Shiyin and said with concern. But seeing that bastard Su Chen still holding Lin Shiyin, Li Xunhuan threatened Su Chen in anger.

""Brother Li was joking."

Su Chen smiled and didn't care. Since Li Xun Huan appeared to save him, Su Chen was not worried that Li Xun Huan would kill him. With Li Xun Huan's character, the matter would be resolved peacefully.

Murong Bo saw Li Xun Huan there. If he dared to chat with that bastard Su Chen in front of him, he angrily attacked him directly.

"If you still dare to ignore me at this time, you are really looking for death."

Pengpeng"

Murong

Bo looked at himself and said with a proud smile after he reversed Li Xunhuan's flying knife,

"Haha, Xiao Li Feidao Li Xunhuan, now you know that my Dou Zhuan Xing Yi is your nemesis, right?"

"Yeah? You try again and see if you can reverse my flying knife."

Chirp ah

"How is that possible? Why is your flying knife so fast?"

Su Chen saw Murong Bo was injured again and said with a smile,

"Idiot, Xiao Li's flying knives are always in vain. Haven't you heard this sentence?"

Su Chen was a little excited when he saw Xiao Li flying his knife and Li Xunhuan. Su Chen didn't expect that he could sense the trajectory of Xiao Li's flying knife. He had no internal power, and Su Chen didn't know how he did it. Su Chen didn't expect that he could sense the trajectory of Xiao Li's flying knife. Chen can now sense the trajectory of Xiao Li's flying knife, so he can also sense Murong Bo's attack, so that he can quickly use teleportation to escape when he encounters an attack in the future.

Su Chen now doubts that he can only do so if he has strong mental power. Perceiving the movement trajectory of Xiao Li's flying knife, this may be the teleportation fragment that makes his mental power very strong. After all, he can teleport within a thousand meters.

""Prepare the crossbow and fire it,"

Su Chen ordered directly as he saw a grand master coming over.

Swish, swish, swish, clang, clang, clang, clang, clang.

"Cross-shoot this grandmaster with me. I will tire him to death. The spear can be attacked at any time without waiting for subsequent orders."

Fuck me, what the heck, why is this bastard Xiao Yuanshan here? If that bitch Li Qiushui doesn't show up now, I will really be done with it. If I had known, I would have brought the army directly into the apricot forest. Now the army is here. I'm afraid they were also collecting his body.

When Murong Bo saw Xiao Yuanshan's arrival, he covered his wound and said to Li Xunhuan,

"Li Xunhuan, now that we have two great masters here, you may die here this time. Li Xunhuan, if you leave now, we can forget about it, and you can also take your cousin with you."

Murong Bo also knew that it was not easy to kill Li Xunhuan. Li Xunhuan's flying knife was really hard to guard against. If he was not careful, he would be shot by the flying knife. Murong Bo wanted Li Xunhuan to leave.

Lin Shiyin listened. After hearing Murong Bo's words, he hugged Su Chen tightly and shouted to Li Xunhuan,

"Cousin, don't agree to that disgusting guy, you must save Su Chen this time"

"Don't worry, my cousin will save Su Chen."

Li Xunhuan took a breath and took out a flying knife to alert Murong Bo and Xiao Yuanshan. There are two great masters here. Li Xunhuan has never killed a great master before.

This time he is going to kill these two great masters to let himself His Little Li Flying Knife is even more famous. Perhaps his Little Li Flying Knife will be ranked higher on the weapon list in the future.

Just when Li Xunhuan, Murong Bo and Xiao Yuanshan were preparing for a battle, the Grandmaster who just broke in saw that he could not defeat Su Chen. Here, he turned around and walked towards Su Yan and Huang Rong.

Su Chen was a little worried when he saw that the master went to Su Yan's side. Su Chen was worried that Murong Bo would deal with him, so he let Zhou Zhiruo, Zhao Min, Huang Rong and the others went to the Emei Sect.

Now that the master master has passed there, I'm afraid no one there can handle this master master. Su Chen looked at Su Yan's side and prepared to teleport to kill Su Yan, Huang Rong and the other girls.

When Su Chen was about to teleport to save Su Yan and the others, he found that the grandmaster was stopped by a beautiful and noble woman.

Su Chen was very familiar with the sudden appearance of this woman. This beautiful and noble woman Su Chen felt like he had seen her before somewhere, especially the dress she was wearing.

Su Chen was very grateful when he saw this beautiful and noble woman who came to the rescue, otherwise he would have exposed his god-level skills.

""The soul is like a wandering dragon"

Chapter 83

Concubine Yan, the head of the Yin-Yang family, has been paying attention to the battle here with Wu Xiangjun, and she is also looking for opportunities to get close to Wu Xiangjun.

When she saw that there were two great masters about to deal with Wu Xiangjun, she wanted to show up to help Wu Xiangjun. Although she couldn't defeat the great masters now, she could still delay the time.

But when she saw that a master was going to kill Wu Xiangjun's daughter, Concubine Dongjun Yan immediately showed up to stop the master.

When Murong Bo's men were about to kill Wu Xiangjun's daughter and those women, a beautiful woman suddenly appeared in front of him. While the master was still in a daze, the beautiful woman quickly tied her knot and began to attack. he

""Hun Xi Wandering Dragon"

A golden golden crow appeared from Concubine Dongjun Yan's hand and attacked directly towards Murong Bo's men. When it touched the master, he was instantly knocked away by Concubine Dong Jun Yan's "Hun Xi Wandering Dragon".

Dong Jun Yan The concubine folded her hands and placed them in front of her lower abdomen, looking coldly at the master she had injured.

"cough! cough! People from the Yin and Yang family, why do you want to stop me?"

The grandmaster covered his wound and looked at Concubine Dongjun Yan and asked,

"Even a little bastard dares to question me. You should die in ignorance."

Concubine Dongjun Yan tied her hands in knots and directly attacked Murong Bo's men again. A golden crow that was even bigger than before attacked the master.

"I am not wrong, right? Isn't this Concubine Dongjun Yan of the Yin Yang family? Oh my god, why is this terrifying woman here to join in the fun?"

Su Chen was stunned when he saw the golden crow being displayed by the beautiful and noble woman. Su Chen had only been talking to Huan Huan and the others before, and he didn't notice when Concubine Dongjun Yan of the Yin Yang family came to Xingzi Lin.

Now. Li Xunhuan was fighting with Murong Bo and Xiao Yuanshan. Su Yan had Concubine Dongjun Yan there, so the grandmaster was dead. Huanwan, Shi Feixuan and Jue Shitai were each

dealing with a grand master. The remaining few Murong Bo's Xiantian men were about to be wiped out by the Xuanwu Legion. Su Chen now thought that Xiao Li Feidao and Li Xunhuan could deal with Murong Bo and Xiao Yuanshan. He would definitely win this battle.

Su Chen looked at it and Xiao Yuanshan tapped his acupuncture points. Xiao Feng smiled maliciously

"Zhou Zhiruo, who of you knows how to untie Xiao Feng's acupuncture points? Go and untie Xiao Feng's acupuncture points quickly. Don't just stand there stupidly. Do you want to eat farts just standing there?"

Zhou Zhiruo glared at Su Chen fiercely after hearing what Su Chen said. She didn't expect Su Chen, a bastard, to be so rude when asking for help. What does it mean to stand here stupidly? She is here to protect the little girl Su Yan.

Huang Rong and Zhao Min also looked at Su Chen with evil eyes. If these enemies were not here now, they would definitely teach this bastard a lesson.

Zhou Zhiruo quickly came to Xiao Feng and immediately unlocked his acupuncture points. Once

Xiao Feng's acupoints were unlocked, he clicked on Zhou Zhiruo. Xiao Feng nodded. Just now, Xiao Feng saw that the master was going to kill Su Yan, but he was unable to rescue him because of Xiao Yuanshan's acupuncture points. He could only stare and worry about Su Yan. Fortunately, the master was stopped by a beautiful woman, otherwise Xiao Feng You may regret it for the rest of your life.

