

## Zongwu 811

### Chapter 811

After Fu Hongxue and others didn't believe Lu Xiaofeng's words, they all guessed that Lu Xiaofeng might not be willing to say it.

But this matter aroused their interest.

If Lu Xiaofeng and the others didn't tell them, they would be very itching to know.

Su Chen looked at Fu Hongxue, who all wanted to know about this matter, and his face turned dark.

He didn't expect these people to be so gossipy, but he didn't want these people to know about it.

"Okay, this matter is over now, no one is allowed to ask anymore."

When Fu Hongxue and other women like Shangguan Haitang heard Su Chen's words, they knew that it was impossible for them to know about this matter. This made them look at Su Chen and guess what caused the hatred between Su Chen and Ye Di.

And this At that time, the 30,000 Ming Forbidden Army were ready to attack. The 30,000 Ming Forbidden Army continued to approach the Xuannio Guards from three directions. When the

Ming Emperor saw the Forbidden Army starting to attack, he smiled gloomily.

Just now, Lord Wu Xiang was again He played a trick on him once.

This time he ordered the imperial army to attack in order to kill that bastard's army and subordinates first.

He now hates that bastard very much.

His concubine was defiled by that bastard, and his sister Princess Yunluo now also In the hands of that bastard, Princess Yunluo is very important to him, but he cannot lose Princess Yunluo.

"Xuannio Guard prepares, Qi-Breaking Crossbow, release!"When the Forbidden Army began to attack, the captain of the Thousand Black Bird Guards commanded a thousand Black Bird Guards to start counterattack.

Whoosh whoosh whoosh!.....

Three hundred Black Bird Guards armed with Qi-breaking crossbows began to continuously kill the Ming Forbidden Army that rushed over.

Ahhhh!.....

Under the continuous shooting of Qi-breaking crossbows, the Forbidden Army soldiers who rushed over from the Ming Forbidden Army were shot and fell to the ground.

A Ming general rode a war horse and kept shouting behind the imperial army,"Come on, charge on me. There are thousands of black bird guards in Gusu City. We are going to crush the black bird guards in Gusu City.""

"Shield array defense!"

"Chang Ge attacks!"

"kill! kill! kill!"

Puff! Puff! Puff!

The Forbidden Army of the Ming Dynasty attacked the shield formation one by one.

When these Forbidden Army attacked the shield formation, the black bird guards holding Changge held the Changge and killed the Forbidden Army. Each of the Forbidden Army was directly penetrated by the Changge. He died, and the Black Bird Guards, holding a giant shield in one hand and a sword in the other, also began to fight with the Forbidden Army. The shield formation circled

without wavering. The Ming Forbidden Army that attacked was killed and injured in a moment, but there were still more after them. Continuous soldiers of the Forbidden Army rushed over.

The Emperor of the Ming Dynasty saw that more than 30,000 Forbidden Army soldiers could not break through the shield formation of the Black Bird Guards for a quarter of an hour. The Forbidden Army even killed and injured thousands of people.

This made the Emperor of the Ming Dynasty look very ugly.

The Emperor of the Ming Dynasty looked at The five thousand archers standing next to him ordered the general of the Forbidden Army, "Order the archers to shoot those black bird guards for me."

The Forbidden Army general was stunned when he heard the Ming Emperor's words.

Now the Forbidden Army and the Black Bird Guards are fighting.

If he lets the archers release arrows at this time,

I am afraid that his Forbidden Army soldiers will also be shot by the archers.

He looked at the Ming Emperor and said He hurriedly said, "Your Majesty, our Forbidden Army is fighting with the Black Bird Guards. If the archers are sent out at this time, our Forbidden Army will be accidentally injured."

"Shoot the arrow!"

The Ming Emperor stared at the Forbidden General with a gloomy face and ordered again,

"Yes, Your Majesty."

The Forbidden Army general trembled in his heart when he saw the Ming Emperor's expression.

He felt that if he didn't obey the Ming Emperor's order, he might be executed by the Ming Emperor's order. The

Forbidden Army general looked at the Forbidden Army soldiers on the battlefield and shouted loudly with his eyes closed. , "The archers are ready, target the black bird guard, release the arrow!"

Swish, swish!" .....

The Black Bird Guards and the Ming Forbidden Army who were fighting were shot by bows and arrows regardless of whether they were enemy or friend.

For a time, the palace battlefield was filled with soldiers who had fallen to the ground after being hit by arrows.

There were corpses of Blackbird Guards, and even more corpses of the Ming Forbidden Army.

After all, the Ming Forbidden Army that rushed over would have numbered in the tens of thousands.

"Change the formation, shrink the shield formation!"

Dong dong dong dong!

One by one, the giant shields immediately began to be picked up and began to retreat and shrink.

At this time, the Qi-Breaking Army Crossbow was covering the shrinkage of the shield formation.

The Changge Xuan Bird Guards holding Chang Ge Xuan Bird Guards were killing the Ming Forbidden Army one by one while killing the Ming Dynasty Forbidden Army. And the shield formation shrank back.

When the Black Bird Guards began to shrink, there were nearly tens of thousands of corpses left here. The attack of more than 30,000 people by the Forbidden Army only took less than half an hour, and nearly one third of them were killed or injured..

And the Xuannian Guards also left behind the bodies of nearly 300 people.

After the 1,000 Xuannian Guards shrank, there were only a little more than 700 people left.

This was because the Ming archers just shot and killed them without distinguishing between ourselves and the enemy. The guards suffered more casualties, otherwise the Black Bird Guards would not have been able to kill and injure so many people using the shield formation.

The Emperor of Ming Dynasty walked up and down the high platform in frustration and ordered loudly, "Let all the forbidden troops rush over to me, I want to kill them all." Those black bird guards."

The Emperor of the Ming Dynasty did not expect that just a thousand black bird guards could not destroy more than 30,000 forbidden troops. Now the forbidden army has killed and injured nearly tens of thousands of people.

Although some of the forbidden troops were shot by the archers of the forbidden army, but a thousand black birds Wei has not been destroyed yet, which makes the Ming Emperor very angry and frightened.

The Ming Emperor is angry that the Forbidden Army is so useless. Is this the most powerful Forbidden Army in the Ming Empire? What he is frightened about is that if it is Wu Xiangjun's army They are all so elite. I am afraid that even if the Ming Empire has millions of troops, they will not be able to withstand Lord Wu Xiang's army attack.

"Yes, Your Majesty!"

"Beat the war drums and the whole army attacks!"

Dong dong dong dong dong dong.....

"kill! Kill them all! Destroyed the Black Bird Guards."

Uuuuuuuuuuuuuuuuuuuuu".....

At this time, the horn of the Black Bird Guard also sounded.

After the horn of the Black Bird Guard sounded, the giant shield was discarded and

Chang Ge was thrown to the ground.

The soldiers of the Black Bird Guard heard that it was an attack. After giving the order, they each took their swords and prepared to attack.

The captain of the Black Bird Guard loudly ordered to the remaining hundreds of Black Bird Guards,

"Soldiers of the Black Bird Guard, we are the most powerful Black Bird Guard selected from millions of troops. Our mission is to guard the Black Bird Palace and protect Lord Wu Xiang, the princess and his wife, for the sake of your Majesty! For the princess! kill!"

"For the sake of your Majesty! For the princess! kill! kill! kill!"

"For the sake of your Majesty! For the princess! kill! kill! kill!"

"For the sake of your Majesty! For the princess! kill! kill! kill!"

"The military formation [Momentum is like a rainbow, march forward bravely] is open!"

"kill! kill! kill!"

After the formation of the Black Bird Guards was activated, a huge stream of blood appeared on the bodies of the Black Bird Guards. Each of the Black Bird Guards were like butchers holding swords and charging toward the Forbidden Army.

"Let's go help!"

"Let's go too!"

Lu Xiaofeng and other women like Shangguan Haitang saw the remaining hundreds of Black Bird Guards rushing towards the more than 20,000 imperial troops.

This made them very moved.

Previously, the Black Bird Guards had killed them several times using a shield formation. The enemy was very surprised.

At this time, the Black Bird Guards were obviously risking their lives to carry out the final attack on the Ming Forbidden Army.

They, the Black Bird Guards, were going to die in front of Su Chen and Su Yan!

This was Hundreds of them, the Black Bird Guards, were the final guards for Su Chen and Su Yan.

Su Chen clenched his fists and wanted to kill them, but he couldn't!

One general can kill thousands of bones!

Su Chen understood this truth, but just now the Black Bird Guards The words of the captain are obviously sacrificing one's life for righteousness. This is the honor of the Xuanniao Guard that the soldiers of the Xuanniao Guard want to protect.

They are the most powerful of all the Jun's legions in Gusu City, and they are also the legion who protect themselves and their families in the Xuanniao Palace.

As long as Xuanniao Guards The soldiers of the Black Bird Guard have not yet fallen, and they will not allow themselves to appear in danger.

This is the oath of the Black Bird Guard, and it is also the guardian glory of the Black Bird Guard.

"Come back, this is the battle of the Black Bird Guard, and this is their honor to protect. You are not soldiers of the Black Bird Guard, and you cannot interfere in this war."

Lu Xiaofeng, Sikong Zhaixing and others stopped and fell silent when they heard Su Chen's words.

They felt very complicated when they saw the Black Bird Guards rushing to kill them.

These loyal Black Bird Guards who fought for glory made them very worried. I admire them. As long as the Black Bird Guards do not fall, they will always charge to the front for Lord Wu Xiang and to protect Lord Wu Xiang.

