### Chapter 821

In the Daming Palace Square, as Shi Guanyin's attack was about to be completed,

Night Emperor was also locked by Shi Guanyin's Heavenly Ice Falling Art. It was impossible for him to dodge this terrifying attack now.

Either Ye Di can resist this terrifying attack, or he will be completely annihilated by this terrifying attack.

Ye Di's face is very ugly now.

He knows that this sword technique is an emperor-level sword technique. This is an emperor-level sword technique that has never appeared in Tianxuan Continent.

This woman, Shi Guanyin, actually knew the Imperial Level Sword Technique.

This time, he miscalculated.

He had no confidence in taking on this terrifying sword technique.

It's just that now he has been locked by the Heavenly Ice Falling to the Earth True Art, and he cannot break free from the lock of the Imperial Sword Art.

Ye Di can only deal with this crisis with all his strength now.

He now hopes that Shi Guanyin will not be able to unleash the full power of the emperor-level sword technique.

Fairy Yunmeng, Hua Baifeng, Bai Jing, Zhang Sanfeng and others locked in Shi Guanyin's eyes on Queen Ye.

They all quickly retreated to Su Chen.

The place in Yedi is very dangerous.

If they stay, they may be attacked by Shi Guanyin indiscriminately. Then their death may be in vain.

Bai Jing returned to Su Chen and looked at him in surprise and asked,

"Is this why you gave Shi Guanyin the sword? Did you know that Shi Guanyin has such a powerful sword technique?"

Su Chen saw Hua Baifeng, Fairy Yunmeng, and Zhang Sanfeng looking at him, and he knew that Fairy Yunmeng and the others also wanted to know.

Fairy Yunmeng hadn't gone to Gusu City yet, so she didn't know these emperor-level sword techniques yet.

Only when she goes to Gusu City can she learn the four great sword techniques, as well as other king-level skills and martial arts in the arsenal.

He smiled and nodded to Bai Jing and said, "Of course, these are the four great swords of our Su family. One of the techniques is the Heavenly Ice Falling to the Ground True Technique. This is a powerful sword technique that only our Su family can practice."

"The Four Great Sword Techniques? So there are three more powerful sword techniques?" Bai Jing was shocked when she heard Su Chen's words and continued to ask,

"uh-huh!"

When Bai Jing, Hua Baifeng and others heard Su Chen's answer, their hearts tumbled. One such sword art is very powerful, but this bastard actually has four major sword art in his family.

This bastard is really going to defy the heavens.

At the gate of the palace, women such as Lu Xiaofeng and Shangguan Haitang stared at Shi Guanyin with their mouths open.

They were all stunned by Shi Guanyin's sword technique. Just now, Su Chen asked Bai Jing to give Shi Guanyin the sword. Everyone has seen it.

Does Su Chen know that Shi Guanyin has such a powerful sword technique?

Isn't this supposed to be a kind of magic?

Zhu Qiqi looked at Shi Guanyin in the air and asked Su Yan next to him, "Do you want to do this?" Horrible? Girl Su Yan, are all your aunts so scary?"

Su Yan said with some pride, "What's the matter? Although I don't know this sword technique, I know the Divine Sword Control Thunder True Technique, which is the most powerful sword technique among the four sword techniques."

Su Yan is actually only practicing the Divine Sword and Thunder Controlling Art and the Ghost and God Slaying Art, and she is very proficient in the Ghost and God Slaying Art. She is also new to the Divine Thunder Controlling Art, but the tricks of the Immortal Thunder Controlling Art are very cool. She also likes the Divine Sword and Thunder Control Technique very much

"The True Sword Controlling Thunder Technique? what is it?" Yilin is now leaning on Zhou Zhiruo like a timid little rabbit and asked,

"Do you want to know?"

Su Yan turned his eyes and asked with a sly smile.

Lu Xiaofeng, Ximen Chuixue, and Sikong Zhaixing knew the true secret of controlling thunder with the divine sword. Su Chen had used the sword secret that summoned black thunder and lightning. That powerful sword secret The sword art is a bit unnatural for them to think about now.

It is no longer a sword art, it is an immortal technique!

Whose sword art can summon terrifying thunder and lightning attacks?

"Um!"

"Want to know!"

"I also want to know!"

"Su Yan, girl, tell me!"

"Tell me!"

Yilin, Shangguan Haitang, Princess Yunluo, Wuqing, Zhou Zhiruo and others who didn't know all looked at Su Yan. They all looked at how terrifying the most powerful sword art of the four major sword arts, the Divine Sword Controlling Thunder Zhenjue, was.

"Shangguan Haitang, you will catch me in the air soon, do you understand?"

"What?"

"You'll find out in a moment."

Su Yan took out her Purple Fox Sword and appeared in the air with a single step.

She is now in the realm of innate Dzogchen cultivation. She should not be unable to use the castrated version of the Divine Sword and Thunder Control Technique this time.

Su Yan is here After gathering his power and activating the Divine Sword and Thunder Control Technique, another strange phenomenon appeared in the sky, and black clouds rolled up from the sky.

After a while, one side of the palace square fell into darkness.

Su Yan stood in the air with a serious face. Then he raised his purple fox sword and said,

"Jiutian Xuansha! Turn into divine thunder! Brilliant Heavenly Power! Lead it with your sword!"

Boom, boom, boom. Black thunder and lightning suddenly appeared in a corner of the palace square. The black thunder and lightning kept rolling in the air. The black thunder and lightning roared and shook the buildings in the palace. The current palace square In the sky above, on one side is the huge ice field that is about to fall to the ground, and on the other side is the continuous roaring of black thunder and lightning. Such a vision of heaven and earth made everyone in the palace feel a little demented.

It was like the end of the world. , making everyone in the palace square tremble.

"Is this the True Sword Controlling Thunder Technique?"

"It's too powerful. Su Yan only has innate cultivation and can use such a powerful sword technique. If it were used by a grand master or someone with the strength of the Heavenly Realm, I'm afraid the entire imperial capital would be destroyed."

"It's so powerful. I feel like it's no match for Su Yan."

"Is this magic?"

Zhou Zhiruo and Shangguan Haitang were so surprised that they couldn't open their mouths from ear to ear when they saw the Divine Sword and Thunder Control Technique used by Su Yan. They didn't expect that Su Yan at such a young age could use such a powerful sword technique.

Palace Square Everyone on board looked at two beautiful women and girls, one big and one small, in the air. Both of them issued sword techniques that caused strange phenomena in the world. Such powerful sword techniques opened the eyes of the people here.

Su Chen I didn't expect that Su Yan would come out to cause trouble at this time. This time Su Yan should be using the castrated version of the Divine Sword Controlling Thunder True Art. The power is far different from Shi Guanyin's Heavenly Ice Falling to the Earth True Art.

But Su Chen saw that Su Yan Yan smiled in the direction he faced.

The Ming Emperor might be in trouble soon.

The Ming Emperor was protected by Zhuge Zhengwo and Zhu Yiyi. Although Su Yan's attack could not kill the Ming Emperor, it was enough to scare the Ming Emperor. Peed.

Fairy Yunmeng and Hua Baifeng looked at Su Yan and were very speechless.

A little girl could use such a powerful sword technique, which made them, land gods in the heaven and human realm, very uncomfortable.

"The true secret of Heavenly Ice Falling to the Earth, go!" Shi Guanyin remembered to look at Ye Emperor after activating all the techniques of Sky Ice Falling to the Earth. In the sky, after Shi Guanyin pointed his sword at Ye Emperor, huge pieces of ice in the sky fell towards Ye Emperor.

Swish swish swish.....

In the extreme, the sound of the fall was so loud that everyone in the palace square covered their ears.

Boom boom boom boom boom.....

When Emperor Ye saw the huge ice falling from the sky, he hurriedly waved his palms to attack the ice that hit him.

After Ye Di shattered dozens of huge ices,

Shi Guanyin suddenly waved his sword and said,

"Ice field! The ultimate ice realm!"

The huge pieces of ice turned from blue to more and more transparent, and even the ice falling from the sky froze the surrounding air, and the high-rise buildings in the Palace Square were directly blocked by ice.

## Chapter 822

The palace square is now filled with biting cold air.

The Ming Empire Palace in August is now colder than winter. People without martial arts skills are now shivering from the cold and their lips are blue.

Ye Di originally shattered the huge ice that rushed towards him, so he thought that these ices were too powerful but not powerful enough.

But after Shi Guanyin cast the ultimate ice field.

It was becoming increasingly difficult for him to break the huge ice, and the cold air around him was even more biting cold.

Boom boom boom!

"Damn it, these ices are getting harder and harder." Ye Di frowned and cursed as he kept breaking the ice hitting him.

If Ye Di could have broken more than ten ices with one palm just now, now he can only break a few ices, and there were less and less broken ice, and the ice in the air became more and more biting and cold, and also more transparent and hard.

Boom boom!