When Su Chen saw Xiao Feng's acupuncture points were unlocked, he smiled and said to Xiao Feng,

"Xiao Feng, go and delay Murong Bo. Anyway, this Murong Bo is your enemy. Now he was injured by Li Tanhua. It would be best if you could kill him."

Xiao Feng looked at Murong Bo and Xiao Yuanshan who were fighting with Li Xunhuan and nodded and attacked Murong Bo.

Xiao Feng no longer had any hope for Xiao Yuanshan. He did not expect that his father would fight with their enemy in order to kill Wu Xiangjun. cooperate

"Flying dragon in the sky"

""The stars have changed."

Boom. Murong Bo has been observing Su Chen, this shameless bastard. When he heard that Su Chen wanted Xiao Feng to deal with him, he had been on guard. He didn't know if Xiao Yuanshan's son, Murong Bo, would attack him.

Murong Bo is now To cooperate with Xiao Yuanshan, Murong Bo just hoped that Xiao Feng would not mind his own business now, but what Murong Bo didn't expect was that Xiao Feng actually listened to that bastard Su Chen and attacked him.

Murong Bo repelled Xiao Feng's attack and said hurriedly,

"Xiao Feng, your father and I are now cooperating. Our grudges will be settled after killing Lord Wu Xiang."

"It's better for you to die. I have no intention of cooperating with the enemy. Just die. Kang Long has regrets."

"The stars have changed,"

Murong Bo cursed at Xiao Yuanshan while dealing with Xiao Feng,

"Damn it, Xiao Yuanshan, what a bastard son you gave birth to."

Xiao Yuanshan looked at Xiao Feng and mocked Murong Bo,

"No matter how bastard my son is, he is still my biological son. He is better than the son you raised for an adulterer."

"Bastard, then I will kill you to your son, mixed with fingers."

Murong Bo managed to dodge Xiao Feng's attack with a light skill and immediately wanted to kill Xiao Feng.

Xiao Feng stomped his feet and flew up to avoid Murong Bo's mixed finger attack, and then used his dragon grabbing hand to directly grab Murong Bo.

"Looking for death, the battle has changed, and the dragon claw hand" crashes"

Xiao Feng was directly scratched by Murong Bo with the dragon claw hand. Now Xiao Feng's chest is dripping with blood, and five claw marks appear on Xiao Feng's chest.

"Shaolin martial arts? Murong Bo, you actually know Shaolin martial arts?"

"I know a lot of martial arts, you'd better go down and accompany your mother, the powerful Vajra Palm"

"The dragon swung its tail."

Su Chen saw that Li Xunhuan was not at a disadvantage against Xiao Yuanshan. Xiao Feng and Murong Bo were enemies and were extremely jealous. They were also fighting each other to the death. Fortunately, Murong Bo was injured by Li Xunhuan this time. Otherwise, Xiao Feng might be in danger this time.

When Su Chen looked at Concubine Dongjun Yan, he found that she had already killed the grandmaster, which surprised Su Chen. Concubine Dongjun Yan was really powerful. Huan, Shi Fei Xuan and the others, with the cooperation of the army, had not yet killed Murong Bo's grand master's men, but Concubine Dongjun Yan had actually killed a grand master cleanly by herself.

Su Chen shook his head and didn't think about this at first, but he still wants to think about it now. How to deal with Murong Bo and Xiao Yuanshan? It's hard to say whether they will win or lose unless they die.

"Su Chen, that woman is so powerful. She killed Murong Bo's subordinate with just three or five moves. Su Chen, this can't be your wife, right?"

Lin Shiyin looked at this noble and beautiful woman and felt that she should be Su Chen's wife.

Murong Bo also mentioned before that Su Chen's wife stopped him from killing Su Chen. This noble woman's martial arts is so powerful, it is really possible that she

She is Su Chen's wife and Su Yan's mother.

"Lin Shiyin, what are you talking about? I don't know this woman at all. If you don't know, don't make random guesses. Talking nonsense can get people killed."

Su Chen knocked Lin Shiyin on the head after listening to her words. Now Concubine Dongjun Yan is coming here. If this ruthless Concubine Dongjun Yan hears what Lin Shiyin says, I'm afraid Lin Shiyin will be in trouble.

"If you dare to hit me, Bastard Su, I will bite you to death."

Lin Shiyin saw Su Chen knocking her head, so she grabbed Su Chen's hand and bit it.

"I'm going to go, let go, I'm going to bleed."

Chapter 84

Su Chen didn't expect that this little girl Lin Shiyin was becoming more and more bold and would bite him at every turn. Su Chen saw that Lin Shiyin still didn't let go, so he reached out and spanked Lin Shiyin on the butt.

Pa

Lin Shiyin was stunned when Su Chen hit her. She didn't expect that Su Chen, a bastard, would dare to spank her. Lin Shiyin grabbed Su Chen's arm in shame and turned around, intending to give Su Chen a slap on her back.

Su Chen hugged Lin Shiyin's waist tightly with one hand and said hurriedly,

"Damn it, Lin Shiyin, what's going on now? There's a life and death battle going on outside, what are you doing here to throw me down?"

Su Chen was well prepared this time. How could he be thrown twice on his back by Lin Shiyin today? Su Chen smiled when he saw Lin Shiyin's helpless look.

"You are shameless."

When Lin Shiyin saw Su Chen hugging her, she tried her best not to lift Su Chen up. This made Lin Shiyin very angry when she saw Su Chen.

Su Chen touched Lin Shiyin's face and said hurriedly,

"Okay, what's our relationship? Don't worry about this. Be careful what you say later. This woman is very cruel. Lin

Shiyin saw Su Chen talking to her with a serious expression. She looked at Concubine Dongjun Yan and asked doubtfully,

"Is this really not your wife? So how can she help us?"

"I don't know, but now that she's here, we'll find out later."

Su Chen also wanted to know how Concubine Dongjun Yan came to the Song Dynasty. It stands to reason that Concubine Dongjun Yan of the Yin Yang family should be undercover next to Yan Dan. What is this strange woman from the Yin Yang family doing in the Song Dynasty?

"let her in"

"Yes, Your Majesty." When

Su Chen saw Concubine Dongjun Yan of the Yin Yang family being stopped by soldiers, he let the soldiers pass. Su Chen was not worried that Concubine Dong Junyan would take action against her. Besides, no one could stop her if she took action now.

"Concubine Yan, the master of the Yin-Yang family, met Mr. Wu Xiang." Concubine Dongjun Yan came to Su Chen and saluted Su Chen,

"Concubine Dongjun Yan?"

Su Chen looked at this noble and beautiful woman and thought about the information he saw on the Internet. Although this woman is cruel and ruthless, she has changed a lot since she followed Yan Dan. It's just that she is the same as Frightened Salamander. People, the future of Concubine Dongjun Yan was also very miserable.

Seeing Su Chen looking at her strangely, Concubine Yan asked doubtfully, "Yes, Mr. Wu Xiang, do you know me?"

Su Chen shook his head and said to Concubine Yan with a smile,

"I don't know you. I have never been to the Eastern Continent. How could I know you? Thank you Dongjun for your help today. I will repay you in the future."

"Mr. Wu Xiang, you're welcome. I want to practice in the Song Dynasty for a while. Can I stay in your house for a while?"

"Well, yes, Dongjun can stay here as long as he wants."

Su Chen looked at Dongjun and saw that Concubine Yan might be trying to get close to him this time, but she had no contact with the Eastern Continent. Could it be that she was cheated by Yin Yang because of her deal with King Qin Yingzheng? Found home,

"Come on, Lin Shiyin, why did you bite me again?"

Su Chen saw Lin Shiyin bite him again and immediately pulled out his hand. He didn't know why Lin Shiyin was so crazy.

"I'll bite you to death, you bastard."

Lin Shiyin saw that Su Chen had said to be careful about this woman just now. Why did he agree to let this woman live in his house in the blink of an eye? This bastard must have seen this Yin Yang family woman as beautiful and must be plotting against this Yin Yang family woman.

Su Chen now sees Lin Shiyin was jealous when he came out. He hugged Lin Shiyin and said comfortingly,

"Don't make trouble. You can also stay at my house from now on. You can stay as long as you want."

"I don't mind going to your house."