No wonder Lord Wu Xiang has such an army that he can attack cities and plunder lands.

No wonder he can destroy countless foreign countries.

This is the real army, this is an army with faith and glory.

Women such as Shangguan Haitang and Qingqing were clenching their fists tightly.

They did not expect Su Chen to say this, but they did not go to help Xuannio Wei kill the enemy.

Su Chen was right.

Now is the glorious war of the Black Bird Guards.

These future royal guard regiments that protect Lord Wu Xiang do not need anyone's help.

Because they are the most powerful legion in Aunt Su City's legion.

They are the guardian legion of the Black Bird Palace, and they are also the powerful Black Bird Guard legion that protects Wu Xiangjun and Su Yan at all times.

"Father, will all the Black Bird Guards die in battle?" Su Yan came to Su Chen and took his hand and asked sadly.

Su Yan didn't expect Xuannio Wei to be like this.

Although she didn't understand what Xuannio Wei did, she knew it was Xuannio Wei. The Bird Guards are protecting her, protecting her and her father Su Chen.

With the Black Bird Guards there, she and her father Su Chen don't have to go to the battlefield to fight in person, unless all the Black Bird Guards are killed. This is the mission of the Black Bird Guards.

Facing the enemy, the Black Bird Guards were guarding them. Even if they died, the Black Bird Guards would die in front of her and her father Su Chen.

【My existence is to protect you! My mission is to protect! My glory is to protect! My life and death are to protect you! Wherever you point, I will follow! Black Bird Guard! 】

Su Yan gently recited the founding oath of the Black Bird Guards, and she understood why these Black Bird Guards would risk their lives to attack the Ming Dynasty's Forbidden Army?

Su Chen stared at the battlefield tightly and touched Su Yan's hair and said,

"Won't! The Black Bird Guards are a guardian legion selected from millions of troops. They are the most powerful soldiers. The Black Bird Guards can definitely defeat the Ming Forbidden Army, and some people will definitely survive."

On the palace battlefield, hundreds of Black Bird Guards and the Ming Dynasty Forbidden Army were fighting each other.

A very small number of black-armored troops were surrounded and killed by a large number of silver-armored troops. The powerful black-armored troops kept killing the silver-armored troops. They were retreating steadily.

It was just that there were too many soldiers in the silver-armored army. Even though the number of soldiers in the silver-armored army was dozens of times higher

, soldiers continued to rush towards the black-armored army. The battlefield in the palace was littered with broken limbs, and the number of corpses was increasing. The bluestones in the palace square were also completely dyed red with blood.

A partial general of the Forbidden Army saw hundreds of black bird guards also launching an attack on the Ming Forbidden Army, and now they were killing more than 20,000 Ming Forbidden Army and kept retreating.

The terrifying blood energy and powerful killing energy that the Black Bird Guards now erupted made him terrified.

This was only less than a thousand Gusu City troops.

What if tens of thousands or millions of Gusu City legions began to attack the Ming Empire?

He thought that there might not be any army in the Ming Empire that could withstand the army of Gusu City. The general of the Ming Forbidden Army, armed with a long spear, personally led the troops to charge towards the Black Bird Guards, "Kill, kill these Black Bird Guards for me."

"kill!"

Next to the Palace Square, thousands of Jianghu people were very shocked when they saw the fighting of the army. The fighting of the army was much crueler than the fighting of the Jianghu people. There were stumps and broken arms in the Palace Square, and blood flowed like rivers. Some of the Jianghu people couldn't help but vomit when they saw it.

These Jianghu people looked at the fighting in the palace square with pale faces and said one after another,

"The Black Bird Guards in Gusu City were so powerful that just a few hundred Black Bird Guards suppressed the momentum of tens of thousands of forbidden troops."

"This is a military formation. The Black Bird Guard uses a powerful military formation. This terrifying blood energy and terrifying killing energy are all erupted from the military formation."

"well! After all, the number of the Black Bird Guards is too small. Even if the Ming Dynasty Forbidden Army consumes the Black Bird Guards, they will be consumed to death."

"No! It is also possible that the Ming Forbidden Army will be killed and completely collapse. Now the Black Bird Guards are so powerful. It would be okay if the Ming Forbidden Army does not collapse. If the Ming Forbidden Army is afraid or timid, who will lose and win in this war?"

"Why didn't the masters around Wu Xiangjun take action? Does Lord Wu Xiang want to watch these powerful black bird guards die in battle?"

"well! Brother, you don't understand this. The Black Bird Guards are the guardian army of the Black Bird Palace in Gusu City. They are the same as the Forbidden Army of the Ming Dynasty, the Xiaoguo Army of the Great Sui Dynasty, the Royal Forest Army of the Han Dynasty, and the Yulin Guards of the Great Song Dynasty. They are all powerful troops that protect the royal family. The Black Bird Guards are going to compete with the Ming Dynasty Forbidden Army for glory. No matter whether the Black Bird Guards will be wiped out this time, the Black Bird Guards will become famous all over the world from today on."

"Um! With one thousand against 30,000 Ming imperial guards, they have now killed more than 10,000 enemies. This is enough to make Gusu City's Black Bird Guards famous all over the world."

On the high platform of the palace, the Emperor of the Ming Dynasty looked angrily at the battlefield in the palace square.

He did not expect that the Black Bird Guards were so powerful. Thousands of Black Bird Guards actually defeated the Ming Dynasty's tens of thousands of powerful imperial troops for almost an hour. The Ming Forbidden Army was destroyed, and now the Ming Forbidden Army has been killed and suffered heavy losses.

They are also the legions guarding the palace, why are the Black Bird Guards in Gusu City so powerful?

Why do hundreds of Black Bird Guards start attacking the Ming Forbidden Army regardless of life and death?

What if ? If the situation between him and Wu Xiangjun were reversed, would the Ming Dynasty's Forbidden Army protect him, the Ming Emperor, regardless of life and death?

The Ming Emperor shook his head gloomily.

His thoughts may not be realistic. If he were in Wu Xiangjun's situation, , I am afraid that the Ming Forbidden Army has surrendered.

It is impossible for the Ming Forbidden Army to fight for him as the emperor after being surrounded, or even die for him.

The Ming Emperor cursed with anger and jealousy,

"Damn it, why are Lord Wu Xiang's troops so loyal?"

"Why did you risk your life and fight for Lord Wu Xiang even though you knew you were going to die in battle?"

"What's so good about that bastard?"

"Lord Wu Xiang is just a shameless man who is greedy for beauty. Why does he have such a loyal and powerful army?"

Zhuge Zhengyi and Zhu Yiyi heard what the Ming Emperor said, and they looked at the battlefield in silence. They knew that even if the Ming Forbidden Army destroyed the Black Bird Guards in Gusu in this war, I am afraid that the Ming Empire would also lose all face..

Tens of thousands of Ming Dynasty Forbidden Army launched a war against thousands of Black Bird Guards in Gusu City. Up to now, the Ming Dynasty Forbidden Army has suffered heavy casualties but has not destroyed Gusu City's Black Bird Guards. This can only be said to be the incompetence of the Ming Dynasty Forbidden Army.

Zhu ignored it. Looking at the battlefield, he shook his head and said with some regret,

"It is said that the Jurchens are extremely invincible. Now this view is about to change. The Black Bird Guards only have one thousand people, which makes the Ming Dynasty's tens of thousands of

forbidden troops helpless. If all the 30,000 Black Bird Guards in Gusu City are dispatched, I am afraid that the Ming Dynasty will be defeated. Hundreds of thousands of troops are no match"

"What kind of person is Wu Xiangjun? How could a man who was greedy for beauty have such a loyal and powerful army fighting for him? Even risking his life to fight to the death."

Chapter 813

Zhuge Zheng and I are in a state of confusion right now.

From just now, the Emperor of Ming Dynasty ordered the archers to shoot the Black Bird Guards and the Imperial Guards regardless of the life and death of the Imperial Guards, to now the Black Bird Guards of Gusu City are fighting for Lord Wu Xiang regardless of their life or death. war.

This made Zhuge Zheng and I very confused when he saw Lord Wu Xiang on the battlefield.

Who is Lord Wu Xiang?

If there are still people who say that Wu Xiangjun is a man who is greedy for beauty and does nothing, he will not believe it now.

How could a man who was greedy for beauty and accomplished nothing be so loyal and beloved by the army? He must protect Lord Wu Xiang even at the risk of his own life.

The Emperor of the Ming Dynasty is probably nothing compared to Lord Wu Xiang.

Although the Emperor of the Ming Dynasty is not a mediocre and unscrupulous king, what the Emperor of the Ming Dynasty did just now may chill the Ming Imperial Army.

A king actually issued such an order regardless of the casualties of his troops. I am afraid that anyone who sees this will sneer at the Ming Emperor.

On the battlefield, people are falling every minute on the anxious war-like battlefield. Death, the corpses of the Ming Forbidden Army were piling up, and the Black Bird Guards had less than 500 casualties.

The bodies of the dead Black Bird Guards were covered with stab wounds, and there were even several spears stuck in the bodies of the dead Black Bird Guards.

But these dead Black Bird Guards were surrounded by countless corpses. These were the Ming Forbidden Army they killed before they died.

"kill! kill! kill!"

On the battlefield, a black bird guard was pierced by several spears and picked up.

The black bird guard's nose and mouth were bleeding and he kept shouting, waving his sword to kill the large army of forbidden soldiers who picked him up.

Poof!

A Ming Dynasty imperial guard took advantage of the fact that the black bird guard could not move. He rushed forward and chopped off the head of the black bird guard.