Bang!

After the Night Emperor shattered hundreds of huge ice, finally a huge ice handle Emperor Ye was smashed down from the air. After Emperor Ye was hit by the ice, the ice kept hitting Ye Emperor after he landed on the ground.

"Ice spear! go!" After Shi Guanyin saw Ye Emperor being hit by the huge ice, she waved her sword and pointed at Ye Emperor again and shouted, swish, swish, swish.....

Ice spears like spears filled with biting cold air shot from the sky towards Ye Di like a rain of arrows.

Everyone in the Palace Square was demented.

Such a powerful attack made everyone here very frightened.

After the Night Emperor was smashed from the sky, the huge number of ice spears made these people even more frightened. Fear, the gleaming bone-piercing ice spears looked frightening.

At this time, Su Yan also started to activate the Divine Sword and Thunder Control Technique.

Her internal energy was not much to begin with, and she was about to run out of it. At that time,

Su Yan pointed his long sword towards the Ming Emperor and shouted,

"Divine Sword Controlling Thunder True Technique, go!"

Boom, boom, boom!

The power of Su Yan's attack is much weaker than Shi Guanyin's Heavenly Ice Falling Art, but in the terrifying form of black thunder and lightning, such an attack is also very scary. The black in the air The thunder and lightning roared and struck from the air towards the high platform where the Emperor of Ming Dynasty was. This time Su Yan did not use the Divine Sword to Control Thunder to target anyone.

She also knew that her attack might not be able to kill the masters there, and even the Emperor Ming Dynasty who was protected by the masters. Even she can't be killed.

After all, her cultivation level is too low. Such an attack only looks scary, but in fact it doesn't have much power.

"Lord Protector! Quickly protect the Holy One!"

On the high platform of the Palace Square, people here were watching the battle between Night Emperor and Shi Guanyin in horror, but they didn't expect that Princess Su Yan would attack here.

Black thunder and lightning roared from the sky. When we were on the high platform, people here were hiding everywhere in confusion.

"Run away! This is magic!"

"Run away, run away, this is God punishing us"

"It's so scary, why can't I leave?"

"Me too, my legs are weak"

"Walk! Otherwise, wait here to die!"

The eunuchs, officials, imperial guards in the Ming Dynasty Palace, as well as the tens of thousands of imperial troops guarding the high platform, all screamed and fled in all directions.

Zhuge Zhengwo and Zhu Yi ignored them, and these masters immediately guarded the emperor and fled here. , but the speed of the black thunder and lightning is extremely fast.

Before everyone here can escape a few steps, the black thunder and lightning roars down.

Boom boom boom!

The entire high platform is drowned by the roar of black thunder and lightning.

On the palace square The people on Jianghu and Su Chen's side were so shocked that they were numb when they saw the situation here.

Just now, Shi Guanyin's attack made them tremble with fear, and now the little princess Su Yan's thunder and lightning attack made these people even more scared. It feels very unreal.

A little girl of six or seven years old can actually summon thunder and lightning attacks.

Is this little princess the reincarnation of a god?

On the palace square, on one side are cold ice spears shooting into the sky like missiles, killing the Night Emperor. On one side, black thunder and lightning roared and attacked everyone on the high platform of the square. Boom, boom, boom, boom!

All the people in the Ming Dynasty Capital looked towards the direction of the Ming Palace. They, the people, did not know what was happening in the palace.

Just looking at the strange phenomena in the sky, they were very scared.

Many people even speculated whether Emperor Ming had done something outrageous.

Could these be God's punishment for Emperor Ming?

In the palace square,

Fairy Yunmeng looked at the strange things in the sky. Su Yan was very worried.

Su Yan couldn't hold on anymore.

Su Yan's face was pale and he was even swaying in the air. He might fall from the air accidentally.

"Husband, will Yan'er be fine?"

Su Chen was speechless when he looked at Su Yan.

Su Yan must be doing this this time because he wanted to show off. This little girl is really not worrying at all.

Su Chen saw that Shangguan Haitang and Zhu Qiqi were both the same. The deputy was ready to catch Su Yan, and he smiled and said to Fairy Yunmeng,

"It didn't matter, she was just about to run out of internal energy. With Shangguan Haitang, Zhu Qiqi and the others here, Su Yan would be fine."

Hua Baifeng and Bai Jing looked at Princess Su Yan's complex expressions.

A little girl can release such a powerful attack at such a young age.

Although the powerful sword attack is very powerful, it also depends on the talent.

There are A person has powerful sword techniques, but it is useless if he cannot learn them.

However, Su Yan can learn such a powerful sword technique at the age of six or seven, which shows how powerful her martial arts talent is.

Zhang Sanfeng's eyes flashed when he looked at Su Yan. With a glow of excitement, he really made a wise decision this time.

Although he ruined a Song Qingshu this time, he exchanged the arrogant and rebellious Song Qingshu for the Wudang Sect's peace of life.

Even in the future, the Wudang Sect will rely on Su Princess Yan will continue to grow, which makes Zhang Sanfeng very happy now.

You must know that Princess Su Yan will be the direct heiress of Lord Wu Xiang in the future.

No matter how many children Wu Xiang Lord has in the future,

I am afraid that Princess Su Yan will In the eyes of all the generals and subordinates of Wu Xiangjun, he is the most ideal heir.

Princess Su Yan's status is probably unshakable by anyone.

Boom boom boom!

At this time,

Su Yan can no longer hold on.

Her current All her internal strength was exhausted.

Although the Divine Sword and Thunder Controlling Art was activated this time, it was completely different from what she thought. The castrated version of the Divine Sword and Thunder Controlling Art was too weak, although it looked powerful. It's huge, but she knows it's just a frightening thing.

These black thunder and lightning can't hurt those with a master's level or above.

Even those with an innate level of cultivation can only be seriously injured, but they can't kill her. After all, she is only in a large area this time. The attack did not target anyone

"pick me up!"

Su Yan shouted to Shangguan Haitang and the others when he fell from the sky.

Shangguan Haitang took a step forward and hugged Su Yan who fell down and said with a smile,"I know, you little girl really made us happy. Surprised."

Su Yan smiled playfully as he was hugged by Shangguan Haitang and said,

"hey-hey! This is just a thing to scare people. Although I can use the castrated version of Divine Sword and Thunder Control, it looks scary but in fact it doesn't have much power and cannot kill powerful people."

"This is enough to surprise us. If you really killed a powerful person, the rest of us would be so embarrassed that we would not dare to face you, a little pervert."

## Chapter 823

Shangguan Haitang shook his head helplessly when he heard Su Yan's words.

Even powerful people like them could not launch such a powerful attack, but this little girl could actually do it.

She even launched such a terrifying attack completely.

You must know that she is only six or seven years old, and she is still at an innate level of cultivation. Although this attack is actually not very powerful, if Su Yan becomes stronger in the future, such a powerful sword She can send out the secret at any time.

This is a powerful trump card.

Those enemies who have to deal with Su Yan in the future will probably have to think about whether they can accept such a terrifying attack when facing Princess Su Yan.

When Shangguan Haitang came back with Su Yan in her arms, women like Zhou Zhiruo looked at Su Yan with expressions that looked like monsters.

This little girl is so unbelievable.

As Su Yan's strength continues to increase in the future, I am afraid that Tianxuan Continent will be Su Yan's world in more than ten years.

On the high platform in the palace square, as Su Yan was picked up by Shangguan Haitang from the air, The black lightning that struck the high platform of the Palace Square gradually disappeared.

It's just that the high platform is now in a mess, and even the corpses of the Forbidden Army are everywhere. Thousands of the corpses of the Forbidden Army are lying in a mess beside the high platform. Some corpses are even burnt by lightning attacks.

Zhuge Zheng and I look at the extremely embarrassed Ming Dynasty. The emperor hurriedly asked, "Your Majesty, are you okay?"

"I'm fine!"

The Emperor of the Ming Dynasty is now so weak that he can't even stand. If Zhuge Zhengyi and Cao Zhengchun hadn't supported him, I'm afraid he would have collapsed on the ground. The

Emperor of the Ming Dynasty looked at the destroyed high platform, surrounded by The Forbidden Army and ministers were all killed and injured.

This made him very scared.

If it weren't for Zhuge Zheng and his guards this time, I'm afraid he might have been killed by thunder and lightning from the sky.

He didn't expect the young Su Yanjun The Lord would launch such a terrifying attack, this is thunder and lightning!

How could Princess Su Yan summon thunder and lightning?

Zhuge Zhengwo, Zhu Yiyi, Cao Zhengchun and the others looked at each other with fear on the Ming Emperor's face.

They all knew that this time The Emperor of Ming Dynasty was really frightened.

He was surrounded by black thunder and lightning.

Not to mention the powerless Emperor of Ming Dynasty, even the great masters were very frightened.

If it weren't for the attacks of these black thunder and lightning, they would just look very scary. , In fact, it does not have much power.