Lin Shiyin blushed and turned her head to the side after hearing Su Chen's words and said arrogantly.

Su Chen looked at Lin Shiyin and shook his head. This silly girl is so easy to coax. I will teach her more in the future to avoid being deceived that day.

"Dongjun, can you help me?"

"Do you want me to help those women and those masters?"

"good"

"Can"

"Thank you."

Su Chen watched Dongjun Yan Fei nod to him and then flew out. Su Chen was now more sure that Dongjun of the Yin Yang Family was here to get close to him.

Su Chen couldn't help but think, could it be the Eastern Emperor Taiyi of the Yin Yang Family? Did you use astrology to find out that you are an anomaly? This is impossible. The system will not make such a mistake.

That is because the troops that you gave to King Qin were discovered by them. Lord Yin Yang Jiadong must have been sent to check whether he would ruin their Yin Yang family's plan.

Dong Dong Dong Dong Dong Dong

At this moment, a sound of footsteps came quickly from a distance. After a while, Xingzi Lin was surrounded by troops wearing black heavy armor. These The army holds a giant shield in one hand and a saber in the other and is constantly approaching the Jianghu people here.

The Jianghu people here are now nervous. They don't know whether Wu Xiangjun's army will deal with them. Now the Jianghu people here are nervous with weapons. They were on alert. When the soldiers of the Xuanwu Legion forced some Jianghu people to gather together, they used giant shields to surround the thousands of Jianghu people here. The military crossbows behind the giant shields all Pointing at the Jianghu people here, if these Jianghu people have any intention, they will shoot them without hesitation.

Here is the Song family in Lingnan during the Sui Dynasty.

Song Yuzhi looked at the Wulin people surrounded by the army and asked hurriedly,"Two Uncle, this Lord Wu Xiang is not going to kill all of us here, is he?"

Song Zhi looked at the troops around him and shook his head and said,

"Yuzhi, that's not the case. These armies are just guarding against us. As long as we don't do anything unnecessary, these armies will not take action against us."

Song Yuzhi was relieved when she heard that Lord Wu Xiang had no intention of destroying the martial arts people here. She thought she would kill Song Dynasty if she came to see the excitement this time.

"Huh, I thought Lord Wu Xiang wanted to destroy all the martial arts people here. Second uncle, the army here is so powerful. It is much stronger than our army in Lingnan. Our army is like a beggar compared with these armies."

Song Zhi's eyes gleamed when he looked at these armies. The armies here looked very powerful, and the military formations were also very powerful. This made Song Zhi take the idea of these armies.

"Yuzhi, this Lord Wu Xiang is not simple. There are more than 20,000 troops here now. These troops are very powerful. Even with the more than 20,000 troops here, I am afraid that our Lingnan army will be defeated by these even if it dispatches 100,000 troops. The army was destroyed."

Song Yuzhi said to Song Zhi in surprise,

"Second uncle, you don't want to attack Wu Xiangjun's army, do you?"

Song Zhi nodded to Song Yuzhi and said,

"I have this idea. If Mr. Wu Xiang can lend me an army of 20,000, we can get rid of Xie Hui from Bashu, and your eldest sister doesn't need to marry Xie Wenlong, Xie Hui's son."

"Then let's negotiate with Mr. Wu Xiang. As long as we pay some benefits, I believe this lecherous Mr. Wu Xiang will agree."

Chapter 85

Song Yuzhi felt very unworthy when she thought of the beautiful women around Wu Xiangjun. She felt that officials were not good people, especially this Wu Xiangjun.

The women and troops around Wu Xiangjun were all fighting. When he arrived, he was holding a woman next to him and talking and laughing. Those who didn't know better thought it was a playboy on an outing.

"Yuzhi, don't say that to Lord Wu Xiang, or you will get into big trouble."

Song Zhi hurriedly stopped Song Yuzhi from continuing. Now here are all Wu Xiangjun's troops. If Song Yuzhi's words were heard by the troops here, they would probably get into big trouble.

Song Yuzhi still had a very strong opinion of Su Chen. She felt that Su Chen was just a playboy. The women around Su Chen were more beautiful than each other, and even every one of them was more beautiful than herself. This made Song Yuzhi very depressed.

"There's nothing to say about this. He was originally a pervert. Didn't you see the women around Mr. Wu Xiang? Isn't he a womanizer? Song

Zhi shook his head and said to Song Yuzhi,

"These women are not simple, including Shi Fei Xuan from Cihang Jingzhai in the Sui Dynasty, Hanwen from the Yinkui sect, Huang Rong from Taohua Island in the Song Dynasty, Zhou Zhiruo from the Emei sect in the Ming Dynasty, Lin Shiyin, the cousin of Xiao Li Feidao Li Xunhuan, and Princess Zhao Min of the Yuan Dynasty, and Concubine Yan, the owner of the Yin and Yang family of the Qin Dynasty who just appeared"

"You think these proud women are so simple? Except for Lin Shiyin, who does not know martial arts, the rest of these women are not ruthless people."

"Zhao Min led his troops to kill countless people. Zhou Zhiruo also killed countless people from the Ming Cult. You don't need to tell me about Huan Huan and Shi Fei Xuan. Dong Xie's daughter Huang Rong has just entered the world. Based on Dong Xie's teachings, Huang Rong will also be one in the future. Xiao Dongxie, that Dongjun of the Yin Yang family is an even crueler woman"

"You said that Lord Wu Xiang was able to tame these women and make them obedient. Do you still think that Lord Wu Xiang is a lecher?"

"Although we don't know the relationship between these proud girls of heaven and Lord Wu Xiang, the fact that these proud girls of heaven can be with Lord Wu Xiang shows that this Lord Wu Xiang is very extraordinary."

Song Yuzhi fell silent after listening to Song Zhi's words. These proud women of heaven are indeed very outstanding. Now I'm afraid that Lin Shiyin, who doesn't know martial arts, is even better than herself. At least

Lin Shiyin is facing the encirclement and attack of two great masters. He showed a panicked and frightened expression, and even talked, laughed, hit and scolded that bastard Wu Xiangjun.

At this time, a captain stood up and said loudly to the surrounded Jianghu people,

"The beggars stand on the left, and the remaining Jianghu people stand on the right. If they don't stand as required for a quarter of an hour, they will be shot."

After hearing this, the Jianghu people here looked at the crossbows around them and hurriedly stood aside.

Su Chen, who came with an army of five thousand from Wang Meng, immediately ordered the army's crossbows to start shooting at the Murongs who were attacking Wu Xiangjun. Su Chen was relieved when he saw the arrival of the army. He survived the disaster this time. There were a lot of changes today. It was all Li Qiushui's fault. If she hadn't let go of her own pigeons, Su Chen would not have disturbed him. deployment.

After Su Yan and Zhou Zhiruo came over, Su Yan took Su Chen's hand and asked with a smile,

"Dad, now that the army is here, are we safe?"

"You are so smart, do you still need me to tell you?"

Su Chen touched Su Yan's head and said with a smile.

Su Chen doesn't believe that Su Yan can't get out of the situation now. It's obvious that they have the upper hand. Those masters may not be able to hold on for long and will be destroyed.

The rest Murong Bo and Xiao Yuanshan couldn't escape this time. Surrounded by 20,000 troops, if Murong Bo and Xiao Yuanshan were allowed to escape again, Su Chen would simply find a wall and hit them to death.

Su Yan smiled and pointed to the people surrounded. The Jianghu people asked,

"Hey hey hey, dad, aren't I worried about you? Now that our army is here, Murong Bo and Xiao Feng's father is dead this time. Dad, I want to know why you surrounded those Jianghu people. Do you want to rectify the world?"

Su Chen was speechless when he looked at Su Yan.

"I have nothing to do with it. We are just a city in Gusu. How can we regulate the world? Do you think your father is the emperor?"

"Maybe you will be in the future."

Su Yan looked at Su Chen and murmured in a low voice. Su Yan knew that Su Chen would rebel in the future. If he defeated the Song Dynasty in the future, I'm afraid her father wouldn't be able to become the emperor even if he didn't want to.

"What did you say?"