But when he was excited to kill a black bird guard, the corpse of the dead black bird guard instinctively waved. The knife pierced the chest of the Ming Forbidden Army, and the two corpses fell down at the same time.

An hour later, there were less than a hundred Xuanniao Guards, and the Ming Forbidden Army now had less than tens of thousands, and the battlefield in the palace was already quiet. Yes,

Su Chen looked at the remaining Black Bird Guards with an expressionless face and his heart was bleeding.

These are his soldiers.

These are soldiers who are loyal to him.

Here are the soldiers who were given out by the system gift pack. There are also aboriginal soldiers from Tianxuan Continent, and now they are all soldiers under his command.

The Black Bird Guards!

This time they proved the power of the Black Bird Guards and defended the oath and glory of the Black Bird Guards, but Su Chen didn't want to pay this price. He saw it, but he couldn't stop it.

This was the war of the Black Bird Guards.

This was also the value of the Black Bird Guards

' existence. The existence of the Black Bird Guards was to protect Su Chen, Su Yan, and even Su Chen's wives.

If If Su Chen stopped the Black Bird Guards this time, and even participated in the Black Bird Guards' war, then the Black Bird Guards would definitely realize the meaning of their existence.

The Black Bird Guards exist for protection, and their participation will not only Attacking the Black Bird Guards will even make the Black Bird Guards question their existence.

The Black Bird Guards also appear to be incompetent because of their participation in the war.

They even think that letting Lord Wu Xiang risk his life to participate in the war will make the Black Bird Guards question their existence. The Bird Guards were humiliated.

Lu Xiaofeng and the others looked at the battlefield in silence.

Even Yilin and Ning Zhongze, some women with weak mentality, shed tears with their eyes red.

The Black Bird Guards might be wiped out this time. , but the glory of the Black Bird Guards has been protected by these Black Bird Guards.

They will indeed die in front of Lord Wu Xiang, to protect Lord Wu Xiang!

Sweep all enemies for Lord Wu Xiang!

This is probably the responsibility of all the legions in Gusu City. Will, the Jianghu people in the Palace Square are now watching the battlefield silently.

Today, they Jianghu people know the real guardian war, and also understand the difference between Jianghu and the Empire.

The army of the Empire is for protection!

For faith!

For glory!

They can protect, fight, and even die at the risk of their lives.

And what about the Jianghu people?

For their own strength?

For power and beauty?

Even for fame?

Will the Jianghu people fight if they have no interests? Will they fight for nothing ? Are you going to fight and die for the protection and glory of meaning?

On the palace battlefield, the Black Bird Guards, who numbered less than a hundred people, stood back to each other with scars all over their bodies, looking fiercely at the Ming Forbidden Army that surrounded them.

The Ming Forbidden Army looked at the remaining Black Bird Guards Now they don't dare to rush over. The desperate fighting of these Black Bird Guards makes them very scared and frightened. The captain of the Black Bird Guards looked at the Ming Dynasty Forbidden Army around him.

He panted and looked at the dead Black Birds around him. The soldiers of the

Black Bird Guards all died miserably, and not even a single part of their bodies was intact.

The Captain of the Black Bird Guards raised his sword and shouted loudly,

"Black Bird Guard! Attack formation, and finally open another military formation [Momentum is like a rainbow, move forward bravely! ] , for the dead brothers! For the sake of your Majesty! For the princess! charge!"

"kill! Kill, kill!"

Less than a hundred Black Bird Guards immediately lined up in an awl shape. They shouted, raised their sabers and rushed towards the Ming Dynasty Forbidden Army.

Wuwuwuwuwu.....

The horn of Gusu City sounded again, but this time it was Su Yan who sounded the attack horn of Gusu City.

Su Yan now had a serious expression on her face, and her little mouth was blowing against a huge horn. When the attack horn sounded, she wanted to send these black bird guards away.

She wanted to send these black bird guards to protect the father and daughter.

This was all she could do now.

A six-year-old girl, with the help of two moon guards of Fairy Yunmeng, Su Yan blew the horn to attack Gusu City.

Waves of low horn sounds entered the battlefield, causing the attacking Black Bird Guards to feel a jolt of body.

They all understood what it was and who would blow the attack horn sound. They were short of energy and blew the attack horn. The voice could only be made by Princess Su Yan.

Dozens of soldiers of the Black Bird Guard knew that Princess Su Yan was seeing them off, which made them rush towards the Ming Forbidden Army with even more momentum.

"kill! For the sake of your Majesty, for the sake of the princess!"

"kill! For the sake of your Majesty, for the sake of the princess!"

"kill! For the sake of your Majesty, for the sake of the princess!"

In the square of the Ming Palace, after the Black Bird Guards and the Ming Forbidden Army collided again, blood flew on the battlefield again, and the sound of the collision of weapons also sounded again.

This time may be the Black Bird Guards' last lament.

These dozens of people For the sake of the oath and glory of the Black Bird Guards, they will not hesitate to annihilate their entire army.

"Attack, attack, I will destroy the Black Bird Guard. I will whip all the soldiers of the Black Bird Guard to their corpses and cut them into pieces."

Chapter 814

The Emperor of the Ming Dynasty kept roaring from the high platform in the palace square.

He did not expect to pay such a high price to kill just a thousand black bird guards. There were now less than 10,000 imperial troops left out of more than 1,000, but they lost two Ten thousand forbidden troops have not yet destroyed the Black Bird Guards.

This was very difficult for the Ming Emperor to accept, and he even became so emotionally disturbed that he wanted to kill some people to relieve his anger.

Zhuge Zhengwo and Zhu ignored it, and even the surrounding ministers slowly lowered their heads when they looked at the Ming Emperor. The Ming Emperor was probably driven crazy now, and they would not offend the Ming Emperor again at this time.

Zhuge Zhengga looked at the battlefield and admired the Black Bird Guards very much, and even admired Princess Su Yan who was blowing the attack horn.

Princess Su Yan only has a little girl of six or seven years old.

A little girl of six or seven years old can do such a thing for the Xuantiao Guards. This made Zhuge Zhengga look at Su Yan with an unexplainable expression.

Zhuge Zhengyi looked at the young Su Yan blowing the attack horn vigorously, which made him feel that Gusu City would really have a successor in the future.

Even if Lord Wu Xiang was unfortunately killed in the future,

Gusu City would rely on Su Yan in the future. With the ability of the princess, she is probably also a very amazing empress.

The Emperor of the Ming Dynasty is probably not as good as a six or seven-year-old Princess Su Yan. The incompetent and roaring Emperor of the Ming Dynasty did not do anything for the Forbidden Army of the Ming Dynasty. The Emperor of the

Ming Dynasty did not even say a word to encourage the Forbidden Army of the Ming Dynasty, and even ordered the shooting of the Ming Forbidden Army. some soldiers.

Zhuge Zheng and I even felt for a moment that if Lord Wu Xiang came to rule the Ming Empire in the future, he would be much better than the Ming Emperor. Even Princess Su Yan, Lord Wu Xiang's successor, would be a great empress in the future.

Under the roar of the Ming Emperor, the Imperial Guards of the Ming Dynasty continued to charge towards dozens of Black Bird Guards. A silver armored army teleported and overwhelmed dozens of black armored troops. However, the Imperial Guards who rushed over were all slashed and killed by the Black Bird Guards. die.

And the Black Bird Guards were constantly being killed by the Forbidden Forces.

These dead Black Bird Guards all killed several or dozens of people before being killed with random knives, and they all died horribly.

"These people are all devils. I can't do it. I can't do it." A Ming Forbidden Army collapsed completely. Seeing the Blackbird Guards who wanted to drag the Forbidden Army to be buried with him even if they died, he dropped their weapons and ran behind. The collapse of a Ming Forbidden Army caused the surrounding Ming Forbidden Army to collapse and even panic. After retreating, these Ming Imperial Guards were completely frightened by the Black Bird Guards.

"No retreat, no retreat, kill me....." A general was shouting orders for the imperial troops to retreat and continue to fight forward, but before he could finish his words, he was penetrated by a spear and died.

As the Forbidden Army general was killed, thousands of the Forbidden Army fled back one after another. They now had no courage to face these black bird guards. boom!

When the Emperor of the Ming Dynasty saw this, he kicked the table next to him angrily.

He was so angry that he ordered the execution of all the imperial guards who fled.

There were only a dozen or so Black Bird Guards left, but there were still three or four thousand imperial guards of the Ming Dynasty. People, more than a dozen Black Bird Guards actually scared away three or four thousand forbidden troops, which made the Emperor of Ming Dynasty unable to believe it.

When the Emperor of Ming Dynasty saw thousands of Imperial Guards retreating to the side of the palace square, he kept saying angrily, "I will kill those deserters, and I will kill those Imperial Guards who are afraid to move forward."

Zhuge Zhengwo looked at the furious Daming. The emperor said helplessly,

"Your Majesty, this war is over. Our Ming Forbidden Army has been defeated, completely defeated."

Zhuge Zheng and I did not expect that the remaining thousands of people in the Forbidden Army would flee without a fight. This war, the Ming Forbidden Army was completely defeated.

More than 30,000 Forbidden Army were defeated by a thousand Black Bird Guards.

This is really This is a very ironic thing.

Emperor Ming looked at Zhuge Zhengyi and other experts with an angry face and ordered,

"Zhuge Zhengwo, Zhu Wuwu, Cao Zhengchun, Liu Jin, you brought your masters to destroy the Black Bird Guards for me, and wiped out those Black Bird Guards for me."