I am afraid that the great masters like them will be torn apart by lightning. Zhuge Zheng and the other great masters looked at Princess Su Yan in the distance with very complicated expressions.

A little girl of six or seven years old was practicing innate cultivation. At this level, she can use such a powerful sword technique.

Although the sword technique attack this time is not very powerful, you must know the innate strength of Princess Su Yan, and she is still a child of six or seven years old.

If ten years later What?

Princess Su Yan mainly wants to advance to the Grand Master, or even the Heavenly Realm. I am afraid that no one in the world can be her opponent.

Not to mention Princess Su Yan's father Wu Xiangjun, and those terrifying and powerful women of Wu Xiangjun , these people are the strong backing of Princess Su Yan, and they still support Princess Su Yan unreservedly. Princess Su Yan will need millions of troops in the future, and strong masters. There are probably hundreds of Grandmasters and Grandmasters, and there are also several super masters in the Heavenly Human Realm and even the Half-Step Golden Core Realm.

If Tianxuan Continent's surname is Su in the future, then Princess Su Yan will be the future of Tianxuan Continent. Empress.

Boom boom boom!

And the Night Emperor has been shot by the ice spear for a quarter of an hour now.

As Shi Guanyin's internal energy is consumed, the attack of Tianbing's True Art of Falling to the Ground is slowly stopping, and the sky has already It stopped condensing the ice spears, and the already condensed ice spears made a final attack on the Night Emperor who was surrounded by ice.

Whoosh!

Shi Guanyin appeared from the air and appeared next to Su Chen.

Her true energy was almost exhausted. , she no longer has the ability to fight Emperor Ye again.

As for the battle with Emperor Ye this time, she felt that Emperor Ye could not be killed by her, but I am afraid that Emperor Ye was also seriously injured now.

This time she killed Tian Bing The true magic of falling to the ground was used to the extreme, and even her true energy was almost exhausted.

"It's okay, right? Su

Chen hugged Shi Guanyin and asked with concern.

Shi Guanyin waved his hand to Su Chen and said with a smile, "It's okay, I just don't have any real energy.""

"Eat this!" When Su Chen heard Shi Guanyin's words, he took out a red fruit and gave it to her and said,

"Hahaha! Husband, you still have your red fruit!"

"There are many more. These can quickly restore your true energy. Keep these three. If you are injured or your true energy is depleted in the future, take one."

"Um!"

Shi Guanyin took the three red fruits without being polite to Su Chen.

After all, Su Chen is her husband, and they are one and the same. They are a family.

Su Chen was not stingy with Fairy Yunmeng, although Yunmeng The fairy had the red fruit that Su Chen gave her, but Su Chen gave three more red fruits to Fairy Yunmeng.

After all, Fairy Yunmeng was also her and his woman, and they would not ignore his women.

Hua Baifeng and Bai Jing was very surprised when she saw the heaven and earth spirit fruit full of aura that Shi Guanyin ate. The heaven and earth spirit fruit is a rare treasure.

They did not expect that Su Chen would have the heaven and earth spirit fruit, and there might be a lot of them.

They Looking at Su Chen, he wanted to ask this bastard for some.

After all, the Heaven and Earth Spirit Fruit is a treasure that heals wounds and restores true energy.

Boom boom boom!

In the palace square,

Ye Di, who was covered with thick ice, broke the ice. Just appeared in the square, but now he no longer looks like an outsider. Now Ye Di is as embarrassed as he wants.

Ye Di is now covered in tattered clothes, and his white hair is messy, and even There were two ice spears stuck in the body.

One of the two ice spears penetrated Ye Di's chest and the other was inserted into Ye Di's thigh.

Blood was still flowing out of Ye Di's mouth.

Boom!

Ye Di's body The shock shattered the ice spears on his body.

He quickly tapped several acupuncture points on his body to stop the bleeding wounds.

Ye Di looked at Shi Guanyin with a ferocious expression and was very angry.

He did not expect that He would be seriously injured by this woman.

He didn't care about these women before, but he didn't expect that this Shi Guanyin would have an emperor-level sword technique.

He really fell into trouble this time.

He thought that he was in trouble. In the hands of ants that can be easily crushed to death

"You all deserve to die!"

"Yo! Ye Emperor, you are really in a sorry state. Is this the same Ye Emperor who looked like a master from before? And now that you are seriously injured, do you think you can still kill us?"

Chapter 824

Su Chen looked at the miserable Ye Emperor and shook his head.

Now Ye Emperor posed no threat to him.

After the arrival of Jellyfish Yinji,

Su Chen was not afraid of Ye Emperor at all, although Su Chen now relied on His woman, but being able to rely on one's own woman is also a skill.

He will not go out to fight and kill at every turn now.

Su Chen's army of millions has countless masters, and even his women are stronger than the last.

After this war with the Black Bird Guards,

Su Chen knew that he might not have many chances to take action in the future, otherwise the secret guards, shadow assassins, Black Bird Guards, and even millions of troops who protected him would think they were incompetent. And allowing himself to take action would severely damage the confidence of his men who were guarding him.

When Emperor Ye heard Su Chen's words, he said with an ugly face,

"Even if I am seriously injured, I can still kill you."

"laugh! Ye Di, you are talking nonsense again." Su Yan hugged Shi Guanyin and sneered at Ye Di.

Hua Baifeng, Bai Jing, Fairy Yunmeng, and Zhang Sanfeng were all standing in front of Su Chen and Shi Guanyin and looked at Ye Di warily.

None of them thought about Ye Di. He has been seriously injured, but his aura is still so strong. It seems that there will inevitably be another battle soon.

"Damn it, Mr. Wu Xiang, I won't kill you easily. I'll let you have a taste of Ming Dynasty's torture."

"Yeah? Do you have this ability?"

"No one can stop the person I want to kill."

At this moment, a woman in white suddenly appeared in the palace square.

She looked at Emperor Ye with a cold expression and asked,

"Yeah? Why don't I believe it?"

Ye Di saw the appearance of a beautiful woman who not only looked beautiful, but also had a very noble temperament.

This made him very uneasy.

This powerful woman had been hiding around her, and she also had a very strong interest in him. Great hostility.

But he didn't remember provoking this powerful woman.

Su Chen smiled when he saw Jellyfish Yinji appear.

Ye Di was seriously injured now, and there was no need for Jellyfish Yinji to hide anymore.

She was not injured in the first place. I'm afraid Ye Di is no match for Jellyfish Yin Ji.

Now that Ye Di has been seriously injured, Jellyfish Yin Ji will probably be very embarrassed if she wants to kill him.

Shi Guanyin was very unnatural when he saw Jellyfish Yin Ji appear.

After all, Jellyfish Yin Ji used to Ji is a perverted woman. She was caught by Jellyfish Yinji, and she was also threatened by Jellyfish Yinji to do those things.

Even this perverted Jellyfish Yinji has been looking for her for decades.

Although there is no relationship between them She did those things, but she was still very frightened by this perverted woman.

Fairy Yunmeng, Hua Baifeng, and Bai Jing saw a woman who was more powerful than them appear, and they all looked at Su Chen involuntarily.

This The bastard must know who this powerful woman is, and this powerful and beautiful woman may even be this perverted woman.

Everyone here saw another powerful woman appear in Su Yan, and this woman's appearance was obviously to help Wu Xiangjun This made them look at Su Chen and twitch their mouths.

They really admire Wu Xiangjun's love luck. All the powerful and beautiful women in the world will be deceived by this bastard.

This bastard He is a beauty nemesis. No beautiful and powerful beauties can escape from the clutches of this bastard.

When Su Yan saw the jellyfish Yinji appearing, he touched her chin and thought, she had never seen this woman before, and she looked like Shi Guanyin is afraid of this woman.

Then this woman may be Jellyfish Yin Ji, that beautiful woman who likes women.

Bai Ruobing (Marquise), Shui Rou (Mrs. Ye Di), and Shi Guanyin here, even all the time She knew all these people about Donghuang Taiyi who was hiding his head but showing off his tail. Only Jellyfish Yinji was unknown to her.

Su Yan thought that his father could handle such a perverted woman, and now she didn't know whether to praise her father or his father. He scoffed at the ability to flirt with women.

Huh?

No!

There are several women here.

Bai Jing from the Ghost Palace came here after making a deal with her. So what is the relationship between Hua Baifeng and Fairy Yunmeng and her father? How do they do it?

Will come to help her father.

Su Yan squinted at Hua Baifeng and Fairy Yunmeng and guessed in his heart, wouldn't Hua Baifeng and Fairy Yunmeng be his father's confidante?

This is indeed very possible, and this At that time,

Emperor Ye felt the breath of Jellyfish Yin Ji and asked nervously,

"It's you? Was it you who had been hiding in the palace just now? Why are you hostile to me? He even locked me with his breath when I was fighting."