"I said Dad is so handsome today"

"Your dad and I have always been very handsome."

Su Yan was speechless after hearing Su Chen's words. She didn't expect her father to be so narcissistic.

Su Chen nodded to Zhou Zhiruo and the others who stared at her and ignored them.

Su Chen looked at the battle beside him, Xiao Xiaoyuan Shan has been hit four or five times by Li Xun Huan's flying knives. Although Xiao Yuanshan has avoided the vital points, he is increasingly unable to do what he wants. In the battle between Xiao Feng and Murong Bo, Xiao Feng cannot defeat Murong Bo. Now Xiao Feng has more I'm injured. I'm afraid Xiao Feng won't be able to hold on for long.

"Su Chen, we killed all Murong Bo's men."

"Master, are you okay?"

At this time, Huanwan and Shi Feixuan came over. When Huanhua came to Su Chen, she pulled Su Chen and said with a smile.

Zhou Zhiruo hurriedly ran over when she saw Master Jue was injured.

Su Chen looked at Huan Although their breathing was a little unstable, they were not injured, which made Su Chen breathe a sigh of relief.

Su Chen frowned when he saw Master Jue, Master Mijie was actually hit by a knife. Fortunately, it was just on the shoulder. It didn't seem to be a serious injury.

"Zhou Zhiruo, you and Zhao Min quickly bandage up Master Mijie. The army has good medicine for knife wounds."

Zhou Zhiruo and Zhao Min quickly helped Master Jue sit aside and applied medicine to her. Su Yan and the others also went over to look at Master Jue.

Su Chen felt a little embarrassed when he looked at the Yin-Yang Family Master who stayed beside him. Su Chen Now he didn't know what to say to Dongjun of the Yin and Yang family. Su Chen touched his chin and pretended not to see Concubine Dongjun Yan.

Concubine Dongjun Yan turned her head when she saw Su Chen's embarrassed look. Now she didn't know how to talk to Wu Xiangjun, but she wanted to laugh just thinking about Wu Xiangjun looking embarrassed.

At this time, Wang Meng led the army to surround Murong Bo and Xiao Yuanshan heavily, with crossbows and The bed crossbow was ready to shoot Murong Bo and Xiao Yuanshan at any time.

When Su Chen saw Murong Bo and Xiao Yuanshan surrounded by troops, he shouted to Li Xunhuan and Xiao Feng,

"Li Tanhua, Xiao Feng, come here and have a rest."

Li Xunhuan looked at the surrounding troops and then came to Su Chen with a quick move. He didn't expect how many troops Su Chen would mobilize this time. After hearing Su Chen's words, Xiao Feng prepared After breaking away from the battle with Murong Bo, Xiao Feng would have been unable to hold on. This time with so many troops, Murong Bo did not dare to chase him. Xiao Feng successfully broke away from the battle with Murong Bo.

"Murong Bo, Xiao Yuanshan, do you still think you can kill me now?"

Xiao Yuanshan frowned when he looked at the surrounding troops. He looked at the injured Xiao Feng and said nothing.

Murong Bo was very angry now. He didn't expect that Su Chen had deployed so many troops outside the apricot forest. Murong Bo thought If I had killed Su Chen at all costs earlier, I'm afraid there wouldn't have been so many changes.

"Damn it, I should have killed you long ago"

"Murong Bo, you can't kill Su Chen. Su Chen, I'm sorry, I'm late."

Chapter 86

Just when Murong Bo was angry and regretting not killing Su Chen earlier, a woman's voice came from far away,

"Murong Bo, you can't kill Su Chen. Su Chen, I'm sorry, I'm late."

Damn it, this bitch Li Qiu Shui is finally here.

Su Chen was speechless when he saw Li Qiu Shui flying towards here from a distance using Qing Kung Fu. Now he has controlled the situation. Murong Bo saw that Xiao Yuanshan was already a turtle in the urn. This Li Li Qiushui just showed up, she wouldn't have been watching from the side, right?

"I'm coming together, stop it, stop it, everyone, this is one of our own."

Su Chen saw his troops preparing to shoot Li Qiu Shui and immediately stopped him.

If he fired an arrow at Li Qiu Shui, he might be in trouble. Li Qiu Shui This is not a good thing. If she wants to retaliate against herself, I am afraid that the family will be in chaos in the future.

Concubine Jun Yan, the owner of the Yin Yang family, frowned when she saw another grand master appear. She did not expect that Su Chen actually knew the grand master..

This grand master is much more powerful than Murong Bo and Xiao Yuanshan here. Since Su Chen said that this grand master is one of his own, then this grand master should be his family or relative.

"Su Chen, I'm sorry, Aunt Li was delayed by something just now, but it's good that nothing happened to you."

Li Qiu Shui came to Su Chen out of breath and said apologetically to Su Chen.

Li Qiu Shui was also stopped by the crazy woman from the Tianshan Child Elder. Li Qiu Shui was originally going to resolve her grudges with her senior sister Wu Xingyun. From now on. There was no need to fight to the death anymore, but she didn't expect that Wu Xingyun didn't believe her and even fought with her.

Li Qiushui was also worried about Su Chen's comfort, so she didn't fight to the death with Wu Xingyun. She also spent a lot of effort to get rid of Wu Xingyun. Otherwise She won't show up just now,

"It doesn't matter, Aunt Li, I'm not in trouble now. You can rest here for a while. Yan'er, get some water for your aunt."

Su Chen looked at Li Qiu Shui panting, and there was even some sweat on her clothes. Su Chen knew that she was also very anxious to come back. Su Chen didn't care about Li Qiu Shui letting him go.

"Okay, dad."

Su Yan looked at the woman covered with gauze and asked the soldiers to get tea. Su Yan was very curious when he looked at Li Qiushui.

This was the Queen Mother of Xixia, and she was also a great master. Su Yan touched his chin and wondered what his identity would be if he went to Xixia.

Murong Bo and Xiao Yuanshan had a grim look on their faces when they saw the Grand Master appearing. Now they know they can't kill Wu Xiangjun. With this woman here, They couldn't even get close to Wu Xiangjun. This woman covered with gauze was a super master in the later stage of the Grand Master.

Murong Bo didn't expect that Su Chen actually had a relative of the Grand Master. His wife was a Grand Master. Now she has A relative of the Grand Master appeared.

This Lord Wu Xiang was going to defy heaven. If he had Lord Wu Xiang's army and two Grand Master's women, Murong Bo believed that it would be very easy for him to restore his country.

"Auntie, you drink tea."

Su Yan took the tea from the soldier and handed it to Li Qiu Shui.

Li Qiu Shui took the tea and touched Su Yan's head and said with a smile,

"Haha, you are the Su Yan in A Luo's letter, right? Yes, at a young age, you are already at the fourth level of cultivation. In the future, Yan'er will definitely be a more powerful being than your aunt. You will grow up in the future. Let's learn martial arts from my aunt"

"Thank you, aunt."

Su Chen looked at the conversation between Li Qiu Shui and Su Yan, then looked at Murong Bo and Xiao Yuanshan and smiled. This time Murong Bo, the old bastard, and Xiao Yuanshan, the lunatic, are dead this time.

"Hey, Murong Bo, actually I have something to tell you. I wonder if you want to hear it?"

When Murong Bo heard Su Chen's words, his heart suddenly trembled. This shameless Lord Wu Xiang must be plotting against him again.

"Wu Xiangjun, what are you going to do, you bastard? You shameless bastard, I won't believe anything you say."

Su Chen smiled slyly and said,

"Really? Then don't you want to know about your son Murong Fu?"

"That bastard is not my son." Murong Bo shouted to Su Chen angrily when he heard Su Chen mentioned Murong Fu again.

Su Chen looked at Murong Bo's angry look and said with a smile,

"Haha, Murong Bo, if you kill Xiao Yuanshan now, I will tell you who Murong Fu's real father is."

Murong Bo said to Su Chen a little shamelessly,

"Do you think I still believe your sowing discord? No matter what you say now, I won't believe you."

Su Chen looked at Murong Bo and shook his head with regret.

"That's a real pity. Even if you meet your ancestors after death, you won't be able to explain this secret. How on earth did your Murong royal family cut off their descendants? You won't be able to tell your ancestors."