Zhu Wuliu said hurriedly when he heard the Ming Emperor's words,

"Your Majesty, it is absolutely impossible. If we take action, I am afraid that the masters from Lord Wu Xiang will also be sent out. In the war just now, none of the experts around Lord Wu Xiang were sent out. We cannot take action now. After all, this belongs to the Imperial Army and the Black Bird Guard. war"

"Your Majesty, calm down, this must never happen"

"Please, Your Majesty, take back your life"

"Your Majesty, the Forbidden Army has been defeated. Now we must not act recklessly this time. We should leave and summon the city guards to come to the rescue."

People like Cao Zhengchun also immediately bent down and asked the Ming Emperor to take back their lives.

They were unwilling to go up and die.

There were several celestial beings and more than ten great masters in Wu Xiangjun's place, even land gods in the celestial realm. If they don't take action, I'm afraid those great masters can destroy them in an instant.

Emperor Ming waved his hand and said resolutely, "I don't care, you all come here and kill those black bird guards.""

Ye Di looked at Emperor Ming and frowned and said to him, "Emperor, please calm down. If you lose, you will lose. Don't let your anger take over your reason."

Ye Di has been watching the situation on the battlefield from the air.

He also did not expect that Wu Xiangjun's Black Bird Guards were so powerful, especially that military formation. If Wu Xiangjun's army had such a military formation, I am afraid that the Ming Empire would be in trouble. It was in danger.

Even the Ming Empire might be destroyed.

He looked at Lord Wu Xiang and Princess Su Yan with a gloomy expression.

After thinking about it, Emperor Ye made up his mind to kill these two father and daughter. Otherwise, for hundreds of years The foundation of the Zhu family of the Ming Dynasty will be ruined by their father and daughter.

"Yes, ancestor." The Emperor of the Ming Dynasty nodded unwillingly and agreed after hearing the words of Emperor Ye.

At this moment, after the complete victory of the war between the Black Bird Guards and the Ming Dynasty Forbidden Army, the remaining dozen or so Black Bird Guards all slumped on the ground, and some even Several Black Bird Guards fell down and died with smiles.

Captain Black Bird Guards also collapsed on the ground, but he may not survive now. His whole body is covered in scars, and there are even several spears stuck in his body.

He is now There is no possibility of rescue.

The captain of the Black Bird Guard, with several spears stuck in his body, vomited blood and said with a smile,

"us.....win....Good luck, Xuan....bird guard....win....Good luck,"

"Captain Zhao Qianfu?"

"Captain?"

"Cough cough cough! Commander, are you okay?"

The soldier of the Xuantiao Guard who could speak looked at the commander Zhao Liwu and asked worriedly.

At this time,

Su Chen and Lu Xiaofeng came over. They looked like they had scars all over their bodies, and they even had knives and guns stuck in their bodies. The black bird guards were silent and quickly came to the rescue.

"Jun.....Up, Princess, Xuan.....Bird Guard does not....Falling short of expectations....Defended the king and the county.....Lord, black bird.....Wei is the strongest....The big army is the king.....The sharpest in hand.....sharp sword, jun....What it refers to is me.....Wherever you want!"

When Captain Xuannio Guard saw Su Chen and Su Yan arriving, he vomited blood and smiled intermittently at Su Chen, but he bent his head as he spoke.

A Xuanniao with several spears stuck in his body Captain Wei lost his life like this, but he died with a smile.

He did not shame the Black Bird Guard, he left with the Black Bird Guard's oath and honor.

"What you mean! What I want!"

"What you mean! What I want!"

"What you mean! What I want!"

Chapter 815

Su Chen looked at the remaining Black Bird Guards and was speechless.

These were real soldiers, the real army of his Gusu City.

Although the Black Bird Guards won this battle in the palace, a thousand Black Bird Guards There are only about ten people left, and even a few may be helpless.

This made Su Chen feel very heavy.

"What you mean! What I want!"

Su Chen silently recited the oath of the Black Bird Guard.

Su Chen used to think that he was just a passerby in Tianxuan Continent, and that he would leave Tianxuan Continent sooner or later.

In addition to being very concerned about Su Yan and his women, Su Chen , he has never cared about other things.

Even if he wanted to destroy the Sui Dynasty and the Song Dynasty, he still played with the attitude of playing with the world.

Now he no longer thinks so.

Su Chen has truly integrated into the Tianxuan Continent this time. , he is now a person in Tianxuan Continent.

Here are his women and daughters, his close friends, millions of troops loyal to him, and even tens of millions of his subjects.

"Husband, are you okay?"

Shi Guanyin and Fairy Yunmeng saw some changes in Su Chen's aura, which made them look at Su Chen worriedly. Although the war between the Black Bird Guards was not serious, it may have a huge impact on Su Chen.

They have never seen Su Chen like this.

In the past, Su Chen just seemed to not care about anything and even treated it with a playful attitude.

Now they all feel that Su Chen has changed.

They don't know what kind of relationship Su Chen has with Su Chen. Say it is a good thing or a bad thing

"Nothing happened to me, I just figured something out." Su Chen shook his head and looked at Shi Guanyin and Fairy Yunmeng and said.

Hua Baifeng stood next to Su Chen and noticed his change.

When she looked at Su Chen, she felt that this bastard's temperament suddenly became very noble, and this The bastard no longer has that cynical and shameless look of playing with the world.

Su Chen now looks like a real Lord Wu Xiang, a real top noble.

Even his body now exudes all kinds of temperament and majesty. I am afraid he is the Ming Dynasty. Even the emperor couldn't compare.

Su Chen looked at the mangled body of the Xuantiao Guard and said to Su Yan next to him, "Yan'er, you lead the Yue Guard to collect the corpses of the Xuannio Guard. They shouldn't stay here."

"Yes, father!"

Su Yan nodded to Su Chen expressionlessly, and she took dozens of Moon Guards from Fairy Yunmeng and began to collect the bodies of the Xuantiao Guards. These corpses would be cremated and brought back to Gusu City.

The soldiers who died in the battle of Gusu City should not stay in a foreign country.

The people in the Jianghu next to the Palace Square did not expect that the war between the Black Bird Guards of Gusu City and the Ming Forbidden Army would actually be won by the Black Bird Guards of Gusu City. The victory of the war was achieved.

Although there were only a few members of the Black Bird Guards left, the Black Bird Guards could face more than 30,000 Ming Dynasty Forbidden Army with one thousand people. This was very remarkable and would even be impossible to happen in the future.

"The Blackbird Guards of Gusu City are really going to become famous all over the world this time"

"Yes, with one thousand Black Bird Guards against 30,000 Ming Imperial Guards, they not only slaughtered almost 30,000 Ming Imperial Guards, but even scared off thousands of Ming Imperial Guards in the end. These Black Bird Guards were going to defy the heavens."

"If the four armies in the southeast, northwest and northwest of Gusu City were all such powerful armies, I'm afraid Tianxuan Continent would have the surname Su in the future."

"I heard that Lord Wu Xiang still has organizations such as Dark Guards and Shadow Assassins. In the future, Lord Wu Xiang may not have an empire that can stop him."

"This time the Ming Dynasty fell out with Wu Xiangjun. It seems that it is not certain whether the Ming Empire will exist in the future."

"That's true, but this has nothing to do with us Jianghu people. This time the Ming Empire sought death and it was the Ming Emperor who brought it upon himself."

"Have you discovered it? At such a young age, Princess Su Yan can sound the clarion call for the Black Bird Guards. In the future, Princess Su Yan will probably not lose to her father's existence. I am afraid that the future empress of Tianxuan Continent will be Princess Su Yan."

"Um! Princess Su Yan is amazing."

The Jianghu people here looked at Su Chen and Su Yan on the battlefield and whispered to each other.

This war has had a heavy impact on these Jianghu people.

They Jianghu people will not underestimate the empire's army in the future.

After all, if the empire's army is serious, I'm afraid they Jianghu people really can't resist.

Unless the cultivation realm has reached the realm of gods and celestial beings, even the great masters will probably be killed by the empire's army.

And at this time,

Ye Di suddenly appeared in the palace square.

He looked at Su Chen and said expressionlessly, "Wu Xiangjun, I underestimate you. It is impossible for you to leave the Ming Dynasty this time. Even your daughter Su Yanjun The Lord cannot leave Ming Dynasty either"

"oh! Are you planning to kill me and my woman?" Su Chen looked at Ye Di and guessed expressionlessly.

Ye Di suddenly found that Su Chen's temperament was a little different from that of him in the court. Su Chen was much calmer now, but he exuded a noble temperament and a powerful temperament. The momentum made him a little confused.

Why did Su Chen suddenly change so much?

But it doesn't matter anymore.

This time Wu Xiangjun and Princess Su Yan are both going to die. He will kill them both father and daughter even if they are injured. people

"Yes, your appearance threatens the Ming Empire"

"I am afraid that no empire in the Tianxuan Continent is your opponent now. In the Southern Continent, which is the largest in the Tianxuan Continent, the Great Sui Empire was destroyed and the Great Song Empire was abolished."

"There are constant disputes among the seven countries of the Eastern Continent. If you send your army to the Eastern Continent, none of the seven countries of the Eastern Continent will be an opponent of your army."

"Although the Han Empire in the Northern Continent was strong and powerful, since the Yellow Turban Uprising, the imperial power of the Han Empire has declined, and aristocratic families have begun to control the Han states. I am afraid that the Han Empire is about to fall apart."

"Although the Ming Empire in the Western Continent is now powerful, it is far behind your Gusu City. It is impossible for me to keep you father and daughter alive to threaten the Ming Empire."