"Because we are enemies!" Jellyfish Yinji looked at Su Chen, smiled and said to Ye Di. When

Ye Di heard Jellyfish Yinji's words, his face became gloomy.

He didn't expect that this woman really came with bad intentions, but in his memory, he had never offended her. Such a powerful woman?

How could this woman be so hostile to him?

"I don't remember when I offended you. Who are you?"

Jellyfish Yin Ji proudly said to Ye Di coldly,

"Shenshui Palace, Jellyfish Yinji!"

"hiss! you.....Are you the jellyfish Yin Ji who will be equally famous in the future?"Yadi took a breath when he heard Jellyfish Yinji's words.

He knew that Jellyfish Yinji was a perverted woman, but he didn't expect that Jellyfish Yinji would come to trouble him.

Although Jellyfish Yinji didn't become a Ming Dynasty earlier than him, but She is very powerful.

If he hadn't been seriously injured decades ago, he wouldn't be afraid of Jellyfish Yinji now.

But his cultivation has been stagnant for decades, and Jellyfish Yinji's strength has exceeded Him.

If Jellyfish Yinji really wants to kill him this time, I am afraid that he, who is seriously injured now, will not be able to escape the pursuit of this perverted woman.

Jellyfish Yinji shook her head when she heard Ye Di's words.

She will not be her opponent in the future. , had it not been for the guidance given to her decades ago, Jellyfish Yin Ji would not have achieved what she has today.

In the future, she will be the most powerful woman in Tianxuan Continent, but she has always lived overseas [Changchun Island], otherwise All the old Jindan realm monsters in Tianxuan Continent will be defeated one by one in the future.

Jellyfish Yinji looked at Ye Di and said with a disappointed expression,

"Same name? wrong"

"In the future, you will be a real strong man in the Golden Core Realm. If you were not injured decades ago, you would probably be able to advance to the Golden Core Realm."

"However, the aura of heaven and earth in Tianxuan Continent has been cut off. If you don't find the aura treasures in the secret land, you won't be able to advance to the Golden Core Realm."

"And now that you are seriously injured again, the Golden Core Realm is completely out of reach for you."

When Ye Di heard Jellyfish Yin Ji, a smile appeared on his face and he said with a smile,

"Hahaha! Decades ago, I was defeated by the future and I was convinced. Even if I was seriously injured and could not advance to the Jindan realm, I did not resent the future."

"Night Emperor? Your name as Night Emperor was probably derived from your future, Zhu Gaoyou! The half-brother of Zhu Gaochi, the fourth emperor of the Ming Dynasty."

Chapter 825

Jellyfish Yin Ji looked at Ye Di with some curiosity.

Although Future Day and Ye Di were contemporaries, Future Day became famous first after all, and those who become famous are called Future Day.

And what about the Night Emperor Zhu Gaoyou?

After he became famous, he was not called Emperor Ye.

Could it be that Emperor Ye had any evil thoughts about his future? Ye Di was not surprised when he heard Jellyfish Yin Ji call out his former name. It was not surprising that someone knew about what happened decades ago, but this name made him feel a little dazed. He smiled with a nostalgic look in his eyes and said,

"I didn't expect you to know my previous name, Zhu Gaoyou, haha! I almost forgot this name."

Su Chen became more and more interested in listening to the conversation between Jellyfish Yinji and Ye Di.

Ye Di's real name was actually Zhu Gaoyou, and he was the half-brother of Zhu Gaochi, the fourth generation imperial palace of the Ming Dynasty.

This time was long enough, and now Emperor Zhu Houzhao of the Ming Dynasty is the tenth generation. It has been a hundred years, right?

And Emperor Ye was defeated by the future decades ago, and was even seriously injured and never advanced to the Golden Core realm, but Emperor Ye did not resent the future. , this is a bit unreasonable?

Does Ye Di have any wrong thoughts about the future?

Otherwise, it is impossible for him not to resent the future.

This is the cultivation realm that has prevented Ye Di from advancing to the Golden Core realm. How could Ye Di possibly Don't you resent the future that hurt him?

Su Chen felt that he might hear some secrets this time, but is that future the future he thought of?

I'm afraid this future will be different from the one in movies and TV shows.

In Tianxuan Continent Both Shi Guanyin and Jellyfish Yinji have changed, and it is impossible that they will not change in the future. I am afraid that they will not have anything to do with Daqimen in the future. Otherwise, Chu Liuxiang, an idiot, may know him in the future, and even that guy Yunzheng will appear.

Jellyfish Yin Ji looked at Ye Di and said coldly,"I will give you ten breaths of chance to escape. After ten breaths, I will hunt you down.""

"Jellyfish Yinji, can you tell me what hatred there is between us?"Ye Di didn't expect that Jellyfish Yin Ji was bent on killing him this time.

Ye Di was never a match for Jellyfish Yin Ji, and now he is seriously injured by Shi Guanyin using the emperor-level sword technique. I'm afraid he won't be able to escape within ten breaths." Not far away.

Jellyfish Yin Ji looked at Su Chen and smiled softly and said,"You want to kill my husband, what hatred do you think we have?"

"Husband? Mr. Wu Xiang? Are you actually married? And married to the bastard Wu Xiangjun? No wonder, no wonder!"

Ye Di looked at Su Chen with a surprised look on his face.

He didn't expect Wu Xiangjun and Su Chen to take down this perverted woman. You must know that Jellyfish Yinji doesn't like men, but now it's Wu Xiangjun who is this bastard. Madam.

This made Ye Di look at Su Chen and feel that this pretty boy Wu Xiangjun was really very strong,, the women in the Heavenly Realm here probably care about him a lot, a Grandmaster Realm actually has so many powerful women. Wu Xiangjun is extremely unbelievable for being a pretty boy and reaching this level.

"Yes, Wu Xiangjun Su Chen is my husband." Jellyfish Yinji has nothing to hide, and there is no need for her to hide it. People here have probably guessed her relationship with this bastard Su Chen. After hearing what Jellyfish Yinji said, Yedi looked at Su Chen and smiled. Up, a top noble, and even the leader of a powerful force.

He would actually marry a woman who is almost a hundred years old, and there are more than one.

Although these women are very beautiful, and they are all peerless beauties, but there is no relationship between them.

Does Mr. Wu Xiang really not mind that there is such a big age gap ?

Or is Mr. Wu Xiang just taking advantage of these powerful women?

This shameless Mr. Wu Xiang has courage.

If he had been as shameless as Mr. Wu Xiang in the future, I'm afraid he won't regret this shameless pursuit for the rest of his life.

He laughed sarcastically at Su Chen, "Hahaha! Mr. Wu Xiang, I misjudged you before. You are really powerful. It is unprecedented and unprecedented for a pretty boy to reach your level."

Su Chen's face turned ugly when he heard Ye Di's words.

This old bastard actually called him a pretty boy?

It's his fault!

Am I just a pretty boy? How did this old bastard see that he was a pretty boy?

Although he is not as strong as him. women, but he has never been a gigolo? Does being protected by a woman mean that he is a gigolo?

Damn that old bastard!

Su Chen looked at Ye Di and said something to him.

Didn't this old bastard say that he was a gigolo? Really?

Let's see if we can make this old bastard angry to death this time.

"Mr. Wu Xiang, I want to kill you, I want to kill you!" Ye Di stared at Su Chen when he heard Su Chen's words and cursed.

Now he wants to eat this bastard's flesh and drink this bastard's blood.

This bastard actually got his wife, Mrs. Ye Di, and even He knew some of the physical characteristics of Mrs. Ye Di, which made Ye Di's face turn red and angry, and he wanted to crush this bastard to ashes.

No one here knew what Su Chen said to Ye Di that made him so angry. , but under the extremely angry Emperor Ye, this bastard Su Chen still had a lazy and sheepish expression.

This bastard's expression was very worthy of a beating.

"Ye Di, you have ten breaths, don't force me to kill you now. I've already taken care of my future this time."

"Mr. Wu Xiang, if I don't die this time, I will make life worse for you and that bitch." When Emperor Ye heard Jellyfish Yinji's warning, he glared at Su Chen angrily and cursed.

Emperor Ye thought that he could not die now, he wanted to escape now, and he wanted to take revenge on Mr. Wu Xiang and Madam Ye Di, this pair of bastards. , these two bastard men and women, he will crush them to ashes, torture them to death, otherwise he will not rest in peace even if he dies.

Whoosh!

Ye Di glared at Su Chen angrily and disappeared quickly, even He didn't even look at Chu Liuxiang on the ground.

He wanted to avoid the pursuit of Jellyfish Yinji now.

As long as he could avoid the pursuit of Jellyfish Yinji this time, he would be able to take revenge on that pair of bitches,

Mrs. Ye Di.!

He will not let that bitch die so easily.

Su Chen came to Jellyfish Yinji and asked her doubtfully, "You just let him escape first?" A strong person at the Half-Step Golden Core Realm is not easily hunted down, so don't capsize in the gutter."