"you.....You are a heartless and shameless bastard."

Murong Bo shivered with anger after hearing Su Chen's words. He didn't expect Wu Xiangjun, the bastard, to be so shameless. He now wants to kill this bastard with one palm.

"Whatever you say, tell me now whether you are going to kill Xiao Yuanshan or not? If you don't kill Xiao Yuanshan, I will negotiate with Xiao Yuanshan and let him kill you. Well, you just want to say that I am going to bewitch Xiao Yuanshan to kill you."

When Su Chen saw that Murong Bo didn't agree, he pretended to talk to Xiao Yuanshan. Anyway, it was him who did Xiao Yuanshan kill Xiao Feng's adoptive parents.

Xiao Feng shouldn't know about it now, right? He can try to see if Xiao Yuanshan will let Xiao Feng know that he killed him. Xiao Feng's adoptive parents, even if they fail, it will not cause any harm.

"Damn it, Mr. Wu Xiang, you deserve death. I will kill Xiao Yuanshan."

Murong Bo immediately attacked Xiao Yuanshan with anger on his face.

""Mixed finger"

Murong Bo knew that if he didn't kill Xiao Yuanshan, I'm afraid that bastard Wu Xiangjun would threaten Xiao Yuanshan with something again.

This big boss Xiao Yuanshan would definitely take action, and there was nothing he could do when he met a pig teammate Murong Bo. Bo thought for a while that he might as well take action first, so that he might be able to get Murong Fu's son.

"Wuxiang Jie Finger"

Touch

Xiao Yuanshan has always been on guard against Murong Bo, and now Murong Bo takes action, he does not hesitate. Now is the time for him to take revenge.

Su Chen laughed when he saw Murong Bo and Xiao Yuanshan fighting. After seeing this, Murong Bo was worried that Xiao Yuanshan would take action, so he took action first, so that maybe he could get Murong Fu's son.

"Wu Xiangjun, you are so insidious."

Concubine Dongjun Yan watched from the side as Su Chen provoked discord and made Murong Bo and Xiao Yuanshan kill each other. Although they both knew that they would not survive this time, Su Chen could not do anything. Just kill them both. This Lord Wu Xiang is shameless, insidious and cunning.

Su Chen cast a glance at the ruthless Concubine Dongjun Yan and laughed,

"Am I sinister? Compared with your Yin Yang family, I am a good baby"

"Mr. Wu Xiang, it seems that you are very familiar with our Yin Yang family."

Concubine Dongjun Yan put her hands on her lower abdomen and looked at Su Chen with interest. From Su Chen's words, Concubine Dongjun Yan felt that Lord Wu Xiang knew their Yin Yang family very well.

"Of course, you, the guardians of the Yin and Yang family, and the five branches of Yin and Yang, I still know a little bit about it. By the way, who is your elder Mu now?"

Chapter 87

Su Chen now wants to know if Mube of the Yin Yang family is the young Siming named Xiao Yi in the world of mixed martial arts.

Su Chen was very interested in the young Siming who had been silent for a long time. He just didn't know if there was such a young Siming named Xiaoyi. If not, I'm afraid that young Siming was still a little girl.

""Mr. Mu is always black and white, and Young Siming is Ming." Although Concubine Dongjun Yan didn't know why Su Chen asked who Mr. Mu was, she still told Su Chen. After all, this was not a confidential matter. It was okay to tell Mr. Wu Xiang. of

"They are the twin black and white Shao Siming. Dongjun, tell me, are you starting to select a new Shao Siming now?"

Su Chen was a little disappointed when he heard Concubine Dongjun Yan's words. The Loli young Siming still didn't show up, and she didn't know if the Loli young Siming was at the Yin Yang house now.

Concubine Dongjun Yan stared at Su Chen in surprise. He asked hurriedly,

"How did you know? This is the secret of our Yin Yang family. Mr. Wu Xiang, where did you get the news?"

""Ahem, I guessed, I guessed."

Su Chen did not expect that Concubine Dongjun Yan would react so strongly. Is the selection of the new Shao Siming conducted in secret? Su Chen suddenly thought that the new Shao Siming was

going to be killed. The title of the new Minister of Wood, Lao Shao Siming, can only be inherited by the previous generation Shao Si Ming.

"Do you think I will believe what you say?"

"I think you are so beautiful, you will definitely believe me"

"Mr. Wu Xiang, has anyone ever said that you are a shameless bastard?"

Let me ask, have these women become sperms? Why do they all call themselves bastards? Are there no other curse words in ancient times?

""Dad"

Xiao Feng saw Murong Bo hurt Xiao Yuanshan and wanted to go over to help immediately.

"Don't come over, I will avenge your mother with my own hands."

Xiao Yuanshan held his stomach, looked at the wound, and said to Xiao Feng.

Xiao Feng clenched his fist and said angrily, "Dad, let's kill old thief Murong together."

"No, I want to kill Murong Bo myself, don't come over"

"Why?"

"Feng'er, I have lived an ignoble existence for thirty years and learned martial arts just to avenge your mother. I want to avenge your mother with my own hands."

"Murong Bo, let's put an end to this this time." Xiao Yuanshan said that he rushed directly towards Murong Bo without his life. Murong Bo looked at the seriously injured Xiao Yuanshan and said unkindly,

"You are really seeking your own death, with the powerful Vajra Palm." bump

"Let's die together, Heartbreaker"

"No!"

Murong

Bo didn't expect that this time Xiao Yuanshan would not resist his palm and hit him on the chest. When Murong Bo hit Xiao Yuanshan's chest, Xiao Yuanshan did not dodge or dodge. With the thought of dying together, he gathered all his strength and hit him with a palm. On Murong Bo's Dantian

""Dad"

Xiao Feng saw Xiao Yuanshan and Murong Bo falling to the ground at the same time and hurriedly used Qinggong to fly over.

"It's over. Xiao Yuanshan's heart was broken by Murong Bo. He couldn't survive. Murong Bo's Dantian was broken by Xiao Yuanshan before he died. Murong Bo's martial arts was disabled. It was almost like death. Two great masters. Just like that."

Concubine Dongjun Yan saw the two great masters being played to death by Su Chen, and she couldn't help but look at this insidious and cunning Lord Wu Xiang. She must guard against him in the future, so as not to be beaten that day. Mr. Wu Xiang is in trouble

"It's not over yet."

Su Chen looked at Murong Bo and Xiao Yuanshan who fell on the ground and shook his head. Now Murong Bo and Xiao Yuanshan have been solved.

But the Beggar Gang, Duan Zhengchun, and Wan Yankang's affairs still have to continue. The Beggar Gang The Shaolin Temple and the Beggar Clan cannot stay this time. They dare to deal with Su Yanjiu without caring about him, Lord Wu Xiang. This is tantamount to rebellion. There will be no place for the Beggar Clan and the Shaolin Temple in Su Chen's future territory.

"What other plots do you have?"

Dongjun Yanfei, after hearing Su Chen's words, she thought that Wu Xiangjun would do something sinister again, right?

Su Chen was speechless when he looked at this strange woman from the Yinyang family.

"What kind of conspiracy or not? Why do I feel so awkward when these words are said by you, a strange woman from the Yin and Yang family?"

"Bastard, what do you mean I've been plotting? Or is our Yin Yang family planning some conspiracy?"

"All"

"you....."

Concubine Dongjun Yan did not expect that Wu Xiangjun would treat her and the Yin Yang family this way. Although the Yin Yang family has planned many shameful things over the years for a certain incident, this is not a conspiracy. It can only be said to be Yin Yang. The home has done some glorious tricks.

Concubine Dongjun Yan wants to teach this nonsense bastard a lesson now, but the place is full of Wu Xiangjun's men, and the grand master has been paying attention to this place. If she wants to move, she will definitely be suppressed by the grand master.

Not to mention, Xiao Li Feidao has been listening to what they are talking about. I am afraid that Xiao Li Feidao will not let himself take action against Wu Xiangjun.

"Mr. Wu Xiang, can you tell me now whether Murong Fu is the son of the adulterer?"