Bah bang bang!

Su Chen clapped his hands when he heard Ye Di's words to show that what he said was very correct.

Su Chen has now figured it out.

He came to Tianxuan Continent, so he is from Tianxuan Continent. Man, now that he has strong soldiers and powerful forces, why can't he unify the Xuan Continent?

He will no longer look at the problem with a game attitude.

This time he will take the unification of the Tianxuan Continent seriously and no longer think about the same things that have come to him before. Only then was he forced to react.

The Southern Continent can be said to be in his pocket.

Emperor Yang Guang of the Sui Dynasty has surrendered, and there are only a few resistance forces left in the Sui Dynasty. Shen Luoyan's Western Legion has more than 600,000. It would be easy for the army to destroy those forces.

The Song Empire had been completely defeated, and the envoys of the Song Empire had already gone to Gusu City to discuss matters after the surrender. If they could not reach an agreement, Mu Guiying's northern legion will completely destroy the Song Empire.

Although Su Chen has not yet started his campaign in the Eastern Continent, Hu Ji's hundreds of thousands of slave troops are deployed on the border of Da Qin, and there are more than ten elite troops of Wang Yi in Xinzheng City.

As long as he starts to fight against the countries in the Eastern Continent, he only needs to send a legion to conquer the Eastern Continent.

## Chapter 816

In the Western Continent,

Su Chen thought that apart from the declining Ming Empire, only the Yuan Empire was more powerful.

After all, the Emperor of the Yuan Empire is now in critical condition. Many princes are probably too busy vying for the throne to care about anything else. Those princes may even try to please Gusu City.

Besides, there is still that girl Zhao Min in the Great Yuan Empire.

As long as Su Chen gets rid of Zhao Min, he can get one-third of the army of the Great Yuan Empire. It will be very easy to destroy the Great Yuan Empire in the future.

He was no longer preparing to threaten the Ming Empire.

Originally, Concubine Yan in Gusu City was planning to seize Mingzhou City and Shanhaiguan and withdraw her troops.

This time Su Chen was preparing to invade the Ming Empire in a large scale.

Li Xiuning of the Eastern Army attacked the southern territory of the Ming Dynasty from the sea, while Huang Rong's southern army attacked the northern territory of the Ming Dynasty from Shanhaiguan. Even Zhao Min's Dayuan Army and Su Yan's Xuanniao Army could attack the Ming Dynasty from the northwest.

The Ming Empire was attacked from three directions at the same time.

Su Chen did not believe that the Ming Empire could withstand it.

Within a year, the Ming Empire must be defeated.

The Ming Emperor would finally be killed in the Ming Palace.

As for the Han Empire in the Northern Continent,

Su Chen didn't know much about the situation in the Han Empire, but he had read the Romance of the Three Kingdoms. He knew exactly what was going to happen in the Northern Continent in the future.

Su Chen could find an entry point then. Attack the Han Empire in one fell swoop.

Su Chen thought about the situation of various empires in Tianxuan Continent, and then he looked at Ye Emperor with some doubts.

This Ye Emperor was now very determined to kill him and Su Yan. Could it be that Ye Emperor was really not afraid of being injured and affecting him? Advance to the Golden Core Realm?

"Ye Di, I heard that you are about to advance to the Golden Core Realm. Aren't you afraid of being seriously injured which will affect your advancement to the Heavenly Realm?"

Ye Di looked at Shi Guanyin and the others and said with a gloomy face, "Although I will be injured if I kill two people in the Heavenly Realm and one who has just advanced to the Half-Step Golden Core Realm, it is impossible for me to be seriously injured. I'm afraid this will disappoint you."

"oh! How do you know I only have three powerful people here?" Su Chen looked at Ye Di and said with a smile.

Ye Di's heart skipped a beat when he heard Su Chen's words.

Could it be that this bastard has a terrestrial god from the heavenly realm coming?

He hurriedly checked around, if another one and a half appeared. As a strong man in the Golden Core Realm, he might really not be able to take action against Wu Xiangjun and his daughter.

Emperor Ye would not kill Wu Xiangjun and his daughter at the risk of being seriously injured. He really couldn't afford the price.

Emperor Ye suddenly discovered that Zhang Sanfeng of the Wudang Sect appeared in the prison of the palace. There was even a woman in the Heavenly Realm with Zhang Sanfeng.

This made Emperor Ye breathe a sigh of relief.

Zhang Sanfeng and the woman were both in the middle stage of the Heavenly Realm. At this level of cultivation, he could defeat them or even kill them without even using ten moves.

"Zhang Sanfeng of the Wudang Sect and a woman in the middle stage of the Heavenly Realm. Lord Wu Xiang, they are not enough to stop me from killing you."

"Zhang Sanfeng? There is also a woman in the middle stage of heaven and human realm?" Su Chen was very confused when he heard Ye Di's words.

He was not talking about Zhang Sanfeng and the woman in the middle stage of the Heavenly Realm.

Su Chen was talking about Jellyfish Yinji.

Jellyfish Yinji had just sent a message to him, but she didn't. Thinking that Emperor Ye could not discover the existence of Jellyfish Gloomy, Jellyfish Gloomy should be much stronger than Yedi.

It seems that killing Yedi this time is a sure thing.

When Shi Guanyin heard Zhang Sanfeng's arrival, he explained to Su Chen ,

"Husband, Zhang Sanfeng has become Yan'er's subordinate, and Zhang Sanfeng also agreed to hand over Song Qingshu to appease Yan'er's anger."

"Can! Who is that other woman? Bai Jing from the Ghost Palace?" Su Chen didn't expect that Su Yan would take back Zhang Sanfeng, but Su Chen didn't intend to cause trouble with Zhang Sanfeng.

Although Zhang Sanfeng was a little arrogant at the time,

Zhang Sanfeng was after all a terrestrial immortal in the realm of heaven and man.

Moreover, Zhang Sanfeng didn't understand the situation at that time.

Zhang Sanfeng, who was in the Heavenly Realm, did not take action in that situation, which made him feel good about Zhang Sanfeng.

"I don't know, they're coming." Shi Guanyin looked at the high wall of the palace and said to Su Chen,

Whoosh!

At this time, two fast figures appeared in the palace square.

After the war between the Black Bird Guards and the Ming Dynasty Forbidden Army in the current palace square, here But it's very quiet.

Whether it's the Ming Emperor's people, Su Chen's people, or even the Jianghu people hiding aside, they all know that the super masters of the Heavenly Realm are about to start fighting.

All of them are now He looked at Ye Di and Wu Xiangjun. This battle in the Heavenly Realm was a battle that decided Wu Xiangjun's life and death. And now there are two powerful Heavenly Realm land gods, which may cause unknown variables. And now comes the arrival of two powerful Heavenly Realm land gods.

Zhang Sanfeng and a beautiful woman were holding a person in each hand. When they saw Wu Xiangjun appear here, they were very surprised, but more of them breathed a sigh of relief.

Bump!

Zhang Sanfeng and this beautiful woman were holding a person in their hands. The people were thrown to the ground and looked at Princess Su Yan. They came this time to ask Princess Su Yan to stop arresting them.

They still don't know the attitude of Lord Wu Xiang, but Princess Su Yan has promised Regarding their affairs, as long as Princess Su Yan helps Princess Su Yan this time, she will lift the wanted order against them.

Zhang Sanfeng looked at Su Chen and the three powerful women around Princess Su Yan, and he felt that he had the shamelessness to let Yan Mi There was nothing wrong with his master helping him.

One of these women was something he felt was very dangerous.

If he hadn't asked for Princess Su Yan's forgiveness last time,

I'm afraid his Wudang sect would have been wiped out.

Zhang Sanfeng faced Su Yan said, "Princess Su Yan, Song Qingshu has brought you here, and this is Bai Jing, the previous master of the Ghost Palace."

Su Chen has been looking at Bai Jing since he arrived at the Ghost Palace.

This woman slapped him. She might even have wanted to kill him last time. Now that Bai Jing has arrived, he is not afraid that he will retaliate against her. Is it possible? Did Su Yan girl promise Bai Jing anything?

Bai Jing just glanced at Su Chen and ignored him, but she didn't expect that this bastard Su Chen would appear here unscathed after being slapped by her?

Even if this bastard She is extremely talented, but the slap she gave this bastard caused him to die, and he would probably be bedridden within a year.

How could this bastard be alive and kicking in less than half a month?

Bai Jingjing looked at the man on the ground. Su Yan said, "This is Shen Lang. I will take action this time. From now on, we will be clear.""

"Kill them!"

Su Yan looked at Song Qingshu and Shen Lang who had their acupuncture points on the ground, and she ordered with an expressionless face.

Stab! Stab!

A woman in black clothes suddenly appeared and cut the throats of Song Qingshu and Shen Lang to death.

Su Chen looked at Zhang Sanfeng and Bai Jing from the Ghost Palace and asked Su Yan, "Girl, should you explain to me what you did after my accident?"

"Father, I didn't do anything? Really, I am very well-behaved and will not cause trouble."

Chapter 817

Su Yan is now standing next to Su Chen with a pair of small hands behind her back, looking obedient and obedient.

She is very nervous now.

She has done many extraordinary things these days.

What if her father Su Chen finds out what she has done? Those things, I'm afraid my little butt will suffer.

Now that Zhen Mi is not here, she cannot send Zhen Mi to his father to calm down his anger.

Su Yan can only pretend to be innocent now.

When Lu Xiaofeng and others heard Su Yan's words, they felt slanderous in their hearts.