Jellyfish Yinji took Su Chen's arm and smiled and said, "Haha! Husband, I just gave Ye Emperor ten breaths to escape. I didn't say I wouldn't do it."

"Um? What did you do to Ye Di?" Su Chen heard Jellyfish Yinji's words and guessed that Jellyfish Yinji must have done something to Ye Di, otherwise she wouldn't have said this.

No wonder!

No wonder Jellyfish Yinji gave Ye Di ten breaths to escape.

"Tianyi Shenshui!" Jellyfish Yinji smiled, then reached out and took out a drop of Tianyi Divine Water, showed it to Su Chen and said.

Su Chen looked at the Tianyi Divine Water in Jellyfish Yinji's hand and said doubtfully, "Tianyi Divine Water? Isn't that the treasure of your Shenshui Palace?"

"The reason why Tianyi Divine Water is a treasure is that it is also a weapon for killing people. Tianyi Divine Water is also the most poisonous poison. One drop of Tianyi Divine Water is

equivalent to the weight of three hundred barrels of water. You say one drop of Tianyi Divine Water  
What happens when it enters the human body?"

"The whole body exploded and died"

"right!"

Jellyfish Yinji nodded to Su Chen and said, she didn't know it when she arrived, and secretly poured a drop of Tianyi Divine Water onto Ye Di's body.

This colorless and odorless Tianyi Divine Water Even in the Golden Core realm, it is difficult to detect.

After Ye Di escaped, she triggered the explosion of Tianyi Divine Water. I am afraid that Ye Di will explode and die after ten breaths, just like when she killed Sunflower Ancestor.

"You are so smart, but I don't feel at ease if I haven't seen Ye Di die with my own eyes. You'd better go check it out for yourself. It's very necessary for us to be careful."

"Um! I'll go right away."

Chapter 826

Su Chen was worried that Ye Di would run away like this, even though the jellyfish Yin Ji had already poured Tianyi Divine Water for Ye Di.

But he was still worried.

You must know that many villains are too careless and self-involved, allowing the protagonist to grow up and finally kill the villain.

Although he is not a villain, he must treat his enemies with caution. He is not at ease until Ye Emperor is dead. If a powerful enemy is not killed with a single blow, he may have endless troubles in the future. After Su Chen left Jellyfish Yinji, he looked at Chu Liuxiang on the ground. Now Chu Liuxiang was so heartbroken that he probably had no intention of living anymore. If the romantic and suave Chu Liuxiang, surrounded by beauties, hadn't gone against him, I'm afraid he would have

become famous in Tianxuan Continent in the future, right? It's just that he had a conflict with himself at the wrong time, and he became his enemy at the wrong time. If he doesn't die, should he die? (The flowers are too fragrant) [The flowers are too fragrant. This song is very good. You can listen to it if you have nothing to do. ] This song may not appear in Tianxuan Continent for hundreds of years, and the romantic Chu Liuxiang has come to an end here.

"Goodbye, Xiangshuai!"

Stab!

Su Chen's eyes lit up when he saw Chu Liuxiang heard what he said, but before he could react, Su Chen cut his throat with a sword and died. After Su Chen killed Chu Liuxiang, he looked at the Ming Emperor.

Now It is not time to deal with the Ming Emperor.

After conquering the Ming Dynasty, he will kill the Ming Emperor in the Ming Palace. Only in this way can he be worthy of the thousands of black bird guards who died to protect him.

Su Chen looked at Su Yan and shouted to her He said,"Su Yan, get ready, get ready, let's go back to Gusu City in the Southern Continent." Su Yan was very reluctant when she heard that Su Chen asked her to return to Gusu City. This time she was preparing to lead troops to fight. The last time the Jin Kingdom was destroyed, it ended in an anticlimactic manner, although she was the one who defeated the Jin Kingdom. , but that was when the Kingdom of Jin surrendered. She did not lead her army to fight several wars.

"Father, I won't go back. My army is still with Zhao Min. I am going to Zhao Min to lead my army to destroy the Ming Empire. Su

Chen touched Su Yan's little head and said with a smile,"No, your sister is about to be born. Don't you want to see your sister born at the first sight?"

"There is still time, there are less than three months until my sister is born, I will rush back then"

"No, I don't trust you to stay"

"Father, I will not mess up this time. Besides, with Aunt Shi by my side and Zhao Min giving me advice, I really won't cause trouble."

"I do not believe!"

Su Chen didn't believe what this girl said.

Now Su Yan's ability to cause trouble is comparable to his.

Well!

He was forced to cause trouble, but this girl took the initiative to cause trouble.

Su Chen and Su Yan's trouble-making nature is different..

Su Yan looked at Su Chen and pretended to be sad and said with a mournful face,"Are you still my father? You don't believe your daughter. You make me really sad."

Su Chen looked at Su Yan and rubbed his head.

This girl is very ghostly now, but if she is taken away by force, I'm afraid she will not be peaceful on the way, and may even escape secretly.

But let her stay Coming down, this girl didn't know what trouble she was going to cause.

Su Chen was also very embarrassed now.

"Let her stay, nothing will happen to her with me watching over her."Shi Guanyin smiled when she saw Su Chen's troubled look.

Shi Guanyin also knew that this girl was pretending. If she just took this girl away like this, she would definitely not leave willingly. This girl would even think of everything she could do on the way. A way to escape.

Su Chen looked at Shi Guanyin and agreed. Anyway, having Shi Guanyin here would cause trouble for Su Yan, and Shi Guanyin could handle it.

Su Chen took out a space ring from the system space and handed it to Su Yan. Said, "Okay! Yan'er, you can stay, but you have to listen to your aunt. I'll give this to you, and you put a drop of blood on it."

"yeah! I will listen to my aunt." Su Yan said happily after taking the space ring.

Su Chen looked at Su Yan and didn't believe her words. Now nine out of ten words this girl said are lies.

Su Chen also gave them to Shi Guanyin and Yunmeng. Each fairy has a space ring.

There are ten space rings in total.

He decided to give them to powerful women first, and the rest can only be given to Concubine Yan, Jing Salamander and Su Yan.

"Is this a space ring?" Shi Guanyin asked in surprise after holding the space ring and identifying its owner with blood.

Su Chen looked at Su Yan and Fairy Yunmeng's surprised expressions and said,

"right! It is ten cubic meters in size. Your future belongings can be put into the space ring, but the space ring cannot hold living objects."

"Um!"

"knew"

"Father, this is a nice gift."

Shi Guanyin and the other three are very happy now. This is an immortal treasure. They did not expect that Su Chen would have such an immortal treasure.

"Let's go, let's leave the Ming Palace first." Su Chen waved to Su Yan and the others and led them outside the palace.

At this time, no one in the Daming Palace dared to stop Su Chen and the others. They all saw what happened just now. Who is this? I'm afraid they were really tired of trying to stop Su Chen and the others.

Emperor Ming had a gloomy look on his face when he saw Su Chen and the others leaving the palace.

When Su Chen looked at him just now, he was so frightened that he almost ran away.

He thought Su Chen would I came to kill him at this time, but after Su Chen took a look at him, he took the people away.

This made the Ming Emperor very unwilling, but no one in the palace could stop Su Chen from leaving.

With the women around, I'm afraid no amount of troops can stop Su Chen and the others.

If Su Chen is angered again, I'm afraid he will really order the women in the Heavenly Realm to kill him, the Emperor of the Ming Dynasty.

Especially when Princess Yunluo left with them this time, the Ming Emperor was so angry that he did not dare to make a sound. I am afraid that he was the most useless emperor among all the emperors.

Zhuge Zhengyi and Zhu Wuwu watched and Su Chen leave. Shangguan Haitang, Qing Wu, and Tie Shou all felt bad.

The person they had carefully cultivated left them like this, which made them unwilling but had no choice.

In an attic in the palace,

Jiang Yuyan looked at the people leaving the palace. Su Chen clenched his fists and said angrily,

"Wu Xiangjun Su Chen, this matter is not over yet. You have ruined all my plans. I can't even stay in the Ming Dynasty Palace now. I will definitely seek revenge on you for this."

## Chapter 827

Three days later, the port of Mingzhou Prefecture and Shanhaiguan were attacked by the army of Gusu City at the same time. Li Xiuning's Eastern Army and Huang Rong's Southern Army began a large-scale invasion of the Ming Empire in the south and north of the Ming Dynasty.

In Mingzhou Prefecture, the Eastern Army had just begun to attack Mingzhou Port.

Three subordinate armies of the Eastern Army rushed to Mingzhou Port. Hundreds of warships took turns bombarding Mingzhou with trebuchets on the sea outside Mingzhou Port. The defense of the harbor.

The three subordinate armies of the Eastern Army were divided into three directions: left, center and right, and attacked the Ming Dynasty's defensive army in Mingzhou Port at the same time.