Murong Bo stood up unsteadily and asked Su Chen.

Now that Murong Bo's martial arts has been abolished, he knows that he is not far from death. Xiao Feng and Wu Xiangjun will not let him go. Now Murong Bo just wants to Before he died, he knew who the adulterer was.

Su Chen looked at Murong Bo's staggering appearance and smiled and said,

"Murong Fu is your son, the biological kind. There is no scientific basis for blood test. Sometimes the blood of biological father and son are different and cannot be fused."

"Forget what science I tell you if you don't understand it. All you need to know is that there are three kinds of blood in the world. The same ones can be fused, but the different ones will definitely not be fused. Just like Xiao Feng and his son, they are father and son at first glance, but their blood Or they may be different and not fused. Murong Bo, do you understand?"

Murong Bo looked at Su Chen a little crazy and said with a smile,

"Hahaha, I didn't expect that I have been plotting against other people all my life and would fall into your hands today. Mr. Wu Xiang, you are indeed Mr. Wu Xiang. You actually asked me to kill my own son with just one mouthful. Let me and Xiao Yuanshan, a reckless man, die together. You are really good at it."

"Damn it, Murong Bo, I didn't ask you to kill your son Murong Fu. I just want you to know whether Murong Fu is your son or not. It was you who wanted to kill Murong Fu yourself. I won't take the blame."

"Shameless, so shameless."

Concubine Dongjun Yan couldn't help cursing after hearing Su Chen's words.

This bastard obviously asked Murong Bo to kill his son, and now he is pretending to be a good person. You don't want to let Murong Bo kill his son. Why did Murong Bo kill his son and ask them to drop blood for a blood test? Concubine Dongjun Yan felt that what she had done before was nothing compared to Su Chen.

Su Chen casually pushed away Concubine Dongjun Yan and said

"Go and have fun, there's nothing wrong with you here"

"How dare you push me?"

"Let me guess, you won't cast the Six Souls Horror Curse on me, right?"

Chapter 88

When Concubine Yan saw this bastard Su Chen pushing her away, she glared at him angrily. Concubine Yan had never been touched by those stinky men. Today she was pushed away by someone in disgust. This made Concubine Yan want to kill this bastard.

"Let me guess, you won't cast the Six Souls Horror Curse on me, right?"

Su Chen was dumbfounded after he pushed Concubine Yan. Oh my god, how could I push this vicious woman away? This could lead to death.

Su Chen hurriedly looked at his arms. He was scared now. Concubine Yan would unknowingly cast the Six Souls Horror Curse on him. Su Chen didn't want to die inexplicably like Han Fei and the Mohist giants.

Concubine Yan became furious when she saw Su Chen checking his arm. Is this bastard always guarding her? When Concubine Yan heard Su Chen mention the Six Souls Horror Curse of the Yin-Yang Family, she knew that this bastard knew the Yin-Yang Family very well. Su Chen, the bastard, probably also knew everything about what the Yin-Yang Family did..

Concubine Yan laughed angrily when she saw Su Chen checking his body. She didn't expect that this bastard Su Chen would look down on her like this. Would she use the Six Soul Terror Curse to kill Su Chen?

Although there were several people around Su Chen The Grand Masters protect them, but the people the Yin Yang Family wants to kill are not something these Grand Masters can protect.

"What a bullshit, even if I cast the Six Souls Horror Curse on you, you still wouldn't be able to notice it now."

Su Chen asked suspiciously after hearing Concubine Yan's words,

"Does that mean you didn't cast the Six Souls Horror Curse on me?"

Su Chen is not sure whether he has been cursed with six souls. The Yin Yang family's visit to the Song Dynasty must be for him. Although he still doesn't know the purpose of Concubine Yan, the east king of the Yin Yang family, coming here.

But The Yin Yang family is too dangerous. The martial arts of the Yin Yang family are almost the same as Taoism. If you are not careful, I am afraid that Han Fei will turn out to be your role model. Concubine Yan rolled her eyes at Su Chen, a coward, and said,

"Not down"

"Hu, not bad, not bad, Concubine Yan, how about I arrange a luxurious and exquisite house for you in Gusu City?"

Su Chen said to Concubine Yan with some embarrassment.

Su Chen thought it would be better to let Concubine Yan live alone, so that he would be fine if he didn't see her in the future. Su Chen didn't want to have a time bomb around him.

Concubine Yan's face was grim. He glared at Su Chen and threatened,

"Wu Xiangjun, do you want to regret it?"

Su Chen felt that it was too difficult for him today. If he hadn't wanted to deal with Murong Bo and his son this time, Su Chen would definitely not have left Gusu City. The women he met today were more fierce than the last, and the beautiful women were tigresses. It seems that That's right.

Su Chen started to lie to Concubine Yan,

"No, no, look, you are like an expert outside the world. Aren't your Yin and Yang family going to become immortals? It will definitely be uncomfortable to live with ordinary people like us, and we

will also disturb your practice, don't you think? Concubine Yan looked at Su Chen with disdain and refused directly, "No need, I like fun, so I will live in your house."

Su Chen saw that Concubine Yan was not easy to fool and knew that she might have seen through him. Su Chen stopped pretending and asked Concubine Yan directly,

"Let me guess, Concubine Yan, you can't understand what I mean, can you? Concubine Yan laughed and said to the shameless Su Chen,

"Hey, don't you just not let me live in your house? You promised me to live wherever I wanted, but how long has passed, are you going to regret it?"

Damn it, this is really a cocoon. Just now he just thought that Concubine Yan came to help him kill Murong Bo's men. He agreed without thinking too much. Su Chen looked at Concubine Yan and knew that she would definitely come with him this time. go back

"Murong Bo, die."

Xiao Feng said a few words to his father, and his father died. When Xiao Feng saw Xiao Yuanshan's death, he came to Murong Bo's body and struck Murong Bo to death with one palm.

Su Chen saw Xiao Yuanshan and Murong Bo was already dead, so he looked at Xiao Feng. This Xiao Feng was really tragic. He had been living under lies before, and now he has betrayed all his relatives. Even the people closest to him have died one by one, you. By the way, this time I am young. I married A'Zhu. A'Zhu is now Su Yan's maid. I'm afraid she will have no chance with Xiao Feng in this life. Damn, no, Xiao Feng promised to be Su Yan's bodyguard commander in the future. Then Xiao Feng will have an affair with that girl A'Zhu from now on. Do we meet often?

Hey! Why does this plot go around and let Xiao Feng and A'Zhu meet? Su Chen shook his head and didn't think about it anymore. We'll talk about the future things later.

"Brother Su, do you want to give me an explanation?"

Li Xunhuan saw that Xiao Yuanshan and Murong Bo were both dead. Su Chen, the bastard, didn't know what he was thinking. The woman from the Yin Yang family just stared at Su Chen from the side, and he came over to talk to Su Chen.

Su Chen listened. After hearing Li Xunhuan's words, he said awkwardly,

"Brother Li, um, um, I couldn't help myself at the time. You also know how arrogant and unreasonable your cousin is. If I don't control her, I'm afraid she will fight me again. You have to be considerate of this, brother."

Li Xunhuan looked at Su Chen speechlessly. He couldn't help but wonder about him. Why is his cousin Lin Shiyin so arrogant and unreasonable?

Lin Shiyin used to be so knowledgeable, courteous and gentle as water. This only appeared after meeting Su Chen. , and now he is asked to understand Su Chen's difficulties? This bastard Su Chen has a lot of difficulties.

Li Xunhuan is now completely helpless towards this shameless Lord Wu Xiang. This Lord Wu Xiang and Su Chen are really too thick-skinned.

"Alas, Brother Su, how do you plan to treat my cousin Lin Shiyin in the future?"

"this.....this....."

Su Chen was very embarrassed when he saw Li Xunhuan. When he first met Li Xunhuan, he had said so many reminders to him, but there was no Long Xiaoyun here, and he actually replaced Long Xiaoyun. This made Su Chen feel very sorry for Li Xunhuan.

Su Chen didn't intend to give up on Lin Shiyin. After all, they hugged and touched each other. At least that silly woman didn't have any scheming intentions, unlike other women who more or less wanted to take advantage of him.