This girl is a lawless master, and her current behavior is 100% fake. If she had been obedient and obedient, she might not be Princess Su Yan.

Su Chen shook his head and did not ask Su Yan again.

He did not believe that this girl was obedient, but he was not worried that Su Yan would cause any trouble.

Su Yan still does things in a measured way.

But does Bai Jing from the Ghost Palace still want to cause trouble for her?

This woman wanted to kill him before.

What on earth did Su Yan want Bai Jing from the Ghost Palace to do?

Why do you want to eliminate the pursuit of Ghost Palace Bai Jing?

Su Chen touched his chin and couldn't figure out Su Yan's plan, but he didn't intend to care about it anymore. As long as nothing happened to Su Yan, he would just let her go.

Even if Shi Guanyin and the others are here, the crazy woman Bai Jing in the Ghost Palace will not be able to stir up trouble.

At this time, the one-armed Chu Liuxiang saw the arrival of Zhang Sanfeng and Bai Jing from the Ghost Palace, and even seemed to want to resolve their hatred with Wu Xiangjun.

He was a little worried that his master Yedi might not be a match for these heavenly and human realms.

That bastard Wu Xiangjun already has three powerful women in the Heavenly Realm beside him. What if Zhang Sanfeng and Bai Jing come and stand by Wu Xiangjun?

Even if his master Ye Di is powerful, he may not be able to defeat five powerful Celestial Realm masters.

When Chu Liuxiang came to Ye Di, she looked at Zhang Sanfeng and Bai Jing and said loudly, "Zhang Sanfeng of Wudang Sect and Bai Jing of Ghost Palace, don't you all have grudges against Lord Wu Xiang?"

"This time my master, Emperor Ye, wants to kill Lord Wu Xiang. If you can help my master, Emperor Ye, kill Lord Wu Xiang, not only will the Ming Empire no longer embarrass your sect, but the Ming Empire will also be able to ennoble you as the protector of the Ming Dynasty. division."

Zhang Sanfeng and Bai Jing looked at Chu Liuxiang as if they were idiots.

Ye Di is very powerful, but the women here are also very powerful, especially Wu Xiangjun's powerful women have not yet arrived.

And they An agreement had been reached with Princess Su Yan, and they would not do things that went back on their word.

Chu Liuxiang saw that Zhang Sanfeng and Bai Jing ignored him at all, and did not even bother to talk to him.

Chu Liuxiang was very angry.

"You must think clearly, my master is a super master at the half-step Golden Core Realm. If you go against us, the consequences will not be something you can bear."

"A little scumbag of a master, who gave you the courage to speak to us like this?" Bai Jing's face changed when she heard Chu Liuxiang's threat.

She pointed a finger at Chu Liuxiang and burst out a white light to attack him quickly.

Boom!

Just when Bai Jing's attack was about to explode Chu Liuxiang's head,

Ye Di showed no expression on his face. With a sudden wave of his hand, the air blade attacking Chu Liuxiang was blocked.

Chu Liuxiang was so scared that he was sweating and hurriedly retreated behind Ye Di.

He thought he was going to die just now, and there was no way he could dodge or resist that attack. , now he understands the power of the Heavenly Realm.

Bai Jing didn't feel surprised when she saw Ye Di easily dispelling her attack. She had also heard of Ye Di's strength, which was why she attacked Chu Liuxiang. Let's test Ye Di's strength.

Now it seems that she is no match for Ye Di at all.

Even with these women in the celestial realm, she is probably not a big threat to Ye Di.

Unless these women don't care about life and death, Ye Di will fight. , this may be able to drive away the Night Emperor, but the women in the Heavenly Realm here may also pay a huge price.

This time she just wanted to do it for Wu Xiangjun and those women no longer target the Ghost Palace, or even her daughter Bai Feifei, she But he would not risk his life and death to fight the Ye Emperor for that pervert Wu Xiangjun.

Su Chen looked at Bai Jing and shook his head.

He had no good impression of Bai Jing. Although this woman was extremely beautiful, This woman is a madman.

Bai Jing is even more moody than Jiang Yuyan. Anyone who provokes this female madman will probably be unlucky.

Su Chen looked at Chu Liuxiang who showed his presence again and threatened,

"Chu Liuxiang, I never thought you would dare to show up. I had forgotten your existence. Since you really want to die, I will help you today."

"With my master here, can you kill me?"

"oh? When your master starts fighting with these people from the Heaven and Human Realm, do you think your master, that old bastard, can still protect you?"

"you....."

Su Chen looked at Chu Liuxiang and laughed and threatened,"Hahaha! Chu Liuxiang, you are dead this time. No one can protect you in the Ming Palace. I will chop off your head with my own hands.""

"master?"

Chu Liuxiang is scared now.

He doesn't want to die.

He just came out to rely on the power of Emperor Ye to increase his presence, so that the strong people here know that he is a disciple of Emperor Ye, and he can also let the people here know that he has strength. Powerful master, now it seems that he messed up this time.

If his master Ye Di is pestered by these strong men in the heaven and human realm,

I am afraid he will really be killed by that bastard Wu Xiangjun.

"Lord Wu Xiang, you cannot kill my apprentice." Ye Di shook his head when he saw Chu Liuxiang's cowardly look. He said to Su Chen like an expert from this world,

"oh? Yeah?"

Su Chen said with a smile with a cold light in his eyes.

He must kill Chu Liuxiang this time, and it is time for those anti-Soviet alliances to close their net.

Killing Chu Liuxiang will be the first to deter those anti-Soviet alliances. Man, in the future, every one of the anti-Soviet allies will make their lives worse than death.

"Yes!"

"are you sure?"

"I am sure"

"Old bastard, watch out how I kill your apprentice." Su Chen cursed at Ye Di and suddenly disappeared.

When Su Chen used teleportation to disappear,

Ye Di hurriedly sensed Su Chen's existence.

He knew that Wu Xiangjun's teleportation was very powerful.

Ye Di did not notice it. Su Chen wanted to protect Chu Liuxiang behind him, but his movements were still slow.

Just when he turned around to protect Chu Liuxiang,

Su Chen had already grabbed Chu Liuxiang and disappeared behind him with a smile.

And when Su Chen disappeared to catch Chu Liuxiang At that moment, Shi Guanyin and the others all used their skills and prepared to fight.

They knew that no matter whether Su Chen could kill Chu Liuxiang or not, a fight would break out soon.

## Chapter 818

In the palace square,

Su Chen fell into silence after he silently snatched Chu Liuxiang from Ye Di.

No one in the palace square thought that Su Chen could arrest someone next to a super master who was half a step into the golden elixir realm.

Even if he succeeded in returning it to him, what exactly is Wu Xiangjun's strength?

Why is it that even a powerful man like Emperor Ye is helpless against Lord Wu Xiang?

The Emperor of the Ming Dynasty saw that Lord Wu Xiang captured Chu Liuxiang easily, and even Emperor Ye had no time to stop him.

He is very worried and scared now.

Why is Lord Wu Xiang so powerful?

Even the people whom Emperor Ye wants to protect can be captured at will, but what about him?

The Emperor of the Ming Dynasty did not have any super masters at the Heavenly Realm or the Half-step Golden Core Realm to protect him.

If Lord Wu Xiang came to arrest him, would he be safe?

Can people like Zhuge Zheng and I protect him?

Zhang Sanfeng and Bai Jing were very surprised and shocked when they saw Su Chen kidnapped Chu Liuxiang beside Ye Di, especially Bai Jing.

She looked at Su Chen who suddenly appeared next to Shi Guanyin and the women. Very surprised.

She didn't expect this bastard to have such fast movements, but this bastard had such abilities. Why didn't he dodge the slap she slapped at him?

Did this bastard take advantage of him?

This bastard probably wants to hide his identity, or even hide behind the scenes. I'm afraid he was used by this bastard last time, otherwise with this bastard's body skills, he would definitely be able to avoid his palm last time.

Bai Jing looked at Su Chen holding Chu Liuxiang triumphantly and said angrily,

"shameless bastard!"

When Su Chen appeared next to Shi Guanyin and the others, he threw the frightened Chu Liuxiang to the ground. This Chu Liuxiang had already been tapped on his acupuncture points. In a moment, he would execute Chu Liuxiang with a knife in front of the Emperor Ye.

But he saw When Emperor Xiang Ye was about to ridicule him,

Su Chen didn't expect that Bai Jing next to him would actually scold him. This made Su Chen's smile that was happy to capture Chu Liuxiang disappear.

"I'll do it! Bai Jing, why are you so crazy, a crazy woman?"

"You understand it yourself!"

Bai Jing glared at Su Chen and said with an angry expression.

Su Chen saw that this crazy woman was still mute at this time. This made him angry and cursed at Bai Jing, "I don't understand what the hell."

"Don't you know what you shameless bastard did?"

"Holy shit! Bai Jing, tell me clearly, what have I said to you since you arrived? Or what did I do to you?"

Su Chen was helpless with this crazy woman.

She didn't know why she scolded him so well? He regretted talking to this crazy woman now.

Why should he compete with a crazy woman?

Ye Di saw Su Chen silently. After Xidi captured Chu Liuxiang, he started flirting with a woman, which made him very angry.

Chu Liuxiang was captured under his nose, which already made him extremely angry.

And after this bastard captured Chu Liuxiang, just flirting with women, this is simply looking down on him.

Emperor Ye threatened Su Chen with an ugly face, "Jun Wu Xiang, let my apprentice Chu Liuxiang go!"

Su Chen was vomiting with Bai Jing.

They both stared at each other and wanted an explanation.