Three legions of 150,000 soldiers rushed down from the warships to attack the Ming Dynasty's defense army.

On the beach where the armies of both sides fought, there were corpses everywhere, and the entire beach was stained red with blood.

On the sea, hundreds of warships gathered in darkness on the sea outside Mingzhou Port.

Under the protection of many warships, a huge warship appeared on the sea outside Mingzhou Port.

On this heavily guarded warship, there were battle posts and patrolling armored soldiers everywhere.

On the deck of the warship, Li Xiuning, wearing a mink velvet cloak, looked majestically at the battle in Mingzhou Port in the distance. The general in black armor came to Li Xiuning and saluted, "Commander, the third, sixth, and seventh legions have already attacked Shanghai Beach."

"Order the commanders of the third, sixth, and seventh corps to occupy Mingzhou Port before dark. Our Eastern Army cannot lose to Huang Rong's Southern Army." When Li Xiuning heard what the general said, she looked in the direction of Mingzhou Port and gave a serious order.

Mingzhou Port was her first battle to attack the Ming Empire, and today is also the time for the Southern Army to attack Shanhaiguan, an important pass of the Ming Dynasty.

This time She and Huang Rong's Southern Army were attacking the Ming Empire at the same time. She didn't want to lose to Huang Rong and her Southern Army.

Although Huang Rong's Southern Army was the most powerful of the four armies, her Eastern Army was not weak either. She brought the army single-handedly.

All the subordinate legions in the Eastern Legion were elite soldiers who had participated in several wars and emerged from the pile of corpses.

Li Xiuning will compete with Huang Rong this time to see who can break through first The defense line of the Ming Empire?

Which legion was the first to attack the belly of the Ming Empire?

The general next to him frowned and said after hearing Li Xiuning's order,

"Commander, this may be difficult. The Emperor of Ming Dynasty has deployed 600,000 Ming border troops in Mingzhou Prefecture, and there are 300,000 Hunan troops for defense in Mingzhou Prefecture. We may not be able to capture Mingzhou Port in one day."

Li Xiuning shook his head and said with a smile when he heard the general's words,

"Zheng Lun, although Mingzhou Prefecture has millions of troops from the Ming Dynasty, these armies will not all be crowded in Mingzhou Port."

"I'm afraid Mingzhou Port can only accommodate 300,000 troops at most, and the rest of the army should be deployed in various places in Mingzhou Prefecture."

"If we have three legions and 150,000 soldiers ashore, we can capture Mingzhou Port."

"The Ming army has not fought a war for a long time. Their armies are all armies that have never been on the battlefield and have never seen blood."

"Compared with our southern army, the Ming army is all weak scum."

"As long as we are afraid of killing them at the beginning, there will be deserters in the Ming army, and the Ming army will even withdraw from Mingzhou Port in fear of death. General Zheng

Lun nodded hurriedly after hearing Li Xiuning's analysis and said, "Yes, Commander, I understand."

"Go and pass on the order, and let the fleet commander Yun Yuzhen assist the three legions in their attack."

"Yes, Commander!"

At this time, several very beautiful women came on the deck of the warship. After these women arrived, they all looked at the war in the direction of Mingzhou Port.

A beautiful woman in a white dress frowned and asked Li Xiuning,

"Li Xiuning, can he really capture Mingzhou Port in one day?"

Li Xiuning smiled when she saw the Shifeixuan girls arriving.

These women are the confidantes of that bastard Su Chen. They may also be that bastard's women in the future,

Shifeixuan, Wanwan, Dugufeng, Qin Mengyao, and Yan Bing. Yun, and even Yin Queen Zhu Yuyan who was resting in the cabin, Fan Qinghui from Cihang Jingzhai, and those martial arts masters on another warship, all came to help her Eastern Legion deal with those powerful martial artists..

Ever since that bastard Su Chen got into trouble, Gusu City has mobilized all the martial arts masters to accompany the army to the Ming Dynasty.

Her Eastern Legion is a martial arts master from the original Sui Empire to help her, while Huang Rong's Southern Legion is The Jianghu masters mobilized from the Eastern Continent went to help Huang Rong.

These were all Grand Master masters.

Li Xiuning was very surprised when she saw these Grand Master masters. There were more than ten Grand Masters in her Eastern Legion alone. There are hundreds of grand masters, which is a very luxurious lineup.

That empire can mobilize so many grand masters and master masters at once for war?

How can that bastard Wu Xiangjun have so many powerful martial arts masters in his hands?

This is all Li Xiuning couldn't think of it.

Li Xiuning shook his head and stopped thinking about this.

That bastard woman was a powerful sect leader in the world.

It was reasonable for Su Chen to have so many masters in the world.

"Shi Feixuan, if nothing goes wrong, Mingzhou Port can be captured today. The Ming army is not a battle-hardened army. If it were not for attacking the Ming Empire from the sea this time, there would be almost a million Ming people in Mingzhou Mansion. The army, our Eastern Legion, doesn't take it seriously at all.

Wanwan next to her looked at Li Xiuning and smiled and said, "Haha!" Li Xiuning, don't talk big words. If you can't win Mingzhou Port today, I'm afraid Huang Rong's Southern Army will defeat you."

She knew that Li Xiuning was holding his breath and wanted to compete with Huang Rong.

Huang Rong's southern army was formed by the original Xuanwu Legion and the Netherworld Cavalry Legion. Wanwan knew that those legions were very powerful.

And Li Xiuning's Eastern Legion The Netherworld Cavalry Legion and Xuanwu Legion accounted for less than one-third, and the rest were surrendered troops collected by Li Xiuning. In terms of overall combat effectiveness, Li Xiuning's Eastern Legion was no match for Huang Rong's Southern Legion.

"I will not lose, and neither will my Eastern Army." Li Xiuning looked at Wanwan with a serious face and said.

Wanwan waved her hands indifferently and said with a smile, "Then let's wait and see. I also want to see if Huang Rong knows that the Eastern Army occupied Mingzhou Mansion first, What will her expression be like?"

"I will do as you wish."

Chapter 828

On the battlefield at Mingzhou Port, as more and more troops from the Eastern Legion rushed onto the beach, the troops deployed here by Ming Dynasty became somewhat unable to withstand them.

These troops who had never been on the battlefield were frightened by the troops of the Eastern Legion.

The troops of the Eastern Legion were like a group of hungry tigers encountering a group of Mianyang, rushing to kill these bewildered Ming troops.

"Shoot the arrow, shoot the arrow quickly! The shield bearers stepped forward to resist the Gusu City army." A Ming general saw more and more troops appearing in Gusu City, but the Ming army

was still fighting on its own and was at a loss. This made him yell on the battlefield to direct the army to fight.

Wuwuwu Woohoo!.....

When the Eastern Legion's attack horn sounded, the three legions that had already rushed to the beach rushed towards the Ming army like crazy.

"kill! For the sake of your Majesty, conquer the Ming Empire!"

"kill! For the sake of your Majesty! Conquer the Ming Empire!"

"kill! For the sake of your Majesty! Conquer the Ming Empire!"

The soldiers of the Eastern Legion continued to attack the defense line of the Ming Empire one after another. The entire battlefield was filled with the shouts of the Eastern Legion.

The torrent of black armor continued to force the silver armored army to retreat.

"Madmen, these armies are madmen."

A general on the left wing of the Ming Dynasty was very surprised when he saw the Gusu City army being shot and killed by archers.

Although the Ming army kept shooting the Gusu City army rushing towards the beach, there were more Gusu City troops behind them. The Gusu City army rushed up.

These Gusu City troops were not afraid of death at all. If one was shot in front, one would come up from behind.

Seeing that the Gusu City army was about to come into contact with his Ming army, the Ming army It was actually continuously retreating.

On the left wing, the Seventh Army Corps, which rushed towards the beach, had initially established a foothold on the beach of Mingzhou Port after breaking through the first line of defense of the Ming army. In front of it was the defense line of more than 100,000 Ming troops. , as long as the army in front is defeated, the left wing of the Ming Dynasty will completely collapse, and Mingzhou Port will be completely exposed to the eyes of the Eastern Army. The commander of the Seventh Army looked at the soldiers who were being shot in front and ordered angrily,

"The crossbow is ready, let go!"

After hearing the order, the tens of thousands of soldiers of the Seventh Legion who gathered together immediately started shooting at the Ming army in front with their crossbows. Swish, swish, swish.....

A hail of crossbow arrows shot down the Ming army in front. Although the Ming army was guarded by shield bearers, six consecutive rounds of crossbows made it difficult for the shield bearers of the Ming army to take care of all the Ming soldiers.

In just a short moment, thousands of soldiers of the Ming army were shot and killed, and more soldiers were shot and killed.

"Ahhhh! my eyes!"

"help me! save me quickly"

"Ah, my legs"

"I've been hit by an arrow, come and pull me out" .....

The defense line of the Ming Dynasty was filled with screams of crying fathers and mothers.