Li Xunhuan patted Su Chen on the shoulder and said with a smile,

"Brother Su, I see that Shiyin likes you. Although I am engaged to Shiyin, our age difference is too big. I have always regarded her as my sister. I hope you will take good care of Shiyin in the future."

Li Xunhuan looked at Su Chen and left directly to find Lin Shiyin. Li Xunhuan also saw that although Su Chen was very shameless, he was not a bad person. Through the conversation between Su Chen and the woman from the Yin Yang family, Li Xunhuan also knew that Su Chen He is still very kind to his family.

Although Li Xunhuan feels bad now, he knows that he has always been a cosmopolitan family, and Lin Shiyin does not know martial arts, so she will suffer if she follows him. Now that Lin Shiyin likes this somewhat shameless Su Chen, Li Xunhuan Decided to help them.

Su Chen felt very sorry when he saw Li Xun Huan leave. This time Su Chen made a big bad guy.

However, it might not be good for Lin Shiyin to marry Li Xun Huan. Li Xun Huan was a prodigal son who often ran away from home. In the future, maybe Li Xunhuan's enemies would kill Lin Shiyin while he was out. Su Chen felt much better when he thought of this.

"Shameless, so shameless that he even snatched his friend's fiancée."

Chapter 89

Concubine Yan looked at Su Chen with great contempt. This shameless bastard didn't even let his friend's fiancée go.

Li Xunhuan is too unmanly. Although Li Xunhuan is older, he is a great master. He will have a lifespan of hundreds of years after cultivating to the heavenly realm. Even now, Li Xunhuan has no problem living for one or two hundred years.

Lin Shiyin had no martial arts skills, and her appearance would fade away in a few decades at most. This Li Xunhuan was just a deadbeat, a nerd.

Su Chen rolled his eyes at Concubine Yan who was eavesdropping on his conversation with Li Xunhuan and was speechless.

"Go aside, what does it have to do with you here? You should go and practice your martial arts to become an immortal. You, a member of the Yin Yang family, will not understand the love between a man and a woman."

Concubine Yan looked at this shameless bastard and wanted to kill him.

"Do you want to die? If you want to die, you shameless bastard, I can make it happen."

Su Chen looked at Huang Yaoshi and Hong Qigong who were still fighting in the distance and said to Concubine Yan,

"If you don't want to know the whereabouts of your Yin-Yang family's most precious treasure, the Phantom Sound Box, just kill me."

"What? Do you know the whereabouts of our Yin Yang family's most precious treasure, the Phantom Sound Box?" Concubine Yan came to Su Chen in surprise and stared at him and asked.

Concubine Yan did not expect that Lord Wu Xiang of the Song Dynasty actually knew about the most precious treasure of their Yin and Yang family, the Phantom Sound Box. This made Concubine Yan a little incredible.

It's just that Concubine Yan thought of this. A cunning bastard may also deceive himself. The Phantom Sound Box was lost at Yin Yang's house, and some people also know about it. I'm afraid that Mr. Wu Xiang will set a trap for him.

""Uh-huh."

Su Chen nodded proudly to Yan Yan.

Concubine Yan also wanted to know whether this insidious and cunning Lord Wu Xiang knew the whereabouts of the Phantom Sound Box.

"Tell me, what conditions do you need to tell me?"

Su Chen deliberately looked up and down at Concubine Yan, the Dongjun of the Yinyang family, wondering how this Dongjun of the Yinyang family would react.

"It all depends on what price your Yin Yang family has to pay."

Concubine Yan was a little angry when she saw this bastard Su Chen looking her up and down. This damn shameless bastard wouldn't want to pay attention to her, right?

"How did you know the whereabouts of our Yin Yang family's most precious treasure, the Phantom Sound Box? Are you trying to fool me?"

Su Chen looked at Concubine Yan and said with a smile,

"I know a lot of things, and I also know what your Yin Yang family will do next."

The Yin and Yang family probably haven't gotten the copper boxes from the seven countries of the Eastern Continent yet, but Su Chen doesn't know exactly who owns those copper boxes. Han Fei and Yan Dan should have the copper boxes, and Su Chen also wants to know the rest. Can't get up

"Humph, do you think I will believe you?"

Concubine Yan was very shocked now. Although she didn't show it, when Concubine Yan looked at Su Chen, she felt that he was not lying.

"Seven stars, seven countries, seven secrets."

Su Chen looked at Concubine Yan who was pretending to be calm and said something casually.

After Concubine Yan heard what Su Chen said, she was stunned and couldn't believe it.

"you.....you....."

"Forget it, we don't have time to talk to you now, let's go."

Su Chen is no longer afraid of Concubine Dongjun Yan. I believe that after Concubine Dongjun Yan heard what she said, she would not dare to take action against him at will in the future.

"you....."

Concubine Yan stared at this bastard Su Chen and wanted to strangle him to death. This bastard only started to speak and stopped. Concubine Yan did not expect that Su Chen knew so many secrets of the Yin Yang family. It seemed that the Yin Yang family would have to pay more. I'm afraid this bastard won't tell you the price.

"Wang Meng"

"Subordinates are here"

"Kill all the members of the Beggar Clan. Duan Zhengchun and Wan Yankang will be captured alive by me. The remaining Jianghu people will let them go."

"Yes, Your Majesty."

Wang Meng received Su Chen's order and immediately led the army to prepare to massacre the Beggar Gang.

"Su Chen, do you want to destroy the beggar gang?"

Li Qiu Shui pulled Su Yan over and asked in confusion.

Li Qiu Shui did not expect that Su Chen would kill the Beggar Gang here. Although the Beggar Gang is not strong now, they have a lot of gang members. Su Chen Killing the beggar gang now may cause the beggar gang to rebound.

Su Chen shook his head and said with a smile,

"How can I destroy the beggar gang now, Aunt Li? I am just slaughtering the beggar gang in Gusu, and the monks in the temples are also going to be slaughtered. Li

Qiu Shui asked worriedly.

"Aren't you afraid that the beggar gang will retaliate against you? There are many members of the Beggar Clan."

Su Chen knew that Li Qiu Shui didn't know what happened in Xingzi Lin. If Li Qiu Shui knew about it, there would be no need to worry.

"They are just a bunch of people. Aunt Li, the Beggar Clan and the Shaolin Temple want to arrest Su Yan. They know that Su Yan is the princess of the Song Dynasty and they dare to take action. The Beggar Clan and the Shaolin Temple are going to rebel. How can I not help them?"

"So that's it, do you want me to ask Helian Tieshu to help you?"

"No, after all, this is the Song Dynasty, and it is inconvenient for Xixia people to take action here."

Su Yan came to Su Chen and pulled his clothes and said,

"Dad, please ask someone to help Sister Huang Rong's father."

Su Chen picked up Su Yan with a smile and said,

"Help with what? Didn't you see how passionate they were? Huang Rong's father and the old beggar were fighting intermittently. I didn't think they were engaging in a life-or-death fight at all."

Su Chen had just noticed the fight between Huang Yaoshi and Hong Qigong. What made Su Chen speechless was that the two men actually sat down to rest while they were fighting. This made Su Chen very speechless.

"Hey, don't talk nonsense if you don't understand. Their cultivation levels are the same, and now none of them can do anything to the other. They will definitely have to sit down and recover when their true energy is exhausted. What do you, a person who doesn't know martial arts, know?"

Concubine Yan looked at Su Chen and wanted to laugh at this bastard. Now that there are so many people here, Concubine Yan can't continue to ask Su Chen, but this does not prevent Concubine Yan from attacking this bastard Su Chen.

Su Chen saw Concubine Yan He actually wanted to go against himself, so he smiled and said,

"Concubine Yan, then go and help Huang Yaoshi kill the old beggar.

Concubine Yan stretched out her snow-white neck proudly and asked, "Why?" I'm not your subordinate"

"Concubine Yan, you said that I would use your Yin Yang family's treasure to secretly exchange you for being my subordinate. Will Donghuang Taiyi agree?"