When Ye Di threatened Su Chen and interrupted their conversation, Su Chen and Bai Jing both yelled angrily at Ye Di.

"Shut up!"

"Shut up!"

Ye Di was completely angry, and all his momentum exploded.

There was dust flying everywhere around him, and the terrifying momentum made everyone around him keep retreating. The wind was strong around Ye Di, and the clothes on his body were snapping. There was a constant snapping sound, and his hair and beard were constantly swaying. The terrifying aura and coercion continued to spread towards the surroundings, and the terrifying aura and coercion made it difficult for those around him to breathe.

He must kill this couple this time.

How many years have passed!

No one has ever dared to speak to him like this.

Ye Di exuded a terrifying aura and looked ugly, threatening Su Chen and Bai Jing gloomily,

"You are seeking death!"

Shi Guanyin, Fairy Yunmeng, Hua Baifeng, and Zhang Sanfeng hurriedly appeared in front of Su Chen and used their skills to resist the pressure of Emperor Ye.

When Su Chen saw that the old bastard Emperor Ye was about to take action, he hurriedly grabbed Chu Liuxiang and came to Baidu. Jing's side and asked Bai Jing to stand in front of him, he took out the Blue Blood Illuminating Danqing Sword from the system space and placed it on Chu Liuxiang's neck, threatening,

"Come on, Ye Emperor, can you give it a try?"

"Shameless!"

When Bai Jing saw this bastard hiding behind her and asking her to use her body to protect him, she became so angry that she wanted to teach this shameless man a lesson.

"damn it!"

Ye Di didn't expect that Su Chen, the Tangtang Lord Wu Xiang, would use hostages to threaten him, which made him dare not take action for a moment.

Chu Liuxiang is his only descendant. If he takes action now, I'm afraid that bastard Lord Wu Xiang will. Kill Chu Liuxiang.

Su Chen explained after hearing Bai Jing's words,

"Bai Jing, this old bastard wants to kill both of us. You just scolded this old bastard too. Don't think I'm taking advantage of you."

"You are an shameless bastard!" Bai Jing clenched her fist and wanted to beat this shameless bastard.

This bastard obviously wanted her to resist Ye Di's attack.

Although there were people like Shi Guanyin and others in front of her and Su Chen, she also promised Su Yanjun The Lord's conditions to help this bastard.

But can't this bastard talk properly?

She was so obviously made to be the scapegoat, which made her very unhappy.

Su Chen looked at Bai Jing's angry look, as if he had not paid attention to this A woman would attack him, which made Su Chen very angry now.

Su Chen mentioned Chu Liuxiang and angrily said to Bai Jing, "What the hell, I don't need you anymore. The deal between you and my daughter Su Yan is over." This is over, get out of here!"

Su Chen glared at Bai Jing and left her side.

This woman was so elusive to him, as if he was using her all the time.

He planned to leave this woman now, otherwise this crazy woman wouldn't know What kind of madness will happen?

"asshole!" When Bai Jing heard Su Chen's words, she appeared in front of him. Bai Jing grabbed Su Chen's clothes and cursed angrily,

"Um? Do you want to take action?"

Su Chen was a little nervous when he saw Bai Jing catching him.

He didn't expect Bai Jing to catch him at this time, but he felt that there was no murderous intention in Bai Jing's eyes.

Although Bai Jing's face was full of anger now, she just wanted to If she doesn't want to kill herself, then he can deal with this crazy woman.

Bai Jing felt that Shi Guanyin and others were wary of her, but she had no intention of killing this bastard.

This bastard was really too annoying.

This time with Su Yan's deal is related to the survival of the Ghost Palace, and this bastard actually canceled it as soon as he said it was cancelled.

What will happen to the Ghost Palace in the future?

What will happen to her daughter Bai Feifei in the future?

Bai Jing looked at the bastard Su Chen and said angrily, "Why don't I Can you take action?"

Pah!

" Su Chen reached out and patted Bai Jing on the shoulder and said, "Don't pretend in front of me if you don't have the intention to kill.""

"You hit me?"

"I'll do it! I tapped you on the shoulder, how can you call it a beating?"

Chapter 819

Lu Xiaofeng and the others in the palace square were very speechless.

Now Ye Di was about to take action, but why did this bastard Su Chen have a conflict with Bai Jing of the Ghost Palace?

Now maybe there will be civil strife.

You know that Emperor Ye still dares to take action when he sees five land gods in the heavenly realm here. Then Emperor Ye may be confident that he can defeat women like Shi Guanyin.

Shi Guanyin and the others now have nothing to say to this bastard Su Chen.

On the one hand, they have to guard against Ye Di's sudden attack, and on the other hand, they have to worry about Bai Jing from the Ghost Palace attacking Su Chen. If this bastard doesn't look at what's happening now, Is this the time to tease Ghost Palace Bai Jing?

If Bai Jing from the Ghost Palace is forced to become their enemy, it will probably be even more difficult to deal with Ye Di later. boom!

At this time,

Emperor Ye saw that Su Chen was about to rebel, so he struck Shi Guanyin and the others with one palm. Shi Guanyin, the other girls, and Zhang Sanfeng also hurriedly took action against Emperor Ye.

Boom boom boom!

After the battle between Ye Di and Shi Guanyin, the bluestones in the Palace Square were broken piece by piece, and big holes were made in the ground of the Palace Square.

"Retreat, everyone retreat!" Lu Xiaofeng and other women like Shangguan Haitang kept retreating while protecting Su Yan.

A battle between super masters above the level of gods and terrestrial beings in the Celestial Realm is not something they can participate in. I'm afraid even some terrifying attacks on Yu Bo will cause serious injuries to them.

"Holy shit! Bai Jing, let me go!" When Su Chen saw Ye Di and Shi Guanyin fighting, he hurriedly said to Bai Jing who was holding on to him,

"Stand behind me!"

Bai Jing let go of Su Chen with a serious face and told him.

Bai Jing knew that this bastard can't die now, otherwise her ghost palace will be finished, and even her daughter Bai Feifei will be killed by Su Chen, a bastard woman. Kill, this time she has to complete the deal with Princess Su Yan no matter what.

"Huh? Don't you, woman, think I'm taking advantage of you? Why do you still want to protect me?"

"Shut up!"

"I'll do it!"

Su Chen has absolutely nothing to do with this moody crazy woman, but this is not the time to talk about this.

The Emperor of the Night actually started to take action regardless of Chu Liuxiang's life and death, so there is no use keeping Chu Liuxiang, an idiot.

"Chu Liuxiang, your master doesn't seem to care about your life or death." Su Chen untied Chu Liuxiang's dumb hole and said with a smile.

Chu Liuxiang was very scared when he looked at Su Chen.

This bastard was able to snatch her away from his master. Now seeing the sinister look on his face, he probably won't let him go. ,

Chu Liuxiang doesn't want to die yet, he has a master who is a half-step golden elixir realm super master, and his future will be bright in the future.

He is still the bandit commander Chu Liuxiang, the suave bandit commander Chu Liuxiang,

Chu Liuxiang pretended to be calm and said to Su Chen , "Wu Xiangjun, you'd better let me go, otherwise when my master defeats those land gods in the heaven and human realm, you will be worse than dead.""

"Dry tongue!"

Su Chen heard that Chu Liuxiang dared to threaten him at this time. It seemed that this idiot had not made any progress at all.

Su Chen took the Blue Blood Illuminating Danqing Sword and chopped off Chu Liuxiang's other arm, so that both sides of the idiot's body were symmetrical. Got it

"Ahhhh! Chu

Liuxiang shouted in pain and insulted Su Chen, "Wu Xiangjun, I want to kill you, I want to kill you!""

Chu Liuxiang saw that this bastard Su Chen cut off his remaining arm, which made Chu Liuxiang completely a useless person. I'm afraid his life will be meaningless in the future, and even his master Ye Di will no longer be able to care about him..Su

Chen stepped on Chu Liuxiang's body and said sarcastically,

"Chu Liuxiang, I won't let you die so happily"

"By the way, I know all about the anti-Soviet alliance organized by you and the bloody Hou Bai Yifei, Duan Yu from Dali, Xie Xiaofeng, and Hong Qigong from the Beggar Clan."

"Don't think what you are doing is so mysterious. I just wanted to catch all those who were hostile to me, so I didn't attack them."

"I also know the people you contacted very clearly. As long as the time is ripe, none of those people will leave with you."

When Chu Liuxiang heard Su Chen's words, she stared at Su Chen with wide eyes and said in fear,"Devil! demon! You are a devil!"

"Mr. Wu Xiang, you are so poisonous!"Bai Jing was very surprised when she heard Su Chen's words in front of Su Chen.

This bastard actually knew everyone's information that was detrimental to him. He even planned to wipe out all the anti-Soviet forces in one fell swoop early in the morning.

This bastard is really insidious. ,

I will rarely interact with such insidious people in the future.

Su Chen looked at Bai Jing and said with a speechless mockery,

"Bai Jing, no matter how poisonous I am, I am still my enemy. You, a moody woman, are the real poison. Bai Jing, I know everything you do, and I also know that Bai Feifei is not your biological daughter."

"How could you possibly know? How do you know that, you shameless bastard?" Bai Jing was very surprised when she heard Su Chen's words.

She didn't expect that this bastard Su Chen would know everything about her, and he also knew that Bai Feifei was not her biological daughter.

How could this bastard know all this?

Suddenly!

Bai Jing

She blushed when she thought of the powerful women associated with this bastard.

Bai Jing had heard that this bastard seemed to be collecting powerful and beautiful women everywhere. Basically, all the powerful and beautiful women in the world were She was harmed by this bastard.