"Charge, brothers of the Seventh Legion, for the sake of Your Majesty, charge for me!"

"kill! kill! kill!"

The 30,000 to 40,000 troops of the 7th Army raised their sabers and swords and charged at the Ming army.

When the left-wing general saw the troops from Gusu City rushing up, he shouted loudly with a long spear, "The Ming Dynasty's army is here. Soldiers, the time has come to defend our country, let us kill these invaders!"

"kill! kill! kill!"

Soldiers in black armor and silver armor collided with each other after a while. Blood and flesh were flying everywhere on the battlefield. Broken limbs and broken arms were everywhere. Some people even shouted while covering the intestines flowing out of their stomachs.

The battlefield Although the Ming army had more troops than the Gusu City army, the Gusu City army in black armor had an absolute advantage from the beginning and killed the retreating Ming army.

On the warship on the sea,

Li Xiuning had been waiting here. According to the news, she believes that her army can capture Mingzhou Port today.

As long as Mingzhou Port can be captured today, then all her Eastern Legion can set foot on the land of the Ming Empire, and tomorrow the Eastern Legion can occupy Mingzhou Mansion.

At this time, a messenger ran over and saluted Li Xiuning and said, "Report, Commander-in-Chief, the Sixth Army has repulsed the right-wing Ming army and is now chasing the Ming army that is trying to escape."

Li Xiuning was very happy when he heard this news. It seems that the Ming army is what he thought. A group of sheep encountered the wolf-like Eastern Army. It is strange that they are undefeated.

"Okay, order the Sixth Army not to pursue them as long as they drive the Ming army out of Mingzhou Port. Taking Mingzhou Port is the first priority."

"Yes, Commander! Wanwan smiled at Li Xiuning and said, "Congratulations. It seems that we can win Mingzhou Port today.""

Did Wanwan think that in less than a morning, a legion of the Eastern Army defeated the right-wing army of Mingzhou Port, and then the remaining Ming army in the center and left wing would probably be defeated soon. I am afraid that

Mingzhou Port will be defeated today. It would really fall into the hands of Li Xiuning.

That bastard Su Chen was really not wrong in letting this woman be the commander of the Eastern Army.

This Li Xiuning is a very outstanding commander

"Thanks!"

At this time, a carrier pigeon landed on the warship. When a secret guard saw the carrier pigeon appearing, he saluted Li Xiuning and said, "Commander, the secret guard's flying pigeon sent a message!"

"bring here!"

"Yes, Commander!"

Li Xiuning took the secret letter and opened it.

Li Xiuning laughed as she read it.

She didn't expect that bastard Su Chen to show up and even cause a big fuss in the Ming Palace.

And this time she and Huang Rong The target of their attack has also changed.

This time they are not just occupying Mingzhou Port and Shanhaiguan. They have been ordered to attack the Ming Empire on a large scale. It is impossible for the Ming Empire to retreat until the war is destroyed.

This is just as Li Xiuning intended. , only through fighting can Li Xiuning be able to demonstrate her abilities so that that bastard can look at her with admiration. Li Xiuning would be even happier if she could retaliate against that bastard for beating her in the future.

"Commander Li, why are you so happy? Yan Bingyun looked at Li Xiuning who was laughing and asked doubtfully,

"Look, you all, that bastard Wu Xiangjun has appeared, and he has appeared intact."

"real?"

"Su Chen appeared?"

"That bastard wasn't hurt?"

"That bastard finally showed up."

Women like Shi Feixuan and Wanwan were very surprised when they heard Li Xiuning's words.

Su Chen had disappeared for almost ten days, which made them very worried about that bastard.

Now he The appearance of them intact made all the women feel relieved.

Wanwan looked at the secret message and smiled and said to Lone Feng and the others, "I'll tell the master about those people."

"Go ahead, my master and your master are probably still worried about that bastard now." Shi Feixuan nodded when she heard Wanwan's words and said,

"That's for sure, Master Nun"

"Witch!"

## Chapter 829

In the Ming Dynasty, on an official road leading to Shanhaiguan, a horse was heading towards Shanhaiguan. On the horse were Su Chen and others who had left the capital of the Ming Dynasty, and driving the horse was Ning Zhongze of the Huashan Sect.

This time, Su Chen originally wanted to travel lightly and quickly back to Gusu City.

When they were parting,

Lu Xiaofeng, Fu Hongxue and others were dragged away by Su Yan. Even Shangguan Haitang, Zhu Qiqi and other women were also dragged away. Su Yan pulled away.

Su Yan said that there are no masters in her Black Bird Legion, and these people will be members of her Black Bird Legion from now on.

Su Chen didn't care about this, as long as Lu Xiaofeng and the others were willing.

But he didn't expect that after Ning Zhongze handed her woman over to Shangguan Haitang,

Ning Zhongze insisted on following Su Chen, saying that she had promised to be Su Chen's maid before and she would fulfill it now.

Su Chen thought for a while and agreed.

He also felt that it was a bit lonely to go back to Gusu City alone, and he would not be lonely if he had a beautiful woman accompanying him on the way.

However, not long after Su Chen and Su Yan separated,

Hua Baifeng and Bai Jing came to find them. They were originally going back to Gusu City, but now they were four people going back to Gusu City together.

In the carriage,

Su Chen was very speechless when he looked at Hua Baifeng and Bai Jing.

These two women had been staring at him like this for the past three days.

He understood what these two women meant, but Su Chen, a treasure like the spirit stone, This may be given to them for free.

When Su Chen separated from Shi Guanyin, Fairy Yunmeng and Jellyfish Yinji three days ago, he gave some of the spiritual stones in his hand to Jellyfish Yinji and the others.

This made Hua Baifeng and Bai Jing's eyes instantly brighten when they saw it.

At that time, they asked Su Chen for the spirit stones, even willing to use their heaven-level martial arts secrets in exchange.

But Su Chen never agreed.

In the future, spiritual stones will be necessary for cultivation in the Celestial Realm.

Many of his women are land gods in the Celestial Realm, and many of them are even about to advance to the Celestial Realm.

In the future, more and more people will need spiritual stones for cultivation, and he will not just give spiritual stones to irrelevant people.

Immediately,

Bai Jing looked at Su Chen and wanted to strangle this bastard to death.

Spiritual stones were crucial to her cultivation.

Her cultivation realm had not made any progress for more than ten years.

If she used spiritual stones to practice, she would You can advance to the cultivation realm of the late Heavenly Realm very quickly.

But this bastard never let go, which made her want to beat this bastard when she looked at Su Chen.

Bai Jing looked at Su Chen and patted his arm and said, "Su Chen, we helped you in the Ming Palace. Don't you want to repay us? We each need three spiritual stones. This is not too much." Right?"

Su Chen was very speechless when he heard Bai Jing's words.

This woman is really asking for three spiritual stones at once.

He only got twenty primary spiritual stones and three intermediate spiritual stones last time. He Last time he gave Shi Guanyin, Jellyfish Yinji and Fairy Yunmeng three spiritual stones each, but he only had eleven primary spiritual stones left in his hand.

But he hasn't given it to Mrs. Ye Di, Bai Ruobing, or even Donghuang Taiyi. Now he has to remove nine primary spiritual stones.

Then he only has two primary spiritual stones left in his hand. Adding the remaining primary spiritual stones before, he only has five primary spiritual stones left.

Even if he agrees to Bai Jing's request now, the remaining five spiritual stones in his hand will not be enough.

Su Chen glanced at Bai Jing and said angrily, "You're kidding me, Bai Jing. Your helping me in the Ming Dynasty Palace was a deal you and Su Yan made. Even if I give Hua Bai Feng Lingshi, you won't have any share.""

"asshole!"

Bai Jing was so angry when she heard Su Chen's words that her two peaks kept rising and falling.

Su Chen smiled when he saw Bai Jing's angry look.

This crazy woman didn't dare to do anything to him now, but he He didn't dare to provoke this crazy woman too much.

When Hua Baifeng heard Su Chen's words, he smiled and said, "Wu Xiangjun, did you promise to give it to me?"

"No, you heard wrong."

Su Chen immediately denied it.

He didn't expect that Hua Baifeng would also take the opportunity to ask for the spirit stone at this time.

Although Hua Baifeng had been helping him,

Bai Jing is still here.

If he really gave Hua Baifeng the spirit stone without Give it to Bai Jing. I'm afraid Bai Jing, this crazy woman, is going to cause trouble again.

Hua Baifeng didn't expect that this bastard would turn against him so quickly.

He would not recognize what he just said.

This bastard is really too shameless and shameless.

"Shameless, Mr. Wu Xiang, I have helped you. Even my son Fu Hongxue and maid Shen Sanniang are helping your daughter now. If you want to show shame, use spiritual stones to repay me."

"hehe!"

"What do you mean?"

"It doesn't mean anything, I just wanted to laugh"

"Damn bastard!"