Su Chen looked at Concubine Yan's arrogant look and wanted to hit her. Su Chen didn't know whether Donghuang Taiyi would use Concubine Yan to exchange for the whereabouts of the Yin Yang family's most precious treasure, the Phantom Sound Box, but this did not prevent him from attacking Concubine Yan.

Concubine Yan said to Su Chen a little shamelessly,

"Hey, you underestimate our Yin-Yang family too much. Do you think that our Yin-Yang family can't find the most precious treasure of our Yin-Yang family without your help?"

Concubine Yan was a little worried after hearing Su Chen's words. The Yin Yang family has been looking for the Phantom Sound Box for decades, but they haven't found it until now. If Su Chen, a bastard, really proposed to let her be his subordinate, Concubine Yan would also be worried. The emperor agreed for a moment,

"Su Chen, you bastard, the battle here is over, why don't you let your men go to help my father? Didn't you see that my father is very tired?"

Chapter 90

After Wang Meng received Su Chen's order, he came to the surrounded Jianghu people. Now all the Jianghu people here are heavily surrounded, and military crossbows and bed crossbows are also pointing at the Jianghu people here.

"Following the emperor's order, the Beggar Gang assassinated the governor and plotted rebellion, and all members of the Beggar Gang were killed."

When Wang Meng arrived here, he looked at the Beggar Clan on the left, which consisted of thousands of people, and announced Lord Wu Xiang's order.

"No, we did not conspire against him. That was the decision of Hong Qigong, the leader of the Southern Beggar Clan. We did not assassinate the princess."

"It's the Southern Beggars' Gang, not our Northern Beggars' Gang."

"General, these were all done by Hong Qigong, the leader of the Southern Beggars Clan. The one taking action now is also the leader of the Southern Beggars Clan, who has nothing to do with our Northern Beggars Clan."

"Yes, General, have mercy. This was not done by our Northern Beggars Gang."

The members of the Beggar Clan who were standing to the north of Xingzi Linli all said that they saw the crossbows and archers in the army aiming at them. The members of the Beggar Clan knew that if they could not convince the general, they would all die. miles.

Wang Meng looked at these beggars who were greedy for life and feared death and said loudly,

"Don't think that we don't know that your Northern Beggar Clan also sent hundreds of people to surround and kill my army. This time, your Beggar Clan and the Shaolin Temple will be punished for treason."

"We fought with these troops, these troops will not let us beggar gang go."

"Kill, we can't wait to die, we have to kill, so that we have hope of living."

"Take action, fight out"

"If you stay, you will die, if you get out, you will die."

Everyone in the Beggar Clan knew that the army was determined to destroy the Beggar Clan this time, so they all picked up weapons one after another and prepared to stand out from the army's siege.

"Not overestimating his own strength, he prepared the crossbow and fired"

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

Ah! Ah! Ah! Ah! Ah!

When everyone in the Beggar Clan rushed towards the army, the crossbow of the Xuanwu Legion shot out, The members of the beggars who rushed in front were shot and fell to the ground. The members of the beggars behind saw hundreds of people dead in the blink of an eye. They were all frightened and wanted to hide behind them, but they were already surrounded by the army. No matter where they hide, they will be shot with crossbows.

"Order, sixth, seventh, eighth, ninth, tenth, the thousand-man team goes out and kills the beggars who are hiding behind the corpses."

""Yes, Army Commander."

On the right side surrounded by the army, people from various sects were shocked when they saw the army cleanly shooting everyone in the Beggar Gang. Only then did they understand the horror of these weapons of war.

Song Yuzhi looked at The members of the Beggar Clan who were massacred by the army said in shock,

"Second uncle, this.....Is this the strength of the army? Jianghu people have no room to resist when they encounter the army."

Song Yuzhi was very surprised when he saw the members of the Beggar Clan being massacred by the army. When those rivers and lakes surrounded Xiao Feng and that little girl before, those armies were already very powerful. This time, tens of thousands of troops were dispatched together. This scene was even more powerful than before. It was much more shocking before.

Song Zhi was also a little surprised when the army massacred everyone in the Beggar Clan.

"Yes, the army may not be the opponent of the Jianghu people when fighting alone, but if the Jianghu people are surrounded by the army, they can only be massacred by these murderous weapons, unless they are powerful masters who can break out from the army."

Song Yuzhi was a little curious about whether her father Song Que was strong enough to fight out of these armies.

"Second uncle, where is my father? Can my father fight his way out of these armies? Song

Zhi shook his head and said,

"No, these are not ordinary armies. If it were other armies, the big brother could easily escape from the army, but the army here is not only very elite, but their weapons and equipment are also very sophisticated. Those Qi-breaking crossbows, beds, etc. Crossbows, these are very threatening to the Grand Master. Song

Yuzhi said to Song Zhi worriedly,

"Second uncle, do you think Mr. Wu Xiang will lend us such a powerful army?"

Song Yuzhi is now afraid that when she negotiates with Lord Wu Xiang in the future, Lord Wu Xiang will not agree to lend them the army. If they can't borrow Lord Wu Xiang's army, I'm afraid her sister will marry Xie Hui's pervert son. Song Yuzhi did not want her sister Song Yuhua to marry Wenlong.

Song Zhi looked at the troops here and sighed. He also knew how powerful these troops were. It would not be easy for Wu Xiangjun to lend them these troops.

"I don't know. I'll write to my elder brother after I finish here. I'll let him decide on this matter."

Song Yuzhi looked at Su Chen not far away. She hoped that Mr. Wu Xiang would agree to lend his troops, so that she could scold him less often in the future.

As for Su Chen, Huang Rong came over aggressively and refused to help Su Chen. Her father was very angry. Her father came to help Su Yan. Now there are no enemies here, and this bastard actually watched her father and Hong Qigong fighting.

Su Chen pushed Huang Rong's head away and said,

"Why are you so anxious? Didn't you see that the two of them were almost exhausted from fighting? After a while, they all ran out of energy. Wasn't it easy for us to deal with Hong Qigong in the past?"

Huang Rong said angrily when she saw that this bastard still didn't want to help her father,

"You bastard, my dad is helping you, are you going to exhaust my dad to death? Seeing Huang Rong's anxious look, Su

Chen said unhurriedly,

"You can't die. Your father and Hong Qigong started fighting first. The fighting here is over, but they are still fighting intermittently. What does this mean?"

Huang Rong thought about it and said doubtfully,

"What does it mean? Do you mean that my father is just stopping Hong Qigong from participating in the battle here?"

Su Chen looked at the battle between Huang Yaoshi and Hong Qigong and nodded and said,

"Smart, your father wants to save Hong Qigong's life. I have no intention of killing Hong Qigong this time. The Northern Beggar Clan was completely wiped out in Xingzilin today. What do you think if the Jianghu people here kill Hong Qigong? The rebellion caused heavy losses to the Northern Beggar Gang. Will the Northern Beggar Gang let Hong Qigong and his Southern Beggar Gang go?"

Huang Rong also understood what Su Chen meant now. She didn't expect that Su Chen would be so shameless and despicable. Su Chen wanted to let the beggar gangs from the north and the south fight him so that he could become a fisherman.

"You, a sinister and cunning guy, do you want to cause conflict between the Northern and Southern Beggar Clan? If there is a conflict between the northern and southern beggar gangs, the strength of the southern beggar gangs will also be weakened. Then it will be easier for you to control the south. You really deserve to be an official."

Su Chen saw Murong scolding him and threatened to say,

"Huang Rong, do you deserve a beating? Besides, I am a cunning and insidious person, but I will beat you up. Huang

Rong said to Su Chen in a disgraceful manner.

"Bah, if you don't know martial arts and you want to beat me up, you're overthinking it."

Su Chen looked around maliciously and said with a wicked smile,

"Yeah? Huang Rong, don't you look at who is around you? Is it difficult to capture you? No matter what, I am a top noble. Have you ever seen a top noble take action against the enemy personally? If I take action against the enemy, you should understand what my troops will think."

"Bastard, what are you going to do?"

"

When Huang Rong saw Su Chen walking toward her step by step with ill intentions, she hurriedly shouted,

"Su Yan, come here quickly, your father is going to be a hooligan."

"I'll join in"