Wouldn't this bastard really have any wrong thoughts about her?

Otherwise, why would this bastard know everything about her?

Bai Jing is in a very confused mood now.

If this bastard attacks her,

I'm afraid She really couldn't hide away.

There was no powerful woman here who was at the same level as her, or even stronger than her. If these women attacked her, I'm afraid she wouldn't even have a chance to resist.

Su Chen didn't pay attention. When Bai Jing blushed, he thought of some of Bai Jing's situations in movies and TV dramas and said with a smile, "I know all about the love and hatred between Happy King Chai Yuguan and you, but you were not disfigured by the fire. Yet? So your little face is still so smooth and delicate now? This can't be fake, right?"

"none of your business!"

"I'll do it!"

"You shameless bastard, stay away from me"

"Damn it, you are really moody."

Su Chen was really speechless when he saw Bai Jing changing his face again.

Is this moody woman really difficult for him to get along with? It's better to stay away from this crazy woman in the future.

In the palace square,

Ye Di faced Shi Guanyin and the others. Now it was a pressing fight, just a few moves.

Fairy Yunmeng, Hua Baifeng, Zhang Sanfeng and the others could no longer hold on.

If Shi Guanyin hadn't been restraining Ye Di, Fairy Yunmeng and the others would have been under Ye Di's attack. Already injured

"Damn, this old bastard Ye Di is so powerful." Su Chen looked at Shi Guanyin and the others who were being beaten by Ye Di and cursed.

If Jellyfish Yinji hadn't wanted Shi Guanyin and the others to feel the power of the Half-Step Golden Core Realm, Su Chen would have let the Jellyfish Yinji hidden around them not Ji took action.

After all, this was his women being bullied, and he felt very uncomfortable when he saw this.

But if he wants Shi Guanyin and the others to become stronger, this is probably the most effective and direct way.

Besides, there is Jellyfish Yin Ji Around him, Su Chen didn't have to worry about his women being killed or injured.

Bai Jing looked at the battle in the palace square and said helplessly, "Isn't this obvious? It has been decades since Ye Di entered the Half-Step Golden Core Realm."

"We are all still land gods in the heavenly realm, and that woman like you has only just advanced to the half step of the golden elixir realm."

"The more we practice in strength, the greater the gap becomes. It is natural that we are not Ye Di's opponents."

"I'll do it! Bai Jing, why don't you come?"

"Shameless! I just promised your daughter Su Yan to protect you, you shameless bastard, stop overthinking."

Chapter 820

When Su Chen saw Bai Jing staying by his side and not helping, Su Chen couldn't help but ask Bai Jing, but he didn't expect that this crazy woman actually said that she was protecting herself.

Did he use Bai Jing's protection now? ?

But his women are protecting him now. Isn't Bai Jing from the Ghost Palace just lazy?

Bai Jing is also blushing a little now.

Although she is here to protect this bastard, it seems like she is really lying now.

After all, this bastard is not in any danger now.

If Ye Di doesn't defeat or kill those women, he probably won't be able to threaten this bastard.

Su Chen saw that Shi Guanyin might not be able to hold on for long, so she handed the sword to Bai Jing and said, "Bai Jing, take my sword and give it to Shi Guanyin."

"sword? Shi Guanyin used palm skills. Did she use your sword?" Bai Jing was very speechless when she looked at the sword that Su Chen handed her.

She could see that Shi Guanyin used palm skills.

Wasn't this bastard trying to cause trouble?

If Shi Guanyin's sword skills were powerful, why didn't she bring a sword? ?

Seeing Bai Jing's confused look, Su Chen put the sword into Bai Jing's hand and said, "You don't have to worry about this, just leave it to her."

When Su Chen grabbed Bai Jing's hand and put the Blue Blood Sword into her hand, he took the opportunity to touch her little hand.

Bai Jing had been quarreling with him, and this time he also wanted to take possession of her. Cheap.

Holy shit!

This Bai Jing's little hands are really soft and fair. I wonder how she takes care of them?

"Shameless!"

"Damn it, what happened if I touched your hand? Don't you touch the enemy when you fight with them?"

"You are such an shameless bastard!"

Bai Jing is completely helpless with this bastard Su Chen.

Now she is very sure that he is trying to catch her attention. It seems that she will have to be more careful with this bastard in the future. She will leave immediately after this incident. She doesn't want to do it again. I met this bastard.

Bai Jing took Su Chen's sword and glared at Su Chen in shame. She disappeared in front of Su Chen. When

Su Chen saw Bai Jing going to give Shi Guanyin the sword, he wanted to see it. Let's see for a while if Shi Guanyin uses the True Ice Falling Technique of Heavenly Ice Falling to the Earth, how powerful the True Ice Falling Technique used by a half-step golden elixir realm will be.

Crack!

When Su Chen saw Chu Liuxiang stopped screaming, he screamed. Su Chen stepped on one of Chu Liuxiang's legs.

Su Chen was not going to make it easy for Chu Liuxiang. If he didn't torture him this time, he would be sorry for this idiot's threat to him and his daughter Su Yan.

"Ahhhh!"

"Mr. Wu Xiang, kill me, kill me!" Chu Liuxiang's leg bones were crushed by Su Chen's kick. He yelled at Su Chen in pain,

"Don't worry, I will kill you, but this will happen later. Scream now, or I will crush your other leg bone." Su Chen looked at Chu Liuxiang who was sweating profusely and in pain and said with a smile.

Su Chen wanted to disturb Ye Emperor's mind. Although he couldn't help in this battle with Ye Emperor, he could distract Ye Emperor. It's also good, at least it can help Shi Guanyin and the others relieve some pressure.

At this time,

Shi Guanyin also got Su Chen's Blue Blood Sword.

When she got the sword, she knew what Su Chen asked her to do.

The four emperor-level swords

She also only practiced the Divine Sword Controlling Thunder True Art and the Heavenly Ice Falling to the Earth True Art, and this time she really wanted to use the Heavenly Ice Falling to the Earth True Art. After all, she was very proficient in practicing this sword art.

Shi Guanyin held the Jade Blood Photo Danqingjian said to Fairy Yunmeng, "Yunmeng, you guys block the Night Emperor's three-breath time for me."

"OK, no problem!"

Fairy Yunmeng, Hua Baifeng, and Bai Jing all nodded and said.

Zhang Sanfeng dodged Ye Di's attack and said, "There is no problem here, old Taoist!"

"Pretending to be mysterious!"

Ye Di looked at Shi Guanyin holding the sword and said disdainfully.

Ye Di was a little worried now.

When he was fighting these women just now, a powerful aura kept locking him. Although he did not attack him, Ye Di Emperor guessed that the powerful man who did not appear must have sneaked up on him.

This was also why he did not use all his strength when fighting these women.

The person hidden around him was about the same strength as him, or even slightly stronger than him. He It won't capsize in the gutter.

At this time,

Shi Guanyin above the palace square held up the Blue Blood Illuminating Painting Sword and began to gather his skills to prepare to send out the Heavenly Ice Falling to the Earth formula.

Boom, boom, boom, boom!

Shi Guanyin began to gather his skills to urge the sky to move. After the ice fell to the ground, there was a burst of thunder in the sky.

Suddenly,

Shi Guanyin in the air said loudly,

【Nine days of pure cold! Thousands of miles of ice crystals! Call the sky for ice! Falling to the earth! 】

After Shi Guanyin said the secret formula of the sky ice falling to the ground, huge pieces of ice suddenly appeared above Shi Guanyin, and ice spears shining with cold light behind these ices also appeared along with the huge ice.

The people in the palace square must have heard the strange phenomenon in the sky and all exclaimed.

"Oh my God, is that woman a fairy? How could she summon an ice attack?"

"Is this a miracle?"

"It's so scary, so freezing cold. Who can catch such an attack?"

"cold! It's really, really cold. It's summer in August. It's unbelievable."

"What are you doing here? Hurry up and hide. The ice in the sky is not just for you to look at. This is the attack of that terrifying woman."

"I'll do it! Run!"

"Go to the east side of the palace quickly, otherwise we will all be crushed to death by the ice."

On the high platform in the palace square,

Emperor Ming, Zhuge Zheng and others were stunned when they saw the huge ice in the sky.

The ice in the sky was numerous, even very huge. If All the ice hit the palace.

I am afraid that the Forbidden City of the Ming Empire would be completely destroyed.

The Ming Emperor looked at the palace in surprise and murmured to himself,"How is this possible? Are land gods in the heavenly realm really so powerful? How could he summon so many huge pieces of ice?"

"This is so powerful, it simply subverted my imagination."Zhu Wuwu took a breath of air and said.

Although Zhu Wuwu is very conceited, he is self-aware when facing the strong men in the Heavenly Realm, and he also has the opportunity to advance to the Heavenly Realm.

Although he has feelings for the strongmen in the Heavenly Realm. Fear, but it is not impossible for him to defeat the land gods in the Celestial Realm in the future.

But facing such attacks from gods, he is really very powerless.

Zhuge Zheng and I also looked very frightened. Such an attack is probably the result of Celestial Beings. Even the gods and goddesses in this realm cannot escape.

Zhuge Zhenga looked at Shi Guanyin holding a long sword in the air and said silently, "Master Marquis, this may be a powerful sword art, even a sword art above the king level."

"No matter what sword technique it is, the Daming Palace is really going to suffer this time"

"Yes, if that woman could control the ice in the sky, the damage to the palace might be less. If she couldn't control the ice in the sky, I'm afraid the Ming Palace would be destroyed."