Hua Baifeng was helpless to this bastard, but she had nothing to do anyway.

She just followed this bastard this time.

She didn't believe that this bastard would never give her the spirit stone.

At this time,

Ning Zhong was outside facing Su Chen said,"Master, Shanhaiguan is about to arrive, but there is a war in Shanhaiguan, and the road ahead has been blocked by the Ming army."

Su Chen heard Ning Zhongze's words and said to Hua Baifeng and the others,"Let's go down and see the situation. If it doesn't work, we have to abandon the carriage and move forward."

Bai Jing heard Su Chen's words and specifically opposed him and said,"Asshole, we can't do it without a carriage. If the Ming army stops us from passing by, we will just go through."

"hehe! Yes, it is more comfortable to ride in a carriage when traveling, but riding a horse is not only uncomfortable but also windy and rainy."Hua Baifeng looked at Su Chen and smiled, and agreed with Bai Jing's words. When

Su Chen heard what Bai Jing and Hua Baifeng said, he shook his head and ignored them.

These women just need to be dealt with, but he can't beat these two women. , otherwise they would have been spanked long ago.

Su Chen came out of the carriage and saw many people outside on the roadside.

These people were common people and businessmen who were going out of Shanhaiguan, and even some Jianghu people.

Now Shanhaiguan was blocked by the Ming army. These people are now waiting for the Ming army to open the door and let them out.

While the people on the roadside were noisy, a general-looking man stood on the city wall and stared at the many people below. The common people, Jianghu people, and businessmen said, "Everyone here, listen, the army of Gusu City has been surrounded outside Shanhaiguan. Even if we let you out, you will be caught or killed by the army of Gusu City." Damn it, you all go back yourselves."

"General, the army in Gusu City will not take action against ordinary people. Just open the city gate and let us out. Whether we live or die is of our own free will."

"Yes, we just go to Gusu City to do business. The army in Gusu City will not make things difficult for us."

"General, the army in Gusu City never takes action against the people. Nothing will happen to our people here."

"Yeah yeah".....

The common people and businessmen on the roadside under the Shanhaiguan City Wall all said to the general on the wall,

"Su Chen, there is something wrong with the few Jianghu people on the roadside. What do they seem to be covering up? There was a whining sound in their carriage, as if someone had been kidnapped by these gangsters."

Chapter 830

Hua Baifeng stood next to Su Chen and looked at a carriage not far ahead with very confused eyes. She felt that a woman in the carriage might have been kidnapped, but why did these Jianghu people kidnap a woman to escape confinement?

Are these people in the world some human traffickers?

But this is not right.

These Jianghu people are at an innate level of cultivation.

It is impossible for them to be human traffickers.

So why would these Jianghu people kidnap a woman?

Su Chen looked at it and didn't intend to meddle in other people's business.

There are probably countless such things that happen every day in Tianxuan Continent. In the ancient world, such things were impossible to prevent. Even in modern times, there were blackmails and kidnappings.

He couldn't It's a matter of caring about these trivial things

"Bastard, aren't you going to care?" Hua Baifeng saw that Su Chen just looked at it and then looked away.

This made her very confused when she looked at Su Chen.

Couldn't this bastard want to be a hero and save the beauty?

Or did he not want to care about these troubles at all?

Su Chen Without getting angry, he said, "Whatever the hell, there are so many vendettas happening every day, and what does it have to do with us that these gangsters kidnap people? Maybe these people have a grudge against the kidnapped people. Do you know who is right and who is wrong?"

"coward! Fortunately, you are still Mr. Wu Xiang." Bai Jing came out and said with great disdain when she heard Su Chen's words.

When Su Chen heard Bai Jing calling out his title, he drank seriously, "Shut up, Bai Jing, do you want to expose my identity? If you talk nonsense again, be careful and I will teach you a lesson."

"you dare!"

Snapped!

"ah! Shameless pervert, I will fight for you." Bai Jing's face turned red after being spanked by Su Chen, she grabbed his arm and bit him down.

"I'll do it!"

Su Chen grinned in pain when Bai Jing bit her arm.

This crazy woman showed no mercy at all.

I'm afraid his arm was bitten and bleeding now.

Su Chen hugged Bai Jing directly and pressed her head against hers. With his head turned outward, this crazy woman can't let her cause any more trouble, and if she doesn't let this crazy woman let go, I'm afraid this crazy woman will bite off a piece of his flesh.

"Damn it, let me go!"

Bai Jing hurriedly let go when Su Chen pushed her on the head.

She didn't want this bastard to take advantage of her, but she had already let go, but this bastard still dared to hug her.

This made Bai Jing look at Su Chen. He was so embarrassed and wanted to kill this shameless pervert.

Su Chen saw Bai Jing struggling to escape from his embrace.

He would not let Bai Jing, a crazy woman, struggle out of his embrace.

Now he was holding Bai Jing's plump body very He would not give up such an opportunity.

Su Chen looked at his arm that was bitten and bleeding by Bai Jing and said angrily, "Don't move. You and Hua Baifeng are pretending to be my wife now. There are many people there now." Look here, don't get me into trouble"

"Shameless!"

"Hey hey hey! You asked for it."

Bai Jing's face was full of shame and anger.

She really had no way to deal with this bastard. She didn't dare to take action.

The women of this bastard are all murderous female demons.

Even a Night Emperor who is half a step into the Golden Core Realm would let this bastard. The woman was played to death silently.

She didn't want the perverted woman Jellyfish Yinji to give her a drop of Tianyi Divine Water and explode to death.

Bai Jing saw Hua Baifeng look at her with a strange look. , which made her a little embarrassed.

She was ruined by this bastard.

Although the people in the world don't care about this, Su Chen, this shameless bastard, is a pervert.

I'm afraid Hua Baifeng will think that her relationship with this bastard is unclear in the future..

Bai Jing glared at Su Chen in shame and yelled, "That's enough, how long are you going to hold me, this shameless pervert?"

"cut!"

Su Chen also knew that enough was enough, otherwise he would suffer if this crazy woman went crazy again.

Su Chen let go of Bai Jing and looked at the Shanhaiguan city wall.

At this time, the general on the wall was fed up with the people here. He now ordered Some soldiers were preparing to shoot arrows to disperse the people and merchants who were gathered here and refused to leave.

The general on the city wall looked at the people here and threatened, "People below, listen, we will shoot arrows if you don't leave."

The common people and businessmen under the city wall saw people on the city wall holding bows and arrows pointing at their troops, which made them very scared.

Some timid people turned around and left immediately.

As some people left, more and more people More and more people and businessmen left. After all, no matter what you do, you must save your life first. At this time, the Jianghu people in front of Su Chen threw a money bag at the general on the city wall and said, "General, we want It's a small thing to leave the customs and go home. I hope the general can be more liberal and let us leave the customs."

"Um? OK, you can leave the customs." The general on the city wall was very happy when he saw the gold in his money bag.

He didn't expect that these Jianghu people were so rich. Anyway, it was their business to live or die after leaving seclusion. After thinking about it, he agreed to let these Jianghu people go. When

Su Chen saw this, he also threw a money bag to the general on the city wall. Now he could leave the city without taking any action. He was very willing to do so. Anyway, he was not short of

money. The general on the city wall was receiving those Jianghu and Su Chen opened the city gate after paying for it. Su Chen's carriage and the carriages of those Jianghu people successfully left Shanhaiguan under the eyes of the Ming Dynasty army. After coming out of Shanhaiguan, Hua Bai sat quietly in the carriage and sighed. Said, "The Ming Empire is really rotten. An important checkpoint can be used to get out of the checkpoint at will with money, not to mention it is still during a war." Su Chen leaned on the couch in the carriage and said with a smile,

"The Ming Dynasty has long been decayed. Think about it, how many privileged institutions the Ming Dynasty has, such as Jinyiwei, Dongchang, Xichang, Shenhou Mansion, and Hulong Villa. These are all privileged institutions with great power. With the existence of these privileged institutions, Can the Ming Dynasty be immortal? Bai

Jing looked at Su Chen and asked doubtfully, "Don't you also have a special institution in your Gusu City?" Dark Guards, Shadow Assassins, Black Bird Guards, weren't you the ones who formed these? Aren't you afraid that your empire will become as corrupt as the Ming Empire in the future?"

Su Chen laughed when he heard Bai Jing's words.

These mysterious organizations he obtained were all obtained from the system. These people are 100% loyal to him. They will never betray him in their lives.

"Ha ha! No, these organizations in my Gusu City will not be like those privileged organizations of the Ming Dynasty. The secret guards, shadow assassins, and even the Black Bird Guards, these people are loyal to me and will not do anything to me even if they die. harmful things"

"Do you have so much confidence in your men?"

"certainly!"

While Su Chen was talking to Hua Baifeng and Bai Jing, on the horse in front of them, a very beautiful woman was tied up and sitting in the carriage, and she even had a piece of cloth stuffed in her mouth.
